COLLECTION CAMPAIGN WAS A SUCCESS

The Observer is very proud of the fact that during the past three weeks it has collected a large percentage of its book debts so far as they are made up of subscription arrearages. The idea of giving the subscriber the benefit of a collector's commission was a good one. It brought not only speedy but cheerful response. No one was offended and practically all have paid up arrears and for a considerable time in advance. Surely the result is most gratifying.

Comparatively few seem to court a law suit. Those that do will get it. There are those not 50 rods from The Observer who have ignored their obligation to the paper for years. Others whom circumstances have treated unfairly have taken a manly course and asked for a few days—in some cases, weeks—grace, because they really could not at the time raise the money. In every such case an extension of time was cheerfully granted. The Observer will never oppress a person who is doing his best. If a subscriber is unable to pay when he should he can do at least one decent thing and keep our respect for him. He can speak to us about the matter. The next to the meanest thing is to ignore his debt. The very meanest thing is to take the paper for years without paying for it and then refuse to take it from the office.

It is a common belief among publishers that in the hereafter a special place, absolutely frost-proof, is prepared for such as they. It is a special pleasure for The Observer to visit deserving homes and institutions without charge. There are scores of such cases, and sometimes an note or expression of real appreciation from some of these brightens a passing day.

On the whole the collection campaign closed on Monday most happily. It was a busy day and nearly 100 receipts were written out.

GRAND FALLS NEWS

James Stewart, who has had charge of the Commercial Hotel here for the past three years, went to St. Leonard's on Friday, where he will take over the management of the Cyr Hotel. Mr. Stewart has been very successful in the hotel business here, and his many friends wish him success in his new venture. Mrs. and Miss Stewart will remain here for a few weeks.

The school trustees have found it necessary, owing to the overcrowding of some of the departments, to open another department in the old school building on Main street. This school was opened Monday, with Miss Mary Burgess in charge.

The marriage of Miss Lenora Crockett eldest daughter of Mr. and Mrs. Crockett, and Edmond Sirois, took place at the R. C. church on Thursday morning. Rev. Father Joyner officiating. The bride wore a dark blue traveling suit with hat to match. After the ceremony, lunch was served at the home of the bride's parents. The popular young couple have the best wishes of their many friends. They will make their home with Mr. Sirois' grandmother, Mrs. M. Sirois.

Card of Thanks

Mrs. John D. Oliver would take this opportunity of expressing her earnest appreciation of the sympathy and help extended by many kind friends during her recent bereavement.

ENGINE GOES OFF A BRIDGE

The regular northbound mixed train from Aroostook Junction to Edmundston on Saturday night met an accident that might easily have cost the loss of life, when the engine went off the steel girder bridge at Quisibis, 17 miles below Edmundston. The freshet under-mined the abutment, the bridge settled, the locomotive was derailed and went over the side, taking with it Engineer William McCluskey and his fireman. While both miraculously escaped death they were quite badly injured, although not fatally.

The engineer was proceeding cautiously as it was known the high water and ice had weakened the foundations of the bridge. When the locomotive separated from the tender, the "train-line" being broken, the brake set in "emergency" automatically and instantly, so that the other members of the crew were unaware of disaster except a sudden stop of the train.

Early Sunday morning an auxiliary train with piledriver and a large crew were despatched to the scene.

On Monday, the express trains were compelled to run over the N. T. R. from Theriault to Edmundston, about 20 miles.

FLORENCEVILLE

Mrs. A. A. Waters of Poel was the guest of her aunt, Mrs. A. H. Hayward, Thursday and Friday.

Mrs. W. L. McCain spent a few days last week with friends at Presque Isle.

Thomas McCain who has been confined to the house for several weeks is able to be about once more.

Mrs. H. H. McCain spent a few days of last week at Woodstock. A heavy thunder shower passed over this section Sunday afternoon.

A party of Scotch Gipsies camped near the village over Sunday.

They Call it "Farming"

Why should not Aroostook farmers raise more of the farm products that they need themselves? It does not seem like good farming or profitable farming for a man who calls himself an Aroostook farmer to be buying hay, or grain, or beef, or butter, or eggs, yet many of our so-called Aroostook farmers not only buy some of these things, but, worse still, quite a number of them buy these things. One farmer rather boasted last spring that, during a very few weeks, he had bought \$50 worth of pork of one storekeeper in this village? Don't you think farmer had wrong ideas?—Fort Fairfield Review.

G. E. Wilson Recovering

Glenn E. Wilson of Centreville, who went recently to a Boston hospital for treatment for ileocolitis was operated on last week and late reports are favorable. That he will be fully restored to health is now the hope of his many friends.

Unfortunately a rumour became current on Saturday that he had died. Such is, happily, not the case. It is true, however, that a telegram on Friday evening announced that he was sinking rapidly, but another on Saturday said he was rallying, while a third coming Monday heralded the glad news that he was in a very fair way to recovery.

A PLEA FOR BETTER STREETS

Mr. Editor: A short time ago there appeared in the Observer a letter signed "Progress" which dealt with the condition of the roads in Hartland. The writer may not have been familiar with the conditions which govern such matters here, but he certainly has reason to complain of the wretched condition of Main Street and the other public thoroughfares of the village. Your correspondent may have been a little too elaborate in his plans for remedying those conditions, but he struck the right chord when he called attention to the matter. The men who have charge of the moneys for road work may expend it conscientiously as far as their interpretation of the law goes, but there may be some things that they have overlooked.

In the Highway Act, 1913, Section 8, Subsection 4, it is provided that "The county treasurer shall credit all road taxes to the parish from which such taxes are received, and shall pay out the same, on the order of the Minister, and such moneys SHALL BE EXPENDED IN THE DIVISIONS IN WHICH SAID MONEYS ARE COLLECTED."

The amount assessed for 1915 for Division A, which is comprised of Hartland, Upper and Lower Brighton and part of East Brighton, amounts to \$1241.80, and as Hartland pays about two-thirds of this amount it can readily be seen that we are entitled to a much larger amount than is actually spent on our streets.

Again, there is a section which entitles villages and towns to 40 per cent of the taxes paid to be spent on their sidewalks.

With your consent, I will deal with this matter at some future time.

Now, surely, the money paid by the residents of Hartland is sufficient to entitle us to much better consideration than we now receive and that the law distinctly says is our due. If the officials in charge of this work were to post themselves a little more fully as to what the Highway Act call for, and apportioned the work accordingly, we would see a vast improvement in the streets of the village which we are all anxious to see prosper and take its proper place in the line of progress.

I do not wish to enter into any wordy quarrel with anyone, but merely call attention to what the law says is coming to us. I thank you, sir, for your indulgence, and trust that our road officials will look a little more closely into the rights of the citizens of Hartland for cleaner and better roadways.

BETTER ROADS.

Andover Red Cross Work

On Wednesday evening, May 5, the entertainment, Hiawatha, was given in the Specialty Theatre for the benefit of the Red Cross Society of Andover and Perth (N. B.). The entertainment was under the direction of Miss Eva W. Scates, of Fort Fairfield (Me.), and was most enthusiastically received by a large audience. Seventy-five children in Indian costume sang the opening chorus. In all 125 young people took part in the choruses, drills, dances and pantomime. The sum of \$88 was cleared for Red Cross funds. The society thank all who gave so generously of their time and energy to make this concert a success.

Wedding invitations, executed in the most correct styles of lettering, can be secured at The Observer office on 24 hours notice. The price is \$2.50 for 50 invitations and two envelopes for each. If more or less than 50 are required add or subtract 4 cents for each invitation.

BUTTER WRAPPERS

Under a new Dominion law all butter offered for sale in bricks must be wrapped in Parchment having a proper printed label.

This is what should appear on each wrapper:

We can supply Butter Wrappers printed to order and sent Postpaid at these Prices:

1000 for \$2.50
500 for 1.50

250 for \$1.00
100 for .50

Send Cash with the order.

NOTE.---Failure to comply with this law makes both buyer and seller liable to a fine of \$30.00. Ordinarily plain butter paper has been selling for 25 cents per hundred sheets. You can get the printed-to-order kind at the same rate if you take 1000 at a time.

COMFORT

Dr. A. Reed Cushion Shoes Mean Foot Comfort

WHY ?

In a Dr. A. Reed Cushion Shoe your foot rests upon a soft, pliable cushion.

The principal points of contact—your heel, the ball of your foot, and your toe joints—sink down luxuriantly into the cushion insole, which immediately conforms to every curve of your foot.

Therefore—

FIRST—The weight of your body does not rest alone on these points, but is distributed uniformly over the entire length and width of the bottom of your foot.

SECOND—The arch of your foot is not left to bear your weight without support, but is upheld and strengthened by the cushion insole, which fills every hollow of your foot. The strain is thus taken off the arch of your foot, it retains its natural position and is not in danger of breaking down.

Why Ordinary Shoes Cause Discomfort

In the ordinary shoe your foot rests upon a hard, unyielding leather insole.

Therefore—

FIRST—As this insole cannot give, the principal points of contact—your heel, the ball of your foot and your toe joints—must bear the entire weight of your body.

SECOND—The arch of your foot has no support and is constantly under the strain of the weight of your body. This constant strain weakens your arch, which may eventually break down, causing untold misery.

HEALTH

Prevents Colds, Sore Throat, Pneumonia, Rheumatism, etc.

Dr. A. Reed Cushion Shoes cause corns and calouses to disappear and restore a natural, healthy condition to your feet.

Many dangerous diseases, such as colds, sore throat, pneumonia, rheumatism, etc., are contracted through the insufficient protection afforded by the ordinary shoe.

The pores of your feet are the largest and most active of your entire body. Don't let these pores remain inactive by becoming covered with hard, dead skin or callous places, caused by improper shoes. Keep the skin healthy and let your feet breathe through these pores as nature intended.

"Natur-Arch"

Protects Your Feet, Prevents Illness, Relieves the Jar When Walking

There are many smart new shapes in the Gold Bond Shoe this season.

Made by skilled workmen, for men who take pride in the shoes they wear.

WARMTH Preserving Healthy Circulation

In an ordinary shoe the hugging of the uppers caused by the spreading of the foot compresses the blood vessels and nerves and prevents a free circulation of the blood. Thus the flow of warm blood is retarded, and pinched, cold feet is the result, just as a tightly fitting glove causes the fingers to become cold.

When you stand in a Gold Bond Shoe there is no compression of the blood vessels and nerves, because the uppers are loosened by the sinking of the foot into the soft, easy insole.

The result is a free circulation of warm blood through every part of your foot, keeping it at an even temperature and preventing it from becoming cold.

Protection

From Cold and Dampness

In an ordinary shoe your foot rests on a leather sole which is porous, and quickly absorbs moisture. Thus cold and dampness are directly conducted to your feet.

Prevent Cold, Damp Feet

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. At any drug store.

AN ELECTION

It is now generally conceded that Hon. "Bob" Rogers Minister of Public Works, will be unable to work the public to the extent of bringing on a general election in June. That is the latest report from Ottawa.

The Observer had it on the direct advice of W. F. McLean, M. P. for South York, Ont., that there would be an election on June 28. Later advices from Ottawa declare that there will be no election until September at least. The minister of elections seem to be buried beneath the protests that come to him from all over Canada.

Liberals must not let themselves be caught napping however. Hon. Mr. Rogers is astute enough to know that it is a case of now or never with the government. The Observer has reason to believe that election preparations are going on quietly and that dissolution will take place the last of this month and an election sprung on the shortest possible notice.

In response to a telegram sent to mayors of town all over Canada by the Toronto News, asking if an election should be put off long as possible, six New Brunswick towns answered emphatically in the affirmative, while three were willing to leave the matter in the hands of the government. The Woodstock Press seizes upon and publishes the opinion of the latter three, but ignores the overwhelming majority. It looks as though the flag-flapping Press, backed by Patriot Fleming would like to see an election during the empire's crisis. If J. K. will be patient he will get his all right. Evidently he still holds to his expressed theory that "there is no way to get votes like waving the old flag," and that now is a good time to go to it.

BUTTER PAPER REGULATIONS

During the past few weeks there has been a good deal of misapprehension over the new regulation issued by the Dairy Branch of the Dominion Department of Agriculture.

Announcement made last week was on the best authority then available. Since that time The Observer wired the department at Ottawa and yesterday received this dispatch:

"Ottawa, May 12"
"Wraps for dairy butter must be printed 'dairy butter' in letters at least one-quarter inch square. Maker's name is strongly advisable but not actually required by law—(signed) J. F. Singleton."

The Observer has been very busy with orders for butter paper and it is interesting to note the different opinion of the makers. A small percentage call the law an outrage, and say if it is necessary to have the name and address on the wrappers they will hereafter pack all their butter. This leads at once to the question

"What kind of butter is it the maker of which refuses to let himself be known?" We might say we know what kind it is, and would give a good deal to know who made some of the stuff we bought for butter recently.

The good butter maker is proud of his product, and most heartily resents taking it to a store and having it thrown in companion-ship with other butter, the very odor of which is sufficient to contaminate his own. Therefore the wise maker of good butter will have his name imprinted on the wrapper and insist that it be kept separate from butter from an unknown maker. The properly labelled butter will be eagerly sought and it is safe to say a retailer cannot sell butter made by an unknown person if he is also offering that bearing the name of the maker—a clear evidence of good faith. The average buyer of butter would sooner pay a cent extra for the wrapper.

Remember, farmers, it is again at the law to buy or sell dairy butter in bricks that is not wrapped with paper bearing the words "Dairy Butter." The name of the maker is a guarantee for the quality.

Mrs. William H. Sipprell

The community was shocked at six o'clock Friday evening at the news of the death of Mrs. W. H. Sipprell of Somerville. A week previously she had submitted to an operation for appendicitis and from the effects of this was convalescing nicely. Her death is ascribed to heart failure, which may have been indirectly independent of the other malady. From the first instant of her ill turn until her last breath only a few seconds elapsed.

Mrs. Sipprell was formerly Miss Irene Williams and she was a native of Holderville, Kings County. She was married only last June. Besides her husband, seven brothers are left, one of whom is Rev. J. W. Williams of Centreville.

The funeral was held on Sunday afternoon at her late residence and was largely attended

by sympathetic friends. Rev. George Kincaid preached a sermon and conducted the service at Victoria Cemetery.

The Tariff Increase

In speaking of the bill by which the tariff was raised Mr. Rogers talked of it as a bill to raise thirty million dollars for the war. In one place he specifically stated that the Opposition had "declared" by their voice and by their vote "of want of confidence in our proposals for the providing of the necessary means, that up to the present had been estimated as "necessary for the carrying on of "our part in this great conflict." Mr. Rogers, of course, knows this to be an untruth. But the party of privilege have only to give the cue to their papers to get them to persuade the whole country that an untruth is fact by a continual reiteration of it as fact. Just let them keep on saying day after day that the increase in the Canadian tariff made during the last session of Parliament was for the purpose of raising funds for carrying on the war and the people will believe it even though Mr. White himself in arising to introduce the tariff categorically stated that it was not for that purpose, but to meet the ordinary revenue of the country, and though the real purpose of a good deal of it is to increase protection. The hundred million dollars which the Government proposes to borrow, Mr. White stated to be for war. The additional taxes, such as the tariff and the war stamp, were merely to bring the ordinary revenue of Canada up to the new standard of lavish expenditure, which the Government from its accession, had gloried in, and were made necessary by the falling off of the import and consequent decrease in customs.—Montreal Witness.

Last week the 13-year-old daughter of S. R. Hayden was seized with appendicitis at Riley Brook, 28 miles from a railroad or a doctor. The little girl was brought in a canoe to Plaster Rock, thence by train to Hartland and was conveyed to her brother's home on the Waterville road. On Saturday she underwent an operation performed by Dr. Rankine and Dr. MacIntosh, with Miss Marion W. Stevens as nurse. She has since been doing very well in spite of the strenuous journey to get surgical assistance.

Lieut. Williams is Expected Home. Lieut. Clarence E. Williams, son of John F. Williams of Lakeville, is expected home on a visit in the near future. Lieut. Williams, who has been doing garrison duty with the 67th at Halifax, was selected to go with a guard of sixty to Kingston, Jamaica, and return with the German prisoners in that city. Since his return with 351 prisoners, 50 of whom were officers and part of the Dresden crew, he has been appointed assistant adjutant of the 55th Batt.—Ex.

John D. Oliver

A well known and highly respected resident of East Florenceville passed away on the 18th ult. in the person of John D. Oliver. The end came so suddenly and unexpectedly as to prove a real shock to the community. Mr. Oliver was around in apparently his usual health and on Friday and on Sunday he was dead. Hemorrhages of a violent type developed with but little suggestion of its usual approach and proving to be largely internal brought the end of his friends had adjusted their minds to the thought that he was ill. The swiftness of his taking off has proved a heavy blow to his wife who was the one other member of the home, there being no children. Much sympathy is felt for her in her loneliness and grief.

Mr. Oliver was a native of Greenfield, this country. His wife, to whom he was married in 1890, was Elizabeth Green of the same place. For many years they resided at Knoxford from which place they went to the west where Mr. Oliver followed the lumbering business. On their return they settled at Florenceville and for some time he was associated with W. B. Trafford here in the sale of farm machinery. Latterly he had been living a comparatively retired life.

The funeral took place on Tuesday from his late residence and was largely attended, services being conducted by Rev. Mr. Rigby (Episcopalian) assisted by Rev. Mr. McLuckie (Baptist) and Rev. Mr. Ross (Methodist). Interment was made at Centreville. Besides his wife, there is left to mourn, Mrs. John Trafford of this place, a sister, and Mrs. G. E. Bearisch of Escanaba, Mich., also a sister.

John Oliver was not a man who thrust himself upon the attention of the public by any assertive qualities which he possessed. To the circle in which he moved however he was known as a quiet and unassuming citizen with egotism and without vanity duly careful in the conduct of his own affairs and scrupulously refraining from interference with the rights or interests of others. He was a kind husband and a good neighbor, appreciated most by those who knew him most intimately.

Mrs. James A. Barter

The death of Harriet Marcia Barter, wife of James A. Barter

Avondale occurred on the afternoon of April 18, 1915, after an operation for gall stones from which she failed to rally.

She was a daughter of the late Samuel B. and Irene R. Orser, old loyalist stock, and was born August 21, 1848 at Hartland. She was united in marriage to Mr. Barter April 30, 1865, by Rev. George W. Orser and at the time of her death had completed preparations for her golden wedding. She was baptized by the Rev. T. O. DeWitt, and united with the Free Christian Baptist church at Waterville, September 1, 1869.

She leaves to mourn the loss of an unselfish wife and mother, a sorrowing husband, seven sons, James, William and John of Vancouver, Percy and Allen of Hartland, Samuel and Harry of Avondale and one daughter, Mrs. D. W. Kyle of Moncton. Nineteen grandchildren and one great-grandchild, one sister, Mrs. A. J. McLean of Bristol and three brothers, Rainsford of Bryant, Wash., John of Carlisle and Charles of Georgia. Burial at Waterville, April 21, four sons, Samuel, Allen, Percy and Harry were pall bearers. Services at the house and church conducted by Rev. E. C. Jenkins.

The beautiful floral offerings and large attendance fully testified to the high esteem in which the deceased was held by her many friends.

Mission Band Appreciates Their President

The United Baptist Mission Band held its regular meeting in the vestry Saturday afternoon, May 1. At the close of the meeting Miss Kathleen Kennedy, in behalf of the Band, presented Mrs. Brazil Seeley (who has been president of the Band for a year) with a certificate for Life Member of the Band and read the following address:

Dear Mrs. Seeley: We, the members of the Hartland United Baptist Mission Band, have long been able to discover in your as our leader an earnest and unselfish helper one always willing to sacrifice time and means as the case might be.

We have unitedly felt that we in some way would like to be able to show our appreciation of your labor among us. So we have all decided most heartily to do you the honor of presenting you with this certificate as a small token of our appreciation for you.

In the days to come you will remember us in your prayers that many sheaves may be laid at the Master's feet in consequence of our little Mission Band.

[Signed by the members of the Band] Mrs. Seeley was completely taken by surprise but replied in a few well chosen words, showing her appreciation to the Band after which refreshments were served by the older members of the Band.

Mothers can keep their little ones happy and healthy by the occasional use of Baby's Own Tablets. There is no minor ailment of little ones that the Tablets will not cure, and above all they are absolutely safe and positively no injury can result from their use. Concerning them Mrs. Henri Huard, Kingston, Ont., writes: "There is no medicine I know of so good for little ones as is Baby's Own Tablets. They have certainly been of great service to me." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Houlton Excited Over Air Craft

Houlton was excited Wednesday over the reported presence Tuesday night of what many believed to have been a German airship hovering over the town of Hodgdon. A possible raid on the part of the air craft across the international border into New Brunswick is regarded here as being a possibility.

The mysterious visitor was first noticed between 9 and 10 o'clock p.m., by W. J. Moore of Hodgdon. The light in the sky resembled an automobile headlight seen at a distance. He at once awakened the members of his family and a number of his neighbors, all of whom marvelled at the strange light.

The throb of the motor was plainly heard and the airship seemed to come from the direction of the line. The strange air craft was plainly visible for nearly an hour. It circled about over the town and finally disappeared in a northerly direction, according to the story told by Mr. Moore and his neighbors.

At the residence of the officiating minister, Bath, on Wednesday May 5, G. A. Giberson united in marriage Raymond Budrow of Killowen and Maud A. Watson of Moose Mountain.

WHITEWASHING FLEMING

The province was astounded last week to learn that the Legislature, on a motion of J. L. White, M. L. A. for Victoria, had passed a resolution "exonerating" J. K. Fleming from any guilt in the Crown Land and Valley Railway charges. Sober-minded Conservatives are grieved to know that the Clarke government has openly endorsed every act of the man Fleming and thereby makes itself, equally guilty and reprehensible.

The comment of the St. John Telegraph (Liberal) and the St. John Globe (friendly to the government), New Brunswick's most prominent newspapers, is here given without further comment:

(St. John Telegraph)

In the dying hours of the Legislature yesterday a resolution was passed for the purpose of attempting a belated whitewashing of ex-Premier Fleming, a resolution which officially makes the whole Conservative organization in New Brunswick, and every government supporter in the Legislature, an apologist for Mr. Fleming, in disregard and defiance of the findings of the Royal Commission which investigated the Dugal charges.

Premier Clarke, Attorney-General Baxter, all of the other ministers, and all of the St. John members, acquiesced in the resolution presented by Mr. White of Victoria, which garbles the verdict of the Royal Commission and which attempts to make it appear that the worst that Mr. Fleming was guilty of was a too ready participation in the raising of a campaign fund for his party.

The most important, and the most disgraceful, part of this action of the Legislature, is that it identifies the whole Conservative machine in this province with Mr. Fleming and presents him to the country as one whose course has been generally satisfactory not only to the party but to the Clarke ministry and all of the members in the House who support the administration. Evidently this eleventh-hour resolution is a part of the price exacted by Mr. Fleming when a deal was made to eliminate him from the premiership and the Legislature and foist him upon Carleton-Victoria in the role of a Federal candidate. We publish on another page the resolution to which this "reform" administration of Premier Clarke assented, and which was acquiesced in by all of his noble supporters, the eminent purists from the various counties. The resolution "notes with satisfaction" that the commission found Mr. Fleming not guilty of extortion as charged. This is merely an attempt to read into the finding of the commission a complete acquittal for Mr. Fleming by suppressing important portions of the verdict. The Royal Commission found that Mr. Fleming did not personally direct the extortion of the money from the holders of timber limits, but it said:

"Having in view the testimony given by the different contributors, the only conclusion that seems possible to us is that the money was actually extorted. Under the conditions which prevailed it was impossible for any of the license holders to exercise any freedom of mind or will when the proposition was made to them by Berry that the extra amount should be raised." All of the facts, the commission said, constituted "an extortion gross and culpable in the extreme." The commission found that Mr. Fleming did not personally direct the extortion but:

"The Premier named the treasurer, Mr. Teed of Woodstock. He knew that efforts were being made to get monies from certain holders of crown and timber licenses; he knew that from time to time such monies were coming

into Mr. Teed's hands. He set his seal of approval upon the transaction by introducing his treasurer to Mr. Blankley.

The resolution of yesterday also gravely misrepresents the finding of the Royal Commission in regard to the \$2,000 for which Mr. Fleming held up Contractor Kennedy. The resolution attempts to play upon the fact that no second contract was in mind at the time Mr. Kennedy handed over a package containing \$2,000 to Mr. Fleming at the very urgent solicitation of the latter. Let readers contrast the whitewashing resolution of the Legislature of New Brunswick with the actual language of the commission, which said in finding Mr. Fleming guilty:

"In the case before us the contractor obtained two contracts. He was compelled to pay the money in the interval between the two, and admittedly at a time when no thought of a second one was in his mind; but he certainly was compelled to make this payment prior to getting his second contract, and, in our opinion, it was just as reprehensible to compel payment of this money under the circumstances as if a contract had been in sight. The contractor having been compelled to make the payment in the year 1912 and before the second contract was entered into, we think and find that Hon. Mr. Fleming is guilty of this act of compulsion which has been charged against him."

The Premier of this province and his associates are wasting their time if they hope by the resolution of yesterday to produce in the public mind any confusion as to the nature of Mr. Fleming's activities, or any doubt as to the verdict of the Royal Commission. The language of the commission, which we have quoted once more, speaks with sufficient clearness for itself. But it is astonishing, and disgraceful as well, that the Legislature should have consented, without protest from a single member (those from Madawaska and two from Northumberland being absent) to lend itself thus openly to the dishonest and disreputable attempt to break the force of the verdict of the Royal Commission. The people of this province know very well what the evidence before the Royal Commission proved. Premier Clarke and his following have only cheapened the Legislature in attempting to apply this belated coat of whitewash. It is a gross affront to the province. Also, incidentally, it is poor politics.

(St. John Globe)

Hon. J. K. Fleming's resignation of the Premiership of New Brunswick was a necessary and imperative result of disclosures before an impartial tribunal which investigated charges of a most serious nature. The evidence submitted disclosed conditions in the Crown Land department, controlled and managed by Hon. Mr. Fleming, inimical to the best interests of the province. The Chief Scaler of the province was revealed as the collector of a corruption fund from men who paid a stipulated price at a time when they were seeking to get control of the public domain, with

knowledge that the special fund was to go not into the public treasury, but into private hands, although the rights involved were public rights. The recipient and custodian of this fund was a gentleman designated by Hon. Mr. Fleming himself, a warm personal and political friend, who when he was dangerously ill turned the custody of the fund over to his sponsor, Hon. J. K. Fleming, Premier of New Brunswick. Although these facts were clearly established, and although there was evidence that at least one lumberman had a personal talk with Mr. Fleming, which he interpreted as a command in connection with this fund, the Royal Commission gave Mr. Fleming the benefit of doubt, declaring the evidence, "In our opinion, stops short of such sufficiency of proof as would justify the Commission in declaring the charge of directing the extortion proven." Those three words, "directing the extortion," are what Mr. Fleming was acquitted of. What he was convicted of is set out in these paragraphs from the report of the commissioners:

The Premier named the treasurer, Mr. Teed of Woodstock. He knew that efforts were being made to get monies from certain holders of crown and timber licenses; he knew that from time to time such monies were coming into Mr. Teed's hands; he set his seal of approval on the transaction by introducing his chosen treasurer to Mr. Blankley with the words: "Anything Mr. Berry tells you about this man (Teed) will be all right." At the time of such remark the Premier, with Messrs. Berry, Teed and Blankley was in his room at the Barker House in Fredericton and Berry had acquainted him with the fact that Blankley was acting for the lumbermen in holding the fund prior to its being passed over.

In the case of the Partington Pulp and Paper Company, the Premier was aware that Berry was urging a contribution, and, backed by all these facts and circumstances, the view was strongly pressed upon the commission that Hon. Mr. Fleming could not possibly have been ignorant of Berry's activities and of the methods he employed. There is a great deal to support this view, but in our opinion it stops short of such sufficiency of proof as would justify the commission in declaring the charge of directing the extortion proven.

That the money was in fact extorted by Berry is fully proved. That the Premier was well aware that monies were being collected for a purpose unquestionably improper is also shown. It is also manifested that he directed the disposition of such monies when collected, also that he acquiesced in the collection of such monies at a time and from a source highly and grievously improper.

Why, in the face of such language in a public document, should the Legislature of New Brunswick stultify itself and becloud the record of an important session, by passing unanimously a resolution, noting "with satisfaction" that Hon. Mr. Fleming is not guilty as charged? By Mr. Dugal. All that saves the resolution from being a deliberate misstatement of facts is the two words, "as charged." Had the Dugal charges been worded just a little differently, even the "Scotch verdict" would have been impossible. More pertinent ques-

NO ALUM

tioning on the part of those prosecuting the charges might have brought out the reason for the payments the lumbermen so willingly made. There was in these Crown Land transactions both a buyer and a seller, and, however much Hon. Mr. Fleming is to be condemned, recollection that the money was paid for something other than appeared on the surface must ever be kept in mind. It was not a political contribution and simple that the lumberman made at the dictates of Berry.

Because of the important public rights involved, the large number of wealthy, influential and prominent men who participated in the affair and the amount of money paid, the Globe has regarded this Crown Land scandal, which the Royal Commission says Hon. Mr. Fleming was not guilty of directing, as a far more serious affair than the Valley Railway matter, which, after all, resolved itself into the old familiar exchange between a contractor and those for whom he was working. At the same time, there is no getting away from the fact that the Royal Commission gave a direct verdict of guilty against Hon. Mr. Fleming of having asked a public contractor for a contribution to a campaign fund. Further, they interpreted this gift as compulsion in view of the relationship between the two. Why has the Legislature sought by resolution to nullify the force of a finding which drove Hon. Mr. Fleming from the exalted position of Premier? Why did cabinet ministers and private members give assent to a motion which sought to present Hon. Mr. Fleming in a better light than he was presented by the verdict of the court appointed by the Lieutenant Governor? When the House received the report of the Royal Commission, why did it not accept or reject it? The finding was clear and plain and the Legislature of New Brunswick has done itself no credit in placing on record as the opinion of the Royal Commission a sentence or two from the finding with the object of making it appear that the Commission looked lightly on Hon. Mr. Fleming's demand from John Kennedy for a contribution, when the Commission explicitly and unequivocally condemned that transaction. The resolution passed by the Legislature endorsed and approved these words from the finding of the Royal Commission:

There is no doubt, we think, that when the payment in question was made, it had no connection in the minds of either party with obtaining a second contract, such as was afterwards entered into.

The resolution entirely omitted reference to these further words on the very same subject, although they present the transaction in the light viewed by the Royal Commissioners:

In the case before us the contractor obtained two contracts. He was compelled to pay the money in the interval between the two, and admittedly at a time when no thought of a second one was in his mind, but he certainly was compelled to make this payment prior to getting his second contract, and in our opinion it was just as reprehensible to compel payment of this money under the circumstances as if the second contract had been in sight. The

contractor, having been compelled to make the payment in the year 1912 and before the second contract was entered into, we think and find that Hon. Mr. Fleming is guilty of this act of compulsion which has been charged against him.

If the people of Carleton-Victoria want Hon. Mr. Fleming as their Federal or Local representative, with a full knowledge of his record, that is their affair. The expression of public confidence by the Legislature in the light of the disclosures and in the face of the finding of the Royal Commission, is an altogether different matter and cannot be passed in silence. Mr. Fleming's rule in New Brunswick ended because it was not possible for a political party to hold up its head under his leadership. No resolution of the Legislature can disguise that fact, nor should it seek to do so.

WOMEN'S WEAKNESS AND HEALTH PERILS

Anaemia Comes so Gratefully That the Victim Scarcely Realizes Upon Her Until Almost in a Decline

Woman's work is more wearing than man's because it lasts almost every waking hour. There is no eight or nine hour day for the breadwinner's wife, and often she toils under the greatest difficulty because her strength is below what it should be. The woman who is indoors all day is very often careless about what she eats and does not keep her blood up to the mark. It becomes thin and poor, which makes her weak, headachy, tired, breathless, and liable to pains in the back and sides, the scourge of her sex. New blood will do wonders for the woman who is tired out, who aches all over when she rises in the morning and feels unaccountably depressed. She can gain new blood now, and drive away the pains and aches and tiredness if she will take Dr. Williams' Pink Pills. They have worked marvels for other women and will do the same for you if you are weak, tired, depressed or suffering from backaches or sideaches. Mrs. Elmer C. Taylor, Calgary, Alta., says: "I was so run down with anaemia that I could scarcely walk without aid. I was not able to leave the house. I had no color, no appetite, and was constantly troubled with head-aches, dizzy spells and a general disinclination to move about or do anything. My friends did not think I would get better, and even the doctor was apprehensive. I was constantly taking medicine, but it did not do me a particle of good. One day a friend asked if I had tried Dr. Williams' Pink Pills, and I decided to do so almost as a forlorn hope. After I had used a few boxes there was a decided change for the better, and people began to ask what I was taking, the change was so noticeable. As I continued the Pills my color came back, I could eat my meals regularly, the head-aches and dizzy spells ceased. I gained in weight and took a new interest in life, my cure being complete. I have told many sickly women and girls what Dr. Williams' Pink Pills did for me and urged them to take them and shall continue to do so, knowing what a splendid medicine they are."

Every weak and ailing woman who will follow Mrs. Taylor's example and give Dr. Williams' Pink Pills a fair trial will find new health and strength through their use. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co. Brockville, Ont.

SOLDIER BOYS OFF FOR SUSSEX

(Woodstock Press)

On Friday night the citizens, particularly the young men, entertained the soldiers to a grand 'walk around.' Accompanied by two bands (?) a continuous procession was in progress until after one o'clock, a very few of the principal streets having been slighted. Bonfires and fireworks were in evidence in the 'square.' Everybody had a good time owing to the leniency of the chief of police, who allowed the paraders to go the limit.

A celebration on Saturday night was not so pretentious. Some music and a little fireworks were in evidence.

After High Mass on the 9th inst., Rev. F. J. McMurray requested a numerous body of our volunteers, who were present, to remain in the church, as he wished to distribute amongst them books of prayer and other articles of devotion.

The congregation having departed, the boys came forward and were attentive listeners to an earnest and impressive address from the reverend pastor. He assured them of being pleased to see them in attendance at the Divine Service and was pleased also to think they were imbued with the spirit of patriotism and bravery.

His reverence then presented a carefully wrapped parcel to each soldier, words of encouragement carrying the conviction of the comfort afforded in the faithful performance of religious duties.

About 40 members of the 55th Battalion attended divine service in St. Luke's church on Sunday morning, where the Rev. A. S. Hazel preached.

The boys were each presented by the congregation at the close of the service with a Prayer and Hymn Book combined.

The ladies of the Red Cross Society, who have always been active in every movement toward the comfort of the boys, presented each with a well-filled lunch box at the station. The lunches were put up at the residence of Mrs. W. P. Jones, on Sunday, by the ladies.

The boys of the 55th Battalion, who have been stationed at Woodstock for the past three months, left Monday morning for Sussex, where they will spend some time in training before leaving for the front. A very large number turned out to see them away. Headed by the 67th band, they left the armoury shortly before seven o'clock, and to the strains of 'The British Grenadiers,' marched to the station. They were followed in the procession by the Home Guards and the Boy Scouts.

Although most of the boys came from different points in the river counties, the citizens had begun to feel that they belonged to the town, and there were many touching farewells. During their stay in Woodstock they conducted themselves in a

highly creditable manner and have the good will and best wishes of the citizens.

As the train pulled out of the station the band played 'God Save the King.'

Potato Acreage Will be Less in Aroostook

Houlton, May 8.—With 2,000,000 bushels of last year's potato crop still in the hands of the farmers and planting time near, the price after a temporary advance, has sagged back to 65 cents a barrel, with little prospect of improvement.

A fairly accurate indication of the extent to which Aroostook farmers will curtail their potato acreage this year is afforded by the statistics of fertilizer receipts this season as compared with 1914. Up to April 1, 1914, the Bangor & Aroostook R. R. carried into the country 49,880 tons of fertilizer, while up to April 1 this year the quantity was 38,440 tons, a decrease of 11,440 tons, or about 600 carloads—nearly 25 per cent.

The average quantity used by a farmer is one carload. From this it is predicted that the potato-crop-

acres will be 25 per cent. less than in 1914. Many of the farmers have become discouraged by the low prices of the past season, and will plant much of their land to other crops. Many others, for the same reason, have been unable to pay for last season's fertilizer.

YOUR SUMMER HOLIDAY!

This Year the Maritime Provinces.

The question has repeatedly been asked how many Maritime people know from practical experience that within their gates they have the most beautiful summer resorts in America. La Baie de Chaleur, Prince Edward Island, the Bras d'Or Lakes and Cape Breton, the Evangeline Country, St. John River, to mention only a few that can be named from a wide and varied selection.

Predictions have been made from various sources that this year will see a large influx of American tourists. One authority says:

"The famed shrines of the old world are closed for a time at least, to American travel. The tourist necessarily will have to go somewhere, for as a rule the American who can afford to travel abroad is sufficiently independent of industrial conditions to allow them to interfere with the vacation that has become a necessity to him. Canada feels that the Dominion of all regions should be his natural destination. For Canada has as magnificent and as varied scenery as can be found anywhere in the Old World. She has a climate that, on this continent at least, has no counterpart. She has facilities for fishing, hunting, canoeing and other outdoor activities of which no other country can boast. A land of magnificent distance, in many sections hardly explored, she possesses a million secluded lakes and a myriad of enchanted streams, leading into the kingdom where nature still reigns supreme."

Why not spend your summer holiday this year in the Maritime Provinces?

Royalton

Several farmers are preparing their land for the seed; others are cutting potatoes for seed and are doing everything possible to hasten along the spring work.

Geo. H. Cronkite has been spending several days among his friends here.

Miss Cecil Burtt has returned from Houlton where she was on short visit. Perry Crawford is helping Clinton Trafford with his spring work.

Burpee White and Harry Owens have each purchased a new rubber tired carriage.

Several men of the community met on Thursday and gave the cemetery a thorough overhauling as well as repaired the fence, furnishing a new one on the west side.

A business meeting of the church was held on April 18.

The Red Cross Society met at the home of Mrs. George Buchanan on April 14.

Gilbert W. Stockford

Gilbert W. Stockford, a well known resident of Main Street, died on April 28, in his 65th year. He was a resident of Main Street for 33 years, and was one of the pioneers of the settlement. Three daughters survive. Mrs. J. M. White of Main Street, Mrs. J. T. Trainor of St. Stephen, Mrs. T. B. MacNutt of Victoria, B. C., and three sons, Thomas W., of Highgate this county, Robert and Harold of Mercier, Maine. The burial was at Rockland. The sermon was preached by Rev. George Kincaid, assisted in the other services by Revs. I. E. Vanwart and A. J. Cras. The pall-bearers were H. D. Clark, Cushi Shaw, Samuel Cook and Winfield Shaw, all lifelong friends of the deceased.

POLONIUM

McCORMICK Lowdown Manure Spreader

McCormick Lowdown Manure Spreader has a score of good features in its construction. Each one is the result of careful field experiment.

A McCormick Spreader is low enough for easy loading, yet it has plenty of clearance underneath. The rear axle is well under the load, rear wheels have wide rims and Z-shaped lugs, insuring good traction under all conditions. Frame, wheels and the driving parts are of steel. Apron tension is adjusted by a simple device. Winding of beater is prevented by large diameter and beater teeth are strong, square and chisel-pointed.

Justice of Peace Praises Dr. Chase's Ointment

After Nine Years of Agony He Escaped an Operation by
Using This Great Healing Agent.

As a means of healing sores and wounds that defy ordinary treatment Dr. Chase's Ointment has long stood supreme. It is known far and wide as a positive cure for eczema and piles. Whatever uncertainty there may be about the results obtained by the use of medicines taken internally there can be no question of the healing of the skin when Dr. Chase's Ointment is applied.

You can actually see with your own eyes just what takes place. The sore parts are cleansed,

and gradually the new skin is formed and the sore becomes smaller and smaller until it finally disappears. It is often wonderful the results which are accomplished in a single night by the use of this great healing ointment.

Mr. N. A. Heath, J.P., Pitch Bay, Que., writes:—"Nine years ago I was taken with an abscess, and cannot begin to describe what I have endured as a result. I was examined by two doctors, both of whom said I would have to undergo an operation to be cured. Thanks to Dr. Chase's Ointment, it has rendered an operation unnecessary, and has completely cured me. I cannot say enough in praise of this wonderful ointment which cured me after nine years of agony."
