CORPORAL ROBERT MUIR RECOGNIZED

Mail Orderly 219th Battalion Presented With Signal Ring

Corporal Robert Muir of the 219th, on Monday night last at St. Paul's Church was addressed, and presented with a handsome gold signal ring by the C. E. Society. On the ring were embossed Maple leaves, and the words, "Canadian Overseas Battalion," with the figures "219" in the centre. Inside the word "Mizpah" was engraved.

As an usher in the church, a leader in the C. E. Society, and a teacher in the Sunday school, he has rendered splendid service, and filled a place which no young man has yet found to fill. While there was regret at his departure, there was pride at his response to the higher call, and there was assurance that the courage which enabled him to live among us as a Christian would support him when facing the dangers of his new calling.

Mr. Muir, who was taken by surprise, responded most feelingly, and hoped that he would be spared to return again to Kentville, which hope is shared by all his friends.

Corpl. Muir is mail orderly for the 219th, and distributes The Nova Scotia Highlander to subscribers in the Battalion.

Young Manhood of Nova Scotia Must Discharge a Plain Duty to the State

(From the N. S. Highlander)

The Nova Scotia Highland Brigade Goes to the Front as a Unit—It is NOW for those Not Yet in Khaki in This Province to See That It Remains There as a Unit.

(By Staff Q.M. Sgt. E. E. Kelley 193rd Battalion.)

Just five months ago, Colonel A. H. Borden with the 85th Band party, opened at Lunenburg a recruiting tour that made history. So long as the English tongue is spoken in this Province, and so long as the annals of Nova Scotia remain, that tour will not be forgotten.

In Halifax a few days before, the great simultaneous campaign for men for the Nova Scotia Highland Brigade had been launched. From that date the message was carried, within one month, to every town and village and hamlet and countryside from Cape North to Cape Sable.

The call was for 5000 men to fill the ranks of the three new battalions, which, with the 85th would form the Brigade.

What has gone needs no recounting here, Colonel Borden and the band party held meetings in just twenty-four Nova Scotia centres on the mainland; Lt.-Col. Day, now Officer Commanding the 185th, personally conducted the campaign on Cape Breton Island—and today what the Minister of Militia was pleased to term "the finest body of men in the world" are quartered at Aldershot Camp—the Nova Scotia Highland Brigade.

What Nova Scotia set out to do on the first of March of this year, has been done. But more must be accomplished. There is an ADDED DUTY. Not that those in authority did not foresee this duty. They did—but "one thing at a time, and that done well" holds as good a motto in war as in peace.

Nova Scotia gave in the Highland Brigade what she was asked to give—and more. Now goes forth a NEW CALL.

The new reserve battalion of the Brigade, the 246th, has been authorized. This new reserve battalion will be made up of a company to represent, and wear the regimental badges of, each of the four battalions of the Bri-

gade. It is now for Nova Scotia to complete the work, the foundation of which she so splendidly laid when she made the Nova Scotia Highland Brigade a reality.

We ask again for MEN. The Nova Scotia Highland Brigade, Sir Sam Hughes has assured us, goes to the front as a unit—and in going to the front as a unit, the Nova Scotia Highland Brigade must be BACKED UP by sufficient reserves to insure its REMAINING at the front as a unit.

If the young manhood of this Province had a duty five months ago, when the Highland Brigade was yet in the embryo, there is an ADDED DUTY today. And that duty brings home to every man of military age in Nova Scotia the direct responsibility of insuring the fighting efficiency and solidarity of the splendid body of fighting men soon to go overseas to do battle for all that Nova Scotia cherishes as British ideals and British traditions.

Young man, you told us when we talked with you five months ago that you could not see your way clear to come with us just then. As Colonel Borden so often told you then, we were not asking you to go, we were asking you to COME. And we are asking you to COME WITH US today. How about it? Don't you feel that it is about time you moved to DO SOMETHING for Home and Empire in this great struggle?

Again, your opportunity is NOW.

The men who wear the feather of the Nova Scotia Highland Brigade hold a big place in the hearts of the Nova Scotians who cannot go.

Come in with us in this new reserve battalion—and thank God for this second opportunity to ease your conscience and discharge a plain duty to the State.

Ask yourself: "How will you fare, sonny, how will you fare, in that far-off winter night.

When you sit alone in an old man's chair—and your neighbors talk of the fight? Will you slink away, as if from a blow, your head shamed and bent.

Or say, "I was not the first to go, but I WENT, thank God, I WENT."

KILLING A MIGHTY FALSEHOOD.

It is for the further and complete liberation of the German mind that we must wait. Some months more of the present agony and it is fair to assume that the "super" madness will vanish. The measure of this war is not alone or mainly on the battlefield. It has been fought for spiritual value chiefly. It has been fought to preserve our civilization and our humanity. It has been fought to save all that we in America love and cherish—all that democracies have cherished from the beginning. It has been fought against a lie as complete as the Spanish Inquisition, as mortal as the ancient regime that the French Revolution destroyed. And the lie is dying. Millions and millions of German men and women are approaching the light. The military force that was to make them masters of the world, for the sacrifice of their individual will, now comes on its knees to ask a measure of confidence. It has not paid; it cannot now or ever pay. A million Germans have died; thousands are dying daily, East and West. Millions

more are hungry. Paris, Calais, Moscow, Suez, Verdun, these are the fictions of yesterday—false and proven false. The facts are written otherwise.

The 193rd Pipe Band is rounding into shape. The versatile C. R. Ballard-Brown, whose accomplishments in the entertainment line run apparently from three ledger-lines below the staff to something like that above, has received the appointment of Sergeant in charge.

We have a new brass band sergeant. Following the appointment of Bandmaster White to his lieutenantancy, Sergt. Robt. Lyons assumed band-sergeant's duties.

Mrs. C. H. Stubbart, wife of Sergt. Major Stubbart of "A" Company, has, with her two little children, taken up temporary residence in Kentville. Mrs. Hewer, wife of B.S.M. Thos. Hewer, is also taking temporary residence near Camp.

There is not a man seriously ill in the whole Camp. Can any other place with an equal population make the same boast?

Duty!

What it Means in Nova Scotia To-Day

The following trenchant appeal for more recruits appears in the Recruiting edition of the Nova Scotia Highlander:

We have entered upon the third year of the most stupendous war the world has known. This statement, because one often wonders if the people, the masses, of this our own Province really appreciate the true significance of the words. The greatest, most strenuous, most far-reaching, the most monstrous war in time, since time was.

This is the Twentieth Century, the century in which we concede to our neighbor a superior intelligence, a finer fibre, a more perceptive outlook, than that of those of years and centuries and ages that lie behind. But have we been deceived?—have we misplaced that concession? Sometimes it almost seems as though we have and when we see what we see, day by day, even in the good, old Province of Nova Scotia, we cannot be very severely censured for the conclusion.

These are stern days, blood-and-iron days, days of violence, in which we have but two trusts—"a trust in God above, and in our own strong right arm." These are terrible, calamitous, soul-testing days. But has an appreciation of this fact embedded itself into the public consciousness? The "daily walk and conversation" of our people very largely supplies the answer.

Two proofs, and two proofs only, will convince the men in khaki today that these grim facts are being faced—for we cannot refuse to face them.

As one proof it is demanded that the very deed and every thought and every action of our people must be wrought and thought and acted toward ends that will make for the successful prosecution of a righteous war. A mental picture of Northern France supplies the reason, as a mental picture of this land, if those brave fellows were not there, points the alternative.

As the second proof, it is demanded that every fit man, between the ages of 18 and 45 (inclusive) be with the colors.

And nothing short of full complement of those two reasons will suffice—the moral and unequivocal support of every man, woman and child who cannot go to the front; and the response to a plain, VERY PLAIN DUTY on the part of those who can.

As this is the second anniversary of the war, it would be nice to say cheering encouraging things. It would be pleasant to look toward Europe through rose-tinted spectacles. It would be equally pleasant to carry along in a possible false security.

But these things do not win wars—and they will not win this one. Nor will picnics and canoeing and summer-resorting, and all those peace-time vacation recreations save the conscience of the young man who should today be fitting himself to take the place of a brother Canadian in France and Flanders.

Vacation time for the man of military age in Nova Scotia today is a ghastly incongruity. The casualty lists are too heavy, and the need for MEN too great. The Annapolis Valley was a fine section of this Province for auto tours and picnics prior to August 4th, 1914. Today it is a better training ground for British soldiers!

Sgt. Frank Carter, of the 193rd Orderly Room, was called home to Truro suddenly on Wednesday evening, due to a serious accident to his father, Driver Geo. Carter, of the I. C. R. The accident occurred in Truro yard, and it is feared that Mr. Carter's injuries are of a very serious nature.

Get Real Tire Economy!

Motoring is two things—a pleasure and a business. One might say it was said sixty per cent. for entertainment and forty per cent. for commercial purposes. Yet no matter whether you use your car to get orders or come, your greatest economy will be the reduced cost of mileage.

No accident ever befel an automobile but what the tires were forced to play a part in it. And no accident ever occurred but what the tires had a say in that, too.

If you will drive fast,
If you will make those sudden stops,
If the city will water asphalt,
If rain will make muddy roads;

Why then—the possibility of skidding will always be with you, unless you figure on these elements of danger when you buy your tires. When you think of how to avert danger in motoring you immediately think of . . .

GLAD HEARTS

"Give us, O give us the man who sings at his work! Be his occupation what it may, he is equal to any of those who follow the same pursuit in sullenness. He will do more in the same time—he will do it better—he will persevere longer. One is scarcely sensible of fatigue whilst he marches to music. The very stars are said to make harmony as they revolve in their spheres. Wondrous is the strength of cheerfulness, altogether past calculation its power of endurance. Efforts, to be permanently useful, must be uniformly joyous—a spirit all sunshine—graceful from very gladness—beautiful because bright."

So wrote Thomas Carlyle, and we recommend his view to every soldier and more particularly to the soldier in the ranks. Whatever be his task, the soldier should do it with cheerfulness, and as it were, sing at his drill and other work. A merry heart makes all work easier to do and better done when accomplished.

Minard's Liniment Cures Dis-temper.

The Call to Arms!

(From N. S. Highlander)
(By Capt. Chaplain Mackinnon, 219th Battalion)

Once more our indomitable Brigadier, Colonel Borden, has kindled his fiery cross and flung it wide over lake and hill, city and village, throughout our beautiful Province.

More men are needed, a reserve battalion must be formed, so he has raised again his slogan, "Siol no fear fearall," and marshalled his "breed of manly men."

"They were summoned from the hillside
They were called in from the glen,
And the country found them ready

At the stirring call for men."
Never was a greater task imposed upon a people, never a louder or holier call to service. This is no mere clan feud, no mere racial struggle, no sordid battle for commercial supremacy that rends the nations. At the heart of it is the passion for freedom, without which neither prosperity nor progress are possible.

Inside the human heart lurks an insatiable tiger. Man's besetting sin and the most deadly menace to his fellows is the lust for power. Whenever opportunity offered, he has never failed to grasp it. The military phalax is devised, and forthwith Philip of Macedon proceeds to subjugate the neighboring states, and his son, Alexander the Great, to conquer the world, and to weep because there are not other worlds to conquer. The Romans perfect the legion and make it superior to other forms of military discipline, and then nothing but the whole earth can satisfy them. Napoleon finds a new key to power in the scientific use of artillery and hastens to change the map of Europe.

So the Kaiser seeks for himself a place in the sun. Forty years of close application to the study of chemicals, guns, armaments, etc., have given him and his junkers an assumed superiority over more simple minded and domesticated nations. Why not use it? The Devil shows him the kingdoms of the world and the glory of them, why not take them, since he can?

For a time he plumed himself as the man of peace, because he felt, he could conquer the earth, and refrained from doing it. But the subtle poison of the trapezoid did its baneful work. It was hard to grow old and miss the coveted prize. So he fell and what a fall was there. Like the past master in villainy that he is, he threw the blame on others and committed his crime.

He has made many miscalculations, but never was he further from his reckoning, than when he imagined that his vast military equipment, his submarines, his Zeppelins, his general policy of frightfulness, would intimidate the nation of shopkeepers into the betrayal of its rights and liberties.

We will not do it. We love our lands, our homes, our institutions and our freedom. They are the heritage of a valiant past and we shall hand them unimpaired to a grateful posterity.

Come on, boys, and help. Nothing counts for the moment but this. We have got the enemy on the run. His lines are broken, his confidence is shaken. Our hour has come. Let us pour in the men and the munitions. For every Canadian hero that falls, let there be two to take his place. Let us do it quickly. Let us do it now. Come! The boys with the Balmoral bonnets hold out a welcoming hand to YOU.

Mrs. G. W. Walsh, and little son, Master Jack, who have been spending a month visiting her husband Lance-Corporal G. W. Walsh, the cherry and indefatigable mail orderly, 85th Battalion, have returned to their home at Amherst.

Here's News—A Gold Stripe For Each Wound

Recent Army Order Makes Provision for New Distinction to Heroes

All officers and men wounded in any campaign since August 4, 1914, are to wear a gold stripe according to an Army Order lately issued.

The following is the full text of the Order:

Strips of gold Russia braid, No. 1, two inches in length, sewn perpendicularly on the left sleeve of the jacket to mark each occasion on which wounded.

In the case of officers the lower end of the first strip of gold braid will be immediately above the upper point of the flap on cuff.

Warrant officers, non-commissioned officers, and men will wear the gold on the left sleeve the lower edge of the braid to be three inches from the bottom of the sleeve.

C. O.'s Dinner A Happy Function

Lt.-Col. Stanfield Was Host—Addresses by Lt.-Colonel Mersereau, G. S. O. and Col. Thompson

(From the N. S. Highlander)

The C. O.'s dinner at the 193rd Officer's mess, Thursday evening, was an unusually enjoyable function. Lieut. Col. J. Stanfield had as his guests Colonel W. E. Thompson, Camp Commandant, Lt. Col. Mersereau, the new Camp G.S.O.; Maj. Bligh and Lieut. Mitchell of the Camp Staff, and Capt. J. M. Gillies, Lieut. Holland and Lt. Harris of the Brigade Staff.

After assuring his guests of a hearty welcome the host called on Lt.-Col. Mersereau for remarks. He gave a very interesting description of his experiences at the front in conversational style that held the attention of all. Col. Thompson spoke of the pleasure it gave him to be present at such an entertaining, and profitable function. A number of others added to the occasion by taking part in a general conversational discussion.

Honor Heroism of Nova Scotian First to Fall

Memorial Tablet Erected to Perpetrate Patriotism of John W. Tate, Killed in Action

A tablet has been erected in the Presbyterian Church in Gleneg in memory of John W. Tate, the first Nova Scotian to fall in the great war. Tate was shot by a German sniper on the 28th of February, 1915, while attempting to rescue a wounded comrade from the trenches. He was buried at Voormazele, Belgium.

There was a large attendance at the Gleneg Church, which was beautifully decorated for the occasion. An eloquent sermon on "Sacrifice" was preached by Rev. Mr. Logan, of Sherbrooke. Short addresses were also delivered by Rev. Mr. Kirk and J. H. Sinclair. The musical programme was excellent, everybody uniting to do honor to the memory of a brave soldier. The deceased was a son of Daniel Tate and joined the Princess Patricia Regiment in the West a few days after the war broke out.—Eastern Chronicle.

CANADA'S SHARE IN THE GREAT WAR

(From Official Bulletins)

This week Canada concludes her second year, or begins her third year, as a very considerable participant in the great world war. With the following outstanding factors of our two years at war—Canadians may well be proud of their achievements at the front and satisfied with the domestic fiscal conditions at home.

Our soldiers have fought and won imperishable glory and the good work of recruiting, save for a few weak spots, goes on; bumper crops, especially the essential wheat crop, are assured; the trade balances are in good shape, banking on a sound and favorable basis, money reasonably easy, and, with the situation on the allied front daily improving, there is little but optimism in the outlook, domestically and imperially. All this has been seen from the ensuing brief general review:

CANADA'S ARMY OF 360,000

The greatest problems were those which were encountered in the first year or more, and particularly in the first six months of the war. Since then, things have been systematized, the military machine has worked more smoothly, while the country's splendid response to the call to arms has been maintained. We are down to raise half a million men. Nearly 360,000 of that number have so far been enlisted.

THE MEN THE GREAT ACHIEVEMENT

The men we have raised and sent, or are preparing to send, to fight the Empire's battle, are the great and outstanding achievement of Canada's two years at war. While, as seated, the number is approximately 360,000, the latest figures up to July 15, give the total exactly as 350,655.

Ontario leads with 145,193; Manitoba and Saskatchewan, comprises one military district have contributed 71,825; Quebec province, 36,890; the three Maritime Provinces, 31,633; British Columbia, 33,379; and Alberta, 31,735.

NEARLY FOUR CANADIAN DIVISIONS

Canada has three complete divisions at the front, with the greater part of the fourth division gone as reinforcements. The total overseas is around 175,000 men. To make up this total there have been sent abroad or in progress of organization, 13 battalions of mounted infantry; four divisional cavalry squadrons, 74 batteries of artillery, 246 battalions of infantry, five pioneer battalions, and two construction battns.

There are big training camps at Barrie (Camp Borden); Valcartier; Sewell, Manitoba; Sarssee, Alberta; Vernon, B. C.; and Aldershot, N.S.

SPLENDID RECORD

How magnificently Canadians have done at the front is too recent history to need to be gone over. The heroism and efficiency at St. Julien, at Ypres, Festubert, Givenchy and more recently at Hooge, are all fresh in the public mind. The casualties reported up to date are around forty thousand, with about a quarter of that number dead—either killed in action or having succumbed as the result of wounds.

WAR COSTS CANADA \$260,000,000 TO DATE

The war comes high, financially. The expenditure so far on that account is roughly speaking, \$260,000,000. The present rate, according to an official statement this week, is twenty millions a month, or

about \$700,000 a day.

CORRESPONDING INCREASE IN REVENUE

While all this is going out, gratification is derived from favorable conditions of trade and the resultant corresponding increase in national revenue.

The fiscal year has started with a volume of trade aggregating, in the first quarter, recently ended, the total of \$527,512,344, an increase of almost a hundred per cent over a year ago.

Both imports and exports figure in the big increase, the latter more prominently.

Consolidated revenues in the first quarter of the fiscal year totalled \$50,772,903, as against \$33,193,266.

CALL FOR WAR LOAN NEXT MONTH

Canadians, when asked to subscribe to a domestic war loan of fifty millions dollars last year promptly put up over a hundred millions. Next month another call will be made and a similar response is looked for.

The munitions industry figures conspicuously in the country's prosperity. By this Imperial agency something like three hundred millions has been or is in process of being spent. As in the Old Country and the United States scores of establishments whose activity was arrested by the war have long since been making money, turning out munitions or the thousand and one things which enter into the army's equipment. There is no lack of employment but rather in most centres a scarcity of labor.

Captain Wiswell Has Brotherin 185th Battalion

Former Amongst Dalhousians Who Won Military Cross For Splendid Bravery

Writing to the Morning Chronicle on the matter of which Dalhousian (that is, student or alumnus of Dalhousie University) was the first to win the Military Cross for heroic conduct in the current war, Professor Archibald MacMechan says:

"Captain Douglas Wiswell has shed lustre on his college and his native city by his heroic conduct in caring for the wounded under fire. He himself would probably say, 'What else could I do?' He is, however, not the first Dalhousian to win the Military Cross. The first was Lt. J. C. Macdonald ('Cam') of the 3rd Field Co., Canadian Engineers."

There are many Dalhousians in the Nova Scotia Highland Brigade who will be glad to have it recalled that some of their collegiate associates have won distinction for themselves, their college and country by bravery on the battlefield.

It should be pointed out, however, that in foregoing reference, Captain Wiswell is a brother of Lieut. Wiswell of the 185th O. S. Battalion, C.E.F., Nova Scotia Highland Brigade, and that Gordon is the Christian name of the former and Douglas the christian name of the latter, Lieut. Douglas M. Wiswell was a student at King's College, Windsor, but has not yet gone to the front. Captain Gordon Wiswell, who won the Military Cross, was a Dalhousian.

PREMIER BORDEN VISITS HIS NATIVE COUNTY

Sir Robert L. Borden and Lady Borden have arrived from Ottawa by special train and are visiting his former home at Grand Pre.

Tomorrow Premier Borden will be at the Camp Ground at Berwick in the morning in attendance at the Methodist Camp Meeting. From there he will come to Kentville arriving here about two o'clock Wednesday afternoon going through to Camp Aldershot where he will inspect the camp. About three o'clock he will review the Royal School of Infantry now in camp, on the Equitation grounds and following there will be a march past of the various Battalions of the Highland Brigade the 97th Battalion, etc. In the evening Sir Robert will dine with the staff at Camp Headquarters and later will receive the officers of the Camp.

Sir Robert will find at Aldershot one of the best military camps now in training in Canada. While as Premier of Canada he feels a common interest in all parts of the Dominion, yet it will be a source of great pride to him to find here in the centre of his native county such a finely disciplined body of men as are now at Camp Aldershot.

GERMANY SOON TO REALIZE DEFEAT.

The news of each day brings home to us the fact that our enemies in Europe are feeling the pinch and stress of war and defeat. On all fronts the Central Powers are being obliged to withdraw to new trenches and the need of more men to stem the onrush of the Russians, French and British is apparent.

Gen. Joffre has spoken at his own headquarters on the present situation. He said "Destiny is now shaping itself and everyone can read what is about to happen, I mean the final defeat of Germany."

Continuing he said: "The complete unity of action of all the Allies settles Germany's fate. Characteristic of campaign is the constant pressure on all sides by the Allies, who now have had time to form plans and to carry them out with perfect understanding of necessities of the situation on all fronts."

HOW ABOUT CHEAPER GASOLINE, MR. KING

"If the government should decide to assume control of the nickel industry it will mean an enormous reduction in taxation the burden of which rests upon the people, and not the wealthy corporations making enormous profits and dividends out of the industry in Canada."—Hon. W. L. Mackenzie King.

As Mr. King is now a high salaried employee of John D. Rockefeller he probably could speak with more authority on the question of gasoline. He would be doing a greater service in inducing his master to take some of the huge profit off petroleum and gasoline than talking about nickel, of which he knows nothing.

By the way, this is the same man who not so long ago declared the Borden naval policy was an affront to Germany. Surely he won't mind if the Kaiser gets a little nickel.

The war news is developing satisfactorily to the Allies.

Mr. and Mrs. Howard Stronach of Massachusetts have been visiting at Margareville.

BRITISH TROOPS PIERCE GERMAN LINES

Advance Over Front of 3000 Yards

London, August 6.—The British official communication issued at ten o'clock last night, reads:

"Including the capture of the German trenches reported this morning, we, during the last two days pushed forward our line north and west of Pozieres, some 400 to 600 yards over a front of about 3,000 yards.

"Troops from Australia, Kent Surrey and Sussex participated in this operation and consolidated the position won, despite the shell fire, which was especially heavy near the Pozieres-Bapaume road.

"Our artillery shelled La Courcellette and Miraumont, causing large explosions in both places. Ten gun emplacements and three ammunition stores were destroyed. The enemy attempted to seize a crater near Souchez, but was repulsed with bombs.

"There was some artillery activity between Hooge and St. Eloi, where the enemy exploded a small mine, but no movement followed.

"The enemy's aircraft showed little enterprise. Eight of their machines scattered when engaged by three of ours."

TEUTONIC RESISTANCE BROKEN BY RUSSIANS

5000 Prisoners Taken

Petrograd, August 6, via London.—Russian attacks along the Sereth and Graberka rivers, south of Brody in Northern resistance and resulted in the capture by the Russians of six villages and the entire ridge along which they are located, according to a War Office announcement today. More than 3,000 prisoners were taken.

Five Thousand Prisoners.

Petrograd, Aug. 6, via London.—The official communication from General Headquarters issued this evening, reads:

"On the rivers Graberka and Sereth, the enemy launched a violent artillery fire against the regions recently occupied.

"According to late reports, the total prisoners we captured Aug 4 and 5 amounted to 140 officers, including a regimental commander and over 5,500 men, while prisoners are continuing to come in. We took also numerous machine guns and bombthrowers.

Third Year of War Opens With New Hopes for the Allies

London, August 4.—Lord Sydenham in an article in the Times, reviewing the military situation after two years of war, says:

"For the first time since trench warfare supervened on the West a position of definite advantage strategically won by the Allies, opening out new possibilities. Violent counterattacks in which some of the best German divisions have been shattered, and the withdrawal of troops from other sectors are significant signs of the enemy's estimate of the new situation.

"A pause may follow this tremendous effort, but the danger to Verdun has ended. Alike in the West and East lines of immense strength have been broken. French and British infantry again proved their superiority. The artillery of the enemy has been dominated, and in the air the Allies have won the ascendancy.

"The third year of the war opens with new hopes for the Allied Powers, whose stern resolve is unshaken, whose morale never stood higher, and whose resources have not yet been all brought into play."

The Teutons have taken 110,000 square miles upon which they have a precarious hold, but the Allied powers have taken 670,000 square miles upon which their hold is not precarious.

Soaring Prices of the Things We Eat

The prices of commodities have steadily climbed since the first of the year and are continuing to do so. Canned beef and sugar have taken the lead, beef having advanced in price to the wholesaler one dollar a dozen. Last year canned beef was being bought by the wholesaler at \$3.50, now it costs \$4.50, thus costing the consumer about 40 cents a pound. Sugar which cost at the beginning of the year \$6.70 a hundred, now costs \$8.25. Beans, which have been doing' aeroplane stunts, have now struck \$6.25 a bushel, an increase of \$2.25 since the beginning of the year, and in some cases they cannot be procured at any price. Canned beans have followed suit they have reached the \$1.75 a dozen mark to the wholesaler, thus costing the consumer in the vicinity of 20 cents a can. Jams are also on the climb and have jumped from \$1.15 a case to \$1.35. Marmalades are gradually coming and have finally reached an advance of 50 cents a case to the wholesaler. Other lines of canned goods including tomatoes, corn and peas, have advanced from \$2.10 a case to \$2.75. Pickles are not being left behind as they have also advanced from \$2 a case to \$2.35. Canned milk, which has been stationary for several years, has advanced from \$5.60 a case to \$6. All lines of teas have advanced ten cents a pound and 30 cent teas have been taken off the market.

Great Year for Farmers

Prof. Cumming, of the Truro Agricultural College, was a visitor to New Glasgow yesterday and he unhesitatingly says that 1916 is sure to be the greatest year the Nova Scotian farmer has ever experienced. As Secretary of Agriculture he is conversant with the crop outlook all over the Province and declares the crops never looked better.

"How about fruit?" asked the Chronicle man.

"Well the apple crop promises better than expected," replied the Professor, "it will not be a record yield, but the average promises high. Probably in the vicinity of a million barrels. With a good market this yield should be highly remunerative.

The hay crop, the promise of grain and roots is excellent and the market demands for beef, pork, and mutton are very urgent. The farmer who tills his soil and produces everything within his power is doing his bit for the Empire; the army must be fed and in this regard a heavy responsibility rests upon the Canadian farmer.—Eastern Chronicle.

DO SHEEP PAY

The Antigonish Casket records a butcher shop transaction in lambs is its town last week which suggests easy money for the sheep breeder. A Briery Brook farmer drove into Antigonish and marketed with a local butcher there, three lambs, weighing respectively 116, 108 and 106 pounds, and received therefore \$29. The natural conclusion is that with the high price of mutton and wool, the sheep industry calls for particular attention just now. There is, too, this about sheep raising; it can be done profitably on a farm where fat cattle fitting would be almost an impossibility.

More Canadian Divisions

London, Aug 4.—An important statement regarding Canadian military assistance was given today when addressing the officers after the review at Shorncliffe the Minister of Militia, Major General, the Hon. Sir Sam Hughes announced that subject to the War Office sanction two or three further Canadian divisions would be formed. As the cost of training was no more in France or Eng-

WEDDING BELLS

Burgess-Harris

Wolfville, August 3—One of the most beautiful weddings of the season took place here last evening, when Winifred Clare Burgess was united in matrimony to Judson Harris, of the firm of R. E. Harris & Sons. The bride entered the church on the arm of her mother, Mrs. Gertrude Burgess. She was dressed in white satin trimmed with pearls and wore an embroidered net veil held in place by orange blossoms. Her cousin, Miss Blanche Rose, attended, she being gowned most becomingly in yellow taffeta and tulle. Frank Bishop of Wolfville, supported the groom. Little Dorothy Harris, niece of the groom, in pink, acted as flower girl, and the four young lady ushers were Margaret Murray, Alice Stairs, Mary Black and Hazel Woodman. The bride carried a shower bouquet of lilies of the valley and orchids. A large reception was held after the ceremony at the home of the bride. Later, the happy couple left for their wedding trip to Niagara Falls, Boston and New York.

The groom's gift to the bride was a handsome black fox neck piece and muff. This presents were numerous and beautiful and included a generous check from the father of the groom and a silver deposit tea set from the bride's former associates in the Royal Bank.

The ceremony was performed by Rev. N. A. Harkness, of the Baptist Church, and the popular couple after their return will be at home in their new residence on Victoria avenue.

French Hurdled Back Sixteen German Attacks

Desperate Fighting for the Possession of Hem Wood, Which Changed Hands Four Times Within a Few Hours - The German Losses Enormous in Successive Attacks

Paris, August 1—The efforts of the Germans last night were directed mainly against the extreme right wing of the French troops operating in the Somme region. From Sunday evening to last night, the Germans launched not less than sixteen regular attacks against the lines between the Hem Wood and the Somme.

In the Hem Wood and in the region of the Monacu Farm, the fighting was desperate. On Sunday night the enemy succeeded by an enormous effort in taking the Hem Wood for the third time, but two hours later the French counter-attacked brilliantly and recovered the wood. The renewal of the German attack on Monday morning failed completely, one battalion losing a third of its effectives.

GERMAN LOSSES HEAVY.

The railway station at Hem, on the outskirts of the forest on the road to Maricourt, passed from hand to hand four times yesterday morning. At three o'clock in the afternoon the French lost it again, being beaten back by two Saxon Regiments, but at four o'clock a splendid French charge recovered it.

The French are now organizing at the outskirts of Maurepas, Guinchy and Guillemont. The French losses in all this fighting were much less than those of the enemy. One regiment, which led the attack on July 30 and whose advance was the most rapid, lost about 300 men, of whom 75 per cent. were only slightly hurt. The small number of serious injuries is attributed to the precision and efficiency of the supporting artillery.

Deutschland Sails For Germany

Eight Warships Reported to be Waiting for the Submarine.

BALTIMORE, Md., August 1—On the second anniversary of Germany's declaration of war against Russia, the German submarine merchantman Deutschland set out from Baltimore tonight on a return voyage to Germany, with a declaration of confidence from her commander, Captain Paul Koenig that he would take her home in spite of the heavy odds she would face when the three-mile limit in the Atlantic is reached. The submersible was towed out of the slip, where she was berthed twenty-three days ago, at 5.40 o'clock this afternoon, and it is expected that she will put into Newport News, Va., between six and nine o'clock tomorrow morning. After getting into midstream the tow line of the tug Thomas F Timmins was cast off and the Deutschland proceeded down the Patuxent River under her own power. The Timmins went to one side, the coast guard cutter Wissahick on to the other, and the harbor police boat Lannan brought up the rear to prevent undue crowding by the small fleet of launches that followed. Captain Koenig and his crew of 27 men, put to sea with the knowledge that a man hurried to a telephone with a message to agents for the Entente Allies that the Deutschland had started. They knew how long he had watched at the end of the pier, day and night but the little captain went out of Baltimore harbor smiling and waving his cap.

Captain Koenig knows that eight warships of the Entente Allies are awaiting for him at the edge of the three-mile limit, spread out in a radius of five miles. "We shall have to pass unseen within that radius in order to escape," he said.

ANNAPOLIS, August 1—The Deutschland passed Annapolis at 8.45 o'clock steaming about 12 knots. The tug Timmins alone was conveying. The weather is clear, the wind-fiftal and there is not much sea.

Victory Certain says General Joffre

PARIS, August 1—The Bulletin des Armes, the official journal of the soldiers of the French Army, will publish tomorrow copies of letters, written by President Poincare, David Lloyd George, British Secretary for War and General Sir Douglas Haig, Commander of the British troops in France, together with an order of the day issued by General Joffre to the French Army on the occasion of the second anniversary of the outbreak of the war. The order of General Joffre follows:

"Soldiers of the Republic: Your third year of fighting has begun. For two years past you have been supporting with unflinching strength the weight of an implacable conflict. You have caused all the plans of our enemies to fall. You vanquished them on the Marne, you checked them on the Yser, and you beat them in the Artois and in the Champagne, at a time when they were vainly seeking victory on the plains of Russia. Then your victorious resistance, during a battle of five months duration broke the German effort in front of Verdun.

"Thanks to your stubborn courage, the armies of our Allies have been able to manufacture arms, the weight of which our enemies today are experiencing over their entire front. The moment is approaching when, under the strength of our mutual advance, the military power of Germany will crumble. "Soldiers of France, you may be proud of the work you already have accomplished. You have determined to see it through to the end; victory is certain."

*(Signed) JOFFRE.

MANY MEDALED BUT MODEST SMITH

An 85th Musician Who Hides His Light

(From N. S. Highlander)

It is amusing to hear men reiterate that there is in Camp no news, no human interest stories. The Camp is full of the latter. For instance, in the 85th Battalion there is Bandman Joseph Smith. Only the other day, and quite by accident, it leaked out that Mr. Smith, who is one of the bass players in the 85th band, is a many medaled musician—actually able to sport 17 medals for honors won as an instrumental soloist, bandmaster, and band conductor.

Here is his musical history. First with the Chisworth and Charleworth Band, Derbyshire, which won three prizes in contests. Next, solo bass (E flat) with 63rd First Manchester Regimental Band, one of the best in the service. On time discharge joined Staleybridge Borough Band, under conductorship of the celebrated Alex Owens, conductor of the famous "Besses' O' the Barn" Band—winner of several contest prizes. Next with John Gladney's famous Kingston Mills band, which won 17 first, 1 second and 1 third prize in contests and many medals and instrumental awards. Successively with prize winning bands of Kilmhurst Alliance, Mexboro' Plant, Kinsley, Wath and Bolton, Wombell, Houghton Main and Denby Main Band and Orchestral Society, President of South Yorkshire Brass Band Contest Association, 1902. Winner of medals for ensemble and solo play; and medal for conductor at Grimsthorpe Contest, Sheffield, 1904.

In Canada—E flat bass with 94th Regimental Band, Sydney City Band; bandmaster U. M. W. of A. Band, Glace Bay; now E flat bass with 85th O. S. Battalion Band—"which" says the many medaled but un-meddlesome Smith, "is some band, but none."

Taking no Chances

Pat, whose regiment was in action, became quite overcome by fright and started on a run for the rear. An officer called on to stop shouting: "Stop, or I'll fire at you!" Pat increased his speed. "Foier away!" he yelled. "Phawat's wan bullet to a bushel av 'em?"

"La Mareschal"

Beautiful Story of Life and Work of Catherine Booth-Clibborn

Told by Capt. Chaplain MacKinnon

At the Y. M. C. A. service on Sunday evening Capt. Chaplain MacKinnon of the 219th Battalion told the thrilling story of Mrs. Booth-Clibborn, who was Catherine Booth, eldest daughter of the late founder of the Salvation Army, and who herself had a wide fame on the continent of Europe as "La Mareschal."

Brought up in an intensely religious atmosphere, where the salvation of souls was the ruling passion, the very games of the Booth children were evangelistic meetings, and often some did pillow tied up, had to do the part of a reformed drunkard.

At fifteen Katie began to convert her friends; at seventeen she addressed immense audiences in London and at the great commercial centres of England. Her youth and girlhood lent added charm to her native eloquence, and R. C. Morgan describes her words as "falling like summer rain on the upturned faces of the people."

At twenty-two her father conceived the daring design of sending this slender and beautiful girl to Paris, not to perfect herself in art but to reclaim its slums. It was the faith that attempts great things and wins great things from God.

Alone she essayed the venture. Her passionate longing for the salvation of men, her winsome eloquence proved irresistible. Within a year a spacious building that held twelve hundred, was crowded out. Within a few years vast audiences of two and three thousand greeted her in the great French cities. Sometimes they came to scoff but even they remained to pray. She became a familiar figure in "Belgium" and Switzerland, and in the latter country by her unaided hand secured the principle of religious freedom.

Nor was it "the submerged tenth" that alone were touched by her marvellous gift. A Russian princess, a noted wit at European courts, had been caught by the spell, and in the palace at Petrograd acknowledged to the Czar himself the new influence that had come into her life from the christian preacher she had met at Paris.

Needless to say, no human gift could explain such a work. Its secret lay in the self-forgetting life that was hid with Christ in God.

(From N. S. Highlander)

Not a soldier—private or officer—dropped out of the Brigade Route March last Wednesday morning, though the men carried packs and rifles and the distance was ten miles. The result shows the proper spirit as well as endurance, and what training does towards making hardy soldiers.

AN OPEN LETTER

Results So Surprising That They Seem Marvelous Are Commending Mi-o-na The One Dependable Stomach Remedy.

Mrs. J. A. Pillow of North Street, Gananoque, Ont., says: "Mi-o-na is worth its weight in gold for quickly and permanently curing dyspepsia. I became so bad that I was unable to leave my bed. There was a constant burning in my stomach, I would belch gas every few minutes and could eat but very little, as the food would quickly ferment and make gas that caused a serious depression of the heart. Perspiration would break out all over my body. I would become so weak that I could not stir and would often fall on the floor in a helpless state. The pains in my stomach were terrible. I could find no position in which to sit or lie without suffering, and I was so nervous that the least noise affected me. Headaches were constant, I would become dizzy and spots would appear before my eyes, I had no ambition to get around and everything seemed to tire me. The first box of Mi-o-na gave me more relief than anything I had previously tried. The second box of Mi-o-na cured me. I am well and strong and I have not had always feel grateful to Mi-o-na for the cure given me and glad to recommend."

In the face of such evidence it is easy to understand why J. D. Clark feel assured in saying to you, money back if Mi-o-na fails to relieve either trivial or serious stomach trouble.

KING AND QUEEN VISIT CANADIAN FORESTRY BATTALION

The King and Queen last week visited the men of the Canadian Forestry Battalion who are cutting down timber in the Clock-case Woods, near the Wheat-sheaf Hotel, Virginia Water.

Their Majesties motored to the woods from Windsor and watched the felling of some huge trees by the lumbermen to whom they spoke much. They also watched the steam saws at work and were interested in a miniature railway which has been built to take the timber to the mills.—Canada.

Health of Camp Aldershot

General Condition Amongst Men is Excellent—Only Slight Illnesses.

The health of the Camp is excellent. The returns for Tuesday, 2nd show only 62 in the Field Hospital from the whole Camp, 10 from 85th Battalion, 13 from 97th; 3 from 185th; 16 from 193rd; 18 from 219th; 1 from A.S.C.; 1 from R.S.I. Of these 28 cases are measles.

Less than four weeks ago there were 160 in the Field Hospital; 31 from 85th; 25 from 97th; 11 from 185th; 46 from 193rd; 43 from 219th; 1 from R.S.I.; 2 from C.A.S.C.; 1 from C.A.D.C.; of these 45 cases were measles, principally in the 219th. The epidemic of measles has now been practically wiped out. The 185th had less than half the sickness of any other battalion in Camp. The largest amount of sickness has been in the 193rd and 219th.

There is also a noticeable improvement in the general physique and toughness of the men. Their improved physical condition is particularly shown in increasing ability of the men to stand route marching. It is exceptional now for a man to drop out of the route march at all, out of the route march at all.
