he retained out of the proceeds of Dr. R. M. Simp- nitive campaign having given \$15,000. The total of which this was under the command of Maj. R. Angus, Lieut.-Col. Vaux Chad- Wick, Lieut.-Col. H. C. Cox, and Capt. Victor Nordheimer also attended the inspection. Supper was served in the lecture room after the inspection.

FIFTY-NINE H. INSPECTED. Lieut.-Col. Beckett inspected the 5th Battalion on Monday night at the armories. They were 352 strong, including 45 members of the Canada Life Assurance Co's Staff. The bat- talion was under the command of Maj. R. Angus, Lieut.-Col. Vaux Chad- Wick, Lieut.-Col. H. C. Cox, and Capt. Victor Nordheimer also attended the inspection. Supper was served in the lecture room after the inspection.

LAST CALL COMES TO SCARBORO PIONEER. John Tingle Passes Away at Wexford After Prolonged Illness.

MUST RETURN DEPOSIT. In the non-jury assize court yesterday Mr. Justice Clute dismissed the action of A. Lampert for an order ratifying an agreement made between the plaintiff and the defendant for the sale of property at 63 Elm street for \$4800.

HAVE PTOMAINÉ POISONING. After partaking of messages at breakfast yesterday morning, William Vandell, Beatrice Vandell, his wife, and Gordon Vandell, his son, were attacked with severe stomach trouble and had to be removed to the General Hospital in an ambulance. The condition of Mr. and Mrs. Vandell was reported as serious. Mr. Vandell last night received a reply that he will recover. The child was not seriously affected.

PROHIBITION SLOW IN REALIZATION

Sons of Temperance Accuse License Board of Moving Tardily.

WANT ACT AMENDED

Would Like to Be Able to Vote on Prohibition by Entire Province.

The sixty-seventh annual convention of the Sons of Temperance, Grand Division of Ontario, came to a close last night in the Metropolitan Church, and the delegates left for their homes this morning. The most important matter of yesterday's sessions was the report presented by legislative committee to which a new amendment was made.

In their report the committee state that they took the slow round about course of referring the abolition of the bar to the board of five license commissioners. The commissioners, the report states, worked slow and have cut off a few bars and reduced the hours of the sale of liquor. Deputations from churches and betterment societies have waited on the board and the premier and the committee do not think they will get prohibition for many years to come.

Want Act Amended. The society will ask the grand division to secure the following amendment to the Canada Temperance Act: "That the area over which the act may be brought into force that prohibition may be voted upon by a whole province as well as by county or city and that the most efficient means of enforcing the prohibition provisions of the act be made." A copy of the amendment will be forwarded to the Dominion Government and the Dominion Alliance. A progressive financial budget was formed for the ensuing year.

A cadet council consisting of three members appointed by the grand division was established in addition to the grand patron and all worthy patrons. This council is to have oversight of the cadets, according to the rules of the grand division. The newly elected officers were installed by Y. G. Ward, F.M.W.A.

NEW BANQUET HALL OPENED BY MCCONKEY'S

McMaster Freshmen and Sophomores Have Honor of First Occupancy.

McConkey's celebrated the inauguration of their new banquet hall over their restaurant, Queen street west, near Bay street, last night, when 100 couples attended the McMaster University freshmen and sophomore annual banquet.

The spacious hall and the excellent catering facilities of this well-known company added largely to the success of the banquet. The hall which is an ideal spot for such entertainments is in a very central part of the city and is under the personal direction of E. G. McConkey, formerly of King street, who is one of the best-known banquet caterers in Toronto.

The menu contained a fine assortment of fancy dishes and during the serving the students were not backward in giving their hearty response. The King was toasted by I. H. Eberle, president of the Class 18, M. C. Hooper proposed the toast of "Canada and the Empire." Professor W. Smith responded. A toast to the ladies was proposed by M. L. Hicks and responded to by Miss E. Haviland, vice-president. The freshmen class toast was proposed by H. M. Racicot and responded to by W. D. Hinman. J. H. Fox proposed the toast to the faculty. Professor W. Findlay responded. A piano solo was given by Miss J. Mims and a violin solo by Miss McLintic.

THANKSGIVING DINNER ENJOYED BY AMERICANS

The Carle-Hite Hotel was a particularly busy place last night when the special music and thanksgiving dinner attracted a large number of American visitors, between three and four hundred guests sitting down to dinner.

It is the intention of the management to give the same kind of a dinner during the winter, commencing with Canadian night on Saturday next.

ORANGEMEN ENTERTAIN FRIENDS AT BANQUET

Members of Parkdale Lodge the Guests of McCormack Lodge Last Night.

McCormack Lodge, L.O.L. No. 2142, banqueted in Colvin Hall last night in honor of visiting Lodge No. 207, Parkdale. Songs and music featured the program for the evening, special numbers being rendered by Mrs. W. O'Brien. As the banquet progressed an interspersment of toasts and impromptu speeches was provided by the visiting Province, Grand Master of Ontario, W. Bro. W. B. Lovelock, W. Bro. W. B. Sheppard. Among others present were W. Bro. A. Laird, W. Bro. E. Wood, W. Bro. R. G. Conroy, J. Findlay (county master of R.B.P.), W. Bro. W. Butler, W. Bro. W. G. McConkey, W. Bro. E. King (St. E. Canon Lodge), Master J. Hendrie occupied the chair. An overture was given in 121 Medford street summoned Col. street firemen at 1:15 p.m. yesterday. Little damage was caused. Mrs. Kelly is the owner and occupant of the house.

WRITE DOMINION BOARD

Regarding express companies' delivery service, C. H. Rolph, secretary-treasurer of the Business Men's Association, is in receipt of communication from Secretary H. C. Small of the Ontario Railway and Municipal Board, in which he states that "the express companies are not under the jurisdiction of this board, but under the jurisdiction of the Railway Commissioners, Ottawa." Mr. Small suggests that it might be advisable to write the Dominion Board in the matter.

Lend Us Your Teapot

for one infusion of

and we will convince you of the sterling worth of this celebrated Tea. Merely mail us a post card addressed 'Salada' Toronto, tell us how much you usually pay for tea and we will send you a generous trial packet of Salada.

YORK COUNTY AND SUBURBS

GOLD HEADED CANE FOR WARDEN NIGH

York County Council Paid High Tribute to Popular Official.

PRAISE FOR GOOD WORK

Warden Thanked Colleagues for Support He Received During Year.

No former event in the municipal life of the county has exceeded in point of enthusiasm and attendance the banquet tendered Warden John Nigh by the members of the York County Council at the Walker House last night. The admiration of the retiring warden has been marked by more than ordinary progress and harmony between the chief executive and his fellow-members, and his departure from the municipal arena is generally regretted.

CITIZENS SHOULD NAME FIRE CHIEF

Earlscourt B. I. A. is Tired of Farce at the City Hall.

POSTAL DELIVERIES

Substation and Four Deliveries Daily Wanted in Northwest Section.

A meeting of the British Imperial Association was held last evening in Earlscourt school. President Henry Parfrey J.P. occupied the chair. The matter of the Earlscourt district has been treated with regard to necessary improvements during the year was strongly criticised by the chairman. "The following improvements have been shelved," said Mr. Parfrey. "The Lansdowne avenue car line, the new additional routes necessary for the Earlscourt school, the public lavatory at Lansdowne and St. Clair, the new district bus route and other improvements. Instead, we have a woman on an expense for weeks, procuring dumps, and the Lansdowne avenue, it is a downright shame, said Mr. Parfrey. Regarding the appointment of a fire chief, Mr. Parfrey suggested a public meeting on the city hall steps and the general body of taxpayers the city be asked to appoint a head for the fire department, owing to the inability of the city council to make the necessary arrangements. Other suggestions from other members the following resolution was unanimously adopted: "That two delegates be appointed to the Central Firefighters' Organization to bring forward a resolution on the appointment of a fire chief at their next meeting, owing to the inability of the city council to make the necessary arrangements. The delegates to be appointed are Henry Parfrey and Dr. G. W. McIntosh were appointed delegates to the Central Firefighters' organization."

LADY AGED AND ALONE IS AT DEATH'S DOOR

Mrs. Martha Rogers Found Unconscious in Street, Sinking Rapidly.

Said to be without a friend in the city, also she has stated that a son of hers is in the Mimico Asylum and that she has a sister named Susan Hayes, Mrs. Martha Rogers, who was found lying unconscious on Victoria street on Sunday night last, is dying in St. Michael's Hospital, to which she was removed in the police ambulance. Her end is expected at any moment.

PEOPLE MUST GET BACK TO OLD FOLK SONGS

Modern Development of Drama Declared Lacking in True Cultural Value.

Drama was dealt with from a community standpoint in the lecture given by Percival Chubb, president of the Drama Club of America, before the Toronto branch of the league, at the Conservatory of Music, last night. The modern development of the drama, in the theatrical world, was said to be lacking in true cultural value, and the speaker said that the people would have to get back to the old folk songs and dances as the true expression of art in the national life.

B. C. MINISTERIAL BODY FOUND GUILTY OF LIBEL

Pamphlet Containing Attack on Government Injured Alex. Lucas, M.L.A.

VANCOUVER, Nov. 25.—Moses Cotacw'r, a financial expert; Rev. A. E. Cook, and other members of the ministerial association, who recently issued a pamphlet, "The Crisis in British Columbia," criticizing the government, were today made the subject of judgments of libel, last night. The jury awarded \$200 damages with costs. Lucas is now a member of the legislature.

MT. PLEASANT BRIDGE ASSUMES POSSIBILITY

North Toronto Citizens' Hope Revived by Report of Commissioner Harris.

North Toronto and Moore Park citizens, who have always been skeptical regarding the statements of Commissioner Harris, that negotiations were under way for the building of the Mount Pleasant bridge over the old Holt Lane bridge, will now have their doubts removed. Dealing with the matter before the board of control yesterday, Commissioner Harris stated that negotiations of tenders had already been considered and recommendations were submitted. In the event of reinforced concrete being used, the cost would be reduced to \$33,988, of which \$22,000 would be required for the bridge and \$10,988 for timber and trestle work. No decision will be arrived at until the estimated life of the two varieties is ascertained.

POOR JUDGMENT SHOWN SAYS CORONER'S JURY

Otherwise Accident on University Gymnasium Would Not Have Occurred.

After eight sittings the jury under Coroner J. W. Elliott at the morgue last night, enquiring into the death of William McGee, one of the laborers killed at the university gymnasium when a chimney being erected collapsed, returned a verdict that McGee died as a result of being crushed by the fallen brick. A rider was added to the verdict stating that the jury were of the opinion that the evidence showed that there was faulty construction, and that the same fault also appeared in exhibit one. The rider also stated that had the support wall been carried up the accident would not have occurred. Poor judgment had been shown by the contractor in construction, they thought, or the accident would not have occurred. They thought that the city architect should have been notified when the work ceased at the beginning of the war and should not have been recommenced this year. "We also urge that the city council apply to the legislature to allow the city architect full power to change the construction of any building to ensure human life."

PLANS BIG MERGER TO REDUCE RATES

Montreal Financier Would Consolidate Grand Trunk Pacific and C.N.R.

PREVENT DUPLICATION

Running Expenses Would Thus Be Cut Down and Haulage Less.

C. J. McConig, the Montreal financier, who has brought about several utility company mergers within the last few years, has now in view a big project, than any which he has hitherto tackled. Interviewed by The World, he stated that it was quite apparent that there was at least one of the best of eastern facilities, which are also essential to the western road. If these lines are not soon consolidated, there is operating an enormous duplication some time in the future, and an immense amount of additional capital will be required to lay down parallel lines, which are not really required at all.

IMPORTED SUITS IN MISSES SIZES NOW MARKED AT ABOUT A THIRD LESS

The fact that we have re-marked all the suits in our Misses' Section at about a third below the regular prices, brings these lovely imported models within the reach of those who may have hesitated to pay the full price. NEWS OF SPECIAL INTEREST TO WOMEN

NO FREE PARCELS SENT TO SOLDIERS

Those Forwarded to Men on Active Service Must Pay Regular Rates.

FREE TO PRISONERS

Not Within Power of Department to Give Reduction in Other Instance.

The Dominion Postoffice Department is in receipt of applications to have parcels addressed to Canadian soldiers in France sent free, or at reduced rates of postage, there evidently being an impression that the department has control of these rates and could do as it wished, but this is not so, as the question of postage is fixed by international agreement, so that it is not within the power of the Canadian Postoffice Department to undertake to carry the parcels free, or at a reduced rate of postage. Under international law, provision is made for the free transmission of parcels for prisoners of war but this privilege does not extend to parcels for troops engaged in active service, nor as it is within the power of the department to so extend it.

Rates Required. The rate of postage required on parcels addressed to the troops depends upon the location of the addressee. If the addressee is in England, the rate is 12 cents per pound; whilst, if he is in France, the parcels are subject to the rates applicable to parcels for France, which are as follows: 1 lb., 24c.; 2 lbs., 40c.; 3 lbs., 48c.; 4 lbs., 56c.; 5 lbs., 72c.; 6 lbs., 80c.; 7 lbs., 88c.; 8 lbs., 1.04; 9 lbs., 1.12; 10 lbs., 1.20; 11 lbs., 1.28. These are exactly the same charges which existed for years between Canada, England and France before the war, and are the result of an agreement or convention made between these countries and Canada, and as these countries have not agreed to lower their rates between England and France, Canada has to pay to them the same rates as before the war and must charge the same postage. In all cases parcels for the troops must be addressed care of Army Post Office, London, England, but this does not in any way affect the rate of postage, which depends entirely upon the location of the addressee.

HENRY MILLER. Who will be seen in "Daddy Long Legs" at the Grand next week.

HEATHER BAZAAR A BIG SUCCESS

Large Attendance at Opening Kept Up Thruout the Whole Day.

MANY PRETTY BOOTHS

I. O. D. E. Chapter Members Co-Operated in Planning Charming Affair.

Lady Hendrie opened the annual floral bazaar of the Heather Club Chapter, I.O.D.E., yesterday morning at 10.30 o'clock, which early hour attracted an excellent attendance already on hand for the affair about an hour before midnight. The members of the Heather Chapter, marshalled by Mrs. G. R. Baker, have set a precedent in their in point of attendance, thorough organization, or quality and quantity of the various wares for sale. Everything of a decorative or ornamental character could be desired was to be found at one or another of the artistically arranged booths.

Dance and Bridge. The afternoon bridge and the dance held in the evening were largely attended, and the large tea rooms, with numbers of efficient and obliging "waitresses" in quaint Dolly Varden costumes, served delicious meals at noon and the supper hour. In declaring the bazaar open, Lady Hendrie expressed her pleasure at being identified with the excellent work of the chapter in point of caring for the poor children in the city exposed to tuberculosis. The booths and their conveners included: Chrysanthemum Booth (fancy articles), Mrs. W. R. Siskrow; Calla Lily Booth (bouddoir), Mrs. G. C. Heintzman; Wheat Sheaves and Autumn Leaves (table decorations), Miss Potts and Miss Edgar; Pointsettia (booth of 300 comforts), Mrs. H. M. Blackburn; Daisy Booth (dresses), Mrs. W. A. McCreary; Forget-me-not (doll's booth), Mrs. C. E. Burden; Holly (useful and ornamental articles), Mrs. J. A. Fraser; Red Rose Advertising Committee (headquarters), Miss Arksey; Pink Rose (household articles), Mrs. Robert Glasgow; Poppy Booth (aprons and handkerchiefs), Mrs. A. J. Rattray; Sunflower Decorating Committee, Mrs. John Curtis; Yellow Rose (practical and fancy articles), Mrs. A. T. Reynolds; Palmistry, Mrs. Harvey E. Stone; Bookkeepers (pink roses), Miss Ruth Marshall; Dolly Varden Tea Rooms, Mrs. McConchie and Miss Cole; dance in charge of Mrs. Wilkinson, assisted by Miss Maude Hamilton and Miss Edna Hinch. In the evening the raffish were held by auction, sales were the order of the day and an excellent program was given.

GRAVENHURST'S PATRIOTIC GIFTS. GRAVENHURST, Nov. 25.—Gravenhurst has since its patriotic committee was formed, supplied about 25 kits to recruits from the town and provided 172 shirts, 412 pairs of socks, 44 balaclavas, 37 belts, 77 scarves and 100 pairs of mittens. The Red Cross branch of the committee has sent 14,000 articles to the headquarters of the Canadian Red Cross and a large autograph quilt to the Queen's Canadian Hospital at Shorncliffe and autograph quilts to the University Base Hospital.

ONTARIO EXHIBITION CAR. The Northern Ontario Demonstration Car will be open for visitation by the public at the Union Station, Simcoe street, on Nov. 27 to 30, from 9 in the morning to 10 in the evening of each day. It contains exhibits of vegetables, grain, and flowers, that have been grown in the fertile northland of the province and an invitation is extended to the public to visit the car. The advertisement of the exhibit appears in another column of The Toronto World.

You will like the rich strength and full flavor.

Red Rose Tea "is good tea"

JOIN THE BIG CHRISTMAS CLUB OPEN TO DAILY WORLD READERS, \$1

Secure One of the World-Famous Victrolas With Unusual Economies, Privileges and Advantages.

LIMITED TO 200. ONE-HALF FULL. WILL CLOSE SOON

Readers of The Toronto World should certainly join the big Christmas Club being conducted in co-operation with the old-established firm of the R. S. Williams & Sons Company, Limited, to enable the public to secure Victrolas on very easy terms and with unusual club privileges and advantages. The club is based on the power of co-operative buying. Its success is due to the fact that when a large number of people buy the same thing at the same time they can secure privileges and economies that an individual purchaser could not. Thus it is that through this club you get many exclusive advantages not offered at any other time outside of the club. For instance, club members secure the lowest cash price for any instrument they may purchase, but with time payment privileges. They have the option of selecting from the entire stock of Victrolas in the Williams showrooms. Club members pay no interest charges or extras of any kind and do not have to make the usual first cash payment of \$5 to \$25. They merely pay \$1 to join the club, select their instrument and commence the special club payments of \$1 to \$3 weekly, depending upon the instrument they select. Club members only have to make half payments while sick or unemployed. They get a ten day free trial and a three months' exchange privilege, as well as other club features. This is the greatest offer ever made to the music-loving public, and is possible through the co-operation of the big Williams firm. All it costs is one dollar to join, and this dollar is refunded if you do not buy and is credited to your account if you do. After selecting your instrument you commence your special club payments, and the instrument is delivered within a few days before Christmas. Just think of securing all of these privileges and advantages on all of the famous Victrolas. Such quality of instrument you commence your special club payments, and the instrument is delivered within a few days before Christmas. Just think of securing all of these privileges and advantages on all of the famous Victrolas. Such quality of instrument you commence your special club payments, and the instrument is delivered within a few days before Christmas.

PACIFIST JANE WILL VOYAGE ON FORD SHIP

Miss Addams is in Detroit as Guest of Mrs. Ford.

CHICAGO, Nov. 25.—Miss Addams, of Chicago, is in Detroit today, where she will return here to sail on the peace ship, Oscar II, chartered by Ford. Among the peace telegrams reaching the president today, will be one from Helen Keller, the famous blind woman.

WALTER PEARSON. With the "Rosey Power" girls, at the Gaiety Theatre next week.

RUCHING LATEST FAD IN MILLINERY

Satin, Tulle and Velvet Combinations Are Much Favored. A STUNNING MODEL

African Brown Shape is Fashioned of Taffeta With Narrow Brim.

Silk or satin ruches are much in vogue for the moment to add height to the close little straight crowned wigs. Combination effects are popular being satin and tulle or velvet, silk with outer edging of lace and fancy ribbon with braid or gump. A stunning little model in African brown was fashioned of taffeta, with a narrow brim shading the face and curling well down over the forehead. The high stiff crown was encircled with a closely shirred ruffe of the silk edged with exquisitely fine black lace. A handsome little hat of the coachman order was made of black silk velvet, straight brimmed and ornamented with tiny silver flowers sewn about the brim at intervals. The ruche was of heavy black grosgrain ribbon, backed with silver gauze and stiffened at the upper edge with very narrow black velvet ribbon. For very dressy occasions white chiffon velvet or heavy silk models are shown with crowns of gold lace and ruches in white tulle or delicately traced lace invisibly wired. Touches of ermine appear on the most exclusive models.

How the Bible Was Rented Out in the Fifteenth Century

In the early part of the Fifteenth Century it was very difficult to get a copy of the Bible, except in manuscript, and this often cost as much as two hundred dollars. So the masses of the people were obliged to rent a manuscript and pay for it by the hour. It is on record that the price fixed for this rental was a load of yesterday, for instance there was an unprecedented rush, and crowds brought their coupons and obtained their copy. We only hope that the supply will be sufficient. Read the coupon in this paper, and you will understand why.

CORRINE DEFOREST. With "Ribbon Belles" at the Star Theatre next week.

CHRISTMAS IN ENGLAND.

The Christmas ships are filling up rapidly, and those desiring accommodations should make their reservations without delay. The number of ships sailing this fall will be considerably fewer, but those that are scheduled to sail are pretty well booked already. Rates, plans, and all information can be had from A. F. Webster & Son, 53 Yonge street.

SMITH-DORRIEN WILL BE GIVEN HIGH POST

LONDON, Nov. 25.—The Express proposes that General Sir Horace Smith-Dorrien, who was in command of the second British army in France until a few months ago, will soon receive an appointment of high importance. Gen. Smith-Dorrien, who returned from the front last summer, received special commendation from Field Marshal French, and was decorated by President Poincare of France.

Bilious Headache
The liver gets clogged with bile, the bowels constipated, and then comes the bilious headache and stomach trouble.
Dr. Chase's Kidney-Liver Pills relieve this condition most promptly and thoroughly by reason of their combined action on liver, kidneys and bowels.

DEPENDABLE EDDYS' MATCHES

Have been the same good matches since 1851. Like Eddy's Fibreware and Eddy's Washboards. They are considered standard by all loyal Canadians under the "made-in-Canada" banner.

ROYAL WAR COMMISSION IS COMING TO TORONTO

Toronto sittings of the Royal War Commission will open at the city hall on Wednesday next, when an investigation into the purchases of horses in Peel County for the Canadian Government will be commenced. Members of the commission now in the city are Sir Charles Davidson, Charles F. Law, D. A. Thomas, Canadian business agent, and J. F. McKinley of Ottawa. Sir Charles may take up other matters connected with war purchases if they are brought to his attention.

The Spotless Dairy Bathed in Sunshine

THE WONDER DAIRY'S SEAL OF QUALITY

NEWS FROM THE CITY HALL

FIRE DEPARTMENT FARCE CONTINUES

Board of Control Discusses Question and Once More Defers Action.

LEAVE IT TO PEOPLE

Mayor Expresses Desire to Have the Electors Make Decision.

Another effort was made yesterday by the board of control to find a solution for the fire department situation, but as usual it ended with nothing being done, although several of the members tried to "put one over" on Controller Foster.

The controller left his seat for a moment to speak to a visitor. "Now's our chance to get a head for the department," said a controller, but the moment Mr. Foster heard the words he came back to his seat with a rush.

Mayor Church would have the question settled by the people. He declared: "I am not going to have any more to do with the department this year. I would let the people clean it up."

Controller Thompson didn't favor this, and thought that the board's recommendation should go to the regular meeting of council, and not to a special meeting.

No More Recommendations.

Mayor Church again remarked that he was not going to make any more recommendations this year, to be made a football of by council. Controller Spence wanted to send on a name for Monday's meeting, and Controller O'Neill asked the mayor if he would object to the board sending on a name in his absence, to which his worship replied that they could send on anyone they liked.

Controller Thompson urged the sending on of a name to Monday's meeting, as he wanted to see someone appointed this year.

Mayor Church: "Certain members of council have blocked everything this board have recommended; they have never supported us from the first to the last."

"We don't want to see you join the blockers, Mr. Mayor," declared Controller Spence.

Controller Foster moved that the

matter be left over, and this carried; Controllers O'Neill and Spence dissenting.

The carrying of the motion, however failed to quiet the mayor, who charged council with being more anxious to give new officials euphonious names than to make the appointments.

Controller O'Neill took the mayor in hand and by a little fatherly advice tried to persuade him to agree to having the matter dealt with, but his worship persistently refused, and the motion to lay over was allowed to stand.

There was much discussion at the city hall yesterday regarding Wednesday's meeting, when Acting-Chief Smith failed to get the appointment as head of the department. Controller O'Neill said that he would again nominate Col. Langton, and Controller Thompson, who has always favored Langton, stated that he would vote for him if his name came up, and he saw any chance of the appointment being made.

Still on the job.

In the meantime Acting-Chief Smith is still head of the department, although his resignation has been in some time. He had no regrets on account of the action of council, and declared that no deal had been made with him by any alderman, although he had been asked to give certain assurances. He believed that he could have secured the position had he been willing to make promises regarding appointments, "but I would rather step down and out than do anything like that," said he.

Regarding Ald. McBride's charge that he had failed to dismiss certain men who were not a credit to the department, as shown by Judge Denton's report, Mr. Smith said that he had not been asked to act on the report, and wanted the new permanent head of the department to start with the men as he found them.

Street Commissioner Wilson reported to the board that he could provide 3000 loads of ashes, 21,762 square yards, in five and a half months, toward the filling in of Catfish Pond in High Park. It is estimated that one hundred thousand square yards will be required, which means that it will take about three years to fill in the pond. A recommendation that the ashes be used will go on to council.

Being in an economical mood yesterday afternoon, the board of control decided that it was not necessary to supply the various civic departments with as many directories as has been the custom in past years, and the number asked for was cut in half. The price of a directory is \$7.

CARMEN PICTURES AROUSE PROTEST

Mayor Church to Interfere With Presentation Because Star is Pro-German.

ROOM FOR SOLDIERS

Board of Control Discuss Question of Accommodation at Exhibition Camp.

Strong objection to allowing the film production, "Carmen," in which Geraldine Farrar stars was taken by Ald. McBride at the meeting of the board of control yesterday. He maintained that she had repeatedly expressed herself as pro-German, and should not be shown in pictures, or any other way before a British audience.

Mayor Church: "I would not allow it, as far as I'm concerned, and I hope the public will not patronize the show." He promised to take the matter up with the proper authorities.

A proposal by the mayor, to build 15 huts at a cost of about \$3000 each, to accommodate seven new battalions of the Exhibition grounds, caused considerable discussion. It was a question of either building the places or removing fixtures in the manufacturing and machinery hall, (the thought was expressed that those concerned would be patriotic enough to remove the fixtures and put them back at their own expense).

A second proposal by the mayor to spend \$900 on improving the road used by the soldiers for loading and unloading trains was supported after debate. The matter of financing the work was discussed at some length. It is the road from Strachan avenue to the grounds. Controller Spence advocated making the necessary improvements, and the money will come out of the funds for military expenditures.

Ald. Maguire brought up the question of hydro radials drawing the attention of the board to the fact that a number of municipalities had met Sir Adam Beck, and that a by-law would have to be submitted to the people Jan. 1.

The alderman was assured that Toronto was doing its part, that the by-law would in no way affect the Toronto situation as regards transportation, and that there was sufficient time to deal with the matter before the end of the year.

City Solicitor Johnston reported that the by-law fixing the pensions of firemen at half the salary received at time of retirement was legal.

ALTERNATIVE TENDERS FOR PROPOSED BRIDGE

Works Commissioner Harris forwarded to the board of control yesterday alternative tenders for the construction of Mount Pleasant road bridge. Early in the year the commissioner recommended a combined steel and concrete structure, but he was later instructed to call for alternative tenders.

The lowest tender for a combined steel and concrete bridge is \$33,095, and that for reinforced concrete \$45,789. The commissioner will now recommend the design chosen by the board of control, and in order that they may do this a report will be asked for showing the lifetime of each bridge.

JAP GUNS AT ODESSA.

COPENHAGEN, Nov. 25, via London.—A telegram received here from Berlin today, says that great consignments of heavy Japanese guns are arriving daily at Odessa, on the Black Sea coast of Russia. It is inferred that co-operation of Russian forces in the Balkan campaign is to begin shortly.

CITY HALL NOTES

A barn on the men's industrial farm will be built at a cost of \$25,000, say the controllers.

Recommendations to purchase a nursery farm and to ask for legislation to sell park lands or portions was thrown out.

The city is willing to pay half the salaries of watchmen guarding the public at the C.P.R. crossing at Symington avenue.

Property Commissioner Chisholm has been asked by Explosives Limited, of Parry Sound, to supply one hundred cartridges.

The board of control has held over the recommendation that the old jail be closed with exception of enough room for remanded prisoners.

Controller O'Neill has been asked by the board of control to entertain Lieut. Victor Mitroff, a Russian, in Toronto on munition business.

Civic employees who have asked permission to enlist will be allowed to do so, and the difference between military pay and present salaries will be paid.

Toronto will take action against the street railway company to recover money spent in clearing snow piled on the streets during the winter of 1914-15. It amounts to some \$12,000.

Claiming that proper tenders were not called for the board of control threw out the recommendation of the property committee to install an additional boiler at the abattoir.

CATCH UP CLASSES SHOULD BE STARTED

Inspector Would Provide for Pupils to Whom Time is Serious Matter.

Extracts from respective reports of inspectors were placed before members of the management committee of the board of education at its meeting yesterday. This was in answer to a request made previously by Trustee Fairbairn. In the annual report they were left out. Even the report handed out yesterday does not include a number of important matters reported upon by the various inspectors.

Dealing with the matter of classes for retarded pupils, Inspector Chapman says they are proving their worth, wonderful cases of progress being spoken of. They are aside from classes for the mentally defective. In this regard the inspector says that it is unfortunate that no provision has yet been made for the latter class.

The experiment of the housewifery work conducted in the schools, showing that as a result many homes have received inestimable aid. A shipload of comforts has been sent to Belgium.

Inspector Elliott says that the accommodation in his district is not adequate without resort to temporary rooms. He reports a total registration exclusive of kindergartens of 10,212 pupils.

"Catch-Up" Classes. The inspector advocates the establishment of "catch-up" classes during the summer holidays for pupils who have missed promotion, and to whom a year's repetition in the same grade is a serious matter.

Considerable space is given to an explanation of the patriotic and relief work conducted in the schools, showing that as a result many homes have received inestimable aid. A shipload of comforts has been sent to Belgium.

Inspector Elliott says that the accommodation in his district is not adequate without resort to temporary rooms. He reports a total registration exclusive of kindergartens of 10,212 pupils.

Inspector Bruce reports that the accommodation in his district is very satisfactory. He believes every teacher should keep her own backward pupils and share the responsibility of coaching and helping them along.

Inspector Rogers expresses satisfaction with the progress made during the year.

Inspector Armstrong's report states, in regard to entrance regulation recently adopted, that in one district 173 candidates were accepted by the entrance board on the principal's recommendation. Referring to the juvenile branch, Mr. Armstrong states that over 90 per cent. of the boys and girls never reach the secondary schools, and as a result many are misfits in life. He states that the critical period in a youth's life is from 14 to 17 years of age, and every boy should either be at work or at school at this age. He recommends that the cadet system be extended, and that every boy of 14 should know military drill and be expert in handling a rifle.

HISTORY QUESTIONS WILL DEAL WITH WAR

Senior Principal of High Schools Says To Will Bear on Struggle.

It was recommended by Senior Principal of High Schools G. A. Smith, at a meeting of the management committee of the board of education yesterday that 100 volumes of "Children's Story of the War" be secured, at a cost of \$150. He stated that two questions on the history of the war will be asked at the coming examinations.

S. Dennison, solicitor for A. F. Rutter, wrote to the committee stating that Mr. Rutter had accepted the explanation in answer to his charges, and that the matter was satisfactorily closed.

Considerable discussion arose over the question as to whether Miss Ada Lemon was to be reinstated. It was decided to retain her at her former status.

In connection with non-resident pupils in attendance at the public schools, Dr. Noble did not think it wise to ask children who are not comfortably dressed to sit in the cold. However, he concluded by saying: "I am willing to give the chief inspector a free hand in this matter just to see what kind of a farce he will make of it."

Christmas holidays will be from Dec. 22 to Jan. 3.

Nothing definite is yet known of what the report contains, but it is believed that it will project many lines running out from the city to meet the hydro-electric radials, which will come to the city limits on private right-of-way. It is understood that the subway idea has been rejected and that all lines will be on the surface.

ESTABLISHED 1872

RATEPAYERS TO VOTE ON BYLAW NEW YEAR'S

Will Board of Education Members Be Elected Annually? is the Question.

It was proposed at the meeting of the controllers yesterday to submit two bylaws to the voters next Jan. 1. One was that members of the board of education be elected annually, and was carried. The other was that St. Clair avenue be extended, making the building of a bridge necessary, the whole to cost \$346,000. This did not carry.

Nervous & Sleepless

Take 2 Tablets at Bedtime and you will arise feeling Refreshed, Bright & Vigorous.

When you feel gloomy and depressed and cannot sleep, suspect your nerves. When you shrink from company and would rather be alone you are losing confidence in yourself, and that can only mean weak nerves. It is not natural to be solitary and unsocial, it shows clearly that vitality has become reduced, and the nervous system correspondingly weakened. But take Dr. Cassell's Tablets for such a condition and you will be astonished at the results, astonished at the bright new health you will gain, at the splendid vigour and vitality they will give you.

Mr. Poole, a business man of 60, Infirmary Road, Sheffield, England, says—"I had lost all confidence in myself, and was actually afraid to meet people. The alertness and activity I had formerly possessed were gone. My digestion was feeble, and sleeplessness was terrible. But when I commenced taking Dr. Cassell's Tablets I soon felt better. Now I am as well and fit as any man of my age."

Dr. Cassell's Tablets are Nutritive, Restorative, Alternative, and Anti-Spasmotic, and of great Therapeutic value in all derangements of the Nerve and Functional Systems in old or young. They are the recognised modern home remedy for Nervous Breakdown, Nerve and Spinal Paralysis, Infantile Paralysis, Rickets, St. Vitus' Dance, Anemia, Sleeplessness, Kidney Disease, Dyspepsia, Stomach Catarrh, Brain Fog, Headache, Palpitation, Wasting Disease, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and during the Critical Periods of Life.

Druggists and Dealers throughout Canada sell Dr. Cassell's Tablets. If not procurable in your city send to the sole agents, Harold F. Ritchie & Co., Ltd., 10, McCaul Street, Toronto; one tube 50 cents, six tubes for the price of five. War Tax Extra, 2 cents per tube.

Sole Proprietors—Dr. Cassell's Co., Ltd., Manchester, Eng.

FRIDAY MORNING, NOV. 26.

The Hydro-Electric Demand for Power.

More power is the present urgent need of the Ontario Hydro-Electric System. A total of 110,000 horsepower is being carried on the transmission lines, and there will be another 10,000 required before Christmas, if reports be true. This means that another source of supply is imperative. Ten years ago a load of 10,000 horsepower looked quite important but Sir Adam Beck has always looked ahead of the immediate demand, and, assured of having a good thing, was determined not to be impeded in expansion by the lack of current.

He has always been ahead of the demand, but at the present it will require considerable impetus to be given to the Ontario Government if the fuel supply is to be maintained. Sir James Whitney always had the profoundest confidence in the power project, and it is certain that if he were in office today there would not be a day's delay longer than necessary to approve and begin the big scheme that Sir Adam has outlined for the production of cheap power for the province otherwise than from the present Niagara installations.

The contract with the Ontario Power Company is already beyond the original limit, and the increased consumption fully justifies the resolve of Sir Adam to get the consent of the people to the development of power from Chippewa Creek, by which water will be diverted from above the falls and conducted by artificial means to points which will afford a head of 500 feet, a height enabling half the amount of water to do the work that would be necessary at the falls proper. The effect upon the falls will be negligible, and various figures are mentioned as to the possible development, up to 600,000 horsepower.

It might be considered in the face of the great success of the hydro system, and its immense popularity, that there would not be the slightest difficulty or a moment's hesitation in getting the hearty approval and consent of the government for this project. It is rumored that even in Ottawa, it is not clear, are not so keen on the power project as Sir James Whitney was. The ministers are all mum on the subject, but there is evidently an obstacle, whether red tape, personal feeling, corporation influence, war economy, or mere amateurishness. Any big corporation with the need for so much power in sight, and the means to supply it, would not hesitate a moment, but would have the engineers hustling to get the thing thru. Up in Queen's Park they deliberate and deliberate, and keep on deliberating, or give the people to understand that they are deliberating.

Ontario has deliberated on the hydro power project for a good many years, and it is the prevailing impression that its government which cannot see what the hydro wants, and get busy in providing it in about ten minutes, has something wrong with its political digestion. We do not think the power commission is unreasonable in asking for a decision even if the completion of the scheme be delayed somewhat by war contingencies. But a great deal of preliminary work could be carried out if the matter was settled and the word given to go ahead. Premier Hearst ought to be "old man" enough by now to give the word for full steam ahead on this development scheme.

Competition for Hydro Radials
 An integral part of the hydro radial scheme for Ontario, upon which so much progress has been made that the eastern municipalities are prepared to pay for their lines, and the western ready to submit bylaws for that purpose, is the radial railway system around Toronto. Various devices have been suggested for getting around the fact that several of the best routes and entrances have already been occupied, the fact is that they still stand as obstacles to the easiest and most economical development of the new hydro radial project.

To get into Toronto is an essential. To fail to get in, or to get in upon too expensive terms, in either case, might

NOT NEARLY SO FIERCE AS HE LOOKS

prove a barrier difficult for the system as a whole to surmount.
 The News yesterday evening talked about competition as the it were an element in the situation scarcely worth regard. It speaks of the Metropolitan line being "left in splendid isolation" by the advent of a hydro radial road. One might as well talk about the Toronto Electric Light Company being left in splendid isolation by the civic hydro system. There can be, and there is, no such thing as splendid isolation when two corporations or systems of any kind are in close and intimate competition with each other. Nor is there any advantage in pretending that such isolation exists. Each party watches the other, as Ald. McBride's cat watches the same alderman's mouse, except that the mouse is in a much less precarious situation than either of the competing parties.

The fact is that public ownership is never at its best except as a monopoly. The Toronto Electric Light system should have been acquired by the city, and the radial roads will make a mistake if they go into competition with existing radials without making some attempt at least to arrive at a real state of "splendid isolation," such as a monopoly only can confer. We are inclined to believe that Sir Adam Beck entertains this view, and there have been rumors of negotiations. No doubt Sir Adam will desire to drive a hard bargain, and no doubt the owners of the radials will be equally keen. It seems unlikely, however, that either party would desire to repeat the experience, on a larger scale, which has attended the competition of the civic hydro and the Toronto Electric business.

We see every advantage to be gained by both parties in getting together, and we see no great obstacle to prevent them setting together. If they fail to do so the development of Toronto, and of the province, for a radius of sixty miles at least, will be considerably retarded. The steam railways around Toronto have absolutely refused to give the suburban services required, which would people the area within twenty miles of the city east and west, with suburban residents as thickly as any of the suburban districts near the great cities of other lands. Absolutely no encouragement is given to such settlement, and the farmers feel the effect of it, and their sons go west.

The owners of the radials around Toronto are also interested in steam roads. Mark Twain advises to put all one's eggs in one basket, and to watch that basket. The steam roads might well occupy the full attention of those who are now partly concerned with radials, and if this view be taken, we see no reason whatever why Sir Adam Beck and Sir William Mackenzie, if he has the controlling interest, should not bet together and effect a settlement in the public interest.

Barking Up the Wrong Tree

To eliminate curvature and reduce gradients between Scranton and Binghamton the Lackawanna Railroad has recently expended \$12,000,000. The Toronto and Ontario Northern has replaced a huge concrete viaduct half a mile long across a valley over which the trains are carried at a height of 240 feet. By this bit of reconstruction the mileage between Buffalo and New York is only reduced by three miles, but by reducing the grade of 1.83 to .88 two locomotives now haul the load between Binghamton and Scranton which formerly required five.

The new bit of line, 29 miles long, built with a stone's throw of the old track, cost, including the viaduct construction, over \$200,000 a mile. What it would cost to make either the Lehigh or the Lackawanna for the entire length a road practically without curvature or grades we do not pretend to say, but we have authority for the statement that several billion dollars could be expended profitably on American railways in the way of replacement or reconstruction. The roads, in short, can materially decrease their operating expenses per ton mile by straightening and leveling their lines.

This leads us to wonder whether some of the recent criticism against railroad construction in Canada is not misdirected, and perhaps mischievous. The dog who barks up the wrong tree does more harm than good. The critic who hurls his assault at the one point which is impregnable can only bring upon himself and his cause disaster.
 Hon. Edward Blake has a good case against the men who diverted the cash and credits given by the Canadian Pacific Railway Company from construction work to stock promotions, but he made a serious mistake when he denounced the enterprise itself as visionary and impracticable. Those who assail the construction of the National Transcontinental Railway may be justified in saying that the road was unnecessary, or that the men who built it got too much money out of it, but they are treading upon dangerous ground.

CANADIAN RESERVE MILITIA PROPOSED

Every Fit Man to Be Asked to Identify Himself With Movement.

Col. Mason, President of Home Bank, is Appointed Chief Organizer.

Colonel Mason, president of the Home Bank, last night announced in the Royal Canadian Institute on University Avenue that efforts will be made to form a Canadian reserve militia. Every available man in the Dominion will be asked to join and the different divisional military areas will be asked to have as many units as possible. The reserve militia will be run on the same basis as the national reserve, but the outbreak of war. At the outbreak of hostilities all the members of the militia reserve volunteered for active service.

Service in the Canadian reserve will be voluntary, and the object of forming it is not only to stimulate recruiting but to have throughout Canada in readiness in case of emergency, what they are liable to be called on active service. All ranks must be physically fit; no one over 45 years of age; no one with a criminal record, or for administrative work, or for administrative work, or for administrative work.

The government will not equip the men, unless called on for active service, but Colonel Mason avers that the organization would look after the outfitting of the men. He also stated that the movement had already created much enthusiasm in the city and he expected that there would be a good turnout of members from his old regiments, the Queen's Own and the Grenadiers. There will be four companies of 250 men in each battalion with a headquarters staff of 15.

INTERESTING LECTURE ON CATHEDRAL BUILDING

Venerable Archdeacon Cody Appeared Before Members of Women's Art Association.

The rooms of the Women's Art Association were crowded Wednesday afternoon to hear and see the illustrated lecture by the Ven. Archdeacon Cody.

The salient features of both the exterior and interior of most of the cathedrals were shown from the architectural, historical and architectural point of view.
 The broad division of church architecture was explained, until at a glance one could tell the classic Roman, the Romanesque, the Gothic pointed, and the English and French cathedrals were contrasted, showing the difference in form, how this came about owing to the use of rural and metropolitan churches.

Dr. Cody showed some beautiful slides of the Rheims Cathedral, also some taken since the war, where the German artillery, if they meant to reach the French forts, showed some very bad gunnery, being in their repeated bombardment of the cathedral over two miles out in their aim.

WOMAN IS ACQUITTED OF CHARGE OF MURDER

PORTSMOUTH, N.H., Nov. 25.—Mrs. Mary A. Burns tonight was found not guilty of the murder of her husband, Frank A. Burns, who was charged with mixing a powerful poison with liquor, which he drank at their home in Nottingham, Dec. 22, 1914. The trial began Nov. 15.

CALL IS ISSUED FOR ARTILLERYMEN

Local Battery Requires One Hundred and Thirty-Eight Men.

GOOD RECRUITING DAY

Seventy-Six Enlistments Yesterday's Total, All Being Accepted.

"Artillery to the front" is a slogan not kept like some in the infantry battalions now at the Exhibition camp, training here 18 months owing to their companies being transferred from one unit to another for a variety of reasons. A draft for artillery has just made openings for 138 for the battery here. One hundred and fifty men will be enlisted to make sure of the complement.

Seventy-four recruits were accepted at the depot yesterday. In addition to the 19 recruits accepted on Wednesday 30 others were rejected for various reasons.

Today will be marked by a shanty fight between two opposing forces from the overseas men in Toronto. The rivals will be the white and blue sections. The white will take up positions early this forenoon in the vicinity of Lesalle and the blues will attempt to dislodge them. Six battalions and the cyclists will take part.

It is expected that Lieut.-Col. Cooper Mason will be given command of the 10th Royal Grenadiers.

Col. Marlow and W. K. George are interesting themselves in the care of returned invalided soldiers who were discharged at Quebec while still requiring medical attention. Several of them are now in the military hospital, College street. The question of pay for such discharged men is in the hands of the Ottawa authorities. At present they are off the pay rolls.

Three New Battalions.
 Col. Leslie has sent an application to Ottawa for authority to raise three new battalions from Grey County, Parry Sound and the Cobalt district. This addition would give this division an overseas strength of 37,138, when all the battalions authorized are enrolled. This is exclusive of five battalions of artillery and other special units. Capt. E. F. Armstrong has been recommended for the command of the proposed Cobalt battalion.

The recruiting plans for the various divisional areas in Ontario, under the order-in-council authorizing an additional 100,000 men are now based on an expectation that the recruiting drive will take about six months to complete.

Capt. H. A. Rose reports that he has secured about 100 recruits for the 98th Battalion. The 97th American Battalion will open an orderly room at the Exhibition Park today.

A fatigue party will move into Barker's 50th Battalion on Monday. The Exhibition parade grounds yesterday morning.

NEW C.P.R. TRAINS PROVE POPULAR—"THE RIDEAU" AND "THE YORK" BETWEEN TORONTO AND OTTAWA.

The new day trains, "The Rideau" and "The York" between Toronto and Ottawa, via the Lake Ontario Shore Line, give the public an opportunity to spend half a day in Toronto by train, returning by the midnight train, necessitating only one night on road.

The route is via "The Lake Ontario Shore Line," passing through Union Station, 1.45 p.m. daily except Sunday, arriving Ottawa (Central Station) 10 p.m.

"The Rideau" leaves Toronto (Union Station) 1.15 p.m. daily except Sunday, arriving Toronto (Union Station) 9.30 p.m.

Equipment is modern in every detail, consisting of first-class coaches, café-parlor cars, library-observation-parlor cars.

Connections from western Ontario points are made at Toronto with "The Rideau."

Particulars on application to Canadian Pacific agents, or write to M. G. Murphy, district passenger agent, 456

BONA FIDE BUYER PRECEDES LIENS

Interesting Decision Favors Man Who Purchased House From Contractor.

RECOVERS PROPERTY

Toronto Woman Gets Back Store Which She Sold in Porcupine.

Judgment dismissing the appeal from the decision of Justice Sutherland awarding H. P. Crocker \$16,015.60 with interest against F. H. Galush and H. W. Acason of Detroit was given out by the second division court of the appellate division at Ospego Hall yesterday. The action was brought by Mrs. Mary Soren, widow of one of the defendants, who had transferred his interest whereby she was some 21 shares in the Walkerville Carriage Goods Company, owned by Galush and Acason.

Mr. Justice Middleton gave judgment whereby G. L. Smith gets possession of the premises at 150 Clarence street from Mrs. Mary Soren under a mortgage. Mrs. Soren is a widow with several children, and her counsel asked that leave be granted her to live in the house thru the winter.

Mr. Justice Middleton said that he could not do that and advised them to see Mr. Smith. Smith is anxious to secure possession of the house, as he is said to be getting in line for the act.

Buyer Has Preference.
 In a decision handed out by the official referee, R. S. Neville in the case of the Sterling Lumber Company against H. B. Jones and others, a bonafide purchaser who buys a property in good faith without notice of any mechanics' liens and registers his deeds holds his property free from such liens, if thereafter even they may be registered within the thirty days required by the act.

Jones built the house, which is on Rosedale avenue, and sold it to the late James Oliver, whose solicitor took a declaration of the owner that there were no claims outstanding against the property. The house was worth some \$6000.

Later lien holders, including the Sterling Lumber Company, the Monarch Brass Company, the Volens Hardware and others brought forward claims totalling some \$700. Mr. Neville has given judgment for the lien holders against Jones, but the Oliver estate is declared to hold the property freed from all liens.

In a judgment handed out by Justice Clute, Mrs. O'Hearn of this city is entitled to recover possession of the store property on Golden square, Victoria cupine, which she sold in 1913 to Mrs. M. E. Friedman of Sudbury at a price fixed at \$1700 and of which \$1100 has been paid. The defendant is held not entitled to recover any of the purchase money she has paid, as there are two years' arrears of taxes and damages to the premises.

An affidavit was filed by the five councillors of Stratford who supported the local option petition for the submission of a bylaw next January. In the affidavit the councillors state that they are willing to submit a bylaw and that the court should make whatever order it sees fit. The next meeting of the council is in Dec. 8 and the last date for advertising the submission of a bylaw is Dec. 11. A mandamus to the council to submit a bylaw is asked. In council the vote was seven to five against the submission of a bylaw.

The first appellate court list for today is: Reaume v. Cook; Piggett v. MacBryne; McIntyre v. Werner and Hughes v. Publishers' Association.

CALM ON FRENCH FRONT NO NEWS TO REPORT

Belgian Batteries Disperse German Groups Southeast of Vicogne Chateau.

PARIS, Nov. 25.—The French official communiqué of tonight says: "There is no important occurrence in the western theatre to report.
 The Belgian official communication reads: 'Except for a short bombardment of Noordschote, the calm along the front has been almost complete. Our batteries dispersed enemy groups in the southeast of the Chateau de Vicogne, in the direction of Sint Graetien, and towards Luichen.'"

ANOTHER AGAINST UNION.

Dovercourt Road Presbyterian Church registered 649 votes against and only 213 for union. Of the 642 voting, 19 members voted against and 202 for; 19 absentees against and 7 for.

THE WEATHER

OBSERVATORY, Toronto, Nov. 25.—(8 p.m.)—A shallow trough of low pressure stretches from Texas to Lake Superior...

SOCIETY

Miss Dorothy York, lady-in-waiting to H. R. H. the Duchess of Cornwall, arrived in Ottawa yesterday after several months' absence in England.

The Perfect Xmas Gift There could be no more perfect Christmas gift than one of the many designs of Heintzman & Co. Art Pianos.

The pleasure it will give will be not only for this Christmas, but for every day for years to come.

Heintzman & Co.

"World's Best Piano" is the piano of permanent tone. Owing to its construction the original exquisite tone does not deteriorate with age.

The design and finish of this great Canadian piano is as beautiful as its tone. There is a style to suit any room—drawing-room, library, sitting-room, den.

EASY TERMS ARRANGED Heintzman Hall, 193-195-197 Yonge St., Toronto

BRITAIN DEPORTING MANY UNDESIRABLES

Underworld of London is Being Cleared Out by Police. PREY UPON OFFICERS Gamblers and Loan Sharks Spread Snares for the Unwary.

LONDON, Nov. 25, 10.17 p.m.—The British police are enforcing with a strong and free hand their power of deporting undesirable aliens.

The reason need be given those deported beyond the statement that they are considered undesirable.

The case attracting the most attention is that of Tod Sloan, the former American jockey, who was arrested a day or two ago on a deportation order from the home secretary.

Every attempt to America and most of those to the continent have away some "undesirable" and the large community of persons who lived flashily without visible means of support is rapidly being eradicated.

HEARING IS HALTED TO LET LITIGANTS WED

Adournment Made to Let Jessie Dumogolsky and Albert Haba Settle.

After having testified in the action brought by Jessie Dumogolsky against Albert Haba for breach of promise and seduction before Mr. Justice Clute in the non-jury assize court yesterday, the plaintiff and defendant, at the suggestion of the judge, were ordered to get married.

The plaintiff, who is 26 years of age and a native of Poland, stated that she met the defendant on the street on Aug. 14, 1914, and was introduced by a friend.

She said she had \$100 at the present time and that Haba had told her once he had \$250 saved up.

The defendant denied the charge of seduction and alleged unfaithfulness on the part of the plaintiff.

LIBERALS TO CONTEST FOUR BY-ELECTIONS

Wish to Run Candidates in Kings, Carleton, Brandon and Lisgar.

OTTAWA, Nov. 25.—In connection with the filling of the seven common vacancies, there is understood to be a difference of opinion between the government and opposition as to whether the non-contest truce should be applied to all of them.

The Liberals are said to be in favor of accepting it in East Hamilton, Prince, P. E. I. and Restigouche, where vacancies were caused by death, but to demand elections in Kings and Carleton, Ont., vacated by Messrs. Foster and Garland owing to revelations in the house, and in Brandon and Lisgar, Man., where Messrs. Aldins and Sharpe resigned to enter provincial politics.

Another point of difference is in connection with an extension of parliament. According to latest information, the government desires a year and a half after the war, and the opposition is not willing to concede more than a year.

RUSSIAN STEAMER GETS AWAY FROM SUBMARINE

Odessa Escapes Pursuer Owing to Superior Speed and Roughness of Sea.

MARSEILLES, Nov. 25.—The Russian freight steamer Odessa arrived here today and reported she had been pursued by a submarine. She escaped owing to her superior speed and the roughness of the sea.

OUTLINES OBJECTS OF DRAMA LEAGUE

Percival Chubb Talks of What It Has Done and Hopes to Do.

REVIVAL OF SHAKSPERE

This is One of Many Aims of Institution of Which He is Head.

"I would like a big Shakesperian celebration. Canada might do something to help make Shakespere immortal."

This is what Percival Chubb, president of the Drama League of America, said to a representative of The World in the course of a very interesting interview shortly after his arrival in Toronto yesterday.

Mr. Chubb is an Englishman who has spent some years in the United States, and has since won a very high place in the literary and dramatic world.

To talk to Mr. Chubb is to know that one is talking to a poet. That is a poet in the broad sense of the word. The sense which means an appreciation of the beautiful, a conception of the things that lead away from the sordidness of life, and direct to the delicate subtle influences which give the world its only true art.

Mr. Chubb is of the direct genial type of Englishman whom the world recognizes at a glance. Medium in height, a figure of the lithe muscular order, pleasant-featured, with a well-formed head, upon which the slightly greying hair grows thickly, a closely-cropped beard, and bright, kindly blue eyes—these are what one notices when speaking with the head of America's Drama League.

A Variety of Objects. "The Drama League has a variety of objects," continued Mr. Chubb, "and it may be looked at from different angles of appreciation. My view is largely educational. The development of the drama should be part of the everyday work of the school."

"In the States this is being accomplished," Harper Bros. have published a book, "Poets and Plays," which is now being used in the normal schools.

"You know, it has been the custom to work children to death to get up a little play. Now this is part of the school work. It is an integral part of the program. In history the play is studied, during sewing-hour the costumes are made.

"Another object of the league is to encourage theatrical patronage, to put out the poor things and encourage the good."

"In doing this, what is your connection with the theatrical people themselves?" was a question to which the answer was:

A Circuit System. "We have a circuit system by which we arrange for visits of stock companies in small places, where but for us they would have no such opportunity. To do this we give a guarantee which gives assured returns to the players. We have now nearly sixty centres, every one of which provides for the places above which junior departments, amateur groups in schools and colleges are being organized."

Henderson is making a study of this and both Harvard and Yale have taken the League is doing real extension work."

Mr. Chubb told of the surprise he experienced when in Fargo, a small place in North Dakota, he found both an exterior and interior theatre.

Such has been the failure of plays that people are now going to make their own. Mr. Chubb acknowledged that there is much experimental work to be done. At monthly readings held in his own town, he sometimes reads for the first time, and sometimes the characters in the plot, and the arrangement of those who take part is done in so simple and take part manner, that one can easily conceive of it developing into the real work of a play.

Native of Devonshire. Brought up in Devonshire, which is steeped in old English folk-lore, one is not surprised to find Mr. Chubb permeated with its tradition and literature.

"I had my little theatre and marriage and I led a minstrel show when I was 10 years old," he tells you, laughing at the memory of his early happiness. "And I'm going to have the boys and girls in America do what I did in England. Fitzburg is giving scholarships to young men and girls who will learn and teach the folk-dances. In the ethical school of New York, the boys and girls now are singing the old songs we sang in Devonshire."

The first of May is Flora Day. "Can you dance the Flora?" Ben Green's work. Ben Green and what he has done for the preservation of Shakesperian drama, received enthusiastic appreciation.

The poor fellow is now eading his heart out, because he is all tied up in his little village on account of the war."

Summing up, Mr. Chubb said: "I hope to see the Drama League a nation-wide movement which would give a knock-out to the awful stuff we are now getting, and make Shakespere live again for the people. The movement here, of course, many ramifications, but it leads out to things which I believe contain salvation."

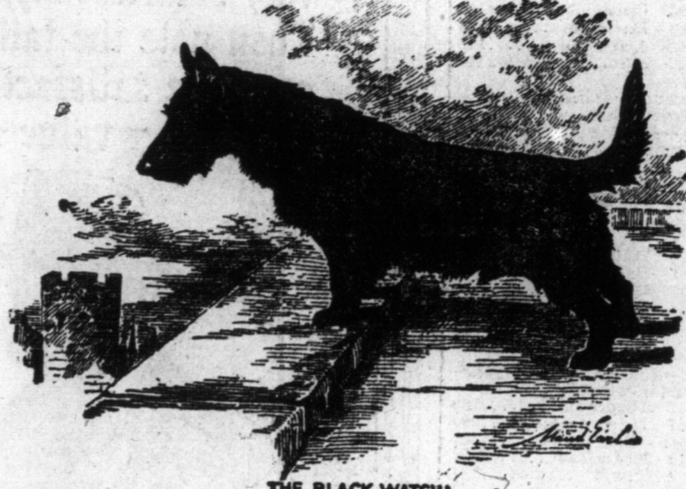

That the Dominion has made some progress along this line was good news for Toronto's visitor, when he was informed that Canada's national theatre had just been opened in Ottawa, and that Canada has something to which even England is not able to boast—government support of the drama.

NEW RUSSIAN LOAN IN U. S.

NEW YORK, Nov. 25.—Representatives of a group of Russian banks are negotiating with bankers here for a new credit to the amount of \$80,000,000 to be used to pay for Russian purchases in the United States. The Russian Government has this year borrowed \$200,000,000 from American banks. The new proposal is to secure the new credit by the pledge of Russian Government bonds and the guarantee of the Russian Government.

UNITED STATES WANTS GENERAL AMATEUR RULE

To Govern Athletics, Rowing, Lacrosse, Golf, Tennis and Other Games.

NEW YORK, Nov. 25.—Details of the proposed meeting of all the amateur sport governing bodies of the United States, to be held for the purpose of reaching a mutual understanding relative to the amateur status of competitors are progressing to the complete satisfaction of the originators of the idea. The conference will be held in New York on Monday, Dec. 27, and will be attended by delegates from almost all the recognized sports organizations of the collegiate and amateur world.

Invitations have been extended by the Intercollegiate Association of Amateur Athletes of America to the following organizations: Amateur Athletic Union, National Collegiate Athletic Association, National Association of Amateur Organizers, United States National Lawn Tennis Association, United States Golf Association, United States Intercollegiate Lacrosse League, American Amateur Hockey League, United States Polo Association and several other kindred bodies.

The conference will precede the annual meeting of the National Collegiate Athletic Association, to be held on Dec. 28, with the purpose of obtaining the attendance of a number of prominent collegiate athletic authorities who will be present at the N.C.A.A. gathering. It is proposed to have an open discussion of amateurism in all its phases, and the conference may be the opening wedge of a national sport governing clearing house. In discussing the coming meeting a well-known authority said:

"The idea of the proposed conference has, it appears to me, been misunderstood. It is not our idea to post the adoption of a blanket amateur rule which will fit the needs of all the sport governing bodies of the country."

MEN WHO ENLIST NEEDED AT HOME

Australian Singer Advises Action to Make Those Not Recruited Join Colors.

HELP PATRIOTIC FUND Keith Wood, on Way to New York, May Give Assistance to Toronto Societies.

Keith Wood, the famous Australian singer, is in the city en route to New York, where he has a number of professional engagements. He is accompanied by Archibald Sullivan, son of the late bishop of Algoma, and one of the most promising of Canadian poets. Seen at the King Edward Hotel yesterday both gentlemen talked interestingly of Australia and the distinguished part she has taken in the present war.

"Nearly every man in Australia," Mr. Wood observed, "is ready to go to the front. The one thing needed is to clean up the corners. We have a number of young men in our country with no visible means support, who are always in evidence at the race course, and they are the men who could best be spared at this time. Many men are going who really are badly needed at home. The generosity of our people is something marvelous. The small city of Newcastle, N.S.W. where I live, with only 50,000 people, raised \$150,000 in one day for the patriotic fund."

Little Americanization. Asked about his first impression of Canada, Mr. Wood said that he saw little sign of the "Americanization" of the Dominion, so often discussed in other parts of the empire.

"I think," he said, "that eastern Australia is more like the United States."

Mr. Sullivan, who has been in Australia the past year, said that the great subscriptions to patriotic funds in Australia had been due in no small measure to Mr. Wood, who ever since the war commenced, had given his services gratis to various patriotic organizations.

"Mr. Wood," he continued, "is now compelled to fill some engagements in the United States, but we will be here for two or three weeks in the meantime, and I have no doubt that he will be glad to continue in Toronto the noble work he has been doing in Australia."

REMOVAL OF DUTIES ON BUTTER AND EGGS

Montreal Chamber of Commerce Takes Question Under Consideration.

MONTREAL, Nov. 25.—The Montreal Chamber of Commerce is considering taking action with other bodies in Canada to appeal to the federal government to remove from the tariff the duties on butter and eggs imported into Canada, with a view of having cheaper prices for the consumer.

TEHRAN STILL CAPITAL.

TEHRAN, via London, Nov. 25.—The Persian Government in official notes has informed the British and Russian ministers that the projected transfer of the capital has been abandoned owing to the restoration of friendly relations between Russia and Persia.

NEW ITALIAN WAR TAXES.

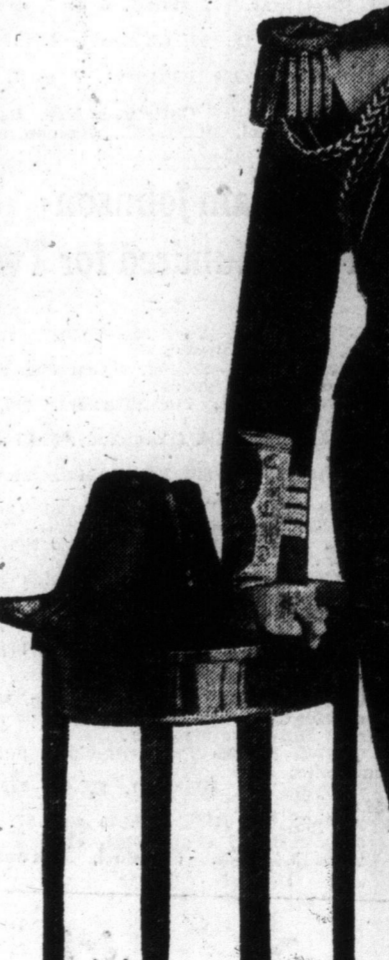

ROME, Nov. 25.—New taxes have been imposed for the duration of the war on papers and bicycles and upon the manufacture of matches and salt, while certain exemptions which hitherto have been in effect have been abrogated.

C.P.R. OFFICIALS AT ST. JOHN.

ST. JOHN, N.B., Nov. 25.—In private cars attached to the Atlantic express today George Bury, vice-president, and A.

DELUGED OUR KING

with orders from out-of-town readers, The World will endeavor to fill at the earliest possible moment the orders received for the fine copyrighted engraving of

This really excellent picture of His Majesty, engraved, in seven colors, mounted on a mat 21 x 14 inches, is proving popular frame will form no mean ornament on the walls of any home—be it rich or poor. The publishers prepared this splendid picture for a special order to be sold at \$1.00 each, but for patriotic reasons desired to give it wider circulation, and so invited The World to distribute it on their popular coupon plan. These pictures may be obtained by World readers for 21c and one coupon. The supply is limited. Consequently the offer will be withdrawn when the present supply is exhausted.

WORLD READERS

should take advantage of this opportunity to obtain a true picture of Great Britain's great constitutional ruler, for every home should have one as a symbol of loyalty to the empire, of which Canada forms such a splendid part.

SIX THOUSAND BOTTLES OF LIQUOR WERE SEIZED

Provincial Officers Were Busy in Windsor Yesterday.
Ontario liquor license inspectors seized 6164 bottles of liquor from the premises of John McTavish in Windsor yesterday, which is the biggest haul in the history of the county. McTavish is an agent for a Berlin brewery, and the Ontario License Board had for some time been receiving information to the effect that he was selling large quantities of liquor without license.

MISSING CREW OF TARA REPORTED AT EL AZIAT

Men All Well, News Received by British Admiralty on Tripoli Coast.
LONDON, Nov. 25.—Word was received today of the missing crew of the British boarding steamer Tara, in the Mediterranean by a submarine. It was announced recently that the crew had been unable to reach the Egyptian coast, and it had been long since after landing at an unnamed point in North Africa. Today's announcement from the admiralty follows:
News has been received that Capt. G. W. Williams and the rest of the survivors of the crew, were seen at El Aziat, two days west of the Gulf of Sullum (at the border between Egypt and Tripoli). All is well.

ST. KITTO CLUB IN LINE.
