The Eyes of Empire Turn To-Day Towards Windsor for the Last Scene of All

MORNING BREAKS CLEAR LONDON IS ASTIR EARLY FOR FUNERAL PAGEANT

King Edward VII. Will Be Borne to the Tomb To-day Thru Thousands of His Subjects—Nine Kings Gather to Do Homage—Emperor William Arrives.

LONDON, May 20.—(5 a.m.)—A brief thunderstorm occurred during the night, but notwithstanding a disagreeable morning, many hundreds of people kept a night-long vigil in the streets along the line of the route, which has been throughout a scene of bustle, workmen putting the finishing touches on the decorations of the stand.

The morning broke bright and clear, with promise of most favorable conditions for the sad pageant. Already the underground train, the trams and the busses have started to bring thousands into the city.

Most of the seats will be taken up by 8 o'clock, when the police will stop all vehicular traffic along the route of the procession.

LONDON, May 19.—Nine crowned heads of Europe and several heirs to thrones sat down in Buckingham Palace to-night at a dinner which King George gave to all his eminent guests assembled in London for the funeral of King Edward to-morrow. After the dinner, the members of all the suites were introduced to the King.

It is noteworthy that the presence of so many rulers and princes must necessarily throw a great sense of responsibility upon the authorities and the police, all move about quite freely and no word is heard in the press or the public places of any apprehension of untoward incidents.

London to-day filled rapidly with people from all the provinces, and foreigners. The whole line of the funeral route has been from early morning until late at night a surging mass of people. The seat stand business has been greatly overdone, and seats for which \$25 to \$50 was asked a few days ago, is now being hawked for from \$8 to \$10.

An Impressive Scene.
Emperor William, who arrived this morning, was met by King George and later had an affecting meeting with the Queen-mother, Alexandra. The emperor then accompanied by King George proceeded to Westminster Hall and paid a tribute to the memory of Edward VII. The two monarchs knelt by the body and prayed for a moment, their feet gripped hands. It was a striking scene and greatly moved all those who witnessed it.

Thirty thousand soldiers from Aldershot and other military stations are camping in the parks to-night. The weather is hot and thunderstorms are not improbable. Many thousands of people will pass the night in the streets in order to secure points of vantage from which to view the cortege. All London is garbed in mourning. In the royal train which will carry the body to-morrow from London to Windsor will travel King George and Queen Mary, the Queen Mother, Alexandra, eight other sovereigns and near relatives. Special trains will convey the high officials, the foreign representatives and special envoys.

The little town of Windsor has assumed a purple hue. From the entrance to the castle every building is covered with a mourning pall of royal purple.

The Floral Tributes.
Throughout the day hundreds of people came to Windsor from London and the surrounding districts, carrying floral memorials to the dead King. The cloisters of the chapel are already filled with flowers, and scores of extra racks have been erected on which to place the others. On the lawn there is another great mass of flowers, little bunches of daisies or buttercups from the village children lying side by side with great wreaths of orchids and roses sent by officials and the governments of England and Theodore Roosevelt.

The funeral services will be conducted in St. George's Chapel at Windsor, where Edward VII. will be temporarily sepulchred among the tombs of his fathers.

Last Day of Lying-in-State.
The last day of the lying-in-state of the body of King Edward brought a repetition of yesterday's scenes on an even larger scale. The resolute band of a thousand or more persons, mostly women, who had braved the storm throughout the night, was increased to a score of thousands before the sun rose above the roof tops, and by noon the queue awaiting admission to Westminster Hall stretched for miles to the westward of the houses of parliament.

Because of the enormous number of persons who were sure to be disappointed last night it had been planned to keep the doors open until midnight instead of closing them at half past nine as was the original intention. This plan, however, was frustrated by the action of those nearest the entrance, who became unruly and a panic the doors were hastily closed and the police reserves summoned to assist in restoring order. It was not until four hours past, when the rain fell heavily, and all but about 1000 persons returned to their homes.

"Lest We Forget"

This afternoon thousands of citizens will throng Queen's Park at the hour of the service in memorial to His late Majesty Edward VII. May the solemnity of the occasion not be forgotten—may there be respectful silence, and a thoughtfulness of the sad, even if brilliant, scenes enacted in the heart of the empire.

OFFICIAL ORDER OF SERVICES TO-DAY

Program for Memorial Gathering in Queen's Park—Military Ceremonies at Armouries at 1.30, and at Queen's Park in Evening.

Men will cease working and wheels will cease turning, if but for a few minutes, thruout the British Empire to-day, during the funeral of his late Majesty, King Edward VII. Memorial services will be held in every city, town and village over which the British flag floats. Garrisons in every part of the empire will stand with reversed arms. British battleships stationed under every sky will turn out shortly before sunset, and fire minute guns. The last lanyard will be pulled at sunset.

In Toronto services will be held at various churches, and commencing at 2.45 p.m., an official service will be held in front of the parliament buildings. All the troops, volunteer and regular, will form up in the armouries at 1.45. A proclamation will be read to the troops before starting, proclaiming King George V. Then the garrison will march up University-avenue to the park. No music will be played en route. General Gorton will be in command of the troops.

In the evening the 9th field battery will fire a salute of 68 guns. They will start at 6.23 p.m. and fire the guns one minute apart until sunset at 7.0. During the firing, Chopin's funeral march and the Dead March in Saul will be played. This will be at Queen's Park.

The number of guns represent the age of the late King. The custom has been in use for many reigns. Immediately the last gun is fired, all flags will be hauled down. In the Western Ontario command, salutes will be fired at London, Hamilton, Guelph and Toronto. All units of the permanent force will parade at the time of the salute, form up in the vicinity and stand with arms reversed. When the firing has been concluded there will be a pause. Then the crepe will be removed from the flags and the black from the drums.

At the afternoon service in front of the buildings, massed bands will open by playing the Dead March in Saul. The troops will be formed up in line of quarter columns in front of the platform.

The platform is built on the main walk leading north from the front door. The Army and Navy veterans, wearing all their medals and decorations, will stand at the left of the platform. It is a few feet south of the driveway. A large space comprising the width of the buildings and taking in enough of the lawn to accommodate the troops and others has been roped off.

His honor the lieutenant-governor requests that the utmost silence and decorum be observed by everybody during the service.

The massed bands will stand on the steps and the choir, consisting of 500 men and women and 600 children, will stand in front of them. Beside the platform all the ministers of Toronto, the city council, members of parliament and members of the legislature, senators, foreign consuls, heads of colleges, judges, government officials, and others invited will stand. Those invited to join in the enclosure will enter the east door of the buildings and come out the front. The general public will stand outside of the enclosure.

When the Dead March is being played, His honor Lieut.-Gov. J. M. Gibson and Premier Sir James P. Whitney will leave the buildings and proceed down thru the band to the platform, accompanied by the clergy taking part. Attorney-General Foy, Acting Mayor Ward and the sheriff of Toronto. After the music has ceased, the premier will make a few introductory remarks. Then the hymn, "O God, our help in ages past, our hope for years to come," will be played by the bands. The choir will sing and the populace are expected to join in Selections from the Church of England burial service will be read. Bishop Sweeney will read part

UNCERTAIN AS TO PASSAGE THRU COMET'S TAIL

Astronomers Differ as to Whether the Earth Went Thru it or Not—Startling Apparition Across Face of the Sun at Noon Yesterday.

YERKES OBSERVATORY, WILLIAMS BAY, Wis., May 19.—Following closely on the wholly unexpected astronomical condition that prevailed early to-day, when the tail of Halley's comet was plainly seen in the east, astronomers at Yerkes observatory to-day were further bewildered by a startling apparition across the face of the sun at noon.

A broad spectrum of light, extending across and a considerable distance to each side of the sun, challenged the attention of excited observers. Prof. E. B. Frost, who first sighted the phenomenon, declared he had never before witnessed its like. Prof. E. E. Barnard said the same. Hoping to obtain an accurate check on the strange spectrum, Prof. Frost telephoned to observers within a radius of 100 miles of Williams Bay, calling attention to the peculiar occurrence. The apparition lasted less than half an hour.

The spectrum at once became a topic of overmastering interest and conjecture. Enormous sun spots seen Wednesday afternoon and the brilliant displays of northern lights last night had been passed by the astronomers as having absolutely no direct connection with the comet. "Altho I cannot advance an opinion at this time," said Prof. Frost, "I can see no other cause but the comet for the appearance of the spectrum."

The passage of the earth thru the tail of the comet, delayed a day in its schedule, is believed to be taking place to-night, altho early observations did not give positive proof of this.

Tail 140 Degrees Long.
CAMBRIDGE, Mass., May 19.—The following despatch was received at the Harvard Observatory to-day from Prof. W. W. Campbell of Lick Observatory:
"Halley's Comet was visible in the eastern sky this morning. Its tail was at least 140 degrees in length and lags far behind the radius vector. The earth will probably not pass thru its tail."

Nucleus Not Solid.
MANILA, May 19.—Father Algue, an astronomer, believes that the long cherished scientific theory of a solid composition forming the nucleus of comets is now disproved. Exhaustive observations made from 4.30 to 5 a.m. to-day in perfect conditions at the Jesuit observatories at Manila, Baguio and Antipolo, failed to reveal a trace of solid matter.

COMET OUT OF SIGHT
Even the Observatory Officials Were Unable to Locate It.

Halley's comet wasn't seen locally last night, altho sundry persons, by stretching the imagination and their necks, may have convinced themselves that they could discern the filmy outlines of the celestial vagrant after the sun's fiery orb had set out of sight.

Even the lookout man at the observatory was baffled, and had to admit that the comet was as hard to visualize as a grey cat on a moonless night. "It wasn't a clear enough evening," he explained. "I don't think much will be seen of the comet before Sunday night, altho there may be something doing Saturday. On Sunday night, if all is favorable, it should be a splendid sight for a short time after sunset. We shall know better to-morrow or next day, whether the comet produced any magnetic effect. We expect that will prove to be the chief disturbance. This effect is observable by the public, but our instruments will show it."

SIX MEN MAY HAVE DROWNED
Two Fire Rangers and Four Woodsmen Said to Be Victims.

PORT ARTHUR, May 19.—The finding of an untimely grave with a few personal effects leads to the belief that six men were drowned on Lake Nipigon. Those reported drowned are: Roy McGillivray, 19; George Grant, 21, fire rangers in employ of the Ontario Government; and four woodsmen, of whom the only name so far obtainable is Johnson.

G.T.R. TRAINS WILL STOP.

MONTREAL, May 19.—The management of the Grand Trunk Railway System has issued instructions for a stoppage for three minutes of all traffic to-morrow, at the time corresponding to the hour of the King's funeral. This will be at 8 o'clock eastern time. The C.P.R. trains will also stop short from 8 till 8.02.

COALITION MINISTRY FOR SOUTH AFRICA.

CAPE TOWN, May 19.—Gen. Botha conferred with Lord Gladstone to-day. It is understood that he will undertake the formation of the first union ministry. Botha has always favored the idea of a coalition ministry, but it remains to be seen whether he will permit himself strong enough to override Mr. Botha's opposition.

BANK STATEMENT SHOWS COUNTRY IS PROSPERING

Savings Deposits Show an Increase Over those of April of Six Millions of Dollars.

OTTAWA, May 19.—(Special.)—The bank statement for the month of April issued by the department of finance to-day indicates the continued prosperity of the Canadian people. Money was not quite so active as during the previous month, when the inauguration of building operations thruout the country, caused more than usual buoyancy.

As compared with March, notice deposits decreased by slightly less than one million dollars. Savings deposits, on the other hand, increased by over six million dollars. The amount on call and short loans on stocks at the end of the month stood at \$59,631,255, a shrinkage of \$234,407.

Current loans in Canada, indicate that banks have allowed more money to go out to the business public of the Dominion, there being an increase over March figures. On the other hand, current loans abroad show a slight decrease for the month.

EARL GREY NOT COMING.

OTTAWA, May 19.—(Special.)—Owing to the death of his majesty, Earl Grey has cancelled all the arrangements he had made for his visit to Toronto next week.

No General Election.

OTTAWA, May 19.—(Special.)—Notwithstanding any political activity that may be in sight and Sir Wilfrid Laurier's trip to the Pacific, there can be no election this year. The people of the west would vote as a man against the government if it went to the country without giving the western provinces the additional seats to which they are entitled by increased population. So there will be a census next year and a redistribution. The maritime Liberals would have liked an election this year.

WANT REPRESENTATION

Montreal Jews Said to Be Planning Concentration for This Purpose.

MONTREAL, May 19.—(Special.)—It is stated here to-day that the Jews of the city, numbering about forty thousand, will take steps in the near future to have their nationality represented on the city council, as well as on the floors of the local legislature and in the house of commons.

It is said, in fact, that with this end in view, a concentration of the enterprising race is taking place in St. Louis and St. Lawrence wards, and it will be in this section of the city where the future agitation for membership will take place.

As far as can be ascertained, there are about fifteen thousand Jews in St. Louis and eight thousand of the same nationality in St. Lawrence.

WILL BEGIN TO BUILD AT TIDEWATER IN 3 WEEKS

C. N. R. Will Have 150 Miles Constructed Eastward From Pacific Coast This Year.

MONTREAL, May 19.—(Special.)—D. D. Mann, vice-president of the Canadian Northern, stated in the Windsor this evening that work on the Pacific section would be commenced at tide water within three weeks, and that about 150 miles would probably be constructed during the present year.

Later, Hugh Sutherland, financial agent of the road, who had just arrived by the Royal Edward, declared that the amount required for the construction of the first unit of 150 miles from the Pacific coast eastward, had been underwritten in London, and that the remainder would be, of course, financed all right when the funds would be required.

Mr. Sutherland also said that the lumber issue in which Mr. Mackenzie and Mr. Mann are interested was a success, a large percentage of the \$2,500,000 having been subscribed by the public, and as for the Dunsmuir coal mine, the underwriters had no apprehension whatever as to the final result of the issue.

Did Not Bombard Town.
WASHINGTON, May 19.—The steamer Venus, President Madriz's warship, has disappeared from Bluefields harbor without attempting a bombardment of the town. Her destination is unknown.

UNDERGROUND BILL KILLED

Defeat Ascribed to Influence of Montreal Street Railway Company.

QUEBEC, May 19.—(Special.)—The influence of the Montreal Street Railway was too strong for the Montreal underground bill, which was killed to-day in the legislative council, after a fierce contest in committee.

The charter wanted for rival power companies also were thrown out.

GO TO MASSEY HALL.

Go to the memorial service in Massey Hall to-night. No more acceptable means of paying respect to the memory of King Edward can be conceived. Commissioner Coombs, head of the Salvation Army in Canada, is a devout patriot. The Salvation Army is the greatest religiously militant force in democracy. King Edward was the head of the greatest democracy the world has ever seen. This memorial service will be memorable in the annals of Canada.

FIVE MEN BLOWN TO ATOMS.

NANAIMO, B. C., May 19.—This town was shaken at 10.30 this morning by the explosion of the Hamilton Powder Works, four miles out of town. Five men were blown to atoms. Harry Blythe is said to be the only white man killed, the others being Chinese.

NOTED OXFORD DIVINE FOR WYCLIFFE COLLEGE

Rev. Dr. Griffith Thomas Accepts Position on the Teaching Staff of Toronto's Anglican University.

At one of the largest meetings ever held of the Wycliffe College Council, an enthusiastic and unanimous invitation was extended to the Rev. Dr. Griffith Thomas, of Oxford, to become professor at Wycliffe College in this city.

The authorities of the college announce the receipt of a cable yesterday from Dr. Thomas indicating his acceptance. It is expected that he will enter upon his new duties next October.

Dr. Griffith Thomas comes with a splendid reputation. He is a graduate in arts of King's College, London, and subsequently entered for the theological courses at Christ Church College, Oxford, winning high honors from that university when he received his theological degrees.

Dr. Thomas, who is widely known, is still a comparatively young man, being only forty-nine. He commenced his ministry under the Venerable Canon Christopher, vicar of St. Aldgate's, Oxford. Shortly after his ordination he was appointed to the important charge of St. Paul's Church, Portman Square, in the west end of London, where he fulfilled a brilliant and useful ministry.

Altho widely known on both sides of the Atlantic for his preaching, lectures and writings on many topics, Dr. Thomas has devoted the chief effort of his life to scholarship, and is today one of the most generally acknowledged authorities in the old land on many of the great Biblical and theological questions of the day.

As a writer Dr. Thomas has been prolific during the last few years. Some of his leading works are "The Apostle Peter," "The Catholic Faith," "Christianity is Christ," "The Sacrament of Our Redemption," and most helpful commentaries on "Genesis" and "The Acts of the Apostles," and a great number of booklets and tracts on leading and important subjects in the religious world have come from his pen.

For some years he has been editor of "The Churchman," which, under his guiding and controlling hand, is now attracting some of the ablest writers on Biblical questions. "The Anglican Church Handbooks," a series of Christian defence publications, have him as editor. A large number of readers all over the Christian world of "The Record" have been guided from week to week by Dr. Thomas' most helpful answers to questions sent in to him on almost all imaginable subjects.

In addition to his work as Principal of Wycliffe Hall in Oxford, Dr. Thomas has lectured to his own students in systematic theology, the Old Testament and apologetics. It has not yet been decided upon what subjects Dr. Thomas will lecture in his new sphere of work.

While himself a strong Anglican, Dr. Thomas is a man of the widest sympathies and most active co-operation with members of other churches. While in no sense a controversialist, he has always stood most clearly for the simplest and most Scriptural form of theological teaching.

The new professor at Wycliffe is not a stranger to the people of Toronto. During his visit to Canada last March in the Bible Training School on College street in the afternoon and the University Convocation Hall at night for more than a week he commanded the attention of an ever-increasing number of the most thoughtful people in our city, till each of these halls was filled to capacity.

Wycliffe College is to be heartily congratulated on securing the addition of such an able scholar upon its teaching staff.

Every Great City Has a High-Class Suburban District

In most cities, even where the price per foot for lots goes beyond the several-hundred dollar mark, the landscape is confined to artificial grass plots and gateways. The Lawrence Park Estates in Toronto has all these fashionable suburban districts far surpassed. The Lawrence Park Estates has a natural valley, with a running brook, wide grassy slopes ornamented with flower beds, shrubs and trees on one side and a beautifully wooded forest slope on the other side as a park frontage for the whole property.

The LAWRENCE PARK Estates Toronto's Only Landscaped Suburb

(YONGE STREET NORTH) is being placed before Toronto home-seekers and investors. Much money is being expended in making it so beautiful and so desirable that for generations it will be the most perfect, most valuable, high-class suburban district of this city.

North Yonge Street districts will soon be sought by Toronto's most fashionable people, who realize more and more, year after year, the advantages of living in fresher, purer air, with free, more picturesque surroundings, away from the noise and dirt of the city, and yet supplied with all the city's conveniences.

INDUCTION SERVICE AT DAVENPORT CHURCH

Rev. Mr. Maxwell Formally Placed in Charge—Rumor re York Radial—County Poings.

DAVENPORT, May 19.—(Special.)—The splendid success attained by Davenport Presbyterian Church was well illustrated to-night in the large attendance and profound interest manifested in the services attending the induction ceremonies of Rev. F. J. Maxwell to the ministry of the church.

Davenport is one of the latest but most vigorous accessions to the roll of Presbyterian congregations in this city, and bears in every department of its church work the impress of solid and substantial growth.

Following the resignation of Rev. Dr. Abrahams, the first minister, the call was extended to Rev. Mr. Maxwell of Paris, Ont., a young, forceful and aggressive minister, and who has already made a most favorable impression.

The introductory sermon to-night was preached by Rev. Mr. McKerrill of Victoria Presbyterian Church, West Toronto; the address to the minister.

Report Says Railway Company Will Shortly Do This.

The steepest grade on the Metropolitan Railroad is that just north of the Don River at Thornhill. This grade undoubtedly is a barrier against the handling of much freight over the M.R. system.

Requiescat in Pace

To-day, with all that pomp and splendor befitting the obsequies of a great King, the mortal remains of our late Monarch will be laid at rest, and so the time has come for us to pay our last, sad tribute to his name.

The passing centuries have seen the throne of England occupied by many sovereigns to whom history has accorded splendid honors, but no title can convey a deeper meaning than that which popular opinion has granted to him whose earnest efforts and deep-felt influence in the capitals of the world have had such results that he is called "Edward, the Peacemaker."

He was the first British ruler whose coronation recognized "the British Dominions beyond the Seas," so that he, more than any who had preceded him, was "Canada's King."

An Empire mourns; an Empire so vast that somewhere on its wide expanse the sun is ever shining; but nowhere is the Nation's grief more keen than in our own Dominion.

There can be no better thing to recall, in remembering the glory of the life that is ended, than our dead King's last Kingly words "Well, it is all over, but I think I have done my duty."

Note and Comment

No matter what you think of it, some wise words that have a speaking quality, and which will be passed around the word, that this is to be another King's Plate year for the Toronto Driving Club named one last night who has a whole lot of money to be made out of it. He is the only one who has the right to be called a horse man, and he is the only one who has the right to be called a horse man.

It may be good news to know that the proposed Agnew-Perkins anti-betting bill if passed will not take the chance away from the horse man, but it will take the chance away from the horse man who is not a horse man. It will take the chance away from the horse man who is not a horse man.

Sam Grimshaw, an English professional cricketer, has just arrived in Toronto, where he intends to make his home. He has had experience with several of the county teams and may coach one of the city or college clubs. Sam will call on the Toronto Driving Club on Wednesday, everyone of the biggies having a ring to them that re-echoed across the bay. They were the bright and shining light with a homer and two doubles to his credit, out of four times at bat.

It was a great game from the local standpoint, inasmuch as there was nothing in the Toronto infield against the Leafs. It was a great game from the local standpoint, inasmuch as there was nothing in the Toronto infield against the Leafs.

With the game lost in the sixth, Holmes was sent in to pitch the next two innings. Another change came in the sixth, when Tim Hunter changed to short. The Leafs were leading 2-0 in the sixth, and the home team was leading 2-0 in the sixth.

After watching Newark two days you wonder why they are at the top of the league. The Leafs would be the verdict, with no wonderful ability to hit home runs. The Leafs would be the verdict, with no wonderful ability to hit home runs.

BASEBALL COUPONS.
Only three more coupons of the World's final baseball contest will be printed, viz., on Saturday, Sunday and Monday.

Barrow One Run Behind.
MONTREAL, May 19.—Providence won a lively game from Montreal. The Canadians caught up after being behind, but lost out in the tenth when Hoffman's hit a sacrifice, a steal of third, and an infield error by the Montrealers proved to be the winner.

Who is James E. Sullivan?
The question of the meeting of Bobby Kerr and Cloughan at Eaton's meet at the island stadium on June 4 was set aside yesterday when James E. Sullivan secretary stated that Cloughan would be given a permit. These two long sprinters in the 100 and 200 will be the feature of the meet. The value of the prizes is considerable, amounting to \$20, \$10 and \$5 for the first three in each event, excepting the 500-yard race, where four prizes are given, the values at \$20, \$15, \$10 and \$5. Each winner will have seven articles to choose his prize from.

Shaw's Great Batting Feature of Leafs' Win Over Newark

Verily the Leafs are proving a thorn in the side of the league leaders, much to the joy of the local fans and the discomfort of Joe, McGinnis and company, the Kelleyites annexing number two from Newark yesterday in a game which was featured by two home runs and his last single, while going straight into Ganley's mit, was the hardest hit of the day. The Leafs only got six safe hits, but they were the best of the game, and they were the best of the game.

Both teams fielded cleanly in the field. The Leafs, however, were the better of the two. The Leafs, however, were the better of the two. The Leafs, however, were the better of the two.

Three men only faced Rudolph in seven innings out of the nine, and four in another. Kelly getting his triple with the second, scoring the two base runners.

The Leafs were having more chances than the visitors, but did not get the most of them. The Leafs were having more chances than the visitors, but did not get the most of them.

CITY HALL LEAD LEAGUE

Defeat Customs in Civil Service Game by 9 to 6.
The game yesterday afternoon between the City Hall and Customs in the Civil Service League was a hummer all the way thru. Some good baseball was handed out to the patrons of the league by both teams. Some excitement was caused in the last innings, when the Customs looked as if they might win out, the base being full when the last man was put out. This, with a questionable decision of a strike on Gurofsky by the umpire, made things interesting for a time, but it would not have made any difference to the final result of the game. The ball was right over the plate, but made it look higher, but it looked good to one interested. The score: R. H. E. Customs, 6; City Hall, 9.

At St. Louis.—St. Louis won the third game of the series from Philadelphia to-day 9 to 1. Lash pitched good ball. R.H.E. St. Louis, 9; Philadelphia, 1. Attendance 1,000. At Cincinnati.—Cincinnati defeated New York 4 to 0. At Philadelphia.—Philadelphia won the rubber in the fourth inning and also completely fooled the home players. Score: R. H. E. Philadelphia, 4; New York, 0.

At Boston.—Boston won a slow game from Chicago by 3 to 0. Ciochet kept the visitors from scoring in the first two innings. Boston with an error and scored all their runs in the third. R.H.E. Boston, 3; Chicago, 0. Attendance 1,000. At Chicago.—Chicago defeated Brooklyn 4 to 0 to-day. R.H.E. Chicago, 4; Brooklyn, 0. Attendance 1,000. FRIDAY MORNING, MAY 20, 1910.

TO-DAY AND TO-MORROW.

To-day the British Empire will pay the last tribute of respect and affection to its late King. The final word will be written on the record of a sovereign whose reign of ten years has left nothing to regret and nothing to deplore, but contrariwise, has earned the enduring gratitude of his loyal people. Nor could there have been any better exemplification of the character of the departed King than the sense of personal loss experienced by millions who judged him only from his public acts and his unswerving efforts to fulfill the lofty ideals he avowed at the moment when the call came to ultimate duty and responsibility. To-day the empire mourns, to-morrow it will take up its burden strengthened and encouraged by another noble example of devoted service in life and manly fortitude at its close.

HOW DEMOCRACY IS BETRAYED.

Is democracy on trial in Canada? Yes, and the outlook is none too good. Mr. Sifton was in doubt; so was George Tate Blackstock at the Conservation meeting Wednesday night. What is the reason? Democracy has few true and able leaders. Most of the able men, for bread and butter reasons, or others, have gone into the service of the corporation and the monopoly interests—working for those who have grabbed the public resources or have got possession and a monopoly of public service franchises. So have the newspapers that once were of the democracy—these have become the property of those who have got hold of the national resources and the franchises. Even most of the professed friends, and even such leaders as there are of democracy are false ones; they too, are in the service of the public enemies. False newspapers, political leaders who are "under the pay" of corporations, these false lights first betray and then bring discredit on democracy. So that democracy is charged with the bad government in cities, is charged with the inferior service that the franchise holding corporations give.

A marked characteristic of the false newspaper guides is a constant howling for moral reform in the lives of citizens; for the purity of the home, for the work in the distant mission fields; and all the time they are putting in their best likes in the way of double-faced articles for the tying up of the people, of the democracy, to the private corporations or the monopolies of the public necessities. It's quite a trade these days to howl for moral reform which involves no money, and be in the service of corporations that pick the pockets of the public.

As far as democracy and the two parties are concerned, it is rather surprising that in the Liberal party you can see one prominent leader taking a testimonial mainly contributed by the corporations, and another leader taking a regular salary that comes mainly from prominent corporation men. How can such leaders prove that they are in touch with democracy?

Democracy will be all right and regnant when it finds honest leaders and honest newspaper guides.

THE TUBE EXPERTS.

Let the tube experts get busy and send in their report. Let the contractors and financiers get ready to make their offers to build the system once it is outlined by the experts.

The tubes will finance themselves and can be built in a surprisingly short time.

Toronto has only one supreme issue in municipal politics to-day, and that is tubes. Tubes will double Toronto's population and bring hundreds of new industries.

THE NEWSBOYS' HOME FUND.

No citizen of Toronto displays more public spirit than Controller Thomas L. Church. Last night, at Association Hall, he acted as chairman in the "typewriting" contest, the proceeds of which went to increasing the Newsboys' Home Fund. As always, Mr. Church was felicitous in his remarks, and made a very favorable impression.

Words of praise, too, must be given to E. Jules Brazil, who was at the piano. Mr. Brazil freely offered his services to help out a worthy cause. He is the organist of St. Basil's Church and choirmaster of St. Michael's College. And the promoters of the Newsboys' Home Fund herewith make public acknowledgement of his pianistic art and his kind courtesies.

CIVIC POWER AND PUBLIC SPIRIT

While it may be true that many Canadian cities are deficient in the public spirit that leads to constant and intelligent interest in the conduct of their affairs, this condition is not without exception. Fortunately there are others offering a better example, and

their number will increase now that the course of legislation is becoming more favorable to an extension of the sphere of civic government. Another helpful feature is the decided tendency to secure that the action of city and town councils in connection with franchises and other important matters affecting the community is really supported by the electorate. Both movements are certain to stimulate the growth of a genuine and active civic patriotism. Regina, the capital of Saskatchewan, has recently provided an excellent example of the manner in which an electorate will act when free to exercise operative control over its representatives. Its council some little time ago agreed that street railways were advisable and arranged with a private company for their construction. This required ratification by the ratepayers and on a referendum the proposal was rejected by a large majority. Another vote was subsequently taken on alternative questions—whether the city should itself build the railways or postpone the project to a later date. By a vote of 16 to 1 the ratepayers resolved on immediate construction and that the system be a municipal enterprise. Regina came to a wise decision and one which will not be regretted.

TEACHING SCHOOL CHILDREN TO SWIM.

With the boating and bathing season soon to be in full swing, attention may well be again directed to the large number engaged in these fascinating pursuits who are unable to swim. The fact would be surprising in a country so rich in opportunity to acquire the art as Canada is, were it not common enough in other countries also abounding in facilities and even among those who go down to the sea in ships. Indeed, there seems to exist, with many seamen, a certain fatalistic prejudice against acquiring the art.

But where lake and river are resorted to for recreative purposes countless tragedies would be spared if all to whom an accident happens were skillful swimmers. It is impossible to provide against the rashness of ignorance or recklessness, but it is at least possible to secure that all boys and girls during school days shall be taught one of the most delightful and healthful of exercises. In Evanston, Illinois, the local Y. M. C. A. has undertaken a canvass of the schools to ascertain how many pupils are unable to swim and arrangements have been made to give all such the necessary instructions during the summer months at convenient bathing stations. This is a laudable

REQUIEM (Written for The Toronto World). Toll for the Dead! Had charm'd to life the woodland and the dell, And England's hedgerows bloom'd beneath the spell Of May-time's sweetest sorcery—came Death The vernal flowers amongst with icy hand, And straight it seem'd that spring forsook the land. Toll for the Dead! Toll for the mighty Dead! The stately shaft lies broken, and the shock Swift quieted all festival and mirth; And grey, cold clouds of gloom enshroud the earth Where'er in east or west the stern, strong stock Of Britain flourishes, and cruel fate Made countless loyal hearts all desolate. Toll for the Dead! Toll for the noble Dead! Beneath the pall lies he who lov'd peace best, Whose royal hand was never rais'd in strife; Who show'd by every action of his life How duty should in kings be manifest; Who lov'd his people well, did more than earn The fealty they gave him in return. Toll for the Dead! Toll for the honor'd Dead! Yea, toll and weep; yet for the living pray, For her whose matchless worth all love commends, Who tho' with sorrow overwhelm'd, still stands The Empire's cherish'd idol, holding sway In every heart that values virtue well; Remember her, e'en as the passing bell! Toll for the Dead. Toronto. J. HUNT STANFORD.

which is likely to be followed up in the United States, as it certainly should in Canada.

EQUALITY OF TREATMENT.

Equality of treatment in regard to commutation tickets is a principle that the railway commissioners of Canada should insist upon. It should be put up to the railways. The round trip fare from Oakville to Toronto, a distance of 214 miles, is 26 cents. The round trip fare from Brampton to Toronto, a distance of 211 miles is \$1.10. Why this discrimination? Again, for 24 miles out of Montreal on the G.T.R. and 64 miles on the C.P.R., commutation ticket privileges are granted. Why special treatment for Montreal and Quebec and not the same for Toronto and Ontario? For two years this anomaly in railway passenger rates has been before the railway commission. It calls aloud for settlement, and settlement right on the basic principle of equality of treatment.

Milton McConachie of Huntsville was found drowned in Lake Nipissing.

FOR THE LAST TIME.

London cable to N. Y. Tribune: Not even Lord Rosebery's eloquence yesterday could rival the tribute of loyal homage paid by tollers and humble folk massed near Westminster. Yet impressive as the demonstration of public sympathy has been, it is doubtful whether the ceremony of lying-in-state will ever be repeated. Candid court officials admit that Queen Victoria was right in prohibiting it for her own funeral, and that the revival of this medieval system is not compatible with the simplicity and private now generally desired by members of the royal family. A prominent Englishman gives voice to this view: "The public taste for royal fetes has grown with jubilee functions, coronations and funeral pageants, until there is serious danger that the masses will approach even the most solemn events in a 'mating' spirit. The metropolis is now too large for a repetition of scenes like those which have been enacted at Westminster."

Mulholland v. Fowler. David Bunker, against Myrtle Rodman, for specific performance of agreement to sell property on Marguerite-street. Sylvester Brown against Thomas Henry Bull and Ida Brown, to set aside a release of equity of redemption on property in Dufferin-street, and for a declaration declaring said lands to be held in trust by Ida Brown for the plaintiff, and for an order directing the conveyance of the property to the plaintiff. The Critical Manufacturing Company Limited, against The Expanded Metal and Pipefitting Company, Limited, claiming \$185 on certain bills of exchange. Macdonell v. Shankle—J. M. Ferguson, for four sons of Peter Macdonell, appellants, E. D. Armour, K.C., for plaintiffs and defendant. Appeal by the four sons of deceased from the report of the local master at Chatham. Argued and dismissed with costs. Re Harvey—Harvey v. Stewart—H. S. White, for Anne Reid, J. Snider, for Reid, who has been served with an administration order, to set aside said order set aside with costs, payable forthwith by James Harvey, and for a declaration whether defendant, Stewart, ought not also to be ordered to pay the costs to be dealt with on a motion in chambers in the light of the findings of that action. Imperial Bank v. Campbell—M. L. Gordon, for plaintiff. No one contra. Motion by vendor for declaration and appointment of sheriff of district of Nipissing receiver, with costs of and incidental to motion to plaintiff. Mirano v. Canadian Iron Corporation—G. A. Kingston, for plaintiff. Motion by defendant for order confirming settlement of action. It appears that the mother of the plaintiff is interested with the father, and has not been made a party to the proceedings, and that the plaintiff should be allowed to communicate with her in Italy or to take out letters of administration and no order made as therein directed. Re William Smith—S. H. Bradford, K.C., for executor. V. Sinclair (Willson), for executor. H. R. Smith, Motion by executor under C.R. 388, for an order constraining will of William Sinclair, deceased, to the question whether the clause "sixthly" was properly included in the probate, and if so, whether and one of the parties ought to have an opportunity of agitating if so advised. This is a question of law, and the court by taking proceedings for revocation of the will, and the executor's liability in such proceedings, in answer to first two questions there will be a declaration that it is not open to the executor to apply this application to go behind the letters probate to determine what documents constituted the last will and testament of the deceased. Upon the third question assuming that the clause "sixthly" is properly included in the probate, I think the executor has in effect directed a sale of his chattel property and that the proceeds thereof shall form part of his residuary estate as shall also the proceeds of the notes and mortgages and the whole of the whole residuary estate, including the money in the bank shall be divided and distributed as therein directed. If the clause upon any proceedings that may be taken is declared not to form any part of the testator's will this is not intended to be and is not an adjudication upon the rights of the parties in respect of the estate, those of executors as between solicitor and client.

RYRIE BROS. JAS. RYRIE, MANAGER

EVANGELICAL ALLIANCE SENDING A DEPUTATION

Archdeacon Madden and Dr. Hanson Coming in the Fall—Annual Meeting of the Local Branch.

W. Martyn Gooch, general secretary of the Evangelical Alliance, a non-denominational organization, with headquarters in London, Eng., and branches in 100 nations of the earth, delivered an address on the objects of the movement before the local organization in Bloor-street Presbyterian Church last night.

It was announced that Archdeacon Madden and Dr. Hanson will arrive in Toronto next as a deputation from the parent society, and a resolution of appreciation of the fact and of Mr. Gooch's address, and giving assurance of hearty co-operation in the work of the alliance, was passed, on motion of Sir Mortimer Clark, with W. E. Gelkie, D.C.L., as recorder.

Mr. Gooch said he was thankful that Canada was being preserved largely from an evil which was attacking the church in England, where the preaching was often not that of the Word of God. It was the duty of the alliance to resist these attacks. During the 68 years' history of the alliance, there had been a quarrel, despite the different forms of baptism of the various churches comprising it, there being no less than one hundred countries represented. To the alliance was due the credit for the freedom of worship enjoyed in Spain and Russia.

Growing Lack of Prayer. The speaker regretted to note that in many directions there was "an amazing and growing lack of prayer."

He contended that the true test of a religious spirit in the churches, there being a great need of more personal faith. If this were brought about, many of our nations would not be content to remain at home, but would go forth as missionaries.

Mr. Gooch emphasized the fact that the great need of the organization was to inspire in members of all Protestant denominations the feeling that, in so many respects their creed might differ, they were all Christian brethren fighting under a common banner.

Sir Mortimer Clark spoke warmly of the merits of the alliance and deprecated the fact that it was not more flourishing in Toronto.

Founded in London, Eng., in 1846, with 50 denominations represented, it had been careful not to formulate any confession or creed. It was formed to battle against infidelity, Roman ritualism and the desecration of the Lord's Day, and the need for effort was, perhaps, greater now than then.

Plea for Church Union. Prof. Law, a strong plea for organic union of the churches, in the Protestant church since the reformation, the most marked feature was division, until the church had become like a great city, which, in Britain, among thinking men, the feeling was that the days of denominationalism were numbered, but no one knew what would take its place.

The greatest movements of recent years designed to benefit humanity, namely, the laymen's missionary movement and the Y. M. C. A. propaganda, were non-denominational.

In closing the meeting, Rev. William Hincks expressed views differing with those of the previous speaker, remarking that he did not see what good object would be gained by placing men with discordant views under the same roof.

The following officers were unanimously elected: Hon. president, Bishop Morton; hon. vice-president, Sir W. E. Gelkie, K.C.; secretary-treasurer, Rev. E. D. Sillcox; deputy secretary-treasurer, Rev. W. D. Thomas. The committee consists of 20 clergymen and laymen: Hon. Senator Cox, R. H. Verity, D. Urquhart, Dr. W. B. Gelkie, Robert Kilgour, Elias Rogers and J. D. Naamih.

Mr. Gooch was entertained at a mid-day luncheon, at which N. W. Hoyles presided, and an address was given by Rev. Dr. Hazlewood. There were about 60 present.

At St. Augustine's. There will be a special memorial service for the late King at St. Augustine's Church this morning at eleven o'clock. The music, with orchestral accompaniment, will be from Gounod's Third Messe Solennelle and other compositions. Bosthoven's Funeral March from the "Eroica Symphony" and Handel's "Dead March in Saul" will conclude the service.

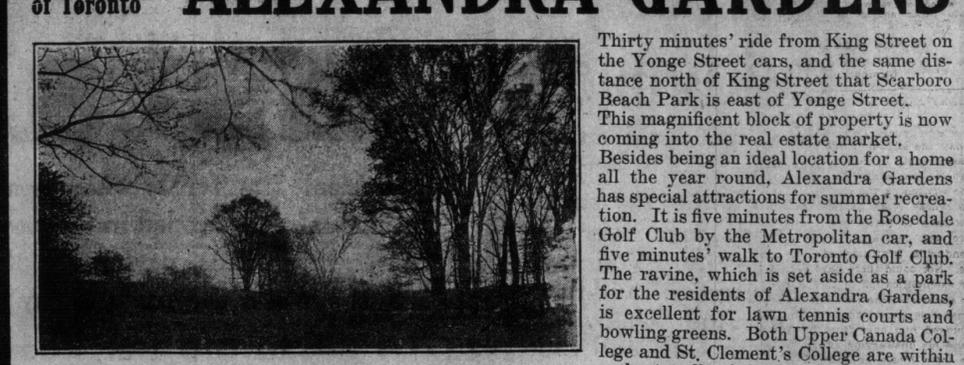

Alleged Shoplifters. George Thompson, no home, was arrested yesterday by Detective Deane at a store, Catharine Love, 342 Concord-avenue, was arrested by the same officer for a similar offence.

"On the Highlands of Toronto" ALEXANDRA GARDENS

VIEW OF THE RAVINE IN ALEXANDRA GARDENS.

LOCATION—"Alexandra Gardens" is upon one of the highest points of land overlooking Toronto. It lies on the west side of Yonge Street, four and one-half miles north of the corner of King and Yonge, and is approximately the same distance north of King Street that Scarborough Beach Park is east of Yonge Street. Under ordinary conditions it is 30 minutes' ride in the street cars. The section surrounding "Alexandra Gardens" is already well built up with fine residences, and it is fully established as a high-class residential district.

TOPOGRAPHICAL FEATURES—"ALEXANDRA GARDENS" slope gently towards Yonge Street from a beautifully and well-wooded ravine lying immediately east of Avenue Road. Two rows of stately pine trees divide the Gardens through the centre, and the south section is covered by an apple orchard. The soil is sandy and dry, and lends itself readily to drainage.

IMPROVEMENTS—Two roads have been graded through "ALEXANDRA GARDENS," extending from Yonge Street to Avenue Road, and have been put into good condition for teaming and other traffic. Granolithic sidewalks are being laid, and a substantial fence, with heavy masonry pillars and ornamental iron fence, is being erected along the Yonge Street frontage.

Col. Burt has sent a wreath on behalf of the Prince of Wales Fusiliers of Montreal. A wreath will be sent from the Tuberculosis Hospital, Montreal, recently opened by the King.

The Canadian office is doing all possible to furnish seats for visitors, but have only 60 seats at their disposal, there being 400 applications.

The matter of costume has been discussed. It was first proposed to have a uniform dress, but it was finally decided that morning attire would be sufficient.

Eulogies King George. Lord Rosbery, at a meeting of the Scottish corporation yesterday, paid an eloquent tribute to the memory of King Edward. They might look with real hope and real confidence, he continued, to the reign of the new ruler.

It is stated that instead of modifying the wording of the declaration of his first parliament, to the effect that he will maintain the Protestant religion, the government has now decided to draft an entirely new declaration of a positive and not a negative character.

This new wording will define Protestantism as accepted by the Church of England, and will only indicate by implication the doctrines which the King abjures.

REV. JESSE GIBSON INJURED.

Rev. Jesse Gibson, 104 Park-road, while crossing Avenue-road at Cumberland-street, at 10:10 last night, was struck by a bicycle ridden by George M. Orr, 337 Jarvis-street, and knocked to the pavement. His head struck the curbstone and was severely gashed. Dr. Paul Scott, 19 Avenue-road attended him and took him home in his automobile.

Dropped Name of Montrose Wright. BRANTFORD, May 19.—(Special).—The Dufferin Rifles of this city will leave Saturday night, 30 strong, to attend a three day's camp at Barrie.

The name of C. Montrose Wright, who figured conspicuously in the Kinrade case, was dropped yesterday at the Brantford Methodist district annual meeting as a proponent for the ministry.

St. Catharines Canadian Club.

ST. CATHARINES, May 19.—(Special).—The last regular meeting of the St. Catharines Canadian Club for the season was held this evening, when Prof. B. E. Fernow of Toronto University spoke on "A Forest Policy for Canada."

The following officers were elected: President, Dr. E. M. Hooper; vice-president, Dr. J. Sheehan; secretary-treasurer, D. M. Muir; executive, Rev. Mr. Almon, Charles McHie, J. A. Forster and A. E. Coombs.

Observances.

INJURIES FATAL

Two Deaths in the City—One Inquest Will Be Held.

No inquest will be held into the death of Joseph Symons, an aged farm laborer, of Scarborough, who was injured on the G. T. R. tracks Wednesday and died in St. Michael's Hospital yesterday.

Coroner W. A. Young ascertained that the deceased was 76 years of age, that he was mentally weak and that he had wandered away from home on several occasions. The point where he was killed was at a curve, not on a crossing, and his hearing was bad.

Coroner Gilmour yesterday opened an inquest into the death of Thomas Earl, who died at his home, 7 Bruce-street, from a fractured skull, sustained in an accident in Queen-street last Tuesday afternoon.

When he was run down by a rig in which was Thomas Hunnisset. The inquest was adjourned till Wednesday night.

CANNOT ELECT COADJUTOR.

QUEBEC, May 19.—(Special).—All hope of the synod agreeing to elect the coadjutor bishop asked by Bishop Dunn has now been practically abandoned, owing to the laity's opposition to the selection of one with right to succession. It is practically agreed that the bishop will be asked to take a year's vacation and to accept \$4000 to obtain an episcopal assistant from England or elsewhere.

A Corner in Boots.

BRAMPTON, May 19.—(Special).—Lou Lawrence and a pal, Jack Watson, were arrested in Milton to-day by Chief of Police Graham of that place, charged with stealing nineteen pairs of boots, the property of the Williams' Shoe Company of Brampton. The prisoners attempted to sell the boots to men working in the quarries at Milton. They were brought back to Brampton jail.

of the burial service, and the 39th Psalm. Rev. T. Crawford Brown, representing and at the request of Rev. Dr. Lyne, moderator of the general assembly of the Presbyterian Church, who is at Quebec and unable to attend, will read the scripture lesson.

The Scripture Reading. The reading will be 1. Thessalonians, chap. 4, verses 13 to 18.

"I would not have you to be ignorant, brethren, concerning them which are asleep, that ye sorrow not, even as others which have no hope."

"For if we believe that Jesus died and rose again, even so shall they which sleep in Jesus will be brought with Him."

"For this we say unto you by the word of the Lord, that ye which are alive and remain unto the coming of the Lord shall not prevent them which are asleep."

"For the Lord Himself shall descend from heaven with a shout, with the voice of an archangel, and with the trump of God; and the dead in Christ shall rise first."

"Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord."

"Wherefore comfort one another with these words."

Rev. Mr. Brown will announce the hymn, "Now the laborer's task is o'er," after the lesson.

Bishop Reeve will then read prayers, including the Lord's Prayer, after which Rev. Dr. J. F. Gorman, representing Dr. Carman, superintendent of the Methodist Church, will offer prayer. Next Chopin's Funeral March will be played by the bands. A silence, during which all present will bow their heads, will follow. Rev. Dr. W. H. Sowerby will then read prayers for the King and the royal family. "God Save the King" will follow. During the singing the flags will be raised to full mast.

Observances. A large number of business houses, hotels and stores will be closed part or all of the day. All government buildings will be closed. The various public and burlesque theatres will not give matinee performances and no baseball will be played in the Eastern League.

250 Policemen on Grounds.

Five police inspectors with 250 men, including a mounted squad, will have charge of the park and the parliament buildings during the ceremonies. Inspector Davis, with 25 men from No. 2 division and the mounted squad, will have charge of the south entrance. Inspector Cuddy, with 25 men from No. 2 division, will have charge of the streets leading to the park and the entrances to and the corridors of the building. Inspectors Dickson, Charlton and Gregory will also be on the ground with the mounted squad of men from their various divisions.

The gallery in front of the buildings will be reserved for the wife and daughters of the lieutenant-governor, Lady Mortimer Clark, the Misses Clark, and a few other ladies.

A New Idea in Medicine

Which Accounts for the Enormous Success of DR. A. W. CHASE'S NERVE FOOD.

To tear down the diseased tissue was the old principle of medicine. To cure by building up new, healthy tissue is the new method.

Dr. A. W. Chase's Nerve Food is a splendid illustration of the new method, for it cures by increasing the quantity and quality of the blood, by creating new, healthy tissue, and by overcoming weakness and disease with new vigor, new energy and new vitality.

The time to begin using Dr. A. W. Chase's Nerve Food is when strength fails you and you find yourself out of sorts and losing health and vigor. It is easy then to get back to normal condition by using this great restorative treatment. The blood is enriched, the nerves revitalized, new firm flesh and tissue is formed, and you feel the snap of new vigor as it is being instilled into your system.

Don't wait for nervous prostration or paralysis, but get back the system at high water mark. Dr. A. W. Chase's Nerve Food, 50 cts. a box, all dealers, or Edmanston, Bates & Co., Toronto.

"What About the Holiday, Old Sport?"

EXCUSE us for breaking into colloquialism, but the holiday spirit calls forth natural exuberance.

The Men's Store wants you to look over these suits with the holiday in your mind. This store is at your service at 8 o'clock Saturday morning, and will remain so all day until 5.30 p.m. As the 24th of May will be observed on Tuesday, Saturday is the most favorable opportunity you have to pick out a nice new, seasonably joyous suit.

And this is the store!
