

WEDDINGS

Kierstead-Thorne.

Miss Bertha Thorne, daughter of Mr. and Mrs. S. Thorne, 180 Britain street, was married to Roy E. Kierstead, at the home of the bride's parents, on Wednesday afternoon, the ceremony being performed by Rev. James Dunlop, M. A. Mr. and Mrs. Kierstead will reside in the city.

DEATHS

Harry P. Hayes.

The death occurred yesterday at his home in Torryburn of Harry P. Hayes, for many years manager of the rubber department of J. M. Humphrey Co., Ltd. The late Mr. Hayes had been ill only a short time and the news of his death will be heard with regret throughout the city and province where he was well known. The late Mr. Hayes was born at Bideford, P. E. I., but had made his home in St. John for several years. He is survived by his widow, who was Miss Mabel Curran; three sisters, Mrs. R. W. Clements and Mrs. Leslie Arns, of Edmonton, and Mrs. M. Robertson, of Calgary, and four brothers, Charles, of Red Deer, Alberta; R. Clifford and William B., of Bideford, P. E. I., and R. T. Hayes, M.L.A., of St. John. The funeral arrangements have not yet been completed.

Mrs. Sarah Magee.

The death occurred on Wednesday at her home in Quispaman of Mrs. Sarah M. Magee, widow of David Magee, who was one of the leading merchants of his day in St. John. Mrs. Magee had attained the unusual age of 93 years and six months. She had been failing in health for the last few months, and the end was not unexpected. She was the youngest daughter of the late Squire Manks, a man who made a name for himself by his heroism during the cholera epidemic of 1854, and whose name will be familiar to some of the older residents of the city.

Mrs. Magee was the mother of 10 children, 7 sons and 3 daughters, 6 of whom survive. They are, Robert M., David, and Dr. James M., of this city, and H. H., of Quispaman, and the Misses Annie A. and Kathleen at home. There are also 10 grandchildren and 4 great grandchildren.

The funeral service will be held at her late residence at 11 o'clock this morning, and the funeral will take place from the Union Depot, to Ferns Hill on the arrival of the Moncton suburban train at 2:40 this afternoon.

Mrs. Eleanor Bogle.

The death occurred yesterday of Mrs. Eleanor Bogle, widow of Thomas Bogle, at her residence, 72 Acadia street. She was about 70 years of age. Two sisters, Mrs. Alice Sewell, of Millville, and Mrs. Ann Green, of Millville, and one brother, George Davis, also of Millville, survive.

The funeral will be held from her late residence on Friday evening at 8 o'clock, and burial will take place at Iphigeneia, Queens county, on the arrival of the Valley train on Saturday.

Mrs. William Trimble.

St. Stephen, Feb. 21.—(Special)—Mary friends heard with regret that Mrs. William Trimble, one of the most esteemed, elderly ladies of Calais, had passed away after a short illness. She leaves three sons, Messrs. Clarence, Horace and John Trimble, who are prominent in society, business and politics in Calais. Mrs. Trimble had reached the age of 81 years.

C. N. R. TO ADOPT BALTIMORE PLAN

Winnipeg, Feb. 21.—Under the Baltimore co-operation scheme employees are given votes on the letting of contracts, distribution of work and working conditions. It will be introduced in the near future on the Canadian National Railways, it was announced here today by Sir Henry Thornton, president of the C. N. R. lines. The lowest laborer will have a vote on the policy of labor distribution, programmes of building methods of work and so forth, under the new scheme. The Baltimore scheme is the latest step in uniting the forces of employees and employer.

SNOW CAUSES HORSE'S DEATH

Montreal, Feb. 21.—Pressure of snow is thought to have caused the collapse of the entire roof of a four-story building at 505 St. Paul street west, in the downtown section of the city today. The debris struck and killed a horse that was pulling a sleigh, the driver of which narrowly escaped death. Several persons passing at the time also had narrow escapes.

An airship hangar large enough to contain a ten-story office building, has been erected at Scott Field, Illinois.

NO GASOLINE TAX IN N. B. THIS YEAR

Hon. Dr. Veniot Says Province Not Ready For Such Legislation

Fredericton, Feb. 21.—New Brunswick will not for the present have a tax upon gasoline used in the operation of motor vehicles, it was learned today. Premier Veniot, who was here today, confirmed reports that the government would not propose a gasoline tax in New Brunswick amongst its legislation at the session of the legislature opening on March 6. "We are not ready for that in this province just yet," he said. Further than that he declined to forecast the legislative programme.

FREDERICTON TAX RATE INCREASES

Fredericton, Feb. 21.—Fredericton's tax rate for 1924 will show an increase from 2.24 in 1923 to probably 2.40 or 2.45 for 1924. The city council have fixed the assessment at \$265,000, which is \$20,000 more than last year.

FRANCO-BELGIAN CUSTOMS RECEIPTS

Coblenz, Feb. 21.—Franco-Belgian customs receipts in the occupied region since Feb. 1 have averaged approximately 4,000,000 francs daily, which is 80 per cent above the January receipts, it was officially announced today.

St. Stephen, Feb. 21.—(Special)—Much to the regret of her family and friends, Mrs. O. S. Newham had the misfortune to receive a severe fall from the steps to the entrance of her home Christ Church rectory. She has been confined to her home for several days.

SAVE THE TROUBLE OF COFFEE MAKING—USE *Mushington's Coffee* IT IS MADE JUST DISSOLVE AND DRINK IT. A GREAT CONVENIENCE AND OH, SO GOOD!

A NOBLE GIFT.

(New York Times)  
J. Pierpont Morgan has conveyed to a board of trustees the magnificent library created by his father, the late J. Pierpont Morgan, and enriched by the present donor, together with the building in which the collections are housed and an endowment of \$1,500,000 for its upkeep. It is both the noblest of filial monuments and a gift for the broadest sense the foundation of a public library. Access to the collections is to be restricted mainly to students in literary research and other persons qualifying by a special interest in the treasure of manuscripts and rare editions for which the only possible rival in the world is the Huntington collection on the Pacific Coast; but the Morgan Library has even a wider and richer range. It has been said that the collections and all represent a cost of \$8,500,000, but it is the opinion of experts that this is far below the real value of the gift. One wonders whether such collections if freedom were not given to individual enterprise and concentrated, persistent effort on the part of private but public-minded citizens. And what a fortunate thing it is that we have such citizens with freedom and such impulses carried on from father to son.

THE BLUENOSE AT TORONTO.

(Toronto Globe)  
The schooner Bluenose, the victor in the international race of fishing schooners and champion of the Atlantic fishing fleet, will be sent to the Canadian National Exhibition this year if plans originated by the Nova Scotia Tourist Association are carried out. We hope the Bluenose will come. Ontario people will be interested not only because the schooner won a victory in clean and manly sport, but because it will typify three of Nova Scotia's leading industries—fishing, sailing and ship-building. Perhaps the ship could be laden with some exhibits of Nova Scotia products, and also home literature for distribution, including the book prepared by the National Resources Department at Ottawa and the folders entitled "Nova Scotia Invites You." An inspection of the schooner would, we are sure, be one of the most pleasant and instructive experiences of a visit to the Exhibition.

TELLS OF JOURNEY IN THE NORTHLAND

Miss Miriam G. Ellis Gives Illustrated Lecture to Women's Club.

It is common phraseology to say that a lecturer has taken her audience on the trip described, but it is doubtful if that particular saying could be more aptly applied than in the case of the wonderful address given by Mrs. Miriam Green Ellis, of Edmonton, Alberta, before the Women's Canadian Club, last night, in the Germain Street Baptist Institute.

The series of lantern slides with which she illustrated her address was most remarkable. They were realistically and artistically colored reproductions of her own photographs.

Mrs. Harold Lawrence referred to Mrs. Ellis' career as a newspaper woman and recalled having heard her address the Board of Trade in Vancouver on so knotty a problem as trade relations and grain transportation.

Invited to come here, Moncton Temple Pythian Sisters at its meeting last night made preparations for inviting Tidal Wave Temple of Moncton to make a visit some time towards the end of next month.

SISTER Mary's KITCHEN

(Unless otherwise specified, these recipes are planned for four persons)

LEFT-OVERS

When the larger refrigerator seems full of little dabs of left-overs don't instigate a reckless "clearing up" but carefully take stock and use your imagination.

Two tablespoons carrots, two of peas and a stalk of celery can be combined with one or two pickles and two or three tablespoons of carefully chopped cold meat in an aspic jelly, making a salad any woman should be proud to serve.

Often the secret of the success of the left-over dish lies in its garnishing and serving. If the salad of odds and ends is served on the best salad plates with as much ceremony as if it were a salad of artichokes the family will more than likely "fall for" the atmosphere of the plates rather than the salad.

A jellied salad is often more successful molded individually. This gives the cook an opportunity to consider the individual tastes of the family and apportion her left-overs accordingly.

For the "rechauffes," meats can be used in croquettes, in cream sauce on toast or patties, meat pies and steaks. Often the vegetables and meat can be combined to make a palatable stew or what is known as a "sea pie."

A charcuterie is always attractive and one of the cleverest ways of using up left-over meats. For this the meat is carefully minced and seasoned and combined with any gravy or stock.

HOSPITAL AID WILL EXTEND WORK TO THE COUNTY HOSPITAL

Decision Reached at Annual Meeting—Officers are Re-elected.

The Women's Hospital Aid in annual session yesterday afternoon in the Board of Trade rooms, voted to include the St. John County Hospital as well as the General Public Hospital in the sphere of its activities and made preliminary plans for the weekly visiting at the East St. John Hospital.

Denominational Reports. Denominational reports were presented. Mrs. L. A. Conlon, for the Catholics, reported 23 follow-up cases and more than \$200 raised for the denominational follow-up work fund by means of a bridge and dance.

Mrs. H. E. Thomas, Methodist convener, reported 286 annual members in nine congregations and \$133 contributed in fees. Follow-up cases were cared for and Christmas baskets sent out for the Anglicans.

Mrs. George Ewing reported the Presbyterians had 275 members and members and donors had contributed \$141 and cared for twenty-four follow-up cases.

Mrs. N. C. Scott reported six congregations were organized with 235 members who had contributed \$117.30 in fees. Several follow-up cases were cared for.

Mrs. Ralph Robertson read the house committee report in the absence of Mrs. W. E. Morris, telling of the gifts presented to the General Public Hospital during the year.

dozen bathrobes for the children. The report praised the neat and orderly condition of the hospital and congratulated the commissioners on the new out-patient department, and on the new epidemic hospital, and told of Miss Murdoch's expression of the gratitude of the patients for the work of the Aid.

Miss Ella McGaffigan gave the annual report of the weekly visiting which is done by two members from each denomination and told of the gifts taken to the hospital and treated given at various times.

Mrs. Ralph Robertson gave the report of the magazine committee, telling how each of the various denominations provided magazines during two months of each year. She especially thanked C. A. Munro for gifts of magazines.

Follow-up Work. Mrs. R. S. Sime, for the Cook Book committee, reported that 87 of the 1,000 cook books were still unsold and that 26 had been sold in the last year.

Miss Belle Howe, as Social Service worker, reported 535 visits and 80 cases reported to the denominational follow-up care given and of patients being put in connection with other institutions, and in this regard referred to the limited accommodation in the Home for Incurables, as much to be regretted.

Officers Elected. The election of officers resulted as follows: President—Mrs. E. Atherton Smith. Vice-president at large—Mrs. J. Boyle Travers.

Treasurer—Mrs. Lester Mowry. Secretary—Mrs. L. A. McAlpine. Denominational vice-presidents: Anglican, Mrs. Garfield Stevens; Presbyterian, Mrs. R. A. Watson; Catholic, Mrs. J. H. LARGEST CALIFORNIA BANK TO BE UNDER EMPLOYEES' DIRECTION

Was Started by an Italian in Single Room Twenty Years Ago.

Giannini started the bank 20 years ago as a small one-room affair. Today this San Francisco bank has 75 branches through California, with deposits exceeding \$300,000,000.

San Francisco, Feb. 22—Control of the Bank of Italy, California's largest bank in financial resources and eighth ranking financial institution in the United States, gradually is to be passed to its employees, it was announced recently by A. P. Giannini, the president.

This step, he said, would be epoch-making in bank management.

The Bank of Italy has more than 2,000 employees, most of whom now own stock, according to Giannini, but his plan will assist every employee in obtaining additional stock holdings with the definite aim of eventual control passing to these workers.

Giannini said he always had insisted on having the stock holdings of the Bank of Italy widely distributed. The bank now has more than 14,000 stockholders.

ing to a great success. He will retire from the presidency of the bank October 17 next, when he will become chairman of the executive board. His resignation, he said, was to relieve him from banking detail, to "give the younger fellows a chance," and to allow him time to work out the profit-sharing ownership plan.

"I am convinced," he explained, "that the day has come when those who create and uphold an enterprise should own it. My plan is not for the benefit of big executives. It is all for our workers. My plan is for every office boy and junior clerk entering this institution to know it is possible for him to share in all the profits of the bank and for himself to reach the presidency by his own efforts and ability."

In the last year Giannini has given seven of his employees places on the board of directors.

"The worker in a bank more often than not makes a better director than an outside business man," he added. "The worker is in constant touch with the banking situation."

Was Poor Boy. Giannini is 81 years old. He started as a poor boy in California, working his way up from laborer to the ownership of a small commission business. When he was 31 he retired with a fortune, having built up the largest commission house handling produce on the Pacific Coast.

He turned over the commission business to the workers who had been associated with him; they were permitted to buy the business through its profits. But the young commission broker did not remain idle for long. Some friends suggested that he start a bank.

Giannini said he always had insisted on having the stock holdings of the Bank of Italy widely distributed. The bank now has more than 14,000 stockholders.

Dry Dock Here Gets Much To Do and Wins Praise For Its Work

TWO OCEAN FREIGHTERS IN AT ONCE

Welland County and Canadian Mariner to be Towed There Tomorrow.

THREE IN ONE WEEK

Skipper of the Rejuvenated Cashier Writes a Quaint Appreciative Letter.

The St. John dry dock will present a unique spectacle on Sunday when two big ocean freighters will be in the dock at one time.

The Canadian Mariner is to have a new propeller put in position and plates, damaged by ice in the St. Lawrence last spring, replaced.

The Canadian Mariner is to have a new propeller put in position and plates, damaged by ice in the St. Lawrence last spring, replaced.

When the two freighters are floated into the big dock on Saturday they will have made three boats handed by the St. John Dry Dock and Shipbuilding Co. Ltd. this week.

Five other steamers, he booked for jobs of different kinds during the next six weeks.

When asked about the amount of work already done at the dock since it was opened on Oct. 29, 1923, and about future prospects, F. M. Ross, manager of the company, said that he viewed the last few months with satisfaction and looked out upon the future with considerable optimism.

Hearken to the Cashier's Story.

There was added this week to the many eulogies of St. John's immense dry dock at Courtenay Bay, a rapper's quaint but undeniably sincere expression of views from the skipper of a four-master which came out of the dock a couple of weeks ago, rejuvenated and prepared to battle anew for progress where "the stormy winds do blow, do blow."

It is the schooner Cashier, which came here from Halifax, and floated into the great basin and subjected to the careful attention and skilled operating hands of the experts at the dock.

"Tell me, you deep sea captains of experience, just what are your thoughts when the ship which has been your pride and home has been attended by the hands of the average dry dock people for repairs."

"I'm sure to most of us, a dry dock means a place where we get stung, where, when one can't get stung, where else, a dry dock will do it nearly as cheaply."

"From our dealings with most dry dock people, we have formed a natural instinct to expect a little value for a lot of money."

The Ideal.

"A dry dock, that ship's hospital, to a true sailor should mean a place where his tired and broken ship will receive the most careful attention before being sent out again to battle Old Ocean and be once more a home on the waves."

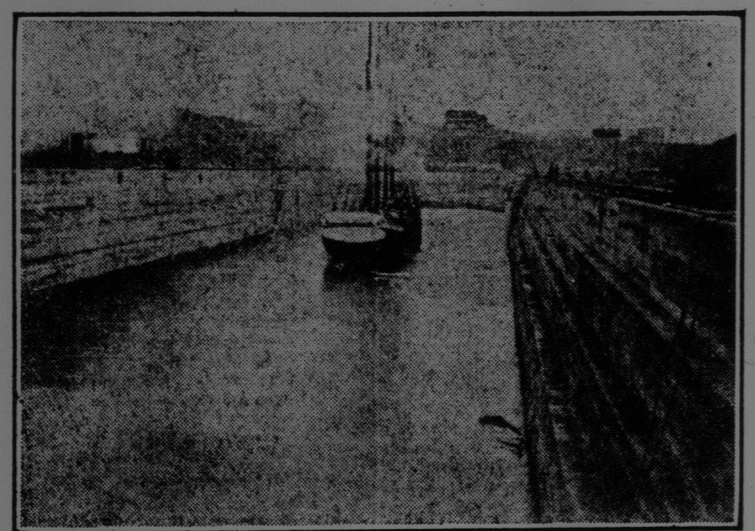

But, sadly enough, to most of us, a dry dock means a place where we must watch that the work is not slighted, so that our ship may float proudly out again.

"Brother Mariners, I know you share with me this feeling towards most of the dry docks of the world, but there is an exception. Listen you, my new friend, James L. Sugar, Grand Bull Captain, and Yankee Skipper, and that captain with the gray mustache, who doesn't say much but thinks a lot, you are Spanish aren't you?"

Well, listen every damned one of you, for this is interesting.

Here's The One.

being a place to get skinned. Yes, most of them—but don't say it of the St. John Dry Co. I say Don't, or I'll swing my left.

"I was going to tell you some more. There is a fellow out there in charge of the lubbers who do the work. I think his name is Ellis. Not sure. But you talk about a man. He just can't and won't do anything but first-class work, and he has his men trained or else they like him so much that they work just the same whether he is watching them or not. Did you ever know like that on a dry dock?"

"You dare doubt me and don't get that tumbled yet. What? Do get anything for writing this? Bang! That's what you get. Now get up and be good. What I feel is gratitude. What I want to get their ships in trouble to take them there, where they will get a square deal, meet the best people and be made to feel and know that co-operation and satisfaction are theirs."

"To my mind, no dry dock in the world can compare or compete with the St. John Dry Dock Company, and with this asset, in a reasonable time, I'm sure it will prove a gigantic success. I add my best wishes for that end, and,

An Eye For An Eye, A Tooth For a Tooth, And Who So Sheddeth Man's Blood, By Man Shall His Blood Be Shed

(By Alexander Herman.)

Brigadier, N. J.—The "eye for an eye" preachment of the ages makes an 83-year-old man ready to sacrifice the life of his son to avenge the death of his grandchild.

It's a tragedy of hate that has arisen in the wake of love turned stone-cold by murder. Its principals are: Emma Dickson, 15, whose mutilated body was found on a road not far from her home, nine days after her disappearance last September.

Thompson Dickson, 55, the girl's father, now lodged in the county jail charged with her murder by his own father.

Benjamin Dickson, 83, whose five months' struggle between paternal love and conscience has brought him close to death's door.

The three lived together in a little house at Hrickeboro, not far from here. The girl was a freshman at the Millville high school. The men were caretakers of an estate of a wealthy Philadelphia lawyer.

CHASE FOR CRIMINAL HALF ROUND WORLD ENDS IN FIGHT IN FRENCH CAFE

Aged Banker Kept on Trail Though Capture Took Years.

London, Feb. 22.—Hunted by the police of Europe and America, tracked over half the globe, and captured only after a desperate revolver duel with five police officers, Gabriel Mourou, known as the "million-dollar bandit," is appearing before a judge of instruction in Paris charged with the theft of \$3,000,000 worth of jewelry from the home of A. B. Shattuck, a millionaire banker.

For eighteen months he eluded capture, and when finally he fell into the hands of the French police it was largely due to the suspicions aroused by the movements of his girl sweetheart, Pepe, a pretty denizen of the Paris underworld, who permitted her love to exceed her discretion. She unwittingly betrayed the whereabouts of the man for whom she would rather have died than yield him up to his pursuers.

"Didn't I watch and don't I know? You dare doubt me and don't get that tumbled yet. What? Do get anything for writing this? Bang! That's what you get. Now get up and be good. What I feel is gratitude. What I want to get their ships in trouble to take them there, where they will get a square deal, meet the best people and be made to feel and know that co-operation and satisfaction are theirs."

The three lived together in a little house at Hrickeboro, not far from here. The girl was a freshman at the Millville high school. The men were caretakers of an estate of a wealthy Philadelphia lawyer.

One day the girl disappeared. More than a week later her body was found on a road between Elizabeth and Millville. Her skull had been crushed and her right arm broken.

The hub cap of an automobile was found nearby. The police believed that she had been taken for an auto ride and then beaten to death. An arrest was made. But the charges were then dropped.

Months went by. The authorities seemed stumped. Then one day the old grandfather sent for his pastor.

"I have been a Christian all my life, and I hope to die one," he said. "For the past two weeks I have been so troubled that I wasn't able to sleep."

The Grandfather's Story.

Then, according to the police, he told this story in detail:

Rumania Foresees End of Oil Export

Bucharest, Feb. 22.—(Associated Press.)—The days are gone when gasoline could be purchased in Rumania for the equivalent of 10 cents a gallon, a price that prevailed all through the year 1923.

The new petroleum law permits local oil companies to charge world market prices for oil sold to the domestic trade. The old law compelled them to sell much under these quotations. The purpose of the change is to bring to the oil companies sufficient profits to permit them to extend their operations to new and unproved fields.

The production of crude oil in Rumania is increasing. Last year it was 2,600,000 barrels (of 42 gallons each), as against 9,500,000 barrels in 1922, and 8,000,000 in 1921. Back in 1923 the total was 13,000,000 barrels.

The export of refined oil products is increasing steadily, and if this condition continues, Rumania, in a few years, may cease to be an oil exporting country.

ABBIES DROP OUT OF TITLE RACE

Give Reasons Why They Will Not Play for the Championship.

Charlottetown, P. E. I., Feb. 21.—The following wire was sent by the Abegweit hockey executive to secretary of the Maritime Amateur Hockey Association today: "In view of the decision of the hockey leagues of Nova Scotia not to contest the play off for the Maritime championship and further in view of the state of undecision in the central league of Nova Scotia with which the Abbies would have their first play off, and particularly out of respect to Erd Moore, who lies critically and dangerously ill in a Boston hospital, the result of a fractional conference of the Maritime Hockey Association today: The Abegweit hockey team is reluctantly obliged to decline play off for the New Brunswick championship."

The withdrawal of the Abbies and developments in Nova Scotia apparently leave Sussex and Moncton the principal contenders for the Maritime championship.

Has Relic of Old London Bridge

London, Feb. 22.—A strange relic has just come into the possession of a London club. It is a plaque carved from a piece of wood which formed part of the first London bridge, built by Peter Colechurch in 1176-1208—that is, in the reigns of Henry II, and King John. This was the only bridge over the Thames in London until 1739.

Rows of wooden houses stood upon it with a chapel dedicated to St. Thomas Becket in the middle, as may be seen in the fine model in the London Museum. These buildings, which were periodically burnt down, were finally removed in 1739, but the bridge itself remained until 1832, after the present bridge had been completed.

CHURCH CONDUCTS MINIATURE FAIR

Attractive Affair Held at the Douglas Avenue Christian Church.

A bazaar in miniature was opened formally last evening at the Douglas Avenue Christian church, where a unique fair, a fairy tea room and all kinds of good things are displayed in a unique fashion. It will run for three days, ending Saturday evening.

Ralph W. Pugh was chairman of the affair and Mrs. George Scott general convener. Booths for candy, handkerchiefs, fancy work, ice cream and groceries are arranged with excellent taste. The ice cream is in charge of Messrs. John and Charles McEachern. Mrs. G. W. Gaynor and Mrs. George Armstrong supervised the baby booth.

The tea room upstairs is very tiny, but very attractive, with small tables lighted with many colored candles. The tea table was presided over by Miss Margaret Roberts. The table was centered with yellow daffodils in a silver basket and showed prettily from behind a framework of holly and white Christmas lanterns. The tickets were taken last evening by Mrs. L. Bailey. Mrs. Clive Pugh will pour this evening and Mrs. Margaret Adams on Saturday.

Miss Eva Armstrong is convener of the candy booth, and will be assisted during the three days by the C. G. I. T. group, the Misses Ida Israeli, Evelyn Roberts, Margaret Holder, Elsie Coleman, Stella Colman, Jean Leary, Winifred Armstrong, Vera Roberts and Marguerite Leary.

Mrs. William Phillips, wife of the pastor of the church, is convener of the handkerchief booth, and will be assisted by Mrs. William McEachern, Miss Dorothy Bennett, Miss Edith Henderson, Miss Hannah Marshall, Miss Sadie Naves, Miss Helen Whiteley, Miss Lilian Morrell, and Miss Vera Porter.

Miss Hazel Roberts is convener of the fancy booth and also of the groceries. This is under the supervision of Mrs. J. Mabee in charge and will be aided by Mrs. M. Adams, Mrs. Allers, Mrs. Armstrong and Mrs. E. B. Henderson.

Those assisting Mrs. Roberts in the tea room will be Mrs. A. G. Guy, Miss Nancy Van Horne, Miss Hannah Marschall, Miss Vera Porter, Miss Lorna Stanley, Mrs. Clive Pugh, Mrs. R. W. USED PREMIER TO ILLUSTRATE BOOK

Artist Drew MacDonald in His Young Days on Platform.

London, Feb. 22.—Few people are aware that Ramsay MacDonald was once the subject of a set of illustrations to a novel.

The late William Black, towards the end of his career as a popular novelist, had written a story which was to be serialized in Harper's Magazine. In the course of the story a young Socialist was introduced. It was almost the first Socialist to figure prominently in a novel, and the artist to whom the illustrations were entrusted was puzzled as to his subject.

He was recommended to attend a meeting of ardent young Socialists in London. He went to an obscure hall, and during the evening a young man with a striking distinction of manner addressed the meeting. "Here's my man!" said the artist to himself.

After the meeting he approached the young man and begged him to give him sittings. He consented, and in Harper's Magazine the result appeared in the effective portrayal of the Socialist hero.

That young man is the Prime Minister of Great Britain today.

FORMER ST. JOHN  
RESIDENT ATTACKS  
THE GOVERNMENT

Accuses Ferguson Administration of Being Greater Spender Than His Party

(Canadian Press Despatch)  
Toronto, Feb. 21.—Vicious defence of the financial policy and administration of the Drury Government was made in the legislature today by Hon. Manning Doherty, U. F. O. leader. He accused the present Government of spending more during their three and a half months of office than the Government of 1922 than the U. F. O. Government did in its eight and a half months' power in the same year. Harold Fisher, Liberal representative, was meeting the budget speech for its lack of programme for the coming year. He held that a balanced budget declaring that the people would not stand for a continuation of deficits which the treasurer had stated would exist for three or four years, in suggesting that Ontario should get together with other provinces to agree on a reform in succession by taxes on the people year.

Mr. Fisher congratulated the treasurer on taking that position at a time when two things were expected of him—that he should give the people year after year the things they wanted and at the same time reduce taxation. If the treasurer was to do his duty, he would be required to do both. He said that the budget and spoken two hours of the year just passed and only a few minutes of the coming year. Mr. Fisher said he thought the people were more concerned with the performance of the present Government than that of their predecessors. The provincial treasurer, Mr. Fisher, seemed almost proud of the deficit and claimed it was not his child. "As far as we Liberals are concerned, the present Government are concerned, the present Government are the cause of the deficit between them. I know that of the other, but I don't know which."

He could not reconcile a deficit of \$15,000,000 with the credit balance of \$18,000,000 in the banks. It did not seem good business to borrow money at 3 1/2 per cent. and deposit it at 3 per cent.

Hon. Mr. Doherty.  
Hon. Manning Doherty said that in the budget a blunder had been made and that the blunder was not by the Provincial Treasurer, but by the "main architect."

"This budget blunder was planned to be a tremendous tragedy has turned out to be a burlesque. Any tragedy can be turned into burlesque by the interjection of the element of exaggeration."

"But let us look behind the scenes. The Conservatives, furious because of four years of absence from the trough, had only three and a half months left of the fiscal year in which they could say to the boys 'come on and get your share and we'll blame it on the Ferguson.' That last three and a half months of the fiscal year 1923 was the greatest orgy of expenditure this province ever knew and I will prove it to you."

The Indians wanted \$100,000 and they came and got it. I hope they were all red Indians. Then they were all white. They spent all they could collect and as little as they could. They invited every body to send in their names as they could make the Farmers look extravagant on the year's showing. They weren't keen about revenue. Leave that to 1924 was the motto.

How Deficit Made.  
"The deficit is made in this way: Decreased revenue four millions, increased expenditures seven millions. For that decreased revenue we hold this new Government entirely responsible. The U. F. O. Government increased its revenue every year and we believe we could have done so last year."

"From accurate and official statements I have here," said Mr. Doherty, "I say that the old Government up to and including the day it went out of office, July 15, spent \$19,983,237 out of statutory expenditures and \$807,462 on special warrants or a total counting the warrants of \$20,790,699 for eight and half months of that year. "During the remaining three and a half months this government spent \$23,869,882. That is how and who spent the money."

INTERNATIONAL  
PEACE REMEDY

Paris, Feb. 21.—France's rights can be obtained rather through international peace than by France, declared Edouard Herriot, leader of the Radical Party, speaking at a luncheon of the Anglo-American Press Association. "We who represent the French democracy are as deeply concerned over France obtaining all her rights as other Frenchmen who are somewhat more noisy about it," he said. "They believe respect for French rights can be obtained only through force. We think the solution lies in international peace."

STRANDED SHIP  
HOLDS TOGETHER

Atlantic City, N. J., Feb. 21.—Driven almost a mile shoreward by heavy tides and gales that have prevailed since the first ground on the shoals off Little Egg Harbor Bay early Monday morning, the Atlantic Fruit Company's steamer Amelia was reported today to be within 300 yards of the shore. Coast guards of Little Beach station said today that the vessel was not in immediate danger, although it had listed a trifle. The crew require no aid.

MISS M. DOUCETT  
MISS GLOUCESTER

East Bathurst Young Lady  
Queen—Miss Newcastle Present

Bathurst, Feb. 21.—The women's carnival held tonight in the Bathurst arena was a success, being attended by the largest crowd yet seen in the rink. More than 1,200 people were present. There was an unprecedented variety of costumes skaters on the ice and the task of the judges was no easy one. The girls' first prize was awarded to Little Miss Mary Morse in a Japanese costume, second prize to Little Miss Mary Hains as Mary of Argyll. The boys' first prize was won by Tom Morse, who represented a page, while the second prize went to Donald McKinnon as Peter Rabbit.

Ladies' first prize was awarded to Miss Verne Hinton, who represented Miss America and the second prize to Miss Lillian Penny, who depicted a gypsy. The gentlemen's first prize was won by R. L. Doucet as Julius Caesar, and the second by John McMin as George Washington. The judges, who were three well known travelers, Messrs. F. W. Benson, H. L. Crocker and H. M. Dickson, awarded a special prize for the most original costume to Miss Ethel White, who represented the fire chief.

The Queen Chosen.  
The selection of Miss Gloucester, who for the coming year will receive recognition as the county's most charming young lady, aroused a tremendous amount of excitement and the choice of the judges finally fell upon Miss Mildred Doucet, daughter of Mr. and Mrs. Henry J. Doucet, of East Bathurst. The verdict was a very popular one and the crowd acclaimed Miss Doucet as the new young lady of the year.

Miss Newcastle, (Miss Annie Robinson), who graced the carnival with her presence, was called upon to present prizes and to accompany "Miss Gloucester" in heading a gala procession round the rink. The C. M. B. A. band accompanied the proceedings with a generous programme of selections, and after general skating by an immense crowd of skaters for several hours, the carnival passed into history. "Miss Newcastle" and "Miss Gloucester" were later the guests of honor at a special dance held in Gattain's hall where both beautiful young ladies held court like queens.

FAMOUS LONDON  
PUNCH MAN DEAD

Sir Henry Lucy ("Toby, M. P.") Passes Away at Whytethorn, Hythe, Kent

London, Feb. 21.—Sir Henry Lucy, widely known as "Toby, M. P." of London Punch and for many years a writer of novels and reminiscences, died last night at his country home, Whytethorn, Hythe, Kent.

Sir Henry Lucy was born at Crosby in 1845, was educated at Crescent School, Liverpool, and studied law in London. He was in Paris. His wife was Miss Nancy White, daughter of John White, headmaster of Crescent School. He was appointed to be a Liverpool merchant but in 1854 he joined the staff of the Shrewsbury Chronicle, going to the Pall Mall Gazette in 1870. In 1873 he became parliamentary representative of the Daily News, but resigned the same year and later became editor of the News, a position he held from 1886 to 1887.

In 1889 he joined Punch, creating the part of "Toby, M. P." which gave him a world-wide reputation as a humorist. He retired in 1916. He had written many works and diaries on parliament, including a parliamentary hand book and a history of the Home Rule movement at Westminster. He was the author of "Sixty years in the Wilderness," "Nearing Jordan" and many other books. He was knighted in 1909.

CONCERT FOR PIANO FUND.

Miss Louise Knight gave a concert of her usual excellence last evening at the King George school auditorium, to aid the school in obtaining a piano. The concert was given by Miss Knight and her friends, including Gordon Titus, principal of the school, spoke with enthusiasm of the kindness of Miss Knight and her friends in giving their time and talent for the object in hand. A pot of azaleas was presented Miss Knight by Miss Helen Dale, one of the teachers. More than 250 people attended the concert.

The soloists were Miss Knight, Mrs. J. R. Belyea, in elocution and C. Bourne, Miss Knight and C. Bourne. Miss Knight's performance was much applauded. The performers were very generous in responding to hearty applause. A quartette composed of the soloists and double trio in which Miss Mildred Bustin, Miss Elizabeth Doherty and Miss Elsie Spence participated, made a splendid musical treat. Miss Knight was assisted in the accompanying by Miss Florence Coster.

Floating Specks  
Before The Eyes  
Means Liver Trouble

When specks start to float before the eyes, when everything seems to turn black for a few seconds and you feel as if you were going to faint, you can rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of Milburn's Laxa-Liver Pills and clear away the accumulated mass of waste and poisonous matter from the stomach.

Mr. Chas. Aylard, Franklin, Ont., writes: "I used to be awfully bothered with floating specks before my eyes, headaches and sickness to my stomach. I took just half a vial of your Milburn's Laxa-Liver Pills and ever since I have felt as well as I ever did. Now I always keep them on hand."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cream, gives you a quick relief, even to fery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

Graduate Nurse Finds  
"The Perfect Remedy"

Graduate of National Temperance Hospital Tells of Remarkable Cases Where Tanlac Has Proved Effective.

"From my long experience as a professional nurse, I do not hesitate to say I consider TANLAC the most efficient and natural stomach medicine and tonic to be had. It is undoubtedly Nature's most perfect remedy, is for far-reaching statement given our publication, recently by Mrs. I. A. Borden, Seattle, Wash., a graduate of the National Temperance Hospital, of Chicago.

"I have used TANLAC often in treatment of my patients and my experience has been for keeping the stomach, liver, kidneys and bowels functioning properly, and for toning up the system in general, it has no equal. Tells of Case.

"About a year ago I had a lady patient who could not keep a thing on her stomach fifteen minutes, not even water. I prevailed on her to try TANLAC and after the sixth bottle she could eat absolutely anything she wanted without the slightest bad after effects.

"I had another patient who simply could not eat. I got him started on TANLAC and by the time he finished three bottles he was eating ravenously and had regained sufficient strength to return to work.

"These two instances are typical of my experience with TANLAC is unlimited. TANLAC is for sale by all good druggists. Over million bottles sold. Accept no substitute.

POPULAR CITIZEN  
DINED BY FRIENDS

Presentation Made to E. J. Cronin at Banquet in Local Hotel

About 25 personal friends of E. J. Cronin assembled at the Hotel Dunlop, last night, to honor the popular guest previous to his departure from the ranks of bachelorhood. He is to be married next week to Miss Florence Kierlin, of B. Dever, was chairman, and after an excellent dinner was served, Mr. Dever, in a brief and interesting address, spoke of Captain Cronin's ability as an officer, both on land and with flying corps overseas. He referred to the kindly regard in giving their time and talent for the object in hand. A pot of azaleas was presented Miss Knight by Miss Helen Dale, one of the teachers. More than 250 people attended the concert.

The soloists were Miss Knight, Mrs. J. R. Belyea, in elocution and C. Bourne, Miss Knight and C. Bourne. Miss Knight's performance was much applauded. GRATE GAS, SOURNESS AND PAIN  
HOW TO TREAT

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not to some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids, instead get from any druggist a few ounces of Bisuratel Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisuratel Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

RELIGIOUS TRAINING  
STIRS UP INTEREST  
OVER CONTINENT

Local Man Back From Sunday School Council Executive in Chicago

L. W. Simms has returned home after attending the annual meeting of the executive committee of the International Sunday School Council of Religious Education, held in Chicago, last week. Mr. Simms is a member of the Board of Trustees. Among the names one notes the well known names of Marion Lawrence and J. Shreve Dunham.

The Council has just issued its first year book, a volume of more than 180 pages packed with information regarding religious education work. Next month the Council will begin the publication of a monthly magazine styled The International Journal of Christian Education.

The growth of interest in religious education all over the continent has been remarkable and Mr. Simms produced an article from the New York Times of Feb. 18, giving a long report of a meeting in that city where Catholics, Protestants and Jews met, with more than 3,000 teachers in attendance, to discuss the importance of instructing every child in the faith of his father. The meeting was called by an organization of Catholic women and the speakers included Archbishop Hayes, Rabbi de Sola Pool, Rev. Dr. Howlett, Judge Crain, Judge Talley and Monsignor Lavelle. The last speaker said:

"I cannot think of any single task that should be nearer the hearts of those who love the American flag than that of having all our New York children under the systematic weekly instruction of the religious faith of their fathers."

The International Council.  
The Council whose meetings Mr. Simms attended last week in Chicago was formed in 1922 by the merging of two former ones, the International Sunday School Association and the Sunday School Council of Evangelical Denominations. The first named of these had been in existence 50 years. The new Council represents the entire Evangelical Sunday school work of the continent, and is the accredited official agency of 34 Protestant Christian Denominations in the field of co-operative, inter-denominational work in religious education, including the Sunday school, the Vacation Bible school and the Week Day School of Religion. The year book says:

"The bringing together in a co-operative effort of these great forces in the field of religious education has added a tremendous interest and impetus to the work, and the prospects

Those who assisted in serving were Mrs. H. S. Bissett, Mrs. C. H. B. Wright, Mrs. H. W. Ketchum, Mrs. E. B. Bissett, Mrs. W. P. Barnhill, Mrs. C. L. Jenkins, Mrs. Fred Noble and Mrs. Harry Lilley. Solos were sung by Mrs. Harry Armstrong, Miss Edna Conrad and William Lanyon, a piano solo played by Miss Lorna Cochran was heartily received, as were all the numbers. The ladies' quartette consisted of Mrs. E. F. Bissett, Mrs. Brunstrom, Mrs. J. Shonyo and Mrs. George Barrett. Dancing occupied part of the evening.

are most encouraging for the development of an effective system throughout the continent that will ultimately compare favorably from an educational standpoint with the system of general education that has been developed in the United States and Canada, but in Mexico, Cuba, West Indies and Hawaii.

It has to do with a long list of training schools for teachers, is actively associated with the World's Sunday School Association, carries on work among the negroes in their schools and colleges, has a home visitation department, and carries on a work which this year calls for a budget of \$175,000.

A reading of the reports submitted at last week's meeting in Chicago, filling a large-sized book, is at once an inspiration and a challenge to all who are interested in religious education; and conveys a clear knowledge of the far-reaching work of the Council.

GIVE PATIENTS CONCERT.  
St. Mary's Band gave an excellent concert last night at the Provincial Hospital in Lunenburg. The patients enjoyed the programme immensely and applauded generously. The music brightened them up and the staff of the institution expressed their gratitude to the kindness of the players, who were entertained after the concert by the matron and staff at luncheon. The band will give more concerts in public institutions next week, including one at the Municipal Home in East St. John.

Here's the Secret of Health  
Do you know why you catch cold, why you have chronic dyspepsia, why you have headaches, why you can't sleep, why you are weak, nervous, or depressed? It's because your system is run down. When the system is run down every organ becomes more or less affected. If any one organ is weaker than another, it is the first to succumb. For instance, if you have a weak stomach dyspepsia results—if you are subject to headaches it becomes more frequent and so on. No matter what your trouble, the first thing to do is to build up and nourish your system by feeding your nerves and enriching your blood. When you do this every organ in the body is strengthened. Carnol accomplishes this. Carnol is a blood-builder, a nerve invigorator, a stimulating and nourishing food, a flesh builder. Mr. Hill, the prescription specialist of New Westminster, B.C., has such faith in Carnol that he is pushing the sale of it at every opportunity. He knows from experience that its value as a tonic and this is what he writes:

"It indeed gives me pleasure to say a good word for Carnol. With the sales talk and general boost which it has had from this store, the sale of Carnol has grown from nothing at all to something worth while."—Frederic Hill, Prescription Specialist, 607 Columbia Street, New Westminster, B.C.

Carnol is sold by all good druggists everywhere.

POLICE PLEASED WITH DOG'S WORK

See Notable Performance Given by Trained Alsatian Wolf-hound.

London, Feb. 22.—"Hex," a slimy-built, graceful Alsatian wolf-hound, whose appearance suggested more of the handsome drawing-room dog than the police hound, tracked a fleeing "criminal" through a dense fog in the Crystal Palace grounds, seized the hand which gripped a menacing revolver, and held her quarry powerless.

"Hex," or, to give her the dignity of her full name, Hexevom Homer-Park of Welham, was put through her paces with many other intelligent examples of the breed, for the benefit of prominent police officials, who witnessed for the first time in England a demonstration of the capabilities of Alsatian wolf-hounds as police dogs—a purpose for which they have been used with wonderful results on the Continent, particularly in Germany, where the breed originated.

"Hex" is the property of F. N. Pickett, the well-known breaker-down of ammunition in the war. She had charge of the British ammunition dumps after the war, and won the French Police Championship in 1922.

The remarkable feature of her performance was the fact that the "criminal" was an old friend of her training days. Yet, on the command "Attack" she flew straight after him with never a bark, seized his leather-padded suit with the utmost ferocity, and hung on the more savagely in the face of gunfire. On one occasion, as she charged gamely to the attack, a single word of command caused her, in the act of leaping, to swerve, run quietly around her quarry, and trot unconcernedly away.

Police officials were frankly astonished at the discovery of capacities which promise to revolutionize police work in this country. The Alsatian is no mere tracker. It will serve as guard man or article, and act as patrol and escort.

Members of the general public were equally interested in the work of two dogs trained and controlled entirely by a woman.

Some of the dogs, however, were far below the standard of "Hex." By their sordid to demonstrate the importance of the work of the Alsatian Sheep, Police, and Army Dog Society (which organized the trials) in endeavoring to maintain the reputation of the breed as a first-class working dog.

It is understood that although Scotland Yard considers that the dogs are not of much use in crowded areas such as London, they are likely to be used in the dockyard and similar places.

PLAN HONOR TO BRAVE WOMAN

Would Name Light and Rocks After Heroic Ida Lewis

Newport, Rhode Island, Feb. 22.—The fame of Ida Lewis, brave light-house keeper, will be perpetuated in a way to make her name familiar to all mariners of the future, if a movement under way in this city and Washington is successful. Admirers of the woman who repeatedly risked her life to save seamen shipwrecked off the harbor here are trying to have the names of Lime Rock Light and Lime Rocks, in the southern part of the harbor, changed to Ida Lewis Light and Ida Lewis Rocks.

For many years Miss Lewis was keeper of the light. Not content with merely keeping the beacon burning, she personally assisted in the rescue of more than 20 men by rowing out to wrecked ships in her small boat.

MOTOR IMMIGRANTS A number of motor cars leads of new citizens for Vancouver will arrive in the city from Sioux City, Iowa, in a time next summer, according to information received by the Greater Vancouver publicity bureau from G. C. Topping, who will be one of the party.

In a letter to the bureau he made the somewhat ambiguous remark that they have "got plenty here." The publicity bureau is wondering whether it refers to wealth or is merely a way of saying that they are "fed up" with the United States.

"A party of a few cars is coming to Vancouver this summer to settle," writes Mr. Topping. "All will be well fixed financially. We will settle in the suburbs of your city, on five or ten acres if we can.

RECALLS OLDEN DAYS IN LONDON

Sir James Tells of Coaching Times and Sentry Boxes.

London, Feb. 22.—Only a fraction of one per cent. of the British population reach the age of 90, but Sir James Weeks Saluener, engineer, has just qualified for inclusion in that select body.

Sir James gives little indication of great age. He is a small, grey-bearded man of alert movement, strong voice, and vigorous faculties. He attends his offices two or three days every week, and, in addition, is one of the most active members of the Richmond Borough Council and Bench of magistrates.

Sir James said in answer to enquiries that he could not attribute his long life to any particular course of conduct. "I have never set before myself any rules as to diet or exercise," he said. "I have been a hard worker all my life, and I am a great believer in the maxim 'early to bed, early to rise.' For many years I was never in bed, winter or summer, after six in the morning.

"I am not, and never have been, a teetotaler, but I think that moderation in all things is good. Moderate drinking is not harmful to a man, but I do not smoke. I tried to once, but it made me ill, and I never made another attempt."

His mother was a Devonshire woman, and he was born in London.

QUEEN IN POKE BONNET

"My recollection of my early days is extraordinarily clear," he said. "I remember the appearance of Queen Adelaide, the consort of William IV., whom I saw more than once. She was of going about among the people, and she invariably wore an old poke bonnet.

"When I was at school we had a holiday on the day of the funeral of the Duke of Sussex, a son of George III. I was in the crowd when Queen Victoria, as a young woman, opened the Royal Exchange, and from the Strand I saw the funeral of the Duke of Wellington.

"In my youth London had no police, but watchmen, who were under the control of each parish in which their 'beat' lay. They had sentry-boxes in which they took refuge during rough weather, and I remember that these boxes were an unfailing source of amusement to the young bloods of the day, who frequently turned them over when the occupants were inside.

"There were oil lamps in the streets and their dim light was favorable to pranks and to crime. Murders, high robbery and acts of violence occurred much more often than they do now.

Coaching Days. "Coaching was the method of traveling—a good many of the coaches used to start from Piccadilly-circus, a very different place then. It was quiet and paved with macadam, and the houses were small and old."

"I was Mayor of Richmond in the year that the Prince of Wales, and the Duke of York (the present King), and I have a portrait of the present Queen with the baby in her arms and of the Duke and Duchess of Teck and the Duke of York (the present King). "I knew the Queen well when she was a girl. She was a perfect tomboy when she lived with her parents at White Lodge. She gave me a signed portrait of herself, which her father, the Duke of Teck who was often in my house, said was a better portrait of the Princess—she then was—than he had himself."

Sir James said it seemed to him that in these days young men did not take enough interest in their work, and went in too much for sport. "I played cricket in my young days, but I never allowed it to interfere with my work," he said.

IN AID OF FAMILY The basket school held last evening by the Glen Falls Community Club was well attended and a good sum was realized, which is to go to the family of a returned soldier who died recently. George Buckley acted as auctioneer. It was announced that the programme for the entertainment to be given for the recent fire sufferers at Coldbrook, would be made public soon.

Pittsburg Firm Takes Lead in Move to Improve the Schools.

Woodland, Pa., Feb. 22.—Believing that the education of children in districts remote from centres of population with their modern advantages, can best be carried on by consolidating district schools into one well organized institution, officers of the Harcon-Walker Refractories Company of Pittsburg have made a novel proposition to the local board of education.

There are five old wooden school buildings in the community, all of them carried on under the generally accepted plan that children must be educated, but that environment has no influence upon them. Here the children go from day to day, the drab and unattractive surroundings of the old system ever present. They leave school as soon as possible, some of them to get away from the monotony, and are soon at work, with only a smattering of what they ought to know, even though they are never to take a commanding place in the community.

To get away from this, Hamilton Stuart, vice-president of the refractories company, has proposed to the school board that it buy all the old school houses. In their place he would erect, at some central point, a modern well equipped building to house all of the children. Here, Mr. Stuart told the board, they can have the advantages of a large and better school, and a part in the many activities which have come to mark the public school system in more important communities.

As a further inducement Mr. Stuart offered to bear all the expenses of building an auditorium to be used in connection with the school. This auditorium is to be furnished and equipped in the most modern manner, and is designed materially to carry out the idea that massing the students under one roof will open the way to many pleasant and profitable activities hitherto unknown in the community.

GENEROUS BEQUESTS

Advance reports of the contents of the late William Braid's will underestimated the size of the legacies bequeathed by the wealthy merchant to his family, friends and personal friends in this city, says the Vancouver Sun.

Instead of \$10,000 the School for the Blind receives \$40,000 and instead of \$5,000 the Provincial Home for Incapacitated receives \$20,045. The Scottish Free Church receives \$4,000.

The legacies to his personal friends in this city which were rumored to range from \$5,000 to \$15,000, run in fact as high as \$60,134.

"If we meet the devil, which of us do you think he would take?" "Me, of course!" "How so?" "Because he is sure of you in any case!"—Tyrhans (Christiania).

REDS WILL TRY CHURCH HEADS

Moscow, Feb. 21.—The Patriarch, Ambrosia, head of the Orthodox church of Georgia and Armenia, and six members of his council, have been ordered tried for counter-revolution. It is charged that they appealed to Genoa Conference for Georgian independence, demanded the evacuation of the Red Army and interfered with church treasures.

SUNBURY COUNTY LICENSE IS SOLD

Fredricton, Feb. 21.—The timber license to three square miles on the head of McKenzie Creek and Fork Brook, military training ground, Sunbury county, was sold at auction by the Department of Lands and Mines today to Harold M. Young, of Fredricton, at the upset price of \$20 per square mile.

ELECTRICITY MAY UNCOVER GOLD

Is Planned to Use it to Get Millions in the Alaska Placer Field.

Anchorage, Alaska, Feb. 22.—The use of electricity, generated from coal slack in the sub-bituminous mines of the Healy fields, is one of the plans under consideration as a means of uncovering the estimated \$200,000,000 in placer gold believed to lie in the gravels of the Tanana valley around Fairbanks, Chatanika and adjacent points.

The proposal is being investigated by Professor Charles E. Bunnell, president of the Fairbanks agricultural college and school of mines. Experts have expressed the opinion that electricity will solve a problem that has been baffling.

In the frozen creek beds there is no trouble from water and pumping is obviated. Yet in other places it often happens that "live" water is encountered just when the prospector is ready for sampling, and elaborate pumping operations are required. Electrical pumping is said to be feasible, while pumping, when necessary, would be reduced greatly in cost by the use of an electric pump.

If electricity is employed, it will be transmitted a distance of approximately 110 miles to Fairbanks and distributed over an area of 50 square miles. Lack of capital has retarded the development of this region. It is held that the cheapness of the electricity would remove this obstacle.

One mine operator of the district reported that last year he took out more than \$100,000, but made a profit of only \$2,000, owing to the overhead cost.

With seemingly inexhaustible coal fields supplying fuel for winter generation, and the released water power of summer producing electricity during the next months, it is predicted that the open decade will see electricity supplanting all other power in Alaska and supplying the medium through which the mining of precious metal, especially gold, will become a conservative commercial venture instead of a romance with attendant hazards.

UNREASONABLE TAXES DECLARED SUICIDAL

"Unreasonable taxes are suicidal," says Alberto De Stefan, Minister of Finance of Italy in Forbes Magazine (N. Y.). "The Fascist administration is planning to reduce taxes and it has already made some notable reforms.

"We are going to make Italy an oasis for those with capital to invest. We have already abolished all taxes on inheritances in the family group. We have passed a law in Italy from paying an income tax and we have abolished the compulsory personal ownership of titles.

"To the lay mind these provisions may seem too protective of capital and, therefore, anti-democratic, but that is an old notion which modern experience has proved unsound. The Italian people have learned, by experience, that when capital is persecuted poverty ensues. Capital is the instrument of labor. Reduce its power by excessive taxation, hamper its movement by too strict control, and labor suffers in the end. The Fascist government is decidedly capitalist, which does not mean anti-democratic."

Why?

Unquestionably the reason for the above splendid record lies in the unparalleled dollar for dollar value found in Willys-Knight and Overland Motor Cars. Accept a demonstration in one of our wide range of 1924 models. Realize the truly wonderful value offered. A value which—taking the tremendous January increase as a basis for judgment—it is confidently expected will make 1924 the greatest year Willys-Overland has ever known in Canada.

Perfect in tone and design!

THESE NEW Columbias represent a determination to produce a phonograph that would be perfect in the two main essentials—tone and design.

The Columbia tonal beauty comes from such exclusive features as the new silent motor, accurate as a high grade watch, our new International reproducer, straight brass tone arm, tone control leaves, and the mellow, high quality woods we use.

The NEW Columbia designs—simple and quietly elegant—fit harmoniously into any surroundings. Here is grace of line and beauty of cabinet work that you will delight in for years to come. Add to these, such improvements as an automatic start—the motor starts when the tone arm is moved over to place the needle on the record—and an automatic stop which needs no setting whatever—a new one hand top and prices just about half of what they would have been a few years ago.

Hear the NEW Columbia—preferably playing the recent silent surface Columbia records. Columbias are priced at \$62.50, \$95.00, \$125.00, \$150.00, \$175.00, \$200.00 and \$225.00.

### UNITED STATES SHIPBUILDING DROPS 96 PER CENT. IN YEAR

#### Situation Regarded as National Menace by Shipping Men.

Shipyards of the United States produced 96 per cent. less tonnage last year than they did in 1919 and 1920, says the bi-monthly Bulletin of the American Bureau of Shipping, which warns that unless we maintain adequate shipbuilding facilities we shall be "as impotent as jellyfish" to defend our shores from foreign attacks.

### HALIFAX MAY HAVE NEW HOTEL

Spring Garden Road may be the location for the big hotel which a syndicate of local men have been exploiting for months, says the Halifax Echo. This morning options were taken out on a number of residences of prominent citizens at and near the corner of Spring Garden Road and South Park street, and indications are that the plans which appear at present to have evolved, materialize, that the modern hotel, which has so long been talked of, will be erected on this corner. If the scheme progresses to the point of building the hotel will occupy the greater part of that portion of Spring Garden Road between Brenton and South Park streets and also a goodly portion of the latter street.

St. John needs such an hotel as the Admiral Beatty. It will be a very great attraction in summer, and there is no reason why it should not develop a winter patronage not hitherto available. It will be of great value in a publicity campaign for the tourist business which means so much in spot cash to be able to tell prospective visitors that in the Admiral Beatty they will find the very best accommodation. St. John has much to gain from the tourist traffic, and that traffic is coming in larger measure every year. The city which lacks a first-class hotel is heavily handicapped. Because it attracts people who spend money liberally such an hotel as the Admiral Beatty is a civic asset, and the project deserves the support of the citizens.

Speed Kings Enter For Great Skating Races Here Next Week

NEW STARS AND FLASHES WE HAVE SEEN TO GAZETTE WITH GORMAN FOR MASTERY

Sensational Performers Coming to Arena to Battle for International Title—Entries 109 Up to Last Night—Means Great Meet on St. John Ice Next Week.

The best hopes of the St. John Skating Association executive for the keenest of competition in the International Indoor Championships at the Arena next week were realized last night when the secretary received a list of entries from the skaters who have been speeding over the ice at Saranac Lake and at Lake Placid. Head of the list is Charlie Gorman, the most sensational performer of the season, king of all skaters at the 440 distance, and the national champion of the United States.

St. John will have the pleasure of seeing him on the Arena ice on the opening night of the races here and on the two successive nights of the meet in the big North End rink, for he is entered in all the senior events.

GORMAN'S NAME HEADS LIST. His entry was the first one on the list received from Lake Placid last evening and no doubt he was given that place of honor because of the notable work he has been doing and the outstanding position he has won this year. And so there he is at the forefront of the names of speeders who will be here for the championships on the Arena ice next Monday, Tuesday and Wednesday evenings.

Confirming Gorman's entry and his coming to his old home town for the big competitions was a conversation which R. S. Sims had with Charlie over the long distance telephone during last evening. Mr. Sims has been interested in Gorman for some time and has followed his fortunes in sport with close touch and has been elated at the success he has been attaining this season beyond all previous ones and over the speediest that could be placed in contest against him.

As a member of the skating committee in charge of next week's meet, Mr. Sims called up Charlie at Lake Placid last night and had a chat with him over the fine work he has been doing and telling him of the enthusiasm which has been aroused by his winning of the National honors in the United States and by his establishing of a new world's record in the 440 yards. Gorman was very glad to have this call from his friend and told Mr. Sims he would be on the ice at the Arena for all the events next week.

Other Fast Ones. Here are others of the high light seniors that will be in the St. John competitions and whose entries came in last evening: Richard Donovan, Frank Garnett, Roy McWhirter, A. Neuffer, Leslie Boyd, Eddie Glover, Ed. Reid, E. Myers, E. Murphy, F. Allan, R. Hearn, R. Reid, Paul Forsman, Fred Buendgen, Orlie Green, Allan Potts, Walter Gayton, Leslie Bridges, B. O'Connor, Albert Neal, Thomas Haisall, S. Kane, F. A. Perry, Thomas Dean, Anthony Andryca, Leo Floyd.

There is also a possibility that Joe Moore and Harry Kasey will come in in post entries if they can secure extension of time, the one from his work and the other from his studies. This, however, is not regarded as a matter affecting the meet for these skaters have not been going so well this season and the men who will be at the Arena have shown their heels to them on the various tracks.

The names of the men who would be in the competitions here were not available until last evening because of this fact. The committee held back as long as could be in order to have the best selection for the St. John coming to the fore and making the more seasoned performers take second and third places.

These Are Depots For Skate Meet Tickets

Here are the places where tickets for the International Indoor Skating Championships on Monday, Tuesday and Wednesday, at the St. John Arena, may be purchased. The committee urges you buy them now.

from the International meet at Lake Placid will not reach the city until the early train Monday morning. This is caused by the delay due to the postponement of one day at the Lake Placid meet on account of the snow storm.

GORMAN WAS SET BACK IN HALF MILE

Finished First, But Was Disqualified for Unintentional Foul. Charles, Gorman, National Skating champion, had hard luck yesterday in the International meet held at Lake Placid. In the half mile event he started one of his famous sprints on the home stretch and unfortunately struck Donovan as he already crossed the line. Spectators considered the foul purely accidental and regrets were expressed when the judges met back. In the three-quarters mile he finished in third position.

William Logan, the star junior skater, won the half mile for boys under 18 in the fast time of 1:25. There was only one event in his class. The races were held yesterday under trying conditions as the skaters had to face a strong wind and drifting snow. As a result of this the time in some of the events was slow. The final of the meet will be skated Saturday afternoon.

THE SUNDAYS. One-half mile, won by Francis Allen, Chicago; second, Paul Forsman, New York; third, Richard Donovan, Saranac Lake. Time 1:24. Three-quarter mile, won by Richard Donovan; second, Harry Kasey; third, Charles Gorman, St. John. Time 2:04-5.

Point score for meet: Kasey, 60; Allen, 50; Donovan and Gorman, 40; Roy McWhirter, Chicago and Forsman, 20; Bobby Hearn, Chicago; Orlie Green, Saranac Lake; Allen Potts, Moore, 20; Stettin, Chicago, 10; Gorman, 10; and McWhirter, 10. 220 yards, boys of 14—won by G. H. Smythe, Moncton; second, Raymond Murray, New York; third, B. Bishop, Saranac Lake. Time 22-3 seconds.

220 yards, boys of 16—won by Carl Parody, Lake Placid; second, Dan C. Vanerwick, Saranac Lake; third, Francis Vetter, Saranac Lake. Time 20 seconds flat. (Equal to senior event time).

440 yards, boys of 10—won by James Davignon, Lake Placid; second, Francis Tobin, Lake Placid; third, James Murray, Lake Placid. Time 1:03-5. One-half mile, boys of 18—won by William Logan, St. John; second, James Sheffell, Lake Placid; third, B. Bishop, Saranac Lake. Time 1:25 flat.

One-half mile, boys of 14—won by Floyd Bissonette, Malone; second, C. J. Smythe, Saranac Lake; third, Raymond Murray, New York. Time 1:46.

IRISH KID WILLIAMS. GREENLEAF LEADS IN BILLIARD PLAY

Increases His Advantage in National Pocket League Championships.

New York, Feb. 22.—Ralph Greenleaf of Philadelphia has increased his lead in the National Championship Pocket Billiard League during the last two weeks and now has an advantage of nineteen full games over Benny Allen of Kansas City, who has moved into second place. In the National Championship Three-Cushion League, Robert Cannex of Detroit holds a two-game lead over Otto Reisch of Philadelphia. Greenleaf has won fifty-eight games and lost ten. Allen has won forty-eight and lost twenty-eight. Allen now is second to Greenleaf in the high run division, being credited with 92 against a 101 for the champion, Frank Taberski, who has recovered from his illness, has moved from tenth position to third during the last month and now has a record of forty-five victories and one game behind second place. St. Jean of Minneapolis holds fourth place over Rudolph of Manhattan by a margin of a few points. St. Jean, however, still is the best game record holder. Greenleaf's best game was three innings. The champion holds the record for the two best games, running out 300 points in the last four against Jerome Keogh in Rochester. That was the same day he made his high run of 101.

Cannex has won thirty-six games and lost ten against a record of thirty-four victories and sixteen defeats for Reisch. Johnny Layton of St. Louis is in third position and Nick Copulos of Cleveland is fourth. Copulos holds the high run record, his mark being 17. Augie Kieckhefer of Chicago holds the record for running out one game in thirty innings.

DOG DERBY WINNER WILL ACCEPT DEFERRED

Morgan Posts \$1,000 for 200 Mile Race Against Bjorkman.

The Pas, Man., Feb. 22.—Sture Bjorkman of Winnipeg, who was disqualified in the 1920 The Pas dog derby owing to the peculiar make of his sleigh, has challenged C. B. Morgan of the Pas for a 200-mile race without restrictions as to the number of dogs or the style of sleigh used. Morgan, who won the 1920 dog derby, has been employed by manager of the high. McEgown cares to cover it.

ST. JOHN TROJANS WIN ANOTHER GAME

Defeat Dalhousie University Team by a Score of 24 to 21.

Halifax, Feb. 21.—The Trojan basketball team of St. John, N. B., followed up their victory of last night over the Wanderers by defeating the Dalhousie University players tonight in a fast and closely contested game by a score of 24 to 21. The Trojans lacked the strengthening influence of Kerr, their star defence man, who, following last night's game, returned to St. John. The game was contested from the first face-off, but despite Dalhousie's strongest efforts they were unable to break up the fast combination and team work of the St. John players. At the half the score stood 12-10, with the Trojans leading. The game was exceptionally clean as is evidenced by the fact that only one penalty throw was registered throughout the whole game. The Trojans play Mount Allison in Sackville tonight and Moncton tomorrow night.

MAY ORGANIZE GIRLS' LEAGUE. A girls' senior basketball league is being organized in the city, for the first time since 1922. An announcement respecting this new league is expected to be made during the next few days. Already several of the girls' organizations having basketball teams have signified their willingness to enter.

BIG CROWD AT RACES AT SOUTH END RINK

Events Keenly Contested—More to be Held This Evening.

About 1200 people witnessed the skating races held in the South End rink last evening under the auspices of the St. John Improvement League despite the inclemency of the weather, and were well repaid for their attendance. Every event was closely contested, especially the senior mile, which was won by Lester Bridges, with Mac Gray a close second in 8 min. 21-2 seconds.

Only the preliminary races in the junior events were raced last night, the finals being on the card for this evening. The races tonight started at 7 o'clock. The result of the skating last night follows: Twelve Years and Under, 220 Yards. First heat—1, W. Buddey; 2, Little-John; 3, Chas. Payne. Time 27-4-5. Second heat—1, W. King; 2, K. Oram; 3, W. Shortis. Time 27-1-5.

Fourteen Years and Under, 440 Yards. First heat—1, A. Maxwell; 2, K. Lewis; 3, G. Smith. Time 66-4-5. Second heat—1, B. Scott; 2, L. Vincent; 3, T. Logan. Time 64. Sixteen Years and Under, 880 Yards. First, K. D. MacAlpine; 2, G. Dowie. Time 1:48-2-5. Second heat—1, E. Sparks; 2, F. Bridges. Time 1:48.

Eighteen Years and Under, 1 Mile. First, F. Howard; 2, F. Bridges; 3, K. D. MacAlpine; 4, M. Rogers. Time 3:24-3-5. Girls, 440 Yards. First, H. Maxwell; 2, L. Maxwell; 3, B. Hurley. Time 58-1-5. Senior, 1 Mile. First, Lester Bridges; 2, Mac Gray. Time 3:21-2-5. Officials. Referee—H. Evans. Judges—J. C. Chesley, F. T. Lewis. Starter—Hudson Breen. Timer—Chas. Nixon. Clerk of Course—Wm. Frost; Assistant—Wm. Allen. Scorer—H. Warren. Patrol Judges—Jas. McGovern, G. Ward, A. O'Brien, R. Knox, S. Wetmore. Announcer—Robt. Atchison.

PROMISES TO BE A GOOD MATCH

St. John vs. Maine University at Hockey in Arena Tonight.

The international hockey game at the Arena tonight between the University of Maine and the St. John teams will be an event of no small importance in local hockey annals. In view of its being the first time an international hockey game has been played here invitingly have been extended to the American consul and his staff to attend as well as the Mayor and commissioners of the city. Thus the game takes on the aspect of a social as well as a sporting event. Miss St. John has kindly consented to act in her capacity as the St. John Queen of Sport by facing off the puck. Sandy Thorne, the veteran sport writer, is credited with the statement that the St. John team, as at present constituted, is the best that St. John has ever produced. There is no doubt about it that it is a mighty good team and could make any Maritime Provinces team travel some to beat it on local ice.

With Nicholson in goal and Capt. Brad Gilbert and Richard and Hallysey taking care of the defence, it is no easy job to score on the local team. Jimmie Gilbert, at centre, is playing better hockey today than he ever played, and the combination of Monteith and Kiley on the wings gives St. John perhaps the speediest forward line in the Maritime Provinces.

Short at centre and Gregg on right wing are two heady players who can hold their own with the best. The Maine team has a goal keeper in Baxter who is a corker, and Elliott at centre is reported to be very fast, while Stearn on the wing is a dangerous player.

PLAYERS FINED FOR MISCONDUCT

Noble and Randall Must Pay Fifty Dollars for Starting a Fight.

Montreal, Feb. 22.—Players Noble of St. Patricks and Randall of Hamilton, are each fined \$50 for misconduct in the game played in Hamilton Wednesday, with a caution that a recurrence of the offence will bring down suspension. This was the ruling given to the Canadian Press last night by President Frank Calder, of the National League, with regard to the mix-up of these players at Hamilton on Wednesday night.

600 STUDENTS WILL SHOVEL DIRT FOR GETTYSBURG FIELD

Gettysburg, Pa., Feb. 22.—Each of the 600 students of Gettysburg College has volunteered to shovel a wagonload of dirt and to give \$1 as his contribution to the new memorial athletic field, plans for which have been approved by the Executive Committee of the Board of Trustees. Work will be started at once. The new field will consist of a gridiron and a baseball diamond, each being independent of the other. A new track will be built on the site of the old field. The swamp north of the latter field will be drained and twenty tennis courts erected there. Dr. Henry W. A. Hanson, president of the college, said today: "Our idea is to have every student in this institution engaged in some kind of athletics. When we have the proper facilities, we are going to ask every student to participate in athletics, believing that a sound thinker must have a sound body."

HEYDLER ANSWERS RUTH'S STATEMENT

National League Official Says Their Fences are Not Closer.

New York, Feb. 22.—A statement attributed to Babe Ruth at Hot Springs to the effect that he could hit seventy home runs if he played in National League parks yesterday drew a rise out of the National League offices in this city. Said an official communique from John Heydler's headquarters: "The official figures show that National League parks are really larger than those of the American League. There is but little difference in the general average, but what difference there is, strange to say, actually favors the other circuit."

In Philadelphia, with its markedly small park, the right field wall, favorite mark for left handed home run clouters like Ruth and Williams, is only 272 feet from the plate. But this wall is much higher than most right field walls. Really the low left field fence, 335 feet from the plate, is easier to shoot at, for a ball will often bounce over this wall.

FREDERICTON BEATS MAINE COLLEGIANS

Fredericton, Feb. 21.—Fredericton easily defeated the University of Maine hockey team this evening in the first game of the visitors' New Brunswick tour by a score of 14-3. The visitors, while putting up a good exhibition of combination play, were outskated and away below their lighter opponents in ability to stick handle. Baxter, for the collegians, played a wonderful game in the nets, turning aside shots by the dozen.

CALGARY DEFEATS EDMONTON

Edmonton, Feb. 22.—Calgary defeated the locals two to one in a hard fought game last night.

FREDERICTON HIGH GAMES IN CITY WINS HOCKEY TILE BOWLING LEAGUES

Capital Team Defeats St. John Schoolboys 10 to 0

Fredericton, Feb. 21.—Fredericton High School clinched their claim to the championship title in the Intercollegiate Hockey League here tonight by defeating St. John High School 10 to 0. The score was the same by which Fredericton defeated the visitors on their own ice in St. John recently. The game was clean and fast and made for the visiting team by the cool work of Legate in the nets. The yellow and black were in excellent form, and showed the benefits of careful coaching and training. Fredericton wins permanent possession of the interscholastic trophy by virtue of having won the interscholastic title for three consecutive years.

HEYLER ANSWERS RUTH'S STATEMENT

National League Official Says Their Fences are Not Closer.

New York, Feb. 22.—A statement attributed to Babe Ruth at Hot Springs to the effect that he could hit seventy home runs if he played in National League parks yesterday drew a rise out of the National League offices in this city. Said an official communique from John Heydler's headquarters: "The official figures show that National League parks are really larger than those of the American League. There is but little difference in the general average, but what difference there is, strange to say, actually favors the other circuit."

GIVES GOLF COURSE FOR PUBLIC USE

London, Feb. 22.—London has about eighty golf courses within easy reach, but neither she, nor the South of England generally, lays herself out to provide courses for the comparatively few golfers who belong to no club. Within the last year or two a course has been opened at Richmond Park, where anyone may play for a small fee, and within the next few weeks Sir Harry Malby-Deeley is to present to the public the Prince's Golf Course at Richmond. Surrey. It is a handsome gift, as Sir Harry, who is chairman of the existing club, will pay the rent of the clubhouse for a year, will maintain the course at his own expense for three months, and will discharge by purchase all the present club's debentures. The course and clubhouse cost something like \$50,000 to construct. The new club will be run on the same lines as the one in Richmond Park, where anyone may play for a small fee, and within the next few weeks Sir Harry Malby-Deeley is to present to the public the Prince's Golf Course at Richmond. Surrey. It is a handsome gift, as Sir Harry, who is chairman of the existing club, will pay the rent of the clubhouse for a year, will maintain the course at his own expense for three months, and will discharge by purchase all the present club's debentures.

ALL READY FOR BIG BOXING CARD

28 Rounds in the Ring are Scheduled for Tonight's Show.

Jimmy Fruzzetti and Irish Kid Williams appear to be in the best of condition and capable of traveling at top speed at tonight's Armories boxing show. The Irish lad is a rugged boxer with heavy shoulders, deep chest, long arms and exceptionally powerful hands. Williams is confident of winning over Fruzzetti and referred to his ring record of over 200 contests without a knockout against him.

Nimbered among his opponents are Johnny McIntyre, Johnny Dundee, Frankie Buff, Eddie Wallace, Kid Kaplan, Jake Reimer, Sammy Waltz, Willie Jackson and Willie Gradwell, who is well known to St. John.

28 rounds of fighting are scheduled for tonight's show. The first bout will start at 8 o'clock and the doors will be opened to the public at 7:30 p. m.

Much interest is being taken in the preliminary bouts. Kendry, who was easily the master of Croff in workouts, will cross the ropes with Gordon Paris, the St. John favorite.

Mike Honeyman is due to clash with Machine Gun Smith in a six-rounder. Earl Penny and Young Al Stockley will open the programme over the four round bout.

KID NORFOLK TO MEET ANDERSON. Claimant of the Lightweight Championships is Ready. New York, Feb. 22.—Kid Norfolk, who claims the Lightweight championship, and Lee Anderson have been matched for the feature two-round bout at the Commonwealth Sporting Club in Harlem Saturday night. Anderson, who has never boxed in New York before, is the only lightweight-weight of his race who has scored a knockout over Norfolk. Both Wills and Sam Langford have stopped the Baltimore boxer, but each time Norfolk was under a heavy handicap in the matter of weight. Norfolk has been anxious to wipe the stain of the Anderson knockout off his record, and now that the chance is at hand he expects to do it in short order.

FRUZZETTI vs. WILLIAMS TONIGHT

Doors Open At 7.30 P.M. First Bout At 9 P.M. Jimmy Fruzzetti, the slashing, dashing, crashing lightweight vs. Irish Kid Williams, the clever, tricky and tough lightweight. Gordon Paris vs. Jim Kendry—The tough local welter will try to plaster the ex-sailor. Mike Honeyman, of England, vs. Machine Gun Smith, of St. John. Earl Penny vs. Young Al Stockley. Reserved Seats, \$1.50—General Admission, \$1.00. Reserved seats on sale at Herman's Tobacco Store, Charlotte St.; Union Quick Lunch, Union St.; Cigar Box, Mill St.; Young's Restaurant, King Square and at the Armories. Results of Lake Placid meet announced from the ringside. Fruzzetti vs. Williams.

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

BROADWAY'S DIZZY WHIRL GOES ON  
AS ANOTHER GIRL PAYS WITH LIFE

Louise Lawson Follows in  
the Trail of Dot King  
and Others.

(By ALEXANDER HERMAN.)  
New York, Feb. 22—In a notorious Broadway cabaret a table is vacant for the first time in years. It stands as a silent tribute to the queen that once reigned over it—nightly.

For down the steep trail blazed by Dot King, and other Broadway Butterflies who paid their tolls with death, has gone 24-year-old Louise Lawson. She came from Walnut Springs, Tex., to make her way in the big city—and ended in its morgue.

In the wake of her brutal murder in a costly apartment on the West Side just off Central Park, comes the usual sensation involving wealthy men prominent in financial and social circles. There are stories of wild nights, champagne parties, week-end trips to the country, and "heavy-sugar" daddies.

But soon there will be another queen, and Broadway will forget. For the mad merry-go-round whirls on... and on...  
Family Hopes Dashed.

But down in Walnut Springs they will never forget. For the Lawsons, prominent in the little Texas town, sent their girl north to develop her career.

She was talented, both as musician and actress. Her family had high hopes of seeing her name blazoned forth over some theatre or concert hall.

But in the six years that she was here she did not get more than half a dozen theatrical engagements—none of which were of more than minor importance.

Her musical training was a bit more successful. Through her playing she made many friends—some of whom are prominently mentioned in the investigation of her murder.

Her life became a gay one. She moved into a three-room apartment in the fashionable "Monastery"—opposite the Museum of Natural History.

There she had a colored maid come in at 11 o'clock in the morning to awaken her and give her breakfast. For her parties usually broke up late.

Maid Finds Her Dead.  
But one morning there was no awakening her. This is what the colored maid found.

Her mistress, dressed in a blue dressing gown, lying strangled in her bed, near a pink blanket; her white wire-haired terrier pet "Cassius" on another room; drawers upset; papers scattered all over the floor; jewels gone; a half-empty champagne bottle standing on the ice-box; postcard pinned down on the red drape over the piano.

Among these was one of Gerhard M. Dahl, former vice-president of the Chase National Bank, now a broker and chairman of the executive committee of the Brooklyn-Manhattan Transit Company.

His was the first name dragged into the case. He is more than 50 years old, prominent in social life and married. His wife is away in Florida.

"I have known Miss Lawson and her mother for some time," he says. "She was a young woman of excellent family, personal charm and exceptional musical promise."

Police believe the motive of the crime to be robbery. But Broadway's whispering tell of other things.

They tell of lavish presents, wealthy admirers, limousines that drove up to her door daily, night revels and expensive excursions.

Miss Lawson was on the Angier B. Duke party when the heir of the \$5,000,000 estate of Benjamin B. Duke was drowned in Long Island Sound last September.

Dot King's Story.  
Her tragedy closely parallels that of Dot King, Broadway favorite, who was found murdered ten months ago in an apartment just a mile away from Miss Lawson's.

Both girls were well known along the White Way. Both girls were found murdered in bed. Both were believed to have been killed by a man. Both knew wealthy persons. Both were young and pretty.

Dot King's murder has never been solved. But the police say they are bent on getting to the bottom of the new mystery. Perhaps they will.

But it won't do the family in Walnut Springs much good. Their child is gone and their happiness shattered.

TO BE MARRIED.  
Mrs. Peter Caverhill of Southampton, N. B., says the Gleason, announces the engagement of her daughter, Anna Cox to H. Earle G. Burnett, of Hawshaw, N. B., the marriage to take place in the near future.

PRODUCE PRICES.  
The price of \$2 being paid for potatoes is very satisfactory and may not go lower, says the Hartland Observer. Hay hangs at \$11 and oats at 40 cents. Eggs and butter bring respectively 40 and 50 cents.

\$100 Prize Offered  
For a Movie Sketch

New York, Feb. 22—Here's a chance for someone in the country to make \$100. On March 29 the annual Naked Truth dinner of the motion picture industry will be held at the Hotel Astor in this city. Herbert Hoover, Will Hays, Will Rogers, and about every important screen personality will be there.

Among novelties planned will be a short comedy sketch, to be acted by picture people and to be written by anyone who knows how to make a typewriter rattle off laugh getters. The contest to write the sketch is open to all.

Here are the conditions:  
1—Anyone may enter.  
2—Sketch must be short enough to be played in 15 minutes, and it must be funny.  
3—Subject must pertain to motion pictures.  
4 All manuscript must be in hands of judges by March 4.

Now get busy and mail your manuscripts to Judges Contest, care Publicity Department, Famous Players, 485 Fifth Avenue, New York City.

"TIN PAN ALLEY"

Objection to Name Raised  
by Herbert in Behalf  
of Composers.

When the members of the Society of American Composers, Authors and Publishers met at luncheon the other day Victor Hebert was one of the company who protested against the use of the name "Tin Pan Alley" to describe the artistic activities of the men and women who write popular songs, says the New York Herald.

The song writers feel that their contribution to the joy of the nation is too important for them to be described by the derisive name of the thoroughfare in which the publishers used to do business.

The composers have not only outgrown Tin Pan Alley topographically, but in their professional relation to the rest of the country. The title was applied to the block of Twenty-eighth street extending from Broadway to Sixth Avenue. Twenty years ago it resounded with the efforts of the two finger Beethovens, who composed rags and other popular ditties, which were tried out by singers who filled the metropolitan air with their melodies. The music business followed the northward march of amusement and recreation beyond their original alley, as well as of much greater significance in the life of the country.

When the song composers had their existence in Tin Pan Alley their output was sung in musical plays and "crazy theatres." It was played at dances and repeated on some of the phonographs of that day, all to a slight extent in comparison with its use today. Now the number of persons who hear and sing a popular song is enormously increased. The radio as well as the other mechanical processes for repeating music have greatly widened their appeal. The man who cared not who made a nation's laws so long as he wrote its songs would have a more widespread means of reaching the heart of the world than he ever had.

So the complaint of the song writers against the triviality of Tin Pan Alley is not without foundation. The composers who sell by the million the lyric inspirations devoted to bananas, to "Ain't We Got Fun" and the achievements of Alexander's rattle music are to be taken seriously as a factor in American life today.

STAGE NOTES.

"The Strong" is playing a series of special matinees which begin next Tuesday afternoon at the Eltinge Theatre, New York.

The fact that the Rev. John Howard Deming, pastor of St. George's church, Newport, R. I., made a trip all the way from Rhode Island to the Ritz Theatre, New York, to see "Outward Bound" is taken by Murdoch Pemberton, press president, to mean that the Sutton Vane play can now be ranked with Mecca as the objective of pilgrimages.

Mme. Bertia Cutti, American representative of the Societa Italiana degli Autori di Milan, who arranged for the forthcoming production of "Anna Christie" in Italy, has asked the New York Players Company for permission to consider "The Wonderful Visit" at the Lenox Hill Theatre for presentation in her native land—and consent was granted without a dissenting vote.

Broadway Girls Whose Tragic  
Deaths Were Similar

LOUISE LAWSON. DOT KING.

Her Success Will  
Depend on Director

(By Maurice Hente)  
New York, Feb. 22—Broadway would have been amused had it been told three weeks ago that Dorothy Devore, of Christie Comedy fame, was to be elevated to stardom in feature productions. Now that announcement, just made by Charles Christie is received with intense interest.

Marie Prevost is the immediate cause of the changed attitude. A few days ago this graduate of light comedy films made her debut in Ernst Lubitsch's "The Marriage Circle" and every hardened Broadwayite left the Strand Theatre a warm admirer of the little dark-haired Marie.

It doesn't follow because Miss Prevost made good that Miss Devore will too. The great Lubitsch was there to tell Marie what to do. It was his direction throughout the film that put it over. Direction will tell also, in the case of Dorothy.

WANT RIGHT TO  
CRITICIZE ACTORS

Paris, Feb. 22.—(Associated Press.)—The theatregoers of Paris are supporting today the right of audiences to condemn as well as applaud the work of actors on the stage, and to this end they quote Mollere, who said that this was a privilege once purchased along with his theatre ticket.

Whistling in a French theatre is more of an insult to the actor than hissing in an American playhouse, and recently it has been freely practiced in the dignified and staid Comedie Francaise.

STAGE GIRLS PLAN  
COMMUNITY CLUB

Broadway Actress Tells of  
Its Needs—Were Greatly  
Misunderstood.

New York, Feb. 22—The annual meeting of the Association to Promote Proper Housing for Girls was held recently. Mrs. Henry Moskowitz spoke on "The Success of the Community Club Ideal." She pointed out that while twenty years ago it was the exceptional girl who remained at home, she declared that many girls today want independent home lives and said that the community club idea has done much to give the modern girl this independence, since it solves the problem of housing and entertainment for the woman who lives apart from her family.

The police have tried several times to stop the practice by ejecting the offenders, but without result. The public is now clamoring for its right to "throw bricks" as well as bouquets.

Diamond Circlet on  
Irene Castle's Ankle

New York, Feb. 22—A diamond circlet, sparkling on the trim ankle of Irene Castle Treman McLaughlin, caught every eye in the criminal courts building, when the dancer appeared to press a complaint before the grand jury against James R. Cooper, a jeweller.

The glittering circlet was evident through a cobweb silk stocking, and a collectivist gazer of those present was followed by a prolonged hush, while Irene, wrapped in a long sable coat, striped into Assistant District Attorney Hastings' office. The high-heeled shoes had squirrel-furred tongues.

FERAUDY COMING TO N. Y.

To Play a Series of Roles That Have Made Him Famous in Paris.  
New York, Feb. 20—Maurice de Feraudy, of the Comedie Francaise, who came to this country recently to play a brief Canadian engagement, will be seen in New York for two weeks in a series of the roles that have made him famous in Paris.

Feraudy will begin his engagement here on Monday night, March 10, at a theatre yet to be announced. He will be under the management of Wendell Phillips Dodge, and will, of course, play in French.

M. Feraudy's repertoire will be as follows: Monday and Saturday nights of the first week, "Les Affaires sont les Affaires"; Tuesday night, "Blanchette"; Wednesday and Friday nights, "Monsieur Brotonneau"; Wednesday and Saturday nights, "Le Legataire Universel"; Wednesday night, "Il ne Faut Jurer de Rien"; Thursday and Saturday nights, "Les Affaires sont les Affaires"; and Saturday afternoon, "L'Avare."

HERE IS GIRL WHO  
FOUND TREASURE

Jean Tolley, Beauty, Who  
Discovered Chest of Gold  
in the Ocean.

JEAN TOLLEY.

New York, Feb. 22—Jean Tolley is a fair-haired southern girl who came to this city with a secret ambition to go into "filmmaking." The motion picture industry forgot to send a delegation to the railroad station to greet her, so she took a temporary job posing for commercial photographs with a big picture syndicate.

That circulated her picture freely, and Ralph Ince signed her for his forthcoming picture, "The Uninvited Guest." With a company Jean went to Nassau on location.

Part of her job was to dive into the sea and be photographed under the water. She dove—and struck something that felt like a chest of gold. It also looked like a chest, and by George! when it was hauled to the surface it WAS a chest—filled with old Spanish gold coins.

So far this sounded like a presage of good fortune, says the New York Herald, but she was very skeptical when she told me about it in her sunny hotel apartment.

I demanded proof—and received it quickly. She showed me her bank book of the Royal Bank of Canada, Nassau Branch, with the single notation of more than \$7,774—something like \$40,000.

She can't draw against her fund until the English Government gets its treasure which was found on English territory. Such is luck!

A SCHOOL FOR COMEDIANS.

Two actors hitherto unknown to the metropolitan stage have appeared lately with a series of rehearsals into a finished performer. Of course no director ever made an actor, whether man or woman, as good as the player who has time and experience do. The most they can accomplish with raw material is to produce the semblance of skill, which is in its final analysis no more than mimetic.

The artist who has already learned some of the rudiments of theatrical technique may be helped by the intelligent control of a stage director. Yet this important stage figure cannot convert the beginner into the artist, whatever opinion on that subject may be held today. The vaudeville player has no such vicarious means of acquiring experience. He must learn for himself and how to make his points surely and promptly in the brief time that is allowed to a dramatic act on a variety programme. He must learn to select the most effective symbols and thus select the best. This is to be acquired only by his experience with his audience.

He is, moreover, before a public that has come to the theatre to be amused and proposes to enjoy that pleasure or know the reason why.

The eminent George M. Cohan has always praised the field of vaudeville for its advantages as a means of learning the comedian's art. He is usually correct about matters of the theatre, and the frequent appearance of new players from that stage seems to offer proof that he is right again.

BRAZILIAN SOPRANO SINGS.

Mrs. Felix W. Warburg, who is in Europe, loaned her for a concert of Spanish, Brazilian and Portuguese songs by Mme. Vera Janssopolo, Brazilian soprano. Kurt Schallert, conductor of the Schola Cantorum, described the gypsy festival in Gramado, organized by Manuel de Faria in June, 1922, and at which he was the only American musician present.

NOT SATISFIED WITH ASSESSMENT

W. E. Earle Has Meeting With Council, and it Develops Interest.

A charge that he was not being assessed the same as his neighbors was made at a meeting in City Hall this morning by W. E. Earle, in the appeal of Furnishers, Ltd., for a refund on their 1919 assessment, which it was contended had been promised by the council.

The report of Barry Wilson on the cost of changing the lighting system in Waterloo street was referred to the committee of the whole.

The contract for fire hose was divided among the four rubber companies with branches in the city.

W. E. Earle and R. A. Ross appeared in support of the Furnishers, Ltd., appeal. In support of their claim that an agreement had been arrived at between the assessors, the Mayor of that day and the company to make a reduction in the 1920 assessment to meet an over-assessment for the year 1919, Mr. Earle said their assessment for 1919 should have been \$176 and they had been assessed \$260. They were willing to pay \$275 and claimed a rebate of \$275.

E. M. Olive asked in what capacity he was representing the Furnishers, Ltd., and Mr. Earle said as general manager. Later he said he would like to look up the books before answering the question.

Mr. Olive—"I thought you would; we will see that you are assessed in the city of St. John in future."

Action was deferred until H. A. Prebble, former manager of the company, could be present.

Commissioner Bullock suggested that in future the chairman of the assessors keep notes of all conferences on appeals, so that a record of what had happened would be available. He recalled that any agreement had been arrived at.

Mr. Olive said he kept a diary of all appeals, and there was no use in showing that any agreement had been arrived at.

Before leaving the room Mr. Earle said he had not drawn any salary from the Furnishers, Ltd., for 1922-1923, and was present in the capacity of a large owner in the company. He said that he was not assessed the same as his neighbors, and the Mayor asked him to produce evidence to support that statement.

Mayor Fisher reported that the payment of the amount of the bill from the New Brunswick Power Commission would have to lay over for the approval of the Lieutenant-Governor.

The report of the committee of the whole, as published yesterday, was adopted.

Waterloo Street Lights Barry Wilson, engineer of the Civic Power Commission, suggested three methods of lighting Waterloo street.

To use a 300 watt lamp with the bottom of the globe glazed, the cost for each unit \$2 or \$3 for the 20 units on the street and the annual charge \$645; To use 300 watt lamps with reflector at a cost of \$234 and annual cost of \$169.86; Or use ornamental lights on the wooden poles at an additional cost of installation of \$6,070 and an annual cost of upkeep of \$2,894.38.

These would also apply to Main street and Douglas avenue. He recommended the adoption of the second and third suggestions. The matter was referred to committee, each commissioner to be furnished with a copy of the communication.

An application from Ash Ltd. for permission to place an electric sign on a vacant lot in Douglas avenue was referred to the commissioner of public works, city engineer and city electrician to report.

Tenders Awarded On motion of Commissioner Thornton tenders for hose were awarded as follows: 600 feet of Curruco, Dominion Rubber System, Ltd.; 400 feet of Reliable, Goodyear Tire and Rubber Co.; 400 feet of Niagara to Dunlop Tire and Rubber Co.; 800 feet of Peers, to the Gutta Percha Rubber Co., all at \$1.65 per foot.

Commissioner Thornton presented the bill of the New Brunswick Power Co. for street lights to December 31, 1923, amounting to \$286.69, but on the request of the Mayor, who said he wanted to communicate with the Public Utilities Commission, action was deferred until Tuesday.

WILL RUN FOR MAYORALTY

They signified an intention of leaving for their home in Newcastle.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "I have been keeping very interesting company for a portion of each evening lately."

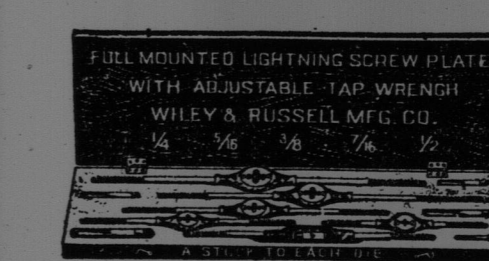

"What kind of company did the other folks say they were keepin'?" queried Hiram.

"Ah!" said the reporter. "That is where I had the advantage of them. They were not there in the flesh."

"I don't quite get that," said Hiram. "One evening," said the reporter, "I sat at the feet of St. Augustine in Carthage. The second found me listening to Margaret Fuller Ossoli in Rome. On the third I was in Boston, Philadelphia, London and Paris with Benjamin Franklin."

"Well, now," said Hiram, "that's where you had good sense. 'You might have been rummin' down the neighbors or cusin' the town—or plannin' to gouge somebody—or rummin' around ketchin' cold. A good fire an' a good book when you had the time to spare helps a feller to get out of the rut—and them folks you mentioned had something to say that was wuth sayin'." "Readin' good books is gittin' too much out of fashion—see, see."
