Auditor—School Accounts—J. S. Brown and D. C. Firth.

Commissioner of Crown Lands—Ward West B. Alexander.

Waste Three: Held over.

Revisors—D. C. Firth and W. P. Gray.

Commissioner of Public Charities—Mrs. Seivert.

Town Engineer—E. J. Sandover.

Street Commissioner—Wm. Taylor.

Building Inspector—J. C. Fairley.

Inspector of Plumbers—E. J. S. Simpson.

Chief of Fire Department—A. E. O'Donnell.

Engineer of Fire Engines—H. G. V. Farver.

Fireman of Fire Engines—Frank Wilson.

Commissioner of Town Horse—Ferry Gagner.

Manager of Water and Sewerage Systems—E. J. S. Simpson.

Manager of Electric Light System—H. G. V. Farver.

Engineer of Electric Light Station—Jas. Robinson.

Fireman of Fire Engines—Frank Wilson.

Town Marshal—Jas. H. Adams.

Police Constables—Jas. Adams and James Wilson.

Constables—C. B. Gray, Duncan Downer, Walter Clark, Louis Corbett, Willie Sears, John Ross, John Quinn and Chas. Brown.

Penitentiary and Cattle Inspectors—Jas. Hickey, Catherine LeBlanc and Chas. Stevens.

Weighers of Hay and Grain—E. J. Shives, Alphonse Bouchard, Jas. Alexander and D. L. McLean.

Measurers of Fuel—D. F. Graham, Henry Miller, H. G. V. Farver, Bryan Annett, Donald McLean, W. E. Milligan, Alphonse Bouchard, Jas. Alexander, R. E. Shives, D. L. McLean, W. J. Gosses, W. T. Cook, Theo. McNeil and W. E. Brown.

Surveyors—Lambert and Other Building Material—R. E. McNeill, F. P. Wetmore, M. M. Mowat, John Diehl, W. E. Milligan, Donald McLean, R. E. Shives, J. T. Miller, Allen Miller, J. J. Wilson, J. T. Mowat, A. C. Belle-Jale, E. E. Clarke.

Member of School Board, in place of W. E. Milligan reappointed.

Coun. Armstrong moved that the position of Light and Water Rates collector be abolished.—Carried.

Coun. Armstrong moved that the manager of the Electric Light Department be held responsible, under the Town Treasurer, for the collection of electric light rates.—Carried.

Coun. Armstrong moved that a committee be appointed to interview the C. N. R. authorities and the Provincial government with a view to having the course of the highway changed at Mill Creek to eliminate the two level crossings by building a new road and bridge over Mill Creek to the north of the railway bridge.

Coun. Peterson asked how that would affect the people living on the present road.

Coun. Armstrong said that two bridge would lead from the present road and would join the new road.

Motion carried.

Coun. Armstrong, the Mayor and Peterson were appointed this committee.

Coun. Armstrong moved that the Town Council be called to a special meeting in connection with the Carnival reception and dance Thursday evening.

After considerable discussion this motion carried.

On motion of Coun. Ramsey the hour of the meeting was adjourned.

### CARVELL ATTACKS THE MIDDLEMEN

#### Asserts Too Many Get Rich-off Between Producers and Consumer

Halifax, N. S., Feb. 4.—"There is something wrong with the method employed by the middlemen for selling Nova Scotia's fishery products," Hon. F. B. Carvell stated at the adjournment of a hearing into the adjustment of export rates which opened at the court house this morning, and the people of Nova Scotia should know about it."

Mr. Carvell said that while realizing the importance of Nova Scotia's fish industry, he was surprised to find fresh fish selling in Ottawa at 16 cents per pound, which same fish cost the fishermen only 4 1/2 cents per pound, and cost only 8 to 10 cents to ship. In Montreal the same fish sold for 12 cents per pound and there should be some method, he said, whereby the middlemen should not get such a large return. Fresh fish, after leaving the producers' hands, passes through four different stages. Mr. Carvell said, and everybody seems to get a release.

A. H. Britton, of the Maritime Fish Corporation, explained that the producers have absolutely no control over the marketing in the large cities, which is handled entirely by middlemen and said they would be glad to have the matter followed up.

Frederic Armstrong stated that the question under discussion was of extreme importance to Nova Scotia. He questioned very much if there could be an increase of price in fact as this province is concerned. To one of the province's biggest industries, the fisheries, the success is largely contingent on freight and express rates and the success of the fisherman he said, will be largely influenced by the sales of Montreal and Western Canada, Nova Scotia should be given two and a half times the freight rate which will likely prove a great inducement for local young ladies to enter the carnival contest if the candidate chosen have as "Miss Campbellton" will be entitled to compete with other Carnival Queens at the winter carnival at Montreal and will doubtless be invited to attend similar events at St. John, Moncton and other points.

The opening at the Town Hall tonight gives promise of being a most interesting and colorful event. The town council has given the carnival committee permission to hold a dance in the spacious new building and that of course will be a feature of the opening evening. His Worship Mayor McKay will preside at the opening ceremony and after welcoming Miss Moncton and all visitors to our town will officially open the winter carnival. Miss Moncton together with her chaperone and the ladies of the carnival committee will also be present on the platform, and the citizens' band will be in attendance.

All the young ladies attending are requested to appear in sport or skating costumes in order to create the desired winter atmosphere. Dress is optional however and it is hoped that this matter will not be responsible for keeping anyone away.

### "Miss Moncton" to Arrive on This Evening's Limited

#### Mayor McKay Will Preside, Welcoming Hub City Queen and Carnival Visitors—Musical Programme Arranged For—Interest in Event Rapidly Increasing—Outlook Most Favorable

#### Names of Candidates and Important Details To Be Announced at Opening To-Night—Many New Attractions To Be Added.

With the approach of the "last minute" period in preparations for Campbellton's first Winter Carnival there appears to be a sudden animation among those most intimately associated with the enterprise, and prospects now look most auspicious for a big event. For a time there appeared to be a little indifference in some quarters but it is now evident that the National Winter Carnival spirit which has made these undertakings such memorable events all over the Dominion is now prevailing in Campbellton. In this atmosphere and the enthusiasm and wide-spread interest which will doubtless be invited to attend similar events at St. John, Moncton and other points.

The opening at the Town Hall tonight gives promise of being a most interesting and colorful event. The town council has given the carnival committee permission to hold a dance in the spacious new building and that of course will be a feature of the opening evening. His Worship Mayor McKay will preside at the opening ceremony and after welcoming Miss Moncton and all visitors to our town will officially open the winter carnival. Miss Moncton together with her chaperone and the ladies of the carnival committee will also be present on the platform, and the citizens' band will be in attendance.

All the young ladies attending are requested to appear in sport or skating costumes in order to create the desired winter atmosphere. Dress is optional however and it is hoped that this matter will not be responsible for keeping anyone away.

### BOARD OF TRADE SELECTS OFFICERS

#### Meeting Held Friday Evening Well Attended—Doing Good Work

A meeting of the Board of Trade was held in the Town Hall Friday evening, President Duncan presiding.

The president explained that this project had advanced so far that the purpose of electing officers for the ensuing year.

The secretary read the resolution of the Bestigouche Municipal Council re the Campbellton Cross Point, Bridge, already published in our columns.

This matter was discussed at some length.

Mr. H. J. Currie stated that this project had advanced so far that the important work now was to get the Quebec government to come out openly and state that they will cooperate with New Brunswick premier, who has already pledged his support to the project.

The Secretary, Mr. Shannon read correspondence with Mr. P. McDonald, M. P., re the changing of the consulate office at St. Leonards now under the direction of the Charlotte County office be changed to be under the direction of the Campbellton office.

A number of accounts were submitted and ordered paid.

The Sec-Treasurer submitted the financial report for the year which showed the Board to be in fair financial condition.

This report was adopted.

The election of officers resulted as follows:

President—L. G. Pinaut

Vice-Pres.—H. B. Currie

Sec-Treas.—H. B. Currie

Council of Board of Trade

H. M. Armstrong, David Champoux, D. A. Stewart, A. C. Belle-Ile; Geo. G. McKenzie; Allan LeBlanc; Mason Betts; A. F. Bisson.

The meeting then adjourned.

### DEATH OF EX PRES. WILSON

#### Passed Away at Washington Sunday Morning—Many Tributes of Esteem

Washington, Feb. 4.—Woodrow Wilson's death came peacefully at 11:15 o'clock yesterday morning. So unexpectably did the soul of the war President take flight into eternity that Mrs. Wilson, who was holding his right hand, and his daughter, Miss Margaret, on the other side of the death bed, did not realize that the end had come.

Dr. Grayson who had been keeping vigil all night, was standing by Mrs. Wilson looking down at his patient when there was not a quiver. There was no sign of a death struggle. Mrs. Wilson's death was peacefully and unexpectably.

"Just like a tired man going to sleep," said Dr. Grayson afterwards.

"Although he had realized fully that he was dying since last Friday night, the former President seemed to have no desire to make any last utterances. The old machine has broken down," was witnessed on Friday night, and with the arrival of the delegates of many countries for work in connection with the problem of armament reduction.

### QUEBEC PREMIER ROBBED OF \$1,200

#### Montreal, Feb. 4.—Thieves broke into the room of Hon. L. A. Taschereau, Premier of Quebec, while he was a guest of the Place Viger Hotel on Saturday evening, and stole \$1,200 from his clothes.

It is thought that entrance to the Premier's room was obtained through skeleton keys while he was in another portion of the hotel.

but what all present will have a royal good time.

### CAMPBELLTON COUPLE INTERCEPTED AT VAN BUREN, ON UPPER ST. JOHN

Border Charge Against Alexander Allard—Woman Released on Bail

St. John, Feb. 5.—Word was received here that Alexander Allard, giving his place of residence as Campbellton, had been arrested by United States Marshal Stewart at Van Buren.

for the immigration laws of the Republic in taking a female into the country for improper purposes. At the same time a young woman giving the name of Mabel Gray, also of Campbellton, was taken into custody.

### HE SWEARS IT WAS THE DEVIL HIMSELF

The American Duck Hunter Could Not Be Convinced That a Seal Was Guilty

Newcastle, N. B., Feb. 4.—It was a beautiful fall day and a group consisting of local sportsmen had gathered at Vanburen Beach in quest of a few of the earlier ducks and geese that were now on their way to the southland to spend the winter months. Among the group was one from the United States, a portly old gentleman, but a good sport and the ill-sounding joker of the camp.

The birds were few and far between and as the lovely autumn sun beat down the pits were as warm and as comfortable as the open camp fire, and soon our friend from the United States found himself fast asleep, at least the other members did for the most part, that arose from that particular pit with a sudden almost a quarter of a mile away. As I have already stated the birds were very scarce and most of the boys had abandoned the quest and returned to the camp, when they all busy spinning yarns, when the most blood-curdling yells were heard from the direction of the point and in rushing to the door beheld the American rushing down the beach, white as a ghost, minus hat, gun and other equipment and yelling at the top of his voice "My God, my God, the Devil's after me! It took some time to quiet him down so that he could tell his story, which he did in these few words: "These were no birds moving," he said, "the water was hot and I closed my eyes. I must have fallen asleep for I heard something move outside the pit, and opening my eyes, I looked up and saw the Devil looking over the side of the pit at me."

### SAVE BY CUTTING EQUIPMENT COSTS

Maintenance of Way and Structures' Expense Reduced by C. N. R.

Ottawa, Feb. 4.—The November statement of railway operating expenses issued by the Dominion Bureau of Statistics shows that considerable of the saving reported by the Canadian tenance of way and structures and on equipment which has been in spite of a marked increase in traffic. National Railways has come from the cutting down of expenditure on maintenance, however, were reduced \$2,200,648 by cutting maintenance of way and structures, expenses \$1,166,506 or 52 per cent and maintenance of equipment \$1,034,142 or 21 per cent. Transportation expenses were also reduced \$27,290 or 2.7 per cent.

### Games Postponed

## Sporting News of the Week

### CAMPBELLTON TRIMS CHATHAM IN FAST OVERTIME GAME

### Campbellton Stages Wonderful Come-back and Beats Chatham 5-4 in the Second Last Game of This Section—It Was A Thriller.

Before an audience of almost eight hundred Campbellton took her old rival Chatham into camp in the local rink Monday night. The game worked from start to finish was the fastest seen here this winter. The locals were a much smoother working team than the team which Moncton trimmed just a short while ago. Their combination work and condition seemed much improved. The Chatham team was a weak aggregation and the home team can be justly proud of their victory. One of the Chatham players said after the game "last, if the Campbellton team had played the brand of hockey all winter instead of where they are today, Chatham came here Monday night fully expecting to win from the locals. If that team who is fighting hard to get out of the rink, if they had a play off would be necessary. After the game was over however their chances for the premier position were nil.

The Play  
Chatham and Campbellton lined up and "Wally" Watling blew the whistle at 8:16.

Line-up  
Chatham  
Carroll  
Duncan  
Fleisher  
Kerr  
Keighan  
R. Wing  
L. Wing  
Thomas  
Spares  
Keogh  
McDonald

First Period  
The first period started at 8:16 when referee Watling dropped the puck between the sticks of Kerr and Lavoilet. The play was fast but numerous officials tapped to slow down the game. Chatham took a few shots at McKenzie first thing but shot wild. The local forwards tried their combination and saw that it was in first class shape. McLean was in first class shape. McLean carried down and overtook the net passed one but Lavoilet missed. McLean carried up and tried some long shots at McKenzie who saved. Miller and Lavoilet took a few shots at Carroll. Miller sends three hot ones at him which he brushed aside. McLean carried up but lost to Mott who carried back. Mott lost to Kerr. Campbellton had the better of the play and the speed was increasing with every minute. McLean carried down but Fleisher poked it into the net. McLean was penalized two minutes. McLean carried up and tried some long shots at McKenzie who saved. Miller and Lavoilet took a few shots at Carroll. Miller sends three hot ones at him which he brushed aside. McLean carried up but lost to Mott who carried back. Mott lost to Kerr. Campbellton had the better of the play and the speed was increasing with every minute. McLean carried down but Fleisher poked it into the net. McLean was penalized two minutes. McLean carried up and tried some long shots at McKenzie who saved. Miller and Lavoilet took a few shots at Carroll. Miller sends three hot ones at him which he brushed aside. McLean carried up but lost to Mott who carried back. Mott lost to Kerr. Campbellton had the better of the play and the speed was increasing with every minute.

Second Period  
Time: 8:48  
McLean carried the puck down but Chatham defenses halt him and he loses to McLean. McLean carried up and tried some long shots at McKenzie who saved. Miller and Lavoilet took a few shots at Carroll. Miller sends three hot ones at him which he brushed aside. McLean carried up but lost to Mott who carried back. Mott lost to Kerr. Campbellton had the better of the play and the speed was increasing with every minute.

Third Period  
Time: 9:24  
The Chatham team started off fast determined to score. McLean carried up and took two hot shots at McKenzie. The play remained in Campbellton territory for some time and Chatham indulged in a little target practice. McLean had his shot but open however and they couldn't slip any soft ones on him.

At 9:25 Chatham claimed a goal. There was considerable discussion about this period. The goal judge ruled up and took two hot shots at McKenzie. The play remained in Campbellton territory for some time and Chatham indulged in a little target practice. McLean had his shot but open however and they couldn't slip any soft ones on him.

Fourth Period  
Time: 9:50  
McLean carried the puck down but Chatham defenses halt him and he loses to McLean. McLean carried up and tried some long shots at McKenzie who saved. Miller and Lavoilet took a few shots at Carroll. Miller sends three hot ones at him which he brushed aside. McLean carried up but lost to Mott who carried back. Mott lost to Kerr. Campbellton had the better of the play and the speed was increasing with every minute.

Fifth Period  
Time: 10:16  
McLean carried the puck down but Chatham defenses halt him and he loses to McLean. McLean carried up and tried some long shots at McKenzie who saved. Miller and Lavoilet took a few shots at Carroll. Miller sends three hot ones at him which he brushed aside. McLean carried up but lost to Mott who carried back. Mott lost to Kerr. Campbellton had the better of the play and the speed was increasing with every minute.

Summary:  
First period: No score.  
Second period: Campbellton, 2; Chatham, 1.  
Third period: Campbellton, 2; Chatham, 1.  
Fourth period: Campbellton, 1; Chatham, 1.  
Fifth period: Campbellton, 1; Chatham, 1.  
Total: Campbellton, 8; Chatham, 5.

Peace Keepers: David Harris; Allen McDougall; Thos. Levesque; Hamilton Barclay; Arthur Firth; John Connors; Henry Roy; John Burdette; Jack Ouellette; Octave Ouellette; Murray Duncan; Clovis Arsenault; Celestine LeBlanc.

### Where are the Girls?

Last year the attendance of the ladies at the intermediate games was very much appreciated by the players as well as the management. So far this year the girls have fallen down, their attendance has been poor. Surely the young ladies of today are endowed with a sense of bargaining; then why is it that they do not embrace such an attractive offering. The attendance of men and boys is most encouraging and if the opposite side of the rink would only fill up like the south side all will be okay. The games are well worth double the price. One old sport was heard to say that he would gladly pay twice the price to see one certain player play last night. That's the spirit! Half the people in this town do not know what a wealth of hockey material are on the ice every Tuesday and Thursday night. Turn out and judge for yourself whether or not these fellows can play the game. If you like it tell your friends, if you don't think it up to professional scratch don't knock.

### A Limit to His Confidence.

Her Father—Young man, when I give you my daughter, I am trusting to you with the dearest treasure of my life. No, I couldn't lend you my new car for a little spin; I value it too highly to risk it in strange hands.

—Boston Transcript.

### LENINE MEMORIAL

Glouce Bay Theatre is Crowded By Local Miners to Pay Tribute.

Sydney, Feb. 6.—A Glouce Bay theatre was crowded to capacity yesterday afternoon by idle coal miners and other workers a memorial service was held for Nikolai Lenin, deceased premier of Russia. Motion pictures of the Red army and navy were shown and "The Workers' International" and "The Red Flag" were sung.

The proceedings, which were orderly, included eulogistic references to the deceased United Mine Workers' district No. 26, President J. B. McLaughlin, now serving a sentence in Dorchester prison, for seditious libel.

### NOTICE OF SALE

To Archibald F. Ferguson, of the County of Restigouche, in the Province of New Brunswick, Executor of the Will of Robert L. Dunsmuir, late of the said County of Campbellton, and all others whom it may concern:

NOTICE IS HEREBY GIVEN that under and by virtue of a power of sale contained in a certain Indenture of Mortgage, bearing date the 14th day of May A. D. 1916, and made between Robert L. Dunsmuir of the County of Campbellton in the County of Restigouche and Province of New Brunswick, Farmer, of the one part, Mortgagee, and Joseph Pichette, of the other part, bearing date the 14th day of May A. D. 1916, and recorded in the Records of the County of Restigouche as No. 15, 717 on pages 227 to 231 of Book "A" of the said Records.

There will, for the purpose of satisfying the money secured by the said Indenture of Mortgage, default having been made in payment of principal and interest thereon, be sold in front of the Post Office in the Town of Campbellton in the County of Restigouche, on MONDAY the THIRTY-FIRST DAY OF MARCH A. D. 1924, at the hour of twelve o'clock at noon, all the lands and premises described in the said Indenture of Mortgage, bounded and described as follows:

Beginning on the southerly side line of the Intercolonial Railway lands at the northwesterly angle of lands hereinafter conveyed by the said Robert L. Dunsmuir to the said Joseph P. Pichette, thence running southerly (south five degrees and thirty minutes west) One Hundred feet; thence easterly parallel with said southerly line of said Railway lands, one hundred feet; thence the dividing line between lands of the said Joseph P. Pichette southerly following said dividing line (south five degrees and thirty minutes west) until it strikes the southerly side line of the Highway Road, commonly called "The Highway"; thence westerly following the various courses of the said Highway side line of the road until it strikes the Easterly side line of the John B. Christopher Estate lands; thence North five degrees and thirty minutes east, along said Christopher line till it reaches the said southerly side line of said Intercolonial Railway lands; thence southerly along same to the place of beginning.

TOGETHER WITH all buildings and improvements thereon and the rights, privileges and appurtenances to the said lands and premises belonging or in any manner appertaining thereto.

DATED at Campbellton in the County of Restigouche this Twenty-first day of December, 1923. (Sd.) Joseph P. Pichette, Mortgagee.

### Marketing Eggs

Eggs are a perishable good product and their production is distributed throughout the year with much more uniformity than other food products it is a fact that egg prices are usually scarce and high in price between the months of October and February and plentiful and comparatively low in price in the spring and early summer months. For the above reasons eggs are put in cold storage by dealers in different sections of the country during the low prices in spring and summer with the idea of re-selling them at higher prices between the months of October and February when fresh eggs are scarce. Now in this method of doing business a serious problem develops which is of vital importance not only for the dealer but for the farmer himself. It can be summarized as follows: the greater proportion of cold storage eggs are eggs purchased over the counter by small merchants in exchange of their produce and as a rule the farmer gets a comparatively low price for eggs sold in this method. It might therefore be a good idea to give him a number of the reasons why they do not get a better price. First—most of these eggs have to be put in cold storage and kept over until the winter months are for sale; often times this storage is far away and freight has to be paid both ways going and coming, then these eggs have to be candled which is another additional expense. In order to separate the poor eggs from the good ones; finally the eggs are brought on the market and have to be sold mostly as seconds for cooking purposes only, for the simple reason that 75% of these eggs were fertile when fresh and in the course of their storage from the producer to the consumer they have come across various changes in temperature ranging from the cold storage temperature to often times as high as 70°F. Now what happens to a fertile egg when it is kept over 75% in this, the germ in the egg begins to develop and since the heat is not sufficiently high (100°F) to hatch it out completely, the germ dies after a day or two and starts what eventually develops into a rot.

### "I could not walk"

Headaches, dizzy spells, pain in the back, swelling of feet and ankles, suppressed urination or painful urination—are all indications of kidney trouble. Read how GIN PILLS relieved one sufferer:—  
"I am seventy-eight years old and have suffered from kidney trouble for two years. I had swollen feet and hands, pain in my back, and I began taking GIN PILLS. Now the swelling has left and I do not have any distressing symptoms."  
(Signed) Esther J. O'Neil.

GIN PILLS will relieve you, too. Order a fifty-cent box from our druggist to-day.  
National Drug & Chemical Co. of Canada, Limited  
Toronto, Ontario.  
GIN PILLS are sold in the same name as GIN PILLS in Canada.

HORSE AILMENTS

The best all-round liniment for the stable as well as for household use. Cures colds, sprains, rheumatism, sore shins, etc. Keeps it moist.  
At all Dealers and Druggists.  
Manufactured only by DOUGLAS & CO., HAWKESBURY, Ont.

request has been made to the French-Canadian Cattle Breeders' Association to raise the quantities of milk and fat required for the Record of Performance to that at least as high as that for Guenseys, which is 5,000 lbs. milk, 250 lbs. fat. Mr. Langelier ventures the opinion that the standard might be placed even higher than that for two-year-old Jerseys, which is 5,500 lbs. milk, 275 lbs. fat—as far as the Cap Rouge herd is concerned.

### MIAMI RAFFLES CAUGHT AT LAST

Was a Society Dandy by Day and Then Robbed  
Homes  
Miami, Fla., Feb. 5.—P. N. Harrington, alias W. E. Herron, confessed, according to the police, who caught him leaving a house he had just robbed, to fifteen robberies here, thus ending a mystery which has baffled the authorities.  
Harrington, who registered as coming from Pittsburgh at a fashionable beach hotel, lashed in the daytime, enjoyed a nap in his room before dusk, and looted residences in the early hours of evening. Then he danced until the small hours of the morning. He had bought an automobile and paid his room rent up until the first of March in expectation of a rushing and undisturbed business.

He said, according to the police, that he slipped his loot to "fences" in New York and Chicago. If his plunder was not particularly valuable it was thrown into the bay.  
Too Popular.  
The little daughter of a popular preacher was complaining to her mother about her father's frequent absence from home. "Other people have their daddies," she said, "but mine only seems to come home for clean collars."

Summing up the whole question, it just means that if the farmer does not remove the male bird after the breeding season and until the breeding season starts over again, the result is he sells fertile eggs which as a rule develop a large number of rots before they reach the consumer; he gets a low price for his eggs, the dealer loses business by being forced to sell an inferior article and the consumer has to pay a lot of money for products that are hardly edible. Now was the largest loser on the whole egg question if it is not the producer himself? If a little more care were taken with the marketing of eggs by the farmer the price of eggs would easily increase to a profitable margin.

FRENCH-CANADIAN CATTLE  
A Popular Breed in the Butter-making Districts of Quebec.  
As fourteen pure-bred French-Canadian cows at Cap Rouge Dominion Experimental Station produced, in a lactation period of 350 days, an average per cow of 6,914.59 lbs. milk and 557.25 lbs. butter with percentages of 4.5 fat. It can be well understood why Mr. G. A. Langelier, the Superintendent, in his report for 1922, says that for Quebec, at least the French-Canadian cow assuredly has her place, and farmers who have not yet made a choice, especially in the butter-manufacturing districts, or wherever milk is paid for according to percentage of fat, should carefully consider the merits of French-Canadian cows.  
All present the requirements of Pure-bred Cows for admission to the Record of Performance are:  
Two-year-olds, 4,000 lbs. of milk, 125 lbs. fat; three-year-olds, 5,000 lbs. milk, 234 lbs. fat; four-year-olds, 6,000 lbs. milk, 270 lbs. fat; and mature class 6,500 lbs. milk, 306 lbs. fat. In the fourteen cows that gave the record aforementioned, there were five two-year-olds, one three-year-old, and eight four-year-olds. And five in the mature class. The average yield per cow of the two-year-olds was 6,335.55 lbs. milk, 224.30 lbs. fat. The two-year-olds quality so easily that a

Campbellton, N. B., Feb. 7, 1924

#### DOING GOOD WORK

The New Brunswick Automobile Association has more than justified its existence and its relatively small membership is a reproach to the thousands of motorists in the province. Premier Veniot recently testified to the value of its co-operation with the Public Works Department, and announced that its road signs were so suitable and valuable to travellers that the Department is having two thousand similar ones made to be placed along the roads of the province. Vice President Paterson of the Association has also testified to the hearty co-operation of the Public Works Department in all matters brought to its attention and has paid the Premier a great compliment as the man who has brought about the present excellent condition of the roads of New Brunswick.

Both Mr. Paterson and the Premier, however, have pointed out how much more effective would be the work of the Association if it had the larger membership its importance as a factor in the good roads program deserves. The rapid increase in the number of cars owned in the province emphasizes the necessity of a province-wide organization of this kind. Not so many years ago only six per cent of the cars in New Brunswick were owned by farmers. Today they own fifty-eight per cent. The motor car has become the farmer's vehicle to an extent not dreamed of a few years ago. He is all the more interested in good roads and should be actively interested in the work and the success of the Automobile Association.

#### THE POWER OF INTEREST

The accumulative power of interest is well illustrated by the recent awards from the Benjamin Franklin Fund of \$500 to Fuzakichi Omori of Tokyo, of \$1,000 to Charles P. Steinmetz, of Schenectady, and \$2,500 scholarship to Pearson W. Banning of Los Angeles. This \$4,000 was available because of an amount of \$100,000 placed by Benjamin Franklin about 1762 in the hands of members of the Society of Friends, as a trust to be invested with accumulations for not less than a hundred and fifty years, and by direction of this famous old American hereafter at the discretion of the trustees, awards were to be made from time to time for the most valuable contributions to science considered by them either manuscript or published, on the subject of cures, but particularly in relation to surgery, the nervous system and part "mind treating" have in the recovery and preservation of health. Announcement is now made of the first awards from this fund.

#### LAW AND ORDER

Monday night's hockey match was a memorable game for at least two reasons. Some may best remember it by sore shins; others by sore heads of the "morning after". Whether it was the fastest game of the season or not it surely was the "wettest". Many male spectators wandered about without a very keen sense of direction or any apparent desire to curb their tongues. When the bulk of an audience is composed of people who are still possessors of their self-respect such conditions are rather annoying to say the least. Then

there are the women and children to be considered. It is said that both the local liquor inspectors were there. No doubt they like hockey and became absorbed in the game. The police were also on hand for the match—full force. They usually appear that way. At times it would seem that their purpose in being together is self-protection and not the protection of the public or the maintenance of law and order. Be these things as they may, there is indeed a danger that such conditions should lead to more frequent and more serious contingencies. We are about to have a winter carnival. Crowds of

gather at the different events and representatives of the tougher class are permitted to celebrate in their accustomed manner, respectable citizens will have reason to blush. To that the Police Committee of the Town Council instruct our police officers to get on the job during carnival week at least. And, by the way, these instructions should be given in a town of value which will not be misinterpreted.

## After Inventory Clearance Sale

We have just completed inventory for the year and are putting on sale the balance of our stock of Winter Goods at greatly reduced prices in order to make room for our new Spring Stock.

We find a great many odd lines which will be put on sale at prices to clear.

We are now receiving daily shipments of new Spring Goods.

### LOCAL ITEMS

Newsy Notes of Town Happenings Gathered by

**TO WASTE BASKET**  
Contributions from other points sent to the waste basket this week. The same old names—the writer's name did not appear.

**CARD OF THANKS**  
Mr. and Mrs. W. F. Burns wish to thank their many friends for the kindness and sympathy shown them in their recent bereavement.

**NEW BATHING ALDERMAN**  
The vacancy of Alderman on the Harbour Town Council caused by the death of A. L. Timothy Connolly has been filled by the election by acclamation of Mr. J. L. Ryan.

**BABY CLINIC**  
The Public Health nurse announces that a Baby Clinic will be held at Salvoe Cookhouse on Friday afternoon Feb. 15th from 2 to 5 p. m. Following next week the clinic will be held at the same hour on Friday of each week.

**CARD OF THANKS**  
Mrs. J. G. Ferguson and family wish to express their sincere appreciation to their many friends here and elsewhere for the kindness and sympathy shown them during their recent bereavement.

**A GOOD BEGINNING**  
The new Council has made a good start for itself. At both its recent meetings it got to work promptly and the business was all cleared off the slate before 10 o'clock. Tuesday evening the annual meeting was held, and this was over at 9:30. This is we believe a record for the prompt dispatch of business.

**WHY THIS SILENCE**  
A subscriber at Guilford, Me., writes asking why our Pleasant Point correspondent is silent. We assure our subscriber we would be glad to have regular notes from Pleasant Point as well as every other village in this territory. If our correspondents know how regular the notes are needed for we are sure they would send them in regularly.

**C. N. B. PLANS FOR BUSH FROM STATES**  
Windsor, Feb. 5—Handling of the case of the British bush settlers expected to move to Canadian prairie lands this spring was the principal subject discussed at a conference of land and colonization officials of the Canadian National Railway, from Windsor west to the Pacific Coast here today. In discussions here it was declared that the movement across the border into Canada this year will be greater than it has been for some time.

**GIVES \$100 FOR A NEW CHURCH FUND**  
Dulwich, Feb. 5—(Special)—A sewing circle has been formed by the ladies of the Roman Catholic church to prepare for a bazaar which will be held sometime in the summer to assist the building fund committee. A new and much larger church is a necessity to the constantly increasing congregation. One member of the congregation has donated \$100 towards the new building. The first meeting of the sewing circle was held at the home of Mrs. Thomas Nadeau.

**N. B. MEN OFFICERS OF THE LUMBERMEN**  
Barron, N. B., Feb. 1—Sir E. Mund B. Walker, president of the Canadian Bank of Commerce, brought the convention of the Canadian Lumbermen's Association to a close with an address on "New Canine and an Old Heritage." Officers at directors were elected as follows: George W. Oler, Montreal, president; to succeed Angus McLean, St. J.urst; David Champion, Campbellton, first vice president; E. R. Brown, Ottawa, secretary; R. G. Connors, treasurer.  
Directors include J. W. Brant, Chatham, to represent New Brunswick.

LADY CURLERS CHOOSE THEIR RINKS

Eight Rinks With a Number of Spares Now on List

Monday afternoon the Lady Curlers had a most enjoyable afternoon tea served by the executive of the club, after which there was the election of rinks and forming of rinks, which are as follows:

At the Golden Memorial Hospital on Monday January 21st, to Mr. and Mrs. George A. Harper, a son and heir.

FRESHETTERIAN SERVICES Sunday, 19th Feb. Matins—11 a.m. Devotions—3.30 p.m. Wykes Brook—7.30 p.m. Sunday, 17th Feb. Matins—11 a.m. Utensipitch—7.30 p.m.

REMEMBERED BY MANY FRIENDS

Rev. Father Lantaigne of Atholville Honored on His Birthday

The story of the faithful never appears more unmistakably than in honoring their pastors. For by such honor, they show that they possess the true spirit of faith, and believe in those who watch for their souls, not merely the personal excellencies, but the character and authority of Christ.

The Sunday School Class of more than two hundred children gathered in the church in the afternoon at 2.30 o'clock, and Master Albert Normandeau in behalf of his school makes read a most inspiring address in English, while two little girls presented Rev. Father Lantaigne, one with a spiritual bouquet, the other with thirty nine carnations.

At the Golden Memorial Hospital on Monday January 21st, to Mr. and Mrs. George A. Harper, a son and heir.

LOCAL DEALERS TO HOLD AUTO SHOW

Display of Star Cars During Carnival Week—Tea Served By Ladies

In other columns of this issue will be found the announcement of the season's first motor show here which is being put on by Harrison & Jamieson Ltd. in their new show room, on Roseberry Street.

Decided having the distinction of being the first of this kind staged by local automobile dealers the announced motor show will doubtless attract many out-of-town visitors who may be here attending the winter Carnival.

The Ladies of the Soldiers Memorial Hospital Aid will preside at the tables on Monday and Tuesday, February 11th and 12th, while the Ladies of the Hotel Dieu Hospital Aid will be in charge on Thursday and Friday of next week.

The line-up of motor cars on display at the Harrison & Jamieson Show Room, comprises the entire range of "New Series" Star cars for 1924. In all, six distinctive new models are represented.

RICH IN VITAMINES

MAKE PERFECT BREAD

Whose Fault is it  
Child is Delicate?

The success of your child's future is largely dependent upon its present health. The time to watch its health is while it is young—during the growing age. Give a boy or girl health as a foundation and their future is fairly well assured. Isn't delicate health in children sometimes the result of unintentional neglect? Parents often dismiss these troubles with the remark, "They will be all right tomorrow." Drowsiness, weakness, lack of energy, loss of appetite, inability to study and concentrate, etc., children are due to ill-health. Usually what the child, boy or girl, needs is a tonic. Carrol has worked wonders as a tonic with children. Read what Carrol did for Mrs. Ida Waite's little girl: "I am very glad to be able to speak to any parent and explain to them that my little girl has been completely restored to health by the use of Carrol. She has been from infancy a weak, delicate child and very nervous, but the use of Carrol has not only completely strengthened her, but restored her to perfect health. I recommend Carrol to all mothers whenever a safe and effective tonic is needed."—Mrs. Ida Waite, 5 Summit Street, Halifax, N.S. Carrol is sold by all good druggists everywhere.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for Colds, Headache, Toothache, Lumbago, Neuritis, Rheumatism, Pain, Pain, Neuralgia. Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven tablets. Handy boxes of twelve tablets cost few cents. Druggists also sell boxes of 24 and 100 Aspirin in the trade mark (registered in Canada) of Bayer Manufacture of Monocacetic acid ester of Salicylic acid. While it is well known that Aspirin is Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

The most reliable fur merchants are those who handle Corsette furs.

Established for 60 Years  
JAMES CORSETTE CO.  
FINE FURS  
MONTREAL

Of Interest to Women

Substitute for the Potato in the Daily Dietary

We sometimes tire of potato dishes and desire a substitute to serve with the most course. The following recipes will meet this need for variety and give us a wide choice. In this list are a few recipes that are made of materials we are almost sure to have on hand.

ITALIAN POLENTA.

Take a cupful of fine cornmeal and stir it into a pint of boiling, salted water. Stir the meal until smooth and then add a little more water if it boils away too rapidly. When cooked into a thick porridge pour it into a wet shallow pan to cool. When cold cut into slices and dip them in melted butter, then in a grated Parmesan cheese, and lay in a buttered baking dish, dot with butter, turn over a cupful of tomato sauce, not too thick, and bake a doze minutes. If the tomato for sauce is not at hand use a cream sauce with a chopped cold boiled egg added. The ingredients are nearly always on the shelf and the dish makes a pleasant variety.

SPANISH VERMICELLI.

Break up a half pound package of vermicelli and fry it a delicate brown in hot oil, add a finely minced onion, a thinly sliced bud of garlic and a large cupful of tomato sauce. Cool until the onions and the vermicelli are done, then strain, saving the sauce. Butter a baking dish and put in alternate layers of the vermicelli and grated cheese and sprinkle the top with a few dry crumbs. Dot with butter, then pour over all the sauce and bake a delicate brown.

ITALIAN GNOCCHI.

Boil three good sized potatoes without peeling them and when done slice them smooth. Add a cupful of fine stale crumbs, soak them in milk, then squeeze them dry before adding. Add a half cupful of grated cheese, pepper, salt, a teaspoonful of sugar, two beaten eggs and enough flour to make the mass stiff enough to roll. Cut in finger strips a quarter of an inch thick, press the strips on the back of a coarse grater, then drop them into fast boiling salted water to cook fifteen minutes. Drain and lay on a buttered baking dish, dot with butter and sprinkle with cheese and brown lightly in the oven. Serve with or without a cream sauce.

OYSTER PLANT.

Thin and scrape a large piece of the oyster plant, then cut into short lengths in salted water until tender. Have ready two cupfuls of cream sauce in which put a tablespoonful of well washed capers and a sliced hard boiled egg. Just before serving add the juice of an onion to the sauce.

SCALLOPED ALLIGATOR PEAR.

Peel, seed and dice two alligator pears, add to them three-quarters of a cupful of fine crumbs, pepper, salt, a half teaspoonful of sugar, the juice of an onion, two beaten eggs, and a tablespoonful of grated cheese. Fill buttered ramekin dishes lightly with the mixture and put two tablespoonfuls of cream in each and bake a delicate brown in the oven. This is a real company dish, and may be used when the pears are sold in market at a reasonable price. From twenty to forty cents each. This recipe makes six ramekins.

SOMETHING TO THINK ABOUT

It was late in the afternoon when two boys in an American town decided to take a flyer at some easy money. It was seven-thirty that evening when they were in a revolver fight on the ribs of a poultry buyer and took his money. Two hours later a deputy sheriff picked them up and took them to jail. At noon the next day their trial was over. The judge said ten years in the reformatory was about right for the sixteen-year-old boy and seven years in the State Boy's School for the fourteen-year-old. They would not be out of twenty-four hours after their first hold-up these youngsters were shut up from the privileges and opportunities of youth and sent to the same serial numbers in prison.

OF COURSE THE JUDGE WAS BOUND BY LAW, AND THE LAW WAS SANCTIONED BY THE PEOPLE OF A STATE THAT HAS A MODEL CHILD-LABOR LAW.

What happened in this case ought to be pretty close to justice, but its a safe bet that the judge, lawyers and jury could have got together out back of the courthouse and evolved a more humane and wiser way to handle a couple of impulsive kids.

Such an incident is merely a repetition of the story of getting caught the first time without a chance to reform voluntarily. Had these impulsive youngsters, not realizing the possible consequences of their foolish action, escaped the clutch of the law they might have continued on the wrong road but the chances are about even that they would have turned out to be law-abiding and useful citizens if they had received sympathetic administration in the course they had started on. To accomplish this work some other agency is needed. The law found cases it goes too far.

Quite recently we have had examples of this kind in Campbellton and these incidents ought to start conscientious people thinking seriously. It may appear to many that in a town of this size there is little need for an organization for the purpose of welfare work among children. Frankly speaking, we admit that the general aspect of the matter seems to substantiate this belief but—

Celebrating The Tin Wedding Properly

In these days of fascinating tin items for kitchen use it is a wise woman who insists upon celebrating her years of happiness by a tin wedding. Among the things that the guests are likely to send is the new three-in-one teakettle. Besides performing the tea-making duty this tin teakettle contains a small pan that fits in such a way, as to make it a double boiler in emergencies when there is only one gas hole available. There is a small steamer, which fits in and makes the kettle do double duty. Kettles of this kind are rather expensive, but they are indeed worth the price.

Then there are oblong or square small double roasting pans of heavy block tin. These are especially desirable for a small family. There is also a round roasting pan which may be used as a casserole. This group fills a long-felt need, for with the older type of gas stove the oven is none too big at best, and when a big roaster fills it there is little or no room left.

With the small roaster and the spiked strip on which to stand potatoes for baking, there is still room left for an oblong baking dish, macaroni or gratin or any similar little dish to go on with the roast. Given a choice of jelly-cake tins, it is very likely the modern woman will choose those with loose bottoms or with the cutter attachment instead of the old-fashioned sort. Or she may choose the new kind of bake-in that bakes on one side. Then they may be turned upside down to bake on that side. When the pastry shell is slipped off it is generally filled with fresh fruit topped with whipped cream. Chimney-pans for whole cakes may be bought in two fashions. Some of the newest have fancy edges that decorate the cake. Lock pans are good for loaf cake. Though American cooks do not use them as much as the foreigners do, individual moulds, pans, sandwich-cutters, egg-slicers, meat, and nut grinders, skewer sets, larding needles, pastry bags, canisters for dry food storage, vacuum freezers, a rack of tin covers, the three sauce-pans that fit over one gas hole, steam cookers, spoonracks, kitchen carving sets, puree sieves, spice-boxes that contain small boxes all these and many other contents, baking-sheets—all are sure to find a welcome.

In arranging refreshments for a tin wedding the table may be covered with red in salted water until tender. Have ready two cupfuls of cream sauce in which put a tablespoonful of well washed capers and a sliced hard boiled egg. Just before serving add the juice of an onion to the sauce.

SCALLOPED ALLIGATOR PEAR.

Peel, seed and dice two alligator pears, add to them three-quarters of a cupful of fine crumbs, pepper, salt, a half teaspoonful of sugar, the juice of an onion, two beaten eggs, and a tablespoonful of grated cheese. Fill buttered ramekin dishes lightly with the mixture and put two tablespoonfuls of cream in each and bake a delicate brown in the oven. This is a real company dish, and may be used when the pears are sold in market at a reasonable price. From twenty to forty cents each. This recipe makes six ramekins.

Quite recently we have had examples of this kind in Campbellton and these incidents ought to start conscientious people thinking seriously. It may appear to many that in a town of this size there is little need for an organization for the purpose of welfare work among children. Frankly speaking, we admit that the general aspect of the matter seems to substantiate this belief but—

DEMAND NOW FOR HARDWOOD LOGS

Believed to Indicate Beginning of Great Hardwood Industry

Fredericton, Feb. 4.—The demand for hardwood logs in New Brunswick during the present winter is the greatest on record and greatly exceeds the supply. This is due to the fact that the lumbering of hardwood in this province is about to take its proper place as an industry. The fact of the demand being greater than the supply is said to be due to the attention of lumbermen in the softwoods, hardwood being neglected in a few sections where last blocks were made or small quantities of hardwood deal manufactured. Different Methods.

Considerable change in the means of handling the logs must be adopted as hardwood is heavier than softwood and cannot be driven and rafted in streams and rivers as the other varieties are. Other means of transportation must be adopted and it is probable that the railways will be extensively used.

THE PRESENT DEMAND.

The Seaman-Kent Company which has several plants for the making up of hardwood products in Ontario and Quebec is taking large quantities of hardwood from New Brunswick and also creating plant at Newcastle is also taking large quantities, chiefly for the purpose of turning out ties for the Canadian National Railways. Hardwood ties are new in this section having been used exclusively. As the lumbering industry becomes more accustomed to handling hardwoods, development of the huge hardwood areas of New Brunswick will take place. Up to the present much of the timber has gone to waste on account of lack of demand and difficulty of handling. Fuel for the heating of dwellings has been the chief use.

PROJECT AT ST. LEONARD'S.

The Seaman-Kent Company was introduced in a proposition to locate a hardwood plant at St. Leonard's both C. N. R. and C. P. R. strongly supporting the project. Plans were prepared and it is expected that this year the project will proceed another step.

N. B. WOMAN SINGING IN TEXAS

In recent papers from Texas appear flattering references to Mrs. Leon Benoit from both musical and social standpoint. A late issue of the Waco Times-Herald, Waco, Texas, contains the following: "Miss Mary Napier and Miss Lillian Halbert gave a charming musicale on Friday evening at the Napier home on North Fifth street, honoring their friend, Mrs. Leon Benoit, of Fort Worth, who has been the recipient of much praise while here on account of her wonderful voice and delightful personality and accorded many social courtesies."

THE MRS. BENOIT REFERRED TO WAS FORMERLY MISS MAE ATKINSON, DAUGHTER OF MR. AND MRS. C. P. ATKINSON OF MONROE.

Her husband is a former resident of Vancouver and a musician of note, a composer and a violinist. He is now engaged in oil mining and is a partner of one of the largest companies operating in the Fort Worth fields.

ELECTRICITY CAUSES TIMEPIECES TO VARY

Watches Often Affected by Thunderstorms.

Does your watch take sudden spurts in going time or lose it during a thunderstorm? If it does, take it to your jeweler, for it is full of electricity and needs to be demagnetized. Explaining the matter, a jeweler said that a lot of persons who have trouble with their time-pieces, have it because they have been in too close contact with electric lighting fixtures.

SHIP HITS BARGE.

TWO MEN MISSING. New York, Feb. 1.—The Southern Pacific freighter El Estero, bound for New Orleans, yesterday crashed into a string of barges off the Statue of Liberty and sank two of them. Two men from the barges are missing. The freighter was undamaged.

NEW YORK MAN AND WIFE DIE IN FIRE

New York, Feb. 1.—Theodore Bauer, manager of a fashionable cabaret in East Fifth street, and his wife, Louise, died last night, overcome by smoke fumes as they were attempting to escape from a fire in their apartment above the cabaret.

—all of a similar nature. We desire only to place a few thoughts on this matter before citizens here in the hope that they may be helped to action. We have also refrained from mentioning many rather startling facts of which we are aware and perhaps our statements may seem somewhat nebulous, and incomplete. However, brevity is often best in such a case. It may appear to many that in a town of this size there is little need for an organization for the purpose of welfare work among children. Frankly speaking, we admit that the general aspect of the matter seems to substantiate this belief but—

They make Bread-baking Easy

Home-made bread is easy to bake if you use the new Quaker recipe. They are the recipes of women who have learned to bake bread with the least amount of work. Every recipe has been tested and proven by our own master baker. Send us your address and we will mail these recipes to you without charge. The quality of Quaker Flour is a by-word. Its uniformity in baking is assured by heavy tests during the milling process. Thousands of home bakers know that Quaker Flour is best for all baking purposes.

Quaker Flour Always the Same—Always the Best

Every sack of Quaker Flour is guaranteed to give absolute satisfaction.

A product of The Quaker Mills, Peterborough and Shelburne. DISTRIBUTORS: Campbellton News & Post and all the best dealers.

MORE HEAT, LESS DIET

Mr. C. E. MacKenzie, representative of the British Empire Steel Corporation in the interest of Besco Household Coke visited Campbellton convincing users of hard coal that Besco Coke will do all that hard coal will do, and will save the consumer saving in money of from \$2.00 to \$7.00 per ton. Besco Household Coke can be purchased from your coal dealer at \$14.50 per ton delivered. You will get more heat per ton, less ash, no gasses and it requires no more attention.

NEWLY WEDS AFFECTED BY LACK OF BUILDING MATERIAL.

Noorvik, Alaska, Feb. 2.—An unprecedentedly mild winter with a minimum precipitation here has resulted in a scarcity of building material. Eskimo newlyweds who contemplate setting up housekeeping have been forced to journey to Kowah where, luckily, there is a plentiful supply of snow for building igloos.

HEAVY CHEW OF TORONTO

Henry Chew, who came to Canada as a poor immigrant lad, from Ontario twenty years ago, is now on his way back to his native land to take service in the air force of Sun Yat Sen's army. Henry's brother is general Soo Hoo Wing, one of the officers in

Toronto Chinaman Leaves Restaurant To Become Air Fighter in China

China's army and he has an aeroplane all ready for Henry as soon as he arrives. Henry has been living in Toronto when he wasn't busy in his restaurant and he says he likes it fine. A number of walkabout men of Toronto gave him a farewell dinner before he left.

C. K. B. TO USE ELECTRICITY. Owing to the fact that the power supply is a success in the B. shops here it is understood that the B. shops for the installing of the pumps for the water on the roof at various places in the town. Recommendation will be made to have electric lighting stations along the line which has been installed. These will include Hampton, Norton and all. The station at Sussex ready lighted by electricity, then Transmitt.

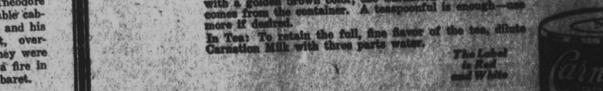

As Cream in Coffee

YOU add full-bodied richness and tempting color to your morning cup of coffee when you "cream" it with Carnation. Besides Carnation's richness and absolute purity, its convenience and economy are winning thousands of new users daily. Try it.

Order several tall (16 oz.) cans or a case of 48 cans of this convenient and dependable milk from your grocer.

Write for the free Carnation Cook Book which contains recipes for over 100 tasty dishes.

HOW TO USE CARNATION MILK IN COFFEE OR TEA. In Coffee: To give your cup of coffee an appetizing flavor with a golden brown color, use Carnation undiluted as it comes from the can. A teaspoonful is enough—use more if desired. In Tea: To obtain the full tea flavor of the tea, dilute Carnation Milk with three parts water.

Produced in Canada by CARNATION Milk Processing Company, Limited

**THOMAS W. ROBERTS**  
 The death of Thomas W. Roberts occurred at his home at Dalhousie Junction, Jan. 29th after a lingering illness of the age of seventy-eight years. The Rev. W. Camp conducted the funeral services which were largely attended by relatives and friends of the deceased and interment took place in Dalhousie Cemetery. The pall bearers were Robert Good, T. Robinson, Geo. McNeil, Fred McDonald, Jas. Thompson and J. H. Hamilton.

He leaves to mourn the loss of a kind and devoted husband and father, a wife, three daughters and five sons. The daughters are Mrs. C. H. Marshall of Fredericton, Mrs. Ferguson, Dalhousie, and Mrs. J. E. Barclay of Toronto. The sons are Albert in British Columbia, Edna in Richmond, and William, John and Ernest of Dalhousie. He also leaves a step-son, George Day of Campbellton and a step-daughter, Mrs. Mary Chisholm at home and one brother Robert at Matapedia.

**Mrs. Mary Irving**  
 Mrs. Mary Irving, widow of the late Donald Irving died at her home in Flatlands, Wednesday, January 30th, 1924, after an illness of 15 days, at the age of 88 years.

She leaves to mourn the loss of a loving mother one daughter, seven sons, Mrs. James Aitch of Cross Point, and Thomas, Daniel and William of Flatlands, Bernard of Tide Head, Alexander and Frank of Matapedia, and Dennis at home. She was a daughter of the late Thomas Delaney. The funeral took place from her late home Friday morning to St. Lawrence Church, Matapedia, where religious high mass was celebrated at 9 o'clock by the Rev. Father St. Paul. Interment was made in the Family Lot.

**MR. GALLON**  
 A sad event took place on Jan. 21st 1924, at the home of Mr. Richard Gallon, when the loving father was called away to rest at the age of 71 years. The deceased had been in failing health for the past year. All that kind and loving hands could do was done for him but it was of no use. He bore his pain most patiently and was willing to be called away to a better home. He was of a kind and loving disposition and was liked by all who knew him.

He leaves to mourn his loss four sons, William, Charles, Norman and Roland at home also four daughters, Mrs. Angus Gallon of Campbellton, N. B.; Mrs. Wilfred Corbett of New Brunswick; Mrs. Clifford Garret of Campbellton, N. B.; Annabella at home, also three brothers, Abner of Saskatchewan, William of New Mills, and Ernest of New Carlisle. The remains were forwarded to the Anglican Cemetery, Rev. Mr. DeGrouchy officiating.

The pall bearers were Sydney Smith, Thomas Smith, Bertram Ross, and Chester Ross.

The community extends sympathy to the bereaved ones in their sudden sorrow.

# GOLDEN ROLL

## BRIGHT CHEWING TOBACCO

Sealed Tins Insure its Freshness 10¢ a tin

Manufactured by Imperial Tobacco Company of Canada Limited

### Hot Rolls and Butter

The very thought of such a delicacy makes the mouth water. Whether it's Bread Rolls for breakfast, Rusks or Parker House Rolls for Lunch, Cinnamon or Tea Rolls for Supper they will be better when baked with Robin Hood Flour, light, flaky, nourishing and rich in the flavor of the golden grain. The most appetizing Rolls are easy to bake with unvarying success if you use this "guaranteed flour" milled from selected western hard spring wheat.

## ROBIN HOOD FLOUR

### Plantol

A Toilet Soap made only from plant fruit and flower oils

The soft, foamy, luxurious Plantol lather cleanses and benefits your skin as only a combination of rare floral oils from the tropics could accomplish. In twenty-five years many makers have tried to excel Plantol—none have succeeded. It has carried the British tradition of utmost quality and purity into every quarter of the globe. Now, in a popular shape and a new wrapper, you may buy Plantol at a very reasonable price.

An Exquisite Toilet Soap

### New Carlisle

This little town again recovered from the throes of one of the worst snow storms and blizzards that has visited it in the past five years. The thermometer dropped to 30 degrees below zero and with snow and wind up to a hurricane it was dangerous for any except the strongest to stir out of home or shelter.

But here are folks who are prepared for such weather with very few exceptions, like the description Dr. Drummond gave of us in "French Canadian dialect."

The wind may blow good while so long as wood pile is ready for burn on de stove by and by.

And this is true of all Canadian inhabitants take it as it comes. However they are all out and going again as before in day time and enjoying their evenings in the usual way with unusual mirth and show of pleasure.

The New Carlisle hockey team gave a reception that was well attended and enjoyed by the guests also the officers and members of L. O. L., 2695 New Carlisle, under special committee, gave an evening entertainment that has not been surpassed and seldom equaled in our town.

Firstly a bounteous supper was served of meats, vegetables, fruit and all kind of delicacies and the appearance of the tables after were ample proof of the justice one and all did to name it a feast. Then an able address was delivered by the Rev. Bro. DeGruchy, Anglican pastor of our town. P. M. Bro. B. A. Law occupied the chair in absence of Bro. H. S. Scott W. M., who was unable to attend owing to the recent death of his uncle, the late John Scott, a well-known and respected citizen.

The Rev. Bro. DeGruchy showed in fluent language how the brotherhood is necessary and beneficial and told of the first time he received aid from a Brother while he was in Newfoundland. He was going from one village to another in winter, the distance being farther than he was aware of. He became benighted and was obliged to call at a farmers home to enquire the way. There he was invited to have tea and the farmer made the assertion "If you were a 2 1/2 man I would guide you through the bush for the balance of his way was through a forest, and when he learned that he was, he made good his word and walked the whole way through with him.

Another pleasure of the evening was to see their clergyman so much at home with his flock, enjoying and even taking part in the evening entertainment. It took one back in memory to the wedding at Cana of Galilee where his master, the one he is trying to lead his flock to, did not refrain from even entertaining the guests. He performed his first miracle and in no less a way than to make wine out of water for his host. (a luxury we lacked because it is contrary to the rules) by the Rev. Bert and Lloyd Renout on the violin occasionally accompanied by P. M. Bro. Law and any who wished to, could dance or sit and enjoy watching the dancers or listening to the good music.

However, one tire even of amusement and about midnight all were satisfied to return home, even the young lads and lassies who were not tired but with cheeks glowing red as roses and eyes sparkling went through the last dance better than the first.

Then all retired to the ante room to sort our coats, shoes and wraps and if there was one who left that hall who was sorry they had come, their heart aint in the right place.

**FLY OVER CANADA**  
Aviators Sell for London to Arrange For Round the World Flight.

Buenos Aires, Feb. 2.—Major Pedro Lanni and Ensign Nelson T. Page, Argentine aviators who are to attempt an airplane flight around the world next summer, called for London yesterday by Avies to begin in London they will obtain a plane and equipment for the round-the-world flight on which they plan to start, probably in June, from Rome, Italy. It is their purpose to fly eastward by way of Japan and thence to

### WOODEN FLEET TO MAKE BONFIRE

U. S. Ships Costing Hundred Millions Are to be Destroyed

Washington, Feb. 5.—Fires will be written in the history of the wooden fleet of the United States Shipping Board this week. Nearly 200 vessels, which cost the Government almost \$100,000,000, will go up in smoke. It will be the greatest bonfire the Potomac River has ever seen. It is all that now remains of the fleet which numbered in the thousands.

For the last year the hulls have been assembled in the river, a few miles below Washington, by the wrecking company which bought them from the Shipping Board. There they have been stripped and dismantled. They are now being beached on the flats near Alexandria, preparatory to applying the torch.

### BIG PROGRAM OF ECONOMY NOW

Reductions in Civil Service May Include Cabinet Ministers.

Ottawa, Jan. 29.—Economy plans which are being contemplated by the Government and the announcement of which has caused a considerable commotion in the civil service at Ottawa are understood also to embrace a reduction in the number of Cabinet Ministers. There is reason to believe that in the coming session of parliament legislation will be introduced paving the way for certain mergers of Departments, and the saving to the public treasury which such would bring about.

At the present time the cabinet comprises seventeen ministers with portfolios, and two without portfolios. While the United States system of Government is essentially different from that of Canada, they manage over there to govern a country of over 100,000,000 people, by a cabinet of seven or eight men. When Sir George Murray some years ago reported upon conditions in the Civil Service at Ottawa, he hinted at the desirability of consolidating a number of departments but very slight effect was ever given to this. The Inland Revenue Department, however, was merged with the Customs. Although various branches were shifted about there has been no reduction in the number of portfolios. If legislation, which the Premier is considering, is brought in there would not only be a reduction in the cabinet ministers but the reconstruction of the Ministry would also be facilitated.

The Civil Service at Ottawa has come in for a lot of notoriety in connection with its overstaffing but it is learned that the outside service as well will be affected by any economy which are accomplished. At the conference of Deputy Ministers and the Civil Service Commission which is scheduled here for next Friday to deal with the whole question of civil government estimates, the outside service will be considered fully as much as the service at Ottawa. In many places it is represented that there is an excess of staff in the outside service, in the Post Office, Customs, Civil Re-establishment, Interior and other branches of the public service. The proposed inquiry by a senate committee also indicates the importance attached to the question. The bill providing a new superannuation bill was prepared last year but was not presented. It will, in all probability, be proceeded with this session.

**TWENTY CIGARETTES A DAY PUT FIVE PER CENT OF BLOOD OUT**  
United States Most Neurotic Nation in World With British Close Second.

London, Feb. 1.—The United States is the world's most neurotic country with Great Britain a close second, said Dr. Walter E. Dixon, Cambridge University professor, in a lecture on "drug addicts" at the Royal Institution. Neurotics are easy drug victims, he asserted, adding that coffee and tea are drugs as well as alcohol. "Any one who smokes twenty cigarettes a day puts five per cent of his blood out of play," Dr. Dixon opined.

The father of success is work. The mother of success is ambition. The oldest son is common sense. Some of the boys are perseverance, enthusiasm, co-operation. The oldest daughter is character. Some of the sisters are cheerfulness, loyalty, courtesy, care, economy, sincerity and harmony. The baby is opportunity. Get acquainted with the "old man" and you will be able to get along pretty well with the rest of the family.—London Opinion.

### PUTS HEALTH AND VIM INTO WOMEN

So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well, and was nervous at the least noise. I kept house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. JAMES H. MACPHERSON, 308 Greenway St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co., Oshawa, Ontario, for Lydia E. Pinkham's Frigate Tark-Boat Compound "Admires Peculiar to Women."

### NEW LAMP BURNS 94 P. C. AIR

**BEATS ELECTRIC OR GAS**  
A new oil lamp that gives an amazingly brilliant, soft, white light even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94 p. c. air and 6 p. c. common kerosene (eal oil). The inventor, J. M. Johnson, 264 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$200 to \$500 per month.

Mrs. C. H. Marshall of Fredericton and Mrs. Jas. E. Barclay of Toronto are visiting their old home at Dalhousie Junction having been called home on account of the illness and death of their father, Thomas W. Roberts.

## QUEBEC WILL CO-OPERATE WITH N. B. IN HYDRO MATTER

### Accorded New Brunswick Delegation Fine Reception—Grand Falls Development Proceeds Another Step.

Moncton, Feb. 2.—Returning from Quebec city where they interviewed members of the Quebec Government regarding matters in connection with the development of Grand Falls, Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Commission, and Mr. S. R. Weston, acting chief engineer with that body, arrived in Moncton last evening on the Ocean Limited, east bound. Hon. J. E. Michaud, another member of the Commission, who was one of the party visiting Quebec, returned to his home in Edmundston.

The party left for Quebec in the early part of the week. The object of the visit was to interview Quebec authorities regarding the storage of water supply from the Temiscouata Lakes. Permission is being sought to dam Quebec waters in certain districts in connection with Grand Falls power development.

Hon. Dr. Smith, when interviewed last evening by a Transerip representative, said that the delegation had been accorded a splendid reception. "Our meeting with the Quebec authorities was very agreeable," he said. "They showed every disposition to meet our wishes. We interviewed the premier, the minister of Lands and Forests, and members of the streams Commission, including Chief Engineer LeFavre and Mr. Amos. We were interested in knowing whether or not any legislation was necessary in connection with the matter. Our information was that an order-in-council may give us authority to dam any of our water works in the district we would require to dam."

Only one dam is proposed in the near future.

Hon. Dr. Smith said that the New Brunswickers anticipated no difficulty in connection with the matter. The Quebec House being in session now, Dr. Smith attended and was very favorably impressed by the methods of Quebec legislators. He visited the library and other edifices in the ancient capital, noting particularly the beauty of the buildings and the many indications of neatness and artistic taste.

Dr. Smith returned home last evening and Mr. Weston proceeded to St. John.

## Quebec Forbids Building Border Houses; Steps Taken in War Against Bootleggers

Trouble is brewing for bootleggers and others who take advantage of international and interprovincial conditions for unlawful purposes. Hon. Mercier, Minister of Lands and Forests, will introduce a bill to prevent the building of houses on international and interprovincial boundary lines, and the United States and sister provinces in Canada are expected to enact similar legislation.

Under the projected bill it will be impossible to build a house partly in Canada and partly in the United States, or partly in Quebec and partly in Ontario, or partly in Quebec and New Brunswick. Houses under this law cannot be built within sixty feet of the border line of the Province of Quebec in either direction.

When the United States, Ontario and New Brunswick pass similar legislation it will become harder for bootleggers and others engaged in unlawful commerce to carry on.

As things are now, a house can be built in a way that it is difficult to make an arrest, since it is impossible for an officer of Quebec, the United States, Ontario or New Brunswick, as the case may be, to establish in what jurisdiction the offence was committed.

The bill proposed is a recognition on the part of the Quebec Government of the fact that while Quebec is a wet province, our neighbors are officially dry, and that friendly relations require that we aid our neighbors.

## Notice of Legislation

Notice is hereby given that an application will be made at the next session of the Legislature of the Province of New Brunswick for the passing of an Act:

(a) Authorizing the Town of Campbellton to borrow temporarily, or until, the rates and taxes are collected in each year, a sum or sums not exceeding in all the sum of Fifty Thousand Dollars, (\$50,000.00).

(b) To amend 51 Victoria, Chapter 81, Section 8, by striking out the words, "and shall have paid all such rates and taxes due previous to such election" and insert in lieu thereof the words "and shall have paid such election all such rates and taxes due."

(c) That every person who is deemed an inhabitant thereof for the purpose of assessment of property within the Town.

H. A. CARR,  
Solicitor for the Town of Campbellton.

### CHATHAM WINS FROM MONCTON

Chatham, N. B. Feb. 2.—Chatham defeated Moncton here last night after 20 minutes' overtime play in a bitterly fought contest. The third period ended with the count two all and at the end of the 20 minutes overtime Chatham led 5 to 4.

The game was fast and the 1,600 fans were treated to a fine exhibition of hockey. Fred McLean, of Fredericton, handled the game in a fair and impartial manner. Carroll scored three of Moncton's tallies and Gould one. Keoughan scored three for Chatham's conquest, while McMahon and Kerr each scored the twine twice.

The line-up:

|            |            |          |
|------------|------------|----------|
| Moncton:   | Goal       | Chatham  |
| Wilson     | Defense    | Carroll  |
| Bastarache | Defense    | Duncan   |
| Wilson     | Defense    | Fleisher |
| Kerr       | Center     | Keoughan |
| Carroll    | Forward    | Lane     |
| McMahon    | Substitute | Mills    |
| James      | Substitute | Keoughan |
| Wall       |            |          |

FIVE PERSONS MOST LIVES IN A BOILER EXPLOSION

Five persons were killed in a boiler explosion which wrecked the plant of the Fred Crider rolling mill at Crider, seven miles from here tonight.

The dead—J. W. Gorman, owner of the mill; Herman Gorman, 16, the son; Charles Gorman, 14, the son; Hugh Kinnage, 11, son of J. Van Manssart, boiler maker.

## FEDERAL GOVERNMENT NOT TO CONTINUE AGRICULTURAL GRANTS TO THE PROVINCES

Ottawa, Jan. 31.—Notice of the intention of the Federal Government to discontinue agricultural grants to the provinces has been sent out to Provincial Ministers of Agriculture. This action was forecast some time ago when a delegator representative of the Provinces interested waited upon Premier King and urged that the grant be continued. The Premier told the delegates that the Dominion Government was carrying a very heavy financial load as a result of the war and did not feel that it was in a position to continue the grant. He mentioned that the Federal Department of Agriculture, which was of benefit to the Provinces, was made to the provinces ten years ago, and at that time it totalled \$900,000 per annum. During the ten year period it grew to \$1,100,000 a year. Last year the Government reduced it to the original amount, the sum of \$900,000 being provided in the estimates to cover it.

New Brunswick received \$50,938 from the Federal Government agricultural grants to the province for the past year and provincial officials admit they see no means by which the present service can be completely carried on after the expiry of the federal grant on March 31 next.

## Belledune

Messrs Gordon and Willie Chalmers of Bathurst spent Sunday with their parents Mr. and Mrs. James Chalmers.

The many friends of this vicinity are extending their congratulations to Mr. and Mrs. William on the arrival of a son.

Mr. and Mrs. Frank Landry and Johnny Landry were the guests of Mr. and Mrs. Alex Landry Sunday.

Misses Agatha and Cecelia Legacy entertained a number of their friends Sunday evening. Those present were Misses Josephine Guitard, Minnie LaPointe, Mary Ann Grant, Nellie Beaudry and Dot Devereaux; Arthur Lagacy, Patrick Grant, Lyle Devereaux, Stephen Saver, Raymond LaPointe, Alex Grant and Walter LaPointe.

Mrs. Thomas Lorne and daughters Gladys and Hazel spent Saturday in Bathurst.

Mr. Arthur Miller spent the week-end the guest of his sister Mrs. Harold Ellis. He also called on his mother, Mrs. Mary Miller.

Miss Ruby Beaudry is visiting her sister Mrs. James Roberts.

Mr. T. H. Fournier was visiting Mr. Albert McCurdy Sunday afternoon.

If the weather doesn't soon moderate I guess we will have to move back.

Misses Stella and Lizzie Legoy.

### Point La Nim

Mr. Walter Glover spent Sunday with his family at Point La Nim.

Mr. Clarence Glover spent Sunday at his home.

Mrs. A. H. Ingram spent a few days visiting Mrs. W. Glover.

Mr. Walter Glover had the misfortune to lose one of his horses last week.

### WILL HELP CANADA

French Customs Cut on Farm Equipment Should Mean Orders Here.

Toronto, Feb. 2.—The farm implement industry of Canada probably will benefit very materially as a result of the action of the French government in introducing a bill providing for temporary reduction of customs duties on agricultural implements and farming equipment.

The Canadian National Railway Company is introducing a bill providing for temporary reduction of customs duties on agricultural implements and farming equipment.

Washington Post thinks.

## Port Daniel Centre

(From our Regular Correspondent)

Yours truly begs to apologise for long delay in writing notes. However it is evident, some of our local celebrities are doing my ground. Whoever the author of these notes may be they are to be complimented on their ability as writers especially when it comes to cutting up their local players at hockey. Their spirit is to be admired. Our boys have been beaten and expected it as great difficulty was encountered in getting the ice in the rink. The boys went to Gaspé because they were sports. They had never had an opportunity to put on skates and some of our weak wobbly kneed neighbors who I expect were too yellow to even take a hockey stick in their hand wrote a little scribble to say P. D. was beaten 28-1, favor Gaspé, thereby making themselves out rail backwards. Then finally this last evening from some of the players here, describing the defense as "absolutely useless".

The finishing straw. Perhaps if the writers had been on defense things would have gone had for the opposition team but it would look as they would have a little more pep in their every day life before doing much at hockey.

Weather for the past week or so has been very cold, more so than for many years past.

Mr. and Mrs. Frank LeGallais of Snybece are in town visiting their relatives here. All were glad to see them again.

Mr. C. H. Nadeau is away for a month holiday. Mr. Nadeau was not feeling up to the mark.

Mr. and Mrs. Edgar Nadeau of St. Gertrude were welcome visitors in town a few days ago.

Our Anglican friends here are enjoying services of a new clergyman, Rev. Mr. Herrow, late of Stanstead. Very much regret is felt on all sides to see Capt. Jones go from our midst. He has been very popular both in church and home and, no doubt, his highest praise is his and his work.

Mr. J. Camlet of Robin Jones and Whitman has severed his connection with above firm and left last week with his family for Halifax, N. S.

Mr. P. Lemoinne is now in charge of the Robin Jones and Whitman store and is proving himself a very popular manager.

Compensation.

We hear the story of distress Repeated over and over. "I want my taxes to be less. And someone else's more."

—Washington Evening Star.

## Overcoats and Mackinaws
