## AGGRESSIVE JAPANESE POLICY CAUSES UNEASINESS IN U. S. Toronto Conservatives in Big Rally Stand by Beck and Hydro

### IRISH SEVENTH FAVORS DOMINION HOME RULE PLAN

Nationalists Hitherto Opposed  
Now Have Come Round  
to Support It.

### SINN FEIN OBDUKATE

Dublin, July 28.—Renewed activity  
is apparent in Irish political circles  
favoring dominion home rule as a sat-  
isfactory settlement. In addition to  
Sir Horace Plunkett's Dominion  
League, which makes a new appeal for  
funds, many Irishmen of all parties  
are prompted by Mr. Lloyd George's  
recent announcements to press for  
a plan different from the Do-  
minion League's plan by agreeing to  
allow the Ulster counties to vote  
themselves out.

A small section of the big crowd at the Liberal-Conservative picnic in Exhibition Park yesterday.

Nationalists hitherto violently  
opposed to this course, as being a par-  
tition of Ireland, have come round to  
favor it and have the support of  
Freeman's Journal, which in recent  
months under a new proprietorship  
could not be distinguished from the  
Sinn Fein organs.

### DRURY GOVERNMENT IS WARMLY ATTACKED FOR HYDRO RADIAL POLICY

#### Big Conservative Picnic Passes Resolution Calling for Continuation of Sir Adam Beck's Program—Also Asks for Additional Recognition of Services of Returned Men.

"Thank God the Drury faction did  
not arrive in time to stop the Hydro  
movement at its inception," said John  
R. Robinson to a huge gathering at  
the Liberal-Conservative picnic an-  
nounced last evening. In an address Mr. Rob-  
inson told why he was within the Con-  
servative ranks today. He scored the  
Drury government for its antagonistic  
policy towards the Hydro, and bitterly  
attacked Messrs. Drury, Raney and  
Doherty, whom he classed as puppet  
figureheads. He said they were three  
incurable Tories. He said the hardest  
work Messrs. Drury and Doherty  
ever did was to farm their affluent  
fathers for an education of which they  
had not made much use. Mr. Raney,  
he believed, was also born on a farm,  
which supplied him with an educa-  
tion to equip him as a lawyer.

### HAD NO RIGHT TO APPOINT COUNSEL IN HYDRO INQUIRY

#### Mayor Church Threatens to Resign from Provincial Radial Association.

The fact of Robert McKay, K.C.,  
being appointed counsel to represent  
the Hydro Radial Association before  
the provincial commission enquiring  
into the radial question, has roused  
the ire of Mayor Church, who yester-  
day afternoon threatened to resign  
his connection with the association of  
which he is first vice-president. The  
mayor, who never conceals his con-  
tempt for the Drury commission, said  
only the other day that the associa-  
tion would have to look for another  
vice-president if any countenance was  
taken of the radial probe.

### STIR IN MONTREAL OVER FAILURE OF BROKERAGE HOUSE

#### Thornton Davidson & Com- pany Carried Heavy Line of Stock "Specialties."

Montreal, July 28.—(Canadian  
Press).—A stir was caused in finan-  
cial circles this afternoon by the an-  
nouncement on the floor of the stock  
exchange today that the brokerage  
firm of Thornton Davidson & Com-  
pany had gone into voluntary liquidation.

The announcement of suspension  
followed a somewhat protracted per-  
iod of reports of difficulties in con-  
nection with the firm, the develop-  
ment occasioning little surprise in  
market circles, although the actual sus-  
pension of the firm's floor members  
caused some considerable degree of  
excitement in the financial district. A  
combination of circumstances, involv-  
ing an over-extended position in sev-  
eral stocks of the specialty category  
and troubles of a more personal na-  
ture, are said to have precipitated the  
liquidation of the firm, which was fi-  
nally unable to meet the demands of  
its creditors, both private and insti-  
tutional.

### GREECE MAY REFUSE TO SIGN TURK PACT

#### Controversy With Italy Over Islands of the Do- dcanese.

Paris, July 28.—If the Turkish dele-  
gates are not detained on their jour-  
ney from Constantinople and arrive in  
time it is probable that the peace  
treaty with Turkey will be signed at  
Sèvres tomorrow as planned. There is  
a possibility, however, that Greece may  
withhold her signature from the treaty  
for the present because of a contro-  
versy between the Greeks and Ital-  
ians over the islands of the Dodeca-  
nesian in the Aegean.

### A Slow But Promising Harvest.

Still cold weather, the coldest July for  
years, has not deterred the farmer  
from sowing the seed, but good  
taking in the balance of the hay crop,  
for starting the cutting of the wheat,  
and for rapidly ripening the rest of the  
grains and the roots. The wheat fields  
have added five bushels to the acre in  
the last ten days.

### JAP POLICY WATCHED BY BRITAIN AND U. S. CONFERENCES HELD

#### BY-ELECTION DATES NOT YET ANNOUNCED

Ottawa, July 28.—(By Canadian  
Press).—Dates for the by-elections  
made necessary by entry of new  
ministers in Premier Meighen's  
cabinet, and to fill other vacan-  
cies due to resignations and death,  
will not be announced for a day or  
two, it was stated today. The  
delay is due to the printing of the  
new act and regulations. Present  
indications are that the chief in-  
terest will centre in the contests  
in Colchester, N.S., and East  
Elgin. In Colchester the farmers  
will oppose Hon. F. D. McCurdy,  
minister of public works, in East  
Elgin also, the chief opposition to  
the government candidate will  
come from the representative of  
the agrarian interests.

#### British Interests in Far East Parallel Those of United States Owing to Trade With Dominions—Ren- ewal of Treaty Complicates Labor Problem—Pro- test Against Occupation of Saghalien.

Washington, July 28.—The United  
States government is understood to be  
giving close attention to Japanese  
relations and Japan's general policy in  
the far east because of the effect on  
the questions involved of the recent  
withdrawal of United States troops  
from Siberia, the signing of the con-  
sultation relative to Chinese financial  
aid, the assumption of control of the  
Chinese Eastern Railroad by the Jap-  
anese and the Japanese occupation of  
northern Saghalien and the greater  
portion of the maritime provinces of  
Siberia.

### DONEGAL HUNGRY, MAKES VAIN PLEA TO LONDONDERRY

#### Cannot Supply Food, as Crews Refuse to Move Military Trains.

Belfast, July 28.—Donegal tele-  
phone appeals to Londonderry for  
food supplies. These, however, could  
not be delivered because train crews  
refused to move trains with military  
on board and the military insisted  
on occupying the trains.

### MAIL TRAIN IS ROBBED

The train which was stopped at  
Lettistony Monday by Sinn Feiners  
because it was transporting troops  
was still there today with the mil-  
itary guarding it.

### MAKE BIG THEFT OF GRAIN ALCOHOL

#### Bootleggers Get Precious Liquid Worth Nearly Fifty Thousand Dollars.

Windsor, Ont., July 28.—Bootleggers  
whose identity remains a mystery, ar-  
rived today to the extent of approx-  
imately \$48,000, current market value,  
of a big shipment of 65 gallons of  
grain alcohol shipped from Hiram  
Walker's distillery, Walkerville, to the  
Heintz Canning Company, Leamington,  
and robbed in transit. The first three  
is entertained for its recovery.

### SOVIET FACTIONS DIVIDED ON TERMS

#### Lenine Favors Reasonable Conditions to Poles; Trotsky Would Humiliate Them.

London, July 28.—The success or  
failure of the proposal to hold a con-  
ference in London between representa-  
tives of the Poles, probably on Sat-  
urday, in the opinion of officials here,  
intimations have reached official quar-  
ters in London that the Russians them-  
selves are not finding it easy to decide  
on terms. One faction led by Lenine, is  
reported to be in favor of terms that  
it would be reasonable to suppose the  
Poles would accept, while Trotsky and  
some of his intimates are represented as  
insisting upon terms so humiliating that  
the Poles would be forced to continue  
fighting, or overthrow their government  
if the terms were accepted. Should the  
latter contingency arise, it would be use-  
less to attempt to negotiate a peace.  
Simultaneously with the despatch of  
the note to the Bolshevik government  
invited Latvia, Lithuania, Finland and  
Estonia to participate in the conference,  
it was reported that the British govern-  
ment had accepted wholeheartedly; Estonia  
did not express warm approval of the  
plan.

### BOLSHEVIST RISING IN RUMANIA FEARED

Constantinople, July 28.—Refugees  
from Buzina and Kuznetzka in eastern  
Rumania, are arriving here in large  
numbers, fleeing from the Bolshevik  
menace. They report conditions to  
be highly unsettled in Rumania, and  
that a Bolshevik movement is feared.

### EARLY WHEAT CUTTING.

Brandon, July 28.—R. F. Marpolouth,  
who farms the southeast of this  
city, commenced cutting Marquis  
wheat on July 24. This crop was  
seeded April 10, and although growing on  
a hillside, will average about 10 bushel  
per acre.

### GENERAL HOSPITAL WARMLY CENSURED

#### Coroner's Jury Directs Gov- ernment's Attention to Emergency Department.

"Joe Wing came to his death on  
July 10 at the Toronto General Hos-  
pital of hemorrhage of the brain,  
caused by a poisoned condition of the  
system and partly by the water-log-  
ging of the lungs. We are also  
unanimous in saying that the condi-  
tions of the emergency department of  
the General Hospital are anything but  
satisfactory and we further say that  
the attorney-general's department or  
the proper authorities should see to the  
reorganization of the same, so that the  
general public may get prompt and  
proper attention."

Such was the verdict at last night's  
inquest into the death of the Chinese  
laundryman, whose repeated visits to  
the General Hospital and other  
extraordinary conduct has already  
been reported upon. Two nurses and  
an orderly appeared as witnesses last  
night, their presence having been re-  
quested by the jury at the previous  
sitting. They stated that about 10 or  
15 minutes might have elapsed be-  
tween the time when the man was  
admitted to the hospital and when he  
received treatment, although they agreed  
that it did not take more than five  
minutes to get him to the accident ward  
from the automobile. Dr. Gray, assist-  
ant supervisor of the department, stated  
that there were standing instructions  
that a doctor must always be in the  
emergency ward, but apparently they  
had not been carried out in this case.  
Coroner Graham pointed out to the  
jury in summing up that although there  
might have been a slight delay in this  
particular case, there is nothing to  
show that death could have been pre-  
vented by prompt treatment.

### Bars All U. S. Military Men From Political Campaigns

Washington, July 28.—United States  
Secretary of War Baker today issued  
instructions prohibiting any person in  
the military service from taking any  
active part in political campaigns or  
using his official position to influence  
the result of an election.

### ARMENIAN CITY IS CAPTURED BY REDS

#### In Baku Bolsheviki Are Train- ing Armenian Army to Overthrow Republic.

Constantinople, July 28.—The Bol-  
shevik army advancing from Baku  
through Armenia took Coucha, 264 miles  
southwest of Baku, virtually unop-  
posed, as well as Gerousy, 24 miles  
southwest of Coucha, the next im-  
portant town on the wagon route to  
the Tabriz railway. In Baku the Bol-  
sheviki are training a large Armenian  
communist army to assist in the over-  
throw of the Armenian republic.

British warships have seized a Rus-  
sian ship from Nikolaiav at Trebizond,  
carrying Bolshevik arms and ammuni-  
tion for the Nationalists. Many rumors  
are in circulation in Constantinople  
with regard to a possible Greek move-  
ment thru Samsun toward Angora, for  
the purpose of cutting Nationalist  
communications with the Caucasus  
Bolsheviki.

### C. N. R. WILL SPEND MILLIONS ON FLEET FOR PACIFIC COAST

#### Were in Negotiation for Passenger Steamers for Sum of \$85,000,000, But Deal Fell Thru, Says Hanna.

Vancouver, B.C., July 28.—President D. B. Hanna stated here today that  
the Canadian National Railways intended to inaugurate a Victoria-Vancouver-  
Seattle boat service.  
Passenger boats will be put into operation between Vancouver and orien-  
tal ports as soon as they are available.  
The company had been in negotiation for the purchase of a fleet of pas-  
senger steamers involving an expenditure of eighty-five millions, but the deal  
had fallen thru, and it was impossible to say how soon ships could be ob-  
tained, he explained.

### FEDERAL GOVERNMENT MOVING TO SUPPORT OF SIR ADAM BECK

Sir Adam Beck was in Ottawa over  
a week ago, and while there had a  
talk with Hon. Arthur Meighen, the  
new prime minister of Canada. Since  
that interview The World has heard  
reports to the effect that some kind  
of an understanding was reached be-  
tween the two; that Mr. Meighen, on  
behalf of the Dominion government,  
was to facilitate the acquisition by  
the Hydro Radial Commission of some  
of the roads owned by the Canadian  
National Railways, from the Canadian  
Northern and the Grand Trunk, to be  
made a part of the Hydro radial sys-  
tem in Ontario.

Three of the papers of yesterday  
made announcements to this effect,  
but of more or less indefinite char-  
acter. Here is the way The Toronto  
Star puts the situation:  
The Star learns on good author-  
ity that Premier Meighen has giv-  
ing assurances that the Dominion  
government will not insist that the  
province of Ontario must guaran-  
tee the bonds to be given in pay-  
ment of a portion of the Canadian

National Railway System, which  
Sir Adam proposes to acquire as  
part of the Hydro radial system  
for Ontario.

Sir Adam, with this assurance,  
could provide a partial answer to  
the arguments advanced by the  
provincial government in that  
acknowledging requests for such  
action, but I think only consider-  
ation was promised."  
When asked whether it was true  
that the Hydro Commission was  
going ahead with the purchasing  
of radial right-of-way near St.  
Catharines, Sir Adam replied: "If  
I said so, it's true. The news-  
papers say so."  
The Hydro knight did not care  
to say whether the government  
had taken any notice of the news-  
paper reports about right-of-way  
in view of the premier's statement  
that pending the work of the com-  
mission of inquiry all radial action  
would be stayed.

dro to build but not to purchase  
radials.

Sir Adam Beck, when asked if  
Premier Meighen had agreed to  
take Hydro bonds without the  
provincial guarantee, said "I don't  
think so. Mr. Hannigan has re-  
ceived two letters from Ottawa  
acknowledging requests for such  
action, but I think only consider-  
ation was promised."

RESIST INVASION GOVERNOR'S AIM

Rumor That Mexican Troops Are Being Sent to Lower California.

Merced, Lower California, July 28.—(Special.)—Governor Cantu, governor of the northern district of Lower California, announced today he had issued a call to all citizens of the district to arm to resist "invasion," following reports that troops were being sent to Ensenada, on the west coast, and to an unnamed point on the Gulf coast.

Two thousand troops, it was said, expected to leave Manzanillo today in two transports for Ensenada, 90 miles south of San Diego, California. The other 1,000 were reported leaving Guaymas today for a point on the Gulf of California coast near opposite Yuma, Ariz. It was said the troops would not arrive at their destinations for nearly a week.

Governor Cantu has sent a telegram of protest to Adolfo de la Huerta, provisional president. The reported despatch of troops would be in line with economic conditions made to Provisional President de la Huerta by Baldozaro A. Almeida, who was appointed by the provisional government as successor to Governor Cantu, but who did not take office.

HON. R. M. MCGREGOR IS BEATEN IN PICTOU

Halifax, N.S., July 28.—The defeat of Hon. R. M. McGregor, of New Glasgow, a member of the Murray government, in the provincial elections yesterday, was announced today. Mr. McGregor ran in Pictou county and was beaten by a Labor candidate. The standing of the parties was, at noon today, with returns from three counties—Cape Breton, Antigonish and Halifax—Liberals (government) 29; Farmers; Labor; 6; Conservatives, 1. Majority for the Murray government, 15. The government had a majority of 21 in the last house.

HAD NO RIGHT TO APPOINT COUNSEL

(Continued From Page 1). bury Hydro radicals. It is a question of radicals now or never, and now and forever. I have no objection to Mr. McKay personally, but I object strongly to the resolution being presented before the Drury commission of "mediocrities" as the premier himself designated them. We are competent to handle the complete affairs, and certainly Toronto will have nothing to do with the commission.

Mayor Church last night addressed a letter to Sir Adair, in the course of which he stated: "I understand you have appointed Robert McKay, K.C., to represent the Hydro-Radial Association. No resolution was passed by the delegates at a Hydro radial meeting, or if one was passed it is illegal, as it never came before the executive or general meeting. I think it is a great mistake. As far as I am concerned, I will retire from the Hydro Radial Association if this action is taken. I have been vice-president of the association for Ontario since the association's inception and think it is bad judgment to crawl before the Drury government, or allow the association to be placed in a false position by the Hydro-Electric Power Commission of seeking mercy for the radicals.

"The association can act itself and no one should be allowed to act for the association without first calling a meeting of the executive to consider such an important matter of policy. I have requested J. W. Lyon to call a meeting forthwith, and in the meantime Mr. McKay has not been properly appointed."

Bad Taste, Says Mayor Mayor Church, in the course of a letter to Mr. Lyon, writes: "It is true that your Hydro Radial Association, of which I am first vice-president, has appointed Robert McKay, K.C., to represent the Hydro-Radial Association. If so, I think it is very bad judgment and taste. As far as I am concerned you can have my resignation as first vice-president of the association. I may say that the city of Toronto is a liberal contributor to this organization, and to other Hydro organizations. I do not intend to be placed in the position of asking mercy from the Drury government or its commission of undertakings for the Hydro or the Hydro radial.

"I may say that if the association is represented by counsel, I am going to move to cancel the city of Toronto's subscription to your organization. I hate to take this step, but I deem it to be fatal to the interests of the association that your organization should take this action.

"I protest, as a member of the association, against you, as president, writing to the Drury government, an important matter of policy like this should come before a full executive."

HAMILTON

Hamilton, July 28.—(Special.)—The end of Hamilton's western entrance problem is in sight, as the board of control this afternoon recommending the adoption of the plan submitted by Hon. F. C. Biggs, minister of public works. The minister guaranteed that the cost of the entrance outside the city limits would not set the municipality back more than \$365,000. The estimate of E. R. Gray, city engineer, for the completion of the entrance to the junction of the present Guelph road was \$207,185. The total cost to which the city will be committed is \$372,185, or \$105,000 more than the "bill" recommended by the highway commission would have cost. Should the council at its meeting tomorrow night approve of the recommendation debentures will be issued.

At an open air meeting, under the auspices of the East Hamilton branch of the Independent Labor party, the Hydro radial situation was reviewed tonight by G. C. Haldrow, M.L.A. for East Hamilton; Gordon Nelson, chairman of the Hydro Commission, and Miss Mary McNab. LINCOLN STATUE GIFT TO BRITAIN

Is Formally Presented by Elihu Root and Received By Lloyd George.

London, July 28.—Elihu Root, former United States secretary of state, today formally presented to the British people the Lincoln statue, a gift from the United States, and later the statue was unveiled. Premier Lloyd George abandoned pressing official business to deliver the speech of acceptance. The presentation was made in the presence of a distinguished audience in the central hall of Westminster with Viscount Bryce, former British ambassador to the United States, presiding. The event was widely heralded in the British press as further cementing Anglo-American friendship.

In his address, Mr. Root said: "It is the identical fundamental conceptions in both countries which make it impossible that in any great war emergency Great Britain and America can be on opposing sides. These conceptions of justice and liberty are the breath of life for both. While they prevail, hostilities will end and they perish, both nations will die. These were Lincoln's inheritance."

In his reply, Mr. Lloyd George said that the statue was a gift from the British Empire he accepted with gratitude this statue of a great man. The premier spoke of the pride and affection with which Lincoln was regarded here, and added: "May I be permitted to say that this torn and bleeding earth is calling to-day for the help of the America of Abraham Lincoln's days."

ALBERTA MINISTERS CONTROL RAILWAY

Provincial Government Has Taken Over Stock of A. and G. W. R.

Edmonton, July 28.—The Alberta and Great Waterways Railway Company now passes into the hands of the Alberta government. The stock of the company has been turned over to a new board of directors made up of cabinet ministers, who will exercise full control of the road and arrange for its operation and extension. Premier Stewart is president of the reorganized company, and the other directors are Hon. J. R. Boyd, Hon. C. R. Mitchell, Hon. A. J. McLean, and Hon. J. L. Cote. These directors, acting in behalf of the government, acquire possession of the entire stock of the railway company, free of claims, the transfer dating from July 21.

An arrangement to this effect has been executed between the government and the McArthur interests and is announced today by Premier Stewart. Under the terms of the agreement an option is given to J. D. McArthur to purchase the road at any time within a period of seven years on the repayment of all expenditures made by the government during its time of control.

MCGREGOR ELECTED ON LATEST RETURNS

Halifax, July 28.—Late returns this evening from Pictou gave a majority of 35 for the Hon. R. M. McGregor, Liberal, whose defeat had been announced earlier in the day. The gain of a seat in Pictou by the Liberals has been offset, however, by the reported defeat of Hon. G. H. Murray, Liberal, by a majority of 53. Mr. Murray was, however, elected in Victoria county.

The standing of the parties tonight was: Liberals, 29; Farmers; Labor; 5; Conservatives, 2. Total, 43. Majority for government, 15.

PRINCE WILL SPEND THREE DAYS IN JAMAICA

Kingston, Jamaica, July 28.—The Prince of Wales has decided to visit Jamaica on September 15 instead of the 23rd, as previously announced. He will make an extended tour of the island, remaining three days. The prince before his departure will meet various citizens for meritorious services during the war.

"MORAL LAPSE" OF U. S. IS CONDEMNED

Robert Donald Blames Republic for Disturbed Conditions in Europe.

Halifax, July 28.—Outlining the problems facing the English-speaking countries of the world in view of the world-wide unrest, and urging the necessity for co-operation between all British countries to meet these problems, Robert Donald, chairman of the Empire Press Union, addressed a large gathering of publishers and citizens of Halifax and district today on the occasion of a civic luncheon tendered the delegates to the Imperial Press conference in Halifax.

The indifference of the United States to the work of the league of nations was dwelt upon in the speech. Mr. Donald said he was sure that the United States had continued in operation with other English-speaking countries when the war ended, the warring factions, which are delaying the return to normal conditions in the world, would have been reconciled to peace or silenced in their dissensions. Mr. Donald expressed the hope that the "moral lapse" of the United States and President Wilson would be temporary and that the United States would yet consent to assume some of the responsibilities devolving upon it through its "triumphant entry" into the war.

INCREASE IN INDEMNITY SENT BACK BY PEDLOW

Renfrew, Ont., July 28.—Speaking at a church picnic, Donald Pedlow, was told his audience that when he received his cheque for the increased indemnity he had just received, a cheque for \$1,500, the amount of the increase. His announcement was greeted with prolonged applause.

QUEBEC GIRL FOUND; VICTIM OF MURDER

Quebec, July 28.—The body of a Quebec girl, aged 22 years, was found this evening in bushes between Victoria Park and the Exhibition grounds, and all indications are that the girl was assaulted and murdered. Her body was found by a number of boys who were picking cherries. Miss Garneau had been missing since last Thursday.

PENSION BOARD HANDLES INSURANCE FOR SOLDIERS

Ottawa, July 28.—The operation of the soldiers' insurance act will be administered by the pensions board, the cabinet order was passed by the cabinet council this week. It is felt this step will make for smoother operation, as much of the pension board machinery can be used. The soldiers' insurance act comes into force September 1, 1920, and applications for insurance will be received for two years. After this period the right to effect insurance ends.

WESTERN CROP REPORTS.

Present reports are very encouraging and indicate a better than average yield throughout the entire west. To meet the demand for harvesters, special rates are in effect via Canadian National Railways, August 9th and 12th from Toronto to Parry Sound, Inclusive, and Toronto and east; August 11th and 14th from Toronto and points south, west and north. Harvester trains will leave Toronto 9.30 p.m. on above dates and carry the new comfortable colonist cars of latest design. Special accommodation will be provided for women, and box lunches will be obtainable at moderate prices on train.

TOLMIE TO TAKE OATH OF OFFICE ON FRIDAY

Ottawa, Ont., July 28.—(Canadian Press).—The last of the Meighen cabinet ministers to be sworn in, Dr. S. F. Tolmie, head of the agricultural department, will take the oath of office Friday morning on his return from the west, where he has been attending live stock exhibitions. Hon. Arthur Meighen is scheduled to leave for Port Hope in Prairie at midnight Friday, to be the guest of honor at a public reception on Monday to commemorate his elevation to the premiership. He will be back in the capital, it is expected, before the end of next week.

ADANA IN STRAITS CUT OFF BY TURKS

City of Eighty Thousand Appeals to Allies for Help.

London, July 28.—The city of Adana, in Asia Minor, with a population of 70,000 Christians, a Mohammedan majority, and a Turkish outside world, is on the verge of starvation according to an official despatch received by the Armenian Bureau from Larnaca, Cyprus, under Saturday's date. The despatch says the city has food for only a few days and that communication is impossible except by airplane, and appeals for allied military assistance.

FEW TORONTO SPECULATORS.

News of the failure of the Montreal firm of brokers was received in Toronto yesterday with the knowing look of "I told you so." Wild speculation has been in effect on the Montreal exchange for nearly a year during which time prices have quadrupled or even more. Toronto financiers were puzzled to know how the money to finance the boom was provided, and this still remains a mystery.

DOUBLE MURDER IN TIMISKAMING BUSH

Ottawa, July 28.—A double murder, in which the victims, two Russian Poles, were shot as they lay prone on the ground after being beaten into a state of insensibility had been brought to light at Timiskaming, Que., following an investigation by provincial detectives and an enquiry conducted by Dr. T. B. Davies, coroner of Hull district, at the request of the Quebec attorney-general's department. The victims, A. Kustman, 24 years, and T. Kolodricky, 30 years, were done to death last Friday afternoon in the woods near Timiskaming village and a short distance from the pulp and paper plant of the Rioridon Company.

AWAIT RAILWAY PLANS FOR STATION

May Permit Temporary Operations, But Must Build Viaduct, Mayor Says.

"We are waiting for the alternative plans of the railways," said Mayor Church yesterday on being asked when the sub-committee would report on the proposed arrangement for the opening of the new Union station and temporary operation of the trains on the level.

"The mayor stated that he had a letter from President Beatty of the C.P.R. the other day and he says the plans are under way. These, he thought, would involve the building of a portion of the viaduct and temporary bridges. A conference was also expected shortly on the whole matter.

"We want to get the alternative plans and study them to know where we are at," said the mayor. He stated that the members of council would be asked to inspect the station so that they could see for themselves what was being done.

"The railways know the terms and conditions on which the temporary operation will be permitted," the mayor said. "There is no delay on our part. Furthermore," he declared, "the city's interests will be amply safeguarded, and, while temporary operations will be permitted if a satisfactory agreement can be made, the viaduct must be built."

"We have applied for an injunction," Mayor Church informed a deputation of Metropolitan residents who came to the board of control yesterday to protest against the C.P.R. maintaining an open-air car barn there.

"The city will soon take over the road, and then the trouble will be ended," said the mayor. "We want to make sure the city won't perpetuate the nuisance," said a member of the deputation.

LEMON EXPLAINS POSTIES' CLAIMS

Postmaster Issues Statement About Cheque Business.

Postmaster Lemon yesterday issued a statement explaining the process by which letter carriers become entitled to the cheques which caused the indignation meeting on Lombard street on Tuesday evening. The amounts received by the carriers range from 7 cents up to \$100, but no class "B" men have received cheques for \$500, as was previously reported. The men were under the impression that they were being paid their arrears of pay up to date, but Mr. Lemon explained that accounts have been squared only up to the 1st of April, 1920. Letter carriers have, therefore, further sums coming to them for the period of April 1 to July 31.

To make the matter quite clear, the postmaster cited the case of one man who received a cheque for 50 cents: "This man," stated the postmaster, "on March 31, 1919, got a salary of \$704.25, plus a bonus. This amount was less than the minimum of his class at that time. Under the new classification he received an increase of 25 cents a day. On April 1, 1919, he was entitled to the difference between his salary and the minimum of \$780.

"On April 28, 1919, he received an increase of \$75.25 for the year. That made his total \$779.50 on April 1, 1920. He should have received \$780, according to the new classification. The difference is, therefore, 50 cents. "It is all worked out according to a set table of increases, and minimums and classes, and by taking individual cases we can explain the apparent injustice by which men who have been in the service longer than others receive less back pay."

RESERVE DECISION ON DAVIES' ASSESSMENT

The court of revision yesterday reversed decision in the appeal of the William Davies Company against the assessment of their retail stores on the 60 per cent basis.

The assessment department, following the decision of the appellate court at Windsor, that a Studebaker store should be assessed as part of the Studebaker motor plant, and decided to assess the thirty-eight Davies retail stores here as parts of the Davies packing plant, and on a 60 per cent business tax basis instead of the usual 25 per cent on values of premises occupied which applies to retail stores. The appellants argued that the retail stores stood on their own footing, and could not be considered part of the packing business.

JAIL TERM FOR A CHILD BEATER

Sentence of sixty days in jail was imposed on William Farr, the returned soldier, who handcuffed his niece to a chair and gave her a severe flogging. Judge Morson, in passing sentence, said he had thought of ordering the prisoner to be lashed in addition to his jail term, but, although he has been guilty of a brutal, inhuman action, which cannot be justified in the eyes of any decent man, the violence of the assault and the severity of the punishment were not as great as one would think from reading the newspaper accounts," commented his honor. Farr said he had committed the act while under the influence of liquor and did not know what he was doing.

BUILDING PERMITS ISSUED.

Building permits issued yesterday at the city hall included: Canadian General Electric Co., brick factory, corner of Wallace and Ward avenues; \$40,000; W. J. CITY SUES T. S. R.

Action has been entered at Osgoode Hall by the city of Toronto against the Toronto Street Railway, in which an injunction is sought to restrain the defendants from erecting a car barn and lavatory at Queen street and McLean avenue, without having first obtained a permit from the city architect. It is stated that the city had refused a permit for one of the buildings, and in another case the company did not ask for a permit to proceed with the building.

OPPOSITION TO O. T. A. APPEALS

The attorney-general's department is opposing every application for appeals against decisions of magistrates in O. T. A. cases. Twenty-five of these appeals are pending through the province. They are applications to have convictions quashed on various grounds, mostly because of alleged lack of evidence. Five of the applications are listed for hearing before Mr. Justice Lennox at Osgoode Hall tomorrow morning, all of them out of town cases. The attorney-general's department is opposing every application.

CIVIL SERVICE RECLASSIFIED.

The reclassification of the Ontario civil service will be practically completed this week by Civil Service Minister McTavish. The general tendency of the reclassification will be towards increasing salaries. "Any changes made by the reclassification will only be for the present year. Next year the whole service will again be considered and promotions are to be made in 1921 and increases granted on merit. This year an effort is being made to secure for all the civil servants a wage sufficient to meet the high cost of living."

THE WESTERN CROP.

It is estimated that about 30,000 men will be required to work as farm laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta.

The Canadian Pacific has arranged and is advertising usual special fare of \$15 to Winnipeg, and will run special trains from Toronto, August 9th, 11th, 18th and 18th.

LIQUOR SELLER FINED.

In the police court yesterday Paquette Lene was fined \$300 on costs or three months for selling liquor.

LOTS OF WORK, BUT IT'S OUT OF TOWN

"Lots of work out of town," said J. A. Miller, government employment bureau, when questioned regarding the present employment situation. "Ontario farmers report bumper crops, and are willing to pay \$50 to \$60 a month and higher with board and lodgings included." Men are also needed on the railways, in lumber mills and in mines. Flux pulling requires a number of men immediately, and \$16 to \$20 an acre can be earned.

BLACKSMITHS AGREE TO ACCEPT OFFER

Most of the blacksmiths and helpers employed by the Toronto Street Railway Company have agreed to accept the company's offer of a five-cent wage increase, according to statements made at the meeting of the conciliation board yesterday morning. The increase is retroactive to June 15th and is already being paid. A protest came from A. Sanderson, secretary of Local 318, Blacksmiths' Union, who stated that his organization had not agreed to the increase.

# DID LOCAL TEACHERS PLEDGE THEMSELVES?

### Double Salary Demand May Not Be Approved By Them.

A Calgary despatch of yesterday announced that the newly-organized Canada Teachers' Federation had decided by unanimous vote to inaugurate a campaign to double the 1914 rate of salaries for teachers. The despatch added that agreement that there shall be no overruling by Ontario teachers was given by Miss Arbuthnot of Toronto. The federation is said to represent 14,000 teachers.

As many of the Toronto teachers are out of the city it was difficult to find out if those who are members of the federation in Toronto have pledged themselves as a body to work for doubling up salaries, as stated. Dr. Noble, chairman of the board of education, when asked about the matter, said he had heard nothing of it. "I am silent until the day is the evil thereof" was the philosophic way in which he summed up the situation.

Miss Helen S. Arbuthnot, who was mentioned in the despatch, has been appointed secretary of the federated teachers' organization, being the first to hold the office. She is the daughter of Mr. and Mrs. Arbuthnot of 153 Montrose avenue. Miss Arbuthnot has taught in the Ogdon School, Phoebe street, for some years, and her prestige among her fellow-workers throughout the Dominion is shown in her recent appointment.

## BOARD OF EDUCATION ASKS MILLION DOLLARS

The secretary-treasurer of the board of education has written asking the city council to pass a debenture bylaw to the amount of \$1,000,000 for school sites and buildings. The matter will be first dealt with by the board of control at the meeting next week.

## Methodist Ministers Too Radical in Utterances

Two more Methodist ministers appear to have been too radical in their utterances to escape the notice of the police authorities. A report has been received at the Methodist general conference offices, Toronto, that Rev. H. D. Hanna and Rev. W. E. Reid had complained to the conference social service committee that they had been heckled by the police as to whether they ever traveled under an alias, belonged to labor unions, and as to their political allegiance. In consequence of these complaints the committee has issued a resolution, a copy of which has been received by the Toronto members of the general conference. The resolution says: "Believing that constitutions of authority should be strongly supported, we, on the other hand, strenuously insist that freedom of speech in these days of reconstruction is a most valuable safeguard in our country which must be jealously guarded against all forms of militarism. We, therefore, deprecate any attempt at intimidation to limit freedom of speech."

## NURSES' GARDEN PARTY

This afternoon on the grounds of the Nurses' Club, Sherbourne street, the graduate nurses of Ontario will hold a garden party. Representatives of those now taking the special course arranged by the provincial department of health for public health nursing will attend. The school nurses of the province, whose course opened on July 5 and will conclude this week, will also be represented. The course of the public health nurses will conclude in September.

## BAPTIST CONVENTION DATE

Owing to the probability of the prohibition referendum being taken during the fourth week in October, the official announcement was issued yesterday that the interprovincial Baptist convention dates will have to be changed. The dates proposed for the convention were October 22 to 28, inclusive. Rev. John MacNeill, president of the association, stated yesterday that the date for the convention would probably be October 15 to 22.

## DRUG CLERK PUTS TANLAC TO TEST

### "Three Bottles Put Me in Splendid Health," Says Herbert Knapton.

"Tanlac has been of such benefit to me that I feel it my duty to make the facts known to everybody," said Herbert Knapton, well-known drug clerk of 15 Eppworth avenue, London, Ont. "As the result of an accident about three years ago I was laid up and had to stay in the hospital for seven weeks. I got in a very run-down condition and my blood was out of order, for I broke out in pimples all over my arms. My stomach was also upset, and I had to go on special diet because of indigestion. I frequently had to take medicine for constipation and had so much nervous pain in my shoulder that I could get no rest at night without taking a sedative to induce sleep. "It must confess that I did not think Tanlac could help me, but a personal friend of mine was so benefited by it that I gave it a trial. I was both surprised and gratified by the results. It quickly gave me an excellent appetite and so improved my digestion that I could eat whatever I pleased without suffering any bad after-effects. It relieved my constipation, purified my blood, and the pimples disappeared. I haven't got an ache or a pain in my body now and ever since I finished the third bottle of Tanlac I have enjoyed splendid health. I've been praising and recommending Tanlac ever since as a most excellent medicine." Tanlac is sold in Toronto by Tamblin drug stores and by an established agency in every town.

Reproduction of silhouettes taken by George Frelat, photographer, of 333 Yonge street, with one ounce of pitchblende ore from William Elliott's discovery in Butt township. This picture was taken in a twelve-hour exposure. This is about one-half the time claimed by an expert of the U. S. Geological Survey as possible for radium ore to produce a picture. This silhouette is produced by placing a silhouette cut out of sheet lead on a sensitive photographic plate. Above the lead is placed a photo-plate cover, made of a dark composition that excludes the sunlight. The ounce of pitchblende is placed on this photo-plate cover directly over the silhouette. The radium in the pitchblende penetrates the cover and light strikes the photo-plate around the silhouette making the picture as shown. This is one of the best known tests for the presence of radium in the ore.

## SOCIETY

Conducted by Mrs. Edmund Phillips. The engagement is announced of Miss Muriel Schofield, daughter of Mr. and Mrs. H. C. Schofield, of Mr. Fraser Grant. ### "Are You Legally Married?"—Grand.

Much more than the usual interest is expected to be aroused by the widely-discussed picture "Are You Legally Married?" dealing in striking fashion with divorce, which will be the feature attraction at the Strand Theatre next week. It is said to be a sensational powerful treatment of this question which has assumed such startling proportions in Canada of late.

## CHURCH IS SUED.

Residents in the vicinity of High Park Gardens and Indian road have entered action against the Second Church of Christ, Scientists to have the church restrained from erecting a church at the corner of High Park Gardens and Indian road, on the ground that the restrictive covenant in the deeds under which they hold the property prevents them erecting anything but a private detached dwelling.

## ELECTRICITY MAY YET REPLACE COAL

### Two New Types of Electric Heating Devices Are Being Exploited.

Commenting upon the possibility of heating Toronto's homes by means of electricity, which has been made into prominence by reason of the announced discoveries of two new types of electric-heating devices, Dr. John Satterly of the thermo-dynamics department of Toronto University, stated that he could not give a scientific opinion on the subject without some knowledge of the nature of the new devices. Dr. Satterly was inclined to support the views of Sir Adam Beck on the subject.

### HELLMUTH COUNSEL FOR HYDRO PROBE

First Public Meeting Held—Complete and Impartial Inquiry.

#### MACLAREN SECRETARY

Justice Sutherland presided at the first public meeting of the newly-created Hydro Radial Railway Commission, held at Osceola Hall yesterday.

Mr. Hellmuth, K.C., has been appointed official stenographer for the inquiry and took the customary oath.

It was officially announced that I. F. Hellmuth, K.C., has been appointed to conduct the inquiry on behalf of the government.

The chairman further announced that Kenneth B. MacLaren, barrister, Toronto, had been appointed secretary.

Mr. Robert Mackay, K.C., informed the commission that he had been retained on behalf of the Municipal Hydro-Electric Association, who desired that certain facts should be brought out before the commissioners.

Mr. Hellmuth said: "If my retainer meant that I would have to conduct this inquiry in any spirit of hostility to Hydro Radials, I would not have accepted it."

Mr. Hellmuth said he wanted to make a statement in regard to his own position.

Bring Out Facts. "Any little ability may possess is to be directed to bring out all the facts," he said.

Mr. Robert McKay, K.C., who appears for the Hydro Radial Municipal Association, complimented Mr. Hellmuth on the spirit he was showing in regard to the inquiry.

Mr. C. E. McInnes, counsel for the Hydro-Electric Commission of Ontario, spoke in the same vein. "I wish to associate myself with the remarks of Mr. McKay," he said.

Much Information. Mr. Hellmuth then handed to the chairman a long list of items of information which he considered the members of the commission should have before them and digested before they got down to the real work of the inquiry.

### OIL CATCHES FIRE; THEN THROW ROCKS

Peculiar Method Discussed by Fire Chiefs at Convention.

#### BLAZE THUS SMOTHERED

Who ever heard of a highly organized squad of fire lighters pitching rocks at a fire in order to extinguish it? It sounds like a joke, but this was referred to at the fire chiefs' convention at Exhibition Park as the most efficient way to put out a blaze where oil seeping into a stream of water becomes ignited.

The topic of conversation was on oil fires and the best means of extinguishing them. Chief Charles Buttomer of Ranger, Texas, advanced the rock-throwing scheme. Audible titters were heard from the uninitiated in certain parts of the hall, but chiefs who had had experience with fires of this type supported Buttomer's statement.

Another method of fighting oil fires was said to be that of shooting a spray of water high into the air and letting it descend on the burning fluid. This serves the same purpose as throwing bombs.

Refer 'Em Back. That firemen do not like sitting still listening to lengthy papers being read on matters on which they are already fully informed was clearly shown this morning by a motion to the effect that the balance of papers due to be read be printed, circularized and referred back to committees, to be taken up and passed upon at the next convention.

Watch Profiters. Many motorists are to be overstocked also, and we know that warehouses are stocked to bursting with tires and clothing.

ASK APPOINTMENT FOR A DISABLED VETERAN. In connection with the rumored vacancy on the board of pensions commissioners, Ottawa, the Amputations Association at their meeting in the Central Y.M.C.A. last night, passed a resolution which will be forwarded to the board, asking that returned disabled soldier get the appointment if one is made.

WAR ON DRUG TRAFFIC ON THE ESSEX BORDER. Windsor, July 28.—Opening a campaign for the extermination of the drug traffic on the Essex border, which is conducted more or less openly thru extensive channels, second only to the liquor traffic, Capt. Rev. H. Dobson-Peacock, secretary of the Windsor G. W. V. A. today followed the example of the border's other fighting parson, Rev. J. O. L. Spracklin, of Sandwich, who some time ago threw a bombshell that aroused the whole province, to devote his efforts thru the government to remedying the conditions existing here.

REICHSTAG APPROVES THE SPA AGREEMENT. Berlin, July 28.—The reichstag today, by an overwhelming majority, approved the agreement made recently by the government at Spa with the representatives of the entent.

### URGE PROMPT MEASURES TO STOP RUM-RUNNING

At a meeting of the managing committee of the Ontario branch of the Dominion Alliance held Wednesday a resolution was unanimously adopted regarding the present rum-running situation upon the international boundary.

Advices received show that this has assumed enormous proportions, not only in Essex county but along the international frontier. The matter has become one of national honor, and the federal and provincial authorities are called upon to take such prompt and meaningful action upon Canadian soil using this country as a vantage ground to break down and nullify the good effects of the prohibition law of the United States of America.

Will-Make Restitution. Before Judge Morson yesterday Howard Salisbury, charged with the theft of a \$100 Victory bond, the property of a room mate, which he sold for \$98 to a broker, was allowed one week's remand on his own bail to give him an opportunity of making restitution.

The production of eggs in Prince Edward Island last year amounted to three million dozen, valued at \$1,350,000. Eighty-four per cent. of these eggs is sold outside the province.

### HEAVY DECLINE IN U. S. SHIPBUILDING

Shrinkage Since January is Nearly Half a Million Gross Tons.

Shipbuilding for both government and private account is now on a declining scale, says a statement just issued by the Atlantic Coast Shipbuilders' Association. Shipping board construction has been dwindling from month to month for some time past, but June marked the first decrease in the amount of private tonnage under way.

Since the first of January the shrinkage in the work on hand in American yards has been nearly half a million gross tons. While private orders show an increase in this period of about 475,000 gross tons, this is offset by a loss of more than double that amount in the total of government construction under way.

Analysis prepared by the Atlantic Coast Shipbuilders' Association for the department of commerce, the American Bureau of Shipping and Lloyd's Register of Shipping shows that a year ago the shipping board alone had over a million gross tons more building than the board and private interests combined have today.

Yesterday Judge Ward allowed Walter J. Harvey, manager of the Royal College of Science, \$480 with division court costs, in his action for \$250 against George H. Underhill, alleged due on a contract made in January, 1914, for a course of lectures on ophthalmology.

Jiffy-Jell with its natural fruit flavor costs much less than jam or marmalade.

### POLICE FIND PARENTS OF MISSING CHILD

The little five-year-old child found at the corner of Sherbourne and Well-lesley streets on Monday night, wandering about, unable to tell his name or where he lived, and later taken to the Children's Shelter, 239 Simcoe street, has been identified by the police as Gordon M. Surtiss, 50 Wood street.

Yesterday afternoon the mother of the lad visited detective headquarters to claim the boy as her son. She stated that she had been out of the city for two or three days and that she had left the boy with relatives, who live at the Wood street address. According to the story told by her, she thought her son was safe with those she had left him in care of, and the latter believed that the mother had returned and taken him away with her.

VICTIMIZED BY WOMEN. Pleading guilty to a charge of shoplifting, Harry Martin, a shell-shocked man, was allowed to go on suspended sentence by Judge Morson yesterday, as his honor considered the accused as having been the victim of the machinations of two women, who loaded on him a dress, gloves and ties they had stolen.

## LEAFS ASSISTED TO SECOND BY COLTS

An Error and a Wild Pitch Scored Two of Leafs' Runs.

## LIGHT HITTING

Duffyites Had One-Hit Margin and Naturally They Won Game.

It is too bad that Jim McCaffery and Davy Fultz don't pull weight together. If the Toronto proxy was real friendly with the league head we could show him a scheme that would land the pennant here sure. All Jim would have to do would be to get Duffy to let the Rochester Club stay here until the season closes, when the pennant would be do Arthur Irwin's powder-puff dusters were right in their class yesterday. They ran up a total of five hits and one run. The Leafs scored three times.

The Duffy boys were not overburdened with a lot added on each man's average. The Leafs were a bit shy with the stick, and their six connections were nothing to blow about. Two misplays were kicked in by the Colts for two of the three runs, and the other one was brought across by a sacrifice fly. This is hardly pennant-winning stuff, but it game counts in the official table, so it doesn't make much difference how it is won.

The Leafs may be running a grand total of victories against the low clubs, but don't think they are walking away with the battles. These Rochester Colts are putting gray hairs in Hugh Duffy's head. They didn't do much with Hearn's delivery in the hit line yesterday, but they drove a lot of balls far into the outfield, and only bang-up fielding kept them in check.

A double-play was needed to down their spirit in the ninth. Long pulled off a double. The best man rolled out, but Rodriguez kicked to left, and Anderson had to make a fast throw to nip ending to a game that did not make the fans any too secure about victory.

The Leafs had the breeze, and were thankful for them. Their hitting was light and of the kind that made scoring an achievement to be first to score. Ross' hit in the third, Sedgewick's sacrifice and Long's slap to centre, were the only very next batter (Matthews), a funny play cropped up. He rolled to Hearn, second and third. He was run down, and then Matthews was only half-way between first and second. He was also nipped for a double-play.

The Leafs evened it in the fourth, with help. Onslow hit Blackburne crossed them all up by bunting towards third. He had it beaten a mile. Onslow turned third and kept on to the plate. Long picked up the ball and heaved to third, and Rodriguez dropped the ball. With this timely error Onslow would have been a sure out at the plate.

The two needed for the total of three were gathered in the sixth. More assistance was given here. Anderson hit to left, and Onslow beat a hunt towards second. Riley moved them up with a sacrifice, and Blackburne's sacrifice fly to right scored. And, as usual, Rochester flung, supplied a wild pitch for the other run. The rest of the affair was tame, the Leafs winning, 3 to 1.

## NUMATICS PULL THE BISONS FROM TOP

At Reading—(International). — Baltimore started a rally in the fourth inning, which resulted in a 7 to 4 victory over the Marines in the third game of the series. Score: R. H. E. Baltimore.....10 0 4 0 11 0-7 11 5 Reading.....10 0 0 0 11 2 0-10 2 Batteries—Ogden and Lefler; Barnhardt and Koniak.

At Akron—Culp succeeded in pulling Buffalo out of first place yesterday afternoon, and gave Akron its second game of the series, 7 to 4. He failed to allow a run in the last six and one-third innings, and but 3 hits. Score: R. H. E. Buffalo.....3 0 0 0 0 0 0-4 8 2 Akron.....0 0 0 0 1 0 7-12 1 1 Batteries—McCabe, Harscher and Bruggy; Hill, Culp and Smith.

At Syracuse—Wilhelm pitched invincible ball against the Stars, and Jersey City won, 4 to 0. Score: R. H. E. Jersey City.....0 2 2 0 0 0 0-4 7 0 Syracuse.....0 0 0 0 0 0 0-11 6 Batteries—Walsh and Freitag; Donovan and Casey.

## FOR CIVIC HOLIDAY MOTORCYCLE RACES

Dallimore must have been over-practising for the motorcycle races on Civic Holiday and picked up a few miles per hour by the way he feels about his chances to beat Harold Cole in the championship. Dall's machine is a specially designed racing motorcycle and is mighty fast; so fast that it takes all Cole has to hang on, and when those two hook together on the turns, watch ahead of the dust for happenings. At the last meet Dallimore's motor, clogged up and he shortened one of the spark plugs. Specially imported racing plugs with glass insulation have been secured so there will be no chance of his machine slowing on this account. O'Donnell has been under cover lately, but no doubt will spring some new stunt that will loop him around the track at some rate that will knock all the dopsters cold. Shuttleworth and Woods, as amateurs will be out in front if everything goes well, although the track in 36 seconds to the lap. This is in fact for exhibition track, and if these boys can do this on Civic Holiday, it's going to be a grand afternoon's sport.

EXPORT DEMAND STEADIES WHEAT. Dry Weather in Three States Causes Smart Rally in Corn.

Chicago, July 28.—Revival of export demand helped five consecutive steadyness to the wheat market today after the bewildering downward swings in prices during the 48 hours before. The close was irregular at one cent net decline to half a cent advance, with December \$2.34 1/2, \$2.34 1/2, and March \$2.34 1/2. Corn gained 3/4c to 3 1/2c. Oats 1/4c to 1/2c, and provisions 2 1/2c to 3c.

Estimates which were current that 2,000,000 bushels of wheat had been taken at the seaboard for export led to covering by shorts here and at other points of any fresh liquidation on the part of holders, tended to rally the market. Rural reports from the spring wheat state continued optimistic. As a result price upturns did not last, and despite a strong complaint of deterioration in other cereals and in provisions.

Wheat and corn were chiefly responsible for a substantial advance scored by corn. It was especially accepted opinion that rain would be very beneficial in states named, allaying complaints of deterioration in other cereals and in provisions.
