Giving a majority on Division of 26 Liberal Majority in 1890..... 26

Additional returns to hand yesterday from various constituencies indicate a few changes in the general results. With every polling place heard from the figures show that Howat's majority over the entire Opposition is exactly the same as in the last House—26. The Conservatives have made one more gain, West Algoma, where James Connors is defeated by Savage, but Centre Grey, which was credited to Rorke, Conservatives, has gone Patron, which balances West Algoma.

As was generally anticipated Nipissing returned a Liberal, Loughlin being again returned by a majority of 110. The Patrons have elected 17 members, instead of 14 as stated yesterday. Of the three additional, two are Conservatives and one Liberal in their leanings. The Conservative Patrons are Shore in East Middlesex, Uncle Dick Tuckey in the old seat, and Sen in Halton. The return of the latter signifies the first Conservative elected to the Assembly in that constituency since Dr. Conkington, his successful opponent, Dr. Baxter, Ex-Speaker of the House, having represented the constituency ever since it was created. The Dr. is a minority of 11.

The Liberal Patron gain in Centre Grey, where Gamay is elected by 16 majority over Rorke, straight Conservative. W. D. Balfour's majority in South Essex is 893. Speaker Ballantyne was defeated in South Perth by 23.

The majority of A. F. Wood (Conservative) in North Hastings is 10. The victory of the Conservatives in Parry Sound was most significant, Beatty being returned by a majority of 462 over the former Liberal member, James Sharpe, who had a majority of 110 at the last general election.

Hon. Mr. Harcourt's majority in Monck has been increased to 112. In North Lanark the majority of Preston (Conservative) is only 27, but as the Conservatives redeemed both the Lanarks that is sufficient.

Notes.

A meeting will be held in room 2, Richmond Hall, Friday evening at 8 o'clock for the purpose of forming a labor-political party to be composed of men who are prepared to dissociate themselves from both old parties. The field intended to be covered by the movement is municipal, provincial and federal politics, and the object is to absolutely exclude from membership anyone in any way affiliated with either of the old parties.

OTTAWA OPINION.

Mr. Meredith Made a Grand Fight—Conservative Chances for the Dominion Not Diminished.

OTTAWA, June 27.—The result in Ontario has been pretty well canvassed here to-day. All the members were intensely interested in the result. It is but a fair realization of opinion of the Conservative members here to say that they think the result in Ontario has not damaged Conservative chances in the next Dominion election. There are some Conservatives who say that it has improved their chances. But such to their opinion.

Valuable Additions to the Meredith Hosts.

Mr. Howland, Mr. Smythe of Kingston and Mr. St. John are mentioned here as very satisfactory accessions to Mr. Meredith's fighting men. Mr. Smythe has lots of gain in him.

Meredith's Retirement Remembered. Our story current is that Mr. Meredith is anxious to retire from political life, and in connection with this the name of Mr. Whitney of Dundas is mentioned for the leadership. But no authority could be got for either statement.

The general opinion of the Conservative members from Ontario is that Mr. Meredith made a grand fight against great odds.

Toronto Ticks Them All. Toronto is highly praised by Conservatives from all the provinces for the excellent example set by the western metropolis. Mr. Coburn was applauded as he took his seat to-night. "Just think of the 2200 in South Toronto," said one of the lauders in St. John's Ward how they worked.

Is the Mail Coming Out Stripped? The editorial paragraph in The Mail which says, "Sir Oliver's only hope, in connection with this the name of Mr. Whitney of Dundas is mentioned for the leadership. But no authority could be got for either statement."

THURSDAY MORNING JUNE 28 1894.—SIX PAGES

TODAY A HOLIDAY AT OTTAWA

BUT LAUBIER WANTS THE HOUSE TO SIT ON DOMINION DAY.

Reformers Waste the Time of the House by Obstructive Tactics—Opening of the Intercolonial Conference To-day—Mr. Foster Wants to See—Man-Frobbish Length of the Session.

OTTAWA, June 27.—After routine in the House to-day Sir John Thompson moved that when the House adjourns to-night it stand adjourned until Friday. He said that this was done for the purpose of enabling the members to take part in the welcome to the delegates to the Colonial Conference which would open here to-morrow. He also said that the Government favored the observance of Monday, Dominion Day, as a holiday, but that was a matter which rested with the House.

Hon. Mr. Laurier was in favor of adjourning over to-morrow, but said that he could not consent to an adjournment over Monday. The motion to adjourn over to-morrow passed.

On the orders of the day being called, Mr. Kennedy said he hoped the House would not sit on the National Holiday of the year. There were plenty of religious and other holidays in which the House did not sit, and he thought it would be a shame to sit on Dominion Day. The House had sat on Dominion Day in 1891 and he thought that the country generally had continued the action.

Mr. Hazen agreed with all that had been said by the member for Halifax (Kennedy) and strongly urged that the House should not sit on Monday.

Mr. Wood's Electrical Bill. The matter then dropped and the House went into committee on Hon. Mr. Wood's bill for establishing electrical units of measure. The bill passed through committee and was reported.

The House then went into committee on Hon. Mr. Wood's bill respecting the inspection of electric light. A good deal of exception was taken to several of the provisions of the bill, which was finally partially reported, two of the clauses being allowed to stand. The House will go into committee on the bill again.

Northwest Irrigation. The House went into committee on Hon. Mr. Daly's bill respecting the utilization of the waters of Northwest Territories irrigation and other purposes. Mr. Daly announced that the Government had decided to strike out all reference to subterranean waters.

Several clauses were passed up to 6 o'clock. The Evening Wasted by Grit Obstruction. After recess the House got into supply without Mr. Edgar moving his threatened amendment with reference to the Postmaster-General, which he has postponed until next week. The progress made in supply was, however, very slow, and the House will spend their honeymoon on the Pacific Coast.

Miss Margaret Hurst, daughter of Mr. John Hurst, 48 Homewood-avenue, was married last night to Mr. Joseph White of Old St. Andrew's Church. Edith and Blanche Hurst, sisters of the bride, with Miss Whyte and Miss Bertram, were the bridesmaids, and the groom was assisted by Mr. H. Whyte, brother of the groom, and Mr. S. Sinclair. Mr. and Mrs. Whyte left for a tour through the Western States.

Miss Lillian May Caulfield, daughter of the Toronto wholesale merchant, was married yesterday in St. Luke's Church to Mr. Henry Neville Saunders, son of the late Professor Saunders of Edinburgh. The ceremony was performed by Rev. Dr. Langtry, assisted by Rev. H. Manning. The bride was attired in a costume of white silk, and groom with silver and pearls. Miss Mabel Caulfield and Miss Kathleen Caulfield, sisters of the bride, with Miss Kathleen Caulfield of Chicago, cousin of the bride, were the bridesmaids. The groom was supported by Mr. McGinnis, son of Senator McGinnis of Hamilton. The bride and groom will sail on Saturday for Edinburgh and will spend a year traveling on the continent before they return to Toronto.

At St. Mary's Chapel, Mr. John A. Cummings was united in marriage to Miss Ella LeFebvre of this city. Rev. Father Curran performed the ceremony. The marriage of Mr. Will Hylop, the well-known bicycle rider, to Miss Maud McLeod, daughter of Woodstock's millaire, is announced for Thursday, July 5.

A NOVEL CHARGE. A Well-Known Citizen Objected to the Marked Station. Mr. Henry Lye, the well-known liquidator of the Central Bank, was charged at the Police Court yesterday with breach of the Ontario Elections Act. He elected to be tried by a jury and the case was adjourned for a week. The allegation is that defendant displayed turning Officer Watts' right to keep the numbered stub of the ballot paper. In the course of an altercation, it is alleged that Mr. Lye tore out of the officer's book the stub which had on it the corresponding number to his ballot paper.

TWO RAILROADS TIED UP. By a Strike of the Switchmen on the Illinois and Michigan Central. CHICAGO, June 28.—The switch tenders and the crews of the switch engines on the Illinois Central Railway in this city struck at 12 o'clock last night by orders from the American Railway Union. This is the latest extension of the boycott of Pullman cars.

Not a train on the Illinois Central Railway has been running since this morning. The tie-up is complete. As a result of the first day of the boycott of the Pullman Palace Car Company by the American Railway Union there are over 500 employees of the different roads out of Chicago now on strike. Late to-night the switchmen on the Panhandle and Northwestern also struck.

Strikes will be declared within the next few days on the F. & W. Wayne, Erie, Erie and other Pennsylvania lines, the Chicago and Northwestern, Chicago and Alton and Santa Fe. The latter road was partially tied up today along the line on orders issued by the union officials, but the men in Chicago will not be ordered out until to-morrow.

Accident at Manawagah? HAMILTON, June 28.—Francis Hancock and Charles Carter appeared before Judge Muir yesterday on a charge of furious driving in Dundas on June 25, and by wilful neglect causing bodily harm to Reuben Tew, resulting in his death. STILL ANOTHER SUICIDE.

MRS. FRED YEWMAN DROWNS HERSELF AT THE HUMBER.

Left Home as Cheerful as Usual Tuesday—Her Body Found Floating in the Lake Yesterday; the Daughter for the Act—The Fifth Case of the Kind Since June 1.

Mrs. Louise Yewman, aged 50, wife of Frederick Yewman, who conducts a boot and shoe store at 125 Davenport-road, committed suicide by drowning on Tuesday afternoon in the Humber Bay. The body was found by Esplanade Constable Williams yesterday morning a short distance from the Sunnyside Boathouse while searching the bay for the bodies of the two young men, Parsons and Skeels, who were drowned on Sunday last.

Mrs. Yewman, who was the mother of 11 children, lived on the most cordial relations with her family, and the only explanation of her rash act that can be given is that, while suffering from mental derangement, the result of a stroke sustained many years ago and from which she suffered periodically in hot weather ever since, she deliberately ended her life.

Tuesday afternoon Mrs. Yewman came down town to hear the result of the elections. Finding upon his return home that his wife had not returned, Mr. Yewman concluded that she had called at her married daughter's and remained there over night. Yesterday, when she again failed to return, he became alarmed. Enquiry at the daughter's established the fact that she had not been there.

Identified the Body. Last night Mr. Yewman's daughter called his attention to the fact that the body of a woman had been found in Humber Bay, and at 2 o'clock this morning, accompanied by a World reporter, Mr. Yewman visited the Morgue and identified the corpse as that of his wife.

The bereaved husband is one of the best-known men in the north and has the sympathy of the community in his sad bereavement. The suicide of Mrs. Yewman is the fifth in Toronto since the first of June.

PRUSSIC ACID THE CAUSE.

The coroner's jury that Mrs. Blackledge died from Prussic Acid administered by herself while laboring under temporary aberration. We hope that the proper authorities will take measures to ascertain where the poison was bought, by whom and for what purpose.

The above was the verdict returned by the coroner's jury at the inquest held by Dr. Johnson yesterday afternoon on the body of Mrs. Blackledge, who died of the elopement of the deceased's husband and sister have already been given in The World.

The Evidence. James Palmer, father of the deceased, described the attentions paid by Blackledge to the girl with whom he eloped. Witness spoke of the ill effects of the elopement on Mrs. Blackledge.

Dr. Cressor, who made the post-mortem, testified to the presence of prussic acid in the stomach. Will Palmer, brother of the deceased, said on Tuesday he saw her dressing the label on a bottle and asked her where she got it. She replied that the lady upstairs gave it to her. He asked her to give it to him, but she would not.

Found Writing on the Floor. Shortly after 4 o'clock Mrs. Blackledge son Willie to her father's with a newspaper. He was only gone a few moments, and when returned he found her writing on the floor. Thinking she was in a fit he ran for his father. When they returned she was dead. The prussic acid bottle was close to the body.

Mrs. Mina Himon, who lives in the same house as Mrs. Blackledge, testified to finding the poison in a closet in the yard and giving it to Mrs. Blackledge, who after reading the label, said, "I'm happy to-day that he did not give it to me."

Varsity 9-Alerts 10.
LONDON, Ont., June 27.—Varsity played another up-hill game today, and looked like a winner in the ninth. The Alerts scored six in the first on three bases on balls, two lucky singles and a two-bagger. Two for the Alerts and three for Varsity tied the score in the ninth. An error, a stolen base and a wild throw let the Alerts take the lead in the tenth. Then Hiscott replaced Sheere and Varsity retired one, two, three. The score:
Alerts.....5 10 0 0 0 0 1-10 9 9
Varsity.....3 0 0 0 0 0 0-9 9 9

The Gore Vale are Champions.
The final match for the senior championship was played on Tuesday evening, the contesting teams being the Gore Vale and Riverdale. The result: Gore Vale 3, Riverdale 0. The spring season of 1924 has been one of the most eventful as well as the most successful in the history of the Gore Vale. Owing to the unaccountable action of the president of the league and of the executive of the Vale have, during the past two weeks, been compelled to play in turn all of the teams in the series. The Riverdale were retired to the field, having been defeated by the same score; and now the Riverdale have also received their Waterloo, leaving the Gore Vale undisputed champions of the city.

Novel Race at Victoria Park.
An event took place yesterday at Victoria Park which created a good deal of excitement in this city and Hamilton. It was rather a novel foot race. The contestants were Mr. William Mackenzie of Hamilton and R. W. Batchelor of this city. The rules of the race were as follows: Mr. Batchelor was to run 50 yards carrying 150 pounds weight, while Mr. Mackenzie ran 100. Mr. Batchelor won after a close struggle by 18 inches. The prize, which was an elegant set of table cutlery, was presented by Mr. William Cull, Turle Hall.

Lacrosse Points.
The Capitals, champions of 1923, play the Toronto Lacrosse Club Monday (Domination Day), which will be the only opportunity the public will have to see this celebrated team. This match will be the special feature on Reseda grounds this season, and if the splendid form counts for anything which the T.L.C. exhibited in their two hours' match last night with the Tecumseh then the T.L.C. should not be found wanting in the big match Domination Day. It is not at all unlikely that next week may see the Tecumseh playing under the banner of the T.L.C.

COUNTY TOLLGATES.

Amusing Incident at the Letting of the Dundas-street Toll.

Warden Stephenson and County Commissioners Scott and Pegg met in the court house yesterday for the purpose of letting the remaining tollgates of the county.

No. 1, Yonge-street, was let to J. Mowat for \$6000; No. 2, Yonge-street, to Mr. Richards for \$1300, the same as last year; No. 3, Kingston-road, to J. Luke for \$440; No. 4, Kingston-road, to Mr. Parks for \$440.

The Unknown Applicant.

When it came to the letting of the Dundas-street tollgate, considerable difficulty was experienced. There was a tender from Georgia Bond of \$3100 and another of \$3000 from Mrs. Driscoll. As no one appeared on behalf of Mrs. Bond, and the commissioners were unacquainted with the names given as her surrogates, the gate was finally awarded to Mrs. Driscoll. She agreed to pay \$100.

The Tender is His Wife.

After the commissioners had completed their business Mayor Bond of Toronto appeared and stated that the unsuccessful applicant was his wife, and he was very much surprised at the action of the commissioners.

The commissioners stated that, as they were not aware who the applicant was, or the surrogates, they could not do otherwise.

A Joke—But a Serious One.

This is the best joke we have heard in a long time. The Fire and Light Committee having received a report from Engineer Keating as to the establishment of an electric plant for lighting the streets, cast some doubts upon the Engineer's capacity for making such a report. Mr. Keating is the head of a department, he enjoys the confidence of the council both for honesty and ability. He spent several weeks in visiting American cities and in otherwise acquiring information on the subject. The committee, however, are not so easily deceived. They know the whole book. Therefore, they bring in, not a man of superior ability to revise Mr. Keating's report, but a clerical assistant in the person of R. J. McEwan, who styles himself "Secretary Fire Department."

It is in the hands of a legal firm, should be a clerk in his office an opinion on an important case and ask the clerk to revise it and throw further light on it. The committee's action is a direct insult to Mr. Keating and a farce in the bargain. That is only half the story. Secretary McEwan didn't get out of town to get his figures at all. He stayed right here in Toronto and was kindly helped in their preparation by the people who are interested in getting a renewal of the contract from the city. The committee virtually said this: "Here, Keating, you don't know much about this matter. Let us get the Toronto Electric Light Company to give us particulars. They are pretty smart fellows. They know the whole book." These figures of the Toronto Electric Light Company will engage the attention of the Executive Committee to-day. Citizens, there is a good deal of queerness at the City Hall still.

Its Legal and Moral Aspects.
Last Sunday six thousand people assembled at the Island and listened to a sacred concert. On the same day some 20 buses were in commission conveying citizens from one part of Toronto to another. The anti-Sunday car advocates are alarmed at this alleged violation of the sanctity of the Sabbath. They have summoned Citizen Kelly for running his bus line in Queen-street. The matter was before the court yesterday and adjourned till July 4 next. We are aware of the extreme anxiety of our opponents on the Sunday car question. We ask no sympathy from a party whose guiding star is that lovable man, S. H. Blake. We will fight them with every weapon at our disposal, and we will fight them until they are weary of the world's strain from the charge of being considered vindictive in this matter. We are not in the Sunday car fight to injure our opponents, but to secure a much-desired reform for half the population of Toronto, who look to us to fight the battle of freedom. We know that those who wish a Sunday car service are in the right, and we know that their opponents are in the wrong. We are going to fight to a finish this battle in street cars on Sunday. He goes a step further and thinks it is sufficient to ride in street cars on Sunday. He is in the right. Citizen Jones to ride in them. Citizen Jones, on the other hand, conscientiously believes it is not only a sin to ride in street cars on Sunday, but that a street car furnished on Sunday, and he further believes he would be doing a positive wrong if he interfered with the religious theories of his neighbor Smith. What are we to do under the circumstances? Jones is a man, and responsible to God, just in the same way that Smith is. "Sincerely the solution of this difficulty is not to continue the deadlock. The basis of the whole trouble lies in the fact that Citizen Smith undertakes to guide his friend Jones through life in addition to looking after himself. Citizen Smith must learn this lesson: He can look after himself as much as he pleases, but he must keep his hands off his neighbor Jones. A reasonable man would accept the situation at once, and allow his neighbor the same freedom that he expects his neighbor to grant to him. The unreasonable man is not so easily convinced. It is this unreasonable party that the World is after. We will keep close on his track. We will pursue him in the stately mansion or in the modest cottage. We will follow him to the church and into the pulpit. Wherever he makes his appearance he may expect to find us on his trail. We will never give him peace until we have broken his back and convinced him, with a club if necessary, that our convictions are equally as divine as his and equally entitled to as much respect.

The running of buses on Sunday now before the court it may not be out of place to outline the legal aspect of Sunday locomotion in Toronto as it appears to us. Except for clause 40 in the street railway agreement Toronto would occupy the same position as the other municipalities in Ontario. No street railway company in these municipalities are forbidden operating their cars on Sunday. As a matter of fact many of them do operate the cars on that day. As instances we may mention St. Catharines, Hamilton, Windsor, Niagara Falls, etc. Now, as far as Toronto is concerned, it is only the Toronto Railway Company whose cars are tied. That company is forbidden running the cars until a vote of citizens has been taken. Until such a vote is taken and given in their favor the Toronto Railway Company has no franchise for Sunday. But the hands of no other company or private individual are tied up in the same way. The law can prevent Kelly from running a bus line in Toronto on Sunday no more than it can prevent the Niagara Falls Street Car Company from operating its cars on Sunday as well as on Saturday, but in compliance with municipal law he will have to take out a license the same as the Vernal Company and other bus owners. The anti-Sunday car advocates refuse him such license. The Company conveys passengers on street cars. The franchise street cars in Toronto is up to the date of the Toronto Railway Company.

securer a favorable vote rests with the City Council. The council has power to sell that temporary franchise to-morrow if it sees fit. Why should it not do so? The council is supposed to look after the interests of the citizens, and every Sunday now the people find themselves suffering from want of fresh air. This is a good law that we have enacted. It cannot be revised.

Another point is this. No one can prevent a private citizen or a company from driving what is called a street car through the streets on Sunday. As to the right of collecting fares in such a vehicle there may be a dispute, but a man cannot be prevented from driving a car for the benefit of himself and friends. We understand that cars operating in this way will make their appearance in Toronto next Sunday. We trust our information is correct and that next Sunday will see another nail driven into the coffin that is destined to bury the restrictionists. If the restrictionists can stop these cars from running let them come out and try it. We want this issue brought to a head as soon as possible.

There is one important point that we have not yet referred to. We dispute the legality of clause 40 of the agreement. Toronto cannot be made the subject of a special law in regard to Sunday observance no more than it can have a special law of its own to restrict its citizens to Sunday observance. The Toronto Railway Company would be justified in ignoring the clause altogether. An illegal condition cannot be embodied in a contract.

The advocates of Sunday cars have enough of law in their favor to warrant them in instituting a service at once. Our advice to them is to be aggressive, to demand their rights, to insist on impartial justice being dealt to all alike.

Steer Clear of Snags.

The object of the Deep Waterway Committee is in view is too important to be wrecked by intimation of jobbery on the part of some of its promoters. It is for this reason that the World opposes the grant of civic money to an independent committee to see it out.

If the city is going to help the scheme pecuniarily, it must be represented officially on the committee, and every item of expenditure must be passed upon the same as all other items of expenditure. Everything must be open and above board. Otherwise the project will be killed as dead as a door nail.

City Hall Notes.

Mayor Kennedy yesterday received this cablegram from Colonel de Winter: "The Duke and Duchess of York send warmest thanks for kind congratulations."

The city has been directed by Mr. Justice Rose, upon the report of Engineers Galt, to require Mr. McNamee to make a cut from where he is working at Leslie-street along the proposed channel. The Shields is also directed to make wider the street at the eastern channel. The object is to allow more water into Ashbridge's Bay.
