

FOR THE TILLERS OF THE SOIL.

BUSINESS SIDE OF POULTRY.

As the result of a prize contest set up by the American Agriculturist...

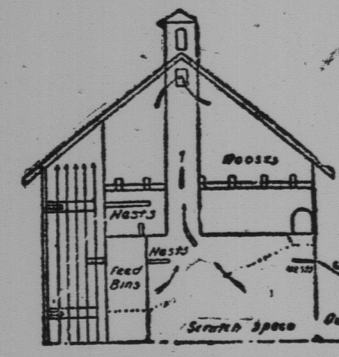

The contest year was started with 24,345 fowls, and closed with 27,268, there being a gain during the year of 2,923.

The ventilator draws out air from below the hens, while at the top of the room it has made an opening in the ventilator to draw out all the foul air from the compartment in which the hens roost.

A GOOD HENHOUSE.

One Which Has Given Entire Satisfaction to Its Designer and Which is Free From Drafts.

I have always had success in poultry keeping, with the exception of being troubled more or less with roup, which has done much damage to my flocks from time to time.

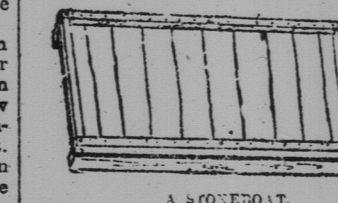

The ventilator draws out air from below the hens, while at the top of the room it has made an opening in the ventilator to draw out all the foul air from the compartment in which the hens roost.

A GOOD STONEBOAT.

Light, Easily Handled and Satisfactorily Durable.

Where one has to deal with hillsides and where land is very stony a boat on runners works very satisfactorily.

The size of a boat for our hilly lands need not be over 8 by 8 or 9 feet. A mistake is sometimes made in choosing too heavy material.

rot out very soon. A natural crook is to be preferred. When such a runner is partly worn off, strips of oak bark may be nailed under the shoes, and when these are gone others again may be nailed on if the boat is still good.

OBITUARY.

Miss Ella Smith, Dorchester.

Dorchester, N. B., March 4.—(Special)—The death of Miss Ella Smith, youngest daughter of the late John Smith, occurred at her home last evening, after an illness of several months.

John E. Foley.

By a despatch received by Miss M. C. Foley of 322 Brussels street, it is learned that her brother, John E. Foley, died of pneumonia on the 26th of February, in Boston, leaving a wife and four children.

Mrs. Samuel Nichols.

The death occurred Tuesday, at her residence, Coleton, of Mrs. Samuel Nichols, an aged lady, and an active member of St. Jude's church congregation.

Fishery Inspector Miles.

Fredericton, March 4.—(Special)—Harry Miles, fisheries inspector of Oromocto, died at his home there this morning after a lingering illness of diabetes.

Mrs. J. Henry Leonard.

The death occurred at Tulare, California, on Feb. 25th, of Mrs. Fanny Leonard, widow of J. Henry Leonard, formerly employed in the W. A. C. mill here.

Norris Cadman.

Woodstock, N. B., March 5.—(Special)—Norris Cadman, aged 33 years and unmarried, died in Quebec yesterday afternoon.

Son of Charles Dickens.

London, March 5.—A despatch from Sydney, N. S. W., announces the death of Edward Balver Lytton Dickens, youngest son of the late Charles Dickens.

Charles H. Gladwin.

Halifax, March 6.—(Special)—The death occurred this morning of Charles H. Gladwin, stationer. He had been confined to his residence nearly all winter.

Sister Mary Barbara.

The death occurred Thursday morning at the Mater Medicorum home, Sydney street, of Sister Mary Barbara, of the order of Sisters of Charity.

Death of the Oldest Oddfellow.

Champlain, Ill., March 6.—Rev. S. K. Reed, a pioneer Methodist preacher, died here today, aged 99 years.

Prof. G. N. Brown.

Columbus, O., March 6.—Prof. G. N. Brown, dean of the college of engineering at Ohio State University, died tonight.

B. F. Stevens.

Washington, March 6.—A cablegram received today from London announced the death of B. F. Stevens, for more than a quarter of a century the United States despatch agent at London.

Prof. Moriz Kaposi, Dermatologist.

Vienna, March 6.—Prof. Moriz Kaposi, of the university of Vienna, the celebrated dermatologist, is dead.

New Companies.

The People's Steamship Company, Ltd., has been incorporated in St. John, N. B., with J. W. McLaughlin, George H. Perry, Luther Jordan, Archibald P. Belyea and Sandford H. Belyea as the members.

Robert S. Orchard, Charles J. Wasson, William L. Barton, B. C. Estabrook, James Manchester and A. H. Huntington.

The manuscript diary and correspondence of President James K. Polk, which have never been printed in book form, have been bought for \$2,500 by the Chicago Historical Society.

ALL DISEASES AND WEAKNESSES OF MEN.

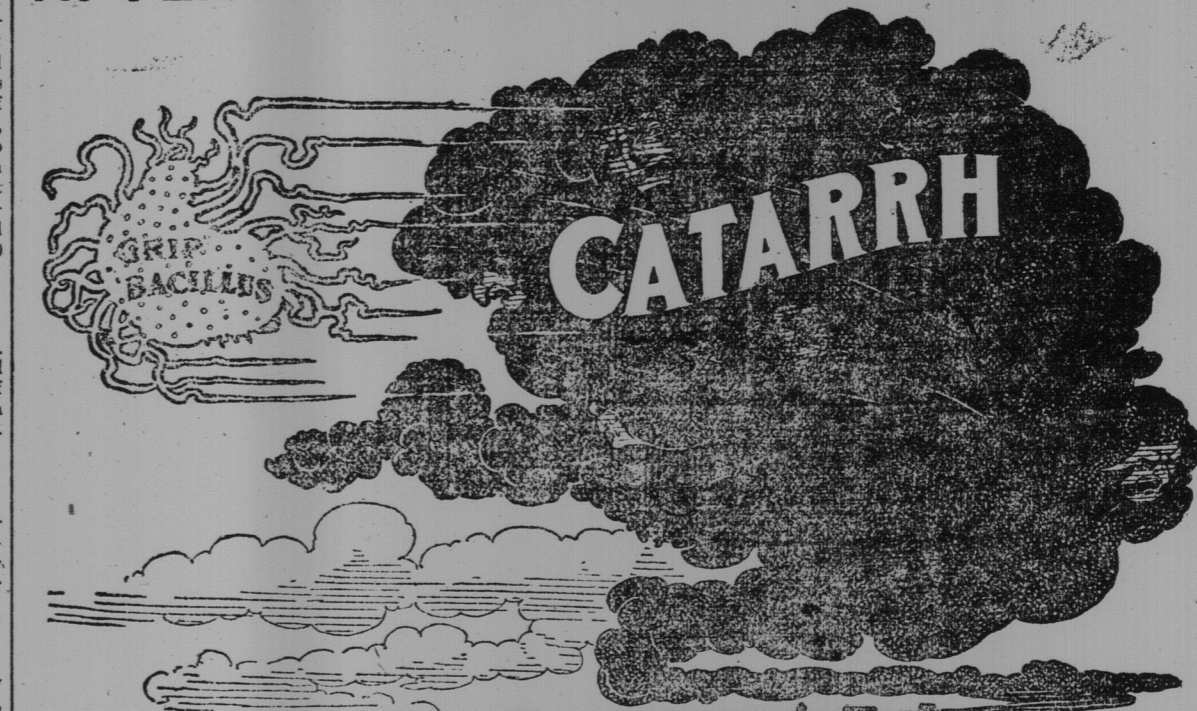

PEABODY MEDICAL INSTITUTE.

No. 4 BULFINCH ST. (opposite Revue House), Boston, Mass. Established in 1828. Chief Consulting Physician (for 30 years), graduate of Harvard Medical College, class of 1854, late Surgeon 2d Reg. Mass. Volunteers, Assistant Physician and Surgeon from the College of Physicians and Surgeons, class 1856.

Physicians cure where others fail. Know Thyself! Manual Free, 6c. postpaid. Write for it today. Key to health.

Consultation in person or by letter, 9 to 6; Sundays, 10 to 1. Expert Treatment.

AFTER THE GRIP COMES CATARRH.

I LIKE A TERRIBLE CYCLONE grip bacillus has passed over our country, from the Atlantic to the Pacific, leaving behind it a dark cloud of anguish and despair.

Catarrh follows grip as effect follows cause.

A multitude of catarrh victims will spring up in the trail of the awful epidemic of grip that has just passed over our fair country.

Most people know this already.

Everyone who has had the least touch of grip, should not fail to take a course of treatment with Peruna.

Peruna eradicates every vestige of the disease and leaves the system in a normal condition.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from the National Hotel, Washington, D. C., as follows:

"After giving Peruna a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds, influenza and all catarrhal complaints."

Hon. George H. White, Congressman from North Carolina, writes:

"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family, and they all join me in recommending it as an excellent remedy."

Hon. J. P. McGrew, Superintendent U. S. Capital Police Force, of Washington, D. C., says:

"Having suffered from the grip, I was advised by a friend to use your Peruna. It cured me at once and I have since used it as a preventive of the disease."

Hon. Max J. Forges, Alderman of the Eighth District, residing at 30 Livingston street, New York, suffered with the Grip, two bottles of Peruna cured him.

Hon. Charles W. Culkin, Alderman of the Seventh Assembly District of the Borough of Manhattan, residing at 45 Eighth avenue, New York, writes that he was laid up several days with the Grip. On the fifth day he was advised to try Peruna. He did so and found himself better within twenty-four hours.

Mr. Martin Edwards, President of the County Clare Men's Benefit Society, 622 West Forty-Ninth street, New York, writes that he was cured of the Grip by a short course of treatment with Peruna.

Miss Blanche Dumont, President of the Athletic Club, 410 Aldrich avenue North, Clamden Place, Minneapolis, Minn., says she was cured of the Grip. Nothing helped her until she tried Peruna. Felt better next day after beginning to use it. Was able to get out of bed the third day. She also tells of others who were cured by Peruna.

"La Grippe is epidemic catarrh. Peruna cures catarrh, hence Peruna is a specific for La Grippe."

If you do not get a prompt and satisfactory result from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

"The Grip of Life," which can be sent at all first-class drug stores and upon request is sent free to all, gives a short description of all catarrhal diseases.

DOING WELL OUT WEST.

Haligonian in Town Thursday Tells of Several Who Have Done Well.

C. P. Dunham, of Halifax, passed through the city Thursday on his way to his home. Mr. Dunham for several years has been in the employ of the Hudson Bay Company.

He says that Western Canada is practically filled with people who are themselves from the Maritime Provinces, or whose parents journeyed from this part of the country in the past.

They are for the most part poor, and he instances the case of three of the chief executive officers of the Hudson Bay Company—Thomas Barber, Frank Mullin and George Parrell, who are all Nova Scotians.

The man in Port Garry who is popularly thought to have "a bigger pile" laid up against the proverbial rainy day than almost any man in the Northwest is a native of Apohaqui, John Seaton, who joined the Northwest mounted police some years ago and later engaged in farming.

Now, Mr. Dunham says, he has the largest and most productive farms in that vicinity, is a large shareholder in several extensive enterprises and is also heavily interested in Winnipeg real estate.

Mr. Dunham will spend several weeks with his sister in Halifax before returning to the west.

MOTHER LAND AND COLONIES.

New Remount Scheme Definitely Includes Canada—Statistics of War Materials Bought Here.

Montreal, March 5.—(Special)—The Star's special cable from London says: "The British ministry has now definitely pledged to discuss the preferential tariff question with Sir Wilfrid Laurier and other colonial representatives at the coronation conference."

The resolutions of Canadian boards of trade on this subject have been recorded here.

"The spirit in which the ministry is now approaching colonial problems is evidenced by Mr. Brodie's new army remount scheme, which definitely includes Canada as a permanent source of supply for army horses, also by the fact attested by unpublished official statistics during the latter stages of the war. The war office has purchased in Canada 18,000 tons of hay, 3,000 tons of oats, 3,000 tons of flour, 50,000 serges, 8,875 sets of saddles and large quantities of other war material. The administrative preference for Canadian goods is that Canada shall have four and a half million more of the same than Australia."

The under secretary of state for war, Mr. Brodie, in the house of commons yesterday afternoon, expressed the hope that the house would give its support to the scheme, which would establish a permanent connection between the war office and the horse breeders in Canada.

One of the features of the scheme proposed is that Canada shall have four and a half million more of the same than Australia.

CANADIAN MILITIA CHANGES.

Officers' Married Establishment Abolished—Resignation of Commission in the 62nd St. John Fusiliers, and Appointment Following.

Ottawa, March 4.—(Special)—The last militia general order states that from this date the officers' married establishment is abolished. Those officers who are at present home on leave are to be allowed to remain at their present homes until they are ordered to return to their units.

With the exception of such subaltern officers as were married previous to the 1st July 1901, officers of the permanent corps below the regimental rank of captain will hold their commission only so long as they remain unmarried.

Officers who have completed seven years' service in the rank of lieutenant on the recommendation of the general officer commanding, who must satisfy himself that the officer's means are such as will enable him to maintain his family in a manner befitting his position as an officer, in future, the only officers who will be recognized as having any claim to married quarters or allowances in lieu (except as provided in paragraphs) will be field officers and captains in the order of seniority.

An allowance of \$1 for each recruit secured and finally accepted for the permanent corps or for the special service battalion, Royal Canadian Regiment, is authorized, this allowance to be non-commissioned officers or men of the permanent corps obtaining recruits who are finally approved and attested.

Major E. H. T. Howard, unattached list, has been appointed extra aide-de-camp to the general officer commanding the militia.

Lieut. G. Anderson resigns his commission to accept the appointment of quarter-master.

To be quartermaster with the honorary rank of captain—G. Anderson, gentleman, 2nd Regiment, St. John Fusiliers—Lieut. G. Anderson resigns his commission to accept the appointment of quarter-master.

To be quartermaster with the honorary rank of captain—G. Anderson, gentleman, 2nd Regiment, St. John Fusiliers—Lieut. G. Anderson resigns his commission to accept the appointment of quarter-master.

TANK WATER HEATER.

For warming water the plan portrayed herewith is very useful.

TANK WATER HEATER.

For warming water the plan portrayed herewith is very useful.

The slugs butter question will never be settled as some claim it is tainted no matter what precaution is exercised in its production.

There is no good reason why mares should not be made to serve a dual purpose—work on the farm and raise colts, says Farmer's Voice.

Proper management they should give as good satisfaction in the harness as the horse gives, and the colts which may be raised nearly every year until the mares are along in the teens represent clear profit.

In buying horses for farmwork buy mares—good ones of weight, depth, width and constitution.

Keep only such horses as can be profitably used.

A brood sow should have strong, tough bones.

Variety in feeding belongs to profitable stock growing.

The bull is a dangerous animal, no matter how gentle he may seem.

The greatest losses on the farm from feeding stock come from small leaks.

THE SEMI-WEEKLY TELEGRAPH is published every Wednesday and Saturday at \$1.00 a year in advance...

THE LEGISLATIVE PROGRAMME. There were many matters of serious importance to the province covered in the speech from the throne at the opening of the Legislature Thursday and in a number of them the government will receive the spontaneous approval of the people.

NEW GOVERNOR MAKES A GOOD IMPRESSION AT HOUSE OPENING.

(Continued from page 1.) This evening an official dinner was given at the Queen Hotel, at which the following were present:

His Excellency the Lieutenant-Governor Snowball, Premier Treadwell, Chief Justice Tuck, Attorney-General Popley, Judge Barker, Hon. L. P. Farris, Col. McLean, J. D. Hazen, leader of the opposition; Judge Landry, Col. MacDougall, Judge Gregory, J. R. Ingh, superintendent of education; Hon. P. P. Thompson, Dr. Ruddick, Coroner Harrington, General Beak, Major Good, Woodstock Field Battery; Mayor Crockett, Capt. LeDuc, captain of the guard; Judge Wilkinson, Dr. Ferguson, Chatham; Capt. Lister, R. S. Barker.

SPEECH FROM THE THRONE. Frederick, March 6.—The speech from the throne, read by Lieut. Governor Snowball at the opening of the legislature, was:

Mr. Speaker and Gentlemen of the Legislative Assembly: It affords me very great pleasure to meet you in parliament assembled for the discharge of your important legislative duties for the first time since I have entered upon the trust reposed in me as the representative of His most gracious Majesty in this province.

We have recently been honored by the visit of His Royal Highness the Duke and Duchess of Cornwall and York, now the Prince and Princess of Wales, and the government of the province took the necessary measures to receive the royal party in a suitable manner. The enthusiastic greeting accorded to the distinguished visitors was especially pleasing to them, and testified in a marked degree to the loyalty of the people of our province.

During the past summer His Excellency the Governor General and the Countess of Minto visited various sections of the province and were everywhere most enthusiastically received. Their gracious manner and the deep interest shown by their excellencies in the industries, progress and welfare of our people, have produced a favorable and lasting impression.

The death, at the hands of an assassin, of the president of the neighboring republic, with which this province has such intimate business and social relations, evoked a deep feeling of sympathy, and the government, desiring to voice the sentiments of its people, has caused the United States government, through his excellency the governor general, an expression of the profound sorrow which we felt in common with all civilized nations, at the lamentable and tragic event.

Prosperous Conditions of Business. I am happy to be able to congratulate you upon the prosperous condition of business, and the success which is attending the efforts of our people in the various pursuits in which they are engaged. The continued and rapid development of the dairying industries of the province, as shown by the increase in the production and exports of cheese and butter by the large numbers of cheese factories and creameries which have been established under the liberal encouragement afforded by the government, is most gratifying. Being satisfied that there is reason to hope for indefinite expansion in this direction, my government will, with your approval, continue the same vigorous policy as hitherto.

Queens and Sunbury Coal. Consequent upon legislation passed at the last session to provide for the development of the coal areas of Queens and Sunbury, the railway to the coal fields is now under construction, and it will not be long before the line from Chipman to Fredericton will be completed. My government anticipates a marked stimulus to the industrial life of the province as well as a very considerable addition to the provincial revenues as a result of this undertaking.

Winter Part Business at St. John. The rapid development of the Canadian winter business through the port of St. John is most gratifying. The aid granted some years ago by the province towards the building of wharves and an elevator at that port, and the extremely liberal expenditure on the part of the city, have produced results which cannot be proved of permanent benefit, not alone to the city of St. John, but to the whole province, and to the dominion as well, which is interested in having Canadian business carried on through Canadian ports.

The Fisheries Matter. It affords me pleasure to inform you that since you have convened the dominion government has paid to the province the amount of the eastern extension award, with the exception of a small portion which has been withheld pending an arrangement being made between the two governments in respect to a claim regarding certain land taken out of the right of way for the railway out of which the claim arose.

My government has during the recess continued to urge a settlement of the various questions in respect to the fisheries outstanding between it and the province of Canada, and I have reason to hope that before very long either a friendly arrangement will be arrived at, or that the courts so that the rights of the province may be fully determined.

By the recent judgment of the judicial committee of the privy council it has been decided that the fisheries within the territorial limits of the provinces belong to the provinces, and in the opinion of my government it follows that the amount of

the Halifax award should have been paid to the provinces and not to the dominion. My government will press for payment to the province of the portion of the award to which it is properly entitled.

The legislature at its session in the year A. D. 1888 approved certain resolutions, which in the month of October of the previous year had been agreed to at Quebec at a conference of delegates and members representing the executive governments of the provinces of Canada, called for the purpose of conferring upon questions of inter-provincial interest. It seems proper that effect should be taken to press earnestly upon the dominion government the desirability of having the British North America act so amended as to carry out the views embodied in the Quebec resolutions, at least in so far as relates to the readjustment of the allowances by the dominion to the provinces. Your attention will be invited to this important subject.

Branch Railways. The unsatisfactory condition of the branch railways of the province connecting with the intercolonial is such as to call for serious consideration. These railways have been constructed largely by means of provincial subsidies, and are not giving that accommodation to the public which was anticipated when their construction was provided for. If seriously considered, it would be made by which these roads could be worked as a part of the intercolonial system it would be greatly to the public advantage, and there is reason to believe that they would become valuable feeders of the trunk line. You will be invited to consider whether the dominion authorities might not properly be urged to make arrangements for their operation upon a fair and equitable basis.

I have directed that the accounts of the income and expenditure for the past fiscal year, as well as a statement of the receipts and expenditures of the current fiscal year, up to the opening of the present session, shall be laid before you. The estimates of the probable income and expenditure for the current year will be submitted to you, and I think you will find the estimates of expenditure largely in excess of the probable income, and the public requirements.

Other Measures. Bills to amend the public health act, providing among other things for the compulsory vaccination of children attending school; to amend the law regarding investments by trustees; a Workmen's Compensation for Injuries Act; a bill to provide for the more equitable distribution of estates of insolvent debtors; a bill to provide for the reservation of land; a bill to provide for the importation of horses, and other measures of importance will be submitted to you, and I am sure that your deliberation will, under divine guidance, be conducted with a sole desire to promote the public welfare.

CLERQUE TALKS OF HIS EXTENSIVE WORKS. Will Soon Have 10,000 Men Employed in Steel Operations--New Railway.

Toronto, March 6.—(Special)—F. H. Clergue arrived here today to invite the members of the government to go to Sault Ste. Marie to inspect the steel works. These works by the end of the month, will be turning out 700 tons of steel rails a day. Six thousand men are now employed, and by midsummer this number will be increased to 10,000. Surveys of the Manitowish and Northern railways are completed, and the road will be built before next winter from Meaford to Owen Sound in the south, and from Sudbury to Little Current at the north end. The line will parallel the Soo branch of the C. P. R. from Sudbury to the Soo, 30 to 50 miles north. The Algoma Central, on which 3,000 men are at work, will be completed this year. It is 250 miles long. The immigrants to be brought from Scandinavia this spring will number 3,000, and Clergue says that a number will be brought out annually for several years to come.

FAMINE IN INDIA. London, March 5.—The viceroy of India, Lord Curzon of Kedleston, telegraphs that the rainfall has been light and scattered, and of no benefit to the affected districts. About 530,000 persons are now receiving relief.

A despatch to the Exchange Telegraph Company from Lahore says 3,000,000 acres of wheat in the Punjab are suffering from total drought.

Paris has 75,000 persons employed in her dressmaking establishments.

NEURALGIA. THIS DISTRESSING COMPLAINT IS DUE TO IMPROVED BLOOD.

When the blood becomes thin and watery, as a matter of course you become weak, vitality gets down low, and there is but little power in the system to ward off disease and pain.

Neuralgia hunts out a weak spot, and makes a home there, so secure that it is hard to drive it out. But by using the proper remedies it can be driven from the system, never to return. To obtain immediate relief, first apply to the painful parts, then brush on a hot flannel cloth.

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 8, 1902.

HEART TROUBLES

There are many forms of heart disease, some of which manifest themselves by symptoms which are misunderstood by the sufferer and ascribed to indigestion or some similar cause, when the heart is really affected.

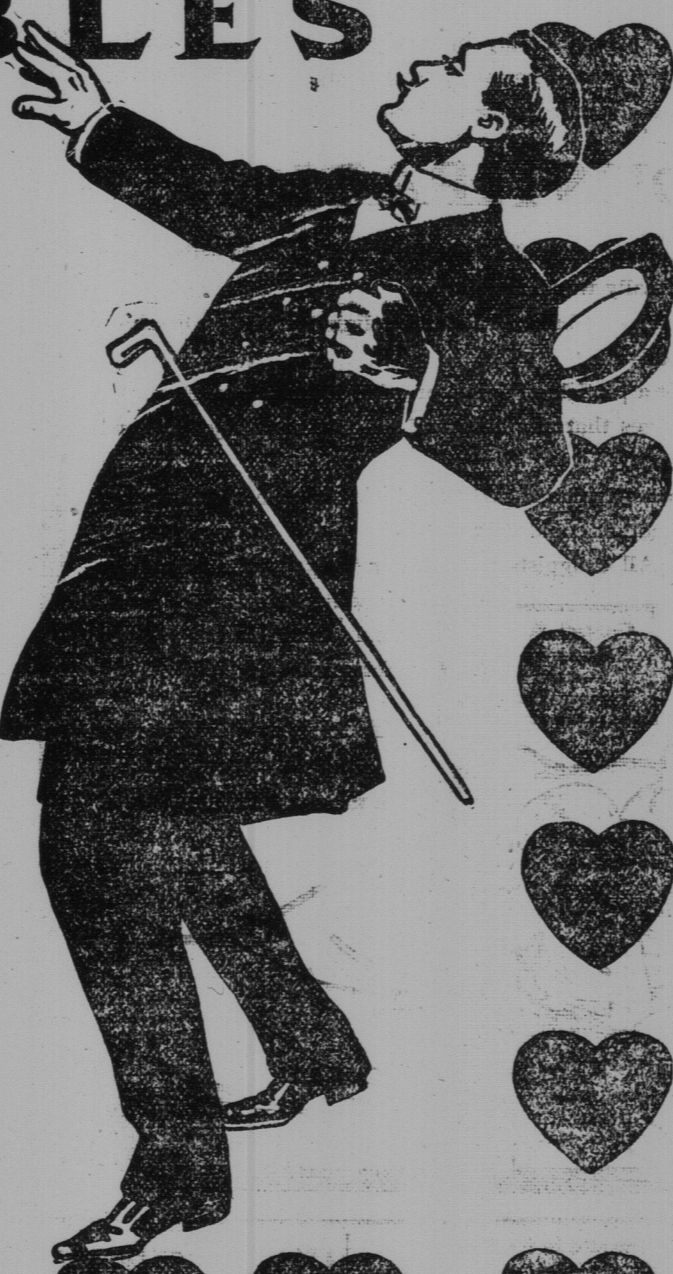

If at times the action of the pulse is too rapid and the heart beats violently, resulting in a suffocating feeling, or, if the heart seems inclined to stop beating, the pulse becomes slow and you feel a faint, dizzy sensation, you should take the best course in the world, and that is to take

Dr. Williams' Pink Pills For Pale People.

You will find that the distressing symptoms promptly disappear and that the heart at all times acts normally.

Adelard Lavole, St. Fiacre, Que., bears strong testimony to the value of Dr. Williams' Pink Pills in cases of heart trouble. He says: "For nearly three years I was troubled with a weak heart and in constant fear that my end would come at any time. I placed myself under a good doctor but did not get the desired relief. In fact I grew worse; the least exertion would overcome me and finally I had to discontinue all work. While in this condition a neighbor advised me to take Dr. Williams' Pink Pills and I procured a supply. They simply worked wonders in my case, and when I had used six boxes I was again enjoying the best of health. I have had no sign of the trouble since, and I cheerfully recommend these valuable pills to all sufferers."

Blood troubles of all kinds are also cured by these famous pills. If you suffer from headache, dizziness, languor, boils or skin diseases of any kind your blood is in an impure condition, and Dr. Williams' Pink Pills are what you need. But you must get the genuine which always bears the full name "Dr. Williams' Pink Pills for Pale People" on every box. Sold by all dealers, or sent post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

MORE PEOPLE HEARD

New Testimony Concerning the Public Hospital.

MORGUE DESCRIPTION.

Several People Who Were Recently There Say The Telegraph Has Properly Shown What The Place Is--Story of a Patient Who Recently Left the Hospital.

The Telegraph reporter who explored the hospital morgue Friday night and whose story was reprinted in an evening paper to be "a marvellous" has taken the pains to have the place which he visited identified by undertakers as the genuine and only morgue of the hospital. This was the place where Mr. Richards, the last man who died in the institution, was laid out and from which the undertaker buried him. An undertaker said he had officiated at several funerals from the hospital and in every case had laid out and taken the body either from the room in which death occurred or from the morgue which the Telegraph reporter visited Friday night.

Mrs. Wm. A. Muller, who was for some time employed as a laundress in the hospital, said the morgue was in the building, "quite near the elevator shaft." Mrs. Muller gave emphatic denial and said the morgue was at the "back of the building, the first door from the end and could be entered from the grounds."

As the persons mentioned were quite willing that their statements should be used in any way and as the Telegraph reporter did not see the morgue as described by the undertaker, Mrs. Percy and Mrs. Muller it would seem that in spite of the zealous efforts put forth by the evening paper previously mentioned, the reporter did "after all gratify his 'idle curiosity'."

THIS MAN WANTS CANADA.

PRO-BEER TALK AT ROBERT EMMET MEMORIAL.

Ex-Congressman Lentz at Chicago Says United States People Are Justified in "Insisting Immediately on the Annexation of the Dominion."

Chicago, March 4--The woes of Ireland and the wrongs of the Boers were kindred subjects at a meeting of the Irish Nationalists in this city tonight, held primarily to pay tribute to the memory of Robert Emmet. The chief address was made by ex-Congressman John J. Lentz, of Ohio, who said in part:

"England can justify the barbarous war she is making against the Boers on the ground that she cannot afford to allow a republic to be ever established across the Atlantic. It is the people of the United States cannot afford to allow a monarchial institution to strengthen itself across the Atlantic and St. Lawrence River."

A Canadian Murdered. Mobile, Ala., March 4--John Tucker, a Canadian, was murdered yesterday at Hamilton's Bluff. Tonight the police arrested a negro named James Jackson who admits that he killed Tucker, but in self-defence, he says.

The most costly set of harness in the world belongs to the khedive of Egypt. It was made in England and cost \$100,000. It is for four horses.

It is estimated that 700,000 people in London live by crime.

Rate and reward have no effect on a horse treated with Kureka Harness Oil. It keeps the horse in the best of health and makes him do his work with ease and pleasure. It is sold in all drug stores and is the only horse oil that is made in Canada.

Will Continue Albin's Policy. Panama, March 6--General Salazar, the new governor of the isthmus, has reappointed Senores Arjona and Aleman, as secretaries to the department of state and finance respectively. This action is taken to show that General Salazar intends to continue the same policy as was observed by the late General Albin.

January, 1901, 100 Per Cent. January, 1902, 141 Per Cent. Forty-one per cent. increase of patronage for January, this year, as compared with January, 1901, is encouraging, considering the fact that last winter's classes were the largest we ever had. Our catalogue gives the reasons for our success. Send for copy today.

S. Kerr & Son Odd Fellows' Hall

Public Notice. IS HEREBY GIVEN that all persons owing arrears of rates and taxes in the several parishes in the Municipality of the City and County of Saint John are required to make immediate payment to the undersigned, at his office, No. 42 Princess Street, in the City of Saint John, otherwise legal proceedings will be commenced to enforce such payment. Dated the 3rd day of January, A. D. 1902. By order, GEO. R. VENNETT, Secretary.

plentiful. When he would place his head on the pillow for a short time they would crawl in his ears and on raising his head the pillow would be black with them. He did not have anything to say against the treatment by the nurses.

Patient was put on liquid diet most of the time and stated that the eggs were invariably bad. The milk was good, but had evidently been skimmed. The meat was bad and the bread was often quite sour.

The nurses used all the patients courteously as far as he saw. Some of the patients in beds near his were of foreign nationality, and could not understand English. Nurses had a hard time communicating with them and often got a patient to help them. Mr. McQuarty was in the top ward of the hospital.

A CAUSE OF HEADACHE.

One Very Common Cause, Generally Over-Looked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disease, all produce headache, and if we could always locate the organ which is at fault the cure of obstinate headaches would be much simpler matter.

However, for that form of headache called "catarrh," pain at the back of the head and forehead, the cause is now known to be catarrh of the head and when the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver.

At any rate catarrh is the most common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headache.

There is at present no treatment for catarrh of the head, but a new remedy in the form of Stuart's Catarrh Tablets, a new internal remedy in which are contained the active ingredients of calypso, salicylate and blood root which act upon the blood and cause it to drive from the system the catarrh poison.

Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine found in so many catarrh cures, no opium (so common in cheap cough cures), nor any harmful drug. They contain simply the wholesome anti-cathartic necessary to destroy and drive from the system the germs of catarrhal disease.

They contain simply the wholesome anti-cathartic necessary to destroy and drive from the system the germs of catarrhal disease.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with Stuart's Catarrh Tablets as follows: "I suffered daily from severe frontal headache and pain in the back of the head, and at times was unable to see to my duties. I had consulted many doctors, but never thought it was the cause of my headache, but finally became convinced that such was the case because the headaches were always worse whenever I had a cold or fresh attack of catarrh."

Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine found in so many catarrh cures, no opium (so common in cheap cough cures), nor any harmful drug. They contain simply the wholesome anti-cathartic necessary to destroy and drive from the system the germs of catarrhal disease.

The Sale of the Aberdeen. The Star Line Company have sold the steamer Aberdeen to the Fredericton and Woodstock Steamboat Company. The transfer was made yesterday, the purchase price being \$100,000. Captain Newwood, who had charge of the steamer last summer, will act in the same capacity this year, and Mr. John Johnston, who has efficiently discharged the duties of engineer for a number of years, will be retained in that position. Mr. Robert Scott of Dumfries will be the general manager of the company. The Aberdeen is being overhauled, and will be ready for the route as soon as the river opens--Fredericton Observer.

CATARRH IS A GERM DISEASE. Science, armed with the microscope, has established it a fact, and this conclusion renders obsolete the practice of treating Asthma, Catarrh and Bronchitis by such means as drugging, spraying, snuffs, etc. Such treatment are an utter failure because they cannot penetrate the delicate air cells of the nose and bronchial tubes where the germs of Catarrh have their stronghold. Catarrh is the only certain remedy. It is inhaled by the mouth and after spreading through all the respiratory organs is exhaled through the nostrils. Catarrh kills the germs, heals the inflamed tissues, cleans the head and throat in two minutes, and cures in a few hours. Nothing is so effective, pleasant and simple as Catarrh. Two months' treatment \$1.00. Small size, 25c. Druggists or N. C. Polton, & Co., Kingston, Ont.

President's Views Unchanged. Washington, March 6--The following authorized statement was made public at the White House this evening: "Any statement that the president has changed his attitude on the Cuban reciprocity business is without the slightest foundation in fact."

Richard Lillburn, editor for thirty years of the oldest existing newspaper in Ireland, the Belfast News Letter, has just died at the age of 82.

Washington, March 6--The following authorized statement was made public at the White House this evening: "Any statement that the president has changed his attitude on the Cuban reciprocity business is without the slightest foundation in fact."

BAPTIST MISSIONS. Foreign and Home Boards in Session--Financial Statement.

The Baptist Foreign Mission board met in regular session at their rooms, Germain street, Wednesday at 2:30 o'clock. In the absence of President E. M. Sippel, the chair was occupied by Rev. Mr. Hutchinson, of Moncton. He and Rev. A. H. Levers, of St. George, were the only clergymen stationed outside the city in attendance.

The financial statement submitted by the treasurer showed the total receipts from August to have been \$10,370.73, and the total expenditures \$11,355.23.

The treasurer also called attention to the fact that funds to the amount of \$4,000 were required to pay up to June 30th the salaries of the several missionaries now in the field. It was decided to communicate with Rev. Mr. Morse, now on furlough, and ascertain whether his health would permit of his resuming mission labors in India by autumn.

The board have under consideration two applications for positions in the mission field. The applicants are Sabra Freeman and John Glendenning, students at Newton Theological University. The former belongs in Queens county, N. S., and the latter at Moncton. Both are graduates from Acadia College--in the class of '98 and '99. Mr. Freeman states his willingness to engage in evangelical work at once. Mr. Glendenning, providing the board is acquiescent, feels that he could not commence until the lapse of a year. The acceptance of the applications depends largely on the condition of the board's treasury.

Letters were read from missionaries now in the field, one of which told of the annual meeting of the mission workers in Choctawhatchee district, India. It reported 77 baptisms to the eight churches, making in all a membership of 600.

The regular meeting of the Baptist Home Mission board was held Tuesday afternoon. A missionary was appointed to Kent county, grants were made to the various churches and reports read from General Missionary Colwell and other laborers now actively engaged in the field.

WREAK BACK AND SPINAL PAINS. Pains in the back number their victims in thousands. Only very powerful and penetrating remedies will reach these distressing complaints, but Poison's Nervine is as sure to cure them as anything now in the world can be sure. Rab Neville's penetrating remedies will reach these distressing complaints, but Poison's Nervine is as sure to cure them as anything now in the world can be sure. Rab Neville's penetrating remedies will reach these distressing complaints, but Poison's Nervine is as sure to cure them as anything now in the world can be sure.

Canadian Teachers for South Africa. Ottawa, March 5--The secretary of state, acting under instructions from Hon. Joseph Chamberlain, secretary of state for the colonies, is seeking the services of 40 Canadian lady teachers to proceed to South Africa to take charge of the Boer children in the concentration camps for a year. The teachers will receive salaries and house and tent accommodation, £100 sterling at the end of the year, and free passage back to Canada if they so desire. The standard of qualification is a Normal school certificate. Twenty will be secured in Ontario and 20 in the other provinces.

OUT OF THE SHADOW. The discouragement, the despair of ill-health, out into the noon-day glory of health, vigor and strength. Are you seeking this way? Are you wishing to replace weakness by strength, despondency by hope and expectation, pale cheeks and listless eyes? If you use Perrozene you will make rich, red blood, your nerves will grow strong. Old-time vigor will return and with it endurance that will enable you to live an active, energetic and successful life. Remember the name--Perrozene. Sold by A. Chipman Smith & Co. Price 50 cents.

Will Continue Albin's Policy. Panama, March 6--General Salazar, the new governor of the isthmus, has reappointed Senores Arjona and Aleman, as secretaries to the department of state and finance respectively. This action is taken to show that General Salazar intends to continue the same policy as was observed by the late General Albin.

January, 1901, 100 Per Cent. January, 1902, 141 Per Cent. Forty-one per cent. increase of patronage for January, this year, as compared with January, 1901, is encouraging, considering the fact that last winter's classes were the largest we ever had. Our catalogue gives the reasons for our success. Send for copy today.
