British Premier Hastens To Paris; Will Try To Calm Storm TWO ARE DROWNED AT 100 FOOT STOCK

MAGDONALD WILL CONFERENCE TOMORROW WITH M. HERRIOT

French Officials Confident Misunderstanding Will be Cleared Up.

ARE OPTIMISTIC

Paris and London Plan a United Front for Inter-Allied Meeting.

(By United Press.)

Paris, July 7.—Premier Ramsay MacDonald is hurrying to Paris to straighten out a misunderstanding that has arisen over a proposed inter-allied conference on the experts' plan.

The British Premier notified Herriot he would arrive here at 4 p. m. tomorrow for a conference.

The French were bitter because MacDonald invited the powers and outlined a tentative agenda without first submitting the text of the invitation and programme for France's approval.

Poincare Involved.

London, July 7.—(By H. N. Moore, United Press.)—The unfortunate misunderstanding which swept through Paris on Saturday and caused such grave alarm through the sudden application of the British memorandum which accompanied the British invitation to the powers to attend the conference in London to take the first steps to put the Dawes report into force is gradually disappearing today.

Consultation with the Dominion High Commissioners are being arranged in order to discuss the form which representation should take. It is believed that in most cases the Dominion Commissioners will agree to the British proposal.

Foreign Office Silent.

Paris, July 7.—The French foreign office declined to comment on the sudden decision of the British Premier to come to Paris.

Government circles have been much exercised as to what might happen in the Senate tomorrow.

Official circles maintain optimism, confident that the divergencies between French and British viewpoints can be cleared up.

Peterboro, Ont., July 7.—Two moons appearing in the sky in one month is an augury of ill, according to a pamphlet from Ontario, and July is the month.

COOLIDGE, JR., IS FIGHTING FOR LIFE

Is Hovering at Death's Door—Hope For Recovery Slightly Increased.

(By United Press.) Washington, July 7.—A blood transfusion given Calvin Coolidge, Jr., late last night failed to aid him and this morning the boy was near death.

Physicians prepared as a last resort to give him an infusion of saline solution in a desperate effort to strengthen his own blood to fight the creeping poison in it.

At dawn he was extremely low, recognizing no one.

Hope Increases Washington, July 7.—(By Canadian Press.)—After a night during which the patient was said to have been near death in three separate sinking spells, Calvin Coolidge, Jr., son of the President, suffering from septic poisoning, was still fighting bravely for his life early today with his safe passage through the early morning hours, giving slightly increased hope of his recovery.

SPANIARDS HAVE 400 CASUALTIES

Serious Situation Reported From Morocco—Enemy Strongly Entrenched.

Madrid, July 7.—News of a cruel and sanguinary battle raging in Morocco is contained in an official statement just issued here.

The Spanish casualties exceed 400. The seriousness of the situation is becoming evident and the cabinet discussed it for three hours last night and later General Primo De Rivera, head of the cabinet, conferred by telephone with General Aguirre, Spanish High Commissioner in Morocco.

The official statement says: "Information from Morocco reports bloody fighting with the enemy strongly entrenched and defending his positions with extraordinary tenacity."

"Our troops, however, are in high spirits and morale and are carrying out their operations in a difficult terrain with encouraging progress."

Has Been College Head 30 Years

Walla Walla, Wash., July 7.—When Dr. Stephen B. L. Penrose, who in this summer's commencement celebrated his 80th anniversary as president of Whitman College here, took over the school, only two students attended.

The enrollment now is 800, the institution having set that limit two years ago. Dr. Penrose is one of the oldest college presidents in the country in length of service.

He was graduated from Williams College at 21 and was elected president of Whitman nine years later.

MILITARY LAW

Casualties Believed Inflicted in Street Fighting on Saturday.

(United Press Staff Correspondent.) Rio de Janeiro, July 6.—(Sunday, Delayed)—A section of the army of the State of Sao Paulo rebelled against its officers early on Saturday, seized public buildings and caused considerable excitement before order was restored by Federal troops over Saturday and today.

The movement apparently started because of dissatisfaction in the ranks at the decision of the Sao Paulo State Government to renew its contract for a French military mission which has been instructing and reorganizing the State's military forces for the last three years.

Troops in several barracks gathered quietly in the early hours and started a parley with the State Government.

The officers backed by Governor Carlos de Campos and the Federal garrison, refused to yield to the rebels' demands and there was some street fighting Saturday.

A dispatch to the Government organ, Jornal de Commercio, here today says the insurrection has been subdued.

Three White Indians From Panama Wilderness Are Brought to New York

(CANADIAN PRESS.) New York, July 7.—Richard March, civil engineer and explorer, arrived Sunday on the liner Calamianes with three "white Indians" whom he discovered in the San Blas wilderness of Panama.

The "white Indians" are Alo, sixteen years old, Chepu, ten, and Marguerite, fourteen. They have white skin, burned pink by the tropical sun, pale blue eyes, golden hair and white eye lashes and brows.

ABRAHAMS EQUALS OLYMPIC RECORD, BEATING PADDOCK

Americans Score First Victory When Taylor Wins 400 Metre Hurdles.

(United Press Staff Correspondent.) Paris, July 7.—The first American victory in a final Olympic event was registered this afternoon when G. Taylor, Grinnell College, won the 400 metre hurdle, scoring ten points for the United States.

Olympic Stadium, Colombes, France, July 7.—(Canadian Press.)—The nations got together their athletic forces here this afternoon to start a fight to overhaul Finland, which held a commanding lead for the Olympic track and field championships as the second day of the competition began.

Weather conditions prevailed. Despite the promise of a day of competition raving yesterday for the thrills the huge stands were sparsely occupied. Less than 2,000 persons were present shortly before the opening event, the 100 metre semi-final.

A. Porritt, New Zealand, qualified in the first semi-final heat of this event. Others who qualified were: Jackson Scholz, United States, and Loren Murchison, United States.

The time of the first semi-final heat, was 1:45 seconds.

Hester, Canadian, Nico of Great Britain, and de Grele, of France, failed to qualify.

The second semi-final in the 100 metres was won by Harold Abrahams, the British star, who uncorked a brilliant burst of speed in the last 50 yards, beating Charles Paddock, and Chester Bowman, the United States entrants.

The two Yankees finished second and third, however, thus putting all four United States sprinters in the semi-finals. Time 1:30 seconds.

The United States Olympic fencing team this morning went into the semi-final round by defeating the Swiss team.

Robert Legendre, of Newark, N. J., in the Pentathlon, broke the world's record for the broad jump with 7.76 metres, equivalent to 25 feet, 6 inches.

This performance insured him first place in this event. His jump bettered by three inches the former world's mark of 25 feet 3 inches held by E. O. Gourdin, of Dorchester, Mass.

F. Morgan Taylor, United States, won the finals in the 400 metre hurdles. Although the Scandinavians carried away the honors at the opening of the games yesterday, the athletes of the Anglo-Saxon countries expect to harvest most of the points this afternoon.

The finals for the 100 metre dash are almost certain to constitute a battle between the British and United States athletes, who, with three and six points respectively, have a great margin to cover.

By tonight Great Britain hopes to replace Sweden in second position. This hope of the supporters of the British is almost certain to be dashed.

Gavel Knocks Out One of Delegates

New York, July 7.—Herman Schoenstain of New York suffered concussion of the brain when he was struck on the head by Chairman Yarkin's gavel as it flew off the handle and bounced out among the delegates in the Democratic National Convention.

Schoenstain was unconscious for five minutes.

WILL SIGN CONTRACT FOR TWENTY YEARS

National Hockey League Clubs in Session, Agree to Stick Together.

Montreal, July 7.—Following a meeting of the National Hockey League here over the week-end, it is announced that the clubs comprising the league, Canadiens of Montreal and the Ottawa, Hamilton and Toronto clubs, agreed to sign a contract binding them together for 20 years.

The feeling of the meeting was that those who carried professional hockey through its dark days should stick together. Under the agreement none of the individuals or clubs will be allowed to take part in any other professional hockey venture without the unanimous consent of the other clubs.

New York clubs were not represented but it is anticipated that at least one New York team will be admitted and that there will be a second team in Montreal, thus making a six-club league. Two applications for membership were received and deferred to the next meeting.

THREE INJURED IN BOMB EXPLOSION

Detroit Police Believe Wrecking of Building Result of Feud.

Detroit, Mich., July 7.—(United Press.)—Three persons were injured, one of them critically, when a bomb explosion wrecked a wholesale sugar house here early today.

Jacob Schwartz, junior, is near death in a hospital here as a result of his injuries. His father and mother also were hurt. All three were sleeping on the second floor.

The police link the explosion with a feud, which resulted in the slaying of Isadore Canter, Detroit sugar merchant, in New York, three weeks ago. It is said Canter's former business associate is a brother-in-law of the senior Schwartz.

SENDS CABLE FOR NEWS OF BELVEA

A. W. Covey Asks Mulqueen About St. John Oarsman.

Friends of Hilton Belyea, Canada's Olympic sculling representative, who was forced out of the Diamond Sculls competition last week by an attack of acute neuritis, are becoming worried as no word has been received from him direct since the arrival of a cablegram last Wednesday.

A. W. Covey, president of the M. P. A. A. U. of C., and Maritime member of the Canadian Olympic committee, announced this morning that he had cabled P. J. Mulqueen, manager of the Olympic team, at Paris, France, asking for information about the West St. John oarsman.

Mr. Covey, who acted promptly in this matter, said he expected to have a reply late this afternoon or this evening. "The Canadian Olympic committee," he said, "now has charge of Belyea as the arrangement was that the committee would foot his expenses from July 1. Mr. Mulqueen, therefore, should know where Hilton is and if he will be in shape for the Olympic sculling races which commence next Sunday."

In a letter dated June 25, Hilton, writing to Mrs. Belyea, expressed the utmost confidence in the outcome of the Diamond Sculls event, as he then had no thought of being out of the race. He reported that both his sprained wrist and a slight cold he had were coming along fine. He wrote that he was well down to rowing weight and was cutting down his diet. Of his competitors, he had very little to say, mentioning that Beresford appeared to be the most dangerous. As events turned out, Beresford would have proved the biggest hurdle as the Englishman won the event easily and now goes to France to represent England in the Olympics.

Hilton wrote that he left France on June 24, arriving at Henley the next day. He said he was compelled to borrow money to pay his passage. His shell, which had been damaged by French customs officials, was delivered to him that morning by Sims and he planned on giving it a thorough testing. "The river," he said, "was very much swollen and there was talk of calling off the dogs, but arrangements to draw off some of the water were completed. It would mean, however, he wrote, that the oarsmen would be compelled to row on a heavy stream."

"It's the kind that 'just sits one,' wrote Hilton.

He was 16 years of age and, besides his parents, leaves several brothers and sisters.

PLEA FOR PLAYGROUNDS.

Order, says the Ottawa Journal, must be the law of the individual before it can permeate a community. It is therefore the foundation of citizenship; and it seems rather necessary to emphasize that fact. The community

is only sound in its purposes and life in the exact measure that its units are well-disciplined and sound in their aims and efforts. After that, progress is wholly a matter of pulling together harmoniously. That is why the municipal playground is a good thing. It teaches the lesson of team-play, repression of self-will, compromise, obedience, patience and so on, to boys and girls at a formative time in their lives. It is a good investment in futures.

IRELAND TRIES TO REGAIN ITS EXPORT BGG TRADE

Dublin, June 5.—(By the Associated Press, by mail)—Patrick Hogan, the Free State Minister for Lands and Agriculture, has introduced into the Dail a bill to regulate the export of eggs.

For the year ended March 30, 1924, the Free State export of eggs was only about \$17,000,000. Part of the diminution is attributed to a fall in prices and the expansion of opportunity for continental competitors since the war.

FIRE BREAKS OUT THRICE

No. 1 chemical engine of the King street east station responded to three

still alarms yesterday, the first at 10.10 a. m., second at 4.30 o'clock in the afternoon and the third at 7.45 last evening.

All three alarms were for a fire started by spontaneous combustion in a pile of coal owned by the Perseus Coal Company and stored in a warehouse at the York Point slip, off Nelson street. A large amount of water was poured on the coal. With the assistance of a few men shoveling, the coal was scattered and the fire extinguished last evening, although a line of hose was left by the firemen for the Coal Company employes to use in case the fire started again.

"and they lived happily ever after". Harry was up against the same proposition that confronts every young man who contemplates matrimony. He had saved sufficient money to "start" his salary was large enough for Jean and him to live on quite comfortably; and his prospects were fair. But—the thought that his untimely death would leave Jean unprotected for had always seemed like an insurmountable obstacle. He loved her too much to take the chance. Then came the idea of creating an estate for her and he dropped in to see a North American Life representative. An explanation of the North American Straight Life Policy followed and Harry was surprised to learn how low the rates were and how easily he could overcome the obstacle which barred the way to happiness. Harry took out a \$10,000 Straight Life Policy and married Jean two months later. To-day, happily married, they hope that, like the book, their story will be—"And they lived happily ever after." Certainly Harry has done his part to make his wish come true. You too will be surprised when you find out how remarkably low the rates are on a North American Straight Life Policy and what special provisions go with this plan. AFTER BABY COMES

Strength Often Returns Slowly

Mothers May Depend Upon Lydia E. Pinkham's Vegetable Compound to Restore a Normal Condition

Many, many letters similar to the following recommend the Vegetable Compound as a wonderful medicine for bringing the mother back to normal health and strength.

It is an excellent restorative, contains no harmful drugs and may be taken in safety by a nursing mother. Thousands of mothers who have regained their strength by taking it are its best recommendation. Why not take it yourself?

Could Not Gain Strength

Bury, Quebec. "I have had great help from Lydia E. Pinkham's Vegetable Compound and I am a different woman now. I was very sickly before my first child was born. I did not get my strength back afterwards, and he did not stay with us long. I look Lydia E. Pinkham's Vegetable Compound for three months before my second child was born, and have taken it occasionally ever since. My doctor had said that medicine would do me much good, but my nurse wished me to try the Vegetable Compound, so I did. I do not go without having it in the house now and I am looking well and feeling fine. I do all my work, sewing and all." Mrs. JOY SIMPSON, Box 555, Bury, Quebec, Ontario, Ont. "After my second child was born I was sick and tired

all the time so I could not do my own housework. I picked up one of your little books and read it and then I tried some of Lydia E. Pinkham's Vegetable Compound. It seemed to help me quite a bit and I felt much better after I had taken the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash. I thank you for your help and I am taking your medicines right along. If any woman wants to write to me I will tell her the same." Mrs. J. MCGINN, 300 Courcellette Avenue, Oshawa, Ontario.

Before My Baby Came Vancouver, B. C. "I took Lydia E. Pinkham's Vegetable Compound before my baby came as I was suffering from neuralgia pains. I had not been taking anything for these pains because I thought there was nothing I could do, but when I read about the Vegetable Compound in the 'Vancouver Daily Province' I began taking it, and of two things I am sure, that I had an easier time when the baby came and that it is the best medicine ever. I recommend it to all my friends who suffer as I did, and you can use my letter as a testimonial." Mrs. JOSEPH BLACKMAN, 222 9th St. West, Vancouver, B. C.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information.

need never wean a baby in advance of the normal time if she takes Lactagol, which, by stimulating the breast glands, ensures a plentiful supply of nourishing milk and so enables every mother to

at the breast without fatigue or strain. The recent great increase in the deaths of infants was mainly due to impure milk, and the remedy lies in breast feeding. Breast milk is the purest milk, and the only safe food for baby, so mother should always try to breast-feed baby with the help of Lactagol before resorting to artificial foods.

Lactagol may with great advantage be taken some months prior to the birth. It strengthens Mother, enables her better to withstand the strain of confinement, and also improves the tooth and bone formation of Baby. For Free Samples and Literature write R. J. HUMAN DERELICTS FOUND BY POLICE

Many Sought for are Discovered in "Shelter" in Berlin.

Berlin, July 7.—A recent police raid upon the public "Asylum for the Shelterless," corresponding somewhat to the American rescue missions except that it is a municipal institution, yielded some unusual results. It was found that among those raided were 1,204 men and 76 women and girls who had nothing to identify them. This one is expected at all times to carry some paper of identification, and the absence of it is enough to arouse the suspicions of the police. These 1,280 persons were held for further investigation, and the following facts developed: For 137 of the men search warrants have been out some time; they were wanted for theft, burglary, murder or swindling. In the case of 22 it developed that they had

That "Kruschen" Feeling!

Go out into the Country.

There's a frolic spirit abroad in the fields. And it's come so suddenly, too. A few days ago everything seemed quiet, just as it had been for months. Then out of nowhere came a few notes played upon a magic pipe — and in a moment all Nature was answering the call. The Festival of Youth had started. Every year, at this wonderful season, the same call comes to all who have ears to hear it. Have you heard it yet? If not, it's because you are out of tune with Nature. The long months of dull skies and stuffy indoor life are still weighing in your veins. The blood runs sluggishly in your veins. You feel about as lively as a boiled pudding. Wake up! Get back your youth! It's easy enough — the Kruschen way.

CHILD WELFARE IS MADE PUBLIC DUTY

Those Needing Care are the Wards of Sweden Until Eighteen.

Stockholm, July 7.—Compulsory removal of wayward or depraved children from their homes into public custody, and subsequent supervision up to the age of 18, is provided for in a new law for the care of children which has just been passed by the Riksdag.

The law further provides for public care of children who are found to be exposed to undesirable influences and in danger of becoming delinquent. Children removed from their homes by government inspectors and matrons in compliance with this law are placed in government institutions, or in good private homes in the country, where they receive expert training and can grow up in healthful surroundings.

The new law every city and parish will have a special board for the care of children, including local pastors and teachers as permanent members, while inspectors will travel all over the country for the purpose of observing and controlling individual development. Thousands of children homes receive the poor children of the city as guests during the summer and send them back to their homes with cheeks round and rosy.

Nation-wide and energetic philanthropic work is also carried on by the Swedish society "Save the Children," the campaign culminating in an annual Children's Day, when large sums are raised in order to provide summer vacations in children's colonies by the seaside, and in some cases on islands specially reserved.

SHE FIRES TWO POLICE CHIEFS IN DAY

Woman Shakes up Department When Mayor Goes to Convention

This is a Lace Year For The Fair Ones

By HEDDA HOYT (Fashion Editor For the United Press) New York, N. Y., July 7.—"Lace, lace, and then more lace," seems to be the summer fashion slogan. Lace frocks have never been so universally popular as they are today. They are as popular for afternoon wear as for evening occasions.

The home dressmaker who chooses lace for her frock cannot go wrong, for no material is easier to work with than lace. The summer frock is lovely in a finished garment. One can copy the most ornate lace frock with little trouble and shops carry a wide variety of skirt and dress-width laces for one's selection.

The simplest lace frocks are made in straight lines with round necklines and they are sleeveless. They require little of the dressing art. Usually they are posed over slips of contrasting color, such as ecru lace over bronze, white lace over black, etc.

The tunic models are lovely with the tunic entirely made of lace and an underslip of crepe or satin. The tunic usually extends almost to the hem of the underslip and the low waistline is outlined by a narrow sash of some sort.

Many of the all-lace frocks this season have long lace sleeves which are made to fit the arms and are fastened snugly about the wrists. These long-sleeved models, of course, are for afternoon wear only, as evening frocks are generally sleeveless.

ST. JOHN FIGURES IN TALE OF SEA ROVER TOLD IN MONTREAL COURT

Collector of Customs Lighthouse is Witness—Exciting Lighthouse Story.

Into the stifling atmosphere of the dingy little Enquete Court yesterday afternoon, came the tale of a laughing sea rover, who boarded a whisky-laden ship anchored on rum row off the New York coast, seized the vessel, sold 4,000 cases of Scotch whisky for \$100,000, and carried on to his hideout in the city of St. John, N. B., furnished the occasion for the lurid story of bootlegging over New York city.

"CLEANED HOUSE"

Mrs. Henry Landes, who after assuming her duties as Seattle's acting mayor, discharged two chiefs of police within 24 hours.

Seattle, July 5.—Seattle knows something about "petticoat government" now. It has just emerged from a few hectic days of it.

But in those few days the woman "left behind" turned things topsyturvy around the city hall. Within 24 hours she discharged two chiefs of police.

When Dr. Edwin J. Brown, Seattle's mayor, started for the Democratic National Convention in New York, he turned his office over to Mrs. Henry Landes, president of the city council.

Mrs. Landes is the wife of the dean of the school of science of the University of Washington. She is a sister-in-law of David Starr Jordan, chancellor emeritus of Leland Stanford University.

She was elected to the council two years ago. She proclaimed herself in absolute control of the department and selected Captain C. G. Bannick, in charge of the outfitting precinct, as her aide.

Henry Ford Makes Money Out of Smoke

A recent magazine article describes the method by which Henry Ford extracts certain valuable elements from factory smoke—elements which are often wasted by others.

In the meat packing industry the manufacture of by-products has been cleverly and highly developed. There are many instances where waste material, once thrown away, is now known to be of utility and value.

Junk is merely useful matter in the wrong place.

Why not apply this idea to your own household? What does your cellar look like? Take an inventory of the things stored away in the garret. Why keep articles which have long ago outlived their usefulness?

Those things which you no longer utilize may be extremely useful and valuable to other people. In this connection, it is well to remember that there is a big market for such things—a market which you can easily reach through the want ads of this newspaper.

Why not get up a list of all the things you have stored away? Some of the articles listed you will undoubtedly be willing and eager to sell. Send your "for sale" list to the classified advertising department of this newspaper. Have the list inserted as a "want ad." Turn all unused articles into cash.

MAKE IT SAY WHAT YOU MEAN

A clear statement is the essence of good selling. When the earnest level-headed salesman fails, the buyer all too often knows—clearly, truthfully and convincingly—his own mind. Just as he fails to sell when he over-sells or under-sells.

DELEGATES, IN DEADLY CLUTCHES OF VOTING HABIT, CANNOT SWEAR OFF

Dazed North Dakota Democrat Even Casts Ballot for Doheny.

(By Frederick B. Edwards in the N. Y. Herald.)

The one-aid-cat tournament in Madison Beer Garden went merrily along yesterday without approximately a decision. The one emphatic and outstanding theory which this convention continues to demonstrate is that most politicians are a little queer, except those who are more than a little queer.

The delegates all want to go home, many of them have already gone. In order to release themselves from the toils all they have to do is to vote for any candidate in sufficient numbers to nominate. They resolutely decline to do this, thereby setting a record for sheer obstinate fatheadness which has not been equaled since the idiot child of Sparta permitted himself to be eaten by a fox rather than say, "Scat, you beast!"

The lunatic fringe which decorates the galleries and the upper tiers is only slightly more sane than the men and women who peramble on the floor. They at least can go home any time they want to, but that does not relieve them from grave suspicion of weakness when they cheer through ballot after ballot announcements of votes for their favorites which are exactly recorded on previous ballots.

If the merry-go-round continues to revolve these serious minded folks may eventually come to the conclusion that the whole thing is a joke. The present indications are, however, that this cannot happen before Christ mass, 1925, by which time the elections will be over and nothing will matter much.

These gallery addicts have no sense of proportion. One of them was thrown out yesterday for objecting to William Jennings Bryan, and everybody knows that's no achievement.

Somebody must have told this chap that Mr. Bryan had the Coca-Cola concession for the Garden. He persisted in blaming the Democratic party's perennial candidate for the fact that all read of Coca-Cola had cost him twenty-five cents. In evidence of this outrage he waved around his head the empty bottle.

"Sit down, Bryan," he shouted. "Coca-Cola twenty-five cents." When they escorted him from the place he carried empty bottle with him. We suspect that he intends to have it mounted on an ebony base. Then in after years he will gather his grandchildren around him and as their innocent faces gaze rapturously into his he will tell tales of how he was thrown out of the Madison Beer Garden for raising William Jennings Bryan.

"If one of the hard-boiled brats should say, 'Well, what of it?' the story hour will stop right there.

There was something said in the platform, if we remember rightly—it was so long ago—about the increase in the use of narcotic drugs; but we do not recall that the insidious voting habit was mentioned.

It should have been. The voting habit has got this convention in its deadly clutch. The delegates are now unable to do anything but vote all day long. They are completely under the influence of a terrible appetite for voting. Most of them have come to the stage where they arise in the middle of the night from feverish slumbers and vote automatically, while still asleep.

A voting clinic is urgently needed where the most persistent addicts of the vote may be treated.

The habit not only grows on the delegates but it has peculiar and erratic effects. One woman on the Colorado delegation has voted for every candidate so far mentioned as well as one or two that have never been heard of.

The Mississippi delegation has voted solidly for every candidate, thereby giving Beauvais F. Fox, a delegate-at-large from Broadway and Forty-second street, an opportunity to describe Mississippi as the floating kidney of the convention.

On the thirty-sixth ballot a North Dakota delegate voted for Doheny. This has all the earmarks of a dirty Republican plot. Everybody at once remembered that Mr. Doheny was a candidate for Vice-President on the Democratic ticket at San Francisco, that he is the man who gave McAdoo \$50,000, that he is the client whom Mr. McAdoo quit when he most needed Mr. McAdoo and that he is the man who was indicted Tuesday for his activities in connection with the oil scandal.

This is no time to remind a Democratic national convention of such things as these, but it just goes to show that a dangerous thing this voting habit is, once it has a man by the throat.

Mr. Bryan made a speech. The speech was vigorously cotinued by several delegates, notably the New

"Sit down, you Klunker!" Two women near him challenged this cry indignantly.

"If you're a Catholic," they yelled, "you're doing yours if no service by accusing Bill Bryan of being a Klansman."

"Who said I was a Catholic," the shooter demanded. "I'm a Baptist. The women said 'Oh!' but we are sure that they believed him to be lying."

FAVORS QUEBEC LIQUOR SYSTEM

Victoria, B.C., July 6.—The Quebec system, well administered, free from politics and political favoritism, would be the ideal solution for the problem of public control of the liquor traffic in the United States, Dr. N. M. Butler, president of the Columbia University, New York, told The Colist, after his arrival here.

CAN NOT TAKE ENGLAND'S PLACE AS MONEY CENTRE

Otto Kahn, Banker, Discusses Reported Ambitions of United States.

WORK TOGETHER

Will Supplement England—Co-operation Best for Both Countries.

(United Press.) New York, July 7.—"English property is an American asset and the United States ought not attempt to dislodge England from her world financial supremacy," Otto Kahn of Kahn, Loeb and Company, declares in a statement published in the Sunday Times, of London.

The statement was in reply to an inquiry from the paper following the appearance of a story in England quoting an unnamed treasury official as saying the U. S. would displace England as the money centre of the world.

"The United States 'could not dislodge England from her traditional position as the money centre of the world, and she ought not want to if she could,'" Mr. Kahn said.

YESTERDAY IN THE CHURCHES

In the Prince Edward street church yesterday, Rev. Archibald Gibson, of North Toronto, preached at both the morning and evening services. Rev. Mr. Gibson the "Scottish preacher" was here in February, last, preaching a series of sermons followed by the revival conducted by the Rev. Messrs. A. W. Rolf and O. J. Smith.

Rev. J. E. Purdie, of Philadelphia, curate in St. Luke's Anglican church yesterday, preached at both the morning and evening services.

Rev. C. W. Nichols preached two sermons to the united congregations of St. John's (Stone) and St. Paul's Anglican churches yesterday, the morning service in the former and the evening in the latter.

Rev. R. G. Fulton, pastor of Centenary church last evening, when a large congregation, made up of the united membership of Centenary and Queen square churches, was in attendance.

There were many strangers. Both soloists were heard with great pleasure. Rev. R. G. Fulton, pastor of Centenary, preached.

The first Sunday of united services for the summer season in Fairville were held yesterday, the Fairville Methodist and Baptist churches worshipping in the former church in the morning, and in the latter in the evening.

The Rev. E. E. Styles preached his first sermon as the successor of Rev. Dr. H. E. Thomas in the Exmouth street Methodist church yesterday.

Rev. J. M. Murchison, Maritime secretary of the Canadian Bible Society, and the Rev. Charles R. Freeman, D. D., conducted the services in the Ludlow and Charlotte street Baptist churches on the West Side yesterday.

Some trouble apparently occurred in Santos, the port of Sao Paulo, as communication between that city and Rio de Janeiro was placed in the hands of the military.

Order Being Restored. Everything indicates, however, that order is being restored rapidly and that the movement will be of far less importance than the outbreak here two years ago, when the military college and a section of the army rebelled, shelling Rio de Janeiro.

There seems to be no connection whatever between the Sao Paulo movement and the rebellion against the State Government in Rio Grande do Sul, which was finally ended by Federal troops, but rumors circulating here are to the effect that the Sao Paulo police, military organized and French trained, joined the movement.

According to official statements by the Brazilian Government the insurgents consist of a small garrison of Federal troops, but rumors circulating here are to the effect that the Sao Paulo police, military organized and French trained, joined the movement.

According to a message received by the Brazilian embassy here, the Governors of all the Brazilian states, with-out exception, have pledged the support of their armed forces against the revolutionaries.

The Coup d'etat is reported to have begun about 10 o'clock Friday night. It reached its climax at 8 o'clock Saturday morning and was completed by noon. The revolutionists gained control of all the federal buildings after considerable fighting.

Dr. Carlos Ocampos, who was inaugurated Governor of Sao Paulo state two months ago, is reported to be politically opposed to President Bernardos. Official statements from the Brazilian federal government, however, represent the Sao Paulo State Government as taking steps to suppress the insurrection.

MANY ACCIDENTS DURING WEEK-END

Three Spills on Hampton Road—Several in the City.

A touring car bearing a Massachusetts license and containing only the driver upset yesterday afternoon in the main road to Sussex between Hampton and Bloomfield. The driver was slightly scratched, but escaped serious injury, while the automobile only had the windshield shattered. The road at the point where the accident occurred is very narrow.

An automobile containing a family party collided with a telegraph pole near Sussex yesterday. The car was somewhat damaged, but the occupants escaped injury.

Another machine, which contained six youths, jumped a ditch near Hampton yesterday, entered a field and promptly overturned. The accident happened near Kierstead's house. The car was only slightly damaged. The occupants escaped injury.

An automobile driven by J. A. Mowry, 122 Newman street, and a bicycle ridden by Robert Bryson, collided on Saturday afternoon at the corner of Pond and Smythe streets. The boy was partly pinned down by the forward wheel of the automobile. He was quickly released by "Gary" Brown and Policeman McNeill and taken to his home in the automobile. He was found to be badly frightened but otherwise not seriously hurt. The rear wheel of the bicycle was badly broken.

A collision occurred at the corner of Charlotte and Princess streets at 2:45 o'clock Saturday afternoon. Mrs. O. W. Wood, 78 Sydney street, while driving a horse and carriage owned by David Watson, livery stable keeper, Duke street, turned into Charlotte street from Princess, just as street car No. 84, driven by William Shippee, was turning east into Princeps, with the result that the rear of the street car broke a wheel from the carriage. Mrs. Wood had a narrow escape from being thrown out of the carriage and was severely frightened.

On Saturday afternoon about 4 o'clock automobile 9212 took a bad turn in Union street, colliding with a telephone pole. The pole received a dent while the ender of the car was smashed. The occupants were uninjured.

An automobile going into the city from Lorneville on Saturday was stalled on the Manawagonish road near Spruce Lake for three hours. It was then towed into the city. The owner endeavored to repair the car, but could not find the source of the trouble. There were several women with him.

The Rev. A. D. McLeod succeeded Rev. E. E. Styles in the Carmarthen street church, having been transferred here from Oak Bay, Charlotte county. "Let your light so shine": you may glorify your Father in Heaven" was the text of his opening address. At the close of his sermon he gave an outline of what he intended to do and hoped to accomplish in his new congregation.

Rev. J. M. Murchison, Maritime secretary of the Canadian Bible Society, and the Rev. Charles R. Freeman, D. D., conducted the services in the Ludlow and Charlotte street Baptist churches on the West Side yesterday.

Dr. Carlos Ocampos, who was inaugurated Governor of Sao Paulo state two months ago, is reported to be politically opposed to President Bernardos. Official statements from the Brazilian federal government, however, represent the Sao Paulo State Government as taking steps to suppress the insurrection.

According to official statements by the Brazilian Government the insurgents consist of a small garrison of Federal troops, but rumors circulating here are to the effect that the Sao Paulo police, military organized and French trained, joined the movement.

According to a message received by the Brazilian embassy here, the Governors of all the Brazilian states, with-out exception, have pledged the support of their armed forces against the revolutionaries.

The Coup d'etat is reported to have begun about 10 o'clock Friday night. It reached its climax at 8 o'clock Saturday morning and was completed by noon. The revolutionists gained control of all the federal buildings after considerable fighting.

ERRORS ROB DIGGS OF LIFE AMBITION

"Freddie" Pitches a No-Hit Game, but Errors Allow One Run.

OUTFIELD DID NOT GET SOLITARY FLY

A. W. Covey Says About \$210 Will be Realized for Olympic Fund.

Freddie Diggs, Royals sharpshooter, carved himself a niche in the local baseball Hall of Fame Saturday afternoon when he held the East St. John Clippers in check for the regulation route without the semblance of a hit being made off his delivery and but for inexcusable slowness in fielding the part of his teammates would have applied a neat coat of whitewash to his opponents in the inter-league Olympic fund game. As it was, the Clippers pushed over one run in the last inning—the final score reading 6 to 1. No-hit games do not grow in clusters and Diggs' performance deserves all the credit possible. His teammates made four errors behind him and he contrived to bat one himself but not a fly reached the outfield while he was on the mound. A search through the records shows that the last no-hit game was pitched by Ray Hansen in 1919 on the Queen Square diamond. This was a no-hit, no run game, however.

Entering the ninth with the attainment of all pitchers' ambition in his reach, Diggs faced Johnston, who grounded out. Price to Tyne. The Clippers advanced the runner to base on one of the Digger's fast ones that got away from Young. Griffin started home. The ball did not roll more than six feet from the home plate. Diggs pitched on the South End diamond and Diggs is receiving congratulations from all the players for his sterling performance.

A. W. Covey, president of the M. P. B., is immensely pleased with the manner in which the various teams contributed their services to the base ball game. He announced that about \$210 will be realized for the fund as a result of the three games played. He praised the South-End League and its management for the assistance given him for the game.

The evening game developed into a swiftest with the St. Rose's provincial pitcher was on the mound for the Machine Gunners and after breezing by three innings blew up the Fairville lads scoring 6 runs. He was replaced by Johnston, who fared little better. The final score was 13 to 5.

Ball Problems By Billy Evans

1. Batter is hit by pitched ball and granted first base by the umpire. Catcher returns ball to pitcher, the throw being wild and the ball rolling near second, is recovered by that player, who retains possession of it. Pitcher stands close to rubber, and runner on first, believing he has the ball, takes a lead off first and is caught napping by a snap throw from the second baseman. Umpire ruled runner out. Did he make proper ruling?—N. C. H.

2. The bases are full, none out. The batsman bunts ball toward first, same being fair by several feet. The pitcher in fielding the bunt collides with the runner. Runner is knocked out, but pitcher gets to his feet and throws ball to first baseman, umpire calling runner out. In the confusion two runs score, which umpire allows. Team in field claims umpire erred and protested game. What about it?—T. J. D.

3. When batsman is hit by pitched ball play is immediately suspended, the ball becoming dead. Play cannot be resumed until pitcher gets on the rubber with the ball in his possession. Umpire on red in calling runner out on throw from second baseman who had hidden the ball. Play had never been properly resumed and the act was illegal.

4. Fielder has right of way. When runner collides with fielder he was out because of interference. No bases can be earned on interference play of this sort. Runs scored were not legal, the runners should have simply returned to their respective bases. Team in field has grounds for protest. Umpire should be interpretation of rules. Game should be played over.

PLAY 3 MATCHES IN TENNIS LEAGUE

Events at Pamenac, Renforth and Hampton are Keenly Contested.

The Pamenac tennis players defeated the Renforth representatives in the C. P. R. section of the Suburban Tennis League at Pamenac on Saturday afternoon, the final score being 6-5. While all the matches were well played, special mention might be made of the men's doubles, which C. P. R. defeated Renforth 3-2. Miss C. R. O'Connell defeated Jack Knowlton and John Moore of Westfield, who were closely contested, the sets, one of which ended 11 to 9.

Ladies' Singles. Miss Sorrel (W) defeated Miss Hunt (P). Ladies' Doubles. Miss Hunt and Mrs. Ralph Fales (P) defeated Miss Melrose and Miss Brown.

Mrs. Thomas McAvity and Miss Warwick (W) defeated Mrs. Mersereau and Miss E. Newcomb (P). Mixed Doubles. Miss Sorrell and Ken Creighton (W) defeated Mrs. Fales and Frank Lewis (P). Mrs. E. Newcomb and Roy Willett (P) defeated Miss Gwyn Ewing and Frank McDonald (W).

Men's Singles. C. R. Mersereau (P) defeated Jack Knowlton (W). P. A. Clarke (P) defeated Robert Melrose (W). Men's Doubles. Mersereau and Lewis (P) defeated Knowlton and Moore (W). Clarke and Willett (P) defeated Dodge Rankine and Melrose (W). Creighton and McDonald (W) defeated Gregg and Ryder (P). Stephenson and Humphrey (W) defeated Fales and Creighton (P).

Pacific Northwest's Oar Squad in the Olympiad

INSETS, TOP (LEFT), WOOD; (RIGHT) MARRIACHER; (BOTTOM) BLACK, SITTING, FINLAYSON, STROKE.

Vancouver, B. C., July 5.—This city has the honor of sending the champion four-oar crew of the Pacific northwest to the Olympiad, and it has high hopes that her brave representatives will apian their way to victory in the notable event. The crew is made up of Bill Wood, bow; Alf Marriacher, No. 2; Archie Black, No. 3; and Colin Finlayson, stroke. Finlayson is the star. Vancouver sportsmen raised \$6,000 in a week to finance the crew's trip.

(H.) defeated Mrs. C. H. Scott and C. V. Waldorf (D. C.), 6-2, 6-4. Miss Jean Knight and J. H. Drummond (D. C.) defeated Miss H. Morse and Rev. C. M. Lumsden (H.), 2-6, 6-4, 6-4.

Men's Doubles. C. V. Waldorf and R. G. McInerney (D. C.) defeated R. Armstrong and Allan Coster, 6-0, 6-4. H. W. Wilson and T. F. Drummond (D. C.) defeated C. Langstroth and R. Ross (H.), 6-0, 6-4. A. C. Clarke and R. Thorne (D. C.) defeated R. Smith and R. M. Hallett (H.), 6-2, 6-2.

S. Ross and L. Parlee (H.) defeated L. H. Sandall and W. G. Drake, (D. C.), 6-0, 11-9. J. H. Drummond and B. M. Ryan (D. C.) defeated A. J. Sollows and Rev. Mr. Lumsden, (H.) 6-4, 6-4. Points—Hampton, 131; Drury Cove, 108.

Renforth Also Wins. Renforth defeated Fair Vale in the C. N. R. section of the Suburban Tennis League on Saturday by eight events to two in the contests played at Renforth. The chief feature of the afternoon was the winning of the mixed doubles by J. McInerney and Mrs. Cross from A. P. Richard and Miss Costley after the games at supper, reversing the decision of the last time they met, when the Fair Vale duo captured the honors. The visitors were entertained after the games at supper and were guests at a dance in the Renforth club house.

SUGAR ENTERS BY THE TON INTO SOUTHERN MOONSHINE. Columbia, S. C., July 7.—The ups and downs of the sugar market have a real meaning for the makers of moonshine, according to Robert Kirksey, U. S. marshal for the western district of South Carolina. His jurisdiction includes that portion of the mountainous regions of the state known commonly as the "Dark Corner," which had a reputation for producing "good corn" in blockade stills long before the Volstead edict.

Sugar and molasses, Kirksey said, play an important part in the manufacture of moonshine liquor and the lower the price of those staples the higher the profits of the manufacturers, who buy sugar by the ton.

CRIPPLED SCOTCH SOLDIERS MAKE FIRST CLASS TEXTILES. Washington, July 7.—A woolen mill operated solely by disabled soldiers and sailors, has just been established in Edinburgh, Scotland, the commerce department has been advised by Consul W. L. Bonney at Edinburgh.

The experiment which resulted in the establishment of the mill, was started in 1916, and since then has proved beyond a doubt that limbless men are employable, and can take their place in the labor market. The factory produces coats, traveling rugs, scarves, tweeds, and other materials, which are sold in competition with other mills.

FREDERICTON AND VETS SPLIT EVENING

Visitors Win the Afternoon Game and Locals Take Evening Fixture.

The Vets and Fredericton split even in the two Pro League games played here on Saturday, the visitors winning the afternoon game, 8 to 0, while the locals captured the evening contest, 9 to 2. Good crowds attended both contests. Shaghalian, third baseman for the visitors, was bunched in the fifth inning of the afternoon game for alleged improper language. He was replaced by Jimmie McCourt.

The afternoon contest resulted in another victory for Shields. This submarine twirler appears to have the other hand, the Vets and he administered another shut-out on Saturday, holding them to five hits, two being doubles by Tippetts. The visitors, on the other hand, nicked Tippetts for thirteen hits.

The locals annexed the evening game when they went on a batting rampage in the seventh frame at McCourt's expense and collected four hits and five runs, three of the latter coming as a result of "Scotty" Sterling's circuit club with two men lingering on the sacks. Up to this time the game had been a twirling duel between Towle and McCourt and the score stood one-all.

A triple play by Fredericton in the third inning received well-merited applause from the local fans although it spoiled a splendid rally by the Vets. With two men on bases Towle smashed a liner which Rouillard snared, tossed the ball to second and it was shot over to first and the inning was over almost before the fans realized what had occurred. A double play by the locals in the eighth session also featured this contest. Towle pitched himself out of a bad hole in the second inning when, with the bases choked, he fanned Rouillard and forced Cole to fly out to Moore.

"Melton Pot" is by Bingara, dam Kremlin.

WIN FOURSOME AT WESTFIELD LINKS

Premier Honors Go to Ralph Warwick and Mrs. Creighton.

The Westfield Golf and Country Club held a mixed foursome match on their links Saturday afternoon. The winners were Mrs. Kenneth Creighton and Ralph Warwick with a score of 79. Thirty-three couples were entered. The fine weather of Saturday and the excellent condition of the links made the day very enjoyable for the contestants. A largely attended dance was held at the clubhouse in the evening.

Next Wednesday evening the ladies of the club will hold an approaching and putting contest. Several entries have already been received and it is expected that the number will be considerably augmented before the contest commences.

DIAMOND SCULLS WON BY BERESFORD. Had Easy Victory Over K. N. Craig of Pembroke College.

Henley-on-Thames, England, July 6.—The Leander eight, stroked by W. P. Mellon, Oxford, won the Grand Challenge Cup of the Henley regatta Saturday, defeating Jesus College, Cambridge in the final heat by six feet.

The Diamond Sculls were won by J. Beresford, Jr., a previous winner of this trophy, who captured them in 1920. He was defeated by Walter M. Hoover, the United States oarsman in 1922 and failed last year to get to the finals. He had an easy victory today in the final over K. N. Craig of Pembroke College, Cambridge.

Hilton Belyea, of St. John, was entered for the Diamond Sculls and has been in Europe training. Illness prevented Belyea competing and he was scratched last week.

Games Tonight. Customs vs. Public Works on the Barracks Square. St. Lukes vs. Canucks on the Nashwaak, Intermediate League game. Trojans vs. Machine Gunners, South End.

The Martellos and Post Office teams will play an exhibition game at 7 o'clock this evening on the Queen Square diamond.

NOTED FIGURE ON TURF 30 YEARS AGO IS DEAD. Kansas City, Mo., July 7.—Ed Corrigan, one of the foremost turfmen of the country 30 years ago, is dead here aged 82. It was in Kansas City that Ed Corrigan began his career as a horseman, it was to Kansas City that he returned to begin life anew when the obstinate driving power which had placed him at the forefront of racing men cost him that place, 12 years ago, and it was to Kansas City that he returned seven weeks ago from Akron, Ohio, to die.

ST. JOHN YACHTS ON CRUISE. The power yachts Seagull and Royle A., Captains R. Preston and W. J. Blackwell respectively, of the St. John Power Boat Club, that have been anchored off the Automobile and Boat Club, Fredericton, left on Friday evening to continue their cruise. The plan is to go up the Oromocto river and back to the Grand Lakes and end their cruise after a visit to Hatfield's Point on the Belleisle about the 16th.

MACDONALD FELL IN HURDLE RACE

Maritime Boy Had Hard Luck in Big Olympic Event.

Paris, July 6.—Ritola, of Finland, won the 10,000 metres Olympic race today at the Colombes Stadium.

J. Harris, of Manitoba, captured third place in his heat in the 800 metres race, which was run in slow time. T. McKay, of Ontario, also came third in his heat in the 800 metres race, in time being six seconds faster than in the former heat. H. Phillips, of Ontario, was unable to make the grade. Harris and McKay qualified for the finals.

Cyril Coaffee, of Winnipeg, easily won his heat in the 100 metres race, running away from Bonacai, of Italy, his time being 11 seconds flat.

M. P. Dival, of Spain, defeated A. Vince, of Toronto, for first place by 4 half's breadth in their heat of the 100 metres race, in which the time was 11-5/8 seconds.

Owing to three false starts L. Armstrong, of Winnipeg, was unnered and replaced in his heat of the 100 metres, but G. Hester, of Toronto, came in first in his heat, defeating Van Kampen, of Holland. Hester's time was 11-1/8 seconds.

Coaffee, Hester and Vince qualify for the final dash. In the 400 metres hurdles, P. MacDonald, of the Maritimes, stumbled at the third hurdle but sec-ond place until the tenth hurdle, finally falling near the finish. W. J. Montabone, Quebec, ran a good race but he was not speedy enough for the field. Both were unplaced.

Ruth and Hendrick Feature Contest in Washington—Big League Matters.

New York, July 7.—In the wake of the departed Yankees whose three day visit to Washington was as welcome to the Senators as a mid-western tornado, peace reigns again today in the nation's capital.

Extra base hits featured Chicago's 9 to 4 triumph over the Indians. The Giants were forced by Jimmy Ring of the Phillies to swallow a shut out for the first time this season.

Cooper's masterful pitching gave Pittsburgh a 9 to 2 decision over Cincinnati. St. Louis pounded four Chicago pitchers for 16 hits and overwhelmed the Cubs 19 to 4.

Mr. Average Man

Here's a shaving cream made to meet your ideas. Better in five big ways.

This is a free test. It involves no cost. We ask it as a courtesy to us, and in justice to yourself. Millions of men have made it. The result has been five new ideas of what Shaving Cream can do.

How the change came about We experts have developed some great advances in soap making. Some of the greatest soaps for every purpose have been perfected here.

Now we ask your verdict. Now we simply ask your verdict. Don't buy a package, but accept a sample. Do what countless men have done.

Excels in these 5 ways 1—Abundant lather. It multiplies itself in lather 250 times, so a tiny bit suffices for a shave.

Excels in these 5 ways 2—Quick action. It acts in one minute. Within that time the beard absorbs 15% of water.

Excels in these 5 ways 3—Lasting lather. It maintains its creamy fullness for ten minutes on the face. No replacing.

Excels in these 5 ways 4—A clean shave. The extra-strong bubbles, acting like wedges, hold the hairs erect for cutting. They don't lie down.

Excels in these 5 ways 5—Fine after-effects. The palm and olive oil blend makes a lotion unnecessary. The skin is left in fine condition.

To add the final touch to shaving luxury, we have created Palmolive After Shaving Talc—especially for men. Doesn't show. Leaves the skin smooth and fresh, and gives that well-groomed look.

There are new delights here for every man who shaves. Please let us prove them to you. Clip coupon now.

Private Peat in his great new lecture "The Inexcusable Lie"

Only One of Many Events at CHAUTAUQUA, JULY 18-26

Harold Peat, internationally known as Private Peat, is a young Canadian who brings to the people at Chautauqua his remarkable lecture, "The Inexcusable Lie," a stirring appeal for international understanding, peace and harmony among the nations.

Although having conspicuously served his country in the World War, Private Peat does not believe in warfare as a means of adjusting differences, but points to more sane and feasible methods of settling trying situations and insuring permanent peace.

In his frank, challenging address, "The Inexcusable Lie," Private Peat brings out the facts that from a child's earliest period of perception and understanding he is taught, quite unconsciously by his elders, to fight.

His great new lecture, inspired by a desire to help prevent further world catastrophes and to bring peace and good will to nations, should be heard by every man, woman, youth and child.

STAR PALACE THEATRE

MONDAY-TUESDAY VIOLA DANA "Crinoline and Romance"

EMMY LOU'S ideas were as old-fashioned as the dainty crinolines which she wore Reared under the careful supervision of her stern but kindly grandfather, a Southern Colonel, Emmy had never seen a white man or woman of her own age. Her rebellion had to come. With her colored "mammy" as a companion, the two left home early one morning to see life, life beyond the gates that had hemmed her in for many years.

MONDAY-TUESDAY "RUPERT HENTZAU"

A Queen, A King, A Knave, And a Wonderfully Romantic Lover.

"In like a lion and out like a mouse," an old one and in most cases a true one, but not so of Rupert of Hentzau. It is in like a lion and out like two lions, if such a comparison is allowed. It abounds in just the type of action and continuity that has been demanded by the public.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I have a confession to make. I went out on Saturday afternoon in a sail-boat with the K. N. B. C. S. I. We sailed around to a secluded cove and moved my shoes and stockings and waded into the water. I dried my toes in the sand. I sat on a large rock till the sun dried my feet. After removing my foot-wear I hunted flat stones and skipped them on the surface of the water.

I sat on a warm stone with my back against a hill in the distance and gazed up into the Minister's Face and on to Clifton and the smoky hills beyond. I peered into the green coolness of the woods that ran down to the shore. Then we sailed home again, and watched the little black squalls that came over the water to strike the sail and make the boat leap forward. More than that, Hiram, I am going to do it again."
