If elected I will earnestly labor to procure for the Province what it is entitled to in the Union, as I desire the people of this Province to be put in all respects on exact equal terms with the people of her sister Provinces; and I will oppose all attempts of the General Parliament to interfere with the rights reserved to the several Provinces.

I will also try to lighten the taxes upon the country, as well by introducing greater economy in the public service, as by every other means in my power, for I believe that our power to successfully compete with our neighbors in manufactures and all other industries mainly depends upon our ability to keep our people free from burthens, and, by consequence, to make the cost of living cheap in the Dovinion. I will labor to bring about freer trade relations with our neighbors, the citizens of the United States.

I will support whatever I believe will be for the interest of the Dominion generally and for yours in particular; and I respectfully solicit as your support.

Those favor him who believe in sending to Ottawa men of decided convictions,-men who will not hesitate to insist on "Better Carruthers.....
