While crossing on the ice is good at Campbellton, we will deliver at our regular prices, free on board cars at Cross Point Station, all the various kinds of goods we handle. This should be a material advantage to persons in the vicinity of the Quebec Oriental and Atlantic, Quebec and Western Railway.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

## THE FIRST HOCKEY GAME OF SEASON

### Campbellton Boys Club Defeat Dalhousie in Interesting Game By 3-2

The Campbellton Boys Club journeyed to Dalhousie and defeated the Dalhousie Boys Hockey team in the first game of the season by 3 to 2. A large number witnessed the game, which was divided into three periods of 20 minutes each. The first period was fast and exciting. Henry for Campbellton scored the first goal amid great applause from the Campbellton rooters. No further scoring took place and the period ended 1-0 in favor of the visitors.

The second period started with give and take play, which latterly settled into steady pressure on the Dalhousie goal. Dalhousie broke up the attack and scored in a scuffle in front of the Campbellton nets. Thomas then led the way with a number of rushes and Henry netted the puck two minutes before the close, the period ending 2-1 in favor of Campbellton.

In the third period Henry again scored for Campbellton and towards the close Mott scored for Dalhousie, the final score reading Campbellton 3, Dalhousie 2.

Web Payne of the Victoria Hockey Club handled the game to the satisfaction of all.

A return game will be played in Campbellton rink on Saturday, January 9th at 7 p.m., and a good game is assumed all who will attend to patronize the boys and help them along.

## WAR BULLETINS

### London, Jan. 7th.—Lord Kitchener praises the Canadian troops. Most violent fighting of war is progressing in Upper Alsace. Tide of battle ebbs and flows along the rest of the western frontier. Germans attack Russian lines which block road to Warsaw.

Russian army starts offensive movement in the region of Mlawa in East Prussia.  
Roumania's next move awaited with interest.  
A sortie from Przemyśl disastrous for Austrians. Whole force completely annihilated by the Russians.

London, Jan. 7.—Paris reports continued successes especially in Alsace. Germans are no nearer Warsaw, and Austrians are being driven back.  
Germans officially deny that Cardinal Mercier was arrested in Malines.

"Painter of 'Peace' Painting Dead," says a headline. Small wonder that anything connected with Peace should expire these days.

Maybe It Isn't Here as much as it Used to Was. That's on account of the War. The War gets blamed for a lot of blamed things these days.

Report says that survivors of sunken British and French ships have been "landed at the Canaries." Small satisfaction for them. It's Turkey and the German Eagle they were out to get.

Next Wednesday the Campbellton Club will go to Bathurst on McLellan Cup business, and three strong rinks have been chosen to lift the cup. Needless to say the men will be followed with all the good wishes of every devotee of the roaring game in this town, and on paper their names look good enough to wrest the coveted trophy from its strongest holders. The men who will compose the rinks are as follows:—

E. A. LeGallais, 1st stone,  
John T. Reid, 2nd stone,  
H. G. Millican, mate,  
Thos. Wran, skip.

E. H. Anderson, 1st stone,  
F. E. Condon, 2nd stone,  
Geo. F. Myles, mate,  
J. H. Wilson, skip.

H. A. Carr, 1st stone,  
M. M. Mowat, 2nd stone,  
R. K. Shives, mate,  
A. D. McKendrick, skip.

## BRITISH PROTEST TO UNITED STATES

### Fraudulent Use of United States Passports by Germans Comes to Light Saturday

The British protest to the United States, against the fraudulent use of United States passports, by German enemies of Great Britain, was justified on Saturday, in New York, by the arrest of four German reservists for participating in a passport plot. They were taken off a Norwegian-American liner, actually after she had left the dock and was steaming to sea. The steamer was halted by a United States revenue cutter and secret service men boarded her and picked out from the passengers four young Germans, whom they arrested. They were travelling under false names and with American passports, issued to American citizens. The passports were genuine, but they were issued to other persons than those holding them, and the photographs attached to the passports had been changed, although stamped over with the American seal. Only one of the four prisoners had actually ever lived in the United States, and three of the four had only recently arrived from Chili, where they had been working for a mining company. They spoke no English. The arrest of these men, their possession of American passports, is very strong evidence that systematic frauds are being perpetrated in the United States, whereby the neutral 'y' of that country is systematically violated through the shipment of German soldiers to fight against the Allies. A claim for damages is therefore justified.

## WIN FIRST MATCH FOR McLELLAN CUP

### Sydney Unable to Shake Bathurst Club's Grip on the Famous Curling Trophy

(Special to Graphic)  
The curling ice on the Bathurst rink was in ideal condition Wednesday night for the first game of the season for the McLellan Cup.

Three rinks of Sydney curlers arrived on Tuesday evening, and each went down to defeat before the superior curling of the Bathurst men.

In the afternoon, the Sydney players under Skip W. D. Mackay, started off well with a score of two on the first end, but Bathurst under Skip Stout, steadied them down to serious business on the next two ends, by scoring five on the second and three on the third, and continuing with a score of one on nearly every end until at the close of the fourteenth they were leading by 19 to 5. Sydney then got busy and counted 3 on the 15th, and 5 on the 16th and one on the 17th. The eighteenth was Bathurst's with a score of one, leaving the North Shore rink with a count of 20 to Sydney's 14.

The evening games were splendid examples of fine curling on both sides,—but the Bathurst men were too strong for their opponents, increasing their score by slow and small steps until at the close E. P. Mackay led J. Turnbull by 6 and N. Thibideau led S. H. Stevenson by 11, making Bathurst's total majority in the three rinks 23.

Every man on both sides curled a good stone throughout, and the great crowd following the games, was impartial in its applause of the many brilliant plays.

The visitors were royally entertained during their stay here, being shown the sights of the town during the day, and tendered a banquet when the games were over, at which the greatest good-feeling prevailed.

The result of each game was as follows:—

Sydney	Bathurst
G. Ingraham	A. C. Branch

### WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved Their Value In Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts On All Three Of The Organs Responsible For The Formation Of Uric Acid In The Blood.

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

### PASSENGER JUMPED FROM THE LIMITED

Soldier on the Ocean Limited Saturday Tries to Get Off at Station not a Stopping Place.

Moncton Times, Saturday:—Passengers on the Ocean Limited express from Montreal yesterday, were rather startled when one of them noticed that a man had apparently fallen from the rear end of the train. The train was about five miles above Rogersville, when one of the passengers happened to glance out of the rear coach, and noticed a man in the snow alongside the track, as though he had just fallen from the train. The porter, in his excitement, in pulling the bell cord gave the signal to go ahead, and the train travelled about two miles before being brought to a standstill. Then the train was backed up, and the man, apparently unharmed was taken on board. He proved to be a soldier who wished to leave the train at Rogersville, and, knowing it was not a regular stopping place, had jumped. When the train neared Rogersville he again jumped, and managed to keep his feet, but he was still a mile from the town, and had to walk in.

### BUSINESS AS USUAL

### REAL LADY NICOTINE COMES FROM FRANCE AS ANGEL OF MAN AT FRONT

Mrs. Clara Washington Lopp. That tobacco is an incentive in battle is the firm conviction of Mrs. Clara Washington Lopp, the French wife of an American, who has come to America to collect smoking supplies for "her boys," as she puts it, at the front in the great European conflict. In her pretty French way this charming matron of France said:—"Deprive a smoker of the solace of a cigar, a cigarette or his pipe, and you make a disinterested, irritable man. And such men never win battles. They don't make good soldiers in a fight." Mrs. Washington Lopp knows. She has been at the front as a nurse. She has heard the pleas of the boys in the muddy trenches for something to smoke. She has listened to the plaints of the wounded in the hospitals. As one of the nurses connected with the American Hospital in Paris she is enthusiastic in her praise of that institution—especially its attitude toward tobacco.

### COL. LANDRY WILL BE IN COMMAND

Heads 5th Brigade, in Which N. B. Battalion is Incorporated

Official notification comes from Ottawa that Col. Septimus Denison of Montreal and Col. J. P. Landry of Quebec, will each command an infantry brigade in the Second Contingent. Col Denison formerly commanding the 4th Division, has been acting since the war as adjutant-general at the capital. He will command the 4th Infantry Brigade, consisting of the 18th Battalion, London; the 19th and 20th, Toronto; and the 21st Kingston. Col. Landry's 5th Infantry Brigade will include the 24th Battalion (Victoria Rifles), Montreal; the 22nd (French-Canadian Regiment), St. John's, Que.; the 25th Battalion, Halifax; and the 26th, St. John, N. B.

### THE WAR LORDS ARE EATING WAR BREAD

To Popularize New War Food Which Consists of Potato Flakes and Rye

(Canadian Press Despatch) Berlin, Jan. 5.—(Via London)—His Majesty Emperor William has given orders that the so-called war bread be served to himself and the members of his entourage. This bread, styled also "K" bread, consists of 85 percent of rye flour, and 15 percent of potato flakes. It is being consumed in accordance with a war time proclamation with the idea of making the supply of food-stuffs in the empire last longer. Up to the present time it has not been bought readily by the general public. It is hoped however, that the decision of the Emperor to eat his bread himself will influence the people to follow his example. The newspapers are giving much attention to the course of His Majesty in connection.

### THE TIME TO SAVE YOUR HAIR IS NOW

Newbro's Herculide is the one remedy on your druggist's shelves which may always be depended upon. It is the first and original remedy, guaranteed to kill dandruff, stop itching and check falling hair. You can save the hair you have much easier than you can grow new. The time to save your hair is now. The remedy for doing it is Newbro's Herculide. Newbro's Herculide in 50c and \$1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded. The same opportunity never comes but once. Thos. Wran, druggist.

### CONDEMNATION OF INVESTMENT COY.

Strong Indictment Against Canadian Home Investment Co., Ordered Wound up

Vancouver, B. C., Jan. 5.—Strong condemnation of the scheme of business and management of the Canadian Home Investment Company was made by Chief Justice Hunter, in ordering a winding-up of the company under the provisional liquidatorship of James G. Forrester, manager of the Standard Trust Company. "It is apparent this company is in a hopelessly insolvent condition, and further that it is dishonestly insolvent. A more rotten case was never brought into court. The concern was obviously designed to swindle these people who put their savings into it. There should be a law reaching this class of company. It is a swindle from beginning to end," said the Chief Justice. The reports of the auditors of the Canadian Home Investment Company showed that a total of \$105,000 out of \$140,000 had disappeared because it had been put to wrong uses by the company. Joseph Martin, K. C., said: "The directors had to make a payment of \$25,000 to enable them to do business in the province of Nova Scotia. They had only \$21,500 capital to start with and this had been lost, so they decided to steal the \$25,000 from the contract holders fund. That deposit should have been paid out of capital, with the contract trust holders trust money.—Transcript.

### SOWING WEEDS IN SEED GRAIN

In the spring of 1913 officers of the Seed Branch took samples, representing as accurately as possible the average seed used in the districts visited, from over 2000 farmers throughout Canada. 978 samples of oats were analysed at the Ottawa Seed Laboratory and 547 of these, of 56 per cent, contained an average of 76 noxious weed seeds per pound, the highest number being 6,954 per pound. With this weed seed content and the rate of seeding reported an average of 6,400 noxious and 20,800 other sorts of weed seeds would be seeded on each acre of land in oats. Barley and wheat showed similar results. Some of these weed seeds are difficult to clean out, but most of them can be separated by a fanning mill properly equipped and well operated.

### PAPER MILL WAS BURNED ON FRIDAY

The New Brunswick Pulp and Paper Company's mill at Millerton, N. B., eight miles from Newcastle, was totally destroyed by fire Friday morning, at a loss estimated at \$150,000. Of the many buildings the chemical plant and a portion of the boiler house alone remain standing. The fire broke out apparently in the office and spread rapidly. The mill was built by James Beveridge, pioneer of the paper-making industry in New Brunswick. The mill had not been running lately, but new machinery was being ordered. It is understood the insurance to the vicinity of \$125,000.

Artillery and Cavalry at Salisbury Begin Billeting

Salisbury Plain, January 1.—The artillery and cavalry units begin billeting at the houses in the village round and about the Plain today, and much relief is felt by all concerned, as the weather conditions continue atrocious. The bad effect on the health of the troops makes the change urgently needed, and it is felt that Ottawa should press the complete adoption of the billeting system. A number of cases of spinal meningitis and influenza resulting are reported by the medical officers.

SCORE RISING Mr. F. G. Kerr has succeeded, with his seventeen, seven months old Pulletts, in gaining on his recent score of 49 eggs for the week. Last week he succeeded in bringing the number up to 61, and at the present writing his chickens are going fine and should run ahead of that number for this week. Mr. Kerr is only an amateur in the poultry work. He has kept a strict Debt and Credit Account and is firmly convinced that any man or woman who will invest themselves and intelligently care for a flock of hens will be simply rewarded. As a "Mortgage Lifter" he believes the hen is ideal.

NO LACK OF MEANS "Less poverty in the County than there was a year ago." This was the statement made to the Graphic this week by Mr. Wm. Flann, one of the overseers of the poor for the county of Restigouche. Mr. Flann was in town this week and in the course of conversation said that things in the county were normal and there seemed to be an optimistic feeling pervading all classes of the community that there should be little poverty known here in consequence of the great war. Although wages in the lumbering industry have been reduced, operators are looking forward to having a cut equal to previous years, as the weather has been all for their benefit.

#### THE NATION'S BUSINESS

Stirred up by the recent articles running in The Financial Post showing how impracticable were the efforts and how inefficient were the methods of the Departments of Trade, Agriculture and Labor in meeting the present emergency, the Government is responsible for the following inspired despatch which has been sent out from Ottawa:

"The government is planning an active campaign to stimulate agricultural production of all kinds in 1915. Hon. Martin Burrell is arranging for a series of conferences throughout the Dominion in January and February, at which the farmers of the various districts will be called together and given full information as to conditions in Europe, and the great demand for food supplies by the allies while the war is on. The best means of meeting those demands will be fully discussed by the farmers and those who address them."

The Post's articles on this subject have not been intended as criticisms of the Government, but rather of the system under which Cabinet Ministers are selected. As a rule, the selection does not fall upon the best men available for the vacant posts, men with successful experience in the fields which they are called upon to administer. On the contrary, the appointments are generally awarded in return for party ser-

vices or with an eye to the political influence the new Minister may wield in his section of Canada. The result is that, under this system, party interests are frequently considered before public advantage. The Financial Post has been urging that in this, the greatest opportunity for extending Canadian trade which has ever occurred, the Ministers referred to above have not risen to the emergency. Though no doubt directed with the best of intentions, their efforts have been quite inefficient.

This will be seen by referring to the despatch above quoted. Mr. Burrell proposes to tell the farmers throughout Canada of the great demand which has arisen for foodstuffs on account of the war. Thanks to their local newspapers, however, every farmer in Canada already knows all about this, and further thanks to the urgent suggestion of a brainy railway man who started a campaign early last autumn, in which he was supported by these papers, there are few farmers who have not already prepared for the greatest crop on record next year.

That part of the campaign is, therefore, wasted effort, and consequently inefficient.

Suppose Mr. Burrell's scheme were, as he seems to think, the one thing needful, where is he to find his big corps of lecturers? The Provincial Governments are now at their wits' end to find such men. He will be compelled to appoint, in most cases, incompetent party workers—a class of men who seldom show much capability. More than that, what will the cost be? Good men cannot be got under \$30 to \$40 a week, and another \$25, perhaps \$50, will have to be added for expenses, traveling, supervision, etc., say, \$75 a week. Most of them will not be worth their salt, and the attendance at their meetings is likely to be small.

The Financial Post makes this suggestion to this well-intentioned Minister: There are in his department, in the agricultural departments of the provinces, in the agricultural colleges, and on the farms, a number of very able, enthusiastic, public-spirited men whose practical experiences if followed out would enable the average farmer to double the present average income from his farm.

A committee of the best of these men could concentrate on a series of the most practical and telling suggestions. This is the work now being done by the splendidly-edited agricultural newspapers—which, by the way, Hon. Mr. Burrell in his capacity as party man proposed to suppress. The

best of these agricultural papers are not read by the mass of farmers, but only by the more enterprising class. There are, however, few farmers who do not read and swear by their local weekly. The Government should, therefore, arrange to present this series of practical and timely suggestions in the form of well-displayed announcements in these local weekly papers, regardless of whether they are Liberal or Conservative. It is a business, not a party, proposition. In this way all the farmers of Canada would have an opportunity of profiting by the advice of the best agricultural experts, and the cost should be much less than the totally inefficient plan proposed by the Minister of Agriculture.

If this suggestion were intelligently carried out it would give a tremendous impetus to the increase in quality and quantity of farm products to be sold and turned into money. The farmers are the most generous spenders when money is plentiful, and the investors, merchants, manufacturers, financiers, and other business interests for which The Financial Post is the mouthpiece would all also greatly benefit.

#### EDITORS MAIL BAG

Jan. 2nd, 1915.

Editor Graphic,  
Dear Sir:

Allow me to ask through your paper, if the bridge at Matapedia is supposed to be guarded. There is a shanty built at one end of the passenger bridge—which brings up the thought—is a single sentry of very much use, anyway, on a double bridge like that?

I venture to say that anyone could blow up that bridge at any time, day or night. About a month ago, I made a business trip across to Flatlands. I saw absolutely no person in the shape of a sentry either on my way across, or my way back, a couple of hours later. Now, it strikes me that this bridge is just as important as any other in Canada, when it comes to the transportation of troops. If ALL are not going to be guarded, why guard ANY?

As to the duties of a sentry—do they realize that this is war-time, and that martial law says that "any sentry found absent from the post of duty, shall be court-martialed and shot?" And that "any sentinel allowing a stranger to pass unchallenged shall be court-martialed and shot?"

I venture to say that not one single stranger has ever been challenged on the Matapedia bridge. Surely these men do not realize the grave nature of their work. Some one should have properly instructed them when they were appointed. Military law does not seem to mean much in this part of Canada.

Yours etc.,  
COMMERCIAL TRAVELER.

British and French News are Discussing the Question Raised by New Conditions

Paris, Jan. 5.—The French papers quote the Cairo Arab newspaper "Al Watam" as saying "From geographical considerations Palestine is to Egypt what is to Italy or the Netherlands Great Britain. Current events proved that Egypt can be another threatened from that. Therefore, it is absolutely in the interest of Great Britain that it should become a neutral territory. But the object of British occupation of Palestine is the previous opening a door of an exit and the presence of a British garrison in Palestine keep the inhabitants of Syria so it is better to solve the problem of Palestine."

British and French Newspapers are Discussing the Question Raised by New Conditions

Paris, Jan. 5.—The French newspapers quote the Cairo Arabian daily newspaper "Al Watani" as saying: "From geographical considerations, Palestine is to Italy or the Netherlands or Great Britain. Current events have proved that Egypt can be one day or another threatened from that quarter. Therefore, it is absolutely indispensable for Great Britain that this country should become a neutral state or be annexed. But the objection to a British occupation of Palestine is that if the province opens a door on Egypt, it also holds the relation to this country of an exit and the presence of a British garrison in Palestine would keep the inhabitants of Syria awake. So it is better to solve the problem by neutrality."

The London Globe in this connection renews the formation of a new Jewish kingdom. Thus would the prophecies of Moses and other prophets be fulfilled, concerning the Jewish remnant destined to prepare for the coming of Christ.

THOMAS OFF DANDELIN, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Dandelin right now—Also stops itching scalp.

Thin, brittle, combed and scraggy hair is sure evidence of neglected scalp; of dandruff that awakes scurf. There is nothing as destructive to the hair as dandruff. It robs the hair of its lustre, its strength, and it very often eventually produces a fewness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A Little Dandelin tonight—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Dandelin from any drug store. You surely can have beautiful hair and lots of it if you will just try a Little Dandelin. Save your hair! Try it!

NEW YEAR CARNAVAL HELD AT DALHOUSIE

Enjoyable Time at New Skating Rink. Splendid Costumes Seen on the Ice.

Dalhousie, N. B., Jan. 6th.—The Carnival held here in the new skating rink on New Year's night was a great success, the rink looking most attractive as it was well lighted and the costumes showed to splendid advantage. The ice was in perfect condition and the Dalhousie Orchestra furnished excellent music to skate to. The ladies first prize was awarded to Miss Nettie Robinson, who represented "Rala Britannia". Mr. Leon Samson as "Admiral Sturdee" captured the gentlemen's, and the children's prize went to Miss Dorothy Gallop as "Fire Fly". There were a large number of spectators to witness the Carnival and to take in at the same time a very interesting Curling Match between Bathurst and Dalhousie. A successful Bean Supper was held during the evening at St. Mary's Hall. It was given by the ladies of the "Women's Auxiliary."

FAILED TO LOCATE ROGERSVILLE STILL

Detectives Make Call on Illicit Distiller but Find the Place Deserted

A correspondent, Observer, writes to the Times:—It appears that a distiller has been at work for over ten years at Rogersville. He has supplied the trades in his line in Kent and Northumberland counties with impunity. Last week two officers were sent to make a raid but they arrived at Rogersville on the Maritime Express, took a comfortable rest at the hotel and only arrived at the place in the forenoon. In the meantime, informers were sent to the locality to give the alarm and the distiller skipped, taking with him the apparatus and supply. The officers found only a girl in charge of the premises, who of course, knew nothing of the distiller's doings and she fooled the expert detectives very cleverly.

TRAINING SCHOOL

On Monday night, Jan. 11th, there will be a session of the City Training School for Sunday School workers in the Baptist Sunday school room. A lecture will be given at the opening period, then the workers divide into classes for study on the line of Teacher Training.

WORK RESUMED

The Red Cross work will be resumed again the first of next week. The recruiting room in the City building has been placed at the disposal of the committee and workers, and we trust all who can will take an interest in the work in furthering the good cause.

TEN NEW YEAR RESOLUTIONS

For Mothers, Mothers-to-be, and Social Workers.

In the January Woman's Home Companion the Better Babies Bureau of that publication begins a new service to mothers, mothers-to-be, and social workers. One result of the Better Babies Contest held during the past few years has been the discovery by many mothers that intelligent study of child development, child nature, and child rights will result in better conditions for children and the home, and an easier, happier life for mother and father. Naturally this realization has created among parents, and particularly among mothers, a strong demand for practical information about the care and feeding, clothing and training of their children. To meet this demand this new service has been created and in connection with it the following Mother Calendar for January appears. It is really a set of New Year resolutions for mothers.

1. "Recognizing that the health and happiness of my family, during the coming year, will depend largely on myself as the home-maker, I am Resolved:

1. "That I will guard my own health and nerve force in every possible way.

2. "That every member of my family, including myself, shall have the proper amount of fresh air in our home.

3. "That I will do my housework in properly ventilated rooms and allow myself at least one hour of outdoor exercise daily.

4. "That I will recuperate my physical and nervous strength by lying down at least half an hour each day.

5. "That I will conserve my health by sitting down at my work whenever this is possible.

6. "That I will simplify the dishes served on my table, place safety first by knowing the source of our ice and milk supply, by demanding good drainage from my house and by fighting flies and mosquitoes.

7. "That I will join hands with my neighbors in fighting conditions which imperil the health and hygiene of the individual family and the community.

8. "That I will give a little time each day to the intelligent study of child life, the care and feeding of infants, diet for older children, discipline and the formation of good habits.

9. "That in January, 1916, I will have better health, a better home and better children because I have lived up to these resolutions."

FEW CHANGES IN I. C. R. TIME-TABLE

Maritime Express From the West Arrives Twenty Minutes Later.—Daily Service

The new I. C. R. time table is out. The only changes on the Campbellton Division of interest to the travelling public are the elimination of the Ocean Limited, and the running of the Maritime Expresses and Nos. 133 and 134, Moncton, to St. John, daily instead of six days per week as formerly. The Maritime west bound, runs on the same time as formerly, but the Maritime east bound, will arrive and depart from Campbellton at 2.25 a.m., twenty minutes later than by the last timetable.

WILL FACE TRIAL BY COURT MARTIAL

Leo Legere of Bathurst, Private in 73rd Regt. Arrested on Charge of Desertion

(Advocate) A case of court-martial will come up in the court at Newcastle next week, when Leo Legere, of Bathurst, will face a charge of desertion. Legere, who is a private in company F, Campbellton, when war broke out enlisted for service at the garrison at Newcastle Wireless Station. While there he sold liquor to the soldiers, and on hearing that he was being watched he left town and went to Bathurst.

He was arrested there by Chief Chamberlain under the Canada Temperance Act, convicted and fined \$50. After his trial he returned to Bathurst.

The Militia Defence Department took the matter of his desertion up and an agent of the Thiel Detective Agency was sent to locate him. Through Capt. Jones at the garrison at Newcastle, Sergt. N. A. Mackenzie was despatched to accompany the detective to Bathurst, where they found Legere and placed him under arrest on a charge of desertion and brought him back to Newcastle, where he was handed over to the Chief of Police who lodged him in jail.

He will face a trial by court-martial on Monday next.

WEED DISTRIBUTION BY FEED GRAIN

Ordinary commercial grades of grain coming out of terminal elevators are foul with weed seeds. Analysis of five samples of No. 2 Canada Western oats taken from as many terminal elevators showed 313 noxious weed seeds per pound and a much larger number of other weed seeds. In transportation some of these are distributed along the railroad and introduced into new localities. Many wild oats and mustards fed in crushed oats to horses will live and pollute farm lands. Others become mixed with the manure in handling dirty grains and other feeds. Such feeds should be thoroughly ground, and weedy manure should be heated or rotted in order to destroy the vitality of weed seeds.

WEEK OF PRAYER

The meetings connected with the Week of Prayer have been well attended. Tonight, Thursday at 7.30, service will be held in the Methodist Church, and Rev. Dr. Manning of Wolfville will speak as Rev. J. H. Jenner is still in the doctor's hands. The Rev. Doctor has kindly consented to address this meeting upon a subject of his own choosing.

OLD CHRISTMAS

Yesterday was observed at the Feast of Epiphany and services were held at the Church of Our Lady of Snows. Many places of business were closed, and a holiday spirit prevailed.

CONSTANTINOPLE PANIC-STRICKEN

Turks Aware That Dardanelles Once Forced Capital Will Surely Fall

London, January 2.—The correspondent of the Express in Athens reports that a state of panic exists in Constantinople and that the Turks have abandoned all idea of taking the offensive.

"The Holy Relics," the despatch continues, "have been removed to Brusa, Asia Minor, whither the Sultan and the Porte are preparing to follow. All available forces, about 150,000 men, are concentrated in the city.

"Adrianople has been practically evacuated and the heavy guns there removed to Tchatalja, which is near the Turkish capital. Frontized trenching is in progress along the shores of the Dardanelles and the Bosphorus, and heavy preparations are being made to resist the passage of a hostile fleet.

"The attack on Egypt has been definitely abandoned and the troops have been recalled to defend the Asiatic side of the straits and Brusa.

"Everything points to Constantinople being the first enemy's capital to fall."

### FARMER'S WIFE ALMOST A WRECK

#### Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story.

London, Ont.—"I am a farmer's wife and a very busy woman. Last summer I was taken with severe pains in my back so bad that I could not get up or scarcely move without pain, and my periods were painful. My husband called in a good doctor and I was under his care for some time, but he did me little or no good.

One day a friend of mine told me to try Lydia E. Pinkham's Vegetable Compound as she had been greatly helped by it. I began taking it and soon got well, and my periods became natural again. Since then I have had perfect health. In fact I have never felt so well in my life. Lydia E. Pinkham's Vegetable Compound is a medicine many women need. If you think this letter will help other women please publish it."—Mrs. K. C. Young, Farming's Corner, London, Ontario, Canada.

Women who suffer from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

#### UPPER CHARLO

The school concert which was held in Upper Charlo Hall on the evening of the 21st inst., under the management of our popular teacher, Miss Roy was a decided success.

The programme was very well carried out. A special feature of the entertainment was an interesting drama of three acts "Just for fun". This with a pretty butterfly drill composed of eight little girls, and a number of songs, recitations, dialogues and tableaux, held the attention of the audience during the evening. After a short address by Rev. Fr. Robichaud, the performance closed by singing "It's a long, long way to Tipperary" and "God save the King."

How could the man who never lets the grass grow under his feet make hay while the sun shines?

A couple of sleigh loads of Shigawake's young people attended the carnival here on New Year's night.

Rev. J. M. Sutherland occupied the pulpit in New Richmond on Sunday.

Most of our volunteers returned to St. John on Thursday. Unfortunately the Red Cross Branch did not manage to give the boys caps, mitts, etc., while here, but on Monday of this week parcels containing soldier comforts were given to those still here, and sent to the ones who left last week.

Just why New Year's Eve skating at the rink should be advertised as a Carnival is a puzzle. Some people, not knowing of the tax management, thought they must go in costume, so as to have a whole evening's skating, think that without costume they would only be allowed to skate a short while.

On going there they found everybody paid a quarter—unless a few children—to get in, and everybody skated. No privileges were given to those who went to the trouble as well as expense to get up a costume to help make the Carnival a success. Such a thing as a prize was never mentioned. There is certainly no advantage in going to a carnival like the one described, and why pay a quarter for an ordinary evening's skate? The ice was good and so far this season has been good, but why that quarter?

Miss Hall, who has been spending the holiday season in Port Daniel, returned on Saturday.

Miss Gweldolyn Hamilton returned to Montreal on Saturday where she is teaching.

#### NEWPORT

Miss Yvette Jessop, who has been attending the St. Adelaide de Pabos Convent, arrived on the 24th, to spend Christmas with her parents, Mr. and Mrs. James Jessop.

Mr. R. H. Wetmore, representing Webster Smith & Co., Halifax, N. S., was in town lately.

Mr. Emile Lesque of Pasphebiac was in town on the 1st.

Miss Muriel Jessop left Monday last for Gaspe, where she has accepted a position with the G. N. W. Tel. Co.

On New Year's evening a number of young people were entertained at the home of Mr. and Mrs. Elias LeMarquand, where a very enjoyable time was spent.

Mr. Jack Jessop of Chandler is spending a week at his home here.

Mrs. W. J. Baker of Chandler was in town Sunday visiting relatives.

Little Miss Irene and Master Harold Baker of Chandler were in town a few days, the guests of Masters Willie and Clifton Jessop.

The first carnival of this season will take place at the Newport skating rink on Tuesday the 5th Jan.

#### GASCON

The weather has turned much colder, and the snow that has recently fallen has made very good roads.

Mr. and Mrs. P. N. Sweetman spent New Year's day with Mrs. Acteson.

Miss Annie Chapados is spending her holidays with her parents.

Miss Maida Acteson returned home on Friday, after spending an enjoyable visit in Port Daniel.

Miss Bernice LeBlanc is visiting friends in St. Godfroi.

Mr. and Mrs. Jandron spent New Year's Day in Port Daniel.

Leslie Acteson, who has been suffering from a broken ankle, is improving very slowly.

Mr. Cote was here on a pleasure trip last week.

Mr. Jerry Dea spent some time in Gascon on Sunday.

Misses Nellie and Maida Sullivan of Port Daniel spent Sunday here. Also Mr. and Mrs. McPhee.

The old saying that "all's fair in love and war" was never accepted as true by civilized people. In love it was held true by the cavemen and in war by the Huns.

Look Mother! if tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

#### BONAVENTURE COUNTY MAKES GOOD SHOWING

Generous Contributions to Patriotic Fund From All Sections of County

The Patriotic fund collections for the County of Bonaventure are being received by the Treasurer, R. H. Montgomery, Esq., and show a very generous response to this worthy object.

The Treasurer has been untiring in his efforts to make a good showing, and he and those associated with him are to be congratulated upon their success.

Besides the amount here acknowledged, several other amounts have been sent in direct to the fund, so that they do not appear to the credit. These amounts were something over one thousand dollars, the Graphic understands.

An effort is being made to have a total of \$6,000 from the county.

BATHURST'S CONTRIBUTIONS TO PATRIOTIC FUND

(From the Gloucester Northern Light) Mr. E. P. Mackay, Treasurer of the local branch of the National Patriotic Fund has sent in to Ottawa already the sum of \$1291.75, which was raised by the following agencies:— Masonic Hall Dance, Geo. Gilbert and others, Committee 54.65 Ever Onward Division S. of T. 22.80 Employees Carquet & G. S. Ry. one day's pay 82.25 Employees Northern Dredging & Cons. Co. 90.50 Employees Bathurst Lumber Co. 814.40 Amusement Palace, proceeds one night's show 58.00 Whist Party in Court House 134.15 Freeman Goodwin's employes 15.00 Opening night of rink 20.00 In addition to the above amounts, the subscription to the Ball family amounted to 66.50. The Belgian Relief funds collected in Bathurst totalled the sum of \$1426.63, made up as follows:— Pie Social in Masonic Hall 206.13 Collection at Sacred Heart Church 280.00 Collection at Holy Family Church 250.00 Subscription for 250 bags of flour 690.50 For these unfortunate people, a large and valuable collection of clothing was made through the different churches, a total of 15 large cases being shipped out. The Red Cross Society has also raised a large amount of money and material, the largest cash collection being for the Hospital Ship, which amounted to \$587.10. The collections made and fees paid to the local branch of the Red Cross Society would probably be in the vicinity of \$200.00, so that for Red Cross purposes the people of Bathurst have contributed about \$700.00. All these contributions taken together, make a total of \$3521.98, in cash, and the 15 cases of clothing and one car of lumber, contributed by the Bathurst Lumber Co. for the Belgian Relief fund besides. For a town the size of Bathurst, whose population was placed at less than one thousand in the last census return, this is a most satisfactory contribution, and shows in a very practical way that the people of the town lack neither loyalty to the Empire, nor charity for the poor and oppressed. It shows, moreover, that our people are not afraid of the hard times that the war was expected to bring, but that they cheerfully gave of their substance and their time without fear of what the future held in store.

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money. We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Rexall Olive Oil Emulsion. It is the best remedy when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscles, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00. Weeds! which was revised and enlarged in 1909. This further revision and extension contains 180 odd half-tone illustrations of weeds and weed seeds. Among other matters, it treats of the condition of seed grain actually been used by Canadian farmers and the distribution of weed-seeds by commercial seed dealers, soil feeds and screenings from terminal elevators.

FIRE DESTROYS PRESBYTERIAN CHURCH

Historic Building a Prey to the Flames on Sunday Night (From the Gloucester Northern Light) The Presbyterian congregation of Bathurst suffered a severe loss on Sunday night, when their quaint little church, which has for 74 years sheltered the different generations of worshippers, was totally destroyed with all its contents in a fierce fire that broke out about ten o'clock. The regular services had been held throughout the day as usual, and during the evening service a slight odour of smoke was discernible, but a close examination of the basement failed to show any trace of fire, so it was concluded that the smoke was caused by a draft when the furnace door was open. About ten o'clock flames burst out from the front of the building in the steeple, and an alarm was immediately sounded, but before any attempt could be made at saving the contents of the church, the whole building was a raging furnace. It was a cold, still night, and the burning building made a magnificent sight on the top of the hill, with the sparks flying high in the air and falling harmlessly on the snow covered roofs of the other buildings in the Village. It was nearly an hour before a steady stream of water was available at the scene of the blaze, as things seemed to work badly for the firemen, although the engine was out and on its way across the bridge in a very few minutes after the alarm was given. The long delay in getting water was caused mainly by several breaks in the 1700 ft. stretch of hose, which were probably caused by the excessive pressure from the engine and the height the water had to be pumped. The pressure gauge on the engine became frozen soon after the engine started work, and made matters very difficult for the men in charge. The many citizens at the scene of the fire, who threw snow on the barn belonging to the J. H. Dunn Hospital nearby and the Manse about 100 yds. away, probably saved these buildings from damage by the great heat of the burning building. When water at length arrived, the church building was nothing but a pile of red-hot coals, and danger to the surrounding buildings was past. A half-hour work by the firemen drowned out what was left of the fire and made things secure for the night. The loss of the church, while not a heavy one financially, will be deeply felt by the Presbyterian congregation, for found it had gathered the sacred associations of 74 years. Built in 1839 by James Willis, grandfather of Mr. A. E. Ferguson of Youghall, it was one of the oldest sacred edifices in the Province. The first settled minister of the congregation was Rev. Geo. MacDonnell, who was sent to Bathurst by the Colonial Committee of the Church of Scotland in August 1840. Since this beginning there have been eleven occupants of the pulpit, the present one, Rev. W. McN. Matthews, being inducted on May 23, 1911. The first session was constituted on June 30, 1841, the first elders appointed being John Fraser, Wm. Napier, Archibald Ferguson and Samuel Brown. The first Board of Trustees was elected at a congregational meeting on June 2, 1841, and was composed of Hugh Munro, Francis Ferguson, Wm. Napier, Wm. Blanchard, John Fraser, Benjamin Adams, John Miller, Robert Gordon, John Chalmers, Samuel Gordon, Alexander Anderson and Archibald Ferguson—all men who took a prominent part in the affairs of this section at that time. There was insurance to the amount of about \$2000.00 on the burned building.

LOCAL DRUGGIST SAYS: "TAKE ONLY ONE"

We want to tell those in Campbellton suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves your stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-I-ka. A. McC. McDonald, Druggist.

ADVANCES BEING MADE BY WOMEN

By Professor L. E. Horning, B.A., Ph.D., Victoria College Professor Horning tells what the women of Canada, United States and England are doing to advance themselves and of what interests are at work to help or oppose them. This article the first of a series is not partisan but merely an expose of the progress of Womankind at the present day. Ever since the world began, or at any rate ever since man appeared upon it, one type has been constantly recurring in every land, under every sky—the hepecked husband—the slipshod hero, as those disturbing Germans call him. Not that the victim is worried about it. But the fact remains and facts are stubborn things. Woman is a word that, like so many English words hides its story under its modern form. The old word wif, the German, das weif, was a word of neuter gender, like horse and sheep, clearly showing how our ancestral lords of creation looked upon the mate, as a part of their goods and chattels. But gradually the woman rose in the scale and Tacitus tells how the old Germans, of which stock we come, looked upon the women as having something in her of the divine. Then it was that wif was reserved for the one relation, and wif with man added showed that she was raised to his ranking. The term weapened-man was used to distinguish him from the wif-man. In the etymological history of the word is revealed the history of the woman's cause. The word calls up to our minds a vision of married life and all its duties. The status of woman in that life has been one of gradual evolution and many disabilities still cling around her, especially in the older lands of Western Europe. In the United States the tendency has been, perhaps, to go to the other extreme in these matters, and the license of some divorce courts shocks the senses of even Radicals among the male well-wishers of the woman cause. But the woman's movement is not limited to this one phase of the question. It is a struggle for recognition of rights, inherent in the woman as one of the race, of the right to equality of opportunity and of equal rights everywhere, irrespective of sex. As one of the four great human conflicts, it seems to be the one, along with the race question, pressing for an early solution. We have grown tolerant in religious matters and questions of rank or class do not worry us much in this New World, however great a part they play in Europe. Therefore it seems imperative upon every citizen, upon all persons irrespective of sex, to be getting ready to help settle the matter rightly. In no other way but by the resultant wisdom of all can political questions be rightly decided in a democracy. The German Emperor may tell his army officers that they must not take the lady's arm in public, but—well, Canada is not Germany in that nor in any other matters. It would be very interesting to go through the whole history of the gradual growth of the movement, everywhere and for a long time the woman acquired status through the husband. Her property became his and because a widow's property was often a disturbing factor in the husband's family the Indian Suttet grew up. The widow's death solved a knotty problem. After the introduction of Christianity into the Roman Empire, the status of woman gradually improved—indeed, the later emperors were very tolerant, too much so to please the Church itself and canon law was made stricter. Today in regard to this question as with many others. The church preserves a very conservative attitude. Both in England and the United States women have occupied and do yet occupy positions as recognized ministers of the gospel but these cases are so rare that they may still be called anomalies. The woman with her quick intuitions and her innate perceptions of truth and morality might easily do as great good as the many unprogressive ministers now filling the pulpits of every church. In England we can trail the development from the days of wife-purchase through the severe laws against second marriage, and those against witchcraft and adultery down to the present comparative freedom. Long before King Alfred we note the advanced step of Ine's law, allowing the widow her third of the husband's property. Today adultery alone is not a cause of divorce for the wife, there must be desertion or cruelty or something additional. What curious relics of ancientness cling to our laws! In one way the woman is less fortunate than she was years ago. In criminal cases, when man and wife are concerned, there used to be an assumption of total innocence on the part of the woman; today there is the tendency to treat them alike. It was in the nineteenth century that rapid development took place. Education had been making advances from the beginning of the common schools, in the latter part of the eighteenth century and it was inevitable that women should be included. After the first reform bill. This movement for the improvement of the lot of women can be traced in many directions. The factory acts show it, legal protection was extended and in various ways conditions were improved. Frederic Den-

ICE RACING The local sportsmen are looking forward to a splendid time tomorrow, when some interesting racing will be seen on the ice on the river. Good fields have entered for the various events, and everything has been done to put the track in good condition. Should the weather conditions hold, splendid times should be made in the various heats.

CAPLIN RIVER On New Year's evening quite a number of young people drove down from Black Cape, and gathered at the home of Mr. and Mrs. Eubulus Kerr's, where a most enjoyable time was put in by all present. Mr. Ross, commercial traveller, who has been here since New Year day, left on Monday morning for Gaspe. Mr. Clifton McLellan left on New Year's day on a visit to Chandler. Mr. and Mrs. Alexander Willett of Grand Cascapedia were the guests of Mr. and Mrs. Malcolm McLellan. Rev. Wm. McLeod conducted service here on Sunday morning and in the evening at 7 o'clock, and held another meeting on Monday evening.

An old aged Scotch woman was famous for speaking kindly. No sheep was so dark but she could discover some white spot to point out to those who could see only blackness. One day a gossiping neighbor lost patience with her and said angrily: "Wumman, ye'll hae a guide word to say for the deevil himself!" "Well, he's a very industrious body!"

GENERAL SAM HUGHES

Why is Germany Buying White Cotton?

Here is a poser- The reason is apparent, however, and here it is. You know General Samuel Hughes says he is going to the front himself, and when Kaiser Bill heard this he did not think for a minute of guns and bayonets for defensive purposes, but took care to see that his "surrender" signs were in good shape in order that he could give in without delay. He found his supply of white flags was low so immediately booked a huge order for white cotton.

"Everybody's shoeing me" says Bill, "so what's the use" "SHOO THE KAISER" is the game of the hour, and unless you are playing it you are missing a great deal of fun.

During the first week of the sale in the Eastern Townships no less than five hundred joined in the national game. During the coming week this number will be trebled. Will you be one?

Fill in the coupon appearing in this issue, send it to the Graphic with forty cents and the game will be sent to your address postpaid.

BLACK CAPE

Miss Hilda Gallan returned on Monday from spending her holidays at her home in New Carlisle, and to take up her duties as teacher this morning in school No. 1.

Mr. Gordon Dewar has returned to Campbellton to take up his duties with Dr. Mann, after spending his holidays at his home here.

Miss Bessie Montgomery took up her duties this morning as teacher in school No. 3.

Mr. and Mrs. John Campbell have returned to their home in Bonaventure River, after spending a few days in Black Cape with relatives.

Miss Chisholm and Miss Smollet of New Carlisle spent Sunday the guests of Mrs. Edw. Steale.

Mr. Sydney McLellan returned last week from Pembroke, Ont., and will remain here for the winter.

Mr. Stanley Henderson and Mr. George Steele left on Monday to take up their duties at Montserrat, after spending Christmas and New Year in Black Cape. We stated in last week's notes that they had returned to Montserrat, but we must say that this was a mistake of our correspondent.

Rev. Wm. McLeod, formerly of New Carlisle is holding services here this week in the Presbyterian church. Mrs. Thomas Steele of Edmonton, Alberta, is visiting relatives here for

a few weeks. Mr. Ernest Burton left on Tuesday for his home in Chandler, after a visit in New Richmond and Black Cape.

Mr. Fred Belanger has returned to his home in Campbellton, after spending Christmas in Black Cape with his brother Ernest.

Out in Oregon a chauffeur named Hellwagon has asked the court to change his name, and yet some would think it seems especially appropriate.

New Glasgow News: The firemen of Sydney made a very unpopular move at a fire in the business section of the town when they turned the hose on a large number of spectators, including many of the Iron City's most prominent people. These worthies were properly drenched with the thermometer well down blow zero. Naturally those drenched are very indignant and demand a civic investigation. The reason for the action by the firemen is said to be on account of someone in the crowd laughing at one of the firemen who slipped and fell on the ice.

"Kaiser still has his Eyes towards God," says a headline. No doubt; and there are a good many of us who sincerely trust that his Toes may soon be pushing up through the daises in a Heavenward direction too.

REV. H. E. THOMAS HAS VOLUNTEERED

St. John Telegraph:—Still another St. John pastor has offered his services as chaplain to the Canadian expeditionary forces. This is Rev. H. E. Thomas, of the Carleton Methodist church. He sent in his application to the second contingent some time ago, thinking to get a post as chaplain to the second contingent, but was apparently too late for that. His offer, however, holds good for any other contingent, and Mr. Thomas, when spoken to on the subject last night, said that he was ready to go at any time that his services were needed by king and country. A brother of Mrs. Thomas is already on Salisbury Plain. Rev. Mr. Thomas is well known in the city and the province as an advocate of temperance, and latterly has been actively engaged in promoting that work among the men of the 26th battalion. He has been in St. John for some years and was formerly in Charlottetown.

BERLIN HAS THE MISERIES

Berlin, Jan. 1, via The Hague and London.—Berlin last night at the press-ing of the old-year showed strikingly for the first time since the outbreak of the war that the life of the city is not proceeding in its normal chan-

nel. The customary celebration to welcome the advent of the new year were almost entirely lacking.

A fact that struck observers of the night's doings was that comparatively few men were present. Formerly the police were very busy on New Year's eve, but last night they virtually had nothing to do. That the thoughts of the people were with their dead on the battlefield was unmistakable. All the amusement places in Berlin, even those with all-night licenses, were closed at one o'clock.

GERMAN SPY AT GIBRALTAR

Tried to Enter Fortress Disguised as A Moor

Seville, Spain, Dec. 30.—Reports appear in the press of a daring attempt made by a German to enter Gibraltar disguised as a Moor.

He arrived at Algeciras in a train from Madrid on Wednesday night, wearing European dress. The suspicion of the Spanish authorities was aroused by his appearance on Thursday morning in Moorish costume and speaking Arabic.

He was arrested, and on examination proved to be the bearer of compromising documents in German.
