BULLETIN No. 161.

FERTILIZERS AS SOLD.

OTTAWA, September 3, 1908.

W. J. GERALD, Esq.,
Deputy Minister of Inland Revenue.

SIR,—I have the honour to transmit a report upon 119 samples of Agricultural Fertilizers collected by our Inspectors in the various districts of Canada.

The usual difficulties have been found in identifying these fertilizers with registered brands. While much might be done by greater care on the part of dealers who handle these goods, and of our inspectors who purchase them for analysis, I am convinced that until a more rational method of registration is enforced, the difficulty of identifying the article as sold, will continue. This state of things is quite evidently disadvantageous to the purchaser of the fertilizer; and practically deprives him of legal redress.

Fifteen samples appear to represent unregistered brands. Six others are provisionally identified with registered standards, but the identification is doubtfully correct. Ninety-seven samples are apparently equal in value to the standard sample submitted under Sec. 3 of the Fertilizers Act, or to the guaranteed value, or within reasonable limits of such guarantee.

Three (3) samples shew decided deficiency in fertilizing contents, not equalized in values by excess in other contents. These samples are;—

| No. 31282 | deficiency of about 3 per cent potash |
| 29719 | " " " 2 " " |
| 34300 | " " " 2½ " phosphoric acid |

In an appendix to this Bulletin I have arranged 18 samples of Standard Fertilizers, as placed on sale this year, but forwarded to the Department too late to appear in the regular standard list, as printed in Bulletin No. 151, of April last.

I would respectfully draw attention to the need of improvement in our Fertilizer legislation; and I trust that the Bill which received first and second readings, in the Senate, in July last, will become law, and go far to render our check upon fertilizers as sold in Canada, a real safe-guarding of the purchaser.

I beg to recommend the publication of this report as Bulletin No. 161.

I have the honour to be, Sir,
Your obedient servant,

A. MCGILL,
Chief Analyst.
