

Blue Ribbon  
Twenty-Third Year

MANUFACTURERS DESIRE  
MANY REFORMS IN TRAFFIC

Instances Wherein Canadians Are  
Discriminated Against in  
Favor of Americans.

Ottawa, Jan. 21.—The deputation  
marshaled by the Canadian Manu-  
facturers' Association are here to sit up  
with the Finance Minister and talk  
things to him. They have also  
held a private meeting to discuss mat-  
ters of general interest to the associa-  
tion. The delegates met the Premier,  
the Finance Minister and the Minister  
of Customs this morning and pressed  
upon their attention the substance of  
the resolutions passed at the annual  
meeting in Montreal, copies of which  
have been in the hands of the govern-  
ment for some time.

What They Urged.  
They urged, first, the establishment  
of a Canadian consular system or  
foreign agency scheme for the present  
recall of Mr. J. S. Larko, who for  
seven years has been Canadian  
commercial agent in Australia. The  
association thinks he should come back  
to Canada and get in touch with pre-  
sent conditions and also impart his  
knowledge of Australian trade condi-  
tions to the manufacturers.

The appointment of a special trade  
commission to Great Britain with the  
object of pushing the sale of Canadian  
products there was also insisted upon;  
as previously the duties of such a com-  
mission were also the duties of a com-  
prehensive system of agencies for the  
collection of trade information.

Direct Steamship Connection.  
Another request of the association's  
delegates preferred was the establish-  
ment of direct steamship connection  
with South Africa and Australia. It  
was pointed out that at present heavy  
freight cannot be carried over the  
C.P.R. to Vancouver and that certain  
lines of products have to be forward-  
ed via New York, which is also the  
only freight route available to South  
Africa; the result being heavy tranship-  
ment charges and delays due to the  
necessity of going to the United States  
goods. A line of steamers from  
Montreal in summer and St. John and  
Halifax in winter was advocated.

While returning no definite answer,  
the members of the government seem-  
ed to be favorable to this latter propo-  
sal.

Tariff Measures Mooted.  
Then tariff matters were taken up by  
those representing the oatmeal mill-  
ers, the agricultural implement manu-  
facturers and the shirt and collar  
makers.

On behalf of the oatmeal industry it  
was pointed out that the tariff needs  
readjustment, inasmuch as while the  
tariff on oatmeal is 50 cents a barrel,  
that on wheat is 40 cents, and that  
there is really discrimination against  
the Canadian miller in favor of the  
American, who is able to import a  
barrel of 24 in his own market.

Another grievance is the alleged un-  
fair competition of foreign cereals  
made in the United States.

Senator Lymburn, who in the Massey-  
Harris Co. spoke in explanation of the  
tariff, and of the Canadian agricultural  
implement industry, which is subject  
to unequal competition from the Uni-  
ted States.

Measrs. Toole, Skelton and Gordon  
of Montreal represented again to Mr.  
Fleming the inequality of the tariff  
on cotton and shirts and collars, the  
injury being done to the woolen trade  
in Canada by the importation of the  
preferential tariff was also  
impressed upon the Ministers.

The duties on the woolen industry,  
and the Finance Minister merely promised  
the usual careful consideration.

It is just possible that some redress  
may be devised for the woolen indus-  
try, but as to the tariff on shirts and  
collars, they will scarcely find a practical  
answer in tariff changes next session.  
The tariff on the woolen industry is  
to-morrow the delegates will dis-  
cuss with the government the ques-  
tion of apprenticeship and the entry  
into Canada of foreign goods. They  
will also see Hon. Sydney  
Fisher in regard to the patent of Trade  
Marks Act.

The Toronto delegates here are P. W.  
Ellis, ex-president of the Manufacturers'  
Association; Fred  
Nichols, W. H. McCaughy, J. O. Thorn  
and W. K. George. Senators Lymburn  
and Jones and T. A. Russell, secretary of  
the association; Thomas Martin of  
Mount Forest, and James Huxson of  
St. Mary's are also delegates.

Home-Seekers Attention.  
Spadina-avenue, west side, near  
Classic, modern detached residence,  
contains nine nicely decorated rooms,  
four on ground floor; most sanitary  
plumbing; new furnace; lot 26 feet  
frontage; splendid view; call at 111  
Spadina; price only \$4800. Apply H. H.  
Williams, 10 Victoria-street.

Favor Increase to Carriers.  
There was an interesting meeting of  
the Ross Liberal Club last night in St.  
George's Hall. Short speeches were  
delivered by Thomas Bizard, M.L.A.,  
Peterboro; William Rickard, New-  
castle; H. E. Hamilton, W. B. Rogers,  
George Harris, Thomas Vance, Mr.  
Hunter, Kingston, Post Sabine, T. J.  
Wilson, O. M. Ross, J. E. Ellis and  
W. McBride. A motion was  
passed by W. J. Wilson, George  
Beach, George T. Beales, Mr. Tilley,  
Post Sabine and Cecil Huxson. The  
resolution was passed advocating an  
increase in the salary of the letter  
carriers. The president, Dr. H. Herbert  
Adams, excused the chair.

Dunlop's excel all others in violets—  
we have the true English varieties.

Violet Day.  
The royal request that violets be  
worn as an emblem of mourning for  
the first anniversary of the death of  
Queen Victoria will be well observed.  
Queen Victoria will be well observed.  
Queen Victoria will be well observed.

For sale—old established restaurant  
doing good business. 1000 ft. room  
capacity 200 facilities for catering.  
71 World Office.

Hodgson's Scheme.  
Ottawa, Jan. 21.—Mr. F. W. Hodgson,  
Dominion live stock commissioner,  
is formulating a scheme for the  
extension of farmers' institutes to all  
parts of the country. The government  
will send instructors to the point at  
which the desire is manifested to  
establish an institute.

Commerce Building, Toronto.

BRINGING IT HOME TO HIM.

So, the letter and Mr. Douglas' conduct of his two visits to the World Office and his request to have his paper doubled up with the Sunday World on the "two for one" principle; nor does he offer any explanation of his unauthorized advertising of the two papers together, notwithstanding and after the World had turned him and his importuning proposals down, and had told him to mind his own business—that we would attend to ours; nor does he explain the persistent efforts his agents made to try and induce the newswriters who handle the Sunday World to couple his paper with it; nor does he explain the connection of the Dandys with the strike.

In a word, what did he come to the World office for, why did he insert the advertisements, why did he appear to the newsmen to double the paper, and why, having failed in every direction to attain his end, did the Dandys start in to foment trouble among the newsheds? His own employe was caught re-handling Saturday night promoting the strike.

Now that he has commenced to try and clear himself, let him tell us what he was up to in all these things. Never mind poor Mr. Maclean. He's used to it. Nor never mind telling what a fine paper The Saturday News magazine is. Just explain his own conduct, and his interest in breaking the wholesale price of the World or in cutting down the newswriters' and newsheds' profits, involved in his proposals to the World. He was trying to do one or both of these things! When he explains this, we may ask him something harder. But abuse won't do for an answer.

NO MORE FLAG INCIDENTS.

Canada and United States. Agree Not to Display the Flag.  
Washington, Jan. 21.—Assistant Secretary of the Treasury Spaulding, acting on the suggestion of the State, has directed that official flags in future should not be displayed by United States customs officials at the British North America. Some time last summer a Canadian customs flag was forcibly removed by Americans from a building occupying the site of the former United States customhouse at St. John's, N. B.

WILL JUSTIFY DE LESSEPS.

United States Action Re Panama Canal Will Rebuttle Him.  
London, Jan. 21.—In an editorial article to-day The Times says that the Panama Canal scheme of the late Ferdinand de Lesseps fell into the hands of speculators, jobbers and intriguers of every degree, and a great deal of money was expended in its promotion. The idea, however, remains, and its realization by the United States is the back of the British Empire, and the student of students' clubs in Berlin, the late Attorney General described the student's duel as an "unparalleled insult to education."

NEW BLACK ROD.

Molynex St. John Gets the Post-Office in the Red Chamber.  
Ottawa, Jan. 21.—The new cabinet meeting an order-in-council was passed appointing William McGregor, ex-M.P. for North Essex, collector of customs for the West. Toronto was appointed Gentleman Usher of the Black Rod in the Senate.

ROBERT NOT YET SAFE.

Bowmanville, Jan. 21.—There is talk now among the Conservatives of West Durham of having a recount and eventually a protest entered against the election of Robert Bell.  
The Conservative Association meets next Monday and will take action. It is said that several cases of bribery can be proved.

COMMAND OF INDIAN ARMY.

London, Jan. 21.—A telegram from Allahabad says that as Lord Kitchener is unable to assume the Indian command-in-chiefship this spring, it is understood that Gen. Palmer, term of office, expiring in March, will be extended until the autumn.

MAIL FOR SOUTH AFRICA.

Ottawa, Jan. 21.—A mail for South Africa, in which will be included parcels addressed to the British forces, will be despatched from Halifax per S.S. Victorian, sailing for Cape Town under government orders on the 28th inst. Articles intended for despatch by this mail should reach Halifax not later than the evening of the 27th.

MARCONI RELEASES HER.

New York, Jan. 21.—Mrs. H. B. Holman of this city announced to-day that her daughter, Josephine, had asked Guglielmo Marconi, the developer of wireless telegraphy, to marry her. Her father had consented to the marriage, and that Mr. Marconi had complied with her request.

WALTER GORDON CAUGHT  
CHARGED WITH MURDERS

Police in Halifax Think They Have the Man Who Killed Two Western Farmers.

Halifax, Jan. 21.—Walter Gordon, supposed to be the Whitewater, Manitoba, murderer, was captured in Halifax this evening. The police say that he is the right man beyond a shadow of doubt. He answers the description contained in the circular which was sent out by Chief of Police E. J. Elliott of Winnipeg. The arrest was made by Detective Power.

Gordon is said to have killed two aged farmers, who were brothers, one night in July, 1902, and then disappeared. He proceeded to South Dakota and joined the American army, being stationed at Fort Meade.

When the 2nd Canadian Mounted Rifles were being organized, he told a companion that he was going to join the corps. He deserted on Dec. 12 last and went to British Columbia, where he enlisted and came to Halifax under the assumed name of John Grant.

The prisoner declined to make any statement. E. J. Elliott, the Chief of Police of Winnipeg, was notified of the arrest, and he telegraphed at midnight to hold Gordon, and an officer would have been there in the morning for Halifax.

SHOT THRU THE BRAIN.

Fatal Shooting Accident for a Quebecer.  
St. Leonard, Que., Jan. 21.—Joseph Hebert, wood merchant of this locality, met with a fatal shooting accident to-day. He, in company with three others, was hunting about two miles from this village. They divided into two parties and were to meet at a given point. After they met they were discussing the best methods for pursuing game, when a gun in the hands of Joseph Leblanc was accidentally discharged, the bullet entering the brain of Mr. Hebert, resulting in his instant death. He was the eldest of five children. An inquest was held this afternoon and a verdict was rendered in accordance with the law.

FATAL DUEL AT SPRINGE.

Player of Violets Described as "A Contemptible Creature."  
London, Jan. 21.—The Berlin correspondent of The Times says that Herr Falkenhagen, who killed Herr von Bennigsen, Governor of Saxony, in a duel, turns out to be a contemptible and worthless creature. He did not follow the usual practice of successful duellists and report the affair to the police or military authorities. He was a member of the German Social Democratic Party, and his name was on the list of those who were expelled from Saxony.

HOLLAND'S WAR IN SUMATRA.

Compared With Task of the British in South Africa.  
London, Jan. 21.—The Vienna correspondent of The Times notes the improbability of the rumors concerning the visit to London of Dr. Kuyper, the Dutch Premier, because an attempt at intervention on the part of the Netherlands would meet with the simple question—How about Achin?

SEDITION IN ODESSA.

Batches of Inflammatory Proclamations Scattered in Town.  
London, Jan. 21.—Further batches of seditious proclamations, says a despatch from Kiev to The Times, have recently been scattered broadcast in Odessa.

DIED FROM SMALLPOX.

Ottawa, Jan. 21.—The first death from smallpox at the Peter's Island Hospital occurred last night. The victim of the disease was Mary Loretta Hamel, the thirteen months old child of Mrs. Hamel, who, with three children, was a patient in the hospital. The child was unvaccinated.

ROSE FOR CORONATION.

London, Jan. 21.—The Daily Mail says: The Queen is anxious for the rose to be the coronation flower. It is the emblem of England, while the lily of the valley is a foreign flower, and lilies are the national flower of France.

Did You Get a Pipe?

Briar pipes, in cases with genuine amber mouthpiece, selling at \$1.25, \$1.50, \$1.75, \$2.00. COMPROMISE, OR FORCE  
ARCHBOLD THOMPSON'S PEACE IDEA

Criticizes the Government for the Insufficiency of Troops Supplied to Lord Kitchener—Speech Approved by Opposition Benches—255 Boers Corralled.

It is Expected That When the Fresh Troops From Australia and Canada Arrive in South Africa Military Operations Will Be Greatly Expedited.

London, Jan. 21.—Winston Spencer Churchill (Conservative), in resuming the debate in the House of Commons to-day on the amendment moved by Frederick Cayley (Liberal) to the address in reply to the Speech from the Throne at the opening of parliament, gained the distinct approval of the opposition benches by his criticism of the government's shortcomings in regard to the conduct of the war in South Africa, the insufficiency of the troops supplied to Lord Kitchener, and other matters. He said he preferred a settlement by compromise rather than by force, as the latter would entail the tremendous expense of long military operations.

WHEN CANADIANS ARRIVE.

Dewet's Strong Force Will Then Be Pressed Hard.  
Bloemfontein, Jan. 21.—It is believed here, that in view of the British concentration against Dewet, Botha is likely to make another move in force against Natal.

IMPUTATION REDDED.

Mr. Baifour Calls Redmond and O'Kelly to Order.  
London, Jan. 21.—Mr. Baifour, a spirited member last night of the Nationalists in the Commons, made an imputation on the loyalty of the Australian and New Zealand troops, who were sent to South Africa, and asked the government to make a statement in regard to the matter.

GERMANY MAKES DENIAL.

Berlin, Jan. 21.—The Foreign Office denies that Germany desired to or associated itself with any other government that may have sought to bring about European intervention in the Spanish-American war.

SITUATION AT KOWEY.

Sheikh Substitutes His Own for Turkish Flag.  
London, Jan. 21.—A despatch from Bombay to The Times says that Mullah, the Sheikh of Koweyt, who was accused of hoisting the Turkish flag, now flies his own. The British cruiser Fox has not landed the field guns taken from Bombay, but is ready to ship them in Arab dhows if necessary.

FIRST WINNIEG HOCKEY MATCH  
VICTORIANS BEAT WELLINGTONS

Toronto Men Scored First Two Goals and Were Ahead at Half Time, Two to One, But at the End of Game Had Lost, Five to Three—Crowds See Splendid Exhibition.

Winnipeg, Jan. 21.—(Special.)—Five thousand people assembled in the Auditorium Bank to-night and were delighted with one of the finest athletic exhibitions ever witnessed in a hockey arena. The two teams were the Toronto and the Winnipeg players, who are both experts at the national winter pastime, and against the fastest foe men in the world.

The Toronto team, which was captained by McKay, with the result as already indicated, the second half of about 15 minutes, and the score was 5 to 3 in favor of the world's champions is really a fair index of the match.

The first team to appear on the ice were the Vics, and a mighty cheer greeted them. So also were the Toronto men received, and the colors of the club were waved by hundreds of citizens as the doughty champion honor seekers came from their dressing rooms. In the aggregate the team seemed smaller and heavier than the Vics, but not a trace of nervousness was visible.

They had friends everywhere, and were saluted familiarly from all sides. The teams lined up as follows:  
Wellingtons (3)—Vics (6)  
Morrison.....Goal.....Brown  
Snare.....Cover.....M. Platt  
Chadwick.....Forwards.....Wood  
Graham.....".....Cadhams  
Hart.....".....Scotney

The vaquitos team cheered each other lustily, and 15 seconds' play followed. The Vics were the first to score, and the Wellingtons were the first to be scored upon. The Vics were the first to score, and the Wellingtons were the first to be scored upon.

A few minutes before time McKay received a severe blow in the chest, and he was laid out for several minutes. He was carried to the hospital, but he is now recovering. The match was a splendid exhibition, and the Vics were the first to score, and the Wellingtons were the first to be scored upon.

The time-keepers were J. D. Pratt, Winnipeg, and H. McQueen, Port Arthur. Umpires—W. McLean, Winnipeg, and R. Roof, Toronto, Ont.

H. P. DWIGHT'S ACCIDENT  
RESULTS IN BROKEN LEG

In Rising From a Chair—Other Prominent Canadians on the Sick List.

Harvey P. Dwight, president and general manager of the Great Northern Western Telegraph Company, broke his leg yesterday morning while in the office of the Commissioner of Public Works, Hon. F. R. Latchford, at the parliament buildings. Mr. Dwight had been talking to Mr. Latchford, and on rising from his chair one of the bones in his right leg, below the knee, suddenly broke. Dr. Bryce and Dr. C. A. Hodgetts of the Provincial Health Department were called in and set the fracture. Mr. Dwight was afterwards removed to his home at 107 St. George street, where he is resting easily.

CAPT. KING STRICKEN.

Bowmanville, Jan. 21.—Capt. W. C. King, paymaster of the 4th Battalion, was stricken to-day with a sudden attack of hemorrhage of the lungs. His condition is serious, but he is expected to recover. He is one of the most prominent citizens here. He has been several times on the Blesley team.

HON. WILLIAM HARTY SICK.

Kingston, Jan. 21.—Hon. William Hartly is seriously ill with pneumonia. He took cold on his election day, driving about in a light overcoat.

SIR JOHN BOYD'S HEALTH.

Ottawa, Jan. 21.—Sir John Boyd has been granted two months' leave of absence on account of ill-health, and will leave on Feb. 1 for the south to recuperate.

REV. W. E. GILROY ILL.

Rev. W. E. Gilroy, pastor of the Broadview-avenue Congregational Church, has seriously ill at his father's residence in Mount Forest.

GERMANY MAKES DENIAL.

Berlin, Jan. 21.—The Foreign Office denies that Germany desired to or associated itself with any other government that may have sought to bring about European intervention in the Spanish-American war.

SIR JOHN BOYD'S HEALTH.

Rev. W. E. Gilroy, pastor of the Broadview-avenue Congregational Church, has seriously ill at his father's residence in Mount Forest.

SHOT ON STEAMER'S DECK.

Gen. Alban Displayed During Court-martial in Panama.

Panama, Jan. 21.—The exchange of prisoners was responsible for yesterday's disaster to the government. From the former the revolutionists heard of the plans of the government. The Padilla which had been painted white, advanced unrecognized to a spot about two big guns, mounted forward, but she returned the Padilla's fire with her small arms. Her gunners, however, were the first man killed, and the foreign crew of the Lautaro refused to obey orders.

BARS LEASE FOR 999 YEARS.

London Council Blocks Plan of Anglo-American Syndicate.  
London, Jan. 21.—The London County Council to-day refused the application on behalf of the Anglo-American syndicate, headed by Sir Charles Rivers Wilson for a 999-year lease for proposed on the north side of the Strand, with a frontage of 750 feet, and with still larger frontages on the new streets most progressive citizens. He is known all over Canada as a marksman, having been several times on the Blesley team.

HON. WILLIAM HARTY SICK.

Kingston, Jan. 21.—Hon. William Hartly is seriously ill with pneumonia. He took cold on his election day, driving about in a light overcoat.

SIR JOHN BOYD'S HEALTH.

Ottawa, Jan. 21.—Sir John Boyd has been granted two months' leave of absence on account of ill-health, and will leave on Feb. 1 for the south to recuperate.

ARCHBOLD THOMPSON,  
CATTLE EXPORTER, DEAD

Was a Large Shipper to the British Markets From Canada and Argentina.

Mr. Archibald Thompson, the well-known cattle exporter, died at his residence, 30 Charlotte-street, yesterday morning after a prolonged illness.

Mr. Thompson was born in the County of Antrim, Ireland, in 1812, and settled in Toronto in 1838. He had been connected with the export cattle trade from his early life, from 1847 to 1870, sending large numbers to the American market. In 1877 he commenced the exportation of cattle to England, being associated with George Denon, A. Reves, Edward Lemon and William Williamson. Later

SAMUEL HENDERSON LOST.

Feared That a Barford Man Has Met Death.  
Brantford, Jan. 21.—Samuel Henderson, who is well known around Brantford, and lived for some years on the sixth concession, has mysteriously disappeared. His friends fear he has been frozen to death or drowned. According to the story which has reached the Brantford office, Henderson was traveling to Bayville, north of Brantford, to visit friends, and as he had some business to attend to, he stopped at a nearby farmhouse. He was only about two miles away, and there is not the slightest trace of him.

HALL WILL FIGHT.

Detective Murray's Man Does Not Want to Return.  
Ogdensburg, Jan. 21.—A man said to be Melvin Hall, alias James Smyth, was brought here to-day heavily guarded, and held in the city jail. He is charged with the murder of a man named Murray. He is a native of Ireland.

UNCLE MARRIES HIS NIECE.

His Bride Thus Becomes His-in-Law to Her Own Father.  
New York, Jan. 21.—Miss Bessie Goldstein, daughter of A. J. Goldstein, Jersey City, and Samuel Goldstein, were married at the Congregational Synagogue, in First-street, the bridegroom, who is 23 years old, is the youngest son of the bride's father. The bride, who is 17 years old, is the daughter of her father's brother. The marriage is a very unusual one, as the bride is the daughter of the bridegroom's father.

BOSTON TO ST. JOHN'S.

Steamship Line Will Make Two Sailings a Week.  
New York, Jan. 21.—According to a Boston despatch to The Times, there has been going on very quietly a movement toward the establishment of a steamship line between Boston and St. John's, Nfld., and it has resulted in the formation of an incorporation of the Boston and Newfoundland Steamship Company. It is the intention of the company to make two sailings a week from Boston to St. John's, with a stop at Halifax.

SUES PREMIER DUNSMUIR.

Edna Wallace Hopper Wants Mother's Half-Interest.  
New York, Jan. 21.—Mrs. Edna Wallace Hopper has entered suit against the Hon. James Dunsuir, M.L.A., Premier of British Columbia, and brother of her late stepfather, Alexander Dunsuir, to set aside her stepfather's will. If she succeeds she will get her mother's half-interest in the estate, which is estimated at \$1,000,000. The case is being heard in the courts of Vancouver.

TO GET HIS MONEY.

Ottawa, Jan. 21.—David Kingsbury, who has been for some years practicing law in Toronto, has come to Ottawa and entered into partnership with Mr. George King, M.P., and a son of the late Sir John Thompson.

T. EATON CO. LIMITED

Four Items in Whitewear

This January Sale has played havoc with our stock of Women's Whitewear. Try how we will, it seems impossible to keep pace with our customers and maintain a complete range of sizes in every article. For Thursday, however, we have centred our efforts on these four popular lines—and can promise you on that day any size you wish:

- WOMEN'S DRAWERS—In two styles: one is made of fine nainsook with an umbrella flounce of silk, and is finished with an edge of blue or pink silk ribbon; the other is made of fine cotton, and is finished with a cluster of hemstitched tucks and an embroidery flounce; open or closed styles; 25 or 27 inches long; January Sale price . . . . .50
SKIRTS—Made of fine cotton; French bands; finished with an umbrella flounce of silk, a cluster of fine tucks and deep embroidery; fitted with a dust frill; 30 and 40 inches long; January Sale price . . . . .1.15
WOMEN'S GOWNS—Mother Hubbard yoke, of four clusters of tucks and two rows of embroidery; neck, front and sleeves trimmed with an edge of embroidery; 56 and 58 inches long; January Sale price . . . . .49
GOWNS—Made of fine cotton; Mother Hubbard yoke, of four clusters of hemstitched tucks; trimmed with a hemstitched lawn frill on 58 and 60 inches; January Sale price . . . . .68

Graniteware Extras After this month your Graniteware is likely to cost you a good deal more. January Sale prices still good, so you had better buy now. On Thursday we offer: 300 only Straight Covered Saucepans; in good graniteware; every piece guaranteed; holds eight wine quarts; regular price 40c each; sale price for Thursday . . . . .23
240 only Medium-Size Granite Saucepans; regular price 25c each; sale price for Thursday . . . . .12
Collar Buttons Solid Gold Buttons, the kind with long shank and solid post: 1.50 Buttons for 45c 1.25 Buttons for 45c 1.50 Buttons for 45c

That's a stock-taking clearance that will benefit visitors to our Jewelry Counter on Thursday. Sewing Machines For Family use our Seamstress Sewing Machine is second to none, no matter what the name or price may be. As a matter of fact, it does better work and easier work than many of the so-called high-class machines on the market to-day at double the price or more. Our Seamstress is guaranteed for five years. It has a complete set of attachments to give absolute satisfaction. It is simple in construction and easily operated. We'll refund money if it does not give absolute satisfaction. Our price for the Seamstress is \$21.00. If you wish to pay for a more elaborate design we can accommodate you at \$22.50, \$25.50 or \$38.50.

Footwear for Thursday Small lots that must be out of our way before the end of January. These prices ought to make their selling very easy on Thursday: HOCKEY BOOTS. 70 pairs Boys' Hockey Boots; black or tan color; sizes 1 to 5; regular price \$1.50; Thursday . . . . .1.00
FELT BOOTS. 300 pairs Women's Felt House Boots; laced; with soles and low heels; sizes 3 to 8; regular prices 85c to 95c; Thursday . . . . .50
MEN'S BOOTS. 204 pairs Men's Laced and Elastic Side Boots; broken sizes; sizes 6 to 11; regular prices \$1.50 to \$2.50; Thursday . . . . .1.25
SHOE POLISH We sell a large size 25c bottle of Gilt Edge Dressing for women's shoes; warrant of best quality, for . . . . .15

Clothing Looking over our Clothing stock yesterday we found that we had only 67 of these Boys' Reefers. We prefer not to count small quantities like that at stock-taking—so they must change owners on Thursday, even if we sacrifice all our profit and a good share of the cost: Boys' Vestee Suits; made of all-wool grey and brown tweeds of so-called navy blue stripes; small collars; round and square fronted coats; single and double-breasted vests; good linings and trimmings; sizes 21 to 25-in. chest; regular prices \$2.50, \$4.00 and \$5.00; your choice on Thursday . . . . .1.99
Men's Short Skating Overcoats or Reefers; navy blue and black beaver and brown or black frieze cloth; double-breasted style; high storm collar, with a tab for the throat; checked, tweed and Italian linings; sizes 34 to 44-inch chest measure; regular prices \$4.00 and \$4.50; Thursday . . . . .3.29
Fur Specials At these prices it would pay you to buy for next season's wear. The saving in the cost would be good interest on your investment: Alaska Sable Neck Scarfs; natural dark, full-furred skins; trimmed with tails and chain; regular price \$25 and \$30; regular sale price . . . . .17.49
Men's Persian Lamb Gaiters; trimmed and kid palms; regular price \$12.50 to \$15.00, for . . . . .8.29

ISLAND IMPROVEMENT. It is satisfactory to notice that the newly constituted Island committee has begun to discuss island matters in a way that promises a decided improvement in the future management of the sandbar. One of the first requisites of the Island is a waterway on the Bay side, parallel, roughly speaking, with the configuration of the lake shore. This waterway, with lateral extensions, should afford a means of communication with all the cottages on the Island. It would solve the problem of the distribution of merchandise as well as the collection of garbage and refuse. The population of the Island is increasing every summer, and the question of sanitation is becoming more and more important. The proposed waterway will form an easy way of collecting the daily accumulation of rubbish and lilt. A serviceable waterway is an absolute necessity for sanitary purposes. Streets are impossible on the Island, except at great expense. The proposed channel will take the place of streets, and when they are completed there will be no little traffic over them. Electric launches will glide quietly along them, conveying the passengers from any point on the Island to any other point for an ordinary street car fare. The street cars will assume the shape of electric launches on the Island, and the establishment of a waterway around the sandbar, with a five-minute service, is not a remote possibility. To create this waterway, which is already fairly under way, will necessitate the use of the sand pump continuously for two or three seasons. The present pump is doing good work, but in view of the large amount of dredging to be done in this vicinity, it will pay the city to acquire another pump of double the capacity of the one now in use. The city ought to look upon the Island as an asset, the development of which will prove exceedingly profitable. Hitherto the Island has been regarded as a liability, and every dollar spent on its improvement has been given in niggardly spirit. We ought to completely change our conception of the Island. Instead of pursuing a temporary and patchwork policy, we ought to undertake improvements on a big scale, with the idea of making, instead of losing, money. The construction of waterways is only one of many details in the work of Island improvement. A strict code of building restrictions ought to be framed and enforced. The willow, poplar, and other soft wood trees ought to be gradually replaced with maple, ash, spruce and chestnut. As far as possible, the sand, except along the lake shore, should be covered with sod, and every reasonable encouragement ought to be extended to the Island residents to beautify their surroundings. With waterways such as we have outlined, it ought to be an easy matter to transfer large quantities of street sweepings and manure to every corner of the Island. A few years' work along the lines suggested would effect a wonderful transformation on the Island. The Island cottages have of late developed a strong community-of-interest sentiment among themselves, and if the city will only do its share the property owners will not be slow to do their part in the work of Island beautification. It is to be hoped that the interest which has been awakened in the Island will not be allowed to subside. A progressive policy should be mapped out at once, and the work of improvement and beautification should be started on the first approach of spring.

GRADUATED RURAL SCHOOLS. Sir William McDonald has in view as a meritorious one, there is no reason why the Province of Ontario should wait until the gentleman has put it in force before experimenting along the same line itself. Ontario is large enough and wealthy enough to do a little original work in the line of education in its own behalf. The World some few months ago referred to a new educational idea and we think the Minister of Education could very reasonably take up the suggestion and put it into practice in one or more sections of this province. The suggestion referred to was the centralization of education in each township by the erection of a centrally equipped graded school at a central point, the abolishing of the one-roomed schoolhouse and the conveyance of the children of the whole township to the graded school by means of an efficiently organized bus or wagon service. This method has been adopted in not a few counties in the United States, and it has given eminent satisfaction. It is lit-

tle more expensive than the system is reported, while it has proved of great advantage in affording superior education to country children, and in bringing them in social relation with one another. As supplementary to the work undertaken by Sir William McDonald, The World suggests that the Minister of Education should adopt the idea above outlined, and we know of no better township in which the experiment could be made than the nearby one of Scarborough. Although so close to the city, Scarborough is a thoroughly rural one. It is well settled, and there is an admirable one to determine the merits of this new educational system. The Minister of Education ought to commission some of his officials to investigate into the workings of the system in the United States, and give a detailed report as to how it could be applied to Scarborough or some other Ontario township.

HIS RESIGNATION IN ORDER. Mr. Rust's report on the working of the electric plant at the City Hall is strongly condemnatory of Engineer Dixon and the test made by him some time ago. If the figures produced by Mr. Rust are reliable—and there is no reason to doubt them—the incapacity, or even worse, of Mr. Dixon of what has occurred, there would seem to be no other alternative than to ask for Mr. Dixon's resignation. The official is quite incompetent for the duties of engineer, and his appointment to the position was an imposition upon the city. And there are others, too.

FIRST STEP TOWARDS MUNICIPALIZATION. The use of the electrical machinery in the civic buildings for the production of light is a step in the right direction. The Engineer shows that the city will save a large amount annually by making its own light instead of purchasing it from the Toronto Electric Light Co. This ought to be followed by the installation of a small electric plant at the waterworks pumping house, for the supply of light to the Island. We already have a number of engineers at the waterworks pumping house, and it would cost very little more to produce the light than is required for the Island. The next thing to keep in view is the production of light for the illumination of our streets. We now pay the Electric Light Company \$100,000 a year for this service. There is no doubt that the same amount of money spent in maintaining a municipal lighting plant would give us a much more efficient service. The starting of the plant in the City Hall and the installation of an electric generator at the Island pumping house are primary steps in the direction of general municipalization, and it is to be hoped that the aldermen who sympathize with this movement will be on the alert to see that the results obtainable under municipal control are not quibbled by parties favorable to the franchise corporations.

NEW DRESS REGULATIONS. Military Mail: The Army Orders dated Jan. 1 include the long-expected new regulations for the new service uniform for the army. It has been admitted that a dress suitable for wear, both at home and abroad on all occasions when it was not desirable to wear full dress, was desired in the new dress, we are told, they have not yet had an opportunity of inspecting the uniform for our- selves, is designed with view to furnishing a comfortable uniform, light enough to be worn on service and in warm weather at home, and also with the addition of warm, under-clothing for wear in winter at home. We trust that this statement, if correct, but it would seem to us that a uniform light enough to be worn for walking out, but the full uniform, with a cap, will be donned on such occasions. We must say that our way of thinking this is the literal sense, it means that a private in a line regiment will be hampered considerably in his tunic and belt whenever he quits the precincts of the barracks. In practice we fancy that the scheme of letting the men wear

I Coughed

It's the experience of every one. Sooner or later we all take cold. Colds naturally tend downward, that's the trouble. Ayer's Cherry Pectoral stops this downward tendency and quickly cures these early colds. Ask your doctor. If he says this isn't so, don't believe us. I know from personal experience that Ayer's Cherry Pectoral quickly breaks up a heavy cold on the lungs. C. C. Snodder, Pine Hill, N. Y., 25c. B.C. 112.

Study Shorthand

Every day's experience demonstrates the value of shorthand in the business world. There are always more calls for skilled and intelligent men than there are men and women to supply the demand. The door more quickly to lucrative positions is through shorthand.

BRITISH-AMERICAN BUSINESS COLLEGE

Y. M. C. A. Building, Toronto, Ont. David Hoskins, C. A., Principal.

GAVE HIM CHEQUE FOR \$1000

Handsome Testimonial to Edgar A. Willis, the Retiring Secretary of the Board of Trade. A. E. AMES RE-ELECTED PRESIDENT. Mr. A. E. Ames will be president of the Board of Trade for another year. He was unanimously re-elected at the annual meeting of the board, held yesterday afternoon. The meeting was held in the rotunda of the Board of Trade Building, and was largely attended. J. P. Ellis was re-elected first vice-president, and James D. Allan second vice-president. Mr. R. Wood was unanimously elected treasurer to succeed J. L. Spink, who resigned his office.

A Good Investment

Favorable notice is being directed to the prospectus of the Ontario Sugar Company, Limited, which is published elsewhere in this issue. The prospectus is a guarantee in itself that the affairs of the company will be carefully looked after in the usual business-like way. An other attractive feature is that the company is not only a class of stock, but the public have taken up the opportunity to invest in what bears the promise of a good and profitable business, and upon exactly the same terms as the directors who have received no preference in the promotion stock for their services, have taken up the enterprise in a commendable business spirit with a view to establishing a new and important industry in this province, which has been, in most admirably adapted to it.

Electric Lanes Best Line

Editor World: Regarding Island improvements, I have often thought it would pay venturing but a decided convenience if a belt line of boats could be run from Queen's Quay to the Island, with stop-over privileges at the principal points, say the baths, hospital, Central Park, and the Ward's Meads, etc. This would make a splendid outing for the busy man who has only a few minutes to spare, and a ready means of seeing many points of beauty, from which scores of foreign countries have been debarred. In connection with this, if the breakwater was well lighted, the Island, Premier of Canada, and the Honorable Joseph Chamberlain, Minister of the Colonies, Lord Curzon, Viceroy of India, and the Premiers of Australia and New Zealand, and to forward them the full text of the resolutions by mail.

OWEN SOUND NEWS

Owen Sound, Jan. 21.—Captain Anderson of the C.P.R. steamer Manitoba, accompanied by Mrs. Anderson, will spend six weeks in British Columbia, California. They started by the C.P.R. yesterday afternoon. Capt. George Macdougall arrived last night from Montreal, where he was presented with a belt line of boats, with stop-over privileges at the principal points, say the baths, hospital, Central Park, and the Ward's Meads, etc. This would make a splendid outing for the busy man who has only a few minutes to spare, and a ready means of seeing many points of beauty, from which scores of foreign countries have been debarred. In connection with this, if the breakwater was well lighted, the Island, Premier of Canada, and the Honorable Joseph Chamberlain, Minister of the Colonies, Lord Curzon, Viceroy of India, and the Premiers of Australia and New Zealand, and to forward them the full text of the resolutions by mail.

Wops the Wait

A limelight lecture was given last night before the Gordon Union of the W.C.T.U. by the Rev. H. C. Dixon, who gave the touching story of "Wops the Wait," picturing life among the poor of the South African Republic by handsome views taken from real life. The attendance was large, and all came away impressed with the truth of the story.

FIRE, WATER AND SMOKE \$25,000.00 Salvage Stock of G. H. Harrower, Montreal, to be disposed of during the next few weeks—Sale commences To-Day (Wednesday). Doors open at 8.30. A PIECE OF LUCK—It was nothing short of real, genuine luck that brought us in touch with this stock. Heard of it by accident—reached Montreal in a hurry and closed the deal. A BIG OPPORTUNITY—New drygoods houses throughout Canada are as well known as that of G. H. Harrower of Montreal. For general excellence and high-grade quality, this firm's goods are famed far and wide, and we believe the opportunity to have your choice from the big assortment represented in this stock is one that seldom occurs. CASH DOWN DID IT—Others were on hand, of course. Their offers were not met by any means, but we outbid them all, and this, coupled with the fact that we planked down the ready cash, secured for us in double quick time this stock, valued at \$25,000.00. WHAT IT MEANS TO YOU—Buying as we did means that our prices to you will be away down. In fact, we could not do otherwise than, although these goods away, considering the conditions under which they were purchased, some damaged slightly, others fairly saturated with water and blackened with smoke. NEW GOODS EVERY DAY—Starting at 8.30 this morning, our counters will be crowded to overflowing. Goods will be changed every day. Something new will greet you every time you enter our store. The stock will be kept continually on the go. New consignments arriving every day. EXTRA SALESPERSONS SPECIALLY ENGAGED—To cope with the crowds that will throng our store during the next few weeks, extra help has been specially engaged. The stock includes BLANKETS, WRAPPERS, SILK and PRINT BLOUSES, PRINT WRAPPERS, FLANNELLETTES WRAPPERS, FLANNELLETTES UNDERWEAR, LACES, RIBBONS, EMBROIDERIES, TUCKINGS, FLOWERS, PILLOW CASES, FLANNELLETTES, GENTS' UNDERWEAR, UNDERSHIRTS, TOP SHIRTS, BOYS' SPRING BLOUSES, BLACK SATENS, MUSLINS and LAWNS, LACE CURTAINS, FRENCH ALL-WOOL FLANNELS, VELVETS, VELVETTES, WOOL TWEEDS FOR LADIES' WEAR, TRIMMINGS, DRESS GOODS (plain and fancy colors), 200 CASES DAMAGED RUBBERS. 8.30 THIS MORNING REMEMBER. 216, 218 Yonge Street, 1 to 17 Albert Street.

BASTEDO'S, 77 KING ST. EAST. FUR BARGAINS.

Persian Lamb and Sable Capes, regular \$35, only . . . . . \$25. White Fox Muffs . . . . . \$10. Sable Fox Muffs . . . . . \$9. Muskrat Coat Linings and Otter Skins—everything in furs at and below cost. RAW FURS—We pay highest prices. Send for list. Send for Catalogue. Furs sent to any address, and money returned if not satisfactory.

POULTRY SUPPLIES

Simmer's Eggs . . . . . 50c package. Pratt's Poultry Food . . . . . 30c package. Poultry Panacea . . . . . \$25, \$50, \$100. Full Line of Other Supplies at LOWEST PRICES. J. A. SIMMERS 187-189 King St. East, Toronto. Phone Main 191.

PARQUET FLOORS

THE ELLIOTT & SON COMPANY, Limited MANUFACTURERS 70 King Street West, Toronto, Ont.

LOCAL TOPICS

House of Industry. The monthly board meeting of the House of Industry was held yesterday afternoon. Rev. John Gillespie presiding. The superintendent's report showed that there were 163 inmates in the house. During the month 18 were admitted, 14 left and 7 died. One hundred and fifty convalescents were given linings for a total of 1219 nights. The treasurer's report showed an overdraft of \$854.97. Among those present were Rev. J. J. McCann, A. Hart, Arch MacMurphy, Warring Kennedy, Henry O'Brien, John Aitken, H. D. Canton, Beverley Jones, T. R. Whiteside, J. H. Paterson, John Price and Robert Little.

They Never Knew Failure—Careful observation of the effects of Parmentier's Vegetable Food has shown that it not only cures but prevents disease, and stimulates the system and stimulates the body to healthy action. There may be cases in which the disease has been long nipped and does not seem to be cured, but in such cases these Pills have been known to bring relief when all other remedies have failed. These assertions can be substantiated by many who have used the Pills, and medical men speak highly of their qualities.

Big Sale of Chinaware. C. J. Townsend & Company, auctioneers, yesterday began the sale of a large stock of chinaware, and a quantity of their stock, 28 West King-street. The room consists of dinner, tea, dessert and chamber sets, and a quantity of English cut glassware of the best material. The sale will continue until the whole stock is disposed of.

Col. Belcher of the Huron, Grey & Bruce Railway. Power, etc., Construction Company is the guest of S. M. Hunter, Parkdale. Donald Ross of the Winnipeg Public School Board, who has been in charge of the school of several Toronto schools yesterday, is in the city on a paying visit. The school of Winnipeg will shortly announce the names of the teachers for the coming year.

There was a demonstration of the work done by the Public School children at the Lillian Massey Normal Training School of Household Science yesterday. Classes of 12 from Dufferin, Grey, Huron and Ontario County Victoria Schools are taught each week.

The Board of Management of the Methodist Social Union met yesterday in the Wesley Buildings. It is proposed to aid the construction of the new building at 1200 St. George-st. by granting \$500, on condition that this congregation raise the \$25,000. The sum of \$2500 will be given towards paying for the repairs of Crawford-street Methodist Church.

PERSONALS. Col. Belcher of the Huron, Grey & Bruce Railway. Power, etc., Construction Company is the guest of S. M. Hunter, Parkdale. Donald Ross of the Winnipeg Public School Board, who has been in charge of the school of several Toronto schools yesterday, is in the city on a paying visit. The school of Winnipeg will shortly announce the names of the teachers for the coming year.

HERE'S A HEART POINTER No beating about the bush for Agnew's Niche—he believes Dr. Agnew's Cure for the Heart cured his wife and he says so straight. "This is to certify that I bought two bottles of Dr. Agnew's Cure for the Heart for my wife who has been for twenty years a great sufferer from Heart Disease. She had more benefit from this than from all the doctors that have attended her. I am pleased to give this certificate of its wonderful curative power." Aaron Nichols, Peterboro P.O., Ont. It relieves in thirty minutes.

Where can I get more of Hallway's (Cora Cure)? I was entirely cured of my corn by this remedy, and I wish more of it for my friends. So writes Mr. J. W. Brown, Chicago.

**TIP OF BAYONET IN LUNGS.**

A Veteran Soldier Coughs It Up and Chests Death.

Los Angeles, Cal., Jan. 21.—After being given up to die, of what the doctors supposed was consumption, James W. Plunkett, a veteran soldier of the regular army, coughed up the tip of a bayonet out of his lungs, and probably will get well. Plunkett is unable to account for the tip in his lungs, but supposed he must have swallowed it. He often used his bayonet as a can opener, and presumably the point broke off in a can of meat.

**THE WAR FUND.**

London, Jan. 21.—The Mansion House War Fund now amounts to £1,131,806. Of this £440,700 was contributed for the widows and orphans, £28,113 for the sick and wounded at the front, £12,300 for permanently disabled soldiers and sailors, £197,420 for soldiers and sailors' families, £22,878 in response to Queen Alexandra's appeal, and £218,885 for the Lord Mayor's Discretionary Fund. Recent donations include: Borough of Chorley, £100; the ex-Mayor, £100; T. G. 100; Anonymous, per Messrs. Cox & Co., £200; the Hon. T. A. Brassey, £100; and "A Royal Navy" (tenth similar donation), £100.

**HEAD OFFICE: - 22 Victoria Street, Toronto, Ont.**

**PROSPECTUS.**

THE ONTARIO SUGAR COMPANY, Limited, has been incorporated with power to manufacture, refine and sell sugar, syrups and other products of the sugar beet and sugar cane, to grow sugar beets, to feed, fatten and sell live stock and generally to deal in any article required or produced incidental to the carrying on of the business of the company.

**OUTPUT.**

Professor A. E. Shuttleworth, Ph. D., the company's agriculturist and chemist, under whose direction the experiments by the Ontario Government have been conducted, reports at this date having secured contracts for 450 acres of beets, and guaranteeing 5000 acres for the next year's campaign. This acreage, on the basis of 14 tons to the acre, should produce, from 14,000,000 to 15,000,000 pounds of granulated sugar.

**CONCESSIONS.**

The Town of Berlin has passed a bylaw, subject to legislative sanction, granting to this company a cash bonus of \$25,000 and exemption for 10 years from taxes, other than school rates.

The farmers have also agreed, subject to legislative sanction, in lieu of a bonus from the Township of Waterloo, to give a rebate of 33 1/3 cents per ton in the price of beets the second year, which is considered equal to \$20,000.

**WHEN IT REACHES LEGISLATURE**

Resolution Passed Unanimously—What the Mayor Thinks of Committee's Action.

The gas question was brought before the Legislation and Reception Committee yesterday afternoon by Controller London, who moved that the committee recommend that the Council instruct the Corporation Counsel and City Solicitor to oppose any legislation which may be applied for to confirm any settlement of the present litigation with the Consumers' Gas Company until the same has been considered by the Council.

is Called "The Wonder-Working Medicine"

No Other Remedy Has Ever Been So Highly Recommended.

**THE BEET SUGAR INDUSTRY.**

The present annual consumption of sugar in Canada is estimated to exceed 320,000,000 pounds, and is rapidly increasing. Most of it is beet sugar produced in various European countries, and merely refined in Canada. We pay foreign countries for our annual importation in the neighborhood of \$8,000,000.

**LOCATION OF FACTORY.**

The company propose to erect their first factory at the Town of Berlin, in the County of Waterloo, in the centre of a large and well-cultivated farming district. The farmers are chiefly of an industrious German class, accustomed to growing extensive root crops, and the soil is a rich, deep, friable clay loam. The roads are of the best, enabling farmers to haul heavy loads and for long distances. The site is adjacent to the Grand River, which furnishes a supply of good water and drainage.

**FACTORY.**

The company propose to have erected by a thoroughly reputable firm of sugar-factory builders, under supervision of the company, a first-class sugar factory, capable of producing 600 tons of sugar per day, and capable of working up 600 tons of beets per day of 24 hours into standard granulated sugar.

**PROFITS.**

It is confidently believed that this investment will prove a desirable and profitable one, and that the industry has the essential elements of stability and permanence.

**CAPITAL.**

It is estimated that, for the present undertaking, \$600,000 will be required. \$150,000 stock has been subscribed or applied for, at par, \$250,000 is now offered to the public at par, and the balance required, not exceeding \$200,000, will be raised by the bonds of the company.

**WHEN IT REACHES LEGISLATURE**

Resolution Passed Unanimously—What the Mayor Thinks of Committee's Action.

The Mayor could not promise that the drafted bill would come up at the next meeting of the Council, but the matter will doubtless be discussed on the above recommendation of the Legislation Committee.

STOCKS WILL BE LISTED.

Nova Scotia Steel and Coal Company

Take This View

Montreal, Jan. 21.—The stocks and bonds of the Nova Scotia Steel and Coal Company are to be listed on the Toronto and Montreal Stock Exchanges.

Mr. John F. Stairs of Halifax, president of the company, announced that the entire issue of \$2,000,000 first mortgage thirty-year gold bonds, which was underwritten some months since, has been placed on the market and arrangements are now in progress for the listing of the Toronto and Montreal Stock Exchanges of the common and preferred stock, for which there has been already an active demand.

The exact site has not yet been located, but will be somewhere near North Sydney, adjacent to the coal mines and convenient to the water.

Contracts have been let for all the machinery that is possible to order, such as blowing engines, before the site was selected. The location will be definitely fixed in a few days, and then the work of construction will be pushed forward as rapidly as possible, and the plant will be turned out as soon as the machinery can be installed. The ore deposits owned by the company are on Bellefleur Island, Conception Bay, Newfoundland, and the ore will be conveyed to Sydney by steamship and laid down at the mouth of the furnace at a minimum of cost.

LOCAL TOPICS.

Havana filled cigars, my own manufacture, sold at five cents, equal any ten-cent cigars. By direct and save middlemen's profit. Union made, Alvin Ballard, 190 Yonge-street.

The Bowling Club will hold their regular meeting this evening in the lecture room of the Unitarian Church. Prof. F. J. A. Davidson will address the club, the subject being "The Birth of the Italian Nation." Reading will be given by Miss E. J. Sturtevant. The club welcome to all meeting any one who is interested.

Stove Mounters on Strike.

The stove mounters in the employ of the Gurney Foundry Company went out on strike yesterday. They men say the firm discharged two employes because they were members of a trades union. The management claims that two men discharged are still apprentices, but as one worked for six years and the other for five years at the business the mounters think they ought to be considered journeymen. The men will meet this afternoon in Occident Hall.

Died at Bradford.

Alvin Orton, principal of the Cornwall Model School, died on Sunday at Bradford after a brief illness. Mr. Orton was born in Whitby, and was 49 years of age. He was a member of the A.O.U.W. Lodge, and was the past district deputy grand master of Georgian District, No. 9, G.T.A. He leaves a widow and two children. The funeral will take place this afternoon at Bradford.

A STARVING WOMAN.

In the midst of plenty Madam Thibault finds it hard to get nourishment enough to keep her alive.

To starve in the midst of plenty seems a very contradictory statement of affairs, and yet that is just what Madame Amabel Thibault of Cacouna, Que., was doing. She had Dyspepsia so bad she could scarcely eat anything without the most excruciating stomach aches, and yet that is just what she was doing. She had Dyspepsia so bad she could scarcely eat anything without the most excruciating stomach aches, and yet that is just what she was doing.

FINCH AMAZES GALWAY

BY WRITING OF LOYALTY

Favors Conciliation to Make Irish Soldiers Help England Out of Difficulties.

Dublin, Jan. 21.—The remarkable article in the New Liberal Review by Col. Arthur Lynch, newly elected member for Galway, is beginning to be discussed widely because of his failure to appear and claim his seat up by the general election.

Coming from the pen of a man whose election was won on the statement that he had fought against England with the Boers, the sentiments expressed in it are not what might be expected.

"The result of the election, Col. Lynch has been shown that Ireland, which has been more or less attached to England for centuries and under her wing since the days of Pitt, is more disintegrated than ever."

"And now Ireland is thereby united to the broad national issues. The party was never more compact nor more resolute in the palmy days of Parnell."

Col. Lynch enters into a discussion of the Irish question as affecting England's position in international politics. England's chief danger, he believes to be a European coalition, and he says Englishmen should know that such coalitions are not more bogey to give them occasional fright at the breakfast table."

Again and again within the last few years, he says, the British Government has been on foot on the continent to bring about a coalition of strength between France, Germany, and such a coalition would be by its nature, he says, a danger to England.

"Against even that coalition," continues Col. Lynch, "England would be very strong. One of the reasons is that she should settle her internal affairs so as not to be a lion's share in the coalition, and seek to make Ireland not a source of weakness, but a source of strength."

"A conciliatory policy to Ireland would therefore," he says, "have the effect of strengthening the coalition, and so the British Government should be careful to make Ireland not a source of weakness, but a source of strength."

Col. Lynch, "England would be very strong. One of the reasons is that she should settle her internal affairs so as not to be a lion's share in the coalition, and seek to make Ireland not a source of weakness, but a source of strength."

These Galway voters who expected to find Col. Lynch an extremist are somewhat surprised.

Fairweather's ALTERATION SALE

There's not a Dull Minute

It's been a wide-awake sale from the opening hour of the first day—No excuse for its being anything else—fresh, bright, new SPECIALS every day—Fairweather's good stocks to select from—Fairweather's good reputation for selling good furs to back up every sale—and price-cutting that amounts to all the way from 20 to 30 per cent. discount off the regular prices—Why shouldn't such a sale be a success?—Have you improved the opportunity?

Men's Coon Coats, that were \$55 to \$110, special for 45.00 to 90.00

Men's Minked Coats, either or Persian lamb trimmings, were \$25, special for 145.00 to 185.00

Ladies' Astrachan Jackets, all sizes and lengths, were \$25 to \$35, special for 18.00 to 40.00

22 Alaska Sable Scarfs, 50 inches long, special to clear 7.00

Men's Scarf Special, Everything that is nice and stylish, J. W. T. FAIRWEATHER & Co.

Men's Hats, In making a tour of our Men's Hat Stock, you'll find that no place in the

house have prices had such a cutting as discount representing at least 50 per cent. of the original price is about how you'll find things, and in some instances more than that, for instance:

\$3 "Stitcher" Hats for 1.00

\$2.50 to \$3.50 English Fur Felt Hats for 1.50 and 2.00

\$4 Hats for 3.00

Electric Seal Goggles, were \$3 for 3.75

Electric Seal Muffs, were \$3.50 to \$5 special for 2.00 to 4.00

Columbia Sable Muffs, were \$3.50 and \$5 for 4.00 and 5.00

DR. W. H. GRAHAM (Late of 188) No. 1 Clarence-square, corner Spadina-avenue, Toronto, Canada, treats Chronic Diseases, and makes a specialty of Rheumatic Diseases, such as Gout, Gravel, Rheumatism, etc.

Private Diseases as Impotency, Sterility, Varicocele, Hemorrhoids, etc. the result of youthful folly and excess. Gleet and Stricture of Long Standing, treated by galvanism, the only method without pain and all other methods abandoned.

Diseases of Women—Painful, profuse or suppressed menstruation, leucorrhoea and all displacements of the womb treated with success. SUNDAYS, 9.30 a.m. to 12.30 p.m.

HARRISTON MEN ON TRIAL

Geolph, Jan. 21.—The trial of the Harriston men, William Morgan and Sankey HBTs, for receiving goods stolen from Colburn's store in Harriston on the night of the fire there, is being proceeded with to-day at the Court House before Judge Chisholm. The Harriston men are being tried separately. The case of Hills being the first taken up. This morning three men, Howel, Boynton and Wilson, gave evidence, repeating the same they gave in the preliminary examination before the Police Magistrate. Hills then went into the box and gave evidence on his own behalf, denying the story told by the boys. The court adjourned at 1 o'clock till 2.30. This afternoon Morgan will take the stand. Mr. H. W. Peterson is conducting the case for the Crown. Mr. Anson B. Spotton of Harriston is for the defence.

TREASURY DEPLETED.

Dublin, Jan. 21.—The recent and prospective deficit of the Nationalist members of the House of Commons are attributed in some quarters to the depletion of the Treasury. It is said that the Nationalist Treasury fund for 1902 thus far totals only £110,000 over balance, which amount came from the United States.

English Boxers Coming.

New York, Jan. 21.—Jack Roberts, the English featherweight pugilist champion, will take the stand. Mr. H. W. Peterson is conducting the case for the Crown. Mr. Anson B. Spotton of Harriston is for the defence.

No Obstacles in Sight.

Ald. Oliver agreed with Ald. Spence, that this would be one of the most important matters ever brought before the City Council. He drew attention to the enormous increase in the building of Niagara Falls and Buffalo, and he attributed it to cheap power. He could see no reason why Toronto should not correspondingly benefit by the development of power from Niagara.

Yankee Boxers Wanted in England.

New York, Jan. 21.—Tommy West, the Brooklyn boxer, who has just returned to this country from London, brings with him the formal invitation from the management of the National Sporting Club of London to take part in a match against King Edward VII.

Without Medicine.

A good natural food will cure disease. A good natural food will cure disease. A good natural food will cure disease.

City Hall Notes.

THE ROBERT SIMPSON COMPANY LIMITED

Directors—J. W. Flaville, H. H. Fudge, A. E. Ames. Jan. 22

49 Odd Coats at 1.95

The makers' set of samples. These coats have been all over Canada as specimens of the work turned out by a well-known maker of ready-to-wear clothing. They are creased up, maybe from lying packed in the sample cases, but you won't find anything else to complain of. Among them are a number of unlined office coats in shepherd plaids and checks.

49 Men's Odd Coats, that must go before stock taking, they are from suits ranging in price from \$5.00 to \$8.00, all-wool tweeds, in checked patterns in unlined coats, patch pockets, for office use, all on sale Thursday at 1.95

45 only Boys' All-Wool Tweed Three-Piece Suits, coats single and double-breasted styles, in neat patterns, in browns and heather mixtures, Saxony-finished treads, also nigger-head and Italian cloth linings, nicely finished and well tailored, these suits sold regular \$4.00 to \$5.00, Stock Taking price, to clear, Thursday, 2.95

28 only Boys' All-Wool Frieze Ulsters, in greys, browns and heather mixtures, extra long in skirt, deep storm collar, tab for throat, with regular \$3.50 and \$4.00, Stock Taking price, to clear, Thursday, 2.95

Boys' Odd Blouses, navy blue serge, large sailor collar, trimmed with braid, cut full in body, the blouses are sold from suits, that must go before stock taking, sizes 22 to 28, extra special for Thursday, 49

25c Neckwear for 10c

Straightening up for the new stock-sheets. You may pick some of the nicest ties you ever saw for 10c, at the Men's Store, to-morrow, providing you come in time.

Men's Fine Silk Neckwear, in light, medium and dark colors, shield or hand bows, white broadcloth satin puffs, four-in-hands and ties, regular \$1.00, Thursday's Stock Taking price, to clear, 10c

Men's Fine English Flannellet Shirts, collar attached, double-stitched seams, full-size bodies, soft, lofty flannellet, to clear, Thursday, 25c

Boys' All-Wool Sweaters, high roll collar, honeycomb rib, in navy, cardinal or black, Stock Taking price, to clear, 49

For over a week we have held prices on rubbers and overshoes far below the level of the ordinary. To-morrow we close the sale with the following characteristic offers, and Old Probs. has sanctioned this sale as timely, too.

Men's 80c Storm Rubbers, best quality, for 50c

Men's \$2.50 High Cut Manitoba Overshoes for \$1.75

Men's \$2 Heavy Gum Lumber Ties, for 2 for 1

Men's \$2.50 Motormen's Overshoes for \$1.50

Misses' and Children's 80c Leggings, all sizes, for 50c

Boys' 50c Rubbers, all sizes, for 35c

Women's 65c Rolled Edge Rubbers for 40c

Women's \$2 Overshoes \$1.25
