## VEGETINE

Gives a Good, Clear Complexion.

PHILA., PA., July 8, 1877.

H. R. STEVENS, BOSTON:

Dear Sir—The great benefit I have received from the use of Vegetine induces me to give my testimony in its favor. For several years my face has been covered with pimples, which caused me much annoyance, and knowing it to be a blood disease, I consulted a number of doctors, and also tried many preparations without obtaining any benefit, until I commenced taking Vegetine, and before I had used the first bottle I saw the right medicine. I have used three bottles and find my health much improved, my humor entirely cured.

Yours respectfully,  
MISS N. KEEFE,  
1150 Carpenter Street.

## VEGETINE.

Reports from Ottawa.

OTTAWA, CANADA, Dec. 31, 1878.

MR. H. R. STEVENS, BOSTON, MASS.:

Dear Sir—Vegetine has been in my family for several years, and I consider it an invaluable medicine. I most cheerfully recommend its use to those desiring a safe and effective remedy for diseases of the stomach and impurities of the blood. I may add that I have also used it to cure several of my friends and acquaintances with the most gratifying and satisfactory results.

Very respectfully yours,  
MISS W. G. PERLEY.

## VEGETINE

Cured Scrofula.

PHILA., PA., July 18, 1877.

H. R. STEVENS, BOSTON, MASS.:

Dear Sir—I can cheerfully recommend your Vegetine as the "Great Blood Purifier." I have been ailing from Scrofula for years, and was cured by your Vegetine. I have constantly on hand to keep my bowels regular, and am constantly recommending it to all whom I hear needing a remedy like yours.

Truly yours,  
JOHN McGETTIGAN.

Being personally acquainted with Mr. McGettigan, I can vouch for him as being reliable in his statement, as I have sold him Vegetine.

DR. J. W. ABEL,<

that the order is in good working condition. The Grand Scribe's report contained the following statistics: Number of Divisions last year, 45; number of members last year, 1,740; number of members this year, 1,850; number of visitors admitted, 119; whole number of initiations, 623; whole amount of receipts by subscription, \$1,468.71; cash on hand and invested by subscribers, \$7,500.95; per capita tax to Grand Division, \$267.95; per capita tax to D. D. \$25 each member, \$91.00.

The election of officers resulted as follows: Robert Bell, Sackville, G. W. P.; E. McLeod, St. John, G. W. A.; S. B. Patterson, St. John, G. S. C.; J. W. Sheldon, South Bay, G. T.; Rev. W. J. Kirby, St. John, G. Chap.; Amasa Coy, Upper Gagetown, G. Con.; W. F. Anderson, Portland, G. John, G. Sen. The installation of officers, the members adjourned to the dining rooms of Mr. C. Sparrow, where refreshments were supplied.

The Grand Division met again this morning, but the business was of a strictly private character.—Globe 10th.

#### The Zulu War.

Capetown, June 24.—General Crelok reached Fort Chelmsford on June 19th. A general advance was made on the 20th, and the Umalazi river was bridged on the 21st. General Newbridge has reached the Upoko river, his advance guard being near Inyanakopo. Colonel Wood was expected to join General Crelok in a few days. It is rumored that Cetewayo has withdrawn the regiment which was with him, and that the first division is ordered to defend his kraal.

#### The National Policy.

(From the Montreal Witness—Grit.)

NEW FACTORY TO BE ERRECTED.

Messrs. Evans Brothers, coal merchants, have just accepted a contract to build a new and commodious boot and shoe factory for the extensive firm of Ames, Holden & Co. The new building will be situated on Victoria Square, near the shoe factory of Messrs. McLaren & Co., and the work of erection will be commenced this week. The structure will cost \$15,000, will be five stories high and sixty-five feet front, by eighty-five feet deep. The building will be lighted on three sides. The material will be brick and stone, and Messrs. Ames, Holden & Co., expect to occupy it in the first week of January, 1880. Two hundred and twenty-five hands are employed in the present establishment, but this number, it is anticipated, will be materially increased in the new building.

#### THE NEW SUGAR REFINERY.

"A PURE OUTCOME OF THE NATIONAL POLICY."

The "St. Lawrence Sugar Refining Company, Limited," is the name of a new association of capitalists organized for the refining of raw sugar, and the manufacture of syrups generally. The authorized capital of the new company is \$100,000, the management is as follows: President, W. R. Elmhurst; Vice-President, A. Baumgartner; Secretary, Thos. O. Labat; Directors, Jas. Crathern, T. Tiffin and Richard Wolff. The company may more correctly be said to have been formed by the extension and enlargement of the addition of a sugar refinery, of an industry long known in Montreal, namely, the "Decastro Syrup Company," having purchased all the rights and liabilities. The buildings for the new sugar and syrup works, situated on Queen and King streets, have just been completed, being six stories in height, of red brick with stone foundations, and altogether presenting an imposing appearance. The machinery is being rapidly set up, and the company expect to commence active operations during the month of August. One hundred and eighty hands are now employed about the buildings.

#### The March of Protection in England.

At a meeting of the Worcestershire Chamber of Agriculture, Mr. Winn Knight, M. P., said: "The so-called free trade was not free trade. They thought it was, but they were wrong for their country in getting free trade established, but that was not the case. Bismarck, the greatest man in Europe, saw what a free trade policy meant, and they knew what it meant, and they have been doing it lately. The farmers wanted protection, but they would not get it by themselves; they must get the towns to support them, and they must have a chance. There was one thing which struck him much, and that was that if they were to depend for their food on foreign countries, in case of dispute they would be able to make war at all with other countries, because their food supply would be stopped." The honorable member concluded by saying that he was sure the whole country returned to something like protection, he did not know what was to be done. Another speaker said: "It was not only the farmers who were wrong, but the manufacturers of Lancashire had a great change come over them with reference to unrestricted free trade, for foreign nations were supplying them with goods cheaper than they could make them."

At Medford, Mass., Saturday afternoon, as Mr. George Richardson was acting as marker at the Bellevue rifle range, he was accidentally shot dead by his nephew, Mr. H. K. Richardson, who fired just as his uncle stepped out of the marker's pit.

Science has accomplished no more wonderful or gratifying result than the perfection of an antidote to the chilling signs of approaching age, something to obliterate the tell-tale tracks of time, and preserve the natural elements of youth to ripe old age. Hall's Hair Renewer does all this, and its praise resounds in cottages and palaces. The dwellers among the snows of Norway and the fountains of sunny France and Spain, find use for it, and find means to get it, and do not disappoint them. The whitening locks acquire their youthful color, the thin, dry, and faded hair becomes bright and glossy. The whole appearance is changed as if by magic, and the man or woman, who, before was called aged, now appears as one in the prime of life. Such wonderful changes cannot pass unnoticed, and they have produced the unprecedented demand that now exists for the first and only article ever compounded that can produce them in a pleasing and satisfactory manner.—New Era, Woodstock, Ill.

**Liver is King.**

The Liver is the imperial organ of the whole human system, as it controls the life, health, and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion, the movement of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns in the Western Continent. Three doses will prove that it is just what you want.

**FISHING NOTES.**—Mr. Wm. Magee returned last evening from a fortnight's fishing cruise on the Miramichi, in company with Mr. J. W. Laney and A. W. Wood. The party met with good sport and landed a large number of salmon.

The best known remedy for all affections of the chest, lungs and throat, is Gray's Syrup of Red Spruce Gum. It has been tried by thousands of persons suffering from the above diseases, and in every instance it has given immediate relief. In cases of troublesome, tickling cough, where the patient passes sleepless nights, one or two doses of the Syrup has such an effect that rest ensues, and the cough speedily disappears. See advertisement.

**DIVINITY SCHOOL.**—At the Diocesan Church Society at Fredericton, on Wednesday, a resolution was passed by the establishment of a divinity school at Fredericton.

Cramps and pains in the stomach or bowels, or in any part of the body, no matter how severe or what the cause, can be relieved by *Johnson's Anodyne Liniment* used internally and externally.

More than twenty years ago we had chills and fever, and the recollection of it makes us shiver even now. But this disease no longer terrors us. *Parson's Purgative Pills* are a sure preventive.

The Conservative candidate has been elected in Yamaska, Quebec, by about 200 majority.

An Eminent Physician, of LARGE EXPERIENCE, who has made Pulmonary Consumption a specialty, says that "although in the worst and most rapid forms of the disease, we have still to contend that medicine is almost powerless, yet, in these less overwhelming cases, the same chronic which happily constitute the far greater number of cases, we have been able to adduce many proofs that much may be done to mitigate, to prevent, to cure, and to prolong life, and to cure, in this most destructive of human maladies. His experience of fifty years leads him to assert that the great remedy, more efficacious and more effectual than any other, is *Cod Liver Oil*."

BUT, WHO CAN TAKE IT? ANYBODY CAN TAKE IT! *Robinson's Phosphorized Emulsion of Pure Cod Liver Oil*, with *Lacto-Phosphate Lime*, contains all the virtues of Cod Liver Oil in a form and combination most desirable to obtain its fullest effect.

Prepared only by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and is for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

**ELECTRICITY THOMAS' EXCELLENT ELECTRIC OIL.**—WORTH TEN TIMES ITS WEIGHT IN GOLD.—PAIN cannot stay where it is. It is the cheapest medicine ever used, and it cures all kinds of rheumatism. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured a lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical: J. Collier, of Sparta, Ont., writes: "I have sold all I had from you, and want none more; my cures are truly wonderful." Wm. McGuire, of Franklin, writes: "I have sold all the age-old, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iona, writes: "Please forward 6 dozen Thomas' Electric Oil, as I have sold out, and none equals it. It is highly recommended by those who have used it." J. Bedford, Thameville, writes: "Send at once a bottle of your Electric Oil. I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, of Godford, writes: "Send me some more Electric Oil. I have sold entirely out. Nothing takes like it." Miller & Reid, of Dufferin, P. Q., write: "The Electric Oil is getting a great sale, and the names of Northrop & Lyman are blown in the bottle, and take no other. Sold by all medicine dealers. Price 25 cts.

**NORTHROP & LYMAN,**  
Proprietors for the Dominion.  
North—Electric—Selected and Electricized, and all kinds of Street Lamps and Fish. Moses M. Sargent, Newcastle; Dr. Pallen, Chatham. May 25-2m

INVADES, do you wish to gather flesh, to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep, to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in short time you will feel the whole system invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years to be the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine cherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The properties of Quinine are a febrifuge tonic and antiperiodic of small doses, frequently repeated, strengthen the pulse, increase muscular force, and invigorate the tone of the nervous system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation, and it is believed it will never fail if properly and judiciously administered, under other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and invigorates the organs, and seldom require more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop & Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money.

Sold by all Medicine Dealers.

I am instructed by the heirs of the late John McKenzie, to sell,

**SATURDAY, 2ND AUGUST NEXT**

at the hour of 12 noon, on the premises,

**That Valuable Property,**

situate on George Street, Lot No. 1, adjoining the Woods property, 25x75 feet, with barn thereon. Lot No. 2, 5x75 feet, with dwelling house. This house has an excellent cellar, with stone wall. In the cellar there is an oven suitable for a baking establishment. If too old for use, it could be utilized in re-building a new one, the material being adapted for that purpose.

These lots will be sold on a lot or separate as above, to suit purchasers. The premises are centrally situated for a large hotel, or private dwelling and store attached. It is joined at the North by the dwelling house and in shop of the late Mr. James Gray, within a few feet of Water Street, and in view of the most public places and wharves where the steamers call. It is the only LARGE chance in the vicinity for a good business stand. For certain purposes it is unsurpassed. SALE POSITIVE. Intending purchasers can rely on a bona fide sale in force and take effect in the said County.

Whereupon your petitioners humbly pray that your Excellency will be pleased by an Order in Council under the Ninety Sixth Section of the said Act, to declare that the Second Part of the said Petition be in force and take effect in the said County.

And your petitioners will ever pray &c.

Dated this 12th day of July, 1879, at the City of New Brunswick, in the County of Northumberland, the undersigned, the electors of the said County be taken for and against the adoption of the said Act.

## Medical Effects of Onions.

A mother writes to an English agricultural journal as follows:—  
"Twice a week—and it was generally when we had cold meat—my children were given a dish of boiled onions. The little things knew not that they were taking the best medicine for expelling what some children suffer from—worms. Mine were kept free by this remedy. It was a medical man who taught me to eat boiled onions as a specific for a cold in the chest. He did not know at the time, till I told him, that they were good for anything else." The editor of the journal adds: "A case is now under our own observation in which a rheumatic patient, an extreme sufferer, finds great relief from eating onions freely, either cooked or raw. He asserts that it is by no means a fancy, and he says so after having persistently tried Turkish baths, galvanism, and nearly all the potions and plasters that are advertised as certain alleviators or cures."

## Seasonable Notes.

Peas rarely do well after hot, warm comes on, but some of the dwarf sorts may be used to fill vacant places, to take their chances.  
Cabbages.—The early crop should be kept growing by frequent hoeings. Plants of the late sorts in seed beds should not be too crowded, and the cabbage worm kept off; picking will answer here.  
RUBBING POSTS.—A few rubbing posts set up in the pastures, will save injury to the fences. Cattle will use these conveniences very often, if provided for them, and it is worth the labour, to witness the enjoyment of the animals in the use of them.  
Salt-boxes have frequently been described in the *American Agriculturist*; as they are easily made, very useful, and the supply of salt is healthful, a few of these boxes attached to the fences of the pasture, and kept well replenished with salt, will be trouble well bestowed.

SUMMER FERTILIZING.—The experience of the past few years has often shown it to be useful to give a light dressing of fertilizer to the corn, just before the last cultivation. This helps the earing, and renders many ears productive that would otherwise be abortive. The fertilizer should be worked in with the cultivator. A mixture of poultry manure, ashes, and plaster, will be useful; or the prepared artificial corn fertilizer, may be used in place of this.

## For the Little Folks.

## GRANDMOTHER'S BIRTHDAY.

"Eighty-three years old to-day! Ah, well, I must not be so impatient, but if were God's will how gladly would I go home to-day!"  
Grandmother Wells leaned back in her easy chair, her poor crippled hands resting in her lap. For six months she had not left that chair except to be carried to the bed, or lounge, by the window.  
She was a lovely old lady. Her complexion had retained much of its youthful smoothness and fairness. She had large, tender blue eyes, and a sweet childlike mouth. Her silver hair was brushed smoothly over her noble forehead.  
Never was there a sweeter or more uncomplaining spirit than hers, yet she could not always resist the gloomy thoughts that stole over her.  
Forty years ago she had buried her husband, and now all their children slept by his side.  
It was several years now since she came to live in the family of her granddaughter, Mary Wilton. She had known many happy days there.  
Mary and her husband loved her dearly, and as for the children, "grandmother," had the next place to father and mother in their hearts.  
When sickness and infirmity came upon her, and she was unable to take a step alone, or even straighten her poor bent figure, they all tried by a thousand tender ministries, to make these weary hours pass pleasantly for her.  
But the dear old grandmother, though she strove to be cheerful, could not always drive away the heartache. To minister to others had been the comfort of her life, and now the smallest service was out of her power. Even her knitting must be laid aside.  
"If I could only feel that I was some little use in the world!" she said to herself mournfully, as she sat in that dear old easy chair morning after morning.  
But I am utterly helpless—and poor Mary, it seems as if she had grown careless already. But this is not a fretful, repining spirit I am showing? O Lord, make me cheerful and patient, willing to wait Thy time!"  
She closed her eyes and sat quietly musing while a more placid and hopeful expression stole over her countenance.

A light tapping at the door aroused her; she opened her eyes, and said very cheerfully:—  
"Come in."  
The door swung wide open, and in filed the four oldest children, one after another.

Herbert, a boy of nine, carried a bouquet of flowers in one hand, and a beaming full-illuminated text in the other.  
Six-year-old Mary bore a frosted cake, crowned with a wreath of flowers.

Next came black-eyed Josie, one year younger, proudly displaying his bouquet, and a book-mark of his own making.  
Little Alice grandma's namesake, a little curly-haired rogue of three carried a tiny vase filled with flowers. She stepped cautiously, holding the vase in both hands, so as not to spill a drop of the water.

"Why, you little dears," said grandmother, as the procession halted in front of her, "what does this mean?"  
Herbert repeated a step, holding up his gifts. He was a delicate, thoughtful-looking boy, with something very winning in his ways. He paused a moment to collect his thoughts, and said:—

"Dear grandmother, your oldest boy gives you a greeting from this day; the winter's snow is on your hair. And in your heart the flowers of May. Oh! lonely woe! our household but without your smile and words of cheer! May God bestow a precious life. And make you long a blessing here."

"You dear boy!" said grandma, her blue eyes bright with tears, as he laid her gifts in her lap, and kissed her tenderly. She had no time to say more, for bright-eyed Mary took his place, looking somewhat shy, but very proud of the gift she carried.

"Dear grandmother accept this cake and wreath of flowers for Mary's sake; May I try little sunbeam be! Bear fruit in every deed and thought!"

"Bless you, little darling!" said grandma, as Mary first deposited her cake on a chair and threw her arms around the old lady's neck.  
"You are my sunbeams, all of you. But here is my Josie waiting to speak," she said, smiling.

"Josie laid his gift on her lap, and stood hesitating a moment. He was a warm-hearted, affectionate boy, but very nervous and excitable. Her grandmother, prompted Herbert, said:—

"I know it," said Josie, indignantly, "don't tell me!"  
"Dear grandma, please accept these gifts with love from little Josie. All the love that's in my heart. In words could—words could—"

"I can't think what comes next!" biding his face in grandma's lap. Herbert's prompting only irritated him, and at last grandma said in a soothing tone:—

"Tired, dear little man, don't cry. Some other time you will say it to grandma, when we are alone together. Run to the sugar-plum drawer, and you will find something to comfort Josie, whose tears were easily turned to smiles, obeyed promptly."

Little Alice, at a sign from Herbert, stepped forward, and resting her head on grandmother's knee, looked up with her coquettish eyes into her face.  
She had more confidence than Josie; and it was in clear thought listening tones that she repeated her lines:—

"Thy little namesake offers thee  
This vase of flowers and kisses three;  
Oh, happy may thy birthday be!"  
"You little blossom, you!" said grandma, kissing her rosy cheek a dozen times.

And now mamma, who had stood idling in the background all this time, advanced with baby Charlie in her arms.  
"Dear grandma, baby is too young to repeat verses, but he offers you his mouth for a kiss."

"Bless his precious heart!" said grandma kissing him warmly. "Did you hear the children repeat their verses?"  
"Oh yes, I was standing here all the time!"  
"Ma wrote the verses for us," said Herbert.

"And Bridget made the cake," said practical Mary.  
"And I made the book-mark myself, all my own," said little Josie, nestling up to grandma's side.  
"And here's a little gift from Robert and I," said Mrs. Wilton.

It was a lovely engraving representing Christian and Hopeful resting in the valley of Beulah.  
Grandma's eyes grew moist again as she looked at it.

"Oh, how lovely that is! Thank you, Mary darling, and Robert! This is a happy birthday indeed. Why, Robert, are you there too?"  
"Good morning, dear grandmother," said Mr. Wilton, stooping to kiss her.

"You look so bright as the morning itself! I was afraid the children would tire you?"  
"No—blessed little souls!—they did me good!"  
That night as grandmother lay in her bed, she said to her granddaughter who was performing some little service for her:—

"God bless you all for your loving words to-day. It is so sweet to think that I can be some little comfort still. You are the sunshine of my house—and I feel that for six months she had not left that chair except to be carried to the bed, or lounge, by the window."

Grandmother could not answer. But she felt as with a smile on her lips, an emblem of her heart.—*Christian Union.*

The prospects of a bountiful harvest in Quebec were never more promising than at present. Notwithstanding the general backwardness of the season, the greater portion of all kinds look splendid, and should the weather prove favorable for harvesting a large yield will be gathered in. The hay crops will be the heaviest ever cut in Quebec.

PETROLIA, Ont., July 3.—Last night a daughter of Alex. McClymont, aged 14 years, was in the act of lighting a fire with coal oil when the oil ignited, exploding the can, setting fire to the child's clothes, and before assistance arrived, she was flayed from head to foot. She lived about two hours.

SAW AND GRIST MILL BURNED.—A saw and grist mill, situated at Cocagne, owned by E. J. Smith, Esq., and others were burned to the ground on Friday night. The fire is supposed to have been the work of an incendiary. Loss about \$1000.—*Post.*

London, June 25.—The ex-Empress Eugenie is suffering from chronic sleeplessness. Her mental and physical condition causes the gravest anxiety. She talks rationally. Her mind at times appears, and she still is unable to take sufficient nourishment to sustain her system.

A PLAGUE of locusts fell upon the province of Caucasus, Russia, during April. Vineyards and fruit gardens were utterly destroyed. The water courses were choked by the swarming pests, and the village streets were so blocked by them that the shops were shut and all traffic suspended.

CONSUMPTION, COUGHS, COLDS, HOARSENESS, BRONCHITIS, SKIN DISEASES, GENERAL DEBILITY, CHRONIC RHEUMATISM, RICKETS, DISEASES OF THE BONES, SCROFULA, IRRITATION OF THE MUCOUS MEMBRANES AND DIFFICULT EXPECTORATION, WASTING DISEASES OF CHILDREN AND ADULTS, NERVOUSNESS AND PROSTRATION, AND WHENEVER IT IS NECESSARY TO INCREASE THE VITAL FORCES AND BUILD UP THE SYSTEM.

In offering this beautiful Preparation to the consideration of the public, we do so confident that it will give satisfaction.

The beneficial effects of Cod Liver Oil in all Lung troubles and Scrofula affections are too widely known to need any comments from us; and Dr. Dobell, of London, Eng., has proved by a series of experiments that Pancreatic Emulsion is even of greater benefit in Consumption than Cod Liver Oil, as it is much more readily retained by the stomach.

In Mattison's Emulsion you have both of these great remedies combined, the Pancreatic Emulsion rendering the Oil much easier of digestion.

It is pleasant in appearance, agreeable in taste, and easily taken by children and invalids.

## NOTICE.

To the Harbor Master, Pilots, Owners,

Masters, and persons in charge of

Vessels entering or leaving the

River Miramichi:

THE Department of Public Works of

Canada, being desirous of removing

operations at the Horse-Shoe, for the improvement of the channel, at the entrance to the Miramichi River, will from this date have the

DREDGE "ST. LAWRENCE"

engaged in performing the dredging required and the said Dredge will have a number of

Anchors, Cables and Lines for Moving purposes deposited in the channel and on either side of the channel, all of which when put down will be kept in place.

All Masters of Steamers are cautioned to keep clear of said Buoy, Cables and Lines, so as to prevent their being taken up and fouled in the passages or propellers, and the above mentioned moorings will be in place whether the Dredge is there or not.

As, whilst working, it is not possible to shift or remove the Dredge, Vessels will be required to give it a wide berth, so as to avoid collision and damage.
