Letters for St. Roc, St. Thomas, St. Jean Port Joli, River Ouelle, Kamouraska, Cap Santé and Port Neuf must be post paid to those places.

Unless attention is paid to the above notices, any letters put into the Offices will remain there and be lost to all concerned.

All letters for the United Kingdom, and places beyond the seas, in addition to the Inland Postage to Halifax, must pay the following rate of Packet Postage for every single letter.

Letters for Newfoundland may be forwarded on paying the postage to Halifax only.

The arrivals and departures of the different Mails are subject to such frequent alterations, that it is deemed unnecessary to attempt giving in this place tables of departures and arrivals. They may be obtained at the Post Offices, where notice is regularly given of every change.

GENERAL POST OFFICE.

LONDON, June 11, 1827.

By an Act passed in the present Session of Parliament, intitled, "An Act to amend the Laws relating to the Duties of Postage in Great Britain and Ireland."

All letters conveyed by the Post from Great Britain to Ireland, and from Ireland to Great Britain, are chargeable with the like rates, according to the distances such letters are conveyed, as would be payable if they were conveyed the whole distance in Great Britain, in addition to the separate rates of Packet Postage, and the several rates payable under the Acts for building the Menai and Conway Bridges, respectively.

Parliamentary Proceedings sent to the Colonies by Packets.

Printed Votes and Proceedings in Parliament, from Great Britain and Ireland to any of His Majesty's Colonies, are to be charged with a rate of one penny half penny per ounce, and so in proportion, in lieu of any sum payable under any former Act, to be paid on putting the said Votes and Proceedings into the Post Office.

Colonial Legislative Proceedings brought into the United Kingdom by Packets.

Every Vote, Proceeding, or other Public Paper, printed by order, or under the authority of the Legislative Assemblies of any of His Majesty's Colonies, is to be charged with a rate of one penny half penny per ounce, and so in proportion, to be paid on delivery thereof to the person or persons to whom the same shall be addressed.

Newspapers brought by Merchant Ships from Abroad.

Every Newspaper printed within His Majesty's Colonies, brought into the United Kingdom by any Ship, other than a Packet, and delivered by the Commander at any Post Office, with the Ship's Letters, is to be charged with a rate of threepence, to be paid on delivery thereof, by the person or persons to whom the same shall be addressed.

Pamphlets, &c. conveyed to the Colonies.

Every Pamphlet, Magazine, Review, or other Periodical Publication, put into the Post Office at Falmouth, not exceeding six ounces in weight, to be charged one shilling, and the further sum of threepence for every additional ounce.

Pamphlets, &c. under this sanction cannot be received at any Post Office except Falmouth.

N. B.—If such printed Vote, Proceeding, Newspaper, Pamphlet, Magazine, &c. be not sent without a cover, or in a cover open at the sides, or if any writing be thereon, other than the superscription, or any other paper or thing be enclosed therein, the packet will be liable to the full rates of postage as a letter.

Merchants' Accounts, &c.

All Merchants' Accounts, Bills of Exchange, Stamped Receipts, Invoices, Bills of Lading and Proceedings at Law, written on one and the same piece of Paper with a Letter, to be charged as a single Letter only; and any sheet of Paper on which Letters to several and distinct Persons be written shall not be chargeable with any higher rate of Postage, in Great Britain or Ireland, than if one Letter only were written upon such sheet of Paper.
