WOLFVILLE, NOVA SCOTIA, FRIDAY, FEBRUARY 8, 1924

\$2.00, payable in advance

SCHOOL BOARD MEETING

Interesting Report Presented by Miss Harry

The regular monthly meeting of the School Board was held on Monday evening with the chairman, Dr. Leslie Eaton, and Commissioners Balcom, Vaughn and Parsons present.

At a former meeting a proportion of the contract price of the new school building was withheld because of the fact that certain work remained undone. At the meeting on Monday evening, Mr. Stairs reported that while this was the case the contractor had done considerable work not required by the specifications and had donated the sum of \$10.00 towards the work of furnishing the additional room. In view of this report it was decided that the balance due Mr. Wright be paid in full.

Miss Harry, V. O. N., presented an interesting report regarding her work in the schools, which we append: School work was started in May 1923. At that time an examination of the school children was carried out by the doctors and dentists, and reports of defects found were sent to the parents. There were 108 throat cases, 47 defective vision, 14 mal nutrition, 272 dental cases. A favourable number of parents have procured treatment necessary to remedy these defects. 8 cases received treatment at the V. O. N. Hospital, expenses paid by the V. O. N. fund, and some dental cases received free treatment.

Better results this year from the looking up of truants. 20 children were admitted to school for the first time and better attendance is reported. In September all children were reported for non-vaccination. 19 notices were sent to parents. 16 of these were written that their children should be vaccinated but could not afford the 75 cents fee. The payment of the bill was granted and the 16 were vaccinated.

The I. O. D. E. presented the school with a scale and a monthly weight chart has been started in the seven lower grades. Towels and paper handkerchiefs have been provided by the Board.

There have been very few contagious diseases this year. 77 cases of measles reported and watched. 5 children were excluded from school as follows: 1 case of scarlet, 1 case of impetigo, 2 cases of dirty conditions of the head, 1 case of sore throat.

Health leaflets have been distributed and 200 tooth brushes sold. The school premises have been kept very sanitary, thanks to the janitor. I wish to thank Drs. Eatons, Primrose and Roach, also the medical staff of the town for the help given in the school, and the I. O. D. E. for clothes, scales and money for needy children.

Report on every month to Halifax. Mary Harry, Nurse in compliance with the request of the Health Officer it was decided to place a thermometer in each room for the guidance of the teachers.

The following bills were passed and ordered paid:
E. W. Eagles \$87.00
E. F. Manney 2.00
W. Sleep 13.35
E. S. Langle 12.00
W. O. Puffer 1.00
Electric Commission 12.00
C. H. Porter 1.08
John Hargrave 15.39
Children's Aid Society 4.29
The last item is for the board of children arrested for truancy and confined in the Children's Aid Society detention home pending trial.

TOWN COUNCIL IN SESSION

Town Reports to be Printed - Committees Appointed

Reverting to the practice of former days the meeting of the Town Council on Wednesday evening was preceded by a session of the old Council, the chief feature of which was an interchange of courtesies between the Finance Committee and the auditors.

Mayor Phinney was in the chair and all the members were present. The report of the auditors, which was adopted at the meeting, made a very complimentary reference to the work of the Town Clerk, and the improved methods which are being employed in the office. Council Chairman presented the report of the Finance Committee for the month of January, in which it was shown that the receipts had amounted to \$3528.57 and the expenditures were \$7819.79. At the end of January the debit bank balance was \$5917.93.

The clerk read the official report of the recent elections and declared J. D. Chambers elected Mayor, and J. C. Mitchell, Dr. Roach and Freeman Leas elected Councillors for the ensuing civic term. Authority was given for the publication of the Town Report as arranged by the Town Manager, report of the Auditors, report as arranged by the Finance Committee, School Board, Electric Commission, etc.

The oath of office was then administered by Stripling Whidden to the Mayor and Councillors elect, and the retiring members of the board vacated their places which were taken by their successors in office. Mayor Chambers addressed the meeting briefly, thanking the electors for the honor conferred again upon him, and asking the cooperation and support of the Council in carrying on successfully the work of the town during the coming year.

On motion the payment of the auditors for the past year was ordered. Council Chairman was elected President and Councilor for the ensuing year. The Mayor and Councils Balcom, Leas and Water-Cousins, Peck, Leslie and Roach were elected to represent the warding standing committees were appointed:

Finance-Cousins, Balcom, Peck and Mitchell.
Streets and Public Property-Cousins, Mitchell, Leslie and Reid.
Fire and Water-Cousins, Peck, Leslie and Roach.
Sewers-Cousins, Reid, Mitchell and Balcom.
Poor-Cousins, Roach, Peck and Balcom.
Police and License-Cousins, Leslie, Peck and Mitchell.

Committee of Appeals-Cousins, Balcom, Leslie and Roach.
Mayor Chambers, Coun, Mitchell and J. E. Hides were elected as members of the Electric Commission.

Committee on Arbitration-The Mayor and Cousins, Balcom, Reid, Roach and Peck.
The Clerk was ordered to open separate accounts from Jan. 1, 1924 for capital and current funds, based upon the financial statement as presented at the end of 1923.
H. E. Arnold and M. J. Tamplin were appointed auditors for 1924, at a salary of \$125 each, and it was decided to return to the old method of a monthly audit and a quarterly balance sheet. Short addresses were given by each of the new Councillors, after which the meeting adjourned.

BOARD OF TRADE

Holds Annual Meeting and Transacts Important Business

The annual meeting of the Wolfville Board of Trade was held at the Town Hall on Tuesday evening. Although the attendance was not large those present were most enthusiastic and a very profitable time was spent.

In his report of the work done by the Council, President Graham suggested the need of more advertising for tourists, and also the need of a local tourist information bureau. J. L. Franklin, in reporting for the Harbours Improvement Committee, stated that at the first of February there was no ice in the creek and that the harbor was as open as at any time of the year. In connection with this report the secretary read a letter from the department of Public Works stating that the sum of \$8,000 for the construction of a wharf inside the creek, had been noted for the consideration of Council when the estimates for next fiscal year are under consideration. The letter stated, however, that the outside wharf would have to be used for another year.

The report of the treasurer showed the receipts for the year to be \$412.81 and expenditures \$410.88, leaving a balance on hand of \$13.93. Three new members were admitted by open vote as follows: E. J. Westcott, M. J. Tamplin, G. S. Stairs. The officers for the ensuing year were elected as follows:

President—Edson Graham
Vice-Pres.—E. H. Johnson
Secy.—Treas.—H. P. Davidson
Council—L. E. Shaw, Geo. C. Nowlan, J. H. Baltzer, J. D. Harris, Dr. Grant, A. G. Guest, J. L. Franklin, J. W. Williams.

A letter was read notifying of the recent formation of the Cornwallis Board of Trade at Waterville and vicinity, and the secretary was instructed to write a letter of greeting to this new board.

A letter was also read from Frank J. D. Barnum to the embargo on pulpwood and asking for the co-operation of the Wolfville Board of Trade in the matter. On motion this was referred to the Council for consideration, and will be dealt with at a future meeting.

B. O. Davidson spoke of our need of industries and referred to the difficulty being experienced by the Valley Laundry Co. Ltd., recently organized here. He thought the people should get behind the undertaking, as if one industry failed in the town it would be harder to get other industries to start here. On motion a committee composed of President Graham, Mayor Chambers and Town Manager Steinhilber was appointed to interview the managers of the Valley Laundry to ascertain if the Board could be of any assistance to them.

President Graham referred to the possibility of a canning and evaporating plant being established here. The Town Manager stated he had interviewed the Smith brothers and there was a possibility of their starting operations here. The matter was spoken to

WORLD'S CHAMPION HOCKEY TEAM

CANADIAN OLYMPIC HOCKEY TEAM 1924

Top row, from left to right: Harold McMunn, right wing; Albert J. McCaffery, left wing; Reg. (Hockey) Smith, centre; Seattie Ramsay, defence; Ernie J. Colle, goal; Cyril (Sig) Slater, left wing; Jack Cameron, goal. Bottom row: Peter G. Campbell, Harry E. Watson, left wing; W. A. Hewitt, sporting editor, Toronto "Star"; Canadian Olympic hockey representative; Dunc. Munroe, captain, and Frank J. Rankin, coach.

CANADA WINS WORLD HOCKEY CHAMPIONSHIP

Defeats United States Team 6 to 1 in Final Game of Olympic Series

CHAMONIX, Feb. 3—Canada won the blue ribbon event of the 1924 Olympic winter games and added ten Olympic points to her score when the Dominion's hockey team today defeated the United States in the final of the hockey series by a score of six to one. It was a fast and furious contest from start to finish and when Paul Louis of Belgium, the referee, blew his whistle and the game was over, the United States players were physically exhausted and stumbling from fatigue. Smoothness and finish of the Canadian offensive combination overwhelmed the brilliant individual play of the United States. As regularly as though conducted by well-oiled machinery, the puck passed from Smith to McCaffery or from Munro to Smith to Watson and into the net. Drury, who scored the lone tally for the United States, did so after a single-handed dash down the ice. Munro and Ramsay made an almost impregnable defense for the Canadian goal and smothered the individual efforts of the United States forwards with efficiency. There was little love lost between the two teams, rivals since the Olympic hockey started. The game had not proceeded more than two minutes when Watson was bleeding from the nose and Rice was stretched out on the ice after a collision with Smith. The United States fought hard in the opening session when they were fresh and frequently Rice, McCarthy or Drury, getting the puck sailed down the ice only to be blocked hard. Then began the regular action of the Canadian combination, its almost mechanical perfection heart-breaking for the United States. The puck seemed to pass ceaselessly between the sticks of the Canadian forwards.

Hard back-checking was of little avail. The fast skating and tick-handling of Uncle Sam's representatives was futile against the relentless Canadian machine. The thousands of spectators who filled the stands watched the most hard-fought and swiftest hockey that Europe had ever seen, thrilled to the desperate stand made by the United States under the pressure of the better co-ordinated team. Time after time cheers broke from the crowd as Drury or Rice clashed away for a rush into Canadian territory only to be foiled as he reached Ramsay or Munro. Shots from outside and from the rim of point were easy for Cameron. Counter checks rose as the popular Canadians penetrated the United States lines and drove their bullet-like shots at Lacrox. The referee had his difficulties from the opening of play and his frequent cautionary admonitions seemed of little avail. Collisions between rival players were frequent and time was called often when either a Canadian or a United States player lay stretched out on the ice.

As the game progressed, the United States team, probably not in quite as good condition as the Canadians, showed the effect of their individual efforts to stem the rushes of their opponents. The occasions on which they were able to break away for ties became fewer and their general play suffered in consequence of fatigue. The Dominion's representatives seemed to be a good deal fresher and pressed the attack hotly still retaining the beautifully co-ordinated play to which they owed their success in the earlier stages of the game.

During the sixtieth minute of play when the United States, exhausted and staggering on their skates gamely fought to prevent the rolling up of a larger score, the Canadians played mercilessly, pressing the puck through and through the United States lines.

The line-up for the match was as follows: United States—Lacrox, goal; Small, right defense; Abel, left defense; Drury, centre; Rice, right wing; McCarthy, left wing. Canada—Cameron, goal; Ramsay, right defense; Munro, left defense; Smith, centre; McCaffery, right wing; Watson, left wing.

POOR THING Proud Father (showing baby): "And do you think he looks like me?" Visitor: "Why—er—I'm afraid he does."

"FEEL IT HEAL" Mentholatum COLDS - CHAPPED HANDS - BURNS

NOT COLLEGE GIRLS ALONE

President Smith Explains His Strictures Upon Some New-Type Women

(In an editorial in our issue of Jan. 25th we made reference to a statement reported to have been made by Dr. Chas. J. Smith, president of Roanoke College, Salem, Va., with reference to the modern college women. Evidently his statements were misquoted, as evidenced by the following letter which appeared in the New York Times.—Ed.) To the Editor of The New York Times: I feel that your report in your issue of January 16 of the address delivered by me at the Hotel Astor was most unjust to the great body of American college women, as well as to me. I trust I am too chivalrous to make such a generalization as your paper suggests. I cannot apologize for what I did not say, but I do offer college girls everywhere an apology for what you so erroneously reported me as having said. The address was delivered to a private company of college Presidents and Deans, without any knowledge that it would be given publicity. The newspaper reports, as printed, represent so flagrant a misinterpretation of my address, and challenge so much of the integrity of some of the best of American womanhood that I feel it only fair to give some further statements as to what was really said.

The paragraph reported was only incidental to the main theme of the address, and was used simply to illustrate a new type of American woman which has been produced by the present social order. This type was said to be one of the new social phenomena of the present time, and, therefore, presenting a real problem to all thoughtful people. It was distinctly stated that this did not refer to college women or to the youth of any one section of the country. In spite of this fact I have been quoted very generally as assailing college women. I wish to say that this portion of the address made no reference either to college women or to the women of the community in which I live. It does represent a social situation, in greater or less degree, in every community of our country—a situation with which every observing person is familiar and for which many varied explanations may be given.

My argument was that colleges are better morally than they were twenty-five years ago; that they are safer places for you than the average home town; that the past decade has been marked by a moral breakdown throughout the world, more noticeable among women than among men, especially in the case of the type which I described and with which description the newspapers contented themselves; that the decline in moral appreciation is not confined to the homes of the humble, but has infected the homes of many of the so-called best families; that its cure lies not in legislation, of which we have too much already, but in the building of proper homes and in sympathetic Christian education. My indictment was not of youth, but of the lower moral level upon which our present-day American life is being lived. My prophecy was that a new and better social atmosphere may be generated if our American people desire it and will work toward it.

We are living in a time in which parents, all too often, expect colleges and universities to be corrective of bad habits formed by their children while they have still been in the home. Surely every true American wishes to see his country made the best possible country for the best possible people. This is the new patriotism. The fact remains, however, that the type of women to whom I really referred exists everywhere, and that they must share the responsibility for the present situation with the young men with whom they associate.

WHEN THE EVENIN' LAMP IS LIT

Well, there ain't no riches waitin' And the horses had their hay, And there's mighty few transactions That a fellow makes that pays, And he's apt to git to gloomin' And a-worryin' a bit, But he's got to own he's happy When the evenin' lamps are lit.

When the cows are in their stanchions, And the horses had their hay, When the evenin' chores are tended And the things are put away; When you're goin' toward the kitchen, Led by smells of cookin' things, When the evenin' lamp is lighted And the kettle sings and sings.

When you pull off your galoshes, Throw your mittens on the floor, And you stoop to kiss the baby Waitin' by the kitchen door, Well, it ain't quite heaven, maybe, But it's mighty close to it. When the day dies in the country And the evenin' lamp is lit, —Jay B. Iden, in Country Gentleman.

PAYING DEBTS PROMPTLY WOULD HELP BUSINESS

Pay your debts. It is all right to be economical, to be conservative about expansion in a time of business depression, but it is not all right to delay payment of bills that can be paid so as to keep more money on hand. If everybody were to pay bills just a little more promptly than in normal times the result would be a stiffening up of business all along the line.

Make the money we have as active as it is possible to make it. If A pays B the \$100 he owes him, B will pay C \$100 and C will buy \$100 more goods from D who will replace it by buying from E. And so on. But supposing A delays payment three months just to keep his funds liquid, business drags to that extent all round the line. Multiply A by 1,000 and these 1,000 A's would make a difference of many millions in the total of Canadian business done. "He's prompt pay," is one of the biggest recommendations business men desire concerning any man. We appeal to A to hurry up in the interest of all the rest of us. And in his own interest, too. That \$100 has to be paid eventually. Why not now? Somewhere along the chain that nimble \$100 will help others to pay A or buy from him. The sluggish dollar needs a touch of the whip.

The nimble dollar is the chief present need. What keeps the West in depression? Unpaid debts nothing else. They are in process of being paid, and as that process quickens so will the West. That will make for prosperity and prosperity will attract immigrants. The immigrants will bring money. The money will spur up trade. And so on ad infinitum. Or it might be an infinitum if process would remain stable and prosperity not become a boom. When that time comes the proper advice will be "keep your head level and your feet on the ground." Just now it is "Pay up. The sooner debts are liquidated the sooner business will jump ahead."

REV. H. B. CAMP ACCEPTS PASTORATE OF FIRST BAPTIST CHURCH AT NATICK, MASS.

(Natick, Mass. Bulletin) The Rev. Harold B. Camp has accepted the unanimous call extended to him by the First Baptist Church; his letter of acceptance was read at the annual meeting on Wednesday evening. Mr. Camp is at present a student in the Newton Theological Seminary at Newton Centre, but has already had experience in pastoral work. For three years, while still a student at Acadia, he had charge of the Baptist Church at Waterville, N. S., and during that period the church membership showed a net gain of 104 members, practically all of these having come into the church by baptism. Mr. Camp has been supplying the pulpit during which time his sermons have been of a high order, and have resulted in increased attendance at all the services. Mr. Camp, with Mrs. Camp, and their two children, will occupy the parsonage at the close of the school year in June.

CHARLES J. SMITH, President Roanoke College, Roanoke, Va., Jan. 16, 1924.

REASONABLE

"Who was that talking to you a while ago?" "That was Archie Johnson, my family physician." "What did he say?" "He said, 'No'."

Personal and Social

Mr. Fred Ellis, a former Wolfville boy, is playing good hockey for the Crescent Hockey Team, of Halifax.

Mrs. Muir, of Hantsport, was an over Sunday visitor in Wolfville, a guest at the home of Mrs. (Capt.) Lockhart, Acadia street.

The many friends of Dr. Everett W. Sawyer will be sorry to learn that he is in poor health and that his work in Woodstock College has, for a time, been divided among other teachers.

Rev. Robert Murray, of Barney's River, Pictou county, has been a visitor in town during the past week, at the home of his sister, Mrs. J. A. Elderkin. Rev. Mr. Murray is a brother of a former well known and highly esteemed Wolfville citizen, the late Angus S. Murray, whom he closely resembles.

The marriage took place on Sunday last at the First Baptist Church, Boston, of Wesley Eugene Stackhouse, M. M., of this town, and Miss Helen Gossett, of Boston. Rev. A. K. deBlais, Ph. D., pastor of the church, who is also a Wolfville man, performed the ceremony.

The bride is not unknown here, having been a visitor last summer at the home of Mr. and Mrs. G. K. Prescott. THE ACADIAN joins a host of other friends in wishing Mr. and Mrs. Stackhouse much happiness and prosperity.

On Wednesday afternoon of last week Mrs. W. B. Eaton received for the first time since removing to their new home on Sumner Street. The day was one of the finest of the season and a very large number of ladies thronged the parlors which looked very attractive with their decorations of cut flowers and potted plants. Mrs. Eaton was assisted by her sister-in-law, Mrs. (Dr.) DeWolfe, and tea was poured by Mrs. A. V. Rand and Mrs. Ernest Johnson. Those who served were: Mrs. J. D. Harris, Mrs. Withrow, Miss Nobk, Miss Haey, Mrs. Baker, Miss Prescott, Miss Gwendolyn Hales and Mrs. L. H. Eaton. Little Miss Francis Roach tended the door. The affair was one of the pleasantest of the kind this season.

WINDSOR DEFEATS WOLFVILLE

Locals Outplay Visitors But Lack Scoring Ability

One of the best games of hockey witnessed here this season was played last Friday night between the Windsor and Wolfville teams. Although the final score was 6 to 1 in favor of Windsor, this does not signify the merits of the respective teams. The locals had the better of the territory through nearly the entire game, but lacked the ability to score when the chances offered. It was a heart-breaking game for both the Wolfville players and their supporters.

From the very start the playing gave promise of being a very fast game. The puck was first carried into Windsor's territory and Kuhn was forced to stop several shots. G. Kuhn was sent to the cooler, and play continued around the visitor's goal. Macdonald relieved the situation by a splendid rush the length of the ice, but failed to score. Kuhn returned to the ice and soon after made a brilliant rush and netted the first score. Some minutes later White tallied a second. The remainder of the period witnessed some brilliant hockey but no further scoring was done.

The second period was hotly contested and at least one player was in the cooler most of the time. The visitors suffered four penalties to Wolfville's one in this period. The play was kept mostly around Windsor's goal and Kuhn was peppered incessantly, but he put up a splendid game and saved several seemingly sure shots. The period ended without further score.

The third period opened with a score by White within less than a minute. After several minutes Kuhn added a fourth and for some time the play was kept in Wolfville territory and Eagles had a busy time, until he got a high one on the chin which knocked him out. After an intermission he was able to return to the ice but was not in very good condition for the remainder of the game. The visitors scored two more goals and Dick scored Wolfville's lone tally on a nice wing shot just before the game ended.

The teams were as follows: Windsor—Goal, C. Kuhn; defence, G. Kuhn, Macdonald, McCann; forwards, Chambers, White, Hughes, Clark. Wolfville—Goal, Eagles; defence, Murray, Harvey; forwards, Rand, Bartheaux, Dick, King, Bishop. Cliff Smith referee.

KENTVILLE HIGH SCHOOL WINS

The second game of the High School Hockey League was played at Kentville last Saturday morning between Wolfville and Kentville, the latter team winning by the score of 4 to 1.

In the first period Parker of Kentville scored the only goal. Weaver, Callie and Parker each scored a goal in second period. It was a shut-out for Wolfville until the third period, when Williams shot the lone tally for the visitors the game ending 4-1. Ralph Walsh referee.

The game was a fine exhibition of good, clean hockey, and it was evident to the fans that there was good material in the line-ups. The Wolfville team was greatly weakened by the loss of Johnson, who was injured in a practice game the night before.

Prin. Silver and a number of supporters accompanied the team to Kentville.

PUBLISHERS' NOTICE

Beginning with the first issue in March the time of publication of The Acadian will be changed from Friday morning to Thursday afternoon. Friday has been the publication day of the paper since it was established forty-one years ago, and it is not because we have found it an unlucky one that we have finally decided after careful deliberation to make the change. It is the policy of this paper to adopt any innovation that will enable us to give more efficient service, and it is with that end in view that the change is now made. The time gained greater number of its subscribers by or before Saturday, which will be a decided advantage both to our readers and advertisers.

This advance notice is given so that patrons of the paper and correspondents may be able to the better meet the changed conditions. All copy, both for news and advs., will require in future to be in the office a day earlier than formerly, in order that the paper may appear promptly at the appointed time. We believe the new order will prove beneficial to all the friends of the paper and we invite your hearty cooperation in this as in all our endeavors to improve the service rendered by the home paper.

DAUGHTERS OF THE EMPIRE

ACADIA PROFS. WIN AT VOLLEY BALL

A team representing the faculty of Dalhousie University lost to the Acadia Faculty in a series of volley ball games in the Gymnasium on last Friday evening. Dal. profs. started off well with a 15-10 victory in the first game but Acadia got the edge on them and trimmed them 15-6 and 15-4 in the succeeding two. The fourth game was close-

ly contested, Dal. finally winning 15-14, while the deciding game went to Acadia, 15-12.

Profs. MacDonald and Smith played well for Dal while Profs. Osborne and Ross starred for Acadia.

The line-up Dalhousian—MacDonald, Smith, R. id, Wilson, Young, Hunt, Maxwell. Acadia—Osborne, Wheelock, deWitt, Ramsay, Ross, Saunders.

An Intermediate Hockey League game was played at Evangeline Rink on Wednesday night between the Wolfville and Canning teams, which resulted in a win for Canning by the score of 9 to 2.

Listen

The proposal to limit the morning and evening train service to and from Halifax to three days a week has met with not a little protest on the part of the public. Yesterday morning a delegation representing various sections waited upon Mr. G. E. Graham at Kentville to discuss the situation. The manager professed not a little surprise as no public notice had been given of the proposed change. Finally, however, the information was elicited that no action would be taken pending the receipt of a telegram from Montreal, and that the train service would not be interfered with without ten days' notice being given.

Valentine Tea

THE DREAMER

Taking a stroll, I met one of our firemen and asked him where he was going; he said "to the fire meeting". I said: "I would like to go along and see the new machine." He asked me to come along, and we went into the new fire hall on Main Street; entering, I saw life and activity, a large number of firemen being already there; the Fire Chief took me by the hand and asked me to come around and see the equipment. The new motor pump was a thing of beauty, and looked fit for work; it had the attitude of being on guard, ready to spring at an instant's warning to save property; the whole place looked like a business, the premises had been made to look like a real fire hall, with plenty of room, a place for everything, and everything in its place; and best of all suitable rooms had been fitted up for meetings and for recreation purposes. I asked the Chief if he always had a large attendance such as was now present, and he replied that there were seldom any absentees and when there were they contributed to the Firemen's fund by paying a good fine. He asked me if I wouldn't stay to the meeting, and I did stay for a time. After the meeting had been called to order and the routine business transacted, the Chief proceeded to give the men a talk on coupling and hydrant opening and closing, after which the meeting took a more practical turn, and the men were put through a certain amount of drill. I bade them good night, and as I reached the door an alarm sounded. The clock was striking seven and I had been dreaming.

JOSEPH

GRAND PRE WOMEN'S INSTITUTE

Maiden Ladies to Play Hockey With Single Ladies

The February meeting of the Grand Pre Women's Institute met at the home of Miss Stuart, with the president in the chair. A fair representation of members was present, also some visitors. A paper on Osmorgaine, written by Miss Macdougall, was read, after which a petition to prevent its manufacture was signed by the Institute. Mrs. Alden Harris gave a report of the Social Evening held in the vestry of the Methodist church, Monday January 28. The proceeds were \$19.00. The Duncan tragedy was discussed and it was finally decided to give twenty dollars (\$20.00) from the Institute Fund, and the individual members were to give as they wished. Mrs. Scott Trenholm, on behalf of the married ladies, challenged the single ladies to a game of hockey, to be played in the open air rink. Miss Stuart accepted the challenge and each lady is now rounding up her team. If the game materializes there will be no question about it being amateur sport. A goodly number of articles toward the bazaar contribution were received. Each contributor is requested to hand in a list of articles donated to and in listing. The program opened with a poem, "The Housewife", read by Mrs. Scott Trenholm. This was followed by community singing; Piano Duet by Misses Vaughn and Rogerson; Paper—St. Valentine—read by Miss Edith Trenholm; Piano solos—Miss Stuart; Clipping—"Conservation of Home Life", written by Dr. Bryer and read by Mrs. A. H. Patterson; Piano solo—Miss Gladys Lang; Community singing, closing with God Save the King. The March meeting will be at the home of Mrs. Fred Crane.

A Rummage Sale will be held in Parish Hall on Saturday, Feb. 16th, at 2 p. m.

THE CIVIC ELECTIONS

J. D. Chambers Elected Mayor

Perhaps never in the history of Wolfville was a keener interest manifested in the selection of representatives to the Council board than this year. Tuesday was an ideal day and the good opportunity which it afforded electors in getting to the polls was fully taken advantage of. Friends of the various candidates were early at work and until the closing of the polls the streets presented a lively appearance. The best of feeling prevailed throughout the day and while all worked hard nothing transpired to mar the occasion.

Those whose names were on the list of polling district number sixteen voted at the old school building on Highland avenue where Mr. S. C. West acted as returning officer and Mr. H. Y. Bishop as clerk. The results were as follows: For Mayor: J. D. Chambers, 216; A. C. Cox, 95.

For Councillors: J. C. Mitchell, 217; Dr. J. T. Roach, 207; Dr. Leslie Eaton, 203; Freeman Leslie, 130; L. E. Duncanson, 103.

At the Town Hall where the voters for polling district number sixteen and a half recorded their votes, Mr. G. A. Pratt was returning officer and Mr. M. J. Tamplin acted as clerk. Here the voters stood: For Mayor: J. D. Chambers, 217; A. C. Cox, 171.

For Councillors: Freeman Leslie, 228; J. C. Mitchell, 207; L. E. Duncanson, 206; Dr. J. T. Roach, 175; Dr. Leslie Eaton, 145.

The total result which was not given to the anxious electors who thronged the booths until seven o'clock, was as follows:

Mayor	433
J. D. Chambers	433
A. C. Cox	266
Councillors	
J. C. Mitchell	424
Dr. Roach	384
Freeman Leslie	358
Dr. Eaton	348
L. E. Duncanson	309

KENTVILLE DEFEATS WOLFVILLE

In Valley League Game at Kentville Rink

On a good fast sheet of ice the Kentville hockey team defeated the Wolfville boys on Monday evening at the Kentville Arena, the score being 11 to 2. In only the second period were the Wolfville team dangerous, and in that period they scored two goals to their opponents' one.

Kentville started off with a rush in the first period, scoring four times. "Rusty" Eagles, in the Wolfville net, gave a brilliant exhibition all through the game, and it was only his wonderful work that gave the visitors a chance at all in the first two periods. For Kentville Bennett and Burke played a whale of a game, the former putting four behind Eagles, while Burke's dashes up the ice were sensational. His passes, on which three goals were scored, were perfect.

G. Kennedy opened the scoring after five minutes of play, when he stuck handed through from centre ice and fooled Eagles. Seven minutes later Bennett put in a rebound off Corbin's shot. W. Kennedy scored from a mixup in front of the net, and with two minutes to go Bennett again hit the draperies.

Wolfville hit a fast pace in the second and after three minutes Harvey scored on a rush. Just fifteen seconds later Rand scored on a shot outside the defence. G. Kennedy scored Kentville's only goal in this period on a pass from Bennett.

Wolfville never had a chance in the third. Burke, on a pretty end to end rush, beat Eagles. Three minutes later the same player went the length of the ice and gave G. Kennedy a pass in front of the nets for an easy goal. Burke repeated in a few minutes, giving the puck to W. Kennedy, who scored. Bennett got the puck behind the Wolfville net and stuck in another one. One minute later G. Kennedy scored on a pass from brother Walden. Bennett scored the last one on a rebound of Baxter's shot.

Wolfville—Goal, Eagles; defence, Clark, Harvey; forwards, Dick, Rand, Murray, Bishop, King, Bartheaux.

Kentville—Goal, Barnaby; defence, Corbin, Baxter, Burke; forwards, W. Kennedy, G. Kennedy, Bennett, Leitch. Referee, Ted. Stackhouse, Wolfville.

DALHOUSIE DEFEATS ACADIA

The first basket ball game of the season was played here Wednesday night between Dalhousie and Acadia and resulted in a win for the former by a 25-22 score. From the first both sides were pretty evenly matched, and there was not a time throughout the game when the teams were separated by more than a very close margin. Mader and Harrison played the best for Dal, Robinson and Brown starting for Acadia.

Dalhousie—Mader, Harrison, forwards; Grant, centre; MacDerm, Miller, guards; Smith, Frame, subs. Acadia—Cox, Robinson, forwards; O. Noble, centre; Rhodenizer, Brown, guards; A. Noble, Chipman, Moffat, subs.

IN THE PALACE OF THE KING

A Big Picture Coming to the Orphan on Tuesday Only

Never before has the motion picture attempted so grand a work as F. Marion Crawford's famous story of Spain's age of glory. Gripping days when men gave their lives for a woman's whim, when passions burned with a brilliant flame in the glided life of the dissolute court, when kings sent cavalry hordes to reckless ruin in furious wars for empty glory. Rich in romance is the story of Dolores, fairest flower of sunny Spain, beloved of the great warrior Don Juan. It has been made into the most sumptuous spectacle of motion picture history, a production of breath-taking beauty, an entertainment of thrilling artistry.

The Acadia hockey team met defeat at the hands of the Truro team on Wednesday evening at Truro, the score being 10 to 4.

Have Perfect Floors

Clean, Smooth, Sanitary, Beautiful There is no reason for having dirty, worn, unsightly floors. The "American Universal" Floor Surfacing Machine will clean out the ground-in dirt, take off stains, remove old varnish or paint, smooth up the worn spots and make the old floor as good as new. Oak, maple, hard pine, birch, or any wood is easily cleaned and made as smooth as glass. They can be refinished same as when first put down.

Old Floors Made Like New New Floors Made Perfect Newly laid floors are easily and quickly brought to a clean smooth surface by the "American Universal" method. This method saves the builder or general contractor of back-braking labor and does the work much quicker, better and at less cost.

"American Universal" method finishes any floor beautifully and entirely without the usual fuss. A Vacuum fan deposits all dirt in a bag, leaving the job clean as you go along.

Let us explain the method and quote you prices.

AT THE CHURCHES

NEW PASTOR AT BAPTIST CHURCH

Rev. W. G. Heisler preached for the first time as Pastor of the United Baptist Church, Canning, on Sabbath evening Feb. 3. His sermon was a very thoughtful one, forcibly delivered, and listened to by a large and appreciative congregation. The speaker chose for meditation, "The Importance of a good plan in the erection of a permanent habitation for the Soul, and the importance of carrying out in the smallest detail, the plans of the Almighty who knew just what man required." We note that man who takes away, or adds to that plan. If you are wiser than God and cannot accept all, why accept any? It is the business of every man to preach Christ and Him crucified, for the redemption of the world, and to stand four-square in the Faith. The pastor noted the great care we take in the erection of an earthly home, where at the best we have only a few years to live, and with what little thought we plan the erection of the soul's home, which is for eternity. He closed with a strong personal appeal, that we build according to the Divine plan, as found in God's Word, with Christ as the Chief Corner Stone. The choir rendered appropriate music with solos by Miss Josephine Harris, and Mr. Gerald McElhiney, both of which were greatly enjoyed.

Rev. W. G. Heisler was born in Halifax, and succeeded in Canning, Rev. H. T. Wright, of the West End Baptist Church, Halifax. For four years he was pastor of the Church at Guysboro and, during the last four years has had the pastorate at Lower Granville.

AT THE METHODIST CHURCH

On Sunday morning the Rev. T. W. Hodgson preached to an appreciative audience in the Methodist Church, using the words spoken to the man from whom the Master had cast out many devils, as recorded in Mark 5: 19, "Go home to thy friends and tell them how great things the Lord hath done for thee," asking his hearers not to be content with simply following their Saviour but to make him known to all and any they should meet.

At 2:30 p. m. in the same church, where one of the largest congregations ever inside its doors had gathered to pay its last respects to that kind hearted and popular son of Canning, Leslie E. Baxter, who was called so suddenly, the same speaker delivered an eloquent and impressive address, taking for his text David's words to Jonathan contained in the third verse of the twentieth chapter of Second Samuel: "As the Lord liveth, and as thy soul liveth there is but a step between me and death"; touching on the brevity of life, the shortness of that step into the beyond and the necessity of sowing such seeds of beauty and graciousness as would ensure for us a harvest of beauty in the future; sharply contrasting the seeds of ugliness which could only bring ugliness and corruption in our last state.

FUNERAL OF LESLIE E. BAXTER

The funeral of the late Leslie E. Baxter was held from the Methodist church, Canning, on Sunday afternoon, at 2:30. More than 550 friends gathered to pay their last tribute. The funeral was under Masonic auspices, the late Mr. Baxter having been Worshipful Master of Scotia Lodge No. 28, A. F. and A. M. The pall bearers were brother Masons, Representatives were also present from Kentville Lodge, St. George's Lodge, Wolfville, and Athlon Lodge, No. 39, I. O. O. F., of which the deceased was a member. The impressive service was conducted by acting Worshipful Master Rev. Thomas W. Hodgson. Floral offerings were from Scotia Lodge, No. 28, A. F. and A. M., and Athlon Lodge, No. 39, I. O. O. F. Interment was in Hillaton cemetery.

CANNING DEFEATS KENTVILLE

In Intermediate League Contest—Score 10 to 2

Canning defeated Kentville on Friday evening in Canning rink in the third game of the Intermediate Valley Hockey league by a score of 10 to 2. The ice was in fine condition, and both teams played fast hockey. Followers of both teams made an enthusiastic crowd. Canning was on the aggressive though the entire game. Herbert Lyons starred for Canning scoring seven goals, four in the first period, one in the second, and two in the third. Ted Huston, Horace Grant and Harry Hoyt, also played brilliant hockey. During, Oylar, and Patterson starred for Kentville and Leopold in goal, also played a good game. The line up was as follows:—Canning.—Miller, goal; H. Huston and T. Huston, defence; Hoyt, Lyons and Grant, forwards; Mitchell, McKen, Melvin, subs. Kentville.—Leopold, goal; Patterson and Corbin, defence; Durling, Kenney, Oylar, forwards; McMahon, Peters, subs. C. Bowlby refereed satisfactorily. Canning Citizens' Band played delightfully for skating after the game.

NEWS OF CANNING

Mrs. Chauncey Ward, of Boston, after visiting friends in Lunenburg, arrived on Friday, to visit Mr. and Mrs. Ward, and later returned to Lunenburg after which she will return to Boston. Mr. Jack Brown returned to St. John last week after spending a week in town. Miss Rita Kinsman, Sheffield Mills, is visiting Mr. and Mrs. Edwin Eaton, Mrs. Rand, who has spent the winter with her parents, Mr. and Mrs. Eaton, is visiting her brother Dr. Arthur Eaton, Haddon Heights, New Jersey. Miss Ella Kinsman is visiting in Truro.

Miss Elizabeth Lyons, who is teaching in Hall's Harbor, is visiting Mr. and Mrs. Ambrose Lyons. Mr. George White, St. John, left for Halifax last week. Mrs. John Lyons, Kentville, is the guest of Mr. and Mrs. Ambrose Lyons, who is confined to his home by illness. We regret that Mr. Ambrose Lyons, is confined to his home by illness. Mr. John Sanford has arrived from Boston, and is the guest of Mr. and Mrs. James Webster. Mrs. N. W. Eaton has been visiting her daughter, Mrs. Leander Eaton, and Mr. Eaton, Canard. Mrs. Eaton, who has been ill, is improving. Mr. R. E. Gould, who has spent the winter in Boston, returned last week. Mr. and Mrs. Berwick Rooney are being congratulated on the birth of a son, born at Canning Maternity Hospital.

SHEFFIELD MILLS

Mrs. Clarke Ross entertained the Women's Institute on Friday afternoon, president Mrs. W. W. Harris presiding. A lengthy discussion followed the reading of Miss Helen McDougall's address, delivered at Antigonish, and it was decided to circulate a petition in favor of prohibiting the manufacture of oleomargarine. It was also arranged that Rev. G. A. Logan, of Upper Canard, would deliver an historic lecture, "Women As Sovereigns" on Tuesday, Feb. 12, in Community Hall, where Mr. Gerald McElhiney, and Mrs. George Osborne Bowser will be the soloists, with Mrs. John Burgess, accompanist. Piano solos by Mrs. John Burgess and Readings by Mrs. David Ellis, added much to the pleasure of all.

KINGSPORT

The funeral of the late Mrs. Ebenezer Cox, was held on Wednesday afternoon, Jan. 30, from the residence of her son-in-law, Mr. W. R. Woodburn, and was largely attended. The comforting service was conducted by Rev. Mr. Crosby; Three selections were beautifully sung by a quartette, Messrs. W. B. Burbridge, Hardy Vaughan, Burpee McGowan, Everette Lyons. The pall bearers were Messrs. Walter R. Woodburn, Augustus W. R. Woodburn, and Harry Charles Tupper, sons-in-law of the deceased. The floral offerings testified to the loving esteem of many Interment was at Habitant. Mr. and Mrs. Roy Loomer entertained the Whist Club, the ladies prize being won by Miss Juanita Loomer, Mr. Joseph Dickie winning the gentlemen's. A delightful evening was spent.

GOOD RECIPES

Quickly Made Mince-meat One cupful of any beef on hand (boiled beef, roast or remnants) chopped finely, three cupfuls of chopped apples, one-half cupful of chopped suet, one and one-half cupfuls of brown sugar, one cupful of seedless raisins, a very little sliced citron, one and one-half teaspoonfuls each of salt and cinnamon, one-quarter teaspoonful each of cloves, mace and nutmeg, juice and gratings of one lemon, two or three tablespoonfuls of remnants of jelly and enough grape juice or orange juice, and sweet pickle vinegar or half of each added to same amount of meat brot to moisten. Simmer one hour. Instead of all brown sugar, one-half cupful of it

COL. W. G. BARKER, V. C., D. S. O., M. C., A. D. C.

One of Canada's heroes of the war in the air, who has just taken over the duties of Acting Director of the Royal Canadian Air Force. He predicts that lighter-than-air craft will be commercially used to profitable ends within twenty years, while the airplanes will occupy the military field. He calls attention to a new British airship which will have a radius of only a thousand miles less than the distance round the world.

may be omitted and one-fourth cupful molasses added, if the flavor of molasses is preferred.

Honey Wafers

One-half cup butter, one-half cup sugar, grated rind of one lemon, one cup strained honey, two cups flour. Cream the butter and beat in the sugar, lemon rind, honey and flour. Spread the mixture on "in baking sheets to form very thin rounds about two inches in diameter. Use a thin knife to spread the mixture. Bake in a moderately heated oven. About one minute after removal from the oven, lift the wafers from the tins with a knife and shape them over a piece of clean broom handle. Let them remain on the handle until cool; store in tin when cold.

Rabbit Pie

Soak the rabbit in salt water and parboil in onion water, pour away this first water. Boil in water with one small onion until tender. Strain and thicken stock with butter and flour rubbed together. Put pieces of rabbit in baking dish, pour over gravy and cover with baking powder biscuit dough. Bake thirty minutes in a hot oven. Allow one tablespoon flour, one-half tablespoon butter and one-half teaspoon salt for every cup of stock when making gravy.

Split Pea Soup

One cup dried split peas, two and one-half quarts cold water, one pint milk, one-half onion, two inch cube fat salt pork, three tablespoons fat, two tablespoons flour, one and one-half teaspoons salt, one-eighth tea-spoon pepper. Pick over peas and soak several hours, drain, add cold water, pork, and onion. Simmer three or four hours, or until soft, and rub through a sieve. Add to fat and flour, which has been cooked together. Also salt and pepper. Dilute with milk. The water in which a ham has been cooked may be used, in which case omit salt.

Lemon Mince-meat

Cut two juicy lemons in thin slices, cover with boiling water, cook until the fruit is tender and chop fine. Add six peeled apples, chopped, half a pound of minced beef suet, one and a half cupful of brown sugar, a quarter of a tea-

spoonful of salt, one pound of currants, half a pound of seeded raisins, two ounces of shredded citron, and sufficient of the lemon water in which the fruit was cooked to moisten. Season with half a tea-spoonful each of cinnamon and nutmeg and use as the filling for two large pies.

Scotch Macarons

One cup sugar, one tablespoon butter, two eggs, one half cup rolled oats, two teaspoons vanilla, two teaspoons baking powder. Beat eggs, add sugar, and continue beating until light and fluffy. Sift baking powder over oats, add to mixture, and mix well. Add melted butter and vanilla. Drop in teaspoonfuls on greased tin, making the drops two inches apart. When baked remove very quickly from pan.

Christmas Fudge

Butter the rim of the saucepan in which you cook the fudge, and have a few buttered tins in readiness. Take a cupful of milk, one of sugar, three squares of chocolate, a piece of butter the size of an egg, and a pinch of soda. Put the soda in the milk, and then add the other ingredients, having scraped the chocolate very fine. When the mixture has cooked so that it makes a soft ball if a sample is thrown into cold water, take it from the fire, beat to a stiff paste, and place in buttered tins to cool.

Peppermint Creams

One pound of icing sugar, white of an egg, peppermint essence. Method: Roll sugar free from lumps; beat white of egg with a teaspoonful of water. Mix gradually with the sugar, drop the essence, and lick. Roll out to thickness of an ordinary peppermint. Place on a large dish un.l dry and hard enough to pack. No cooking required.

HELPFUL HINTS

Powder Puffs.—A soiled powder puff does not need to be thrown away, as many believe. Instead, just use a little soap with luke warm water and after rinsing thoroughly hang up to dry. The puff will be good as new and may be used for a long while.

Custard Pie

—If one wishes to have custard pie a nice even brown, sprinkle a little sugar over the top before putting in the oven.

Beating Rugs

—A rug may be beaten twice as easily and thoroughly if placed on a pair of old springs face down. Then turn over and sweep.

Shoes

—When putting shoes away for next summer, stuff them full of tissue paper or cotton batting.

Oil Stove

—If an oil stove smells, drop a small piece of gum camphor into the tank.

Beads

—If you have some large heavy beads that must be strong, try violin strings, they stand a lot of strain.

Repairing Wall Paper

—When next you would repair wall papers, instead of cutting a square piece just to fit the place, tear an irregular piece and put it on the wall, being careful to match all lines and figures. The irregularity of the line forms a camouflage which the eye can scarcely detect.

Acid Burns

—If one has been burned with water and then wash with a strong solution of baking soda.

Babies

—Never let a child use a pacifier. It strains the muscles of the throat, is liable to cause adenoids, and spoils the shape of the mouth.

Sleeping

—Do not sleep on a high pillow. It will cause one to be round-shouldered.

Coffee Stains

—Coffee stains are not easily removed unless done so at once. Boiling water will remove them if the coffee has not had time to become thoroughly absorbed. But if it is an old stain, use equal parts of yolk of egg and glycerine. This applied to the spot is almost the only method of removing them.

Oil Cloth

—Oil cloth may be kept from breaking at the corners over a table if you paste heavy muslin or

pieces of adhesive cloth on the wrong side where the corners of the table come.

WILL MAH JONG TAKE THE PLACE OF "BRIDGE"?

If it be true, as suggested in some quarters, that Mah Jong is likely to become the fashionable game even to the displacement of "bridge", then there will be a break in the continuity of our scientific table games, says the Manchester Guardian. The passage from whist to bridge and from bridge to auction bridge and from auction bridge (if we admit the later development) to contract bridge has been a steady sequence since bridge in its various forms is merely a development of whist. One must admit though that many devotees of whist would have been horrified by the various conventions aimed at "beating the game" which have been introduced into the most modern forms of bridge. But it may be said that we have had nearly two centuries of the same game, since it was in 1730 that Lord Folkestone and other prominent persons met in solemn session at the Crown Coffee House in Bedford Row and proceeded with the help of Hoyle, to introduce the game into "polite society". It cannot be claimed that whist asserted itself at once. It was played a good deal from the first, it was introduced at court, but it did not provide sufficient opportunities for taking huge sums for the "bucks" of that or the next generation. Yet it made its way steadily, and by the middle of the Victorian era it was firmly established. Bridge has not yet completed 30 years of life in England, though it was played earlier on the Continent. Perhaps it has not deserved a life as long as that of whist, the variations in the rules have been too frequent and, while claiming to be more scientific than whist,

it seems to be developing conventions which are merely methods of signalling in various forms. Possibly also there is a limit to its evolution, the climax has been passed, and so the card playing world was ready for so complete a revolution as that suggested by the arrival of Mah Jong.

Speaker: "I stand before you as an English man born and bred. My father and grandfather were English. I married an English woman, I have lived all my life in England—"

TWO EXTRA CYLINDERS

Motorist (just learning to drive, to friend in his new car): "What's that? Do you hear those cylinders knocking?" Timid Companion: "It's not the cylinders, it's my knees."

Teacher: "What is an engineer?" Willie: "Man who runs an engine." Teacher: "Correct. And what is a pioneer?" Willie: "Man that tunes a piano."

Selling By Long Distance Telephone Means Selling Economically

Bill and Jack are doubtless fine fellows and excellent men on the road, but you know to your cost how large a chunk of their high-priced time is necessarily wasted in the railway cars; and how small a bit of territory, under present winter conditions with motors tied up, they can cover in a day.

Put either of them or some other good salesman at the transmitter of a long Distance Telephone in your office with a list of customers in his hand, and note how your sales costs drop.

He can jump by the Long Distance Telephone to North to South to East and to West of the Province—and beyond it—in quick time, just as your plans suggest; and you pay the Long Distance charges only when you get Long Distance Service.

These charges are mighty moderate at that.

Here and There

A new record has been established by the Department of Marine and Fisheries in the number of white fish eggs collected for hatchery purposes in the Great Lakes and the Lake of the Woods. A total of 464,000 eggs were obtained, which exceeds all previous collections in the province of Ontario.

A new deposit of soapstone has been discovered on Trap Lake, a small lake south of Wabigoon Lake, in the northwestern Ontario. The quality of the stone has been reported as excellent for various industrial uses. Practical trials are under way. Water transportation is available direct from the deposits to Wabigoon and Dryden, on the main line of the Canadian Pacific Railway.

It is announced by the Canadian Pacific Railway that two free scholarships covering four years' education in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered, subject to competitive examinations, to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

Canada's fisheries production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was not thought that anything like this mark would be reached, for the Fordney tariff had cut deeply into exports to the United States. But as the year wore on the demand and prices generally improved, thus giving fishermen along the Atlantic coast especially a much better market.

Approximately \$5,000,000 will be spent by the Dominion Coal Company to open up a new mine and colliery at Langan, Nova Scotia, and construction of a branch line of railway to the new site has already been started. The new colliery will be equipped with every modern device, and a model town will be planned in its vicinity. It will have a capacity of some 2,000 tons daily.

The tenth annual Ski Tournament will be held at Revelstoke, February 15th and 16th, in connection with which ski-joring, tobogganing, snowshoeing, skating, etc., will be featured. An endeavor is being made to secure the attendance of Uno Hilstrom, Sweden's champion ski-jumper, as well as other famous ski-jumpers from both Canada and the United States.

Canada in 1923 produced more coal, lead, cobalt and asbestos than during any other year since mining records have been kept. The output of coal was in the neighborhood of 17,000,000 tons or 635,000 tons better than the best previous record, and 2,000,000 tons over that in 1922. The output of copper, nickel, cement and asbestos was also much above that for the preceding years. Gold production was down somewhat, but this was due more to a power shortage than anything else.

As a result of efforts on the part of Hon. J. A. Robb, Minister of Immigration and Colonization, a 20 per cent. preference rate on Atlantic passages for all British immigrants settling in Canada has been arranged to come into effect on March 1st and continue until the end of the main immigration season at the end of November. It will apply only to British immigrants coming direct to Canada from the British Isles, and will affect all lines coming to Canadian Atlantic ports.

Three delightful cruises have been awarded to agents of the Canadian Pacific Railway for services rendered the company during the past year. One of them, J. J. Forster, general agent at Vancouver, will sail on a round-the-world cruise on the "Empress of Canada"; W. C. Casey, general agent at Winnipeg, will spend sixty-eight days cruising the Mediterranean on the "Empress of Scotland," while D. R. Kennedy, general agent at Buffalo, will enjoy the twenty-nine-day cruise in the West Indies on the "Empress of Britain." The trips were awarded by the company in recognition of last year's work in connection with cruise book-

SIMPLE METHOD OF GRAFTING

(By H. W. D. Smith, Penticton, B. C.) The tendency during the past few years, in farming and manufacture, has been toward standardizing and improving the product, to meet the marketing conditions as well as lessening the cost of production, which together makes for surer profits. This applies to the growing of tree fruits.

There are over three hundred varieties of apples listed and grown in America alone. In the famous Okanagan Valley there are about 95 varieties growing, and when one calls to mind the varied assortment on the average Ontario farm, and sees the wonderful displays at our leading Fall exhibitions, it is fair to assume that as many or more are grown in the Eastern Provinces. From a commercial standpoint it has been asserted by some of our leading authorities, that 12 varieties would fill all requirements for any one district, and better still only 6, taking into consideration adaptability and market demands. When we consider this and many other points which might be brought forward, it is worth considering the advisability of grafting over all of our less desirable varieties to those of a good kind.

For definite advice on varieties best suited to your particular district, it is best to get that information from the Department of Agriculture for your Province. This applies to pears as well as stone fruits, with the exception of cherries which do not lend themselves to successful grafting.

Grafting, to the great majority of people is looked on as something of a "Secret Art," to be undertaken by some so-called "Expert," for which one has to pay out hard cash, as for legal advice or medical service. This is not the case.

The object of this article is to make grafting so simple that any one who is willing to undertake it, and do careful work, can get results. Time for Grafting: Under the system of "Bark Grafting" as this system is called, it is necessary that the sap should be running so the bark will separate readily from the wood. This would be from about the first of April to about the end of May, during which time the grafting can be successfully done. Better results however, follow when done during April.

It is a matter for careful consideration as to what limbs are to be selected. You purpose making a new tree and should use judgement in choosing the limbs to be grafted. As it is possible to graft on limbs up to four inches in diameter by this system, it is also possible to work much closer to the centre of the tree, making the work easier and quicker. Do not crowd the limbs, not closer than four feet on large trees, or further.

Look carefully over the tree noting those limbs which can best be spared for future cutting out. Then for convenience in keeping the form of tree in mind, roughly mark with a bit of chalk or whitewash about where you wish to graft, and saw off carefully so as not to split the stump. Better cut off about 2 feet above and make second cut. Make all cuts squarely across limb. Plan to leave from one-fifth to one-quarter of the top to take up extra sap. In the case of stone fruits all the top is removed.

Having chosen and cut the limb as directed make downward cut through bark about 1 1/2 inches on side of stump—carefully raise bark with smooth instrument (a blunt knife blade serves), and insert grafts pushing down as far as cut on graft. Tie firmly with raffia, about 4 or 5 turns being sufficient on smaller stumps.

Then apply wax to perfectly cover ties, stump and tips of grafts, sealing perfectly to prevent drying out. This part is most important and on it largely depends the success of your work. When stump is more than 2 1/2 inches through, it is advisable to put in 3 or 4 grafts and use more tying.

During the dormant season select and cut from desirable varieties, young growth of past season. Carefully label and bury in moist earth, sand or sawdust in cool cellar or root house. Keep from freezing. Grafts for stone fruits are best taken just before the buds burst.

The graft should be cut with a clean, smooth cut to bring all the face in contact with the wood of the stump. A blunted blade serves to raise bark.

A merchant unable to sleep, tossed fitfully on his couch and muttered unintelligible words. The wife of his bosom sought the cause of his restlessness.

In answer to her inquiries he said: "You should expect me to sleep when my note to Cohan in the bank comes due tomorrow for \$5,000 and there's only \$2,000 in the bank to meet it?"

"It is?" said the faithful wife. "Then I tell you what I should do, Ike. You should get up and go over to Cohan's house and tell him, and then come back and go to sleep. Let Cohan stay awake."

There are two kinds of people who knock their home town. Those who can't hide their meanness and those who can't make money.

BIBLE THOUGHT FOR TODAY

FEBRUARY 8 JESUS SAID UNTO HER, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live; And whosoever liveth and believeth in me shall never die.—John 11:25.

FEBRUARY 9 HE THAT PASSETH BY, AND MEDDLETH WITH STRIFE, BELONGING NOT TO HIM, IS LIKE ONE THAT TAKETH A DOG BY THE EARS.—Proverbs 26:17.

FEBRUARY 10 WHEN THE RIGHTEOUS ARE IN AUTHORITY, THE PEOPLE REJOICE; BUT WHEN THE WICKED BEARETH RULE, THE PEOPLE MOURN.—Proverbs 29:2.

FEBRUARY 11 OWNE NO MAN ANY THING, but to love one another; for he that loveth another hath fulfilled the law. Love worketh no ill to his neighbor: therefore love is the fulfilling of the law.—Romans 13:8, 10.

FEBRUARY 12 KEEP BACK thy servant also from presumptuous sins; let them not have dominion over me; then shall I be upright, and I shall be innocent from the great transgression. Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength, and my Redeemer.—Psalm 19:13, 14.

FEBRUARY 13 BE SURE YOUR SIN WILL FIND YOU OUT.—Numbers 32:23.

FEBRUARY 14 HOW EXCELLENT is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures.—Psalm 36:7, 8.

A NEWSPAPER'S MISSION

In an address by Rev. A. H. Moore, M. A., delivered during a course in journalism held at the University of Toronto, on "The Mission of the Weekly Newspaper," this significant paragraph was given: "The metropolitan daily gives its readers a picture of world news at a glance. I heard Premier MacKenzie

King say one day that the daily newspaper is designed to give the hurried man of affairs a glance at world events as an interlude between courses at the breakfast table, and is then cast aside as he rushes out to his daily duties. Not so he winks. It is a visit to the home. It is kept until time for leisure reading is found. It goes into the homes where it is read from first to last. It comes into intimate contact with the people and can therefore deal far more intimately with personal and community affairs. Because he realizes this and appreciates the importance of small incidents as well as great events, the editor of the weekly paper is not impatient of these details, personal items and local news of every description and character. He knows that somewhere he is cheering some heart that feels its loneliness and isolation, that he is enabling some neighborhood to express its corporate life, to realize its existence and to feel that it, too, is an integral part of the great world of affairs.

Truly Economical because "SALADA" TEA draws so richly in the teapot. The flavor is superb - Try it.

KINGS COUNTY COUNCIL

Holda Special Session—Books of County to be Audited

The Kings County Municipal Council in special session last Friday by an unanimous vote passed a resolution favoring the engaging of the firm of Price, Waterhouse Co., chartered accountants, to audit the books of the County.

The meeting was called by Warden Munroe for several purposes. These he explained as follows: (1) For the purpose of considering the auditor's report, given at the January session; (2) To appoint a firm of chartered accountants, to audit the books and papers of the Municipality; (3) To consider ways and means of providing funds to meet whatever deficit the accountants' report may prove to exist; (4) To appoint a committee to receive and deal with said report.

In the absence of Clerk C. L. Dodge, who had been ill at his home the past two months, J. Howe Cox, of Cambridge, was appointed Deputy Clerk. All councillors with the exception of Ward and Gault, were present.

Councillors Nichols and Bishop spoke about the finances, and asked for the treasurer's explanation of what had become of the money that the County should have to pay bills. In explanation of this, Mr. Dodge had read the Finance Committee that the County had not been assessed heavily enough the past year to pay the liabilities of the County.

Councillor Bill contended that the Finance Committee should be held as responsible as the treasurer, with regard to all financial affairs. M. K. Ellis, one of the auditors for last year, called upon to make a statement of the audit, said that their report showed the financial affairs were not entirely satisfactory. Councillor Bigelow, replying to Mr. Bill's remarks concerning the Finance Committee, said he felt he had done his duty and was willing to stand by his actions.

Councillor Bishop spoke with regard to the bonds of the Clerk and Treasurer, and felt that the council should know who the bondmen were. These were named as follows: For Clerk, G. C. McDougall; for Treasurer, Joseph Kinsman and W. R. Lawrence, Lakesville. These bonds were later produced and given to Warden Munroe.

The committee chosen to deal with the work of the chartered accountants was named as follows: J. Gertridge, Bill, Nichols, Clark and Durno.

The Warden stated that outstanding bills must be paid, and some arrangements should be made so funds would be available for that purpose. On the 1st of last August the Municipality was behind on the Highway Board tax about \$12,000. The amount of this tax for last year was about \$26,000.

The newly elected Treasurer, R. S. Kinsman was sworn in on the Council's suggestion. Mr. Dodge also appointed J. Howe Cox, Deputy Clerk and Treasurer.

It was moved by Councillor Durno that the Council increase over-draft to \$20,000 in order to do the financial business. The resolution reads, "that the Clerk, with the sanction of the Deputy Clerk, be duly authorized to effect temporary loans for the purpose of defraying the expenditures of this Municipality; to agree upon the rate of interest to be placed upon such temporary loans; and that such loans shall not in the whole be at any time more than \$20,000; and when the amount has been borrowed the power to borrow shall cease until the said loans have been reduced, when the power may be exercised to the limit." The motion carried.

The Council adjourned until the April session.

GREENWICH

The meetings being held at Port Williams, in the Baptist church, by Evangelist Gypsy John Hawkins, are being well attended by our residents each night, this being the second week, and last. About thirty-five or more from here enjoyed his lecture last Friday evening on his life, which is to be continued Friday evening of this week.

The Greenwich Community League was cancelled last Friday evening, and will be again this week, owing to so many of our residents wanting to enjoy the lectures by Evangelist Hawkins. We understand it is expected to have the G. C. L. meeting as usual next week, when our Honorary President, Dr. Hemmeon, will give a lecture, which will be interesting to all. A good audience should enjoy it. All come.

Elinor Fudge entertained a good number of her little school mates last Saturday afternoon from 4 to 7, in honor of her 11th birthday. All present enjoyed the time and joined in wishing Elinor many returns.

Mrs. Frederick Ford visited at the home of her brother in Avonport one day last week.

Miss Joyce Harvey, who has been visiting in Aylesford at the home of her uncle, Mr. Will Brown, is expected home this week.

Miss Ethel Fraser, who endured hard suffering over a week, is now better again, her friends are glad to know.

Mr. Meister, of New Ross, who is visiting his daughter at Port Williams, was the guest of friends here on Monday.

The news of the death of Mr. Robert Reid, of New Glasgow, was received here last week with regret. He was quite well known here and his wife, who survives him, was a former well known Greenwich girl, named Miss Charlotte Brown, a successful graduate nurse, a daughter of Mr. C. C. Brown, now of Hantsport. Her many friends here extend to her their deepest sympathy.

At a special meeting of the Nova Scotia Recreation Committee at Halifax on Wednesday, President Covey presiding, Charles Wigmore, of the Kentville hockey team, recently suspended for alleged professionalism, was granted reinstatement.

PORT WILLIAMS AND VICINITY

Mrs. M. K. Ellis, Belcher Street, went to Truro on Thursday last week, where she was the guest of her son Donald Ellis, who is attending the Truro Agricultural College. While there she attended the annual banquet given by the college. Mrs. Ellis returned home on Monday.

The regular meeting of the W. M. A. Society was held in the vestry of the United Baptist Church on Wednesday at 3 P. M. In spite of the inclement weather there were a goodly number present, and the society was strengthened by winning three new members. The society was also favored by having with them Mrs. Hawkins, wife of the evangelist and Miss Winnifred Gould, who very kindly took part in the program. Mrs. Hawkins told some very interesting stories as touching her own work while Miss Gould sang a solo and also gave a reading. They were both listened to with very close attention, and very much enjoyed.

The special services which are being held under the direction of evangelist "Gypsy John Hawkins" are being well attended. Mr. Hawkins is one who believes in preaching the old fashioned gospel, and he speaks with wonderful power. Miss Gould also sings at every service. Mr. Hawkins closes his campaign on Friday evening, Feb. 8th, when he will finish relating the story of his life and conversion. Everyone is invited to attend.

Temperance Hall has been painted inside, and it has made a great improvement in it. The division expects the quarterly session of the "Grand Division" to meet with them on Tuesday, Feb. 12th.

CEMETERY MEETING AT CHIPMAN CORNER

The annual meeting of the Presbyterian Church Cemetery, Chipman's Corner, was held at Port Williams, January 21st, and the following is the report of the chairman:

"This company having been incorporated under the Act of the Nova Scotia Government in the year 1920, the Directors now beg to submit their first Annual Report of the Shareholders. This Cemetery is where so many of the leading people of the county of the past generation have been buried, their successors hope to keep the ground in moderately good condition, and would beg to report for the carrying out of this work that they have endeavored to raise the sum of Fifteen Hundred Dollars, same to be invested with a reliable Trust Company and the interest used annually for the upkeep of this sacred spot.

We would beg to report that during the past year the Directors, who have been duly appointed, have succeeded in securing subscriptions to the amount of \$635.00, of which \$530.40 has been paid in, which together with the old fund, which was left many years ago by one Miss Burbridge, and now amounts to \$367.53, thus making a total amount raised to date \$897.92, of this amount \$896.30 are in Bank.

We hope in the near future to have attained our objective and to place this fund in the hands of the Eastern Trust Company of Halifax, who have offered to administer same and pay over the interest semi-annually, free of charge.

OUT IN FRONT

By the Pioneer Sergeant.

WE all like
OUR little joke;
PROVIDING it is not
CARRIED too far.

WE try to make
FAIR PLAY our motto.
IT'S a good one.

WE note that
OUR good friend Doc Pan,
OF the Morning Chronicle,
HAS taken exception
TO the manner of playing
INDULGED in

BY Barnaby, of the
KENTVILLE hockey team,
DURING the
WANDERERS-KENTVILLE game
LAST week.

NOW we want it
PARTICULARLY understood
THAT we do not
FAVOUR this method
OURSelves!

NEVERTHELESS—
WE would like
TO draw the attention
OF the good Doctor
TO the fact that
BARNABY

WAS practically the only
NATIVE of Kentville
WHO played in
THAT game.

SURELY,
UNDER such circumstances,
HE should be allowed
SOME privileges.

WE think the good Doctor
IS a little severe.
WE thank you.

GRAND DIVISION MEETS AT PORT WILLIAMS

The quarterly meeting of the Grand Division S. of T., which is to be held at Port Williams on Tuesday of next week, should be attended by every member of the order in this vicinity. At no time in the history of the province has there been need of greater vigilance in the fight against intemperance than at present. The order of the Sons of Temperance has to its credit a fine record of achievement, and its work is not yet done. On Tuesday evening a public meeting will be held that will be full of interest and should be well attended.

EX-PRESIDENT WILSON IS DEAD

Woodrow Wilson, war-President of the United States during eight of the most strenuous years in the history of the world, passed away at 11.15 Sunday morning, after hovering for two days between life and death. The end came when vitality no longer could retard the steady dissolution which set in with the stroke of paralysis that laid Mr. Wilson low on his return from the Western speaking trip in 1919, in which he declared he was glad to give his life to the League of Nations if that would make it a success.

The immediate cause of death was exhaustion following a digestive disturbance which began in the early part of last week, but did not reach an acute stage until the early morning hours of February 1.

THE EAST

NEWSY NOTES OF THE MOTION PICTURE WORLD

Washington advices are to the effect that for the nine months ending September last the theatres in the United States paid tax on admissions totalling \$53,955,000 as against \$49,529,000 for the corresponding period of 1922.

Gloria Swanson probably has sent more clothes to the wardrobe closets than any other actress on the screen today. When she finishes her latest Paramount picture "A Society Scan" she will discard 14 gowns of the most advanced styles.

What is believed to be the largest ship interior ever constructed in a movable (rocker) platform was built at the United Studios in Hollywood for "The Isle of Lost Souls", a First National attraction. The interior set—a replica of the dining saloon of a trans Atlantic liner—was constructed on a platform weighing eighteen tons and set on twenty rockers that permitted the entire set to pitch and sway as a ship would in a terrific gale.

Betty Balfour, the favorite English screen star, has a voluminous correspondence, not the least interesting portion of which is that relating to her "old clothes". One letter received recently was obviously from a poor, ill-educated girl plaintively asking Miss Balfour if she would sell, for a few shillings, certain beautiful dresses she wore in "Love Life, and Laughter", if she had finished with them.

The life of Pola Negri, the screen actress, whose new screen film, "Gypsy Blood", has attracted much attention, has been one of tragedy as well as of happiness and success and it is interesting to learn that at one time she had determined to become a dancer. After being trained at one of the finest ballet schools, she obtained her first engagement, and met with quite a lot of success. On the outbreak of war, however, she volunteered as a nurse, but ill-health necessitated her giving up the work.

she has been using powdered charcoal instead—and has found it more attractive and just as effective. She keeps the powdered charcoal in a box on the right of her dressing room mirror, and her ordinary face-powder on the other side.

"Wonders of the Sea", which was shown at picture theatres in January has been made possible only by the remarkable invention of a Liverpool engineer, Mr. J. E. Williamson. It is the first motion picture to be taken of the bed of the ocean, showing denizens of the deep disporting themselves among the coral beds and the sponges.

Maie Marsh is to be seen in the early part of the year in a Warner production entitled "Daddies" which relates the amusing story of three bachelors, and the manner in which they performed the responsible role of parents to a lone orphan.

HEADS OR TAILS?

"Excuse me, Tom," she said one day, "but if I am to be your wife I think I have a right to know whether it is to be months or years before the wedding."

"I wish I could tell you, but I can't. I'm afraid you'll have to wait till I am in a position to say 'Name the day'."

"Why can't I know what contraries to or detracts from your ability to say that?"

"Well, you had better not know the many drawbacks that continually come up before me. Naturally they are discouraging. If I told you about them they would fret you. That would react on me, and instead of having only my self to bolster up I would have you also."

There the matter dropped. One evening when he called on her she was not at home. He called again several times during the week and she was always away. Sunday evening he found her in. He mentioned having called without seeing her and expected her to give a reason for not being at home. She went on talking about other matters without doing so. He did not ask for an explanation, but when the next week came he again found her out every evening that he called he expressed surprise at the change in her habits.

"I presume you consider," she said, "that you have a right to know everything that I do. I don't admit that you have. We are not married and may never be married. Even when married you will only have a right to know what I am doing provided I know the same of you."

This was a view of the matter he had not considered. He was aware that it was intended as retaliation for his own refusal to give her his confidence, and he had nothing further to say.

Not long after this he took a partner in his business. Quite likely had not sides taken place he might have mentioned the fact of his addition to the firm and given the reason for it. It would certainly have been a pleasant matter to communicate, for the additional capital brought him almost certainly insur-

RICH IN VITAMINES

MAKE PERFECT BREAD

was president of a society of suffragists and in consideration of certain advances made by her employer had agreed to serve eighteen months. She was busy most of the day and in the evening wrote a great many letters in the president's name.

She had hoped that he would show some disappointment in having to wait so long for her, but if he felt it he controlled his expression. He merely said that, such being the case, they would have to wait, but since a great deal might happen in a year and a half, perhaps it would be better to leave the matter of the wedding day open. She didn't like this; her idea was to tie him down to a fixed day and make him wait for it.

He did not call so often as formerly, giving as a reason that he did not care so long for her, but if he felt it he controlled his expression. He merely said that, such being the case, they would have to wait, but since a great deal might happen in a year and a half, perhaps it would be better to leave the matter of the wedding day open. She didn't like this; her idea was to tie him down to a fixed day and make him wait for it.

This was playing the joker. He cursed inwardly but not outwardly. He said that a year's interval before the marriage would suit him very well. He was to leave on his trip in a week and would call the day before sailing to say goodbye.

She went up to her room, locked the door and had a good cry. The day before he was to sail he called. The hour was 4 in the afternoon. The ship was to be pulled out at 2 the next morning.

"I am going to flip a coin," he said. She abated her pride so far as to ask him what for, and he said he would tell her if it came down heads up. If it came down tails there would be nothing to tell.

It came down heads. "I flipped," he said, "to determine whether we should continue this nonsense longer or that we be married this evening, go aboard the ship by midnight and take the trip together. It was heads that we do."

She fled upstairs to do her packing. They were on board by 11 p. m.

Minard's Liniment for Dandruff.

REMARKABLE DEMISES

The ways in which application forms for insurance are filled up are often more amusing than enlightening, as the British Medical Journal shows in the following selection of examples:

"Mother died in infancy."

"Father went to bed feeling well, and the next morning woke up dead."

"Grandfather died suddenly at the age of 103. Up to this time he had failed to reach a ripe old age."

"Applicant does not now anything about maternal posterity, except that they died at the advanced age."

"Applicant does not know cause of mother's death, but states that she fully recovered from her last illness."

"Applicant has never been fatally sick."

"Applicant's brother, who was an infant, died when he was a mere child."

"Grandfather died from gunshot wound, caused by an arrow shot by an Indian."

"Applicant's fraternal parents died when he was a child."

"Mother's last illness was caused from chronic rheumatism, but she was cured before death."

"Applicant's paternal parents died when he was a child."

"Applicant's maternal parents died when he was a child."

"Applicant's paternal parents died when he was a child."

"Applicant's maternal parents died when he was a child."

"Applicant's paternal parents died when he was a child."

"Applicant's maternal parents died when he was a child."

MONEY IN TIPS

M'Lane, head waiter at one of the most fashionable hotels at Palm Beach, makes about forty thousand dollars in tips during the ten weeks season each year. He makes another ten thousand during the height of the summer season at Saratoga. He drives a Rolls-

Royce. He profits well by taking advantage of the human being's love for extravagance. He grows rich not so much because of service he renders but because of man's desire to spend money in a manner so free and easy as to indicate his contempt for expenses. This head waiter is a student of human nature and he has picked the right job!

RED ROSE TEA 'is good tea' and the choicest of Red Rose Teas is the ORANGE PEKOE QUALITY

PURITY FLOUR. More Bread and Better Bread and Better Pastry too. USE IT IN ALL YOUR BAKING. DRECO. The Wonder Kidney Liver & Stomach Tonic as Nationally Advertised. Sold by A. V. RAND, Wolfville, and by a good druggist everywhere.

'Mountie', A Husky Veteran of the Trail

VISITORS to the Chateau Frontenac at Quebec and especially those who patronize the Winter Carnival there in February have a treat in store for them—that of driving behind a real northern dog-team, led by one of the greatest huskies "in the business," Mountie, the latest acquisition to the team.
