THREAT OF GENERAL STRIKE DOES NOT WORRY COMPANY

The Philadelphia Transit Co., Trying to Prove That It Can Do Business Inspite of the Strikers—Death List of the Strikers—Death List Now Numbers Eight

PHILADELPHIA, March 1.—Determined to demonstrate its ability to operate its cars without the assistance of the striking motormen and conductors the Philadelphia Rapid Transit Company today again increased the number of cars in operation on its various lines.

The company declares that no settlement involving a recognition of the carmen's union will be considered and it reiterates that abatement is not needed to settle the strike. The officials are turning their backs to the many pleas that they reach an understanding with the striking men before the unions put their threatened general strike into effect.

Both the labor unions and the city administration are preparing their lines for the expected demonstration. Director of Public Safety Clay in an interview today said he did not regard the proposed sympathetic strike as a bluff and told of plans for increasing the police force in anticipation of further trouble.

The labor unions have decided on a general strike unless the city takes some steps to force the company to arbitrate, the sessions of select and common council on Thursday afternoon looked forward to with interest. It is considered almost certain that some member will bring forth an arbitration resolution, but whether the political organization in control will agree to take action can not be predicted.

Another death due to the strike occurred last night when Benjamin Gibson, a carman, died in the Douglas Hospital. This brings the number of dead as a result of the strike up to 8. The carmen and carmen's passengers that last week but the number is far from normal.

MADE BIG SEIZURE OF LIQUOR AT COBALT

Over Two Thousand Dollars Worth Was Taken

G. T. P. to Com. etc With Great Nor harr
From St. Paul—English Teachers to Visit Canada

COBALT, Ont., March 1.—In spite of the activity of the authorities a seizure made yesterday at the railway depot by Provincial Constable Jack McKay, of liquor consigned to different parties, would indicate that the blind pig traffic in Cobalt is flourishing. The goods seized yesterday are worth considerably in excess of \$2,000. Amongst other things were three sixty gallon hogsheads of brandy and two forty gallon barrels of port wine. The rest consisted of an assortment of expensive wines, liquors, whiskey, etc. Montreal shippers appear to have heard that the police were about to seize the shipment on arrival, as a preliminary to prevent the seizure they wired the express company to return goods to Montreal, but Officer McKay saw them first and seized the lot.

WINNIPEG, March 1.—It is said the Grand Trunk Pacific is working with the Great Northern to establish a through line from the Twin Cities to Regina, Edmonton and Prince Rupert, in competition with the Soo line from St. Paul to the coast. The Saskatchewan government has a preliminary step has guaranteed the bonds of a line from Regina to Sherwood, on the boundary line, which will connect with the Great Northern.

QUEBEC, March 1.—Private John Higgins of the permanent militia was yesterday afternoon to stand trial before the court of King's Bench at its next sittings, charged with an unnatural crime.

EIGHT YOUNG GIRLS SAW THEIR MOTHER SHOT DEAD

Woman Had Refused to Let One of Her Daughters Go to Live in New York's "Little Italy"

NEW YORK, Mar. 1.—The eight young daughters of Mrs. Carrie Murat, a French woman living at Woodhaven, in Queensborough, saw her shot dead last night by Frank Saldernano, an Italian. Saldernano fired two ineffective shots at his wife Amelia, the eldest and prettiest of the Murat girls before shooting Mrs. Murat. Then he escaped.

The shooting was prompted by Mrs. Murat's refusal to let Amelia go with her husband to live in New York in "Little Italy."

THREE ARE DEAD IN Y.M.C.A. FIRE TODAY

Building at Rotterdam Junction Destroyed

Used by Railway Men—Twenty Aboard When Fire Broke Out—Several Injured in Escaping—Loss \$150,000

SCHENECTADY, N. Y., March 1.—Rotterdam Junction, a building of the Boston and Maine Railroad, was today destroyed by fire at its early hour this morning and three employees of the road perished in the flames. The bodies have not yet been recovered.

The dead are: Engineer J. Stephen, Freeman J. G. Smith and brakeman Harry Russell. They are all said to have come from New England points. Rotterdam Junction is the western terminus of the Boston and Maine and the crews coming from the east rest at the Y. M. C. A., a large frame building, formerly a hotel, which the Boston and Maine bought a few years ago for \$150,000 and fitted it up for the employees. The fire started in the lockers in the basement, and as there was no means of checking it the building was soon consumed. There were about twenty railroad men sleeping in the structure at the time and several were more or less injured in escaping. The Boston and Maine offices on the opposite side of the street were endangered but on account of the dampness did not catch.

GOVERNOR TWEEDIE GIVES A DINNER THIS EVENING

Majority of the Thirty-four Guests Are Members of the Legislature

FREDERICTON, N. B., March 1.—His Honor the Lieutenant Governor will give his second state dinner at the Queen Hotel this evening. Covers will be laid for thirty-four. The invited guests are as follows: Mr. Donald Bruce, George W. Upham, T. A. Hart, Dr. Taylor, S. W. Legere, Dr. Houtrey, Col. Sheridan, E. M. Sproul, J. A. Murray, G. B. Jones, C. L. Cyr, J. W. HEAVY FOG DELAYED SHIPPING THIS MORNING

New York 2nd Nearby Ports Tied Up by Dense Vapor—Land Lines Hampered

NEW YORK, March 1.—New York afloat and ashore was enveloped today in a screening fog which brought marine transportation to a standstill and badly hampered railroad and all lines of local transportation. Ocean liners who approached port last night dropped their anchors at Ambrose Channel Lightship and set their sirens bellowing to prevent collision. Eight steamships were at anchor today at the city's gateway waiting for the fog to lift. Ferryboat service proceeded lamely while commuting trains were behind their schedules on some of the roads. Trolley and elevated railroad service was hampered.

OLD PEOPLE DEAD

CHICAGO, March 1.—Thomas Sheridan, 86 years old, who came to America from the South of Ireland in a sailboat, which took 42 days for the journey, and who described the aeroplane as witchery, died yesterday at the residence of his grand-daughter, Mr. Sheridan was an inveterate smoker for more than 50 years.

TULSA, Okla., March 1.—David Hall, 105 years old, who was a friend of David Crockett, is dead here. He was a veteran of the Mexican and civil wars.

BOSTON, March 1.—Milton A. Kent, a pioneer glove manufacturer of Massachusetts, is dead here at the age of 89 years. For several years he was in business in Gloversville, N. Y.

BETTER PROVISION FOR LARGE VESSELS

Is What Canada Needs, Says Sir Montagu Allan

Six of New Steamers Will Depend Wholly on the Requirements of the Next Mail Contract

MONTREAL, March 1.—That the construction of more docking facilities on the Canadian coast should precede the construction of bigger ships, is the opinion expressed by Sir Montagu Allan, in an interview with a representative of London "Canada."

"The most immediate need in connection with the trans-Atlantic service to Canadian ports," he said, "is the construction of a dry dock at Quebec. There are now seventeen vessels ranging from St. Lawrence ports which are too large to enter the only existing dock at Levis, while the one at Halifax is over 300 miles away. It is probable that the Dominion Government will require still faster and consequently larger steamers to operate the next mail contract, so that the need becomes still more urgent."

Regarding the naval policy of Canada as laid down by Sir Wilfrid Laurier in his recent speeches, Sir Montagu said: "I believe the great bulk of Canadians are in favor of building the proposed vessels in Canada where we have iron and steel in abundance. The installation of a thoroughly equipped plant would give the needed impetus to the shipbuilding industry in Canada which in a few years will undoubtedly develop enormously."

"I fully expect," continued Sir Montagu, "that the Dominion Government will desire both the maximum and minimum speeds to be increased. But until we know what the views of the Government are on that point, it would be premature to put new vessels on the stocks. The class of steamers we build next will depend entirely upon the nature of the service they will be called upon to perform. The still further improvement of the line from Havre, which we operate, will also be dependent upon the type of new vessel needed in the mail service."

MEAT BOYCOTT RESULTS IN HIGHER, NOT LOWER, PRICES

People Not Eating as Much, but Have Created a Strong Demand for the Cheaper Cuts

NEW YORK, March 1.—Prophecies that the late meat boycott would bring higher and not lower prices are today being realized here. Quotations on mutton, lamb and pork having fallen, the price of beef has risen. In the business can remember, Beef is selling at 11 1/2 a hundred weight whole, retail, pork loins at 15 cents and upwards and lamb at 22 cents. Butchers said that although the people are eating less meat than formerly, on the whole they are ordering the cheaper cuts in such quantities that the increased demand threatens an appreciable advance in those quarters also.

VASQUEZ TO COMMAND GOVERNMENT FORCES

SAN JUAN DEL SUR NICARAGUA, March 1.—General Vasquez has been appointed commander-in-chief of the government forces which will attempt the re-occupation of the Atlantic seaboard. Dr. Julian Arias has been named as executive delegate in the department of Chinola with full powers. Louis Valle at the head of a group of revolutionists has started from the estate of Francisco Solorzano situated on the River Rio in Costa Rica in an attempt to get into Nicaraguian territory. They reached the San Juan River and tried to seize the steamer Nollenback but without success.

THE FREEDOM OF LONDON TO BE GIVEN ROOSEVELT

LONDON, March 1.—The corporation of London will hold a special meeting on Thursday to consider the petition which has been signed by many influential members to present the honorarium of freedom of the city of Theodore Roosevelt in a gold box and to entertain him at a reception and luncheon at the Guild Hall.

ALBANY IS LOOKING FOR A VERY SERIOUS FLOOD

Hudson River Has Risen Over Sixteen Feet in Twenty Four Hours—Family Adrift for About Two Hours Before Being Rescued

ALBANY, N. Y., March 1.—In less than twenty-four hours the Hudson River at this point has risen more than sixteen feet above the mean lower water level. The greatest that started when the ice in front of the city went out at two o'clock yesterday afternoon reached that height early this morning and during the forenoon practically stood still. Its further rise or subsidence depends upon the ice gorge that has formed at Van Woe Point just below the city. At present this barrier of ice is shifting and moving slowly down stream before the tremendous pressure of water pouring in from the upper Hudson, the Mohawk and their flooded tributaries. If it stands fast Albany expects one of the worst floods in its history. Even with conditions as they are flood stage this morning is only five feet below the record of twenty-one feet.

The streets in Albany bordering the river are navigable with row boats to the Delaware and Hudson and West Shore railroads have been forced to stop all trains in the southern part of the city bringing passengers to the Union Railway Station by trolley cars. The N. Y. C. tracks being on higher ground are unaffected.

SPRINGFIELD, O., March 1.—Huddled, drenched and shivering on a raft of ice, Mrs. William Evans and her two little children floated for two hours in the Miami River last night before they could be rescued.

The woman attempted to ford the swollen river in a buggy. A cake of ice struck the horse, which reared and overturned the vehicle. Mrs. Evans, keeping herself afloat by holding on to the horse, assisted her children aboard the raft and then mounted another one herself. All were nearly overcome when taken from their perilous craft.

Splendid Gift to Toronto University—Medical Students Routed the Dig-Catchers and Freed Their Victims

TORONTO, March 1.—Announcement is made that the executors of the estate of the late Hart A. Massey have made a fine gift to Toronto University. The gift consists in brief of an undertaking to erect a building for the university Y. M. C. A., one for the Students' Union and Athletic Association and a third connecting these two to be used in such a manner as the authorities may decide. All the buildings are to be of stone, in Gothic style of architecture, and whatever the cost is the estate will bear it.

RAINY RIVER, Ont., March 1.—Knute Johnson, a Grassy River home-steader, was stabbed and dangerously wounded by a woman whom he attacked Saturday morning on her farm at Wood Township. Johnson got drunk here, and leaving the hotel partly dressed and without shoes, walked two miles through snow to the farm of Mrs. Barry and proceeded to effect an entry through a window. Mrs. Barry, who was in the house with her two daughters, her husband being away, asked him what he wanted, and receiving no reply, stabbed him, one wound being in the right breast. Mrs. Barry reported the occurrence to a neighbor, who found Johnson lying on the river bank. Johnson was taken to Rainy River, where his wounds were dressed. He may die.

LONDON, Ont., March 1.—Students at the normal building of the Western University took away the dog catcher's net, snowballed that official and his assistant, and released the captured dogs.

Sergeant Birrell and Detective Nicholson went down and finally recovered the net. The lecture was interrupted by the enthusiasm of students who cheered the dog catcher and police and shouted, "Take them up to the dissecting room."

CHOKED TO DEATH WHEN EATING DINNER

C. P. R. to Spend \$12,000,000 More in Irrigation

Manitoba Government Refuses to Meet Demands of Grain Growers in Framing of a ratoff Policy—Smolpx in Berlin

CALGARY, Alberta, March 1.—C. P. R. officials announce that the company will spend twelve million dollars more on an extension of the irrigation section in How Valley. Eight hundred thousand acres are to be included in this section.

LONDON, Ont., March 1.—Jas. Mason a well known township farmer, choked to death at his home yesterday. While eating his dinner a piece of meat lodged in Mason's throat and before it could be removed the man was dead. Mason's daughter died under similar circumstances recently.

WINNIPEG, March 1.—The government practically threw down the gauntlet to the Grain Growers Association last night, when the bill to regulate state owned elevators was introduced in the legislature, retaining every feature which the farmers have determinedly opposed, namely control of the commission which shall operate these elevators by the government direct. The ministers are positive in their declaration not to concede this point, and there is likely to be some thing doing at once. The bill also retains the clause requiring that before government elevators are established at any point, a petition signed by at least sixty per cent. of the farmers in the district guaranteeing to support such elevators exclusively, must be presented to the governor-in-council.

BERLIN, Ont., March 1.—A small-pox epidemic has broken out in the village of Deon, six miles from here. Seven families have been quarantined and houses placarded. Services in churches were not held Sunday as a precaution to prevent its spreading. The public schools has been closed.

GRAVES, HERO OF MILL RIVER FLOOD, IS DEAD

He Rode Through the Valley Warning the People of Lapsing Disaster in 1874

NORTHAMPTON, Mass., March 1.—Daniel Collins Graves, the hero of the Mill River flood of 1874, one of the greatest disasters that New England has known, is dead at his home in Williamsburg. He was 70 years old. Mr. Graves while returning home early the morning of May 16, 1874, learned that the reservoir at the head of Mill River Valley had burst. Unharnessing his horse, he leaped on its back and rode the length of the valley awakening the several hundred inhabitants of the villages threatened by the on-rushing waters.

Despite his warnings more than 40 persons were caught in the flood and drowned.

VALLEY ROUTE SCHEME TO COME UP TOMORROW

Most of the Members Are Back Again for Business—Dr. Taylor of Charlott

FREDERICTON, N. B., March 1.—Dr. Taylor, of Charlott, arrived here this morning and will take his seat for the first time this session this afternoon. The doctor received a warm welcome in entering the assembly chamber this morning. The House this afternoon will further consider the person bill. Mr. Tweedie's resolution on the St. John Valley Railway will in all probability be taken up tomorrow. Most of the members have returned last evening and this morning's train brought in a large contingent.

Mr. E. J. Payson of the Moncton Times, is here and the press gallery is now well looked after.

NOTHING DOING IN THE CAPE BRETON STRIKE

SYDNEY, N. S., March 1.—The Dominion Coal Company's output for February was approximately 24,000 tons. The average daily output was almost exactly the same as in February of last year.

There is a gradual gain in the output, a total of 10,065 tons being output yesterday. There are no new developments in the conferences between the local clergy and the strikers, as regards settlement.

NEW YORK, March 1.—Wall street: The opening demand for stocks was languid and only sufficient to cause small fractional advances. There were a few small declines. After the execution of the accumulated orders the ticker came almost to a standstill.

MAJOR LEAGUE CLUBS

COMPLETE SEVERAL DEALS

Willie Keeler Will Probably Play With the Giants, Although Brooklyn Is Not After His Services

Since the baseball season of 1909 wound up a number of deals have been pulled off by the major league clubs. The Highlanders have sold Ed Berfield to the Washingtons, traded Demmitt and Lake to the St. Louis Browns for catcher Lou Criger and have released Willie Keeler unconditionally. The Giants have released O'Hara to the St. Louis Cardinals, from whom they have secured Shaw, a pretty fair outfielder, the Cincinnati Reds have traded Ewing, the Athletics of Philadelphia National, for Covaleski and Corridor, and have signed over to the Cardinals for pitcher Steve and outfielder Stork. The Boston Nationals have released Dahien to the Brooklyn, but Roy Thomas go unconditionally and traded Besant to the Chicago club for a couple of colts. The Pittsburghs have sold first baseman Abstein to the St. Louis Browns and have secured Flynn from St. Paul and Sharpe from Newark to all his place. The Brooklynians have traded Clement, Alperman, Marshall and Hedmond to the Quakers and have secured the same thing with Starr and Martell. The Athletics have released Ganley and Nicholas and the Boston Red Sox have handed Walter over to the Highlanders. The Chicago White Sox have sent Jake Atz to the Providence club in part payment for shortstop Blackburn and have also canned Ebbell, Fries and George Davis. The Browns have got rid of Jimmy Williams and Hobe Ferns, while Washington has let out Elmer Donahue.

There seems to be little doubt that Willie Keeler will be engaged to play with the Giants this year. The Brooklyn club, however, is anxious to secure him and is bidding for his services there may be a lively tussle between McGraw and Dahien. As the Giants need an experienced outfielder more than the Brooklyn, however, it was predicted yesterday that Keeler would be signed by the latter. Last year Keeler, in spite of a broken bone in his foot, and a sprained hand, managed to play 24 games with the Hill-men. He scored 44 runs, made 36 hits, batted .345, and had a batting average of .261. In right field he had 11 putouts, 3 assists and 4 errors, with a percentage of .98. It is still rumored that McGraw will make a deal for first baseman Jordan of the Brooklynians, as Dahien is said to have an open substitute for Big City in Jake Daubert of last year's team. Baseball sharpshooters who discussed Keeler and Jordan yesterday seemed to think they would materially increase the Giants' batting strength.

DOVE OF PEACE AT HOCKEY GATHERING

MONTREAL, July 23.—The meeting of the National Hockey Association executive held today, which it was pressed would have created some trouble were ruled out of order by the chairman and his decision complacently accepted by the movers, and it soon became evident that the real work had been done before the meeting started. Ottawa keeps and plays Small and the games in which he was protested. The Cobalt team will content itself with a civil suit against Small. The Shamrock share of the peace-making came in the knocking off of the \$100 fine imposed against Hall for striking an official in a game early in the season. As Hall would not pay the fine the club would have been that much out. The team also withdrew its claim for its share of the gate receipts of this game, which was ordered regulated.

ATHLETICS LEAVE

ON SOUTHERN TRIP

Thirty-Five Ambitious Ball Tossers Tizen South by Coach Mack—There Were Two Parties

PHILADELPHIA, March 1.—Divided into two squads, about thirty-five ball tossers, who are ambitious to wear athletic uniforms during the coming baseball season left yesterday to get into shape for the championship game, which starts April 15. Under the guidance of Connie Mack, the first squad, composed of men who are new to the local American team, left North Philadelphia station at 3:40 p. m. bound for Atlanta, Ga., and the second bunch made up of the veterans, who have already seen service in the ranks of the backslappers, will start for Hot Springs, Va., headed by Captain Harry Davis. The veterans left at 7:45 at night. With the exception of Baker all of the members of the team are in line for the southern trip. The hard-hitting third baseman will probably be retained for a few days because of the illness of his wife. If, however, Mrs. Baker shows signs of improvement between now and starting time, Baker will be with the other vets who go South tomorrow night.

English Champion Is Hard After a Match With New Light-weight Victor

The smoke has hardly cleared away from the Wolgast victory over Max Nelson which made him the new light-weight champion, when a cable from across the water arrived from Freddie Welsh, the English champion, who challenges Wolgast, the new title holder, for his services. The Mission club has already offered Wolgast the choice to meet Welsh in his arena, and the little German from Milwaukee, who is a fighter from the ends of his toes to the crown of his head, and is in the fatigues of what it returns, says he is perfectly willing to battle Welsh and will give the Briton a hotting. The inducement is a wait on the string. According to Manager Jones, Wolgast will take a rest of three months, which he will accept if some good ring opportunity shows up, as Wolgast is more of a rustic attraction than a foot-light performer. In all probability Wolgast will not overlook some of the big theatrical offers made to him and he will be seen from one end of the country to the other. Hammerstein, the New York manager, has already put in the first bid for Wolgast to trot his circuit, and the German can't afford to let any easy money slip by.

AEROPLANE FLIGHT

HAMILTON, Mass., Feb. 28.—The first definitely successful flight of a heavier-than-air type of flying machine was accomplished today by the new biplane of A. M. Herring, in a new Herring-Burgess bi-plane. The flight was short but completely successful. The machine attained an elevation of 50 feet and a speed of 33 miles an hour.

SPORTING MATTERS

NEW YORK, March 1.—Johnny Daly and Joe Wagner, both local bantam weight fighters, fought ten very even rounds last night at the Olympic Athletic Club in Harlem. Wagner was the stronger in the last two rounds but it was thought Daly was entitled to a decision on his earlier work. The winner is scheduled to meet Jimmy Walsh of Boston who claims the bantam-weight championship.

NEW YORK, March 1.—Russell Ford, a split-ball pitcher, who was with Jersey City last year, has just signed a split-ball contract to the New York American League Club. Pitcher Buckner, first baseman Jordan, were signed with the Brooklyn Club.

NEW YORK, March 1.—Dates for the national golf championships were fixed at a meeting of the executive committee of the United States Golf Association were given out today. The tournament will be at the Philadelphia Cricket Club on June 15-18; the amateur tournament at the Brooklyn Yacht Club, Sept. 12-17, and the women's title will be played for at the Home Wood Country Club near Chicago Oct. 10-15. HUNTING TRIP DECLARED

Big Californian Says He Will Not Go to Mexico, but Will Commence Training After a Short Rest

Jim Jeffries got home to Los Angeles Monday and his dog didn't know him. Jeff has lost a lot of flesh since he left Los Angeles to go on his theatrical tour, and when he came home there was not a single person who could hardly recognize him. First of all, Jim says the hunting trip into Mexico is not what he expects to rest a few days, count up the cash that has been accumulating in the till in his cafe and then look around for suitable training quarters. Jim Corbett will not be one of his staff of sparring partners, according to Jeff.

THE HISTORY OF H. P.

Every popular commodity has a history of paramount interest to somebody. Here is the history of H. P. at Birmingham, England, there is a name as well as a history. In fact, the largest in the world, and as much vinegar is the essential foundation of the nation's history. Now some years ago, it occurred to them that nearly all the sauces on the market were adulterated with pure malt vinegar, but not until the new production had touched perfection, in favour, appearance, and consistency were produced, and placed on the market at a moderate price. They forthwith began to experiment with the choice of Oriental fruits and spices were judiciously blended together and slowly blended with pure malt vinegar, but not until the new production had touched perfection, in favour, appearance, and consistency were produced, and placed on the market at a moderate price.

The winner is scheduled to meet Jimmy Walsh of Boston who claims the bantam-weight championship.

NEW YORK, March 1.—Russell Ford, a split-ball pitcher, who was with Jersey City last year, has just signed a split-ball contract to the New York American League Club. Pitcher Buckner, first baseman Jordan, were signed with the Brooklyn Club.

NEW YORK, March 1.—Dates for the national golf championships were fixed at a meeting of the executive committee of the United States Golf Association were given out today. The tournament will be at the Philadelphia Cricket Club on June 15-18; the amateur tournament at the Brooklyn Yacht Club, Sept. 12-17, and the women's title will be played for at the Home Wood Country Club near Chicago Oct. 10-15. MAJOR LEAGUES WILL TAKE 500 PLAYERS TO THE SOUTH

A desperate and uncommonly interesting fight is promised in both American and National leagues this season, according to dope. In spite of theatrical people breaking into the game, and despite the fact that organized baseball is a big trust, our national pastime is bound to be on the level. Gambling is to be eliminated from all parks, the umpires have been cautioned to give judgment as they see the play, regardless of the situation, and finally the financiers of baseball know that the public will withdraw its patronage at the least hint of crookedness.

To keep up interest in the game it is necessary to have a race right through both divisions. When two or three clubs acquire such a commanding lead as to make a joke of the season's struggle, the National League is bound to give judgment as they see the play, regardless of the situation, and finally the financiers of baseball know that the public will withdraw its patronage at the least hint of crookedness.

MONTREAL, Feb. 28.—Besides the railway lines and Atlantic steamship service, it is now announced that the G. N. W. and the C. P. R. have a big commercial telegraph company and enter the Canadian field in the north-west, but also in Eastern Canada.

THE HISTORY OF H. P.

Every popular commodity has a history of paramount interest to somebody. Here is the history of H. P. at Birmingham, England, there is a name as well as a history. In fact, the largest in the world, and as much vinegar is the essential foundation of the nation's history. Now some years ago, it occurred to them that nearly all the sauces on the market were adulterated with pure malt vinegar, but not until the new production had touched perfection, in favour, appearance, and consistency were produced, and placed on the market at a moderate price.

AEROPLANE FLIGHT

HAMILTON, Mass., Feb. 28.—The first definitely successful flight of a heavier-than-air type of flying machine was accomplished today by the new biplane of A. M. Herring, in a new Herring-Burgess bi-plane. The flight was short but completely successful. The machine attained an elevation of 50 feet and a speed of 33 miles an hour.

SPORTING MATTERS

NEW YORK, March 1.—Johnny Daly and Joe Wagner, both local bantam weight fighters, fought ten very even rounds last night at the Olympic Athletic Club in Harlem. Wagner was the stronger in the last two rounds but it was thought Daly was entitled to a decision on his earlier work. The winner is scheduled to meet Jimmy Walsh of Boston who claims the bantam-weight championship.

been let out by Chicago, is now in New York, not having signed anywhere. It is not known what team goes to him, he says, "I might have held down" first base. Another likely man for this job is Gandell, the last they got from Sacramento, Partell will vary likely be at second and I expect Blackburn, the Providence phenom, is a sure berth at shortstop. They gave \$11,000 for him, the Yankees offered \$7,000, and he has certainly showed the goods. All he must learn is to get the ball away more quickly. For third base, Partell will have to compete with another phenom, Zelder, from the Pacific coast. Doubtless, too, Messinger and Travis. Partell intend to hold their jobs in the outfield, but some of them may have difficulty. I think Partell will get there. He is as good as Tommy Leach, in my opinion, at outfield garden stunts. Being heavy is terribly keen to bring the American League pennant which he last won in 1906, back to Chicago, and believes that he has the club to do it this season. I look for the White Sox to be in the front two or three and stay there."

While every other club in the American League has strengthened its department right, Fenwick, 1898, is going to depend upon his old regiment that has been in the game since the foundation is causing plenty of talk among wise players, many of whom think the players are due for a change. In contrast to the vast number of regulars and regulars to be used by Chicago, the celebrated "22-2" gets its regulars from this select band: Sehmitt, Beckendorf, Stange, Donovan, Mullin, Willett, Summers, Killian, Speer, Vance, Browning, Worley, Tom Jones, Delehanty, Bush, Moriarty, O'Leary, Cobb, Crawford, Davy Jones, McLarty, Drake and Lelivet. It is just possible that with this crowd he can break the pennant-winning record.

PARADEBERG DAY OBSERVED HERE

Sunday was Paradeberg Day, the tenth anniversary of the day on which the Canadian troops in South Africa showed the Empire what they could do when it came to fighting. The St. John South African veterans, many of whom took part in the fight, have annually celebrated the day on which the memorable victory was won and did so last evening by a banquet in White's restaurant.

Members of the association to the number of about twenty-five sat down to the choice repast which had been prepared, and after the viands had been disposed of a pleasing programme was carried out. Norman F. McLeod, a Paradeberg man, presided and was supported on either side by his honor Judge Ritchie and Col. Buchanan.

The Exhibition Association is advertising in this issue for tenders for the new buildings to be erected this spring. The formal notice will be found in the usual column. Tenders will be received up to noon of the 12th of this month and plans will be exposed to view in the Exhibition Office, Prince William Street, March 2nd, commencing at noon. The association is not binding itself to accept any or the lowest tender. As previously stated, the structures to be erected are the grandstand, 208x40 feet, and the horticultural building of three floors, 120x70 feet.

"THE ROYAL CHEF" TAKES GARRISON CITY BY STORM

Speaking of the production of "The Royal Chef" at the Academy of Music, the Halifax Chronicle observes: "With a clever company singing catchy songs and choruses, and with stage settings of a class seldom seen in Halifax, 'The Royal Chef' Company opened its engagement at the Academy of Music last evening to a large and appreciative audience. 'The Royal Chef' is entirely devoid of any plot; it is from start to finish a musical extravaganza. The costumes are handsome and varied and add much to the beauty of the setting. The scenery is distinctly Eastern and is designed especially for 'The Royal Chef'." "Miss Ethel Balch, as Princess Leto, was most effective. She is possessed of a delightfully clear soprano voice and made a decided hit with 'The Tale of a Tailless Frog' in the first act, and 'What's the Matter with My Man in the Moon?' in the last act. Her duet with Parks in the second act was particularly good. "Miss Leona Holmstrom, as Kitty O'Reilly, made a decided hit, her singing and dancing being exceptionally taking. The O'Reillys were splendidly rendered and her duets with Parks and Lemphauer made her a prime favorite from the start. "This excellent company opens its engagement on Wednesday.

MOTHER AND DAUGHTER SAVED BY GIN PILLS

The Famous Kidney Remedy

44 Welby Ave., Toronto, March 21, 1909.

"While engaged as assistant at Sterling Mills, Gray's Siding, Ont., I became familiar with the merits of Gin Pills.

"On leaving Toronto, I left my wife (aged 51) and my daughter (aged 21) at home. The former had tried all sorts of remedies for her ailments, Middle Age or Change of Life. The latter in her hands were badly swollen and she suffered much pain.

"It occurred to me that Gin Pills would help her, and so advised her. This was a happy thought, for my wife went back to say she was trying Gin Pills.

"Her next letter said that the pills were doing her good, and the second, that she was feeling better. The third, that she was feeling much better. The fourth, that she was feeling very much better. The Evening Chit-Chat

By RUTH CAMERON. These are her fruits, kindness and gentleness, And gratefully we take them at her hands, Patience she has and pity for distress, And love that understands.

A few days ago I visited a woman who has just passed through one of the greatest sorrows a woman can know—the death of her husband.

I found a woman possessed of a beautiful serenity, entirely undisturbed by many things that would have made my friend of former days completely wretched.

The young people who have never known what real trouble is, hurry themselves in deep gloom because they have failed to make the "Varsity Team, or win the scholarship, or cannot go on the pleasure trip, or must move to a new city and break the ties, or must give up the college career for some reason.

With all my heart I wish they could know in advance how little right they have to fret themselves over these things.

INQUIRY INTO FATAL I. C. R. TRAIN WRECK. Deaths Due to Accident—Question About Broken Tire Will be Settled by Experts.

TRURO, Mar. 1.—The enquiry into the death of Dan McLeod, John McIsaac, and James O. Davidson was held yesterday. The three men had been killed when the I. C. R. freight tumbled down the 85 foot chasm in Folgate Mountain.

The enquiry was conducted by Coroner Yorston. Conductor Baker's evidence was taken as to the finding of the bodies of the men after the wreck occurred.

He then said that the engine and two of the cars next to the engine went over the bank, the third car remaining in place on the track unharmed.

Three witnesses testified to finding parts of an engine which fell about forty feet from a fractured casting which was immediately at the point where the engine left the track.

The jury rendered a verdict that deceased came to their deaths from being crushed under the engine and cars and that the cause of the accident was a broken tire. The question whether the break was new or old was reserved, and Master Mechanic John Stewart promised to have the pieces sent to Moncton and examined under powerful magnifying glasses.

A question whether the tires on the engine were of the regulation thickness and strength is also to be reported.

Sergeant Major Hughes, whose death took place yesterday, was one of a band of English army instructors who when they came to this province were known as "The Twelve Apostles."

PAARDEBERG DAY AT FREDERICTON

FREDERICTON, N. B., March 1.—The South African veterans last evening celebrated the 10th anniversary of the battle of Paardeberg, with a grand banquet at Long's Hotel. Capt. James Pringle presided and there were over fifty guests present. All the speeches were of a highly patriotic nature. Among the toasts honored were Paardeberg, South African veterans and the Old War Veterans. There have been five of the men who went to Africa who have passed away since that memorable battle which brought so much glory to the British Empire. Their deeds and heroism were remembered tonight and though dead they are not forgotten.

The half-mile championship race in Victoria Park has been postponed.

You Can Afford to use 40c. Tea Just as Well as 30c. Tea if You Use 40c. Red Rose

A pound of 40c. Red Rose goes further than any 30c. or 35c. tea and it is distinctly superior in quality.

30c. and 35c. Red Rose Teas are good teas, so good that very many people say they want nothing better. But, if they would once try a package of the 40c. Red Rose they would use nothing else in future.

Just think, five cups of 40c. Red Rose Tea will only cost 1c. One lb. makes over 200 cups. Not a question of affording.

TWO NATURALISTS IN THE ARCTIC

The Frigid Wanderings of Stefansson and Anderson

Letter Written Last August From Herschel Island—Cold Weather and Real Hardships

A letter which had been six months on its wandering way from the Arctic Circle has just arrived in Iowa City, telling of the adventures of the adventures of Lieutenant R. M. Anderson and the Harvard ethnologist, who for the last two years have been living the life of the native Eskimo on the north coast of Alaska and of Canada.

Both of the men are graduates of the University of Iowa at Iowa City. They are engaged in collecting animal skins for the museum in New York, and in studying the habits and life of the people of the most northern inhabited portions of the globe.

The letter received here was mailed on Aug. 22, 1908, on a chance whaler which passed Herschel Island, on the north shore of Canada, 530 miles from Point Barrow, the farthest outpost of American civilization. It came to Major George S. Ball of Iowa City, a college classmate and former military companion of Lieutenant Anderson.

The two naturalists and hunters report that they have at times been on the rifle range of thousands of caribou, moving in long lines through the snow. And at one time they were reduced to a starvation diet of porcupines and owls, while crossing the Franklin Mountains to get to a caribou range on the Mackenzie River Valley. The porcupine and owl diet continued from Dec. 4 until Dec. 18, 1908, when the party of two white men and none Eskimo-Untasami hunters reached the river valley, the stream forming a northern tributary of the Yukon. The party remained south of the Franklin Mountains until Feb. 28, 1909, killing 63 caribou, one moose and 15 white sheep. They then returned to Flaxman Island, having seen no white man for five months, and having lived on nothing but meat—mountain sheep, caribou, moose and ptarmigan, for four months.

On April 25, 1909, the party started west to Point Barrow in order to get civilized provisions. Of this trip, Lieut. Anderson says: "I killed a caribou at Beecher Point. Things looked blue when I reached there. The Indians had robbed our cache of a sack of flour, 50 pounds of rice, which I was depending on, and that in a country 100 miles from any habitation, and only occasionally visited by natives."

The party lived on meat until Point Barrow was reached, where they obtained provisions, but learned that there would be no eastbound whalers during the spring, and had to sled back. On the return they found caribou at Cape Skalkott, Colville, Beechey Point, Kuparuk Delta, and Herschel Island, where the letter was written. The eastward trip lasted from May 15 until Aug. 25.

DUM-DUM BULLETS.

After listing the number of deer killed on the way to Canada, Lieutenant Anderson says: "In fact we have had better luck than the natives of the coast, and have seldom been with deer meat, and have never wasted a pound of it either. One cannot be comfortable here without deer-meat. Arctic wind penetrates any number of woolen garments, and they are too heavy, if saved hunted sheep, and I have never seen a deer shot at 40 degrees Fahrenheit, with nothing but a thin sleeveless undershirt, and deer-skin shirt and white cotton drill, and snow shirt over it, and was comfortable. Have hunted and killed caribou more than once at 40 degrees Fahrenheit, and broken camp and travelled at 50 Fahr. Coldest weather observed was 44 degrees on Chandler River in February.

"Last spring we shot all the geese, brant, elder-ducks, old-squaw, and could use, and also a few seals. For example, I got the best results with 45-70. One has to paralyze the beast at first shot (either in head or neck) or it will slip into the ice hole and sink. I find that steel point (Gamm-mattel) bullets do not always stop a deer, but the soft-point (Thompson) and hot-low-point (Expansive Deschotes) do the business. I have shot a deer at 400 or 500 yards with the dum-dum, struck near the tail, passed longitudinally through the body, mushroomed, and came out of neck leaving a hole you could put a tennis ball into."

Lieutenant Anderson describes their arsenal of weapons. They carry rifles and five shot guns, and being able to secure only 400 or 500 cartridges for a particular kind of high-power gun, the rifle has to be thrown away as soon as the ammunition for it is used up.

AFTER MUSK-OXEN.

Anderson and Stefansson are now after polar bear and musk-oxen. They are spending the present winter near the mouth of the Mackenzie River, passing east of it for a time, a thing they were prevented from doing in 1908 by lack of provisions. Their whaler was frozen in at Smith's Bay, while conveying provisions from Point Barrow to Herschel Island, and they traded the entire outfit for a big skin canoe, which they hauled overland to Colville River, finding open water and launching there. They were frozen in again at Barter Island, on Sept. 6, 1908, and lived on mussels and ptarmigan until they could sled 40 miles to the mountain after caribou. From there they went to Flaxman Island, finding four and bacon that a whaler had left, and then departed on their hunting expedition into the interior of Alaska.

The last letter he received from anyone was in July, 1908, and the last message previously received from the party was sent from Flaxman Island in October, 1908, just before the departure for the winter's hunting expedition.

Lieutenant Anderson was formerly captain of the State University of Iowa, noted shot and a taxidermist. He resigned a professorship in the Bloomington Military Academy to go on the Arctic trip.

Hjalmar Stefansson is a native of Iceland, and has taken degrees at Iowa and at Cambridge and New York. Harper's Magazine has contained several of his articles dealing with his previous trips north.

AN UNEXPECTED SHIP.

While Lieutenant Anderson was completing his letter a ship came in sight from the westward. A postscript dated Aug. 22 conveyed the information that the vessel was the whaler Karkuk. The letter concludes as follows: "Since writing the above Stefansson has gone east on the Karkuk and expects to be landed at Camp Parry, with plenty of supplies from the ship. I shall follow, traversing the great Mackenzie delta (middle passage) with whalers. Shall probably be frozen in before reaching destination and sled the rest of the way in. At any rate there is a 'grab pile' in sight at the end. From there we expect to reach

THEY ACTUALLY CURE RHEUMATISM

Gin Pills Prove It

It is one thing to claim to cure Rheumatism. It is quite another to do it. Gin Pills bear out every claim we make, for they are not a "favorite prescription" or a "marvelous discovery" or a "wonderful secret preparation."

They are simply a common-sense, scientific combination of medicines that have proved their value in Rheumatism, Kidney and Bladder Troubles and Disorders of the Liver.

London, N. S., July 1st, 1898. "I have been troubled with Rheumatism so bad that I could not work. A doctor tended me and advised me to go to the hospital, but all of no good until a friend told me to try Gin Pills. I did so, and after using a few boxes I am perfectly cured. I am recommending Gin Pills."

D. J. LAWLER. "There is no reason why Mr. Lawler's case should be any different from yours. He took Gin Pills and cured himself of Rheumatism. Why don't you take them and cure yourself. We will let you test them free. A sample of Gin Pills will be sent you, absolutely free, if you write the National Drug & Chem. Co., Limited, Dept. R. S., Toronto."

CIVIC BILLS HELD UP

BY MORE RED TAPE

Must Be Sworn To Now — Delegation will Probably Be Heard at Fredericton Next Week

A new regulation regarding civic bills which are to be presented to the local legislature has been causing the officials some extra trouble during the last few days. Formerly a certificate of their having passed the Common Council was all that was required, but now a sworn affidavit is required and in consequence some of the bills which have already been sent to Fredericton have been held up until the regulation can be complied with. The telephone bill recently drafted was forwarded to the capital today.

The day for hearing the civic delegation in support of their bills has not yet been fixed, but will probably be arranged for some time next week, when several of the aldermen will take the trip to Fredericton.

LADIES ORCHESTRA WILL

BE A FREE FEATURE

Exhibition Association Has Closed With the Famous Bostonians for the Dominion Fair

An amusement feature which should prove a strong drawing card for the Dominion Fair has been secured by the Exhibition Association. Arrangements have been made to have the Boston Ladies' Orchestra here for the whole time the big fair is in progress. They will give two performances each day on the bandstand in the main exhibition building. This will not be a money making enterprise, but will be a free entertainment for the visitors to the exhibition.

The orchestra, which is composed of twenty-five members, has a splendid reputation as a most efficient and artistic musical organization. They were heard in St. John a couple of years ago and made an excellent impression here.

PASSENGERS COMING

Steamers Now at Sea Bound for St. John Are Bringing Large Numbers

The C. P. R. steamer Empress of Britain and Allan liner Hesperian are bringing together over two thousand passengers. Both steamers left Liverpool last week and will reach port the latter part of this week. The Dominion liner Athenia is bringing 400 passengers from London.

The Empress of Britain has 1,441 passengers on board, which is a record for the line. There are 100 saloon, 400 second cabin and 831 steerage on the steamer. The Hesperian is making her last trip to St. John for the season. She has 600 passengers on board.

There was no report today from the Allan liner Pomeranian from London via Havre. The steamer should reach port on Wednesday or Thursday.

C. P. R. steamer Mount Temple will sail on the afternoon tide tomorrow.

BROKEN CABLE CUT OFF

'PHONE COMMUNICATION

A break in a telephone cable left West St. John and a large portion of the North End cut off from the central office of the city this morning. Considerable difficulty was experienced in locating the break and men were at work all morning on the line. The source of trouble was found about noon and repairs were completed by about one o'clock. In the meantime there was some rather hot language used by subscribers who could not get connections and could not learn the reason why.

BAZAAR CLOSED LAST NIGHT

King Edward Lodge closed their bazaar last night and wish to thank all those who in any way helped them to make it such a financial success.

The prize winners were: C. O. Brickman, Belleville, Ont. door prize of \$10 in gold.
