City Improvement Society Gives Some Good Pointers to the Board of Works.

What do you think of trousers at 3.50? Yes it's 3.50 a pair. You might suppose from the price that we meant 3.50 buys only one leg, but we mean 3.50 buys a pair. At that price it would be wisdom and economy for most men to buy three pairs.

BOYS' BRIGADE CAMP. More Than 350 are Occupying Seventy Tents at Port Dalhousie on the Lake.

IRREGULAR MILITARY ROUTINE. Lots of Recreation for the Younger Soldiers While Ideas of Discipline are Inculcated.

Port Dalhousie, July 25.—(By the census of Port Dalhousie were taken just now a material increase in the population would be shown, taking the occupants of the tents of the Boys' Brigade camp into consideration. Last week there were 422 on the grounds, but on Monday several refractory ones and those not giving evidence of the best health left their homes in Hamilton and Toronto, but there are yet over 350 in camp, there being 70 tents on the grounds.

Unique Sight. Mr. Paxton's field along the lake shore is the location that was selected, and a very fine and unique appearance it presents to the stranger. The officers' tent is such a sight as to attract the attention of all who pass by.

Lots of Fun. Unlike a regular military camp, the larger portion of the afternoon is given to recreation, such as swimming, football, fishing, and a drill is given in the evening.

To-day a Big Day. The boys have no lack of attractions to interest them. They are becoming rapidly acquainted with the people of the village, who strain every effort to please the boys.

Wonders of the Sky. On Thursday they will visit the city and spend a short time in the park. They will likely receive an invitation from the City Council, and will perform several movements, demonstrating the instruction which they have received.

Dalley's Family Carry is very handy for travelers to travel with them. Price 10 cents.

LOCAL TOPICS. Ten-cent box of wax matches reduced to six. Alive Bolland. A large excursion party came to the city yesterday from Palmerston and Guelph.

An Old U. C. Boy. W. J. H. Richardson of Wilby, late of the Upper Canada College, has bought out the stationery business of R. S. Cornack & Co. of Wilby, and will personally conduct the business. He starts with the good wishes of the whole County of Ontario behind him.

HERE'S THE NEWS FOR YOU AGAIN!

The Trial of Martin Cahill in the West Elgin Case Was Delayed Once More.

ONTARIO OFFICIAL WAS ABSENT

Col. Clarke, Who Had Charge of the Documents Needed, Did Not Turn Up.

St. Thomas, July 25.—Martin J. Cahill of St. Catharines again appeared before Magistrate Davidson this morning to answer to the charges springing out of his connection with the West Elgin election frauds of January last. The prisoner was on hand, and Albert E. Montgomery, under whose name Cahill acted as a returning officer, was also present. However, Col. Clarke, who holds the documents necessary to establish the charges, was not present, although he is to be tried by the magistrate stating that the court would be adjourned till the chance to appear court was given.

When court was opened the prisoner was arraigned on the four remaining charges, viz., injuring poll book, making false statement, under oath, perjury and perverting the course of justice. On the three first charges the prisoner, on the advice of his counsel, elected to be tried by the magistrate and pleaded not guilty. On the charge of perjury the prisoner's counsel stated he was not in a position to plead, but had not expected to have to go on with that charge until the others were disposed of. Prosecuting Attorney Donahue insisted on the prisoner pleading, as he was ready to check off, Thursday. The magistrate ruled that under the circumstances the counsel for the prisoner should have time to consider before pleading.

Court was resumed at 1 o'clock, but no progress had been made on the matters before. Col. Clarke was not present, and no one was questioned. Mr. Dave Armitage (counsel) wished to go on with the perjury charge, and the counsel for prisoner didn't. The magistrate decided to adjourn till 10 o'clock to-morrow morning, at which time he intimated that he would dispose of the charges in some manner.

ONE OF THE BRIGADE DROWNED

Freddy, the Only Son of E. Whaley, Toronto, Met Death at Port Dalhousie.

Frederick Whaley, the 12-year-old son of Mr. E. Whaley of the firm of Whaley, Rogers & Co., was drowned, Saturday, at Port Dalhousie while on a boat trip. Several other boys who were bathing with him at the time were unable to rescue their comrade. Freddy was a member of No. 2 Co. of the Church Boys' Life Saving Camp at Port Dalhousie with about 400 other boys.

Captain Geddes, who has charge of the camp, warned the boys of the danger of swimming in the canal, and instructed them to bathe in the lake. Freddy, however, with his chums, went to the new canal on the harbor side, and had only been in the water a short time when he disappeared. His companions went for aid, and several of the boys of the camp hurried to the canal. Grappling lines were dropped, and at noon hour the body was recovered.

The father of the boy left immediately for the Port and last night brought the remains to the city. The remains were taken to deceased's late home at 411 Bathurst-street.

Frederick Whaley was the only son, and had come home only last week from Pickering College. He was a little fellow and a favorite among his friends.

WANTED TO DIVE FOR DAY.

Alexander McKenzie Makes a Mad Rush to the Water Front, But a Policeman Intervenes.

But for the quick action of P.C. Drury (219), Alexander McKenzie, a collarmaker in the manufactory of A. B. Mitchell & Co., 10 Sheppard-street, might have been successful in drowning himself in the bay yesterday afternoon.

The constable was on duty at the corner of King and York-streets about 7 o'clock when a negro rushed up to him, and in a greatly excited manner told him that a man had just run down the street towards the waterfront with the evident purpose of throwing himself in.

The policeman boarded a passing Bathurst street car and hurried down in pursuit of McKenzie. At York-street bridge he saw him still running. He went after him. McKenzie ran along the Royal Canadian Yacht Club wharf to the end, where he stopped to speak to a man.

P.C. Drury hurried along, and was successful in preventing McKenzie from making a mad dash into the water. McKenzie was in his shirt sleeves and unbuttoned, and the constable that he intended to dive to find the bodies of Edward Day and Harry Pettit, the two men who are supposed to have been drowned early yesterday morning.

After some coaxing the policeman was able to get McKenzie to walk up to Front-street, where the patrol wagon was summoned and he was taken to the police station.

It is thought that a sister of McKenzie's has been seeing counsel with Edward Day. It is said that the report of Day's drowning had affected McKenzie's mind, and that McKenzie is about 29 years of age, and lives at 88 Walton-street, and is unmarried. He is employed as a collarmaker in Mitchell's factory. Prior to this escapade he had a wife at work. On coming to his senses he bolted out of the building, with several of the employees at his heels.

FROM KINGSTON.

Evidence Duplicated Again in Regard to Cures by Dodd's Kidney Pills.

W. C. Bennett, Foreman of the R. M. Rogers Tin Shop, Kingston, Replies to a Letter Asking About His Cure by Dodd's Kidney Pills.

Kingston, July 25.—Barriehed is just outside of Kingston, and may be an important part of that city some day. In Barriehed lives Mr. W. C. Bennett, who was cured of Kidney Complaint by Dodd's Kidney Pills. His cure was published not so long ago, and Mr. Bennett has lately received inquiries from a Toronto gentleman who is anxious to know if the case was as stated.

Dodd's Kidney Pills have cured Kidney Bright Disease, Diabetes, Rheumatism, Heart Disease, Lumbago, Sciatica, Neuralgia, Urinary and Bladder Complaints, have been cured in the most famous City, by that wonderful medicine, Dodd's Kidney Pills.

Mr. Bennett desires to tell the public through this paper that he has found in Dodd's Kidney Pills a permanent cure for Kidney Troubles and Backache—the most common symptom of Kidney Disease—and further, he is willing to answer any letters addressed to him asking for particulars.

Here is a copy of the letter Mr. Bennett wrote to the Toronto Enquirer:

Dear Sir.—Young, referring to Dodd's Kidney Pills, requested I have used them to great advantage, and I am sure that they are all that you claim for them. I got a box first from Henry Skinner, drug dealer, who told me to cure me of my Kidney Complaint, which I had become very bad I could scarcely endure it. After using several other medicines and so-called kidney pills without receiving any benefit, I am all the greater pleased to testify to the great benefit received from Dodd's Kidney Pills. The change in my condition is so great that I can now do any work commending them to any person troubled with Kidney Disorder.

If anyone is in doubt, a card to my address, General Postoffice, Kingston, shall be promptly replied to, stating what good Dodd's Kidney Pills did for me.

W. C. Bennett.

AT THE CITY HALL IN DOG DAYS.

President Donald says the Butchers should not be allowed to spoil the Market Scheme.

Mr. R. Donald, President of the Market Improvement Association, has written the Mayor advising that the butchers be not allowed to play ducks and drakes with the new market, now that it about consummated. He strongly opposes any interference with arrangements set out in the plan.

Here's a Sample. When Miss Redden's name was up for the appointment as telephone operator at the new City Hall, the point of order was raised in Council that she had not been recommended by the head of her department. The Mayor ruled that the lady constituted a new department, and that there was therefore no need to recommend her. That meant all right, but now comes the startling announcement to City Commissioners that the operator is attached to his department. An example of some needless rillings.

Today the contractors are to begin the demolition of the old Don bridge. The temporary bridge will be utilized from now on, pending the construction of the new structure.

An appeal petition is in from Branswick avenue.

THE GREAT TATTOO-TONIGHT

Manager Houston Tells Just How It Will Appear to the Gaze of the Multitude.

IT'S ALL FIREWORKS AND MUSIC.

Patriotic Songs a Feature of the Evening—The Arrangements for the Ferry Steamers.

Everything is in readiness for the great Tattoo this evening and to-morrow evening at Hanlan's Point. The outside bands will arrive this afternoon, and it is safe to say that there will be a grand many strangers in the city to-day and to-morrow. It is difficult to describe all the glories and beauties of the Tattoo, but the secretary has supplied The World with an outline of the scene which will be presented:

The program begins with the opening salute of fire rockets, and then the big bands enter, playing their lively marches. Each band enters separately, and electric light from the grand stand to its position at the south end of the enclosure. One of the big guns of the Toronto Field Battery next shoots out its brilliant salute, and then the south end trumpeters sound first post, and their music quiet retreats and advances.

A brotherly contest of the brass bands from the north end by a powerful chorus from the massed bagpipes. Then comes the inspiring entrance of the brass bands, and the pipes and drummers of the 48th Highland Battalion, and electric light from the grand stand playing national airs or regimental marches, and as each band reaches the waiting point, it plays a piece of music in the take up the air, until, when the last company arrives, all are playing in unison. Following the brass bands come the pipes and drummers of the 48th Highland Battalion, playing "Janie Brown of Lucknow."

A Glory of Red Lights. During the entrance of the bands the field is bathed in a glory of red lights from huge fire balls, giving a heightened glow to the scene. The fireworks men send off a salvo of rockets and a varicolored battery of stars bespangle the heavens. The bugle march by the massed bagpipes and drummers is the next feature, during which there will be a brilliant red illumination and a discharge of fireworks, and electric light rockets. "The Britannia," the grand old air that has roused the hearts of "His Majesty's Lollies" for over a hundred years, will be played by the massed band, under the leadership of George Henderson, of the 35th Simcoe Foresters. During this number there will be an appropriate illumination with the marine color, green, and one more the shining petals of the pyrotechnic flower about the air, and the crowd will go to cluster around and bring a hush to the face of the pale moon.

Then the Pipers Parade. Then the pipers parade, with the string strains that have caused the hearts of thousands of Scotland's killed lads to leap into the thick of the fight and into the jaws of death with never a thought but to go or die. After that Bandmaster Slatier leads the massed drummers in a stirring march across the field and back again, while a pulsating illumination enshrouds the scene in a glow of red and blue and pink lights. There is a pause and soft as the light fades, the strains of the sublime strains of the Evening Hymn, which begins very softly and moves fitly as it goes the harmony of the music and the soul of the listener, while the drummers play a march, and a burst of golden light that may well depict the glorious scene as it is being witnessed.

A Spectacular Affair. Next a patriotic thrill that is born of the woods and dells of nature's own land awells the hearts of Canadian hearts, and the Maple Leaf is heard wafted on the breeze of the night, and as the music swells against the lake a magnificent Maple Leaf glows in the night, with a banner in the centre. Hardly has the impression produced by this number, conducted by Mr. Waldron, passed away, when a grand roll of drums is heard reverberate in the night air, and the bands burst forth into the national anthem, played as it has never been played before in Toronto. Then, after the

OTIS FAKES NEWS FROM MANILA

And Stuffs the American People as to What the Real Situation is There.

London, July 25.—A private letter received here to-day from a war correspondent at Manila, and dated June 17, says: "There seems to be no end of the war in sight. The censorship is constantly becoming more troublesome. General Otis recently established a rule that any matter relating to the war must be taken to the commander of the post for his approval and afterwards submitted to the military censor, thus adding to our difficulties. For some reason, which the censor would not explain, General Otis refused to allow me to send the death of the Monarduck's captain (Nichols) for two days after its occurrence. The General also refused to let us send news of the disappearance of Captain Hocketter. On the ground that it would worry his family, or the killing of Captain Tilly of the signal corps, until the next day. The correspondents are all very tired of this arrangement, which simply means that they must go out and run large chances of getting shot several times a week, with no chance of making reputations, because their stories must always reflect Otis' views, impossible to write the truth about the situation. The resources and fighting qualities of the natives are quite misapprehended by the American papers, and we cannot write the facts without being accused of insubordination. The American press is practically unanimous in opposition to and dislike of the war among the volunteers, or at least a portion of them, were at one time on the verge of mutiny, unless General Otis had begun sending them home afterwards through the kindness of the American development. We have been absolutely refused all hospital facilities."

J., is situated on Lake Simcoe, nine miles from Barrie, is 900 feet above the lake level, and is one of the most beautiful and most enjoyable spots in the province. The Robinson House has been all remodeled and newly furnished throughout. The dining room, by the way, is one of the most important rooms in the hotel, and meals are served to guests fully as good as one would expect at any first-class city hotel. Parties going to the Robinson House can leave here on the Muskoka express, which leaves the Union Station daily at 11:30, getting to Barrie, where they will find the steamer Conqueror awaiting them. You then go for a pleasant cruise across the lake, arriving at the Robinson House about 2:30. The guests will find a comfortable dinner awaiting them. Bring your fishing rods along if you are any ways fond of fishing, because there is a particularly good fishing up here. The steamer Conqueror is chartered at a very reasonable rate to take out fishing parties or private excursions around to different points on this beautiful lake. The number of the hotel has been increased to a great deal of expense building a new large cinder block track, which is one quarter of a mile in circumference. There is very good road for wheeling. The bathing is good, and the guests of the hotel take their regular morning dip in the lake, which is about 100 yards from the hotel, or around through the large cedar woods. A comfortable shower bath, there are a number of hammocks throughout the private park. So, when you get sleepy, just chase yourself into the hammock, and you will find it very comfortable. The hotel has spent his holidays up at the Robinson House, and he remarked that he had lived like a little lord. He had everything he wanted, and said that he put in the best holiday he ever spent in his life. Now if you would like to go up there and have a good time, the rates are \$100 per week, or \$1 per week. Special reduction to families. This is very reasonable, and you certainly get your money's worth up here. If you decide to go, write at once to A. Arnall, Barrie, Ont.

At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who are afflicted with indigestion. And once he enters a man it is difficult to get him out. He finds himself so possessed, he would know that a valiant friend to do battle for him with the unseen foe is Hutch's Vegetable Pills, which are ever ready for the trial.
