COSTING EVERY FAMILY NEARLY A DOLLAR A DAY

Liberal Leader on Expenditures of Government.

Charges of Extravagance—Premier in Montreal on the Tariff and Railroad Situation—Politics in Other Quarters.

London, Nov. 5.—(Canadian Press)—A long discussion on the railroad situation by Hon. Charles Murphy and a rapid fire speech by Hon. Mackenzie King re-affirming his attitude on the tariff and charging the government with extravagant methods were the principal events of a Liberal party meeting here last night at the Winter Gardens attended by about 8,000 people. Mr. King returned from Ottawa at ten o'clock and held his audience until midnight. Hon. C. S. Hymans, former minister of public works, and C. B. Macmillan, ex-governor of London, the local Liberal candidate, delivered short addresses.

The cost of government, directly or indirectly, said Mr. King, was now nearly \$1 a day for every family, an amount which represented the difference between a mortgagee and one free from encumbrance; an amount sufficient to secure protection against sickness and accident. The present government had become so extravagant, so accustomed to spend—not millions but billions of dollars—that it could not take small expenses into consideration.

Reply to Veterans. Montreal, Nov. 5.—Replying to a deputation from the Canadian Workers' Federation of Returned Soldiers and Sailors last night, asking if anything was being done in the matter of letting the contract for the construction of the new government job-breaker authorized at the last parliamentary session, Mr. Meighen said that only last week he had instructed the deputy minister to call for public tenders. While he was not prepared to say that the government would let the contract, this week or next, he said that the government would let the contract, this week or next, if the government could see their way to let the contract, soon, this would be done.

P. E. I. Farmers. Charlottetown, P. E. I., Nov. 5.—A convention of the farmers of P. E. I. County yesterday decided to nominate a candidate for the dominion elections. Choice was deferred for a week. A county progressive association was formed.

Kenilworth Meeting. Kenilworth, N. S., Nov. 5.—Sir George Foster addressed a political meeting here last night in the presence of Kings where H. W. Phinney is offering as conservative candidate. Lady Foster addressed the local Conservative women's organization.

Appointment Approved. Ottawa, Nov. 5.—(Canadian Press)—The appointments of Sir Edward Ross to the senate, and Calvin Lawrence to the dominion board of railway commissioners, have been officially approved by His Excellency the Governor-General.

Hochelaga Convention. Montreal, Nov. 5.—After securing the Liberal nomination in Hochelaga division by one vote more than the absolute majority, Dr. J. E. Lesage, the late M. P. for the division, was howled down when he attempted to address the meeting. One of the candidates, George Maynard, notary, refused to recognize the convention as regular.

Premier in Montreal. Montreal, Nov. 5.—Premier Meighen devoted a short time to a discussion of the railway situation here last night. "This is the issue that Sir Lomer Gouin and others are trying to create," he said. "This is the issue that Sir Lomer Gouin and others are trying to create," he said.

The Tariff. He then turned to a discussion of the tariff. "If you name me the constituency in this dominion, I will tell what platform the Liberal candidate is standing on and I will name you a Liberal candidate within a thousand miles at least, who is running on a platform directly opposite."

The Liberals were suiting their tariff policy to the constituency in which they happened to be running, said the Premier. "Their whole effort was to get votes."

Meighen remarked that last night Hon. Charles Murphy, speaking in St. Thomas, Ont., discovered that he (the Premier) had betrayed the Canadian people at the prime minister's conference. "Two months had elapsed since that conference closed. I have purposely refrained from discussing the proceedings of the imperial conference in this country," said Premier Meighen.

It would be well that the relations of the country with the empire should be the subject of political contest. "Not even after the 'outbursts' of Mr. Murphy would he allow the imperial conference to become an issue in the campaign."

Craig Has Talk With Lloyd George And Chamberlain

Says Whole Ulster Representation to Be Heard When Interests of North Reached—Birkenhead May Break Away From Government.

London, Nov. 5.—On his arrival here this morning Sir James Craig, premier of Ulster, denied that he was to have a conference with Premier Lloyd George and Sir Edward Carson. "I have no political engagement of any kind whatever," he said.

It was learned that a formal invitation had not been extended Sir James by the government, but that word had been conveyed to him that Lloyd George desired to see him during his visit in this city.

There is no question of a consultation with Sinn Fein representatives who, with the exception of Arthur Griffith, all left for Ireland for the week-end. Belfast, Nov. 5.—Taking advantage of the absence of most of the garrison at a boxing tournament sixteen Sinn Fein members last night raided the police barracks at Kesh county Fermanagh, overpowered the four constables in charge, seized all arms and ammunition and escaped.

LATER. London, Nov. 5.—Sir James Craig, Ulster premier, not long after his arrival in London today had a long interview with Premier Lloyd George at the latter's official residence in Downing street, Austin Chamberlain, the government leader in the House of Commons, also was present at the interview.

Not long after Sir James had left the premier's residence, he was quoted by a representative of the Belfast Telegraph as stating that he had called on Lloyd George and Sir Robert Horne, chancellor of the exchequer, as a result of an invitation received today.

Sir James, according to the newspaper representative's story, added: "I have arranged that if and when Ulster's interests are reached in the Irish conference all the Ulster representatives will be asked to attend. In the meantime nothing will be settled behind our backs."

It was announced today that the Sinn Fein party at Chequers, near London, George's country home, would consist of only the immediate members of his family, since the meeting was extremely tired after a very busy week.

THE CHANCELLOR MAY MAKE BREAK. London, Nov. 5.—(Canadian Press)—The recent famous Lord Birkenhead, the British lord chancellor, was not unlikely to break away from the coalition government on the Irish question is now more definitely crystallizing.

The Saturday Review says that the forty-five rebellious Ulstermen who supported Col. J. Greton's recent motion of censure of the government for negotiating with Sinn Fein representatives here have decided to form a separate group.

London, Nov. 5.—Sequence to a breakdown in the Irish conference would be a war which would cost £250,000,000, declared Frederick G. Kellaway, postmaster-general, addressing a political meeting at Ruislip. He believes it probable that 50,000 lives would have to be sacrificed to conquer Sinn Fein Irish, should such a war be started.

ALL BACK TO TORONTO POST OFFICE PLACES. Toronto, Nov. 5.—All of the temporary post office employees, mostly women, who were laid off Oct. 31, have been reinstated with the exception of two or three men whom Postmaster Lemon has retained now and then.

Following their dismissal, Mr. Lemon received a message from the postmaster general, Hon. Mr. Bell, to re-engage them for a further temporary period, which likely means until the Christmas rush is over.

EXCHANGE TODAY. New York, Nov. 5.—Sterling exchange irregular. Great Britain—Demand 109 1/2, Canadian dollars, 711-16 1/2 per cent discount.

NO FARMER CANDIDATE IN YORK-SUNBURY; DEFINITE STATEMENT. Fredericton, N. B., Nov. 5.—There will be no candidate of the National Progressive party in York-Sunbury in the present federal election. This announcement was made today by the executive of the United Farmers. This was the date at the last meeting of the executive for naming a candidate.

A committee visited Southampton yesterday in a final effort to induce Ernest W. Stairs to accept the nomination tendered him at the party's convention several weeks ago, but he declined.

FLOUR DOWN BELOW \$7 BARREL IN MINNEAPOLIS. Minneapolis, Minn., Nov. 5.—For the first time in more than five years, flour went under the \$7 a barrel price here yesterday. The decline followed a break in the wheat market on Thursday. One large mill reduced its price 15 cents on family patents, making their quotation \$6.90 a barrel when sold in car lots in 98 pound cotton sacks.

MONTREAL POLICE TO TAKE NO CHANCE WITH GUNMEN; SHOOT FIRST. Montreal, Nov. 5.—Members of the Montreal police force announced today that, in accordance with a decision reached at a meeting of their local, they will in future shoot first in the case of a criminal trying to shoot at them or resisting arrest.

It was pointed out that Constable Lavelle was shot and fatally wounded last year and that Constable Lavelle had been shot last month by a criminal whom he had then shot and killed.

BRITISH MINERS SEEK STATE AID

Wages Heavily Cut and Interview With Lloyd George is Asked.

London, Nov. 5.—(Canadian Press)—The miners' federation of Great Britain, after considering the November wage rates fixed under the national settlement, which reveal substantial cuts in many districts, are seeking an interview with Premier Lloyd George to request state aid. There is no suggestion or threat of another crisis. The federation leaders assert that the figures themselves will show an overwhelming case in favor of national assistance for the miners of South Wales.

According to these figures mine workers who averaged more than a pound daily in January are now reduced to a wage of under nine shillings. Lancashire shows a drop of 86 per cent.

President of the University of Toronto, who addressed about 300 members and guests of the Professional Institute of the Civil Service of Canada at the annual meeting of the Institute at Ottawa. He commented on the enormous influence exercised by the Civil Service upon the general life of the country.

MT. A. PROTESTS. U. N. B. VICTORY. Declaration That Spectator Prevented What Would Have Been a Touchdown.

Montreal, N. B., Nov. 5.—The members of the Mount Allison University football team were here this morning en route to Sackville, Fredericton, where Coach Godfrey announced here that the game was officially under protest. The grounds are that—Appleby, star half back of Mount A, was about to cross the U. N. B. line for a try. There was no one in front of him and a touch-down seemed unavoidable when one of the spectators rushed onto the field and intentionally or otherwise blocked him, thus preventing the touch. Under such conditions the rules state that the referee shall allow a try.

The Mount A. captain declares that he had the word of the U. N. B. captain that the field would not be open to spectators at times to see across the field. In territory play Mount Allison had somewhat the edge on their opponents.

WHERE BRITAIN MAY ECONOMIZE. Sir Eric Geddes and His Committee Have Report on Expenditures.

London, Nov. 5.—Sir Eric Geddes and his economic committee are about to submit to the chancellor of the exchequer an interim report on their preliminary examination into the expenditures of various ministries and it is said it will show that further big reductions are possible.

ARE GETTING MILK DESPITE STRIKE. New York, Nov. 5.—Officials of milk distributing companies affected by the walkout last Tuesday by the strike crisis had been passed and that normal deliveries would be resumed. It was said that distribution has leaped to 68 per cent of normal.

MONTREAL STOCK MARKET. Montreal, Nov. 5, 10:30.—Practically no trading occurred on the local stock exchange during the first half hour this morning. Only three of the leaders put in an appearance, and these were quiet. Atlantic Sugar was unchanged at 81 1/2, Brazilian lost a half point to 26, while National Breweries was down an eighth at 97 1/2.

Rothschilds vs. Fredericton. Fredericton, N. B., Nov. 5.—Conditions at college field where Rothschild College School will battle with Fredericton High School this afternoon for football honors, are worse than yesterday.

Phelix and Ferdinand. WEATHER REPORT. Issued by authority of Marine and Fisheries, H. P. Stupart, director of meteorological services.

Synopsis.—The disturbance which was over Lake Superior yesterday, moved southeast to southern Ontario until night and then eastward and is now centered in Maine. Storm signals are displayed in the Gulf and maritime provinces.

Colder; Snow. Maritime—Rain, followed by west and northwest gales. Sunday, strong north winds, cold with snow flurries. Gulf and North Shore—Northeast to northwest gales, with snow. Sunday, northwest winds, fair and colder.

New England—Fair and colder tonight with freezing temperatures. Sunday, fresh northwest gales, increasing tonight.

As Hiram Sees It

"Hiram," said the Times reporter, "have anything to be thankful for on Monday?"

"Well," said Hiram, "if you'll come out to dinner I guess Hammer will answer that question."

"Food," said the reporter, "is the best requirement and Mrs. Hornbeam is a born cook."

"And in the pantry," said Hiram, "she has the things to cook."

"And in the poultry yard, I trust," eagerly suggested the reporter, "she doesn't forget that when Thanksgiving comes round?"

"What grieves me," said the reporter, "is that Thanksgiving Day is a sort of Yankee institution—let's say, ought to be a Canadian holiday to follow a Yankee example? Isn't it a kind of engaging alliance, or something like that?"

"I see it all right," said Hiram, "but the worst is over—by the way, in lots of ways—an 'all of 'em for the letter. You come on out to the bottle-house and we'll forget our troubles for a half day, yes, sir."

The reporter banged his desk and seized his hat.

Record Demand on German People To Pay for the War

Greatest Taxation Burden They Were Ever Called Upon to Bear is Announced by Finance Minister—Tremendous Sum to be Raised.

Berlin, Nov. 5.—Andreas Hermes, minister of finance, explaining the new taxation bill in the Reichstag, admitted that the new proposals constituted the greatest burden that any people ever had been called upon to bear. He expressed confidence, however, that they could be borne, provided that all the forces in the nation were united and exerted to the utmost.

"It is estimated," he said, "that we can reckon on an increased yield of from forty-two billion marks from the proposed new taxation. I must, however, declare that our obligations under the allied ultimatum cannot be met by this great burdening of the taxpayer."

The ordinary budget expenditure of 1921 amounts in round figures to 114,250,000,000 marks. So far as can be judged now," added Herr Hermes, "we can expect receipts of 62,000,000,000 marks, so the ordinary budget looks as though it will show a deficit of approximately 52,000,000,000 marks. The uncovered amount of the extraordinary budget of 1921 will show an increase up to 57,000,000,000 marks as compared with 49,000,000,000 up to the present. Thus the amount which will have to be covered by loans in the 1921 financial year will total the tremendous sum of 110,000,000,000 marks."

WILL PAY WAR DEBT. Britain's Proposal for Cancellation is Not to be Renewed.

London, Nov. 5.—Britain's proposal for the cancellation of debts is not to be renewed, was the announcement made last night at Northampton by Right Hon. H. A. J. Fisher, president of the board of education, discussing various suggestions for reviving industry and for establishing exchanges.

"We shall pay our debt to America, and remain to discover in what way America can receive the payment," he said.

ARE SENT UP IN BANK CASE. Final Plans for Poppy Day.

Montreal, Nov. 5.—Albert Slade, alias Norman Ryan, and Patrick O'Hara were committed by Judge Lanctot yesterday to stand trial on charges of attempting to rob the Park avenue branch of the Canadian Bank of Commerce here on October 23, and, at the same time, in pursuance of their object, attempting to murder H. F. Carnegie and George Drew, manager and teller of the branch. Another charge read against the men in court was to the effect that they had stolen \$2,848 a branch of the Mount Royal avenue and Boulevard street on August 12.

WILL U. S. SEND ENGLISHMEN HOME AGAIN? Philadelphia, Nov. 5.—The fate of seventy-one English draughtsmen, under orders of deportation to England because the government alleges they came here under the prohibited contract law, hangs upon a decision to be given by U. S. District Attorney Thompson in a test case involving David Munce Alder, one of the number.

The men came from England in violation of the immigration law, but were employed by the Bethlehem Shipbuilding Corporation.

FAVORS HONORING AN UNKNOWN SOLDIER OF C. E. F. Halifax, N. S., Nov. 5.—Discussing the act of the United States in bringing from France the body of an unknown soldier, the Halifax Herald says: "The rest of the world is doing so much for the heroes of the world who died in the story of this over-whelming sacrifice. The story of Artise and Picardy, testify mutely to this over-whelming sacrifice. The story of the bare feet and the bath robes mentioned. They said the accused did not buy the boots, but the articles in Water street. Neave was released."

WITH PREMIER SLAIN, THE CABINET QUILTS. Tokyo, Nov. 5.—The Japanese cabinet resigned officially after a meeting of the members held today. The resignation was the result of the assassination of Premier Hara yesterday, poured into Tokyo today from virtually all national capitals. There is no definite knowledge as yet regarding the assassination, but it is believed that a political rancor against Mr. Hara and his government.

REPORT OF STEEL RAIL CONTRACT FOR SYDNEY. Sydney, N. S., Nov. 5.—A contract for 20,000 tons of steel rails for the Canadian National Railways has been signed by the Dominion Steel Corporation, according to a special despatch to the Sydney Record from Montreal. Although local officials of the corporation would not confirm the news, they intimate that the plant is in a position to start work on such an order at two days' notice.

A GREAT BILL AT OPERA HOUSE

Gala Collection of Vaudeville Artists—Week-end Show a Big Hit With Patrons.

Some say it's the best Opera House programme of the season that opened yesterday—and that's high tribute, considering the character of the preceding bills. Certainly of the five acts there is not one that couldn't be classed as a feature attraction.

Kaufman and Lillian, a chap and a maid, who dance, sing and talk pertly and brightly top the bill, with a comedy sketch entitled "Purs and Feathers," which judging from the applause received at both performances last night was greatly enjoyed by patrons. Many novel ideas are brought out during the sketch, which brought many a laugh. Other features on the programme include Carey, Bannan and Marr, three smart young dancing men, whose songs are new and amusing and put over in lively style. Spencer and Beecher are comedy acrobats with a lot of new twists and turns. Kane and Grant win with impersonations of Pat Rooney, Francis White and other celebrities of the comedy stage, while Roscelli plays the piano accordion splendidly. The British and Canadian News Weekly is unusually interesting this week, having many subjects of interest to all, including the first game of the world series. A two-reel Harold Lloyd Comedy concludes a splendid programme, which will no doubt attract capably houses today and Monday (Thanksgiving).

The Light for the Kitchen

—is just naturally the LACO NITRO Lamp. A clean, well-equipped kitchen is the pride of every housewife, and it is important that this bright, cheery appearance be maintained at night time as well as during the day. To this end, it is desirable to use LACO NITRO Lamps for your kitchen lighting. And good lighting will not only aid in appearances, but your work in the kitchen will be less fatiguing than under conditions arising from poor lamps. Don't tolerate a poor light in the kitchen. Choose a good lamp, not a cheap makeshift. Choose LACO NITRO Lamps for their high-powered daylight effect. LACO NITRO Lamps will not blacken—they are wonderfully constructed with specially prepared filament. Their brilliancy is intensified by enclosure in a bulb filled with an expensive argon gas, instead of burning in a vacuum as in ordinary lamps. Laco Nitro Lamps are made in Canada. Factory and Head Office—Montreal. They are sold by best Electrical and Hardware Dealers throughout the Dominion.

LACO NITRO LAMPS

No Beaten Track on this Floor

Avoid the shabby appearance from constant tracking on your kitchen floor, by giving the linoleum a coat of LIQUID GRANITE. This wonder-working floor varnish gives a surface with the durability and beauty of polished marble. It is easily applied and will not discolor, mar or scratch.

The Onyx Shoe

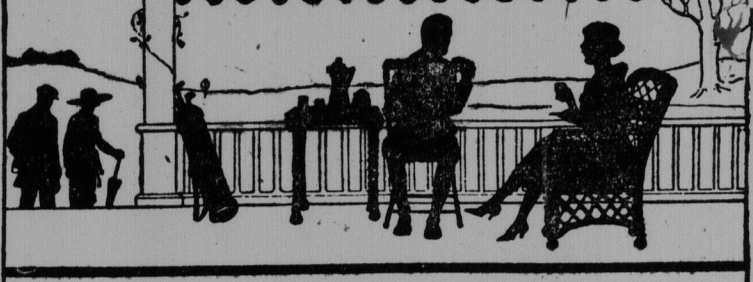

"A Credit to Our Canadian Pride"

No matter how exclusive or charming the style of your fall costume may be—for house or street wear—there is an Onyx shoe style which makes it complete, harmonizes with and gives it the finishing touch of elegance.

Onyx shoes are the last word in style, design, finish and comfort. They retain their beauty until worn out.

Sold in the better stores throughout Canada.

SLIM-BY-PROPORTION CORSETRY

NOTHING reveals stoutness quite so much as ill-proportioned corsetry. Violent contrast between too-large bust, too-small waist, and too-large hips adds pounds to the appearance and destroys the possibilities of graceful carriage and becoming dress.

So many women who are no longer slim, endure the discomfort of stiff, heavily boned, tell-tale corsets because they do not realize that there is an unbelievably more comfortable and becoming kind of natural corsetry that will subtract pounds from their apparent weight and make them slim-by-proportion.

But such corsetry must be skilfully, scientifically done. If you will permit our experienced corsetiers to properly fit you with a slenderizing

Turkey-Stuffing Time

How the little ones gather 'round, eager to sniff up the aroma of richness; to sample the gravy that's so "licking good;" to bear off a joyous fist-full of bread-crumbs.

Give them all the bread they want. There's health in every crumb.

A diet rich in bread will do more than anything else to keep your children strong and vigorous.

Make this resolution: "For a year I will eat more bread, twice as much as I am now eating, and encourage every member of my family to eat more, keeping careful count of their steady increase in health and vitality."

Then when another year rolls around you will have cause on Thanksgiving Day to be truly thankful.

Especially if you use

THE FREIGHT RATES
A Toronto despatch telling of the state of the potato market in that city says: "Most of the potatoes coming into Toronto are from Ontario points, and while there are some shipments from New Brunswick, these are comparatively unimportant, high freight rates being a great handicap."

What applies to potatoes applies to all goods manufactured in the Maritime Provinces. The "high freight rates being a great handicap." And yet if we are to have industries they must have a market. The local market is insignificant, and when the New Brunswick or Nova Scotia manufacturer tries to get into the larger market of the west, he is confronted with the handicap of high freight rates. In the face of this fact the people here are urged to vote for a high tariff, to penalize the local consumer for the benefit of manufacturers in the upper provinces, who find this a convenient outlet for their surplus produce.

THE RAILWAYS
The situation of the government railways in Canada is far from hopeless, and under proper administration they may be made of immense value to the people. In September they not only paid operating expenses, but provided over half a million toward payment of interest on capital. Of course that is insignificant sum, but not when you remember that the grain traffic has been thirty millions for the calendar year was feared. The Toronto Globe says: "The railways included in the national system at the present time are the Intercolonial, the Prince Edward Island Railway, the National Transcontinental, the Grand Trunk Pacific and the Canadian Northern. The most serious operating losses in the past have been incurred on the Grand Trunk Pacific, which was a subsidiary of the Grand Trunk. When the Grand Trunk is included in the national system its net earnings, which begin to show up fairly well, should carry the operating deficits, and perhaps also some of the capital charges of the unfortunate G. T. P."

ARE SENT UP
Arthur Brimmer, charged with being drunk and having a bottle of liquor on his person, pleaded guilty to the first charge and not guilty to the second. Police man Downey testified that he had found a bottle of gin on him. A fine of \$200 was struck.

LUMBER OUTLOOK BETTER
Hartland Observer:—Among local lumber operators the prospect for the coming season has up to a recent date been rather uncertain, but of late things have been clearing up so that plans for restricted operations are now being made and camps are being organized. The Sayre concern will cut about three million, all under contract. Chute's have contract with the Nashwan people. The Juniper Company will cut from three to five million on their permits in the Miramichi territory. Adair Bros. will put in by the thousand, under contract with these people. Hill Bros. also have a fair sized operation under contract. Improvement in the freight situation and the adjustment of the wage problem with the American railway employees may have a tendency to a readjustment and improvement in the operating plans of the big lumber interests in New Brunswick.

Plans were also made for a social evening in the form of a book shower for Mount Carmel Academy, Mount Pleasant.

BUSINESS OUTLOOK
Stanley E. Elkin, M. P., arrived home at noon today from New York, where he was attending a meeting of directors of the Park Union Foreigners' Bankers Corporation. While traveling in the States, Mr. Elkin said he found the unemployment situation apparently much worse than in Canada. He considered that an improvement in trade conditions depended largely on the outcome of the disarmament conference to be held in Washington. If an amicable agreement is reached he feels that business conditions are bound to pick up.

gave to The Provincial Memorial Home for Children's property on Wright street. Further, would it be fair to practically throw away the \$100,000 given by the Protestant people of the Province and spent, half on purchase price and half on building new wing to the property on Wright Street; by closing it? Absolutely every member of the Executive of the Provincial Memorial Home for Children was in favor of amalgamating the two terms that would continue the use of the Provincial Memorial Home for Children's property on Wright Street, as a unit in the housing of Protestant destitute children; until such time as the ideal system that is proposed becomes a reality.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, NOVEMBER 5, 1921

Inquiry Into the Ryan Charges is Completed

The investigation being conducted by the city council into charges preferred by John P. Ryan of irregularities in regard to the work being done here by the Canada Lock-Joint Pipe Company was concluded last evening. The session was held in the committee room of the city hall with Commissioner Jones in the chair. Several witnesses were examined and E. J. Terry also made a voluntary statement in regard to the commission that he had received.

Evidence was given by Herbert Norin, Thomas Sharkey, Harry Smith, George Ballentyne, Arthur Blake, C. C. Kirby and G. G. Hare, city engineer. Mr. Hare said that he inspected the new line frequently, and to the best of his knowledge the specifications had been adhered to. He said that where evidence showed that thirteen bags of cement had been used to a joint, it showed an excess of cement. Putting in the clay was an improve-

ment. It was used to increase the density and flowability of the concrete and make a smoother pipe. The roughness of the early pipe did not affect its quality. It cost the company more to put in the clay. It would not appreciably add to the bulk of the mixture. It would increase the ultimate strength of the concrete. He quoted several authorities for the using of the clay. There would be about fourteen pounds of clay a batch with 939 pounds of gravel or sand, or 1.5 per cent. of the whole. Authorities permitted from five to ten per cent. of clay. In regard to the charge that there were six cubic feet of clay in a joint he said that there was possibly one cubic foot. A larger percentage of clay could have been used without detriment to the pipe. He had seen seventy-five per cent. of the pipe made last year. It was up to specifications and quite good. In no case had he found excess leakage in tests made. There were no leaks in the lake section but six sections in the other end were weeping. The leakage allowable was one cubic foot per lineal foot per twenty-four hours. All the leaks that he had seen were slight cracks near the ends and were not serious. Some leakage was to be expected and the percentage of leakage was very small. He had made no reports to Mr. Jones as he had been with him and had seen the leaks himself. Mr. Hare declared that the charge that he had withheld information was most utterly absurd.

Mr. Sharkey said that he had not seen any broken pipe being used, but had heard there was some. He had seen leaks, but so far as he knew they were all repaired. George Ballentyne said that he had been on the job looking after the interests of the city since the work started, with the exception of two days. He had seen no broken pipes laid.

Mr. Blake, city inspector, said he had never seen a higher class of concrete used. He said that he had never seen any broken pipe laid. Mr. Kirby, C. P. R. engineer, told of inspecting the work, and said that a good piece of work was done. He said the addition of clay was a good idea. He said it was a first-class job.

This concluded the testimony and E. J. Terry, who was present, asked to be permitted to make a voluntary statement. Mr. Terry.

Mr. Terry, after being sworn, said that he had noticed that his name had been connected with the contract and the inference had been made that he had been in league with the mayor and members of the council. He wanted to state his connection with the company.

In 1917 he had visited the New England waterworks convention at Hartford and had made arrangements with one or two concerns for material that his firm was now agents for. While there he had discussed with representatives of the Lock-Joint Pipe Company the possibility of handling their situation in the maritime provinces as a side line. The idea was to keep the company in touch with work of interest to it. He was to receive a commission on any contracts received by it, when completed.

He wanted to make the situation plain as a duty to the council, the citizens and himself. The mayor and commissioners had not been affected in any way. The fact that he had received a commission had nothing to do with the letting of the contract. He had never received a check for \$1,000, as stated by Mr. Ryan. Mr. Ryan here interjected that he had seen a stub in the check book in the office for \$1,000. Mr. Terry said that he had received a check for \$2,000. He was not an employee of the city and, so far as he was concerned, it was a business proposition with him and the city had nothing whatever to do with it.

Mr. Ryan—"I ain't mistaken." In reply to Mr. Mullin's question that it would be inferred that he had canvassed the mayor, Mr. Terry replied that he had never canvassed the mayor. He had asked him one day if they were going to use concrete pipe and the mayor had replied that they were.

To Mr. Thornton, Mr. Terry said that he had talked to some of the commissioners about the contract. He had canvassed them to some extent and had tried to use his influence as a salesman. Mr. Jones—"Did you offer any inducements?" Mr. Terry—"Only that I might reciprocate in some other way." Mr. Jones—"Did you give them anything?"

Automatic
Windshield Cleaner

"It cleans while you drive"

You need never touch your windshield. The suction of your motor furnishes costless power, driving the cleaner blade back and forth as regularly as the pendulum on a clock. Your windshield stays as clear as crystal. Rain or snow never have a chance to settle.

At most good garages and accessory dealers—or supplied direct if no dealer available. Installation is easy. Just a tube from the cleaner at the top of the windshield through the dash and connected to the intake manifold; no effect on the motor; no cost for operation. Not electrical.

Good News For Coal Users

A BIT OF COAL HISTORY WITH A HAPPY ENDING

In 1900, twenty-one years ago, Broad Cove Coal was first introduced to St. John householders. From then on, until 1918 it gradually gained in popularity. At that time it was by far the most popular coal for domestic use.

You will remember the Broad Cove coal of 1918 was a Coal well known for its free burning and non-coking qualities; a soft coal so free of soot that it was used in stoves and ranges without fear of soot trouble. Up to that time it was the ideal household fuel, either for open fires, range or stove use.

Broad Cove Coal

IN STRANGE HANDS FOR TWO YEARS

Then conditions changed. Control of the mine got into other hands. Mining operations were carried on with an idea of quantity. The quality seemed to be a second consideration. For these reasons we could no longer handle the coal. Retailers who did try to trade in it were compelled to take stone and slack or go without. Broad Cove eventually sunk so low that most dealers were afraid to touch it. Those who did try to supply the demand (with the genuine article) either lost friends or lost money by the quality of coal supplied.

Now Back To Old Conditions

We are now pleased to announce the return to the old order of things. Broad Cove is now being produced with the old-fashioned idea of quality in mind. It is now what it used to be prior to 1919. We are again acting as Wholesale Distributor in this territory and can confidently recommend the Broad Cove Coal as produced today to both dealer and the name of the dealer who supplied same. The following and consumer. To stop substitution of cheaper and inferior grades of coal for Broad Cove we would thank any consumer getting coal that is not satisfactory to inform us of the fact and the name of the dealer who supplied same. The following local retailers can now supply the genuine article:

Consumers Coal Co., Ltd., 68 Prince William St.	Cowell Fuel Co., Ltd., West St. John.
Mr. George Dick, 44 Britain Street.	Mr. Waldon Land, Cor. Eln and Hanover Sts.

MISSIONS.

A mission conducted this week in St. Alphonsus church in Hampton by Rev. James McCandlish, C. S. R., will be brought to a close this evening. All of the services were attended by large congregations and the mission was considered a success from every standpoint. Father McCandlish was assisted by Rev. Raymond McCarthy from the Cathedral. Tomorrow Father McCandlish will open a mission in Rothesay.

SALE CONCLUDED.

The superfluity sale conducted by the Women's League of St. David's church was brought to a close last evening. A substantial sum was realized for the church debt. The committee in charge was composed of Mrs. Dingham, Mrs. Shaw, Mrs. Simonds and Mrs. Weyman.

GRAIN RECEIPTS.

During the last two days more than 100,000 bushels of wheat have been stored in the C. P. R. elevator at West St. John. At C. P. R. headquarters this morning it was said that wheat will be coming here quite freely from now on. There are at present more than 100 cars en route here with approximately 200,000 bushels.

A POPULAR BOWLER.

James Smith of Amherst was in the city yesterday attending the funeral of his niece, Ruth Mildred Moody. Mr. Smith is well known in bowling circles, and is a pinfall artist of no mean ability. Last evening he visited the Y. M. C. I. alleys, where he met a large number of friends. He expects to bring here this fall a picked team from Amherst to meet a quintette from the Y. M. C. I. House League.

EPWORTH LEAGUE.

The Senior Epworth League of the Portland Methodist Church met last evening in regular meeting. The programme was in the hands of the first vice-president, W. Leck. Rev. E. E. Styles spoke on Consecration in a novel and interesting manner. It was announced that the results of the recent membership contest showed the reds leading by sixteen points.

BURIED TODAY.

The funeral of Michael Kelly took place this morning from the Mater Misericordiae Home to the Church of St. John the Baptist for high mass, requiem by Rev. Dr. A. W. Mesahan. Interment was in the Old Catholic cemetery.

The funeral of Mrs. Agnes Campbell was held this afternoon from the residence of her daughter, Morris street, Fairville, to Cedar Hill. Rev. William Townshend conducted service.

STORY TELLING.

The Saturday morning meeting of the story telling club at the Public Library was held this morning by Mrs. W. Edmond Raymond, and was attended by fifty-three children. Mr. Raymond first told the kiddies Nathaniel Hawthorne's story of the "Three Golden Apples," and presented to each child a picture of the library. She concluded with a description of the western prairies and Indians.

SHE HERSELF LOST THREE SONS

British War Mother Arrives in Quebec on Way to Grave of Unknown U. S. Soldier.

Quebec, Nov. 5.—The Canadian Pacific liner Metagama arrived here from Liverpool last evening with 549 passengers on board. Among the cabin passengers was Mrs. Amelia Emma McCudden, British war mother, who is on her way to the United States to deposit a wreath in the name of the British people on the grave of the unknown American soldier in Arlington cemetery at Washington.

She was met here on the arrival of the steamer by Mrs. Blanche A. Bell, president of the Philadelphia Chapter of the American War Mothers, who brought a message of greeting from the governors of the state and the American war mothers to the British mother who lost three sons and other relatives in the great war.

A. G. SCOTT AND MISS NORA NEVINS MARRIED TODAY

A pretty but quiet wedding took place in Trinity church at half past three o'clock this afternoon, when Miss Nora Kathern Nevins, daughter of Mr. and Mrs. Charles T. Nevins, 126 Sydney street, was united in marriage to Arthur Gordon Scott, son of the late N. C. and Mrs. Scott. Rev. Canon R. A. Armstrong performed the ceremony. The altar was beautifully decorated with white flowers and potted palms. The bride, who was unattended, wore a navy blue traveling suit with fuchsia shade hat, trimmed with French flowers, a blue veil, and grey squirrel scarf. She carried a bouquet of Opheelia roses. The organist of the church played softly during the ceremony.

Mr. and Mrs. Scott left immediately after the ceremony for a wedding trip to Montreal and upper Canadian cities. The bride received a very large number of beautiful gifts. The groom is a valued member of the staff of the Swift-Canadian Company in this city. Among the out-of-town guests was Frank Scott, of Amherst, brother of the groom.

GLOUCESTER'S MAYOR ON 1922 SCHOONER RACE

Gloucester, Mass., Nov. 5.—Re-organization of the United States international schooner race committee is demanded by Mayor Percy Wheeler. He declared "we want no more Mayflower episodes." This race should be open to all. The committee should be composed of master mariners and vessel owners with representation from Provincetown and Boston.

LOSE CALL WHEN BOAT WRECKED

Men Who Left Here in Little Craft.

Word from Engle and Morrison of Halifax and Arthur Spragg of St. John—One Clinging to the Boat, One Swimming with Oar When Saved.

C. H. Flewelling of this city, has received an interesting letter from J. H. Engle, one of a trio of veterans whose Halifax Vancouver cruise was cut short last month by the wrecking of their sixteen-foot boat off the Connecticut coast. Mr. Engle was accompanied on the journey by J. H. Morrison of Halifax and Arthur Spragg of St. John.

Morrison had left the boat somewhere along the coast and Engle and Spragg were sailing the craft when the wreck occurred. They were heading for New London, Conn., when a squall struck the boat, turning it over. Engle hung on to the upturned craft but Spragg took an oar. The seas were running high and the storm was terrific and Engle says they were only with difficulty that he was able to retain his hold on the overturned craft. He thought that Spragg would surely be drowned.

They were sighted by another boat and were almost exhausted when pulled aboard. He said that just as Spragg was being got into the craft which came to their rescue a shark passed across the bow of the boat. Both men lost all their possessions, including a diary of the trip, from which they had proposed to write a story. Engle is now in Norfolk, Va., where the rescuing boat landed them.

LIQUOR CASE UP NEXT TUESDAY

Application for Injunction in Matter of Whiskey Seized Here to Come Before the Supreme Court in Fredericton.

The question of the disposal of sixty cases and three five-gallon legs of whiskey, which are being held here by the prohibition officials, will be brought before a session of the supreme court in Fredericton on Tuesday of next week. The liquor, together with a motor truck belonging to Pope D. McKinnon and bearing a Maine license number, was seized here more than a week ago by the customs authorities. The liquor was later released by the customs and immediately seized by the prohibition inspectors.

Mr. McKinnon applied to Judge Grimmer for an injunction restraining the prohibition people from holding the whiskey, but the matter was referred to the supreme court by the Judge. Mr. McKinnon contends that the liquor was for export, and was not therefore subject to seizure in the province. The truck is still being held by the customs, and unless a defence is presented by the owner within a month will be sold.

MRS. E. C. HICKSON DEAD IN ONTARIO

Woman Who was Prominent Here in Work of Methodist Church.

Rev. J. Heaney of West St. John received a telegram this morning announcing the death, in Paris, Ontario, of Mrs. Mary Hickson, and announcing that the body would be brought to this city on Monday for interment. Mrs. Hickson left St. John a few weeks ago to spend the winter with her son, Charles R. Hickson. News of her illness was received a few days ago, and friends hoped it was not serious; and the announcement of her death came as a great shock. Mrs. Hickson is survived by her son, already named, and two sisters, Mrs. James Hewson of Amherst and Mrs. Benkhorn of Newpass, N. S. Her husband, Edward C. Hickson, and a daughter, Blanche, died before her. She was a member of the Carleton Methodist church, and very active in the Methodist Women's Missionary Society, being district superintendent for St. John district for many years, and resigning only recently because of her removal to Paris. Much sympathy is felt for the bereaved relatives. The Amherst News says:

"Mrs. J. H. Hewson is in receipt of a telegram stating that her sister, Mrs. Hickson, had passed away this morning at the home of her son in Paris, Ontario, where she had gone to spend the winter. Mrs. Hickson had recently spent some time in Amherst, leaving on September 23, and after a short illness her death came as a great shock to her relatives and friends."

PRESENTATION AT CUSTOMS HOUSE

A pleasant event took place in the collector's office at the Customs House yesterday afternoon, when the members of the staff gathered to bid good-bye to J. M. Treadwell, investigator of drawback claims, who has been transferred to Toronto. Collector Lockhart, on behalf of the staff, presented to Mr. Treadwell a set of pipes, an initialed tobacco pouch, and a humidor of tobacco. Mr. Treadwell thanked the staff in a neat speech. The gathering broke up with the singing of "For He's a Jolly Good Fellow." F. L. Stroud of Montreal, who arrived in the city the first of the week to take up his duties as investigator of drawback claims, was welcomed. While the staff was gathered, J. M. Stephen of the Bernardus Homes, gave a short address, telling of the work which is done. He was heartily received.

FOR NATIONAL IDEALISM

Canadians Should Set Definite Standard as to What They Read, Says R. J. C. Stead.

(Montreal Gazette.) "Idealism in Canadian Literature" was the subject of an address by Robert J. C. Stead, Canadian poet and author, delivered before the Montreal Women's Club yesterday afternoon.

KOLA PIPES

Smoke cool and sweet from the start and will outlast any ordinary pipe. It's the special "Kola" process that gives them their unrivalled lasting qualities and that rich mellow "Kola" color.

At all good tobacconists in over 100 different shapes and sizes.

"An old friend from the start"

of view, it was a temptation not easily resisted. He also stated that poetry would be a great help in furthering a Canadian idealism. There were a good many associations in Canada terming themselves literary clubs, the members of which usually confined their poetical selections with few exceptions, to the works of poets of the Victorian era, and forgot that there were Canadian poets.

ST. DAVID'S O. C. CLUB

The St. David's Old Country Club held its regular monthly meeting last evening in St. David's church school-room. The meeting was largely attended and the president of the club, A. Cameron, in the chair.

CENTRAL CHURCH SOCIAL

The Philathea class and the Barreca Brotherhood of the Central Baptist church held a joint social in the church vestry last night, which was a very well managed "at home" party.

"Some Pep" to that tobacco"

It has moist freshness - It has wonderful flavor

Young man there's real chowin'. Take a bite. Feel the body and toughness of that tobacco. Feel how moist and fresh it is. How juicy! Taste that flavor. Man, oh! Man. It lingers as long as there's any juice left, and take it from me, that juice does last.

associations were there in large numbers and everybody enjoyed the evening. H. G. Wanamaker was the chairman, and the special guests were the members of the choir, the pastor, Rev. F. H. Bone, and A. U. Brander. The following were the numbers on the programme:—Headline, H. E. Wanamaker; solo, Douglas Mawhinney; solo, Emory Cotnam; solo, Miss Hilda Williams. Games were indulged in and refreshments were served by an efficient committee of which Mrs. Gordon Allen was the convener.

TRADES AND LABOR COUNCIL

The Trades and Labor Council held its regular meeting last evening in a hall in Prince William street, with the president of the council, F. A. Campbell, in the chair. The meeting was largely attended and new credentials were received from delegates from the Clear Makers' Union and the Longshoremen's Association, local 1089. The meeting was addressed by John Bruce, organizer of the Plumbers' and Steam Fitters' Union, who is a labor candidate in Toronto.

He discussed the political and labor problems of the country.

The fair in the Carleton Curling club rink will conclude this evening and any leftover stock will be auctioned. The City Cornet band was in attendance last evening, but the attendance was limited by the weather. The \$10 door prize was won by Robert Howe; Charles Campbell won the bean toss; Charles Sweet won the excelsior and William Connor won the airgun.

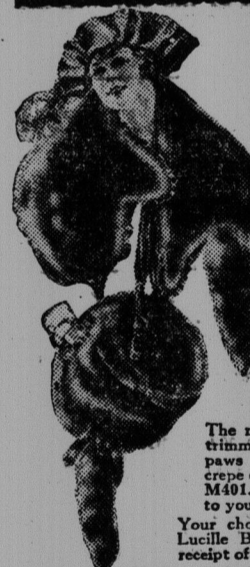

The Scientifically Built Watch. Priced from \$25.00 upwards.

This Watch Is Worn In Many Different Ways

ON this Waltham Ladies' Convertible Bracelet Watch there is a little "eye" on the case opposite the stem, to which, when open, one end of the bracelet is attached. But this eye can be shut back flush with the case—invisible. This enables the watch to be worn on chain, brooch, or neck ribbon equally as well as on bracelet or strap. Whatever the occasion, this beautiful little Waltham is ready for service. And its service is always dependable because its flawless mechanism is made by the oldest and most scientifically equipped watch-making organization in the world.

A Close-Up View Of Unemployment

The letters from the trenches used to bring home to us the realities of war more strongly than pages of official reports. Neither can the whole truth about unemployment be learned from columns of Labor Department statistics, reports of the Unemployment Conference, or even from the formal statements of such well-informed men as Herbert Hoover and Samuel Gompers.

While the editor of a trade union paper in Bridgeport, or South Omaha, may not be able to make an elaborate analysis of nation-wide unemployment, he does have something to tell us about the proportion of jobs to workers in his own city. And this editor is also likely to have a very definite idea of what ought to be done about it. To bring together for LITERARY DIGEST readers these various close-up views, and thus to give a more vivid realization of what those nearest the workers think about the lack of work, THE DIGEST has asked several hundred labor editors to tell whether they find things growing better or worse, and what remedies they would recommend. As a whole, the answers, which form the basis of the leading news-feature this week and which come from thirty States and forty important industrial cities, bring cheer, for they seem to show that the Unemployment Conference program for immediate relief is succeeding, and that the situation is improving.

Other striking news-articles of importance in THE LITERARY DIGEST this week (November 5th) are:

FUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary, NEW YORK)

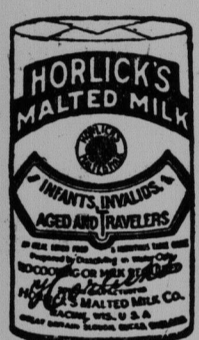

LIVING IN BERLIN IS VERY CHEAP

That is for Visitors Who Can Get Mark for One Cent—Best Hotels at \$5 a Day—Elaborate Dinner for Eight, \$23.

T. R. Ybarra, a well-known American newspaperman, now in Berlin, calls attention to a newly-coined word, invented in Germany to describe a condition which the Germans are not enjoying, but in for the first time. The word is "valutastark," and means literally exchange-strong. It describes the position of those visitors to Germany who find that their own money is worth so much more than the German money that they can live like millionaires in Berlin on sums that would hardly keep them comfortably in a city like New York. A short time ago the German mark declined to a point where it was worth just one American cent, instead of the twenty-five American cents which it represented before the war. That is to say, if prices had not advanced the American visitor to Germany would be able to buy about twenty-five times as much with his dollar of credit as he could have bought seven years ago, and the Canadian visitor only slightly less.

Luxury for Little.

But of course prices have advanced in Germany as elsewhere. Nevertheless, one who goes to that country with American funds can live for about a third of what his expenses would be in a large American city, while in English funds will go twice as far as they will in England. Mr. Ybarra says that one can live in a first-class German hotel eat the best of meals and give the expected tips for \$5, while the same thing could cost him \$15 in New York. If a visitor happens not to be a teetotaler, he'll find a pint of pretty good wine at dinner, a glass of beer or sherry at luncheon, and a few cocktails or highballs when he meets his friends; the outlay on these liquors will not amount to

Horlick's Malted Milk

Used successfully everywhere nearly 1/2 century. Made under sanitary conditions from clean, rich milk, with extract of our specially malted grain. The Food-Drink is prepared by stirring the powder in water. Infants and children thrive on it. Gives strength to the weakest stomach of the invalid and aged. Invigorating as a Quick Lunch at office or table. Ask for Horlick's The Original

more than \$5 a week. In other words, one can live in Berlin for \$10 a week and get everything that he would have to pay about \$150 a week for in New York, where he would also run the risk of being arrested for violating the law or the graver risk of being treated for alcoholic poisoning.

An Elaborate Dinner.

He mentions the case of an American who wished to give a really elaborate dinner in honor of the American Charge d'Affaires in Berlin. He went to the management of the most widely known hotel, told him what he desired and hinted at large rewards for something approaching perfection. Covers were laid for eight persons. There were pre-

liminary cocktails, followed by a well cooked, well served dinner. The menu contained plenty of vintage Moselle. The dinner was a great success, and the host summoned the maitre, chef, complimented him and tipped him more handsomely than was expected. He then found that his total outlay had amounted to \$23. Mr. Ybarra also mentions another choice dinner for four, including champagne, taxicab fares to a theatre, where good seats were secured, subsequent taxi visit to a midnight cafe, with good seats again, and later a supper, the total cost of the entertainment being less than \$23.

If You Are Saving.

This is how Americans can live in Berlin who do not mind throwing their money around. If they are more saving and rent apartments and do not take their meals at the smartest hotels, their expenses can be amazingly cut. One friend of the writer's has an attractive, medium-sized apartment, twenty minutes by trolley from the heart of Berlin, and for this he pays the equivalent of \$60 a year. Another American has a charming apartment of two rooms and bath, in a house formerly favored by swapper Prussian officers, fifteen minutes from the centre of the city, and he pays the equivalent of a dollar a day, which includes light and first-class service. He would be in luck if he could get such accommodation in New York city for five times the price. A tailor-made suit of clothes costs \$35; a pair of shoes, to order, \$6; necessities of the best quality, \$1; theatre

ticket, orchestra stall, \$1; while the average ride in a taxicab cost about twenty-five cents, including the tip. The street car fare is from one cent to three cents, according to the distance. Proportionately cheap, too, are the fees charged by various music and other instructors, who were wont to draw thousands of students to Germany each year. For a few dollars one can secure a sound musical instruction for a term. There is only one drawback to living in Germany if one is "valutastark," and that was described by a traveller who had visited many cities, cashing travellers' checks and receiving huge sums of various foreign notes. When he finished his tour and cashed his last check with the purser of the boat, he exclaimed: "Say, ain't it hell to present a check for fifty dollars and get for it nothing but fifty dollars!"

Among the students who arrived in the city yesterday to spend the Thanksgiving vacation in St. John were the following from Mount Allison Ladies' College, Sackville:—The Misses Dorothy Evans, Dorothy Nice, Lillian Clark, Jessie Abinette, Marion Henderson, Jean Patterson, Marjorie Johnson, Margaret Nixon and Muriel Carren.

Distinctive - Exclusive

In the higher grade of tea there should be something more in its appeal than merely quality. There should be that distinctive character which separates it from the mass. King Cole Orange Pekoe has a richness of flavor entirely its own. It is the King Cole judgment of what is delicious in a cup of tea.

off in business this week. From Pittsburgh we hear that the steel mills are not so busy, although existing conditions are still better than they were in July. Production of steel ingots is around the 40 per cent. mark, against a 20 per cent rate in July.

The demand upon the pipe mills continues to increase, this being very evident in standard pipe and oil country goods. The latter will hardly hold up as winter will naturally bring lighter demand. Bars are practically stationary; plates show a very light demand, and sheets are the only finished steel product with any strength. Wire products are rather quiet, but of course the condition is in keeping with the season of the year. Sheet, wire, pipe and tin plate mills are all operating at 50 per cent or better, this being well above the rate of steel production.

It is an open question as to whether finished steel prices are going up or down. Several increases have been made, also a few reductions. Considering the matter from all angles it would look as if there is a trend to go downward rather than upward, as a recent bullish effort was not successful in strengthening the price of certain products.

The Steel Corporation's latest report shows that it is possible to make money in steel production, even with a very light operation and existing high freight charges. This clears up an important point, for it was claimed that such a condition was out of the question.

The machine tool market is not very active. Competition is keen, and prices are being shaded in many cases in order to make sales. The small tool business is steady, and dealers in this line are quite content to wait, for they feel that things are bound to improve in the near future.

The scrap market refuses to come to life. The same inactivity continues, and it is likely to do so for some time. Although lines show a lull in the number of orders, the dealers in these various markets are by no means downhearted. Many feel that business is simply marking time until after the election on December 6.

UNITED STATES CANADA

What can we do about it?

Millions of dollars flying across the American Border—flying their way, not ours.

Hundreds of thousands of automobiles crossing the Canadian Border—coming our way, not theirs.

We have dammed our streams for power, flung bridges over our wide rivers, driven tunnels through our mountains, built waterways and railroads.

We can build a Canadian automobile. Everything is with us. We know the roads and the conditions; we do not have to pay duty or exchange; labor costing 40 to 60c. an hour here is costing from 75c. to \$1.25 in Detroit. Right in our own Canada, for less money, we can build a better car than any that can be made abroad.

The history of the automobile industry in the United States during the last 12 years reads like a fairy-story. As company after company has been started, immense fortunes have been built up by men who possessed next to nothing. In Canada, the auto situation is exactly where it was in the States 12 years ago. We have the opportunity to get in on the ground floor. These fortunes are still to be made. The Parker Motor Car Company is being formed now. Write for "MOTOR ROAD TO RICHES."

PLAYGROUNDS ASSOCIATION.

At a meeting of the Playgrounds Association held last night, arrangements for the grand pantomime which the children are to give were discussed. W. K. Haley was the chairman. Mrs. George Dishart, the treasurer, reported expenditures of \$344.85 and a balance of \$484.29. A. M. Belding reported for the committee appointed to make arrangements for the opening of the East End Boys' Club. He said the efforts had failed, but the present ones would be enlarged. Mrs. Belding told of the sale of tickets and making costumes for those taking part in the pantomime. Mrs. W. B. Good's report from the advertising committee was read in her absence. Mrs. Hamilton, Captain Mulcahy, A. M. Belding and L. M. Farquhar volunteered to help with the tickets. Mr. Haley said that the equipment from the Centennial playground was housed in the exhibition building. Mr. Hamilton told of the opening of the South End Boys' Club. The East End Improvement League intends to enlarge its rink according to his report. It was agreed that A. M. Belding, Captain Mulcahy and Charles Stevens should be a committee to take up with Commissioner Frink certain matters of repairs to the equipment.

PROBE COMPLAINTS OF ILL TREATMENT AT U.S. IMMIGRATION STATION

Washington, Nov. 5.—Complete inquiry is being conducted at the instance of the State Department, into alleged hardships suffered by British subjects at Ellis Island, the immigration station at the port of New York, to the end that difficulties encountered through administration of immigration laws may be reduced to a minimum.

HAD GOOD TIME.

Although the rain of last night made the attendance somewhat smaller than had been expected, those who attended at a home given by the Philathia Class and the Baraca Brotherhood thoroughly enjoyed themselves. The vestry of the Central Baptist church was prettily arranged and decorated for the occasion. In the unavoidable absence of the Baraca president, J. L. Collins, the chairman of the evening was H. S. Waana-Coman and Mashinney. The singing of refreshments by the young ladies of the Philathia brought the affair to a close.

SURPRISE PARTY.

Friends of Miss Gertrude Larkins to a surprise party on Friday evening. The first part of the evening was spent at the Imperial Theatre, after which they gathered at the home of Miss Larkins' sister, Mrs. Percy N. Woodley, 102 Wright street, where a most enjoyable and dainty refreshments were served. Just before the party left for their homes, Mrs. Woodley, on behalf of those assembled presented to Miss Larkins an ivory manicure set. Miss Larkins will leave on Wednesday evening for Toronto, where she expects to spend the winter.

GUNPOWDER PLOT.

Today is Guy Fawkes day, but the local Orangemen are not celebrating it in public fashion today. A special church parade and service will be held by North End Lodge, No. 121.

Business Failures 47.

Ottawa, Nov. 5.—This week's Canada Gazette contains forty-seven notices of bankruptcy of business firms.

SPORT NEWS OF A DAY, HOME AND ABROAD

BOWLING.

Games Last Evening. Took three points from the Lions. The winners had a grand total of 1484 and single strings of 512 and 530. The losers totaled 1384.

BASEBALL.

Leo Callahan. The following item appeared in a recent issue of the Boston Globe: "A Jamaica Plain boy, formerly a Greater Boston High School pitcher—Leo Callahan—was one of the stars of the Worcester team in the Eastern League this season. Callahan batted around 290 for the Worcester club in 1921 and his hits were frequently of the timely variety."

Ed. Barrow, business manager of the Yankees, said recently that a teaspoonful of salt should be taken with the story emanating from Boston that the Red Sox were to get Wallie Pipp, Johnny Mitchell and an unnamed pitcher in exchange for Stuffy McInnes, guardian of the first post for the Boston Americans. It may be so, says Mr. Barrow. But if it is, then Dr. Cook planted a hoof on the north pole.

Ray Schalk Operated on. Chicago, Nov. 5.—Ray Schalk, star catcher with the Chicago Americans, is convalescing in a hospital after the removal of his tonsils and another minor throat operation.

"Matty". New York, Nov. 5.—Christy Mathewson, who several days ago received a \$30,000 check, proceeds of the "Matty testimonial" baseball game at the Polo Grounds, September 28, declared in a letter to New York friends that the gift had given him new fighting powers. The former pitching star has been fighting tuberculosis at Saranac Lake. "Whenever little glooms try to pay me a visit," wrote Matty, "I can chase them away by thinking of my good and true friends. I am going to fight harder than ever to get well."

U. N. B. Defeats Mt. A. The University of New Brunswick football team defeated the Mount Allison team in Fredericton yesterday by a score of 8 to 0. The weather conditions were bad and at times snow fell so heavily that it was impossible to follow the play. The winners secured their lone try by clever dribbling on the part of the forwards, who carried the ball over the line when Cheeseman the Mt. A. fullback fumbled. There is only one more game scheduled in the western section between Mt. A. and Acadia if the former win the championship goes to the U. N. B., but if Acadia win they will tie U. N. B.

High Team to Moncton. The local high school football team left this morning for Moncton where they will play the high school team of the railway city. Their lineup will be as follows:—Forwards: McMuray, W. Williams, Fulton, Ellsman, Welsford.

UNABLE TO WALK FOR A YEAR

Paralysis Entirely Relieved by "Fruit-a-lives"

The Wonderful Fruit Medicine. Paralysis is a break-down of the Nervous System and affects the victim in various ways. Sometimes, nervousness makes itself known by hysteria, insomnia, constant headaches, or it may be so bad that one is partially or completely helpless in some part of the body, just as Mrs. Heacock was.

Sault Ste. Marie, Ont. "When I was twenty-eight years of age, my doctor advised me to have an operation, which I did and it proved very serious, leaving me weak and unable to walk for a year. Seeing your "Fruit-a-lives" advertised in the papers, I decided to try them. I continued to use them regularly, and today I am able to go about my home duties and care for my family."

MRS. J. W. HEACOCK. Any form of Nervousness is often caused by, and is always aggravated by, Constipation, which poisons the blood, irritates the kidneys and inflames the nerves. "Fruit-a-lives" stimulates the action of the liver and bowels, kidneys and skin—tones and sweetens the stomach—keeps the blood pure, and builds up the entire nervous system. In a word, "Fruit-a-lives" has proved that it is the most scientific and effective remedy in the world for Nervousness or a disordered condition of the nervous system.

GREB DEFEATS CHARLES WEINERT

New York, Nov. 4.—Harry Greb, Pittsburgh heavyweight, tonight defeated Charles Weinert, Newark, receiving the judges' decision after a fifteen-round bout.

Grebe scored Weinert in the first round with hard rights to the body. Throughout the remainder of the contest, Greb showed blows on Weinert's head and body. In the eleventh, fourteenth and fifteenth rounds, Weinert showed flashes of speed, but got the worst of an exchange of body blows in each instance. Weinert weighed 178½ lbs. and Greb 163 3/4.

INTERNAL BATHING ENDS CONSTIPATION; DRUGS THROWN OUT

"After using your J. B. L. Cascade for four months I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me," writes William Devoy of Lethbridge, Alta., to the Dr. Tyrell Hygienic Institute, Toronto. "Previous to using I could not go a day without a drug of some sort, and since using it I have not swallowed a single pill or tablet. I spent more than \$300 in two years previous to hearing of the J. B. L. Cascade. Chronic constipation is never cured permanently by the use of medicines. Larger and larger doses usually become necessary to obtain even temporary relief, the consequence being a weakening of the system.

Nature's own cure, just sterilized warm water, is the only scientific and permanent treatment for constipation, and its attendant ills—headache, indigestion, sleeplessness, and loss of energy. T. Bablin, Proprietor Hotel Alexandria, Ottawa, writes: "I have used the J. B. L. Cascade two years. It has made a new man of me. In reality I feel that I would not sell it for all the money in this world if I could not buy another."

The J. B. L. Cascade will be shown and explained to you by E. Clifton Brown, Druggist, Union and Waterloo streets, and F. E. Munro, 397 Main Street, St. John, N. B., who will give you free on request an interesting booklet by Dr. Charles A. Tyrell, on "Why Man of Today Is Only 50 Per Cent Efficient."

BASKETBALL. Alerts Will Enter. The entry of the Alerts in the senior section of the City Basketball League was assured last night as a result of a meeting of the executive of three Y. M. C. A. teams, the Seniors, Trojans and Alerts, held in the Y. W. C. A. cafeteria yesterday at which the matter was discussed. The Alerts had contemplated not entering the league as a result of the loss of some of their valuable players, but the Seniors consented to release MacGregor and the Trojans to release Fleming, provided these players were willing to play with the Alerts. Both last evening signified their assent to the change. MacGregor is a former McGill player and Fleming played at Acadia University. The league will be opened at the Y. M. C. A. on Nov. 23 when two games, a senior and intermediate, will be played. A meeting of the league will be held in the Y. M. C. A. next Tuesday evening to draw up the schedule for the senior section of the league and to revise the schedule for the intermediate section as a result of the entry of St. George's and St. Jude's teams. The Y. M. C. I. and the three Y. M. C. A. teams in the senior section are all said to be strong as the result of the changes.

RING. Wars Boxing Promoters. Hartford, Conn., Nov. 5.—New York boxers and boxing promoters were singled out for special mention in a statement made by Moses King, athletic instructor at Yale and Chairman of the State Boxing Commission, decrying the practice of putting on bouts of doubtful merit.

"There will be no more 'phony' stuff so far as the boxing is concerned in Connecticut," said King. "We mean business, and New York promoters who have been using Connecticut as a place to exploit a lot of bouts not aboveboard may take notice. The commission has agreed that hereafter all boxers must

"DANDERINE"

Grows Thick, Heavy Hair 35-cent Bottle Ends All Dandruff, Stops Hair Coming Out

Ten minutes after using Danderine on my scalp I could not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—but really new hair—growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping the hair to grow long, strong and luxuriant. One application of Danderine makes thin, lifeless, colorless hair look youthfully bright, lustrous, and just twice as abundant.

St. George's church, West Side, is celebrating its one hundredth anniversary tomorrow. The little church named after the patron Saint of England, opened its doors for divine service on November 6, 1821. Five years later it was consecrated by Rev. John Inglis. It escaped the fire of 1857, being on the West Side and today it is the oldest church in the city and the second oldest in the province, the Anglican church at Kingston.

At a meeting of the leaders corps in the Y. M. C. A. last night the following officers were elected: Seniors, Jarvis Wilson, president; Harold Kirk, vice-president; William Lee, secretary; Juniors, Harold Armstrong, president; Stanley Ellis; vice-president; Ronald Thomas, secretary.

The executive of the New Brunswick branch of the Canadian Bible Society met yesterday afternoon in the German street rooms. Hon. J. G. Forbes presided. Routine business was dealt with and arrangements were made for holding the annual meeting in Moncton in February. Mr. Porter reported. Rev. F. S. Porter, district secretary, reported his

ARCHIE WALSH EQUALS RECORD FOR 10 STRINGS. Rolls 1217 With 166 as His Highest One—Only One Under 100. Archie Walsh, one of the leading candle pin bowlers in the world, while competing in the New England Bowling Sweepstakes held in Reading, Mass., on October 26 equalled the world's record for ten strings when he toppled over 1217 pins. The record was made by Paul Poehler some years ago. Walsh's strings were—116, 119, 142, 120, 101, 117, 122, 166, 96, 118—1217, and Paul Wisniewski of Cambridge finished second with a total of 1140, and Paul Poehler third with 1118.

Archie Walsh is a former St. John boy, but has resided in the States for some years. He has frequently been seen in exhibition contests throughout the Maritime Provinces and in St. John while enroute to his summer home at the Cedars on the St. John river. OVER THE WIRES

A mystery has developed over the shooting of Joseph Roy, of Charlottetown, on October 1. Mr. Roy and P. W. Hamilton were standing near the edge of a lake and thought they heard a moose and Roy went to the edge of the bushes for a better view. A shot rang out and Roy dropped, shot through the breast. It was at first thought that he had been mistaken for a moose, but there is now many points of evidence pointing to a certain man. The footprints of the man firing the shot were found at the edge of the lake and from his position he could not possibly mistake Roy for a moose, it is said.

Following injuries received from the discharge of a gun in the hands of a companion. He was sixteen years of age.

A portable mill and equipment, together with 800,000 feet of lumber was destroyed near Miller’s Brook, near Salmon Beach, recently. The George Eddy Company, Limited, of Bathurst are the owners. The loss is estimated at \$20,000. The residence owned by George Allison, of Bathurst, caught fire on Thursday evening and the interior of the house was totally destroyed. The same evening fire broke out in the yards of the Bathurst Lumber Company, at West Bathurst. Eight piles of lumber were burned with loss of \$3,000.

The loss of the Allison house was considerably more. A barn containing equipment and fodder, belonging to the Gloucester Lumber and Trading Company at Burnville, was burned on Wednesday. The Miller slaughterhouse at Newcastle was burned by Hallowsen’s contractors. Total losses in Gloucester county for the week will be about \$30,000.

Greenfields Limited have purchased the merchandise of Gault Brothers Company, Limited, for about \$1,000,000. This is one of the largest sales of dry goods ever recorded. Gault Bros. have been in business in Montreal for 67 years.

A young man named John Watson, was struck on the head by a falling beam

at the pulp mill at Bathurst on Wednesday and died soon after. A gang were hoisting up beams to the roof of the mill. One slipped and struck Watson on the side of the head. He was twenty-two years of age. Another workman was slightly injured.

In her last will and testament, Lady Laurier bequeathed her late residence in Laurier avenue to the Liberal party for use as a permanent residence for successive leaders of the Liberal party.

THINKS B. T. HARSELL DEAD IN MOUNTAINS
After 1,000-Mile Search, Detective Finds Up Hope of Finding Missing Writer.

Bristol, Tenn., Nov. 5.—Blaise L. Marsell of Bedford, N. Y., short story writer, explorer and big game hunter, who has been missing in the mountains of this section since last February, is dead and there is little chance that his body will

ever be found, in the opinion of Elmo W. Brim, a detective of Gale, Va., who has been searching for the missing man for weeks.

The detective has covered more than a thousand miles, 160 miles of which he has gone afoot over rough mountain country. Harzell left Roanoke about Feb. 15 last. The search for Harzell is being conducted at the instance of Norman Harzell, his brother, a wealthy man of Bedford, N. Y.

Brim will continue his quest in the Tennessee. A summary of the information he has been able to gather so far indicates that Harzell worked his way through to the Great Smoky Range.
