### LABOR WOULD UNITE WITH THE VETERANS

Trades Council Appoints Committee to Make an Efort to Work in Harmony With the G.W.V.A. and G.A.C.—Reports Presented.

At the regular meeting of the Trades and Labor Council Thursday night there was so much important business to be transacted that President Greenlaw had to impress upon the delegates the necessity of being brief and pointed in their remarks. The Municipal and Organizing Committees reported as having a busy time and the latter were complimented upon the excellent work done recently. Jas. A. Wiley on behalf of the free hospital committee presented a report full of valuable information showing that the scheme is desirable and practicable. A communication was read re the proposed new ambulance and it was decided to invite Dr. Curry, Medical Officer of Health, to address the Council on the question at next meeting.

Notice of Motion The notice of motion in the name of Delegate Jas. Milne was then taken up: "That this Council try to devise ways and means to work in harmony with the Great War Veterans Association and the Grand Army of Canada and a committee be appointed to confer with a committee of these organizations and show them that for the welfare of all workers it is essential for us to work in harmony." Delegate Milne worked up a splendid case with many apt illustrations and Peter Grant in seconding the motion stated he had a message from the open forum where a protest had been made from the floor against the disgraceful conditions under which it was alleged, many returned soldiers were working on the Welland Canal. He contended that the attention of the Government should be drawn to the matter and that a grateful country should see to it that the returned men were given a square deal. The motion was carried unanimously and the following committee was appointed: Jas. Milnes, Jas. A. Wiley and Peter Grant.

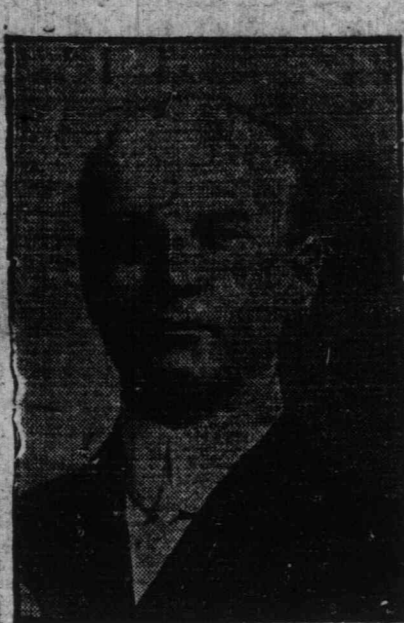

Labor Day The Council then went into committee to deal with Labor Day affairs and the following were appointed for the general committee: Chairman, Jas. Milnes, Secretary Jas. A. Wiley, Treasurer Frank Greenlaw. The chairmanship of the sports and crowd committee is in the capable hands of Geo. Vankeuren. For speakers on that day it was decided to invite Mr. Tom Moore, President of the Trades and Labor Congress and Mr. Bruce, Toronto, Plumbers Organizer. At this point Delegates Burgess and Clevers arrived from the Board of Trade meeting and despite the late hour they had to give a brief report of the business done by that body showing the keen interest taken by the laborites in all public questions.

### CIVIC EMPLOYEES OUT

Brandon Police and Firemen are on Strike and Other Departments May Follow Brandon, Man., April 26.—A complete deadlock still exists between the City Council here and the civic union, the members of which today approximately 100 strong walked out on strike at eleven o'clock Thursday morning.

All street cars are in the barns. There is only the chief left on the Police force, and three men on the fire brigade, who have been left there by the union to look after emergency calls. The men in the pumping station are expected to come out. At a meeting of the Teamsters' Union, a sympathetic strike vote was taken, and it was unanimously decided to go out on strike at noon yesterday. This will affect 90 or 100 men.

Both Mr. Gardner, Yate street, and Mr. Wells, Park Place, who were reported seriously ill last week, are now considered out of danger.

W. S. MIDDLEBRO, M.P. Who voiced the opinion in committee that "the indiscriminate bestowal of honors has led to the present feeling against titles in Canada."

### WILL INTRODUCE PEACE BRIDGE ACT

Welland, April 26.—Mayor Brennan and L. B. Spencer of Welland and W. G. Athoe of Ridgeway, who are members of the Canadian Memorial Peace Bridge Committee, have arranged with Major Evan Fraser, M. P., to introduce a special act in the present sitting of Parliament for the appointment of a National Peace Bridge Commission of three. The Commission to have the power to confer with a like Commission as provided for in the bill now before the House of Albany. This arrangement seems to be the best proposal yet for getting the Peace Bridge on its feet. The necessary \$3,000 appropriation, known as the Graves Bill, has been passed by the New York Assembly and Senate for that amount of money for the expenses of a committee to work in conjunction with the Canadian Committee. The money will be spent in advertising and in cultivating sentiment in favor of the proposed structure. This will give the American wing of the Joint International Committee funds to work upon.

### STRIKES IT RICH THEN TAKES BRIDE

What Followed is Shown in "Happy Though Married."

Romance connecting North and South America has come to light through the marriage of Stanley Montjoy to Millie Lee of Albany, N. Y. It appears that the young people have been long engaged, but it was not until recently that Stanley struck it rich in South America, where he and his brother Jim have been engaged in working a claim and thus enabled him to marry the girl of his choice. Bob Davis, an old friend of the groom, was best man. Does not this suggest the beginning of a good newspaper yarn, well, it is more than that. It is the partial plot of a new Paramount picture, "Happy Though Married" in which Enid Bennett will appear at Griffin Opera House today. Thomas H. Ince produced the picture and Miss Bennett's husband, Fred Niblo, directed the production. The rest of the story takes the spectator through a maze of jealousy, mystery, humor, suspense and final reconciliation. And a book on marriage is the basis of a lot of the trouble.

### LOCAL MEN ON THE S. S. BELGIC

The following St. Catharines men arrived at Halifax per S. S. Belgic yesterday: Pte. P. R. Spearman, 18 Hodnes Avenue. Pte. J. J. Sinclair. L-Cpl. F. A. Hall, 193 Church St. Spr. C. Glover, 5 Clark St. Major H. M. Campbell, 32 Church Street. Pte. A. L. Lamb, 37 Dexter St.

### WILL GET AWAY

Bela Kun, Head of the Soviet Government is Preparing for Flight into Switzerland. Geneva, April 26.—Czechoslovak forces continue to advance in the direction of Budapest, according to advices from Innsbruck. The advices say it is reported that Bela Kun, head of the Soviet Government, is preparing for flight into Switzerland.

### Woman Shoots Husband While He is on Stand in Suit for Divorce

Chicago, Ill., April 26.—A divorce suit in Judge Broder's court came to a dramatic close yesterday afternoon when Mrs. Elmer R. Simpson shot her husband, who was on the witness stand, through the mouth, inflicting a probably fatal wound. Simpson was testifying quietly. Suddenly his wife leaped to her feet. "That's a lie," she cried, and fired. Simpson crumpled up in his chair, blood oozing from his mouth. Mrs. Simpson was arrested, and court adjourned.

### COMMITTEE UNANIMOUS OVER TITLES

No More Honors of a Hereditary Nature are Wanted in Canada—Military Decorations Not Objectable.

Ottawa, April 26.—Scarcely fifteen minutes elapsed before the Commons committee appointed to come to some conclusion on the titles controversy decided unanimously that hereditary titles in Canada should cease on the death of the present holders of such titles. Just how this should be brought to pass was not decided, the prevailing opinion, however, seeming to be that it could best be accomplished by making a petition to the King and his Imperial advisers that this policy should be adhered to in Canada in the future. So far as titular distinctions were concerned, Hon. W. S. Fielding thought that most people would be satisfied with the elimination of "Sir" and "Baron" and other non-professional prefixes. None objected to a C.M.G. or an D.S.O. Col "Sir" Peck, V.C. himself, unblazoned with decorations won on the European battlefield, believed a time limit should be put, so that those who had merited Knighthood by similar distinctions by distinguished service in the war might be honored before doing away with the practice altogether.

### CANADIANS LIVED CLOSE TO THEIR MAKER

London, April 26.—General Currie Commander of the Canadian Expeditionary Corps, speaking at a Canadian Pay Corps dinner, said: "I believe Canada will get everything in the future better inside the British Empire than outside. Even so, we can go home with a greater sense of nationalism than ever before. We have all been away from Canada many months, and are all more or less unfamiliar with Canadian thought and sentiments. They are wondering what the thought and sentiment of Canadian soldiers will be. I can say it will be anything which is for the good of the country. Our men have lived a little closer to their Maker. Discipline is only a self-control which makes you do the right thing."

### THE COPS ALWAYS TAKE THE JOY OUT OF LIFE

New York, April 26.—The 472 arrests for violating the proprietries of Coney Island by wearing scanty apparel were made yesterday. The offenders were two girls who gave their names as Elsie Ebeloff, of No. 168 Irving avenue, and Charlotte Davidson, of No. 659 Manhattan avenue, both of Brooklyn. These young girls appeared in one piece bathing suits without stockings, and when found by Policeman Peter McGlone on the beach at the foot of Stratton's Walk they were smoking cigarettes. They were arraigned later before Magistrate Geisner in the Coney Island Police Court, and he was about to send them to the House of the Good Shepherd for an investigation when a woman giving her name as Mrs. Woods appeared to intercede for them. The case was adjourned.

### DIED.

HAGAR—In Merriton, on Friday night, April 26th, 1919, Mura Catherine, eldest daughter of Oscar and Mary Hagar, aged 6 years and 9 months. The funeral will take place from the family residence Chestnut St. Merriton on Monday afternoon, April 28th, at 2 o'clock to Victoria Lawn Cemetery.

### FAMOUS BULL IS GUEST AT A BIG BANQUET

\$60,000 Bovine Star Dines at the Waldorf-Astoria Hotel and Snorts his Approval of the Menu Provided.

New York, April 25.—A \$60,000 bull known as Financial Sensation, with a pedigree dating back nearly 50 years, dined as guest of honor today at a luncheon in the Waldorf-Astoria hotel given by the promoters of the Milk and Dairy Exposition now in progress here. Two hundred human beings cheered when the animal, robed in an orange blanket upon which his name was embroidered, was brought in and led, snorting and pawing the floor, to the table upon which rested a giant silver platter containing bran mash, which he ate with the etiquette to be expected of a high bred bovine. After consuming a side dish of hay and quaffing a pail of water, he belloved his approval of the menu.

Financial Sensation received a telegram during the luncheon from a bovine from other sex described as his fiancée, Vive La France, from Portland Ore., who claimed the world's record for having produced in the last year 14,950 quarts of milk with an average butter fat test of 6.97 per cent, and 1,280 pounds of butter. She said she was on a special car for New York.

Professor Hugh G. Van Pelt, of West Chester, Pa., who bred the bull, was among the speakers at the luncheon. He told why he had taken 50 years to develop the bull. M. D. Mann, president of the National Dairy Council, another speaker said that 30,000,000 cows in the United States produced 20 per cent of the nation's food and that they are nature's benediction to the human race.

### EXCITEMENT PREVAILS IN ROME TODAY

American Ambassador at Italian Capital is Reported to Have Tendered his Resignation. Rome, April 26.—The Italia says that because he was acquainted with the President Wilson's view of the Italian claims, Thomas Nelson Page, American Ambassador to Rome, offered his resignation. There was great excitement among the members of the Chamber of Deputies and the Senate over the situation in Paris. Many members expressed the opinion that Italy should warn Great Britain and France that they cannot conclude peace without Italy, according to the treaty binding the Allies. Telegrams from cities and villages throughout Italy describe the organization of demonstrations in support of the Cabinet.

### 14 DIVISIONS MOVING FOR PORT OF FIUME

Italian Soldiers are Already in the City According to an American Officer—Civilians Have Departed. Paris, April 26.—An American officer who left Fiume three days ago, and who has just arrived in Paris, says, it is reported there that a total of fourteen divisions had been moved to Fiume by the Italians. He said the city was full of Italian soldiers who were arriving constantly. Virtually all the inhabitants of Fiume, except Italians, had left the city before the officer departed. Even many of the Italian civilians, the officer added, have departed.

### IN FULL FLIGHT

Hungarian Army are Running Away With Rumanians in Pursuit. Berne, April 26.—Part of the Hungarian Communist army facing the Rumanians southeast of Budapest has surrendered and the rest is in flight, according to a Rumanian official statement received here.

West of Budapest the Czechoslovaks have occupied Komorn, on the Danube, and Raab (Gyor). The Italian population in Welland have met and passed resolutions endorsing the action of Italy at the Peace Conference.

### A RECORD COLD SNAP

A cold blizzard accompanied by sleet, which during the night turned to snow, swept over the country yesterday and gripped everything like winter. At midnight the ground was fairly sudden change will do inevitable damage to the tender fruit crop in this district. It is one of the coldest spells that has been known to the 25th of April for 24 years, according to the statement of one who keeps a weather record. Fruit and vegetable growers in the Niagara District are considerably worried over the prospect of serious losses.

### PAULIST CHORISTERS GIVE FINE CONCERT

A crowded house greeted the Paulist Choristers at the Grand last evening and it needed but little imagination on the part of the great audience that listened to the singing of this wonderful organization to visualize the one feature that was lacking—the perspective of a great cathedral.

The choir was vested in Cassock and cotta which lent dignity to the occasion, and the singing of these boys made a vivid impression on the audience. They were ably supported by the tenors and basses, who possess voices of exceptional quality and equally well trained. The choir, re-sounded to every wish of Father Finn who infused into his choir the potency of his own temperament swaying it at will.

The program consisted in part first of sacred music, excerpts from several masses, oratorios and carols. The list of composers included some famous names of all countries and time, mediæval and modern; in Latin, French and English. Many numbers were sung a capella, others with accompaniment of organ, piano or both and all without the use of notes by choir or conductor.

Notable were "Praise Ye the Lord" by Rachmaninoff; the "Day of Judgment" an example of close harmonies of two fugues, by Rheinberger. The same composer's "Quando Corpus and Bach's "Sing Ye to the Lord" were superbly done.

Part I was concluded by the addition of the "Inflammatus" from Rossini's "Stabat Mater," the solo parts being sung by two voices, Masters Harold Dolan and Joseph McManus, with accompaniment of organ and piano.

Part second served to the three boy soloists in secular compositions. Master Harold Dolan showed coloratura of a high order in a Villanelle by Dell'Acqua. Master Billy Robst whose singing of "Deep River" a negro spiritual by Burleigh called forth an encore.

The familiar trio "Lift Thine Eyes" from oratorio of "Elijah" was sung by twelve Choristers. The public is seldom favored with the appearance of a musical organization more finished in its work. For delicacy of tone effect, control of ensemble voices, careful interpretation of a composer's soul and mastery of shading this body of highly trained male singers occupies a unique place on the American continent. Its visit was a source of rare pleasure to one of the largest audiences that has welcomed any choir here.

Father Finn, conductor of the Choristers is the founder and has been director for fifteen years. The organization was assembled as a chancel choir in Chicago in 1904 and as a concert Society in 1907. The Choristers have travelled widely and have given entertainments in all of the great cities of the United States.

Mr. McElroy, representative of the Agricultural Bureau here, states that 1,000 pounds of various kinds of seeds have been distributed to the pupils of the various schools in Niagara, Grantham, Louth and Gainsboro townships, to be sown this season.

DR. MICHAEL CLARK, M.P. Who was alone in the belief that the titles situation would be met by a simple recommendation that in future distinctions should not be generally bestowed.

### INFLUENZA KILLS MANY OLD INDIANS

Streets and Lanes are Littered From end to end With the Dead and Dying.

London, April 26.—Almost five million persons have died in British India from Spanish influenza, and fully a million others are believed to have died in the native states from the same cause. The area affected contained a population of 238,026,240, and the number of death was 4,899,275, or 20.6 deaths per thousand. In a few months it is observed, influenza claimed half as many victims as did the dreaded plague in a period of twenty years.

The hospitals were so choked it was impossible to quickly remove the dead to make room for the dying. Streets and lanes of the cities were littered with dead and dying people.

Hon. Mr. Justice Kelly will preside over a sitting of the Supreme Court of Ontario (non-jury) at the County Buildings on Monday.

East end business men and residents are much interested in the report that an effort is being made to induce the N. S. & T. Ry. to locate its station at the Gore of Geneva and Niagara Streets.

A big list is to be given in this city on May 8th.

Business interests in the neighborhood of Thomas Street and Chaplin avenue are fearful that the opening of Chaplin through to Ontario as contemplated by the City Council will knock out their switching privileges. Their claim is being given consideration before anything is done.

The Italians of this city still expressing a friendliness toward the United States are nevertheless slowly backing the action of Premier Orlando and Baron Sonnino of Italy in their insistent demand that Fiume be given to Italy.

Although the weather during the past week was not pleasant for traveling by water, yet a journal scribbled was told by several from Port Dalhousie that daily a fair number of people, chiefly on business bent, take in the trip by the Dalhousie City to Toronto.

Captain T. M. Murray of Cleveland is in the city today to attend the funeral of his late sister in law, Mrs. Peter McMullisky.

Word has been received here that Capt. James Chestnut who is living in Buffalo, is seriously ill in that city.

The stormy weather caused a poor attendance of both buyers and sellers on the city market today. There are no special changes since last week in price and the old song of butter at 70 cents and eggs 45c is still sung by the vendors.

Yesterday, Mrs. C. M. Gibson received a touching little memorial from her son, Stanley, who is still in Belgium. It is a neat photograph of the grave of Edith Cavell, the martyred nurse and a small bunch of the violets which are growing thereon.

The Military Chapter of the I. O. D. E. held a well attended sewing party in aid of the Children's Shelter yesterday. After labor, a nice tea at which Mrs. C. M. Gibson and Miss Erma Ball were the hostesses was partaken of.

### CHARTER GRANTED.

Mr. Peter Grant stated this morning that he had received a telegram from Frank Morrison, secretary of the American Federation of Labor to the effect that his application for a charter for the Unorganized Workers Union had been granted and that the document would be forwarded on today.

**CRIPPLED AS MILITARY POWER**

In the course of his speech a week ago Wednesday, Premier Lloyd George said that there was no danger of a recrudescence of militarism in Germany.

In confirmation of that assertion he pointed out that it was only with difficulty that Germany could raise an army of 80,000 men to maintain order.

That is reassuring, as the Buffalo Times asserts. For one thing, it gives the sanction of no less an authority than Lloyd George to a computation which may serve to set at rest what has for many weeks been a prolific source of rumor and contradiction, namely, the number of soldiers Germany has actually had available since her demobilization.

Reports of the kind have widely varied. At one time Hindenburg was said to be raising an army of 600,000 men.

Within the last few days, it has been stated in some newspapers that Germany is seeking to assemble a force of 750,000 men. A former rumor placed the number at 300,000.

It was announced in an Associated Press dispatch of April 17th that all German garrison towns and cities had been notified by the National Assembly that it has been decided to disband

the German Army. However, the official notification refers to the creation of a new army hereafter.

At present Germany appears to be powerless for offensive purposes. Any military danger that could arise from her is not a question of what she can do in the immediate future, but of what she might do a few years hence.

**GERMANY WILL PAY**

(Buffalo News)  
 The German press insists that Germany will not pay the indemnity provided for in the peace treaty, but when the time comes she will pay right enough; she will pay because she must pay. Then, it will profit Germany more to pay than to refuse to pay. If she refused, not only will the blockade against foodstuffs be continued, but Germany would be unable to procure raw materials necessary to the resumption of her industries.

Further, if the German plenipotentiaries were to refuse to sign the peace treaty, the allied armies would advance into the interior, occupying important cities, perhaps Berlin itself, and probably would take charge of custom offices and might even take over the collection of taxes. Rather than that, the German people will be willing to bow their backs to the indemnity burden, even if it was greater than it is.

It is not so great that the German people cannot pay it without endangering their economic future. It will be hard for them, no doubt; it will keep them busy for a generation, and here won't be enough to spare to encourage another adventure of world conquest.

But Germany will be helped by her present enemies. The raw materials which she needs will be supplied, and such raw materials as Germany produces will be freely accepted from her. Trade with her may be restricted for a time, but it will be resumed. The skill, energy and industry of the German people can be relied on to reconstruct their industrial and commercial systems so as to make them perhaps as productive as they were before the war.

In the paying of the indemnity the German people will come to a realization of what they do not even now seem to be aware of—that they are a guilty people, and that the privations to which they are being condemned are not due to the vengeance of their conquerors, but are the just and natural consequence of their own guilt.

**EDITORIAL NOTES**

The Board of Trade is taking an active interest in several matters that affect the welfare of the city. It is the duty of every business man to get into the organization and help it do what he thinks should be done.

There seems to be quite a fume kicked up over Fiume.

An editor has to be a second Dr. Johnson, to spell all the names that have sprung into the lime light in Europe lately.

The Italians in the United States don't like Wilson as well as they did when they voted for him at the last Presidential elections.

Orlando, it sounds like one of the characters in Shakespeare. History repeating itself, eh?

**NO MONROE DOCTRINE**

Mexican Government Takes Umbrage and Recalls Minister.  
 Mexico City, April 25.—The non-recognition of the Monroe Doctrine by the Mexican Government and the recall from Paris of Alberto J. Pani, Minister to France, to await orders in Spain, formed the substance of two statements printed identically by all Mexico City papers last night as having been given out officially by Salvador Diego Fernandez, chief of staff in charge of the Department of Foreign Relations.

**"DANDERINE" FOR FALLING HAIR**

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

**ELEVEN IMPORTANT INDUSTRIES TELL ON REIGN OF PLENTY IN BUSINESS**

Reports from eleven important channels of the nation indicate ever growing prosperity all along the line. Trade experts say:

While the food industry is in a revolutionary era, business is growing in an unprecedented manner.

Iron and steel, although fluctuating with the stabilization plan, are making steady gains.

The boom in building has started and is expected to make a record.

Uncertainty rules in coal, but steady buying is advised to maintain prices.

Never before has the domestic drug trade developed such volume, and it is expected to sweep into the foreign market.

Jewelry is in great demand and the supply of diamonds cannot meet the call.

The mechanics' tools outlook both here and abroad is called extremely gratifying.

Sales in office furniture and supplies are setting a new high mark.

The promise for export business, a review shows, exceeds all expectations.

Optimism rules in the musical industry.

With the demand increasing no reason is seen for a decrease in plumbers supplies.

**WHALE HUNTING BY AIRPLANE**

An interesting account was recently published giving details of an aerial attack on a whale which had ventured nearer to the west coast of California than was good for him. Lieut. James McCullough of the American Air Service saw him some miles off San Diego, and immediately opened fire with his machine gun. After a two-mile chase he killed the whale, which was afterwards towed ashore.

**THE PASSING JEST**

Typhelst—Is there anything more exasperating than to have a wife who can cook and won't do it?  
 Dyspeptic—Yes, to have one that can't cook and will do it.—Boston Transcript.

"You say you had dyspepsia and you feel badly nearly all the time?" asked the druggist.

"Yes," replied the customer. "Have you tried our dyspepsia tablets?"

"Oh, yes, but I can't really say that is what made me feel this way!"—Yonkers Statesman.

Officer (just back from abroad)—Gladys, why didn't you answer my last letter?

Gladys—I never received it!

Officer—You never received it?

Gladys—No! Anyway, there was something in it I didn't like.—Judge.

**WRONG DIRECTION**

The soldier whose specialty had been sewer-tri-ching for some months past, was found cleaning on his shovel.

"What are you dreaming about now?" the non-com. asked.

"I was just thinking," responded the

**LOCAL LEGAL WEEKLY COURT Before Sutherland, J.**

Re Estate of Edward Cars—A. W. Marquis (St. Catharines), for J. Taylor, executor, moved for order construing will of Edward Cars. H. H. Collier, K.C., for three sisters, D. W. Saunders, K.C., for Mrs. Cummings, J. G. Smith for Trust Company, J. A. Keyes (St. Catharines) for Mrs. Marshall.

Judgment: I have come to the conclusion, upon consideration of the whole will, that where the testator therein refers to his personal estate, he meant the estate owned by him, real as well as personal, apart from the 40 acres specifically excepted, and also the moneys in the bank specifically dealt with, but inclusive of the realty covered by the trust deeds, and therein directed to be sold, converted into money and invested. I am also of the opinion that the will is a valid exercise by the testator of the power of appointment referred to in the trust deeds. It is not a failure to execute, but at the worst only a defective execution of the power.

I have come to the conclusion that the legacy to Emily East of \$300 per annum for the period of ten years, is not substitutive of the \$300 given her for life in the trust deeds, but cumulative.

I am of the opinion that the legacy of \$100 to Mrs. George Cummings and also the legacy of \$300 to Miss Emily East found in the same clause would have priority over the legacy to the brothers and sisters mentioned.

At the end of the ten years these two legacies will cease, as also the legacies to Alfred Cars and the five sisters of testator, and the interest "reverts" to the Regina Hospital with the qualification, that the income of interest arising from the lands of the proceeds of the sale thereof mentioned in the trust deeds will continue to be charged with the annuity of \$300, therein provided to be paid for the life of Emily East.

I make an order, if it be necessary, that Mr. Collier represent the interest of Albert Cars, Mrs. Hutton and the estate of Elizabeth Jamieson. Under the circumstances cost of all parties will be payable out of the estate.

**THE LUMINOUS MAID**

This was written by the wife of a brave Canadian soldier, who is now waiting in Toronto to welcome her husband after three years' absence:

Spring stood on the edge of the dreadful fields.  
 To scatter her flowers.  
 Roared War and Death, in ribald mirth.  
 "This plain is ours."  
 In a horror of mud and blood they cast  
 The luminous maid;  
 But up she sprang, in her smirched gown,  
 Defiant and unafraid.

"Stark War," she cried, "and hateful Death  
 List well to my words!  
 For every pellet of lead I will loose  
 A thousand singing birds;  
 For every shell that scars the earth,  
 A thousand flowers will sow;  
 And on each piteous shattered tree  
 New shoots and leaves shall grow.  
 Yea, every drop of valiant blood  
 Your rage had drawn  
 Shall rise from the ground and mock  
 At you  
 Ere I pass on."

Then War and Death amazed and shuddering,  
 Saw upon the ground  
 Quivering and red the poppies lie,  
 Like pools of blood around;  
 And heard this chant, "O Death where  
 is thy sting?  
 Thou canst not kill  
 That symbol of the risen Christ,  
 The Spring!"  
 —Marion Anning: Canadian Poems of the Great War.

**REFUSES \$30,000 FOR COW.**

Woodstock, April 26.—J. B. Hammer, the 23-year-old dairyman of North Norwich, has been offered \$30,000 for his world's champion butter cow, Rollo Mercedes Dekol, and five others. The offer came from John Cabana, Jr., of Buffalo, through two of his representatives, who visited the Hammer farm. He refused the offer.

**THE FATEFUL**  
 Berlin, April 26.—A student of history has discovered that the figure eight has played a dramatic role in the lives of the Hohenzollerns. Two attempts were made on the Kaiser's life in 1878. Two German Emperors died in 1888. Frederick William IV's mental disease compelled him to make way for a regency in 1858. The year 1848 brought revolution and a terrible humiliation for the King. Frederick the Great suffered his severest defeat in 1758 at Hochkirch. The Thirty Years War began in 1618 and brought unspeakable misery to the lands of the Hohenzollerns. The great elector died in 1688. Elector Johann Sigismund in 1608, and Elector Johann Georg in 1658. The crowning disaster to the Hohenzollerns came in 1918.

**STERN LAW FOR AUTO THIEVES**

Illinois has made it unlawful, punishable by not more than one year at hard labor or a fine not exceeding \$200, or both, for any person who, without the permission of the owner, starts the engine of a standing vehicle, changes the gears of a standing vehicle, who deface or damage in any way, or to release the brakes of a standing vehicle, or to cause it to be moved or driven. If convicted and placed upon probation the prisoner must pay the owner, by way of restitution, the cost of repair.

**His Restorative.**  
 There was a hush over the apartment of the world-famous editor, and the eminent physician in attendance was afraid the game was up.

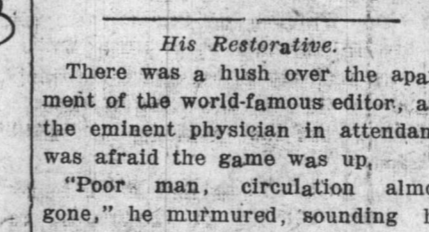

"Poor man, circulation almost gone," he murmured, sounding his heart once again.

"Circulation almost gone," the dying man sat up in bed and shouted. "You're a liar; we have the largest circulation in the country."  
 (The editor recovered.)

Wire cloth of the kind used in milk strainers may be used to make a very effective vaporizer by placing a section between the carburetor and the intake manifold. This serves to break up the fuel into finer particles, an operation that assists vaporization.

**WITH FINGERS! CORNS LIFT OUT**

Freezone is magic! Corns and calluses lift right off—Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender aching corn or callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

**Buying a Packet of "SALADA"**

Is not a gamble, but a sure thing that you are getting the greatest possible Quality and Value to the limit of your expenditure. **TRY - IT.**

**THE BEST MEDICINE FOR LITTLE ONES**

There is no medicine for little ones to equal Baby's Own Tablets. The Tablets are a mild but thorough laxative; pleasant to take; do not gripe and never fail to relieve the little one of constipation, indigestion, colic or any of the other minor ailments. Concerning them Mrs. Jos. Monzerolle, Eel River Ridge, N. D., writes: "I believe Baby's Own Tablets are the finest medicine for little ones I have ever used. From my own experience I would recommend every mother to keep a box on hand." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

**HAIR CLIPPER IS NABBED BY COPS**

Schenectady, N.Y., April 26.—With the arrest here yesterday of a man who gave the name of Karl Mann of Akron, O., local police believe they have in custody the person who had clipped hair recently from young girls here and in Albany and Troy. Mann declared he had an overseas war record, and insisted he had been shell shocked and remembered nothing of recent events. A police record showed by his wife showed arrests for alleged hair clipping in Cripple Creek, Col., in 1915, and in Salt Lake City, Utah, in 1916. In his room were found several hundred photographs of motion picture actresses, all portrayed with their hair down their backs. He pleaded not guilty at a preliminary arraignment today.

**TIME TABLE CHANGES—GRAND TRUNK RAILWAY SYSTEM**

Important changes in the Passenger train schedule on the Grand Trunk Railway System will be made effective Sunday, May 4th, 1919. These changes will include morning and evening service between Hamilton and Niagara Falls.

On same date Grand Trunk Railway System will inaugurate Toronto-Hamilton-New York service; through sleeping cars and coaches, via Lake Valley R. R. leaving St. Catharines 7:50 p.m. daily, arriving New York City Pennsylvania Station, leaving New York 6:17 p.m. daily, arriving St. Catharines 7:35 a.m.

Particulars now in the hands of Ticket Agents. a 2628/30m

**Human Electricity**

The brain corresponds to the electric dynamo from which mental impulses or the human electrical current is constantly being propelled to every tissue cell in man. The distribution of nerves to all organs and tissues have their origin in the brain, if there is a normal flow of mental current expressed in function this is health.

If one or more of the bones in the spinal column is subluxated or forced out of normal position by some concussion of external forces either by a blow, fall or strain, pressure on the nerve emitting at this displacement will shut off the life force thus causing disease.

Come and have a talk; let us explain. Consultation and spinal analysis free.

the death of her husband, Sir Wil-  
frid Laurier.

### SECRET AGREE- MENTS MADE WITH ALLIES

On Shantung and Islands. England,  
France, Italy and Russia Engag-  
ed to Back Claims at  
Conference.

Paris, April 25.—No delegation out-  
side those of the powers directly con-  
cerned is more interested in the out-  
come of the Adriatic controversy  
than the Chinese, for there is a point  
of curious similarity between the  
quarrel of Italy and Yugoslavia and  
that of China and Japan over the  
Chinese Province of Shantung. There  
is also this difference. Italy is strug-  
gling to get the debatable territory  
promised her by England and France  
as an inducement to enter the war.  
Japan is fighting to get admittedly  
Chinese territory as a reward for lit-  
ting China enter the war.

It was an awkward moment. Mr.  
Lloyd George remarked that an ar-  
rangement of a different character  
had already been reached with refer-  
ence to the islands. Mr. Wilson  
turned to Baron Makino for an ex-  
planation, whereupon Mr. Wilson  
was informed that Japan had received  
the promise of England, France,  
Italy and Russia, two years before,  
that she should have outright all the  
German islands north of the equator,  
and that she had agreed that Aus-  
tralia should have all to the south.  
It was common knowledge that such  
a distribution had been long contem-  
plated, but nobody outside the For-  
eign Offices of the Governments di-  
rectly involved knew that there were  
definite, signed agreements concern-  
ing the deal.

Neither President Wilson nor the  
Chinese delegates knew of the ex-  
istence of these secret agreements  
when they came to France. The dis-  
closure was first made to Mr. Wilson  
at a meeting of the Council of Ten,  
when the question of the mandatory  
system was first under discussion.  
It was then proposed that the Ger-  
man islands be disposed of by placing  
them undermandates.

How Wilson Learned of Treaties.  
It was an awkward moment. Mr.  
Lloyd George remarked that an ar-  
rangement of a different character  
had already been reached with refer-  
ence to the islands. Mr. Wilson  
turned to Baron Makino for an ex-  
planation, whereupon Mr. Wilson  
was informed that Japan had received  
the promise of England, France,  
Italy and Russia, two years before,  
that she should have outright all the  
German islands north of the equator,  
and that she had agreed that Aus-  
tralia should have all to the south.  
It was common knowledge that such  
a distribution had been long contem-  
plated, but nobody outside the For-  
eign Offices of the Governments di-  
rectly involved knew that there were  
definite, signed agreements concern-  
ing the deal.

After learning so much Mr. Wilson  
asked if there were any other secret  
agreements which had not been pro-  
duced at the confere. It was then  
admitted that the agreement with  
Japan also included the British,  
French, and Italian promises to sup-  
port her claims to the Chinese Pro-  
vince of Shantung as the price Japan  
demanded for allowing China to en-  
ter the war, despite the fact that  
China had been repeatedly trying to  
get into the war against Germany of  
her own volition.

The reasons for her failure to be-  
come a participant make an interest-  
ing phase of this Asiatic question.  
She was barred out in the early stages  
of hostilities because Japan had no  
desire to let China participate in the  
military task of recovering her own  
territory in Shantung Province from  
the Germans at Kiaochau. Again, in  
November, 1915, China tried to en-  
ter the contest as desired by the  
European powers. On that occasion  
Baron Ishii, then Japanese Minister  
of Foreign Affairs, said to the Eu-  
ropean Ambassadors at Tokio: "Jap-  
an could not view without apprehen-  
sion the moral awakening of 400,-  
000,000 Chinese which would result  
from entering the war."

SEEN IN THE SHOPS  
The top silhouette is still with  
us.  
Colored organdies are very popu-  
lar for blouses.  
Navy blue and cherry is a favorite  
combination.  
Organdie is used as trimming on  
gowns of soft silk.  
The new frocks are still straight  
and not very tight.  
Linen brassieres with real fillet are  
in the best style.  
Suit dresses of simple tailored lines  
are shown with the vest effects of  
either matching satin or of contrasting  
colors.

While a social country party and  
dance was in progress in the resi-  
dence of a farmer named Firth, at  
Glensig, Durham County, a fire  
broke out in his barn and destroyed  
property and live stock valued at  
nearly \$25,000.

### A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia  
E. Pinkham's Vegetable  
Compound Restored  
Her Health.

Newark, N. J.—"For about three  
years I suffered from nervous break-  
down and got so weak I could hardly  
stand, and had headaches  
nearly every day. I  
tried everything I  
could think of and  
was under a phys-  
ician's care for five  
years. A girl friend  
had used Lydia E.  
Pinkham's Vege-  
table Compound and  
she told me about  
it. From the first  
day I took it I began  
feeling better and  
now I am well and  
able to do most any  
kind of work. I  
have been recom-  
mending the Com-  
pound ever since and give you my per-  
mission to publish this letter."—Miss  
Flo KELLER, 476 So. 14th St., Newark,  
N. J.

### MERRITTON

The Ladies' Aid of St. James Church  
met Thursday afternoon at the home  
of Mrs. H. Lovell, Merritt Street. A  
very favorable report of last year's  
business, which amounted to \$617.12  
was read by the Treasurer, Mrs. T.  
Clark.

The following officers were elected  
for the coming year:  
Honorary President: Mrs. Almon.  
President: Mrs. Casper Bradley,  
Vice President: Mrs. H. Lovell.  
Treasurer: Mrs. Ed. Stuart.  
Secretary: Mrs. James Clark.

Baying Committee: Mrs. Casper  
Bradley, Mrs. H. Lovell, Mrs. Geo.  
Stanley and Mrs. Geo. Nash.

After the business was transacted  
a very dainty luncheon was served  
by the hostess in the dining room,  
which was artistically decorated with  
sweet peas and ferns. Before adjourn-  
ing a vote of thanks to Mrs. Lovell  
was passed by Mrs. Almon and Mrs.  
Thomas Clark for the splendid lun-  
cheon and enjoyable afternoon given  
by her.

John W. Read, Arthur M. Gray,  
Frank Ramsey and Eden Darling,  
are the Merrittton boys who arrived  
in town Thursday after being on ac-  
tive service overseas for a lengthy  
period. They are all receiving a hearty  
welcome from their many friends.

The moving picture show in aid of  
the memorial fund was well attended  
Thursday night and a neat sum re-  
alized. Miss Mary Penlie was present  
and gave some of her fancy dancing  
and a duet of air instruments was  
very much enjoyed. The Hose Com-  
pany who are striving to raise  
money as rapidly as possible for the  
memorial have decided to hold a field  
day on May 24th. This will be one of  
the biggest events held in the town  
of Merrittton for sometime, and no  
doubt with the co-operation of the  
people of Merrittton, this field day  
will bring forth a large amount of  
money.

The many friends of Mrs. Mary  
Wilson, Phelps Street, will regret to  
hear she is confined to her room  
through illness, and a speedy recov-  
ery is hoped for.

HOMEMAKERS' HINTS  
For the children at noon nothing  
is more satisfying than soup.  
Sunday supper is the time for  
cheese omelet, toast and jam.  
A little kerosene in the wash boil-  
er helps to whiten the clothes.  
Whenever you have scraps of pas-  
try dough left, over make them into  
little cases for tarts.

Every housekeeper should go to  
market to buy. She will find that her  
purchase will be much more satis-  
factory than if ordered over the tele-  
phone. In the market there is always  
the choice between the fresh and the  
near-fresh produce, and there is al-  
ways waste if the near-fresh comes  
into your pantry.

MOCK BISQUE SOUP  
Simmer one quart of tomatoes,  
with one onion, salt and pepper, for  
ten minutes. Make a quart of white  
sauce. Add to the tomatoes when they  
are cooked a quarter teaspoonful of  
baking soda. Stir well, then strain  
into the white sauce, stirring all the  
time. Serve hot.

Wood's Phosphorine  
The Great English Remedy.  
Tones and invigorates the whole  
nervous system, makes new Blood  
in old veins. Cures Nervous  
Debility, Mental and Brain Weakness,  
Dizziness, Loss of Energy, Fatigue of the  
Heart, Stomach Weakness. Price \$1 per box, six  
for \$5. One will please, six will cure. Sold in all  
druggists or mailed in plain package on receipt of  
price. New pamphlet mailed free. THE WOOD  
MEDICINE CO., TORONTO, ONT. (French Notes)

### AUTOMOBILE NOTES

The first automobile insurance com-  
pany was started in New York in 1893.  
Water connections should be repaired  
when they show the first signs of a  
leak.

The United States army made its  
first experiments with armored cars  
in the summer of 1899.  
In 1889 automobiles were excluded  
from the public parks of Boston from  
10:30 a.m. until 9:10 p. m.

Henry Ford, it is announced in a  
current publication of the Electric Rail-  
way Journal, proposes to build a gaso-  
line-driven street car.  
War-time restrictions on the sizes  
of tires having been removed, the man-  
ufacturers are resuming the making of  
all their former sizes.

The first public garage of record  
where motor cars could be stored,  
rented or repaired was opened in Bos-  
ton in the spring of 1800.  
Miss Ethel Pike was awarded \$5 dam-  
age from a motorist who splashed her  
frook with mud. British motorists are  
appealing the judgment.

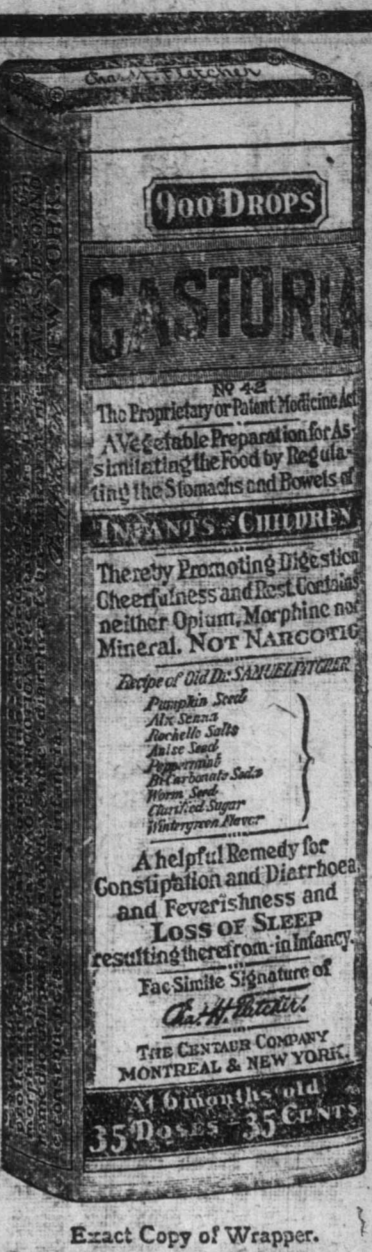

Yellow-bodied taxicabs, distance  
meters, uniformed drivers' everything  
may soon be seen darting around the  
streets of the capital.  
The Ottawa Motor Club has decided  
to appoint a legal solicitor of Ottawa  
for the use of its members in civil and  
Police Court cases when desirable.

Roscoe Searles, winner of the two  
150-mile races of the season on the  
Ascot Park Speedway, Los Angeles,  
will not drive his Roamer in the Indi-  
anapolis 500-mile Liberty Sweepstakes.

In the five years from 1911 to 1916  
the Province of Quebec spent \$15,-  
774,559 for good roads. Since 1911  
more than 1,214 miles of macadam and  
497 miles of gravel roads have been  
made.

In September, 1895, there were on  
file in Washington over 500 applica-  
tions for patents on automobiles. Three  
hundred different types of motor vehi-  
cles had been built or were in the process  
of construction on that date.

Searles is now working on Barney  
Oldfield's old "Submarine," with  
which machine he will compete with  
noted drivers for the stakes. This  
year the car will little resemble its  
former self, as the closed body has  
been discarded for the regular type of  
racing body.

### CASTORIA

Bears the  
Signature  
of

In Use  
For Over  
Thirty Years  
CASTORIA

Exact Copy of Wrapper.

Grants equal to \$50,000,000 will be  
distributed by the British Road Board  
for the reconstruction of roads and  
gridges in England during 1919. De-  
mobilized army units will be used as  
labor. England's program is thus far in  
excess of that of the United States, in-  
cluding both the Federal and State  
funds.

Ottawa Automobile Club and trade  
officials have yet to learn of the suc-  
cessful passage of the whole route of  
the Ottawa-Preseott highway this  
spring. In other words, no motorist  
has been able to drive over the fa-  
mous "road" in its present state.  
Reports have been received that several  
have made the attempt to drive to  
Ottawa, but none have been able to go  
more than a few miles over the noted  
route.

The County of Wentworth pro-  
poses to spend \$50,000 upon its roads  
this year.

Misunderstood.  
The tramp turned in by the wick-  
et gate, invitingly open, and knock-  
ed.  
"I've been to the front, mum," he  
said, as the door was opened by the  
lady of the house.  
"My poor man," said she, sympa-  
thetically. "Here, take this quart-  
er."

Thank you, mum," pocketing the  
coin. "And I couldn't get no answer,  
so I came round to the back."

HIRED HESSIANS  
The half German king, George III,  
of England, employed about 30,000  
troops from 30 different German  
states, especially from Hesse, against  
the colonists, before the United  
States was a nation. The reason was  
that the war was every unpopular, few  
men enlisted and the government  
dared not conscript Englishmen to  
fight their brothers in America.

### Ford Announcement

### Electric Starting and Lighting System

- Consisting of Generator, Starting Motor and Storage Battery.
- An electric system made for Ford cars by the Ford Motor Company of Canada in their own factory; built into the Ford motor which has been re-designed for the purpose.
- Controlled from a complete instrument board on the cowl.

### Standard Equipment on Sedans and Coupes

All closed models now have electric starting and lighting system as Standard Equipment.  
Ford Sedan \$1175 Ford Coupe \$975  
(Including Ford Starter and Lighting System)  
Prices are F. O. B. Ford, Ont., and are subject to War Tax.  
Ford Closed Models will, for a time, take the entire production of Starting and Lighting Systems.  
By June 1st, however, Ford Touring Cars and Roadsters will be supplied with Starting and Lighting as Optional Equipment at an extra charge.  
Samples of the Ford Starting and Lighting System are now on exhibit at all Ford Branches. In the near future we also expect to be able to show a complete sample outfit. You are invited to call and inspect it.

### CHAS. TAYLOR & CO.

DEALERS ST. CATHARINES

W. V. A. orchestra has been invited to play at the concert to be held at Christ Church next Tuesday.

Progress and Human Nature was the subject in the open forum held next. Mr. Macdonald, president of Toronto and district Trades Council, will be the speaker.

There is a rise in the city today due to the present unseasonable dip will have on the early days.

There was a fine attendance at the dance held under the auspices of the Ladies' Auxiliary of the A. in Queen's Hall last night. The weather was of the bad weather which prizes were awarded for an exhibition of waiting, and winners were chosen after a keen

Ladies' Auxiliary of the Independent Labor Party held a very successful whist drive and euchre at the Sons of England Hall, Queen's Hall last night. The attendance was gratifying to the committee.

Your papers tied up and out front steps Monday morning. D.E. will call on streets list that day. See front page.

Neighbors will regret to hear that George McLean, grocer, is seriously ill.

All members of the Burns Club are requested to attend a special meeting at Standard Hall, Monday evening, April 28th. Business important. J. W. Robertson, secretary.

DIED

MMISKY—At Wichita Falls, Tex., on Tuesday, April 24th, Annie, beloved wife of Peter Mummisky, aged 66 years. Her funeral will take place from the residence of Mrs. Mummisky, 145 W. Bank Street, at 1:45 o'clock Sunday afternoon, April 25th, at Victoria Lawn Cemetery.

**GERMANS WROUGHT DIABOLICAL DAMAGE**

American Expert Says no Such Atrocity Against Industrial Life Was Ever Before Known.

Washington, April 25.—Destruction wrought by the Germans in north France was so "systematic and diabolical" that it will require five years to rehabilitate the coal, iron, and steel industries, and twelve to fifteen years to return the mines and mills to normal output, according to a parliamentary report by Frank H. Probert, consulting engineer of the Bureau of Mines. He is a member of a specially investigating committee which recently returned from Europe.

Despite the tremendous damage, Mr. Probert expressed confidence that the "indomitable spirit" of France and the return of Alsace and Lorraine to the mother land, would soon make the nation the dominant factor in the European steel industry.

"The actual physical damage to the iron mines is comparatively small, when compared to the destruction of the coal fields of northern France, which is as reprehensible as it is complete," Mr. Probert said.

"In my opinion, no such atrocity was ever perpetrated against the industrial life of any country. Magnificent steel plants, comparing favorably with anything we have in the United States, are now but a tangled, twisted and broken stone. The wilful demolition was scientifically planned and systematically carried out. This after the removal of all such mechanical and electrical power units as could be used by Germany. The maliciousness and efficiency with which this crime against French industry was carried out is almost unbelievable.

**RHEUMATISM CAN BE CURED**

The Trouble is Rooted in the Blood and Can Only be Cured Through the Blood.

In the days of our grandfathers rheumatism was thought to be the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism, as well as many young people. Medical science did not understand the trouble, did not know that it was rooted in the blood. It was thought that rheumatism was the effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief, but did not cure the trouble. In those days there were thousands of rheumatic cripples. Now medical science understands that rheumatism is a disease of the blood and that, with good, rich, red blood any man or woman of any age can defy the trouble. Rheumatism can be cured by killing the poison in the blood which causes it. For this purpose the blood making, blood enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and it is the more general use of these pills that has robbed rheumatism of its terrors. In proof of Dr. Williams' Pink Pills to cure this trouble, Miss Jennie Stockdale, Halls Bridge, Ont., says: "Two winters ago I was taken with a bad attack of rheumatism, and was in bed for over two months, most of which time I could not sleep or enjoy rest day or night. The trouble also affected my nerves, which were very bad. I tried several remedies but did not get any help from them, and then, acting on the advice of a friend, I decided to try Dr. Williams' Pink Pills. I soon felt that the pills were helping me, and after taking eight boxes I am glad to say, I was able to get about as usual, and am now enjoying the best of health with plenty of good, rich blood which makes me feel like an altogether different person. I earnestly advise those suffering from rheumatism, nervousness and kindred troubles not to delay using Dr. Williams' Pink Pills as, like myself, I am sure they will find a cure through their use."

You can get Dr. Williams' Pink Pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

"The coal veins of northern France are overlain by water-bearing strata, necessitating special methods of shaft sinking and support to keep the mines dry. The steel lining of the shafts was dynamited, letting in the quicksand and flooding the underground working for miles around. In the entire Pas-de-Calais region it is estimated that 120,000,000 cubic metres of water must be pumped before mining operations are resumed. Having flooded the mines the head frames and surface equipment were systematically dynamited, the twisted debris in many cases filling the demolished shafts."

**TENDERS FOR PAINTING**

Scaled tenders for Painting and Papering at the Central Fire Hall, will be received by the undersigned up to 5 o'clock p.m. April 30th, 1918.

Specifications to be had at the Central Fire Hall on application. J. ALBERT EAY, City Clerk.

**THOROLD**

At the hall, Windle Village, Thursday night, Mr. and Mrs. Slocombe entertained a large number of friends to a reception to Mr. Slocombe's brother, a returned veteran, who served three years in France, and also the christening of their daughter. The evening was spent in a whist drive and dance. Mrs. Bebbington, in the ladies class, captured a first prize, and Mrs. Makin, after a good race, captured the booby prize. J. Brown took first for the gentlemen, and R. Rigby the booby. Mrs. Webster and Mr. Corless won the intermediate prizes. The rest of the evening was spent in games and dancing. Mr. McCarthy and Mr. Joyson supplied the music. Mr. McClary acting as M.C.

Mr. George H. Kelly, of Woodstock, has arrived in town and will act as missionary along the works of the New Welland Ship Canal. Mr. Kelly is successor to Rev. Mr. Barlow, at present rector of the English Church at Welland Junction, who filled the position of missionary previous to the canal closing down at the outbreak of the war. Mr. Kelly has had a wide experience in this line of work, having served for a considerable time in Algoma district between Sudbury and Sault Ste. Marie among the lumber camps. He is a graduate of Huron College, London, Ontario, and is quite capable for the duties he will perform, which will cover the

ground between Port Weller and Port Robinson.

Mr. Hugh Jack, formerly of the Town Line, has returned home after being on active service for a considerable time.

**RUTHENIANS**

Ruthenian is the name given to Christian inhabitants of what was formerly known as "Little Russia," living in what is western Austria, and also in southwestern Poland. They use the ancient Greek liturgy translated into the old Slavonic tongue, though Roman Catholics professing obedience to the See of Rome. They have a married secular clergy, following what is known as the use of St. Basil. It should however be noted that this name is sometimes loosely applied in Canada to several Russian sects living in the West.

**SWITCHED LANGUAGES**

A very old chestnut to the credit of Valeria of the Sein Feiners, is now going the rounds of the press. This story is that at one of his late meetings a reporter from an English news paper was present and on Valeria's hearing such, immediately switched off his language into the vernacular Gaelic to the discomfiture of the scribe.

Mr. W. Howard Russell, the well known author of a History of the Crimean War, humorously relates a similar story of such a joke being played upon himself during the Great Repal Agitation in Ireland, in 1848, when he was a reporter on the London Times, and the perpetrator was no less a character than the great Daniel O'Connell.

**Air Mixing Necessary at Gas Burner Tip**

Forecasts—Northwest winds, mostly fair. Sunday fair and milder.

The combustible constituents of natural gas are made up of combinations of the elements carbon and hydrogen. When natural gas is burned so as to secure perfect combustion only carbon, dioxide and water vapor are formed; that is, the carbon of the gas unites with the oxygen of the air forming carbon dioxide, and the hydrogen of the gas unites with the oxygen of the air forming water vapor. The water vapor, of course, will condense when cooled. This water vapor does not come from the gas, but is created and formed by the chemical action of the hydrogen in the gas and the oxygen in the air.

Each cubic foot of natural gas burned requires approximately 9 1/2 cubic feet of air, forming 10 1/2 cubic feet of combustion products, which are made up of 2 cubic feet of steam, 1 cubic foot of carbon dioxide and 7 1/2 cubic feet of nitrogen, all thoroughly diffused through each other.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

NOT ENOUGH CHEERS.

"What is the matter with these Canadians? Do they think it's a funeral procession, or what do they think it is?" shouted a returned soldier on Yonge street, as the boys passed through the crowd of somewhat silent, but a very glad looking people.

HINT TO COAL USERS.

Advice regarding the Ontario Fuel Controller's office from the United States, contained the information that the freight tariff in that country is being revised, according to Mr. H. A. Harrington, the Deputy Controller. When these rates become effective it will mean an increase of 22 to 24 per cent. in the rate on coal, or between 55c. and 60c. a ton from the mines to Suspension Bridge.

ADDITIONAL SPORT

WILLARD VS. DEMPSEY

Whenever a ring battle between Willard and Dempsey is mentioned there appears before the mental vision of the casual observer of things pugilistic a picture of a boxing Colossus astride a Queensbury pigmy.

From another viewpoint is reared the figure of an arrogant Goliath leering at a diminutive David. The giant naturally typifies Willard and the little figure is Dempsey.

These apprehensive mortals evidently overlook the fact that the modern Davids of pugilism have quite as effective a method of attack as that of the David who brought down the bulky Goliath with a well placed shot from his sling.

Under the rules of Queensbury combat, the smaller man, if he can strike with force and precision, and is agile and courageous, may triumph over an opponent whose physical proportions are massive and impressive.

Among those who have intimated that Willard's size might be too much for Dempsey is Tom Jones, formerly one of Willard's managers.

Jones says Willard is fit... Jones recently received his share of a settlement with the champion, and was asked what the condition of the title-holder was at the present time. He replied:

"Of course I am not managing him any longer, but I will tell you this much, the big fellow is in pretty fair shape right now. He looks as light as he was the night he fought Frank Moran in New York. He'll surprise a lot of them when he gets into the ring and strips for the Dempsey fight. And, remember, he's an awful big man."

It should be understood that Jones made the above statement after experiencing the comfortable feelings due to the receipt of a check from the champion.

Jones' intimation that the size of the champion may have some influence on the result of the battle is not supported by the facts of ring history.

John L. Sullivan weighed 212 to 165 by Mitchell, and yet the champion was glad to consent to a draw. Corbett weighed fully fifteen pounds more than Fitz, but lost his title in

the matter of speed, Corbett was a scorching, but Willard is a Percheron. Dempsey has the speed of Corbett and the punch of Fitzsimmons, and has beaten big men of the type of Fulton, Morris and Brennan. Willard will need something more than size in order to vanquish Dempsey.

It has been suggested that Willard will keep Dempsey away with his long left and eventually settle him with his right. Corbett kept Fitz away for half a dozen rounds, but the Cornishman finally got to Corbett.

**HIGH-CLASS WALL PAPERS**

The increasing satisfaction attending the use of good wall-papers is becoming more apparent each week.

The same trouble and expense in sizing and hanging the goods is unavoidable, whether you use the cheapest quality or a better one.

We have added to our service lay-out-books, showing different treatments, for the same papers, and the present volume of this valuable book is most comprehensive.

We are showing a perfectly splendid range of bedroom papers at 25c per roll.

**ALSO BETTER PAPERS FOR ANY ROOM AT 35c, 50c, 75c, \$1.00 UP TO \$3.00 PER ROLL**

AT THE GRAND.  
"The Rosary," which will be seen at the Grand Opera House on Thursday night, May 1st, is a play of human interest. It is graphically written and the characters are vividly drawn.

Edward E. Rose, author of many notable plays, has written a most telling drama in this one, and its revival comes to the insistent demands of the public for plays of cleaner and more wholesome content. Messrs. Rowland and Clifford, who are making the revival, have engaged talented players for the various roles and have made a tasteful and costly production. The play abounds in tense scenes and in thrilling situations. It also has abundant humor and is thoroughly human in every respect. Men, women and children will find in this play entertainment of the better sort, and will also find the keenest enjoyment in the unfolding of a compelling interest.

**YOU CAN BE CURED OF CATARRH**

The Pure Balsamic Essences of Catarrhose Afford Surest and Quickest Cure

Catarrhose is certain to cure because its healing vapor is carried by the breath direct to the seat of the chest, nose or throat trouble. Being composed of the purest balsams and pine essences, it immediately allays irritations, facilitates the ejection of mucus, soothes and stimulates the lungs and bronchial tubes. The marvel of the age in curing nose, throat and bronchial troubles, that's what thousands say about Catarrhose. There is nothing so sure to cure, and to those in fear of changeable weather, those who easily catch cold, those who work among lung-chilling surroundings, or where dust, impure air, fog, or damp can effect them, let them get Catarrhose and use it several times daily; it will cure every time.

Large size Catarrhose, sufficient for two months' use, guaranteed, price, \$1.00; smaller size, 50c; sample size, 25c. Sold everywhere.

**SPROTT TALENTED ACTOR**

The heavy role in "Breed of Men," William S. Hart's newest Arcturion picture, which is on view at the Griffin Opera House today is played by Bert Sprotte, a talented actor with forceful personality, who has appeared in many pictures with the great Western star and in other notable productions. As the city freighter in this picture he is highly effective. The support generally is excellent.

**AT THE HIPPODROME**

William Duncan, Vitagraph's famous serial star and director, says that if the Allied Governments will turn the ex-Kaiser over to him, he will ask Albert E. Smith and Cyrus Townsend Brady, Vitagraph's serial authors, to write a special episode in "The Man of Might," exclusively featuring Wilhelm. He promises that all episodes of all past serials will pale into insignificance beside this one and thereafter be only a blurred memory.

The second episode of "The Man of Might," Vitagraph's latest adventure serial, will be seen in the Hippodrome Theatre on Monday and Tuesday. Duncan is the star, supported by an all-star cast including Edith Johnson and Joe Ryan. The latter is the prize bad man of the screen. Of course, could the Kaiser be procured for the episode, as broached by Duncan, Joe would have to take a backseat. In fact, by contrast, he would automatically become aligned with Duncan, the hero, in his genetic dealings with the Hohenzollern head.

**KING GEORGE**

Bert Lytell, who has won a great name for himself everywhere with cinema audiences, will be seen at the King George Theatre on Monday and Tuesday in his latest Metro production, "Blind Man's Eyes." This story is based on the extensively read novel of William McKark and Edwin Balmer. It is a gripping, stirring romance with a strong melodramatic vein, and it gives the star the sort of role he achieved such success with when a stage star on Broadway. He first enacts the role of a man railroaded to jail on a trumped-up murder charge, brought by a crooked financier who had defrauded his mother of her estate. And some time later altered in facial appearance, the ex-convict reappears to wreak vengeance, only to find that the man he was alleged to have slain is alive and still carrying on his nefarious schemes. It is an ardent story of human passions, and shows the incalculable harm which can be caused by numerous people through malicious and criminal accusations, based on hate and envy. Hugh O'Conor is a man of high standing in the community where he lives, but who loses everything dear to him when he is accused of a crime which he did not commit. How he determines to uncover the real criminal and bring him to justice is dramatically told in the play, which is cleverly interspersed with sympathetic comedy and glowing romance. Mr. Lytell is supported by a notable cast, which includes Naomi Childers, Joseph Kilgour, Frank Currier, Miss Joan Anderson, Richard Morris and Gertrude Clair.

**SMOOTHEST REGULATOR FOR THE BOWELS IS HAMILTON'S PILLS**

No Headache, Biliousness, Indigestion, or Sour Stomach, Where They are Used.

**A FINE CONSTIPATION CURE!**

They Cleanse the Lovers and Move the Bowels While You Sleep.

Like a ship in the night, your constipated headache and digestive troubles will disappear after using Dr. Hamilton's Pills.

They cure the worst cases, act quietly at night while you sleep, and give you next morning the freshest, briskest, happiest feeling you have known in many a day.

Dr. Hamilton's Pills will cheer up the most despondent sufferer.

They will make tired out folks feel like kids at play.

They overcome backache, sideache, liverache and stomachache, and kidney ills.

If they fail to do this, you can have your money refunded. Fair enough, eh?

Don't stay sick or ailing, use this grand family remedy at once, it will give you energy, spirits, ambition, appetite, good blood, better nerves; in short good health. You can get all this in a 25c. box of Dr. Hamilton's Pills. Sold by all dealers in medicines.

More than a score of daily newspapers in the United States are owned and actively managed by women.

Appropriate music by the choir. Organist and choirmaster, Mr. Gerald W. Marks.

"A Sabbath well spent brings a week of content."

7 p.m.—Subject: "Spiritualism an Imposture."

**CHILDREN'S WEEK**

observance of Children's Week from April 27 to May 4, is the recommendation of the International S. S. Association. A programme that is being worked out in many states and provincial associations... hundreds of individual Sunday Schools. It has been suggested that at least 10,000 schools will observe Children's Week, this year and that will mean that 100,000 parents and homes will hear the call to a larger service for our children and youth—and perhaps thousands of children will have a better chance to grow into christian citizenship. In many places a programme is mapped out for each day of the week. Sunday, April 27th, is inaugurated day with appropriate services in church and Sunday School and some kind of Sunday School conference during the week of our present activities and our future plans and equipment.

Perhaps a local church "every member" canvass could be undertaken to enroll every boy and girl as a member of the church school.

**The Programme**

The motto of our City Association is "All the church in the Sunday School and all the Sunday School in the church." Let each school make its own programme suitable to its own needs, and on Sunday, May 4th, hold a reception for new enrollees in the school and it might be carried out so as to open the door of the church for reception into membership.

Sunday School Superintendents call your executive at the close of your school on Sunday and plan something to bring your school in thought and prayer into harmony with the spirit of Children's Week.

Woman's imagination is an expensive thing for photo-play producers. Story writers insist on using this fact for the development of plots and as woman's imagination is frequently elaborate, it costs a tidy sum to produce "fade ins." This was the case in Thomas H. Ince's latest picture "Happy Through Married," in which Enid Bennett is featured.

The wife in this story discovers in her newly married husband's trunk the picture of a Spanish girl. She imagines this girl to have been some spectacular dancing girl beneath whose feet her husband had thrown his heart. This imagination cost the producer a tidy sum, for it was necessary to picture these thoughts with a dance.

The mistress of the light toe obstinately refused to dance without music, and an orchestra had to be called in on a half day's pay. All this for about ten seconds on the screen. This will be shown at the Griffin Opera House to-day and Saturday with adequate accessories.
