## TWO COMPETITIONS CONCLUDED AT ST. ANDREW'S CLUB

### O. H. E. Might Wins Hole-to-Hole Competition; R. A. Morrison and Miss Robertson the Foursome

On Saturday O. H. E. Might and Dr. L. A. Maxwell played off the final in the Hole and Hole tournament, 66 holes. Mr. Might winning on the thirty-seventh hole. Both players put up an excellent game and at no time during the match was either more than two holes up. The finish was witnessed by a large number of very interested spectators.

In the final of the mixed foursome, Miss Mary Robertson and Mr. R. A. Morrison won from Mrs. Dorland and Dr. Maxwell, 2 up and 1 to play. The match was very closely contested and interesting throughout.

The Tombstone competition for the newly presented Sheriff Graham trophy, extending over the week-end, developed some very interesting games, only two of the players, Mr. W. Petrie and Mr. V. A. Newell, reaching home and they did in the eighteenth hole. Only two other players, Mr. O. H. E. Might and J. B. Hill, struggled through to the last green, but fell exhausted two strokes from the hole. There was a large number of entries for this competition, but all the others fell by the wayside.

Mr. V. A. Newell, with a score of 92 less 12, was the winner of the Bunter competition for the week ending September 30.

Many members took advantage of favorable weather, with the result of good progress was made in the several other competitions under way.

## EASTERN CLUBS TO PLAY HOCKEY

All of N.H.A. Teams Represented, Except Ottawa

Montreal, Sept. 30.—That there will again be hockey in the east was assured at the meeting of the National Hockey association held here Saturday when representatives from all the clubs, with the exception of Ottawa, were in attendance.

Ottawa had promised that they would have a representative there, but he did not put in an appearance and the meeting was adjourned until Oct. 12, when Ottawa will be represented.

It was decided, however, that there would be a National Hockey association schedule no matter if Ottawa came in or not. Toronto was represented by a lawyer in the person of the attorney of the Toronto Hockey club, Mr. Belland, and he was assured that Toronto would be made welcome again to the N.H.A. but that the franchise would have to be held by some other person than Mr. Livingstone. This he agreed to, so that he is now assured that Toronto will again be in the N.H.A. during the coming winter. Canadians, Wanderers, Quebec and Toronto all expressed their intention of having a team in the N.H.A.

## CLOTHES vs. CLOTHES

There are distinctions and vast differences between the various kinds.

Some clothes serve as a covering, while real hand-tailored clothes lend class and surroundings of advantage.

The latter are worth fully their cost; the former are expensive, even as a gift.

Let us make your next suit, and prove to you the real value of Hand Tailored Clothes.

## MUCH ENTHUSIASM AT THE MUNICIPAL GOLF COMPETITIONS

Three Big Competitions in Municipal Golf Competitions Under Way; Several Games Played Sunday

There was plenty of playing for all members in the three competitions at the Municipal Golf course that are now under way. The weather is ideal for golf and the interest is keen in the competitions. Those who have played and lost in the various events are following the play with much interest and many a wager is laid on the favorites who are still in the running. Play has progressed as shown in the following main events:

**Club Cafe Trophy**

Jack Gorman and Joe Rudolph played in the semi-finals of this event. Rudolph winning 2 up and one to play, both showing up from the hospital for the game. Gorman having had a tussle with a solar, which was finally pounded into submission by two doctors, a dentist and the main hospital staff, while friend Joe was thrown from his gas broncho and had his main golf arm put out of commission. In spite of these troubles both invalids put up a strong game that belonged to anyone right to the finish. The finals in this competition are to be completed at an early date by the finalists, Joe Rudolph and R. Luke.

**Club Cafe Consolation**

The finals in this event were played off by C. S. Henley and Wm. McRae, Henley, a new player this season, defeating McRae and winning this event.

**D. E. Black Trophy**

This event has been played out to the semi-finals with the exception of one game. W. G. Agnew is to play A. C. Henderson; A. S. Fitzgerald is to play the winner of a match to be played off between J. A. Gorman and A. Wilson.

**D. E. Black Consolation**

This event has progressed in part to the finals. R. Luke defeated J. H. Argue after a battle of twenty holes, going into the finals. There remains the match between J. M. Miller and J. Hutton to decide which play in the finals against Luke.

**J. A. Gorman Trophy**

This competition has progressed at a rapid rate, W. H. Gray winning from F. W. Elliott, W. G. Agnew from C. S. Henley, F. H. Halliday from E. S. Clow, A. Newman from R. M. Edmanson, J. Rockley from K. E. Wallace, O. McIntyre from S. H. Boyd, A. H. Ferguson from Mark Drumm by default, P. Wolfe from E. H. Upton by default. In the second round McIntyre wins from Rockley and Ferguson defeats Wolfe. In the third round Ferguson defeats McIntyre, going into the finals. The other finalist will be decided by play between Gray, Agnew, Halliday and Newman.

## INDIANAPOLIS WON POST SERIES GAMES WITH TORONTO

Took Four of the Five Games in Rather Easy Fashion

Indianapolis, Sept. 30.—Indianapolis, champion of the American association, by its five to four victory today over Toronto, International league champions, won the post-season Inter-league series. The victory gave Indianapolis four of the five games played here and in Toronto.

Captain Brookie, of the Indianapolis team, who was absent from the first four games of the series with an injured leg, won today's game by a single in the eighth inning, which scored two runs. Brookie batted as a pinch-hitter for Falkenberg. Indianapolis' victory was the first game of a scheduled double header, but it ended the series, which was to continue until one team had won four games.

The second part of the double bill was played as an exhibition game. It ended in the sixth inning, with the score tied, 4 to 4.

Toronto 010 020 100—4 10 1  
Indianapolis 200 001 02x—5 9 1  
Gould and Gossett; Falkenberg, Dawson and Gossett, Schang.

Indianapolis, Sept. 29.—Indianapolis defeated Toronto in the fourth game of their championship series, 5 to 3 today. First baseman Lajoie's triple in the third inning with three on bases scored Toronto's only runs. The batting of Filligin was the deciding factor of the game. Indianapolis has won three out of the four games of the series, and needs one more victory to win the championship.

Toronto 000 000 000—3 6 0

Winnipeg Didn't Take Very Keenly to the U.S. Rugby Game

Winnipeg, Sept. 30.—American style of rugby was introduced here yesterday in the opening game of the Winnipeg Patriotic league which the Arenas won from the Granites 25 to 3. The American style, as demonstrated by the local teams, many of the boys never having played the game before, did not make a hit.

## Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

THE PATRIOTIC FUND

The North Alberta branch of the
patriotic fund has decided against con-
tinuing the patriotic fund, and will
not raise more money for that purpose.
This is much the same action as taken
by the South Alberta branch, the lat-
ter organization deciding to ask the
government to take over the fund, but
in the meantime making preparations
for the collection of the fund for a
few months more. In one respect
only is the decision of the northern
branch more extreme than that of
the south.

Both Alberta branches have dis-
covered the impossibility of raising
money under the voluntary system.
The public believes that it is on a
wrong basis, and objects to the volun-
tary system.

The slogan in recent campaigns for
patriotic fund money was "Fight or
Pay." Now that conscription has be-
come the law, and all sooner or later
may be called upon to bear arms, the
slogan has lost much of its force.

In several ridings in Northern Al-
berta, the fund was well supported
by Canadian citizens of foreign birth.
The Ruthenians of the riding of Whit-
ford were very liberal in their giving,
as were the foreign born of the riding
of Camrose. Last year the riding of
Okotoks raised little more than \$2,000,
while the riding of Camrose raised
the sum of \$22,000. The Albertan is
not criticizing the first-mentioned rid-
ing, but merely quotes the figures as
a contrast. The alien born citizens,
or many of them, who have been dis-
franchised by the recent legislation,
decline to make further contributions.
Their conduct may not be excusable,
but it is not surprising.

A Calgary paper in glaring head-
lines charges the Liberals with a con-
spiracy or a plot to destroy the fund.
The action of the north branch was
in line with that of the south branch,
and final action was taken on action
of A. G. McKay, a Liberal, seconded
by Mr. Ramsay, a Conservative mem-
ber, who is sometimes mentioned as
the coming Conservative leader in the
legislature.

September has been a great month
for Western Canada. Now let us see
what October has to offer.

If generals at the front are to take
a hand in criticizing the policies of
parties at home, they need not be sur-
prised if politicians at home criticize
the work of the generals at the front.

REMOVING RESTRICTIONS
Commissioner Samis, in a rather
remarkable interview in an evening
paper, charges The Albertan with in-
consistency in opposing the market
changes suggested by the city com-
missioners. The inconsistency lies,
according to the commissioner, in The
Albertan's tariff policy of free trade,
whereas the commissioners recom-
mend that producers should not be
limited at any particular time to the
city market for the disposal of their
produce. The commissioner is in
error when he says The Albertan crit-
icized that part of the change recently
made. The Albertan criticized the
city for abandoning its policy of selling
by retail to the public. There is
no excuse for such a reactionary
change, and the commissioner in his
interview offers none.

Respecting the other change, The
Albertan has expressed no opinion.
The change may hasten the death of
the market, or prevent its longer life.
The restrictions as to selling is one
which is found in practically every
public market in Canada which
amounts to anything. It is provided
to check the activity of the huckster,
and to enable the consumer to get a
fair deal with the producer. It has
not been enforced in Calgary at any
time, and whether or not it would
have very much effect on the Calgary
market if enforced is difficult to say.
The commissioners removed the re-
striction to make it easier for the
market which is in keen competition
with the city market.

However, now that Commissioner
Samis has gone this far, to be con-
sistent he will tear away other tariff
regulations, and permit the producer
to peddle his goods on the streets.
Commissioner Samis is always con-
sistent, and he will probably make
this amendment to the market rules
during the present week.

The decision of the allies for a more
vigorous blockade of the German
coast is a wise one, and one which
the entrance of the United States
into the struggle makes much easier
of accomplishment.

TORONTO AROUSED

Toronto is really aroused again. It
is seldom that that city rises to its
highest flights, but when it does, it
sets an example to the outside world
as a city of breadth and tolerance,
combined with originality and loyalty.

It is accused sometimes of lopping
over on every possible occasion, but
it seems to derive certain enjoyment
in that exercise, so why should the
outside world take umbrage or even
much note? A few years ago the en-
tire adult population and a large por-
tion of the younger generation divided
into two hostile camps over the ques-
tion of whether the citizens were to
be permitted to slide down hill in the
winter time on Sunday afternoons.

On sundry occasions, before and since,
other great questions have agitated
the people and furnished good copy
for the newspapers.

But the latest disturbance is over
the question of the flag. Without
doubt the flag has been flapped
more vigorously and more unsee-
ingly, and more persistently in Toronto
than in any other city in the British em-
pire. The debate is not whether it should
be flown, but whether or not it is in good
form to fly it over the city's manure carts.

A foreman in the scavenger depart-
ment took umbrage at a scavenger
driver who insisted upon a British
flag upon his cart, and insisted that
the flag should be removed. This
stirred the entire populace, and the
battle is raging now in city circles,
and once more the people are taking
sides upon this great issue.

It was admitted that the flag was
merely flown before the manure cart
for sentimental reasons. A manure
cart is a slow going craft, and does
not need flags for signaling or for
any other such use. But it is argued,
on the other hand, in a democratic
city, in a democratic country, why
not adorn the manure cart with the
flag as well as the city hall itself?
Toronto should show itself loyal from
the peak of the flag staff on the
municipal buildings to the lowly
manure cart. If one, why not the
other? If the other, why not the one?
The argument seems very clear.

No definite action has yet been
taken. Mayor Tommy Church has
not yet come to a conclusion. He is
inclined to believe that the flag should
be flown over the scavenger carts.
It can do no harm, may teach a lesson,
and gladden the weary hours of the
driver.

In this great battle of principle it
seems though the flag would win.

It is about time that the Italian set
out again, and this time he will drive
the previous advance further home,
and make things decidedly interesting
for his Austrian enemy.

At least John Bull seems disposed
to retaliate in this air raid business.
It comes hard for him to start in
on a campaign of killing women and chil-
dren, and he is patient still. But he has
to take action in self-defense.

The days of the patriotic fund as a
voluntary fund, raised and adminis-
tered by the people, are nearly at
an end. The decision of action of the
North Alberta branch will bring mat-
ters to a crisis. The fund should have
been raised and administered by the
government. It was a public charge,
and should have been publicly raised
and administered. However, it served
to show the real devotion to the
country of some people, and the
worthlessness of others.

Harold Corbet, of Lake McGregor,
Alta., writes in an evening paper, de-
claring somewhat forcefully that the
ballot should be taken from the Cana-
dian subject of alien enemy birth be-
cause he knows certain Germans who
"openly showed great joy at that das-
tardly act, the sinking of the Lusitania.
Several of them celebrated Kitchener's
death by holding a beer supper." But
interested enemies have no vote. To
deprive such persons as Mr. Corbet
mentions of their ballot is not suffi-
cient punishment for such open dem-
onstrations. If they are not interned,
why are they not interned? Whose
fault is it? Did Mr. Corbet report these
open demonstrations, and if he did
not do so, why did he not do so?

STUDENTS WHO
WON PRIZES AT THE
ALTA. UNIVERSITY

Matriculation Scholarships
Won by Calgary, Ed-
monton and Leth-
bridge Students

The following students, having all
averaged over 75 per cent on their
matriculation examinations, are en-
titled, in the order in which their names
appear, to the six matriculation
scholarships of \$25 each, offered by
the University of Alberta to students
attending their first year's work.
The sum of \$25 will be applied on their
fees at the time of registration. If
any in the first six are not coming
to the university to notify the uni-
versity at once, so that the scholar-
ship may be made available to the other
students in the list in order of merit:

W. Frank Ferguson, Victoria High
school, Edmonton; Lowell H. Cobble-
dick, Lethbridge High school; Carrie
H. Northover, Crescent Heights High
school, Calgary; Rodger B. Hubbard,
Crescent Heights High school, Calgary;
Thelma V. Butchart, Victoria High
school, Edmonton; Muriel M. Graze,

Calgary; William S. Watson, Victoria
High school, Edmonton; Grace Dean
Kellieck, Crescent Heights High school,
Calgary; Avis Hubbard, Crescent
Heights High school, Calgary; Donald
Francis Philip, Victoria High school,
Edmonton.

The scholarship of the Women's Uni-
versity club, offered to the woman stu-
dent who obtains the highest average
mark on the six matriculation examina-
tions, Latin and French, has been won
by the following two students, who are
tied with an average mark of a little
over 82 per cent: Dorothy Diller, Carrie
H. Northover.

Attendance upon first year in the
University is also necessary to obtain
this scholarship.

ALBERTA CENSUS
SHOWS INCREASE
OF POPULATION

In Five Years the Popula-
tion Has Increased 32.5
Per Cent; Males Pre-
dominate in Cities

Ottawa, Sept. 29.—A preliminary
statement of the statistics of the popula-
tion and agriculture of Alberta as
shown by the census taken on June 1,
1916, is contained in a bulletin issued
by the census branch today. The popu-
lation of the province on that date
amounted to 406,228 as compared with
374,663 in 1911 and 186,412 in 1906. For
the five years, 1911-1916, the population
increased 121,862, or more than 32 1/2
per cent as compared with an increase
of 189,251, or 102.07 per cent, the pre-
ceding five years. From 1901 to 1906
the population increased by 153,911 per
cent. In the 10-year period, 1906-1916,
the population increased by 311,133, or
167.86 per cent, as compared with an
increase of 301,461 in the 10 years,
1901-1911.

The population comprised 277,256
males and 228,972 females, as compared
with 223,928 males and 190,574 females
in a population of 374,663 in 1911. In
1901 males outnumbered females by
51,000. In 1906 by 39,154; in 1911 by
73,215, and in 1916 by 57,889. For the
province as a whole, from 1906 to 1911,
the male population increased by 106,866
or 23.78 per cent, and the female popu-
lation by 94,257, or 23.25 per cent, re-
spectively. For the five-year period, 1911-16,
in Alberta as well as in other western
provinces, the effects of the war are
apparent in the smaller increase in the
male population in the last five-year
period as compared with previous
periods.

In 1916 Alberta possessed a city popu-
lation of 223,225, as compared with
90,252 in 1911 and 40,119 in 1906 and
4,091 in 1901. In the five years, 1911-
16, the city population increased by
133,073, or 147 per cent, as compared
with an increase of 69,133, or 199.4 per
cent, in the preceding five years.

Many More Males
Males outnumbered females in all the
cities. Female population exceeded the
male in the towns of Irvine, Morinville,
Edmonton and Vegreville. For every
1,000 males, there were 930 females
in Calgary and 960 in Edmonton;
in 1911 the proportion of males to
females was 445 in Edmonton, 545
females to every 1,000 males.

The agricultural statistics show that
from 1911 to 1916 the number of farm
holdings in Alberta increased from
61,496 with an acreage of 17,751,899 to
67,877 holdings with an acreage of 24,
922,787. The total land area of the
province is placed at 151,872,000 acres.
Of this amount 23,062,767 acres, or
14.24 per cent, were occupied as farm
land out of a total of 59,000,000 acres
estimated as being available for crop
production. During the five years,
1911-16, the number of farms increased
by 6,381 per cent, the land occupied as
farms by 29.92 per cent. The average
size of farms in 1916 was 369.3 acres as
against 295 acres in 1911 and 238.4 in
1910, and the area of improved land
per farm increased from 71 acres to 110
during the same period.

PROVINCIAL FAIRS LACKED ENTHUSIASM AND COMPETITION

Alex. Galbraith, Superintendent of Provincial Fairs and Institutes, Gives Summary of Urban Exhibitions Held in 1917

Alexander Galbraith, superintendent of fairs and institutes for the province of Alberta, passed through the city on Saturday on his way north.

In an interview given to The Albertan, Mr. Galbraith stated that while the number of suburban fairs in the province had increased the quality of the exhibits and the competition among the exhibitors had decreased.

"Others again have the notion that it is impossible to hold a fair unless they have building accommodation. This is utterly wrong. I attended a fair at Millerton this year. It is twenty miles away from any point, in fact a twenty-mile drive to reach it. This fair was simply held in a field. It was one of the best I attended this year. The enthusiasm and competition were there and the exhibits very good. Perhaps if there were fewer fairs throughout the province there would be better results."

Ninety Held So Far. The best fairs in the province this year, outside of Calgary and Edmonton, were held at Lloydminster, Vermilion, Camrose, Lacombe, Wetaskiwin and Cochrane in the beginning of the season. There were 103 fairs listed. Nine of these were cancelled and of the 94 left, 90 have been held.

Asked if he believed the day of the horse in Alberta was about over, Mr. Galbraith said "while there is an increase in the use of motor power and light horses are not in demand, there is always a market for heavy horses and will be for a long time. The great thing is to educate the breeders to one essential fact. They absolutely must breed from a sound horse. The ignorance on that point is appalling. One of the greatest and most common defects in the heavy animal is side bones. Twenty-five years ago in the States one breeder in twenty knew about that blemish and understood how to eliminate it from his stock. Today it is about one in six. Side bones are not hereditary, but the tendency is and one cannot be too careful."

Mr. Galbraith informed The Albertan that there was a great likelihood that the government's special farming experiment which would not be running in 1918. "The expense with it were too great. It was of great educational value to the settlers, but the expenses are enormous," concluded Mr. Galbraith.

LITTLE GIRL FALLS INTO CESS POOL AND IS DROWNED. Neighbors Search All Over Ogden for Mabel Jones, and Body is Finally Found in Cess Pool

After searching all over Ogden from 5.30 until 10 o'clock last night, for little Mabel Jones, the 7-year-old daughter of H. S. Jones, of Ogden, the body of the unfortunate child was found in a cess pool in the rear of her home.

A doctor was called and efforts made to restore the spark of life, without success. She was last seen alive at 5.15 yesterday afternoon playing in the front premises where the family reside. Neighbors assisted in the search for her and that district was thoroughly combed. One of the searchers finally decided to look into the cess pool and was horrified to find the child's body. The remains were removed to Armstrong's funeral home, where the coroner, Dr. Wright, will hold an inquest.

DANGER TO SYSTEM UNLESS ACTION IS TAKEN

Ignorance alone can excuse neglect of the health when all indications point to kidney trouble. Everyone should know that from the hour the kidneys fail to remove the poisons from the blood stream, these poisons are accumulating ready to cause sickness, pain and suffering.

How are you to know that the system is in danger from poisoning? One or more of the following symptoms should leave no doubt in your mind. If you are the victim of backache, pains in the back or sides, or Lumbago, be sure nature is calling for better kidney action. Take Gin Pills.

At the first twinges of Rheumatism, swollen ankles and joints, or any other manifestation of uric acid poisoning, take Gin Pills. Dozens of Testimonials prove Gin Pills to be the sovereign remedy.

Take the warning given by constant headaches, restless nights, dizziness when you stoop, frequent chills, bladder urinary trouble, or constipation, and turn to the remedy which is so sure that it is sold on the money-back guarantee—Gin Pills.

SAVING BY KEEPING TWO-MAN CARS ON CRESCENT HEIGHTS

Calculation Based on Estimate of Superintendent Proves This Very Clearly

A number of estimates have been given of the loss or saving to the city if one-man cars were introduced to the Crescent Heights line. There have been many calculations and many estimates, many of them more or less intelligible. Superintendent McCauley has made a number of estimates, but he has a habit of making figures stand around and doing what they are told.

A few months ago Mr. McCauley placed upon the bulletin board an estimate of the cost of operating a car. The cost at that time, according to his statement, not taking wages into account, was \$25.12 per day. His object in putting up the bulletin at that time was to ask motormen to consider as much as possible and thus save money, and doubtless his estimate was accurate.

The Crescent Heights service at the present time is maintained by four regular cars and two extras for portions of the day. The cost of operating the same, according to the bulletin issued previously by Mr. McCauley, is as follows:—

Four regular cars at \$26.33 per day \$105.32 Wages for regular men per day \$23.33 Two special cars, as per estimate. 23.33 Wages for special car service. 10.10 Total for present service. \$162.08

One-Man Schedule Six cars, per McCauley estimate. \$157.89 Wages for regular. \$65.85 Total. \$223.74

This shows, according to the estimate published in the bulletin, that the one-man service as proposed for the Crescent Heights line would cost the city \$111 extra per day to maintain.

In most respects the present service is superior to the proposed service. It provides for a 15-minute service at 6.45 a.m., a 7 1/2-minute service from that time until 8.15, and this shorter service again from 11.45 a.m. to 1.45 p.m., and a 15-minute service from 4.15 p.m. to 7.30 p.m.

These are matters which should be carefully considered before any change is made.

CALGARY MEMBER RETURNS HOME

R. B. Bennett, K.C., M.P., Has Been Active in Military Service Operations

R. B. Bennett, K.C., M.P., arrived in the city Sunday morning, and is stopping at the Palais. Since the house prologue, Mr. Bennett has been active, assisting in the plans for the operation of the military service bill. With Mr. A. H. Clarke, of Calgary, he attended the sessions of the board of selection recently held, and in co-operation with Mr. Clarke and Judge Winter, of the district court, will probably complete the list of appointments for the Calgary district.

STABLEMAN FOUND DEAD. The dead body of William Lemson, a postler over at the Victoria Park stables, was found lying in a vacant stall last night. The police were notified and the body was removed to a local morgue. An inquest will be held. A certain amount of mystery surrounds the case. The only information the police were able to obtain was that Lemson, whose home is in Ontario, had been in very poor health for some time suffering from tuberculosis.

Recuperation—There is not so much in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla, which restores the tired blood, sharpens the dulled appetite, restores the lost courage. Take Hood's Sarsaparilla this summer.

STRONG ATTACK ON SOCIALISM AND CHRISTIAN SCIENCE

Visiting Minister Says Mrs. Eddy Is in Hell Now, and Has Little Chance of Being Released

"SECOND COMING" Seattle Preacher Speaks on Second Coming of Christ at Grace Church

"According to the old fundamental political doctrines there is not a political party today. 'Nihilism, Communism and Socialism are three damnable systems. Russia is wrecking the world of Socialism. 'If the world continues for 100 years after the conclusion of peace, there will be such a war that the present war will be a picnic compared with it.' 'After the devil has been imprisoned for 1,000 years he will be released, but this is his property, and he will be released. The Eddy is in hell now, and there is more chance of the devil being released than she is. 'The above were some of the statements made by Rev. Mark A. Matthews, D.D., of Seattle, Wash., at the Grace Presbyterian church last night.

The congregation, which has been steady on the increase, numbered 1,000 last Thursday. The church was jammed in the morning, 1,000 attended the afternoon service. By 7 p.m. the church began to fill, and by 7:30 not only every seat, but every possible inch of the standing room was occupied. The fire laws were disregarded, chairs being set in the aisles and the steps of the church fully occupied. The choir gallery was invaded and crowds gathered at each open door, and a great many were turned away. On Ninth street west and on Fifteenth and Sixteenth avenues there were lined up fully 75 motor cars.

Speaks of Second Coming. Dr. Matthews spoke on the "Second Coming of Christ." He claimed that there were from 400 to 500 passages in the New Testament, which dealt with the second coming, and read a few of them, such as Heb. 9:28; 1:10-12; 2 Tim. 4:1; Rev. 22:20; L. Thes. 4:13-18.

Back in eternity there was a conference between the three persons of the Godhead and the Father. The Father, Godhead was loved with a personal love. It was also decided that Christ should take upon Himself the form of man. There are no people in the world today who deny that Christ came into the world. That He existed and rose again is proved by the existing records of the Christian church today.

If the first coming is fallible, so is the second coming. Christ came to preach the Kingdom of God. When they sacrificed in His name, they sacrificed the Kingdom. The sacrifice which was made with Abel, were culminated in the cross. The incarnation was made unalterable and absolutely certain the resurrection. Christ had to be liberated from His human body, and the sacrifice which guaranteed you freedom will come again. This God has not been established, therefore He will come again. "This do in remembrance of me until I come again."

Just Before the Advent. We are passing the end of period just before His advent. Some say that He came at the destruction of Jerusalem. But the scriptures do not resurrect at the destruction of Jerusalem. Nor are they resurrected at the destruction of the temple. He is coming. It will be preceded by a sign, the sign of the sun, visible, earthly appearance, which will last for a few days.

Some of the Signs. There will be a time of restlessness, of people going to and fro in the earth. In 1815, thirty-nine billion transportation tickets were issued in the world. The world is a moving seething mass, because of the explosion of sin. Then there will be a great conflagration. Neither Zionism, nor any other movement to place the Jews in Palestine will succeed until the fullness of times has come. While the speaker is a member of every sect, county and city, he believes the Turk should be driven out of the face of the earth, and they are driven out of Palestine, and they allowed to return, there will never be another chance.

Political Upheavals. Political upheavals will accompany the signs. According to all old fundamental political doctrines, there is no political party at present. After the war, political parties in this country has never go back to their former position. Here he criticized Nihilism, Communism and Socialism. Democracy will triumph after the war. There will be a cure for all. Democracy will have many faults.

Three Damnable Doctrines. The speaker then spoke of false teachings. He scored Spiritualism, Theosophy and Eddysm as three most damnable doctrines of the world. He said to damn the very evil. They did not just get up. We have been marching toward the age when they should meet to oppose Christ. They deny every fundamental, that Jesus came into the world, the resurrection, Lumbago, etc., and when they say they don't, they are infernal liars.

Matthews believed that peace might come in about two and a half years, but he would not like to see peace until the plague of Europe and of the world was driven from his place of power. Still this peace would not be lasting, if the world continues for 100 years, the present war will be as a picnic, compared to the war that will occur then. It is absolutely impossible to establish peace until Christ comes.

When the battle of Armageddon takes place it will be just outside of Jerusalem. It will be fought in a few seconds, and Christ will strike those who will not listen.

After this, the devil will be in hell for 1,000 years, and then he will be loosed again, but the extra club will not be released. Mrs. Eddy is in hell, and the devil has more chance of getting out than she has.

The speaker then spoke of the resurrection and the joy of all who shall take part.

GREAT CARIBOU RUN. Dawson, Y.T. Sept. 30—A great herd of caribou is reported at the head of Forty-mile river, west of Dawson. One traveler waited for three days for the herd to pass him so that he could make his way along the public road. Similar runs of caribou are reported from Circle and Eklipse. The number of caribou ranging across the entire belt of several hundreds of miles is estimated at more than a million.

The Best Part of the 100,000 Extra Vote Offer ENDS TOMORROW NIGHT

BUSY CANDIDATES HUSTLING FOR VOTES Today and Tomorrow Will Be Strenuous Days in Order to Get as Many of the 100,000 Extra Vote Clubs as Possible

Today all day and far into the night. Tomorrow until 10 o'clock rain or shine. That's all the time candidates have to get in on the first lot of 100,000 extra votes for each \$12 worth of subscriptions.

Wednesday morning the 100,000 clubs will be available, BUT it will require \$15 worth of subscriptions to get one of these big fellows. There are five automobiles to be given away in The Albertan's subscription contest, besides twenty-two other valuable prizes—also \$600 in cash for the boys at the front.

Now, wouldn't you feel rather elated to win one of the cars and see The Albertan pass over \$100 to some patriotic society? Of course, this cash all goes to practically the same place, but if YOUR society has the say—so you may feel that it will do a little bit more good than some other candidate's society get it. Anyway, YOU get the car—and, after all, that's what you are working for in this contest.

Some of these voting contests have been mighty close at the finish. Anything that has happened once may happen again. Be sure you are on the right side of any close race that comes off in this contest. By gathering together one or two more clubs than your next highest competitor is your aim. Naturally you have no way of knowing the number of clubs your strong competitor will have after Tuesday. Be sure you are on the right side of any close race that comes off in this contest. In regard to the five \$100 cash prizes to be given to patriotic societies to be named by winners of automobiles. It is hardly to be expected that any society will publicly back a candidate. Turn it around the other way.

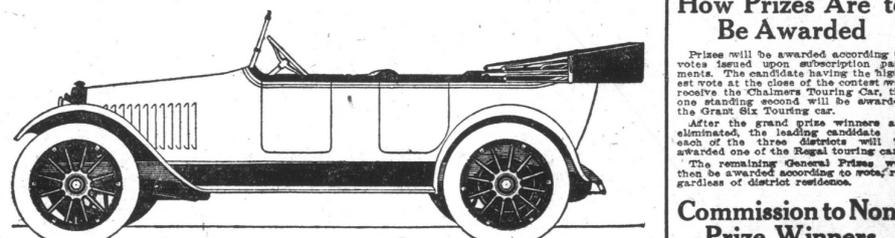

CANDIDATES IN THE CONTEST

The standing of the candidates, as shown below, includes such votes as were accepted for publication up to Friday evening.

To insure accuracy a Burroughs adding machine is used in computing the votes.

Table listing candidates and their vote counts. Includes names like Arthur M. Amacher, Karl Linder, Miss Marie Lambert, etc.

NOTE—(1), District No. 1; (2), District No. 2; (3), District No. 3. THE CONTEST WILL CLOSE TUESDAY, NOVEMBER 20

First Grand Prize \$2,000 7-PASSENGER CHALMERS TOURING CAR Purchased From Diamond Motor Co., Ltd.

EXTRA VOTES

100,000 EXTRA VOTES, in addition to the regular schedule, will be given as follows, for both new and renewal subscription collections:—

For each \$15, from announcement of the contest to, and including Tuesday, October 2.

For each \$15, for week ending October 9.

For each \$15, for week ending October 16.

For each \$21, for week ending October 23.

For the next three weeks, for each club of \$25 in subscriptions, the following extra votes will be given:—

THE DISTRICTS

District No. 1—All the territory included within the corporate limits of the city of Calgary.

District No. 2—All territory on and north of the main line of the C.P.R. running west from Calgary, and all territory north of (but not on) the main line of the C.P.R. running east through Medicine Hat.

District No. 3—All territory south of (but not on) the main line of the C.P.R. running west from Calgary, and all territory on and south of the main line of the C.P.R. running east through Medicine Hat.

Candidates are privileged to solicit subscriptions anywhere.

VOTING SCHEDULE

Table showing voting schedule for The Albertan (Daily) and The Albertan (Weekly) with terms and vote counts.

Rules of Each Club Ending

In order to give candidates residing in Districts No. 2 and No. 3 an equal chance with contestants residing in Calgary (District No. 1), subscription reports mailed tomorrow evening will be included in the first and best club offer. As a precaution, it will be advisable to write on the back of the envelope "Mailed Tuesday, October 2." Oftentimes the stamped date is not very plain. At any rate, reports must be out of candidates' hands Tuesday, no matter if they do not reach the contest office for a day or two later, if properly mailed, will be included in the \$12 club offer.

For the accommodation of candidates in Calgary, the contest office will remain open until 10 o'clock Tuesday evening, thus allowing District No. 1 candidates to work until the last minute and then turn in their reports. City candidates also have the privilege of mailing their reports, but the best method is to come direct to the contest office.

All subscription money in excess of an even club will be allowed to apply on the club offer the week following. If you have a surplus, you CAN DO YOUR BEST. NO ONE CAN DO MORE.

Grand Prizes

\$2,000 7-PASSENGER CHALMERS TOURING CAR—Purchased from Diamond Motor Co., Ltd. \$1,225 6-PASSENGER GRANT SIX TOURING CAR—Purchased from I. G. Ruttle.

District Prizes

GOD A GOOD PROVIDER: DISTRIBUTION IS REMARKABLY POOR

Forum Speaker Would Have City Ownership of Groceries and Abolish 75 Per Cent of the Stores

That the city should take over the grocery stores of the city, cut out 75 per cent of them and operate the rest on the basis of no profit above running expenses, was the suggestion put forth by Rev. A. Mahaffy at the Forum yesterday afternoon.

The speaker, being a preacher, took for his text, "Give Us This Day Our Daily Bread." He thought the prayer had been bountifully answered by the good God. But the distribution had not been very satisfactory. He wished to suggest a plan for the better distribution of our daily needs. The idea originated with the Consumers' league, but the details were worked out by the speaker.

The municipality should take a masterful hand in not only the distribution, but also the production of food. He believed the high cost of living was not due to the farmer.

He would have municipal ownership extended to the necessities of life. The community has a perfect right, he claimed, to arrange, in any way it wishes, to supply its needs. The fundamental necessities of life should not be allowed to get beyond its control. Economy and efficiency in all the practical affairs of life has been accomplished by combination and organization.

He would include all the staple articles of food first, such as flour, cereals, bread, eggs, butter, milk, sugar, vegetables, fish, fruit, tea and coffee. If we had enough of these articles at a fair cost, we should be fairly well off. They could be obtained either by purchase or production. He would advocate both.

The municipality's advantage. The municipality would have an immense advantage over the small dealer in that it could purchase in large quantities, and when the goods were cheaper, whereas the small dealer had to

PETITION ENTERED TO VOID ELECTION OF DR. STANLEY

Charges of Corruption; Petitioner Also Asks for the Disqualification of Sitting Member

A new set of "Stanley charges" have been brought to light. But there in this difference this time, the charges are made against Dr. Stanley, instead of by him.

On Saturday, at 1 p.m., a petition was filed by N. G. McLaren, an elector of the High River district, praying that the election of Dr. Gen. D. Stanley, member-elect for the provincial legislature, be voided on the grounds that his election was secured by bribery on the part of himself and his agents.

The document which was filed with the clerk of the supreme court is quite lengthy, covering some eleven pages, and calls not only for the unseating of Dr. Stanley, but also asks for his disqualification. It claims fraud in its various phases; "Notorious fraud by Stanley and his agents, grave irregularities on the part of deputy returning officers and their servants and clerks," are some of the charges in the petition. With the petition a check for the usual \$500 in \$1 Dominion of Canada bills.

PROMINENT MASON DEAD Rev. Alex. Deansson McIntosh died Sunday morning. He was formerly stationed in Calgary as pastor of the Presbyterian church. Mr. McIntosh was a prominent Mason, a past grand chaplain of the Grand Lodge of Prince Edward Island. He was a member of Orient Lodge, No. 11, P.E.I. He will be buried with Masonic honors by the Perfection Lodge on Tuesday afternoon at 2.30 o'clock from Graham and McCall's undertaking parlors. He leaves a wife and one daughter.

THEATERS

ORPHEUM Nina Payne was one of the first exponents of descriptive dancing in America. When Mona Molasso introduced the Apache and French dance pantomime in this country, Miss Payne was his premiere. Her work was so creditable that she quickly became a vaudeville feature in her own right.

GRAND STAGE TEACHES BIG LESSON "The stage has come to be considered the ideal place to teach the big vital lessons, which figure so prominently in our every day life, and questionnaires that dramatic authors feared to touch upon in previous years, have now come to figure prominently in many of the present day stage productions. The newest of these, "Her Unborn Child," which comes to the Grand for a return engagement, commencing next Thursday, has birth control as its principal theme, and its author, Howard McKent Barnes, has treated his subject with dignity and keen understanding. He teaches a lesson which will find an appeal in the hearts and minds of all who witness his play, and his story will take rank with "The Blindness of Virtue," which made so many theatergoers sit up and take notice when it was produced several years ago.
