The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method.

L'exemplaire filmé fut reproduit grâce à la générosité de:

Archives publiques de l'Ontario
Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Prospectus of The Hamilton Hotel Company Limited

THE HAMILTON HOTEL COMPANY, LIMITED, is organized under the laws of the Province of Ontario, with a capital stock of \$900,000.00, consisting of forty-five hundred shares of the par value of \$100.00 each of preferred stock and forty-five hundred shares of the par value of \$100.00 each of common stock. The preferred stock is entitled to cumulative dividends at the rate of five per cent. annually, and is preferred over the common stock as to assets.

The Company has secured an option on a parcel of land in the City of Hamilton now occupied by the Waldorf Hotel as a site for an hotel to be called "THE CONNAUGHT," or some other name to be agreed upon between the Operating Company and this Company.

On this site, or some equally desirable site in the City of Hamilton, to be approved of by the Directors, the Company intends to erect a first-class fire-proof hotel containing about two-hundred and twenty-five guest rooms, with a suitable lobby, a ball and banquet room, and dining and grill rooms.

The hotel will be strictly fire proof construction, and in every detail will be first-class. Every guest room will have a separate or connecting bath.

It is expected that the building will be completed and ready for occupancy in the Spring of 1911.

An agreement providing for a lease of the property for thirty years from the date of completion of the hotel has been made with Frank A. Dudley, who has agreed that such lease will be taken over by an operating company to be organized by Frank A. Dudley and his associates, who are officers of the United Hotels Company. The name of the said operating company is to be "The Connaught Hotel Company," or some other name approved of by the Lieutenant-Governor of the Province of Ontario, which latter Company shall be incorporated under the laws of the Province of Ontario with a capital stock of \$100,000. Under the terms of the lease the lessee will be required to furnish and conduct the hotel in a first-class manner during the entire period of the lease. The lessee will also keep the interior of the hotel in repair, pay all taxes and assessments against said property and keep the property insured, and will, in addition, pay a cash rental as follows: For the first five years on the basis of six per cent. per annum on the total cost of the land, hotel and necessary expenses and charges incurred in connection with the development of the enterprise, and for each of the succeeding years of the term on the basis of seven per cent. per annum on the total cost as aforesaid.

It is believed that the total cost of the land and completed hotel will not exceed \$900,000. It is proposed to raise \$450,000, or fifty per cent. of the total cost of the site and completed hotel by the sale of that amount of preferred capital stock, and to raise \$450,000, or the remaining fifty per cent. of the total cost by the issuance of a mortgage or mortgage bonds to that amount.

It is expected the rentals provided to be paid under the lease will permit of the paying of interest on the mortgage or mortgage bonds and cumulative dividends at the rate of five per cent. annually on the preferred stock, and the balance will be available either for payment of dividends on the common stock or the reduction of the mortgage on the property.

Subscriptions to the preferred capital stock on the terms offered are payable as follows:—

Ten per cent. on application.

Fifteen per cent. on first of May, 1913.

Twenty-five per cent. on first of August, 1913.

Twenty-five per cent. on first of November, 1913.

Twenty-five per cent. on the first of February, 1914.

The Directors, however, shall have the right to postpone the payment of any instalment beyond the date specified herein, and the full obligation of any subscription shall not be discharged or affected by reason of any such postponement.

Preferred capital stock shall be delivered only at the time of the payment in full of each subscription.

The parties who are to form the operating company are connected with the Hamilton Hotel Company, of Niagara Falls, which latter company is interested in a cable line running from the Atlantic Coast to the Middle West.

The needs of Hamilton for a first-class fire-proof hotel are felt not only by the travelling public, but by the manufacturing and commercial interests of Hamilton. As a result of the progress now being made by Hamilton, the most important thing lacking is a first-class fire-proof hotel.

Subscription forms may be had on application to any of the Officers of the Company, or to the Hamilton Board of Trade.
