### CHARLOTTE COUNTY. GRAND JURY REPORT.

GRAND JURY ROOM, APRIL SESSION,  
9th April, 1866.  
William Whitlock, Esq., Foreman.  
Thos. Turner O'Dell, Secretary.  
Edward Phassant, John Gregg, Charles  
Stevenson, Robert Purvis, James Smith,  
Jesse Prescott, James Kennedy, James Mc-  
Cully, Isaac Pratt, Sargent Melaney, John  
King, Chas. Johnson, Walter Calder, John  
Haney, Chas. Kennedy, James Jackson,  
William Boyd, Duncan Dwyer, Miles S.  
Hannah, Thomas Black, James Maxwell.

The Grand Jury beg to make the follow-  
ing general Presentment:—

The Jury have visited the County Jail  
and find it in very good order, generally,  
with the exception of the Debtor's room, at  
present occupied, which we recommend  
should be scrubbed.

The Jury recommend that six single iron  
bedsteads be provided for the Debtor's  
rooms, and that two more Cells be lathed  
and plastered; also, that the high fence  
around the Jail premises be reduced to five  
feet in height, and that the boards saved  
after such alteration be appropriated to build  
a fence from the west corner of said premises  
to Frederick street, for the protection of  
trees to be planted in such enclosure.

The Jury have examined the Court House  
and recommend that the shingles on the roof  
be examined and repaired, where necessary  
requires; also, the steps at the entrance of  
the building.

The Jury would recommend that some-  
thing be done to render the Court Room a  
more agreeable place to sit in than it is at  
present, and would suggest that a ventilator  
be opened in the centre of the building, and  
also, that the wood work in the room be  
cleaned and painted.

The Jury present the Lot on the corner of  
King and Water streets, owned by Michael  
Pauls, where his two buildings were burned  
some time since—the cellars lying open are  
dangerous to passengers, and consequently a  
nuisance. The Jury further recommend,  
that Mr. Pauls be required forthwith to en-  
close said lot with a decent fence.

The Jury have examined the County and  
Parish accounts, and report as follows:—

The County Treasurer's account with the  
County is made up in his usual clear and  
judicious manner, and is very satisfactory.

#### PARISH OF ST. ANDREWS.

The accounts generally are very correct.  
The accounts from the Commissioners of  
the Poor are very satisfactory, with the ex-  
ception of an account from John Lochary,  
which is deficient in vouchers.

We observe in the account from the Col-  
lector of Rates, an error of ten shillings in  
amount charged paid appraisers, and also  
eight per cent. charged for collection instead  
of seven per cent. allowed by law; and  
would strongly recommend that the Collector  
be more alert in collecting the Taxes early  
in the season, as losses occur by the business  
being delayed.

We beg further to state, that we have ex-  
amined the Collector's list of Dog Taxes,  
showing collection from thirty-nine owners  
of dogs, and seven others not collected, but  
in suit; and upon enquiry we find that there  
are other persons owning dogs which have  
not been accounted for, a list of which we  
have annexed to the Collector's account, and  
request that they be immediately called upon  
for payment.

#### PARISH OF ST. STEPHEN.

The Accounts we find correct with the ex-  
ception of J. W. Moore's account as Collector  
for the lower district, where he charges eight  
per cent. for collecting Taxes, instead of se-  
ven, as per regulation.

#### PARISH OF ST. JAMES.

No returns from this Parish, with the ex-  
ception of the Commissioner of Roads, which  
are correct.

#### PARISH OF ST. DAVID.

The Accounts from this Parish are correct,  
with the following exceptions—we find charges  
in Harris Connick's account, as an Over-  
seer of the Poor, where he charges for his  
own services, and although those Accounts  
passed the Parish Meeting as satisfactory, yet  
it does not appear to the Jury that those ser-  
vices have been performed by said Con-  
nick. We therefore recommend that \$6.00  
be struck off Mr. Connick's Account and 15s.  
from J. Irvine's.

#### PARISH OF ST. PATRICK.

We find the Accounts from this Parish  
correct, with the following exception:—  
There are no returns from three Survey-  
ors of Roads to the Commissioners in Dis-  
trict No. 2, for which we consider the Com-  
missioner is responsible.

The Collector of Rates also charges eight  
per cent. for collecting Taxes, instead of se-  
ven as per regulation.

#### PARISH OF ST. GEORGE.

We find the Accounts from this Parish

# The Standard, OR RAILWAY AND COMMERCIAL RECORD.

No 18] SAINT ANDREWS, N. B., WEDNESDAY, APRIL 30, 1866. [Vol. 23

correct, except a charge by the Assessors of  
Rates, 21 per cent., instead of 2 per cent.,  
and an overcharge in the Collector of Taxes  
Account of one per cent. for his services as  
Collector of Rates.

#### PARISH OF PENNFIELD.

All the accounts are correct, except an  
overcharge by the Collector of Rates of one  
per cent.

#### WEST ISLES.

Overseers of Poor Accounts satisfactory.  
The Collector of Rates charges for his ser-  
vices ten per cent., instead of seven, making  
an overcharge of three per cent.

The Accounts from the Commissioners of  
Highways are unsatisfactory, there being no  
returns from Wm. Conley, one of their body,  
and no prosecution of delinquents by Stephen  
Fountain.

#### GRAND MANAN.

The Road returns are all correct from  
this Parish except eight per cent. charged by  
the Collector of Rates instead of seven per  
cent.

#### PARISH OF CAMPOBELLO.

The Accounts from this Parish are all cor-  
rect and satisfactory.

The Grand Jury recommend that \$450  
be assessed on the County for County Rates  
for 1866, in the event of no Licenses being  
granted for the sale of liquors. In case the  
Liquor Law should be repealed the assess-  
ment for County Tax to be less the amount  
received for License; and in the event of  
License being granted for the sale of liquors,  
we would recommend that a suitable person  
be appointed to protect persons licensed, and  
to guard against any infringement of the  
License Law.

The Grand Jury cannot recommend the  
embodiment of a Police Force, under the  
present peaceable aspect of the County, as  
we consider it would entail an unnecessary  
expense.

All which is respectfully submitted,  
W. WHITLOCK, Foreman.

#### Sad Picture of a once Beautiful and Happy Female.

The Mrs. Howard, to whom we alluded in  
our last, was re-arrested yesterday morning  
only a short time after her discharge from  
the watch-house. She was found by a police-  
man in a stable, of course grossly intoxica-  
ted. After having been taken before Jus-  
tice Davis, she was sentenced to the Peniten-  
tiary for thirty days as a vagrant.

The history of this unfortunate creature is  
a melancholy one. Some may censure,  
but we are disposed to pity her. Less than  
a year ago she was living in New York with  
her husband, who held a position of honor  
and trust in one of the large mercantile houses  
in that city. She was admired for her  
beauty and intelligence, moved in an exalted  
sphere, and was surrounded by friends and  
relatives, who respected her. Last fall  
her husband was sent upon a collecting tour  
and she accompanied him. On their way  
hither, the husband fell in with a company  
of "confidence" or "patent safe" men, and  
was induced to join in their nefarious busi-  
ness.

In this city his guilt became known. He  
was arrested, convicted, and sentenced to the  
State Prison at Auburn for a term of years,  
where he now remains. This fact becoming  
known to her family and friends, they at  
once disowned her, leaving her alone in the  
world, and surrounded by the disgrace which  
her husband had brought upon her. In her  
desperation she resorted to the wine cup,  
and is now a poor dissolute drunken wretch, fit  
only for pity and compassion. Her trunks,  
which were filled with fine clothing, and other  
articles, are detained at a hotel as a secu-  
rity for the payment of bills contracted by her  
husband. Her jewelry was long since left at a  
pawnbroker's and she is without friends,  
without a home, without money, without  
everything that once was hers. Lost, lost,  
lost!

But she will not have lived in vain if her  
sad fate shall cause any one who may be  
tempted to imitate her course, to curb their  
desperation, and to restrain themselves from  
evil. Such a shipwreck as hers can only be  
meant for some wise purpose. If its moral is  
not observed, then indeed, is it three times  
terrible.

### Provincial Parliament.

#### LEGISLATIVE SUMMARY.

FREDERICTON, April 21.

A Bill introduced by Mr. Gray relative  
to Promissory Notes, caused a long dis-  
cussion, and finally postponed for three  
months.

The House was engaged for some time in  
consideration of granting Supplies. Several  
School grants were rejected. The motion to  
give the usual amount to the New Brun-  
swick and Nova Scotia Land Company, was  
followed by a sharp and protracted discus-  
sion. The speeches of Messrs. Ryan and  
Macpherson were characterized with much  
warmth, and at one period a duel was ap-  
prehended! The motion was finally reject-  
ed.

The Bill to abolish the grant to King's  
College was again taken up. Mr. Cullen  
supported the Bill, and urged the reasons  
why the cause of Education was in such a  
backward state throughout the Province. —  
Mr. Street opposed the Bill, and contended  
that its passing would be an eternal disgrace  
to the Province. The Bill was further op-  
posed by Messrs. Macpherson and Gray, and  
supported by the Speaker. Progress was  
reported. The Bill is to be taken up again  
after the reading of the Journals to-morrow.

Hon. Mr. Fisher introduced a Bill relating  
to the collection of the Revenue.

The Session is not expected to terminate  
until the 1st of May.

#### APRIL 22.

The Bill to abolish the grant to King's  
College was taken up this morning, and pas-  
sed after an animated discussion. The mo-  
tion to postpone for three months being lost  
by the following division:—YEs—Fisher,  
Tilley, Brown, Gray, Street, Montgomery,  
Macpherson, Allen, Hatheway, Wilcox, Mc-  
Naughton, Kerr, Boyd—18. Nays—Con-

A. Harding, McPhelim, Lunt, Gilmer, Fer-  
rie, McAdam, Tibbitts, L. R. Harding, Ry-  
an, Purdy, Cullen, Botsford, Landry, Sutton,  
Speaker, Sleadman—21.

Mr. McPhelim's Resolution respecting a  
dissolution of the House was taken up and  
occupied most of the afternoon. Several  
speeches were made, and the resolution was  
rejected by the following division:—YEs—  
McPhelim, Sutton, McNaughton, Macpherson,  
End, Gray, Botsford, Allen, Godard,  
J. A. Harding, Street—11. Nays—Wil-  
cox, Hayward, Armstrong, Tilley, Stevens,  
Sleadman, Johnson, Tibbitts, Ryan, Purdy,  
Boyd, Gilbert, Fisher, Hatheway, McLeod,  
Smith, Montgomery, Gilmer, M'Adam,  
Brown, Lunt, Connell, L. R. Harding, Wat-  
ters, Kerr, Landry, Cullen, Ferris, M'Cle-  
lan—29.

No other business transacted.  
House adjourned at 6 o'clock.

#### A STRIKING SIMILE!—THE HEAL- ING WATERS!

Our readers will doubtless remember the  
magic properties assigned the River Lethe  
in the Mythology of ancient Greece. In  
those darker ages superstition held predom-  
inant sway, and usurped the minds of men.  
Immersion in its waters was believed to cause  
forgetfulness of past and present woes—the  
afflicted mind and diseased body could alike  
throw off the trammels that bound them, and  
being thus no longer the slaves of mental or  
bodily enthrallment, finished the rest of their  
days with indifference to the past, and unal-  
loyed anticipation for the future.

But start not! attentive reader! when we  
tell you with less false, but far sterner fact,  
that we have a Lethe near our homes and  
hearths, whose waters not occasionally, but  
at all times flow in one continuous stream of  
healing beneficence.

Whether the affliction emanate from the  
deep-seated core of long neglected disease,  
or from the ravages of malignant epidemic,  
or again from long protracted habits of dissi-  
pation and vice, there is at hand, within the  
easy grasp of the poor sufferer, be he high or  
low, a remedy for his woes to which he can  
look for succour, as did the benighted "Is-  
raélite" upon the "Brazen Serpent" in the  
dreary Wilderness!

We allude, in the above remarks, to the  
vastly spread and mighty influence of the  
remedies which bear the name of the world-  
famed and renowned Professor Holloway.

Countless thousands of every tongue and  
clime, daily hymn his praises, as having  
lifted them from a bed of suffering and ser-  
row to new life and reanimated vigor!

Be the malady bidden in the inmost vitals  
of the human frame, or evinced by super-  
ficial sores, by sure, but gentle means,  
he eradicates the secret evil, and disperses to  
the winds the chronic venom that has for  
years defied the Physician's skill!

These are not idle words we utter, vision-  
ary imaginings of a fevered brain, but the  
real realities of long-trying practice and un-  
failing issues.

The suffrages of universal acclamation,  
stamp Holloway as the man, and his medi-

cines as the means that administer to the  
healing of the nation, from the "Orient" to  
the "Occidental" Sun!

The printer heralds from pole to pole,  
and leaves no all and each but a "trial's test"  
to wring from the unwilling lips of the skep-  
tic and doubter the universally allowed con-  
fession that "these things are so."—[Phila-  
delphia Sun.

#### THE BANGOR AND WATFETILLE RAIL- ROAD.

Whoever has noticed the freight  
which have been brought into the city the  
past winter over the Waterville road, must  
be satisfied that a great advantage has re-  
sulted to our citizens in the construction of  
this road, at least so far as the prices of flour,  
corn, pork and wood are concerned. The  
winter has been one of uncommon obstruction  
by the ice in New York harbor, as well as  
the Penobscot waters, and the ice obstruc-  
tions have kept back vessels having supplies,  
so much so, in some cases, as to cause the  
vessels to enter Portland harbor, and send on  
flour, &c. by railroad. The effect of the  
road has been to keep down, very materially  
the price of flour, from what it necessarily  
have otherwise been. This matter of bene-  
fit does not show itself directly and exclu-  
sively in the shape of dividends, but helps  
the whole community in the less price of the  
simple articles which they consume.—[Ban-  
gor Whig.

#### THE TABERNACLE CHURCH IN YARMOUTH, N. S.

caught fire on Sunday the 13th inst., but the  
flames were soon extinguished. Five or six  
pews, with the space of floor which they  
covered, were entirely destroyed, and sev-  
eral others, as well as one of the pillars sup-  
porting the roof, much injured. The paint-  
ing of the interior of the building was  
ruined by the smoke and heat. The damage  
has been variously estimated at from  
\$150 to \$250, which is covered by insur-  
ance. The fire is supposed to have origi-  
nated from the pipe of one of the furnaces  
under the floor by which the Church is  
warmed.

#### THE HALLIX CHRONICLE, IN SPEAKING OF THE NEW PRESIDENT OF THE LEGISLATIVE COUNCIL—

the successor of the Hon. Michael Tobin—  
says:—"The Hon. Edward Kenney, is emi-  
nently a self-made man, having landed in  
Halifax some thirty six years ago, from  
Ireland, and like many of his countrymen  
who have sought their fortunes in the West-  
ern world, has worked his way up to his  
present honourable position, by untiring  
industry and stern integrity."

#### CONVERSIONS.—

Three clergymen, all men  
of disputation in Sussex, have been received  
into the church within the last few weeks—  
The value of the living which one of them  
has resigned is about £1,000 a year. It is  
rumoured in London that the Dowager  
Duchess of Argyll has embraced the Catho-  
lic faith. If this be so, she will be the third  
Scottish Duchess who has renounced Pro-  
testantism and embraced the Catholic faith  
within the last year or two. It is only three  
months ago that the Duchess of Buccleuch  
was received at the Catholic chapel, Farm-  
street.—[Register.

It is announced in  
the London Morning Herald, that Major  
Dowbiggin, formerly Captain Dowbiggin, of  
the 4th Regiment, is en route to England  
from the Crimea, having been promoted. It  
is therefore evident, that the authorities have  
not forgotten to take care of the War Secre-  
tary's nephew.

wishing to continue their subscriptions.

If Subscribers order the discontinuance  
of their papers, the publisher may continue  
to send them till all arrangements are paid.

If Subscribers neglect or refuse to take  
their papers from the office to which they

they have settled their Bill, and ordered  
their papers to be discontinued.

If Subscribers remove to other places

paper is sent to the former direction, they  
are held responsible.

#### Will you have me, Maria?

"Will you have me, Maria?" said a  
young lad to a modest girl. "No, David,"  
said she, "but you may have me, if you will."

A grave-digger once objected to pay for his  
newspaper, on the ground that he meant to  
work it out in professional services for the  
editor and his family.

What is stronger in death than life? An  
old yellow-legged hen. If you don't believe  
it, try to dissect one after boiling.

Let you be ever so pure, you cannot as-  
sociate with bad companions without falling  
into bad odor. Evil company is like tobacco

#### Fearful Mortality in Southern Russia.

A correspondent of the Austrian Gazette  
states—and the report is confirmed by simi-  
lar statements in other German papers—that  
typhus fever is making terrible havoc in  
Southern Russia. Among the troops and mi-  
litia stationed at Odessa and its vicinity it  
rages with frightful mortality and is spreading  
among the population to such an extent that  
all the hospitals and many private dwellings  
are filled with the sick, of whom a vast num-  
ber die daily. More than twenty thousand  
soldiers are in the hospitals, and thousands  
have already died. Among the victims there  
were in one week twelve army surgeons and  
four physicians, of whom two were Ameri-  
cans, who had made preparations to return  
home. In the city proper, some fifteen hun-  
dred families are plunged into the deepest  
poverty, and committees have been appointed  
to supply them with food, clothing and  
fuel; even among the better classes a great  
distress prevails, and the desire for peace is  
universal. Not only Odessa, but all southern  
Russia, in the vicinity of the seat of war,  
is decimated by this frightful scourge. Bak-  
ushiserai, Simpheropol, Cherson, and particu-  
larly, Nicolaeff, almost depopulated. Bes-  
saratia is likewise threatened with a visitation  
of the disease. The number of victims up  
to the latest dates was estimated at not less  
than 100,000.

#### IMPORTANT FROM TORONTO.

The following important intelligence has  
been received by telegraph from Toronto—  
Quebec Morning Chronicle.

The Inspector General has made his Fi-  
nancial statement.

In consequence of the Grand Trunk Rail-  
way Company failing to pay January and  
July interest on Debentures, and prospective  
Provincial liabilities on the Municipal Loan  
Fund Debentures, he proposes an increase of  
the tariff of twenty-five per cent.

"The surplus revenue of last year was on-  
ly twenty thousand pounds."

Private telegraphic information from the  
Editorial Correspondent of that journal at  
Toronto, leads the Montreal "Gazette" to  
believe that the country need not be under  
any apprehension as to the course which the  
Government will pursue in relation to the  
Grand Trunk. It is stated, confidently that  
they scout Mr. Brassey's propositions. Our  
contemporary further learns the not unim-  
portant fact, that there is on hand sufficient  
of the \$900,000 loan to finish the road from  
St. Thomas to Stratford in the time promised.  
If further aid is asked, it will be for the com-  
pletion of the Victoria Bridge, and Western  
extension to London and Barns.

#### WHY COMMON SENSE IS RARE.

It is often  
said that no kind of sense is so rare as com-  
mon sense; and this is true, simply because  
common sense is attained by all far more,  
and as a natural gift far less, than most other  
traits of character. Common sense is the  
application of thought to common things, and  
it is rare, because most persons will not ex-  
ercise thought about common things. If  
some important affair occurs, people try then  
to think, but to very little purpose; because,  
not having exercised their powers on small  
things, their powers lack the development ne-  
cessary for great ones. Hence thoughtless  
people, when forced to act in an affair of im-  
portance, blunder through it with no more  
chance of doing as they should, than one  
would have of hitting a small or distant mark  
at a shooting match, if previous practice had  
not given him the power of hitting objects  
that are large and near.—Elements of Char-  
acter.

## European Intelligence.

### One Week Later from Europe.

The steamer Arabia arrived at Halifax at 1 o'clock on Wednesday morning, with Liverpool dates to the 11th inst. The Ericsson and Persia had arrived home.

The two British steamers Tartar and Desperate which were sent in search of the Pacific put into Galway. Capt. Dunlop, of the Tartar, sends a detailed report to the Admiralty that his search was principally directed to the space between the fiftieth and fifty-fifth degrees of North latitude, and tenth and twentieth of longitude. The two steamers searched separately; the Tartar having a strong south east gale in her favor, proceeded as far West as twenty-five long on the parallel of fifty-five. When out of the track of ships, guns were fired every two hours during the night, and a signal look out kept out during the day.

Unfortunately the search was totally unsuccessful. Nothing whatever was seen or heard of the "Pacific." At 15, 30 North lat, and 19, 30 West long, the Tartar passed many outward and homeward bound ships; spoke two; and Captain Dunlop is confident that the Pacific cannot be south of lat. 53, else she must have been fallen in with. On March 29th, the Tartar spoke the American ship Jacob Badger, from Calcutta for London, leaking badly; pumped her out, and sent a midshipman and eight men to navigate her into port. The Tartar has again put to sea to continue the search.

The Ericsson and Persia bring nothing of the Pacific.

The Conference.—The Paris Correspondent of the "Post" says, the telegraph is constantly employed on the Italian question between Rome, Naples, Vienna and Paris. Count Buol's propositions having been referred to those Courts; on the answers received, France and England will take decision.

The plenipotentiaries continue engaged in festivities. Ali Pacha was to give a grand ball in Christian style. A banquet by the Emperor to all the plenipotentiaries is appointed for the 12th.

The Paris authorities state, that a journal of the proceedings in Congress is to be published.

Le Nord believes that the exchange of the ratifications will be effected by the 20th.

The commission of the Austrian and Russian officers to rectify the Moldavian frontier are in Paris, awaiting orders. It is said that the Russian plenipotentiaries proposed that Count Buol, Ali Pacha, and M. Bourquigny should compose the commission to definitively arrange the Moldavian and Wallachian Governments, and persons who have not taken an active part in the Conference will be selected.

The Crimea.—Constantinople dates of March 31st, state that the Russian palace presently a French hospital, is being cleaned for the return of the Embassy.

The only news is the improved health of the French, both in the hospitals and the Crimea.

It is now said that Austria which has hitherto shown a reluctance to evacuate the Principalities has yielded to the remonstrance of Congress.

The Turkish Government expresses anxiety to be relieved of the presence of the allies, and says that it is quite able to maintain internal order and frontier defence without foreign troops. The Divan is employed in organizing permanent arrangements at important points of the Empire.

Lord Stratford will continue as Minister at Constantinople. Omar Pacha is restored to favor, and resumes command of the army of Anatolia.

Batavia.—A British order in Council, raises the blockade of the Russian ports, and permits the free resumption of commerce in all articles. A grand naval review by the Queen, of all the ships that were collected, is postponed till the 23d or 24th, by which time the expected treaty of peace will be signed.

The Crimean commission continues.—Lucan is on trial. Steamers are being fitted to bring home the army from the Crimea. Attention is active respecting the rapid communication with Australia.

France.—Expeditions against Madagascar and the Kabyles are decided; permission will be sought to send troops through Egypt to the former; and the latter will serve as the cause of the Emperor's visit to Algeria, although he will not himself command the army.

There is some speculation as to who shall be the Ministers to St. Petersburg. Marshal Vaillant is spoken of for France; also, Canrobert or Bosquet, and Gen. Marmora for Sarfian.

The "Monteur" contains the following, in consequence of unfavourable accounts from Paraguay relative to the treatment of emigrants. The French Government has suspended the granting of passports thereto, and colonists are recommended to await until the situation of foreigners there shall be placed under better regulation.

Spain.—Disturbances had occurred in Valencia respecting the conscription. The City and Province are placed under martial law.

Berlin.—Breadstuffs markets are generally declining.

Italy.—Sardinia.—Piedmontese corn markets generally lower.

Germany.—The Citizens Assembly of Hamburg have a third time rejected the new Constitution proposed by the Senate.

Denmark.—Copenhagen advices state that the English cabinet have officially notified

to the Danish Government their refusal to agree to capitalization of Sound Dues, and the determination of Great Britain to wait other and more acceptable propositions.—Russia and Oldenburg set the example a few weeks since.

The question of settlement makes no progress, and will probably stand over till the year's end, until it is seen what action the United States take.

Prussia.—Rumors of Ministerial changes continue.

Austria.—The Grand Council of Bishops will assemble in a few days to discuss the Concordat. The Council will represent twenty-nine millions of Catholics—Latin, Greek and Armenian. The principal object of the Council is to restore the Clerical Marriage Courts according to canon law, and to reorganize the whole body of the clergy on fundamental church principles. The Concordat abrogates the lower clergy's right of appeal from the Bishop to the Emperor. Hence, it is not popular with the inferior priesthood.

Russia.—The naval armistice was officially published at St. Petersburg April 7th. After ratification, all ships seized will be released.—Commercial relations are reestablished between the belligerent powers. Merchant vessels of the Western Powers may enter Russian ports. Liberty of free navigation is also granted to Russian ships.—A loan of fifty millions of roubles is talked of.

The energies of the Russian Government are said to be now devoted to three objects:—1st. An alliance with France. 2d. Completion of Great Railways. 3d. Manufacture of Russian feeling on the Continent, especially in Germany.

#### LEGISLATIVE SUMMARY.

FREDERICTON, April 23.

House sitting with closed doors this morning for nearly three hours. A warm discussion and nearly a combat on the floors of the House between Mr. Street and the Hon. A. J. Smith, arising out of the College question. Difficulties however, said to be amicably settled. College Bill sustained by a large majority on the third reading.

The Bill to amend the Act relating to Canterbury Street, passed in Committee.

House in Supply during the afternoon.—Resolution passed, limiting the speeches of members to five minutes time.

Large number of grants rejected. House not expected to get through with supply before Monday.

Many members expected to leave at the end of the week. Much anxiety to get through with business, but a great deal of time squandered in debate.

April 24th.

After preliminary business, House resolved into committee of the whole in consideration of Mr. Steadman's Bill to amend the Prohibitory Law.—Mr. Hatheway in the chair of the committee. Bill warmly opposed by anti-prohibitionists, and supported by those members who voted for the Prohibitory Law, with the exception of Messrs. Hayward and Wilton. Motion to postpone the Bill for three months, was carried by a vote of 19 to 16.

House in Supply. Usual grant to Lunatic Asylum was sustained, also to Penitentiary, together with an amount for additional buildings. Grants to several proposed superior Schools were rejected.

A motion to grant a sum of money to the Adjutant General of the Militia Forces, gave rise to a long discussion, which occupied the greater part of the afternoon. Motion finally carried by the casting vote of the chairman.

Mr. Kerr moved for leave to bring in a bill to amend the Act entitled "An Act establishing a Board of Health, in the City of St. John." Leave granted, and bill read a first time.

Mr. Street's Law Bill was sustained on the third reading.

In the afternoon the House was principally occupied with the discussion of a resolution introduced by Mr. Fisher, requiring the House to fix the Salary of the Auditor General; several members supported, and others opposed.

Mr. End moved an amendment that the Office be made political, and the incumbent have a seat in the House, the amendment rejected.—Yeas—Gray, Wilton, Kerr, McPherson, End, J. A. Harding, McNaughton, Stevens. The original resolution was sustained, and on motion of Mr. McPherson, the salary was fixed at £500 per annum.

Mr. Fisher introduced a bill relating to Militia. About 100 grants yet on Supply Book, to be disposed of.

After preliminary business this morning, a resolution that the Postmaster General be a political officer, and have a seat in the House, was proposed by Mr. McPherson; an amendment thereto, was moved by Mr. Kerr, that the office of Postmaster General be filled up by the Government with as little delay as possible. Several speeches were made, and resolution and amendment rejected by large majority.

### The Standard.

WEDNESDAY, APRIL 30, 1856.

#### ARRIVAL OF THE ARABIA.

The English news by the steamship Arabia, is of a cheering character. The labors of the Conference at Paris, have resulted in Peace being proclaimed. The French have received the intelligence with the most boisterous feelings of joy; while, in England, it is reported the people are not quite satisfied.

The difference in the feelings of the British and French is accounted for in various ways, according to the particular political bias of the parties. The former contends that Louis Napoleon has exhausted his resources, and that a continuance of hostilities would endanger the prestige he has acquired.—This can hardly be correct, as the Emperor Napoleon has shown himself a clever financier, and that he can raise an immense sum of money when required, without a resort to heavy taxation. Other reasons given, and with greater semblance of truth, are, that the business of the French nation is so deranged, and the popular clamor rises to such a pitch, that the Emperor is only too happy to have a peace concluded.

Old England, however, is not satisfied—and many of her sons would rather the war had continued a few months longer, that they might have an opportunity of giving Russia that severe dressing she so richly merited, and which England could so well bestow. Such were the feelings of the people, and to such an extent had they arrived, that the Ministry felt their weight, and insisted on conditions in the treaty, which her allies are reported to have thought hard.

The treaty had not been officially published; but peace has practically been established; the terms of which are published in the English papers. The following is the substance of that important document, which we copy from the Liverpool Journal:—

"The conditions are sufficiently hard on Russia; but more hurtful to her pride than her interest. The forts in the Crimea and on the Bug are to be abolished; she concedes a space in Bessarabia sufficient to prevent her interference with the Danube, and she abandons all claim to the special protection of the Christians in Turkey. Bessarabia is

not to be rebuilt; and the Euxine, the Sea of Azoff, and the Danube, are to be free to the mercantile navies of all nations. She, however, retains something: the forts on the Circassian side of the Black Sea are to be continued, and she is permitted to retain Nicolai for the purpose of building.

Keeping in repair ten ships as her property, of the number which each of the contracting parties are, if they wish, to keep for police purposes in the Euxine. Turkey is not to have more than ten, but she may keep as many as she likes in the Sea of Marmora, and the Baltic is equally free to the Czar for naval development. The Porte demanded compensation for the cost of the war, but this was refused.

We learn by Telegraph, that the St. Andrews & Quebec Railroad transfer Bill has passed the Legislature.

BYE ROAD APPROPRIATIONS.—We have received from James Boyd, Esq., M. P. P. a list of the Bye Road appropriations for this County, too late, however for publication this week. They will appear in our next number.

ST. ANDREWS NEWS ROOM.—We omitted to notice that the News Room, has been removed to Mr. Hatheway's building. The present room is more commodious and better adapted for the purpose, than the old one.—It is well lighted and ventilated, and is centrally situated within a short distance of the Post Office, and Telegraph Office. While upon this subject, we suggest the propriety of admitting the fair sex to the privileges of the News Room. In other places we learn, that each member has the privilege of bringing the female branch of his family, upon payment of a small sum per annum.

The Spring term of the Court of Nisi Prius was opened here on Wednesday last, His Honor Mr. Justice Ritchie presiding, and was closed on Friday. Quick work—and very unlike "the good old times" when the Court lasted from two to three weeks. But these are the days of progress, and why should not the administration of the Law Courts keep pace with every other interest? There are no remnants now; verily, the time is approaching when a Court will be opened out of mere form; showing conclusively, that the people are more given to pursuing their own business, than putting after litigation with its concomitant evils. However, as Burns says "folks maun do something for their bread."

The river St. John is clear of ice to Woodstock; the steamers have been plying to Fredericton since Thursday last.

Eudocia Loap.—We learn from a telegraph despatch to Merchants here, that the St. John packet ship Eudocia, Spurr, from Liverpool, foundered at sea. Passengers all saved, and arrived at New York. The Eudocia had a full cargo of dry goods.

We have received from the publishers, Messrs. Barnes & Co. of St. John, a pamphlet entitled, "Prohibition and Anti-Prohibition, being a series of letters written by the Rev. Charles Tupper, of Aylesford, Nova Scotia, in favor of Prohibition, and replies to the same by John Bent, of Bay Verte, New-Brumswick."

New York, April 24.—Flour heavy—common to straight \$5.57 to \$6.25. Good Ohio 6.12 to 6.50. Corn lower.

DISTRESSING WALKER.—The schr. Mary, Nickerson, of and from Argyle, N. S., for Boston, was captured off Baker's Island on Monday during the storm. She was seen, and efforts were made to board her, by volunteers from Gloucester and by another party in a Salspiet boat, but they could not reach her, as the sea ran so high. On Tuesday morning, as Mr. Jacob Shirley of Salem was out in his lobster boat, he observed the wreck, and boarded her, taking out three of the men—one of them being alive, the other two having perished. They were all three lashed to the rigging, the surviving man between the other two. His name is Samuel Allen, and he states that there were four persons on board, one of them, Charles N. Nickerson, having been washed away; and that the names of those taken off, were Jas. Nickerson, captain, and Aaron Boyd. They died about 5 o'clock in the afternoon, having become delirious a short time previous to their death.—Boston Courier.

THE CANADIAN.—Quebec has been at last decided upon as the permanent seat of Government for the Canadas. The reasons for this are said to be partly military and partly economical; at all events it is a victory for the French Catholic interest of the Province over the larger, growing, and more important interests of the British settlers. Among the odds from the same quarter it is reported that, when the news of the birth of the King of Algeria was received in the Canadian Parliament, in session at Toronto, the English members sang "God Save the Queen," and the French "Partant Pour la Syrie." The Speaker led off, singing bass, alternately in French and English.

MANUFACTURE OF GAS.—The process of making coal-gas is much simpler than many people imagine. Bituminous coal is thrown into a hot cylinder of iron, the mouth of which is closed carefully by an iron door, with the edges cemented with soft clay.

The vapor arising from the coal is received into a tube, by means of which it is permitted to escape into a series of vessels, where it is cooled and deposits much of its impure matter. It is then passed into another series of vessels containing quicklime, which robs it of its sulphurous and other intermixtures. From this receiver it flows purified, as we find it in use, into the gasometer, and is from thence distributed as may be needed, through mains and service pipes, into various parts of the city.

The highly-charged bituminous coals are found best adapted to the purpose of gas making. In the manufacture of gas from Newcastle coal, a chaldron weighing 37 cwt. is found to yield 6,550 cubic feet of gas, 14 cwt. of coke, 12 gallons ammoniacal liquor, 12 gallons thick tar. Canal coal will yield upon an average 15,000 cubic feet of gas to the chaldron.—[American Railway Times.]

Holloway's Ointment and Pills a certain remedy for Erysipelas.—Thomas Hilton, of Toronto, was a most severe and hopeless sufferer from this powerful and irritable disorder for upwards of four years, which rendered him absolutely pitiable, large purple blotches came all over his body, and made him a complete object of horror to himself, as well as to all his friends. He consulted many medical men, in the hope of being benefited, but without success. Determined not to be baffled, and in spite of what the faculty had told him, he determined as a last resource, to commence using Holloway's Ointment and Pills; these two remedies, used conjointly for a short space of time, effected a perfect cure, and he now enjoys the most robust health, after years of intense suffering.

SHIPPED.—On the 25th instant, by the Rev. A. McNaughton, Mr. Hugh Slater, of Calais, Me., to Miss Elizabeth M. Wren, of Chamcook, Parish of St. Andrews.

**E. D. SPEAR,**  
**INDIAN DOCTOR,**  
15 Kneeland Street, BOSTON, Mass.  
THE great success which has ever attended  
the Indian Practice of Medicine, as per-  
formed by E. D. SPEAR, M. D., excites envy in the  
hearts of the many advocates of Mercury. Many  
of his remedies, as the public have already learned  
from newspapers of the day, are prepared from  
recesses which are believed to have originally been  
received from the Indians one hundred and seventy  
five years ago. No other remedies deserve the  
name of Indian.  
DR. SPEAR'S  
GREAT INDIAN MEDICINE.  
(For names and description see his "Family  
Physician"—to be had, free, at his office, or sent  
to order, prepaid on receipt of a paper postage  
stamp.)  
Are certain cures for  
Asthma, Ague and Fever, Barbers' Itch, Boil,  
Bronchitis, Cancer, Canker, Colds, Consumption,  
Coughs, Costiveness, Cramps, Debility, Diabetes,  
Derangement of the Bowels, all humours in the  
blood; Giddiness, Headache, Inflammation of the  
Eyes, Jaundice, Kidney Complaints, Liver Com-  
plaints, Loss of Hair, Lumbago, Milk Leg, Night  
sweat, Palpitation of the Heart, Pains in the side,  
back, and other parts of the body, Painful Men-  
struation, Pin Worms, Rheumatism, Salt Rheum,  
Scald Head, Scrofula, Shortness of Breath, Sore  
Throat, Spinal Complaints, Strangury, &c.  
Dr. Spear's Female Medicine have become very  
celebrated, and it is now admitted that his treat-  
ment of Female Weaknesses, Prolapsus Uteri, Ir-  
regularity, and Suppressions is far superior to  
every other treatment for these complaints.  
Dr. Spear is celebrated in the treatment of children.  
His medicines being vegetable, do not poison the  
system.  
Dr. Spear is now being visited by one thousand  
patients every month, some of whom travel hun-  
dreds of miles to consult him and to obtain his me-  
dicines.  
Dr. S. will warrant a cure in every curable case.  
After giving his remedies a fair trial, if a cure is  
not effected, he will pay any other physician who  
will effect a cure, his bill not exceeding \$100.  
Persons at a distance can consult him by letter,  
enclosing a stamp to pay the answer.  
Dr. Spear consults with patients at his Office  
No 18 Kneeland street, upon all conditions and dis-  
eases of the system, free of any charge.

**Stammering Cured!**  
DR. BRONSON, AND C. C. BEERS.  
ARE happy in announcing that STAMMER-  
ing can be PERMANENTLY CURED by  
Medicine and Vocal Gymnastics. It is first treat-  
ed as a Nervous Disease, (like St. Vitus' Dance,  
Epileptic Fits, etc.) and then the habit, incident  
to the disease, is corrected by exercises in Elo-  
cution. Mr. Beers has been an inveterate stam-  
merer for thirty-five years; has attended many  
institutions for the cure of stammering, and ex-  
pended hundreds of dollars without any perma-  
nent benefit, but cured himself, 18 months ago,  
and has ever since remained so. With the  
same means, we have cured others, to whom we  
would gladly refer any applicant—not having  
failed in a single instance. Being satisfied from  
reason, experience, and observation, that stam-  
mering is the effect of a Nervous Disease, and  
can be perfectly cured by the above means in the  
course of two or three weeks, we assure all in-  
terested of these gratifying results, and guaran-  
tee a permanent cure, or refund the small fee  
paid in advance. Those desiring further infor-  
mation on these subjects, (including terms,  
guaranty, etc.) can obtain it from our New  
Work, just issued, on Stammering, its Effects,  
Causes and Remedies: Illustrated by One Hun-  
dred Engravings. Price, One Dollar; on re-  
ceipt of which the Book will be sent without  
expense, and the money thus paid will be credit-  
ed in the bill for Treatment. Board, etc., fur-  
nished on reasonable terms.—Address BRONSON

LET US REASON TOGETHER.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the Weak, the Nervous, the Delicate, and the Infirm, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to those organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY.

ILL HEALTH.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

## A MARVELLOUS REMEDY FOR A MARVELLOUS AGE!

### Holloway's Ointment.

#### THE GRAND EXTERNAL REMEDY.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

#### ERYSIPELAS, RHEUMATISM AND SCORBUTIC HUMOURS.

No remedy has ever done so much for the cure of diseases of the Skin, whate'er form they may assume, as this Ointment. Scoury; Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

#### SORE LEGS, SORE BREASTS, WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has dispatched to the East large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

#### PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

- |                    |                             |
