MR. WHITNEY'S LAST WORD

Mr. Whitney ends as he began. His last word to the electors of Ontario is straight forward and clear.

MAKE THE MAJORITY AS LARGE AS POSSIBLE

"Honest government" - there is much in these words. They are absolute in terms and can only mean that if Mr. Whitney is commissioned to form a government, it will be honest through and through.

BE NOT OVER-CONFIDENT

There is danger of over-confidence. No doubt the Liberals will make a tremendous effort to poll their full strength tomorrow, relying on the Conservatives being over-confident of victory and losing the race by staying at home.

THE GLOBE'S INGRATITUDE

Editor World: It seems to be characteristic of the Globe to be ungrateful, especially to the Roman Catholic supporters of the Reform party.

RUSSIAN OFFICIAL ACCOUNT OF THE HORRORS OF SUNDAY

Charges That the Crowd Took Swords Away from the Policemen and Looted.

St. Petersburg, Jan. 23.—The story of events immediately preceding and during yesterday's outbreak, as viewed by official eyes, is given in The Official Messenger as follows: "All attempts of the factory inspectors to pacify the workmen were fruitless and every worker from a number of the large factories joined the strike, which spread quickly and extended to nearly all the works in the city. At the same time the demands were formulated in writing, mostly by Father Gapon. The employers discussed the demands and decided that if some of them were satisfied it could not fail to calm the strike, while others deserved to be examined and partially conceded."

NEW TRIAL REFUSED ALEX MARTIN

Court of Appeal Decisions—Important Ruling Against Unborn.

The court of appeal yesterday announced its decision that Alex. Martin was not entitled to a new trial on the charge of baby snatching. "Where there are two or more trials," said Chief Justice Moss, "there is no other person was arrested, the trial judge could do no more than to warn or advise the jury not to let it be tried in this case. The confession had been made and the jury had heard it. The trial judge could do no more than to warn or advise the jury not to let it be tried in this case. The confession had been made and the jury had heard it."

A FATAL ERROR. A man steps into your office, draws up his chair, sits right into your face. His breath is offensive. Your only thought is how to get rid of him and his business. You get him short with, "I am not interested."

SOZODONT is essential to one whose breath is not pure and sweet. Penetrating the little crevices, it deodorizes, sweetens and purifies them, and makes you feel general and clean-cut. 3 FORMS: LIQUID, POWDER, PASTE.

JOE DOWNEY'S GREAT MEET HOURS WELL FOR SUCCESS

E. F. Clarke, M.P. Had a Previous Engagement and Could Not Go to Guelph.

Guelph, Jan. 23.—(Special.)—A grand Conservative rally was held in the opera house to-night in the interests of E. F. Clarke, M.P., and his splendidly demonstrative character was assuring of the re-election of Mr. Downey on Wednesday. The opera house was packed to the doors, and amongst the audience were a large number of life-long Liberals. It was expected that E. F. Clarke, M.P., of Toronto, would be present and address the meeting, but a previous engagement prevented Mr. Clarke from fulfilling his obligations at Guelph.

W. A. McLean and Mr. Downey were the only speakers, and they were given a most attentive hearing, and their audience Mr. McLean strongly appealed for the removal of confidence in the Ross administration and the election of Mr. Downey as Premier. Mr. Downey was given a great ovation when he arose to speak, and his speech was a masterpiece of oratory. He was presented with two handsome bouquets, which he gratefully accepted. Mr. Downey defended his course in the house and his support of the public rights against the Conservatives. The corruption on the part of the Ross administration was set forth, and Mr. Downey strongly appealed for a denunciation of the party that had dragged the Liberal banner in the dust, and challenged the sanctity of the ballot, the blessed privilege of the free man and had refused to protect the interests of the people, whose interests they were seeking. Mr. Downey's appeal for support was an eloquent and forcible one, and it was cheered to the echo, and was shown by their splendid demonstration that they appreciate his record in the house and will again elect him as their representative. The meeting closed with cheers for the King, Mr. Whitney, Mr. Downey, Mr. Downey's re-election in this riding is almost a foregone conclusion so bright are the prospects.

SEND ROSSITES TO JAIL DECLARES REV. DR. LUCAS

If They Had Their Deserts, Three-quarters of Them Would Be There.

St. Catharines, Jan. 23.—(Special.)—A meeting in the interests of Dr. Jessop, the Conservative candidate for Lincoln, was held to-night, in the opera house. The house could hardly have held another person. The audience was disappointed in not hearing Hon. Dr. Montague, who was to have been present, but who was unable to attend because of a severe cold. The large audience signified the interest the people are taking in this campaign. The drum beating is not a question of opposition between Grit and Tory; but it is a question of whether the people shall continue to support the wrongs that have been committed in this country. The wrongs that have been committed in this country are the wrongs of the Ross administration, which have been committed in the name of the Liberal party. Dr. Lucas strongly condemned the Rossites, as he called them. They were not worthy to be called Liberals, for they disgraced the name. The Ross government had made a record of corruption and rottenness which had made the name of Ontario an offence to the world.

They say the Tories are just as bad," exclaimed Dr. Lucas, "but what justifies them? But I want to tell you this, I have watched events in the province for the past years, and I have kept my eyes open. I tell you this, the Tories haven't had the means to do as much as they have done these things. They couldn't have been as bad if they had tried their utmost." Dr. Lucas spoke of the McGreevey scandal and reminded the audience that the guilty men had been sent to jail for a second time because of their corruption being punished? Not much, if the Rossites had got their heads about their own necks, as they would be in jail to-day, said the doctor.

GOTHAM JEWS CHEER

New York, Jan. 23.—It happened that yesterday the "bonds" of Russian Jews, whose avowed object is the political liberation of their European brethren, were holding their second annual convention in New York. Delegates were present from all the big cities of the Atlantic coast. News of the trouble in St. Petersburg arrived early in the afternoon. It proved the wildest excitement. Delegates stood on their chairs to cheer. There was another spasm of cheering when a second newspaper extra said that the mob was holding firm. The delegates were especially pleased when it was reported that the mob had refused to fire on the mob; this was taken as a hopeful sign. Some of the revolutionary and Socialist members declared that the movement at this time was not a mere demonstration of an uprising, but a revolution, as they said in their revolutionary papers published in Geneva and circulated since have been full of the reports of an uprising, set to occur after the fall of Port Arthur. They all believe that this is a revolution, carefully planned.

ORDERS FOR STEEL RAILS

Montreal, Jan. 23.—A director of the Dominion Steel Co. stated this evening that in the trunk system had placed an order with the Dominion Steel Co. for 2,500 tons of steel rails. It is understood that this quantity will be about 300 miles and will be used to relay the main line.

STANDS FOR TOM CRAWFORD LAWYER MILLS' NEW FAITH

Tells Why the Electors Should Vote Against the Ross Administration.

Another Liberal has bolted from the ranks. This gentleman is Alexander Mills of the firm of Mills, Raney, Anderson & Hines. Last night he was at Meaford, speaking against Hon. Mr. Mackay, and was to have spoken in the interests of Thomas Crawford in West Toronto, but, being absent, wrote Mr. Crawford the following letter, which was read to an audience of about 600 in the West End Y.M.C.A. Hall last night.

Dear Sir—I am sorry that it was necessary for me to ask you to relieve me of my engagement to speak on your platform this evening in order that I might speak at Meaford, where the Hon. Mr. Mackay is seeking election. I regret this not only because of my friendship with you in the past, but because I would like to explain to the Liberal voters of West Toronto why, in my opinion, it would be in the interests of the Liberal party, and of the province, too, that the appeal of Mr. Ross for endorsement should be sustained at this election. I am a Liberal as much as I ever was, and I never was fond of the "Tories" as a party, but I cannot strain my eyes to the fact that Mr. Ross—who is not directly connected with the bribery and corruption, now so notorious—was willing to reap the benefits that flow from it in order that he may retain control of the treasury benches. I have no personal grievance against any member of the government; they have always treated me fairly and with courtesy. However, the record of the cabinet is, in my opinion, good, and I am sorry that parliament is so side-bound that it cannot obtain a man like Mr. Dryden as minister of agriculture in any government which may be formed. However, the record of corruption of late is shameful, and no reasonable effort has been made to punish the wrong-doers. Election trials are cut short; investigation buried; and when an effort was made at the Liberal convention to appoint a public prosecutor, Mr. Gibbon denounced it as a reflection on him and caused it to be defeated. The legislature was called in January, 1904, four weeks before any business was ready, and thereby the balance of power was held by the "three norths" and the Soo, all of which were afterwards vacated for corrupt practices. Hon. Mr. Mackay used, successfully, investigation into his election, notwithstanding which he was elected. And that not least, Mr. Ross has broken his pledge to the temperance people and his ministers made use of the Liberal convention to justify his action. These are—in my opinion—sufficient to end the career of any candidate who would support Mr. Ross. I feel impelled to say these things, but I cannot shut my eyes to the facts. For my part, I am far from approving much that the Conservatives have done, but I am not willing to form a government, and attempt, whether it be in the political method or in dealing with the temperance question, tactics adopted by Mr. Ross. I will certainly do my part to bring about his defeat at the earliest moment possible.

John Laxton presided and on the platform were: E. B. Oiler, M.P. Dr. Ryerson, Messrs. Creelock, Burrows, A. J. McKelvie, Nick Robinson, ex-Ald. Stewart, ex-Ald. R. H. Graham, Trustee Parkin of the board of education, ex-Ald. Birds, Mr. Hall, Mr. Bradford and W. J. Wilson.

E. B. Oiler, who had just returned from a visit to Europe, said that he could not keep away from meeting that was being held in the interests of Thomas Crawford. His remarks pointed to the different ways in which the Ross administration has frittered away our timber wealth and water-power to private corporations.

Thomas Crawford, who was received with vociferous cheers, asked indignance from the audience because suffering from a severe cold. The large audience signified the interest the people are taking in this campaign. The drum beating is not a question of opposition between Grit and Tory; but it is a question of whether the people shall continue to support the wrongs that have been committed in this country. The wrongs that have been committed in this country are the wrongs of the Ross administration, which have been committed in the name of the Liberal party. NOT TO BE BEATEN

London Sun: A certain large firm, they would, could not obtain an order from one particular shop in the town, so they got an order they would raise his salary. The young fellow went round and saw the manager, and asked him if he could give an order for his firm. The manager said: "You may walk out." The fellow, not to be beaten, went round to another of their entrances, and who should he meet but the gentleman he had just left. The fellow said to him: "I have just executed a splendid order for you, but a minute ago, you asked for another." The manager was so struck with the fellow's wit and cheek that he gave him an order, and departed.

HUNTER AND SABINE

Candidate Spoke and the Feet Healed His Poet's.

Dr. J. Hunter, a candidate for legislative honor in West Toronto, addressed a small audience in Euclid last night. Robert Euclid occupied the chair, and spoke in complimentary terms of the candidate, J. S. Hart gave an address on the evils of party prejudice, and said that if Mr. Hunter was returned he would give as his conscience dictated. Two young men, Mr. McGuire and Dan Donovan made their maiden speeches. Dr. Hunter devoted a good deal of his speech to the temperance question and the evils of the treating system and corruption. He would like to see the bar abolished, and is in favor of any advanced temperance legislation. He thought we had too much party prejudice in our politics to-day, and asked the electors to vote for independence and clear devotion to country. If the two political parties are returned with an even number of members, the government would be determined by divisions. The poet Sabine gave some characteristic poetry.

EDMUND BURKE, president of the Ontario Association of Architects, addressed the luncheon institute of Toronto on the subject of "Building Construction in connection with the Fire Risk." A meeting will be held at St. George's Hall.

POLITICAL NOTES.

Bracebridge, Jan. 23.—(Special.)—The political campaign in Muskoka is one of the quietest seen in years. This is accounted for by the number of contests had here lately. The Liberal and the Conservative candidates, will be returned by a large majority. The Liberal candidate, Dr. Howland, is very weak and is pinning his hopes to the over-confidence of the Conservatives. There are very few meetings being held in the riding and apparently little interest taken in the campaign as far as Muskoka is concerned, but the contest in the province is watched with great interest. Reby watched with great interest. The Conservative candidate, Mr. Galt, has been previously conceded by the Toronto papers to the government, indicating that Mr. Galt, the Conservative, has a good fighting chance of winning.

Belleville, Jan. 23.—(Special.)—The last gun in the campaign in this city was fired in the opera house, when there was a most enthusiastic political meeting. The Conservative candidate for West Hastings, Mr. Galt, who cheered, spoke to the effect: "The large number of ladies present was a feature. Ex-Mayor Ross, chairman of the central committee, was chairman of the meeting. Mr. Galt, Mr. Porter and others. There is no doubt at all that prospective voters here brighter for a Conservative victory in this district than at present. In East Hastings the Conservative candidate, Mr. Galt, is a strong contender. It has transpired that Mr. Rathbun, the alleged Liberal candidate, has been written to by his employer and claiming that this is not a political fight, and that of the great business interests he should be elected. The letter hinted that employers of the Rathbun Company would be expected to support Mr. Rathbun. One man, the foreman of a large department, announced that he had written Mr. Rathbun, who has not yet, however, been accepted. In Prince Edward the Conservative chances have appreciably improved lately. A meeting was held in Pictou on Saturday afternoon, and was addressed by Sir Mackenzie Bowell, Harry Corby, A. F. Alcorn, A.P., and others, and was convened to be one of the most enthusiastic meetings ever held in Prince Edward County. This has been made in Pictou that Mr. Norman, the Conservative candidate, will have 100 majority.

Galt, Jan. 23.—J. W. St. John, ex-M.L.A. for West York, was the outside speaker at the opera house gathering of 800 to-night, in the interest of Geo. Patterson. Liberal-Conservative stand-off-behind in South Waterloo. The most reliable campaign address ever listened to in this town, held in the hall, and in which the speaker fairly spellbound. The speaker was alternately serious, humorous, pathetic and aggressive. His review of the history of the game deal, in which he argued up link by link the chain of circumstances leading to the present position, was a masterpiece of oratory. Was Afraid of Falling.

Lost Control of Legs and Could Scarcely Walk—The Numbness of Paralysis Throughout the Body.

Mrs. Barbara Bush, Dixon, Stormont Co., Ont., writes:—I suffered a great deal from numbness of the hands and arms, feet and legs. When I tried to walk my legs seemed to want to cross each other and I would be afraid of falling and grasping for a chair or other support. I also had distressing nervous feelings at times, and suffered from a gnawing sensation in my stomach. Dr. Chase's Nerve Food built up my nervous system and removed the miserable feelings from which I suffered. As I am seventy-three years old my system was run down and this treatment seemed to be exactly what I needed. I hope others will benefit by my experience.

DECEMBER RUSH

We did the biggest trade in our history in December. As a consequence our stock now looks like the Russian Port Arthur fleet after the Japs got through with it.

We want to rush off all this stock, partially to make room for spring goods, and also because our reputation would not allow us to carry goods over till next fall.

Therefore, all labels are taken out of our odd suits and overcoats and all are to be sold at

\$10.00

The rush is on but your chances are good yet.

COUNCIL HAD A KNOCK-OUT FOR DISTURBING PROPOSALS

Legislation Committee Plans Didn't Prosper — Strachan Ave. Bylaw Confirmed — Notices of Motion

The city council did its business with expedition yesterday, a great many of the members having an evening engagement, for which they wished to preserve their voices. The trouble over filling the position vacated by R. J. Fleming was temporarily settled by appointing Mr. Forman assistant commissioner pro tem, and Robert McCullum, property commissioner pro tem, with full powers.

On the proposal to require candidates for the majority to serve two years in the office of the mayor, the division was as follows: For—Controller Hubbard, Spence and Stewart. Against—Ald. Harrison, Chisholm, Noble, Graham and the mayor.

Another division took place on the Strachan-avenue narrowing question. The motion to begin work without debate, on the following division: To repeal the bylaw—Controller Hubbard, Ald. Harrison, Chisholm, Noble, Stewart, Jones, Noble and McGhie, the mayor.

Mrs. L. C. Glover, Vice Pres. Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed a testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. GLOVER, 614 Grove St., Milwaukee, Wis." Vice President, Milwaukee Business Woman's Ass'n.
