

STATUS OF EVANGELISTS

Discussed at the General Assembly This Morning.

West Wants Representation on Home Mission Committee.

Interesting Side Lights of the Presbyterian Parliament.

(The full report of last night's proceedings appears on page 7.)

At the General Assembly this morning a lively discussion took place on the status which the minister-evangelists are to hold.

Rev. Dr. McLeod, Barrie, deploring that men in the ministry should be driven to invest in stocks, trade horses, etc., to get something for old age.

On the provision for travelling expenses to the Assembly, Dr. Patrick, of Winnipeg, urged that this expense should not fall on the individual commissioners.

WEST WANTS REPRESENTATION. There was a brisk discussion regarding having more men from the west on the Home Mission Committee.

MORAL REFORM TO-NIGHT. To-night will be one of the best at the Assembly. The Committees of Moral and Social Reform and Evangelism will have the floor.

DR. C. W. GORDON (Ralph Connor) entertained the members of committee and religious press for luncheon at noon to-day.

SIDE-LIGHTS. The aftermath of the union debate came with the "old guard" asking that their names be recorded as dissenting from the "finding of the house."

The full list of those whose names will appear on the minutes of Assembly as having formed that band of fifty-three men who were the minority include Dr. Sedgewick, Principal Mackay, Dr. R. Campbell, Dr. T. W. Taylor, Revs. A. H. Drummond, Jos. McCoy, J. O. Rolston, Wm. Forbes, R. J. Douglas, J. W. McNamara, and Messrs. J. R. Reid, Ottawa; J. A. Lawson, Charlottetown; A. S. MacGregor, L.L.D., Thomas Irving, A. T. McIntosh, T. W. Pritchard, G. M. Macdonald, K. C. Kingston; Dr. Smollett, Fort William; J. W. Lowry, Pittsburg Harbor, Ont.; Sir Thomas Taylor, Hamilton.

A new young face appeared on the platform at the clerk's side. Dr. Radcliffe was absent, and Rev. D. M. Best, clerk of Lindsay Presbytery, was filling his place.

Almost the whole forenoon was occupied over names. There was a general election for the Dominion. They were to occupy the "house of standing committees" for the year. The West pleads for some victorious candidates, and some one thought that "Toronto" has more than a lion's share. Dr. Pringle said that nineteen out of twenty-four were from the Queen City.

GRAND LODGE. Masonic Past Masters to Discuss Matters To-night.

The Masonic Past Masters' Association will have an important meeting this evening at the Masonic Hall, and representatives from the various lodges throughout this Masonic district will likely be present in considerable numbers.

Grand Lodge will meet during July in London and various matters of interest to the craft will be discussed at this meeting and arrangements made for their being placed before the Grand Lodge by representatives from the Hamilton district. The organization "as most interesting meetings and is steadily growing in the esteem of the craft."

Daily Supply. New potatoes, butter beans, lettuce, strawberries, Grimby tomatoes, new cabbage, new beets, new carrots, mushrooms, squabs, pineapples, cooked meats, How about your Beach trade? We would be glad to have it. Daily service. Let us know where you are living. Then our young man will call.—Bain & Adams, 89-91 King east.

A Renewal. Your old card can be made to look like new with an application of Oriental Straw Hat Dye, a waterproof color that won't rub off—25c. per bottle. Oriental Straw Hat Cleaner cleans the dirt and tan off white straws—10c. per bottle.—Parke & Parke.

Some Little Cigars. Smokey Smokes are manufactured from fine selected imported tobacco, and make a nice short smoke. These little Havana cigars are sold five for 10 cents at peace's cigar store, 107 King street east.

—Mrs. John M. Eastwood, Linden Place, East Hamilton, and Miss Gibson, Invergrey, Beamsville, who have been on a visit to Winnipeg, returned last evening.

BEATRICE THAW AND HER FIANCEE, MARQUIS FRANCESCO MARIA THEODOLI.

COMMENTED ON CRIME.

Judge Snider's Opinion re Larger Number of Cases.

Due to Recent Depression and Foreign Influx.

A True Bill Brought in Against John Nevilles.

The general sessions of the peace and County Court opened yesterday afternoon at 1:30 o'clock, Judge Snider presiding.

The names of the Grand Jurors were first called. Frank W. Bradwin, Jos. W. Bates, J. J. Steele and Geo. G. Austin were not on hand and were replaced by J. W. Aitchison, R. Stuart, J. Cheyne and Jas. Mathews, all of this city.

After being sworn the jury retired and elected Thos. Allen, jun., foreman and returned to the court. Judge Snider addressed them regarding their duties. A larger number of criminal cases than usual were before them.

There were several reasons for this, one in his opinion was the hard times; a second the influx of foreigners, especially from the United States, who would probably never have been here but for the late depression; lastly, he thought that an influx in crimes should be expected as the city grew in population.

He then outlined the charges made against the accused, the nature of the offences and what the duty of the jury was in finding true bills or no bills against them. After drawing their attention to the remodelling of the Court House, he sent them out to visit any public buildings which they deemed advisable.

TRU BILL AGAINST NEVILLES. Later they returned a true bill against John Nevilles, accused of shooting Constable Smith.

The criminal cases will probably come up for trial on Thursday.

The next question to come before the court was the certificates of 38 applicants for naturalization. Judge Snider here intimated that great care should be taken to see that these certificates were legal. Some applicants, he said, had been landing in certificates who had been in the country only a year, whereas they were required to be residents for three. He advised considerable caution on this question.

After a jury had been sworn in, the civil actions began.

BROWN VS. STREET RAILWAY. The action of Brown vs. the Hamilton Street Railway Co. was the first to be taken up.

The plaintiff, Mrs. Annie Brown, of this city claims that on August 22nd, 1908, she alighted from a westbound car at the corner of York and Crooks (Continued on Page 10.)

THE BRIDAL SPECIAL

New Honeymoon Route Was Inaugurated Yesterday.

By virtue of popular selection the C. P. R. and T. H. & B. Railways in connection with the New York Central were chosen yesterday as Hymen's favored route.

When the 5:20 afternoon train was timed to leave the Toronto Union Station (recently re-painted) a bevy of beauty was assembled as well wishers to speed the parting guests and wish them joy upon their onward way.

While the loving couples were receiving congratulations they were the cynosure of many interested spectators. Confetti fluttered in the breeze wafted as if from invisible blossoms, while the beautiful gowns and chic costumes so appropriate to the occasion formed a blending of colors, harmoniously grouped, that formed an ideal living picture.

Before "all aboard" for Hamilton was voiced by the conductor and the engineer had given his assent to the merriment by a gentle bell tinkle, an interested group of railway men who had been attending a monthly meeting of the Eastern Passenger Agents' Association, appeared upon the platform. Scenes like these are dear to the heart of a passenger agent.

A happy thought suggested itself to the minds of Mr. F. F. Backus, general passenger agent of the T. H. & B., and Mr. Harry Parry, general passenger agent of the New York Central, that so important a social event as the booking of five bridal couples should not be overlooked. They agreed that this train, the popularity of which was thus evidenced, should be known in future as the "Honeymoon special." Upon arrival at Hamilton another happy wedding couple joined the gay and festive party.

MRS. OLLMAN QUITE QUIET.

Child Taken From Her and a Warning Given.

Toronto Man Who Did Not Respond Fined \$50.

Another of the Mulhollands in This Morning.

Mrs. John Ollman, 31 New street, who was locked up over night by order of Magistrate Jeffs because she raised such a row in the Police Court yesterday morning, was as quiet as a lamb when she stepped before his Worship this morning.

The charge of ill-treating her child was proved, and the child will be taken away from her and put in the care of the Children's Aid Society. Neighbors were unanimous in saying that the defendant was guilty. P. C. Hay said it was reported to him on Sunday night that Mrs. Ollman had refused to let the child in the house, and he went there to investigate.

When he arrived there was no sign of the little girl, and the front door was open. He knocked, but as no one answered his call he walked inside. He got as far as the kitchen, when the defendant shoved her head out of a bedroom door, and wanted to know his business there. He asked her about the child, and Mrs. Ollman replied that she was right. He insisted on knowing where she was, and the defendant started to hunt under tables and chairs for the little girl. Finally they found her lying in a little camp cot in a room.

The witness said he had also heard that there was a man in the house who did not belong there, but when he asked Mrs. Ollman about it she said that she was alone. He did not believe her, and entered her bedroom, where he found a man in bed, considerably under the influence of liquor.

Mrs. Allan, living nearby, told the court a week ago last Monday night she saw a crowd standing in the road in front of Mrs. Ollman's house talking about the way a little girl was being ill-treated. Later in the night Mrs. Ollman put her head out of one of the front windows, and used the worst language she had ever heard to the neighbors for interfering in her affairs. MARRIED IN SYNAGOGUE.

Wedding of Lewis Levy and Miss Rose Takefman.

A very pretty scene was enacted in Bas Jacob Synagogue last evening at 6 o'clock, when Miss Rose Takefman, eldest daughter of Lewis and Mrs. Takefman, was united in the holy bonds of matrimony to Lewis Levy, eldest son of M. Levy. The ceremony was performed by Rev. Kaplem, of Toronto.

The bridesmaids were Katie Grosberg, Etta Levy, sister of the groom, Bessie Grosberg and Sarah Nodel. The maid of honor was the bride's sister, Belle Takefman; the best man, Ruby Levy; the ushers, Ben Goldblatt, M. Levine, J. Herscovitz (Toronto), and B. Goldman. The bride looked beautiful in white ivory satin trimmed with pearls, veil and orange blossoms, and carried a bouquet of roses; the maid of honor was dressed in pink silk Empire Princess, and carried pink roses; the bridesmaids wore white satin and carried cream roses; the flower girls, Gerie and Della Levy, sisters of the groom, were dressed in white liberty satin; the mother of the bride wore mauve satin. The groom's gift to the bride was a valuable pair of diamond ear-rings; to the bridesmaids silver rings, to the maid of honor a gold watch, and to the best man and ushers, stick pins. The gathering at the synagogue was one of the largest of the kind in its history. After the ceremony about 150 of the invited guests went to the Conservatory of Music, where the wedding breakfast was served under the direction of a Toronto caterer. A number of toasts to the happy couple were given by Rev. Kaplem. About 70 telegrams were read from friends expressing the wish that the happy couple might have long life and prosperity. Dancing was indulged in until the early hours, when the guests dispersed, and a number of couples left for New York City and other eastern points. The bride's going away gown was of blue silk. On the return from their wedding trip, Mr. and Mrs. Levy will reside on Barton street.

HAPPY EVENT.

Former Hamilton Lady Married in Toronto Yesterday.

The marriage of Miss Alice Louise Pentecost, youngest daughter of Mr. and Mrs. A. L. Pentecost, of Toronto, for many years residents of this city, to Mr. Max Arno Frind, second son of Mr. Paul Frind, of Bradford, and grandson of the late Thomas McCausland, M. D., took place very quietly at half-past four o'clock yesterday afternoon, at the residence of the bride's parents in Davenport road.

The Rev. M. Sims, of the Church of the Messiah, performed the ceremony in the drawing-room, which was decorated with bridal wreath and lilies of the valley.

The bride, who was given away by her father, was attired in her traveling dress of grey cloth with gold trimmings, and hat to match, and carried a shower of lilies and roses, and wore the groom's gift, a necklace of pearls. Miss Ivey M. Pentecost attended her sister as bridesmaid, in yellow silk and lace, and Mr. Otto Frind was his brother's best man. The groom's gift to the former was a pearl and sapphire brooch, and to the latter a pearl tie-pin.

Later in the afternoon Mr. and Mrs. Frind left for a nine months' trip in England, Germany and France.

Search For Supposed Drowned Man Was Fruitless.

Yesterday afternoon a report was received at the police office that the body of a man had been seen floating in Gage's Inlet. The police got into communication with County Constables Williams and Jess. Neither had heard anything of any such discovery but they started out to investigate. Borrowing a boat from Charles Gage the two searched the inlet thoroughly but other than the bodies of dead dogs, did not discover anything. Thinking that the person who made the report might have got mixed up in the name of the inlet the constables explored the adjoining inlet, but without any better success. A few people were fishing, but they had heard nothing, and finally, the search was given up.

BEGINNING TO GET LIGHT ON SUBJECT.

Ratepayers Find Out Things When Too Late—Can Hamilton Afford \$750,000?

The joy in London and other towns over Hamilton jumping into the Hydro-Electric scheme and cutting down the cost of power for them appears to be a little premature.

In the opinion of the aldermen the ratepayers will get cold feet when it comes to the final plunge, and they are confronted with a proposition to spend three-quarters of a million dollars. This is a point in connection with the power controversy that the Hydro advocates have managed to keep pretty well in the dark.

They have denied that it will cost anything like half a million dollars to install a system for distributing power for house lighting and private use. The city engineer's department will shortly prepare the estimates, and the public will be furnished with the details. That a great many of the voters did not understand the question thoroughly is evident from experiences that different members of the Council have had since Monday.

A prominent business man, who gloried in the defeat of the Cataract contract and admitted that he cast five votes against it, largely through personal feeling against the company, received a shock when informed that the \$225,000 the people authorized the Council to raise two years ago is for a municipal lighting plant, which makes no provision for house lighting or private power users, and that these debentures cannot be raised for five years because the Cataract has the lighting contract for that period. This is only one instance of how people were misled by the Hydro enthusiasts.

Now that the city has begun to clear

The Parks Board made its annual inspection of the city parks yesterday afternoon.

C. A. Lamb was granted a permit to-day for a brick house on the Beach road near Lottridge street, to cost \$600.

Ald. Ryan is acting Mayor to-day. Mayor McLaren is in Pittsburgh at a big convention of American manufacturers, looking up new industries for Hamilton.

The Board of Works, after disposing of the regular business last night, had a private session to consider the demand made by the corporation laborers, who insisted on having a half holiday on Saturday, especially the men engaged in connection with the street railway work. They threatened to strike if they did not get it. The aldermen granted the request.

Case of Leprosy. Los Angeles, Cal., June 9.—A case of leprosy was found in this city yesterday. Dr. R. H. Tebbets, assistant health officer, had been called to make an examination of a case of measles which had been reported to the health office, when he found a Mexican, Adelo Aguirra, suffering from a well developed case of leprosy.

The Mexican claims to have made Los Angeles his home for the last five years, and for two years he has been in such condition as to be unable to work.

BIG EXPLOSION.

Two Men Injured a Few Miles Beyond Dundas.

Frank Riley and Cecil Simons, farmers, were seriously injured yesterday afternoon while blasting out tree stumps on a farm on the Brock road, about six miles from Dundas. A short fuse caused a premature explosion, and before the men could get out of the way the charge went off, scattering gravel, stones and dirt in all directions. Both were rendered unconscious by the concussion, and sustained several gashes and bruises. Dr. Lochland, of Dundas, was sent for, and upon his arrival ordered the injured men sent to the City Hospital here. They arrived at the Hospital about midnight, and the authorities say are resting as easily to-day as could be expected. Riley is married and has a large family, but Simons is single. It is not expected that their injuries will prove fatal.

HAMILTON MAN M. AND D. CLUB

Mr. C. R. McCullough Presided at Yesterday's Meeting.

The executive committee of the Hamilton Times and Dramatic Club met yesterday afternoon at the Conservatory of Music. C. R. McCullough occupied the chair in the absence of the president. The work of the past season was discussed, and the small indebtedness of the club due to the heavy expenses incident to the production of "Barra Pandit," satiated opera, "Barra Pandit," satiated business man, is public-spirited, and has the confidence of the community.

LIVED HERE.

Dr. Anderson Was an Eye Specialist on James Street.

Dr. J. N. Anderson, of Toronto, whose sudden death, while making a social call at the home of Wm. Bryce, 63 Brunswick avenue, last evening, is recorded in a despatch from that city, in this issue, was a former resident of this city. For ten years, from 1878 to 1888, he practiced with his partner, Dr. Bates, on James street. The firm name being Dr. Anderson & Bates. He was an eye specialist and, after going to Toronto, in 1888, he built up a very large practice there. Deceased was 68 years of age. His wife, who was the mother of Dr. Bates, died about a year ago. He had no family. Interment will take place at Simcoe, where his wife is buried.

HAD BANQUET.

Mission Band and Cradle Roll of Victoria Baptists.

The mission band and the cradle roll of Wentworth Street Baptist Church had a banquet in the school room yesterday afternoon and a large number attended. The windows were lighted with daintily decorated candles. A short programme was given, consisting of the following: Hymn, band and boys; address of welcome, President G. Dexter; report of the secretary, M. Hodd; report of the treasurer, G. Harper; solo, John Tarbis and band; solo and chorus, Myrtle Hodd and band; address on China, Mrs. Duff; Chinese verse, Mrs. Duff and band; solo, Edith Widdup; recitation, Myrtle Hodd; chorus, primary class; books of the Bible Mission Band. A suit was presented to Mrs. Duff for the Chinese.

PRACTISED FOR 40 YEARS

Dr. G. L. MacKellan Died To-day After Long Illness.

One of Hamilton's oldest professional men, and a former citizen who took a lively interest in all that pertained to the city, Dr. George L. MacKellan, died at his home, 110 Catharine street north. Deceased was a son of the late Dr. John MacKellan, who practised here many years ago. He was born in Guelph, and had reached the age of 74 years. He practised in Hamilton for over forty years, and was, for a number of years, President of the Hamilton Medical Association. He retired from active life about five years ago, and had been ill for four years. Deceased is survived by a family of five, one son and four daughters. The son is Rev. G. F. A. MacKellan, of Detroit, and the daughters, Mrs. Thomas Dallas, of Vermont, Alta.; Mrs. J. W. Cockburn, of Dundas, and Misses E. A. and Theodora, at home. He was brother of the late Mr. Frank MacKellan, K. C., for many years City Solicitor. He had been a lifelong member of Christ's Church Cathedral, and was, for a long time, physician for the Grand Trunk Railway here. He was a man of very strong individuality, sterling integrity, and was one of the foremost in his profession in his day.

The Queen's clan would be a formidable body in the kilt. They have above all things a sincere loyalty to one another and the "old Ontario strand," whither they were all intellectually born. In fact, one might as well sit down beside four-and-twenty pipers of Dundee and let them play a "Queen's spring" as be in such a company and have no ear for the praise, enthusiastically sung, for the grand old days of football and senosias.

The officers of the Wentworth Alumni of Queen's entertained the graduates attending the Assembly last evening at 6 o'clock for dinner at the Hamilton Club. RIVERS RISE. Floods in Colorado Doing Much Damage to Railways.

Grand Junction, Col., June 9.—The flood situation here is serious. Reports from the head waters of Grand and Gunnison Rivers indicate that the floods are just commencing. After remaining stationary all day yesterday the Gunnison River rose rapidly during the night, further threatening the destruction of the municipal pumping plant. Hundreds of men are working to save the costly Redlands dam, which is seriously undermined. Grand River rose twelve feet yesterday and is the highest in fifteen years. The Denver & Rio Grande Railroad is keeping a large force of men on guard protecting its tracks. All parts of the western slope report considerable damage from floods.

THE HAMILTON TIMES

WEDNESDAY, JUNE 9, 1909.

ATTACKING THE G. T. P.

The course of the Mail and Empire in faking stories intended to discredit the National Transcontinental Railway and cast doubt upon the ability of the Grand Trunk Pacific to carry out its contract with the Government is not to be explained upon any theory which excludes malice.

Isn't this carrying partisan warfare almost beyond the limit? The Mail and Empire understands perfectly that the G. T. P. exercises the right of approval or disapproval of every item of work contracted for on the National Transcontinental.

DEFAMING THE NORTHWEST.

The Toronto Mail and Empire pays a poor compliment to the intelligence of its readers when in an effort to reflect upon the results of the Liberal Government's settlement policy it practically intimates that instead of increasing the cultivated area the people of Western Canada are devoting more attention to the building of cities.

What does it think the cities of which it speaks subsist upon if there has not been a vast agricultural development? The organ alleges that "the West has been building up towns and cities at a stage in its development when it should be rather spreading out more settlers upon its fertile fields."

Estimates of the wheat acreage in our Western Provinces are disappointing. The most favorable of them indicate an increase of about 20 per cent. upon the average of last year, and the least favorable indicates no gain at all.

The Mail and Empire's pitiful attempt to write down Western Canada and represent it to be in a condition of stagnation does not end here. It represents a rush of disheartened agriculturists to the towns and cities, and closes by saying: "The consequence of this bad immigration policy and of the bad land policy are beginning to show themselves."

How utterly untrue, how unpatronizingly malignant are the organ's references may be gathered from a few facts of record. Let the reader ponder them:

The three prairie provinces had in 1901 a population of 466,880; and they produced in that year between 12,000,000 and 13,000,000 bushels of wheat from 1,516,322 acres.

In 1906 the population had increased to 808,863, nearly double, and the amount of wheat produced was over 95,000,000 bushels from 4,619,625 acres of land.

That does not look like corroboration of the Mail and Empire's story. And last year there was an increase of nearly 50 per cent. in the acreage of wheat sold over that of 1906! It is to be noted also that wheat is not the only crop of these provinces, flax, barley, oats, etc., are largely grown.

CANADIAN FORESTERS.

This strong and popular fraternal Order has reached another milestone in its career, the 30th annual session of the High Court having met in London on Monday afternoon. The statement of affairs laid before the delegates was of the most gratifying kind, indicating advance all along the line.

HALDANE'S FORCE.

A few days ago, Lieut.-Col. Morrison, of Ottawa, brought down upon himself some very severe criticism because of his remarks intended to depreciate the British volunteer territorial forces.

But Mr. Haldane's territorial force is justifying itself, and is winning praise from no less an authority than the London Times, whose military correspondent is highly gratified with the situation.

The power monopoly organ has an easy way out of all difficulties such as contracts in the way of committing Hamilton to the 30-year deal with the Hydro Commission. Get Whitney to pass an act overriding all contracts and courts and declaring us to be bound to the Hydro scheme.

EDITORIAL NOTES.

The May fire losses in Canada and the United States amounted to \$17,360,400.

Germany's foreign trade in 1908 fell off by 4.9 per cent. in imports and 1.3 per cent. in exports.

The Opposition in the Commons has been making great efforts to induce Seagram to oppose Hon. Mr. King in North Waterloo. As yet, it has been unsuccessful.

We observe that even in discussing Church Union some of the brethren of "the cloth" can exchange as sharp and vigorous language as the unordained disputants.

As Mr. T. J. Stewart, M. P. for West Hamilton, peruses the Globe these days he vows that he is almost tempted to make it his organ. The World will have to look out for its laurels.

Civilization advances. The ladies of the court of King Menelik of Abyssinia have journeyed to Paris to secure a supply of European garments, which they have recently taken to wearing. There's hope for the world yet.

But if it should cost \$600,000 or even \$1,000,000 to go into the Hydro scheme, what do the aldermen need to care, as long as they can do so legally? That settled, the bill may be charged to the ratepayers who voted to do so.

The Toronto viaduct question, and the war which that city devotes itself to against the railways, seem likely to lead to interminable delay in the new station matter. It is not improbable that the entire question will go to the Imperial Privy Council.

Some of the County Councillors begin to think that they will wake up some morning to find that Barton has been gobbled up by Hamilton. And with the Hydro Commission planting towers along its roads, the county fathers have their century work out for them.

ada, and destroys the Eastport fishing industry. The permanent settlement of the line will be left to The Hague Tribunal.

As the return of the Fourth of July draws near the United States papers again appeal to the public for a more sane celebration of Independence Day. In the last five years this celebration has cost 1,155 lives and 22,520 have been seriously injured, many being crippled for life.

Toronto manufacturers have been paying 5 cents a thousand gallons for water which actually costs only a thousand gallons to pump. It is now proposed to charge them 7c, and they are up in arms about it.

It remained for the Hamilton Herald to cite the unemployment insurance scheme of the Asquith free trade Government as "a good scheme" but one that "flies in the face of orthodox free trade doctrine."

The power monopoly organ has an easy way out of all difficulties such as contracts in the way of committing Hamilton to the 30-year deal with the Hydro Commission.

The Chicago Tribune, commenting on the fake story recently sent out to the effect that Canada was to immediately spend \$25,000,000 on building a navy, sagely remarks that the upkeep of these vessels "would help to swell Canadian expenditures."

The action of Hamilton cannot prejudicially affect Brantford's interests; in fact, should rather be of assistance to us, as it will put the Cataract Company in a position to give this city equal, rather than an inferior, rates for power than those accorded the neighboring city, and also to exert in behalf of Brantford the efforts to locate manufacturing industries which have been so successfully put forth for the benefit of the Ambitious City.

Senator Root was unquestionably right when he said at the dinner of the Peace Society that insult, contemptuous treatment, bad manners, arrogant and provincial assertion of superiority were the chief causes of war to-day.

No one will question the right of Canada to have a navy if Great Britain should have no objection, and there is no reason to suppose it will. The expediency of the project may well be questioned.

It is very much to be regretted that some Hydro advocates have spoken of the holding of shares in the Cataract Company as if it were something akin to a crime, instead of being a laudable thing to invest in such industries.

Canada needs no navy for its own protection on the Atlantic of Pacific coast. No nation which is at war with Great Britain would be likely to attack it, for nothing would be gained by it.

GLOBE OPTICAL CO. 111 King East, I. B. Ross, Proprietor.

MRS. OLLMAN QUITE QUIET.

(Continued from Page 1.)

Sunday, the witness said, the defendant locked her child out, and would not let her in to get her meals. She telephoned to Inspector Hunter, and asked him to interfere on the child's behalf, as it was an adopted girl. In speaking of the character of Mrs. Ollman's house the witness said she had seen drunken people coming out of the house at all times of the night.

Walter Allan, the blind man who sings occasionally on the market square, and fires near the defendant, testified to hearing frightful language being used by Mrs. Ollman. She had threatened to kill him, he said, and he was afraid of her, as he was blind and helpless.

A week ago Monday night Mrs. Wallman, a neighbor, heard the child screaming "Oh, mamma, don't!" The screams continued for some time, and she tried to get some of the neighbors to interfere. Her husband came along and she asked him to go and get the child. He got as far as Mrs. Ollman's door, and she ordered him off her premises, and when he did not move quickly enough threw a stone and a pair of water at him.

Mrs. Orr saw the defendant punching the little girl in the face with her fist, and saw her kick her brutally. This was too much for Mrs. Orr, who rushed over and dared her to strike the child again. Mrs. Ollman swore at her, but did not attempt to touch the child again, and went into the house with her.

"How long has her husband been away?" inquired the Magistrate. "I don't know," replied the witness. "There are so many men around there that I don't know which one is her husband."

Mrs. Whilkieson said there was a constant stream of both white and black men going into the house with big bottles of whiskey.

"Have you anything to say?" asked Magistrate Jelfs of the defendant. "Yes, I deny everything that they have said. It is all lies. They get up there and talk of the way I behave. If they attended to their own business they would be better off. I guess they have as many men calling on them as I have, and drink as much, too."

"Well, you will have to part with the child," said His Worship, in conclusion. "I will put it in charge of the Children's Aid Society. You are to have nothing whatever to do with it, and if you give any trouble you will be arrested. I am allowing you to go, but you are liable to a fine."

"Well, I will keep an eye on some of my neighbors, and the first thing they do I will have them up," said Mrs. Ollman as a parting shot.

"You will be paying the way to the jail for yourself if you do," warned the bench.

It is all spite work, Your Worship. That woman has got me up here just to get even because I had my husband up for stealing my shirt a few days ago," said Peter Mulholland, 55 Liberty street, who was charged by Mrs. Midwinter with acting in a disorderly manner.

The Magistrate imposed a fine of \$50, but said it would not be collected if the work was done within the next two weeks.

The case of Edward Carroll, 38 Guise street, who was charged with assault by Jessie Robinson, was dismissed, as the complainant did not appear.

Nelson Kellar was charged by P. C. Venard with acting in a disorderly manner on John street on Monday night. The constable said that he was fighting in the road. Kellar pleaded not guilty. He said that he was in a hotel on the night in question, and a fellow there, who was drunk, persisted in following him about. He went on the street to get away from him, but the man followed him and knocked his hat off. A witness corroborated the evidence of the complainant, said Mulholland ill-treated his wife and chased her out of the house yesterday. Mrs. Mulholland, who is a sister of hers, went to her place for shelter.

You are fined \$5 and must find securities for \$20 to keep the peace," was the decision of the Magistrate. J. J. Walsh, 37 Adelaide street, Toronto, was charged by Health Inspector

THE CANADIAN ORDER OF FORESTERS THE THIRTIETH ANNUAL SESSION OF HIGH COURT The Year 1908 Was the Most Prosperous in the History of the Order A LARGE DELEGATION IN ATTENDANCE

The thirtieth annual session of the High Court of the Canadian Order of Foresters opened in the city of London yesterday afternoon, with a large number in attendance, including High Court Officers and delegates, representing Subordinate Courts of every Province of the Dominion. It is just twenty years since the Order last met in this city, and the event is an important one, not only on that account, but also owing to the fact that in this city just thirty years ago the society first saw the light of day.

After the usual opening ceremonies and the appointment of the several standing committees, the High Court Officers submitted their reports, which showed the Order to be in the most flourishing condition.

The High Chief Ranger, J. A. Stewart, of Perth, Ont., after extending a hearty welcome to the representatives present, submitted his report, which was replete with facts and figures relating to the growth and extension of the Order during the last year.

The year closed with a membership of 70,757. The increase in the Insurance Reserve during the year amounted to \$302,249.07. On January 1st, 1908, the amount on hand in this Branch was \$2,426,690.87, and at the close of the year \$2,728,940.54. There were 391 death claims paid, amounting to \$396,681.82.

The sick and funeral benefit department is also in a flourishing condition. During the year no less a sum than \$134,371.88, covering 5,836 claims, was paid in this branch. The amount to the credit of this fund at the close of the year was \$142,902.70.

The High Chief Ranger, in concluding his address, expressed the hope that the meeting would be a pleasant one for the members and a profitable one for the Order, and felt that if ever there was a time in the history of the Order when the members should all feel inspired with hope and confidence in the future of Canadian Forestry, that time was the present.

In an inspiring address he urged upon the representatives to do all that in them lay to make 1909 the banner year of the Order.

The report of Geo. Faulkner, High Secretary, covering the general work of the society, was next in order, and showed in detail the large volume of business transacted through the head office in Brantford.

The amount of insurance premiums received during the year was \$597,273.16, which with the large sum of \$101,853.33, derived from interest earned on investments, made the total receipts in this branch \$699,131.49. There were 391 death claims paid, amounting to \$396,681.82, leaving the large sum of \$302,249.07 to carry to the reserve fund, which at the close of the year was \$2,728,940.54.

The sick and funeral benefit branch of the Order also showed a marked advance. The amount of fees received during the year was \$139,139.61, and interest earned \$5,174.49. The total receipts, therefore, amounted to \$144,314.10. There were 5,836 sick and funeral benefit claims paid, amounting to \$134,371.88, leaving \$29,942.22 to carry to the reserve fund, which at the close of the year amounted to \$142,902.70.

There were 70,757 members in good standing at the close of the year, carrying \$71,175,500 of insurance, and the membership in the Sick and Funeral Benefit Branch was 43,654.

There were issued from the High Secretary's Office, 6,758 insurance certificates, and 6,047 membership certificates, or a total of 12,805, and in addition there were endorsements made on 1,388 insurance certificates.

The report of Robt. Elliot, High Treasurer, showed the funds of the Order to be in a most satisfactory condition. The receipts in the several funds were insurance, \$699,131.49; sick and funeral benefit fund, \$144,314.10; general fund, \$91,948.27. Total receipts, \$935,394.86. The total expenditure in these funds amounted to \$625,807.29. The surplus income over expenditure amounted to \$309,587.57.

The surplus insurance funds are invested as follows: Municipal and School Debentures \$2,538,169 03 Dominion of Canada Stock 150,000 00 Deposits in Chartered Banks 20,000 00 Current Accounts in Chartered Banks 20,771 49 Total \$2,728,940 54

The total assets of the Order amounted to \$2,928,390.39, and its liabilities to \$38,690.59. Assets over liabilities, \$2,889,738.80.

The report of Dr. U. M. Stanley, who has been Chairman of the Medical Board since the inception of the Order, shows that the death rate during the past year was only .53 in the thousand. The average death rate for thirty years is but .512 in the thousand. There were submitted to the Medical Board during the year 7,886 applications, of which 7,237 were accepted, and the remaining 649 rejected.

The report of W. G. Strong, Superintendent of Organization, showed that during the year there were 6,597 initiations. There were 37 new Courts instituted with a membership of 732.

At the close of the year there were 1,047 Courts in the Order, representing a membership of 70,757. There were 490 Courts in the Province of Ontario, 178 in Quebec, 58 in Nova Scotia, 70 in New Brunswick, 15 in Prince Edward Island, 121 in Manitoba, 63 in Saskatchewan, 36 in Alberta and 16 in British Columbia.

Among those in attendance are the following:

J. A. Stewart, High Chief Ranger, Perth; Thomas W. Gibson, High Vice-Chief Ranger, Toronto; George Faulkner, High Secretary, Brantford; Robt. Elliot, High Treasurer, Brantford; Dr. U. M. Stanley, Chairman Medical Board, Brantford; C. E. Britton, P. H. C., Gananoque; L. P. D. Tiley, St. John; J. A. Broder, Montreal; A. P. Van Someren, McLeod, Alta.; W. M. Couper, Montreal; Members of the Executive Committee, W. L. Roberts, High Auditor, Brantford; J. P. Hoag, High Auditor, London; W. Walker, High Registrar, Montreal; Rev. W. J. West, High Chaplain, Bluevale; W. G. Strong, Superintendent of Organization, Brantford; Lynn Leech, High Court Solicitor, Hamilton; J. B. O'Regan, Chief Agent, Province of Quebec, Quebec; D. E. McKinnon, District High Secretary, Winnipeg; F. H. Davidson, D. H. C. R., Winnipeg; and W. D. Dunbar, P. H. C. R., Napinka, Man.

DEGENERATES.

National Conference of Charities and Correction in Buffalo.

Large Attendance of Workers on Behalf of Unfortunates.

Buffalo, N.Y., June 9.—The sixtieth National Conference of Charities and Correction, which opens here to-night, has brought together a splendid body of men and women, many of whom have made their life's work the scientific study of the best means of caring for or reforming the defective or incorrigibles, feeding the hungry, clothing the naked, educating the ignorant and reforming the trespasser. It is believed that in number of delegates in attendance the conference will be the greatest ever held. The gathering is strictly non-sectarian, and includes in its roster of speakers the leaders of all creeds. The conference is peculiar in that it never formulates a policy nor binds

itself by resolution or otherwise to any specific line of action. It is, in fact, just what the word implies—a conference—where the best thought of the time on social problems is given expression. It is understood a movement has been started in some quarters to build up some sort of a permanent organization, but this will meet with strong opposition from many of the leading delegates, who consider present modes of procedure the best. Ansley Wilcox, of Buffalo, chairman of the general committee arrangements, will preside at the opening session this evening. He will introduce Ernest P. Adkin, who will welcome the delegates. Ernest P. Adkin, of Washington, President of the Conference, will speak on "Disaster, Relief and Its Problems." Mr. Adkin had charge of relief work following the San Francisco earthquake and was also sent to Messina. Mr. Harry Jellott, a son of the late Morgan Jellott, at one time town clerk of Cobourg, and a brother of the late Judge Jellott of Belleville, was found dead in his bed at his home at San Francisco, Cal., where he had resided for some years.

DISLOCATION OF THE NECK

Was the Cause of Death of Late Roy Strong.

Accident Was Due to Pulmonary Hemorrhage.

Death of Young Man Investigated by Coroner's Jury.

Coroner James Baugh presided at the inquest into the death of Roy Strong, held at No. 3 Police Station last night. Strong came to his death last Tuesday by falling from his bicycle on King street east, near Ashley. Deceased was insured, and the company which carried his accident policy was inclined to the belief that death was caused primarily by hemorrhage of the lungs, basing this belief on the fact that he was seen to wobble while riding his bicycle, and appeared to be in distress. S. F. Washington, K. C., appeared for the family.

The first witness, Russell Kingston, 3 Ashley street, said he was working on King street, near the scene of the accident, and saw the deceased lying on the road, after it had occurred. He went to his assistance and found that he was still alive. Picking him up, he put him on the grass beside the road. The injured man was conscious, but said nothing, and Kingston did not attempt to question him. He sent a boy for Dr. Kappelle and Dr. Morrison, and although they arrived soon after, he thought the man was dead then.

William Vineslow, patrol driver, said he had received a hurry-up call on Tuesday morning, and when he arrived with the ambulance in front of the Victoria Bowling Club the injured man was lying about forty feet from the street. Wheatley said he learned that Mr. Jamieson had seen the deceased riding on the street on his bicycle, and that time he was apparently in distress, as he was wobbling about on the road. The witness further said that he found a blood-stained handkerchief on the road and saw spots of blood around the dead man's body, and on the sidewalk.

Harry Teeter, druggist, corner of King and Ashley streets, corroborated the evidence of Wheatley and in reply to a question by Mr. Washington said that the wheel was standing against a tree and appeared in good condition. He said that Strong had been bleeding at the nose and mouth and rode up to the sidewalk to dismount, but was too weak to fall. This explains the bruise that was found on the side of Strong's head.

Fred Page, Poplar avenue, was standing at the corner of King and Tisdale streets, he said, when Strong passed him on his wheel. He was apparently suffering from a cold, and when he turned round he saw a crowd standing at the corner of Ashley and King. He walked there out of curiosity and saw the man who had passed him lying on the grass. He also saw spots of blood on the sidewalk and grass.

Dr. Kappelle said he was standing at the corner of Grant avenue and King street, waiting for a car when he saw the crowd standing at the corner of King and Ashley streets. He walked up to investigate, and saw a man lying prostrate on the grass, unconscious, near the sidewalk. Blood was on the grass near his head. About a minute later Dr. Morrison arrived and the two carried the injured man to a spot on the grass in front of the Bowling Club. By that time the perceptibility of his pulse had disappeared.

Dr. Morrison said that when he arrived at the scene of the accident blood was issuing from Strong's nose and mouth. He was alive, but his pulse was erratic, beating rapidly at times and weak at others. Dr. Kappelle called attention to the fact that Strong's neck was dislocated. The remainder of his evidence corroborated that of Dr. Kappelle.

Dr. Kappelle was recalled to give evidence concerning the post mortem. The investigation, he said, showed that the cause of death was dislocation of the neck. The deceased had suffered a hemorrhage of the left lung, which, in the opinion of the doctors, occurred before the accident and was responsible for the dizziness which caused Strong to fall from his wheel.

Mr. Washington wanted to know if the hemorrhage might not have been caused by the jar he received when he fell off the wheel.

Dr. Kappelle said it might be possible. Dr. James White said he had attended Strong for three or four years and during that time he had never had a hemorrhage. He had been treating him for tuberculosis and said that one of Strong's lungs was diseased. He was of the opinion that the accident happened first and the hemorrhage merely an incident.

William Strong, uncle of the deceased, said that Roy was in his office a short time before his death. He did not say a word about his health and appeared to be well and in good spirits.

After the coroner had addressed the jury and explained certain parts of the medical evidence, the jurors retired, and about half an hour later brought in the following verdict: "We, the jury, find that Roy Strong came to his death from a pulmonary hemorrhage, which caused him to become very weak and fall off his wheel, dislocating his neck, which was the immediate cause of death."

FRANCE WON. Canada Fourth in King's Cup Competition at London.

London, June 9.—Olympia was packed to its fullest capacity yesterday afternoon for the gala performance of the third annual international horse show, given in honor of the visit of their Majesties the King and Queen. The building was elaborately and beautifully decorated with flowers, and had the appearance of a huge conservatory. The arena represented an old English garden, and the mass of flowers and the bright costumes of the women, varied with the uniforms of the officers present, made a color scene that was striking.

The event of greatest interest on the programme was the jumping competition for the King's Cup, a trophy valued at \$2,500, in which teams representing the Argentine, Belgium, Canada, Great Britain, France and Italy took part. In this competition teams composed of three officers of the same nationality, in uniform, riding either their own or Government horses, covered the entire course and took a number of hurdles. This cup is to be held for one year by the winning nation, and to be returned to the international horse show by June 1, 1910.

First place went to France, with 21 1/2 faults; second, Italy, 28 faults; third, England, 30 1/2 faults; fourth, Canada, 34 faults; fifth, Belgium, 44 1/2 faults; sixth, Argentine, 45 1/2 faults.

AT OAKVILLE. Marriage of F. A. Hapcott and Miss Christopherson.

A quiet but pretty wedding was solemnized to-day (Wednesday, June 9), in St. Jude's Church, Oakville, Ont., by the Rev. L. W. Broughall, when Miss Anna Bella Christopherson, second daughter of Mr. and Mrs. George Christopherson, of Appleton, Ont., became the bride of Frederick Arthur Hapcott, of Ladder, B. C. Miss Sara Christopherson, sister of the bride, acted as bridesmaid, and Mr. John Belyea, of Bronte, Ont., nephew of the groom, was best man. After the ceremony the happy couple left on a short honeymoon for Buffalo, the bride travelling in a suit of brown armor cloth, with Tusean hat. The groom's attire to the bride was a sunburst of pearls, to the bridesmaid a gold bracelet, and to the best man a pearl stickpin. On their return Mr. and Mrs. Hapcott will leave the last week in June for their home in Ladder, B. C. The costly and beautiful presents show the high esteem in which the young couple are held. The many friends of Mr. and Mrs. Hapcott wish them a happy and prosperous future.

ORATORICAL CONTEST. The pupils of Highfield School will take part in an oratorical contest tomorrow for a prize offered by Mr. Geo. Lynch-Staunton for the best speech given in the contest. The speeches will be limited to ten minutes, and may be on any Canadian subject. Such contests discourage emigration, as they help to train the young lads in public speaking, the ability to speak in public being an accomplishment that all young men should strive to acquire. No doubt the contest will be interesting.

ACQUITTED AGAIN. St. Catharines, June 9.—At the General Sessions this afternoon Arthur Bull was given his liberty by Judge Carman. Bull was charged by George Crain, of Beamsville, with the theft of several sums of money while in Crain's employ as bookkeeper of the Beamsville Brick & Terra Cotta Co. At a previous court Bull was charged similarly and was acquitted.

GRADUATED AT BOSTON. Reginald W. Millard, of this city, son of Mr. John W. Millard, manager of the Meriden Britannia Works, was a member of the graduating class at the commencement exercises of the Massachusetts Institute of Technology, Boston, yesterday. G. M. Gilkinson, of Oakville, received his degree of Bachelor of Science.

KILLS HIMSELF. Worried Over Losses Sustained Through Ennis & Stoppani. Detroit, June 8.—Adams Milton Holden placed a revolver between his teeth and shot himself to death this morning in his home. Worry over business troubles was probably the cause. He was a member of the firm of Fred S. Osborne & Co., brokers. Mr. Osborne refused to be seen. When inquiry was made as to the effect of Mr. Holden's death upon the firm he sent out the following reply: "No new business will be taken, but all old accounts will be taken care of." In the smash of Ennis & Stoppani, of New York, Holden took heavily, his firm being the Detroit representative of that concern. Osborne last night announced the temporary suspension of the firm. He says that a considerable amount is tied up in New York through the Ennis & Stoppani failure, and just what the outcome will be cannot be determined. The record price of \$400 per ounce was paid for a tiny silver inkstand of the period of Charles I. at an auction at Christie's, London. The total price paid for the article was \$2,420. Mrs. Wm. Piper, of Toronto, died of the effects of a dose of carbolic acid, taken in mistake for medicine.

Important Resolution Passed by Hamilton Conference.

Inspiration Said to Have Come from Toronto.

Brantford, June 8.—Whereas the theological students in our colleges, before they can be received as candidates for the ministry, are required to be members of the Methodist Church, and before their ordination to the work of the ministry are asked to give adhesion to the standards of doctrine of the Methodist Church; and whereas it has been disclosed that the discipline of the Church contains no provisions imposing on the professors in the theological faculties, as such, any special obligations or requirements as to such qualifications as are required of those who are under their training, nor even defining whether they shall be ministers at all, nor any provisions whatever by which professors, as such, can be held responsible to the Church for the conduct of their office;

"In the opinion of this Conference it is desirable that this serious deficiency in the discipline should be remedied at the next General Conference, and that the present condition of irresponsibility, in terms if not in fact, to the Church or professors, as such, should be removed in some way, and as the immediate present does not seem to be the opportune time to frame such provisions, this Conference requests that the board of the Educational Society prepare for submission to the next General Conference provisions to be incorporated in the discipline which will satisfactorily remedy the irresponsibility previously mentioned, and defining the qualifications and obligations to be imposed on such professors in the theological faculties; and it further suggests that among these provisions should be one requiring that all appointments to the professional staff of the theological faculties by college boards to be valid should require to be approved by the board of the Educational Society, and should continue only so long as that approval continues."

TO STOP CONTROVERSIES. The above resolution was brought forward in the closing hours of Hamilton Conference to-day, and was adopted after very slight discussion. It is aimed to put a stop to such controversies as have at various times disturbed the peace of the Church, and been beyond its control.

Address "Pattern Department," Times Office, Hamilton. It will take several days before you can get pattern.

TIMES PATTERNS.

A CHARMING OVER-BLOUSE MODEL—GIRL'S DRESS. No. 8443.—The style here illustrated will be found most desirable, relieved and softened by a dainty white guimpe, or if made of woolen, with the underwaist of contrasting material, it will be very effective and pretty. The waist fulness is gathered under pointed yoke pieces; the skirt is straight and full. The cap sleeves may be omitted. The pattern is cut in 4 sizes, 6, 8, 10, 12 years.

A pattern of this illustration will be sent to any address upon receipt of 10 cents in stamps or silver.

BRITISH NAVY.

The Conference of Ministers With the Newspapermen.

Which is the Best Way For the Colonies to Help Britain?

London, June 8.—The Daily News, referring to the speeches of Lord Rosebery and Sir Edward Grey at the Imperial Press Conference, says that statesmen who see the end so clearly ought to have some resource beyond a despairing appeal to the common sense of the workman. The workman is not to blame. The News points out that if the struggle, the constant talk about which it deprecates, is to take place, it will be in home waters. If the colonies wish to assist they can take a useful part only by contributing money or ships to the fleets maintained in Europe. A fleet of second-class cruisers, such as Canada is supposed to be contemplating, would represent money wasted.

PRESS AND THE EMPIRE.

The Imperial Press Conference discussed "The Press and the Empire" to-day. Mr. Reginald McKenna, First Lord of the Admiralty, presided. Lord Cromer, Sir Edward Grey and Mr. Alfred Lyttelton were present. The following resolution was on the agenda: "That it is the duty of the press to do everything in its power to co-operate with the naval and military authorities in organizing the defenses of the empire, and to take all possible precautions to avoid injury to public interest in publishing news in time of war."

DIVERSITY OF NAVAL PROBLEMS.

Mr. McKenna anticipated that as a result of the conference ideas would be cleared, and a way be opened. He dealt exclusively with naval supremacy, and admitted the diversity of local naval problems. British naval defence covered the whole globe. He foresaw the possibility of the empire being called upon to unite its whole strength in the common defence of the home country.

LADY ABERDEEN.

Boston Gaelic School Circulating an Unfounded Statement.

Boston, June 8.—While Lady Aberdeen was being feted by prominent people of the city and state in Boston to-day, members of the Boston Gaelic School were circulating a statement that her ladyship was not in America for the sole purpose of assisting in the battle against tuberculosis, but that she had a sinister motive, a motive unfriendly to Ireland and Irish interests.

ASSEMBLY YEARS OF CHURCH LIFE.

Many Important Reports Submitted at Yesterday Afternoon and Evening Sessions.

Lord's Day, French Evangelization, Sunday Schools and Young People's Societies.

The last few days at the Assembly resemble the closing week of the Dominion Parliament. Oratory then gets a little loathsome, like stale vegetables in the merry month of May. Duty, however, demands that the work be completed thoroughly, hence commissioners only grip the many lines a little firmer, and hang on to the end.

Worthy movements like worthy men do not always fill the largest place in the noise and attention of the world. To say that church life and work, augmentation, French evangelization and Sabbath school work should all crowd into two sedate days does not signify that any one of them could not worthily fill a whole day. The fact is the assembly has become like a "threshing bee," when half the workmen, with the moderator, "feed the machine" for all she will take, while the other half "are on the stack" keeping the way clear. Thus motions and reports, "shaves" both great and small, are going fast and furiously from the moderator's hand. And, though orderly, that is the way he delights to see business thrashed out.

CHURCH LIFE AND WORK.

Church life and work occupied the attention of the assembly when the union debate was over. The house was thinner because committee work had been interrupted for a couple of days and many were away. Rev. A. E. Mitchell, who has, as convener, been the true prophet for the year, presented the report. He said that this year the subject dealt entirely with the home. Only three out of twenty-seven made any suggestions to the convener as to the questions asked. "I hope," said the speaker, "that the convener next year may receive more help." Home and its evils does not mean home and its evils, as some seemed to think. As to the authority, the home, one-half answered that it had sadly lapsed and one-half said that the committee had no right to ask the question. The speaker said that there seemed to be a woeful lack of sense of responsibility of parents to win their children. Baptismal vows do not seem to mean much, he said; also that there is a lack of personal work on the part of the ministry, yet from his experience in the Kootenay, he found that men and women are hanging to have the minister speak to them. He said that there is not enough time spent in public schools in developing character. Education is too material, yet we have to look to these schools for our ministers.

A discussion arose over one of the recommendations as to whether the committee on church life and work be merged into those of moral and social reform, systematic beneficence and evangelism.

Principal Gordon moved that the Church Life Committee be instructed to confer with the other committees on the question. This was carried.

LORD'S DAY ALLIANCE.

Rev. T. Albert Moore, secretary of the Lord's Day Alliance, then addressed the assembly. He said: "I represent a great organization in the Province. I can never forget those words of the late Principal Caven that the Lord's Day is the right arm of the church." A visiting minister from Australia, he said, had spoken to him of an alarming decrease in church attendance, and that the changing of the holy day to a holiday was the cause. We must recognize the sacred side as well as the rest side of this day. We believe that great importance is to be placed on the teaching on that subject in the pulpit and the home.

"Last night, on the train, a brakeman said to me," said the speaker: "If Christians would not use the trains on Sunday we beggars would have less to do." The Lord's Day Act of 1907 had received universal commendation, said Mr. Moore. Fully 85,000 were not at work on Sundays to-day who toiled seven days in the week before that Act came into force. There is no appreciable detriment to any industry in the land. It was difficult to put the law in force in the Yukon, but last year forty cases were won before the courts. Last month it had come into force in British Columbia. The sentiment of the Province has arisen in its favor. "There are violations," said the speaker, "but every train running on that day may not be a violation. The railways are making efforts to live up to the Lord's Day Act, and the same may be said of other industries. We appeal to all to stand by this organization that has been so rich in blessing."

AUGMENTATION IN EAST.

The report on augmentation in the east was presented by Dr. Edwin Smith, of Truro. The work was spoken of as satisfactory. There was a time when this committee received a good deal of opposition, but this had died down. There should be no trouble to meet the demands of the fund. The report was adopted. The augmentation report was presented by the Moderator. He said, "we are asking \$50,000 this year in order to raise the stipend to \$900. It is perfectly easy to do this if we are earnest. Presbyteries receiving from this fund should respond liberally to it."

Professor Hyde, in moving the adoption of the report, said that Home Missions and Augmentation were really one. "I trust that assistance to charges at our door shall be as interesting as those a thousand miles away." Touching on education, the Professor said, "The ministers of augmented congregations are as well educated as those in self-sustaining charges. It is difficult in our schools. It is a shame," he said, "that these ministers should receive this slight support." The speaker referred to the tendency of schools to teach agriculture, manufacturing places, and so on. Yet from these districts come our ministers, lawyers and doctors. I say what is good for one school is good for all.

Rev. Dr. Woodside, of Franklin, Man., seconded, at some length, the motion, and the report was adopted.

YOUNG PEOPLE'S SOCIETIES.

Dr. Neil, in presenting a report on Y. P. S., said that according to the recommendation of last Assembly the com-

mittee proposed to amalgamate the committees on Y. P. S. and Sunday Schools. This met with considerable opposition, and Principal Scrimger moved an amendment that the whole scheme be sent down to Presbyteries for consideration. This was adopted.

FRENCH EVANGELIZATION.

Dr. Mowatt, of Montreal, introduced the subject of work among the French-Canadians. "The Lord loves the poor, and this grand mission is always hard up." It is the thirty-third report. There are forty-three mission fields representing 880 Protestant families. The number of communicants added last year was 1,213. They contributed \$9,670, of which \$636 was for missions.

Rev. G. B. Castellini, a Waldensian, whose history is bound up with martyrdom, spoke on behalf of the Italian mission in Canada. He has all the marks of his race—dark, thick-set, persistent, and fiery temperament. He went over his time, but Dr. Mowatt said "that it was hard to stop Niagara." He said the Italians of Canada are from the rural districts in the south of Italy. When they come to this country they are poor and live in crowds in the worst parts of the city. This tends to licentiousness. There are 2,000 in Montreal. The work among them began five years ago in the basement of St. John's French Church. Then they bought an expensive building, expending \$100,000. "If they do not turn in soon we will have to sell it, though it has increased in value; may have to sacrifice it. Won't you do something to help us?"

Rev. J. P. Brunneau, of Montreal, with the eloquent tongue of his compatriots, made French Church ring as never before. He said: "He came not because I am a Frenchman, but because it is right. I have noted changes in your Province. They are due not to your nationality, but to religion. We feel that we are duty bound to scatter the 'seeds of kindness' over the field of my fellow-countrymen. I could tell you hundreds of cases where conversions took place at 70 and 80 years of age."

Rev. E. H. Brandt, the son of another historic martyr church, a Huguenot, reported for Pointe aux Trembles School, of which he is Principal. There is no more popular member of Assembly, none more trusted, than the speaker, a capable servant of the Master, who will give any French boy or girl who comes to him for help "fair play." Success is already due to him and if any one is going to make something living out of the cause in Quebec, it is this young man with the fair and sunny face, yet magnetic personality. He said: "We have 265 pupils in our school. There were 35 more who applied that we had no room to admit. Of these 105 came from Roman Catholic homes, and 157 were the children of converts. We had the pleasure of seeing 35 join the Church this session."

Dr. Mowatt then moved the following resolutions, which were adopted:

The Board desires to express its grateful appreciation for the financial and other assistance given from congregations and individuals, and especially to the Women's Missionary Society for the salary of a co-pastor and 15 scholarships for Pointe-aux-Trembles, the Montreal Auxiliary Bible Society for large grants of scriptures, the National Bible Society of Scotland for grant towards copyright, and other friends, there for their subscriptions towards its work.

The Board, having considered several propositions for the quarto-centenary of John Calvin, unanimously agreed to recommend to the General Assembly: (1) That that commemorative services be held throughout the Church on the 10th of July next, and suitable sermons be preached, and inasmuch as the centenary of Dr. Charles Chiniquy falls on the 30th of the same month, it is suggested that reference be made to his work also. (2) That at these services appeal be made for prayerful interest in the work of French evangelization and for liberal aid for this scheme of our Church as carried on in its missions, schools or other work approved by the Board of French Evangelization.

The Rev. Leon Payne, having declined the appointment to the French chair in the Presbyterian College, Montreal, the College Board invited the Rev. Ch. Bieler to the position, with the understanding that the salary should be a rate of \$2,900 per annum up to the end of the ecclesiastical year, and \$2,750 from that date. Dr. Bieler accepted the position, and the College Board is applying to the General Assembly for his final appointment with respect to which the following recommendations were adopted by the Board of French Evangelization: (1) That the salary of the French professor in the Presbyterian College be increased from \$2,750 per annum, on the understanding that his whole time be devoted to the work of the Board, and that in addition to the conduct of the classes he render assistance in furthering the Mission in the city and elsewhere, as may be arranged for, during at least nine months of the year. (2) That the payment of the salary be as heretofore, a first charge on the funds of the Board, the College to contribute the proceeds of the endowment provided for that purpose by the Robert Anderson bequest, and to seek an increase of that endowment as early a date as possible.

That the Board recommend to the General Assembly the appointment of a Committee to consider the question of the unification of the different departments of missionary work in the Dominion.

ON SUNDAY SCHOOLS.

Rev. A. MacGillivray reported that the Sabbath schools. Some might think this a threadbare subject. Others that it was a bear of great movements and thrilling addresses might well say, after hearing the convener, the General Secretary, Rev. J. C. Robertson, and second, Mr. R. MacQueen, Kirkwall, that the addresses were "second to none."

Rev. A. MacGillivray said: Think of what has been done to win precious young lives and retain it. If we have any thanks it is for those who are mauling our schools from one end of the Dominion to the other. There are 3,154 centres of Christian activity and faith; 24,500 act as teachers. Last year 7,000 from the Sunday school took their first com-

munion, and there are a total of 34,000 church members. Is it not easier and wiser to win them now than to inaugurate evangelistic services to reclaim wanderers afterwards? Their gifts amounted to \$178,000, and from the "pennies of the children" \$50,000 were to support missions. Considering these things, do we as a church measure up to the greatness of our opportunity and sacredness of our mission to the children?

Rev. J. C. Robertson said: The past year has seen our enrollment increased by 16,000, which is double of last year. For the past four years there has been the same marvellous leap upwards. I shall give two illustrations from life. There is a teacher who has for five years held a class. She has not very high ideals in life. But from the personal touch of her character during this time every one of the girls has adopted the same ideals, and these are not those of any home from which they come. Another teacher in the same time has won every one in her class to Jesus Christ. What a responsibility to come day after day to impress the young heart!

Mr. R. MacQueen, Kirkwall, in fluent and beautiful words, of whom the Moderator said he is one of the best members of Hamilton Presbytery, said: We are but one hour a week with our classes, as has been said, but then they are never out of our thoughts or prayers. Then we teach by our daily life and reputation, which is most effective. The Sunday school work has been my delight all my life, and now that the shadows of time are deepening over me, my interest is greater and would like to do better, for there is no greater privilege or responsibility in life.

The report was then adopted. One special item was that the salary of Rev. J. C. Robertson should be \$2,250 per annum, which is about the usual amount given the secretaries.

Liver and Stomach Wrong Indigestion, Bad Color, Pale, Fatigued.

Those Oppressed by Palpitation and Heart Pains Will Find Interesting Facts in This Article.

The following letter is printed with the hope that it will show a clear road to health those who suffer the pangs of indigestion and weak stomach.

"I am anxious to send the message of hope far and wide to all who are in poor health, as I was a year ago," writes Mrs. Ernest P. Gomez, from Meriden, Conn. "I have had a weak stomach and have experienced the distress caused by indigestion. I may say that the heart pains, watery risings, pressure of gas from fermentation at times almost drove me wild. For a time I could scarcely eat a mouthful without causing myself endless misery; I could not sleep well, my color was leaden, dark circles under my eyes, bad dreams, and at last I began to look my old self again. Dr. Hamilton's Pills cured me, and I use them occasionally still because I find as a system regulator and health-supporter no medicine is equal to them."

The same medicine that so wonderfully restored Mrs. Gomez will also cure you. 25c. per box, or five boxes for \$1. Beware of substitutes. By mail from The Catarhozone Company, Kingston, Ont.

SHOT ON STREET.

Cold-Blooded Murder of a New Glasgow Man.

Halifax, June 8.—A young man named Duncan Brown was shot dead in New Glasgow to-day. Several men in an alleyway, among others Jack Fraser, who, it is said, flourished a revolver several times. Brown came along, and immediately Fraser began to shoot at him, and wanted to fight. Brown told him to go away, as he did not want anything to do with him. Almost immediately Fraser pulled a revolver and fired three shots at Brown, all of which took effect in the head and neck, killing him instantly. Fraser then took to his heels, passing through an alleyway, through Duncan Grant's wood working factory, and escaped.

Brown was a young man, about twenty years of age, and was lately employed at Rogers' livery stable. Fraser, after going out on the road, was met by a policeman, gave himself up, and was lodged in jail. He is said to be a morphine user. He belongs to Hopewell, and has served a term already in Dorchester Penitentiary.

CATHOLIC FORESTERS

Gathering of Delegates at Berlin—Reports Presented.

Berlin, June 8.—The ninth session of the Provincial court of the Catholic Order of Foresters opened this morning in St. Mary's Hall with 150 delegates in attendance. L. V. McBrady, chief ranger, in the chair. The membership of the entire order on January 1, 1907, was 123,316. The membership of the whole order on March 1, 1909, was 134,993. The membership of our order in the Ontario jurisdiction, March 1, 1909, was 9,630. After deducting the loss of 98 members transferred from Durien Court No. 1336, Vancouver, B.C., in or about the month of September, 1908.

The insurance in force in the whole order on Jan. 1, 1909, was \$139,102,256. The average age of membership on January 1, 1909, was 37.19 years.

P. M. Corcoran, of Hamilton, was appointed on the Committee of Appeals.

Johnson, the motorist arrested for sleeping on duty at Kalarad station on the C. P. R. some time ago, came up for hearing at Nanapan before Judge Price. The jury found no bill and Johnson was released.

Following a violent concussion a sheet of flame burst through the walls of the Windsor House, Balu, Ont. The explosion is traced to a disused acetylene gas machine which stood in a corner of the barroom. Hotel, annex, stables, ice house and outbuildings were destroyed.

Committee Recommends Purchase of the Webb Property.

The Yankee Humorist Accused of Appropriating, in His Latest Book, a Chapter From a Book Written by an English M. P.

New York, June 8.—Mark Twain went to the offices of his publishers, Harper & Bros., in Pearl street, one day last spring, and left some manuscript, asking that it be put into book form and published right away. "It's part of my autobiography," explained the author, "but I thought I'd like to have it put in covers and printed now."

The publishers hurried matters, and it came along giving Mr. Clemens the latest book, "Is Shakespeare Dead?" The book, in a green cover, was put on the market in April. The author admits that he incorporated in the book a large part of a chapter from a volume called "The Shakespeare Problem," first published by Geo. P. Greenwood, M. P., of London. It takes up twenty-two of the 150 pages in Mark Twain's book. The humorist mentioned Mr. Greenwood's book in his own work, but neglected to mention Greenwood's name. Because of this oversight there has been a resulting little controversy. Mr. Greenwood's publishers, the John Lane Company, of London, with offices in West Thirty-second street, this city, have sent word to Harper & Bros. that they will not permit Mark Twain's book to be circulated in England until the plaintiff along giving Mr. Greenwood the credit that they maintain should go to him. They have no power to prevent the sale here.

In his Shakespeare book Mark Twain puts forth the argument that Shakespeare could not have written the plays ascribed to him because the author must have been a lawyer. He arrives at this conclusion because, as he says, of the "peculiar freedom and exactness of legal phraseology" that he finds occurs frequently in Shakespeare's plays. There is nothing, he holds, to show that Shakespeare knew anything of the law. Mark Twain, in a chapter from "The Shakespeare Problem Resolved," says that the member of Parliament through his publisher to protest. In Mr. Greenwood's book the chapter is headed, "Shakespeare as a Lawyer." It is the thirteenth, while Mark Twain uses it without change in his own book, with the same chapter heading, as the eighth chapter.

At the bottom of the page on which the chapter starts there is the simple announcement: "From chapter XIII. of the Shakespeare Problem Resolved." Mr. Greenwood's publishers have written several letters to Harper & Bros., in one of which they insist that for Mark Twain to ignore Mr. Greenwood was "a violation of all codes." "Who is the author of the English publishing house, heads of the situation is explained in a letter sent from his office in London, over which he places the heading, "Literary Larceny."

BLOOD TROUBLES.

Cured Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

Thousands of women suffer from headaches, backaches, dizziness, languor and nervousness. Few realize that their misery all comes from the bad state of their blood. They take one thing for their head, and another for their stomach, a third for their nerves. And yet all the while it is simply their blood that is the cause of all their trouble. Dr. Williams' Pink Pills cure all these and other blood troubles because they actually make new, rich, red blood. Mrs. J. H. McArthur, St. Thomas, Ont., says: "Dr. Williams' Pink Pills have done me a world of good. For about eighteen months I was a constant sufferer. I was terribly run down and the least exertion left me ragged out. I slept badly at night and this further weakened me, and finally I had to give up housekeeping and go boarding as I was quite unable to do any household work. My doctor's medicine, but it was of little benefit. One day a neighbor told me how much benefit she had derived from Dr. Williams' Pink Pills and advised me to try them. I sent and got three boxes, and by the time I had used them I could feel a change for the better. Then I got four boxes more, and before they were all gone my health was fully restored. To see me now one would not think I had ever been sick for a day, and I can honestly say I owe my renewed health to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are the greatest cure there is for the weakness and backaches and sideaches of anaemia; all the distress of indigestion; all the pains and aches of rheumatism, sciatica and neuralgia; and the weakness and ill-health that follows any disturbance of regularity in the blood supply. Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

LIONS AT LARGE. KILLED MAD BULL.

Two Terrorized the Town of St. Charles, Mo.

St. Charles, Mo., June 7.—Two full grown lions running through the streets of St. Charles to-day scattered a carnival crowd in terror and emptied the big car shops when they were driven to bay in the shop yards. Showmen captured the lions an hour after their escape and after one of them had fatally bitten a pony and the other had attacked an elephant.

More than 2,000 women and children were on the streets. Suddenly there was a cry: "The lions!" Men, women and children fled, none stopping long enough to see that the lions were not coming toward them, but had taken another direction.

A few persons in the lions' path ran, terror-stricken, into houses and stores. In five minutes the streets were deserted, with everybody behind locked doors.

In the shop yards came a long combat of wits with the lions, and the showmen had it all to themselves.

The men made repeated attempts to catch the lions with the lasso. "Catch the fiercer of the two, seemed about to spring on some of his tormentors when a big, fearless hound sprang at him and seized his mane. George Cardo then made a skillful throw and jerked the lion, choking along the ground, while ten men surrounded him and bound his legs with ropes.

"Denver," who had followed "Caesar" as one dog follows another, was placed in a portable cage without great difficulty.

Meriden Man Quarrelled With His Sweetheart. Hartford, Conn., June 8.—William Villette, a silversmith of Meriden, died at the feet of his fiancée, Miss Clara Bloomingdale, here yesterday, and physicians expressed the belief the man took poison.

THOUGHT TO HAVE LICKED THE SALVE OFF INJURED HAND.

Miss Bloomingdale screamed for help and the man caught her by the throat and threw her in a corner. The bandage on his hand was torn off and Villette smeared his face with thick salve. He was still violent when suddenly he dropped to the floor, writhing in agony. He showed in terror, policemen entered the room. Villette was drawn with his aid almost touching his knees. He soon lost consciousness and in a couple of minutes was dead, with his fiancée standing over him wringing her hands and crying in agony.

DIED IN GREAT AGONY WITH GIRL CRYING OVER HIM.

Miss Bloomingdale had planned to meet him in his parents' home in Colony street, Meriden, this afternoon. His injured hand, however, began to swell, and he came here for special treatment. The surgeon found the injury serious and advised Villette to return for another treatment.

Tribute to an Old Servant. Dr. Henry G. Spooner, of Stanton, Fla., sends to the Banner this tribute to an old and faithful servant: "Aunt Tina Jamison, beloved wife of Mack Pamison, of Stanton, Fla., died early this morning of apoplexy. Tired as her old feet were, she never failed to do her duty. In washing a dish or roasting a joint of meat, she took infinite pains, and no horse or cat or dog left in her charge ever suffered for water. Aunt Tina was of the type of the old fashioned colored woman, fast disappearing from the face of this globe, who reared and tenderly guarded our earliest infancy. For four generations she worked for the white man, but never failed once to keep her word. God bless her."—Ocala Banner.

HYGIENIC C STRAPS.

One of the objectionable features of the ordinary street cars in large cities is the fact that they are provided with leather hand straps, which are liable to accumulate dirt and disease. As a substitute for these unsanitary straps a steel hanger has recently been devised, which is covered with porcelain enamel, so that it may be kept absolutely clean. These straps are being tried by the Interborough Rapid Transit Company of New York city.

Gossip and Comment

Inside of a month horseracing about New York will be back where it was before Governor Hughes erupted.

A large force of workmen is busy at the Hamilton Jockey Club track, getting the plant in readiness for the opening of the summer meet.

The following editorial is from the London Free Press:

The Hamilton Conference, among other excesses, condemns very strongly the Marathon contests, which have become such a craze.

Why the long distance run was put on the Greek programme, at all, in the modern Olympic games, has been a marvel to most people.

Who the original Marathon runner was and what happened is only in part historical. It is in controversy among university professors.

The Athenians of to-day have put the fabled long distance run in their programme as a world attraction to add romance and interest.

English papers to hand tell of the marvellous enthusiasm and the great pleasure displayed on the occasion of the King's Derby victory.

Some of the critics say that Sir Martin was not crowded, but simply crossed his legs and fell, while others declare that the colt slipped on the wet grass.

According to critics, Turf Star was the best two-year-old at the Woodbine; Direct, Rod McKenzie's colt, the best three-year-old.

From Toronto World: They're off at Dufferin Park, and fair-minded lovers of the thoroughbreds who formed a portion of the crowd on opening day must coincide with the edict of the Canadian Racing Association.

"In the first innings," said Mr. Faneleigh, "after Wild Bill Donnelly had moved the first Tiger down and killed Swartz with three sizzers, he went up with four bad ones."

"Stop right there, Hiram!" interrupted Mrs. Faneleigh. "Not another word of that murderous, stealing game before the children! And if you ever spend another 50 cents on baseball I'll put your whole monthly allowance in the foreign missionary collection!"

Steps have been taken at Welland to cancel the liquor license granted to the Fort Erie Jockey Club on the grounds that the parties to whom it was granted were not named, and it is granted in an enclosure to which an admission fee is charged.

BASEBALL AND HEREDITY.

WM. PURTELL. PATRICK PURTELL. MARK PURTELL.

Columbus, O., June 9.—Mark PurteLL, whose triple broke up the longest ball game in history—the 26-inning game between Decatur and Bloomington—is the baby of a baseball family.

His brother Billy is the sensational youngster now setting the South-side fans afire in Chicago with his phenomenal fielding, and his father was a diamond hero in baseball was trying to gain a foothold as a recognized sport.

The PurteLLs reside here, and the boys come by their ability naturally. Ancestry has often played a stellar role on the diamond, and the oft-heard expression, "that fellow's a natural ball player," carries a lot of truth sometimes.

Patrick W. PurteLL broke into baseball at a tender age, reaching the top rung of the ladder when scarcely out of his teens. He was the originator of the slide to second, and battled against stars of the late 60's and early 70's.

Point Saturday night, Tom Coley, Chas. Petch, R. Booth, Dave Bennett, W. F. Cumming and Wm. McNeil have already entered.

WALKER INTERVIEWED. London Sportsman.—R. E. Walker, the famous South African sprinter, arrived at Southampton on Saturday by the Armadale Castle, looking a picture of health.

Walker also mentioned that in August he intended going to the United States, and thence to Canada and through Alaska. He would afterwards return to England.

From the Scrap Heap

In an undeserved slap delivered to Billy Delaney in reference to the claim that Delaney developed two heavy weight champions, a tyro in pugilism says:

"My knowledge runs along the line that the champions were champs before Billy got to them. They were down-and-outers when he got through with them."

Was Jim Jeffries a champion when he first landed in New York in 1897? asks the New York Press. People who saw his poor showing against Bob Armstrong at the Lenox A. C. thought he looked like anything but a champion, and when Jeff, making the excuse of an injured thumb the basis for not meeting the prince of easy marks, Steve O'Brien, the people yelled with derision.

"The champion" was so chastised by his poor performance that he packed his grip, gave Delaney the slip and hiked back to "Trisco."

But Delaney had faith in his ability to develop the big boiler-maker and he went after Jeff. He succeeded in installing some courage into Jeffries, coached him along till he was more skilful with his hands and finally induced the big fellow to come cast again.

There is much question as to whether Fitz fought on his merits, yet Delaney brought his man up to that point, and thus enabled him to go forward to great achievements. It may be that Jeffries eventually would have become a champion without the intervention or assistance of Delaney, but no fair-minded man will deny to Delaney the credit for developing the champion and giving him a chance for his final development.

As to Jim Corbett, it is true that his cleverness was developed in the Olympic A. C., of which he was a sparring instructor, but it was the mastery hand of Delaney that brought Gentleman Jim up to the championship notch.

It is a pity that the knowledge possessed by Delaney's critic runs along similar lines, he should send it to the repair shop.

Al Kaufman, the third heavyweight, that Delaney has pointed for the championship, is the least promising of all, but he may astonish the doubters at that, when he tries to get into the ring with Fitz, the boiler-maker was a 5 to 1 shot, and yet he won. It may be that Johnson will make Kaufman look like a novice and then again Al may get that deadly right across to the jaw.

The betting would be in favor of Johnson, for he is as big as Kaufman and much cleverer and speedier. It is evident that Johnson has no confidence in his ability to knock out Kaufman or he would consent to a 45-round fight, as desired by the youngster.

Johnson doubtless thinks he will be able to outpoint Kaufman thoroughly in twenty rounds and thus not endanger his title in an ending battle. It is not to be denied that Delaney has wrought a great improvement in Kaufman since taking charge of the young man, but the Californian has the fault of slowness, and that will tell when he is pitted against a speedy man. He is game, however, and in a long battle with any man his endurance might tell.

Johnson has no confidence in his ability to knock out Kaufman or he would consent to a 45-round fight, as desired by the youngster.

interest in the mill that 4,000 fight fans will be at the ringside. Extremely wise individuals who make a business of studying pugilistic form seem to think that Ketchel will be lucky if O'Brien does not outpoint him easily. They figure out that for six rounds O'Brien is the fastest boxer in the world. Philadelphia Jack made the negro Johnson look like a selling plater in that length of time and yet Johnson is admitted to be high up in the science of the ring.

Ketchel took much rest at Woodlawn today and said that he was just one day. He also predicted that he would stop O'Brien in quick time for the reason that he would be faster in his attack and also weigh more than in the previous rounds with a decision.

MAPLE LEAF FALLING.

Toronto Beaten Again Yesterday, by Montreal.

At Toronto—Toronto had Montreal beaten handsly yesterday at the Island until the ninth inning, when the Royals tied the score.

Keleys collapsed like a house of cards attacked by rattles of a saffron variety, and the foxes of Casey ran off with the game by 4 to 2, displacing Toronto in the league standing.

Montreal played a snappy, errorless game, and hit well. They fought the umpire with and without provocation, and two of the benchwarmers were chased by the long-suffering official.

At that the Royals did not deserve to win. They never would have tied the thing up had Jimmy Mullen taken a little time to make an easy throw to retire the third man in the ninth. The score was 2 to 1 in favor of the Leafs, and had been since the sixth, when Jimmy made the bum chuck.

Houser jumped into the air for it at that, but it glanced off his glove and sped away to the grand stand. That was the beginning of the trouble. Score: Toronto, 4; Montreal, 2.

At Buffalo—Buffalo 7, 14; Rochester 6, 11. At Jersey City—Jersey City 2, 6; Providence 0, 8. NATIONAL LEAGUE SCORES.

Pittsburg 4, Philadelphia 3. New York 3, Chicago 2. St. Louis 7, Brooklyn 1. Boston at Cincinnati, wet grounds.

AMERICAN LEAGUE SCORES. St. Louis 4, Boston 3. Detroit 5, New York 4. Cleveland 2, Philadelphia 0. Chicago at Washington, wet grounds.

BIG RACE FROM N. Y. TO BERMUDA.

Hamilton, Bermuda, June 8.—The schooner Margaret, owned by George S. Runk, of New York, has won the sailing race from New York to Bermuda by about 4 1/2 hours.

Three of the yachts crossed the finish mark, off St. David's Head this afternoon, in one of the most remarkable races that have ever taken place on the sea.

Less than two minutes separated the schooner Amoria, owned by Dr. W. L. Baum, of Chicago, and sailed by H. C. McLeod, of Toronto, and the Margaret.

The former was first over, but, as the Margaret had an allowance of four hours and thirty minutes, and finished right on the Amoria's heels, the latter proved the winner of her allowance.

The schooner Crusader II, owned by Edwin Palmer, of the Atlantic Yacht Club, came over the line 38 minutes and 55 seconds after the Margaret. The start was made from Gravesend Bay at 10 a.m. Saturday, and the finishing times was as follows: Amoria 4:10:15; Margaret, 4:21:12; Crusader II, 5:20:07.

The Amoria allowed the Crusader II, an hour and thirty minutes, and the Margaret had three hours' allowance on Crusader II. Up to dark the sloop Marchioness, owned by J. P. Crozier, of the Yachtsmen's Club, which has an allowance of 24 hours from the Amoria, and the schooner Restless, owned by Dr. L. Schartz, also of the Yachtsmen's Club, which has an allowance of 45 hours and 45 minutes, had not been sighted.

WAR OF 1859.

Carrying Congratulations Over Defeat of Austria in That War. Rome, June 9.—The people of Rome showed much interest this morning in the departure of a number of bicyclists carrying a special message from the Mayor of this city to the municipalities of Milan and Paris containing congratulations on the fiftieth anniversary of the successful conclusion of the war of 1859, in which France and Italy were victorious over Austria.

Score Cards Given Away

Captains and managers of local amateur baseball teams will be supplied with free score cards by applying at the business office of THE TIMES.

BIG HOMER PIGEON RACE.

An interesting event will take place at Midland, Ont., on June 19, when it is proposed by the Atlantic Combine, an up-to-date organization for raising pigeons for pools and prizes, to release about 2,000 to 3,000 birds at that point.

These comprise 200 to 400 lofts, that will compete in the contest, and the birds will be shipped from Portland, Maine, Boston, Mass., New York, Washington, Baltimore, Philadelphia and other points in the United States.

The liberation will be effected between 5 and 6 a. m., as near the earlier hour as possible, so as to give all birds an opportunity to reach their lofts by night (in some cases 500 miles distant). In the event of unfavorable weather it will be necessary to hold the birds for the first favorable day.

Unfavorable weather would be rain or fog, brisk south, southeast or southwest winds.

There will be considerable prize money divided among the sections that will compete. It is the intention of the Combine to fly about two races yearly, if this should prove successful. The idea of the Combine race is new to America, and was taken from England, where it has been in operation for many years with ever-increasing popularity.

Last year's entries in England ran over 7,000 birds, and many thousands of dollars were paid in pools and prizes.

WHAT WILL THE CITY DO?

Aldermen's Opinion as to Registry Office to be Secured.

Councillor Burgess Makes a Satisfactory Explanation.

Rule of Gates Will Likely be Same as Last Year.

The County Council yesterday afternoon had little of importance to discuss, but after some hard thinking the members settled down to work.

Councillor Hills called the attention of the Council to a question raised by some one through a local paper asking whether a County Councillor being a committee member of a committee appointed by the County Council to buy a stone quarry, could purchase the same in his capacity as Reeve of the township, in other words, could a member of the County Council make a hole-and-corner sale to the county at his own price.

Councillor Burgess, of Beverly, rose and proceeded to clear himself. The stone crusher in Beverly, he said, had crushed all the stone in its immediate vicinity, and the Council was losing money by hauling stone to the crusher, and back again to where it was being put on the road. His own property was somewhat further along the road, and he proposed taking the crusher there so as to have it where the supply of stone was. At the same time the matter was entirely in the hands of his son, who could do as he pleased. So far as I am concerned, I did not sell the property to the Council, and have no intention of doing so. The crusher is not on my property at all," he said.

This explanation cleared the matter up to the satisfaction of all. The Council refused to commit itself on the question of building a new registry office until the City Council should decide whether it would pay 70 per cent. of the cost of building it. The question was laid over pending the decision of the aldermen.

The Council took up the plan of taking in additional roads on the good roads scheme. The idea met with general favor but no action was taken, because the good roads scheme is not yet completed, and additional roads cannot be added to the programme until the roads previously provided for have been attended to.

Councillor Waite requested that the county pay the doctor's bills of those bitten by mad dogs in Ancaster, on the ground that it was a county charge. Councillor Dewar, of Saltfleet, said Ancaster had not passed a by-law to prohibit dogs running at large, and making it compulsory to muzzle them. Ancaster was behind the times, he said, whereupon Councillor Hills sprang to his feet and said the Saltfleet dog-by-law was not being enforced. Councillor Miller got pretty warm in his denial of this charge, and after he cooled off the Council decided to investigate the question more fully.

MORNING SESSION. This morning the question of equalization was discussed and it was agreed that it be left over for another year, as the matter could not be satisfactorily dealt with until after the annexation question has been finally settled. The rate was not struck, but in all probability it will remain the same as before, at 3 1/2 mills.

The report of the Machinery Committee was adopted as read. A by-law was introduced by Councillor Lawson, of Dundas, to assist that town by a grant to repair the Sydneyham road and build it to King street. The by-law was given a first reading, and will probably be passed this afternoon.

A by-law was also introduced in reference to the county rate of assessment, and given the first reading, the question will be disposed of at the present sessions. Some discussion arose as to the purchase of a crusher by the Machinery Committee.

Councillor Binkley said he had no doubt that the transaction was all right, but he didn't like the committee's way of doing business. The Wardens replied that whenever a committee was given work to look after it should be given power to act in whatever way was necessary to perform its duties.

With reference to the question of the erection of poles by the Hydro-Electric Power Co. on county and township roads it was stated that the company had power under the act to do so.

JUNE WEDDING.

Marriage of James Morton and Miss Edith Palmer.

A pretty house wedding took place yesterday afternoon at the residence of the bride's brother, 164 East avenue north, when Miss Edith Wood Palmer was united in marriage to Mr. James Pettigrew, eldest son of Ernest H. Tippett, assisted by Rev. John Morton and Rev. Robt. Pettigrew, officiated.

A profusion of spring and other flowers made a charming setting for the bridal party, which entered the parlor as the Lohengrin wedding march was played by Miss Gwendoline Daville, of Toronto, cousin of the bride. Miss Florence B. Palmer was bridesmaid, and the groom was attended by Dr. J. P. Morton. The presents were both numerous and beautiful. The happy couple left by the evening train for the east, and will reside at 81 Homewood avenue on their return.

New Arrivals.

Ice Castle lobsters, Maggi soups, Maggi bouillon tablets, Lea's sweet mixed pickles, Lea's chow chow, Lea's English mustard, prepared hams, Pincotto's Camembert cheese in tins, Fratelli Alfonso olive oil, Domino sugar, kitchen bouquet for flavoring soups, Florida pineapples, Beach delivery daily for the balance of the season.—Peebles, Hobson & Co., Limited.

The candidates who were ordained at Christ's Church Cathedral on Sunday last and were staying at the home of Mrs. J. G. Morris, 184 Hughson street, presented her with a box of roses for her kindness and attention to them during their stay.

"Where do the peanuts grow?" asked the teacher. "Somewhere under the grandstand," answered Johnny.—Buffalo Express.

TEA TABLE GOSSIP.

The inquest on the Tuck infant will be held to-morrow, Thursday evening, not to-night, as previously announced.

Mrs. John Gompf and Miss Gompf have returned home from Buffalo after attending the funeral of Miss Keil.

The time of the funeral of the late Mrs. Campbell, 125 Jackson street west, has been changed from 3.30 to 2.30 p. m. on Thursday.

On Friday evening the friendly class of St. John Church spent a very pleasant time at Mrs. Riach's, Grant ave., when a miscellaneous shower was given Miss Nellie Mitchell, one of the popular members of that class.

Rev. Dr. Gavel, of Wesley Church, officiated at the marriage of Harry Hayward Love and Miss Eva Burnside Gage, daughter of Mr. and Mrs. W. J. Gage, in the Metropolitan Church, Toronto, yesterday.

Dog owners have another cause for alarm. Dog poisoners are out, as well as dog catchers. Three good dogs which do not run at large were poisoned yesterday. One of them was Victor Junor's prize winner at the recent show, his Dachshund Lady Betty.

Walter K. Hill, press representative of the great Buffalo Wild West and Pawnee Bill's Far West Shows, is in the city to-day. This strong combination will visit Hamilton for one day only, Tuesday, June 29th, giving afternoon and evening performances at the Barton street grounds.

The annual excursion of the South and Westwood Agricultural Society was held to-day to Guelph. The farmers came to this city over the suburban lines and transferred to the G. T. R., which took them to their destination. The agriculturists visited the College.

Mr. John Russell, the artist and son of Dr. Russell, of this city, arrived here from Paris yesterday on a visit to the parental home. He is the painter of the famous picture "Mother and Son," which was purchased at a high price by the Dominion Art Commissioners for the national art gallery at Ottawa.

S. W. C. Scott, son of J. J. Scott, K. C. of this city, has achieved great success in his B. A. degree at Toronto University. Only seven of the whole graduating class were placed in the first class for general proficiency, and his name was fourth. He matriculated from Highfield School four years ago.

Mr. and Mrs. Daniels, Stockyards Hotel, left last night to spend a couple of weeks in New York with friends.

Mrs. W. A. Robinson, of Stirling, Ont., is visiting Mr. and Mrs. J. H. Robinson, of this city. Her husband has been on a tour of the west and is expected to arrive in the city to-morrow.

The two dog catchers, Jimmie Lindsay and his assistant, a man named Shea, were both badly bitten about the hands while trying to capture a dog this afternoon. The animal attacked one of the men as soon as he grabbed it, and the other man went to his rescue. The dog escaped. Both men went to the City Hospital for treatment.

PURE MILK FOR BABIES.

The Board of Health Deputation Pleaded With Rochester Visit.

The Board of Health will have a special meeting this week to consider the report of the deputation which visited Rochester to get information in connection with the pure milk campaign for babies in warm weather, which will be waged here this year. Dr. Roberts is quite enthusiastic about the scheme, and will strongly recommend the board to adopt it on a small scale. Dr. George W. Goler, Rochester's medical health officer, and Dr. Joseph W. Roby, his assistant, piloted the deputation around. The laboratory and model farm were visited, and Dr. Roberts brought back samples of a very complete score card, which the Rochester department's inspector keeps, of the milk. A regulation that Dr. Goler advised Hamilton to enforce provides that milkmen must keep their milk cool, not over 50 degrees Fahrenheit. If it is over this in Rochester it is seized and destroyed. The doctor says that he has frequently found milkmen here delivering from 66 to 70 degrees. If the local Board of Health adopts the Rochester plan there will be a nurse in charge at the central station. Mothers will have to take their babies to the office, where the nurse will register them, take their weight and prescribe for them. The mother will have to call daily for the milk. Pamphlets dealing with the care of babies in hot weather will also be distributed. Dr. Roberts says he was informed by the Rochester officials that the pure milk campaign there, conducted by the city, had a very beneficial effect on all the milk dealers.

The deputation from here consisted of Dr. Roberts, Dr. R. Y. Parry, of the milk commission, William Farrar, Chairman Crooks, and ex-Chairman Quinn.

WHERE IS HE?

Walker Hendley Went Fishing and Has Not Returned.

Walker Hendley, 34 Imperial street, a 16-year-old boy, disappeared from his home last night and has not been heard of since. He took his fishing rod and said he was going down to one of the inlets to fish. He is small for his age, has a fair complexion, wore short blue pants, a shirt without any collar, a drab colored coat, and a tan cap. The son of the doctor of the 820 Radial car last night carried a boy answering this description to the Beach.

COMMENTED ON CRIME.

(Continued from Page 1.)

streets. On crossing the street to go to her home she noticed a nearabout car almost upon her. She sprang forward to clear herself of the tracks, but was struck by the car and rendered unconscious. Her legs and knees were badly bruised, her ankle and shoulder body sprained and she received permanent injuries from the accident. She said the defendants' employees were driving the car at an excessive rate of speed, without ringing the gong when approaching the corner, and her misfortune was due to this negligence on the part of the company's employees. She claimed damages to the amount of \$200, the costs of the action and such other relief as may be deemed necessary.

The defendants deny that the injuries alleged to have been received by the plaintiff were due to any negligence on their part, but rather to the carelessness of Mrs. Brown herself in not taking proper precaution before crossing the track.

W. A. Logic acted for the plaintiff and M. J. O'Reilly, K. C., for the defendants. The jury last night returned a sealed verdict to the court, which was read by Judge Snider this morning.

They found that the accident was due to the negligence of the defendants in running their car at an excessive rate of speed, and that the plaintiff had exercised due care in crossing the track. Damages were set at \$100, to which His Honor added costs.

CORNELL OR NOBBS.

The second action to be tried was that of Robert A. Cornell vs. W. R. Nobbs, a dentist, of this city. The plaintiff claims that on March 29th, 1909, he was suffering severely from two ulcerated teeth and went to defendant's office to have them extracted. Defendant examined his teeth and proceeded to operate. After two teeth had been extracted plaintiff paid defendant \$100 for his suffering because so intense that he was compelled to call in the family physician, who said blood poison had probably set in and he might have to go to a hospital. The defendant, on hearing of his condition, went to him and tried again to extract the roots, which were still there.

As a result of this operation he was laid up for a considerable time and has not yet fully recovered. He claims damages for \$200, the costs of the action and any other relief as the nature of the case may require.

The defendant claims that he used all due care in operating on plaintiff's jaw, and was not responsible for the physical condition of the plaintiff. The case was still on when court adjourned at 6 o'clock.

The actions of Joseph W. Stewart, and Foyster vs. Dominion Guarantee were laid over, and that of Lee vs. Land was also over of court.

Dr. Ross was called in this case this morning. He said he had treated plaintiff's teeth subsequent to Dr. Nobbs' operation. His opinion is that there was no negligence on the part of the defendant. The plaintiff's jaw was diseased by a long-standing abscess, and probably died before the operation took place. His opinion was that the previous disease occasioned the death of the bone, which he extracted, and that the great amount of dead bone was the cause of the serious condition of plaintiff's jaw.

In surveying the case, Judge Snider said there was no evidence he could leave to the jury. In his opinion it was clear enough that there had been no negligence on defendant's part. He therefore found in favor of the plaintiff.

MRS. WHITEHORN LOST. The action of Whitehorn vs. Canadian Guarantee was next tried. On Dec. 2 last Harry Whitehorn was killed, leaving a life insurance policy of \$250. He was formerly insured in the Central Life Insurance Company for \$500, which was changed to \$250 when the company merged with the Canadian Canadian Guardian Life. This policy was taken out on Sept. 1, 1907. The plaintiff, Mrs. Jane Whitehorn, claimed to have paid the quarterly premium of \$2.55 to defendants until the time of Whitehorn's death, and this policy is in full force and effect at that time. The defendant, she claimed, have not carried out the contract, nor any part thereof, but refused to pay the insurance.

The defendants, on the other hand, maintain that the last premium was not paid in time. They were, therefore, a breach of contract. The premium which fell due on Sept. 1, 1908, had not been paid, and the policy became void. They further claimed that the moneys payable under the policy became due and payable only with sixty days after satisfactory proof of age and death of Henry Whitehorn had been received at head office, and that satisfactory proof of the same had not been received by them, and therefore no moneys are yet payable.

Judge Snider, after considering the case, said that, although it was much against his will, as he would have liked to help the widow, still, he did not see how he or the jury could give a verdict in favor of the plaintiff. He knew of no way by which judgment could be given in her favor. If such a thing were possible it would have to come from a higher court. It was true that the last premium had not been fully paid, although there was only ten cents lacking. He therefore dismissed the case without costs.

TWO TRUE BILLS. The Grand Jury this morning brought in true bills against Edward Hughes charged with assault, and Thos. Simpson, charged with stabbing Ross Wallace.

Women, Attention!

Women as a rule are better savers than men—they have a knack of making a dollar go just twice as far as a man can.

Many men who cannot save anything themselves, very wisely make their wives the family treasurer, and upon them devolves the responsibility of putting by something for the inevitable rainy day.

The Traders Bank welcomes the accounts of women, and its officials and clerks are always ready to give them any advice or assistance they may require. Every woman, whether married or single, should have a savings account.

A few dollars will start an account. When you are down town call at our Bank and start an account. Open Saturday evenings.

WAS MURDERED. Cagliari, Sardin, June 9.—The body of Captain Boli, of the French steamer Dumbot, has been washed ashore here. The nature of his wounds convinces the Italian police that the man was assassinated and that he did not commit suicide on the bridge of his steamer, as has been reported from Marseilles.
