Its "The Most Talked-of Publication in Canada."

ONLY \$2.00 A YEAR

H. P. DAVIDSON, "The Magazine Man"

Phone 5, Wolfville, N. S.

News Notes.

Obtained from various sources. The bank of commerce of Canada has more than one thousand banks in its employment.

There is an ice plant in Sydney that is capable of cutting and storing 400 tons daily.

Canada's revenue last year was over forty million dollars ahead of the previous year's, the surplus being the largest during the war.

About 3,600 Indians enlisted in the Canadian army, or about 35 per cent of the Indian males of military age. They have the record for malnutrition as a class.

Flourishing mines, an expert says, will unwise ships in the Atlantic for 2 years. The Gulf stream is carrying them along the coast of Europe and among the Atlantic islands.

The number of marriages contracted in Britain by members of the Canadian overseas military forces from August, 1914, to January, 1919, was 25,365, of which number 1,392 were officers.

Why should the Canadian Government sell thousands of pairs of rubber boots and shoes to Britain by auction at what will undoubtedly be sacrifice prices instead of giving the Canadian people some share in the lead of the war bargains in military stores?

Many dentists and shirtmakers under the Military Service Act are held by Quebec courts with a fine of five dollars. In the face of this sort of thing it seems a shocking thing that the "on clemency factors" should be Kingdon, writing in a case like this.

The yield of wheat per acre for Canada in 1913 was 11 bushels, in 1917 it was nearly 16 bushels per acre, so when we hear of farmers' wheat-growing Nova Scotia having 30.42 and even 51.92 bushels per acre we may feel proud of this little bit of news.

The popular idea that a person of full consequence as in the case of a full from a great height seems to be related by the caprice of the elements. Parachutes, although designed to open after 200 feet, frequently do not open under 1,000 or 1,500 feet, and do not drop the men tied to them are quite conscious.

The largest concrete reservoir in the United States—capacity, 355,000 barrels of oil—dimensions, 302 feet across, 92 feet deep—is at Galtville, Texas, and was built by excavating a hole and lining it with concrete. Mexico has two similar tanks holding 80,000 and 1,000,000 barrels. Each has an average 55,000 barrels capacity.

One of the most remarkable typewriters in the world was the machine specially designed and built for Li Hong Chang, the great Chinese statesman. It was fitted with twenty sets of Chinese characters, comprising 2,000 letters of no fewer than 2,000 keys. No dies were available, so engraving of the type had to be done by hand.

The German Government states that 5,000 persons died in Germany as the result of the blockade. The number is small in comparison with victims in other lands of war, made in Germany. Note that 50,000 Serbians have been exterminated, often by means more violent than maltreatment. Twice 500,000 Armenians and Greeks have probably been slain by German allies.

One night we gave a dinner to a large party of friends. I was telling them how I had successfully overcome in my new cook's case the native servant's abuse of their employment. I could depend, at least, on this servant's not addressing me as "Mabel." At that moment the new cook entered the room, bowed to us respectfully and said: "Sweetheart, dinner is served."

"Dinner is served, deary," he answered, with another bow.

Why Import Weeds? The suggestion that seeds of the Flinders poppy should be imported to Canada is carrying sentiment to a dangerous extreme. The plant is, after all, only a beautiful weed, a common pest in France. It would be wise to take thought and to learn from a former experience of a similar nature. The imported, or Bishop's Curse, was imported several years ago, presumably for garden purposes exclusively, but it is now a noxious pest in portions of eastern Canada.

The thought of the Flinders poppy 'over there' cuts forth feelings of national pride. Bringing them over here will destroy their sentimental value for Canada and will add another to our already long list of plant nuisances.

The Canadian Department of Fisheries and the United States Bureau of Fisheries are planning chit-chat salmon eggs into the Pacific coast in the St. Lawrence river system.

Two cases of flu, said have been shipped from the Tubercy district in Ontario to Belfast, Ireland.

TO ALL WOMEN WHO ARE ILL

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy complexion and have gained in health and strength. My husband and I both praise your medicine to all suffering women."—Mrs. J. M. Kowalski, No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headache, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

**THE ACADIAN.**

WOLFVILLE, N. S., FEB. 21, 1919.

**Editorial Brevities.**

Those who are interested, and all should be interested in the problems of the mother land today, will find the King's speech in opening Parliament worthy of thoughtful study. His words are pregnant with suggestions of the changing social order and of the responsibility of the nation in dealing with unemployment, poverty and other remedial ills. The pace set by Great Britain to-day shows the path we must tread to-morrow. Never before was such a speech put into the mouth of a British sovereign.

Sir Oliver Lodge, in presenting prizes at the King Edward Grammar School for Girls, Handsworth, England, a few weeks ago, made some remarks which plainly were intended as a caution against the tendency too widely to substitute the practical for the theoretical in educational training. In the course of his address, Sir Oliver said he quite agreed that it was a mistake to enter upon vocational work too soon. "Premature specialization" was to be avoided. The object of education was partly to make them useful citizens, to enable them to fill their niche in the scheme of things, to make them of service to others, but that was not all. Education should cultivate an interest in life. Learning should not cease when they left school. It should go on all through life.

There is meat for much thought in these few sentences from one of the world's great men.

Now that the war is over no home should be without a history of the events of the last four and a half years. There has recently been published a Pictorial History of the Great War, the only volume that has been written by Canadians for the Canadian people. The authors are S. J. Duncan-Clark, World War Analyst, editor and correspondent, and Prof. (Major) Wallace, M. A., Professor of Modern History at Toronto and McMaster Universities. The history contains about 400 double-column pages and 400 apt, official illustrations, including about 90 showing our Canadian boys in action. In addition there are sixteen De Luxe Colored Reproductions of the War Leaders and Intense Situations. H. P. Davidson, of this town, has been given the privilege of introducing this history to the people of Kings County, and is ready to take orders at any time.

**50 Years Ago.**

The following extracts are taken from the files of "THE ACADIAN" of 50 years ago:

Perhaps there has not been so mild a winter in this valley, in the remembrance of man, as has been the present, yet in some parts of Canada the severity of the winter has been keenly felt.

For a few days last week the sleighing was excellent, but on Sunday a strong wind came from the south which melted the snow down quickly and by Monday the sleighing was ruined.

The feeling that incorporation is necessary to the best interests of this village is becoming more and popular, although there are those who oppose it as they do every move in the direction of progress.

Rev. M. P. Freeman, removed to Gasperon parsonage this week, his duties there as pastor of the church requiring his constant presence.

On Saturday evening last Wolfville Division made a fraternal visit to Hopeful Division, of Avonport.

The following is a scale of the local market as far as could be gathered by a reporter:

Hay per ton, delivered	\$10.00
Oats per bushel	.40
Potatoes per bushel	.25
Beans per bushel	2.00
Pease per bushel	1.25
Eggs per dozen	.12
Dried apples per lb.	.04
Green apples, No. 1, per bbl.	1.00
Beef per quarter, fresh	60-70
Mutton per quarter, fresh	50-60
Pork per carcass, fresh	80-90
Beef, wanted at	50
Carrots, wanted at	35

**When Baby Is Cross.**

Mothers, when your baby is cross—when he cries a great deal and no amount of attention or petting cheers him up—something is the matter. It is not the nature of the little ones to be cross and peevish—the well child is a happy child. Give him a dose of Baby's Own Tablets and he will soon be well again. They are a mild but thorough laxative; regulate the bowels and stomach; banish constipation and indigestion; break up colds and simple fevers; in fact they care all the minor ailments of the little ones. Concerning them Mrs. Alphonse Lechance, St. Apollinaire, Que., writes: "My baby cried continually but Baby's Own Tablets soon set her right and now she is fat and happy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Halifax Herald:—Before the Nova Scotia Historical Society were heard two supremely interesting papers. The first was by the Rev. Dr. Crowell, on the settlement of Berrington. This paper set forward that the earliest settlers of the place were not as most suppose United Empire Royalists, but English. This paper was of great historical value, as it sets forth a great collection of facts which may in future time, unless gathered together, be scattered to the four winds of the earth.

Dr. Crowell was a visitor in Wolfville on his way home to Yarmouth last week.

Read Mary Roberts Rhinehart's latest novel "Dangerous Days" in the Pictorial Review, only 20¢ a year. It is P. Davidson, the Magazine Man, 111-113 St. John's St., Halifax.

**Work For Boys.**

A very interesting meeting was held at the Council Chamber on Tuesday evening, when a goodly number of citizens gathered to hear a discussion on Boys' Work. Rev. L. A. Buckley, Maritime Boy Work secretary for the Y.M.C.A., and Mr. Arnold, the town and country secretary of the same institution in the Maritime Provinces, were the speakers, and a number of citizens present participated in the discussion. Both addresses were very interesting and instructive and referred to a work that certainly deserves the support of all right thinking people. The Young Men's Christian Association of the provinces of Nova Scotia, New Brunswick and Prince Edward Island, under the leadership of the Maritime Division of the National Council of the Association of Canada, is launching a special effort to extend the services of the Y.M.C.A. with tried plans of organization and program to the men and boys of the entire Maritime field. The plan is to get Kings county in line for this work and different sections will be visited, the aim being to hold a county convention in the near future. The meeting, after some discussion, unanimously decided in favor of the undertaking.

The town and country work of the Young Men's Christian Association is sometimes called county or rural work. It is the Y.M.C.A. operating on a county-wide basis. The general administrative body of the organization is a county committee of real estate citizens. This committee employs a county secretary as its agent and outlines the policy and plan of action and promotes and supervises the work generally. The secretary resides in the county and gives his entire time to the work. Each com-

munty has its organization for promotion and supervision locally. The Association aims to train boys and young men for leadership of others in service in home, school or church—in fact the whole of life's contracts and experiences—a social program of service to keeping with Christian ideals. Therefore, the County Secretary in behalf of the committee gives attention, primarily to the discovery, enlistment and training of leaders as the best means of accomplishing this end. These leaders take charge of groups of boys and young men.

The regular program for boys is the Canadian Standard Efficiency Training. It is the Church's program, having been prepared by the leading

**R. E. HARRIS & SONS.**

Two Telephone 115-11 and 16.

denominations of the Dominion, with the co-operation of the Sunday School Association and the Young Men's Christian Association. It features a well-rounded symmetrical development on a four-fold basis—intellectual, physical, devotional and social—based on the life, teachings and character of Jesus Christ. The program for young men is of character, with an emphasis on leadership training and community study and service. Among the other features of the work in an organized county are leaders' conferences, older boys' conferences, boys' camps, boys' and girls' agriculture clubs, athletic meets and special community events—a program fitted to the conditions that obtain in the field. The county plan, therefore, calls for a non-equipment, personality program, making use of resident forces and existing agencies.

**War to Peace**

**Make The Returning Soldier Welcome**

THIS is an important hour for Canada. The nation is entering on a new era. It is passing from war to peace. Let us start this new era right. There are thousands of soldiers returning from overseas. The Government is doing all in its power to get these men back to civil life.

It is giving a *War Service Gratuity*—more than any other nation—to keep the soldier going till he gets a job.

It gives him a *pension*—where his usefulness is impaired by his service.

It teaches a man a *new trade* when his service unfits him for his former trade.

It gives him *free medical treatment* when illness recurs, and supplies free artificial limbs and surgical appliances.

It is bringing back to Canada at the public expense the *soldiers' dependents* now overseas.

But the Government, however willing, cannot provide the personal touch needed in this work of repatriation. That must be given by the people themselves.

The men who went from these parts to fight in Flanders deserve a real welcome home—the best we can give.

In most towns committees of citizens have already been organized to meet the soldiers and their dependents at the station, to provide hot meals, supply automobiles, afford temporary accommodation when necessary.

In addition, many other towns are organizing social gatherings to give public welcome to returned men after they have been home a few days.

The fighting job is done. It has cost many a heart-burning. But it has been well done. The least we can do is to show our appreciation in no uncertain manner.

Don't let the welcome die away with the cheers.

**FERTILIZER**

Our first advertisement calling the attention of the farmers and dealers to the necessity of ordering their fertilizer early, and having it shipped early appeared in this paper four weeks ago. Since that time we have had a large number of our old customers ask for their fertilizer to be shipped at once, and we have had many enquiries and orders from new customers. The time when fertilizer will be used is approaching and the indications now point to an early spring. There will undoubtedly be a heavy call for fertilizer, and it will not do to put off too long.

Notwithstanding the shortage of fertilizer for the past several years, particularly the spring of a year ago, we had a good supply and were in a position to take care not only of our own trade but of many customers who were disappointed in not being able to get their fertilizer. This condition may repeat itself this year and it will surely do so if you do not make your arrangements early for the spring supply. It is certain that unless orders are placed the manufacturers will not take the risk of carrying over to next year materials bought on the present market when the prices are at the highest, and the tendency on the contrary will be not to carry even the slightest surplus with the possibility of having on hand at the end of the season.

**Flour Substitutes at Feed Prices**

Here is the story in a few words. Carrying out the regulations of the Canada Food Board we put in a pretty large stock of the flour substitutes recommended by them. Shortly after the fighting ceased the ban was lifted to a very large extent and we had a considerable stock of the substitutes on hand. Now we want to close this stock out as quickly as possible—hence your chance to get the lines mentioned below at low prices given—

Don't you think that it would be saving something worth while putting in a supply at this price and use freely with your flour?

Corn Flour, per 98 pound bag	\$4.50
Barley Flour, per 98 pound bag	4.50
Rye Flour, per 98 pound bag	6.35
Barley Flour, in 14 pound bags, 14 bags to the bbl., per bbl.	\$10.50
Oat flour, in 14 pound bags, 14 bags to the barrel, per bbl.	10.50

Why use cornmeal and other feeds when you can buy the much more nutritious cereal flours which are offering at such low prices.

Local Happenings.

Try E. C. Young's ice cream. It is delicious. Miss Marguerite DeWitt is visiting friends in Windsor. The band will be at the rink on Saturday evening. Plan to hear it. It will pay you to read C. H. Porter's adv. this week and every week. Keep in touch with his store and save money.

The ladies of St. John's church will hold a Pantry Sale every Saturday afternoon in Mr. R. C. Young's Ice Cream Parlor. Dr. Cutler, who has been confined in bed with recurrence of an old knee trouble, is out again and attending to his duties.

Keep in touch with world affairs by reading 'World's Work.' \$4.00 a year from H. P. Davidson, The Magazine Man, Phone 5.

The meeting of the Appeal Court, which takes place on Tuesday afternoon of next week, promises to be an unusually interesting one.

Ask for one of our 1919 weather charts, RAND'S.

A very successful banquet was given by the Acadia Hockey team at the Acadia Villa Hotel last evening to the visiting team from Mt. Allison.

A special meeting of the Kings County Poultry Club will be held in Town Hall, Wolfville, Feb. 26th, at 8 o'clock. All members are requested to be present.

An organ recital will be given in the Presbyterian church on Sunday evening at 8:15 o'clock, by Miss Rockwell, assisted by Mr. Mason. A silver collection will be taken in aid of the memorial fund.

Money to loan on mortgage securities. Apply to E. S. Crawley, Wolfville.

Last Friday afternoon ten of the Olive Service Girls went up to the Sanatorium at Keeganville and presented a valentine in the shape of a package of home-made candy, to each of the 250 patients. Well done girls.

Fee performance at the Opera House this evening promises to be of special interest. Much preparation has been made and an interesting and amusing program will be presented. It will be worth seeing and hearing.

THE ACADIAN is very glad to be able to report that Mr. Brighten Field, leg. assistant postmaster, who has been seriously ill, is now well on the way to recovery. Also that Councilor Regan is rapidly recovering from his recent illness.

Prof. F. R. Halsey has sold his residence on Westwood avenue to Mr. Herbert W. Smith, who recently came here from Halifax to reside. This is one of Wolfville's finest properties, and we congratulate Mr. Smith on his selection of a home.

Mr. Walter Duncanson, of Minnesota, arrived at the house of his brother, Mr. Earl Duncanson, at Gasperau, on Saturday last, after an absence of some years. It is understood that he is to be the principal in an interesting event soon, of which more anon.

Go to E. C. Young's for your Country Island Hot Dogs.

The First Public Pupils' Recital of the season will be given in College Hall, Friday evening next, February 28th, at 8 o'clock. The Departments of Piano, Voice, Violin, Elocution will be represented. An interesting program is being prepared. General admission twenty-five cents. Students fifty cents. Watch for poster.

Wolfville Methodist church, minister, Rev. W. H. Watts. Services for Sunday, February 23rd, at 11 and 7 Morning subject: 'Abiding in Christ. A Necessary' Evening subject: 'Prayer for a Revival.' Divine service will also be conducted at Greenwich at 3 p. m. Prescher at each service the minister. Special music under the leadership of Mrs. Richmond.

WANTED—To rent for summer months about May 1st, furnished house, six or seven rooms. State rent and location to P. O. Box 673, Halifax, N. S.

Small-pox of a mild type has again made its appearance in Wolfville. The disease was brought from Halifax where it has been prevalent for some time. The Board of Health has made a strict quarantine of the two houses where the disease existed and it is hoped it may not spread further. At a meeting of the Board on Sunday afternoon it was decided to continue the public schools as usual, all pupils being obliged to be vaccinated.

Don't fail to see the Fox Kiddings the beautiful picture 'Aladdin and the Wonderful Lamp,' Monday and Tuesday at the Opera House.

The scenes are laid in Bagdad, the principal roles are taken by Virginia Lee and Florence Carpenter. See the gorgeous settings that vanish and are built in the twinkling of an eye.

This is a beautiful picture and will delight both young and old from 7 to 70. A picture that will not only entertain the children but will please fathers and mothers just as much.

WOLFVILLE, N. S. Men's and Boys' Wear, Shoes, Rubbers, Hats and Trunks.

Deaths' Harvest.

Wolfville lost a well-known and useful citizen by the death of C. P. Joseph B. Tingley, which occurred at his home on Tuesday evening, after an illness extending over several months.

The deceased was a native of Hopewell, N. B., where he was born about twenty-four years ago. He came to Wolfville to reside, and purchased the property on Main street formerly occupied by the late David Thomas.

Capt. Tingley was a man who took a lively interest in public affairs and was for some time a member of the Town Council. He was a faithful member of the Baptist church and filled the office of treasurer for a number of years. He was an ardent supporter of the Temperance cause and a faithful member of Wolfville Division of T. A. A familiar figure around town for so many years he will be much missed.

He is survived by a widow, formerly Mrs. H. O. Harris, and four sons: Alfred, teaching in British Columbia; Harold, of the Royal Navy; Paul, of the Royal Aviation Corps; and Arthur, at home.

The funeral will take place from his late home this afternoon at 2:30 o'clock.

The death of Mrs. Robert Shaw of Avonport, took place on Monday evening. The deceased was a daughter of the late Capt. Robert Davidson of Hantsport. She was a most estimable and highly respected lady and had many friends who learn with sorrow of her demise. Mr. L. E. Shaw, of this town, is a son. Mr. Shaw and family will have the sympathy of all.

Our Returned Heroes.

On board the Princess Juliana, which departed at Halifax, Monday morning, were the following Kings County men:

Gen. H. E. Fuller, Avonport; Gar. F. T. Kelly, Kentville; Cpl. S. L. Murphy, Wolfville; Pte. K. Patterson, Hortonville; Cpl. S. Redden, Gasperau.

Cpl. Stanley Marbury went overseas in the 85th B. I. in October 1916. He was killed in October 1917. He was buried in the 'Fins.' A large crowd turned out to meet him when he arrived Monday evening.

Rev. G. W. Miller, on behalf of the citizens of the town gave him an address of welcome. The Scout band was present and rendered several selections.

L. Cpl. Stanton Redden went overseas with the 61st C. M. R. and was killed in the 8th B. I. in October 1916. He was buried in the 'Fins.' After serving in the trenches for eighteen months he was wounded in the hand. He was given the Military Medal for carrying a wounded fellow-soldier out of danger.

Sgt. Henry Butler of the 85th B. I. accompanied by his English wife, is visiting friends and relatives in Wolfville, and is continuing his journey to his home in Oregon. Sgt. Butler has a son, one of his brothers is in Wolfville and his friends are glad to welcome him home again. At the time of his enlistment he was studying in Boston. He went overseas with the 85th B. I. in October 1916. He served with his battalion in France and was wounded at Vimy Ridge in April 1917. For the past year he has been an instructor at a training school at Bevilton, Ont.

Sir Wilfrid Laurier Dead.

To all political associates and opponents the passing of Sir Wilfrid Laurier, at his home, Ottawa, came as a distinct shock. Although his general health has been good, he had of late complained of weak and dizzy spells upon rising in the morning. On Sunday morning, as he was preparing for service, he was seized with a stroke of paralysis which was followed by a similar seizure at midnight, from which he never fully recovered consciousness, passing away in the early afternoon on Monday.

For nearly half a century he was one of the outstanding men of the Empire, a member of the House of Commons for 45 years, leader of the Liberal Party for 22 years, and Prime Minister for 12 years. Canada loses in the death of Sir Wilfrid one of the most famous of her sons, a man who left his mark on her life more for his own conspicuous qualities than for any political structure of his building or for any legislative achievement that he fathered. He was a great Canadian, not least because his personality, his convictions and his methods were all constantly provocative of controversy.

Windsor District Sunday School Institute.

A Sunday School Institute has been arranged to meet in the Methodist church, Wolfville, on Wednesday, Feb. 26th, sessions at 10:30, 2:30 and 7:30. Program: Morning—'Bible Reading,' Rev. A. C. Borden, D. D., in charge.

Afternoon: Main Subject—'Evangelism in the Sunday School.' Papers will be read on the following subject: 'The Program of the School in Relation to Winning the Young for Christ and the Church,' Rev. James Baxter. The Lesson and Evangelism, Rev. W. H. Watts. 'Other Activities and Evangelism,' Rev. F. J. Armitage. 'The Rural Boy and the Church,' Rev. L. A. Buckley, Maritime Secy. Y. M. C. A.

Evening address by Revs. I. W. Hodgson and L. A. Buckley. Mr. Buckley will speak on 'The Canadian Standard Efficiency Test.'

Red Cross Notes.

The Red Cross would urge the women of Wolfville to come to the Red Cross room and get wool and knit into socks. These are very much needed, the demand cannot be supplied.

The Valentine Tea was a great success and we wish to thank all who helped in any way towards the good cause. The proceeds clear of expenses amounted to \$110.00.

Annual membership fee: Mrs. Ernest Johnson \$2.00; Mrs. Heiber Johnson \$2.00; Associate member Mrs. McLeod \$1.00.

More Maple Sugar.

Last year's crop of maple sugar syrup is all gone. Prices this year will be just about as profitable. The export trade is developing. What the dealers want is more maple sugar, not a maple syrup, and better quality. Make your maple bush pay this year by tapping all the trees you can handle. As far as the bling goes it is just about as easy to handle the sap of 5,000 trees as 50.

Short Courses

Let us not therefore judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way.—Rm. 14, 31.

## Soap Wrapper Appeal From Toronto.

The past year has been one of intense anxiety and continual strain and yet, one with much cause for joy and thankfulness because of the great amount of success attained.  
Our Travellers' Aids at the several stations have found the year full of opportunities for service, to which they have cheerfully and promptly responded.  
Many a tired and perplexed mother with her family of little ones has blessed the W.C.T.U. woman in uniform who came to her assistance during the tedious hours of waiting between trains and helped to replenish their stock of food.  
Then the many aged and infirm ones compelled by stress of circumstances to travel alone, were also comforted and their nervousness overcome, as they were kindly and patiently helped on their journey.  
Scores of young girls, troubled and perplexed, having wrong addresses or none at all, were carefully looked after, and when unable to be correctly located, were sent to Willard Hall until their friends were found.  
Sick and injured women coming off the trains were given 'First Aid,' and when necessary taken to hospitals, and their friends communicated with.  
A large number of children without escorts or money, were placed in charge of reliable persons travelling in the same direction.  
Well-meaning, designing persons were in many cases discovered, and their plans thwarted, and numberless young, innocent girls saved from ruin and misery by the timely intervention of our Travellers' Aids.  
Feeling sure that you approve of the action taken in these and similar instances, and that you value the help given these needy ones, we appeal to you to show your appreciation by using Surprise Soap, and sending our agent, Mrs. M. P. Freeman, the wrappers, for which the Company gives us a percentage, thus making it possible, financially, to carry on this important work.  
We sincerely thank all those who have in the past helped us in this way, and earnestly hope for their continued support.  
Our appeal is from women to women for women, and is international and non-sectarian, and if generously responded to, will bring untold good results. The wrappers should be sent to Mrs. M. P. Freeman, Gasperen Avenue.

We cannot serve God and mammon, but we can serve God with mammon. The long look within ourselves will cure us of a lot of impatience with other folks.  
The more you pray the less you will gossip. Prayer is a great cure for a loose tongue.  
This is a lost world to be saved and not simply an ignorant world to be educated.  
The body might as soon thrive in a fever, as the soul prosper when burning with contention and strife.

## Cause of Early Old Age

The celebrated Dr. Mendenhall, an authority on early old age, says that it is "caused by poison generated in the intestines." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. If to 50 drops of "Kidney's" you would make your digestion sound, you would prevent the cause of early old age.

## Too Much.

The other day they were doing a big business at the local recruiting office. A vacant looking youth strolled up to one of the civilian officials. 'Name?' said the latter. 'Herbert Jones.' 'Age?' 'The preliminaries were scribbled, the poor man was flung to a doctor. 'Address,' said the medical officer. The man undressed and stood shivering in an icy wind that came through the open door. 'Now, then,' said the doctor, 'help around the room.' The man hopped and nearly broke his neck in the attempt. 'Rotten!' said the doctor. 'Rotten! Now double up your knees and touch the floor with your hands!' The applicant attempted to carry out the order, lost his balance and collapsed. 'H'm...' said the doctor, enigmatically. 'Now run around the room as fast as ever you can; I want to test your heart.' 'No; I'm hanged if I will,' said the youth, determinedly. 'I've changed my mind; I'll remain single.' 'Single?' said the doctor. 'Yes,' said the youth, 'single. They didn't tell me I had to go through all this nonsense in order to get a marriage certificate.'

## PILES

Do not suffer another day with PILES, the cause of itching, burning, and bleeding. Dr. Chase's Ointment will relieve you in one or two days. It is a sure cure. It is sold by all druggists. Sample box free if you mention this paper and enclose 10c. stamp to pay postage.

## Why He Trimmed.

A half platoon of soldiers belonging to a certain Irish regiment was getting ready for a night raid, which, as everybody out there knows, is a peculiarly ticklish and nerve-wracking operation.  
A seasoned sergeant of the original 'old contingents' noticed a young soldier, fresh from home, painfully and visibly affected by the nearness of the coming fight. His face was pale, his teeth chattered, and his knees soon and then a moat each other. It was sheer nervousness but the horrified sergeant thought it was downright funk.  
'O'Yaughey,' he whispered, 'Is it thrimblin' ye are fer yer own dirty skin?'

## Don't Be Dyspeptic.

The dyspeptic has thought only of the stomach when the real source of trouble is in the Liver, Kidneys and Bowels. Dr. Chase's Kidney Liver Pills thoroughly cleanse and purify the digestive and excretory system and in this way put the organs of digestion into normal working condition. A little patient suffering with these organs when sluggish will improve the habit of healthful digestion.

One of the methods of communicating from one officer to another in the trenches is to give the message to one of the privates and tell him to 'pass the word along' the lines until it reaches its destination, viz., the officer at the other end. The following story will show how a serious message can be distorted on its journey from mouth to mouth:  
Lieut. A. in charge of one end of the British line, told the private in front to 'pass the word along' to Lieut. B. 'We are going to advance. Can you send us reinforcement?'

## CASTORIA

For Infants and Children  
In Use For Over 30 Years  
Always bears the signature of *Dr. J. C. Ayer*  
Two Irishmen were on a dump barge. One day the waves ran high near shore. The tug's old towing cable parted. The barge rolled into the trough of the sea and the two Irishmen were washed overboard. One swam to the shore and after a short rest was about to start back toward the other man who was still wrestling with the waves.  
Said Pat, 'and now O'm goin' back to save Molke.'

'I'm going to buy some candy with my penny,' lisped a little two-year-old girl.  
'I'm not,' said her brother, who is not quite six years old. 'I'm going to save mine and buy another Thrift stamp.'  
'Well, I want some candy,' argued the girl.  
'Aw, go ahead and buy your candy,' replied her brother. 'but I'm going to save mine and buy a Thrift stamp 'cause daddy said that will help lick the Kaiser, and he says if he ain't licked there won't be any candy.'

## Children Cry FOR FLETCHER'S CASTORIA

Did your rich uncle remember you in his will?  
'Not personally, but he endowed a home for the indigent. I fancy he expected me to collect my share that way.'

# TOMORROW'S MAN

What is done in childhood days to enrich the blood and build up rugged health often makes or breaks the man of tomorrow. The growing youth, with nervous energy overwrought, needs constant care and

# SCOTT'S EMULSION

to help maintain strength and vitality equal to withstanding the dual strain of growth and wear and tear of the body. The reputation of Scott's is based upon its abundant nourishing qualities and its ability to build up strength.

## Peace and Palestine.

An infant's welfare bureau has been established at the medical center. Mothers are given all the medical care needed, baby clinics are being organized, health visitors are being appointed, and kitchens that provide food for babies and the poor are being opened. The nurses are natives of Jerusalem who need thorough training, but it is confidently predicted that the rate of infant mortality will quickly drop.  
All large centers throughout Palestine have excellent government hospitals and during the months since General Allenby's triumphal entry into Jerusalem many thousands of patients throughout the country have gone of their own free will to treatment and asked for vaccination. The disinfecting plants distributed with a lavish hand by the Government have effected a wonderful decrease in typhus and relapsing fevers cases.

## Protective Coloring.

The vivid and beautiful markings of the butterfly's wings are often a puzzle to those who would find in the coloring of animals a means to low visibility. The butterfly, thanks to his gorgeous splendor, is a most conspicuous object, especially from above, whence chiefly danger would come in the way of insect-eating birds. The butterfly's illuminated wings seem to be designated for the attraction of mates, and have developed through this potent principle despite the dangerous prominence they give the insect, who uses other means to counteract it. When flying the butterfly takes a peculiar zig-zag path, which, as a submarine current would know, is a proper means for eluding danger. A butterfly in flight is difficult object to strike, notwithstanding the slow rate of locomotion.

## It Has Kick.

A moderate drinker, so called, said he liked Scotch because, so that only it has a kick. 'Yes, it is true, very true. Alcohol has a kick. It has kicked many a man from the sacred call of the ministry. It has kicked many a man off judicial bench; it has kicked many of the finest physicians out of the profession; it has kicked bankers, college professors, splendid business men and the best men in every profession. Life, down and out and made them outcasts and wanderers.  
Its kick is always downward and the poor fellow who has been kicked out of his position, kicked out of society, homeless and friendless, wanders into a saloon to beg a drink that he may feel once more the 'kick' of alcohol. He gets a kick from the saloon keeper that lands him in the gutter and from the gutter he is practically kicked into a nameless grave in the potter's field. Yes, it is true, alcohol has a kick.'

## A Builder of Health.

Nothing can be of greater assistance in building up the system than Dr. Chase's Nerve Food, for this food-cure forms new, rich blood, and nourishes and restores the feeble, wasted nerve cells. Gradually and naturally the body and mind regain vigor and energy, and you feel again the joy of living which comes only to people in good health.

A Kingston, Ont., despatch says:—'In the German territory occupied by the allies. His orchestras in the cafes, restaurants and hotels are now playing "Kite Britain, God Save the King and The Maple Leaf. They play them at the command of Canadian and British officers in their territory, who keep them going at it eight and day in Cologne and other German centres. Lieut. Col. Stewart, son of Postmaster Stewart, writes to say that they get at their new scores without any apparent objections.'

## Children Cry FOR FLETCHER'S CASTORIA

'It is a wise young man who sees his dad's stumbling blocks as stepping stones to success on the farm.'  
'What did you do before the war, Bill?'

## Children Cry FOR FLETCHER'S CASTORIA

Did your rich uncle remember you in his will?  
'Not personally, but he endowed a home for the indigent. I fancy he expected me to collect my share that way.'

## Dead Letters.

Writers of letters who do not put a return address on their envelopes either printed or written, may be interested in knowing that in the United States last year 11,451,053 pieces of mail and 662,199 parcel post packages were sent to the dead letter office. Warnings are constantly issued that a plain and correct address is necessary to ensure delivery, yet thousands every day neglect this precaution. When sending money, cheques, drafts, stamps, or other enclosures of value, The United States Post Office Department last year dealt with 19,000 registered letters so badly addressed that delivery was impossible. Of the unregistered letters which found their way to the dead letter office 18,433 contained money and 131,165 carried drafts, cheques or money orders representing \$4,900,720.  
The business of the post office increased largely during the war, but there was a greater growth of carelessness, for mail matter improperly addressed increased by nearly a million pieces as compared with the year before. There is a constant increase in the use of envelopes containing printed or written return addresses, but they still form a small portion of all the letters mailed. A study of the figures should at least make more people careful to write addresses fully and legibly.

## Just Paragraphs.

Facts are not stubborn things. It's the man who won't recognize them that is stubborn.  
It isn't what others think about you that brings the worry wrinkles; it's what you know about yourself.  
You've got to leave your work with some planning and thought. A fireless cooker doesn't do the business until heat is applied.  
Wealth does not come by the diligent saving, but by the most diligent producing. Men and nations who proach the prosaic hardest are never the richest.  
When a man is satisfied with conditions as he finds them, he might as well call in the undertaker, for the jig's up with him.

## Are You Equipped To Win Success?

Here is your opportunity to know exactly what you are doing in your business, and to get the most out of every dollar you spend. Know the meaning of passing words. Know the meaning of passing words.

# Evangeline Returns to Grand Pre

## (1) Evangeline's Well.

WHAT lover of poetry has not dreamed of visiting the places made immortal in song? And what song has roused this longing more intensely than the story of the gentle Acadians and their Great Banishment? Many have realized this ambition for Nova Scotia is easy to reach and each succeeding summer sees more hundreds making the pilgrimages to

## (2) Philippe Hebert's Statue of Evangeline.

grown Bucket, fastened with iron, and near it a trough for the horse."  
The piece of ground at Grand Pre on which is the well of Evangeline, together with the old willow has been bought by the Canadian Pacific for the purpose of preserving it for posterity.  
Before he died last year, Philippe Hebert, the greatest of French-Canadian sculptors, was engaged on a statue representing Evangeline leaving the land of her childhood and looking back in sorrow.  
Philippe Hebert was himself an Acadian and, although a perfectly happy exile in Montreal, entered into the spirit of the poem as he called the sculptor could. The model of his statue has been purchased by the Canadian Pacific who have commissioned Philippe's son, Henri Hebert, also a distinguished sculptor, to complete it. Life size in bronze to be

# The Universality of the Telephone

THE loyal citizen backs up home institutions. There is probably no public utility in which the best interests of Nova Scotia are bound up as they are in the telephone. It serves well-nigh universally; it should be supported likewise.  
Today, one person in every twenty-two in this province actually pays for a telephone. Soon it will be one in ten.  
Every telephone subscriber owes it to himself and his community to be a telephone stockholder, to share in the prosperity of this company and to have a voice in its management and operation, thus making it a huge cooperative enterprise.  
As an investment for the Nova Scotian, it is unexcelled because its plant and operation are always under his eye, so that he can intimately observe them from day to day.

7% Preferred Stock. Shares \$10 each. Earnings stabilized by legislation.

MARITIME TELEGRAPH & TELEPHONE CO., Ltd. Halifax, N. S.

SELINA WOODMAN, Administratrix.  
OTTO FOSHAY, Administrator.

Advertising in "The Acadian" always brings results. Try it in 1919.

# Four Good Lessons to Remember

First—Once your kidneys are affected, chronic complaints are sure to follow—if you don't remove the cause immediately.  
Second—You can't neglect kidney or bladder derangement and stay healthy. Putting off will never cure. You must assist Nature.  
Third—The symptoms of kidney or bladder trouble—the commonest symptoms—are: Pains in the back and sides, swollen joints, painful urination, brick dust deposits, and constant headaches and dizziness.  
Fourth—The sure and safe remedy for all afflictions caused by weak or deranged kidneys is GIN PILLS.  
GIN PILLS have been the means of restoring thousands of chronic sufferers to health and strength again. If you suffer from kidney or bladder troubles—see GIN PILLS. They always fall to bring relief.  
Read what GIN PILLS did for Mr. James Stackhouse, of Toronto. Mr. Stackhouse became convinced that he was in for an attack of kidney trouble. Although subjected to X-ray treatment, the cause could not be located. Finally he was forced to leave his work and go to a hospital. His place was filled by another, as he never expected to go to work again.  
Five boxes of GIN PILLS put him on his feet again, and to-day he is physically fit again and ready for work.  
Sold everywhere for 50c a box. A free sample on request by writing to The National Drug & Chemical Co. of Canada, Limited, Toronto, Ontario. U. S. residents should address N. D. & C. Co., Inc., 206 Main St., Buffalo, N. Y. 19
