MACKENZIE KING GRIPS HEARERS

Ottawa Address of Rare Oratorical Power.

Speaks on Responsible Government in Canada—Military Matters in Parliament—Question of Sessional Indemnity in Senate.

(Canadian Press.) Ottawa, June 8.—Although Hon. Mackenzie King was not on the programme of an open meeting which brought the annual convention proceedings of the Eastern Ontario Liberal Association to a close last night, he paid the gathering in the ball room of the Chateau Laurier a surprise visit. He speaks of the problems of responsible government as exemplified in Canada today. He illustrated the two types of mind, the Liberal mind and the conservative mind, which in its exaggerated form becomes the Tory mind, and expressed a belief that two great political parties based on the two attitudes of mind towards the question of government than the group system.

He had looked up the definition of Liberal in the dictionary to find what liberal minded meant, and it was given as one whose mind was progressive. And having looked up the word progressive he found it was one who was liberally minded. It was obvious that two groups whose ideas were in the same general idea should work together. In Parliament. Yesterday in the Commons, Hon. George Graham, minister of defence, said that from thirty per cent. to forty per cent. of the establishment of each military district in Canada would receive a limited training either in camp or at local headquarters. New Brunswick district will get about \$24,000 for this purpose. The total enrollment of all ranks in non-permanent militia on March 31, 1922, was 276,576.

REFERENDUM ON SCOTT AWARD

Sydney, N. S., June 8.—A referendum decide whether or not the award of Scott's expedition board on mining wages and conditions in Nova Scotia is acceptable to the 12,000 union coal miners of Nova Scotia will be held on June 28. POSTMASTER HOME AFTER CONVENTION Postmaster J. S. Flagg has returned home after attending a convention of the Christian church, at Poplar Hill, Ontario. There were many delegates from all parts of Canada and steps were taken to organize the church all over the dominion. Mr. Flagg was elected as member of the central body to represent the maritime provinces. A second member will be elected by the members of the various provinces at their annual conventions. An effort is to be made to start an all Canada newspaper. The Christian Messenger is published in Toronto and the Christian in St. John and it was suggested that they be amalgamated with this end in view. Mr. Flagg was accompanied by J. W. Barnes and while en route they visited Ottawa, Toronto, London, Hamilton and Niagara Falls. While in Toronto they visited Ven. Archbishop Raymond and Canon Kauring and were asked to convey best wishes to their many friends in this city.

G. W. V. A MEETING The monthly meeting of the provincial command of the Great War Veterans' Association was begun this afternoon at 8:30 o'clock in the local G. W. V. A. rooms. This morning the provincial executive met with Major H. Friesman, of McAdam, the provincial president, in the chair. Routine business only was transacted. This evening the local branch will be held at a smoking concert and musical entertainment in the assembly rooms at G. W. V. A. headquarters. Delegates G. W. A. from the North Shore, Moncton, Perth, Woodstock, St. Stephen, St. Andrews, McAdam, Fredericton and St. John.

RENOVATION SIDEWALK A delegation representing the residents of Lennoxville waited upon Premier Foster and Hon. P. J. Veniot, minister of public works, to ask that a sidewalk be constructed along the road from near the Renforth church to the road leading from the main road to the station. Mr. Veniot announced that he would visit the site this evening.

Bankers Give Up German Loan Idea

Now Preparing Report to the Reparations Commission.

Find That Unanimity Does Not Exist Among Nations Represented—Poincare Sets Out Position of France in the Matter.

(Canadian Press Cable.) Paris, June 8.—All idea of an international loan to Germany has been given up by the committee of bankers, and they are meeting today to agree upon the form their report to this effect. It will be submitted to the reparations commission. The work of formulating the report, it is said, may take two or three sittings. The prevailing conviction among the members of the bankers' committee is that two things are fundamental to a loan: First, that there must be unanimity among the lenders, which were to include all the countries represented on the reparations commission. Second, that the credit basis of Germany be outlined clearly. The bankers look upon the reparations commission's reply to their recent note as an official declaration that unanimity does not exist among the prospective lenders, and therefore, feel that plans for a loan cannot be advised.

France's Position. Paris, June 8.—Premier Poincare told the senate foreign affairs commission yesterday afternoon that he hoped the negotiations with Germany would be hardly expected any early tangible results. In the meantime, he said, French industry, while awaiting German payments in cash, which could become important only through the aid of a loan, must adjust itself to payments in kind. M. Poincare said this did not mean that an international loan was impossible, on the contrary a loan was altogether compatible with the rights and interests of France, as well as the stipulations of the treaty and the schedule of payments but the reparations committee was not authorized to have the right to put a loan into operation and the French government always make it an essential condition that a loan would mean any reduction in reparations due France. Repeating previous declarations in the Chamber of Deputies as to France's determination to act alone in reparations in case of Germany's default in reparations, the premier said that France had studied and prepared all plans for various sorts of penalties and was ready for the day when the reparations commission might declare Germany in default.

JUDGMENTS IN SUPREME COURT

(Special to The Times.) Fredericton, N. B., June 8.—Nine judgments were handed down today in the appeal division, Supreme Court. Liquor cases were prominent. The prohibition enforcement cases were heard and sustained. In three cases conviction was sustained. These were the Hand case from St. John and the Burns and Lindsay case from Moncton, in which the manufacture of "bees" or "swash" was concerned. The court answered two questions both in favor of the accused. On motion of Dr. T. C. Allen, K. C., the following attorneys were admitted: Emerson C. Rice, Pettitodac; Herman S. Murray, Chatham; Cecil B. Merriam and Thomas Louis McLeod, St. John.

Ex parte John A. Howard re Robert D. Crossman—Judge Grimmer read judgment. Rule nisi for quo warranto refused in both cases. Ex parte John A. Howard re Robert D. Crossman—The like. The King vs. Walter Limerick ex parte Weldon Barden—Judge Grimmer read judgment of court. Rule discharged, conviction sustained. The King vs. Hon. J. H. Barry ex parte H. D. Lindsay—Judge Grimmer read judgment. Rule discharged, conviction sustained. The King vs. Leslie O'Brien—Chief Justice Hazen read judgment. First question answered in the negative; must be shown that the beer was suitable for manufacture of spirits. The second question is answered by showing that the "bees" or "swash" was intended for family use.

Anheer Boot and Shoe Co., Ltd., vs. Robert Carter—Judge Grimmer read judgment. Appeal dismissed with costs. James A. Rundle vs. The Miramichi Lumber Co.—Chief Justice Hazen read judgment. Appeal dismissed with costs. Albert M. Cammack vs. New Brunswick Power Co.—Judge Grimmer read judgment. Verdict for plaintiff set aside and verdict re-entered for defendant with costs. Wade Drug Co., Ltd., vs. Wiesel et al.—Respondent to have his costs of appeal. Court adjourned until Friday of next week.

FIRE MARSHAL HOME Hugh H. McEllan, New Brunswick fire marshal, returned home last evening from the northern part of the province where he held investigations in Richibucto, Kent, Bathurst and Black Point, Restigouche, in connection with fires. He also appeared before the council in Chatham and discussed the matter of better fire protection.

REV. DR. W. J. CLARK NEW MODERATOR

Elected by the Presbyterians Over Rev. E. Scott.

One is Union Advocate, the Other is Opposed, but This Not a Factor in Voting—Rev. Dr. Gordon Speaks on God's Eternal Quest.

(Canadian Press.) Winnipeg, June 8.—Rev. W. J. Clark, D. D., of Westmount, Montreal, is the new moderator of the General Assembly of the Presbyterian Church in Canada. He was elected in succession to Rev. G. W. Gordon, D. D., Winnipeg, at the opening seditur of the 48th general assembly last night held in St. Stephen's church. Dr. Clark was elected over Rev. E. Scott, D. D., Montreal, editor of the Record, a veteran minister who after the vote had been announced, moved, amid great applause, that the election be unanimous. It is said that these facts had little or no bearing on the result of the vote, and that the personality and other qualities formed the chief issue in the election. However, this may be, the attitude of neither Dr. Clark nor Dr. Scott on church union is mentioned by the proposers and seconders. Dr. Clark is an ardent supporter of the union movement, while Dr. Scott is a strong opponent. It is said that these facts had little or no bearing on the result of the vote, and that the personality and other qualities formed the chief issue in the election. However, this may be, the attitude of neither Dr. Clark nor Dr. Scott on church union is mentioned by the proposers and seconders.

AGAIN ARISE THE QUESTION OF TITLES

London, June 8.—(Canadian Press.)—The Manchester Guardian discussing the opposition aroused in South Africa and Australia over the bestowal of certain titles says it looks as though the king's advisers would do well to make an end of bestowing such titles upon citizens of the dominions. BURIED TODAY The funeral of Charles J. Cain took place this morning from his late residence, 30 Richmond street, to the Cathedral for high mass of requiem to Rev. R. McCarthy. Interment was in the new Catholic cemetery. A large number of spiritual bouquets were received. The body of Mrs. Emma Gady McCarly, who died in Toronto on June 5, was brought to the city on the noon train today. The funeral was held from the Union station to Fernhill. Rev. R. C. Fulton conducted services.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeam to the Times reporter, "Hastin's of Toronto says we ought to take off our hats every time we meet a cow—her she's the foster-mother of humanity. I s'pose he would think about them three bottle-fed babies. He's a plain-spoken old fellow—air he? I guess he showed plain enough what may happen to the bull mill if Canada don't get it leaves the cow an' afore you folks gets it on your porridge. That 'n' case of 'upside' fever he told about on't make folks set up an' take notice—yes, sir."

"But did you hear what he said about the water?" asked the reporter. "He said they found in Toronto that forty per cent of the milk was water that had been added." "Yes, sir," then mumbled the folks that bought it. Teeter-totter—milk an' water. "Great game—aint it?" "I don't know what they do up in Ontario," said Hiram, "but as farmers down here don't do no such tricks. No, sir—we ain't never so near going under that I can't help to man the pumps—By He!"

British Shells Hit Near Belleek Fort; Free State Ground

Khaki Forces Today Captured the Place

Fired on by Republicans, They Use Big Guns in Reply—Movement on Both Sides of Loch Erne—Meanwhile London Reports Conference Outlook Better.

(Canadian Press Cable.) Belfast, June 8.—A British military column, comprising artillery, infantry and engineers, advanced into the Belleek district on the Fermanagh-Down road this morning with the reported intention of occupying Belleek by nightfall. The Republican forces are said to be falling back before the British advance. The British advance was started from a point on the south shore of Lough Erne, six miles from Belleek. The British column was accompanied by armored cars. Before the British troops moved off, helicopter communication was established across Lough Erne, presumably with the forces holding the Pettigo salient. The forces appeared to be a simultaneous movement in progress on both sides of the lake, in the nature of an encircling maneuver. The fort overlooking Belleek was first captured by the British troops and the town was then taken possession of by the military. Belfast, June 8.—An engagement between the Irish irregular forces in the Belleek district and British troops began at 1 p. m. The British forces were sent up indicating that the British troops were being fired on, while there were bursts of shooting from the north. The British artillery then opened up, landing two shots near the Belleek fort, which is in Free State territory. Later. Belfast, June 8.—Belleek was occupied today by British troops which advanced this morning to take the adjacent Irish irregular forces holding it. More Troops. London, June 8.—Six hundred men of the Liverpool regiment arrived here last night, taking up quarters in the province of Alberta. Orders were issued for the establishment of research in tuberculosis in Canada; a uniform scheme of monthly reporting of spread of per capita diet costs in Sanatoria in Canada, for comparison and co-operative assistance in the reduction of same. The place of holding the next annual meeting was decided in favor of the province of Alberta. Orders were issued for the establishment of research in tuberculosis in Canada; a uniform scheme of monthly reporting of spread of per capita diet costs in Sanatoria in Canada, for comparison and co-operative assistance in the reduction of same.

CROWD MUCH INTO THE MORNING AT HEALTH CONGRESS

Important Decisions Reached Relative to the Combating of Disease and Prominent Medical Men are Heard—Nurses Have Conference.

"Breakfast" Meeting at Union Club Begins Proceedings. This was a busy morning for the delegates to the Canadian Public Health Congress in session at the Armony. A general executive meeting of the Canadian National Council for Combating Venereal Diseases was held as were meetings of the Canadian Public Health Association and the Canadian Association for the Prevention of Tuberculosis. Questions concerning the work were discussed and general business transacted. The public health nurses held a round table conference and listened to addresses on "The early bird gets the worm." As the strenuous days of the Health Congress pass by, one after another, the physical pace of the attending delegates seems to quicken, in spite of the social activities interspersed between executive sessions. The Canadian Tuberculosis Association held a breakfast meeting in the private dining room of the Union Club at eight o'clock this morning. Many matters of prime importance were disposed of including the decision to become members of the International Union Against Tuberculosis—and to instruct Dr. George Porter, now in Europe, to represent the Canadian Association as Councillor, at the meeting in July at Brussels, Belgium. Two committees reports were considered. As to the promotion of surveys, in each province, of the child population of a county area population. The establishment of research in tuberculosis in Canada; a uniform scheme of monthly reporting of spread of per capita diet costs in Sanatoria in Canada, for comparison and co-operative assistance in the reduction of same. The new organization is formed to take over the harness racing circuit data assigned to Fredericton and conduct race meets here. The activities can be extended to include other sports.

OTHERS BRING OUT HOME RUN BATS

Circuit Clouts Figures in Six Big League Games

Ruth Gets Two Hits But None for the Four Bases—Hutchinson Eliminated at Golf—Runner Breaks a Record.

(Canadian Press.) New York, June 8.—Home run bats that have been in temporary retirement in the major league races appeared yesterday to be ready for another glugging skirmish. Circuit clouts played a prominent part in six of eight games yesterday, although the principal siege guns—Williams, Hornsby, Miller and Ruth, failed to figure in the melee. Bigbee, Tierney and Gooch of Pittsburgh, put enough wallops out of the park to beat the Phillies, with Morrison hurling shutout ball, and keep the Pirates on the heels of the Giants, who raised the National League pennant and then mangled four Chicago pitchers for eighteen hits and an easy victory, 9 to 4. Snyder's homer helped decide the battle. The other leading National League contenders fell by the wayside, loose fielding and Vance's ineffectiveness costing Brooklyn a 6-2 decision to Cincinnati, while Miller's pitching and Gash's batting helped the Boston Braves take their sixth successive victory and third in as many days from St. Louis. The Yankees bunched their hits to better advantage and made it two in a row from the White Sox. Bush chalked up his seventh straight and Ruth collected two hits and two home runs. The crack up his seventh home run in the race by losing to Boston, home runs by McManus and Menosky featuring. Brower's double gave Washington a victory over Cleveland in eleven innings and while Ebanke scattered the Athletics, nine hits the Tigers bunched their half dozen and won 6 to 2. The 1,000 Guineas. Glen Eagles, June 8.—Match play began today in the Thousand Guineas Golf Tournament with Jack Hutchinson as the sole remaining U. S. representative. Hutchinson holds the British open championship, which he will defend in the coming tournament at Sandwich. He finished well up in the stroke play over the King's course here, his total for the two eighteen hole qualifying rounds being 122. Joe Kirkwood, Australian open champion, was low with 144. Hutchinson was matched today with A. G. Havers, an experienced English tournament player. Cincinnati, June 8.—Dave Shadle, of California, won the 227, and captured the first ten fast rounds to a draw, here last night. Glen Eagles, June 8.—Jack Hutchinson was eliminated by A. G. Havers of England. He defeated him by one hole. Helsingfors, June 8.—Hannes Kolehmainen, noted Finnish runner, winner of the Olympic marathon in the 1920 games, is reported to have beaten the world's record for twenty-five kilometers, making the distance in 1 hour, 22 minutes and 48 seconds.

REFERENDUM ON SCOTT AWARD

Sydney, N. S., June 8.—A referendum decide whether or not the award of Scott's expedition board on mining wages and conditions in Nova Scotia is acceptable to the 12,000 union coal miners of Nova Scotia will be held on June 28.

POSTMASTER HOME AFTER CONVENTION

Postmaster J. S. Flagg has returned home after attending a convention of the Christian church, at Poplar Hill, Ontario. G. W. V. A MEETING

The monthly meeting of the provincial command of the Great War Veterans' Association was begun this afternoon at 8:30 o'clock in the local G. W. V. A. rooms. This morning the provincial executive met with Major H. Friesman, of McAdam, the provincial president, in the chair. Routine business only was transacted. This evening the local branch will be held at a smoking concert and musical entertainment in the assembly rooms at G. W. V. A. headquarters. Delegates G. W. A. from the North Shore, Moncton, Perth, Woodstock, St. Stephen, St. Andrews, McAdam, Fredericton and St. John.

RENOVATION SIDEWALK

A delegation representing the residents of Lennoxville waited upon Premier Foster and Hon. P. J. Veniot, minister of public works, to ask that a sidewalk be constructed along the road from near the Renforth church to the road leading from the main road to the station. Mr. Veniot announced that he would visit the site this evening.

TODAY AT THE GENERAL ASSEMBLY

Winnipeg, June 8.—(Canadian Press)—Reports on the legal and legislative aspects of church union are likely to be submitted at this afternoon's session of the Presbyterian General Assembly. It is expected by unionists that a policy of advancing the question as far as possible in view of its complicated character to such a policy is to be offered, however, and the opponents will seek another referendum. MR. BENTLEY RESIGNS AS LIQUOR COMMISSIONER A. F. Bentley, who is provincial government candidate in St. John county, has resigned as member of the New Brunswick Board of Liquor Commissioners. The resignation has been accepted. GOVERNMENT MEETING. Members of the provincial executive council are in the city today for a meeting of the government this afternoon.

THINK TAXI GUNMEN AVENGERS OF HOEY

Watchman, Shot from a Cab, was Chief Witness Against Slayer of Policeman—Police Scent a Mystery.

New York, June 8.—Timothy McInerney, a watchman employed by the Pennsylvania Railroad, who helped to send William Hoey to Sing Sing prison for the slaying of Policeman Daniel Neville in August, 1921, was attacked by two armed men in a taxicab before dawn on Tuesday, in front of 822 West Thirty-ninth street.

With two friends McInerney was returning to his home at 464 Eleventh avenue, when the cab swerved in close to the sidewalk and slowed down. Its two occupants began firing, but McInerney left his pistol at home and could make no defence.

"The gunmen were avengers of Hoey," declared the friends of McInerney, "because he gave the principal testimony against the slayer of the policeman."

Physicians at the French Hospital dressed McInerney's wound, and he went home. Detectives at the West Thirtieth street station said their investigations did not bear out the theory that Hoey's friends had fired the shots, and they sought for another motive for it.

The Duke of Rothessay chapter, I. O. D. E., had a meeting yesterday in the form of a picnic at the summer camp of the regent, Mrs. W. S. Allison and Mrs. J. H. McIntyre, on the lake shore, Rothessay. Plans were made for a bridge to be held at Kingshurst, the residence of the regent in July.

HEINZ PURE VINEGARS

WILD-DRIVING MANIAC TERRIFIES MOTORISTS

Hamilton, Ont., June 8.—Wm. O'Grady escaped from the Asylum for the Insane and took possession of an automobile belonging to George Parke of Parke & Parke, druggist. With the car he made for the Toronto-Hamilton Highway at a terrific pace.

Although many pedestrians and motorists had narrow escapes in the city, no serious damage was done until he reached the highway, where he crashed into several cars. He finally had a collision that disabled his engine and set the car on fire. He was then recaptured, and brought back to the asylum by Chief Smith and Dr. Peart, Burlington. The only injury O'Grady suffered in his mad flight was a black-eye.

CHORUS GIRL GOT \$43,000, SAYS WIFE

Mrs. Norman R. Sterne, Seeking Alimony, Tells of \$250,000 Expert Profits — Describes Trip Abroad.

New York, June 8.—After hearing the arguments of opposing counsel in the Queens Supreme Court as to the financial standing and income of Norman R. Sterne, exporter, who lives at the Billmore Hotel, Justice Fawcett appointed Allan Stephen Locke referee. A motion is pending for alimony, counsel fees and legal expenses, made by Mrs. Helene Sterne through her attorney, Armin Kohn, in connection with her suit for a divorce. She asked for \$200 a week alimony and \$4,000 legal fees. Mr. Kohn said a business associate told Mrs. Sterne her husband cleared \$250,000 from his business.

Mrs. Sterne names as co-respondent Helen R. Meyers, who several years ago was in the chorus at the Winter Garden. In the papers Mrs. Sterne says: "My husband left New York ostensibly on business for an export company, of which he was president, intending to go to Paris and from there to Bucharest. The woman, Helen R. Meyers, left on the same boat with him, but occupied a separate room. She traveled with him to Paris and then met him at Bucharest and several other places. She remained in Bucharest two weeks and during that time she and my husband lived together as man and wife. After two weeks she returned to Paris and shortly afterward my husband followed her to Paris. Witnesses will testify that my husband most of the time occupied the room in the Hotel de Hollande in which Helen R. Meyers was living."

FIND SNAPSHOT OF BANK BANDITS

Photo Reveals Wyoming Robbers Making Getaway from Scene of Theft—Enlargement is Made.

Sarnia, Ont., June 8.—After a search they have been conducting since the Wyoming bank robbery on October 20, 1921, H. B. Gadsden of the United States Fidelity and Guaranty Company and Provincial Detective Aitken of this city, while in Watford secured a photograph of the bank robbers as they were entering their car to make their getaway from the Bank of Toronto, where they secured \$10,492.

While Detective Aitken and Gadsden were investigating the robbery a few days after it happened they heard rumors that a snapshot had been taken by an amateur photographer. An eight month search failed to bring any reward until when visiting Watford the operatives ran down a score of rumors until

they finally secured the film of the snapshot.

The detectives said that the film of the snapshot had been sent to Toronto for an enlargement, and that they expected this would be one of the chief items to be presented at the trial. The officers re-

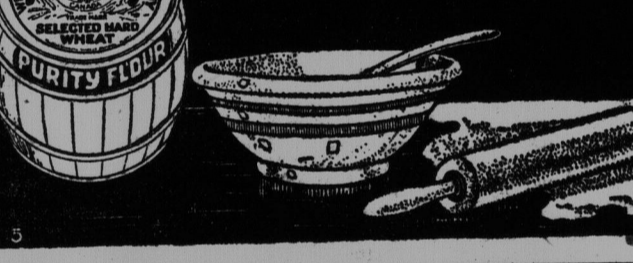

fused to comment on the snap, who had it or how they secured it, but they said that it showed quite clearly the bandits entering their motor car.

Pele Student Predicts Greatest in Years in Hawaii—Some Tremors Registered.

Hilo, Island of Hawaii, T. H., June 8.—The Goddess Pele, Hawaiian deity of volcanoes, who early last week stirred her fires long dormant craters, is brewing a terrible broth in her giant fire vaults under the lava cones, which at any moment she may pour out upon the country about her. Such, at any rate, is the forecast of Professor T. A. Jagger, volcanologist, who for years has studied Pele's moods. "I believe Madame Pele means mischief," Professor Jagger said today. "I hourly expecting momentous events." The eruption, he said, may rival or even surpass the great outbreak of 1840, when the districts about the seaside villages of Kapoho, Kalapaho and Kaimu were inundated with lava. Professor Jagger's prediction was based on the collapse last Monday of the Halemaumau pit in the Kilauea crater by the sudden draining out of the molten lava from the upper walls of the pit and the numerous earth tremors recorded at the volcano observatory near here. Events of the last few days are a repetition in exact sequence, Professor Jagger said, of the activity that preceded the 1840 eruption, when lava from Halemaumau drained away toward the craters of Makaopuhi and Napau on the great rift system extending along the coast in the regions of Kapoho and Kalapaho. This was the phenomenon which this week restored the Makaopuhi crater to activity for the first time since 1840, and which at the same time subdued the Halemaumau fire pit. The tremors registered show intense activity along this line of the lava flow, the volcanologist said.

MR. McAULEY'S LETTER. In a letter printed in today's Times Mr. J. E. McAuley announces that he has decided not to be a candidate in Kings county. He says very plainly, however, that the Conservative convention was not representative, and was "very unfair."

PALMER'S WHARF. In St. John county Dr. Barton has discovered that Premier Foster, Hon. F. J. Veniot and his colleagues are guilty of manslaughter if not a greater crime. Dr. Barton is reported to have said last night: "If they (the government) had spent a few dollars on the river wharves a bright young life would not have been snuffed out on Monday last, when a young girl was drowned because of the dangerous conditions of the wharf at Palmer's."

THE VOCATIONAL SURVEY. The announcement that a vocational survey of St. John is to be made at once under the joint auspices of the provincial board and the St. John committee will be received with universal satisfaction. Such a survey made in several provincial towns has had excellent results. It is an essential step in making proper provision for vocational training on an adequate scale.

INDISPENSABLE TRAINING. It has been learned that the kindergarten is of great value in missionary work in the far east. The fact should be regarded as evidence of the value of the kindergarten in the countries from which missionaries are sent. At a Methodist Women's Missionary Conference in Toronto last week, an address was delivered by Miss E. Ledlard, a kindergarten director in Japan.

POEM ON LINCOLN

The concluding stanza of Edwin Markham's poem, read by him at the dedication of the Lincoln Memorial at Washington on Tuesday, was the high spot in the ceremony which was the culmination of the national observance of Memorial Day:— So came the Captain with the mighty heart; And when the judgment thunders split the house phonograph; Wrenching the rafters from their ancient rest, He held the rafters up and spired again The rafters of the home. He held his place; Held the long purpose like a growing tree; Held on through blame and faltered not at praise; And when he fell in whirlwind, he went down As when a lordly cedar, green with boughs, Goes down with a great shout upon the hills, And leaves a lonesome place against the sky.

LIGHTER VEIN. "Many people at the opening game," Sam asked his employer, "Yessah, a heap o' folks, Mistah Brown. An' you jes' oughter heerd 'em when de players came into de field." "They were tumultuous, were they?" Sam hesitated and looked rather dubious. "Well, sah," he replied, "ah 'boutn't 's'ay dey was too tumultuous, Mistah Brown, but dey was multitudes enough."—Boston Transcript.

Why Enrico Stopped Tooting. In his earlier years Caruso used to play the piano. One day a salesman tried to induce him to buy a phonograph, and he suggested to Caruso that he play his "brooklin't" on the machine. After hearing the record, the flutist asked: "Is that what I did?" "Yes, sah." "Exactly as I played it?" "Exactly, sir. An' isn't it wonderful? You'll hear Enrico Caruso, shuddering 'bout 'I'll sell the flute.'"—Boston Transcript.

JUNE WEDDINGS

Horsman-Henderson. A quiet wedding took place at 292 St. James street on the morning of June 7, when the Rev. H. A. Gody united in marriage Bentley Oswald Horsman, of Stileville (N. B.), to Miss Margaret Hebees, youngest daughter of the late James and Barbara Henderson, of French Village, Kings county. The bride was attended by her sister, Mrs. John Carson, and her niece, Miss Florence Carson, both of this city. After the wedding a dainty luncheon was served at the home of Mrs. William Dale, niece of the bride, 273 Wentworth street. Mr. and Mrs. Horsman left on the noon train for Moncton, carrying with them the best wishes of their many friends. They will reside at Stileville, where the groom is a prosperous farmer.

Watson-Miller. Many friends will read with interest the marriage last evening of George I. Watson, son of Mr. and Mrs. W. J. Watson, to Miss Jennie F. Miller, daughter of Mr. and Mrs. F. J. Miller, of West St. John. The ceremony was performed by Rev. C. R. Freeman of the Charlotte street Baptist church at his residence. The bride was attired in navy blue suit with hat to match and she wore a squirrel tie. A dainty supper was served at the home of the bride's parents after which Mr. and Mrs. Watson left on the Montreal train en route to Detroit where they will visit Mrs. Charles Harding, the bride's sister. On their return they will reside on the West side. Amongst the gifts received was a Chesterfield from the C. P. R. elevator and power house staffs with whom the groom is employed. Also many handsome and useful presents were received.

Belyea-Gatcombe. Fredericton, June 7.—(Special)—A very pretty wedding took place at the Brunswick street Baptist church this evening when Miss Edith Mary Gatcombe became the bride of A. M. Belyea, the ceremony being performed by Rev. G. C. Warren in the presence of a very large number of friends of the bride and groom.

The bride was given in marriage by her brother-in-law, Warren Maxwell, and was attired in a suit of taupe cloth with hat to match, and carried a bouquet of pink roses. Her little sister, Scelley, was flower girl, and was dressed in pale blue voile.

After the ceremony, Mr. and Mrs. Belyea left on a honeymoon trip to Prince Edward Island.

The bride was of the staff of the Bank of Montreal, and one of the popular young women of the city, while the groom is in the treasury department of the province and prominent in Fredericton.

Lattimer-Silliphant. At the main street Baptist church parsonage last evening, Miss Bertha Francis Silliphant, daughter of Mr. and Mrs. William Silliphant, became the bride of Walter Hasen Lattimer, Rev. Dr. D. Hutchinson performing the ceremony. Both principals belong to St. John. They will reside here.

Lamb-Young. Alexander Lamb, of Silver Falls, and Miss Lucinda, daughter of Mr. and Mrs. George Young, of this city, were united in marriage by Rev. L. J. Watson, at the home of the bride's parents, yesterday. The bride was attired in a traveling costume of blue, and wore a real stole, the gift of the bridegroom.

Arthurs-Wilkins. Miss Pearl Mildred Wilkins, daughter of Mr. and Mrs. Burpee Wilkins of 6 Sydney street and Lester T. Arthurs of this city, were married at the Esplanade street church last night by the Rev. H. E. Thomas. Miss May Crisler acted as bridesmaid. After the ceremony, the couple returned to the home of the groom, 13 Johnson street, where a wedding supper was served.

RECENT DEATHS. Thomas Nixon. The death of Thomas Nixon occurred yesterday at his residence, 811 Princess street, after a short illness. Mr. Nixon was a well known resident of this city as he had lived here practically all his life. He was one of the oldest members of the local carpenter's union and he will be missed by a wide circle of friends. He was an old soldier and he was at one time a sergeant in the famous 104th battalion, which made such a record by its march from Fredericton to Quebec in mid-winter, although Mr. Nixon was in the regiment long after that eventful trip. He was a member of the New Brunswick Volunteers who marched to St. Andrews at the time of the fears of the Fenian raids in 1864. He was employed with the old Eastern Steamship Company in the early days of that company's activities here. He is survived by his wife; three daughters, Winnifred M., of New York, Mrs. L. Johnson and Mrs. P. W. Griffin, both of this city; also one grandson, H. J. L. Nixon.

Mrs. William Foster. The death of Mrs. William Foster occurred recently at her residence, Birch Ridge, Victoria county. She was thirty-seven years of age and is survived by parents, four brothers and four sisters. Among the sisters are Mrs. Alfred Lee and Mrs. Thomas Green of this city.

MORNING NEWS OVER THE WIRES

The Anglican synod of Nova Scotia meeting in Halifax has decided to divide the supervision of the diocese of Nova Scotia and Bermuda under its head, Archbishop Worrell and a suffragan bishop. Hitherto the archbishop has done all the work over a large territory.

His seven year old son of Mr. and Mrs. John Harquail of Dalhousie

was shot in both legs on Saturday when he and his brother were playing with a .32 rifle. He was taken to the hospital in Campbellton, but passed away a few minutes after arrival.

Cardinal Logue, while automobiling from Armagh to County Louth yesterday with Archbishop O'Donnell, was held up at Lisnadir. The car was searched and then they were allowed to proceed.

Frederick Hudd, Canadian government trade commissioner at New York, will visit St. John this month, while en route to St. Andrews. He will leave New York on June 17.

A meeting of the Moncton city council was held last night and an agreement ratified between the city and the Moncton Tramways Electric and Gas Co., in regard to the hydro rates. The company is to supply current at a maximum rate of ten cents per kilowatt hour for three years.

Rosa Miguel, twenty-one of northern Virginia, for whom the police have been scouring the country, took refuge with the Sydney police yesterday after making her escape from a band of gypsies. She said they kidnaped her at Philadelphia two months ago. She was kidnaped when twelve, lived with them seven years, forced to marry the son of their king and was rescued at Phoenix

Why Physicians Recommend Magnesia For Dyspeptics

"Take a little magnesia after meals" is now a favorite dyspepsia prescription among thousands. The reason for this lies in the fact that practically ninety per cent. of all stomach trouble is due to acid which irritates and inflames the delicate mucous membrane lining of the stomach and makes natural digestion impossible. Medicines, drugs and diets all fail simply because they do not remove the acid, the cause of all the trouble. The value of magnesia, which is neither a medicine nor a drug in the ordinary meaning of these words, lies in the fact that it neutralizes the acid. Of the many forms of magnesia such as the oxides, carbonates, milks and fluids, the best is undoubtedly Bisulphated Magnesia, a teaspoonful or four tablets of which in a little hot water, after meals, instantly neutralizes the acid, stops the fermentation of the food and thus insures painless, natural digestion. Pure Bisulphated Magnesia can be obtained from any reliable druggist and stomach sufferers should give it a trial.

In 1920. For two years she lived with her parents, until again kidnaped. Arrangements are being made to send her back to her parents.

The annual meeting of the Sackville district of the New Brunswick and Prince Edward Island Methodist ministers conference was held yesterday at Moncton. Rev. J. B. Gough was elected secretary and Rev. Hammond Johnson re-elected as chairman. The examination of a probationer, Rev. George Elliott, a student at Mt. Allison, was the principal item of business.

Amos Ogden of Truro, C. N. R. policeman, was found not guilty by a jury in the supreme court at Truro yesterday on a charge of shooting a colored boy named Hamilton. The shooting took place last winter in the railway yards and the defense contended that the shot was fired to scare, rather than to kill.

An appeal for more generous support of all agencies working in the far east was made by William Jessup, national foreign work secretary of the Y. W. C. A., at a luncheon yesterday. Mr. Jessup's talk comprised an outline of the causes for unrest in the far east. Mr. Jessup left this morning for Yarmouth, after which he will visit other points in Nova Scotia and Prince Edward Island.

RUNAWAY CAR BOWLS TEN OFF THEIR FEET

Series of Accidents Follows Police Chase of a Speeding Runabout.

New York, June 8.—Two children were slightly injured and about ten other persons were bowled from their feet in University avenue, the Bronx, near 171st street, in a curious automobile accident, which had a series of sequels.

Two policemen of the Highbridge station were on automobile patrol in a runabout just north of the Bronx entrance of the Washington bridge when they saw a white runabout in front of them. The three men in the runabout appeared to speed up when they saw the police car, and the police dashed in pursuit.

Thinking that they would be unable to overtake the men in a straight race the police started to detour, expecting to head off the white automobile at 169th street. One of the policemen, Sergeant Cleveland, dropped off at the bridge entrance and Patrolman Schindler ran on in the car.

The white runabout had had luck. Near 171st street it dashed from the roadway, knocked over two trees and crashed into the rear of the automobile of John J. Fagan of 1,435 University avenue. Dudley, the five-year-old son of Fagan, was just stepping into the car when the wild automobile crashed into the back of the standing automobile.

He was hurled to the ground and badly bruised. Three of his teeth were knocked out. Two of the men in the car escaped, but the third was caught by Patrolman Schindler. He said he was Walter M. Murray of 209 West 132nd street, but refused to tell anything about the car or his companions.

Patrolman Schindler started to back

To Free Your Arms of Hair or Fuzz

(Boudoir Secrets.) No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about two minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get genuine delatone.

the runaway car out of the back of Fagan's wrecked car, which it had stove in. He started the motor and the car backed out with a rush and, before he could stop, its reverse action swept around through the crowd.

Spectators tried to run out of the way, but the car caught some of them and knocked them down. Then it ran to the sidewalk in front of I. Minkoff's cigar store. Minkoff snatched his wife and children out of the way. The wild car caught a baby carriage and crushed it while H. J. Miller of 1,380 Merion avenue was snatching his baby from danger. It backed up against the store and stopped.

Police learned that the car bore the license number of J. Roy Prosses of 147 Riverside Drive, but they were unable to learn anything additional about the car last night. It was thought that the car was not in the possession of Mr. Prosses when the accident happened.

REARRESTED AT SING SING.

Prisoners, Care of Mental Deficiency, Faces Philadelphia Charge.

Ossining, June 8.—Pronounced cured of mental deficiency, Morris Rosenberg, a Sing Sing prisoner, was re-arrested at the prison gate when released by the prison officials and taken by a detective to Philadelphia, Penn., to answer a charge of fraud.

Sometime ago Rosenberg was transferred from prison to the State Institution for Defective Delinquents at Napanoch. He was ordered returned to Sing Sing because his mental condition apparently improved. When Charles F. Battigan, superintendent of prisons, discovered Philadelphia police had an account to square with Rosenberg he immediately as the inmate had already overstayed his original sentence for larceny in Manhattan.

SAYS DAUGHTER AIDED IN MURDER

Second Confession Implicates Woman in Killing of Cloud Bay Farmer.

Port Arthur, Ont., June 8.—Declaring that he had discussed with Gladys Molton, with whom he was in love, the possibility of their getting along together if her father were out of the way, Fred Baldwin, hired man at the home of Robert Molton, farmer in the Cloud Bay section, made a second confession of the murder of Molton on May 9, and

was committed to stand trial. Baldwin made a confession at the inquest following his arrest on suspicion, but the name of the farmer's daughter, Gladys, was not mentioned.

Baldwin said it was Gladys who told him about her father being on the road the day the murder was committed; that she gave him seven cartridges; that he took Molton's rifle and loaded it in the presence of Gladys and her mother, and then went down the road to lie in ambush for Molton, whom he shot as he walked past him.

Three men were arrested by Constable Robert Crawford of Cloud Bay yesterday on charges of reckless driving and being under the influence of liquor. They were fined \$100 and costs.

DIPPER HARBOR IS ENTHUSIASTIC FOR FOSTER CANDIDATE

Representative Audience Grets A. F. Bentley, Dr. L. M. Curren and A. W. Carton — Arguments of Speakers Well Received.

The electors of Dipper Harbor and the communities near this prosperous fishing village last evening eagerly seized the opportunity afforded the voters of the western end of the county of hearing at first hand the vigorous and forward policies of the Foster administration discussed when they turned out in large and attentive numbers at the meeting held in the interests of A. F.

Bentley, government candidate for the vacant county seat to be filled on Saturday.

As this section of the county is situated nearby the big hydro-electric de-

velopment at Musquash, the government viewpoint in this matter, as presented by the speakers, who included the candidate, Dr. L. M. Curren, M.P.P., and A. W. Carton, was of particular interest and made a deep impression.

Mr. Bentley's view that the hydro development was not like any other under the sun, in that nature provided the motive power for all time once the machinery was installed, was given with telling emphasis and was loudly applauded.

Councillor James O'Donnell, of Dipper Harbor west, was chairman of the meeting which was held in the school house.

WILL HAVE BAD EFFECT ON THE OPPOSITION

J. E. McAuley Serves Notice on Opposition Machine in Kings County — Convention, He Says, Very Unfair.

The following letter has been sent to The Telegraph by J. E. McAuley of Lower Millstream, Kings county, for publication. Mr. McAuley's friends are very angry over the treatment he re-

ceived at the opposition convention at Hampton. It had been generally understood that he would be chosen as the opposition candidate in the by-election, but his friends declare matters were so manipulated that he was sidetracked for another. They naturally feel that Mr. McAuley has good grounds for protest, and Mr. McAuley's letter shows that he is displeased and that he is not afraid to say so:

Lower Millstream, Kings county, June 6, 1922.

To the Electors of the County of Kings: I have decided not to be a candidate in the coming by-election, as the time is too short to get fully before the electors of our county, and as many unmet things have arisen in this contest, one

of the chief reasons is because of the short notice of the opposition convention to the majority of the electors, as the posters only arrived on Tuesday's mail, and in many places on the day of the convention. This practically left the convention to be run by a limited number and not by the majority, which will certainly have a bad effect on the party. I trust that in future we will be able to arrive at some conclusion in ample time and place our convention on record in time and have a full representative meeting of the county and have candidates who are the choice of the people and not of the selected few.

We believe the convention to be of a very unfair nature, and those things will have a very bad effect in the future. Trusting this explanation will be satisfactory, I may say this notice is in accordance with my own personal wishes, as no person has any strings on my political life at the present, nor will have in the future.

Yours truly,
J. E. McAULEY.

HONEYMOONERS ON A 1500 MILE CANOE JOURNEY

Sarria, Ont., June 8.—Married by Rev. A. M. Shannon at Corunna, George W. Storey and his wife, formerly Florence Reynolds, both of this city left Sarria in a canoe for a 1,500-mile honeymoon trip to Georgian Bay. They expect to return to Sarria by the same route the latter part of August.

Both are enthusiastic followers of outdoor sport, and are among the leaders of Sarria's athletic circle. Storey and his bride set sail from a local dock while a party of friends and relatives on the dock gave them three cheers for good luck as their tiny craft set sail on its long voyage of the lakes. The couple had on board a constant companion in "Happy," a fox terrier.

Leaving Sarria via the St. Clair River route, the young newlyweds will travel to Lake Ontario, thence northward to

Lake Simcoe and the Georgian Bay, returning via Lake Huron. The trip is a record one out of this port for a canoe, and the young couple have aboard the most modern camping equipment obtainable. On their arrival at Toronto the young honeymooners will spend a brief visit with relatives in the Queen City.

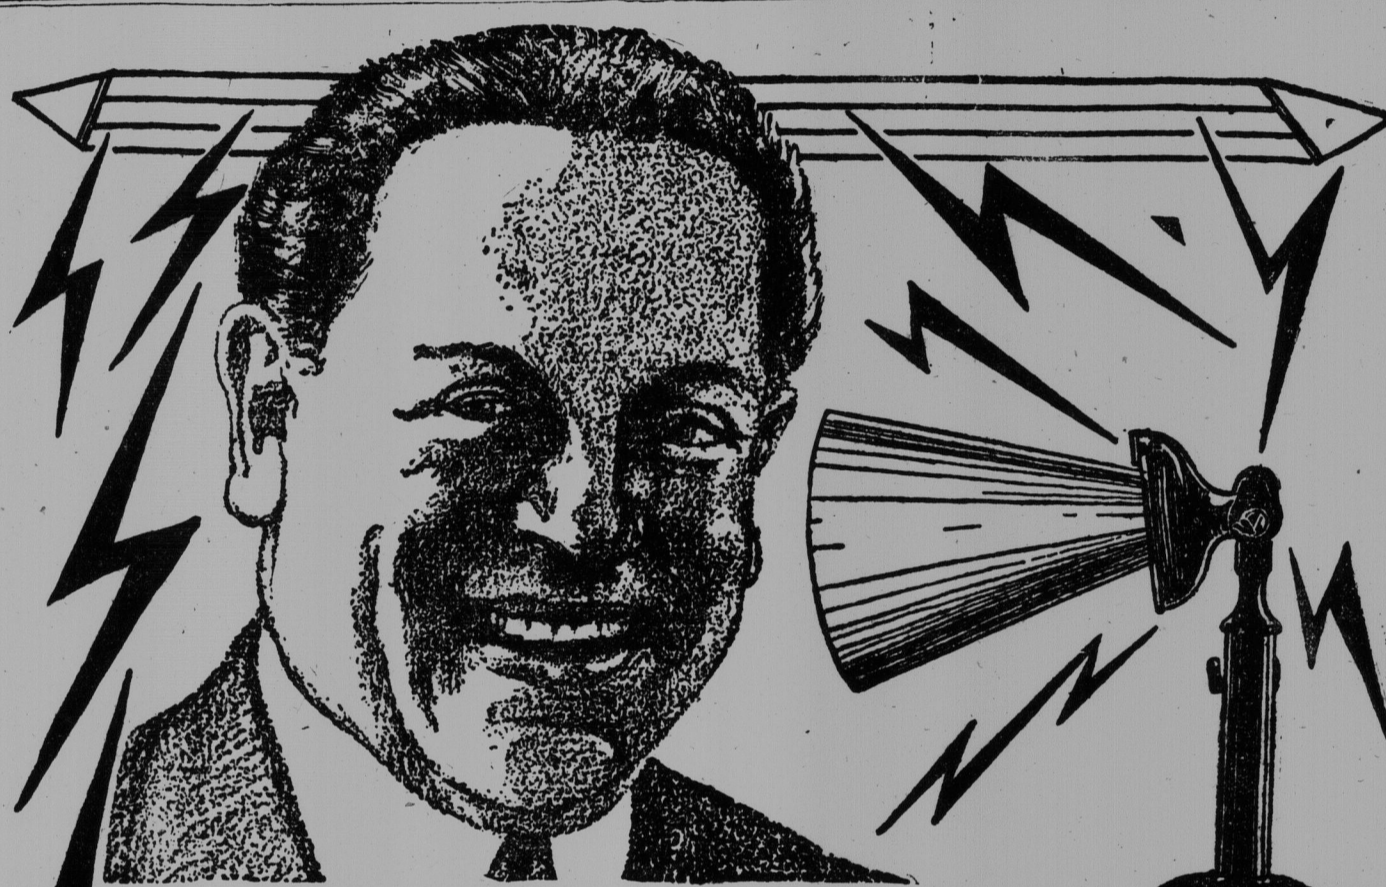

RAILWAY STRIKE IN INDIA COMES TO END

Calcutta, May 7.—(Associated Press, by Mail)—The general strike on the East Indian Railway, after dragging on for more than two months, has finally come to an end. The strikers have accepted an offer made by the agent of the railway, and are resuming work at practically all points along the line.

The conciliation between the railway officials and the workers has been facilitated by the efforts of P. C. Andrews, who acted as a mediator. Mr. Andrews is an Englishman, formerly engaged in missionary work. He now wears Indian

IN INTERESTS OF THE WEST SIDE
 Delegation Heard at a City Council Meeting Today
 Grant of \$500 for Improvement League—Urge Filling of the Mill Pond and Designation of Recreation Ground.—Appeal from Assessment on a City Built House—Matter of Civic Holidays.

Urging the filling of the mill pond on the west side, the setting apart of an area for a recreation ground, and asking for a grant of \$500 for this season's activities, a delegation from the West End Improvement League appeared at a committee meeting of the common council this morning. The grant was passed and the council promised consideration of the other matters.
 W. J. Mayo, a returned soldier who had purchased one of the city housing board's houses in West St. John, more valuable than the one of which he was part owner, were valued at \$2,000 to \$4,000. He thought that \$2,000 would not be an unreasonable valuation. He said he was willing to go with his payments on the house, should arrangements be made to enable him to do so.

"Like the mayor," he said, "I have been doing a little figuring and find I have to pay more taxes than a man who has \$10,000 lying in the bank, while my salary is less than \$1,500."
 Asked by the mayor what he meant in connection with figuring, Mr. Mayo replied: "On the Thorne wharf matter." The matter was referred to the mayor to take up at the session.
Matter of Holidays.
 Commissioner Frink said that holidays for men in his department were costing the city \$3,000 a year, as the permanent men get full pay on all statutory holidays and for fourteen days vacation each year. On May 24 and June 3, his payroll was \$1,000 for men who were not working. He moved that heads of departments submit a list of the men in their departments, exclusive of salaried officials, who received full pay on May 24 and June 3, and who also receive fourteen days holidays. This was carried.
 Commissioner Wigmore said that when he asked for a list of men who had holidays last year, he was surprised at the number. He found that the men had protested that two Sundays intervening should not be included in the fourteen days. He said that orders had been issued that only foremen receive holidays this year.

The delegation consisted of Rev. J. J. Ryan, Rev. J. H. A. Holmes, W. J. Farren, M. E. Scully, M. P. A. W. Corey, P. J. Legge, S. G. Olive.
 Mr. Scully, president of the league, said that a delegation was before the council about two years ago regarding Queen square and the Carleton mill pond. He was glad to hear it was the intention of the council to fill in the pond, which was a nuisance to the people of the west side.
 Regarding Queen square, he said that the league was asking for \$500 for its activities there this year. He also referred to the street car service, saying that there was not a satisfactory service on the loop line. The loop car, he said, ran only as far as Queen square and unless the original service was resumed the company should be made to remove its rails. Also, he said, the loop car was running down the trestle to the ferry but the bridge car was not. He said the company was not complying with an order of the public utilities commission to operate all their cars to the ferry. The west side should be provided with recreation grounds also, Mr. Scully said.
 Mr. Olive said a place should be designated by the city as a playground. He said a part of the pond after it was filled would be the best location and until that was done, he thought a part of the Queen square should be set apart.
 The mayor asked if the pond site when filled could not be used to her advantage as a site for industrial plants.
 Mr. Olive said that another site would be satisfactory to the league.
 Rev. Mr. Holmes urged the council to provide recreation grounds.
 Rev. Father Ryan said he was in favor of the mill pond site as a playground as the Queen square, he thought, could be made one of the most beautiful spots in the city. Should the pond site be desired for industrial purposes, however, he thought that something should be done for the young people on the square.
 Mr. Corey, Mr. Legge and Mr. Farren also spoke.

Mayor Regiles.
 The mayor said the delegation had his hearty support. He thought good wholesome recreation was one of the most important factors in building up public health. The time was opportune in view of the health congress now in session here.
 Mayor McEllan said the west side was entitled to the same consideration as other parts of the city. He thought the cost of the proposed trunk sewer through the mill pond was a small matter in comparison with the value of the lives endangered. He favored the grant asked.
 Regarding Queen square, he said he agreed with Father Ryan that it was a beautiful spot, but not more beautiful than a properly equipped recreation ground. He suggested that the council seek legislation to use part of Queen square as a playground.

The Commissioner Views.
 Commissioner Wigmore expressed himself as favorable to the filling of the mill pond. A report was being made and soundings taken towards this end now. He lauded the ideas of playgrounds and thought the request of the delegation was fair and moderate. He moved that the grant of \$500 be made to the West End Improvement League.
 Commissioner Thornham was favorable to the grant. Regarding the filling of Queen square he thought they should be

DEATH IN HAMPTON.
 An old and respected resident of Hampton was removed last evening when Mrs. Debora Jenkins passed away at the home of her son, A. Smith Jenkins, at the advanced age of eighty-one years. Although Mrs. Jenkins had been in failing health for some time, she was able to be about and was in full possession of all her faculties until Sunday evening when she suffered a paralytic stroke and became gradually weaker until yesterday at 6 o'clock when she passed peacefully to her rest. Mrs. Jenkins was born in Springfield, Kings county, but spent most of her life in Hampton at the home of her son by whom, with her sister, Mrs. Gustaf Pears, she is survived. Her kindly face and gentle, motherly disposition endeared her to all with whom she came in contact and by all she will be greatly missed. The funeral service will be held on Friday afternoon at 2 o'clock at her home. Interment will be made in the cemetery at Hampton Station.

removed. He also favored at the present time the filling of the mill pond. Commissioner Bullock thought it was due to the people of the west side to receive the same treatment as other parts of the city. He said he always advocated the extension of trunk sewers through the mill pond. He understood the west side car service was not satisfactory and thought the power company should be expected to pay the cost of a trestle extending through the mill pond to the southern side of Queen square.
 The city had no right at present to open the Queen square as a recreation park. Commissioner Frink said, but it had been decided to seek the necessary legislation. He thought the mill pond site would not be a good one for a playground. There was every good reason, he said, why the trunk sewer should be extended through the mill pond.
 The resolution regarding the grant was carried.

Commissioner Frink urged that the commissioner of harbors, ferries, and public lands bring in a resolution outlining the purpose of the council regarding the Carleton mill pond.
 The west side would never be in a position, the mayor said, when it would feel that it was not receiving a fair share of consideration from him as a member of the council.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson 20. THE SPARK GAP—(Continued.) It is important to note that the spark gap, in addition to providing a path for the discharge of the energy stored in the condenser, must rapidly return to a state of rest after the discharge. Otherwise, the oscillations which have been transferred to the antenna circuit, will react upon the closed circuit and oscillations of two frequencies will be set up in the antenna circuit and two waves will be radiated.

A slender arm (A) with a sparking point on each end is fastened to the shaft of a small high speed motor (M). The motor revolves the arm at a speed between 1,800 and 2,400 revolutions per minute between two semi-circular electrodes (B) and (D). On these semi-circular electrodes the stationary spark electrodes are mounted and so adjusted as to allow a minimum clearance between their surfaces and the sparking points on the revolving arm.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, JUNE 8, 1922

FATHER AND SON DIE IN BATTLE

Another Son, Believed to be Wounded, is Sought After Pistol Fight in Street—A Stained Coat is Chief Clue.

New York, June 8.—Two men, father and son, were slain on the streets of Brooklyn as a result, the police at first believed, of a bootleggers' quarrel. The man who did the shooting escaped.

Later the police of the Clymer street station said they were satisfied, from their investigation, that the double murder was not due to a bootlegging fight, but to a family quarrel over the disposition of some money in a bank.

The man who did the shooting has not been identified. The police believe, however, he is a leading Italian bootlegger who manufactures his liquor on Staten Island, and sells it through agents in Brooklyn, to whom he pays a small commission.

The shooting occurred in front of 441 Marcy avenue, Brooklyn, in a thickly settled Italian colony. The men killed were Michael Rituppo, forty-two years old, and his son Joseph, twenty-three years old. The Rituppos had a four-room apartment on the second floor of 431 Marcy avenue. The rooms were scantily furnished.

The Rituppos and the murderer were in the house in the morning, and neighbors told the police they heard them quarrelling. Shortly after noon the men came out of the house and walked toward Wallabout street.

The men had gone but a few feet when the stranger, according to witnesses, pulled out a large revolver and fired two shots at Joseph Rituppo. One of the bullets hit Joseph under the left ear and the other lodged in the back of the head at the base of the skull. He staggered across the street to a pool room owned by Amazada Amoroso at 432 Marcy street and dropped dead.

At the meantime Michael Rituppo grappled with the man who had shot his son. During the struggle the stranger fired three shots at the elder man and two of them took effect, one in the forehead over the right eye and the other on the right side of the face below the temple.

Michael Rituppo dropped to the sidewalk. He died fifteen minutes after he had been removed to the Cumerland Street Hospital.

The murderer started to run away then retraced his steps and went back into the house at 431 Marcy avenue. He smashed through a padlocked door, went into the rooms, broke through a rear window, which also was padlocked, and escaped either through the yard or over the roof.

Detectives sent out by Captain George Sullivan of the Clymer street station questioned forty people in the neighborhood and from what they gathered here they believe that the Rituppos were agents for the murderer, knew the amount of money he was making in the manufacture and selling of whiskey, and had decided to branch out for themselves instead of working on a small commission.

This was believed early in the investigation to have caused the quarrel. The murders caused great excitement in the thickly settled section and scores of persons gathered at the scene while a detective spread a dragnet for the slayer.

Early in the evening a general alarm was sent out for Pasquale Rituppo, twenty-one years of age, 431 Marcy avenue, a tailor. He is the son of one of the men killed and the brother of the other.

At the same time the police began combing hospitals and physicians' offices for trace of a man with a gunshot wound or a stab wound in the back.

The police learned that Rituppo and his two sons had been seen to leave their home early in the afternoon. They seemed to be quarrelling. Finally all three stopped about five doors from their home.

There are several versions of just what happened after that. The police talked with some who said that one of the trio pulled a knife and made a lunge at one of the others, and that these several revolver shots were fired and one of the men dropped to the sidewalk. Another bystander said, ran across the street to the pool room and the third ran back to the house at 431 Marcy avenue and into that building. That was the last seen of him.

Neither of the men made a statement before dying. Neighbors, however, insist that the third man was stabbed in the back.

Both murdered men were tall, but the police have not been able to learn where they were employed. The detectives found a dark coat stained with blood in the rooms occu-

YESTERDAY AT THE HEALTH CONGRESS

The meeting of the laboratory section of the Canadian Public Health Congress yesterday afternoon was presided over by Dr. Harris, director of the Dominion laboratory section of the department of health, who also read a paper on the possible fields of service of the research division of the federal health department.

Other speakers at this session were Dr. D. T. Fraser of the Connaught Laboratories, Toronto; Professor James Miller of Queen's University, Kingston; Professor J. B. Reed of Queen's University; P. J. Moloney of Toronto University; and Dr. H. K. Detweiler of Toronto.

Hon. Dr. W. F. Roberts presided over the meeting of the C. P. H. A. and the Canadian Association for the Prevention of Tuberculosis, and the following took part: Dr. H. A. Farris of the St. John County Hospital, Dr. D. W. McKendrick of Montreal, Dr. E. W. Archibald of Montreal, and Dr. H. A. Bray of Saratoga.

The women's meeting was presided over by Mrs. R. J. Hooper, and addressed by Sheriff A. B. Cook of Regina and Miss Jean Browne of Toronto, Dominion supervisor of the Junior Red Cross.

Sheriff Cook told of the work done among the children in Saskatchewan and of the addition of a children's ward to the Qu'Appelle Sanatorium. Miss Browne told of the progress of the work of tuberculosis cure and prevention. The only way to overcome the spread of disease was to teach the children, she said, and to teach them the truth, not to frighten them. The care of special defects among the children of poor parents was also touched on by Miss Browne.

Entertainment for visitors. Hospitality is being extended to the delegates at the public health congress in unstinted measure and yesterday much entertainment was included in the official programme. The wives of the doctors were entertained at luncheon at the Union Club by Mrs. W. F. Roberts, wife of the president of the Canadian Public Health Association. An automobile drive to the Lakes was provided in the afternoon by the New Brunswick Automobile Association. Dinner was served at the Lancaster Hospital to about 150 of the delegates and their ladies and in the evening the St. John Society for the Prevention of Tuberculosis entertained about 800 at a greatly enjoyed dance and bridge at the Pythian Castle.

As Guests of Mrs. Roberts. The ladies' room of the Union Club was attractively arranged for the delightful luncheon at which Mrs. Roberts was hostess. Red roses tastefully arranged graced the table and filled the room with fragrance. The luncheon was attended by the following visitors: Mrs. W. J. Bell, Mrs. J. H. Holbrook, Mrs. H. W. Johnston, Mrs. B. L. Wyatt, Mrs. R. T. McClenahan, Mrs. D. A. McClenahan, Mrs. A. M. Heavill, Dr. Elias Brison, Mrs. Charles Mackay and the following local ladies: Miss H. T. Melville, Mrs. W. E. Foster, Mrs. Frank S. White, Mrs. R. T. Hayes, Mrs. William Warwick, Mrs. R. J. Hooper, Mrs. D. P. Chisholm, Mrs. V. Edmond Raymond, Mrs. M. B. Edwards, Mrs. J. Boyle Travers and Mrs. J. V. McLellan.

Hon. Dr. W. F. Roberts was the chairman at the dinner which was provided by the local members of the Canadian Public Health Association, with Dr. J. A. McCarthy, Dr. William Warwick and Dr. S. H. Macdonald as the committee in charge. The dinner was a sumptuous banquet and reflected great credit on the dietician of the hospital, Miss Frances Jordan, who had entire supervision of its preparation and serving. The guests were seated at small tables which were centred with vases of cut flowers.

Dr. C. J. Hastings, of Toronto, in a short speech, expressed the gratitude of the visiting delegates, prophesied a brilliant future for the C. P. H. A. and spoke enthusiastically of the splendid attendance at the congress and of the success of the meetings.

Hon. Dr. Roberts, as president of the C. P. H. A., had gracefully welcomed the guests and he afterwards thanked all who had assisted in the congress and its various events.

Mrs. E. M. Murray spoke on citizenship and said that three groups of citizens were included under this head, political, social and spiritual. She urged women to acquaint themselves with our systems of taxation, adding that the mere exercise of the franchise was a small part of the citizen's duties. She thought religion and religious duty ought not to be burdensome but a source of joy and exhilaration lightening the load of life.

Miss Helen J. MacDonnell, superintendent of institutes, presided. Reports showed that there were seventy local institutes in the province. Ten had been organized in the last year.

PRISONER KILLED BY CELL MATE

Made Too Much Noise, Says Licata of His Victim—Struck on Head with a Milk Bottle.

New York, June 8.—William Owens, prisoner, was struck on the head with a milk bottle and killed in a cell in the Sheepshead Bay police station by his cellmate, John Licata, who had been irritated beyond endurance by Owens' constant yelling, according to the police.

Licata confessed the crime, the police say, and after forty-five minutes of questioning made a leap for a patrolman's gun, but was unsuccessful. He then declared he was tired, and the police permitted him to sleep. It is expected that an examination as to his sanity will be made.

Owens was arrested in Coney Island for alleged intoxication and violation of the Mullan-Gage law. He was taken to the Sheepshead Bay station, where there are seven cells. Last night nineteen prisoners had to be accommodated, and the rule of one prisoner to a cell could not be observed.

Licata was brought in on a charge of disorderly conduct between 8 and 9 o'clock. John Mahoney, a special officer of the Brooklyn Rapid Transit, charged that he was trespassing on the company's surface car private right of way in Sheepshead Bay, and was in danger of being hit by cars.

Owens Noisy. Licata was put in the cell with Owens. About 10 p. m. Owens began to yell and refused to heed the demands of other prisoners and the doorman to remain quiet. Owens yelled frequently until 2 a. m., and, after that, he became more boisterous. None of the other prisoners could sleep.

At 5 p. m. Owens was still yelling. At 5.15 a. m. he lay huddled up on the bed when Patrolman McCarthy, acting as doorkeeper, looked into the cell, and Licata was sitting on the foot of the bed. Something about Owens' position alarmed McCarthy and he summoned Licata. Down, who opened the cell door and found the prisoner dead with a cut on the right side of his head.

While detectives were being summoned to question Licata, he admitted to Patrolman Arthur Walle, it is alleged, that he killed Owens.

"He was making too damned much noise," Licata said, according to the police. "I tried to get him to shut up and he wouldn't keep still."

Three quarters of an hour later he asked the detectives to "go away and let him sleep." Patrolman Walle had his coat off and his revolver protruded from his rear trousers pocket. Licata made a sudden leap towards Walle, apparently to get the gun.

Walle knocked him back into his seat and got out of Licata's reach. A milk bottle marked with blood and hairs was found in the cell.

ANOTHER VOTE ON ISSUE OF CHURCH UNION

Winnipeg, June 7.—Another referendum by the membership on the question of church union will be sought by opponents of the union movement at the sessions of the Presbyterian general assembly which opened here tonight, it was said by some of the commissioners.

The assembly, it is reported, will be asked to suspend putting into effect last year's affirmative vote until the rank and file of the church membership again has been consulted.

ONTARIO LIBERALS

Ottawa Women's Association Hears Hon. W. Hay and Sir Lomer Gouin.

Ottawa, June 8.—Ontario for the Liberals within fifteen months was the slogan at a luncheon given by the Ottawa Liberal Women's Association yesterday. Hon. Wellington Hay, leader of the Liberal forces in Ontario said that "Within fifteen months there must be an appeal to the electors of Ontario. This organization will do splendid work for Liberalism."

Sir Lomer Gouin said that one reason the women of Quebec had not the franchise was that they had not asked for it in his regime.

TWO DIE IN BOSTON HEAT

Boston, June 8.—Two deaths from heat and a score of prostrations were reported here last night at the close of the hottest June day in Boston since 1894. The temperature was ninety at four p. m. The forecast last night held out no promise of relief from the heat wave.

SAYS SHE KILLED MAN

TO SAVE OTHER WOMEN

"Peggy" Beal Declares She Was the Last of "Fifty Loves" of Frank Warren Anderson.

Kansas City, Mo., June 8.—Marie "Peggy" Beal, last of the "fifty loves" of Frank Warren Anderson, was yesterday told by a prominent New Jersey family, was lying on a cot in the Gen- eral Hospital, with a self-inflicted bullet wound in her side while physicians fought for her life.

But Miss Beal is not fighting to live. She wants to die, she says. Her chance to live is impaired by the fact that she had fasted for three days previous to the tragedy, according to physicians.

Anderson was shot dead by the girl, who says she planned to thrust her into the discard with the "others."

In Collingwood, N. J., Mrs. Flora An- derson, mother of the slain man, is in a state of collapse. Frank M. Anderson, the father, also in Collingwood, who had warned his son of the danger of

death at the hands of a woman, presum-

edly he wrote me he was ready to

ed by investigation to have been his near and undivorced wife, refused to discuss the tragedy.

"I came here in February from Springfield, Ill.," she said, "and remained for weeks. I asked him to drop the woman. Those were the terms on which I told him I would stay. He re- fused to promise this. Then I asked him for a list of women with whom he had been associated. He listed fifty.

"How many other names will follow these 50 I asked Warren. He said he did not know, but he might go back to the names of the others.

"Then I went back to Springfield. Later he wrote me he was ready to

GLEN FALLS—HOME SITES

WHY NOT HAVE A REAL HOME that you can call yours? Have a home for your family to grow up in, which they can call their home, a home with all modern improvements, such as electric light, running water, phone service, etc., at the same time in the suburbs. Have your market garden, grow your own vegetables, have room for the kiddies to play. Have the joys and the health of the country, and at the same time enjoy city conveniences. Especially charming home sites up the Glen Falls Valley, where twenty pretty cottages have already been erected, or in an equally pretty valley close to the Manor House and only a few hundred feet from the street railway as recently extended. Easy terms. Crushed stone at cost, especially suitable for concrete, supplied for building purposes. If you want a home that is a home, write us or phone Main 355, or enquire of George Watson, our Superintendent at Causing Plant, Glen Falls, or at his residence, near Factory Buildings.

HIKERS BROKE UP TORONTO MEETING

Looked Like Riot for Time in Queen's Park Where 30,000 Were Gathered.

(Canadian Press) Toronto, June 8.—At one of the biggest demonstrations in Toronto since the armistice, "General" Riley and his Ottawa "hikers" broke up a mass meeting called by the veterans' organizations of the city last night in Queen's Park to formulate a resolution respecting adequate compensation for soldiers for presentation in the parliamentary re-estimated committee.

PROHIBITION IN ONTARIO.

The Winchester, Ont., Press refers to an announcement by Hon. Edward Ferguson that when the time comes he will announce a temperance, or liquor policy that will meet with the approval of all liberal-minded persons; and then the paper proceeds: "The people of Ontario have declared in no uncertain way that they want prohibition of the liquor traffic, and any attempt made by Hon. Howard Ferguson, or any other public man, to be Conservative, Liberal or Progressive, to change that policy, will meet with strong, determined and overwhelming opposition." A few political advisers in Toronto may think they are the brains of the Conservative party in Ontario, but it might be well for them to get their political ear to the ground, and find out a little of what the rank and file of the party think and are saying. The day has gone by when one or a half dozen so called leaders of a political party can simply announce a policy and expect the whole party to swallow it with their eyes shut.

Dirt, grease—even liquids—will not penetrate their smooth, waterproof surface.

Burns One Hour For Less Than One Cent Safe—economical—convenient—a good cooker—a good baker—McClary's Florence Oil Cook Stove fills the need of many housewives. It is an oil range equal to, or closely approaching a gas range—easy to use—does not require constant watching. You get just the right degree of heat at the turn of a lever for boiling, frying, baking or simmering.

McClary's FLORENCE OIL COOK STOVES. Strength Built of heavy steel throughout. Heat Is concentrated close to the cooking. Power of Burners Large powerful burners supply a great volume of clean heat but are always under control of the lever. Safety No danger, even if a lighted burner is forgotten. It will burn itself out without explosion or damage to the stove. Oven The "Success" glass door oven is asbestos lined with dead air space, so that heat is all retained—an oven that bakes economically.

their difficult and sad marches, was their chief and their leader.

The people's dearest wish was that, the war ended, the king should marry and establish so much the firmer the dynasty of the White Eagles.

But the town is putting its best foot forward in preparation for its debut into international society as the capital of a state three times the size of the little Serbia it used to rule over.

There has been a marvelous change in the appearance of the city since I was here in Serbia just after the war.

Instead of putting up papier-mache fronts and arches, they have set themselves to repairing parts of the streets, particularly in the neighborhood of the palace; to resetting the curb-stones that had sagged and disintegrated during the war and the enemy occupation, to brushing up the parks, setting out flower beds, sodding the grass, painting railings, and generally giving the town the most prosperous air possible.

KINGS COUNTY CAMPAIGN

J. D. McKenna, the government candidate in Kings, is having good year's progress, though this season of the year is not propitious for political gatherings, especially in the farming districts where everybody is now working early and late.

Everywhere Mr. McKenna is being given a good reception, a fact that is a tribute to his personal popularity and to his position as government standard bearer, as well as an augury of victory.

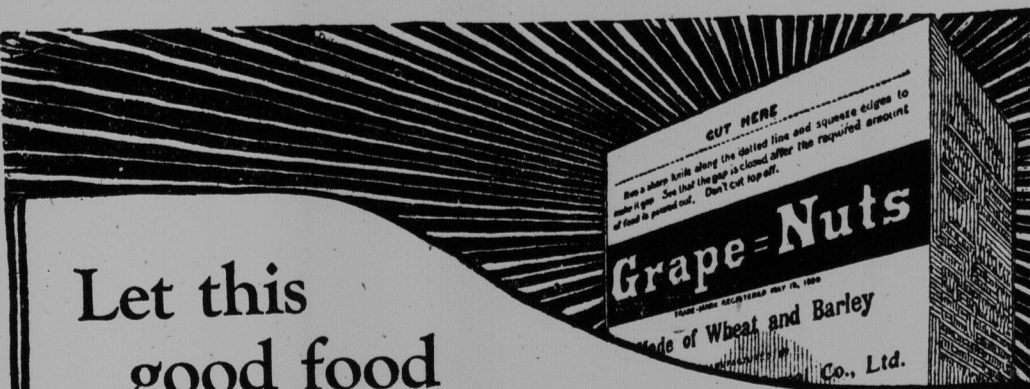

The government candidate can with pride recount the achievements and re-

view the record of the government he supports. His achievements have opened a new vista of progress for the people of this province; its record is unexcelled by any suggestion of scandal, such as under the Tory regime brought disgrace upon the province.

Kings has nothing to gain by turning down the government candidate. The Foster government has won a right to the support of the people of Kings. The issue is between a government that has developed and inaugurated progressive policies, and shown efficiency in the conduct of public affairs, and an Opposition that has never shown a sign of regard for the discipline of the party.

From the fact that the people of Kings are called upon to choose between a government that deserves public confidence and a divided Opposition with a damaged reputation and no forward outlook, the consideration that the selection of a man of Mr. McKenna's attainments will enrich the public life of the province is more than likely to have weight with the electors of Kings.
