An echo of a former trouble in the fire department was heard yesterday in the assizes before Chief Justice Meredith, when W. MacPherson, late fireman, was suing Dr. Skinner Gor-don for \$1,000 damages for libel, al-leged to have been contained in a let-ter sent by Dr. Gordon to Capt. Jones, of the fire department. At the sug-sestion of T. Phelan, counsel for de-fendant, a letter of apology was sign-ed in court by Dr. Gordon, which was accepted by plaintiff, and Chief Jus-tice Meredith dismissed the case, each party to pay their own costs. The fol-lowing is the letter: "I beg to state that in writing the letter of November \$, 1917, to Capt. Jones, it was never my intention to charge that-the plaintiff was guilty of any mimoral conduct, and I had no reason to believe that the plaintiff was guilty of such conduct. I regret if any annoyance has resulted to the plaintiff from my letter." (Signed) E. L. Skinner Gordon. This is the second action arising of this case. It will be remember.

It is so easy, when you guess, to be wrong, and the result is so annoying to the person called in error. The operator gets the blame, whereas she has simply called the number asked for.

# Woman's Outlook on Canada's Future

THE splendid spirit and patriotic endeavour of Canadian women has been one

of the outstanding features in Canada's war effort. They have unsparingly given of their time and energy in the interest of the Red Cross and innumerable other activities which have come as a result of the war.

Thousands of Canadian women have been anxious to devote part, if not all of their time, in directions where their work would prove of advantage.

Registration will be the means of bringing to these women the opportunity they have desired. The purpose of registration is to learn the exact capabilities of Canadian men and women, and the information gained through registration will make it possible for Canada to direct effort from less essential to more essential occupations and to widen the scope of woman's usefulness.

## **Every Woman**

On June 22nd, every woman of sixteen years and over must attend at one of the places provided for registration between the hours of 7 a.m. and 10 p.m. and there truthfully answes all questions set forth upon the registration card. Failure to register means heavy penalties-as Registration is law.

## Volunteer Workers Needed

The registering of 5,000,000 people in one day is a stupendous task, and voluntary helpers are urgently needed. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help. The Board appeals with confidence to the patriotism of every Canadian

woman and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants.

Those willing to offer their services should apply to the Registrar in their district.
