Organized Corruption—A Terrible Revelation

In times gone by the New York Herald was a desperate sinner. It has done more to corrupt public sentiment in that great city than all other influences combined.

The wickedest man in New York was not John Allen—he was the proprietor and manager of the Herald.

The exposure of the terrible frauds of the Tammany Ring, by which New York taxpayers have been swindled of One Hundred Millions of Dollars and property reduced in value by hundreds of millions more, has led to a series of smaller investigations.

through the Department this system of plunder goes on. The Police Captain makes raids on houses of ill-fame and their patrons are released when, after an interview with the Justice, the matter is "settled satisfactorily."

REQUIRES ATTENTION—that old brick building on Main street, Portland, nearly opposite Shields' drug store and news depot, known as Morrison's brick house.

The building was gutted by the great Portland fire many years ago, and little remains besides the shell. The front of the building is "bulged" out; the stone caps which are supposed to support the upper story have split, and the building altogether stands in a dangerous state.

An accident may happen at any moment, and when it does come the good people of Portland will be expressing surprise at their negligence. The Portland Charter is understood to be a perfect specimen of that kind of thing.

SON'S KITCHENS—Montreal has her soup kitchens, Quebec is agitating for them, and why not Ottawa?—Free Press.

NO MORE OF THAT I pray thee, good Free Press. Find work for your poor, and they will not need your charity soon.

IT is up to \$40 a ton in Maine. A car load left Fredericton on Wednesday last for Bangor, caught fire from the locomotive, and nearly all (ten tons) destroyed.

A bad business for the railway.

A New Port has arisen within our midst. Read the statistics in to-day's issue. We have poetic contributions from other sources under consideration.

A Masquerade Ball was held at the house of one of our leading citizens, last evening. The dress was of a varied character and exquisitely exhibited costumes.

The Grand Turk is said to have made a splendid appearance, his flying pants and brilliant turban being greatly admired.

DEATH OF HOSE J. L. MOORE.—We learn by special telegram to this paper that Hon. Joseph L. Moore of Dorchester, died this morning, at Coffey's Hotel, Amherst, N.S.

MR. McNEVE'S TRUCK NOSE, with sleigh, ran away this morning from Logan and Lindsey's, up King St., along Chatham and Coburg, through Carlton, down Dorchester to Union St., where he overturned into the alley at No. 2 Engine House.

THE "HIBERNIA"—As a good deal of interest has been manifested in the loss of the "Hibernia," of this port, which was taken into Dublin, we have requested permission to print the following extract from a letter to the owner, which conveys the latest information received here from the vessel.

Messrs. Ryerson, Moss & Co., writing from Yarmouth on the 25th inst.—The tug boat got down to her in the evening (25th). The salvors (about 40 in number) had succeeded in getting her in, the weather being moderate, Captain Duane of the tug reports that she appeared tight and not much water in her. Kudder is gone—wreck damaged—foremast broken about ten feet from deck, and mast and yards alongside. Mainmast and union topmast are gone. The deck appeared all right,—might be some gone and the anchor is gone.

There is no word of the crew up to this time. We presume she struck, and the crew left her and landed on Seal Islands, as Wilson, the man who came on or the tug, said there was writing on the logs saying she was at anchor near Seal Islands on the 25th.

A second letter, addressed to the owners of the cargo, says: "We presume the crew are on Seal Island, and may be on shore soon."

Mrs. S. S. King, the Captain's wife, is in our city, and is in great mental distress.

Mr. Palmer, owner of the "Hibernia," received another letter from the Association for the relief of the 9th, which supplies additional particulars. These gentlemen write:—"The writer returned from the wreck yesterday, and found her much worse than before reported. She is full of water, and considerably heeled over on her port side, and we should think from her appearance that her bottom is badly damaged. The sea has boarded the after-hatch, and raked it in, and all the partitions in the cabin are down; the hedges are out of the main-mast, and it looks as though it was unstepped. Take her all in all, she is a hard looking wreck. Part of the deck is gone. They have saved nearly all the standing rigging, and most of the sails. She is listed to port about six steaks. Mr. Jenkins (for the Underwriters) went down this morning, and will return to-morrow. There is no news of the crew up to this time, and they may be lost. There has not been any loss of Seal Islands the past week, and we think the crew may be there. The parties who got to the vessel (forty sailors) think their fortunes are made; they want \$7,000 for the vessel and cargo, but how much they will take is another question. The vessel lies in a safe place. Enclosed find the cook's log written on the inside of the galley."

The belief is that the crew were wrecked on the coast, as the boats are missing.

MEETING OF THE MOUNTAIN DRIVE PANE ASSOCIATION.—The annual meeting of this Association for the relief of the Directors, etc., was held yesterday forenoon, at the Victoria Hotel. A. L. Palmer, Esq., was appointed Chairman. On looking into the Act of Incorporation, it appeared that the Association for the relief of the Directors, etc., was not legally constituted the meeting, and although it was well attended, yet it could not be mustered.

THE EAST SIDE FISHERIES were sold at the Court House, this morning, Messrs. Stewart & White acting as auctioneers. No. 1, Nary Island, was bid in by Wilson and Dunham for \$91; No. 2, by James Wilson, 510; No. 3, by the same, \$36; Nos. 4 and 5, by George W. Byles, for \$13 and \$20; No. 6, Jas. Wilson, \$101; No. 7, Wm. Dunham, \$41; Nos. 8 and 9, by Jacob Christopher, for \$301 and \$920; Nos. 10 and 11, by Wm. Dunham, for \$230 and \$25.

HEALTH OF THE PRINCE OF WALES—SINGLY FAVORABLY—THIRDS AND THE DEPUTIES VERY CORDIAL—ANOTHER SPANISH CRISIS—VICTOR EMMANUEL'S NEW YEAR'S RECEPTION—GREAT FIRE IN MONTEVIDEO—CHINESE ENSLAVED IN CUBA—INTERNATIONALS AT WORK—CATHOLIC TEMPERANCE ORGANIZATIONS.

A bulletin from Sandringham to-day says the Prince of Wales is progressing favorably. The swelling above the hip gives less pain.

There was no ceremony in the reception, but the stun at cordiality was manifested on the part of the President and the Deputies.

There is again a Ministerial crisis in consequence of the appointment of Senor Peres Murro to succeed Senor Crespo as second in command, and of General Morales as successor to the office in the Military direction of the Eastern Department of the Island.

Victor Emmanuel gave a reception to-day to the Foreign Ambassadors at the Quirinal.

All the Representatives of European and American Governments, who had come to the city to take part in the ceremonial, were present.

It was determined to-day that the Buffalo hunt on the plains by Alexis and suite, under direction of General Sheridan, shall come off.

The party will go to Milwaukee, St. Louis, Kansas City and Leavenworth, as heretofore arranged, and reach Omaha on the 17th of January, where General Sheridan will receive them, and, with a military escort, conduct them to the hunting grounds. It is snow too deep, the party will take the cars to San Francisco.

A Havana Letter says the Chinese population of Cuba, which numbers about 33,000, have been practically enslaved by a decree issued by Count Valmaceda, which requires them to work for Government tailors and work in Government workshops, receiving for their labor four dollars a month.

Prominent French internationalists had a secret meeting on Saturday night, General Clemenau presiding. A letter from Marseilles effectively contradicted a report of Carl Marx's death.

ready made public, and the office of Mayor Hall, and recommended his impeachment. A resolution of impeachment was then passed and the Board adjourned.

It was immediately called to order again for re-organization, whereupon a lively time ensued, through the efforts of the new Board to take possession of the Chamber. Doors were slammed in the faces of Reform men. However, an organization was effected. When the old Board adjourned the new came in with a rush and organized by selecting Mr. Vance as Chairman. In the meantime, Mayor Hall was informed of his impeachment, as he was in the act of appointing the old Board of Aldermen. He changed his purpose and appointed members of the new.

[The only items of news in the Telegram to the Associated Press, not included in the above, are the following:—] London, Jan. 1-5 p. m. Joseph Mazzini is seriously ill. George Hudson, formerly the great Railroad King of England, died 15th of December.

The rumors of a fresh Ministerial crisis in Spain are contradicted. New York, Jan. 3. Yesterday, a writ from Judge Brady was served on the old Board of Aldermen, ordering them to vacate for the Reform Board.

From Ontario. THE ELECTIONS GOING AGAINST THE NEW GOVERNMENT. (Special Telegrams to the Daily Tribune.) Toronto, Jan. 2. Crooks will be nominated this afternoon for West Toronto. No opposition spoken of. The Municipal elections throughout the Province was held yesterday in Toronto. Medcalf, who was a Reform candidate for the Legislature for East Toronto last Spring, but who has since worked against the Reform party, was defeated. In Kingston, Robinson, M. P. P., who sat in the Council for 17 years, was defeated on account of his opposition to the late Government. His Reform friend, Mayor Livingston, was also beaten.

The Globe this morning comes out strongly in favor of the appointment of Scott to a seat in the Local Cabinet, and ridicules the idea of it being a coalition. George Brown has declined a nomination for North York, and his friends now say he has no intention of re-entering public life. Landers' majority in South Grey is 141, being 400 less than last Spring. McCreary's majority in Prince Edward is 30. His opponent last Spring had a majority of about 100. The Leader claims that there is a good prospect of defeating the Government on the re-assembly of the Legislature. The weather yesterday was beautiful, and the custom of New Year's calling showed no signs of extinction.

[WRITERS FOR THE DAILY TRIBUNE.] STANZAS. I have no wrath upon the bough That quivers 'er thy head; I have no prayer—were letter thou Shouldst stand for me instead; For thou art past the tempter's power, The shafts of wrong and hate, While I in vain a harbor seek Upon the Sea of Fate. These daisies and these buttercups Patches of mine shall see; Old Winter folds them in his arms, As Death is folded thee; Oh, silence rest! oh, peace complete! To which thou wilt be true; I have no prayer—were letter thou Shouldst stand for me instead.
