Community Plate Far-Famed For The Beauty of Its Patterns

"The Winged Victory" By Sarah Grand

Vividly Interesting Novel of a Lace-maker and Fashionable Society—Reviewed by Miss Marjory MacMurphy

MADAME Sarah Grand invites her admirers to 48 chapters of printed pages of reading in this her latest novel. Candidly, many of us love to read a really long novel, one that will stay with us several days even when one can read a novel at good speed. Choose, then, "The Winged Victory," for it will last several days. The characters are first, a marvelous lace maker who is a paragon of beauty, intelligence and personality, an English duke who is also a personality, and some hundreds of others mainly in fashionable life is shown to be smart but reprehensible. The progress of the lace-maker is romantic, extremely improbable, but vividly interesting in a novel.

What makes Sarah Grand's novels better than the ordinary? Her power to paint such a full picture on a canvas twice the size of that which generally suffices the ordinary novelist; her reading of life, as of the greatest importance and her deep, almost passionate, interest in social reform. In "Admarr's Ordeal," with which this novel is somewhat closely connected, she wrote of intensive agriculture and the rural laborer. In "The Winged Victory" she writes of the most poorly paid wage earners; and also of a revival of religion in a section of English society.

Altogether, this is a novel which will secure for itself an unusual degree of attention. (Price, \$1.25.)—Book Department, Main Floor.

The Patrician design—and isn't it happily named, with its classic simplicity, its quiet reserve, its exquisite refinement of unbroken line? It is a Community pattern very popular with people whose dining-rooms are furnished in Old Colonial style, abounding in dignity and high polish. But of course it lends itself just as successfully to the environment of the ordinary, nondescript dining-room, the plain bevelling of its edges being so delightfully unostentatious in their charm.

In constant use in the dining-rooms of some of the most distinguished people in the United States, selected because of the excellence of its heavy silver plating and the rare charm of its designs, three of which our artist has drawn

A SINGLE PIE SERVER OR A COMPLETE CABINET OF KNIVES, FORKS OR SPOONS—however few or many pieces of tableware you contemplate giving to your daughter or your niece or your granddaughter by way of Christmas gift, Community Plate offers itself with sure confidence of your approval.

Throughout the whole of the United States it enjoys a tremendous vogue, being appreciated in the first place for the distinction of its designs, and in the second place for its super-excellence of quality. For every piece of Community Plate rejoices in the fact that, should it prove unsatisfactory in any respect during any immediate or remote time of its service, it will be replaced.

With nickel base, silver-plated, it is featured in a number of aesthetic designs ready to harmonize with any characteristic scheme of furnishing. Our artist has made sketches of three favorite patterns.

Georgian design—fashioned particularly for using in the room that has furniture of the eighteenth century type—Sheverson, Chippendale, Hepplewhite or Adam. Indeed, as you will notice, it is an Adam pattern—the handle showing a fine thread edge and the small classic motifs which characterize the work of the celebrated brother architects and cabinet-makers. It is in its bright finish.

GEORGIAN

Louis XVI. design—and of course as you imagine in any design suggestive of Marie Antoinette, it has a gay wealth of flowers entwining the medallion, which is provided for the engraving of the owner's monogram or initial. This is a pattern which is featured in French gray finish, with the medallion in bright. On a table on which French china is used, knives, forks and spoons in this Louis XVI. design are particularly happy choice.

Hand-carved Frames For Photos

In Italian walnut and antique gilt effects, for table or wall use—some charming designs

NO FRAME TOO GOOD for a soldier's picture is it? And these are being seized with delight by people who have photographs they wish to preserve in worthy and attractive manner. They are hand-carved wood frames, to be had in either antique gilt or Italian walnut finish, and range in size from "post card" to 13 by 16 inches.

Some are in ordinary flat style for hanging upon the wall, others are on stands, while others swing like a mirror between two standards. Prices, including glass and the setting up of the picture at the back, range from \$1.50 to \$4.50.

Here are two of these exclusive hand-carved wooden frames described here. That in the foreground is in Italian walnut finish, designed like the little looking-glasses that go on top of an old-fashioned chest of drawers. The opening is size 5 by 7 inches, and the price \$4.50. The frame behind is likewise equipped with a stand for placing on the chimney piece or a table. It is finished in antique gilt effect, the size of the opening being 6 by 8 inches, and the price \$3.65. —Fourth Floor, Queen St.

You Were Inquiring?

School Girl—One of those patriotic plays by Edith Lelean should be exactly the thing by way of entertainment for your school "at home." Twenty or more boys or girls may take part in them, and if good music and capable management are available they should prove a huge success. There is "The Making of Canada's Flag," "Key of Jack Canuck's Treasure-House," "A Canadian Fairy-tale," and "The War on the Western Front." The price is 25 cents each.

Mrs. H. W. T.—This little column would feel ashamed of itself, if it could not say "yes" to your inquiry for skunk banding. It is one of the most fashionable of all politics this season, you know. A inch wide, it is \$2.50 per yard, 2 inches, \$4.00, and 3 inches, \$7.00. And in a fuller-turred quality it is \$3.00, \$5.00 and \$10.00 respectively for the three widths.

Red coats are not available, however, in such a diminutive size. Navy blue, brown and grey are the only dark colors procurable. And a nice little rest in chin-chills coat can be had in any of these shades at \$4.50, and one in blue only at \$5.00. They have velvet collars.

"Patsy"—See reply to "School Girl" above. Each play is in a book by itself.

"Trixie"—If you set your heart upon that particular Persian lamb coat, you will be glad to hear that there is a similar model to be had at the present time at \$15.00. If your fancy should year round in the interval to Hudson seal, you may have a good choice of exceptionally smart coats at \$10.00 and \$12.00, both in full box or ripple-skirted styles. They range from 48 to 46 inches in length, with a flare of 10 to 14 inches around the lower edge. On the score of becomingness Hudson seal would get a good many more votes than Persian lamb. What think ye?

N. W.—The price of enlarging the snapshot would depend upon the size you want it to be—25 cents for 8 by 7 inches, 25 cents for 8 by 10, 40 cents for 8 by 10 inches, and so on.

L. E. M.—About the oilskin coat for you that is France—the regulation olive tan is the only shade in which it is featured in stock, but a black allover could be made to order for you—price \$6.00. A coat size 48 chest measure would be 48 inches long. The gloves can be had just as you describe—in horsehide, with thumb and one finger, and knitted cuff. They are \$1.50 a pair. So glad that you wrote to me. And do not hesitate to come to the column again, if one can be of any use to you. No one in the world is more welcome than a soldier's mother.

CANADIANS CHEERFUL IN THE FACE OF PAIN

Ad Club Hears Interesting Address From Regular Visitor to Soldiers in British Hospitals.

At their regular weekly luncheon at the St. Charles Hotel yesterday, the Advertising Club were given an exceedingly interesting glimpse into the work being done amongst Canadian soldiers in British hospitals. The speaker of the day was Major Joseph Clark, deputy agent-general for the Ontario Government in London, England. For some months Major Clark has been performing a most grateful task in continually visiting Canadian wounded in England, on behalf of the provincial government. He has come into close personal touch with thousands of them and has evidently established between them and himself a strong bond of the most personal friendship, not only on account of how he has been able to brighten their period of convalescence thru his position as representative of the government, but also on account of the warm personal regard, to use no stronger word, he appeared to have for all of them.

Major Clark told story after story, illustrating the splendid cheerfulness of the men in the face of pain and mutilation. He said that England was nobly befriending these men and his whole address culminated in an earnest appeal that when the boys came home the people of Canada should befriend them no less heartily.

Capt. Fox, adjutant-general of the Canadian hospital at Orlington, briefly described that great institution with its thousand beds. He explained some of the difficulties that had to be faced supplying it with food, and also touched on the fact that its accommodation is to be doubled in size.

CITY HALL NOTES

Dovercourt Park was inserted in the parks commissioner's list of skating rinks by the property committee yesterday.

There will be no increase in the rates on island leases until after the war. The property committee, in dealing with Commissioner Forman's report, recommending an increase from 70 cents per foot to nearly \$2.75, ruled that leaseholders shall continue to pay the old rate until peace is declared, when a readjustment will be made.

Ald. Ramsden, chairman of the works committee, is averse to calling a special meeting of his committee to consider the proposal to build a new double-deck bridge over the Rosedale ravine, near Summerhill avenue. The committee's report, he says, has already been sent forward.

MRS. BLAKELY DEAD.
Well-Known Toronto Lady Dies in Los Angeles, California.

The death of Mrs. Arthur Blakely is reported from Los Angeles, where she and her husband have been living for some time. This news will come as a severe blow to her many friends in this city, where she lived for many years before going to California. Before her marriage, Mrs. Blakely, as Miss Finch, had been a prominent member of Sherbourne Street Methodist Church Choir. Mrs. Blakely died on Saturday last, and the body is being brought to this city for burial. Funeral arrangements will be announced later.

SHOULD NOT ASK VOTE IN WAR TIME

Women's Patriotic League Disapproves Suffrage Work at Present.

FAVOR CONSCRIPTION

Petition Government to Extend Operation of Militia Act.

The following resolution, which was passed at the executive meeting of the Toronto Women's Patriotic League, has in view the suffrage campaign now in progress, and intimates the opinion of those who moved and carried it, that the present is not the time to carry on the work of suffrage, whether the women engaged in patriotic work are in favor of the vote or otherwise.

"That we, members of the executive committee of the Toronto Women's Patriotic League, banded together in loyal service for the duration of the war, place ourselves on record and deplore the fact that organized societies of women are spending money, time and energy on a campaign which leads to divide women at a time such as the present, when the united efforts of the women of Canada should be put forth in valiant service for the empire.

"That never in the history of the world has there been more need for unselfish service of the truest patriotic character than in these months of terrible stress and daily anxiety.

"That while the thunder of battle rages in Europe and nations must assert their independence by the strong arm or cease to exist, and while our own men are fighting, fighting shoulder to shoulder with the allies against a despotic and unhalloved foe, battling to uphold the principles of truth, right and liberty, for which the British Empire stands, it is surely the primary duty and sacred privilege of every woman in this Dominion to do her part until this crisis is over and the blessings and power of peace are founded with honor on a solid basis.

Favor Conscription.
The following resolution was moved by Mrs. Featherstonhaugh of the T.W.P.L., seconded by Mrs. Stearns Hicks, and carried:

"Be it resolved that the executive committee of the Toronto Women's Patriotic League respectfully petition the Dominion Government to take definite steps to extend the operations of the Militia Act for Home Defence to service overseas, exercising due discretion in the matter of just and reasonable exemptions from such service."

"As Fast as Our Tickets Are Used Up We are Going to Patronize Lawrence"

That's what hundreds of people have said. Enthusiasm for the great move to lower the price of bread has caught the public. They realize more today than they did when the announcement was first made, how necessary **CO-OPERATION** is, if the popular demand for 8-Cent Bread is to be carried into effect successfully and permanently. One man cannot carry the burden of keeping down the price of bread without big help from the public. As you have had explained, the proportion of cost in making bread is reduced by obtaining a very large volume of business. That is why I ask public **CO-OPERATION**.

"When I Reduced the Price of Bread I Did Two Things---I Secured the Help and Hearty Support of Thousands Who Are Glad to Have the Price Go Down, and I Secured the Hatred, Malice and Denunciation of Those Who Want to Have the Price Kept Up"

This divides the Toronto Public into two parties. Which Side are you on? Are you going to join those who cast slurs upon my motives, who resort to slander in their attacks upon my product, who utterly misrepresent everything in connection with this whole business in order to hurt me and cripple the campaign that is endeavoring to keep down prices? Is that the side you are on? If you still patronize those who wish to destroy the possibility of 8-cent bread by spoiling the success of my campaign for a big volume of business, you are on the side which is working against public interest. If you are on the side of 8-cent bread, you will not hesitate to show your colors; you will ally yourself with the cause and throw the weight of your influences as well as your own bread orders in favor of George Lawrence, who is putting up the big fight for 8-cent bread."

Shall We Have 8-Cent Bread in Toronto? It All Depends on the Public. If You Want 8-Cent Bread, Send Your Order To-Day, to the Lawrence Bakery

If a new street railway company offered to give you a 3-cent fare you would help to make it a success by patronizing it, wouldn't you? Same with 8-cent bread. If you don't support the baker who put the price down to 8 cents you are stepping on your own feet, and hindering the cause that is trying to save you money. You must expect to hear criticism and abuse of me and my bread, but have the fairness to judge for yourself. If you ARE not familiar with the quality of

Allots Room in Technical For Classes in Munitions

The advisory and industrial committee of the board of education yesterday decided to grant the request of the Imperial Munitions Board and allot a room in the Central Technical High School for evening classes for men already engaged in inspection work. The munitions board supply their own instructor and the board of education will be put to no expense.

On the request of Mark Irish, M.L.A., representing the Imperial Munitions Board, a room was set apart some time ago for the instruction of women in the work of shell inspection. Already some fifty have qualified and are now engaged in the work of shell inspection.

In order that a number of deaf mutes in the city may take the technical course in domestic science, the committee decided to request that permission be granted to hold a class in the domestic science room in the annex of the King Edward School. Owing to the registration in these classes at the central building it is impossible to accommodate them there.

Allan School with an average of \$291 was easily first, while Park School was second with 60 cents.

Best Nerve Specialist In England Was Consulted

But Nervous System Failed to Respond to Treatment Prescribed.

Nervous disorders frequently result from injury to the nerves in accidents or because of the shock to the system. The writer of this letter was injured in a mix-up with some coils, remained unconscious for three weeks, and in spite of continued treatment in England and consulted England's greatest of the internal nerves which control the action of the digestive and other vital organs. He traveled to Europe and consulted England's greatest nerve specialist. Relief was only temporary, in spite of many treatments used.

Having met with a severe accident seven years ago, from which I was unconscious and which left my nerves in a very severe plight, I was treated by doctors here and consulted one of the greatest nerve specialists in England, but nothing seemed to do me much good. Hypophosphites and in fact all and every kind of nerve mixture in almost every form was used, but never with more than temporary benefit.

"But Dr. Chase's Nerve Food has acted very differently, for it has built up my nervous system until I feel like my old self again. If this medicine will do for others what it has done for me, I shall not regret having written this letter. I have recommended the Nerve Food personally to many, and shall always esteem it a great restorative value."

Co-Operative Trading

One of the effective educative influences of the time is the Canadian Co-Operator. Its range and appeal may not be so wide as many others, but those who take up the question of co-operative trading will learn in a direct and practical way what is not always to be had from books and academic discourses.

The conditions of life and of commerce, of social organization and the modifications of trade are so various that no one plan or plan will satisfactorily cover all of them. The nearer we come to perfect freedom the better, so long as the element in human nature which tends to enmesh the liberty of others is sufficiently guarded against.

A full report is given in The Co-Operator of the report of the Bradford Trades and Labor Council and the high cost of living, together with the recommendations for action made to the federal government and to the Bradford City Council.

Those who engage in co-operative trading educate themselves in a multitude of ways which they may never have thought of previously, and they gain such experience in actual dealing with business as enables them to apply the universal principles of business in other fields than that in which they have become acquainted with them.

until at last they break, and that will be the decisive moment." He has embodied the same spirit in his war novel, "The Old Blood," the spirit of kinship and fellow feeling in those who have taken up the gage of battle for the great causes of humanity.

A Worthy Honor Roll

An excellent mode has been adopted by the Consumers' Gas Company, of which Mr. Arthur Hewitt is general manager, to perpetuate the very notable military activities of those who have been in the service of the company—a handsome quarto booklet containing the names of the 400 men who have gone forth in khaki in defence of the principles of liberty and justice.

The booklet is a souvenir which will be preserved for generations, and is truly a roll of honor. It would be an excellent idea if other large concerns who have hundreds of men overseas would get out a similar memorial to be handed down in the families to which they belong; to be a reference book of the comrades who also "belong," and to be a record of the civic heroism of the men of Canada for all time.

We feel sure that where so great a proportion of the employees of any firm find their way to the front, there must have been strong and intelligent patriotic leadership to encourage and organize the enlistments.

C. O. T. C. Defeat University College in Mulock Cup Semi-Final.

The Canadian Officers' Training Corps earned the right to play in the Mulock Cup final when they defeated University College 9 to 7 at Varsity stadium yesterday.

It was good football under adverse conditions. The ground was soft and footing slippery. There was not much to choose between the teams. The half-time score stood 7 to 6 for the soldiers.

At the start of the first quarter the soldiers had the ball. They kicked a goal, but the University recovered it. The second quarter was a close struggle. The soldiers scored a goal, but the University also scored.

HARVARD, PRINCETON, YALE WIN ON FUMBLES

Here's one freak point from the Harvard-Princeton, Yale, Princeton and Harvard-Yale games. In these three contests 22 points were scored—embracing five touchdowns and three field goals. All 22 points were almost directly attached to errors—either fumbles or poor kicks. No team got in a position to score and followed this up as a direct result of its own offence.

American College Rugby Football Season Closes on Thursday

Yale's victory over Harvard, which gave it the championship of the eastern college, was a triumph of the aristocratic "big three," carried with it a rather empty glory, says a well-known New York critic. "Brown University, plucked in succession against Yale and Harvard, whipped both these teams and did it with such routing enthusiasm that the Providence team to-day undoubtedly holds a double cinched hammerlock on the eastern championship."

At Pittsburgh it is excusable to foam around and shout to Pittsburgh's clear record for the year and claim at least a tie with Brown, but it is impossible to overlook those two clean victories by Brown over Harvard and Yale. Also it was by the narrowest margin that Pittsburgh escaped. The Navy, a team not counted at all in the general playing, suffered defeat by Pittsburgh by the bare count of 19 to 18.

Empty glory in contrast of the whole east, however, is easily overlooked by Yale. The victory of the blue over Harvard is plenty of compensation for anything that might have happened and the fact that the blue eleven outplayed and outscored the red is a fine thing to account for any odd kind of enthusiasm in moments brought out once more the fact that Elmer Oliphant, a westerner, is about the best football player in the east. His work Saturday brought his total for the season up to 312.

LARGE CUTS COMING FOR THE PLAYERS

Chicago, Nov. 28.—Salaries of baseball players in the American league who were signed at high figures to return this winter during the war with the Federal league will be sharply reduced, B. B. Johnson, president of the league, announced today. The game was conducted in an unbecoming manner during the fight with the Federal league, President Johnson said, and all expenses connected with the operation of the sport next season will be curtailed.

"Now that the trouble is over," he asserted, "we will have to return to a sound basis—one where men who have invested their money in the game stand a chance of obtaining a fair return. There will be no renewal of high salaries contracts. The players must understand that. We will agree on a new contract at the annual meeting of the American league here Dec. 14, that will be fair to all concerned. It will be equitable to the player and to the club owner."

At a meeting held in Ridgeway it was decided by representatives from Bingham, Thamesville and Glencoe that they would form a group in the intermediate O.H.A. Reg. A. M. Boyd of Thamesville was made convener of the group, and Mr. J. L. Ruthven of Bingham was given the privilege of speaking to the group, which he did by submitting to the O.H.A. for their sanction. Referees were decided on from the three places, and other arrangements made in connection with the coming championship season.

At the annual meeting of the Cobourg Hockey Club the following officers were elected for the coming year: Hon. president, Mr. C. A. Munson, M.P.; Mr. St. Clark, M.L.A.; Messrs. J. B. McCall and A. Netherell; Hon. president, Dr. St. W. Hayden; vice-president, C. R. Gilmour; secretary-treasurer, D. B. McGuire; com-

Rugby Renown, Not Skill Earns Money in East

A correspondent of a New York paper tips off the money conditions in eastern Rugby in a letter from Providence: "Dear Sir—You speak of the big money taken in for football. For the big colleges, yes. But not for the others. The big fellows may talk about the lack of commercialism in college sports, but how about this? In the old days, Brown used to play Harvard on a 40-50 per cent basis. After the game became a big one, Harvard last year informed Brown that she would be dropped from the schedule unless she was willing to accept \$3000 for the game. Brown finally pleaded hard enough for \$5000 to get it. She had to accept this, or be dropped. Ten days ago the Brown-Harvard game drew in about \$40,000. Of this amount, Brown received \$15,000 and Harvard \$25,000. Yet Brown was good enough to win, 31 to 0. Did the crowd come out to see the Harvard second or the Brown? Is it fair dealing or not?"

ANOTHER LIVELY WORK BY SOLDIERS

Keats Practices With His Own Battalion—Reg. Noble Out—Gossip

Sergeant Gordon Keats, who is slated to captain the Toronto team, practiced with the 224th Battalion yesterday morning. The Toronto have protested to the N.H.A. president that Keats is not being given a chance to turn out with the blue and white team.

The 224th team had another lively practice at the Arena yesterday morning. The McNamara brothers, Frodo and George, showed improvement, and will make the team beyond doubt.

The annual meeting of the Beaches Hockey League, promises to be a lively affair, judging by the number of amendments and additions to the constitution, which have been sent in to Secretary E. D. Smith, who is bound to cause considerable discussion. The complete list is as follows:

1. That only members from each club shall hold office in this league.
2. That the teams in all series be reduced to six players.
3. That all players in the midget and juvenile series have the privilege at half time only of substituting one or more players, the player substituted not being allowed to return to the game at any time, or under any conditions, even if overtime be played.
4. That the senior and intermediate series be amalgamated together as one, providing enough teams cannot be secured to make good competition in both series.

That the referee in the juvenile and midget series shall receive no fee for his services.

The following nominations have also been received:

- Honorary president—F. J. Leo.
- Honorary vice-presidents—G. H. Matholind, President—F. C. Wagnome.

- 200 MEN'S SUITS AND OVERCOATS Regular \$15.00 to \$18.00 **\$12.75**
- 250 MEN'S SUITS AND OVERCOATS Regular \$20.00 to \$25.00 **\$15.75**

THE BEACHES HOCKEY LEAGUE will meet tonight at the Broadview Y.M.C.A. at 8 o'clock. Delegates are requested to be on hand sharp on time.

Committee of management, Messrs. K. Payne, A. Plunkett, J. Sprague, E. Drummond and O. F. Allison; manager, T. McIntosh. It was decided to enter an intermediate team in the O.H.A. Altho the club has sent a number of members to the front a representative team is expected for a junior team. There being no material for a church league, where young players could be developed for future O.H.A. seasons.

The Holy Name Hockey League held a very successful meeting last evening. President, F. J. Clancy in the chair. A new secretary, T. F. Maroney, 15 Linden avenue, was unanimously elected. They decided not to have a residence rule and that the teams be grouped into eastern and western sections. The eastern teams consist of St. Joseph's, St. Paul's, St. Anne's, Holy Name, The western St. Vincent, Holy Family, St. Anthony, St. Mary's and St. Helens, with respective rinks at St. Joseph and St. Mary's. Certificates will be issued at next meeting.

A New Hamburg despatch says: At a meeting held by the local hockey players...

Why didn't I use THE BUNCH BETTER?

It was decided to enter a team in the O.H.A. junior series. The officers elected for the ensuing season are: President, J. F. Harrison; vice-president, E. Gribble; secretary, J. Foran; treasurer, H. Culbert; secretary-treasurer, Otto Ritz; executive committee, John Otto, Emil Schmidt, C. S. Carrozza; manager, Chas. Hueglin.

An Ottawa despatch says: The appointment of Mr. William Foran to be arbitrator of the National Hockey League, which will govern professional hockey in both the Pacific Coast League and the N.H.A., and settle all disputes, features the hockey news in the capital tonight.

Mr. Foran was the mutual choice of Messrs. Frank Robinson of the N.H.A. and Frank Patrick of the Coast League, who organized the office. Mr. Foran, virtually again becomes Stanley Cup trustee in the sense, but in his present capacity he is the sole arbitrator of disputes between the two bodies.

Mike Quinn of the Quebec Club won the locals today asking if Hebert is willing to go to the ancient capital. Hebert signified his willingness, and it is likely that the trade for Tommy Smith will go through.

The weather has turned soft in Ottawa, rain falling today, and there are strong doubts tonight if the Ottawa Club will be able to get in its first practice on Saturday evening as planned.

Vancouver sends this: Pacific Coast hockey players will this season have an opportunity of entering a competition for a championship trophy which will be emblematic of all-around individual honors.
The competition will be along similar lines to those followed when automobiles were awarded to the most valuable players in the National and American Leagues a few years ago.
According to cable advices received today from England, Trooper George Fox, who played last season with Victoria in the Coast League, has been seriously wounded. He received the full charge of a hand grenade in the face and head and suffered severe burns. Box was one of the most promising young players in the Coast Hockey League last year.

CANADA IS PRAISED

New Governor-General Responds to Twenty-Two Addresses.

Representatives of all the leading bodies of public opinion in Ontario gathered in the legislative chamber of the Ontario parliament...

Pre-eminence among the 22 addresses expressive of loyalty presented to his excellency was the following read by Premier Hearst from the government of Ontario.

It is true that on more than one occasion in the past we have had the honor and privilege of expressing our loyalty and devotion to your people, and it is no firmer, no truer and no more resolute now than it has ever been...

Your excellency comes to us during a momentous period when all the resources of our empire are enlisted in the great struggle for liberty, humanity and the cause of free institutions...

It is a source of gratification that at this juncture when the aid of our wise and experienced counsellor is of paramount importance, his majesty should be represented in Canada by the head of a distinguished government...

LOANS OF ALLIES SUFFER DECLINE... Attitude of Federal Reserve Board Unsettles New York Market... CALL MONEY RISES... Several Lines of Stocks Report Recessions of One to Two Points.

NEW YORK, Nov. 28.—The attitude of the Federal Reserve Board respecting the further free acceptance by national banks of foreign securities has been the subject of discussion in financial circles today. Various interpretations were placed upon this important act and speculative sentiment was distinctly depressed.

POOLERS ARE INACTIVE TRADING IS QUIET... Canadian Specialties Flatten Out When Signs of Weakness Present Themselves. The pools operating in some Canadian industries are exceedingly circumspect in their market operations.

MONTREAL STOCKS DULL... Heron & Co. report: Montreal, Nov. 28.—The local exchange was inclined to dullness again today and until there is a decided movement in one direction or the other in New York it seems likely that the local market will continue to drift within a narrow range of prices.

SENeca DIVIDEND... A 5 per cent. dividend has just been declared by the Seneca Superior Co., payable on December 15th to shareholders of record December 10th.

KEBABEEL IN DEMAND UP SIX POINTS... Inspiration Advanced—Davidson Followed Suit—Apex Fairly Steady. The fact that the mining stock market continues very active with an upward trend in prices in spite of the evident slump in the New York market demonstrates the undoubted fact that difference between the industrial and mining stocks, the industrials, as is well known, owe their prosperity to the war conditions and are not dependent on any abnormal conditions.

THE McINTYRE MERGER... Messrs. F. C. Sutherland and Co. in their weekly market letter, out today, analyze the Cobalt production for the first nine months of the year and estimate that the output for 1916 will be 22,629,238 ounces of silver worth \$14,842,323.

THE McINTYRE MERGER... The letter discusses the position of Davidson, Apex, Dome, Foley O'Brien, McIntyre, Peterson Lake, Schumacher, Shamrock, and also gives particulars of the merger arrangement of the McIntyre Extension and McIntyre Extension. On this basis McIntyre at \$17.50 is equivalent to McIntyre Extension at \$4 cents and to present Jupiter Mines Ltd. stock at 27 cents.

MCKINLEY-DARRAGH DIVIDEND... With the payment of the next dividend on Jan. 1 by McKinley-Darragh, the company will have paid 211 per cent on this issued capital, or a total of \$4,741,612.78.

GREAT INTEREST IN WORK AT INSPIRATION... Special to The Toronto World. Timmins, Nov. 28.—Inspiration has become a popular stock in the camp and orders are being placed continuously for filling on the Toronto Exchange. The location of the Inspiration, adjoining as it does the famous Hollinger, has given the stock an exceptional interest. The diamond drilling results are carefully followed, but it may be some little time before an important vein is cut. Those who are purchasing the shares figure they are not taking any chances, and the cutting of a vein at depth is expected to create a big demand for the stock, accompanied by a sharp and strong advance in price.

Mother Goose Will Recite Her Rhymes Today at the Simpson Christmas Show at 10.30 a.m. and 3.30 p.m. On the Fifth Floor

Bring the children to this unique Christmas Show, where Mother Goose rhymes are reproduced by quaint mechanical figures—the children can see their favorite characters moving as in a play, performing the things that are recited in the rhymes. The show is practically continuous, all day, stopping only from time to time to enable the attendants to rest.
