SECOND MAN IS DEAD MARTYRS TO SCIENCE

Victims of Explosion Were Using a New Compound—Written in Power Matter.

HAMILTON, July 20.—(Special.)—The issue of an injunction to restrain the city from entering into a contract with the Cataract Power Co., by the bylaws passed on Friday night, has caused the aldermen who were so zealous for the company's interests to feel that they are not yet out of the woods. The bylaw has not been signed by Mayor Stewart yet, as it has not been engrossed, but in view of the action that has been begun it will make little difference whether or not he signs it. In the meanwhile, The some people have had the impudence to criticize the mayor's action in refusing to vacate the chair, a number of ratabeyers have commended his worship's action, and even some of the Cataract aldermen feel ashamed of the attempt that was made.

Magistrate Jeffs remanded J. W. D. McKeand, charged with obtaining money under false pretences, until tomorrow. It is thought that another charge of the same nature will be laid against McKeand. "Policy Bill" Austen was committed to trial on the charge of obtaining some stock certificates under false pretences.

Second Man Dead. The inquest to-night on the death of James Surick, one of the men fatally injured in the explosion at Doolittle & Wilcox's stone quarry, near Dundas, revealed the fact that Surick and Bert Green, the other man injured, who died to-day, were martyrs to science. They were using a strong explosive invented by Green and known as "Grenite." None of the witnesses called at the enquiry to-night could throw any light on the mishap. Surick and Green were the only two near the scene of the accident and anti-mortem statements were not secured from them. Foreman Niblock testified that the men were using Grenite. The jury brought in a verdict that Surick came to his death while in the discharge of his duty, and that they could not attach blame to anyone. It has not been decided yet whether there will be an inquest on the death of Green, who died yesterday. William Addis, 95 North Caroline-street, had a couple of fingers amputated at the city hospital this afternoon.

At Osogode Hall, Toronto, yesterday, James Smith issued a writ against the City of Hamilton, the Hamilton Cataract Power, Light and Traction Company to have it declared "that the corporation of the said city have no power to pass a certain by-law (No. 775), to wit: A bylaw purporting to have been passed on the 17th July, 1908, purporting to authorize the entering into of a contract between the said city and the defendant company with respect to the purchase of electric energy by the said city from the said company as herein set forth and to have said agreement declared ultra vires, and for an injunction."

Now open for visitors. Complete new building, home comforts, very central. Excellent cuisine. Terms \$1.50. Geo. Midwinter, phone 3425. Skedden & Son, Painters, Decorators, Paperhangers, 185 King-street W. Corner Barton and Catherine-streets, Hamilton, modern and strictly first-class. Rates \$1.50 to \$2 per day. Phone 1165.

FREE ILLUSTRATED LECTURE. Some Well-Known Birds, Their Habits and Economic Functions. On Friday evening, July 24, a lecture will be given in Convocation Hall, University Buildings, being one of the free public evening lectures in connection with the summer session of the University of Toronto.

The lecturer on this occasion, Mr. Audubon Society of New York. These slides are taken from photographs and have been colored by the best artists obtainable. The birds selected are those best known on the North American continent, and some of them do not visit Canada.

THE AUTO ROAD MAP. Radford's Automobile Road Map is carefully compiled from authentic data, clearly defining all roads capable of being used for motoring. It takes in from Montreal to Detroit, Mich., and from North Bay, Lake Nipissing, to Buffalo, N.Y. It shows 6000 miles of good roads and every city, town and village is distinctly marked. It is mounted on good linen and convenient in size.

It is indexed in alphabetical order. The secretary of all auto clubs should have one on file.

Penetang and Georgian Bay Points. Famous tourist resorts are made easily accessible by the excellent service of the Grand Trunk Railway System. The fast train leaving Toronto 12:01 noon, daily except Sunday, has through Pullman parlor cars to Penetang, where connection is made with steamer for Parry Sound and principal Georgian Bay ports. Full information at city office, northwest corner King and Yonge-streets.

ENTRANCE EXAM RESULTS.

Only 61 Per Cent. of the Candidates Are Successful. The collegiate entrance examination results were announced yesterday. They show that nearly 40 per cent. of the candidates failed. Fifteen hundred and fifty-five students wrote at the six centres (Harbord, Jarvis, Parkdale, Riverdale, Technical, H. S. and De La Salle), of whom 957 passed, or 61.5 per cent. There were 182 candidates at De La Salle separate school, of whom 140 passed, or 76.9 per cent, while the percentage at the other five averaged 59.4 per cent.

THRILLING RIDE THRU TUNNEL

Midland, Ontario, Man Injured in New York. NEW YORK, July 20.—Unconscious and dying, from a fractured skull, Joseph Murphy, 30 years old, of Midland, Ontario, to-day was held dangling from the roof of the fast mail train of the New York Central Road for almost two miles thru the Park-avenue tunnel by three companions who risked their own lives to save him from instant death.

COAL WILL LAST 490 YEARS

U.S. Official Estimates 127,000,000,000 Short Tons Still Remain in Fields. WASHINGTON, D.C., July 20.—That the coal originally in the Pennsylvania anthracite fields aggregated 21,000,000,000 short tons, and in the bituminous fields 112,074,000,000 short tons, leaving still in the ground 17,000,000,000 short tons of anthracite and about 110,000,000 of bituminous, is the estimate of the situation reported by H. R. Campbell, survey of the United States Geological Survey.

THE JOURNALIST.

What is a hero in this modern age? No longer crowned with laurels are kings; The mighty warriors that old Homer live but in the deathless page. This is no time for prophet, seer, or sage; The tribute of a dream art vainly brings— For souls in thrall to earth's material things. No oracle or idler can engage. The hero of the conquest of to-day Is he who grasps the moment as it flies.

The arbiter thru strife and failure wise, Protagonist of all life's moving play— The knight who curbs the wild barbaric Real. And breaks it to the fight for the Ideal. —Henry Thyrrell in N. W. World.

NOTE AND COMMENT

Mike Kelley is still manager of the Toronto Baseball Club, and whether the fans like the replacement or not is a matter that concerns their own feelings.

The trio of errors chalked up against Captain Schafly of the Leafs yesterday just show how bad a good ball player can be at times, especially if they have not had a game for four days; and this just about accounts for the downfall of the Leafs on their homecoming.

Joseph P. Downey, M.L.A., himself a three baseball fan, will support the Toronto Club's complaint against the fat detective who insisted on entering the grounds in his official capacity without displaying his tag.

Here's to Canada's champion sprinter, Bobbie Kerr! May he score the points for the Dominion. Canadians little know how near they were to losing the athlete who now holds the lightning in England.

It was less than a week ago that the Toronto baseball team were on their way to Columbus, Bobbie Kerr in the train at Hamilton, and was saying to several of the party in the coach, when the train commenced to pull out, Bobbie jumped off, but there were two tracks between the ball team and the platform.

Regardless of the weeping and wailing of one Jim Sullivan, the professional booster of Uncle Sam's Amateur Athletic Union, some members of the Yankee team have the manliness to speak well of their hosts, the gentlemen of the British Olympic committee, who have a reputation for fairness that will live long after the close of the dual career of the boss who is equally at home in the C.I.U. or drumming alleged sporting goods.

For instance, John J. Flanagan, who won the hammer throw for the United States, says: "I am delighted by the manner in which the Olympic committee conducted it. It is a pleasure to compete here, there is no such scrupulous fairness, and they will be tried for the judges of the Olympics. It is a fair field and no favor."

The Ferry Company were still paying out a hotbed of criticism, and the man who could not forgive the Capitals and Tecumsehs for the Saturday fiasco. It was generally held that the Capitals were the villains, the President Thompson of the Lacrosse Union for their share of the blame. So probably the most of the 7000 lacrosse fans who suffered will be glad to see the Capitals penalized a point according to precedent.

The Montreal Gazette points out that Tecumsehs and Capitals are liable to be charged with a loss each, as was done in 1906 for their calling a match a draw before darkness set in.

At a meeting of the N.L.U., held in the Windsor Hotel on the evening of Monday, Sept. 17, 1906, the following motion was carried: That the meeting of the N.L.U. be held on the championship table of that season.

If the Capitals and Tecumsehs are charged with the loss of one game each, on account of their having violated the rules by calling a match a draw before darkness intervened, and that Montreal and Cornwall will be charged with a loss each, and that National and Tecumsehs will play in Toronto on Sept. 22; Montreal or Toronto will be the winners, and Tecumsehs, should they be the winners, to play home and home with the Capitals.

If the Capitals and Tecumsehs are charged with the loss of a game for not playing the game, and that the reason why they should not suffer the same penalty in 1906, for an even more flagrant violation of the rules.

The president is there, and even if President Thompson did agree on Saturday to allow them to play an exhibition game, there is no rule giving him that authority.

Argonauts' Mid-Summer Regatta. The mid-summer regatta of the Argonauts Rowing Club will take place on Saturday, Aug. 1, and judging by the manner in which the list for those wishing to take part is filling up, there is no doubt about the regatta being a huge success. The crews will be made up to-morrow evening, and members wishing to row are requested to enter their number at once.

Bike Races To-Morrow. The racing board of the C.W.A. have issued a sanction to the Butcher's Association to hold a two-mile handicap bicycle race at their pylon at the exhibition track on Wednesday afternoon, July 22.

Woodward Will Referee. The teachers who are examining papers at the Normal School played a friendly game at Bushong's last night, and the bowlers winning by 11 to 65 scores: R. Howells, 11; W. Taylor, sk. 11; W.H. Stevens, sk. 17; R. Read, sk. 15; J.W. Gibson, sk. 19; L. Hahn, sk. 17; D. Wells, sk. 19; L. Hahn, sk. 17; J.A. Bailey, sk. 23; D. Forsyth, sk. 11.

How Pins and Needles Won. Pins and Needles proved a surprise when she easily won the handicap, 11-19 miles, with Zienap second and Spooner third. Spooner had no chance with the start. He was turned sideways when the barrier was sprung, and was nearly left. Zienap and Pins and Needles were the early pacemakers. In the stretch Pins and Needles easily drew away and won by five lengths. Time—1:12.45.

DOMINION AMMUNITION

Leafs Lose to Newark by 4-2

Winners Play Snappy Ball

Errors Cause of Torontos' Downfall - Rochester, Buffalo and Baltimore Win Their Games.

Big Chief Stallings and his band of warriors had on their warpath yesterday, being on the warpath from batter up till bugle call, and as the Leafs were caught asleep at the switch on several occasions the visitors annexed the first game of the series by a score of 4-2.

The first business when you mix errors with hits, especially when the base-runners are on their toes all the time. This was what happened yesterday, the Leafs having the sins of omission, the majority falling to our ever-reliable pilot, Schafly.

The visitors played a peppery game of ball, while on the other hand the Leafs were groggy, but this can be explained as it was their first game since Thursday. Catches by Wiedy, Caffyn and Engle were some of the features.

If looked like a pipe for the Leafs when they scored two in the first, the locals connecting freely with Muller's offerings, but after this the youngster laid the locals safe. According to statistics, McGinley had the better of the argument, but the error column tells the tale.

The Leafs scored two in the first and it is remarked that this scoring in the first innings has proved a bad omen. However, yesterday Caffyn made a life on Schafly's error, while Getman beat out a bunt, Cookman flew out, but Wiedy singled, scoring Caffyn, while Schafly's single brought in Getman. Engle also only to single on his next three performances. Frick fled out.

The visitors scored one in the third. Malling singled, and was going to a peg from home on Muller's infield out. Devore was passed up, and immediately made straight-way for second. McGinley dropped McGinley's throw, Malling scoring.

Two more were counted in the fourth. McGinley and Engle singled, while Sharpe drove a grounder at Schafly, who fumbled, when it looked an easy double. Mullen forced Sharpe, McIlveen scored, Engle and Mullen pulled off a double steal, former scoring. The visitors annexed their last in the seventh. Malling got a life on Schafly's error, and was sacrificed, scoring on Mullen's single, and this ended the run-getting. Scores:

Sebert second, Canada third. Time 11 1-5.

The Canadian rowmen were all on the river at Henley this morning. The eight, four and pair are getting more used to their boats.

Scholes has decided to row in the boat he brought from Canada. The new Clasper boat is a beauty, but he thought he could not get used to it in time. Scholes and Bowler look as good as any of the scullers here.

The boys are all in good health and spirits. The eight rowed a sprint of 30 strokes in two minutes. Scholes and Bowler rowed over the full course, but no time was taken.

The Canadian scullers, Lou Scholes and Walter Bowler, are a long paddle from Hambleton this morning. At Fawley Scholes was picked up by a German sculler, the latter easily keeping ahead.

Experts who watch them train say that Simpson and Lawson are getting better every day. The others are all in good shape. Longboat is expected to reach London to-morrow from Ireland.

Art Burn is a better man than was considered. The Olympic officials are much annoyed at James E. Sullivan's talk of protesting the Indian.

Young, the Canadian bicycle rider, received a special medal for meritorious performance for pacing the Englishman to victory in the 62-mile race. He was publicly toasted at the official banquet.

BERLIN WINS AND LOSES.

Beats Owen Sound 3 to 0, Hat Behind One Goal on the Final Round. BERLIN, July 20.—(Special.)—The final game for the Western League intermediate football championship, played here this evening, was a hard fought one. Berlin, was one of the most exciting seen here in years, and also Berlin won this event by 3 to 0, having won 4 to 0 at home, captured the cup. All the goals were scored in the first half, when Berlin, over the visitors, and it looked as if the Dutchmen would easily tally off away to win the round, but they fell away badly in the second period.

The Dutchmen had a couple of close shaves. The ball went in, in fact, on one occasion, but Arno did it with his head, and after cheering, rosters to their disgust, said the ball placed "for a foul, and in the few moments remaining before the end of the match, they could not negotiate another counter. Forty Yachts Start in Six Inter-Lake Association Races and Spectacle is Described as Grand.

PUT-IN-BAY, Ohio, July 20.—(Special.)—The annual regatta of the Inter-Lake Yachting Association opened most auspiciously here to-day. The first race was sailed over a triangular course three nautical miles to a leg, with a wind blowing from eight to ten miles an hour. Forty-four yachts started in the six classes to-day and as they stood off on the first leg and approached the flag for the first turn experience yachtsmen declared the race to be one of the largest and greatest ever held at Put-in-Bay. Thousands of visitors attended from various lake ports and all eyes were centred on the Canadian skippers and the crack race Spry of Chicago as was expected the Toronto yachtsmen got away with both the class A and B events in good shape, but it was more good luck than anything else that won them the first. In this race the Shark of Toledo, owned by Commodore Craig, made her debut as a racing craft on Lake Erie waters, and her remarkable fast showing was a distinct surprise to all, including her owners, and from this point on the Toledo racer will have to be figured on as a serious contender for first honours in the class A events.

The Zoraya of Toronto was the first boat across the line, closely followed by the Shark, who soon overtook and passed the Canadian racer. At the end of the first leg the Toledo boat had secured a substantial lead, which it succeeded in keeping until the start for home, when the Zoraya succeeded in getting over into a puff of wind and immediately began to steadily gain on the American yacht. Slowly but surely the Zoraya kept gaining and by the clever tactics of her skipper kept in the pathway of the wind, while the Shark was powerless and after the Toledo yacht crossed the line ahead of the Zoraya, the Toronto racer was awarded the first place on time allowance by ten minutes.

QUEBEC TRICENTENARY.

In one of the addresses delivered by the Archbishop of Canterbury during his visit to Canada he referred to the advantage Canadians have in being able to trace and know the origins of their national life and civilization.

The philosophy of history reveals the action of a Providence that shapes the ends of nations as of men, though how them as they may. Strange indeed and speaking enough is the fact that the conclusion of the long struggle between France and Britain no sooner came than there followed the disruption of the New England States and the rise of a great independent English-speaking people.

Britain, France and the United States have each had to accept a measure of disillusionment regarding their position in North America. France dreamed of an empire—it was shattered on the Plains of Abraham.

THE DIGNITY OF JOURNALISM. The mantle of George Brown, first great Canadian Journalist, has left the earth. It is only seen as a wandering cloud high in the empyrean of patriotism.

WITNESS WAS INSULTED. Inspector Archibald wanted to know too much into speeding case. Geo. Penfold, chauffeur for Wm. Mackenzie, was fined \$10 and costs for speeding in Church-street between Carlton and Bloor.

WAR IN EUROPE MEANS VERITABLE ORGY OF BLOOD

Loss to Each Power Engaged Would Be 900,000 Dead and Wounded, German Figures.

BERLIN, July 20.—The bellicose section of the public, including the fire eaters of the army, have been rather taken aback by a bulletin issued by the general staff on the authority of Gen. Blume as to the probable cost of a modern European war.

Incidentally Gen. Blume expresses the opinion that the loss of life would be heavier than in the recent Russo-Japanese war, when 20 per cent. of the Japanese army in the field were killed or wounded.

NOW IS TIME TO BUILD SAYS DETECTIVE GREER BUNGLED BARTON CASE

Brick is Cheaper Than it Was a Year Ago—Materials Cost Less.

Now is the time to build, according to Industrial Canada, organ of the Canadian Manufacturers' Association. The cost of building, this journal says, has increased materially since this time last year.

Lumber Prices Down. Lumber has also shown a noticeable reduction, though not so much as brick. A year ago brick cost \$12 per 1000; now it can be procured at \$8 per 1000. This represents a decline of over 30 per cent.

W. J. Wells of 15 Leuty-avenue, signing himself "The Ontario People's Detective," is reviving the Barton murder affair.

Mr. Wells, who was once connected with the provincial department, did some work as a "free lance" in attempting to solve the mystery of the shooting of the unknown woman whose body was found on Hamilton mountain. He got results which he says would have proven a great deal more successful if he had received the assistance from the Ontario criminal investigation department that his efforts merited.

His now states that he has documentary evidence to show these things: (1) That the murder occurred on Oct. 9, 1905.

On Feb. 3, 1906, Policeman Greer asked for, and had, an interview with the writer. He then learned how and where the writer had found the information he (Greer) was seeking, and bargained on the same date to take it over.

On Feb. 7, 1906, four days after the interview with the writer, Policeman Greer is quoted in an interview with "The Ontario Times," that the manufacturer and retailer of "Foot-Queen" shoes had not been found.

On Feb. 14, 1906, Policeman Greer issued his circular letter as enclosed, asking for information he knew had already been found, and while his circular letters are in the hands of the manufacturer and retailer of "Foot-Queen" shoes had not been found.

W. J. Wells of 15 Leuty-avenue, signing himself "The Ontario People's Detective," is reviving the Barton murder affair.

Mr. Wells, who was once connected with the provincial department, did some work as a "free lance" in attempting to solve the mystery of the shooting of the unknown woman whose body was found on Hamilton mountain. He got results which he says would have proven a great deal more successful if he had received the assistance from the Ontario criminal investigation department that his efforts merited.

FARMER THREATENED BY THE "BLACK HAND" Niagara Peninsula Resident Asked to Pay \$500 Under Pain of Death and Danage.

ST. CATHARINES, July 20.—(Special).—A. Sylvain, one of the leading fruit growers of Louth Township, near St. Catharines, has received a letter signed "Black Hand," demanding that he should place the sum of \$500 in a spot named, near the Rubber Works, Fort Dalhousie.

If he does not comply with the writer's demands, the letter states that his residence and family will be destroyed and family murdered.

Mr. Sylvain takes the matter seriously, and does not consider it in the least a joke. High Constable Boyle is at work on the case and visited the place named last night, but found no trace of the writer, and he is better acquainted with the territory.

The writing is of vertical kind, and has created quite a sensation in the vicinity of the Sylvain home.

STRAFORD POWER CONTRACT Will Be Submitted to People—New City Engineer.

STRAFORD, July 20.—(Special).—The city council to-night decided to have a bylaw submitted to the ratepayers, authorizing the signing of the Niagara power contract in its present form.

This bylaw will be submitted, along with two others providing for extraordinary expenditure and for cleaning up Victoria Lake and the erection of a new concrete dam.

Mellis Ferguson of Kingston was appointed city engineer at a salary of \$1200. The appointment was vigorously opposed by Ald. Savage and Ald. Roberts, who sought the appointment of Mr. Roberts of Toronto.

ROJESTVENSKY IS DEAD. Unfortunate Russ Admiral Victim of Heart Trouble.

BADNACHHEIM, Germany, July 20.—Vice-Admiral Rojestvensky, who commanded the ill-fated Russian fleet, which was annihilated by the Japanese in the Sea of Japan in May, 1905, died here last night from heart trouble.

It is believed that the heart affection resulted from injuries received by Admiral Rojestvensky in the battle of the Sea of Japan.

SHERIFF EXONERATES WON'T HAPPEN AGAIN

Precautions to Be Taken to Prevent Another Jail Break—Fugitives Still Free.

"If it were not so serious a matter that escape might be considered a good thing in that it points out several features that may be remedied," said Governor Chambers last night, speaking for execution will be taken at the jail since the flight of the seven Friday last.

"It is a bit like looking the stable after the steed has flown," he continued. "All prisoners have been taken out of corridor No. 8 from which the escape was made, and the doorways leading into the built-up chamber used for execution have been bricked in, even with the corridor walls on all three floors where they are at present open. This brickwork will be taken out should it be necessary to use the chamber, but executions are so infrequent that this plan has been decided upon.

"In the present condition of the doors, which are thin, being made of iron, are on the outside of the wall thickness, so that men might stand in the front and back and be actually observed unless the guard actually entered the corridor and walked to a point opposite the doorways of which there are two in each of the three corridors."

Sheriff Movat was in the city yesterday, coming down from Huntsville, where he is spending his holidays. He made an examination of the corridor, from which the men escaped, and it was after consultation with him that Governor Chambers decided upon the changes to be made.

Sheriff Movat declared that he placed no blame upon any jail official for the escape, charging it to the defective nature of the building. He returned to Huntsville last night leaving the placed on his office at the city hall, and after 1 o'clock left on Thursday.

A steady stream of reports has been pouring in to the city and county police, and to the sheriff, from persons who declare with varied degrees of certainty that they have seen one or more of the fugitives.

Detective Greer wired from Barrie yesterday that the three men arrested in a box car there Sunday night were not of the party.

COMPROMISE BANK SUIT. Directors of Bank of Yarmouth to Return \$20,000.

YARMOUTH, N.S., July 20.—(Special).—An application will be made to the court to approve of a compromise of the action brought by the shareholders against the directors of the Bank of Yarmouth.

The compromise agreed upon by Mr. Stavert and directors is \$20,000. The supreme court ordered the directors to pay all losses to the bank by reason of Reddings' failure from Aug. 17, 1904, until the bank suspended; also the dividend paid on Feb. 1, 1905, amounting to \$100,000.

The accounts were referred to B. A. Weston as special referee. The directors appealed to the privy council, and this incident closes the matter, as it is likely the court will approve of any settlement recommended by the liquidator.

Negotiations for the settlement have been going on since the court decision, and the liquidator has had the accounts taken to enable him to make his recommendation to the court.

NO DISPLAY AFTER ALL. Ottawa Troops Detained an All for Nothing.

OTTAWA, July 20.—(Special).—The Governor-General's Foot Guards left to-night for Quebec. They were an army body of men for three months, but they have been ordered out of a day in the Ancient Capital. The Guards were to have gone last night, but owing to the delay in the prorogation of parliament they were ordered to remain to furnish a guard of honor for the closing ceremony. Accordingly, the Guard assembled at the drill hall to-day only to be informed that their services would not be required. The Princess Louise Dragoon Guards and the firing party received a similar notice.

Ottawa dearly loves the little military displays which accompany the parliamentary ceremonies, and had not much enamored of the democracy of Sir Charles Fitzpatrick, who was deputy governor-general to-day.

Sir Wilfrid Laurier left to-day for Quebec.

A PLEASANT TRIP. Take the Turbulin to Hamilton at 11 a.m. and return at 4.15 p.m. for 50c. Get dinner on the boat.

Present Trip Only Take a Preliminary Glance at Toronto Problem.

Allan Hazen of New York, the eminent New York engineer, who is here in connection with the city's filtration scheme, was interviewed by The World at the King Edward Hotel last night.

The distinguished bacteriologist expert is a tall, spare man of light complexion, in the prime of life. His speech is pleasant and thoughtful, with a distinct and apparently habitual note of reserve. Mr. Hazen said that although he had spent the day in making enquiries, including a trip to the island, he had hardly started, much less completed his investigation. He was not in a position to state how long a preliminary investigation would take. He was here this time to take a brief preliminary glance, but would return at an early date to complete his study of the Toronto situation.

FANATICS IN THE WEST FOR WHIPPING AND STARVING

Mounted Police Prepare to Capture One Crowd While Others Decline to Partake of Food.

BINSBARTH, Man., July 20.—(Special).—The fanatics under James Sharpe are en route to Harrowby and Saskatchewan boundary, marching steadily, arms ever ready. They cheer themselves with hymns, all from the youngest to the leader, singing.

To-day they entertained Inspector Junget, who joined them incognito in plain clothes, and the marcher's attention Agent Speers. The officials were greeted as brothers, and trudged several miles with the band, conversing and chatting in the most friendly manner. The inspector endeavored to persuade Virgin Mary to lay down arms but she shouted: "Never, never, never. We will die first. Yes, die, die, die." We will die first. Yes, die, die, die.

The police will singly join the fanatics in the neighborhood of Harrowby. Things are not repelled, and, after marching with them a while, will pounce each on a man or woman and overpower them in the neighborhood of Harrowby. They secured they will be handed over for deportation.

STARVING THEMSELVES. YORKTON, Assa., July 20.—(Special).—Since the arrest and imprisonment of the leaders of the odd Doukhobors in Camp Arcadia have refused to eat food of any kind until the brethren are released on an improbable event until their six-month terms are completed. Things are so serious that mounted police have been obliged to remove the children. The Doukhobors are now being cared for in Yorkton Jail.

THE YOUNG COLONY FROM DESTRUCTION, IS ONE OF THE BRILLIANT INCIDENTS OF THE PAGANT AND THE CAPTURE OF THE STOCKS IN THE DISASTROUS INDIAN WAR IS AN EXCITING PASTORAL.

Scenes From Old France. For sheer beauty of composition and grandeur of the scene at the court of Henry the Fourth, at the Louvre, could scarcely be excelled.

Men-at-arms and courtiers in the most gorgeous costumes enter from either side and line up near the throne, which is canopied and supported by curtains of blue studded with the royal fleur-de-lis, trumpeters and heralds, jesters and courtiers continue to flock in as do the resources of old France had been drawn upon for the purpose of the costumes. And this is but a live again and all the gaudy and grace of the ancient time moves across the scene in the pearly and rose, cup eraid and gold, and the darker browns and reds and scarlets and purples and green, seem like some ethereal memory of the costumes of the Middle Ages.

But these lovely women, in their fairy garments, were all charmingly real and were to be seen tripping along the grey streets of the old city to their homes, when the pagant was over.

Another feature of the show was the voice, and his stately gait, with her pages and marvelous train of ermine and blue, and the constant fleur-de-lis and Eddie O'Brien and Billy Murphy from the winged-wheel team, to strike on the Irishmen when they were not so crippled as they are now.

It would not be at all surprising should the league hand Saturday's match in Toronto over to the Capitals. Judging from their action in the Taylor case they are likely to do anything. Montreal Gazette.

The Young Toronto will practice to-night, Wednesday and Thursday nights at Rosedale, so as to be in the pink of shape when they clash with Malanda at Rosedale on Saturday next. Another defeat will put the Young Toronto out of the running for the district championship, so they cannot afford to take any chances on losing next Saturday.

A game was played in the senior series of the International Lacrosse League between St. Simon's Lacrosse Club and St. Paul's, which resulted in a win for St. Simon's by a score of 6 to 0. St. Simon's and St. Paul's are now in for first place. St. Simons lined up as follows from goal out: Macdonald, Morrison, Bell, Hill, Lepper, Beaton, Stinson, Cowan, Wilton, Westman and Marks.

General Roberts' Visit. Dr. Orr of here and so is W. K. George and many another interested in the Canadian National Exhibition. But it seems that Lord Roberts will be unable to gratify their wish to open the exhibition. He will be in Toronto next month, on the 9th, 10th or the 11th, or, as thought to-night, on the 12th, 13th or 14th, but the dates are not yet definitely settled.

Lord Roberts dined at the Garrison Club to-night and in reply to the short address he said he would watch with interest the militia parade with interest, and expected to be as pleased with it, as he was with the Canadians at Paardeberg.

He represented the British army and assured them that Canada was always expected to respond as she had already done, when the great armies of To-night the men of the War and the Herald, in ancient costume, paraded the streets, which are all in holiday order. Quebec is having a picnic time and those who can afford a picnic should let nothing prevent them seeing this unique and absorbing celebration.

Torontonians There. Besides Mayor Oliver, Controller Ward and Ald. McGehe turned up on Dufferin-terrace to-day. G. A. Reid and J. W. L. Forster represent Toronto to art.

To-morrow the official reception of distinguished visitors takes place. The program of the night pageants and of the musical "Christoph Columbus" will also take place.

Muir and Nolan Will Not Be Allowed to Play With Shamrocks.

In the Minto Cup in danger of being lifted. Many say it is, but when the final whistle blows in the first game to-day the referee will not allow them to play.

New Westminister are confident of winning, while the Shamrocks are living in hope, as their experience in the N.L.U. this season has been a very unsuccessful one.

Shamrocks will not have on their full strength. Tierney, Howard and Robinson being absent, and as cup trustees have decided that Muir and Nolan of the Montreals are not eligible, it is up to the Irish to draw from the young blood.

Either Quinn or Kane will replace Tierney in goal, while Dwyer will play point, and if he does as well as he did last year against the Tecumshas at the island, Howard's absence will not be missed.

Brampston's Intermediate team has withdrawn from the C.L.A., leaving Frank, Elora, Orangeville and Shelburne in the district.

The following are the C.L.A. games for Wednesday and references: Perth at Shelburne, 8.15. Baker referee. Cookstown at Bradford, Frank Doyle referee.

Woodstock at St. Marys, J. J. Kelly referee.

Those members of the Shamrocks who were objecting to the executive of the club getting Muir and Nolan should not forget that Kavanagh and Paddy Brennan were bought from the Nationals, and Eddie O'Brien and Billy Murphy from the Irishmen when they were not so crippled as they are now.

It would not be at all surprising should the league hand Saturday's match in Toronto over to the Capitals. Judging from their action in the Taylor case they are likely to do anything. Montreal Gazette.

The Young Toronto will practice to-night, Wednesday and Thursday nights at Rosedale, so as to be in the pink of shape when they clash with Malanda at Rosedale on Saturday next. Another defeat will put the Young Toronto out of the running for the district championship, so they cannot afford to take any chances on losing next Saturday.

A game was played in the senior series of the International Lacrosse League between St. Simon's Lacrosse Club and St. Paul's, which resulted in a win for St. Simon's by a score of 6 to 0. St. Simon's and St. Paul's are now in for first place. St. Simons lined up as follows from goal out: Macdonald, Morrison, Bell, Hill, Lepper, Beaton, Stinson, Cowan, Wilton, Westman and Marks.

General Roberts' Visit. Dr. Orr of here and so is W. K. George and many another interested in the Canadian National Exhibition. But it seems that Lord Roberts will be unable to gratify their wish to open the exhibition. He will be in Toronto next month, on the 9th, 10th or the 11th, or, as thought to-night, on the 12th, 13th or 14th, but the dates are not yet definitely settled.

Lord Roberts dined at the Garrison Club to-night and in reply to the short address he said he would watch with interest the militia parade with interest, and expected to be as pleased with it, as he was with the Canadians at Paardeberg.

He represented the British army and assured them that Canada was always expected to respond as she had already done, when the great armies of To-night the men of the War and the Herald, in ancient costume, paraded the streets, which are all in holiday order. Quebec is having a picnic time and those who can afford a picnic should let nothing prevent them seeing this unique and absorbing celebration.

Torontonians There. Besides Mayor Oliver, Controller Ward and Ald. McGehe turned up on Dufferin-terrace to-day. G. A. Reid and J. W. L. Forster represent Toronto to art.

To-morrow the official reception of distinguished visitors takes place. The program of the night pageants and of the musical "Christoph Columbus" will also take place.

waiting affair, traders going a little slow until some light is to be had on one or two important factors, notably the outcome of the spring wheat crop and the demand for winter wheat. In regard to the latter, the demand so far appears to keep pace with the movement. Kansas City absorbed 500 cars to-day without affecting the price. Locally offerings were large. Indications point to a good general export demand. Acceptances were light and heavy rains southwest are counted upon to delay shipments and check receipts for a few days. Better weather prevails in the northwest. The price problem for the present depends upon the news from the northwest and the absorption of the winter wheat movement.
 Enns & Stoppard wired to J. L. Mitchell at the close:
 Wheat—Unusually narrow price fluctuations and a strong premium, a sharp rise has been seen to-day in wheat. Sentiment is bullish, but the trade is hampered by the big run of new wheat to the west. Country shippers are consigning freely to secure country shippers, are consigning to the west, and are selling little on the daily bids submitted from this market. There were very heavy over the market Sunday and are progressing over more easterly portion of winter wheat belt to-day. This is expected to result in a heavy crop for some days. Reports of exporters are varying, but there has undoubtedly been a very respectable business done in red and hard winter and some in Manitoba, the latter for autumn shipment. Broom-corn is being sold in the west, and a report of aggregate wheat crop and predicts very light exports. Northwest and southwest wheat receipts, however, would be to Chicago, despite large receipts. Good call for cash wheat here.
 Receipts from the west, selling of new crop months locally and by the southwest was a little overdone early, and the shorts were forced to cover later. Very little old crop offered.
 Oats—Trade not large; market followed corn.
 Corn—Suffered from severe liquidation early, but market did not rally a great deal.
 R. H. Hinton & Co. wired to R. B. Holden:
 Wheat—There was a good trade in wheat to-day and a sharp rise was noted. Reports from North Dakota say the crop has been somewhat injured, but at present cannot tell how much. All our advices from abroad indicate a much smaller yield than a year ago. We look for a good demand for new wheat and expect to see higher values in the world market.
 Corn—There has been a big trade in September corn, and the market has shown decided strength to-day. Weather is perfect thru the corn belt.
 Oats—The market has held steady, notwithstanding the heavy rain. The maturing crop is favored with good weather and harvesting is rapidly progressing.
 Provisions—Slightly easier, packers selling. There was considerable liquidation of long stuf by the west, and a sharp fall for a reaction before making purchases.
