in Watford. The very best supper and
program. Only 40c and 25c for children.

ON Friday evening, at a meeting held
in the armory, it was decided to form a
tennis club, and it is expected several
tournaments will be arranged for shortly
with near-by towns. A court is being put
in shape on Mr. W. J. Thompson's prop-
erty on Ontario street.

CORP. GEORGE F. MEAD arrived in
London from overseas on Thursday last
and was met there by his parents, Rev.
T. M. and Mrs. Mead, of Marshville,
formerly of Watford. Corp. Mead's sight
is much improved and it is expected he
will have a complete recovery.

GREAT preparations are being made
for the Peace Celebration and first annual
reunion of Lambton's war veterans at
Petrolia on July 1st. There will be a
monster parade a feature of which will
be captured German guns and three
bands. There will also be two aeroplane
flights, a long list of field sports, and a
concert in the evening.

HOME-GROWN new potatoes the second
week in June are a rare treat. On Satur-
day last Mr. P. J. Hughes of Watford,
presented the editor with a nice mess of
splendid tubers, grown in his garden on
Simcoe st. They were the Eureka
variety, were planted on April 15th and
dug on June 14th. This is one week
earlier than Mr. Hughes had them last
year.

Ruth will take a man along as her

did Hawker and Grieve, in case their
planes should descend before the full
distance is covered.

A Provincial Liberal Convention has
been called for June 25 and 26, to be held
in Toronto. The business of the con-
vention will be to select a permanent
Leader of the party in the Ontario House
and agree upon a platform. The basis of
representation from each constituency is
to be two male and two female delegates
in addition to the sitting Liberal member
or the last nominated Liberal candidate
where there is no sitting Liberal.

THE Napier annual garden party on
Friday, June 27th, is the usual big attrac-
tion of the season. The best obtainable
program: Harvey Lloyd, Toronto, comedi-
an; Duncan R. Cowan, Toronto, soloist;
Ladies Elite Quartette, London; Fisher's
Jazz Band, Strathroy; Dugald Leitch,
Kilmartin, bag pipes; and two Scotch
dancers. You have always enjoyed
Napier Garden Party. Come again this
year. W. H. Sutherland, Toronto,

If the Germans sign the Peace Treaty
is World Peace possible just now? Will
the signing of the Peace Treaty usher in
the Millennial Age of Universal Peace?
Has this war ended wars forever, as we
were told that it would? Can the League
of Nations make war impossible and
thus bring about World Peace? What
conditions are necessary to World Peace?
These questions of vital interest and im-
portance will be answered in the light of
prophecy at the Congregational Church,
Watford, on Sunday evening, when the
pastor, Rev. T. DeCourcy Rayner, con-
tinues his series of sermons on "Prophecy
and the Present World Crisis"; No. 2—
"Is World Peace possible just now?" You
are cordially invited to hear this message.

DESPITE the backward spring, the
grass fields are looking fine and there
will be a good average crop. Hay prom-

warmth have made the clover thicken
and grass grow rapidly. The prospect
for small fruit is splendid.

ADVERTISING LAWN SOCIALS is the
smallest item of expense. The best pro-

unless it is widely advertised. See that
your garden party is announced in these

in a fourteen-hour work day—if she
should decide to strike for a 44 hour
week.

THE first non-stop flight across the
Atlantic was accomplished on Sunday
last when Capt. Alcock of Manchester,
England, with Lieut. Brown as his
navigator, made the flight from St. Johns
Newfoundland, to Clifford, Ireland, in
16 hours and 12 minutes. The machine
used was one of the British type built to
bomb Berlin. The distance is 1950 miles
the average speed in which the trip was
made being over 120 miles an hour.

PTE. WM. MACNALLY, who enlisted in
the Pioneers in the early days of the war,
returned home on Sunday last and was
welcomed at the station by a large throng
of citizens. After going overseas he
transferred to the 18th Battalion and
while on the war front took part in
several of the big pushes. He was shell-
shocked at Vimy Ridge, but has fully
recovered. He spent nearly four years
servicing his country.

SERGEANT E. A. DODDS, son of Mr. and
Mrs. Thos. Dodds, returned from over-
seas on the Olympic, arriving in Watford
on Monday evening. His many friends
are glad to see him back after giving
three years to King and Country. Sergt.
Dodds left here in May 1916 with the
machine gun section of Lambton's 149
battalion. On arriving in England he
reverted to a private in order to get
quickly to the front and went to France
with the 12th battalion. He was gassed
at Passchendael but soon recovered.
After the armistice was signed he went

THE southern district of Manitoba,

of grasshoppers, yet without wings,
which are incubating rapidly and threat-

there being no danger of the poison
causing trouble to those who handle it.
Quick action is necessary to avoid the
loss of the crops of the entire district.

may have all things fresh and frequently.

ONE thing that we have no patience

PARENTS should be cautious about
giving their children permission to stay
out of school. Every day out is a day
lost to school work—they cannot make it
up. They will soon be behind and want
to stop school—find fault with the
teacher—say she is partial, etc., when all
the time the parent is to blame.

The cost of bringing to light some
startling statements. Witnesses exam-
ined this week testified that one Textile
Company made a profit of 310 per cent.
last year, another 72 per cent. Other
witnesses showed that the material for
suits costing \$65 to \$70 was sold by the
manufacturer for from \$14 to \$17. Before
the investigation is over an opinion can
probably be formed as to who is to blame
for soaking the consumer.

ON TUESDAY evening, Mrs. Amelia
Wright Lambert relict of the late Elijah
Lambert passed away at the family resi-
dence on Simcoe street. Mrs. Lambert
had been in declining health for some
years and on her last illness was con-
fined to her bed for two weeks. She was
a daughter of the late John Wright of
Warwick. Her husband predeceased her
twelve years ago. She is survived by two
sons, Vane and Clare and one daughter,
Florence, at home, also by her mother
who resides in Oil Springs. The funeral
took place Thursday afternoon to the
Watford cemetery.

on Saturday.

Capt. Bury C. Binks, who lately
returned from overseas, is a guest at Mr.
E. D. Swift's. Before the war he was
teller in the Sterling Bank, Watford, and
left with the 1st contingent. He had the
misfortune to lose a leg during one of
the serious engagements of the spring of
1918.

Miss Jessie P. McCormick, daughter of
Mr. and Mrs. Robert J. McCormick,
Watford, graduated as a nurse at Welles-
ley Hospital, Toronto, on Tuesday of last
week. The graduating class consisted of
twenty-two young ladies and the cere-
monies were held on the lawn of the
hospital. Miss Snively presented the
purple and white-ribboned diplomas.
The proceedings were presided over by
Sir William Mulock and a number of
Toronto's elite graced the occasion with
their presence. Miss McCormick is re-
ceiving the congratulations of her many
friends on her graduation.

Pte. W. J. Sayers, son of Mr. and Mrs.
James Sayers, Kingscourt, returned
home this week from overseas, coming
over on the transport Olympic. He en-
listed in the 149th Battalion and saw two
years' service on the war front. His
many friends welcome him home.

Mr. and Mrs. H. Grant Small and little
daughter Gwendolyn, Ridgetown, and
Miss Amy Luckham, who has been visit-
ing them, motored here to spend Sunday
with their parents, Mr. and Mrs. W. H.
Luckham, Nurse Luckham, London, and
some friends also joined them for the day.

The marriage of Blanche Worne,
youngest daughter of Mr. and Mrs. Wm.
W. Lucas, Walnut, to Mr. Harold Ed-
ward King, was solemnized at the Brooke
Methodist Parsonage on Wednesday,
June 4th. The knot was securely tied by
the Rev. S. J. T. Fortner, and they were
unattended. Immediately after the
ceremony the happy couple left by motor
for Sarnia where they took the boat for
Detroit and other American points.

The June meeting of the Brooks W. I.
was held last Friday afternoon at the
home of Mrs. Fred Atchison. In spite of
the extreme heat there was a good atten-
dance and a very pleasant afternoon was
spent. Mrs. McDonald presided. Mrs.
S. Hair gave a reading on the "Prepara-
tion of Vegetables for the Table" and
Miss Tanner read one on "The Danger
of the Luxury of Modern Living." Both
papers were much enjoyed by all, as also
were the well-rendered solos by Miss
C. and little Miss Edith Dempsey.

The National Anthem was then sung and
a refreshing lunch was served by
Miss Tanner. On Monday, June 30th, at
2:40 p.m., Mrs. J. J. Lowe, of Hespeler,
the Government delegate, will address
the Institute, in Chalmers' Presbyterian
church. Her subject "Our Aims and
Hindrances." Lunch will be served at
the close. A cordial invitation is ex-
tended to all ladies to attend this meeting.

WELL-LIGHTED LAWN SOCIALS DRAW THE CROWDS

See that your Garden Party or Lawn
Social is well lighted with beautiful
brilliant electric lights. The Delco-Light
System is especially useful for this pur-
pose and Messrs. Spalding & Morgan,
the agents for this district, are in a posi-
tion to serve any community for miles
around with splendid lighting for any
garden party lawn social, picnic or
concert—either open air or inside. The
cost is very reasonable, prices varying
according to size of lighting. Phone 53
Watford for full particulars and infor-
mation.

THE PUBLIC SCHOOL CONCERT

The Armory was crowded to the doors
Tuesday evening on the occasion of the
public school concert, which was one of
the most pleasing entertainments ever
presented to the Watford public. Almost
the entire school took part in the lengthy
program with credit to themselves and
to their instructor, Prof. Gordon, who
for the past few months has been im-
parting musical instruction for a short
time each week to the different classes.

The program opened with "O Canada!"
and the chorus "Watford Boys Are We,"
by the entire school. Other choruses
given were "The Fox Jumped Up," by
the Primary Class; "Dirty Jim," by I.
and II. Book pupils; "Hearts of Oak"
and "The British Bull Dog is Watching
at the Door" by III. and IV. Book
pupils; "Mary Had a Little Lamb" and
"The Band" by Primary, I. and II.
Book pupils; and "Three Blind Mice,"
"Men of Harlech" and "The Maple
Leaf" by the school. The primary
pupils sang a Cello Song and the Fifth
Book Girls a Lullaby. Carl A. Class and
Gordon Kelly each gave violin solos and
Mary Connolly, Eleanor Crawford and
Jack Kinnell each gave a vocal solo.
Every number was very creditably ren-
dered and when all did their very best it
could not be faulted to participate in
the remaining numbers of the program were
given by young pupils of Prof. Gordon
from Strathroy. Their performances and
their willingness to aid with the program
were fully appreciated by the audience.
Donald Wright gave a cello solo, also a
duet with Prof. Gordon on the violin, and
Jack Warriner and George Jenkins sang
several comic songs which were amusing.

The entertainment lasted about two
hours and after the national anthem was
sung the audience dispersed, well satis-
fied and extremely warm, glad to get out
into the fresh air. Mr. Chas. W. Vail,
chairman of Board of Education, ably
filled the position of chairman. Proceeds
\$80.00.

Too much praise cannot be given to
Prof. Howard Gordon for the perfection
to which he brought the children in
such a short time. The musical instruc-
tion imparted will be of inestimable
benefit to them in after life. Consider-
able credit is also due to the teaching
staff for the valuable assistance given
Mr. Gordon in training the children for
the concert.

SPECIALIST SAID I MUST OPERATE

He Took "FRUIT-A-TIVES" Instead, And Is Now in Perfect Health.

MME. F. GAREAU

153 Papineau Ave., Montreal. For three years, I suffered greatly in the lower part of my body, with swelling and bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then I heard about "Fruit-a-tives" and I bought a box. I was told to take one-half per cent. per annum in thirty equal annual instalments, by the issue of debentures to the extent of the said sum of Fifty-two Thousand Dollars.

After taking the first box, I felt a wonderful relief, and I continued to take them, and I am free of pain and swelling—and I give "Fruit-a-tives" the warmest thanks!

Ed. Howe Wisdom

After a long fight for the under dog, I was ever helped him. It was never to help him, it was to help you. I would say youth is a thing not to be grateful for, but rather a thing to be grateful for.

When anyone begins a state by saying "Candidly, I want to say," it usually prefaces some disagreeable news.

People always use the I-am-about-to-tear-myself-apart voice.

PERDITION AND FALSE BELIEF TO OVERSHADOW FACTS ANY LONGER?

When a woman who has been sick and becomes well after taking a scientific preparation—can you find the remedy must be good? I have written to you by Mrs. H. Cross, King Street West, Toronto—suffered for several years with rheumatism and could not get up or down stairs. My doctor bought me a box of Templeton's Rheumatic Capsules, and almost immediately I felt relief. The swelling went down and the stiffness left my knees. I might say that I am most everything under the sun. I am a happier and more woman now, and I cannot thank you enough for the aid T.R.C.'s have given me.

the same story from hundreds of Rheumatic sufferers. They T.R.C.'s and T.R.C.'s fixed them you suffer, try them.

BY-LAW NO. 4

A By-law to raise the sum of \$52,000 to pay for a Water System for the Village of Watford.

WHEREAS it has become desirable to provide a Water System, including Wells, Pump House, Pumping Equipment, Stand Pipe and Distributive System, for the Village of Watford;

AND WHEREAS the Municipal Council of the Village of Watford have procured an estimate of the cost of the said work, including the cost of providing material therefor, which amounts to the sum of \$52,000.00;

AND WHEREAS the proposed source of Water Supply and the works intended to be constructed have been submitted to the Provincial Board of Health for Ontario, and the same have been approved, and such approval has been certified under the hand of the Chairman and Secretary of the said Board;

AND WHEREAS for the payment of the said works the said Council requires to raise the sum of Fifty-two Thousand Dollars, and to do so intends by this By-law to create a debt upon the said Corporation of Fifty-two Thousand Dollars, with interest at the rate of five and one-half per cent. per annum, payable in thirty equal annual instalments, by the issue of debentures to the extent of the said sum of Fifty-two Thousand Dollars;

AND WHEREAS it is desirable and the Municipal Council of the said Village have determined to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of thirty years being the currency of the said debentures, said yearly sums being of such respective amounts that the aggregate amount of such instalments shall be equal to the amount of the unpaid principal at the rate of five and one-half per cent. per annum in respect of said debt shall be as nearly as possible equal to the amounts so payable in each of the twenty-nine other years of the said period, as shown in the schedule hereinafter contained;

AND WHEREAS the whole rateable property of the Village of Watford according to the last revised assessment roll for said Village is the sum of \$304,230.00;

AND WHEREAS the present existing debt of the said Village of Watford secured by debentures is the sum of \$16,872.52 and no part of the said sum is in arrears;

AND WHEREAS for paying off the principal sum of Fifty-two Thousand Dollars and interest, it will be necessary to raise in the several years hereinafter mentioned the following sums—

Being the aggregate amount for principal and interest to be paid in each and every year according to the statute in such case made and provided.

THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE VILLAGE OF WATFORD ENACTS AS FOLLOWS—

1. That the works referred to in the recitals hereto be undertaken and constructed.

2. That it shall be lawful for the Mayor of the said Municipality, for the purposes aforesaid, to borrow the said sum of Fifty-two Thousand Dollars, and to issue debentures of the said Municipality to that amount in sums of not less than One Hundred Dollars each, with coupons attached for the payment of interest.

3. The debentures shall all bear the same date and shall be issued within two years after the date on which this By-law is passed, and shall bear any date within such two years, and shall be payable in thirty annual instalments during the next thirty years after the time when the same are issued, and the respective amounts of principal and interest payable in each of such thirty years shall be as set forth in the recitals hereto.

4. It shall be lawful for the Mayor of the said Municipality and he is hereby authorized and instructed to sign and issue the debentures hereby authorized to be issued, and to cause the same to be signed by the Treasurer of the said Municipality, and the Clerk of the said Municipality, and to attach the seal of the said Municipality to the debentures. The interest coupons shall be signed by the Treasurer, and his signature may be printed, stamped, lithographed or engraved.

5. The said debentures shall be payable at the office of the Treasurer of the Village of Watford.

6. The said debentures shall bear interest at the rate of five and one-half per cent. per annum computed on the first day of January prior to the date of issue thereof.

7. The said debentures shall be payable on the thirty-first day of December in each of the said thirty years.

8. There shall be raised and levied in each of the said thirty years, by special rate on all the rateable property in the said Municipality, a sum sufficient to discharge the several instalments of principal and interest accruing due on the said debentures as the same become respectively payable according to the provisions of this By-law.

9. The said sum of Fifty-two Thousand Dollars shall be expended when raised for the purposes set forth in the recitals hereto.

This By-law shall come into force and take effect immediately upon the final passing thereof.

Passed Provisionally and dated at the Village of Watford this second day of June, A.D. 1919.
Finally Passed this... day of... A.D. 1919.
... ..Mayor.
... ..Clerk.

NOTICE

TAKE NOTICE that the foregoing is a true copy of a proposed By-law of the Corporation of the Village of Watford, to be submitted to the votes of the electors entitled to vote on money by-laws on the Thirtieth day of June, A.D. 1919, at the places in the said Village, and by the Deputy Returning Officers below mentioned, viz: Polling Division No. 1—Library Basement, John Stanger, D.R.O.; Harry Pearce, poll clerk; Polling Division No. 2—Fire Hall, Ontario St.; Jacob D. Brown, D.R.O.; Frederick J. Hughes, Poll Clerk; and a poll shall be open at each of the said places on said date at nine o'clock in the forenoon and shall continue open until five o'clock in the afternoon.

AND that the twenty-fifth day of June, A.D. 1919, at eleven o'clock in the forenoon, at the Council Chamber in the Library Basement, in the said Municipality, has been fixed for the appointment of persons to attend at the polling places and at the final summing up of the votes by the Clerk.

AND that if the assent of the electors is obtained to the said proposed By-law it will be taken into consideration by the Municipal Council of the said Corporation at a meeting thereof to be held after the expiration of one month from the date of the first publication of this notice, and that such first publication was made on the sixth day of June, A.D. 1919.

AND that any tenant entitled to vote under such By-law and who desires to so vote must deliver to the Clerk of the Municipality not later than the tenth day before the day appointed for the taking of the vote, a declaration under the Canada Evidence Act, stating the facts required by subsection 2 of Section 265 of the Municipal Act to be stated in such declaration.
Dated at Watford this second day of June, A.D. 1919.
W. S. FULLER, Village Clerk.

"DON'TS" IN USE OF MACHINE

Don't forget to oil the sewing machine frequently. The treadle and pitman should be oiled in their bearings almost as often as the working parts above the table.

Don't allow the machine to stand uncovered when not in use, as it collects dust and lint. The working parts below the cloth plate should be dusted and lint removed frequently with a small camel's hair brush. The parts above the cloth plate should be wiped often with cheesecloth.

Don't run the machine when the presser foot is down and there is no material in the machine, as this roughens the underside of the foot and blunts the feed.

Don't run the machine while it is threaded without a piece of material under the foot, as this causes the thread to knot around the bobbin and makes a big, ugly, bunch of thread on the underside of the work when stitching is begun. There is often a tendency on the part of the operator to stitch several inches after the end of the seam has been reached. This is a bad practice.

Don't pull the material while it is being stitched, as this causes a stretched, tight, ugly stitch and very often blunts or breaks the needle. The feed will take care of this unassisted and will push the material through as fast as the machine can take care of it.

This is a straw hat entirely covered with flambriated satin ribbon, with black velvet ribbon around the crown, and is regarded as an exquisite creation.

APRON IS A BECOMING AFFAIR

Tricky Thing of Pink Striped Gingham Donned by Many of the Happy Little Brides.

An apron is really a pretty and a charming thing when its artistic possibilities are considered, and it may be made a becoming affair. Usually it is the little bride who affects aprons that have charm; her morning aprons are tricky affairs of pink striped gingham, with a smart flare in the skirt part, and a coquettish little bib above the waist line—and very crisp strings that tie in a big bow behind. An elderly housekeeper would feel a bit foolish in such an apron—even though when she goes to a matinee she wears a dainty blouse quite as youthful as any the little bride would select.

The house apron of the average good housekeeper is made of checked gingham with a narrow belt band that pins at the back. This unbecomingly but extremely practical affair is donned when household labors demand protection of the gown—but you never catch the housekeeper at the front door in it, as sometimes you catch the little bride in her bewilderingly becoming pink print apron. There seems to be no good reason why every house apron should not have the qualities of grace and becomingness. Why wear checked brown gingham if pale blue chambray matches one's eyes; or blue checked gingham if something in pink print will set off one's complexion? And why a straight, shapeless apron when a really smart one with circular shaped skirt with a bib with extensions that button at the back of the neck can be obtained at modest price or manufactured in an hour or two in the home sewing room?

PART CAPE AND PART COAT

A practical and graceful garment, part cape and part coat, is among the endless interpretations of the cape that have answered the demand for spring-time wraps. It is in fact a short, full coat with flowing sleeves and a girly, having a long cape lined with figured satin hanging from the shoulders. The full collar and bands on the sleeves are of satin.

Worms in children work havoc. These pests attack the tender lining of the intestines, and, if left to pursue their ravages undisturbed, will ultimately perforate the wall, because these worms are of the hook variety that cling to and feed upon interior surfaces. Miller's Worm Powders will not only exterminate these worms, of whatever variety, but will serve to repair the injury they have done.

Charles Taylor, an old time Wroming resident, dropped dead while going to the well for a drink of water, at the home of the farmer near Oil Springs, with whom he was employed. He was upwards of 75 years of age and leaves two sons George and Albert. His wife predeceased him a few years ago.

James Brochy, employed as a farm hand by Neil McMillan, of Kintore, lost two fingers of his left hand and one finger of his right hand on Sunday afternoon while handling dynamite. Dynamite had been in use at the farm to remove stumps and an unused-portion was placed for safe keeping on a cupboard shelf, Brochy being particularly cautioned not to handle it. On Sunday Mr. and Mrs. McMillan went to Glencoe to spend the day. Towards evening they had just been telling their friends whom they were visiting about their using dynamite for stumping and their fear lest the hired man might grow too curious about the explosive during their absence, when word reached them of the accident.

Successful Baptist Gathering

A very successful and well attended annual conference of the Middlesex and Lambton Association of Baptist Churches was held at Ailsa Craig, Tuesday, Wednesday and Thursday of last week. The meetings began with the Annual Pastors' Conference of the Association. This was addressed by Rev. Robert White of Park Church, Brantford and by Prof. Jones H. Farmer of McMaster University, of Toronto. The new Conference officers for the year elected were Rev. A. J. Loveday of Oil City, president; and Rev. C. W. King of Arkona, vice-president; and Rev. Jos. Yule of Petrolia, secretary. At the afternoon session of the Women's Circles and Bands delegates, Mrs. (Rev.) R. R. McKay of Sarnia, was re-elected president and Mrs. Baldwin of London, directress. This meeting was addressed by Mrs. (Rev.) G. A. Leichter of London, the president, directress and others, and was followed by a well attended evening platform meeting. At this, Mrs. (Rev. Dr.) Cline, of Georgetown, Rev. N. S. McKechnie, of Wortley Road, London, and Mr. White spoke in stirring messages.

Wednesday and Thursday, with three sessions each, was devoted entirely to Association reports, discussions and addresses. There was a full program and a busy and practical time for the delegates. Noon and evening meals were provided by the ladies of the entertaining church and provided ample time

for social intercourse. William Pratt, Esq., of Petrolia, presided for the first half of the sessions when Rev. A. C. Bingham of London, was elected for the ensuing year and took the chair for the balance of the meetings. Each session was opened or closed with a splendid devotional and doctrinal address by Mr. White of Brantford. Other speakers were Supt. H. B. Coumans, representing Home Missions and the Interdenominational Forward Movement, Rev. Nelson, the new pastor of Forest Baptist church, on "Men for the Ministry," Rev. A. C. Bingham, annual sermon; Prof. Farmer, on Christian Education; Rev. A. A. Fanjoy of Ailsa Craig, and Rev. L. A. Terrien of Quebec, representing Grande Ligne Missions, Rev. C. W. King and Rev. H. B. Tighe of Hamilton, representing Western Work; Rev. L. S. Haverstock in a devotional address; Rev. G. A. Leichter of London, on "The Triumph of Truth," Rev. J. N. Norton, of London, on Sunday School work and Rev. R. R. McKay of Sarnia, on "The State of Religion." Mr. McKay reported that while all the churches of the Association had suffered severely from the year's unusual weather and epidemic hardships, there was along essential lines of Christian activity a gratifying progress on all the fields. Dr. E. G. Smith, the pioneer medical missionary of the denomination among the Telugus of India and others addressed an interesting platform meeting which closed a most profitable gathering for the delegates.

Palmer—Bears

The marriage of Wm. Palmer, Forest, and Miss Marjatta Bears, of Warwick, took place Wednesday, June 4th, at the home of the officiating clergyman, Rev. John Murray, Forest. They were attended by Mr. and Mrs. Jas. Moffatt of Forest. The bride wore a grey silk poplin gown with cream silk trimmings, and a Panama hat trimmed with blue flowers. She carried a bouquet of lilies of the valley. The wedding dinner was served at the home of Mr. and Mrs. Moffatt, which was prettily decorated with lilacs and apple blossoms. The newly married couple left on the afternoon train for Bay City, Mich., and other points. They will reside at the bride's home, 13 Sideroad, Warwick.

KEEP CHILDREN HEALTHY

To keep children healthy the bowels must be kept regular and the stomach sweet. Nine-tenths of the ailments which afflict little ones are caused by derangements of the bowels and stomach. No other medicine can equal Baby's Own Tablets in guarding either the baby or growing child from the ills that follow a disordered condition of the bowels or stomach. They are a mild but thorough laxative and never fail to give results. Concerning them Mr. W. B. Cooledge, Sarnia, Ont., says: "I have used Baby's Own Tablets for over three years and have found them the best medicine I have ever used for my children. I never have any trouble giving them to my little ones and they have saved me many a doctor's bill. My advice to all mothers of little ones is to keep a box of the Tablets in the house." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Sweet Odors.

From the very earliest ages man has loved sweet odors. In the Bible we read of the burning of incense on the altars and the very word perfume (under which head we may include all delicate fumes or smells) comes from the Latin fumus, smoke or vapor. The early Egyptians knew the use of the still, and adapted it to the preparation of the odorous principal from fragrant plants, but the most ancient odors were drawn from natural gums, such as camphor, myrrh and cinnamon.

INDIAN DESIGNS IN RIBBON

Colors Are Delicate and Suggest a Beautiful Panama Hat; Deeper Tones for Outing Hats.

Smart ribbons have been brought out in Indian designs for outing hats for women. While the designs are Indian, the colors are delicate and suggest a beautiful Panama hat. In the deeper tones for outing hats there are ribbons of Roman effect. The polka dot is good for hat trimming, and in larger sizes, in the wider ribbons, each dot as big as an apple.

There are beautiful things in two-tone ribbons, one side one color and one the other. Some of these are all in the pastel shades and others in deeper tones, contrasting colors brought together. Two colors are also used in beautiful quality grosgrain ribbons, these having the body and edge different with rich contrasts. Handsome broad metallic ribbons are rich and heavy, made to wholesale at \$50 a bolt of ten yards.

A ribbon, not new this year, but deep and rich in color and design, the latter Egyptian, is the Cleopatra, and a ribbon suggesting cubist art in color and design as well as the war is violet.

Ribbons in delicate colors and soft brocades in all widths are for the trousseau.

The report of Henry Conn, school inspector for West Lambton, to the county council, showed a decrease in attendance of 359 in five years and 782 in ten years.

THROUGH WITH MORTGAGES AND TROUBLE

The safety, convenience and simplicity of Huron and Erie Debentures caused a well-known farmer to recently remark:—"I am through with mortgages and trouble. I prefer your investment."

Huron and Erie Debenture-holders are spared such worries as—

1. Loss of interest while waiting for satisfactory investments.
2. The difficulty of securing dependable valuations.
3. The uncertainty about principal and interest payments being met when due.
4. Reduction in income due to repayments on account of principal, too small to re-invest.

5 1/4 per cent.
 per annum payable half-yearly.

ELECTRIC TIME SAVER WASHER

THIS IS THE SAFE WAY TO DO YOUR WASHING

Many housewives prefer to keep the washing in the home. This is the safe and sanitary way. Clothes sent out to be washed are mixed with everybody's, and come in contact with contaminated linen. Also by keeping the washing in the home you can supervise it closely and often prevent the ruin of some delicate garment. Clothes last much longer when washed in the home.

With a Time Saver Electric Washer you can easily get all the washing done in your own home. It saves three whole hours on wash day and makes the day an easy one. Both washer and wringer are driven by electric power and run for 2c. an hour. It is moderate in price. It pays back its cost in a year in the saving of laundry bills or washer woman's wages. We have a machine in the store for you. Let us demonstrate it in your home. Phone or call.

VINOL MAKES GOOD BLOOD

Positive—Convincing Proof

Many so-called remedies for anaemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain. The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

It Cod Liver and Beef Peptides, Iron and Manganese Peptonates, Iron and Amylum Citrate, Lime and Soda Glycophosphates, Cascarin.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anaemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health.

RESIDENCE—ST CLAIR STREET

A Change of Boarding Places

By S. B. HACKLEY

(Copyright, by McClure Newspaper Syndicate.)

"Let's go past Miss Cecil's house! O favver, why not?"

Ned Duncan, strolling along quiet, palm-bordered Marvin street, in the cool dusk, made himself smile at the elf that dragged on his long fine hands, but he turned back before they reached the corner on which was the rented cottage of Cecilia Reeves, the woman he loved.

Cecilia, a young milliner who took four college-girl roomers to help out on her income, bent her yellow head lower over her hellebore bed as she caught sight of his retreat. She had meant to give them some flowers when they passed. She knew he loved the hellebore. Had she offended him? she wondered.

While she puzzled, with a hurt heart, Driscoll was saying to himself: "I must keep away—I must not see her any more. The woman I marry must love my child—she must love my little Babs!"

In the fourth year of Barbara's life with him, the baby with the roguish black eyes had come to them. Then the next year Barbara died, and the baby, an elfish, whimsical, lovable thing, had tumbled up somehow, under his widowed care, and three years of his old cousin's somewhat grumpy housekeeping and nursing.

Then the old cousin had remarried, and he had shut up the bungalow with its crown of purple blossom-covered bougainvillea, and he and the child had boarded since then, somewhat to Babs' disadvantage, he thought sometimes. Then he had fallen in love with Cecilia Reeves.

He had thought she was the "mother kind" of girl (Babs loved her) until lately. Since the evening before, he was certain she was not. Then he had decided he couldn't ask her to marry him. Not that he was certain she would marry him if he did ask her, but he couldn't, anyway.

His landlady of the last month had been Miss Reeves' friend until Driscoll and little Barbara came to her boarding house, and it occurred to her that her quiet boarder, who had something to do with the management of the city waterworks system, would be an ideal second husband. Then after the evening Cecilia came to take dinner with her and her "prize boarder" walked home with her, Mrs. Akers was no longer Cecil's friend.

Somehow in the last week she had made the impression on Driscoll that Cecil didn't like children. He had come home a little earlier than usual the evening before and started to the kitchen.

"I wonder Ned keeps that child since his wife died and he has no one to care for her," he heard Cecil's soft clear voice. "I am going to try to persuade him to let me find a place for her in a home!"

Driscoll felt as though something had struck him. He turned and went upstairs. She—she didn't want him to keep little Babs—she cared so little for his baby she would persuade him to send her to a home!

The child dropped the doll Mrs. Akers had bought her that day and sprang into his arms. He kissed the eager little face over and over.

"Oh, Cecil—girl—did you think that you could persuade me to do a conscienceless thing like that?" he thought as Babs ran downstairs to tell Mrs. Akers "favver" had come.

Mrs. Akers was already aware of the fact. She had heard his step in the back hall; she knew he had heard Cecil's last remark.

"Was Miss Reeves here just now when I came in?" Driscoll asked at dinner. "I thought I heard her voice." Mrs. Akers' red lips flashed a smile. "Oh, you eavesdropper! I hope we weren't saying anything bad. Oh, yes, we—Cecil was saying something about Babs, wasn't she?"

As Driscoll lifted the child to her chair Mrs. Akers, noting his set lips, felt that she had scored. Who was to tell him that Cecilia had been speaking of old Ned Mount, a destitute cripple who persisted in keeping his tiny orphaned grandchild in dirt and squalor? Not she!

That evening when the little girl slept Driscoll got out that other Barbara's picture, a thing he did not often do—much as he had loved her—since he had come to love Cecilia.

"The house of the heart has many chambers, Barbara, dear," he said to the picture, "and I wanted to put that other girl in the one alongside the one in which you stay, but oh, Barbara—Barbara—I love her! But she doesn't love the child—I daren't ask her to come, Barbara!"

The evening after she saw Driscoll

turn away from her gate, Cecilia went to the theater with Lucien Glover, a faithful admirer whom she particularly detested, and sat near Driscoll.

Driscoll, moody and unhappy, pretended interest in the play, but he had but one thought. Glover had no right to buy her her favorite Richmond roses—he himself had done that so long!

Two weeks later came the day of the annual rose carnival. Little Babs, wild with excitement, went to see the parade in the care of Mrs. Akers. That lady, engrossed in the conversation of a gossiping friend, gave the restless child but scant attention.

Seeing Cecil seated above her, the little girl climbed to her and leaned confidently against her. Cecil squeezed the plump little body to her, and kissed the witching little face.

"Favver won't bring me to see you any more," she whispered; "he fink you don't like little girls!"

Cecil's head grew hot. Had Elsie Akers put that and other ideas in his head?

Little Babs danced away, but in less than five minutes Cecil heard her scream of terror. She sprang to her feet.

"My baby! My baby! Where are you?" Then she saw the child—her light dress blazing. Somebody had dropped a piece of burning paper. A mist swam before Cecil's eyes, but she shook it away and flung her tan woolen cape around the child.

"It's all out—the little girl isn't hurt!" she heard somebody saying. Then everything grew dark before her. That evening Cecil, waited on like a queen by her four college girls, frowned a little when the doorbell rang.

"If it's that Lucien Glover," she told them, "tell him I'm asleep, anything—only send him away."

But it was Driscoll that came in. He started to take her hands, but seeing the bandages, turned very white.

Cecil smiled tremulously in his troubled face. "Don't feel bad," she told him, "my hands are only blistered a trifle. The doctor says they'll be healed in just a little while. How is my—how is Babs?"

"I left her asleep," he answered. "She isn't hurt at all. She begged me to bring her to you."

"I suppose," she held up her head, "you told her I didn't like little girls. What have you heard me say, Ned Driscoll, to make you think me that kind of woman?"

He colored hotly, but he told her, and of Mrs. Akers' subsequent remark. With flaming face Cecil explained.

"I'm ashamed," he said presently, standing before her, full of contrition. "Oh, Cecil, I'm ashamed to tell you what is in my heart! Forgive me. I need—"

Her eyes twinkled. "I think you need a change of boarding place!"

"No," he said, "I need to be in my own home with the girl of my heart; but when I think what you must have thought of me these unhappy two weeks, I'm afraid—"

"What's two weeks?" She leaned toward him. "Oh, Ned, what's two weeks out of a lifetime?"

Then, very carefully, so as not to hurt the blistered hands, he took her in his arms.

Like a Grip at the Throat. For a disease that is not classed as fatal there is probably none which causes more terrible suffering than asthma. Sleep is impossible, the sufferer becomes exhausted and finally, though the attack passes, is left in unceasing dread of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful curative agent. It immediately relieves the restricted air passages as thousands can testify.

THE MAKING OF A FAMOUS MEDICINE

**How Lydia E. Pinkham's
Vegetable Compound
Is Prepared For
Woman's Use.**

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

LATEST IN FARM FENCES

Posts of Wood, Iron or Cement Can Be Used.

Important Factors to Be Considered Are Cost, Durability and Service—How to Lengthen Life of Fence With Undue Costs.

(Contributed by Ontario Department of Agriculture, Toronto.)

BLESSED is the farmer who, conscious in the security of his fences, can leave home on a day's business, or retire to rest at night, without anxiety as to possible depredation committed by straying cattle, or his own stock, to corn, roots, or grain, during his absence or rest. Brush, stump, and stone fences—relics of bygone days—can still be seen here and there, but are rapidly disappearing, and are being replaced with modern up-to-date woven wire fences that are built, not with the idea of the smallest possible initial cost, but with forethought for the future, remembering that quality and material as well as the design and construction of post fences are elements that determine its life and service.

The prime factors in a fence are fair cost, durability and service. The annual up-keep of fences is considerable, and to the farmer a material that will do away with the expense of repairing, replacing, painting, or other forms of maintenance, should strongly appeal to him as representing true economy, almost regardless of first cost. The opportunity for economy is found, first, in using the kind of posts which, taking into account both cost and durability are cheapest in the long run. In setting a post which will have comparatively short life, he loses not only through having to buy new posts, but also because of the additional labor involved in removing the old and setting the new one. There is, however, great difference in the lasting properties of different woods. The average life of a fence constructed of wood posts cannot be safely figured as greater than 8 or 9 years. For length of service cedar and white oak outlast all other woods. By treating the posts with creosote, coal tar or charring them, the life of up-keep might be materially lessened.

That the end or corner posts bear all the strain, and are the foundation of the fence, is common knowledge to every experienced fence builder. They must, be well anchored, rigid and strong, and so constructed that they can be depended upon to give proper service at all times, and under all conditions. The foundation carries the strain and must, therefore, be absolutely solid and permanent, so as not to permit the fence to sag.

The setting of wood posts in cement as commonly practiced is not conducive to the longevity of the post, because a water-tight union between the post and the concrete is not secured, and ultimately decay sets in. By far the most effective way is shown in diagram (Fig. 1). The post is first notched as shown in sketch, and the concrete worked well into the notch. This sheds the water trickling down the post, and cannot possibly get between the post and concrete, and the life of the post is considerably lengthened. A post concreted in this way, and kept painted, is practically immune from decay.

However, every locality differs in the material used for fence posts—wood, steel and cement are all used. The supply of farm timber available, or the prices and condition of the local market for the other commodities determines largely the fence post used. One of the most important factors in the construction of steel posts is the anchorage. The end and corner posts, and line posts (Fig. 3.) should be set in concrete whenever possible, as in that way best results and maximum efficiency and service will be secured (Fig. 2).

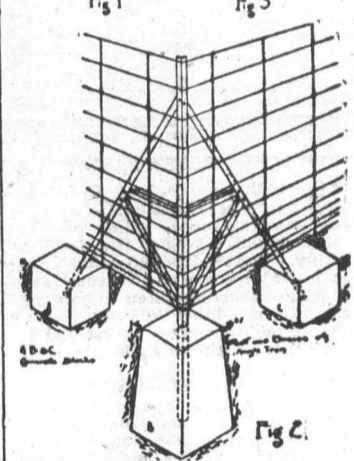

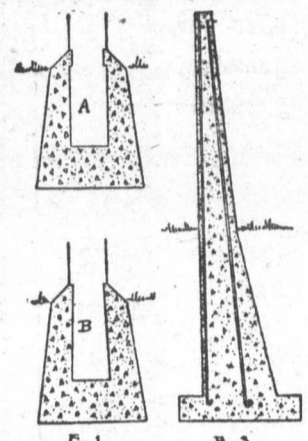

A steel post cannot possibly give complete satisfaction, no matter how lasting the material itself may be, if it is not strong enough to withstand the use to which the average fence is subjected. It must be capable of resisting and sustaining shocks without bending or breaking.

Concrete fence posts properly reinforced and made from suitable materials, carefully selected and proportioned, should last indefinitely, and are, therefore, a good investment. Considerable variety of surface finish and ornament, limited only by the skill of the individual worker, can be given to the concrete corner, gate, and line posts (Fig. 3.) Large heavy wires not lighter than No. 9 in woven wire fence are much more durable than finer wire, and a lasting improvement for the farm. Hinged joints in the stays make the most substantial union, so that under pressure, the stays forced out of alignment will spring back when released. Triple tension curves in the wire fabric will not be pulled out by the stretching process, and will allow for sufficient contraction and expansion. Sound and rigid posts and proper stretching of woven wire fences are the first considerations in fence building. Regardless of the type of

posts, or the height or make of a wire, the farm which is fenced stock-tight is a valuable and money making farm in any section of the country.—Prof. John Evans, O. A. College, Guelph.

Cultivation and Drainage Pays.

Loosening up a soil by cultivation increases the pore space, and with loams, mucks and clays this increases their power to absorb and retain water while at the same time allowing more free air space. Drainage also makes a soil more porous, thereby producing the same results. Coarse sands retain less water when loose than when compact.

"Just can't work any more. I'm faded, jaded; over-worked woman, with pains here or there; should ask her neighbor for advice. Ten-to-one she was dragged down by the pains and ailments of her sex; and was completely cured by that temperance tonic made from wild barks and roots, and known for 50 years as Dr. Pierce's Favorite Prescription. When a woman complains of back-ache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this 'temperance' herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets of liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size for 10-cents.

TORONTO, ONT.—"Dr. Pierce's Medicine has been a wonderful help to me and I recommend it in hope that others may be benefited by its use. When I was a girl I was always delicate. My mother thought she could never raise me. As I got older I grew worse; doctors said I would have to have an operation. I suffered at times untold agony. My mother started giving me 'Favorite Prescription,' and it finally cured me of all my trouble. After I married I used it again. My children are all healthy and strong. This medicine did wonders for me, saved me much suffering, and I can highly recommend it to weak women or those raising a family."—MRS. A. W. TOBS, 118 Tecumseh Street.

COMMUNICATIONS.

[We do not hold ourselves responsible for opinions expressed by correspondents.]
Provo, Utah, U.S.A., June 8th, 1919.
Editor Guide-Advocate, Watford, Ont.
Dear Sir:—Upon my return from our annual conference at Salt Lake City, I found awaiting me your paper, also a card from the relatives, announcing the death of our friend, Mr. Joseph S. Williams, sometimes known as "the Old Pioneer"; he has been our correspondent from the old spot (Watford), where my wife was born, and where they played together in their happy innocent childhood—he was lifted up onto the night wagon wheel to kiss my wife, then a little child, good bye, as she with her parents were leaving for far away Utah in 1846. And now he has been our faithful, kind correspondent for many years past, writings us descriptions of the old town, telling of the pioneer days, with maps and charts descriptive of the old John Park clearing, for which his eldest son, here in Utah has the parchment certificate, granting the land by the sanction

of Queen Victoria to John Park, (your grave yard and fair ground is upon the land he once owned), telling us of our relatives and old time friends of the family. By this kind attention he has endeared himself to us his genial happy style as a writer has been interesting to us, and denoted that the writer possessed an admirable character, honest and true to all that constitutes a Christian gentleman.
His service as a bridge builder, here in Utah, brought the two great railroads into union fifty years ago, at the north end of the great inland sea, Salt Lake. We have photos of his home and family, a part of your town with a spot marked where his mother and my wife's milked their cows. His letters did not denote a man of superior education, but the quaint style to the old Pioneer days was very pleasing to us.
In his last letter (Nov. 12, 1918) he told of his physical ailments, and fearlessness of his impending death, he wrote plainly, "that it would be the last letter he would write me," and so it was. Showing that he did not fear the end, but was ready to face the order assured that he had done his duty in all that pertains to the high ideals, as husband, father and friend. May the memory of his virtues make us the better for having known him.
Very respectfully,
ALBERT JONES

East Lambton Women's Institute

The annual meeting of the East Lambton Women's Institute was held in the Methodist church, Watford, on Thursday afternoon, June 12th, with an attendance of about 75. The President, Mrs. Campbell, in the chair. All the branches were represented. After the opening ode minutes of the last annual meeting were read and adopted. The President spoke of having visited several branches during the year. The Inwood and Aberarder branches have been re-organized for work. Each branch gave a three minute report of the work done during the year showing great activity in Red Cross work as well as the usual Institute work. The report of the Queen Mary fund was read by Miss Rawlings, showing that the branches had forwarded their apportionment, \$7.70, amounting to \$100, which maintains the East Lambton Women's Institute cot at Queen Mary Hospital for consumptives, providing care for one child for one year. Receipt acknowledging cheque for \$100, with thanks, was read.

On motion of Mrs. Morningstar, sec. by Mrs. Buchanan report was read and adopted. Auditor's statement was read and adopted.
Officers were elected as follows:—
Honorary Pres.—Mrs. A. B. Connor; Pres.—Mrs. Jas. Lawrie, Theford; Vice-Pres. (N)—Mrs. Wells, Jericho; Vice-Pres. (S)—Mrs. Darville, Alvinston; Sec. Treas.—Miss Dier, Forest.
Mrs. G. Walters and Miss Tripp were elected auditors. The President and Sec. Treas. were appointed to represent the district at the convention to be held in London in the fall. Instrumental music by Miss Moore was much enjoyed. The report of the convention held in Toronto in February by Mrs. Lawrie was most interesting. The funds for the District President to visit the different branches was discussed and it was moved by Mrs. Courtright, sec. by Mrs. Houston that \$2.00 be contributed from each branch for that purpose.—Carried. Also that the Vice-Presidents from the North and South assist the President in visiting the district. Miss Dier was appointed representative to attend the next annual Convention of the E.L.W.I. in Toronto. The representatives of conventions thus chosen, one from each district, will be given power to elect from among themselves and the present executive the seventeen persons who will constitute the membership of the federation. A duet by two young ladies was much appreciated. District Directors were formally elected as follows:—Aughrim, Mrs. Jonas Cox; Arkona, Mrs. H. Rook; Alvinston, Mrs. N. A. McLean; Aberarder, Mrs. W. B. Jardine; Brooke, Miss M. Willoughby; Florence, Mrs. D. Buchanan; Forest, Mrs. A. F. Steele; Inwood, Mrs. Courtright; Jericho, Miss G. Moore; Shetland, Miss E. Elliott; Theford, Mrs. John Houston; Uttoxeter, Mrs. G. Dodge; Warwick, Mrs. J. Robinson; Watford, Mrs. J. Humphries.
The resolution committee's report presented by Mrs. Morningstar comprised, —1st, that we wish to record grateful appreciation to the ladies of Watford; 2nd, to the trustees of the church for the use of the room to hold the meeting; 3rd, we wish to extend our sympathy to the Watford branch in the loss of an active member; 4th, grateful thanks to Mrs. Lawrie for her address, "The report of the Toronto convention;" 5th, to Miss Rawlings as Convener of the Queen Mary con. fund; 6th, to the retiring officers for their efficient work. Meeting adjourned by singing the National Anthem.

ROSY CHEEKS AND GOOD HEALTH

Come Through Keeping the Blood in a Rich, Red and Pure Condition.

When a girl—or a woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath easily and her heart palpitates after the slightest exertion, or under the least excitement, it means that she is suffering from anaemia—thin, watery blood. Headaches and backache frequently accompany this condition, and nervousness is often present.
The remedy for this condition is to build up the blood, and for this purpose there is no medicine that can equal Dr. Williams' Pink Pills. They build up and renew the blood, bring brightness to the eyes, color to the cheeks, and a general feeling of renewed health and energy. The only other treatment needed is plenty of sunlight, moderate exercise and good, plain food. The girl or woman who gives this treatment a fair trial will soon find herself enjoying perfect health. Mrs. Hiram Sheek, R. R. No. 1, Lyndhurst, says:—"I cannot speak too highly of Dr. Williams' Pink Pills, for I believe they saved my daughter's life. She was in a terribly run down condition, pale, wan, and despondent, and people who saw her considered her in a decline. The doctor who treated her did not help her any, and then I decided to give her Dr. Williams' Pink Pills. This decision proved a wise one, for before six boxes were used she was much better. I got six more boxes, and before they were gone she was in the best of health. When she began the use of the pills she weighed only 90 pounds, and under their use her weight increased to 127 pounds. I strongly urge all mothers of weak girls to give them Dr. Williams' Pink Pills."
You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
