To-Night's Lecturer. Rev. Dr. Hemmeon Addresses Rotary Club

A very enthusiastic welcome was coorded the ev. Dr. Hemmeon, when he rose to address the members of the Rotary Club at yesterday's luncheon. In acknowledging the tribute thus paid him, the Rev. gentleman said, that in re-visiting Newbundland, he felt that he was returnng home, and will always remember No special topic was chosen by

the learned speaker. He asked that

he be permitted to make a few rambling remarks, and his address was more in the nature of a heart-to-heart talk on topics of general interest. He prefaced his remarks with a few well experiences in Canada and Bermuda. all of which were greatly enjoyed by his listeners. He dwelt at some length on the splendid qualities of slides, in the No. 1 Salvation Army that explained their warm affection the Newfoundland people-qualities for the mother Country, and incidentally, causing Newfoundland and her people to be gratefully remembered by those who are privileged to enjoy her hospitality.

In Canada, it was only natural, owing to her geographical situation. American ideas in husiness, education and religious problems, were taking root, and they could not claim the same close kinship with the Mother Country as Newfoundland. He was convinced, however that, although held their annual Christmas Concert the Canadian people might accept and in the basement of the Church last put into practice American methods, when it came to the question of the flag; they would be found true to the

If Confederation ever became a live issue in this country, he had no hesitancy in assuring the people that Canada would never give up its status as a Dominion of the British Empire, and Newfoundland, therefore, need have no fear of becoming alienated from the Mother Country, if the question of Confederation were ever considered.

In conclusion a hearty vote of thanks was tendered the Reverend gentleman by Chairman Harold Macpherson, and carried unanimously. Amongst the guests present were the Rev. Canon Bolt, Rev. Mr. Fairbairn, His Worship the Mayor, Mr. George Whiteley, Mr. W. Campbell, Dr. Smith of Glovertown, Mr. J. Leamon and Mr. Wilfred Dove.

Large Proportions of Missing Persons Finally are Found

NEW YORK, Dec. 3 (A. P.)-More and approximately 900 of them had not been located by December 31st. These figures were gathered by the National ciation of Travellers Aid Societies the number and types of persons who drop out of sight each year. Reports from 37 cities, the association said, gave a total of 31,638 men, women and children who disappeared, about 2,-500 of whom were not found.

Seeking for people who disappear is part of Travellers Aid service which protects inexperienced travellers from harm by giving advice and help at railroad stations and steamship piers, according to John R. Shillady, general irector of the national association.

"Travellers Aid workers in 160 cites helped more than 2,000,000 persons last year," he said, "saving thousands of girls from being lured off by designing individuals in crowded stations. The service helps all travellers, from mere information seek ers to those in dire emergency. Police reports show that in New York City 2,446 girls and women were reported missing in 1922, 1,652 of whom were girls under 21 years. Chicago recorded 1,549; Los Angeles 1,020; Philadelphia 1,006; St. Louis had 789; San Francisco 471 and Detroit 311. About 92 per cent, of the missing were finally located-dead or alive-but the records show that many had undergone experiences worse

Large as these figures are, they represent only about one-half of the actual number of those who actually dropped out of sight at some time during the year, in the opinion of Captain John H. Ayers, Chief of the Bureau of Missing Persons, New

"People often fall to report disappearing members of their family to us because they mistakenly fear we will bring publicity upon them, when that is the last thing we want to do said Captain Avers in a statement to the National Association. "Many also drop out of sight who have no one sufficiently interested to make a report. In our best ludgment, we feel it is fair to doubles our actual figures. figures, making a total of 4,892 women the same ratio of disappearance holds good for the United States as applies by an arithmetical computation at the total for the United States, which will approximate 60,000 girls who probably disappear annually. Of course, it must be understood that those are not permanent disappearances, as a very large per cent, are accounted Our record for last year was

The Sky's Galleons

Every Cloud Has Its Weather.

When we find nothing of particular moment to hold our attention in our earthly surroundings, a glance heavenwards may be rewarded by the pageantry of the sky-proud cloud galleons sailing along, or clouds that are like racing greyhounds, like sheep, fish, swans, fighting bears, mermaids, or angels in flowing raiment. In a street the clouds may be the only visible bit of Nature to set the fancy roaming, and conjure visions of what fine countries, what woods, meadows streams, and hills we should see if sailing in the sky's galleons. To know something of cloud-lore is to wonder why other people take the clouds so much for granted that they do not even know their names,

Cloud Names. There is a theory that if you mark the clouds one day, mark also the way of the wind and the state of the barometer and the kind of weather bred by these conditions, that weather will follow when next the same clouds gather in the same way.

Opening Announcement

We are to-day opening our Drug Store in the very centre of the business section of the city, and are prepared to fill Prescriptions and Private Recipes, to supply Drugs, Chemicals, reputable Proprietary Remedies, Toilet Articles and Preparations, and all goods usually sold in a first class Pharmacy. All our stock is new and fresh, and much of it personally selected; and we have spared no pains to obtain the very highest quality of Drugs and Medicines of all kinds. We display a carefully chosen line of Christmas goods for the season.

In making this announcement the Manager desires to thank his numberless friends in city and outports for the generous patronage and steady confidence accorded him during his many years in the Drug Business, and to assure them that in his new venture they will receive the same keen, accurate and sympathetic service which they have learned to expect from him
