Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

## A MUCH ABUSED LAW

There is a provision in the Towns' Incorporation Act which makes it illegal for any person who is a party in any contract with the town—either expressed or implied—for the supply of material or the performance of any work, from filling the position of mayor or town councillor, or any office under the town government for which salary is paid. Ever since Wolfville became a town under this act this section of the law has been a veritable "thorn in the flesh" to the city fathers, and from time to time amusing expedients have been resorted to in order that it might be evaded without the fact becoming apparent to the ratepayer. Frequently some particular article was required for use which could only be procured in Wolfville from a member of the class excluded from the privilege of dealing with the town. In such cases the common method has been to render the bill in the name of a "third party". There have been mayors and councillors who insisted that such a policy was not consistent with the sacred oath of office, and others who had no hesitation in declaring the law a bad one and not worthy of being regarded or observed.

Unquestionably those who were responsible for the drafting of the "Towns' Incorporation Act" considered this prohibition as being in the interest of the public safety, and we can readily see how its absence might open the door under certain conditions to dealings that might be detrimental to civic interests. One thing is certain, this requirement should either be duly and faithfully observed or steps should be taken to eliminate it from the charter. Other towns, we understand, have had similar experiences to Wolfville and probably some of them have made similar evasions. Under the circumstances it is a wonder that no attempt has been made to have the law so amended as to solve the difficulty, but so far as we know the idea has not even been suggested, and this paper is not inclined to recommend such action as desirable.

## LOCATION OF TOWN OFFICES

The change that has been recently made in the location of the town offices does not appear to be meeting with any general approval. Criticism is made that the new offices are too far removed from the business centre and that it was a mistake to enter into a contract for such a long term without consulting the citizens.

Be that as it may the incident recalls that on one occasion in the history of the town there was a well considered move made for securing adequate accommodations in a municipal building which would furnish room for all the town's needs and be at once a credit and convenience to the community. The matter was voted on by the citizens and passed by a good majority, but was held up by the interference of the legislature, which regarded the wishes of the minority which chanced to include some of its political friends. Had this important undertaking gone through and the wishes of the citizens been regarded Wolfville would not be in the position in which it now finds itself, as ample provision would have been made at a time when a good building might have been erected at a comparatively small cost, and a suitable site might easily have been secured.

## HIGH PRICE OF IMPORTED FRUITS

Last week we referred to the fishermen as a class that are not receiving proper compensation considering the excessive prices which the consumer of the product of their labors is paying. Another class of people who are apparently suffering from the same inequality is the farmer. The other day at a town grocery we saw one of these receiving for butter twenty cents per pound and for eggs twenty-five cents per dozen, in spite of the fact that for goods which he is obliged to buy he is often called upon to pay three times normal prices, or more.

One instance of this is the price of imported fruits such as bananas, which formerly sold for from fifteen to twenty-five cents per dozen and now cost seventy. If patriotically inclined we should refrain from purchasing these expensive foreign products and in so far as we can do so endeavor to make our living on the products of our own land. Such a policy would do more than anything else to bring about normal conditions and a return to the old time prosperity which as a people we enjoyed before the war.

## BOOST YOUR TOWN

"My town is the place where my home is founded, where my business is located, where my vote is cast, where my children are educated, where my neighbors dwell, and where my life is chiefly lived. I have chosen it, after due consideration, from among all the towns of the earth. It is the home spot for me. My town has a right to my civic loyalty. It supports me, and I must support it. My town wants my citizenship not partizanship friendship, not offishness; co-operation not dissension; sympathy, not criticism; my intelligent support, not indifference. My town supplies me with law and order, trade and friends, education, morals, recreation, and the rights of a free-born Canadian. I should believe in my town and work for it, and I will."

The above, from an exchange, is good horse sense. It displays the proper spirit, and is applicable to any town. Why should we not all be boosters for this town? The answer must, perforce, be in the affirmative. Every resident should be a supporter to advance this town in every way, and to quote a Coueism, "Make it better day by day, and in every way".

Read the advertisements every week and you will be surprised to find how many messages seem to bear directly on your needs and desires, and how they solve the problem of prices.

A car going 20 miles an hour should stop under proper control within 30 feet. If your car doesn't do this, except by slamming on the emergency, the service breaks should be adjusted.

## CONTROLLING THE MOSQUITO

The discomfort produced by the mosquito during the early summer months leads not only the scientist but the man on the street to consider whether the pest cannot be controlled. The question often asked, "Of what value is the mosquito?" has not been, satisfactorily answered. Fortunately, methods of controlling this insect have been discovered and are being applied with greater or less success. Portions of the tropics would, perhaps, never have been made habitable for the white man had not successful mosquito control methods been discovered. The means employed in the tropics have been found applicable to other places.

It has long been understood that the multiplication of the mosquito depends on pools or areas of water, more or less stagnant. In these the mosquito deposits its eggs, which soon develop into larvae and then into adult insects. The larvae, it has been discovered, are destroyed by contact with an oily substance. The remedy, therefore, is found in applying oil to the breeding places of the insect. A very small amount has been found sufficient to spread itself over a considerable area of water. This extremely thin layer is sufficient to destroy all of the larvae that comes in contact with it.

The Entomological Branch of the Federal Department of Agriculture has for several years been working on this problem in British Columbia. Last year the district surrounding the town of Banff in Alberta was dealt with. An area of several miles in extent was surveyed and breeding places were treated. The area treated included both open ponds and marshy spots clothed with dense willow growths. The work was done during May and June, when 2,800 gallons of oil were applied. Watering cans and knapsack sprayers were used in spreading the oil, which was sprayed on all water where larvae were found. Coal oil alone was used, as it was feared that, owing to cold nights, heavier oil would not become thoroughly distributed. Although a number of inaccessible places were missed, the results of the oiling were very marked. It is estimated that seventy-five per cent of control was realized. In an article describing this work, in the May-

June number of The Agricultural Gazette of Canada, the author states that the town of Banff and vicinity was rendered comparatively free from the pest.

## The Long Distance Telephone is the Standby of the Travelling Salesman

When he waves good-bye to his family he isn't able to dismiss family affairs entirely from his mind.

There may be sickness in the little household, an instalment on the price of his home may be nearing due date, the question of where the family is to spend vacation may have to be decided, and a dozen other things may need to be attended to. He hates to leave all these difficulties to his wife, but duty calls and he must go.

He has one great consolation, however.

There's the Long Distance Telephone at his service!

His wife knows his route, and can at need call him and get his advice; and he can lighten his own anxieties by calling up his house, finding how things are going and giving any directions he thinks necessary to help his wife.

These Long Distance Telephone Talks are great mind easers to him, and result in more aggressive salesmanship on his part.

From a late issue of the Washington (D. C.) Evening Star we notice that in the recent honors won at the Naval Academy at Annapolis, Md., appears the name of Midshipman Ronald deW. Higgins, who received the D.A.R. (Daughters of the American Revolution) cup for excellence in seamanship and international law. Mr. Higgins, who visited in Wolfville a year ago, is a son of Prof. and Mrs. J. E. Higgins, of Honolulu, both of whom are natives of this town. Midshipman Higgins also won first place in honors for handling small sailing vessels.

BURNED STEAMSHIP COMMAND-ED BY LOCAL MAN

Pictures of a burning steamship owned by The United Fruit Company have recently appeared in the press, and this week we have particulars which give the information that it was the "Santa Marta", 5,000 tons register, commanded by Captain Charles W. Whidden of this town. The "Santa Marta" was lying in Brooklyn, being converted into an oil burner, and on the evening of May 12 fire broke out in the hold, necessitating four alarms to be given calling out the entire fire fighting equipment of Erie Basin district, Brooklyn. Owing to the large quantity of water which had to be poured into the ship it sank; but will be raised and repaired; the damage amounting to between half a million and a million dollars, and taking about six months to make the repairs. Capt. Whidden was not on board when the fire broke out and lost nearly all of his belongings. He is now temporarily in command of the Steamship "Calamares" one of the company's largest ships (9000 tons).

Go away, broom, you're not in style. A vacuum cleaner cleans worth while. -Mr. Electro-serve.

BUILDING TO BE REMODELLED

The work of remodelling the former Town Hall building was begun this week. It was the intention of the owner had the Town Council decided to reoccupy part of the building, to have on the site an attractive three story building. As the Town Council have decided to have their office elsewhere, it will not be necessary to put on the building the expense that was originally intended. Therefore Mr. Evans will have a building of two instead of three stories.

The changed plans will give to Wolfville a structure, not as imposing as was at first intended, yet one that will be a great improvement on the present building. Mr. Harry Gates has the contract.

**CANADA'S FIRST HOSPITAL**  
Q—When and where was the first hospital built in Canada?  
A—In 1643 the first Hospital was opened in Canada in the new settlement of Quebec, on the site of the present Hotel Dieu by Jeanne Mance.

**THE CANADIAN MATTERHORN**  
Q—Which is the Canadian Matterhorn?  
A—Mount Assiniboine, in the Canadian Rockies, thirty miles south of Banff, is called the Canadian Matterhorn from its similar configuration in its great towering snow clad peaks, over 11,000 feet high, and its difficulty of access.

**EMPIRE WIRELESS**  
Q—What plans are made for an Empire Wireless Station?  
A—The British Government will now issue licenses for the erection of wireless stations in the United Kingdom for communication with the Dominions and Colonies, looking toward a complete system throughout the Empire.

**TREATY OF GHENT**  
Q—What was the treaty of Ghent?  
A—The treaty of Ghent, signed in that Belgium city on December 24, 1814, marked the official closing of the war of 1812, 1814, between England and Canada on the one side and the United States on the other, since when there has been unbroken peace.

**FOUNDING OF MONTREAL**  
Q—When and by whom was Montreal founded?  
A—On May 18, 1642, Maisenneuve and his colony of 40 men and 40 women founded Montreal, raising the cross and the lily banner of France and solemnly dedicating it with hymn and prayer, calling it Ville Marie de Montreal-Mary's Town of Montreal.

**CANADA'S TREES**  
Q—How many different kinds of trees are there in Canada?  
A—Canada has approximately 150 different species and varieties of plants reaching tree size. Only 41 are coniferous, but the wood of these makes up 95 per cent of the country's forest products and the trees themselves cover even a larger proportion of the potential forest area.

**CANADA'S BANK SAVINGS**  
Q—What are the present savings in Canadian banks?  
A—The deposits in Canada's banks, on March 31, 1923 which represent the savings in part of the people, totalled \$1,718,000,000.

**CANADA'S FIRST SEIGNEURY**  
Q—When was the first seignoury granted in Canada and to whom?  
A—The first seignoury granted in Canada was in 1626 to Louis Hebert, who was thereby the first farmer in Canada. Descendants of the family are still prominent in Quebec.

**THE NAME OF OTTAWA**  
Q—Where did the city of Ottawa get its name?  
A—The city of Ottawa is named from the River Ottawa on whose banks it is situated and the word itself commemorates an Indian tribe from a word meaning "to trade" as they were noted as tribal traders and barbers.

**BRITISH COLUMBIA LUMBER EXPORTS**  
Q—To what extent is British Columbia exporting lumber?  
A—British Columbia's lumber exports are steadily growing, 1922 greatly exceeding 1921, including big shipments to Japan, Australia, New Zealand, South America, the United Kingdom and the United States.

**EMPIRE DAY**  
Q—What is Empire Day in Canada?  
A—Empire day is observed on the last school day before May 24 and is an effort to remind all British subjects of the virtues which make a good citizen, such as loyalty, patriotism, courage, endurance, respect for an obedience to lawful authority and to encourage self-sacrifice for the common good.

**CANADA'S MOUNTED POLICE**  
Q—What is the present strength of the mounted Police force?  
A—The present strength of Canada's famous Mounted Police Force is 1163 officers and men and 656 horses. The force is being gradually reduced in numbers on the ground that fewer men have accomplished more work in recent years. Their activities now cover the entire Dominion.

notice on the attitude of the so-called Farmers Party in that respect. It claims that the Progressives embarrassed the government more than the Conservatives. It can be added that the Transcript is close to Hon. A. B. Copp, Secretary of State. It is stated its editorial columns are supervised by a gentleman who may be the next Liberal candidate, in the event of Hon. Mr. Copp being appointed to the bench.

**THE SCRAPING SOUND**

A scraping sound in a rear wheel is sometimes caused by sand working in between the brake band and drum, or more commonly by either inner or outer brake bands, or parts which operate them, being in contact with the brake drum.

If some people paid attention to the advice, "Follow your nose", they would go straight up in the air.

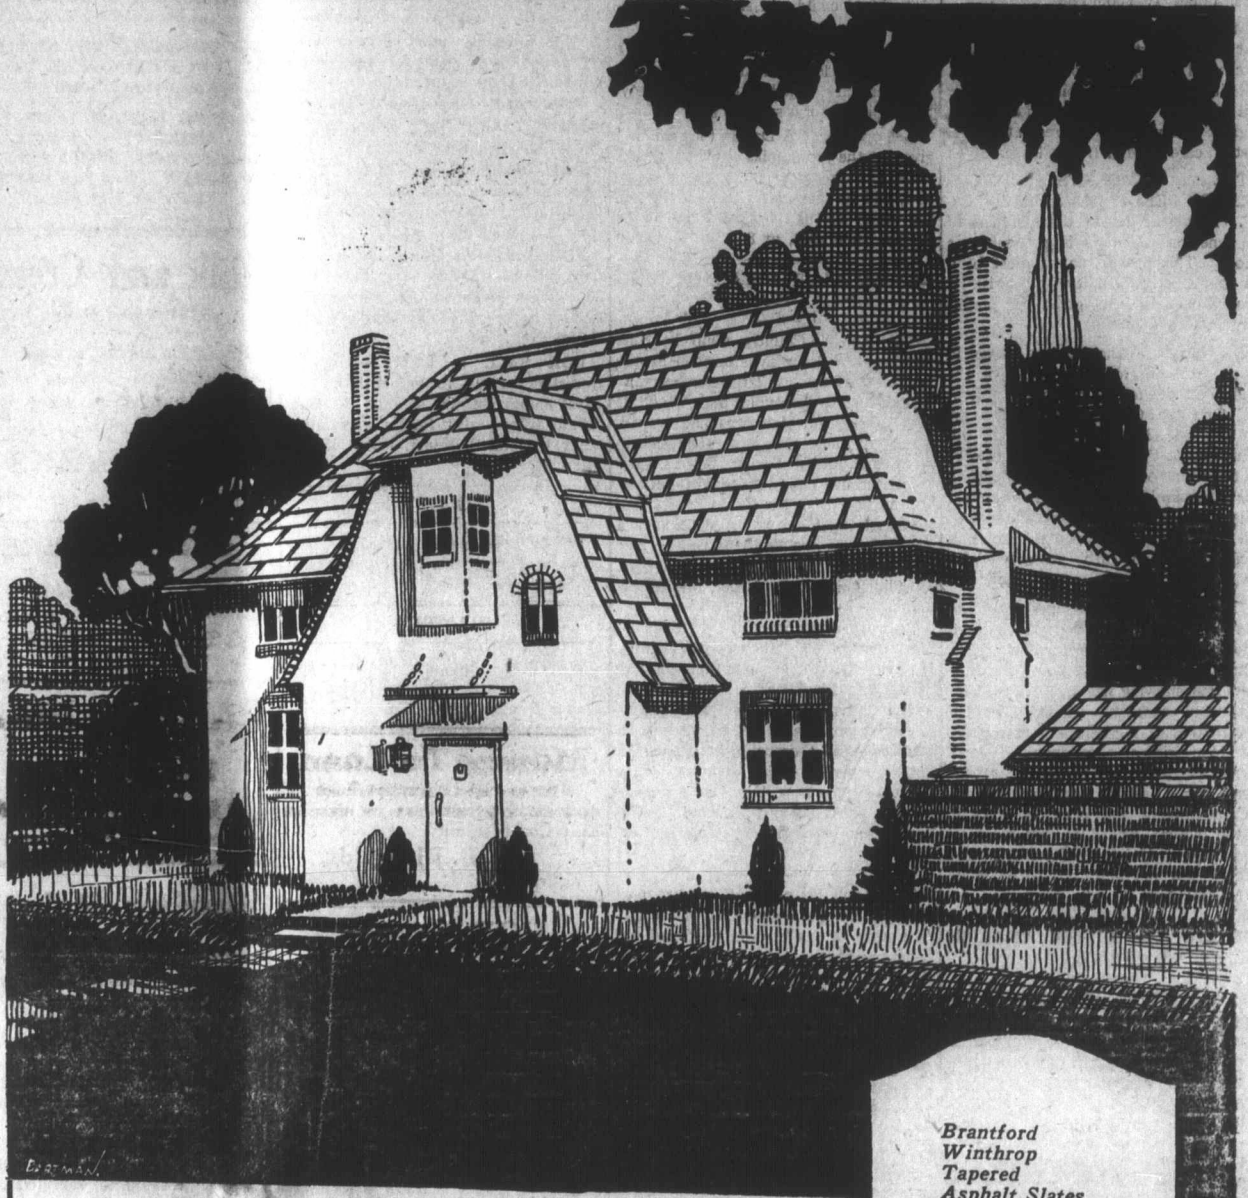

**BUILD UP THE SMALL TOWN**

It is high time that all of us paid more attention to the building up of the little town and less to making the overgrown city larger. The little town is home, or should be. It needs our support and we are the people who must give it life and power if it is to have either. The big city cares nothing for us. It will if it can pull our dollars away and lure our boys and girls into its whirlpool, but that is the only use it has for us. The little town

needs us and we need it. Hall's Corners may not make a large dent on the map as New York, but it really means more to us; we ought to help make it something to be proud of. Why not give over the idea that the bright future of America lies in the cities, its shopworn, smoked, dirty and unclean atmosphere? The true future lies in the country and in the towns. Back them up and make them grow.—Rural New Yorker.

**DOMINION ELECTION SOON (?)**  
MONCTON, June 5.—The Transcript, of this city, announces tonight, in what appears to be an inspired editorial, that not only (to use its own words) is there possibility, but probability, of an early general Dominion election. The editorial is based on a similar statement made not long since in the Brockville Recorder, the personal organ of the Hon. Geo. P. Graham, Minister of Railways. The Transcript gives the scant majority on the budget vote as a reason for the probability of an election. The indifferent support of the Progressives during the session, is also cited as another reason why the government should go to the people and ask them to pro-

PROHIBITION HAS MADE GOOD!

A short time ago prominent members of the Toronto Board of Trade expressed themselves strongly in favor of Prohibition. A few extracts from these opinions will prove that the foregoing statement is amply supported by the experience and convictions of business men. D. M. McKinnon, General Manager of the Commercial Press, Ltd., says "Many customers of retailers who formerly wasted their money are now paying their bills promptly and are buying more goods than before." E. K. M. Webb, of the Canadian General Electric Co., says: "Before Prohibition went into effect you were never sure when the men in the factories were going to be away from work, and this trouble has been rectified to a large extent." R. F. Carer, Secretary of the Fesserton Timber Co., Ltd., says: "Every lumber manufacturer we have spoken to in regard to the Prohibition measure has been highly in praise of the same, as they find they can get their work done much better." Miles Vokes of the Vokes Hardware Co., says: "The money that was formerly wasted in drink is now used to buy food and comforts for wives and children." H. L. Watt, Secretary, Manager of the H. L. Watts, Ltd., says: "The women folk have more money to spend since the husband is able to take home a full envelope." Thos. J. Howard, Managing Director of the Newcombe Piano Co., says: "I really don't think the English language supplies me with good enough words to use as to its beneficial qualities, not only in regard to trade, but in the moral uplift of the people in general." The facts and opinions cited herein might be multiplied many, many times from innumerable quarters, for it is safe to say that no reform measure ever adopted in Canada has given such general satisfaction as has Prohibition.—Forward.

ACADIA MAN WINS PROMOTION

In an article dealing with promotions and appointments in the Ontario attorney-generals department, which appeared recently in the Toronto Daily Star, the name of A. W. Rogers, formerly of Amherst, is prominently mentioned. Mr. Rogers, who has been one of the assistants to the deputy attorney-general of that province, has been promoted to the position of legal secretary in succession to Egerton Lovering, who has been made Inspector of legal offices. He is a son of Mr. and Mrs. H. W. Rogers, of Amherst, and is well known in Wolfville, having graduated from Acadia University with class of '15. In 1921 he received the degree of LL. B. from the Dalhousie Law School. Many old friends in this town will join THE ACADIAN in congratulating Mr. Rogers on the success which he has achieved.

ROYAL YEAST CAKES RICH IN VITAMINES. MADE IN CANADA. The importance of Vitamines in food is being recognized at the present time to a greater extent than ever before. It has been conclusively demonstrated that yeast is rich in this all important element. Many people have received great benefit physically simply by taking one, two or three Royal Yeast Cakes a day. BIBLE THOUGHT FOR TODAY. This thought condensed will give a splendid heritage to other years.

June 22 JESUS THE HEALER:—Now when the sun was setting, all they that had any sick with divers diseases brought them unto him; and he laid his hands on every one of them, and healed them.—Luke 4:40.

June 23 HAVE ALL GOOD:—The young lions do lack, and suffer hunger; but they that seek the Lord shall not want any good thing:—Psalm 34:10.

June 24 KINGDOM AT HAND:—Jesus came preaching the gospel of the kingdom of God. And saying, The time is fulfilled, and the kingdom of God is at hand: repent ye, and believe the gospel.—Mark 1:14,15.

June 25 SHALL DO THE WORKS:—He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father.—John 14:12.

June 26 CREATION SPIRITUAL:—Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear.—Hebrews 11:3.

June 27 RULES FOR RIGHT LIVING:—He hath shewed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?—Micah 6:8.

June 28 JUST BALANCES, JUST WEIGHTS:—Ye shall have no unrighteousness in judgement, in meteard, in weight, or in measure. Just balances, just weights, a just ophah, and a just him, shall ye have.—Leviticus 19:35,36.

Canada's motor vehicle registration, 463,000, is nearly as large as that of the mother country, which has 497,000, although the Dominion is much greater than Great Britain in wealth and population.

BAPTISTS OF HALIFAX, HANTS AND KINGS COUNTIES

Meet in Dartmouth, June 26-27.

The 73rd annual session of the Central U. B. Association of Nova Scotia comprising the Baptist churches of Halifax, Hants and Kings counties is to be held in the First Baptist Church, Dartmouth on Tuesday and Wednesday, June 26-27. This is the first time it has been held in Halifax county for several years, Kings having entertained for a number of years until last year when it was held in Windsor. The program calls for three devotional periods conducted by Rev. John W. Meisner, of Falmouth, Rev. A. H. Saunders, of Aylesford, and Rev. G. D. Hudson, of Canard, respectively. Acadia night will be Tuesday night when the principal speaker will be the President of Acadia, Rev. F. W. Patterson, D. D. Wednesday night Rev. A. H. Saunders will speak on Home Missions and Rev. J. C. Hardy on Foreign Missions. The W. M. S. meeting is to be held on Wednesday afternoon at 3 o'clock when Miss Maud Harrison will be the speaker. The sessions will be under the direction of Moderator, Rev. F. S. Kingley, of Windsor. The pastor of the entertaining church is Rev. W. B. Bezanson, B. D.

Now that the closing exercises are over you will have time to think about sending your friends in the other provinces and the United States the pamphlet on Wolfville prepared by the Board of Trade. The pamphlets, enclosed in an envelope ready for mailing, can be had by applying at THE ACADIAN office. Do your bit to help boost Wolfville.

Minard's Liniment for Distemper.

CHOICE RECIPES

Baked Kippeded Herring—Dry herrings and rub well with salt and pepper. Put in a buttered baking dish, cover with a mild vinegar, add a bit of bay leaf and two or three whole cloves. Bake in a moderate oven about 20 minutes.

Oatmeal Date Cookies—Two cups oatmeal, two cups flour, one cup shortening, one cup brown sugar, half teaspoon salt, one teaspoon soda, three quarter cup hot water. Mix dry ingredients, add shortening, and run into flour. Add hot water and mix to a stiff dough. Chill thoroughly; roll thinly, spread date filling between two cookies. Bake 15 to 20 minutes in a moderate oven.

Rhubarb Pudding—This delicious pudding is made like the delectable "apple betty," and the acid of the rhubarb gives a very appetizing flavor. Butter a deep pudding dish, and arrange on the bottom a layer of cut up rhubarb that has been par boiled for five minutes, and then well drained, sprinkle over the

rhubarb chopped raisins, granulated sugar, and a little grated lemon peel, and cover with a layer of dried bread crumbs crushed, putting a liberal amount of butter on the crumbs, and continue with fruit and crumbs until the dish is nearly filled. Have the crumbs on top, and bake in a moderate oven for about 30 minutes. Serve luke warm with cream. (This pudding is equally delicious when canned pineapple is used instead of rhubarb.)

Wedding Breakfasts and Suppers—No. 1—Grapefruit with maraschino cherries, broiled steak, stuffed peppers, French fried potatoes, hot raised biscuit, delicious coffee, strawberries and cake.

No. 2—Iced melon, fried chicken, potato chips, hot spiced biscuits, coffee and tea, French ice cream, fancy cup cakes in different shapes, loaf cake.

For an Evening Wedding—Cold ham or chicken, potato salad; or lobster or crab salad; biscuit, ice cream, coffee.

A two or three piece orchestra is an acquisition. The house can be decorated prettily with white crepe paper and bells and three or four palms.

The Flavour is Superb! Its rich delicacy delightful! "SALADA" to-day has the largest sale of any tea in America. BLACK or GREEN. IN SEALED PACKETS ONLY.

### PORT WILLIAMS AND VICINITY

Mr. and Mrs. Percy Corning, of Yarmouth, spent last week with Mr. and Mrs. Capt. Eldridge, Main St.

Miss Mabel Regan, of the Childrens Hospital staff, Halifax, is spending a well earned vacation with her parents, Mr. and Mrs. Mark Regan, Belcher St.

On Sunday evening, June 17th, there was "Confirmation" service in St. John's church, Church Street. Bishop Worrell, of Halifax officiated.

Miss Carrie Mosher, of Halifax, spent two days last week with Mrs. Capt. Eldridge, Church Street.

Mrs. Healy, Church Street, is visiting her daughter, Mrs. North, of Canning.

Miss Tina Dewar, of Church Street, is nursing Mr. Isaac Lingley, Belcher St., who is very ill with heart trouble.

Miss Eleanor Boak, of Halifax, spent one day last week the guest of Mrs. Capt. Eldridge, Main street.

On last Thursday evening, June 14th, what might have been a very serious accident, was averted by the coolness and presence of mind of Mrs. Justin E. Gates, who was driving her new Chevrolet special and was run into by a large touring car from Wolfville. Mrs. Gates was on her way to Canning and also keeping the right side of the road, when she saw the other car coming and at once stopped her car. The result was a badly demolished front on the Chevrolet, but the occupants escaped uninjured.

Mrs. O. N. Chipman returned home on Tuesday from Boston, where she has been spending the past two weeks with her daughter, Miss Evelyn Chipman.

Mr. Aubrey B. Rand, Rev. O. N. Chipman and son Harold Chipman, motored to Chester on Thursday, June 14th, returning same evening. Mr. Harold Chipman remained in Chester, where he has secured a position for the summer at "Wackmatack Inn".

Mr. and Mrs. Leonard Hill, of Toronto, are visiting Mrs. Hill's father, Mr. Isaac Lingley, of Belcher street.

Mr. Perry Lingley, of Boston, is spending a few days with his father, Mr. Isaac Lingley.

Mrs. Geo. Starr, of Starrs Point, Mrs. Leander Woodworth, Jr. and Mrs. Chas. Newcombe, of Church Street, left on Tuesday to attend the Women's Institute "Convention which is held at Truro, June 20 and 21.

Mrs. Chas. Thomson left for St. John on Wednesday, to visit her sons Gordon and Robbie Thomson.

The "Loyal Workers" S. S. class held a 15 cent tea on the verandah of Miss Jessie Lockwoods home, on Wednesday, between 5 and 7 p. m. The sum of \$16.50 was realized, proceeds for renovating interior of Baptist church.

Miss Pauline Lockwood, of the Telephone staff, Wolfville, is spending her vacation with her parents, Mr. and Mrs. Chas. Lockwood, who have closed their house here, and have (on account of the ill health of Mrs. Lockwood, gone to live with their daughter, Mrs. Fred Hovel.

Mrs. Paul Mosher, of Dartmouth, accompanied by her little son Paul, is visiting her parents, Mr. and Mrs. Bedford Chase, Belcher Street.

Miss Coleman, primary teacher, spent last week end at her home in Aylesford. The Women's Institute held their regular meeting on Thursday, the 14th, and a very interesting program was given.

Miss Liggett, of the Junior "Red Cross" work in Halifax, spoke in the interest of the Red Cross work in rural districts. Miss Rosamond Archibald, of Wolfville, also spoke on the "Better English" drive, and Mrs. Gordon Brown, of Church Street, gave a most interesting reading.

Mrs. J. W. Harvey, and little daughter Donald, are expected home on Friday, from Boston, where they have been spending a short vacation.

Mrs. Dexter Collins was hostess at an afternoon tea on Wednesday afternoon, June 14, between the hours of 4 and 6. The house was tastefully decorated with lilacs and apple blossoms. Mrs. Leonard Cogswell, sister of Mrs. Collins, presided at the tea table, assisted by Mrs. Robert FitzRandolph Newcombe. The waitresses were, Miss Haley, of Wolfville; Miss Clare Cogswell and Miss Mary Vaughn, of Port Williams. The afternoon was very fine, and the hostess most charming as she received her many guests, from both far and near.

The operetta entitled "A Day in Flowerdom", given by the young folk of Port Williams under the direction of Mrs. O. G. Cogswell on Friday evening in Temperance Hall, was a splendid success. The program consisted of solo, duet and quartette work interspersed with dialogues and choruses of 26 voices. They were all in costume representing the different flowers and looked very pretty. It was divided in two scenes, the first where in Rose Arbor the flowers were making great preparations for the reception of their Floral Queen, Miss Hazel MacDow. Scene second represent-

ed the reception in full sway all trying to entertain their royal Queen. All did their parts so well that special mention could not fairly be made. The new colored electric lights on stage added much to the attractiveness of the whole program. The proceeds were towards fund for the reseating the auditorium of Baptist church.

Little Miss Geraldine Clark, daughter of Mr. and Mrs. P. C. Clarke, Port Williams, went to Halifax on Tuesday to assist at the Smallman-Goodwin wedding as flower-girl.

A matter of interest was overlooked in the Port Williams news last week. This was that at the recent Horse Show at Kentville Mr. Edson Griffin received the D. A. R. prize for the best team of working horses. This is the fourth time Mr. Griffin has won this prize and he is to be congratulated on the splendid care he must take of his horses. He also won the prize presented by L. W. Slack, Canning, for the best team harness displayed.

### REPORT OF THE PORT WILLIAMS SCHOOL IN THE BETTER ENGLISH DRIVE

Though nearly all the pupils were watching for mistakes in English and correcting them, only four note books were received. The following are the names with the number of points scored by each: Grade VI, Elizabeth Harvey, 2415 points. Grade VII, Mildred Gates, 2905 points. Grade VIII, Madalyn Elliott, 2975 points. Grade VIII, Elsie Bauckman, 3130 points.

Two prizes of \$2.00 and \$1.00 were offered for the largest number of points by Mr. Silas Gates and were won by Elsie Bauckman and Madalyn Elliott. Next year we hope to make the drive even more enthusiastic and hope for more co-operation from the parents.

EDNA M. WADE, Teacher.
