Survivors Rescued From Battered Steamer Florizel

Twenty-Two Taken Off at Daylight This Morning

Early Reports That Twenty Others Are Still Alive on Steamer; Suffered Terribly From Cold and Exposure

St. John's, Nfld., Feb. 25—Twenty-two survivors of the Red Cross liner Florizel, wrecked at Broad Cove, near Cape Race, yesterday, were rescued at daylight today. A message from the coastal steamer Prospero, which had stood by all night, while the Florizel was being pounded on the rocks, reported that twenty others were alive on the ship.

The first batch of survivors was taken off in three lifeboats and four dories, but the sea was so rough that they were unable to approach the shore near which the Florizel struck Sunday morning while on a voyage from this port to Halifax and New York. All had suffered terribly from cold and exposure. Steamers met the boats and took the rescued aboard. A wireless message from the Prospero to John Crosbie, minister of shipping, early today, was the first word of hope that any of the seventy-seven passengers and crew of sixty-nine had been saved. The Prospero reported that every effort was being made to transfer them from the battered hulk.

The Prospero, a staunch coasting vessel, had been despatched at the first report of the disaster from Placentia Bay, seventy-five miles around the coast from Broad Cove, but after her departure government authorities felt that her task was hopeless. With the sealing ships Terra Nova and Home, she stood outside the cove while reports were sent by observers on land that the sea had not sufficiently subsided to allow the launching of boats before daylight.

When naval gunners had shot a line from the shore across the bow of the Florizel as she lay submerged from her funnel aft and saw no attempt on their part to make the line fast, it was believed all those on board were dead. About midnight, however, watchers reported that lights had been seen in the wireless room and forecastle, showing some persons were still alive. Later came the message from the Prospero reporting she was alongside the Florizel and expected soon to take off the survivors. The reported added that their names would be sent as soon as possible.

ANXIOUS FOR NAMES  
Frantic efforts were made by relatives of the passengers aboard the Florizel to learn the names of those picked up by the Prospero. The first message from that vessel stating that at least forty persons were waiting to be rescued held out hope that others might be saved, and the Prospero's commander was directed by the minister of shipping to send the names at the earliest possible moment.

Although the sea today was not so rough as when the steamer struck on the rocks, reports indicated that rescue work was extremely dangerous. The Florizel's wireless was wrecked, fires were out, and the ship, helpless and at the mercy of the waves, offered little protection against the cold and the fury of the elements.

Many yesterday had attempted to reach shore in small boats, which were tossed about and swamped almost in sight of men and women watching from the bow of the Florizel, or from the rigging where a few had climbed for safety. Others who had taken refuge in the forecastle were driven out when that part of the ship was battered in. Reports last night accounted for seven bodies washed ashore.

NEW YORK HEARS NEWS  
New York, Feb. 25—A message stating that forty persons had been saved from the liner Florizel was received here early today by officials of the Red Cross line. No names were given.

Minister Crosbie said it would be impossible to give the correct number of dead until he had received definite reports from the Prospero and other relief ships. All told, there were 146 persons aboard the Florizel when the vessel sailed from here Saturday night. There were 77 passengers, including twelve women and four children, and sixty-nine officers and men in the crew.

A message from the Prospero early today said that twenty-two survivors had been taken off the disabled ship, with probably twenty others still aboard. Seven bodies were washed ashore last night.

Government authorities stated that if the figures as sent by the Prospero were correct the death list today stood at 104, provided all reported aboard the Florizel were saved. They declined, however, to announce this as the official estimate of the number dead.

THE SURVIVORS  
Twenty-two persons are known to have been saved from the wreck of the Red Cross steamer Florizel, which is pounding to pieces on the rocks near Broad Cove, where she struck at 5 o'clock yesterday morning.

There are reports that twenty others have been picked up. The rescued ones cannot be landed at Broad Cove, but are being brought here. They are known to include the captain, chief officer, three of the crew and one passenger.

Captain W. J. Martin of the Florizel, Chief Officer James, Marconi Operator Carter, two seamen, and John Kiellin, a passenger, were among the survivors. Captain Martin Saved  
Montreal, Feb. 25—A report from the Cape Race agent of the Marconi Telegraph Company this morning gave the death list of the Florizel wreck at 104, at one time by the commission.

Artillery activity was more intense in the sector of the front, most intense in the sector of the front, where we effectively silenced several batteries by our destructive fire. Our aviators have carried out a number of flights and engaged in several aerial combats.

Advancing Germans Proclaim Intention To Capture Petrograd

Marva, Eighty Miles From Capital, Prepares for Siege; Martial Law in Petrograd and Embassies Leave for East; German Terms Not so Onerous as Trotzky Represented

Petrograd, Feb. 20—The advancing Germans are distributing proclamations in Russian territory declaring that resistance is useless, as Germany has transferred to the eastern front a great army, which intends to capture and occupy Petrograd.

Narva, which lies about eighty miles from Petrograd, is preparing for a siege. North of Dvinsk one Russian regiment sent a delegation with a white flag to explain to the advancing Germans that it was "all a mistake" as the Russians were not at war. Their proffer was met by a volley and ten soldiers were killed.

EMBASSIES LEAVE  
London, Feb. 24—An Exchange Telegraph Company despatch from Petrograd dated Saturday says: "The American and Japanese embassies and the Chinese, Siam and Brazilian legations are leaving Petrograd today for Vyatka, or Udelga. If necessary they will go to Vladivostok."

UNDER MARTIAL LAW  
Petrograd, Feb. 23—Petrograd was placed under martial law today. In consequence of the declaration of a state of siege six of the most important newspapers, which opposed the authority of the soldiers' and workers' delegates, have been suppressed. If attempts are made to re-issue them, the entire staffs will be arrested. The proprietors are ordered to pay full wages to the workmen during the period of suppression.

Executing Red Guards  
Petrograd, Feb. 24—The Germans late Saturday were still advancing into the provinces they had decided to occupy. In this connection it is reported they are executing Red Guards, treating them as outlaws, but releasing and arming soldiers of the regular army.

The Pravda, the Bolshevik organ, declared that the Germans are restoring shoulder straps to Russian officers and forcing the Russian soldiers to salute them.

The resolution to agree to the German peace terms was adopted by the central executive committee of the all-Russian council of workers' and soldiers' delegates by a vote of 126 to 85. Twenty-six members of the committee were not present.

Under German Police Power  
Petrograd, Feb. 24—General Count Mirbach, commanding the armies occupying Estonia and Livonia, has issued a manifesto to the population declaring that they are now under German police power. He orders the release from prison of all barons of Estonia, declaring they are under the protection of Germany.

Wants Armistice  
Stockholm, Feb. 25—Esnig Krylenko, the Bolshevik commander-in-chief, has sent a message to the German staff at Berlin asking a reply as to whether the armistice becomes re-established automatically under the same conditions as regulated the operations before the state of war was restored on Feb. 18.

Peace Delegation  
Petrograd, Sunday, Feb. 24—Leon Trotzky, Bolshevik foreign minister, will not go to Brest-Litovsk to sign the new peace terms, nor will any of the other members of the Russian delegation which conducted the earlier negotiations there, with the exception of M. Karakhan, secretary of the former delegation.

The workers' and soldiers' delegates today chose for the new delegation M. Zinovief, president of the Petrograd council of workers' and soldiers' delegates; M. Alexievich, acting commissioner of agriculture, and M. Sokolnikoff. This delegation, accompanied by naval and military representatives, will leave tonight (Continued on page 7, fifth column.)

Germany Plans To Restore The Monarchy In Russia  
London, Feb. 25—Germany plans to restore the monarchy in Russia, according to a telegram dated Friday from Petrograd to the Morning Post. It says the Grand Duke Hesse has been appointed the commander in the Riga section of the German front.

"His sister" the despatch adds, "the former Empress Alexandra, as the guardian of her son, the former Tsar Nicholas, is the favorite German candidate for the throne. . . . The former Emperor will not accept the throne from German hands. The Bolsheviks have provided a form of government which the Russians alone understand—pure despotism. They have paved the way for the return of the monarchy."

PRO-GERMANS IN SPAIN DEFEATED

Liberals Appear to Have Maintained Their Position in General Elections—Some Incidents

Madrid, Feb. 25—General elections were held throughout Spain today. The Liberals appear to have maintained their position, although complete returns have not been received. Republicans carried Madrid and Valencia, and the Catalinists were victorious at Barcelona.

Disturbances are reported from Valencia and Merida and rioting at Alarcos, Cadix and Monterey. At Madrid an airplane used by the Marxist Conservatives in a publicity stunt fell. The pilot was hurt severely and the machine demolished.

Everywhere the Germanophile candidates appear to have been defeated. They polled only a thousand votes in Madrid.

TO ESTABLISH A LEAGUE OF NATIONS

Arthur Henderson Says Conference Will be Called—Labor Leader Would Present Matter to People of Enemy Nations

London, Feb. 25—At a luncheon given today in honor of the foreign delegates to the inter-allied labor conference, which has accepted the war programme of British labor, Arthur Henderson, former member of the war cabinet and leader of the Labor party, announced that an international conference will be called to consider the establishment of a league of nations.

This would involve an international co-operation for disarmament and the prevention of warfare in the future, the restoration of Belgium, Serbia, Rumania and Montenegro and only territorial changes in the future based on justice and right.

Mr. Henderson declared that the peace aimed at was of the peoples and that the peoples must stand behind it, and he added that labor was prepared to go on with the war until all the conditions insisted upon for a permanent peace agreement.

James Ramsay MacDonald said that the next step of labor and Socialism was to bring the matter before the German and Austrian people themselves.

Watters, president of the Trades and Labor Congress, he has been in conference with nine operators and mine workers to increase the production of coal in Nova Scotia by at least twelve thousand tons per week. A report will be made to secure one third of the coal mines of Nova Scotia.

Phelix and Ferdinand  
The total number saved is reported to be 44. Among the survivors is Captain Martin, skipper of the Florizel.

Quebec Liberals Lose Their Deposits  
Ottawa, Feb. 25—A curious result in connection with the election returns in Quebec province as changed by the soldiers' vote is that of the three unsuccessful Liberal candidates in the province two have lost their deposit because they did not poll half the vote taken by their successful opponents. These were Munn in St. Lawrence—St. George division, Montreal, who has 2,263 votes as against 5,163 cast for Hon. C. C. Bantynne; and Hushion, Liberal candidate for St. Denis, who received 2,816 votes, while Sir Herbert Ames polled 5,067. In both instances the soldiers' vote was responsible for the loss of the deposit. In St. Denis division both the opponents of E. R. Verville lost their deposits.

TIT FOR TAT.  
Madrid, Feb. 24—A Barcelona despatch to the Imperial says official orders have been given postponing the departure of Spanish steamships, which were about to sail for the United States. BAD FEELING BETWEEN THE CENTRAL POWERS

Relations Becoming Strained—Germany Finds Much to Criticize in Austrian Attitude  
Amsterdam, Feb. 24—The German papers comment on the relations between Germany and Austria, which apparently are becoming quite strained. The Tageszeitung contrasts the abuse of Germany in Austria in connection with the Ukrainian treaty with the praise bestowed on Count Cserain, the Austro-Hungarian foreign minister.

The paper tries to discover the motives of the Vienna official news agency in publishing the Polish manifesto reflecting upon Germany, which has given great offence, and comes to the conclusion that the Austrian censorship by its attitude all along has failed to show sympathy for Germany's interests, adding: "It is time that we point out most emphatically how such incidents are endangering the friendly relations between the two countries."

The Hamburger Nachrichten says: "The present attitude of certain Austrian newspapers is decidedly not calculated to make the feeling in Germany towards Austria any more friendly."

BELIEVES ELECTION IS NOW INEVITABLE

London, Feb. 24—An official report of an address delivered at a meeting of the Liberal whips and agents on Friday shows that former Premier Asquith declared that a general election was now inevitable and that preparations should be made to meet it. A Minister's Evidence

That Piles, or Hemorrhoids, Can Be Quickly Cured—A Justice of the Peace Cured Many Years Ago.

There have come to us recently these two letters from prominent men who bear unquestionable testimony in regard to Dr. Chase's Ointment as a prompt and lasting cure for piles.

These men give their evidence freely because they know what it means to suffer from the tortures of piles and then be cured. They feel it a duty and a pleasure to let others know how they, too, may be cured.

Rev. Frank N. Bowes, Methodist Minister, Friesville, Ont., writes: "In the winter of 1913 I was stationed in Cobalt, and sat for only a few minutes on a cold stump waiting for some comrade to catch up to me. From sitting on the damp stump I contracted piles, and suffered so severely that it caused me great pain to walk. A friend recommended Dr. Chase's Ointment and I immediately purchased a small box, which was very rapidly effected a cure. I always keep a box on hand and find it excellent for any kind of wound or sore."

Mr. W. B. Thomas, J. P., Alderside, Alta., writes: "It was twenty-eight years ago that I became acquainted with the merits of Dr. Chase's Ointment, and would not be without it on any account. It never fails to do its work. I was first induced to try it for piles. Less than one box cured me, and I have never since troubled since. That was twenty-eight years ago, so I think the cure is permanent. It is good for hemorrhoids, chafing and, in fact, all sorts of sores. You are at liberty to use this statement for the benefit of others with the utmost assurance that you will obtain relief from suffering and ultimately lasting cure. 60 cents a box, at all dealers. Toronto, Bates & Co., Limited, or Edmondson, Bates & Co., Limited, or to the nearest branch of the famous Emerson & Fisher Co., Ltd., on the box you buy."

**RECENT DEATHS**

**Mrs. Eliza A. Stilwell.**  
Early Sunday morning Mrs. Eliza A. Stilwell passed away at her home, 116 Charlotte street, after an illness covering a period of nearly half a year. She was sixty-eight years of age and leaves four children—Walter, of Wynmore (Neb.); Edward, a member of the printing firm of Fred. Dole, Ltd.; Arthur P., of the traveling staff of Waterbury & Rising, Ltd.; and A. M. Stilwell, cashier with the Continental Life Insurance Co.

Mrs. Stilwell was a patient sufferer and prior to the ailment which caused her death, had been somewhat of an invalid for a protracted period. With it all, however, she displayed exceptional fortitude and cheerfulness.

The deceased lady was particularly well known in Baptist circles, being her life long a member of the Brussels street church up to the time of its amalgamation with Leinster street church. She leaves two sisters—Mrs. Beverley, N. Nobles, of Woodstock (N. B.), and Mrs. Weeks, of Springfield (Mass.), wife of the eminent American-Canadian divine, Rev. W. W. Weeks, D. D.

**Mrs. Sarah E. Estabrook.**  
The death of Sarah Elizabeth, wife of Daniel C. Estabrook, occurred in this city on Saturday, Feb. 23. Mrs. Estabrook has been ill for a considerable length of time, and passed very peacefully away on Saturday evening. She was a daughter of Samuel and Catherine Suthers, of Baywater, and she survived by her husband, one daughter, Bertha E., of this city, and by four sisters and one brother. The funeral will be held on Tuesday afternoon from her late residence, 278 Prince street, West St. John. Service at 2:30 o'clock.

**Howard Cameron.**  
The death of Howard Cameron, a highly respected resident of Beulah, Kings county, took place at his home. He leaves his wife and six daughters to mourn. Mr. Cameron was twice married. The four daughters by his first marriage are Mrs. Jas. S. Robertson, Brooklyn (N. Y.); Mrs. Wm. White and Mrs. John Drake, Carleton county, and Mrs. Elliott Vanwart, Tennant's Cove. The daughters by his second union are Mrs. Wm. Foster and Mrs. Geo. C. McAde. He also leaves twenty-five grandchildren and two great grandchildren; also three brothers and two sisters.

**Phillip McLeod.**  
St. Martins, Feb. 22—The death of Phillip McLeod occurred at his home here on Sunday, Feb. 17, after a lingering illness, aged sixty-eight years. He leaves to mourn besides his wife, four daughters, Mrs. Rebecca Carr, Mrs. George Lewis, Mrs. Walter Yeomans, and Miss Deans, and three sons, Robert, John and Norman, all of St. Martins.

**William O'Brien.**  
St. George, Feb. 22—William O'Brien, seventy-eight years of age, died at his daughter's home, Scotch ridge, on Sunday from the effects of shock. Mr. O'Brien was a native of St. George and spent many years of his life at Springhill and other coal centres in Nova Scotia. He was a blacksmith.

Many will tender sympathy to Mr. and Mrs. Owen Trolnor, 120 St. Patrick street because of the death of their infant son yesterday.

The death of William C. Carney occurred at his home, Oromocto, on Friday. He was seventy-four years old. A widow, one daughter and three sons survive. The daughter is Mrs. John Boyle

Russia's Peace Terms With Germany

London, Feb. 25.—The Times editorially points out this morning that the Leninists agree to abandon nearly one-quarter of the total area of European Russia with about one-third of its population.

London, Feb. 24.—Germany's peace terms have been accepted by Nicolai Lenine, the Bolsheviki premier, and Leon Trozky, foreign minister.

A Russian wireless statement received here tonight says: "Germany will renew the peace negotiations and will conclude peace on the following conditions:

"Both to declare the war ended. "All regions west of the line indicated at Brest-Litovsk to the Russian delegation, which formerly belonged to Russia, to be no longer under the territorial protection of Russia.

In the region of Drinsk this line must be advanced to the eastern frontier of Courland.

"The former attachment of these regions to the Russian state must in no case involve for them obligations toward Russia. Russia renounces every claim to interfere in the internal affairs of these regions.

"Germany and Austria-Hungary have the intention to define further the fate of these regions in agreement with their populations.

"Germany is ready, after the completion of Russian demobilization, to evacuate the regions which are east of the above line. So far as it is not stated otherwise, Livonia and Esthonia must immediately be cleared of Russian troops and Red Guards."

A HUNDRED VETERANS OF U. S. CIVIL WAR ARE DYING EACH DAY.

Philadelphia, Feb. 25.—Veterans of the civil war are dying at the rate of 100 daily, according to Orlando A. Somers, commander-in-chief of the Grand Army of the Republic.

Mr. Somers made this announcement during patriotic exercises in this city in honor of Abraham Lincoln and the Union defenders.

Mr. Somers said there were now living approximately 867,000 veterans, according to the pension office at Washington, and he added that the country would have suffered a great loss after they had all passed away inasmuch as they had been a commanding factor in keeping patriotism alive in this country.

"We may have to send 10,000,000 men across the water before the war-crashed maniac of Europe will admit he is crushed and beaten, but in the end there can be but one outcome—our arms will return victors," Mr. Somers declared.

Famous Trainer Dead. "Billy" Madden, sporting man and manager of the late John L. Sullivan when he won the heavyweight pugilistic championship, died suddenly Thursday night in the White Plains hospital from acute indigestion.

Madden, in addition to having managed Sullivan, also handled Jack McAuliffe, one time lightweight champion, and Jack Dempsey, who lost the middleweight championship to Bob Fitzsimmons. Madden had many battles, but never scored any of the top notch men of his time.

"Heinie" Wagner Released? "Heinie" Wagner, veteran shortstop of the Boston American League Baseball team, will be released, according to a statement made Wednesday night by President Frasee. A contract was sent recently to Wagner at his home in New Rochelle, N. Y., but that was before Evers was signed on. President Frasee believes that Evers will be available, playing as well as coaching, and that Wagner will not be needed. Wagner has played with the Red Sox almost continuously since the fall of 1906, when he was purchased from the Newark club of the old American League.

ONE BIG CAMPAIGN FOR ALL WAR CAUSES

The "War Chest" campaign recently held in Rome, N. Y., was so successful in its methods that a number of towns over the country are considering the plan for use in their "drives" for war causes, says the March Popular Mechanic Magazine. Not one but all war taxes upon capital merely lead to exorbitant spending, while the income tax benevolences were included in the effort, whose per-capita wealth exceeds that of Rome. The outstanding fact that has

STEADY INCREASE OF NATIONAL DEBT WORRIES GERMANS

Government Criticized for Failure to Provide for Redemption of War Obligations Now of Enormous Size

New York, Feb. 25.—The steady increase in Germany's national debt owing to the war and the delay in adopting a sweeping plan of taxation reform to care for the increased liabilities of the empire, already more than twenty times higher than the national debt at the outbreak of the war, is a source of constant concern to German financial experts.

In the Berlin Tageblatt of Jan. 5 Arthur Norden, the paper's financial expert, sharply criticizes the failure of the government to provide for any redemption of the war debt aside from a proviso establishing a redemption fund for the 4 1/2 per cent treasury certificates which formed a small part of the last two war loans. He calls for radical measures to check the piling up of the burden of war indebtedness.

Norden contrasts with the policy of Germany, which, as is known, has not provided even enough increased taxation to meet the interest on its war debt and is paying a part of the interest coupons of earlier war loans from new borrowings, with that of Great Britain, which, he points out, had raised by taxation almost twenty-five per cent of its war expenditures down to the end of 1917.

The argument that Germany to follow a capital, would interfere with the productivity of German industry and the fear that increased taxation of incomes would kill the war-willingness of the population are dismissed as unfounded. In fact, Mr. Norden argues, to attack the abnormally high war incomes attained in certain industries and by certain elements of the population would be of decided value in cutting down the high cost of living resulting from the extravagant standards of life among the war workers.

Norden cites the action of the American government in establishing maximum prices for steel and other raw materials of war industry and in immediately introducing high war taxes as an admirable example for Germany to follow and speaks with admiration of the Wilson plan of taking control of the railroads.

Norden's scheme for taking care of the state debt comprises a radical increase in the tax on incomes, not upon capital as generally contemplated by German financiers. He holds that the proposed taxes upon capital merely lead to exorbitant spending, while the income tax benevolences were included in the effort, whose per-capita wealth exceeds that of Rome. The outstanding fact that has

The pledges were taken not merely for the present but, at so much per annum for the duration of the war. While this idea did not originate in Rome, that city has perhaps worked it out more extensively than any other, and its gifts, averaging \$15 per capita, are far in excess of those made in most communities

impressed the neighboring towns is that this manufacturing town with a population of only 22,000, has been able to secure pledges for \$346,000 per year, for the period of the war. The promoters point out that the War Chest plan prevents repeated solicitations and consequently effects a big saving of time and money.

**WILLARD MAY FIGHT DEMPSEY ON JULY 4**

Latest Heavyweight Prodigy Matched to Fight Champion?

Chicago, Feb. 25—Jess Willard, world's heavyweight champion, and Jack Dempsey, the Utah heavyweight, will battle for the title and a purse of \$10,000, at Cheyenne, Wyo., the afternoon of July 4, according to Jack Kearns, manager of Dempsey.

Kearns declared the money for the purse already has been posted and that Willard had come to an agreement with the promoters.

Willard, according to Kearns, agreed to the match recently when under the guise of going to Jacksonville, Fla., he made a trip to Kansas City, and there met P. Chester Thompson, of Cheyenne, who will promote the match.

Otto Flotto, sports editor of the Denver Post, and the Kansas City Post, it is declared, was a witness to the agreement. After the Kansas City trip, Willard continued to Jacksonville, where he now is with his family.

The money for the purse already is in the hands of Thompson or Harris Hines, of the Plains Hotel at Cheyenne, Kearns said.

"As for our end," said Kearns, "you know we will accept what is left. I honestly believe Dempsey can trim Willard on July 4, and we are willing to accept nothing but training expenses for the chance. Willard won something like \$80,000 when he won the title from Jack

Johnson, but the victory netted him close to a million.

"Promoter Thompson says he will give Dempsey a cut of the receipts, but how much depends on the gate the fighters draw."

Willard, it has been definitely learned here, did make a flying trip to Kansas City recently, when he announced he was going to Jacksonville. Whether he closed while there for a match with Dempsey is without corroboration other than Kearns' statement here.

Dempsey has a good record in the four round game on the Pacific coast. His most notable achievement of late was a victory over Carl Morris at Buffalo recently. Dempsey also claims a decision over Gunboat Smith.

Dempsey is six feet two, and when in condition scales a few pounds more than 200. Most of his battles have been in San Francisco or in that vicinity.

Ditbie May Row Kelly.

Toronto, Feb. 25—As soon as we are favored with suitable weather I will commence training preparatory to endeavoring to arrange a match with John B. Kelly, of the Philadelphia Vesperly for the Amateur Single Sculling championship of America," said Lieut. Bob Dibble.

Dibble, despite very serious wounds, received on two occasions in the fighting on the western front last fall, is now in fine physical condition again and believes he can regain the form which made him champion of the United States and Canada and carried him to the final of the diamond skulls in England against the late Giuseppe Sinigaglia, the Italian giant who was killed while fighting with the Italian army.

Kelly won the United States championship at the last annual regatta.

Chicago, Feb. 25—Grover Cleveland Alexander is in training at Hot Springs, Ark., according to word received here today. No agreement has been reached regarding a bonus for him. His friends, however, consider the training an indication that he will pitch for the Cubs this season.

## PLANS PERMANENT PAYING FOR END OF MAIN STREET

Other Commissioners Approve Recommendation  
**WILL TAKE OVER PHONES**  
City Will Lease Telephones on West Side Wharves—Council Committee Discusses Bills For Legislation

At a meeting of the common council this morning a discussion took place regarding Main street paving. The proposal regarding the city taking over the telephones in the sheds in West St. John was finally disposed of and no action pertaining to legislation considered.  
Commissioner Fisher said that he had considered the paving of Main street and he strongly favored granite blocks for the entire section; he would bring in a recommendation at the meeting of the council tomorrow afternoon to call for tenders for permanent pavement if the members were in favor of a bond issue for the work. He said that the pavement would be granite blocks between the air track sections and asphalt on the sides. The estimated cost for this work with concrete foundation would be \$84,000. If entire granite pavement was used the estimated cost would be \$87,400.  
Commissioner McLellan asked him what the cost of penetration work on the sides of the street would come to and was informed that it would cost about \$10,400. He said that this was used instead of bitulite pavement it would save the city some \$8,000 and the work would practically be permanent.  
Commissioner Wigmore and Russell spoke in favor of the work going on without delay. Commissioner McLellan was strongly in favor of the work being proceeded with as soon as possible, but he felt that the work should be left open to move than the Warren people. If contractors with other kind of pavement than the bitulite were allowed to bid he would favor the recommendation.  
Commissioner Russell said he was anxious to have the question of disposal of property in Back street, St. Lewis disposed of.  
Commissioner McLellan said that he would put a valuation on the lock-up and, as far as he was concerned, he did not anticipate any trouble regarding the final disposition of the matter.  
West Side Phones.  
Commissioner Russell said he thought the city should take over the telephones in the sheds in West St. John so as to obviate any trouble with the steamship companies. He said that the companies would pay for the telephones but that by the city renting them, they would be open for use by all parties and thus no discrimination would arise.  
Commissioner McLellan asked several questions regarding the matter and why the city should take the responsibility.  
Commissioner Russell explained the situation and said that the harbor master had also recommended the change.  
Commissioner Fisher said that if the city was fully protected and the steamship companies bear the whole cost he would favor it, and seconded the motion which was passed.  
Legislation.  
Commissioner Fisher brought up legislation matters and said that the time is drawing to a close and something had better be done. He said that the removal of snow from the sidewalks whereby the city would remove the snow and the citizens be compelled to pay for it, unless in time by His Honor, he favored it and the street superintendent favored it.  
Commissioner Wigmore asked if the snow was not being removed now. In the house, the case was put off until tomorrow morning.  
The four other prisoners all pleading guilty, they were sent below with the Commissioner McLellan as commissioner of public safety to tell the reason it was not.  
Commissioner McLellan said that the court was filled with delinquents and the terrible condition of some of the city streets, and particularly King street east of Conroy's, he was gassed and also buried by the explosion of a shell, and returned to England shortly after this time.  
Commissioner Fisher said he had heard the commissioner complaining about that section and had visited the scene. He said he found that the work had been carried out satisfactorily, according to his judgment.  
Not Parliamentary.  
Commissioner McLellan said that his word was no good in the instance for he had no good judgment.  
Mayor Hayes said that he thought the conversation was not parliamentary, so it was dropped.  
Commissioner McLellan said that the trouble with the snow removal was that some places were discriminated against and that some people's sidewalks were being cleared off and others were not.  
Mayor Hayes said that perhaps a larger appropriation for snow removal would meet requirements.  
Commissioner Fisher explained how he had the plows worked and denied that there was any discrimination.  
Commissioner McLellan warned him that he was losing sight of the real object of the double election, and gave many reasons why it was essential.  
Regarding a bill for legislation to govern the flow of water on sidewalks from alleys and yards, Commissioner Wigmore said that it was not practical. He said he considered it beyond all reason and it would cost a large amount of money.  
Five Days' Notice.  
Mayor Hayes pointed out that there should be some action to prevent soldiers from having their names entered on the list not later than five days prior to the election. He said that a time should be set in which any bona fide voter should have his name entered. It was unanimously agreed that those entitled to vote should have their names placed on the list not later than five days prior to the election. In past elections it was contended that many not eligible had voted.

## A SAD SIGHT FOR DRY TOWN, SAYS MAGISTRATE

Five prisoners charged with drunkenness were before Magistrate Ritchie this morning's police court. A large crowd gathered, attracted by the statement in the morning paper that "Andy" Irvine had been arrested for his 162nd time. This was found to be not so, and no "Andy" was present.  
One of the prisoners pleaded guilty to an additional charge of having liquor in his lodging house and claiming that he owned the house himself and that it was therefore not a boarding house. A case of liquor had been found there and the magistrate asked what kind it was. "Majestic whiskey, your honor," replied one of the detectives. "Oh, that's a misdemeanor," said His Honor. "It ought never be called Majestic." In placing the bottle on the top of his head, it toppled over and was just caught by the prisoner. "That would have been quite a drop of whiskey," he remarked as he set it back.  
In order to allow time for the prisoners to bring witnesses to show who ran the house, the case was put off until tomorrow morning.  
The four other prisoners all pleading guilty, they were sent below with the Commissioner McLellan as commissioner of public safety to tell the reason it was not.  
Commissioner McLellan said that the court was filled with delinquents and the terrible condition of some of the city streets, and particularly King street east of Conroy's, he was gassed and also buried by the explosion of a shell, and returned to England shortly after this time.
