## ELIAS PIGGOTT PASSED AWAY

One of Oldest Residents of Town Dies After Brief Illness in the 85 Year of His Age.

The death occurred on Friday last at his home on Church Street after a brief illness of Mr. Elias Piggott, an old and esteemed resident of the town who at the time of his decease was in his eighty-fifth year.

He leaves to mourn their loss one son Wallace, a merchant of Kingston, N.S.; widow, three brothers, Mr. William A. Piggott, Granville Ferry; Charles and Lurisdale Piggott, of Bridgetown; two sisters, Mrs. John Outhit, of Aylesford and Mrs. John Lockett, of Bridgetown; two grandsons, Earl, manager of Bank in the West, and Reg. Bank teller at Truro.

The funeral took place on Sunday afternoon from his late residence to Riverside Cemetery and services were conducted by Rev. A. J. Prosser, pastor of Bridgetown Baptist Church. Appropriate hymns were sung feelingly by the members of the Baptist Church choir and the floral offerings were many and beautiful.

The late Mr. Piggott, son of Mr. and Mrs. William Piggott, was born at Centrelea, where he spent a very considerable portion of his life, afterwards moving to Bridgetown. Some twenty years ago he moved to Kingston, returning here about four years ago. He was of a quiet and unassuming character, but a keen thinker and good business man, pursuing an even and well regulated life. His passing removes one of Bridgetown's oldest and best known citizens.

Miss Irma Campbell, of Bear River East, was a recent guest of Rev. I. D. and Mrs. Lyttle.

Mr. and Mrs. Fred Henshaw and family, of Windsor, Vt., arrived here on Wednesday by auto. They are spending their vacation with Mr. and Mrs. John Henshaw.

Miss Jennie Henshaw is spending the summer with her parents, Mr. and Mrs. John Henshaw.

Miss Belle Marshall visited friends at Mt. Hanley last week.

Mont Smith, who has spent the past few months in Ontario is visiting at the home of Mr. and Mrs. Floyd Smith.

The Sunday School class of Miss Esther Sabean was entertained very pleasantly at the home of Mrs. F. W. Ward on Thursday afternoon, July 28th. The time was spent in playing games after which a nice tea was served.

Mr. and Mrs. Alburn Marshall and family, of Middleton, spent Sunday afternoon last at the home of W. L. Messenger.

Mr. and Mrs. James MacDougall and baby, of Glace Bay, are visiting at Mr. John Bennett's.

## MIDDLETON WINS SCORE 13 TO 4

Baseball Match Here With Bridgetown Distinguished by Heavy Hitting.

Middleton and Bridgetown, ball teams met here in an exhibition game for the first time during the season on the local grounds and the visitors won out 13 to 4 in a game distinguished by hard hitting and spectacular fielding. The local team put up about as good a game as could be expected, some of the players making an excellent showing. In strike outs Malcolm led Casey 7 to 4 but on the other hand the visitors got 17 safe hits off Malcolm to 7 secured by the local boys against Casey's heaving. Casey pitched a variety of ball mostly slow but it fooled the batters. The Middleton boys found Malcolm easy. Some expensive errors by the locals contributed to run up Middleton score four or five runs but the game never had at any stage elements of uncertainty. Grimshaw and Roy Donaghy for the locals put up good ball and Wigmore and Dinjian strengthened the line up materially. Jack Hoyt, a junior player, while not fortunate on batting, put up a good game.

The public have the baseball situation here pretty well diagnosed. It now remains for the experts to work out a remedy. It can be done but it is no easy job. There is one thing which one may refer. We think it a serious mistake that the junior team which was a most distinct credit to the town has had no stronger support and encouragement. The junior team players coming on make seniors. This material is the nucleus for a good local ball team. Small towns must depend chiefly on home players. While at the same time a reasonably good brand of ball must be put up. The public will not patronize to any extent any other kind.

Summary of Friday's match as below:

**Bridgetown A. B. R. H. O. A. E.**  
Grimshaw 2b. 4 2 1 3 2 0

### IN OUR ANCESTORS' DAYS

Only a very prejudiced person would deny that with all our imperfections we are nevertheless much in advance of our forefathers. Mrs. Haldane, the mother of Lord Haldane, now in her 90th year, is emphatically of this view, according to her interesting reminiscences published in the St. Columbia's "Church Magazine."

"I was born," Mrs. Haldane writes, "at Rotherfield, Sussex, on April 9th, 1825, and while still very young my family travelled to Northumberland. The only mode of travelling was by driving, and my sister and I were sent in a carriage drawn by a pair of thorough-bred horses. The journey took 16 days; in the present day it takes 6 1/2 hours. Children were in those days threatened with "Boney" (Bonaparte) in the nursery if they misbehaved. "We children were taken from our cribs about 7 a.m. and plunged overhead by a governess, and I learned to read at three years of age. The multiplication table and French verbs were repeated whilst sitting at a blackboard, and with our feet in the stocks, which stocks were specially made by the joiner. One wonders what would be said of such things now! Boys' schools were very different from those of the present day. I have known a cousin return from school black and blue from bruises inflicted by the cane, while a companion lived for three days up a chimney in hiding. A girl cousin was punished by being locked up in a barn and fed on bread and water."

Mrs. Haldane goes on to describe how, in 1832, when cholera visited England, the children were given port wine and ale "to strengthen our systems against attack." In those days, she adds, children were always given a mug of ale at dinner time. Mrs. Haldane adds a note on dress. "Like all gentlemen, my father wore stays in hunting. My mother wore a large white or blue satin hat in the evening, with long bird of paradise feathers hanging from it. "Once," she says, "we had to drive over the bleak moors during a snowstorm, and not far from the roadside on a gibbet was hanging a tramp named Winter, who had murdered an old woman in a cottage in sight of the place. I can remember the clanking of the chains to this day, I was to see a complete change in affairs, educational, political, social, and religious during my long life." Mrs. Haldane writes in conclusion, "and I am glad to know and testify that on the whole the changes have been for the better."

ELECTRIC LIGHT PLANT FOR LOCKPORT

Shelburne Gazette: T. Nichol, of Melbourn, has begun operations for the construction of a dam near the outlet of Green Harbor Lake. The project on foot is an electric light plant for the town of Lockport. There is every condition necessary for a good head of water. The direct distance of the locality is about five miles from the town. Mr. Nichol is well-known on the South Shore in connection with the construction and ownership of light and water systems. That the work will be pushed to an early completion is an assured fact.

VICTORY BRIGADE IS THE BEST

London possesses the most efficient fire fighting machine in the world, declares G. T. Cook in the London Daily Mail. Regulations enforced by the London County Council are part of that machine; so is the London Salvage Corps. But it is the work of the Fire Brigade itself which the general public sees most, and it never fails to stir the heart. In these days it is rare indeed to see such a beautiful spectacle—for, after all, there is much beauty in the grimness of a fire. The fact is that fires now stand little chance of success. Since the great Cripplegate fire, in November, 1897, when much of the heart of London was eaten out and millions of pounds worth of property destroyed, firemen have maintained their supremacy over the fiercest of elements. Science, modern appliances and a wonderful organization have saved thousands of lives and much valuable property. If any one of the sixty-four fire stations in London receives a prompt call it is impossible for a fire to attain overwhelming proportion. And in order that this prompt call shall be given there are no fewer than 1640 telephone alarm posts in the streets, and not one of them is more than about 400 yards from any given building. In certain areas the distance is less. When an alarm is given at least two motor life-saving machines and a motor pump are sent at full speed through voluntarily cleared streets, and the whole brigade stands by, so that in case further assistance is wanted it shall be available at a moment's notice. The brigade has 57 motor pumps, 77 motor life-saving escapes, 9 turntable ladders, whose topmost rungs reach to 80 feet, and 30,000 street hydrants. And there are various motor vehicles and appliances in addition. There are three stations on the Thames River and four powerful fire floats. Every householder should know where the fire alarm post nearest to his house is situated. A few seconds delay may mean disaster. And if you telephone for the fire brigade do not forget in your excitement to give the address. I wanted once to make a private inquiry about 1 a.m. at a certain fire station. The only bell I could see was labelled 'Fire Bell'. I gently pushed it, and the door was immediately opened. While I was wishing

FALKLAND RIDGE

Mrs. Harold Mason and two little daughters, who have been spending a few days with her parents at Melvern Square, returned home Tuesday, July 17th. The strawberry and ice cream social held on Tuesday evening on the school grounds for church purposes was very successful. Frank Young and two daughters, of Ayleford, was the week-end guest at E. P. Charlton's, returning home July 15th. He was accompanied by Mrs. Ella Weaver. Mrs. E. Joudrey and son Weston went to Bars' Corner on Saturday, returning Tuesday. Reta Sanford, of North Springfield, was the guest of Alice Cain recently. J. H. Dalziel, of Halifax, and W. Demone made a business trip here July 18th. Mrs. Edgar W. Oickle and Marie and Grace Spronie returned Thursday from Port Williams. Miss Ann Spence left for her home in the U.S.A. July 20th. Miss Lena Sproule, of Hanover, Mass., arrived Thursday, July 18th, and is the guest of her uncle, Will Sproule and family. Little Reginald Scriver was successfully operated on Friday by Drs. Kenny, Lindsay and Spongole, of Middleton. A number from here attended the funeral services of the late Mrs. Rebecca Dodd at North Springfield, July 19th. A number of the young people attended the surprise party given to Carroll Lohnes, July 19th. Mrs. Harry Slauwhite and sister, Ms. Riddell, of St. John, is at present here.

MISS PEARL L. CHUTE JOINS THE STAFF MASSACHUSETTS-HALIFAX HEALTH COMMISSION

The many friends and acquaintances of Miss Pearl L. Chute, will be pleased to learn of her recent success. Since leaving Antanapolis, where she efficiently acted as County nurse, Miss Chute has taken the Public Health Course at Dalhousie University, graduating on Friday, July 13th, and was awarded the Red Cross Scholarship. Miss Chute has joined the staff of the Massachusetts-Halifax Health Commission and will be with that institution indefinitely. While in Antanapolis County, Miss Chute did a wonderful work, and we believe that public health is about the only method of solving the great problem of sickness and communicable diseases, and no county or part of Nova Scotia should be without its public health nurse. CLARA MAY SABEANS INHERITS A FORTUNE FOR BRAVE RESCUE

Lady Native of Annapolis Royal Falls Heir to a Quarter Million. The old saying that "it is better to be born lucky than rich," has been more than once exemplified in the case of a lady well-remembered by the older generation of Annapolis Royal and who is reported to have now acquired fortune as well as fame. Those who remember the Sabean or "Sibbins" family of this town when Clara May, one of the girls, acquired local prowess as a swimmer, knew that the family were then in very humble circumstances, but when she was some years later identified as "Clara May Beckwith," one of the champion professional swimmers of the United States, her career of adventure began to attract attention. Nor did she forget her old home town, for about fifteen years ago, she, having then become Mrs. McInnes, of Manitoba, spent some months here as hostess of the residence lately transformed into the Green Hotel and in which she extended hospitality on a cordial scale. Returning to the States, however, the following is the latest as told with double column heading in the Boston dailies.—Spectator. Mrs. Miller had almost forgotten the incident in the Bay of Fundy. It happened about 25 years ago. When lawyers told her that the Lynn man had left her that money, she was unable to recall the exact date of the time when she, then a mere girl, dove into the turbulent waters of Fundy and rescued Tibbits from death. She was that time Clara Beckwith, and was a member of a party on the little steamer which runs from St. John to Digby. Tibbits, then a precocious youngster, was running around the deck, despite admonitions from his father and others to "sit still". Tibbits mounted the deck railing. The boat lurched as a huge wave hit it. Tibbits fell overboard. His father yelled for aid. Miss Beckwith leaped over the railing of the steamer, clothes and all. Powerful swimmer though she was, it was only after a hard struggle that she reached the lad. She held him up until small boats lowered from the steamer reached her and dragged her and the boy into a boat. She restored the boy to his father's arms. Parental joy was great. Tibbits' family gave the girl \$1,000 with which to buy clothes to replace those ruined when she dove after the lad. Still the father had not done enough. He told the Canadian government of the heroism of Miss Beckwith and, after hearing all the facts, the officials awarded the girl a medal for heroism. Twenty-five years pass. In that time Miss Clara Beckwith became Mrs. Clara May Miller and went out to Los Angeles. She joined the force of sales-women of an oil syndicate, such as are being rapidly formed in Los Angeles, where oil is being discovered almost every day. Tibbits, the precocious boy, meantime became a manufacturer of leather in Lynn. He prospered. A short time ago he died. When his will was read, it was found that he had left \$250,000 to the woman who had saved his life 25 years ago. Mrs. Miller was amazed when she received a letter from the Lynn lawyers, who notified her of what had happened. She could hardly believe it. Just now she is preparing to come to Boston, as the will will be probated here within 60 days.

TO EXPECTANT MOTHERS

A Letter from Mrs. Smith Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Trenton, Ont.—"I am writing to you in regard to Lydia E. Pinkham's Vegetable Compound. I would not be without it. I have taken it before each of my children was born and afterwards, and find it a great help. Before my first baby was born I had shortness of breath and ringing in my ears. I felt as if I would never pull through. One day a friend of my husband told him what the Vegetable Compound had done for his wife and advised him to take a bottle home for me. After the fourth bottle I was a different woman. I have four children now, and I always find the Vegetable Compound a great help as it seems to make confinement easier. I recommend it to my friends."—Mrs. FRED H. SMITH, John St., Trenton, Ont.

FRAIL CHILDREN BUILD STRENGTH RAPIDLY ON Scott's Emulsion

ing the officer good morn'g. Firemen came swarming down a brass pole and in five seconds they were on the motor escape, awaiting orders. "You have rung every bell in 'de building," explained the officer, "and called all these men out of their beds. My mistake, for which I profusely apologized, proved the efficiency of the brigade." What is more, the same thing has happened at two other stations.

Large advertisement for 'Have Faith in Canada'. Title: 'Canada Faces the Future With Confidence'. Text: 'CANADIANS have always been noted for courage, optimism and faith in their country. Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and grouchers. Canada is fundamentally an agricultural country. We have a soil and climate which can grow the world's finest agricultural products. Canadian farmers who have earned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought their machinery, made a good living and brought up their families. It meant hard work, but today they are independent. Money in Mixed Farming. In recent years, at different points on the prairies, oats fed to steers have brought from 70c to \$1.07 as against the Fort William price of 42c per bushel, while barley used for the same purpose has brought as high as 59c as against the Fort William price of 37c per bushel. Farmers marketing their coarse grains in this way lower marketing cost, have a sure market and make money on their grain, while at the same time they market their roughage, otherwise often wasted. The cattle embargo is now off. Steers are worth more money and certain to make good money for the Canadian farmer from now on. Money in Pigs. The Dominion Experimental Farms have proved by actual test that there is a profit in feeding pigs. Last year at the Central Farm, Ottawa, after paying for feed, labor, interest and depreciation, the net profit per pig was still \$4.63. Profits from Sheep. As money-makers, sheep are hard to beat. In every Province from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners. Poultry Pays. Poultry makes money for those who adopt modern methods, whether East or West. Little Prince Edward Island markets co-operatively in carlots, shipping annually upwards of one million dozen eggs. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving ruinous glut in their local market. There is a market for good Canadian horses, whether light or draught. Grow Seed. Canada's Northern grown seed possesses extra vitality. There is a large market for it to the south. Canada exports seed potatoes, but imports other seeds. She has the opportunity to grow seeds for herself and for export. The Future. Ten years from now the pessimists of today will have been forgotten. Britain has removed the embargo against our cattle. She wants our beef and bacon, our cheese, butter, eggs and apples, our wheat and flour. As the population of the United States increases, she will compete less and less against us on the British market. Eventually, she will herself be an importer of many other food stuffs besides wheat from this country. Canada has the men, the climate, the land, the stock and the potential markets necessary for agricultural success. Let us farm with all the industry and science we can muster. Let's get to work and pay our debts. Canada is moving forward with confidence in its future. Let us keep going ahead. Have Faith in Canada. CANTEEN PROFITS FOR 'NIGHT-IES' CREATES SCANDAL IN LONDON

London.—Lord Wolmer, M.P., appeared at the first public session of the House of Commons Committee to inquire into the profits made out of army canteens during the war, and accused the navy and army Canteens Board of spending the proceeds on crepe-de-chine night-dresses and other apparel for trading purposes. "You must not bring charges which you cannot prove," said Sir Frederick Banbury the chairman. "Look at the photograph of the Malta premises of the Navy said Lord Wolmer. "You can see what things are hanging there." The chairman refused to look at the photographs. "Lord Wolmer declared that the total loss was nearly \$20,000,000. He said that when the Navy and Army Canteens Board took over the liabilities and assets of the Expeditionary Forces Canteens in 1919 the profits amounted to £10,236,000, not including the profits made by the Board in the canteens at home during the same period. "This money," he said, "should have been handed over wholly to the War Office for the good of the soldiers and his dependents, under the orders of the Army Council. At the date of handing over to the board there should have been a complete winding-up of the war organization and a fresh start made. Instead of that there was a wild gamble with the profits. I object to these profits being used as capital for an entirely new concern. "I have never accused any one of fraud in this matter, but I do charge the board with mismanagement."

FIRE AT LAKEVILLE

The dwelling of Mr. Raymond Clark at Lakeville, with its contents, was totally destroyed by fire on Friday afternoon. A family reunion was in progress, Mrs. Clark's mother, with four of her sisters being present, when the fire was discovered while Mrs. Clark was preparing the evening meal. No explanation as to its origin can be given except that it caught from the kitchen stove. When first noticed the fire had made such headway that practically everything was destroyed including personal effects of the occupants. Fortunately the other buildings were saved. We understand there was \$3,600 insurance on the house and \$1,000 on the contents.

## WEDDINGS

Anderson-Mackenzie.

The old Gohansey Baptist Church at Roadstown, N.J., was the scene of a pretty event on Wednesday afternoon, July 11th, when Miss Josephine Mackenzie became the bride of Harvey N. J. Anderson of Erie, Pa. Rev. W. A. Mackenzie, brother of the bride, officiated. The bride was charming in a dress of white canton crepe with a veil fastened with natural flowers and carrying a bouquet of white roses and sweet peas. She was attended by Miss Miriam Bridge of Erie, Pa., who wore a gown of pink georgette over orchid, with hat to match. As the bride entered the church she was preceded by her nieces, Jean and Dorothy Mackenzie, who strewed roses in her way. The little girls wore white organdy. Henry Moore, of Shiloh, N.J., acted as best man. Mr. Moore was a fellow student with Miss Bridge at Buckness University. After the ceremony a collation was served in the parsonage. A color scheme of pink and white was carried out in decoration and refreshments. Mr. and Mrs. Anderson left for a trip to Nova Scotia, where they will visit the bride's former home. They will also visit Philadelphia, New York, Boston and other places of interest. Mrs. Anderson is a kindergarten teacher in Erie, Pa. Mr. Anderson is a designer employed by the General Electric Co. Erie works. They will be at home after August 15th at 928 East 25 St. Erie, Pa. The out of town guests were Mrs. L. Anderson of Erie, Pa., Miss May Baldwin, and Miss Lella Taylor of Philadelphia.—(Am. paper).

The bride is a native of Lower Granville and a daughter of Mr. Simon McKenzie, of that place and a sister of Mrs. Howard T. Croscup of Bridgetown and has many friends in this county who extend best wishes.—(Ed. Monitor).

Webb-Slaunwhite.

A quiet but pretty wedding was solemnized Tuesday morning, July 24th at 7.30 in the Victoria St. Baptist Church, St. John, when Rev. H. H. Titus united in marriage Goldie Cordelia, eldest daughter of Mr. and Mrs. William A. Slaunwhite, of Bridgetown, N. S., to Eldon Truman Webb, only son of Mr. and Mrs. Albert T. Webb, of St. John N.B. Miss Myrtle Slaunwhite, sister of the bride, acted as bridesmaid, and W. R. Fiske acted as groomsmen. The bride was charmingly attired in a navy blue tricot suit with hat to match and wore a Sable fox scarf and carried a bridal bouquet of carnations. The bridesmaid was attired in a navy blue tricot suit, with hat to match and grey squirrel scarf and wore a corsage bouquet of red roses.

After the ceremony the bride and groom left on the Digby boat on a honeymoon trip to the bride's home.

On their return they will reside at 259 Duke Street. The bride received many beautiful and useful gifts, including a cut glass water set from the N. B. Telephone Co., with which the bride was employed.

A wedding reception was given on Tuesday evening, July 24th, for Mr. and Mrs. Eldon T. Webb at the home of her parents, Mr. and Mrs. W. A. Slaunwhite.

### BAPTIST CHURCH NOTES

The people of Clarence West are interesting themselves in the matter of securing a suitable hall for religious services and social events. A committee has the matter in hand and will be ready to report at the next meeting night at the school house.

The attendance at the meetings held there thus far has been excellent and the interest seems increasing.

The pastor will spend Thursday at West Dalhousie and will preach there at 8.00 p.m.

Preaching at Centrelea next Sunday afternoon at 3.00 o'clock followed by Communion.

The Sunday School Board will meet at the close of the Wednesday night meeting to discuss Sunday School matters of importance. A matter of our relation to a proposed County Convention will be discussed and decided upon.

The teachers of the Sunday Schools will meet for study at the hour of worship next Sunday morning, 11.00 a.m. Mrs. Prosser will conduct the teaching period. The meeting will be held in the C.G.I.T. room.

Miss Ramey is doing good work in her sphere and stands ready to assist any to whom she can be of service.

### W. A. HENDRY PASSED AWAY

William A. Hendry, Provincial Highway Engineer, passed away at his home in Bedford about eight o'clock last evening in his sixty-fourth year after a long period of poor health and a confining illness of six weeks.

It is easy to keep things coming your way if you are going theirs.

## Obituary

Rev. Ritchie Elliott.

Rev. Ritchie Elliott, born at West Paradise, Dec. 11th, 1877, entered the ministry taking license from the Paradise Baptist Church in the year 1899, was graduated from Acadia College, Wolfville, in 1903. On June 4th of that year was married to Miss Edith Marion Smith, of Hantsport, who was associated with him in his student work at the Avonport, Lockhartville group of churches. Rev. Mr. Elliott took up his first pastorate at the Alma Waterside and Pt. Wolfe Churches, N. B. For some years he did a progressive work on this field, being ordained at Waterside. The first child "Alleene" was born to the Elliott home on this field. From Alma Mr. Elliott received and accepted a call to the church at Pettitcodiac. His pastorate here was shortened by an illness compelling him to take a rest from active service for a year. This year was spent at the old family home where the second child, a son, Murray, was born. The next year Mr. Elliott served the church at Albany and Mt. Hanley. His next call was to the church of the beautiful Margaree Valley, C.B. Here two years of service were given, which were blessed by conversions and cheering friendships. Here, too, came the first great grief to the family, when the elder beautiful child was accidentally killed by a horse. From Margaree Mr. Elliott was called to the church at Guysboro, N. S. His ministry to this church proving a blessing. Work progressed along all lines and a good number of conversions cheered the pastor's labor.

Mr. Elliott from this field accepted a call to the church at Pereau, King's Co. On this field good work was done in the three years service. A new parsonage was erected largely through the pastor's untiring energy. Here also was born the third and last child, a daughter, Joyce.

Called to N. B. again by the Surrey Church, Mr. Elliott moved in the year of the war to this field. He remained for nearly three years here and perhaps accomplished his best work. Over seventy converts were baptized during this pastorate and relations between pastor and people were blessed.

The church at Main St. Marysville next extended a call to Mr. Elliott which was accepted. For the short time he remained on the field his labor bore fruit in spiritual uplift and conversion. His physician ordering change and rest Mr. Elliott returned to the old farm home where for the remaining six years of his life he most tenderly cared for the welfare of his aged parents.

A short severe illness ended his earthly career on July 21st shortly before midnight the waiting, ready spirit, was released and borne homeward to the arms of the Lord whose promise "Lo, I am with you always; even unto the end" the trusting servant quoted shortly before his death.

The funeral service was conducted by Rev. W. Steadman Smith, pastor of the church at Paradise, assisted by Rev. Mr. Whitman, of Lawrencetown, a close friend of the deceased. Other brother ministers who were present to pay tribute were Rev. J. H. Balcom, Paradise; Rev. Dr. Brown, Mt. Hanley; Rev. Mr. Wilson, Middleton; Rev. Mr. McLeod, of Melvern Square. Many relatives and friends were present, those of the immediate family being his parents, Mr. and Mrs. Rufus W. Elliott, Murray S. Elliott, L.L.B., Spa Springs; P. Sinclair Elliott, B.A., L.L.B., Watrous, Sask., brothers of the deceased; also the only sister, Mrs. Clarence Longley, Paradise.

By a strange coincidence an aunt, Mrs. Eliza Pouton, Toronto, was present at Mr. Elliott's birth 46 years ago and after many absent years was present with her sister, the sorrowing mother, at the death and funeral of this beloved son. A host of near relatives and friends were present and were cheered and strengthened by the comforting messages of the pastor and others, and the music was rendered by the Middleton male quartette. Floral tributes were beautiful.

Deceased leaves to mourn their loss, a widow, son and daughter, an aged mother and father, an only sister and two brothers.

Interment took place at Pine Grove cemetery, Middleton.

**A GOOD TIME TO SPEED UP ADVERTISING**

"How's business with you?" I asked the head of a leading advertising agency. In stead of the reply now most often received to that question, "Slowing up," he said cheerfully, "Fine doing better." He went on to say that more headway can be made now in selling advertising than was possible when so many manufacturers were over-sold, during the recent spectacular activity. "When business is coming pouring in without exercise of any effort," he explained, "advertising and sales work often are neglected. Manufacturers have had a chance during the last couple of

### CURIOUS WILL CASE

Rural New Yorker:—A curious will case has just been decided in this city. A soldier in the Great War told his comrades that he wanted his property to go to the girl to whom he was engaged. He was captured shortly after and is supposed to have died a prisoner. He left no other will than this verbal statement. His relatives tried to secure his estate, but the judge decided that it should go to the girl. It appears that a soldier or a sailor, in places of danger, may make such a verbal will. Of course in ordinary cases such an expressed wish, without a written will, would have no legality. We refer to this because during the year there are dozens of letters from people who think they should share in some estate because the former owner before death said that he "expected to remember them." Such people will not share in the property unless they are relatives, or distinctly mentioned in a legal will.

months to reflect that all their production and all their profits and everything else must come from their advertising and selling effort. Now that they can handle more business they are willing to give more attention to advertising and selling. If this policy be followed generally, then we ought to see good business during the second half of the year. True, is it not?

### USES OF PAPER

Aside from the ordinary uses for paper for news print, books, magazines, wrapping and the usual lines of stationery and office supplies, there are some special uses of interest—packing for gas engine and hydraulic work, in the shoe business for boxes, counters, heel board, etc.; in candy factories for imprinting trade marks on the bottom of sweets; in the novelty trades for flowers, new wall papers and all kinds of fancy goods.

In fact paper is now made into waterproof, greaseproof and even fireproof articles, among which are spoons, dishes, cups and saucers, table covers and napkins. A great part of the celluloid business is based on the manufacture of that product from paper. Starting with baby carriages made from so-called Japanese fiber, which is nothing more nor less than paper, and ending with the crepe paper-lined basket, our lives cannot be separated from the use of paper and paper products.

### "MAYFLOWER" WILL GET HER CHANCE AUGUST 2

Boston Schooner Will Meet Ford and Others in "Fishermen's" Race For Lipton Cup.

Gloucester.—The Boston schooner Mayflower, twice ruled out of the International Fishermen's contest because of her yacht-like lines and great sail area, will have her chance in the open fishermen's race in Massachusetts Bay, August 2nd, for the trophy offered by Sir Thomas Lipton. This event, open to fishing schooners of all the world, will be raced under "fishermen's rules," with no restrictions as to hull and sail measurements or ballast. It will be part of the program for the celebration of Gloucester's 300th anniversary as a port.

The entry of the Mayflower became known when it was announced that three other United States schooners also had entered for the Lipton trophy.

The Henry Ford, defeated last year by the Lunenburg Enterprise for the International Fishermen's Cup, is one of these. The Elizabeth Howard, runner-up to the Ford in last year's United States elimination races, is another; while the third is the new schooner Shamrock, now being fitted out at the Essex yards for a Boston fish firm. The new Columbia, an aspirant for International honors in Halifax in October, will not race here as she is engaged in salt fishing on the Banks.

No entries are expected from Nova Scotia, where the owners are said to be reserving their resources for the International fixture next Autumn. There still is hope of an entry from Newfoundland, the committee announces.

The race will be twice around a fifteen mile triangle, five miles to a side. The centennial committee announces that there will be no postponement on account of the weather and the skippers themselves profess to be praying for a northeast gale.

# HEALTH FOR WEAK DESPONDENT PEOPLE

From End to End of Canada Dr. Williams' Pink Pills Doing Good Work.

There is not a nook or corner in Canada, in the cities, towns, villages and on the farms, where Dr. Williams' Pink Pills have not been used and from one end of the country to the other people sound their praise. You have only to ask your neighbors and they can tell you of some run down man, suffering woman, ailing youth or unhappy anaemic girl who owes their present health and strength to Dr. Williams' Pink Pills. The success of this medicine is due to the fact that it acts directly upon the blood, making it rich and pure, and thus brings new strength to every organ and nerve in the body. Mr. Andrew F. Webb, Melanson, N. S., tells what Dr. Williams' Pink Pills have done for him as follows:—"I was in a run down condition from overwork and what the doctor called a nervous breakdown. My sister urged me to try Dr. Williams' Pink Pills. After taking several boxes I improved wonderfully and feel like a different person. I sleep well, eat well, and my nerves are stronger and with confidence I can recommend these pills to all weak, run down people."

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve. You can get these pills thru any dealer in medicine, or they will be sent by mail, post paid, at 50c a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

### THE POLITICAL NEWSPAPER

From a booklet issued by the Ottawa Women's Liberal Club, we clip the following significant note on the position the political parties find they are in with respect to the public newspaper:

"Newspapers cannot give the Space to Political Matters"

"Political work is all the more essential now because of the fact that newspapers cannot give the space to political matters which they freely gave previous to the dawn of the twentieth century. The sporting and financial pages gradually took the space that political policies and debate occupied. In addition to this, the city newspapers seem obliged to publish pages of reading matter about moving picture shows in order to satisfy their readers and meet the demand for this kind of mental activity. Advertising also has assumed a new and increasing phase, and municipal and health, and social and domestic matters daily demand their special pages. Politicians and statesmen who desire to advance a cause will find, as in the successes of the past, the public platform and organization their best mediums and possibly the only effective methods."

The item is correct, except in so far as it refers to platform work. Just how far that gets a political party is becoming questionable. Political oratory in the heat of an election campaign, may arouse enthusiasm among party workers, but it hardly ever makes a convert.

In the late Ontario election it was freely stated in the press that there was very much oratory wasted in the air of Central Canada. Political meetings were very poorly attended and even the heaviest cannon could not often draw a respectable sized audience.

The newspaper was, and is, the greatest public educator and unquestionably is the superior medium for moulding public opinion. But many of them found that following the fortunes of a political party such a hazardous occupation, that they have taken down at an election, and only then at so much per inch for any party, according to the space it chooses to purchase.

Such a situation is not one for general congratulation but the political parties are largely responsible. They have brought it upon themselves by failure to stand by the papers that have espoused their cause, and because they did not keep their promises to the electors.

The newspaper advocacy is a record printed and stands. The word of mouth advocacy by the politician is only a means to political office. Promises and platforms are too readily forgotten.

The Eastern Chronicle is one of the few papers that has through all its long years of public service advocated the Liberal cause. It has never been known to have wavered. But my! how its old soul has been tried! It can hold up clean hands that it has never profited by any political advocacy, to the contrary in those things that count in the daily or weekly life of a newspaper, it has deliberately suffered in its politics. We refer to such items as advertising and printing. We have never asked for them and at our time of life do not intend to. But we would ask that our political leaders play fair in matters of pre-election advocacy. The matter that we have most in mind at this moment is that of public economy. How we did strive to point out the outrageous extravagance of the last federal administration. Now comes our own beloved and they give us a crimp in the neck. Debt upon debt rolling up, and God only knows where or when it will stop.

But what's the use, like the other few straight-forward newspapers who write as they feel, and believe what they pen, it becomes a necessity to swallow ourselves all over again. And we shove the files of that which we did advocate, once more away on a back shelf where the dust may gather and we hope the moths destroy.—Eastern Chronicle.

### HOW NEWSPAPERS HELP

The newspaper starts in When you are born; Relates about your excellence And tells about your sweetness. It follows you to school, And prints the honor roll If your name is found there. It tells of your graduation And speaks of the excellence Of your magnificent essay; It tells of your progress During your college career And then dilates much about The choice of your location. Then it gives a nice notice About your marriage And praises up the blushing bride Till her folks don't know her. Then, in due course of events, It tells about the bouncing baby That happens in your family— Thereby beginning its life work All over and over again. The newspaper does all this (Continued on Page Seven.)

### SPIRIT OF COMPROMISE

A member of the Canadian Weekly Newspaper party which recently toured the Maritime Provinces was the editor of the Hanover, Ontario, Post, who in other years had travelled to the coast. In a column and a half article in the issue of July 12th he sums up his conclusions with a declaration that "if Canada is to remain as at present constituted, it would appear that a spirit of compromise will have to be evidenced as between the agricultural West, manufacturing Ontario and Quebec, and the fishing, mining and semi-manufacturing provinces down by the Atlantic." The visitor found the railroad question and parliamentary representation the big issues in the Maritime Provinces. Convinced that in law New Brunswick and Nova Scotia have no case, the editor yet suggests that "what the law says should be done and what good faith requires may be two different things," and he urges "fair consideration of what they believe to have been the accepted understanding on their entry into Confederation." If Maritime problems are studied from that angle the realization must quickly come that the "spirit of compromise" is a very necessary element of Canadian national life.

Foster, thence northerly to the said late Elias B. Foster's west line to a certain point at right angles opposite to the place of beginning, thence westerly across lot No. 128 to the place of beginning.

## EDITORS VISIT MARITIME PROVINCES

Important places visited by Weekly Newspaper Association on the way to convention at Halifax: (1) The historic fort at Annapolis Royal; (2) The recently completed Chateau Frontenac, where the travellers were entertained at lunch; (3) The Evangeline memorial chapel at Grand Pré, N.S.; (4) Some of the editors and their wives at lunch.

ONE of the important annual events of the year is the convention of the Canadian Weekly Newspaper Association when the editors of the weekly papers gather from all parts of the country, hold their annual meetings, and travel together to the convention city. Two years ago they went to Vancouver, a year ago to Ottawa, and this year to Halifax, where they spent two days after a ten-day tour of the Maritime Provinces. Never was a convention tour more completely successful. The party, including ladies and children, totalled about 150 people. The editors left Toronto in a special Canadian Pacific train in a special Canadian Pacific train.

ing through the East became acquainted with that important part of Canada and learned much of the viewpoint of Easterners. Therein lies the special value of these annual trips. The influence of the weekly newspaper press of this country is great and it is important that the men who produce them should have the widest possible viewpoint on Canada and Canadian affairs. To Western editors the journey through the Maritime Provinces was tremendously informative. They not only had a close up view of the country's tremendous resources but heard leading citizens explain the eastern attitude in reference to national questions of the day.

Fredericton, N. B. was the first maritime stopping place, and here the travellers were given a motor drive by the citizens and welcomed by the Lieutenant Governor and the Premier. At St. John the party embarked on the Canadian Pacific steamer "Princess" for Digby, N. S., having a most pleasant sail across the Bay of Fundy. From Digby to Halifax the Dominion Atlantic Railroad carried the party through the Annapolis Valley where the wonderful apple orchards were still in bloom. Two days were spent at Halifax in convention business and in sight seeing, and the party returned home via the Canadian National Railroad.

The Canadian Pacific special train was made up of standard sleepers, diners, baggage car and observation coach. The trip was arranged by E. Roy Sayles, Manager of the Association, and from Toronto to Halifax the party was accompanied by W. B. Howard, Assistant General Passenger Agent, and J. Harry Smith, Press Representative of the Canadian Pacific Railway. On the return journey a stop was made at Quebec and the party was entertained at the Chateau Frontenac where they had an opportunity to inspect the new tower wing of the famous hotel. Next year it is expected the convention will be held at Quebec, and after it is over as many of the members as can will go to England to visit the British Empire Exhibition, and perhaps to France to see the battlefields.

## THE FARMER AND WAGES

A recent despatch from Concord, New Hampshire, says: "Three young men who said they were in need of work asked the State Employment Department to help them out today. They were offered jobs as hay-makers at \$6 a day and board, but declined, saying they needed \$7."

The Boston Herald adds an item from Maine to the effect that "the farmers refuse to pay men \$6 a day with dinner for eight hours of work in the hayfields."

"Surely there is something wrong with these figures," says the St. John Times. "If they are correct, we may see behind them unworked fields and neglected farms. How remarkable has been the change in conditions in fifty years. In a King's County settlement half a century ago a man who could get \$30 a month for the haying season was the envy of other men—but he had to show speed and forget all about the length of the day. At the end of 8 hours he would just be warmed up for the rest of the day."

## THE LIGHT OF FAITH

When the dark days come and the clouds grow gray  
All men must brave them as best they may,  
With never too much repining;  
And bravest is he, when the shadows fall,  
Who sees in the gloom of his darkened hall  
The light of his faith still shining.

In those lonely days when his heart shall ache,  
And it seems that soon shall his courage break,  
There is only one place to borrow,  
One place to go for the strength he needs:  
He must bind with his faith every wound that bleeds,  
And cling to his faith through sorrow.

For a man forlorn is the man who weeps  
Though his dead lie buried in floral heaps  
And friends his path are lining;  
And a pitiful creature here is doomed to be  
If he cannot look through the gloom  
and see  
The light of his faith still shining.

## Baby's Great Danger During Hot Weather

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**HYDRO NOW IN 93 TOWNSHIPS OF ONTARIO**  
A report made to the Ontario hydro commission last week sets forth, in connection with the work of extending power to rural parts of Ontario, 650 miles of transmission lines have now been laid. This makes power available in 93 townships, the plan being on the 50 per cent. bonus principle provided for by legislation.

The Emerson, Manitoba, Journal, of July 12th, said: C. A. Whitman left yesterday on a holiday trip to the Coast, and will likely go north to Prince Rupert and south to Portland, taking in Pentleton, Nakusp, Vancouver, Victoria and other points en route, and will probably be away six weeks or a couple of months. He was a resident of B. C. for awhile some thirty years ago.

A reminder of long ago was given to Geo. E. Corbett the other day when a gentleman stopping at the Hillside House called him by name and said that he wanted to thank him for doing him a very great service about forty years ago. The stranger said that he would have missed the steamer from this port had not Mr. Corbett got a boat and took him off to her after she had left the wharf. It so happened that catching that steamer meant a great deal to the man.—Spectator.

Word was received yesterday of the death of George Starratt, a former resident of Annapolis, who was killed by a fall from a ladder while engaged in house painting. His wife, formerly Miss Annie Ritchie, was visiting relatives at Moschelle, and left immediately for Boston upon receipt of the sad news.—Spectator.

Seven cadets of the Annapolis Royal Cadet Corps, No. 264, left for camp at Aldershot, Kentville. The party consisted of Lieut. Alexander Harris, Sergeant Major Walter Harris and Max and Melbourne Ritchie.

We must again call attention to the fact that all news communications sent in must bear the name of the sender, not for publication, but as evidence of good faith. This will explain to senders why one or two items failed to appear this week.

Miss Mary Miller entertained her Sunday School class very pleasantly at her home on Tuesday afternoon of last week from three till six. A very enjoyable afternoon was spent in games followed by supper.

The "silent policeman" was again put out of commission some time last night. It is understood that the damage was purely accidental and is to be made good.

The Ladies' Aid Society of the Baptist Church meet in the vestry on Tuesday evening August 7th at eight o'clock.

Attention is called to the ad. in another column of the Masonic Fair to be held at Lawrencetown, August 29th. Like everything else the brethren get up in Lawrencetown this will be interesting and well worth attending. Further details will be given later.

## In Putting Away Winter Woolens Save By Washing This Way

Put away your winter woolens, this spring, clean and soft—without harmed colors or fabrics in washing. It will save a lot of money, you'll find, by giving longer wear.

In thousands of homes this is being done. Careful housekeepers now use PALMOLIVE PRINCESS SOAP FLAKES for laundering all valuable fabrics.

Woolens, silks, satins, crepes, and expensive cottons; all come from washing with beauty renewed—and fabric unimpaired.

Purest, unadulterated soap, these white, crinkly flakes save money two ways: By giving longer fabric wear; and by cutting down soap cost—because they last longer.

They give richest, stiffest suds—in washing machine, tub, or bowl. It dissolves all dirt speedily but gently. Splendid for all household use.

Order one or more handy one-pound packages or bags today. Start saving next time you wash.

## NOTES AND NEWS OF LAWRENCETOWN

In his condition. Mrs. L. R. Morse and family are spending their vacation at the hotel in Port Lorne.

Several from here attended the chery carnival in Bear River. The Baptist Junior boys who are having a class room built held a pantry sale in Shaffner's store Saturday afternoon and evening to help defray expenses.

Miss Frances Stoddart visited her cousin's, of South Williamston, a few days last week.

Miss Lillian Rackham, of Amherst, and Miss Remby, of West Dublin, are guests at the Methodist parsonage.

Mrs. Annie Ward is at Torbrook caring for her sister, who is very ill.

Mr. Horace Reid had the misfortune to fall and dislocate his shoulder. We wish him a speedy recovery in his busy season.

Miss Carrie Morse and cousin, of Canso, are guests at Mr. H. H. Whitman.

Misses Lillian and Helen Shaffner, in company with two friends, of Annapolis, are visiting relatives in Rosedale.

Master Norman Phinney, of Wolfville, is the guest of his aunt, Mrs. L. D. Hanley.

The services for the Baptist circuit on Sunday are:— Lawrencetown, 11 a.m., South Williamston 3 p.m., and Brickton, 7.30 p.m.

Miss Grace Daniels, formerly of the staff of Shaffner's, Ltd., who has been of late employed in the office of the Secretary of the G.W.V.A., has left for Montreal where a position awaits her.

Mrs. H. H. Whitman entertained a number of the younger people of the town on Wednesday evening in honor of her guests, the Misses Morris and Reeves. An enjoyable evening was spent playing auction forty-fives. After which dainty refreshments were served, interspersed with popular folk song, the merry crowd wended their way homeward.

Friends of John Hall Sr., are sorry to hear of his sudden illness. He has been removed to the home of his daughter in Bridgetown. Mr. Hall is one of the few remaining men of Lawrencetown who have watched its growth from a small hamlet to the flourishing town that it now is.

Rev. L. S. and Mrs. Wallace are visiting at the home of Dr. and Mrs. V. D. Shaffner.

Robert Longley and Miss Clara A. Longley, of Lawrencetown.

Mr. and Mrs. Harold Mason, of Falkland Ridge, visited their brother, Mr. R. H. Mason.

Miss Vera Eaton, of Granville, and Miss Estelle Eaton, teacher in Grand Ligne Mission, are guests at the home of Mr. and Mrs. H. W. Longley.

Mrs. Francis Alley, of Bridgetown, was a week end guest at the home of Mr. and Mrs. David Freeman.

A B.Y.P.U. picnic of the Paradise and Clarence young people is being planned for the near future.

## DEATH OF PERCY ANNIS

Many Wolfville friends were shocked and grieved on Monday afternoon to learn of the death of Mr. Percy Annis, which occurred at the home of his parents at Nictaux Falls. For the past eleven years Mr. Annis has been well known and highly regarded in this town. Before the war he was employed by Woodman & Co., and when the call came he enlisted with the 219th batt. On his return from overseas he almost at once took a position in the jewellery establishment of Williams & Co., which lasted until April last, since when he has been at his home. During his residence in Wolfville he made his home with Mr. and Mrs. C. B. Godfrey.

Acadia Street, when the news of his death was heard with sincere sympathy. A popular young man, deeply interested in athletics and town affairs generally, the deceased was universally esteemed. Never of a robust health his experience during the war made serious inroads upon his constitution and during the past few months he gradually grew weaker until the end came, after four days confinement to his bed. A peculiarly sad circumstance is that he had planned to be married on Wednesday of this week. He is survived by his parents, Mr. and Mrs. Joseph Annis, two sisters and one brother, for whom a host of friends in this vicinity will join the Acadian in sympathy.
