

terrible war in history had been brought to a conclusion. It was now members of the Canadian parliament were asked to ratify the peace treaty which had terminated it.

Before referring to the length to which he wished to mention the visit of the Prince of Wales and to express the pleasure which it gave him, the coming of the prince, he said, was a timely one. "We over here," said Dr. Whidden, "are but new-world Britons. The Prince of Wales is an old-world Canadian." His visit would tend to interpret to the people of Canada the significance and advantage of British institutions and traditions. A democratic people was receiving a democratic prince who was a product of the most democratic empire in the history of the world.

Cure for Industrial Unrest.

The present session, said the speaker, would probably be known as the peace treaty session. The signing of the peace treaty to the world and Canada was an important one. As a cure for industrial unrest he advised the adoption of the principles for which sixty thousand Canadian soldiers lay dead in Flanders and France. The member for Nanaimo, B. C., Mr. J. C. McIntosh, in seconding the adoption of the address, expressed first the regret that would be felt through the country at the loss of the services of Sir Thomas White as finance minister. His place had been taken by Sir Henry Drayton who, Mr. McIntosh thought, would not doubt repeat as a member of the government, his successful career as head of the railway committee.

Borden Behind Labor.

Mr. McIntosh turned to the peace treaty, paying particular attention to the labor clauses. These, he said, had been conceived and written by Sir Robert Borden, and Mr. McIntosh felt that labor in Canada and throughout the world need have no fear of the mind and hand of the personality behind these principles.

He felt that these clauses should be made effective in Canada by immediate legislation. The necessity for such already had been shown, for the nightmare of unemployment must be removed from the minds of the laborers. Mr. McIntosh expressed the hope that labor would soon have much greater representation in the house, as he felt that this would, in a great measure, make for stability in the nation.

The work of the board of commerce was given high praise, and the speaker felt that while his criticism was directed in great measure to the lack of production during the war years, there had also been much profiteering, and the board of commerce must be on guard to check these practices.

McKenzie and Peace Treaty.

Mr. D. D. McKenzie, who followed, congratulated the mover and second on their members on his side of the house and Liberals generally in the west, being accorded to H. R. H. the Prince of Wales.

Dealing with the peace treaty, Mr. McKenzie said there was in it a suggestion of changes in the relationship between Canada and the motherland. He urged that extreme caution be exercised before any changes in relationship were agreed to. He moved the adjournment of the address.

When the premier rose to speak Sir Sam Hughes asked for a copy of the debate to be adjourned, Sir Robert said he expected it would be resumed very soon.

Bureau Protest.

Hon. Jacques Bureau protested against taking any definite action on the treaty before members had been given an explanation of it and an opportunity to consider it.

Sir Robert replied that it was only reasonable to give members time to consider the treaty.

D. D. McKenzie explained that he had agreed with the prime minister to an adjournment of the debate after his statement.

Sir Robert Borden then moved that it was expedient that the parliament of Canada approve the peace treaty and the protocols attached thereto.

Premier's Presentation.

In opening his address, Sir Robert said that we were still too near to the tremendous events of the past five years to realize their full significance.

Dealing with the need for ratifying the treaty, Sir Robert said the pledge had been given that this treaty would be submitted to parliament and this pledge was now fulfilled. There is, he said, the greatest urgency for securing ratification at the earliest possible moment. The period within which Germany shall carry out many of her undertakings dates from the past five years, and it is anticipated, said the prime minister, "that we will ratify in a short time, and we have been urged to expedite to use every possible expedition in having the treaty considered in Canada." The bill making provision for carrying into effect the terms of the treaty so far as Canada is concerned would afford an opportunity for such further debate as might be desired.

Allies Arraign Kaiser.

That part of the treaty dealing with penalties was summarized by Sir Robert as follows:

"The allied powers publicly arraign William the Second of Hohenzollern, formerly German emperor, for a supreme offence against international morality and the sanctity of treaties. A special tribunal will be constituted to try him, composed of five judges, one appointed by each of the five allied powers, who will address a request to the government of the Netherlands for the surrender of the emperor in order that he may be put on trial. Further the German government recognizes the right of the allied powers to bring before military tribunals persons accused of having committed acts in violation of the laws and customs of war. Such persons as are found guilty shall be sentenced to punishments laid down by law. The German government agrees to hand over to the allied powers all persons charged with having committed such acts."

PRINCE IS DUE IN NORTH BAY TODAY

North Bay, Ont., Sept. 2.—If the weather of tomorrow is like that of today it will be right royal weather for the reception of his royal highness the Prince of Wales. The citizens are busy decorating along the line of route. The business portion of the town is ablaze with flags, bunting and welcome streamers.

THE MIRACLE.

"She's a wonder, that quiet little woman over there."
"Why, what's she done?"
"I told you, she's quiet."

YORK COUNTY AND SUBURBS

LEASIDE EARLS COURT

WIRE CO. HOUSES BUILT UNDER ACT

Canada Wire and Cable Make Use of Housing Commission.

"The desire of the newly-formed Leaside Housing Company to provide houses for the employees of the Canada Wire and Cable Company and to develop the town," said John F. Bell, a member of the Leaside Housing Company, "is a very laudable one. The company was formed to operate without profit under the Ontario Housing Act to build houses and sell to the employees and others on a 20-year term."

At the present time the Canada Wire and Cable Company has 30 houses erected, six-room structures, the majority of which are occupied by the families of employees and others in an incomeless condition.

The unfinished houses will be ready for occupation as soon as possible, and an additional 20 houses will be built shortly. These houses will be detached with detached solid brick dwellings with furnace, water, electric light and thoroughly up-to-date, and will sell at about \$3,500 to \$4,000. Mr. Bell also pointed out that the town possesses its own water and sewerage systems.

The houses will be erected on the Canada Wire and Cable Company's own land situated on Randolph road, Aldridge road, and the road between the latter and sections of the town. It is not proposed to cluster the houses, but to build several designs. Uniformity in building will be strictly avoided.

The question of transportation between the city and Leaside has also been considered, and an hourly jitney bus service, with a six-cent fare between Leaside and Farnham avenue, along Merton street, has been arranged. The first bus will leave Farnham avenue at 6.30 a.m. and the last bus at night will leave at 11.30.

It is the intention of the company to spend \$100,000 as a commencement, and the houses will be sold on the following payments: 10 per cent of the purchase price; 10 per cent per annum on the sinking fund; and 5 per cent interest.

The directors will consist of five members, two of whom are employees of the Canada Wire and Cable Company, elected by unanimous consent of the residents. There will be no salaries attached connected with the housing company, and the advancement of the board will be the object of the board.

Mr. Bell further stated that there are 200 workers employed at the Canada Wire and Cable Works engaged in the manufacture of all kinds of electric wire and cable.

At the present time five houses are being erected for five foremen at the works on the west side of Hanson road. The two big industries of the town, the C. W. R. and the Canada Wire and Cable Works are the nucleus of a prosperous community," said Mr. Bell.

FALL FAIR ENTRIES FULL OF PROMISE

Fanciers and Gardeners Ready to Make Unusual Display.

Marquees and tents are now about to be erected on Royal Park for the coming fall fair and the wiring is also being placed. At the regular meeting of the committee held last night reports were made of a large number of entries in the poultry, vegetables, pigeons, rabbits, etc., far exceeding the number of those made at the fair of last year.

The decorated arch erected in honor of the Prince of Wales' visit will be taken down and placed at the entrance of the fair grounds on St. Clair avenue. The midway will be decorated with flags and bunting, and a large number of trophies and war souvenirs will be exhibited from Earls Court, Silverthorn, Fairbank, Oakwood and Eglinton. President Alex. MacGregor has arranged to have some very fine specimens of tomatoes, turnips and other vegetables. Friday will be Show Day, when Dr. E. R. Smith will judge the fifty or more babies already entered and for which there are many prizes in silver cups, medals and products. Applications for entries are coming in from all parts of Ontario and the committee is kept busy sending out the prize lists.

Sinking at Scapa.

One of the special features in the side shows will be the sinking of the German fleet at Scapa. "Flow, Children's Day" is to be given by the bands of the Salvation Army, the Governor-General's Body-Guards and the Veterans' (all overseas men). Arrangements are being made for taking care of 50,000 visitors on the ten acres of land comprising the Royal park.

PUBLIC SCHOOLS OPEN.

The opening day of the public schools in the Earls Court district was made a busy one. The occasion of special address by the principals and teachers. Earls Court missed the morning of the opening of the schools three months ago, as the streets in this section, the school attendance is reported as normal.

BACK FROM SERVICE.

A recent arrival from the front and now located in Earls Court is Lieut. W. A. Young, late member of the Toronto University Overseas Training Company. Young was placed on transport duty with the 20th Machine Gun Battalion and served in Russia for over twelve months. He joined the forces in 1917 and was formerly captain and adjutant of the Royal Bank. He is now engaged in the music business on St. Clair avenue.

KEW BEACH SCHOOL ACCOMMODATION.

Kew Beach Home and School Club will consider the question of additional school accommodation at their next meeting, owing to the large number of new pupils entered on the rolls after reopening yesterday.

A new building was laid in the playground by the education authorities during the summer holidays.

HOUSING ACUTE.

The housing situation in the Beaches district is in an acute condition at the present time, and no means are being taken by the civic authorities to remedy the matter according to the complaint of a prominent lady of the Toronto district. A month is being asked for rent of a small bathroom flat, she stated, "and as many as eight and ten people are living in small houses with accommodation for not more than four persons, owing to the dearth of houses."

On Kew Beach avenue a number of duplex houses recently erected rent for \$45 a month, the tenants finding their own fuel for heating. The houses, a small street running off Woodbine avenue, a row of five houses are all rented at \$25 a month. Something will have to be done to remedy conditions in this section before the cold weather sets in," is the opinion of Beach residents.

DOWNSTOWN CHICKEN THIEVES BUSY.

Chicken thieves is at present rife in the Downtown district, according to the statement of R. G. Elliott, principal, who pointed out that an extra portable room, and another had a large patch of corn stolen, together with several chickens.

The police have been notified, but no arrests have been made up to the present.

RIVERDALE BIBLE CLASS GARDEN PARTY.

Rev. A. A. Kelley's Bible class will hold their annual garden party on the lawn of Rhodes Avenue Baptist Church tomorrow evening. A good musical program will be contributed by local talent.

BEACHES BACK FROM HOLIDAYS.

Rev. A. T. Addison, pastor Beach Avenue Methodist Church, who has just returned from Georgian Bay, after the summer vacation, will preach at both services on Sunday next.

OWENS-GUINN WEDDING.

A quiet wedding took place at Alhambra Avenue Presbyterian Church on Saturday afternoon, Aug. 31, when Ada Annetta, daughter of W. R. Owens, was united in marriage to Richard Guinn. The bride, given away by her brother, wore a navy blue suit and picture hat to match and carried a bouquet of Sweetheart roses. Rev. John G. Reid officiated in the absence of the pastor. Rev. J. Edwin Reid.

The groom's gift to the bride was a heirloom pair of earrings. The happy couple left immediately for Buffalo and their father's home.

MOVING DAY FOR EX-KAISER.

Amsterdam, Sept. 2.—The Handelsblad says the baggage of former Emperor William of Germany will be transported during the coming week from Germany to Doorn, Holland, where the former emperor has purchased an estate and purposes to reside. The train, the newspaper adds, will be a special one of five cars.

GEORGE WITH A DISTINGUISHED NAME OF EVERY PLANE.

SAYS BILLY SUNDAY

Baseball Preacher Has Many Good Words for the British Navy.

If the 7000 to 8000 people who went to the Arena yesterday afternoon to hear Billy Sunday expected to hear a great and convincing address on the subject of prohibition, they must have come away with a distinct feeling of disappointment, as Mr. Sunday talked less on the subject of temperance than he did on anything else. Mr. Sunday was engaged presumably to speak on the referendum question, and a big gathering was organized to listen to his views on that subject. But in his own peculiar way Mr. Sunday gave a lecture on the late war, and slated the late German empire and its late emperor; he spoke an eulogy on the British Empire and the English navy; he lauded the Canadian soldiers to the sky, gave praise to General Currie for his leadership, and held out a welcome to the Prince of Wales when he crosses the border. But in regard to prohibition—the real object of the meeting—we'll let a very bad sixth place in Mr. Sunday's speech. The general idea of the speech was to take the late German empire and all the bad deeds of its rulers and draw an analogy to the detriment of the drink traffic.

One of Billy Sunday's methods is to drive home his point by shocking his hearers. He resorted to this practice several times in the course of his speech. From the noticeably pained look in the faces of not a few of those present, he did not please all when he said that church members that voted against prohibition would fill hell to their feet would stick out of the windows.

Good Crowd Present.

The big Arena was fairly full when Mr. Sunday, accompanied by Mrs. Sunday, at 2.30 p.m., entered the building, and quite two-thirds of the audience was composed of women and children. The north end of the building was but sparsely peopled and when Mr. Sunday began to speak nearly all these people moved out to find seats—some of them in the more crowded part of the building. However, made so much noise in transferring themselves that Mr. Sunday had to cease speaking for some minutes. Whether or not the authorities or the organizers of the meeting feared trouble, it would be difficult to tell, but large representations of the police force were in the building, and a mounted force of constables outside. There was no work for them to do. The meeting was as peaceful as such meetings should be.

In speaking of the Prince of Wales, the mention of whose name was deemed to be a violation of the law, Mr. Sunday said that when he crossed the border they would give him the welcome hand, and make Toronto the most wonderful city in the British Empire and the British navy. He said he would sooner be sleeping the grave under a British flag than riding in a Pierce-Arrow under the German flag. The world has got to yank its hat off to the British navy, he said, and the United States seaports would now be in ruins if it had not been for the British navy.

In concluding his address, Mr. Sunday advised all his hearers to vote "No" to all four questions, and then Ontario would be an Eldorado to live in. He closed with a prayer in which he asked God to bless, amongst other things and persons, Mayor Church, Toronto editor and reporters. His temperance cause.

Among the most outstanding phrases in Mr. Sunday's address were the following:

"I am facing the same conditions in fighting the liquor traffic as in the war."

"If the liquor traffic had their way the world would be dead-eyed, muttering, stinking, vomiting place."

"America today is so dry that a man must prime himself before he can spit."

"I never mention the saloon business without feeling I want a disinfectant."

"The liquor traffic today has the same rates of wound, death or downfall which Germany preached. It is seeking control of politics and every other interest."

"In places where the liquor traffic holds sway, the women didn't smile, and the children did not sing."

"The liquor traffic spares neither the rich nor the poor."

"Germany made a world that might have been a paradise into a seething cauldron of hell."

"The Anlie branch of the G.W.V.A. has elected the following officers: Comrade F. Stradwick, president; Comrade J. Bryant, first vice-president; Comrade J. Lott, second vice-president."

"Guy Zinn, heavy-hitting centre-fielder for the Shagmets, escaped the heavy hand of the law today when Alf Strouger, Michigan-Ontario umpire, withdrew a charge of assault."

"Assaulting Charles Adam with a jack resulted in Mordcaul James being fined \$200 or four months in jail when he appeared before Judge Gauld in the criminal court this afternoon. The fine will be paid, and \$150 will go to the plaintiff."

the heir to the Austrian throne in 1914, he said: "The lobster should have been croaked before."

God is always ready for any thing. God has never struck out. He's never been found napping and he can hit the ball to the centre field fence every time.

Did you ever hear of a man committing suicide from drinking ice water or butter-milk?

Every good wife's interest was in the matter, and she was except the underworld.

John Macdonald was chairman of the meeting. Before Mr. Sunday spoke Dr. Grant made an appeal for funds in aid of the referendum committee. The chairman of the organization committee was the Rev. Peter Bruce and Gilbert Agar secretary. The Paul Rader choir rendered the music before the meeting.

PLENTY OF SUGAR, SAY REFINERIES

(Continued From Page 1.)

their export contracts, said: "Our last export contract was made some time during July."

Judge Robson: "How many permits have you outstanding now?"

"I do not think we have any. We have applied for one export permit that has not yet been granted. I should like to see you still under contract to export?"

"Between 10,000 and 11,000 tons; about 1,000 tons goes to England, the balance to France."

As a solution of the difficulty J. W. McConnell of the St. Lawrence Sugar Refineries suggested that for the next two, three or four weeks each refinery should turn in a large quantity of sugar into the domestic trade and to that extent shut down all export orders.

Exports Caused Shortage.

"Conditions which prevailed during the first four months of this year," he said, "caused considerable alarm among the sugar refiners. We thought we had more sugar than we could sell during the year. During the first months the foot board purchased what they considered an ample supply for the present year. As a matter of fact, we ourselves were rather of the opinion that we had too much sugar. We set out to sell that which we did not expect to sell in Canada. I personally went to Europe in April with that idea and I happened to be in England and saw what developments took place. There was a great cry in England as to speeding up industries, and biscuit manufacturers, confectioners and such concerns approached the royal commission asking how they could be expected to speed up industry with the present allocation of sugar. The royal commission then decided to release sugar to these manufacturers, and they were permitted to buy sugar in the open market as they pleased. In the first week in June the situation became accentuated when France made a free market for sugar. That week sugar went up three shillings per 100 pounds. The demand became so acute within two or three weeks that 150,000 tons of sugar were shipped over from the New York markets. When I left for Europe I did not know what to do with the sugar on hand, and when I returned I did not know how we were to fill our export or domestic orders."

Kitchener, Ont.—Mrs. Levi Stauffer, aged 88, one of Waterloo county's pioneer residents, passed away today after an extended illness.

SCORE'S AUTUMN SHOWING OF IRISH BLUE SERGES.

With guaranteed Indigo dyed Irish Blue Serges as scarce as the proverbial hen's teeth, it is possible to give out that we have been fortunate in stocking a most excellent range of these very desirable and indispensable suits—just the cleanest and most serviceable clothes a man can wear to business, no matter his calling, tailored as only Score's expert tailor can tailor them to your measure. Score's, tailors and haberdashers, 77 West King.

HAMILTON

Hamilton, Sept. 2.—Members of the works committee tonight took a fling at the methods employed by the city engineer's department to make the location of main line sewers and water mains.

Excavation was given to the report of Ald. Hitchcock that the traffic over the Chedoke Creek bridge did not warrant the spending of \$7,250 for a new bridge.

After considerable jockeying, Hamilton is to appoint a committee whose only object in life will be of secure data and figures of the activities of some of the local profilers.

After a thorough examination of the voters' list, the local branch of the Ontario branch of the G.W.V.A. has elected the following officers: Comrade F. Stradwick, president; Comrade J. Bryant, first vice-president; Comrade J. Lott, second vice-president.

Guy Zinn, heavy-hitting centre-fielder for the Shagmets, escaped the heavy hand of the law today when Alf Strouger, Michigan-Ontario umpire, withdrew a charge of assault.

Assaulting Charles Adam with a jack resulted in Mordcaul James being fined \$200 or four months in jail when he appeared before Judge Gauld in the criminal court this afternoon. The fine will be paid, and \$150 will go to the plaintiff.

KING OF ITALY TO GIVE UP LANDS

Will Surrender Crown Properties for Benefit of Peasants and Former Soldiers.

Rome, Sept. 2.—King Victor Emmanuel has decided to surrender all the crown properties in favor of the peasants and for national work for former soldiers.

Premier Nitti at one of the first sittings of parliament, which is to be opened Wednesday, will make this announcement.

The crown property of Italy larger than those of any other country, since the houses of Savoy inherited the property of the rulers of the eleven states into which Italy was divided before the kingdom became united. During the war the king gave over his splendid royal palace at Caserta, the Castel Moscati di Piedmont, for the use of his soldiers. His intention now is that the vast lands which he possesses, virtually in every region of Italy, shall go to the peasants who fought in the war, while his palaces, castles and other buildings shall be utilized for philanthropic purposes. The king has expressed a desire that his private patrimony be used like that of any other citizen.

It is a chemically prepared cloth which with one application to wet windshield will cause rain or snow to run off, giving driver PERFECTLY CLEAR VISION.

It will not smear the shield, or injure gloves, and one application lasts entire storm. Saves time and eyesight, and prevents accidents. Price, 50c.

THE "SPEEDWELL" (Express Prepaid) \$39.50

The Wheel "That Takes You There and Brings You Back."

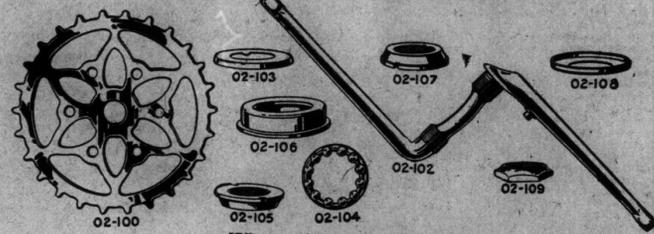

A wheel of sturdy construction—splendid material and appealing appearance—note the following specifications:

SPECIFICATIONS.

Frame—Excellent bicycle tubing, enamelled black. Sizes 20, 22, 24. Handle Bars—Forward extension, adjustable. Grips—Leather bound; nickelled ferrules. Chain—Standard roller; 1 x 3-16 in. pitch. Saddle—Gough 3-coil, easy riding. Pedals—Full rubber tread. Mudguards—Black enamelled, gilt stripe. Tires—White studded, Dominion make; 28 x 1 1/2-inch. Tubes—High-grade, cotton backed. Brake—Lester. Crank—One-piece drop forged. Forks—Three-piece crown, drop-forged. Equipment—Frame telescope pump, leather tool-bag and wrench. Price, express prepaid, \$39.50.

Crank Parts for "Speedwell" Bicycles

When ordering cranks, fittings or frame head and fork parts, please state the year in which bicycle was bought; also price paid for same. This will enable us to fill your order with a greater degree of accuracy. Please note, too, that owing to the great variety of cranks on the market, we are only able to supply for Speedwell and Road King Bicycles. Also give number of bicycle, which can be found underneath crank bracket.

- 02-100 Sprocket Wheel, left hand, 35c. \$2.00.
- 02-102 Crank only, \$3.00.
- 02-103 Lock Washer, 10c.
- 02-104 Ball Cage (with balls), 25c.
- 02-105 Adjustable Cone, left hand, 35c.
- 02-106 Crank Cup, 35c.
- 02-107 Stationary Cone, right hand, 35c.
- 02-108 Sprocket side Washer, 10c.
- 02-109 Lock Nut, 20c.

Ask About the "Simplicity Demountable Wheel Outfit" for Ford Cars

The Outfit That Enables One to Change Tires Speedily and With Less Burden

It's an outfit that saves pumping up tires on the road; driving on flat tires (which often costs more in replacement of casing and tubes than the price of a Simplicity Outfit); soiled clothing or hands; special tools for mounting or demounting. (One wrench only is needed.)

It does not add weight to car below spring base; change the appearance of the car, except to improve it; weaken or change the construction of the car.

It removes the fear of tire troubles; makes all four wheels interchangeable. Outfit installed complete with spare wheel and wheel carrier, only \$30.00.

INNER TUBES

Much of the pleasure of cycling and the dependability of the bicycle for business rests on the quality of your inner tubes. Avoid trouble, and save time and inconvenience by using good tubes.

Our Speedwell Tube, cotton backed; made not to be sold at a price, but built for good service.

Size 28 x 1 1/2 inches. Price, \$1.25.

Dunlop Traction Grade Tubes, of extra good quality. Made from heavy stock; cotton backed. 26 x 1 1/2 and 28 x 1 1/2 inches. Price, \$1.75.

The Store's Conveniences

THE INFORMATION BUREAU—Main Floor, Centre, where you may secure information about the Store, the city, trains, boats and hotels, send express money orders and telegrams.

THE POSTOFFICE—Main Floor, Centre, where you may buy stamps, post letters or parcels, or secure money orders or postal notes.

MAIL ORDER INQUIRY—In connection with the Information Bureau—on Main Floor—for the convenience of our out-of-town customers.

FREE PARCEL CHECK ROOM—In the Basement.

REST ROOM—Third Floor, Albert Street Section, where you will find stationery, and are welcome to rest, read or write.

FROLIC PARK—On the roof, entrance from Toy Department. Children may be left in charge of an attendant while parents are shopping.

PAY TELEPHONES—On every floor.

LOST AND FOUND OFFICE—Basement, Albert Street.

Come to Jubilee Park

Jubilee Park is re-opened and the same cool, woodsey surroundings, with the rushing waterfall, are there, and the lagoon is alive with ducks, cranes, seagulls and other live birds.

Cool drinks, ices and candy may be had from the refreshment counters if you so desire.

Furthermore, an Information Bureau, Writing Room, Post Card Counter, Mail Order Inquiry, and Free Check Room will be in connection with the Park, of which all visitors may avail themselves.

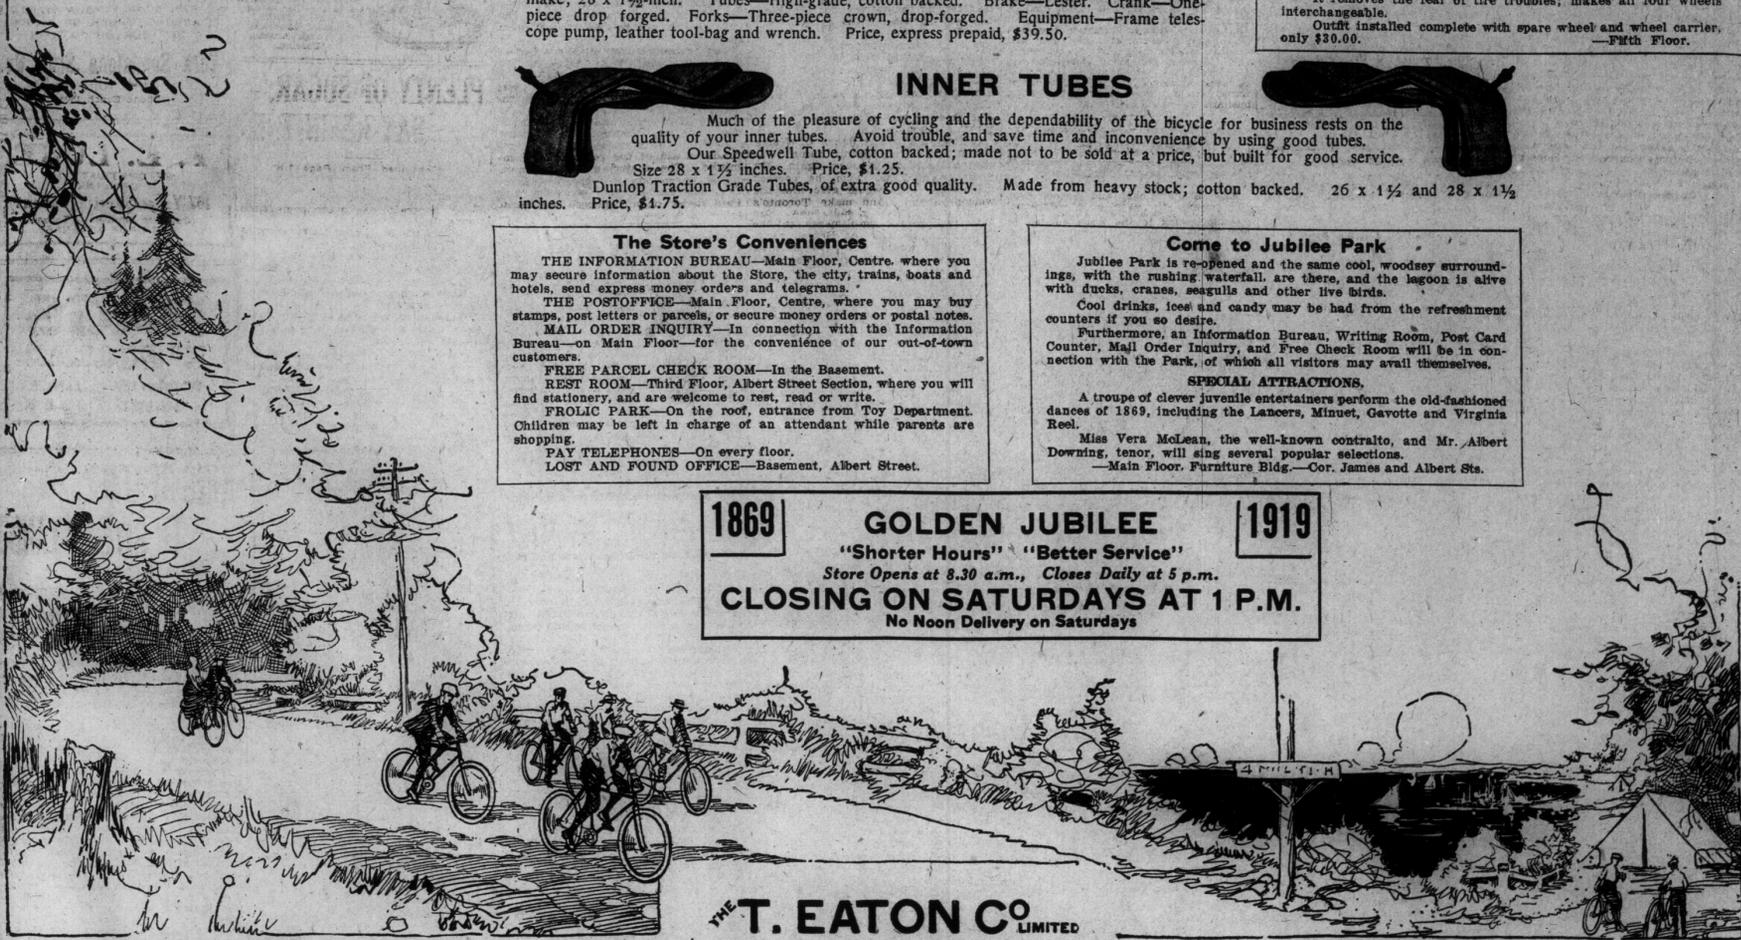

SPECIAL ATTRACTIONS.

A troupe of clever juvenile entertainers perform the old-fashioned dances of 1869, including the Lancers, Minuet, Gavotte and Virginia Reel.

Miss Vera McLean, the well-known contralto, and Mr. Albert Downing, tenor, will sing several popular selections.

THE T. EATON CO LIMITED

LARGER ONTARIO ACREAGE FOR PLOW

Increased Area of Fall Wheat Will Likely Be Sown This Year.

The following is a summary of reports made by agricultural representatives to the Ontario department of agriculture:

Fall plowing is being pushed along vigorously and a larger acreage than usual will probably be turned under. Many farmers are using tractors. The land has worked well as a result of the recent rains. An increased area of fall wheat will likely be sown this year. Some has been got in already. Some fields of late oats still re-

main to be cut. Some of this crop has required the mower, owing to the short straw.

The threshing of spring grains is proceeding actively, but in many cases the result is disappointing to expectations.

Potatoes so far dug have given comparatively light yields taking the province over. The rains of the last two or three weeks, however, have done good to the late varieties. Roots also are picking up well from the same cause.

Corn Revives With Rain. Corn has revived with the rains, but is more or less uneven, crop returns varying greatly as to its condition. On the whole, however, it will approach a fair general yield. The wonderful improvement of pastures during the last two weeks has been most encouraging to owners of cattle, some of whom were letting their feeders go to market owing to poor grass and the light yields of spring grains. The decrease in the yield of milk has been stayed, and in many instances the flow has been improved. Feol states that alike has yielded

well, and that some farmers have sold their seed at \$25 a bushel. Duffert reports that the threshing of sweet clover for seed has turned out satisfactorily.

Live stock are in normal condition with comparatively light marketing. Grenville states that a large number of helters are being shipped from Brockville to the United States, to be reshipped to Belgium.

Peaches, which are light in yield this season owing to the heavy August drop, will be marketed a week or two earlier than usual. Lincoln states that grapes are selling at from \$50 to \$75 a ton, and plums at \$ 1-2 cents a pound. Huron reports large shipments of plums from that county during the week.

FREE AS BIRDS. Interviewed yesterday in reference to the authority of aviators to take on passengers, Chief of Police Grasett said the flying men are as free as the birds. There is no law governing aviators here and passengers go up at their own risk.

SOLDIER-TEACHERS ARE REINSTATED

Will Become Principals of Lansdowne and Wilkinson Schools.

At a meeting of the school management committee yesterday afternoon, at the board of education, administration building, certain recommendations made in June, regarding transfers of teachers and the reinstatement of soldier teachers, were carried out. Percy G. Micht and D. M. Davidson, two returned men, were reinstated to the staff and assigned to the principalships of Lansdowne and Wilkinson Schools, respectively. A. W. R. Doan, acting principal of

Byerson School, was transferred to the position of principal of Queen Victoria School. A. C. Dodds, principal of Wilkinson School, was transferred to succeed W. D. Hannah, principal of Victoria Street School, who has been assigned to the principalship of Wellesley School.

The committee sat for some time and cleaned up a lot of business in connection with leave and appointments of teachers, and matters of sundry debts for supplies, etc. Later a financial committee met to discuss monetary matters affecting the board.

CHARGED WITH MANSLAUGHTER

James O'Hearn was remanded until the 9th, when he appeared yesterday morning in police court charged with manslaughter. He was the driver of the automobile that ran down and killed Matthew Pumbly at King and Church streets, Monday morning.

REQUEST DIRECT ROAD ARTHUR TO TORONTO

A large deputation from the county council of Wellington and others waited upon W. A. McLean, deputy-minister of highways, at parliament buildings yesterday regarding the proposed new road from Arthur to Toronto. They urged for the road to be built direct, or "straight" as one of the delegates remarked, instead of being diverted as asked for by some of the municipalities. Mr. McLean promised the usual consideration.

The delegates were introduced by W. Clark Chambers, provincial member for West Wellington, U. Richardson, M.P. for East Wellington, was also present to support the request.

There is reported from the Soldiers' Comforts office appreciation for the gift of \$156, to be used for the benefit of returned men in the hospitals, proceeds from the musical minstrel show held in the Wawa Hotel, Lake of Bays, Ont.

"DOPE" PEDDLER WAS HEAVILY SENTENCED

George Badgley, "dope peddler" who was found guilty in police court yesterday morning of supplying morphine to wounded soldiers, was sentenced to serve one year, less one day at Burwash and to pay a fine of \$500 and costs. In event of the fine not being paid the prisoner is to have another year added to his sentence. John Kelly, arrested with Badgley, is too sick from drugs to serve a term and a fine of \$100 and costs or 30 days at the farm was imposed upon Min. Emma Burch, a dope fiend, testified against the prisoners, as did Kelly's wife. By turning King's evidence the Burch woman escaped a sentence. Her husband, Douglas Burch, was fined \$300 and costs or six months, on a charge of having cocaine in his possession.

EXHIBITION HONORS AMERICAN ALLIES

(Continued From Page 1.)

But there is that which is more binding than any parchment bond, there is that which is more enduring than any words in ink, there is a nation of hearts and there is a nation of that I hope to see warmer and firmer between two great peoples.

The two people descended largely from the same stock, with the same language, the same literature, the same religion, having every aspiration in common, need only so long as the moral law is moral law, so long as God sits on his throne, stand side by side and march side by side if necessary for the cause of truth, justice and righteousness.

Referring to the Canadian soldiers, the speaker said: "I have never before seen American soldiers but what exhausted his vocabulary in hopeless attempt to find words to express admiration for the Canadians. You were the fellows who put it over, for it had not been for the Canadians, the English would have had a hard time, believe me. I think it is a magnificent thing that we have lived for 100 years on the best of terms, on a boundary line of 3000 miles, with not a shotgun or musket to guard the frontier, and our confidence one in another. (Applause.)"

As I say, our interests are interlocking, and I am glad to see cooperation between the two peoples. I never hear anything but the highest praise of what Canada and the Canadians have accomplished. I would rather be sleeping in some graveyard under the Union Jack than riding a Pierce-Arrow under the German eagle. (Loud applause.) It is true we cut away from our mother's apron-strings in 1776. It was no dislike of the mother, but there was an old German king on the throne. If there had been a George V. or Edward VII. we would have been with the grand and glorious mother, and might have been singing "God Save the King" across the line. (Applause.)

"One great thing we need is that there should be the same cooperation in commerce as there was in the war. But when I stroll around I find selfishness at the bottom of the whole shooting-match. The golden rule is never smaller. The wealthy are blind to the rights of labor, blind to the sermon on the Mount. On the other hand, labor is blind to the rights of capital, blind to the cost of strikes and lockouts, which must come out of their own pocket; blind to the fact that the real good is the good of the body. It is not what you get out of life, it is what you put into life." (Applause.)

Religious Humor. Billy Sunday had only about five minutes to speak, as he was due in the city at 2:30 to address the meeting in the arena. He rattled thru his remarks in double quick time, and his witticisms and manner of delivery had the company in roars of laughter many times.

T. H. Stewart, United States orator, referred to the determination and cohesion of the allies, which had brought the war to a successful conclusion. He pointed out that "in the days to come, with its problems, we hope we shall continue to work in amity with our present associates, and we hope particularly we shall work in the closest harmony with the great British people, from whom we have derived our ideas and ideas of government and progress."

Make Democracy Safe. James A. Imrie, counsel for the National Association of Manufacturers in the United States, said: "It would be a cheap victory if we had achieved the great task of making democracy safe for the world in which it has been saved. Now is the time that the institutions we represent are going to perform their greatest duty to mankind by keeping before the public truth that not only popular governments can develop civilization, that can defend themselves against autocratic authority under military rule, but that popular governments can solve in peace and without civil strife the problems of their day, and can work out the greatest of social questions."

FORM BLOODHOUND CLUB The English Bloodhound Club was formed at the Exhibition yesterday. The officers elected being: J. R. Tennant, Princeton, Ont., president; B. G. Finnie, Toronto, vice-president; J. G. Evans, Kingston, secretary; Captain S. J. Clayton, Weston, Ont., treasurer. The purpose of the organization is to awaken interest in the bloodhound, for which purpose trophies and medals will be offered in next year's show.

DIRECTORS PROVIDE FOR LARGER GROUNDS The following resolution was passed at the noonday meeting of the board of directors, Canadian National Exhibition: "Realizing the imperative need of many new buildings and additions to existing buildings and improved transportation facilities, it is recommended that the sum of \$1000 be offered in prizes as follows: First, \$800; second, \$250; third, \$150; for the best plan for the Exhibition Association to work to in the enlargement of its grounds and buildings. More definite terms for the contest are to be announced at the earliest possible date by the executive and not later than the 15th of September. Plans to be received by November 1, the association to be permitted to make use of any suggestions which may be offered in the competitive plans even though the competitors did not receive prizes. It is suggested that the contest should be held first, the need of enlargement of existing buildings such as the transportation buildings, art buildings, etc., second, the need of new buildings such as the live

stock arena, machinery hall, etc., third, the transportation of visitors to the Exhibition by train, street car and motor car, fourth, the need for some means of transportation of visitors from different parts of the grounds. This is becoming more urgently needed as the grounds are extended. Fifth, the general grouping of buildings, etc., for Exhibition purposes and also for park purposes.

F. MILLER'S HELDEN AGAIN WINS HEAT

Perfect water and perfect weather greeted the motor boat speeders yesterday for the first heat of the Canadian International Gold Challenge, but hard luck again prevented the fast boats from showing their wares and the heat was won by Fred Miller's Helden II, the displacement boat which seems to be cleaning up everything that is extended. Fifth, the general grouping of buildings, etc., for Exhibition purposes and also for park purposes.

Speeds: Dead. This means that Miller's displacement boat enters the second heat for the cup, which will be run today, with a substantial lead. The new mystery boat, Miss Toronto, was out on the course yesterday, but the best that could be got out of her was a few shots, and then she too died, and was towed to her berth. The American speeder, Arab IV, who was expected to enter in yesterday's heat, was reported dead at Port Dalhousie in one of the canals with magnetic iron ore, but what is now, however, for today's second heat.

SEVEN HORSE CLASSES KEEP JUDGES BUSY

Seven interesting classes for horses were shown in the main ring today and a better exhibit has never been given in Toronto in the several classes. Pairs of trotters, saddle horses and carriage horses were the outstanding events.

In the single pacing class Jas. E. R. Wheeler, Milton, second; I. Watson, Simcoe, third. In the double harness class for pairs of trotters with an exceptionally fine pair of speedy roadsters, with J. M. Patterson of Paris second, and Edward J. B. G. of Paris, third, will not often have to take a blue ribbon.

Excitement ran high when eleven carriage horses drove into the ring for the 1-2 hand and over class. Crow and Murray, Toronto, were the winners, with a fine lot of coveted red ribbon in this important class with Wild Rose, one that could win in any show ring; A. Yeager, Simcoe, second, and Crow and Murray third.

For single carriage horses, 14 1-2 to 15 hands, Crow and Murray were also the winners with a beautiful, good acting and strong going horse, Blucher, with A. Yeager second, Crow and Murray third, and four, A. good class all three.

Pen Jumping. The pen jumping class had a large entry and several performances were given. Geo. Beardmore, first; Jos. Kilgour, second; Geo. Beardmore third; Jos. Kilgour fourth.

SINGERS COMPETE IN RECORD FESTIVAL

While the gathering at the singing contest at the horticultural building was not so large yesterday as the day before, when the very best of the city to hear the contestants, the building was well filled while the twelve sopranos and contraltos gave their various renditions. The judge yesterday afternoon was David Dicklater, and he stated that those responsible for the contest had opened the door for possibly the biggest musical festival ever inaugurated in the Dominion.

ELIZABETH PLAYGROUNDS DISPLAY

Children from the Elizabeth Street Playgrounds put on the program at the Exhibition yesterday. The program consisted of a variety of games, including volleyball, basketball and tether tennis, were played in the morning, and a number of pretty dances were presented in the afternoon. Among the national dances were the Highland fife graciously danced by Molly Rostein, and the Irish jig by the junior girls. The cavalry charge and barrel boxing by the boys were interesting numbers. These programs are being very much enjoyed and are of educational value as an incentive for the estab-

BUREAU MOVIES SHOW TYPICAL INDUSTRIES

The pictures shown under the auspices of the Ontario Bureau of Motion Pictures at the Exhibition attracted large gatherings yesterday in the tent near the process building. Among the films shown were those that dealt with the visit of the Prince of Wales to Toronto, showing Canadian favorites at the parliament buildings, city hall and during other features of his visit.

Other films shown in a most interesting way, the progress in commercial lines of Canadian industries. The process of making maple syrup according to the old method and the new was a typical Canadian screen picture, showing the process in Quebec under old methods, when the trees were tapped and the sap carried in pails to the great pots out in the open, where the syrup was boiled in the primitive way. How the industry is carried on now in Ontario was illustrated by the covered plantations can into which the sap flows from the trees and is then carried thru long pipes to vats, where it is boiled, then canned and bottled and sealed in the most hygienic way.

Butter making, and "Canada From Coast to Coast" were other interesting films. The Dominion Department of Trade and Commerce with Ontario in producing these pictures.

GUARDS' BAND PROGRAM

The Grenadier Guards' Band plays the following selections today: 7:30 to 8:30 p.m.—"March, 'On the Pike' (A. Williams); Suite from the Ballet 'Les Ballets Russes' (M. de Falla); Gavotte in 'Mignon' (A. Thomas); Suite 'Pantomime' (Lacombe); 1. Landre et Isabelle; 2. Scaramouch; 3. Columbine; 3. Pizzicato; 4. Ballade; Selection, 'The Bug Boys' (Ayer); Overture, 'Benvenuto Cellini' (Lanck); three dances from the incidental music to 'Henry VIII.' (Ed. German); 1. Morris Dance; Selection from 'The Yeomen of the Guard' (Sullivan); 'O Canada, God Save the King.' 'The Jefferson March' (A. Williams); Selection from 'The Merry Widow' (Lehar); 'Humoresque' (Tippit); (Shilpie Douglas); Suite, 'Egyptian Dances' (Massenet); Introduction; 1. Egyptian Dance; 2. Phoenician Dance; 3. Final Overture, 'William Tell' (Rossini); Cornet Solo, 'The Yeomen of the Guard' (Sullivan); 'A Southern Wedding' (Lott); 'Reminiscences of Wales' (F. Godfrey); 'O Canada, God Save the King.'

WORTH WHILE TEA

Black Ceylon, Salada, Japanese and every brand of the best teas, such as Earl of Grey, are to be seen in the grand stand of the Ret-Sol Tea Company, at the C. N. E. this year. But of greater significance than this exhibit are shown at the exhibit, which by returned men, practically every man personally interested in this house being an overseas man. Visit this exhibit.

GET A MEAL AT BIRD'S

Get an all-round meal at an all-round restaurant, one which is popular with all. Such an eating house is Bird's. This cafe is situated directly opposite the grand stand, and is being run in easy access of every centre of interest. Remember that this restaurant has returned to business on a peace year basis, which speaks for itself.

REFLECTS EXCELLENT TRADE

The exhibit of the Purity Flour, shuff, ermines and, this generally, runs by Purty & Dalton, in the manufacturing building, is without a peer. It is realized by all who have seen the exhibit. What is also a fact is that this exhibit reflects the regular line of stock carried by the firm, which is an important consideration to all potential customers.

CANADA METAL CO.

The question as to the location of the shot tower of the Canada Metal Co., created quite a lot of discussion in the "brewery" ring. One of the great number of people and the difficulty of getting around many thought that the shot tower was in the Dominion building, but it is situated at the Canada Metal Company's plant just outside the Exhibition grounds to the west. All day long the lower west side of the tower is looking at the fair. It was about the only place where you could see the whole of the Exhibition grounds without being crowded.

HOW TO THEY MAKE THEM LIGHTNING-PROOF

The Preston system of lightning protection, as applied to the Preston Steel Truss Bars, will be explained to all who visit the Metal Shingle, Ormsby exhibit, just east of the Dairy building. There are other important features about these bars that every farmer should have explained before leaving the city. You will understand the superiority and great value represented in these bars when you see the little model of a Preston Barr which is shown in connection with this exhibit.

PLAYING THE GAME—AT WORK

No matter at what hour of day, there is always sure to be a more than interested throng in the process building, southeast wing. The Department of Soldiers' Civil Re-Establishment—by means of its story exhibit—has brought home to thousands the part that each individual fellow-countryman must play in assisting wounded Canadian soldiers back to civil life, and its responsibilities.

A NEW WAITER FOR TEN CENTS!

Sounds almost impossible, doesn't it? Yet it is true. Many an old waiter that has become so unattractive as to be practically valueless can be re-created with a 10-cent package of "Rit" and thus you have a new waiter for 10 cents. "Rit" is the modern household rejuvenator of faded materials. It is manufactured in both "cake and flake" form by the Sunbeam Chemical Company of Canada, whose exhibit under the grand stand is one of the most interesting on the grounds. "Rit" colors any kind of material, and washes it at the same time, with a number of pretty dyes, the results in which it is used. "Rit" is guaranteed to contain nothing injurious, and to make a clean finish without any of the usual stains. It is often discouraged the amateur "dyer" when using ordinary dyes. "Never say dye—say Rit," is the company's slogan, and it is a slogan based on a superiority that is once

NORTH OF THE GRAND STAND SEE THE LOG CABIN

An interesting exhibit of Northern Ontario products is on view in this model cabin, located on the street running north from the Grand Stand.

INTERIOR OF THE MODEL CABIN SHOWING THE EXCELLENT RESULTS OBTAINED IN NORTH ONTARIO AGRICULTURE. THIS EXHIBIT IS FURNISHED BY THE COLONIZATION SECTION OF THE DEPARTMENT OF LANDS, FORESTS AND MINES.

Interior of the model cabin showing the excellent results obtained in North Ontario agriculture. This exhibit is furnished by the colonization section of the Department of Lands, Forests and Mines.

"YOUR OWN GARAGE"

The above is the title of an interesting little book on garages, which is being distributed to all who call at the exhibit of the Metal Shingle, Ormsby Company at the exhibit, the eulogies of delighted farmers emancipated from the drudgery of hand-milking by this efficient mechanical device which follows nature's action. The Lister engine will hold its enviable position—there is nothing just like it anywhere, and it has no peer.

STAGE SERVICE STARTED WEST TREE CAMP

During the past week there have been many parties inspecting the various properties at West Shining Tree, New York and Toronto representatives are now in the camp. Up to the present time there has been some difficulty in negotiating the road, but on Saturday a regular stage service was instituted by J. Tarantoro of West Tree which will expedite the journey which can now be taken on the road, but on Saturday a regular stage service was instituted by J. Tarantoro of West Tree which will expedite the journey which can now be taken on the road, but on Saturday a regular stage service was instituted by J. Tarantoro of West Tree which will expedite the journey which can now be taken on the road.

MAPLE PRODUCTS

Direct from the sap, with all its flavor intact, Old Time Maple Syrup is a delicious table product. Lion brand maple butter is another delicacy that should be in every home. Both are manufactured by Maples Limited, who have an exhibit in manufacturers' building.

CECILIAN PLAYER PIANOS

Simplicity of action and strength of construction coupled with purity and sweetness of tone make the Cecilian piano player one of the outstanding features of music row in the manufacturers' building at the Exhibition. This instrument—built thru-put of metal—is the only mechanical player equipped with the "temponoid" attachment, by which the most delicate tempo shadings are obtained. Ease of operation makes the Cecilian the ideal piano for the home where good music is loved and enjoyed. Pianos models are being shown at the retail warehouse, 247 Yonge street.

ELECTRIC IRON BOON TO HOUSEHOLD

McDonald and Willson are showing the Trojan electric ironer in their exhibit in the process building. The household ironing will be accomplished quickly and efficiently and the effort required is nil. "It's the greatest acquisition to my home," said one enthusiastic lady yesterday. "We find it impossible to secure a maid, but I don't mind the work with a Trojan electric washer and ironer."

LISTER MACHINERY POPULAR EXHIBIT

Peace year, 1919, perhaps the most momentous in the history of the Dominion, has made its deep impression upon the business interests of the Dominion, and among these the Lister House, one of the premier machinery houses, not only in Britain but also in Canada, has received its impetus to better business from every point of view. The exhibit at the C. N. E. grounds this year is one which is of absorbing interest to the farmer. Lister "power-on-the-farm" exhibits at the C. N. E. include the "Avery" tractor, kerosene engines, throttle governed electric lighting plants known as the shearing machine, cream separators, slage cutters, and the famous Lister gasoline engine which is being exhibited in both single-cylinder and twin-cylinder models.

The majority of the Lister lines are manufactured at the company's plant at Watlington, Gloucestershire, Eng., one of the most modern and best equipped plants in the world, and the Avery tractor is made by the largest manufacturing plant in the world. The ensilage tractor is designed for operation by moderate powerful engines, it is the ideal machine for filling the farm silo.

The "Avery" tractor, for which the Lister House is the distributor, is a kerosene tractor which will accomplish quickly and efficiently and the effort of drawing long ploughs, and finishing any belt power for any work to be done, and there is a size Avery tractor to suit every farm.

The Lister-Bronson electric lighting and power plant is one which should be seen by every owner of a farm, whether home or hotel not already equipped with electric power. This is the day of electricity, and there are many plants of various types being offered for sale. The Lister-Bronson plant, however, has

many exclusive features and practical advantages which commend it to the discriminating purchaser.

The Melotte separator is the best known cream separator on the market. There are over a million in use. The "Lister" milker is again one of the features of the exhibit. More than a thousand are today being successfully operated and earning the eulogies of delighted farmers emancipated from the drudgery of hand-milking by this efficient mechanical device which follows nature's action. The Lister engine will hold its enviable position—there is nothing just like it anywhere, and it has no peer.

ONLY TWO IN WORLD BEAT C.N.E. DOG SHOW

With 676 entries to its credit the dog show of the Canadian National Exhibition has broken all former records, and is the largest but one ever shown on the continent and the third largest show in the world. Toronto exhibit for 1919 will go down to history as having been outshined by no other centre except the world's metropolis, London, Eng., and the great Gotham of the new world, the big city of New York.

Corresponding to numbers is the great variety of dogs on exhibit, this feature adding to the interest. There are St. Bernards, Cocker-spaniel, great Danes, wolf hounds, Irish setters, toy poodles and scores of others, every species and class having many attractions to the dog fancier.

Near the entrance a fine young St. Bernard is located. He boasts of the classic name of Caesar and is owned by Herbert Page. Nearby are the Robinson kennels from Long Island, N. Y., with twenty cocker-spaniels, which together have carried off prizes. The palm for carrying trophies goes to "Poroscow," a splendidly developed spaniel, dark red in color, with well shaped head and intelligent eyes. "Kingston Sir" and "Kingston Jr." attract attention; the former is owned by Mr. J. W. Mountain and the son by Mrs. Jas. Harris. Both are fine specimens of the St. Bernard breed.

British Bulls. "Conspicuous" is the English bulldog section in "Boxton Boy" from the Roxton Kennels, Toronto. This dog is the winner of fifty first prizes and is owned by Mr. J. W. Mountain. It is also won the judges' trophy given by Mrs. A.M. Deimos of Toronto. "Boxton Boy" is light colored tan and black in color. His owner has already refused \$1000 as likely to continue to ascend.

MAPLE PRODUCTS

Y., with twenty cocker-spaniels, which together have carried off prizes. The palm for carrying trophies goes to "Poroscow," a splendidly developed spaniel, dark red in color, with well shaped head and intelligent eyes. "Kingston Sir" and "Kingston Jr." attract attention; the former is owned by Mr. J. W. Mountain and the son by Mrs. Jas. Harris. Both are fine specimens of the St. Bernard breed.

British Bulls. "Conspicuous" is the English bulldog section in "Boxton Boy" from the Roxton Kennels, Toronto. This dog is the winner of fifty first prizes and is owned by Mr. J. W. Mountain. It is also won the judges' trophy given by Mrs. A.M. Deimos of Toronto. "Boxton Boy" is light colored tan and black in color. His owner has already refused \$1000 as likely to continue to ascend.

MAPLE PRODUCTS

Direct from the sap, with all its flavor intact, Old Time Maple Syrup is a delicious table product. Lion brand maple butter is another delicacy that should be in every home. Both are manufactured by Maples Limited, who have an exhibit in manufacturers' building.

CECILIAN PLAYER PIANOS

Simplicity of action and strength of construction coupled with purity and sweetness of tone make the Cecilian piano player one of the outstanding features of music row in the manufacturers' building at the Exhibition. This instrument—built thru-put of metal—is the only mechanical player equipped with the "temponoid" attachment, by which the most delicate tempo shadings are obtained. Ease of operation makes the Cecilian the ideal piano for the home where good music is loved and enjoyed. Pianos models are being shown at the retail warehouse, 247 Yonge street.

ELECTRIC IRON BOON TO HOUSEHOLD

McDonald and Willson are showing the Trojan electric ironer in their exhibit in the process building. The household ironing will be accomplished quickly and efficiently and the effort required is nil. "It's the greatest acquisition to my home," said one enthusiastic lady yesterday. "We find it impossible to secure a maid, but I don't mind the work with a Trojan electric washer and ironer."

LISTER MACHINERY POPULAR EXHIBIT

Peace year, 1919, perhaps the most momentous in the history of the Dominion, has made its deep impression upon the business interests of the Dominion, and among these the Lister House, one of the premier machinery houses, not only in Britain but also in Canada, has received its impetus to better business from every point of view. The exhibit at the C. N. E. grounds this year is one which is of absorbing interest to the farmer. Lister "power-on-the-farm" exhibits at the C. N. E. include the "Avery" tractor, kerosene engines, throttle governed electric lighting plants known as the shearing machine, cream separators, slage cutters, and the famous Lister gasoline engine which is being exhibited in both single-cylinder and twin-cylinder models.

HOW TO THEY MAKE THEM LIGHTNING-PROOF

The Preston system of lightning protection, as applied to the Preston Steel Truss Bars, will be explained to all who visit the Metal Shingle, Ormsby exhibit, just east of the Dairy building. There are other important features about these bars that every farmer should have explained before leaving the city. You will understand the superiority and great value represented in these bars when you see the little model of a Preston Barr which is shown in connection with this exhibit.

PLAYING THE GAME—AT WORK

No matter at what hour of day, there is always sure to be a more than interested throng in the process building, southeast wing. The Department of Soldiers' Civil Re-Establishment—by means of its story exhibit—has brought home to thousands the part that each individual fellow-countryman must play in assisting wounded Canadian soldiers back to civil life, and its responsibilities.

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

WEDNESDAY MORNING, SEPT. 3.

Trusting the People!

Surely the government of Ontario is creating an unnecessary prejudice against itself by concealing its intentions concerning the election date.

There is much speculation as to the intentions of the government. Those who are supposed to know or to be able to deliver expert judgment declare that the government will practice the sharp trick of having the election and the referendum on the same day.

There appears to be no good reason why the legislature should not hold another session. The government is generally supposed to be weak in the country. Why, then, should it have an election at the present time?

The U.F.O. party and the Labor party are new factors in Ontario politics, and the returned men have much more independent views than the government appears to understand.

The U.F.O. party and the Labor party are new factors in Ontario politics, and the returned men have much more independent views than the government appears to understand.

When the price of raw material goes up the price of the finished product goes up automatically. If wheat doubles in price the bread follows as a matter of course.

The manufacturer may have on hand a big stock of raw material bought at low prices, but he says: "Suppose this supply burned up tomorrow, I would have to replace it at current prices."

It may be argued that the price of raw material is only one factor in arriving at a just price for the finished product. You cannot turn a piece of hide into a pair of shoes without applying to it a great many processes and a great deal of labor.

cent. on the finished product. Perhaps they already had a 25 per cent. protection, but it had to be jacked up to 42 1-2 per cent. because of the 7 1-2 per cent. duty on raw material.

No doubt wages have increased in the past few years not because employers were philanthropic, but because the high cost of living drove the wage earners to demand better wages.

The consumer uncomplainingly pays a higher price for the finished product when he sees by the paper that the raw material has appreciated in value.

A Quiet Sabbath—or Sunday? There is no virtue in vulgarity. If there were, civilization would be marvellously moral. There is no vice in honest slang, the natural expression of the uncultured mind, nor in the moderate use of slang by way of interpretation or illustration.

But when a man puts on vulgarity as a robe, and makes slang the artificial vehicle of his thought, unnaturally translated from his ordinary speech to make his innate vulgarity palatable, he is going out of his way to be a topsy-turvy hypocrite.

When a United States evangelist tells us that a certain class of churchgoers will fill hell so full that their feet will stick out of the windows, or that America is so dry an American has to be primed to spit, or that after the next election hell will be for rent, he is merely being stupidly and pre-meditatedly vulgar.

OTHER PEOPLES' OPINIONS The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

WAS WRONGLY DESCRIBED. Editor World: In a number of the reports of the Liberal convention held last week for the riding of East Wellington at Fergus, I am referred to as a lawyer. I have no desire to sail under false colors. The people of East Wellington know that I have been engaged in milling and in the lumber business apart from the active interest that I have taken in agricultural matters with which I have been in close touch.

GERMAN FAILS TO REPORT. Paul Kruger, a German, living on Kenilworth avenue, was arrested last night by Detective-Sergeant Taylor, charged with failing to report to the chief of police as an alien enemy.

THE DAY AT OTTAWA

By TOM KING

Ottawa, Sept. 2.—This was an interesting day in the house of commons. Sir Robert Borden explained at considerable length the terms and provisions of the peace treaty and urged immediate ratification.

Evidently the leader of the government and Judge McKenzie, the acting leader of the opposition, had come to the debate on the address was adjourned, and the resolution for the ratification of the peace treaty was put up.

There was sufficient backing and filling in the house this afternoon to prompt the suggestion that Judge McKenzie had made some agreement with the prime minister which his followers refused to carry out.

There was sufficient backing and filling in the house this afternoon to prompt the suggestion that Judge McKenzie had made some agreement with the prime minister which his followers refused to carry out.

LABOR NEWS PARADE IN WINNIPEG IS LABOR'S PROTEST Winnipeg, Sept. 2.—In protest against refusal of bail to the eight labor leaders awaiting trial for seditious conspiracy fully 2000 men, women and children of all ranks of labor yesterday paraded in spite of a downpour of rain just as the lines began to form.

LABOR INDEPENDENT OF AMERICAN ASSISTANCE That Canada's labor men are now able to conduct their own affairs, manage their own funds, control their own funds, decide when to strike and make their own agreements without the assistance of the American Federation of Labor is a fact.

GAVIN BARBER CHIEF OF N. WATERLOO U. F. O. Special to The Toronto World. Kitchener, Sept. 2.—Gavin Barber of Cross Hill was the choice of the farmers' convention as the candidate for the U. F. O. of North Waterloo in the approaching provincial elections.

U. F. O. IN SOUTH OXFORD NAME A. T. WALKER Special to The Toronto World. Ingersoll, Sept. 2.—The United Farmers of South Oxford, at a largely attended convention at Mount Elgin today unanimously selected A. T. Walker of East Oxford as their candidate for the coming provincial election.

AVIATOR'S MISSING WALLET. Ernest Leask, the American aviator from Manitoba, who was injured in a crash at New Toronto on Saturday and removed to the hospital, is now asking the whereabouts of his wallet, containing \$50 or \$60.

posse it will on Canada or bind us by any treaty to which the parliament of Canada had not assented. He told with some pride of the stand he had taken at London, and again at Versailles, with reference to the place of Canada at the peace table.

The Quebec members evidently think that Canada is losing rather than gaining autonomy. They believe that the league of nations draws this country into the network of European wars, and European diplomacy.

Yet some of the Liberals feel there is danger in antagonizing the peace treaty, or in challenging our right to approve or reject it. They believe that any effort to check imperial federation, especially if it comes from Quebec, will draw down upon their party the cry of disloyalty.

There was sufficient backing and filling in the house this afternoon to prompt the suggestion that Judge McKenzie had made some agreement with the prime minister which his followers refused to carry out.

SINGLE TAXERS HOLD BANQUET Disciples of Henry George Commemorate Anniversary of Leader's Birth. A joyous and happy company of the disciples of Henry George assembled last evening at the Peacock Inn, to commemorate the anniversary of the birth of that remarkable student of economics.

BUILDING BOOM GAINS MOMENTUM

Over Half Million Dollars' Worth of Permits Granted.

LOAN FOR SCHOOLS

New Sites and Buildings Need \$211,250 Deben-ture Issue.

The building boom is gathering momentum in York township. At the council meeting yesterday the building inspector reported permits issued for the month of August totaling \$81,150. He reported in detail: Number of permits issued, 217, for the following classes of buildings: 167 houses, \$370,250; 118 additions and alterations, \$51,900; 24 garages, \$5,050; 2 stores, \$5,000; 1 school, \$148,000; 4 stables, \$1,500; 1 hall, \$1,000. Total, \$881,150.

Schools for Fairbank.
A bylaw was read the third time calling for the raising of a loan by debentures of \$38,600 for two schools and \$172,650 for two new school buildings for S. S. 15, which includes Fairbank. This district is growing very rapidly and dozens of children were turned away from the school building there for lack of room when the fall term opened yesterday. The debentures will bear interest at 5 1/2 per cent. and will be repayable in 25 years.

A representative of the Grant Construction Company asked to be released from his contract to build three sidewalks for the township on the plea that he could not get men to do the work. In view of the inconvenience caused the township by tenders falling down on contracts, deposit cheque amounting to \$300.

Report Adopted.
Council adopted Engineer Barber's report on the cost of constructing 3812 feet of concrete sidewalks on the following streets which will be built this fall: Kent (west side) street from Samson to Mortimer ave.; Brownhill ave. both sides from Eglington ave. southerly a distance of 200 feet; Weston road, east side, from Lambton ave. to Eglington ave.; Weston road, both sides, easterly to Brownhill ave.; Luttrell street, easterly a distance of 401 feet. It is noted that this list will about close the sidewalk program for this year.

A complaint having been sent in by the Bedford Park Association, the works foreman was instructed by council to have the placing of the cinders along streets where there are no sidewalks.

Application of the National Sanitation Association for the right to put a pipe line along Buttonwood ave. to carry oil for fuel from the G. T. R. to their heating plant was referred to the engineer and the solicitor.

Mrs. J. Sparks, 447 Silverthorn ave., wrote to the effect that 27 families in her district had decided many months for house electric lights. She will be asked to send in a petition.

Swansea fire brigade was awarded an additional \$1000 of the city's money. A cheque for \$75 will be sent to the secretary of the York Township branch of the Red Cross in aid of the veterans' field day at Willowdale.

A petition was received for the construction of a tarvia pavement on a concrete base on Millerside ave. from Glenholme to Lander avenue.

HOW THE DEAD LIVE

Conan Doyle Tells What He Believes About Existence of the Next World.

In the next issue of The Sunday World, Sept. 7, appears the second instalment of Sir Arthur Conan Doyle's deeply interesting article on the "New Revelation." In it Sir Arthur gives the results of his investigations into what happens to the spirit after it has left this earthly body. His thesis sets forth that immediately after death the spirit enters a state of rest, and apparently does not take up its abode in the first sphere of ghostly existence for several weeks. In this new region, the spirits abide for a time and then pass on to another sphere, from which communication with this earthly sphere is cut off. He finds that in the spiritual world immediately next to this, the spirits wear clothes, but do not eat, and that they even have occupations. Written in the inimitable style of the great author, the article has a charm and a fascination to which a person rapidly yields his attention and interest. Whether Sir Arthur is right or wrong is a question. But it is certain he believes he is right, with all the intense sincerity of his great mind. Read what he says in The Sunday World.

ELLERBY FAMILY REUNION.

The fifth annual picnic of the Ellerby family reunion was held at High Park on the afternoon of Labor Day. There was an unusually large attendance, and a particularly enjoyable time was spent in games, races, etc., quite a number of returned soldiers belonging to the family being present. At the business meeting which was called to order by the President, Mrs. A. H. Fairchild, Toronto, the following officers were elected for the ensuing year: Honorary presidents, Thomas Ellerby, Boston, Mass.; Jas. Farr, Sharon, Ont.; Mrs. John Ellerby, Toronto; and Jonathan Ellerby, Woodbridge, Ont.; president, Rev. T. A. Steadman, Duncannon, Ont.; vice-president, Mrs. Jas. A. Wright, Harrison, Ont.; secretary, J. W. Ellerby, Woodbridge, Ont.; treasurer, Mrs. T. A. Watson, Toronto.

Just Apply This Paste And the Hairs Vanish

(Helps to Beauty)
A safe, reliable home treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste of some water and powdered detanole, apply to objectionable hairs and after two or three minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfailling and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine Detanole.

VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

URGE GOVERNMENT FOR FURTHER AID

Premier Promises G.W.V.A. Consideration of Plan for Financial Commission.

Ottawa, Sept. 2.—During the four-day executive session of the Dominion command, G.W.V.A., which concluded last evening, a conference was held with the prime minister, Sir Robert L. Borden, to urge the establishment of a commission to determine the practicability of extending further financial aid in the re-establishment of returned men. This action was taken in furtherance of the demands made by the annual Dominion convention at Vancouver, when the now famous "compromise resolution" was adopted.

After a thorough discussion of the subject the premier gave his assurance that the decision of the government would be announced at an early date. The representatives nominated by the G.W.V.A. for the proposed commission have been summoned to Ottawa to act in conjunction with a sub-committee of the Dominion executive in anticipation of early developments.

Provincial Proposals.

The provincial secretaries' conference, which was held immediately prior to the Dominion executive committee meeting, brought forward numerous recommendations affecting the internal administration of the organization. These proposals, which will have a telling effect upon organization activities, will be put into operation immediately by the Dominion command.

Arrangements were completed for the referendum upon the subject of membership qualifications, which will be taken upon a fixed date in the month of February next year. The procedure under the referendum will be conducted with prepared in detail with the object of disposing finally of this vexatious question.

The internal administration of the organization of "The Veteran Limited" was accomplished.

G.W.V.A. LINKS UP WITH THE U. S. BODY

Organization Across the Line Now Virtually American Command of Veterans.

Ottawa, Sept. 2.—The Great War Veterans of Canada have linked up with the United States organization. During the meeting of the Dominion executive of the G.W.V.A., which closed last night, Lieut. Frank C. Badgley, well-known Ottawa boy, held a conference with the members with a view to the affiliation of the G.W.V.A. and the British Great War Veterans of America, of which Mr. Badgley is president, with headquarters in New York.

As a result of the conference, the following recommendation was made and adopted:

1. That a fraternal and international affiliation be established between the G.W.V.A. of Canada and the British Great War Veterans of America, upon condition that the latter organization adopt the main principle of the constitution of the G.W.V.A. of Canada.
2. That this affiliation be cemented by an interchange of fraternal delegations, and.
3. That the facilities of each organization be placed at the disposal of the other, for the purpose of advancing the interests of former members of the British forces.

This means that the United States organization will virtually become the Canadian command of the G.W.V.A., and that returned Canadians will be afforded facilities in every city where a branch of the organization is formed.

MEN BEYOND BORDER SEEK AFFILIATION

Francis C. Badgley, president of the British Great War Veterans of America, was in the city yesterday visiting W. E. Turley, provincial secretary of the G.W.V.A. Mr. Badgley has just come from Ottawa, where he was successful in securing the consent of the Dominion executive of the G.W.V.A. to affiliate with the British Great War Veterans of America. This latter organization commenced about six weeks ago and has now a membership of over 4,000, composed entirely of men of the British forces who have seen service overseas and are now residing in the United States.

NEW BRANCH PLANNED.

Veterans in the Danforth Park and Woodbine districts have for some time been discussing the advisability of forming a branch of the G.W.V.A. in the vicinity. A strong committee has been appointed, headed by Charles Webb of 1012 Woodbine avenue, to make a thorough canvass of returned men in the district before the first meeting is called. The committee expect to have more than 200 members, a record for a branch in the process of formation.

ATTORNEY-GENERAL WILL ACT ON INSTRUCTIONS

Hon. I. B. Lucas Promises to do Every Thing Possible to Investigate Food Prices.

"As soon as we receive the necessary request the province will do everything possible in the matter of investigation of conditions and assisting in submitting cases to the board of commerce," said Hon. I. B. Lucas, attorney-general, yesterday, when asked regarding the announcement that the chairman of the board has requested the provincial attorney-general to have the provincial authorities investigate food prices and supplies.

ORGANISTS' GUILD ADDS TO STRENGTH

Famous Players Provide Rich Musical Feast at Convocation Hall.

That the Canadian Guild of Organists is now in a very flourishing condition was demonstrated at the tenth annual meeting which opened in St. James' Cathedral Parish House yesterday morning. Dr. A. Ham presided, and there was a large attendance. George Crawford, secretary, submitted the annual report, which showed an increase in membership of 100, and high standing in the profession having joined during the year.

Election of Officers.
The following officers were elected for the ensuing twelve months: Patrons, His Excellency the Governor-General, Sir Frederick Bridge and Sir Walter Parrot; president, Dr. A. Ham; organist of St. James' Cathedral, Toronto; vice-presidents, Dr. Percival Hilsley, Healey Willan, Arthur Horey, R. Tattersall and C. E. Wheeler; secretary, George Crawford; council, H. A. Fricker, A. H. Montgomery, G. Austen, H. E. J. Vernon, J. Beader, A. H. Egge, Dr. E. B. Thomas, Dr. E. Macmillan and F. G. Klimeser; board of examiners, Dr. Ham, Dr. P. Hilsley, J. Vernon, A. Dorey, H. Willan, C. E. Wheeler, R. Tattersall, Dr. E. B. Thomas and J. Beader.

The members of the Guild visited the Exhibition yesterday afternoon, one special object being to hear the organ playing and effect highly delightful the visiting musicians. A notable piece arranged was Cesar-Auguste Franck's "Redemption."

There was a large and appreciative audience in convocation hall, Toronto University, last night, when an organ recital was given by distinguished members of the Guild.

Richard Tattersall played Bach's Fantasia and Fugue in G Minor in his own artistic style. This piece occurred a foremost place in the list of the great master's compositions. The subject of the fugue is brilliant, as well as tasteful, and can be readily followed thru all the intricacies of the movement. Mr. Tattersall also brought out the beautiful qualities of the fine university organ, and his great effort met with well-merited applause.

H. A. Fricker, Mus.Bac., F.R.C.O., played Cesar-Auguste Franck's Prelude, Fugue and Variations, his execution being at once masterful and brilliant, and the composer could have wished for no finer interpretation. There were some delicate passages, and the general rendition was obviously most pleasing to the audience.

Remarkable Composition.
Another rare musical treat was furnished by Healey Willan, F.R.C.O. in his own introduction, passacaglia and fugue. It is a remarkable composition, and Mr. Willan in working out his theme displayed consummate skill. Being his own work he was naturally at home with it, and this may have added to the wonderful effect produced. Certainly nothing finer could be desired, and it is no detraction to the other players to say that the item stood out pre-eminent among the pieces of the evening. Mr. Willan was rewarded with many rounds of applause for his great effort, which was an entertainment in itself.

E. E. Wheeler, F.C.O., also distinguished himself by playing his Rogers' sonata in E minor and Bonnet's Sonnet d'Enfant and Romance Sans Paroles. The three movements of the sonata were more the interesting, the first opening with a free treatment, while the other two were well contrasted. Bonnet is a young French

SUFFERED TERRIBLE AGONY

"Fruit-a-tives" Alone Gave Him Quick Relief.

Buckingham, Que., May 2, 1915.
"For seven years I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had Chronic Constipation. I tried many remedies, but nothing did me good. Finally, a friend advised 'Fruit-a-tives.' I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take 'Fruit-a-tives,' and you will get well."

"ALBERT VARNER."
Fifty cents a box, six for \$2.50, trial size 25 cents. At dealers or sent post-paid by Fruit-a-tives, Limited, Ottawa, Ont.

organ virtuoso, and the two splendid short numbers so finely played by Mr. Moore are regarded as typical of the melodic originality and artistic treatment found in the composer's works.

Dr. Ernest Macmillan, F.R.C.O., gave an artistic interpretation of Willan's finale from the Eighth Symphony, and his playing was highly appreciated.

The University Organist.
F. A. Moore, the accomplished university organist, also shared in the big honors of the evening. He first played Cesar-Auguste Franck's piece, Heroic, which is expressive of sorrow and resignation, the brooding melancholy of the offering being followed by an elegiac movement in the major key. The first theme is then renewed and leads to a climax of great power, from which the second or resignation theme finally emerges triumphant. Mr. Moore's playing, almost needless to add, was superb, while the appreciation of the audience was made strikingly manifest.

Mr. Moore further played Rhapsodia Italiana, by Pietro Alessandro You, who is now recognized as one of the leading concert organists of the continent. The work, written since Italy joined the allies, is dedicated to his brother, who was a medical officer at the front. It is built on themes of Italian patriotic songs and dances and provides some delightful organ music, of which Mr. Moore made the most. The whole program was a rich musical feast.

Dr. Ham tendered the hearty thanks of the Guild to Toronto University for the use of the hall.

UNAUTHORIZED USE OF ROYAL ARMS

The Army and Navy Veterans in Canada, Toronto unit, today wrote to the mayor of this city to point out that the proprietors of a Chinese restaurant on King street are improperly using the royal coat of arms.

The King Street Association has also been communicated with.

NEW YORK REPLIES.

Mayor Church is in receipt of communications from the mayor of New York, the mayor of Syracuse and the mayor of Baker, congratulating him and the city on the important part played by Toronto in the progress of the cities of the continent. These communications are in answer to letters sent by Mayor Church by the first international aerial mail on August 25.

"What does a volcano do with lava?" asked Freddy.
"Give it up," replied his father.
"That's right," said Freddy.

OUTSTANDING TAXES.

Taxes for 1918 and prior years outstanding at the beginning of August, 1919 amounted to \$2,088,200, according to figures given out by Finance Commissioner Bradshaw yesterday. During the past month \$154,115 of this amount was paid, leaving a balance on the 31st of August of \$1,834,185.

Of the \$1,834,185 outstanding \$1,418,508 are taxes for the year 1918, and \$415,677 are for 1917 and previous years.

The total of \$1,834,185 compares very favorably with the amount of unpaid taxes on August 31, 1918, for previous years, which was \$2,031,972.

SOCIETY

Conducted by Mrs. Edmund Phillips

Major and Mrs. Basil Wedd, who have been at the Chateau Laurier, Ottawa, had the honor of being invited to a small dance given on Saturday night at Government House by Her Excellency the Duchess of Devonshire for H. R. H. the Prince of Wales. Major and Mrs. Wedd have taken a house in Ottawa for a month.

Mr. and Mrs. Ross Gooderham, Miss Kathleen Gooderham and Miss Ross Gooderham have returned to their homes in St. George street from a summer spent at Murray Bay. They will not move to their house in Elm avenue until the spring, as extensive alterations will have to be made before they can occupy it.

Mr. and Mrs. George W. Howland have returned from their wedding trip to Banff and Vancouver and are at their home in East Roxborough street.

Mr. Norman Mackay, Royal Engineer, has arrived in town from England on leave and is with his parents, Mr. and Mrs. John MacKay, 1012 Woodbine.

Mrs. Drynan and Mrs. Burritt spent the day at Oakville with Lady Ballie.

Mr. and Mrs. Charles Drayton have returned from Vancouver.

Mrs. J. Kerr Osborne and Miss Osborne are in town until the end of the month, when they will leave for England.

The Canadian Guild of Organists, in convention this week, Dr. Ham president, will dine at 8:30 o'clock tonight at the King Edward.

Sir Frederic Loomis, C.B., and Mr. Frank Thompson have sailed from Montreal for England.

Mrs. Harry Beckie and Miss Best are at the Queen's Royal, Niagara-on-the-Lake, for the tennis tournament this week.

Clifford Sifton was at the King Edward on Sunday and Monday.

Mr. A. Leyfield, London, has arrived today for Mrs. Lillian Fairbairn.

Mr. and Mrs. William I. Crombie, Montreal, announce the engagement of their daughter, Miss Lillian Crombie, to Mr. Harold Blaine Leckie, formerly Lieutenant R.N.V.R., son of Mr. and Mrs. W. H. Leckie, Vancouver, B.C. The marriage will take place quietly in October.

Mr. and Mrs. J. P. Owens have arrived in town from Ottawa and are living in their home at 12 Edgar avenue.

Miss Frances Carveth is giving a shower today for Miss Lillian Fairbairn.

Mrs. Kelley is in Toronto from Percu, staying with Lady Aylesworth.

Mrs. W. J. Hanna bridge spending the winter in New York.

Miss Edith Scott, Miss Margaret McCune and Mr. McCune have returned from Southampton.

Mr. and Mrs. Vaughan Clark, Detroit, are the guests of Mrs. Phillips, 511 Jarvis St.

Miss Shirley Lynd gave a linen shower yesterday for Miss Adeline Jarvis, when the guest of honor looked very pretty in a dress trimmed with ostrich, the hostess wearing pale blue. The gifts were brought in to the room in a very smartly decorated basket tied with pink satin ribbon. Mrs. Lynd poured out the welcome and the guests were Miss Elsie Sutcliffe and Miss Dorothy Parker.

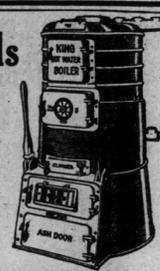

Mrs. E. F. Singer, for whom a Fleming will be of the tea room at the women's room at the C. W. this afternoon.

Major Cosby has returned from overseas.

Captain E. C. Pugh, C.A.M.C., Albany avenue, and his Scotch bride, are expected in Canada towards the end of September.

Your Home Needs Hot Water Heating

Old fashioned heating methods are expensive, unsanitary, and unsatisfactory. Stoves and hot air furnaces are being abandoned. Real Estate men find it hard to sell houses that have not hot water heating because people will no longer put up with the inconvenience and inefficiency of old methods. If your house does not have Hot Water Heating, it will pay you in Health, Comfort and in Money to take out the old and put in the newer and better kind.

KING HOT WATER BOILERS AND IMPERIAL RADIATORS

The most improved ideas in generation and radiation of heat are combined in King Boilers and Imperial Radiators. If you are interested, let us send you our descriptive literature. We will be pleased to supply you with information as to size and cost, without obligation. Write us NOW.

The Best Preserves You Ever Made

Sold by Grocers Everywhere in 2-5-10 and 20 lb. TINS

LILY WHITE Net 20 lbs. Net

CORN SYRUP EDWARDSBURG BRAND

INSTEAD of using all sugar for your Preserving, use half sugar and half LILY WHITE Corn Syrup. There is even a saving in cost, but the real economy is in the results that will follow—your preserves will be a success.

LILY WHITE brings out the full flavor of the fruit; it prevents "sugaring" and keeps the preserves in perfect condition.

Half sugar and half LILY WHITE. Anyone who tries the half syrup way of Preserving will never go back to all-sugar.

It Makes Dandy Candy

Speculation in World

Warehouse European ing W A HU Demand fo to People chas

Paris, Monday, Sept. 2.—The United States' primary response to the blockade of Germany is a depreciation of the dollar. A depreciation of the dollar means a depreciation of many commodities, and a depreciation of commodities means a depreciation of the dollar. This is the chief reason why the dollar is falling.

Don't Look Old! But restore your grey and faded hairs to their natural color with LOCKYER'S SULEHR HAIR RESTORER. Its quality of deepening greyed hair to its former color in a few days, thus securing a preserved appearance, has enabled thousands to retain their position. Lockyer's gives health to the hair and restores the natural color, cleanses the scalp, and makes the most perfect hair dressing. This world-famed Hair Restorer is prepared by the great Hair Specialist, J. Pepper & Co., Ltd., 12 Bedford Row, London, S.E., and can be obtained at all dealers and is SOLD EVERYWHERE. LYMAN & CO., Toronto-Montreal.

Robson Genera di Ottawa, chairman of the board of directors of the Canadian National Railway, has wired a general and detailed information of the company's prospects for the year 1919. It is a very optimistic report, and it is a relief to the public to hear that the Canadian National Railway is in a position to meet its obligations and to pay its dividends.

The Ontario government has announced that it will not issue a license to the medical council to practice without a license from the medical council. The police were not prepared to go on with their case and a week's remand was made.

SPECULATIVE AREA IN WORLD'S MARKETS

Warehouses at Northern European Ports Overflowing With Foodstuffs.

A HUGE GAMBLE

Demand for Food is Limited to People's Ability to Purchase on Credit.

Paris, Monday, Sept. 1.—A distressing era of speculation in foodstuffs in the United States and throughout the world's primary food markets, is largely responsible for high food costs, in the opinion of Herbert Hoover, chairman of the inter-Allied relief organization, who, on the eve of his departure for the United States granted the Associated Press an interview today.

Warehouses in northern European ports are overflowing with foodstuffs, principally meats, fats and dairy products, sent by merchants all over the world, Mr. Hoover said. These merchants, he declared, had "gamblled" on sales in Poland, Czechoslovakia, the Baltic States and Germany, at high prices, but these states have only a depreciated local currency, and many commodities are in danger of spoiling, as the central European market for foodstuffs is limited to the ability of the peoples to buy on credit.

"This year's speculations," Mr. Hoover said, "are due, in my opinion, chiefly to the belief of food merchants and manufacturers that when the blockade was removed there would be an enormous demand for foodstuffs and other commodities in central and eastern Europe. This speculation was not due to any important shortage at present of actual supply. This speculative fever, which was not confined to foods, was greatly stimulated by the long delay in the removal of the blockade until the peace treaty was signed at Versailles. There is plenty of evidence that this year's foodstuffs in glutted ports in northern Europe, where only neutrals have the means to buy."

Prices in U. S. May Fall

Responding to an inquiry as to how food speculation could be checked in America, Mr. Hoover replied:

"Attorney-General Palmer is on the right track when he endeavors to break down speculation and seeks to secure powers never possessed by former administrations to enable him to accomplish this step. The situation is one that may well cause anxiety also from another point of view. We are now coming into a flood of production of foodstuffs in the northern hemisphere and will again have a great surplus in the United States. If in the meantime Europe has not found credits to purchase the coming winter's supplies, we are likely to have a glut and prices may fall below the cost of production to American farmers."

"The present high prices of food are not due to over-exports to Europe from the United States during the past year. That can be demonstrated by the fact when we enter a new harvest with larger stocks of previous years' production than at this time last year. In fact, the stocks of many commodities are the largest we ever had in storage at this season. Yet prices are very much higher. If we are to account for the high price level on the basis of over-exports we should have to find a depletion of our national stocks."

Mr. Hoover pointed out that the problems involved in the speculative wave were very difficult to deal with, because it was world-wide and not confined to America.

CANADA MAY BE FIRST TO APPOINT MINISTER

London, Sept. 2.—The Morning Post says it is probable that the first dominion to appoint a resident minister under the imperial conference proposal will be Canada.

Altho no decision has been definitely made, the paper adds, it is possible the office of the high commissioner would be coupled with the resident minister, and the business part of the high commissioner's office vested in the Canadian trade mission.

Despite Exodus of Aliens, Brantford Keeps Population

Special to The Toronto World. Brantford, Sept. 2.—Assessment Commissioner George Ludlow stated today that despite the exodus of foreigners from this city there would be no decrease in population. As reported in other urban centres, an increase was looked for, renewed industrial activity in the last six weeks having accounted for substantial conditions.

MAKE BONAR LAW NATION'S SCAPEGOAT

New Campaign Started by London Papers to Overthrow the Present Government.

London, Sept. 2.—Political activity will evidently be resumed long before parliament reassembles in October. Premier Lloyd George is expected to remain in France another fortnight, but he has already virtually finished his holiday and is busily engaging himself in the affairs of the nation. He is consulting members of the cabinet personally on home problems and is in constant telephonic communication with both Paris and London.

Interest in this city centres about the new campaign by the newspapers which is reminiscent of the one which overthrew the Asquith government. It seeks to make Andrew Bonar Law, former chancellor of the exchequer and present government leader in the house of commons, the scapegoat for any governmental mistakes and shortcomings and concentrates the premier on the ground that Mr. Bonar Law was virtually acting premier in London, while Mr. Lloyd George was engaged at the peace conference in Paris. The aim of the campaign seems to be to discredit the Conservative section of the coalition government and to prepare for the possibility after the next general election of bringing in a labor cabinet, of which Mr. Lloyd George could assume leadership.

Strength in Commercial Field

A fierce struggle is also brewing in the commercial field, now that British ports have been opened to German trade. Manufacturing interests are already loudly protesting against the admission of German goods, especially against German toys and optical instruments, on the ground that British industry is just beginning to successfully compete in these lines, which before the war were largely monopolized by Germans. On the other side are heard apprehensive sentiments from free traders, who fear the government will yield to manufacturers' demands and impose fresh prohibitions under the guise of protecting "key industries," and that thus any hope of effectually bringing down prices will be frustrated.

The annual trades union congress, which will meet in Glasgow on September 8, is expected to avoid routine discussions, and concentrate its attention on questions like accelerated production and the nationalization of industries, especially coal mines.

BRITISH DIPLOMATS APPOINTED TO OFFICE

Ambassadors to Spain and Italy and Ministers to Other Countries Are Announced.

London, Sept. 2.—The following diplomatic appointments are announced: Ambassador to Italy, Sir George W. Buchanan; ambassador to Spain, Sir Esmund Elton; minister to the territory of the Serbs, Croats and Slovenes, Sir Charles Alban Young; minister to the Netherlands, Sir Ronald Graham; minister to Poland, Sir Horace Rumbold; minister to Switzerland, Theophilus Russell; minister to Sweden, Colonel Adrian de Rume Barclay; minister to Finland, Lord Acton; minister to the Czechoslovak republic, Sir George Russell Clerk; minister to Cuba, William A. E. Erskine.

Sir George W. Buchanan, former ambassador to Petrograd and minister to the Hague, has long been in the British diplomatic service. He began his career as attaché to Rome in 1878. He succeeds Sir J. Rennell Rodd.

Sir Howard has been British minister to Sweden since 1913. He is well known in the United States, where he served as counsellor of the British embassy in Washington, D. C., from 1908 to 1912.

Sir Charles Alban Young has been minister to Guatemala and Salvador.

Sir Ronald Graham has held the post of assistant under secretary at the foreign office since 1916. He also has a long diplomatic record.

Sir Horace Rumbold has been minister to Switzerland.

Theophilus Russell, since 1915, has been diplomatic secretary to the foreign secretary.

Mr. Barclay has been counsellor of the British embassy in Washington since 1913.

Lord Acton at present is consul-general at Zurich. He began his career at the foreign office in 1894.

Sir George Russell Clerk received his diplomatic training as a clerk in the foreign office, and has held numerous assignments in foreign countries.

Mr. Erskine since 1917 has been counsellor of the embassy in Rome. He has held secretariats of legations in Argentina, Persia, Sweden and Greece.

SAYS COMMON SENSE IS GAINING GROUND

Labor Member of British War Cabinet Deprecates Attempts to Pull Down Pillars of State.

Reuter's. London, Sept. 2.—In an outspoken speech, Right Hon. George N. Barnes, member of the war cabinet at the international conference on labor and religion, referred to the benefits of organization if rightly used, but he said he feared some were getting under the control of those who had little idea of reciprocal service. He feared some of these on the labor side were getting under the control of those who wanted to pull down the pillars of state on the off chance of something arising from the ruins more to their liking. He had never believed that materialistic doctrines of rancor and ill-will would put things right as an increasing number of people now believed.

Common sense was asserting itself over the materialistic forces which had been gathering in the last few years. There had been seen an improvement in the last few months. Six or eight months ago he had been a little alarmed by feeling on waking in the morning that anything might happen during the day, but he thought we had now got over the worst.

"We must really let our forces towards combating materialistic forces and tend towards elevating life and labor to a higher plane of living," he declared.

MORE NAMES ADDED TO LIST OF VOTERS

Without protest from the referendum committee of the Citizens' Liberty League, exactly 842 names were added to the voters' lists in four special courts sitting at the city hall yesterday.

Judge Denton, presiding over northern Toronto, added 409 names in 41 subdivisions, Mr. F. J. Roche, K.C., presiding over West York, Ward 7, north and east of Dundas street, complemented Mr. G. A. White, the chief enumerator, on the splendid way in which the names had been secured, and added 100 names to the lists.

Capt. G. A. Grover, who has the Riverdale district, Logan avenue and Greenwood, north of Gerrard street, heard 300 appeals, all of which were added to the lists. Mr. W. W. Davidson, for East York, added 42 new names to his riding.

BUILDINGS ERECTED DOUBLE LAST YEAR

\$1,844,303 Total Value as Against \$934,405 for August Last Year.

Figures compiled by the city architect's department regarding the construction of buildings in the city during the past month shows that the value of buildings erected during that time were nearly double that of the corresponding month of last year. Buildings to the value of \$1,844,303 were erected during August, 1919, as against the total of \$934,405 for the month of August, 1918.

The number of permits issued was 681 for the same period, as against 424 for the corresponding month of last year and the number of erections was 87 for this year, as compared with 53 for August, 1918. These include 185 garages, to the value of \$76,847; 287 brick dwellings valued at \$60,000; 34 brick front and rough cast dwellings valued at \$5,900; 5 factories valued at \$163,000; 18 stores valued at \$90,000; two warehouses valued at \$42,000, and one addition to hotels valued at \$30,000.

The total amount of business for the year to date is estimated at \$10,362,595, as against \$5,774,185 for the corresponding period of last year.

GRIM DETERMINATION.

"I want a set of golf clubs," said the worried-looking man.

"Certainly, sir," answered the dealer in sporting goods. "By the way, I believe you bought a set of clubs from me yesterday."

"So I did. I'm determined to learn how to play that infernal game. I'll break every golf stick in town."

HAILED DOWN.

"This furniture antique?"

"Yes."

"Did you inherit it?"

"In a way. My grandfather bought it from a man on the installment plan and I took over the payments."

PRICE AND BORDEN EXCHANGE MESSAGES

H. R. H. Says He is Deeply Touched by Kindness of Capital's Welcome.

Ottawa, Sept. 2.—The following messages have been exchanged between His Royal Highness the Prince of Wales and the premier, Sir Robert Borden:

Montreal, Que., Sept. 2.

Sir Robert Borden: I send our warmest thanks for your very kind telegram, which I have just received. The remarkable demonstration of enthusiasm and affection which has been evoked by the visit of your royal highness is a sincere expression of the feeling of the Canadian people. We trust that your visit to the great western provinces may prove deeply interesting and thoroughly enjoyable. A whole-hearted and eager welcome awaits you on your return.

R. L. Borden.

His Royal Highness the Prince of Wales, Montreal.

My colleagues and I send our warmest thanks for your very kind telegram, which I have just received. The remarkable demonstration of enthusiasm and affection which has been evoked by the visit of your royal highness is a sincere expression of the feeling of the Canadian people. We trust that your visit to the great western provinces may prove deeply interesting and thoroughly enjoyable. A whole-hearted and eager welcome awaits you on your return.

R. L. Borden.

MAKE BONAR LAW NATION'S SCAPEGOAT

New Campaign Started by London Papers to Overthrow the Present Government.

The annual trades union congress, which will meet in Glasgow on September 8, is expected to avoid routine discussions, and concentrate its attention on questions like accelerated production and the nationalization of industries, especially coal mines.

DECLINE IN TRAFFIC THRU SUEZ CANAL

Number of Vessels in 1917 Exceeded by Half From Number in 1912.

New York, Sept. 2.—In both passenger and freight transport, the Suez canal showed a decline in traffic during the war. In 1914, 391,778 passengers, including 228,720 in military service, passed thru the canal. By 1917 the number had fallen to 142,314, including 122,955 of the military. This was the smallest total passenger traffic since the year 1883, according to a recent statement of the British foreign office. In 1913 the number was 225,255, and in 1899, the first year of operation, 26,758.

In 1912, the busiest year in the canal's history, 5373 vessels of 23,008,945 gross and 20,975,110 net tons, passed thru. Transit dues were \$1.30 per ton, as against \$1.21 in the following three years.

In 1917 the number of vessels had declined to 2553, the lowest number since 1881, and the net tonnage had fallen to 3,368,918, the smallest since 1897.

The average distribution of net tonnage by nationality is shown approximately by figures for 1912, as follows: United Kingdom, 12,948,000; Austria-Hungary, 814,000; France, 799,000; Germany, 3,025,000; Italy, 368,000; Japan, 320,000; all others, including the United States, 2,101,000.

ASKS PROVINCES TO PROBE PRICES

Robson Wires Attorneys-General to Start Food Conditions Inquiries.

Ottawa, Sept. 2.—Judge Robson, chairman of the board of commerce, has wired all the provincial attorneys-general asking that provincial police be detailed immediately for an examination of conditions in each locality respecting food conditions, the quantities on hand and the prevailing prices and to report to the board.

It is asked further that the provinces engage counsel to prepare cases to be submitted to the board in any situation where there is a suspicion of unwarranted charging inordinate prices. The board will deal with these cases as reported, as it cannot be all over the country at once. It will appoint competent sub-commissioners to investigate specific complaints and will base its order upon their reports. Instructions have been given that all these sittings be public and open to the press, as will be the procedure with the board itself. The first sitting of the board was held in Montreal today.

BRITISH ARREST BEDOUIN CHIEF

Claim That He Asked French Protection and Was Starting for Beirut.

Paris, Sept. 2.—The Temps today tells of the arrest by the British in Syria of Moudjed Bey, chief of an important group of Bedouins, who always had been highly considered by the British, who regarded him as their friend.

While before the American commission recently, says The Temps, Moudjed asked for the protection of France, and declined to withdraw the request until he had been consulted by the French high commissioner. The British, according to the newspaper, tried to prevent Moudjed from taking a train for Beirut, and he got aboard only through the insistence of the French officers accompanying him.

Later, it is asserted, the British took Moudjed to a train station, warning the officers that no resistance would be tolerated. The case for the arrest as given was that Moudjed had been guilty of an aggression. The Temps says the French high commissioner has asked for the release of Moudjed, but that the result of the request is unknown.

GERMAN COAL DELIVERY FIXED BY ENTENTE

Copenhagen, Sept. 2.—As a result of negotiations at Versailles, it has been decided that Germany within the next six months shall deliver 2,000,000 tons of coal to France, as compared with the 48,000,000 tons provided by the terms of the peace treaty. A German official statement received here says, if Germany's total production exceeds the present level of about 100,000,000 tons annually, sixty per cent. of the extra production up to 128,000,000 tons shall be delivered to the entente, and fifty per cent. of any extra production beyond that amount until the figure provided for in the peace treaty is reached.

If the total production falls below 100,000,000, the statement adds, the entente will examine into the situation, hearing Germany's side.

This arrangement, it is added, shall only be valid if Germany begins immediately delivery of the coal, which the statement declares she is resolving to do, trusting that the entente will not insist upon deliveries to the extent demanded if it is shown that Germany's economic position would be thrown into disorder by the drain.

CANADIAN OFFICERS ARRIVE AT BOSTON

Boston, Sept. 2.—In a group of 102 Canadian officers who were passengers on the steamer Bohemian, which arrived from Liverpool today, were several who had been members of the first Canadian contingent, which went overseas in September, 1914. Captain A. E. R. Turner, of Hamilton, Ontario, one of their number who were four years' term, were over as a lance corporal. The officers who belonged to the infantry, artillery, flying and medical branches, had records of service in France, Belgium, Poland, Mesopotamia and Palestine. Lieut. Col. F. W. G. Anderson of Calgary was in command.

KAROLYI IS CHARGED WITH TISZA MURDER

Berlin, Sept. 2.—Baron Rudensky, brother-in-law of former Hungarian Premier Count Stephen Tisza, was charged with the murder of Count Michael Karolyi, also a former premier, alleging that Count Karolyi had returned to the court of Count Tisza, and participated in the crime, according to a Budapest despatch to The Tages Zeitung.

Vast Forest Fires Raging Between Toulon and Cannes

Toulon, Sept. 2.—Vast forest fires which have been raging in the region between this city and Cannes are regarded as being partially extinguished. Help has been partially organized. The fires, which are spreading from the forest, and measures have been taken by the authorities to relieve distressed persons who have been injured and material damage has been very heavy. 4000 tons of chestnut, cork trees and pine in the Maures Mountains have been destroyed.

MASSACRED BY ALBANIANS

Belgrade, Sept. 2.—Numbers of Italian soldiers have been massacred in severe attacks by Albanian clansmen, according to The Politika of this city. The remainder of the Italian troops retired toward Durazzo and other strong points.

GUELPH CUSTOMS REPORT.

Special to The Toronto World. Guelph, Ont., Sept. 2.—G. J. Thorp, collector of customs for port of Guelph, announced this morning a very gratifying increase in the custom returns for August over the corresponding month last year. In August, 1913, the returns were \$30,523.83, and in August, 1914, amounted to \$46,230.47, showing an increase for August, 1914, of \$6,897.55.

To Daily World Subscribers

The World promises a before-7 a.m. delivery in Toronto and Hamilton. Readers in other cities may receive by notifying the office promptly of delayed or irregular delivery. It is only by co-operation of the reader that a satisfactory service can be ensured. Telephone complaints to Main 3308, Toronto, or Regent 1946, Hamilton.

HUSBAND VOLUNTARILY DIED WITH HIS WIFE

Chicago, Sept. 2.—"I'll stay with you, Mary." With these words, William F. Tanner, a cashier in the offices of the Baltimore & Ohio Railroad here, closed his eyes, embraced his wife, whose foot was caught in a railroad frog, and was killed with her when a limited train on the Chicago and Northwestern Railroad crashed into them last night.

John Miller, a flagman, in attempting to rescue the couple, lost his right arm and sustained a fracture of the left arm.

Three little children are orphans today because of the faithful decision of Tanner to die with his wife.

BRITISH DESTROYER TORPEDOED IN BALTIC

Eight of Her Complement Missing, According to Admiralty Report.

London, Sept. 2.—The British destroyer Victoria was torpedoed and sunk in the Baltic Sea on Saturday last, Aug. 30, the admiralty announced today. Eight of her complement are missing.

The Victoria was one of a class of thirty destroyers constructed by the British admiralty during the war period. This class was known as the "V" class, the names of all the destroyers beginning with the letter V. They were completed in the years 1915-17. Official details of their construction are withheld, but they were known to be vessels of about 1200 tons, mounting four-inch guns, and the customary smaller-calibered weapons on the main deck, and a complement of about 110 men.

The Victoria was one of the units of the British squadron operating against the Bolsheviks in the Northern Baltic and the Gulf of Finland.

BLAZE AT GUELPH

Fire, Believed to Be Work of An incendiary, destroys Bake Shops of Joseph Tedesco.

Special to The Toronto World.

Guelph, Ont., Sept. 2.—Fire, which is believed to have been the work of an incendiary, broke out in the bake shop owned and operated by Joseph Tedesco, an Italian, on Morris street, this morning, and before the blaze was under control the entire building was completely gutted. A stable nearby was scorched. The loss by the fire in places adjacent to the bakery, which was partly covered by insurance, is estimated at \$10,000.

To Hear Complaints Against Milling-in-Transit Rules

Ottawa, Sept. 2.—At the Ottawa sitting of the Dominion Railway Commission on Tuesday, September 15, the complaint of the Dominion Millers' and the Canadian Manufacturers' Association against the new milling-in-transit rules filed by the railways will be heard. The Canadian Manufacturers' Association will also submit the complaints of the Winnipeg Flour Mills and others against the proposed increase in stop-off charges on grain for storage, milling, etc., in transit.

Kill "Lucky Angus" McDonald

By Accident, at Rice Lake

Winnipeg, Sept. 2.—H. Angus McDonald, aged 34, a pioneer prospector, known through the Canadian mining world as "Lucky Angus," was killed accidentally at Rice Lake on Sunday, being mistaken for a moose. McDonald became prominent in mining circles ten years ago thru his discoveries in Manitoba gold fields.

August Customs Receipts Show Third-Million Increase

Ottawa, Sept. 2.—Customs receipts for the five months of the fiscal year ending August 31, amounted to \$67,435,971, as compared with \$69,936,377 for the same period a year ago, or a decrease of \$2,500,406. Receipts for the month of August alone, however, show an increase of \$866,663, the amount collected last month being \$14,230,027 as compared with \$13,862,393 in August, 1913.

U. S. Lifts Restrictions On Trade With Hungary

Washington, Sept. 2.—Practically all restrictions against trade with Hungary were lifted today by the war trade board. It was announced that licenses for the export of American-made goods to that country would be issued freely on all commodities except those of a strictly military nature and that imports to the United States would be unrestricted.

OIL CAKE FOR CATTLE

Berne, Sept. 2.—An arrangement has been made between Italy and Switzerland, by which the latter will ship change for 1000 carloads of oil cake.

OPERATORS ISSUE STRIKE STATEMENT

Charge Minister With Encouraging Cobalt Miners to Strike.

Cobalt, Sept. 2.—Declaring that they will not recognize the union until compelled by law and that they will not refuse and have never refused to meet their workmen, the mine managers of Cobalt have issued a lengthy statement on the strike. The minister of labor comes in for some heavy knocks, and is bluntly charged with encouraging the miners to go out on strike.

AS TO THEIR ATTITUDE TOWARD THEM, THE MANAGERS SAY:

"The criticism heard on the street and apparently emanating from those who may be described as the agitating minority, is that the mine managers have taken an arrogant stand and have refused to discuss the question of recognition or any other points that may be made an issue with the men themselves. We believe that no mine manager has ever refused to discuss any question with either his men individually or with a committee of his own men, elected by his own employees. We believe that, in all cases where a request was made to meet and discuss matters and in fact where the desire was merely indicated, the managers have always willingly and gladly discussed the points thus raised in a friendly and sympathetic spirit. On this last charge, namely, that the managers have refused to meet their men, falls of its own weight, and the fact that the men of Cobalt did not ask to discuss the questions involved in the present controversy with their managers shows that they were entirely indifferent to the results contingent upon strike, or that they were prevented from so discussing these questions by the officials of the Miners' Union."

THE DEPARTMENT OF LABOR AT OTTAWA

has advised "under the conditions, presumably by the local union, and a representative of that department at the request of the minister of labor, that Cobalt and its vicinity be the subject of the situation last spring. We have reason to believe that this report confirmed the position taken by the mine managers, and believe that the minister of labor taken an entirely neutral position in this controversy. We maintain that the charges against the department of labor are unfounded. At the request of Mr. Quirk, referred to above as representative of the department of labor, the following verbal statements to him in a letter addressed to the minister of labor under date of June 17 bargaining.

Collective Bargaining.

"In this letter we pointed out that we were already practicing collective bargaining in dealing at all times with groups or committees of our own men, but that we did not practice collective bargaining if such bargaining was of necessity thru the Western Federation of Miners. We pointed out that the accusation of discrimination as brought against us by the union was without foundation, since there was no discrimination on the part of the mine manager. We stated that we were ready to refuse an applicant for work because he was a member of the Western Federation or any other union. We stated that we were ready to accept an applicant for work because he was a member of the Western Federation or any other union. We stated that we were ready to accept an applicant for work because he was a member of the Western Federation or any other union."

GRAND TRUNK RAILWAY SYSTEM TIME TABLE CHANGES

DAY, SEPTEMBER 7, 1914.

Train No. 43, now leaving Toronto 11:30 p.m., daily except Saturday and Sunday for Scotia Junction, will be cancelled (last trip from Toronto Friday, September 4).

Train No. 47 will leave Toronto 11:30 p.m. on Tuesdays and Thursdays (last trip September 9), arrive North Bay 9:10 a.m. Wednesdays and Fridays.

Train No. 43, leaving Toronto 1:30 p.m. on Wednesdays and Saturdays for Scotia Junction, will be cancelled (last trip Saturday, September 6).

The Toronto-Algonquin Park sleeping car, now leaving Toronto on train No. 48, 11:30 p.m., daily except Saturday and Sunday, will be cancelled Sunday, September 7, leave Toronto on train No. 9, 8:15 p.m. on Sundays, Mondays, Wednesdays and Fridays, and train No. 47, leaving Toronto 11:30 p.m. on Tuesdays and Thursdays, arriving Algonquin Park 11:10 a.m. Southbound same at present.

MANY RETURN TO RUSSIA.

London, Sept. 2.—The German government has given permission for Carl Radok, one of the leaders in the Spartacist rising in Germany, to return to Russia, according to a Russian source wireless despatch, which quotes the Russian language newspaper, Russkaja Zhsn, published in Berlin.

LAD CABLE TO BRAZIL

Rio Janeiro, Sept. 2.—The British cableship Colonia arrived here Monday, having completed the laying of a new cable from England by way of Ascension, St. Vincent and Fayal. The steamer laid 1,850 nautical miles of cable in thirty-one days.

MURINE'S Best, Satisfies, Soothes, Heals—Keep Your Eyes Strong and Healthy.

Use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Chicago, U. S. A.

CANADIAN GENERALS HONORED BY BELGIUM

Ottawa, Sept. 2.—Major General Sir Eugene Pitt, deputy minister of militia and defence, and Major-General Gwathkin, chief of the general staff, have been named commanders of the Order of the Crown by the King of Belgium. Major-General J. Lyons Biggar, quartermaster-general, becomes a chevalier of the Belgian order of Leopold. These honors, which were recommended by the Belgian consul here as long ago as the year 1910, are granted in recognition of valuable work performed by the officers in connection with the mobilization of the Belgians in Canada during the early days of the war.

SAYS NEW CABINET IS REACTIONARY

German Press Doubts Whether Hungary's New Ministry Will Be Acceptable to Allies.

Berlin, Sept. 2.—The press of this city describes the new Hungarian cabinet as "unreservedly reactionary," and speculates upon the reception which will be given it by the entente and the probable course of Hungarian Socialists and working men.

Count Osaky, the foreign minister, was formerly a diplomatic officer, and the Szabo, who has been named as minister of agriculture, was formerly Emperor Charles in Switzerland. He is understood to still be in that country. Martin Lovassy declined to enter the new cabinet, being quoted as saying that his formation was a "direct challenge to the entente."

Paul Garami, minister of justice in the old cabinet, is reported to be leaving Budapest for Switzerland, having made the declaration that there is no hope of a solution of the Hungarian problem. Premier Premier Jules Pejdli and Karl Payer, the secretary of home affairs, are reported to be assuming the leadership of the Socialists. The Szabo, who has been named as the representative of small farmers in the new government, is not the former minister of agriculture, but an unknown man from a small village.

FOUR PEOPLE KILLED IN QUEBEC ACCIDENT

Motor Car With Six Passengers Misses Bridge at St. Bonaventure and Tumbles Down Embankment.

Montreal, Sept. 2.—Four persons were instantly killed while two others were severely injured in an automobile accident, which occurred at St. Bonaventure, near Drummondville, late on Sunday night, when the machine missed a bridge over the Riviere aux Vaches and tumbled down the embankment.

NEW YORK STOCKS

Brighter Labor Outlook Affords Wall Street Much Satisfaction. New York, Sept. 2.—Stocks were strong and moderately active throughout the session, the trend of events being the triple holiday, especially the brighter labor situation, affording the community much satisfaction.

The more conservative attitude of organized labor, bringing to a better understanding of the long term situation and adjusting the short interest, was published during the recess, which wiped out the nominal deficit in actual reserves reported the week before and left a liberal total to the credit of that item.

The international money market was again the one adverse or disturbing feature, sterling exchange in respect to gross and net having been rather disappointing. The July gross is the highest for any month of the year thus far, and the increase in net is larger than that shown in similar months.

Holdings were considerably larger than at any period for almost a fortnight, although the buying continued extensively in steel equipment, oils and motors, where gross gains extended from two to almost fourteen points.

Crescent Steel led the list, other worthy features including Texas Company, Mexican and Pan-American petroleum, Studebaker, Stutz, Chandler, Maxwell and General Motors, Atlantic Gulf, American International, Hild and Leather preferred and the more popular food issues.

Bulls were strong in low-grade shares, notably Texas Pacific, Denver & Rio Grande preferred and St. Paul scored moderate gains. Sales amounted to 1,100,000 shares.

Firmness of international was the only feature of an otherwise dull bond market. Liberty issues holding steady, total sales (par value) were \$11,000,000. Old United States bonds unchanged.

LAKE SUPERIOR SHOWS LOWER NET EARNINGS. The annual report of the Lake Superior Corporation for the year ending June 30 last shows net earnings from operations of subsidiary companies, including the Algoma Steel and Hudson Bay Railway, of \$5,441,574, as compared with \$6,551,495 in the previous year.

The balance carried forward was \$1,500,000. Total net earnings for the year were \$1,500,000. The balance carried forward was \$1,500,000. Total net earnings for the year were \$1,500,000.

MONTEAL'S HALF-HOLIDAY. In honor of the Prince of Wales the Montreal Exchange adjourned for the afternoon yesterday.

BRAZILIAN IN JULY HAS GOOD EARNINGS

Gross and Net Revenue for Month Shows Improvement Over June.

The July statement of earnings of the Brazilian Traction, Light and Power Company is considerably better than that for June, the showing of the latter month in respect to gross and net having been rather disappointing.

DOMINION IRON IN GOOD DEMAND. Cement Also Shows Strength—War Loans Dull But Firmer.

The Toronto market opened after the triple holiday with a strong tone, although there was little activity apart from Dominion Iron and Canada Cement.

LAKE SUPERIOR SHOWS LOWER NET EARNINGS. The annual report of the Lake Superior Corporation for the year ending June 30 last shows net earnings from operations of subsidiary companies, including the Algoma Steel and Hudson Bay Railway, of \$5,441,574, as compared with \$6,551,495 in the previous year.

RECORD PRICE FOR OIL. Pittsburgh, Sept. 2.—A new high record in price was reported today in the announcements of prices paid for Pennsylvania crude oil.

U. S. COTTON CROP. Washington, Sept. 2.—An increase in the August 15, 1919, preliminary prospectus for cotton crop this year, was shown in today's cotton report of the department of agriculture, which was a total of 11,250,000 bales.

LAURENTIDE PULP'S YEAR. Montreal, Sept. 2.—Figures presented at the annual meeting of the Laurentide Pulp & Paper Co. today showed an increase in gross revenue for the year of \$2,952,000, the total being \$2,952,000.

ON PARIS BOURSE. Paris, Sept. 2.—Prices were heavy on the Bourse today. Three per cent. rentes, sixty francs, 80 centimes for cash.

CHICAGO MARKETS. J. P. Bickell & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade:

Simpson's Announcing the First Showing of the Newly Arrived Hart Schaffner and Marx Fall Type Suits

Copyright 1919 Hart Schaffner & Marx

For Men and Young Men Today

Suits by America's foremost tailors in a special showing at the Simpson Store today the newest and most authentic models made exclusively for us by "Hart Schaffner and Marx."

To men who prize distinction in dress, these new-type suits will make a special appeal. The somewhat longer coat and smartly flaring skirt are the dominant features.

The suits are artistically designed with soft supple draping---no padding or heavy canvas interlining. The fabrics are all wool.

Two of the Many Models Are Here Described

Model 705—Tailored from a plain dark blue cheviot; single-breasted, two-button, long soft lapels, waist seam effect, crescent pockets, new bell sleeve effect. Sizes 35 to 42, \$60.00.

Model 17—Made up from a rich dark brown cheviot, with narrow green stripe effect. Two-button, double-breasted sacque, peak lapels, high-chested, flare skirt, small cuff on sleeves—roll shoulder effect. Sizes 36 to 42, \$60.00.

Simpson's—Main Floor.

175 Pairs Men's Trousers On Sale at \$2.75

A special purchase enables us to offer the well-tailored, strongly-made trousers at this exceptional price—suitable for wear with that extra coat.

Dark serviceable shades, in neat stripe effects; finished with side, hip pocket and belt loops. Sizes 32 to 42. On sale 8.30 this morning, \$2.75.

Exhibition Special \$30.00 to \$35.00 Suits for Men Today \$25.00

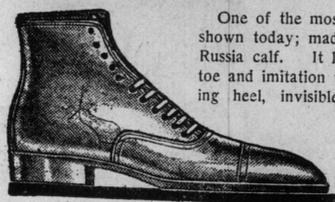

Exceptional value at this price. These clothes were made by our own tailors, a guarantee of correctness in styles, fabrics and workmanship. The materials are fine finished worsteds, in rich Autumn shades of brown and grey—neat stripe and check pattern effects.

Carefully fashioned in the single-breasted, 3-button, soft roll, semi and form-fitting sacque model, medium height vest, trousers finished with five pockets, belt loops, cuff or plain bottom. Wool body linings. Sizes 36 to 44. Today, 8.30 special, \$25.00.

New Fall Shoes for Men

The season's newest and most popular shapes in men's fall boots are now ready for your inspection. The assortment is large and varied and includes some of the smartest and most serviceable shoes we have ever shown. Three of the very special models are described below.

A Dark Brown Russia Calf Boot, \$13.00

One of the most popular models shown today; made of dark brown Russia calf. It has a long recede toe and imitation toecap, flat walking heel, invisible eyelets. English oak tan sole and heel. Sizes 5 1/2 to 11. Price, \$13.00.

The Newest Black Calf Blucher, \$11.00.

The blucher type boot is regarded with increasing favor. This boot is built on a recede toe last with medium toe—it is blucher cut, in full quarter pattern. It has invisible eyelets to the top—Goodyear welted and oak-tanned sole. Carefully lined and finished throughout. All sizes 5 1/2 to 11. Price, \$11.00.

A Kangaroo Leather Boot at \$15.00.

Combines comfort with durability and style. This is without exception one of the finest grade boots on the market today; carefully made up from the highest grade materials obtainable. Style No. 6309—line 5. It is a Havana brown shade, made on the straight or Banker last—straight lace. The sole is of English oak sole stock and is Goodyear welted. Widths A to D.
