

MODIFICATION OF U. S. TREATY

Mackenzie King Proposes a New Agreement

To Perpetuate Ideals—Rush-Bagot Principles Would Dominate Permanent Understanding.

(Special to the Montreal Gazette.) Washington, July 12.—Right Hon. W. L. Mackenzie King, the Canadian premier, and Hon. G. P. Graham, the Canadian minister of national defence, called at the state department today and at a conference with Secretary of State Hughes today, to modernize the Rush-Bagot agreement and embody the ideals of its framers into a new and formal treaty between Canada and the United States respecting the limitation of armaments on the Great Lakes and the St. Lawrence River.

WEDGEWOODS "Blue Ferrara" Tea and Breakfast Ware

Attractive shapes in Blue Scene Decoration.

O. H. Warwick Co., Limited 78-82 KING STREET

each carrying not more than one ten-pound gun. The idea of the Canadian premier, as submitted to Secretary Hughes today, is to modernize the Rush-Bagot agreement and embody the ideals of its framers into a new and formal treaty between Canada and the United States respecting the limitation of armaments on the Great Lakes and the St. Lawrence River.

The Canadian statement found Secretary Hughes highly sympathetic and interested, and it is their expectation that the proposal submitted today will result in negotiations for the formulation of a new treaty between Canada and the United States, limiting armaments along the lakes and the border to practically nil. Details of the proposed treaty will be left to such negotiations. Only the general purpose and spirit of the proposal were suggested in today's conference at the state department.

Alphabetical Arguments And Advantages for Always Using LIFE SAVERS THE CANDY MINT WITH THE HOLE. 5c After Smoking—After Eating—At The Movies.

Several Questions. Since the new Liberal administration assumed office in Canada at the commencement of the present year, several matters affecting the relations of the two countries have attracted attention. Some of these have dealt with by correspondence. With regard to others, it was felt that in the long run, more satisfactory progress would be made if an opportunity were offered for personal conversation between members of the two governments.

tioned in the conference. The position taken by the Canadian ministers was that as stated by the Canadian prime minister in the House of Commons some weeks ago, an attitude neither of acceptance nor rejection of the project, but of postponement of its consideration.

WHAT HYDRO DOES.

While we in New Brunswick cannot hope to get quite as much benefit from hydro development as some parts of Ontario, we are assured by Mr. Krebs that the Musquash development will yield as good results as quite a number in Ontario which are not linked up with Niagara, but which have resulted in a great reduction in the cost of light and power, and a very notable expansion of industry.

WHERE THE FAULT LIES.

Is not the "personal liberty" plea somewhat overworked in discussions on prohibition? Because Quebec and British Columbia have not yet adopted total prohibition is it to be assumed they are right and the other provinces wrong? If there is to be personal liberty for the man who can afford a well-stocked cellar, why not for the humble person who can only afford to patronize a saloon? The saloon is gone, and there is an almost unanimous chorus of assertion that it must not return. It only remains, then, to clean up what is left and the job will be properly finished.

ROCKWOOD PARK.

Thousands of citizens on Saturday must have been impressed with the thought of what Lily Lake would mean to the people if it were made easy of access, and proper provision made for the comfort of visitors. The natural beauty of the place need not be destroyed in the process of making it more accessible and comfortable. The first necessary step is of course a street railway service to the entrance or a short distance into the Park.

The city is indebted to Mr. Frank White and those associated with him for a series of water sports at Lily Lake which gave great pleasure to the people, and will stimulate local interest in swimming, diving and other aquatic sports, and which will also prove another excellent advertisement for St. John as a patron of clean sport. If there had been no sports at all, it would have been worth while to see Lily Lake and its surroundings as they appeared on Saturday afternoon.

THEIR JOBS WON'T LET THEM.

"General" Riley has a grievance. The army of unemployed with which he was to have marched upon Ottawa today failed to turn up for roll call—or whatever it is an army congregates for—on Thursday evening.

CANADIAN RADIO.

Ottawa, July 17.—The department of marine which has taken over the jurisdiction of Dominion radio affairs from July 1, 1922, announces that Windsor leads the Dominion for June in the matter of radio receiving licenses, 681 having been issued by the postmaster of that city. Toronto is second with 460. The total number of licenses issued throughout the Dominion during the month was 2,030.

WATCH YOUR YOUNG MEN

It takes time to do anything. Therefore, time is an important factor in all accomplishments. But the idea of time is an age limit on ability is headed for the discard. Where they are given a free rein, young men—men under forty, and even under thirty—are coming to the front in surprising numbers.

REFRIGERATORS Are a Summer Time Necessity. No housewife should be expected to get along without one during the warm weather, when it is so difficult to keep food and liquids in proper condition. The outstanding feature of the Barnet Refrigerator is the improved Syphon System of Air Circulation and Ventilation which keeps foods in all their freshness for astonishingly long periods—no foul odors—no stagnant air—no tainting of foods.

"Superior" ELECTRIC IRON. The Irons You Ought to Look for—and Why. Perhaps all Irons look alike to you—in reality, though, there's a wide difference. The "Superior" heats rapidly and uses a minimum amount of current. It is perfectly balanced so as not to tire the arm, and, although beautifully finished, is sturdily made and will last for years.

MAKING MONTREAL A SINGING CITY

Nearly Eight Thousand on Fletcher's Field Join in Choruses With Kiwanis Club.

(Montreal Gazette) With warm weather to drive people out of doors, plus the attraction of the community singing programme offered by the Kiwanis Club, Fletcher's Field last night was covered by a crowd which was estimated at between seven and eight thousand persons.

The weather was ideal, the crowds having all dispersed before the rain came. The field presented an animated scene and was in many places comparable to the celebrated crowds which revel during the summer months on Hampstead Heath in England.

Mr. Bill Clapp, who led the singing, turned to the east, requesting they should sing with emphasis "The sun shines east."

Have Your Child Try This One On

The Tan Barefoot Sandal as shown and the Brown Play Oxfords are good types of footwear for children to wear.

Barefoot Sandals \$1.50, \$1.70 and \$2.00.

Brown Play Oxfords \$2.00, \$2.25, \$2.75.

McROBBIE Foot St. John 50 King Street.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared.

Mr. Bill Clapp, who led the singing, turned to the east, requesting they should sing with emphasis "The sun shines east."

Cool Frocks to Wear Right Now

Still many weeks ahead when dresses of the cool sort will come in handy. You will find some very attractive ones here and many of them are extremely inexpensive.

Made from gingham, voiles, organdies and other crisp, tubable fabrics designed in plain colors or striking color combinations.

All the very newest style points are embodied in these summer frocks: long waisted effects, boat and round necks, sashes of various widths, appliqued motifs, scalloped hems and short sleeves.

The bright flower tints are greatly in evidence, but our stocks are well assorted with more conservative shades for those who prefer them.

(Second Floor.)

New Summer Blouses in Dainty Hand Made Models

Hand-made blouses are finding high favor among women who take pride in their appearance. They add an entirely new note to street costumes of all kinds.

Among the latest arrivals at this store are sheer Batistes and Voiles, beautifully trimmed with hand drawn work and dainty hand made Irish crochet or filet lace edges.

All sizes from 36 to O.S. 52 in. are included. Batiste, in sizes 36 to 46 in. \$4.50 to \$7.00

Sizes 48 to 52 in. \$7.00

Voiles in sizes 36 to 46 in. \$8.50 to \$15.00

Sizes 48 to 52 in. \$11.50

(Blouse Dept., Second Floor.)

After You Buy--- What Then?

The suit looks good to you in the mirror, the cloth feels all right, it fits well, and the price is fair. So you buy it.

Then comes the test by which all clothes should be judged. How does it wear? How long will this suit retain its smart lines and trim appearance?

Because the answer to these questions can be pre-determined, we have made it our policy to feature "Society Brand" and other makes of clothes that will stand the test of wear.

Close attention to detail and painstaking tailoring are instantly evident in the clothes we sell.

Your critical inspection is invited.

ONLY 31-2 P.C. COMPLETE COURSE

Not a Good Showing for New Brunswick Schools—Vocational Training Needed.

(Moncton Transcript.) At the public meeting, held in the 40th Cavell Assembly Hall Tuesday evening, a welcome was extended to the fourth annual Vocational School now meeting in this city.

The speaker said that the remarks which he was about to make may be divided into five headings as follows: 1.—The great world-wide vocational education movement.

2.—Where our present system has more or less failed to do all that is required. 3.—How this failure has led to certain demands.

4.—How vocational education satisfies these. 5.—The practical application in solving these problems in Ontario.

Whether we will or not, the speaker said, we are in the midst of a great educational movement. It began many years ago in Europe and is rapidly spreading over the civilized world.

What kind of a course then shall we have? asked the speaker. Educators say we should have five or six courses, such as the regular high school or cultural course leading on to the universities and professions, industrial, training men to be mechanics, artisans, etc.; home-making, commercial and agricultural courses.

In Ontario there are two kinds of technical schools. There are the separate and composite. The separate vocational high school is for the purpose of training in every department outside of the cultural course.

There is a general feeling today that fourteen years is too early an age to send children out in the world. Refer-

ring to the fact that many parents say that they went out in the world even younger and made a success, the speaker reminded his hearers that times and conditions have changed.

Fourteen years is, then, too young for children to go out into the world. This is fast becoming recognized in different parts of the continent.

Mr. Sorsolle disclosed the fact that the highest community average in the United States of those who complete High School is thirty-eight per cent; the lowest is three per cent.

year thirty-five per cent. The result is that men go out from all courses with a broad educational background. Men going into industry have then some technical knowledge and make rapid progress.

Annual Meeting of Dominion Board in August—Representative Merchants from All Over Dominion.

(Halifax Herald.) The occasion of the annual meeting here in August of the Dominion Board of the Retail Merchants' Association of Canada promises the greatest gathering Halifax has ever had of retailers from all parts of Canada from the Atlantic to the Pacific.

Among prominent Canadian officers and retailers who are almost sure to be among those in the gathering here are Messrs. J. H. Banfield of Winnipeg, president of the dominion board; E. M. Towns of Ottawa, dominion secretary; C. F. Barnard of Montreal, and J. P. Connell (druggist), Winnipeg; W. H. Clarke (groceries), Toronto; Hodgins (autos), London, Ont.; McCullough (groceries), Stratford, Ont.; DeWolf, New Brunswick provincial president (hardware), St. Stephen, N. B.; Chas. Chandler, P. E. I. provincial president (hardware), P. E. Island; and Mr. E. Sexton McLennan (clothing), W. A. Stewart (dry goods), s. A. McDonald (dry goods), and W. B. LePage (boots and shoes), P. E. Island.

The programme for the board meetings has not yet been received from headquarters, but it is known that several matters of great interest to the retail trades throughout the dominion are to come up for discussion.

W. CLARK Limited, MONTREAL.

Ward off one of humanity's greatest enemies by daily use of Kellogg's Bran! Medical authorities generally agree that sickness and old age start in the intestinal tract through CONSTIPATION—a condition that every man, woman and child in this nation can positively and permanently relieve through the regular use of BRAN—Kellogg's Bran, cooked and krumbed! Kellogg's Bran is nature's own food, roughage that the eliminative tract must have to function properly! Bran sweeps, cleans and purifies without irritation or discomfort! So wonderful is its work for health that you can take any person who is run down, whose system is clogged and poisoned by constipation, give them Kellogg's Bran three times a day and eliminate the trouble permanently! Yet Kellogg's Bran is not a "remedy"—simply nature's food. To eat Bran regularly means that you will become normal in the eliminative tract, and in other organs, and escape the dangers that are traceable directly to constipation! Your physician will endorse Bran for constipation. Do not neglect Kellogg's Bran another day. Every member of your family should eat Bran regularly—at least two tablespoonfuls daily; in chronic cases, eat it with each meal. It does great work for children, making them grow big and strong, and safeguards their health. Kellogg's Bran, cooked and krumbed, is deliciously flavored. Eat it as an appetizing cereal or sprinkle it over your favorite cereal. Kellogg's Bran makes the tastiest gems, raisin bread, pancakes—and endless other good things—and it is working for health all the time! Buy Kellogg's Bran at all grocers! In the "WANTIE" package.

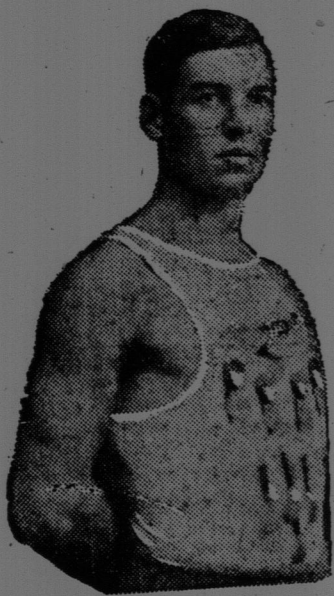

Milk Always Sweet in Summer SUMMER heat makes no difference to Carnation Milk. It's always sweet and fresh when you need it. That's because it comes to you SEALED and STERILIZED. Fresh and rich the day it comes to us, part of the water is taken away by evaporation and it is put into new containers and sterilized. It keeps indefinitely in the cans—or for several days when opened. Carnation Milk solves the milk problem. Winter or summer, it is always ready—never late. None is wasted. Use it as cream, or add water and use it as milk. Carnation Milk adds wonderfully to every milk dish—new flavor and new nourishment. It makes tea and coffee famous and it whips. Order this convenient, economical milk now. Ask your grocer to send you several tall (16 oz.) cans, or a case of 48 cans. At the same time write for the Carnation cook book. It is new—beautifully illustrated—and the many recipes are tested and delicious. Try this recipe. CARNATION COOKED SALAD DRESSING. 1 teaspoonful salt, 1 tablespoonful sugar, 1 1/2 tablespoonfuls flour, 3/4 teaspoonful mustard, 2 eggs, 1 teaspoonful onion juice, 1/4 cup mild vinegar, 1/2 cup Carnation Milk, 1/2 cup water. Mix dry ingredients, add beaten eggs, onion juice and milk diluted with the water. Add the vinegar slowly, cook in a double boiler until thick, stirring constantly. Remove from fire, strain and cool. This recipe makes 1 1/2 cups salad dressing. CARNATION MILK PRODUCTS COMPANY, LIMITED, 722 JOHN STREET, AYLMEER, ONT.

BOB DIBBLE.

former senior singles champion amateur sculler of Canada, who will try to regain from Hilton Belyea, at the Canadian Henley this year, the honors which Belyea took from him.

RING.

A Good One.

New York, July 17—(Canadian Press)—Both weighing 136 pounds, Sid Marks, Canadian lightweight champion, and Willis Jackson of New York, fought ten rounds to a draw here last Saturday, giving an exhibition of boxing which was worth going a long way to see.

Pete Herman Retires.

New Orleans, July 17—Pete Herman, former bantamweight champion, has announced his retirement from the ring. He said that the condition of his eyesight makes it inadvisable for him ever to fight again.

AUTO.

A New Record.

Edmonton, July 17—Sig Haugdahl, driving his Wisconsin special car, clipped one-fifth of a second off the world's record for a mile on a half-mile track on Saturday. His time was 1:01.1-5.

Grand Prix.

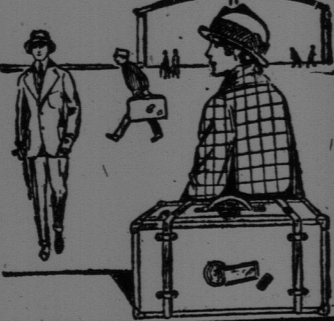

Strasbourg, July 17—Rougier won the Grand Prix for passenger autos yesterday, covering the course of a little less than 441 miles in six hours, 35 minutes, 23-5 seconds, or an average of nearly sixty-seven miles an hour. Duray finished second and Gauderman third, two and seven minutes behind the winner.

TURF.

New Mile Record For Year.

A new mile record for the year was established in the Willys-Overland stake for 208 paces at Fort Miami, Toledo, Saturday when Margaret Dillon paced the circuit in two minutes flat. The Great Volo captured the 209 trot in straight heats, best time 2:07 $\frac{1}{2}$. The Bill trot went to Louise De Lopez in straight heats, best time 2:07 $\frac{1}{2}$. Sun Flash won the 215 pace in straight heats, best time 2:07 $\frac{1}{2}$.

MORNING NEWS OVER THE WIRES

Saturday's C. P. R. express to St. Stephen struck an automobile about one mile outside of Florenceville. One of the two men in the car was hurt but the other escaped without injury.

Louis Capon of Milltown, N. B., a young man named Hanson, his sister and another woman were hurt in a collision between the car they were in and another car on the road between Calais and Woodland on Saturday.

Clarence Estey's sawmill at Boies-town was completely destroyed by fire on Saturday. The damage, \$20,000, was partly covered by insurance. The sawmill at Covered Bridge belonging to Alexander Fraser was also destroyed with a loss of about \$12,000.

Premier King moved to Ottawa from Washington yesterday after clearing up many matters with the United States government. He emphatically denied that the matter of reciprocal trade arrangements had been dealt with and said that his stand on the St. Lawrence waterways project was the same as it had been in the House of Commons.

General satisfaction was felt in Ottawa that the prime minister had been successful in strengthening and clarifying the relations between Canada and the United States.

Reductions of from twenty-four to forty cents a day went into effect yesterday in the wages of some 40,000 maintenance of way employees on the Canadian railroads. The reductions came into effect following six weeks negotiations between the employees and the company. Application has been made by the employees to the minister of labor for a board of conciliation.

Three vessels have been seized recently off Sydney by revenue cutters and taken into Sydney. The Newfoundland schooner Sea King, the schooner Adna C. of Glace Bay and the Mary F. Hyde, all were taken with liquor on board.

Four contracts for steel for bridge superstructure have been awarded recently to the Dominion Bridge Company of Montreal. One of them is for steel for the bridge over the Musquash river which is one hundred and eighty-one foot span. The total price of the four is in the vicinity of forty thousand dollars.

Six persons were killed when a train struck an automobile yesterday at Burnham Junction, Maine. A baby in its mother's arms escaped uninjured.

An automobile driven by Leonard J. Hoed of Queensbury, York county, on Saturday ran into the railing of a bridge cut off three five inch posts and jumped forty feet through the air and landed in an alder swamp. The driver was trying to catch a train and neither he nor his passenger were injured.

TO ENGLAND ON MISSION FOR NEWFOUNDLAND
New York, July 17—(Canadian Press)—Sir Richard Squires, premier of Newfoundland, sailed for England on the S. S. Olympic on Saturday in connection with the financing of a \$20,000,000 wood pulp and railroad project for the opening of Newfoundland's undeveloped resources.

PERSONALLY DENIES THE REPORT OF OWN DEATH
Bridgeburg, July 17—Jimmy Jones, well-known Newfoundland township character, like Mark Twain of old, begs to deny that he is dead. Reports had been circulated to the effect that he had died in his lonely shack in that locality, but denial is made by no less a personage than himself that he is still in the land of the living.

Five Killed in Air Accident.
Sabona, Alsace Lorraine, July 17—An airplane attached to the Strasbourg air service fell here yesterday. The pilot and four passengers were killed.

YESTERDAY IN CITY CHURCHES

The Ludlow street Baptist church services yesterday were conducted by Rev. Frank O. Erb, D. D., of Philadelphia, Dr. Erb is one of the leaders of religious thought and devotes his time to young people's activities especially. He is a forcible speaker and made a deep impression yesterday.

In the absence of the pastor, Rev. A. Lawrence Tedford, the services at Tabernacle Baptist church were conducted yesterday by Rev. R. Osgood Morse B. D.

Rev. W. A. Cunningham, a Nova Scotian who has been doing pioneer work as a home missionary at Swan River, occupied the pulpit of St. David's Presbyterian church yesterday.

A former pastor of the Carleton Methodist church, Rev. Dr. J. A. Wadman, recently of Honolulu, Hawaii, was the preacher at last evening's service in the church before a crowded congregation. His term as pastor extended over three years beginning in 1918. An impressive part of last evening's service was the calling of the roll of the board of officials, who served with Dr. Wadman for that period. Only four survive at present.

PART OF EAR TORN OFF BY BUTCHER'S MEAT-HOOK

Newmarket, Ont., July 17—When he was thrown against a meat-hook in his father's butcher shop, Leonard Tate had a long strip of flesh and part of his ear ripped from his scalp. With his brother, he had been scuffling in the shop. He was thrown against the wall and his head struck the end of the meat-hook.

RIVER ST. LAWRENCE GIVES UP ITS DEAD

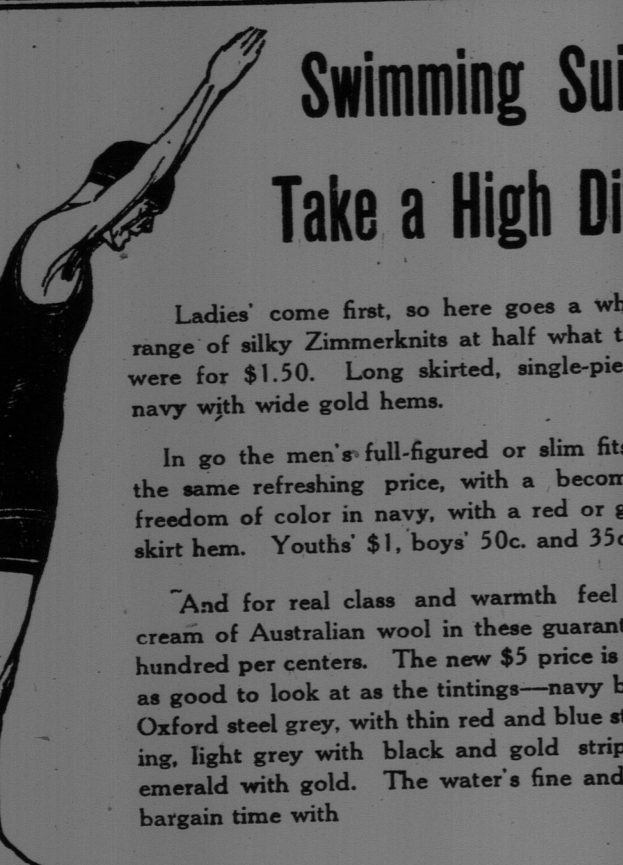

Montreal, July 17—After lying for fifteen days at the bottom of the St. Lawrence River, the bodies of four men and a woman were removed on Saturday from the tug Spray when the latter was raised. It was sunk following collision with the Cairnchu on July 1.

middle of the week it is likely that operations will be in full blast. In all sections of the country the crop is reported to be an excellent one.

SCHOONER COST \$62,000; SOLD AT YARMOUTH FOR \$10,200

Yarmouth, N. S., July 17—The three-master schooner Nettie C., 435 tons, built at Saultville, N. S., in 1919 at a cost of \$62,000, was sold by auction here on Saturday to Captain V. B. Spragg, Philadelphia, for \$10,200.

Price, are expected to arrive on the New Brunswick district tomorrow on an inspection trip. J. M. Woodman, general superintendent of this district, will proceed to Megantic this evening to meet the visiting officials.

CITY ACCEPTS PAVING TENDER

Haymarket Square Work to be Done by Stephen Construction Co.

Word of Projected Extension of Business at Pulp Mill—Mayor's Query and Statement re Dinner to Hon. Mr. King.

The tender of the Stephen Construction Co. for the paving of both sides of Haymarket square was accepted at a committee meeting of the common council. The total was \$46,605.55.

Pulp Mill Project.
Commissioner Wigmore presented a letter from Barnhill, Sanford & Harrison, solicitors for the Nashwaak Pulp and Paper Co., in connection with the company's agreement with the city regarding water supply. According to an agreement signed last year, the city undertook to supply the company 4,000,000 gallons daily for twenty years from August 1, 1922. According to the company's engineers, the present ten-inch main was not sufficient to carry this quantity, and they said another eight-inch line would be required. The company expressed the intention of increasing their capacity by twenty-five per cent. and would therefore require the service of a fourteen or sixteen-inch main. They asked the city to construct this pipe and were willing to pay the difference between the cost of such a line and the eight-inch pipe.

Commissioner Wigmore reported that the present line would supply sufficient water to carry out the agreement. He said that a test had been made at the mill using one four-inch, one five-inch and one six-inch discharge and the delivery was at the rate of 3,421,000 gallons a day, while only seventy-seven per cent. of the capacity of the ten-inch line was used. He said that the company proposed spending \$800,000 in enlarging the plant, one-half of which would be expended this year. He said that the company was not contented that the city could deliver the 4,000,000 gallons a day, but was asking for better pressure and a larger supply pipe. A motion to hear the matter on Thursday morning was carried, only the mayor dissenting.

Reporting on the matter of tenders for the paving of Haymarket Square from Cooper's corner to City Road and Prince Edward street, Commissioner Frink said that the only complete tender received was that of the Stephen Construction Co. B. Mooney & Sons had made no bid on items for asphalt surface and bituminous macadam base. Excluding these items the totals in the two tenders were—Stephen, \$14,431.55; Mooney, \$14,690.55.

He recommended that the contract be awarded to the Stephen Construction Co. whose total bid was \$46,605.55. It was somewhat lower than the one which was added, but this included extra excavation, tile drains, catch basins and cost of engineering and incidents, which were not included in the tenders. There was an additional item of \$3,000 for sidewalks, which would be laid by the city workmen. He moved that the work be let for by bond issue, the total bond being for \$53,616.65. The motion carried.

The mayor said before voting that the men employed on the job should be tax-payers. The road engineer said that a clause to this effect was inserted in all contracts.

His Worship said it had been reported to him that outsiders were brought in for a contract given to a local company early in the spring.

Commissioner Wigmore said he had heard this report in connection with one of the sewer contracts, had investigated and found that there was no evidence of such an action on the part of the contractor.

A lease covering the rental of a portion of the Kennedy building in Prince William street for use of the federal employment service was agreed to and signed by the mayor. It will extend over a period of two years and ten months with privilege of renewal for five years at a rental of \$675 a year, heating to be done by the owners.

Commissioner Frink reported regarding the matter of a retaining wall on the property of the Sterling Realty Co., in Prince Edward street. He said that the wall was erected on city property, but the sill of a building had been placed on the wall. He promised to report further.

Query by Mayor.
The mayor asked if any of the members of the council had received an invitation to attend a complimentary banquet today to Hon. Dr. J. H. King, minister of public works. On receiving a negative reply from each of the commissioners he said that he had received an invitation but proposed to send his regrets, as he felt that the council had been ignored. Furthermore, he said, he did not intend to spend public money on visitors to the city who, while here, spoke of the fine harbor and wonderful opportunities in St. John and who, when they went away, forgot all about them.

A letter was read from representatives of the DeBury estate announcing that lessees of lots were given first opportunity of purchasing on the basis of the rental rate capitalised at five per cent. The city is the lessee of one of the lots and the matter referred to Commissioner Thornton for report.

On account of the meeting of the municipal council tomorrow afternoon, the weekly meeting of the city council was set for tomorrow morning at 11 o'clock. The mayor announced that it was his intention not to attend any more sessions of the municipal council until the city members were prepared to stand together and assert their rights.

STUDYING THE MARKET.

H. L. Doane of Halifax is in the city gathering data in connection with the operation of the city market for the information of the Halifax council. He called on Commissioner Thornton this morning. Halifax has a country market, but has never been able to make it pay, and, hearing of the success of the local institution, they are anxious to learn the way of doing business. Mr. Doane told Commissioner Thornton that he had no idea of the excellence of the market here.

MISSIONS ENDED.

Rev. John R. O'Brien, C. S. R., of Toronto, on Saturday closed a mission which he had been conducting for Catholics in the Municipal Home. On Sunday morning, Rev. C. P. Carleton, pastor of St. Joachim's church, Silver Falls, officiated at mass in the home while the service at St. Joachim's was taken by Father O'Brien, who preached an interesting sermon on faith. He will return to Toronto in a few days. During the mission he concluded a mission at Golden Grove.

EMPLOYMENT MATTERS.

Stenographers, waitresses, housekeepers and general maids are in great demand in the city, according to Miss Angas Sutherland, superintendent of the women's department of the federal employment service. On the other hand there are many chervomen, looking for work by the day. So far thirty-three women have registered and there have been twenty-three orders for workers. The total number of men registered is 171. Seven men have been placed and there are nine orders now in.

CHAUDIERE IN.

The Royal Mail Steam Packet liner Chaudiere arrived in port at 9.30 o'clock this morning from Bermuda and the British West Indies. She had forty-five passengers, comprising thirty-three first class, two second and one third. Two of the passengers were Chinese en route from the West Indies to Hong Kong. The liner also brought 2,500 tons of raw sugar to the Atlantic Sugar Refinery in addition to a quantity of molasses and general cargo.

FAMILY RE-UNION.

Mr. and Mrs. George Buckley of Model Farm, enjoyed a pleasant outing on Sunday when their family arranged for a re-union to celebrate Mr. Buckley's 78th birthday. All spent the day on Darling's Island. Twelve sons and daughters, twenty-three grand children and one great grand child gathered about the happy parents. A purse of money was presented to Mr. Buckley by the eldest son at the close of the day and all returned home after a very happy family gathering.

MILITARY NOTES.

The staff of military headquarters moved today from the building at the corner of Mecklenburg and Sydney streets to the armory. The work of transporting the furnishings and equipment is going on with all possible speed but will probably not be finished for some time on account of the large amount of stores and files which have to be moved.

The 15th Heavy Battery arrived in the city this afternoon on the Montreal train from Petawawa, where they have been spending ten days at camp. The battery is in command of Captain D. B. White, M. C.

POLICE COURT.

Nine men charged with drunkenness were in the police court this morning. Eight of them pled guilty and Police man Ganter gave evidence against the other. Fines of \$8 or two months were imposed in each case. In fixing the men sitting Magistrate Henderson said that this was the worst lineup that had appeared before him for two months. There were people in the penitentiary, he said, who were better than the bootleggers but the latter seemed to be doing a thriving business. He said they certainly got some business on Saturday night.

GIRLS TO CAMP.

Between twenty and twenty-five happy girls of the C. G. L. T. class of St. David's church got away Saturday and this morning to the camp at Holder's Point where they will spend two weeks taking the regular C. G. L. T. study and training course. The camp will be in charge of Miss Jean Sommerville, assisted by Mrs. S. H. Hanson, Mrs. A. Pike, Miss Hattie MacMurray and Mr. and Mrs. L. C. Hay. The site of the camp is the same as that of the Tuxis boys' camp which broke up on Saturday and the equipment is the St. David's church equipment. Following this camp will be the Business Girls' camp.

MRS. WILLIAM H. SMITH

Friends of Mrs. William H. Smith, 47 Pitt street, were shocked today to learn of her death which occurred suddenly this morning at her summer home in Westfield. She leaves, besides her husband, two sons and two daughters. The sons are Fred W. Smith of this city and Arthur R. Smith of Middleton, N. S. The daughters are Mrs. F. C. Harris of Bear River and Miss Ida M. Smith at home. Mr. Smith is vice-president of Robertson, Foster and Smith, Ltd. There will be deep sympathy for those bereaved.
