No. 6,641, Child's Dress.
This little frock is what most women
will call cute. It has the front and back
of the short body section in one piece,
without any seam at the shoulder, and
the little skirt is very slightly gathered
where it is attached. The sleeve may be
one or three-quarter, and the arrange-
ment of the neck may also be varied to
suit individual taste.
The dress pattern, No. 6,641, is cut in
sizes 2, 4, 6 and 8 years. Medium size
requires 1 1/2 yards of 36 inch material.
This pattern can be obtained by sending
10 cents to the office of this paper.

FORTY-FOURTH YEAR

BRANTFORD, CANADA, TUESDAY, JUNE 9, 1914

ONE CENT

IS QUICK TO BOLSTER UP THE RED SOX

Manager Deneau Lands Four New Players to Shake Up Team.

That Rube Deneau doesn't propose to allow his Brantford team to take any toboggan ride at this stage of the Canadian League race, was evidenced to-day when a deal was put through with St. Thomas for the transfer of Mickey Barney, from the ownership of that club to Brantford. Brantford purchased Barney outright, and he will report here in time for to-morrow's game against London. Barney has been secured to strengthen the infield, and while the management refuse to make any announcement as to whom he is to replace it is pretty well known among fans generally that Wagner has been the weak pivot. Besides Barney, Deneau is after still another infielder, but his intentions in this regard can only be guessed.
Not alone the infield, but the pitching department and the outfield will be strengthened and a man being added to each. A pitcher of big league calibre will be secured right off by the Rube, while an outfielder who can sting the ball will also be secured.
There is no question about Rube Deneau being able to secure the players he wants and it is only a question of a day or two, once the Rube has made up his mind what he wants.

ARRIVE IN LONDON

American Delegates of Salvation Army, 700 Strong, Are Welcome To-day.

[By Special Wire to the Courier]
LONDON, June 9.—The American delegates to the World's Congress of the Salvation Army, 700 strong, with Miss Eva Booth, chief of the army in the United States at their heads, accompanied by three bands, marched this morning from the army headquarters in the City of London, to American embassy in Victoria St. where they were reviewed by Ambassador Page.
Mr. Page afterward received Miss Booth and the leading officers of the delegation, to whom he expressed his keen appreciation of the appearance of the delegates and of the work of the Salvation Army. Miss Booth thanked the ambassador on behalf of her comrades.
The delegates will attend the opening of the Congress to-morrow.

VOTED IT DOWN

Methodist Ministers Not Supported to Support Political Party From Pulpit.

The participation in the approaching political campaign of Methodist Ministers in pulpit and on platform, was discontinued, yesterday at the session of the Hamilton Conference, St. Catharines.
Rev. H. B. Christie, Burlington, declared in favor of going on the platform, but Rev. A. E. Lavell, Brantford, said he would not care to go into his pulpit to advocate this political measure.
Mr. Irving of Palmerston uttered a warning against making the pulpit a platform, to advocate the election of candidates who will pledge support of one party against another. If they must let them do it another way.
It was decided to amend the following clause in the report: "We urge all our ministers, both from pulpit and platform, to advocate the election of candidates who will pledge themselves to support the most advanced temperance legislation," by striking out the words "both from pulpit and platform."

Heat Wave Hits High Mark Of 91 This Morning

The heat wave struck this city yesterday along with the Cockney Baseball nine from London, and its doubtful which caused the citizens the most discomfort. Both appeared to worry Rube Deneau yesterday, and his a cinch it worried the fans in the bleachers to say nothing of the players and scorers cooped up in the press box. The mercury kept climbing higher all day, and finally about 3 o'clock decided to stop at 92 degrees. Today it is actually hotter to the extent of 9 degrees, the mercury registering 91 in the shade. So far there has been no prostrations in the city, though in Toronto two were overcome by the heat yesterday.

LORDS TO PLAY PART IN HOME RULE FRAMING

They May Amend the Amending Bill, Thus Disconcerting Asquith.

[By Special Wire to the Courier]
MONTREAL, June 9.—A London cable to The Gazette says If the Lords decide to postpone consideration of the second reading of the Home Rule bill until the amending bill is before them the government would be willing to accede to their wishes, declares The Daily Chronicle.
A section of the Conservative party is urging the Lords to reject the amending bill, the calculation being that the government would then flinch from enforcing home rule and be driven to appeal to the country. What seems more probable is that the Lords will modify the amending bill in such a way as to ensure the exclusion of Ulster without a time limit.
The Standard says that while it is certain that while a decision antagonistic to home rule will be registered in the House of Lords, the amending bill will be modified so as to secure better terms for Ulster. These modifications will necessarily be at the mercy of the coalition majority when the amending bill reaches the commons, but this course will place the ultimate responsibility for strife or peace upon the shoulders of the government.

STILL UNCONSCIOUS

Robert Curran Is Still in Precarious Condition at Brantford General Hospital.

For over 60 hours Robert Curran, the young laborer who fell off the new post office building on Saturday afternoon, has lain unconscious in the general hospital, where he is being attended by two physicians, Drs. Stinson and Hicks, who still hold out but a small chance for his recovery. The man's nervous system seems to have been completely paralyzed, and no examination of the brain as to his internal injuries can be made until he regains consciousness.

TOTAL NUMBER OF DEAD IS FOURTEEN

Five More Bodies Have Been Picked Up on New Brunswick Shore.

[By Special Wire to the Courier]
CARAQUET, N. B., June 9.—Five more bodies of seamen who lost their lives in Friday's terrific gale and snow storm have been recovered after being washed ashore. The known dead now number fourteen, while six seamen are missing. Four large schooners known to have gone down are the R. J. W. Renown, the Hepburn, the Nursulesa and the Flavia.
The force of the gale was terrific, 75 trees, most of them fully three feet in diameter, being uprooted and torn to pieces in the village. Several large slices of land were blown into the seas from the grounds of the sisters of the local Roman Catholic congregation and six houses in the course of construction were blown down and the timbers scattered far and wide.
William Baslager, of East St. Louis, 11 years old, in a spelling match, spelled 1400 words without a mistake. He was in the contest 1 1/2 hours, and will get a gold medal.

CHURCH UNION WAS DISCUSSED AGAIN TODAY

Minority Report of the Union Com. Taken Up At Assembly

[By Special Wire to the Courier]
WOODSTOCK, Ont., June 9.—Church union was discussed at length this morning by the commissioners to the assembly. Dr. Scott, of Montreal, took up the report of the minority of the union committee. The anti-unionists, greeted the speaker with prolonged applause.
"We may be mistaken, but we ever seek the light and are ready to follow the will of God. We do not feel, however, that the pressing of organic union is wise at present," said Dr. Scott. "I hope and trust that the great body of Christian people in our church, even those who favor union, do not favor the pressing forward of the movement. Speaking of how the Presbyterian Church got into the present question, Dr. Scott said, that Methodists invited the Presbyterians to take up this question twelve years ago. (I hope no member of this assembly will leave this court.) Our church responded and for the first eight years there was little opposition in the assembly, even by those who were strongly opposed to the movement. All through the early years the assembly was repeatedly given the assurance that the matter would do left in the hands of the people. It was also assured that nothing would be done unless there was unanimity among the people. This was one of the reasons that there was little opposition to the question of the union. It was not a referendum pure and simple, when it went to the people, but it was a loaded referendum. When the people answered it, the the people did not show unanimity

UNCLE SAM WILL NOT ASK FOR REPARATION

Consequently Peace Conference Was Given a Boost To-day.

[By Special Wire to the Courier]
NIAGARA FALLS, Ont., June 9.—Mexico will not be asked by the United States to pay war indemnity. The Huerta government has learned through the American delegates that the Wilson administration will be content to have set up in Mexico a stable government to succeed Huerta rule.
An intimation that the United States would not demand reparation for the losses sustained at Vera Cruz or expect to be repaid for the enormous expenditures already made in an attempt to pacify Mexico was given to the Mexican delegates soon after the conferences opened. This made it easy for the opposing delegates to meet harmoniously. It was responsible largely for the ease with which a general understanding was reached between them and it lent consistency to the American demand that consideration be given to the Constitutionalist cause.

ANOTHER RAID ON WOMEN'S UNION

Thorough Search for Documentary Evidence Against Society.

[By Special Wire to the Courier]
LONDON, June 9.—Another raid was carried out by the police to-day on the premises occupied by the Women's Social and Political Union, the militant suffragette organization, where a thorough search was made for documentary evidence of the activities of the society. Since the closing of the offices in Kingsway early in May, the women have established new headquarters in Westminster, and to-day the detectives succeeded in collecting there a quantity of documents, books and letters. The descent of the raiding policemen was quite unexpected and caused great excitement among the occupants of the offices, who after being searched were ejected. No arrests were made.

A Week's Delay In Raising Bodies

[By Special Wire to the Courier]
RIMOUSKI, Que., June 9.—A delay of over a week in raising the bodies now lying in the sunken hull of the Empress of Ireland, has decided on to-day by William W. Weather spoon, the salvage expert retained for the Canadian Pacific Railway for this work. Equipment of an elaborate nature must be brought out from England before it would be safe to undertake the task which has been made very difficult by reason of the depth of the water above the wreck and its coldness.
The jury in the breach of promise action of Miss Mae A. Sullivan against Arthur L. Hoe, disagreed after being out 15 hours. She sued for \$25,000. Eight were in favor of Miss Sullivan.

MR. J. Y. MORTON
 To whom many happy returns are being extended on the occasion of his 79th birthday.

MR. J. Y. MORTON
 Is Receiving the Hearty Congratulations of His Many Friends To-day.

The hearty congratulations and best wishes of a host of friends will be extended to Mr. J. Y. Morton upon the occasion of the celebration today of his 79th birthday. He was born in Montreal in 1835, the son of Mr. Robert Morton, a well known contractor in that city. He came to Brantford in June of 1851—just sixty three years ago—and joined with his two brothers, Messrs. Andrew and Robert Morton, who had started a hardware store here. The business at that time was on the south side of Colborne Street, where Newman's jewelry store is now located. They afterwards occupied other premises, and in March of 1874 Mr. Morton acquired the entire business and carried it on so successfully, that in 1899 he retired. He has all his life, since coming here, been a most prominent citizen and he is thoroughly liked and respected by all with whom he comes in contact. Always an ardent lover of legitimate sport, he established himself as a skilled canoeist, able shot, excellent fisherman, good golfer and so on, and in all these diversions he always proved himself a most pleasurable and desirable companion.

Although frequently asked to do so Mr. Morton has never run for any public office, but that has not detracted from his prominence in the community, and in anything on behalf of the city's interest. He was one of the pioneers in building a fine residence on Dufferin avenue, that section which has become one of the finest areas for many beautiful homes. As a host he is geniality itself. It is men of the fine type that he has always shown himself to prove so much to any community. The Courier sincerely extends its felicitations.

Social and Personal

Mr. and Mrs. A. D. Jordan, The Grange, are giving a musicale on Wednesday evening in honor of their guests, Dr. and Mrs. Torrington, Toronto. Mrs. Torrington has just returned from Rome and is most enthusiastic over the spirit of unity prevailing at all the sessions of the International Council—London Free Press.

Brant Chapter I.O.D.E.

The June meeting of Brant Chapter, I.O.D.E., was held on Monday afternoon, June 8th, at the residence of Mrs. J. E. Waterous, Eagle Ave.—the regent, Mrs. E. C. Ashton, presiding, and Mr. Chris. Cook and Mr. Harvey of the Sanitorium board of Governors also being present on this occasion. The meeting opened in the usual way. Then came the minutes of the last meeting which were read and approved. The treasurer's report showed a cash balance on hand of a little over \$1000. The bills outstanding against the chapter were ordered to be paid—a substantial balance then being left to go on with the work undertaken by the chapter. Mr. Cook was then called upon and explained the nature of their errand—the beautifying of the grounds at the Sanitorium. After some discussion, it was moved by Mrs. Gordon Smith and seconded by Mrs. Mitchell that Brant Chapter accept to the request of the Board of Governors and fix the grounds in question in condition that the city and the county undertake the roads leading to the Sanitorium, macadamizing them, etc., the Chapter's part in the undertaking not to exceed the specified sum of \$216, as per tender of Landscape Gardener, shown at the last meeting.

On the reports of things still required at the Sanitorium, it was moved by Mrs. Bruce Gordon and seconded by Mrs. Geo. D. Watt, that the furniture for the Busy Beees shack be purchased at once. Mrs. Forsythe, Mrs. Mitchell and Mrs. G. D. Watt were appointed a purchasing committee to buy the same.

Three new names were added to the membership list. Committees were appointed regarding Old Home week festivities, Mrs. Ashton and Mr. Watt to look into ways and means, the former to have power to add to her numbers as she deems expedient, should definite steps be taken for a night's entertainment. Mrs. Bruce Gordon was appointed assistant secretary as the position of secretary is now most strenuous. Tenders for the erection of a pavilion or recreation shack were read from Bennett and Bowden, Schultz Bros. and Second and Co., giving an average idea of the cost of such a building, were such a thing undertaken by the Chapter at any future date, and the meeting closed, the hostess serving ice cream and cake prior to the return of the members to town.

Meetings will be resumed again in the early fall when it is hoped that the work of the chapter will be taken up with renewed vigor and enthusiasm.

(Sgd.) E. VAN NORMAN, Secretary.

Cupid Busy On Police Force

Police Constable John Cox is the Latest to Take Unto Himself a Bride.

Still another member of the city police force took unto himself a wife, when on Friday afternoon the marriage took place at the Sydenham St. Methodist church parsonage of Jos. L. Cox to Miss Kazie Bolton, daughter of George F. Bolton of 154 Dalhousie street and sister of Geo. Bolton of the Central Hall Fire Department. The ceremony was performed by Rev. A. J. Snyder in a quiet manner and the happy couple will take up their residence on Alonzo street.

GRAIN COMPETITION

New Feature of Prize List of Canadian National Exhibition

A Grain and Sheep competition, open to the world, is an added feature of this year's prize list of the Canadian National Exhibition, which is now being distributed. The prizes in this competition are \$100 and medals each for Spring wheat, Fall wheat, barley, oats, Flint corn, Dent corn, beans and peas. All exhibits must be the product of the crop of 1913 or 1914 and must be sent through the Minister of Agriculture, Commissioner or Secretary of the Province or State, or officer in charge of an agricultural department. The exhibit shall consist of two bushels of grain in sack, accompanied by one sheaf of the same grain. Sheaves are not required for entries of beans and peas.

The other departments of the prize list have been carefully revised, and the total amount to be awarded for live stock and other products of the farm and home is \$55,000. The list has been specially framed to protect the interests of the small exhibitor.

In Tottenville, Staten Island, there is a lot four feet by three. It is valued at \$1, the taxes on it amount to 1 cent, which nobody has yet paid, because the law says the taxes must be paid in two instalments.

SAW HER FELLOW WITH ANOTHER GIRL

And May Green Immediately Proceeded to Give Him a Good Thrasing.

Four cyclists, Herman Seifried, Mike Balne, J. W. Weaver and Chas Haines settled up before the police court for offences which consisted of riding bicycles on sidewalks. The chief is on the track for these offenders because of the recognized danger of the practice.

"My ancestors were Scotch and came from the North of Ireland," said a drunk who bore an illustrious name, at the court. He was not sure about it, however, and was allowed to go this being his first offence.

Quite a tragedy of love was unfolded before the bench when May Green told the reason of a little fight which occurred on Colborne street last evening. Looking somewhat sad and forlorn she said she was walking home when she saw Albert Taylor, whom she regarded as her young man, accompanied by another member of the fair sex. Her love revolved at the sight and she could not help herself, she ran forward and gave him a sharp slap. He took hold of her by the neck and prevented further blows, and then the unit of the jaw appeared in the person of P. C. Blanchard. He handed over the couple to P. C. Cox who made the arrests. May expressed her penitence but also said she would do it again if she saw him out with another girl. She also exonerated Taylor and took all the blame. Sympathizing with the couple the magistrate said it was a case of not enough Taylor to go round, and dismissed the case against both defendants.

John Longbottom had to answer to a charge of not working, but he was said to be in Hamilton at work and the magistrate laid the charge over.

Y.M.C.A. Executive Plans.
 The executive committee of the Y. F. C. met last night when the policy for next year was discussed. The plans will be built upon this year's experience and as that has been great material improvements will be incorporated in the next current year which begins with October.

BEEKEEPERS' MEET

Annual Meeting Was Held at James Shaver's Residence, Cainsville on Monday.

The Brant County Beekeepers' association held a splendid annual meeting yesterday at the home of Mr. Jas. Shaver of Cainsville, who proved a very hospitable host.

Mr. Schuyler, agricultural district representative was elected chairman, and ably presided. The addresses given were all practically illustrated by the speakers in the well kept and up-to-date beeyard of the host. Mr. Armstrong of Cheapside demonstrated how to get queens, and Mr. Dougherty of the O.A.C. put a hive of bees through the interesting process of eliminating foul brood. Mr. Barton of Grandview, spoke of the ways to prevent swarming, and Mr. Clark of Cainsville, gave a pleasant discourse upon the advantages of a large hive.

The many representatives who hailed from different parts of Ontario then partook of refreshments provided by Mr. Shaver and his good wife, and afterwards dispersed feeling that the meeting had been a great success.

THE COLONEL'S RIVER.

The colonel, afar in Brazil, has found a new river, they say; it's deep, and it travels up hill, and broadens out into a bay. Its borders are ruggedly bluffed, it has some preposterous falls; the colonel will soon have it stuffed, and brought to Smithsonian halls. It has a most wonderful bend, this river, the colonel has found; and sometimes it stands upon end; then burrows down into the ground. Its waters are yellow and pink, it's covered with glittering foam; they say it's a lot better to drink than any other grape juice at home. And strens recline on its shore, their music is heard through the mist, and down on its beautiful floor mermaids are playing bridge-whist. We've always felt sure in our mind the colonel would do things in style, and any old stream he might find would beat other streams by a mile. Good bye to the old Mississippi! Its fame and its glory will flee! The Amazon henceforth may slip unsmug to its grave in the sea! The Rhine and the Danube I fear, must down to oblivion flit; the colonel has captured their peer, and broke it to saddle and bit. Good by to famed streamlets and burns, the Afton, the Avon, the Po! Just wait till the colonel returns, and mark how such rivers sing low!

She Was In Bed For Seven Weeks

Then Dodd's Kidney Pills Cured Madame Berube

Montreal Lady Tells How, after Four Years' Illness, She Found a Complete Cure for all Her Troubles.

MONTREAL, Que., June 8 (Special)—Madame J. Baptiste Berube, residing at 1303 Logan avenue, this city, asserts that after four years' suffering from kidney disease she has been completely restored to health by Dodd's Kidney Pills.

"I had a pain in my left side around the heart," Madame Berube says in her statement. "I suffered constantly with headache and backache, and for seven weeks I was in bed with kidney disease and feebleness. The doctor could not help me, so I decided to try Dodd's Kidney Pills.

"After the first box I was some better. I continued to use Dodd's Kidney Pills till now the palpitation has left me, and I am a well woman. Able to do my work. Dodd's Kidney Pills cured me and I recommended them to all persons, who suffer as I did."

"Notice how many women are rising to find relief in Dodd's Kidney Pills. The reason is that nine-tenths of women's ills spring from diseased or disordered kidneys. Every woman whose kidneys show signs of weakness should use Dodd's Kidney Pills.

A Presentation

A very pleasing event took place on Friday evening at the home of Miss Mae Hickey, 27 Brock street, when the members of St. Mary's Sodality assembled and presented her with a beautiful silver serving dish, in view of her approaching marriage. The address was read by the president, Miss Annie Smith, while the treasurer, try Dodd's Kidney Pills.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While if your Bladder is Troubling You. When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat says a well known authority.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink. LITTLE BOY WAS BITTEN BY DOG. Stanley Sharp, William Street, Had Nasty Injuries Inflicted Upon Him.

GOVERNMENT HOUSE. "Then it (Whitney Government) had built a million dollar house for the Lieutenant-Governor, which was too much for a house for one man to live in.

When the Liberals under Ross sold Parliamentary property to the Grand Trunk Railway they got about \$18,000 an acre.

When the Whitneys sold the Government House property (closely adjoining) to the same company, they obtained about \$130,000 an acre, or \$800,000 in all.

Out of this sum there has, thus far been spent on land and residence \$608,000; leaving a balance yet of \$200,000 for furnishing and other requirements.

Not one dollar was taken from people who have "no place to lay their heads," or from anyone else.

SOME OF THE THINGS DONE. "They have been a do-nothing Government."

The above trenchant remark was uttered by Mr. Joseph Ruddy during a speech at a Ham meeting in which he was criticising the Whitney Administration.

Do nothing, eh? What about the restoration of a decent tone to Ontario public life after the sickening debauchery under Liberal rule—a debauchery so great that even the Toronto Globe demanded that an "iron hand" must be used in its abatement?

What about the establishment of district representatives in the interests of the farmers? What about the courses for young men on the farm?

What about the proposed expenditure of many millions on roads? What about the efficient enforcement of the license laws? What about the increased grants to hospitals?

NOTES AND COMMENTS.

Register! Register! Register! Both Brants!! Wouldn't it be foolish to make it anything else?

In the matter of Hydro Electric has Mr. Joseph H. Ham yet emerged from under the barn? "Ham and Eggs" says the Expositor, but without mention as to age or quality of the fruit.

The campaign of hypocritical hyperbole will soon be over and its result will be tough on Rowellism.

Any thermometer which failed to catch it at 120 in the shade to-day ought to be chucked on the ash heap.

An honest and a straight government which has done things has a claim on the voting conscience of every man in this province.

Vote for the government which gave school books for your children at a price on which there was no rake off to a monopoly.

Hydro Electric is now one of Brantford's valuable assets and it should not be entrusted to men inimical to the proposition.

The Liberal candidate in South Brant after the Conservative rally on Saturday night doubtless has something to think about and also explain.

Reports from North Brant indicate that Mr. J. W. Westbrook will sweep Paris as never before. An increased majority for him will be a well deserved tribute.

Two new registration courts have been added in order to make it easier for you to register. Now do your share to make it as easy as you can to chronicle every available vote.

If you are a British subject, 21 years old, have resided three months in South Brant and a year in the province, you are entitled to a vote on June 29. See if your name is on the list. If not, register this week.

Remember the Minnie M. Remember Ross and his chief lieutenant Rowell and then after all this remembrance you will most likely vote for the "clean straight government of Sir James Whitney.

Brantford has \$225,000 invested in Hydro, and out of 1,200 light users 80 per cent. are workmen. It would be silly to elect a Grit candidate known to be under the barn in regard to the matter.

The Ontario Club, Toronto, Grit headquarters, still retains its buffet bar, also the esteemed membership of N. W. Rowell, K.C. Mr. Rowell cannot banish the bar in the club very well and the club cannot banish Mr. Rowell, so honors are even.

Widows and orphans of industrial workers, and the workers themselves of Ontario are protected by the Workmen's Compensation bill of the Whitney Government. Is this a government to be turned out by labor? Never!

A GOVERNMENT THAT DOES THINGS

Good country roads are recognized by the Whitney Government as a first necessity for farm traffic, and it is their plan to take such steps as will bring the province to the forefront as a country of agricultural prosperity and good roads.

A Public Roads and Highway Commission was appointed by the Government in July, 1913, to thoroughly investigate the situation. The Commission promptly commenced their work, and as a result a comprehensive report was presented to the Government before the close of the last session. That report made the following recommendations:

An expenditure of thirty million dollars on road development in Ontario. County roads, 7,500 miles, to be built to a high standard as good market roads.

Township roads, 42,500 miles, to be brought to a good standard for ordinary traffic. The cities to contribute to the cost of roads in the surrounding suburban areas.

Motor vehicles to contribute a fair revenue to the cost of roads. The provincial subsidy for county road construction to be increased to 40 per cent. The Provincial Government to make a grant of 40 per cent. for the maintenance of county roads.

The Commission recommends that the Government subsidy for County roads be increased to 40 per cent.; that cities be required to contribute to the upkeep of adjacent main roads of a "Suburban" class, while the province, out of part of the revenue from the motor vehicle funds, gives special assistance to the construction of heavily travelled "Inter-urban" roads, so that the townships through which such roads pass will not have to carry a burdensome charge for traffic originating outside of their boundaries.

Aid for maintenance to be given in the same proportion as for construction, viz. 40 per cent. It is regarded as a wasteful and useless expenditure to build good roads and thereafter neglect to keep them in repair. For this reason the Commission proposes that the resources of the province be drawn upon, in order that a good standard of maintenance may be reached.

Township roads are also regarded as deserving of special attention, in order that not merely a few market roads may be brought to a high standard, but that all may be raised to a standard suited to the traffic over them, and that every farmer will reap the benefit. To this end, instead of a large grant to county roads alone, a grant of 20 per cent. is recommended to be made for township road improvement.

Special grants are proposed to villages having a large area and small population, while to townships having an excessive number of bridges Government aid is suggested so as to more nearly equalize the burden.

A plan of short-term loans, without interest, to townships is recommended. This is similar to the method followed in England, and it is anticipated will enable municipalities and progressive communities to finance such substantial work as they may desire with economy, and under a system of easy payments.

With 50,000 miles of rural roads in Old Ontario, it is anticipated that 7,500 miles will be constructed as first-class main or market roads, and that the remaining 42,500 miles will be brought to a fair standard as good gravel roads or well-drained earth roads. On construction a total expenditure of \$30,000,000 is proposed, the work extending over a period of fifteen years. Of this it is estimated that the province will pay \$12,000,000, cities \$6,000,000, and counties \$12,000,000. In addition to its share of construction, the province is asked to pay 40 per cent. of the cost of maintaining market or county roads.

NINE YEARS' PROGRESS. The Whitney Government has in the past realized to a marked extent the importance of good roads and their value to all citizens in New and Old Ontario. The Highway Improvement Act was so revised in 1907 as to guarantee to every county one-third of the estimated cost of constructing a system of main roads.

Under the Ross Government only seven counties had established county road systems, while at the present time twenty counties are operating under this Act. During the Ross administration only 1,600 miles were assumed for construction, while this has been increased since 1906 to 3,620 miles. The result of this progressive policy has been the more rapid construction of a large mileage of leading country roads throughout the province, of which one-third has been paid by the Government, thereby furnishing this desirable improvement to the country districts at a very low cost.

There's the record for Mr. Ham to parade to his temperance friends. It's a record which counts. The Rowellites expect 35 out of 112 seats in the new legislature and they are expecting about 50 per cent. more than they will get. Wouldn't it be simply absurd to return Ham instead of Brewster? What could Joseph H. Ham do in the interests of this community?

The Ontario Government labor bureau in the past four months free to everybody in Brantford has placed over 200 unemployed in jobs to the great advantage of both employer and employed. And yet the Expositor says Mr. Brewster and the Whitney Government has done nothing for labor.

THE RETURN OF TARZAN

By EDGAR RICE BURROUGHS Copyright 1913 by W. G. Chapman.

The ape-man saw that to charge that wild horde, armed as they were with guns, and barricaded behind the locked gates of the village, would be a futile task, and so he returned to Waziri and advised him to wait: that he, Tarzan, had a better plan, but a moment before one of the fugitives had related to Waziri the story of the atrocious murder of the old chief's wife, and so enraged him from behind the palisade.

With the first volley Waziri fell. The speed of the chargers slackened. Another volley brought down a half dozen more. A few reached the barred gates only to be shot in their tracks without the ghost of a chance to gain the inside of the palisade, and then the whole attack crumpled, and the remaining warriors scampered back into the forest.

As they ran the raiders opened the gates, rushing after them to complete the day's work with the utter extermination of the tribe. Tarzan had been among the last to turn back toward the forest, and now as he ran slowly he turned from time to time to speed a well-aimed arrow into the body of a runner.

Once within the jungle he found a little knot of determined blacks waiting to give battle to the oncoming horde, but Tarzan cried to them to scatter, keeping out of harm's way until they could gather in force after dark.

"Do as I tell you," he urged, "and I will lead you to victory over these enemies of yours. Scatter through the forest, picking up as many stragglers as you can find and at night, if you think that you have been followed, come by roundabout ways to the spot where we killed the elephants today. Then I will explain my plan, and you will find that it is good."

They had barely time to hasten away farther into the forest before the first of the raiders had crossed the clearing and entered it in pursuit of them. Tarzan ran a short distance along the ground before he took to the trees. Then he raced quickly to the upper terrace, above the clearing, his hands and feet moving rapidly back toward the village. Here he found that every Arab and Manyema had joined in the pursuit, leaving the village deserted except for the chained prisoners and a single guard.

The sentry stood at the open gate looking in the direction of the forest so that he did not see the agile giant that dropped to the ground at the far end of the village street. With drawn bow the ape-man crept stealthily toward his unsuspecting victim. The prisoners had already discovered him, and with wide eyes filled with wonder and with hope they watched their would-be rescuer. Now he halted not ten paces from the unconscious Manyema. The shaft was drawn back its full length at the height of the keen gray eye that sighted along its polished surface. There was a sudden twang as the brown fingers released their hold, and without a sound the rider sank forward upon his face, a wooden shaft transfixing his heart and protruding a foot from his black chest.

Then Tarzan turned his attention to the fifty women and youths chained neck to neck on the long slave chain. There was no releasing of the ancient padlocks in the time that was left him, so the ape-man called to them to follow him as they were, and, snatching his gun and cartridge belt from the dead sentry, he led the now happy band out through the village gate and into the forest upon the far side of the clearing.

It was a slow and arduous march, for the slave chain was new to these people, and there were many delays as one of their number would stumble and fall, dragging others down with her. Then, too, Tarzan had been forced to make a wide detour to avoid any possibility of meeting with returning raiders. He was partially guided by occasional shots, which indicated that the Arab horde were still in touch with the villagers, but he knew that if they would but follow his advice there would be but few casualties other than on the side of the marauders.

Toward dusk the firing ceased entirely, and Tarzan knew that the Arabs had all returned to the village. It was after midnight when Tarzan, with his slow moving caravan, approached the spot where the elephants lay. Long before they reached it they had been guided by the huge fire the natives had built in the center of a hastily improvised boma, partially for warmth and partially to keep off chance lions.

It was a joyous reception the little party received when the blacks within the boma saw the long file of fettered friends and relatives enter the freight.

The Hon. Charles Dalton, father of the black fox industry in Prince Edward Island and now member with our portfolio of the Midwestern ministry was born sixty-four years ago today at Tignish, P.E.I. He was in early life a farmer and later a merchant. The story of how he made a fortune out of raising black foxes is one of the most romantic in the annals of modern industry.

A litter of foxes came into his possession some years ago as a sort of curiosity. Knowing that the pelts of silver black animals were commanding high prices in the fur markets, he determined to experiment in raising the little creatures in captivity. He worked secretly and after several years of effort he began to realize extraordinary profits.

After a time he carried on his commercial source of wealth and though he at first refused to sell live animals, he was at length compelled to dispose of them and thus began the general industry of black fox raising as it is now carried on in P.E.I. TUESDAY, JUNE NINTH
The Hon. Charles Dalton, father of the black fox industry in Prince Edward Island and now member without portfolio of the Midwestern ministry, was born sixty-four years ago today at Tignish, P.E.I. He was in early life a farmer and later a merchant. The story of how he made a fortune out of raising black foxes is one of the most romantic in the annals of modern industry. Knowing that the pelts of silver black animals were commanding high prices in the fur markets, he determined to experiment in raising the little creatures in captivity. LOCAL NEWS ITEMS

Board of Health Meets. The Board of Health will meet to-night at the City Hall instead of to-morrow night, Tuesday being the regular meeting night.
The City Pay Sheet. The city pay sheets for the two weeks ending May 30th, show a total of \$187.30 for sewer work, \$362.28 for street watering and \$103.40 for cemetery work.
Horticulturalists to Meet. The Brantford Horticultural Society will hold their regular monthly meeting to-night at the City Hall, when some important matters will be discussed.
Attending Convention. To-day large delegations from the local Baptist churches leave for Springfield to attend the annual Baptist Association conference being held there.
Elected Delegates. Rev. A. E. Lavelle and Mr. Fred Mann were elected delegates at the Hamilton Conference yesterday to the General Conference of the Methodist church.
Still on Strike. The union painters of the city are still out on strike, but they expect some developments soon, which will finally determine the success or failure of their action.
Had Good Practice. The Intermediate Lacrosse team had a great workout at Agricultural Park last evening when 14 players were on hand and were put through a good stiff practice. The team are rapidly coming into shape.
Sufficiently Siged. The petition for a pavement on Park Avenue between Mary and Murray streets, has been declared sufficiently signed by the city clerk and in all probability the City Council will endorse the proposition.
Endorsed the Parks Board. The Railway committee of the City Council met yesterday afternoon with the chairman, Id. Charlton presiding and endorsed the action of the Parks Board in its stand with regard to the location of the boat house and station at Jubilee terrace.
Getting Good Men. "C" company has added still another recruit with 21 years service at home and abroad, in the Royal Sussex Regiment, at the back of him. "C" company is fast becoming a company of ex-service men. "Quality, not quantity," is the motto of "C," and they live up to it.
These Girls Some Fans. A magnificent flag has been presented to the Y. M. C. A. board, and they now desire a flag pole on which to fly the flag. They propose to place the flag pole in a prominent place on the roof of the building, and to fly the flag when the ball team has won. The flag would also be used for state occasions. Another development which is in the air is a bulletin board upon which all ball scores will be marked. It is proposed to have the board placed in the small hallway leading to the large reception hall. It would, it is thought, be greatly appreciated by members.
Interesting Runabout. An interesting little cycle-car was seen running around the city this morning, and it created a good deal of interest. It was a novel sight to Brantfordites, with its long streamline body and narrow wheelbase. The miniature motor-car was made by Scripps-Booth of Detroit, and it is built after the Bedelia runabout, a French car, extensively sold in England. Among the many novel features are the long belt drive to the rear wheel, the ten h.p. twin engine mounted across the frame and the streamline body with the petrol tank immediately over the cylinders. The seating capacity is two, tandem-wise. Artistically finished in light green enamel, the little car attracted much attention.

PARK CHURCH CHOIR CONCERT

Hymnology Was Discouraged by Members of Organization Last Evening.

A sacred concert was held in the basement hall at Park church last evening when the choir gave some examples and expositions of hymnology. It was delightfully cool and pleasant the temperature being about 55 degrees—a comfortable contrast to the street outside. The choir opened with a rendition of "Peace, Perfect Peace," the old folk hymn rising and falling in splendid cadences.

Miss E. Chamberlain gave an interesting little treatise on "Peace, Perfect Peace." She treated her subject with rare insight and delicacy, tracing its history and emphasizing its spiritual teaching. Miss Cornelius, chose her story in Charles Wesley's hymn, "Jesus Lover of My Soul." With the touch of perfect harmony which understanding and knowledge develop, this lady led her hearers into a deeper appreciation of this Oxford gentleman and student, whose zeal and piety roused England in the 18th century.

Mr. Grobb in a pleasing conversational manner told of the interpretations, and gave Biblical data, which are concerned in the hymn, "All Hail the Power of Jesus Name." It is a song of triumph, he said, a recognition of the eternal Headship of the ideal man.

THE FAMOUS PAREPA-ROSA AND FLOTOW'S 'AH SO PURE' FROM MARTHA

Almost without sight of Holyrood Castle in Edinburgh, Euphrosyne Parpa-Rosa was born. She was the daughter of a Wallachian gentleman and in her walks down Princess street she could not resist singing the ballads of her native land. She made her debut as Aminta in "La Sonnambula" in the Island of Malta. Then she assumed the name of Parpa-Rosa. No one has been able to understand just why. She married a Captain Carroll in 1863, but was left a widow two years later and obliged to return to the operatic stage. She made several notable tours of the United States and later married Carl Rosa, the celebrated violinist, and took the hyphenated name which she has made famous. She was one of the first to organize the English opera company in the United States, although she sang far many years in Italian opera. While she sang in Cairo, Egypt, and three continents, she always felt that the most genuine appreciation of her talents was in the United States. To hear Parpa-Rosa sing "Ah So Pure" from the opera "Martha," the veteran opera-goer of today delights to tell about.

HECK PITCHED IS THE STORY

Locals Could Do Nothing With Star Southpaw's Slants.

Chase Was Founded by Visitors for 14 Hits, Red Sox Losing 7-1.

There was too much Heck in yesterday's game for the Red Sox, by heck, when Reising's Cockneys from London walloped Rube Deneau's nine at Agricultural Park to the tune of 7-1. Heck has lost only one game this season so far, and yesterday's wasn't it. He was practically unhit-able, the Red Sox only getting four

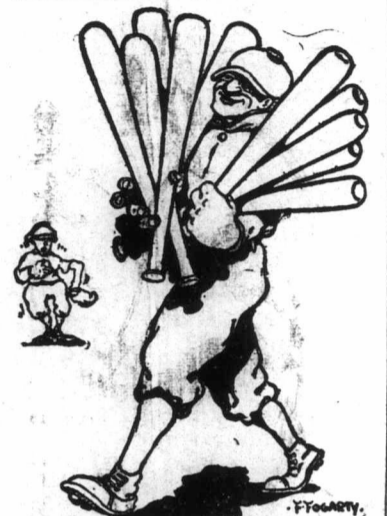

pitchers who get rattled when the fans bawl him. He pitched a steady, speedy ball all the way through, and though the Sox played hard, try as they could they could only get 4 hits off him, while the Cockney's soon discovered Chase's secrets and rolled up a grand total of 14 bingles. Rube brought the one lone run for the Sox

Honeck had a grand day, grabbing off everything.

in the 9th, when he scored on Dolan's two bagger. Rube played his usual good game at first, and had 12 put-outs to his credit at the end of the game.

Matty Lamond got the first of the Sox's 4 hits in the 3rd, when he hit to left, but was soon put out on a throw from Heck to Whitcroft at 2nd. While the other three hits were got by Roth, Dolan and Deneau. The third innings split the milk for the Sox when the Cockneys scored four runs. Bierbauer, Reidy, Munn and Mullin crossing the plate in

Bierbauer had his war clubs busy yesterday.

off him, while the Londoners got to Chase like a whirlwind, and at the end of the 6th innings had accumulated 14 hits, enough to win any ordinary game with something to spare. The crowd was not large, by any means, and it looked as if the fans, with Saturday's results still ringing in their ears, had a premonition of the outcome, and stayed home. However, the bleachers were well filled, and the fans that were there certainly knew how to root, for their roots were of no avail against Heck. Heck is not one of those nervous kind of

What You Don't Read On The Score Boards

Any team looks great when they're winning, especially when they win with a 7-1 score as London did yesterday.

The Cockneys may not look so good today with different pitching against them.

Taylor and Reising are due to go on the firing line today.

Bobby Heck surely is an easy working pitcher.

Bierbauer made Wagner look bad when he slid into second base, Wagner holding the ball.

Honeck had a busy day accepting ten chances faultlessly.

The Cockneys hammered Chase to all corners in the first few innings. The Brantford heaver was grooving the plate all the time.

Cy Reidy hit one back at Chase, which nearly knocked the pitcher off his pins.

The Red Sox were so hopelessly beaten that the game was uninteresting. Yet it was played in one hour and thirty minutes.

It is a pretty sure thing that some kind of a shake up is due to the Red Sox. Deneau has promised to give out details when he can.

Reising smiled Deneau crabbied, is the despatch from the first encounter.

The Sox fielded well, Dolan getting four put outs and Honeck four, while Wagner at second had three to Roth's none at third.

Worful was forwarded transportation on Friday last, but has failed to report as yet.

Hamilton's victory over Ottawa and London's victory put the Cockneys in first place again.

Deneau has a job bolstering up the weak spots again. That there are weak spots cannot be denied and it is up to the manager to make the proper diagnosis.

Yesterday's crowd was disappointing considering that London was the attraction.

The amputation of the Hamilton ball club has been postponed owing to a streak of victories which have greatly cheered the town up.

The London team yesterday looked to be in good condition.

Who said the Red Sox were a hot weather team?

Johnny Nelson who will report to Brantford soon is said to be going like a house on fire. Now's the time we ought to have Johnny.

Cy Reidy may look like a grave-digger, but he is a dangerous man to come up to bat.

The Red Sox to-day are exactly four full games behind London. A little spurt by Deneau's hand would make the leadership easy.

TESREAU'S DOUBLE SCORED TWO RUNS

Big Jeff Also Held the St. Louis Sluggers to Three Hits—Is in Rare Form.

NEW YORK, June 9.—New York won an easy victory over St. Louis yesterday by a score of 4 to 1. Tesreau pitched a strong game for the champions, and held St. Louis to three hits. Pinch Hitters Made Good

PHILADELPHIA, June 9.—A batting rally by Pittsburgh in the eighth inning caused the defeat of Philadelphia yesterday by a score of 7 to 5. In the inning both the visitors' pinch hitters made good. Hyatt's single sending in one run, and Jim Kelly's double driving in two more. One of Luderus' home runs was a drive to deep centre, which struck on a ledge of the wall several feet over Joe Kelly's head, while the other cleared the right centre field fence. Byrne had his left hand hurt trying to stop a grounder off Mitchell's bat, and was forced to leave the game. Score Pittsburgh 000 030 130-7 12 1
Philadelphia 002 100 110-5 11 2

A Tenth Inning Rally

BROOKLYN, June 9.—Chicago entered the ninth hitting a run behind yesterday, but won from Brooklyn by 3 to 2. Nap Rucker was the victim. After Saier had reached first on a fielder's choice and Zimmerman had singled, Corriden, who batted for Schulte, scored Saier on a single to centre. Smith's throw to the plate to catch Zimmerman on Sweeney's infield blow was too late, Zimmerman scoring the winning run. Score Chicago 001 000 002-3 6 2

SCHNEIDER HAS QUIT THE BEAVERS

Left Four New York City—Date of His Return is at Present Uncertain.

Firstbaseman Schneider of the Beavers quit the team in Erie on Saturday and informed Manager Lee that he was going to his home in New York. He would not state definitely when he might be expected to rejoin the team or whether he would return at all or not.

Schneider has just attained his 20th year, and it was only after much persuasion that he joined the Leafs in the South last Spring. His performance with the Beavers have not been impressive, and he became dissatisfied with his showing. Trout played first base in Peterboro yesterday, but he cannot be spared from behind the bat.

The largest flagpole in the world 230 feet long, the gift of Estoria, Ore., was raised on the Exposition grounds at San Francisco.

BEAVERS LOSE OUT IN THE TENTH

Schneider and Schultz Were Both Absent From Team.

PETERBORO, June 9.—The Petes and Beavers battled for ten innings yesterday before a 4-3 verdict with the Petes on the long end was reached. A pass, sacrifice, Ort's error and Kelly's poke over third ended the struggle. The game, although a good exhibition, lagged somewhat, as the sudden rise in temperature which brought intense heat seemd to slow the players up.

Both teams used two twirlers. Roberts were replaced by Galm in the 6th for Toronto, and Tracey ebng yanked to make way for Sterling in the seventh. The pitchers were not in a telling effect on them. Both teams collected ten hits, but the local hurlers were more steady than the slubbers of the visiting teams. Galm and Roberts issuing six passes, while Tracey yielded but one free ticket on the local side. Schneider, the Toronto first sack guardian, received permission to go home for a few days and Trout covered the bag. Schultz missed a train connection but will be here in time for to-day's game.

The Petes collected their first run in the second on a pass. Ort's error and Kelly's single. They gathered two more in the fourth on a hit batsman a sacrifice, Gorman's double and singles by Blount and Byrne. The winning rally was pushed over in the tenth.

The Beavers scored twice in the fifth on Roberts' hit, an error, singles by Trout and Burrell, and Ort's mammoth sacrifice fly. The other tally came in on Isaac's clout, a sacrifice and singles by Galm and Harkins.

WON IN THE ELEVENTH

ST. THOMAS Beat Erie by a Score of 5 to 4.

ST. THOMAS, June 9.—Erie and St. Thomas battled for eleven innings here yesterday before the Saints managed to slip the winning run across. Clement and Morse both pitched the best of ball, especially in pinches. While Erie had four errors, yet their fielding was spectacular at times, especially that of Witlse and Behan. Schaeffer got a badly sprained leg in the eleventh inning sliding into third. Kopp and Kading feuded at bat.

HAMILTON BLANK OTTAWA

Senators' Defeat Sent Them Down Second Place in League Race

HAMILTON, June 9.—Hamilton assisted in ousting Ottawa from first place in the Canadian League race here yesterday by defeating the Senators while the Cockneys were taking a fall out of Deneau's crew at Brantford. Dougherty, the local southpaw was exceptionally good, and had the visitors at his mercy at all times. On one or two occasions matters looked dangerous for him, but he managed to strike out batters when his meant runs. He scored the first run by a timely single in the third.

Pasquale Sementi, of Orange, N.J., reported to the police that he had lost \$95. They told him to dig in the trench where he had worked the day before. He did and found the money.

Herman Levy, head of a New York bankrupt diamond firm, was indicted in 1911 for fraudulent concealment of assets. He dodged the police since that time but grew weary and has given himself up.

Complaints Made Over Refereeing on Saturday

Courier Receives Two Letters From Soccer Supporters, Voicing Dissatisfaction With Things.

Dear Sir—Just a word to the Brantford and Paris football Committee. As I was a spectator of the Duffs and S. O. E. on Saturday's game, it started off very good and was a fine game till half time was called. The score then being 1 to 1, then the second half started off with a rush and the Duffs scoring an off side goal, which was given to them, this being 2 to 1. The tricker Sons then put in another goal, this being 2 to 2, and the Duffs then seeing the Bulldogs were all over them, began to play hand ball, and seeing the Referee did not blow for hands. They just kept hand ball up pretty good, this now being time the whistle was blown for time, so in 10 minutes after time the Duffs scored another, the referee then asking a spectator what time it was the Englishmen, I would not test against that sort of sport. I am a good sportsman myself, but I am all of them. I saw Mr. VanLanthe game and I think he will agree with me in my note.

Referee Lost Head.
Brantford Football League.
I and a friend went to see the game between the Duffs and S. O. E. on Saturday. It was a good game, but the referee lost his head. I don't know why the league should have a referee like that, as he was manager of Duffs club last year. It was the same when they went to Paris, and I got disgusted with him at Paris and left the field. There were some good Scotchmen and Irishmen in Brantford that know more of football than the referees they employ. Why not give them a chance? The last half run one hour and 15 minutes. I hope the league will do this as there was two offside goals and the referee said its play and ran to the centre of the field. I was the Englishmen, I would not test against that sort of sport. I am a good sportsman myself, but I am all of them. I saw Mr. VanLanthe game and I think he will agree with me in my note.

WALTER JOHNSON GOT "COLD FEET"

Signed Part of His Name to Federal Contract—Temporarily Made.

NEW YORK, N.Y., June 9.—Walter Johnson, the Washington Senators' great pitcher, started to sign a Federal League contract for the 1915, 1916, 1917 seasons at a meeting with the Federal League officials at the Waldorf Hotel, but after he had written "Walt" he laid aside his pen and said: "I'll guess I'll wait a

little while longer before I sign. There's no real hurry." This story was given out today from a source that is very close to the Brooklyn Federal League club, the team which Johnson was to have played in 1915 had he signed up. The Brooklyn Federals are said to have the half signed contract in their office.

The contract called for three years, and a salary of \$1,000 a year, not \$33,333, as has been reported. Johnson told the Federal agents that the Senators offered him a five year contract at \$10,000 a year. Johnson and the Federals finally hit on \$5,000 a year for a three year contract. Johnson to get a bonus of \$5,000 a year immediately on signing.

FARMERS BANK BILL KILLED IN UPPER HOUSE

Vote 32 to 25 to Give the Measure a Six Months' Hoist.

OTTAWA, June 9.—The Farmers Bank depositors will not be recouped at present. The bill to aid them was killed in the Senate last night on a vote of 32 to 25, adopting the motion of Senator Power, of Halifax, for the six months hoist.

Party lines melted on both sides of the Senate when the Power amendment was put to the vote, 14 Liberals voting against the six months hoist and 11 Conservatives for it.

The 14 Liberals were: Mitchell, David, McHugh, Domville, Casgran, Bostock, Derbyshire, Develbar, Young, Watson, Ross, (Moosajaw), Ratz, Boyer and Talbot.

The 11 Conservatives who supported the six months hoist were: Bolduc, McKeen, Daniel, McKay, (Cape Breton), Ross, Corby, Murphy, Lariviere, Curry, Bowell and Monplaisir.

The Discussion
The discussion preceding the division was substantially along the same lines as that which took place on the bill in the House of Commons. It was urged by Senator Loughheed that the depositors of the ill-fated institution should be recouped as a matter of moral obligation on the part of the government having regard to the fact that the bank had started business on the strength of a certificate granted by the treasury board under the former ministry.

Several speakers on both sides of the House drew attention to the misery and suffering which followed in the wake of the disaster. The opposition to the bill was voiced by Liberal speakers only and was based upon the ground that the legislation opened the door to claims for compensation in regard to all other bank failures, past and future.

The defeat of the bill has caused keen disappointment among Ontario Conservative members of the House of Commons who have been brought into close touch with instances of ruin and hardship following upon the wreckage of the bank. The Senate vote was a surprise, despite the predictions of Liberals that the bill would be killed.

ANGRY AT MILITANTS.
LONDON, June 8.—Public anger in connection with the militant suffragettes outrages is expressed daily with more vehemence throughout Great Britain and reports from the provinces show that suffragette meetings organized yesterday were generally broke up and women threatened with violence. At Ilford, some miles east of London the speakers were pelted with tomatoes and other missiles; and an unsuccessful attempt was made by the crowd, under the leadership of a woman, to upset the wagon from which the suffragettes were speaking.

FLANAGAN TO PARIS TO HANDLE JOHNSON

Will Again Take Charge of the Black Champion's Fistic Affairs.
Tom Flanagan left last night for New York, where he will sail for Paris to resume the management of Jack Johnson in the latter's battle with Frank Moran for the heavyweight championship of the world. The fight will take place late this month.

Flanagan will take charge of the final preparation of the champion, as in the bout with Jeffries at Reno. The local man was also with the black when he prepared for the meeting with Flynn in Las Vegas, N. H. Flanagan has been the friend and confidant of Johnson ever since the latter captured the title from Tommy Burns.

Music and Drama
At the Brant.
Manager E. Moule, of the Brant Theatre, introduces a splendid Vaudeville offering for the first part of this week and it is indeed a treat to get in off the hot streets these warm evenings or afternoons and enjoy a good show with cool breezes wafted all about you by the system of artificial cooling adopted by the management. As to the bill itself, as said before, this week's is a splendid one, and class marks each one of the acts. Elsie La Bergerie and her posing dogs constitute one of the most beautiful gets eye staged in this city, and some beautiful posing acts are introduced by the fair actress. Josephine Le Roy, styles herself the Sunshine Girl, and she certainly deserves the same, for she has an act bristling with bright comedy. Jane Heston and Com pany appear in an English comedy playlet "When Dreams Come True" and it is one of the most enjoyable plays seen here for some time. Miss Heston as Marie, the Cockney maid, created roars of laughter and great applause. The usual photo play completes a bill that is sure to please every one that attends.

**CHIEF BENDER AS
A BUSINESS MAN**
Indian Pitcher of the Philadelphia Athletics Launches in Sporting Goods Line.
PHILADELPHIA, June 8.—Prof. C. Albert Bender, the star Indian pitcher of the Athletics, has launched upon the wide seas of business, apart from shooting the ball by rival bats. The celebrated Chief has organized the Bender Sporting Goods Company of Philadelphia, the main purpose of the same being to dispense anything in the sporting goods line to anyone caring to leave the price in return. He reports unusual activity in all lines of sporting endeavor this spring, and an intense yearning on the part of the populace to bat some sort of ball around—baseball, golf and tennis preferred.

FALLING PHONE IS BURGLAR ALARM

"Central" Listens, Hears Tap of Tools on Safe Door and Calls For Assistance.

EAST GRAND FORKS, N.D. June 9. - A crash heard over the telephone by the exchange operator gave the alarm which prevented bandits from robbing the safe at the Northern Pacific station here early to-day.

The hold-up men entered the station at 4 a.m., and covering Guy Clements, the night agent, with a gun, they began robbing the till. Clements boldly reached out for the telephone to call for assistance and had the receiver off the hook when one of the robbers sandbagged him from behind, the telephone clattering to the ground as he fell.

"Central" already had plugged in on the line and hearing the crash suspected that something was wrong. Presently she heard the tapping of the tools the bandits were using on the lock of the safe. She notified Mr. Charles McGowan, freight agent. He reached the station just as the outlaws, hearing his approach, made their get-away in an automobile.

When he entered, Clements was lying on the floor unconscious, but he is expected to recover.

Organizing posses are searching the country and the surrounding towns have been notified. The robbers escaped with \$25 stolen from the cash drawer.

FLAME REKINDLED BY PHOTOGRAPH

Sweatshirts of 32 Years Ago, Twice Married Since, Are Brought Together.

DULUTH, Minn., June 9 - A photograph of his sweetheart of thirty-two years ago, which recently fell into the hands of Simon Poirier, mayor of Bonaventure, Quebec, Can., rekindled the love which he cherished as a youth for Miss Louise Brotherton, now Mrs. Louise Morris, No. 217 South Sixtieth avenue, here.

When the two were sweethearts, back in the State of Maine, Mr. Poirier was studying for the priesthood. He gave up the idea when the two became engaged. A quarrel resulted in the young woman urging the young man to continue his studies for the clergy, and their separation. He, however, did not go into the work of the church, but became a business man.

Both married twice during the intervening years. Mrs. Morris is the widow of Joseph Morris, who died two years ago, and with whom she lived for eighteen years. Her first husband's name was Blanchard.

The photograph was sent to Mr. Poirier by his sister, who learned that Mrs. Morris was living in Duluth. Mr. Poirier came here three weeks ago. He will return to Quebec, and with him will go his sweetheart of his youth.

They will be married in Quebec immediately after their arrival here. Mrs. Morris's sons, Alden and Basil Morris and her daughters, Miss Rena Blanchard and Miss Arzene Morris, will accompany them, and act as attendants at the wedding.

Mrs. Morris lived in Duluth nearly twenty years and has many friends in West Duluth.

With The Regiments At Niagara Camp

From Our Own Correspondent

NIAGARA-ON-THE-LAKE, June 9 - The tattoo that in previous years has always been held on Thursday evening in camp is to come off on Tuesday evening this year. Nine bands will take part, one of the features being that the full pipe band of the 91st Highlanders of Hamilton is to represent that regiment.

In marking out the grounds, space is to be made for each regiment. Heretofore space was only allotted to each brigade. This will necessitate a very much increased area. Another new feature this year is that each band will render a selection in addition to the numbers played by the massed bands.

The advent of the trolley from St. Catharines and neighboring villages will no doubt largely add to the numbers that in the past have gathered from all quarters in autos, some coming from Buffalo.

While the cavalry brigade were performing a night operation on Friday night in the vicinity of Thorold one of the troopers of the second Dragoons was taken suddenly ill. He was conveyed to the nearest hospital, which was Niagara Falls, at midnight. Upon arrival it was discovered to be appendicitis. Being an aggravated case, the medical men in charge decided to operate, but the patient refused. However when morning came he consented and the operation was performed successfully and his condition reported favorably.

Ladies' Day.

Among the women who will be present on Tuesday are expected representatives from the W. C. T. U., Woman's Institute, National Council, Daughters of the Empire, University of Women, and other organizations.

About 30 are expected. Secretaries of women's societies have been informed that the presence of ladies is desired who have never attended camp and who may be opposed to military service; such will be made welcome. From 11 a.m. till luncheon the time will be spent in visiting the camp, seeing the work being done in the kitchens, hospital and ration tent. Then historic points, such as Fort George and Butler's Barracks, will be visited, after which luncheon will be served in the compound. In the afternoon a review and march past will take place.
