The Advance House of The North Shore

Town Council Dismisses Fire Co., Town Marshall and Night Policeman

A special meeting of the Town Council was held Monday evening in the Town Hall with the Mayor and all the Aldermen present. An application from J.W. Spurden for position of Auditor was referred to the Police and Appointment to office Committee.

A request from A.D. Farrah & Co. for reduction of taxes was read and on motion of Ald. Armstrong seconded by Ald. Russell and carried that the Council does not see fit to make any changes in the assessment of A.D. Farrah & Co.

The Town Clerk submitted a certified copy of the Act of Assembly, passed the 17th Day of April inst. relative to the issue of \$50,000 School Debentures also a certified copy of resolution passed by the School Board advising the Town Council that the Board proposed to issue debentures and asking the Council to proceed to take a vote of the rate-payers of the Town on the said proposal and to direct the time and manner of taking such vote and to adopt a form of ballot.

It was decided that the said vote shall be taken at the Town Hall in the Town of Newcastle on Tuesday, May 13th from 10 a.m. to 4 p.m.; the Town Clerk to be the Presiding officer and to conduct the same as near as practicable along the general provisions provided in an election for Mayor and Town Council and the form of ballot to be used as follows:

"The voter, in favor of allowing the School Board to issue Debentures will cross out the word 'No'; the voter opposed to allowing the said issue will cross out the word 'Yes' J.W. Davidson and F.V. Dalton were appointed Polling officers, Chas. Rae and Roy McWilliam, poll clerks; and John Fallon and Geo. Bethune constables.

The Chairman of the Park & Fire Com. reported that following instructions from the Council to re-organize the Fire Dept the Committee had notified the members of the Fire Company that their services would no longer be required after April 30th and had given the present members the privilege of applying for positions in the new organization. The Chairman stated that he was prepared to take care of any situation which might arise after Apr. 30. This report was received and the committee was granted further time to complete the re-organization and to report at the next meeting.

The Chairman of the Public Works Com. spoke of the necessity

of renewing the storm sewer on Pleasant Street before making any permanent work on the street, and on motion the matter was left in the hands of the Public Works Committee and Light & Water Com for action with the possibility that the new sewer might be arranged between them to serve for both storm and permanent sewer.

The Chairman of the Police Committee presented a report signed by 2 members as follows: "That the Town Marshall and night Policeman be retained in office for a two months trial and if found unsuitable for their respective positions they be discharged.

H. D. Atkinson
E. J. Morris
Members of Police Committee
Moved by Ald. Ritchie seconded by Ald. Armstrong that this report be not accepted.

Yeas—Ald. Crocker; MacKay; Russell Dickison; Ritchie and Armstrong.
Nays—Ald. Atkinson and McEwen.
Ald. Ritchie submitted minority report as follows:—

"That the Town Clerk notify the Town Marshall and night policeman that their services are no longer required after May 31st 1924.
(Signed) H.H. RITCHIE
Chairman Police Committee

It was moved by Ald. Ritchie; seconded by Ald. Armstrong that this report be adopted.
Moved by Ald. H. H. Ritchie; seconded by Ald. Armstrong that the Town Clerk be authorized to advertise in St. John; Fredericton and two local papers for applications for position of Night Policeman. Carried.

The matter of the collection of Default taxes was discussed and the Com. was instructed to continue with their arrangements and report later. On motion the council adjourned.

Harkins Academy Easter Exams

The appointment of Arthur Doran; Northumberland County to be an auctioneer has been gazetted.

EASTER GIFTS TO MIRAMICHI HOSPITAL

The following splendid donation was received by the Miramichi Hospital from the Blackville Auxiliary before Easter:

23 bottles Preserves; 4 bottles Pickles; 8½ doz. eggs; 18 cans pears & Peaches; 2 lbs. Butter; 2 tins condensed Milk; 9 lbs. Tea; 8 lbs Cocoa; 3 lbs. coffee; 1 can Jam; 2 cans Corn Beef 2 cans Baking Powder; 2 bottles Lemon Extract; 9 pkgs. Cornstarch; 2 pkgs. Jello; 1 pkg. Barley; 11 pkgs. Puffed Wheat; 1 pkg. Grape Nuts; 2 pkgs. Cornflakes; 2 pkgs. Macaroni 5 pkgs. Tapioca; 1 pkg. Rolo Oats; 1 pkg Raisins; 1 Tin Soda Biscuit; ½ bbl Potatoes; 5 lbs Sugar and 250 bandages.

The following wonderful Easter offering of eggs was received from the pupils of our Public Schools and some Auxiliaries:

	DOZ.	EGGS
Harkins Academy	41	and 3
Buie School	19	and 2
Ferry Road Auxiliary	24	and 1
Douglastown	9	and 11
Millerton	12	and 6
McKinleyville	5	

Total 111 and 11

Mr. Norman Anderson of Newcastle has very kindly donated to the Miramichi Hospital a handsome Corridor Screen which has been gratefully accepted and is much appreciated.

NEWCASTLE BOY GIVEN PRESENTATION

Address To Mr. H. E. D. Ashford—Our Beloved Pastor

On the occasion of his departure for a wider Sphere of Experience and Service

Dear Brother,
We, the congregation of the Union Church of Portsmouth, Ontario would rather say "Hello!" than say "Goodbye!" but you have been called to a higher service; your indomitable energy specially qualifies you for the difficult task upon which you are about to enter. We are indeed, highly honored in the fact that you have been selected to minister to the needs of a people not so fortunately situated as we are. It is therefore, with mingled regret and gladness, that we bid you adieu.

In doing so, we would not forget the many happy experiences we have enjoyed during your sojourn among us. We shall always cherish the memory of your ever ready smile, the firm shake of the hand; the buoyant spirit, the word of cheer and comfort, and the many other characteristics that have contributed to your popularity in our community.

We shall miss you, but we shall pray for you; and when you are lonely you will remember that friends are thinking of you and if at that time you seek communion with the Father, He will guide you successfully.

In presenting this token, we would pray that you receive, it not so much for its intrinsic value but rather as an earnest of the esteem in which you are regarded by each and every member and adherent of this congregation. May God abundantly bless you.

Cinderella

2,000 years ago the substance of this immortal story of childhood was familiar to the people of Greece. As they knew it, Rhodope was bathing when an eagle pounced on one of her slippers and carried it to Memphis where King Psammetichus was holding a court of justice. Struck with the exquisite beauty of the shoe, he offered a re-

ward for the discovery of the owner. When she was revealed he married her.

A new biscuit just perfected by Moir's is named in honor of the lovely maiden of the fairy tale, Cinderella. This biscuit is of dainty shortbread, made from the best butter, eggs and sugar.

It will add interest to the biscuit to tell the story of Cinderella to them while they eat it.

HARRY K. THAW DECLARED SANE

Philadelphia April 23—Harry K. Thaw was declared sane tonight by the jury to determine his mental condition. The jury declared him fully capable of looking after his estate.

The jury deliberated seven hours and the verdict was reached when some of those waiting in the court room had abandoned hope that an agreement would be arrived at.

William A. Gray counsel for Evelyn Nesbit; divorced wife of Thaw said that a motion probably would be filed for a re-trial of the case. Thaw was not in court when the verdict was announced.

Thaw later was released on bond from the Pennsylvania Hospital for Mental and Nervous Diseases pending final disposition of the case. Judge John Monaghan permitted

ASTHMA NEVER CAME BACK

Since Taking The Fruit Treatment
in "Fruit-a-tives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P.Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could not speak. The doctor said he could do nothing for me."

In the spring of 1920, I started taking "Fruit-a-tives" and soon the choking spells became easier and I have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-tives" tablet every night. 25c. and 50c. a box—at all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Thaw to sign his own bond which gave him complete freedom for the first time in seven years.

PREVENTION WEEK WILL BE WELL OBSERVED

The observation of Fire Prevention week this year is to be made much more general than before. The Provincial Department of Lands and Mines which has had charge of the arrangements in previous years will have extensive assistance from the Federal Department of the Interior this year. This is the first occasion on which the federal authorities have granted assistance on any great scale and it is appreciated and will be of marked value.

Churches and Schools

April 27th to May 3rd is the time set for Prevention Week. The assistance of clergy and school teachers throughout the province has been enlisted and literature of various kinds has been distributed and is being distributed. Posters with striking pictures and in both English and French are to be distributed for use in hotels, railway stations and similar places.

Safety League Helping

The Safety League of Canada also is assisting in the campaign for fire prevention. That organization now has an office at Moncton and is able to render valuable assistance. Special slides for exhibition in picture theatres have been secured and will be shown. These are of the nature of cartoons and are very striking. The usual special work among the children of the schools will be done with particular stress laid upon the necessity of protecting the forests from fire.

Season Not Unfavorable

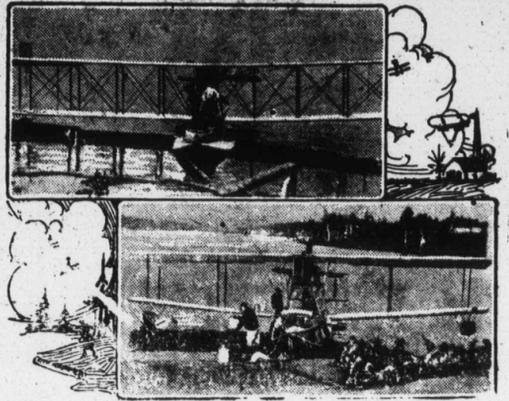

So far the spring has been not unfavorable to keeping down fires. Although there have been seasons in which forest fires occurred prior to April 15th. Before the last snowstorm the railways had made good progress in burning the grass along the rights of way. This is done as a precaution against fire spreading to the forests later when the growth will be very dry.

WRIGLEYS

Chew it after every meal
It stimulates appetite and aids digestion. It makes your food do you more good. Note how it relieves that stuffy feeling after hearty eating.

One Flies to the North

Contact. "Contact!" The first engine words between pilot and mechanic are spoken, and with a sudden roar of engine and propeller the giant human and machine glides swiftly over the surface of the Quinze, as if the curving waters tugging at the bottom of the boat until momentum is increased to such extent that a touch of the "stick" causes the Vickers Viking to slowly rise.

Two turns in a many minutes and the passenger, having adjusted his goggles and seated himself more comfortably, peers, at first cautiously, over the side of the pit, and far below him lies the little town of Angliers, the head of the Canadian Pacific steel which twists and turns in and out of the forest to the south like a living thing. The earth is as a map below, lakes and rivers shining in the distance and beneath, and ragged patches of bush and arable land smudged here and there like a child's attempt to depict relief.

Turning east the plane heads down Lake Quinze, following the water course to Lake Expance, — one sees from the air how appropriate is its name, — thence north for some fifteen miles up the Ottawa River and further north over one of its tributaries to Lake Fortune and Rouyn, upon nearing which the plane leaves the glorious rolling clouds and gradually sinks until once more the water tugs the bottom of the hull, checking it with sudden jerks which tend to slow the boat until it stops within a few feet of tie-up. One wonders how the pilot could, at such a speed, have judged his distance so well. But then he does the same thing more than once each day bringing to the new Gold Fields of Quebec, in fifty minutes, passengers and supplies which, before the air service was started took two days at the least to arrive.

Commencing May 18th the Air Service to the Gold Fields will be regular on Monday, Wednesday and Friday, large flying boats capable of carrying fifty people being scheduled to meet all Canadian Pacific trains at Angliers. This service, which will eliminate the hardships of the past and enable prospectors and tourists to travel to the Rouyn Mining District in less than an hour will include regular stops where they are required and accommodation is available.

Most Powerful Radio Broadcasting Station in Dominion

The Canadian National Railways have been writing radio history in Canada for the past year. First the System experimented with the broadcasting of news and concerts to moving trains, and when this proved a decided success radio receiving sets became a regular part of the service on transcontinental passenger trains over the System, the only railway in the world to be so equipped. For a time independent radio broadcasting stations in Eastern Canada were used entirely by the System, but the last year it was decided to build an operating station in Ottawa that would be owned and operated by the Company. This was done, and on February 27th the new station (CKCH) was opened by Sir Henry W. Thornton, K.B.E., President of the Canadian National Railways, who delivered an address of such unusual merit as to draw thousands of applaud cards from many parts of Canada and the United States.

The National Railways have now developed their programs in Western Canada and have made arrangements with five broadcasting stations between Winnipeg

and Vancouver for the broadcast of entertainment, news and speeches each afternoon and each evening in the week. These stations, combined with the Ottawa station and three that are being used in Montreal, give the Canadian National Railways the greatest chain of non-commercial radio broadcasting stations in the world.

The photographs show some of the activities of the Canadian National Railways in the realm of radio. No. 1—Passengers on board a compartment observation car listening to a radio programme. No. 2—Mr. Tom Moore, representative of the Trades and Labor Congress on the Board of Directors of the Canadian National Railways, talking into a microphone in the operating room of the Canadian National Railways radio broadcasting station in Ottawa. No. 3—One of the two great aerial towers on top of the Jackson Building in Ottawa. Inset—Mr. W. H. Swift, Jr., Radio Engineer of the Canadian National Railways, who has charge of radio operations for the entire System.

Population and Forests

Eighty per cent of the habitable area of Canada is non-agricultural. This does not mean non-profitable. Five thousand forest industries live in that great northern empire and probably three and a half millions of Canadian population are dependent for all or a substantial part of their income upon what the forest areas produce. It is equally true that the riddance of the forests would rid the country of a large part of its inhabitants. Sir Clifford Sifton writing to the Canadian Forestry Association said recently:—

"If the plague of forest fires is allowed to continue the exodus of population from our timber growing areas cannot very well be prevented and it is only a question of a relatively few years until we force from our northern areas the great body of population and all municipalities subsisting on forest manufactures."

It has been estimated that from fifty to seventy-five per cent. of the population of Quebec and New Brunswick derive their living from the forest. British Columbia shows even a higher percentage. A good many Canadians have erroneously identified population and immigration with farm lands exclusively. An examination of occupations shows the falsity of this view. The productive forest is the only lure to population that 80 per cent. of the area of Canada ever can have for no crop except forests can grow thereon. The timber stock of present-day Canada is almost wholly growing on non-arable lands so that when a careless smoker or camper wipes out a township of timber the area remains useless and tenantless for upwards of half a century.

A secret so simple many overlook it

Yet millions of women keep youthful loveliness this way

To realize the dream that is in every woman's heart, to keep the youth that every woman wants... Turn for a while from the elaborate treatments and methods. Try this simple but correct way by which millions of women are keeping youthful radiance and charm.

Authorities advise this

Cleanse the skin regularly, authorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way

You cannot find a more effective beauty treatment. Because

Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive.

Just be sure to get Palmolive—which is never sold unwrapped. All dealers have it. Then for one week try this simple treatment. To your delight, results will be noticeable even in that short time!

The cost is so little that you can well use Palmolive for the bath, too.

Volume and efficiency produce 25c quality for 10c

Looking on at Life

What a lot of people there are about who appear to have nothing to do! By this one does not mean of course—the pitiful army of the unemployed. The people I mean have not the desire for work in their eyes; or the look of work about their hands; and their general appearance does not betray a crying need of the money which honest toil brings in.

These people are neither poor nor prosperous; neither failures nor

successes. Their favorite occupation seems to be watching road-repairers fix their mortar. They simply revel in housebreaking or housemaking operations and they always know all about the accidents!

You see them at all hours of the day—strolling along the pavements, and above all taking their time! Sometimes they will look in shop windows if any are handy; at other times they haven't even the energy to do that. They just loiter to the annoyance of all those who wish to hurry.

As a matter of fact special areas ought to be set aside for these people to loiter and do nothing to their heart's content. It is annoying to be pushed when you want to go slowly; equally annoying to be held up when you want to hurry. One half of every pavement might be labelled "Loiterers" and the other half "Hasteners." Quite a lot of time would be saved that way.

Take a stroll round the city any day of the week and note the number of people who have time to watch the everyday tasks of others or to stand watching some poor unfortunate turn the handle of an organ; or listening to some street performer's song; who can stand for minutes on end reading the news flashed out on the electric signs or lucky people—even have time to indulge in a matinee.

Walk through any large parks and marvel at the number of people who have time to feed the ducks watch the squirrels and smell the flowers; or if it is summer time to indulge in forty winks beneath the welcome shade of the trees.

Who ARE these people who have so much time on their hands? They are not tourists for these are stamped unmistakably. They are not destitute for they do not very often look desperate. On the other hand they seldom look prosperous and NEVER look happy.

Why Earthquakes Happen

Earthquakes of great magnitude are the manifestation of some elemental disturbance probably deep within the earth's sphere. We know two certain facts regarding the interior of the earth. It is very hot and it is enclosed by a thick metallic shell which probably is composed of nickel steel. The innermost interior is probably gaseous. On the surface of this metallic shell is a thin crust of rock which is radioactive and not more than forty miles deep. This crust may be compared with the pieces of a jig-saw puzzle; it rises or sinks according to the movement of the metallic shell.

This inner metallic shell is constantly losing heat and is consequently steadily cooling and shrinking; so that the outer crust has to shrink with it. The effect of shrinkage on the outer crust is that this is forced up and down.

Astronomers; mathematicians and geologists are now for the most part agreed that in the really terrible earthquakes some further cause other than shrinkage is at work. This seems to be the so-called "wobbling of the earth's poles" which alter their position slightly and thus vary the stresses on the immense; rapidly-spinning ball of steel with catastrophic results where there is any weakness developing in that ball.

As to the electrical phenomena which accompany great earthquakes everyone who has been through a shock knows that they are real and it has very recently been discovered that if quartz is pressed between two sheets of metal a free electric charge corresponding to the pressure; manifests itself in the sheets.

Where the pressure is on a stupendous scale as in a great earthquake this is sufficient to produce violent barometrical movements; thunderstorms and typhoons. Tidal waves another earthquake accompaniment are the result of the tremendous vibrations of the earth and the alterations of level in the sea.

The earth however; in quite normal conditions is always vibrating slightly. It may be compared with a huge circular boiler under high pressure and delicate seismometers and very large-scale barometers give some idea of the pulsations in its interior.

Scents That Kill

The tremendous craze for perfume at the present time is in a way an echo of the age of King Solomon; but it is well to remember that not all scents are "sweet-smelling savours."

Foreign countries abound in sinister scents of many and deadly kinds. There are trees in some of them which breathe out poison; and woe betide the traveller who is ignorant enough to rest beneath their shade.

On the hill slopes of Chili for example is a tree which the natives look upon as being possessed of an evil spirit. Many cases have occurred where innocent travellers have crept under its branches during the heat of the day and paid for its shade with their lives. After

resting under one of these trees for a short time the hands and face of the traveller become swollen as in a case of snake-bite and the surface of the skin is covered with boils.

Many British visitors in the vicinity of Valparaiso have succumbed to the influence of this poisonous tree.

The trumpet flower or datura found in most tropical countries; although not deadly in open air is highly dangerous in a room. Innocent people fascinated by its coloring and scent, take it indoors, and soon fall into a trance-like slumber developing into a deadly stupor, from which they may possibly never awaken.

If this flower were brought into a sick-room and left there for the night, it would mean certain death for the patient. Recently, in South America, an accusation of murder was brought against a family who were said to have profited financially by the death in their house of a wealthy relative. Upon investigation it was found that some trumpet flowers had got mixed with a bunch of others in a vase which was allowed to stay in the house all night and had actually caused the death of the relative.

Some orchids with their strange and powerful perfume are capable of drugging the senses and causing faintness. There are some people who cannot stand the scent of roses whilst others are prejudiced

GOOD home-made bread has always been the chief food of the earth's sturdiest races. None of the breakfast foods or health foods can equal bread in nourishment. Good bread is the most digestible food as well as the cheapest.

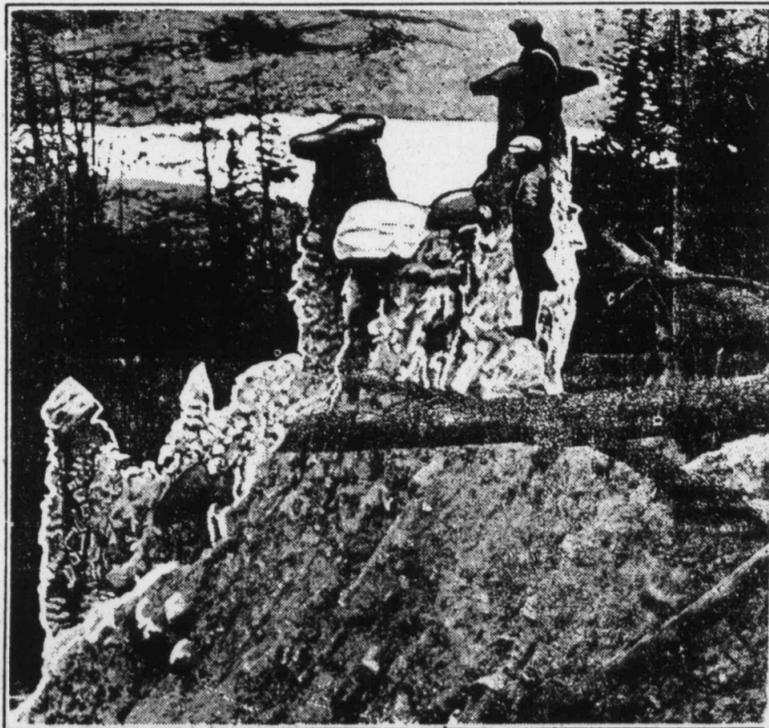

ROYAL YEAST CAKES

against the innocent looking violet. It is well to make quite certain that any perfume we use or have in the house is suited to our temperament.

Constipation Banished

A druggist says: "For nearly thirty years I have recommended the Extract of Roots, known as Mother Seigel's Carative Syrup, for arresting and permanently relieving constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops thrice daily. Get the Genuine.

WHERE A MISSTEP MIGHT MEAN DEATH

The Hoodoos on the Cavell Motor Highway, Jasper National Park, curious stone figures brought into being by the erosion of the earth under the constant wearing effects of air and water, draw exclamations of wonder from thousands of tourists who visit the largest of Canada's National Parks every year.

Huge flat stones, balanced as hats, atop the pinnacles of earth which have stood up firmly when the mountain side all around them crumbled or was washed away by the rushing waters, seem as though

the slightest breath of wind would be sufficient to send them hurtling to the bottom of the valley hundreds of feet below. A favorite sport with the tourist is to drop large stones on the hoodoos and see them sway back and forth drunkenly, yet finally regain their poised and remain balanced as firmly as before.

The tourist in the photograph who was bold enough to scramble down and use one of the flat stones for a table on which to rest his arms,

had a strenuous climb before he again regained the level surface of the Cavell Highway, which winds up from the Athabasca Valley almost to the foot of the glacier of the Ghost, that peculiar age-old formation of ice and snow which hangs on the wide stretches of Mount Edith Cavell.

Visitors to Jasper Park Lodge may travel by motor or saddle horse from the Lodge to the foot of Mount Cavell or any of the other mountains surrounding the log-cabin hostelry of the Canadian National Railways.

"GET TOGETHER" AND CARRY ON There are a few community needs which if put into active operation would benefit Newcastle.

When the Town Council holds its meetings, none of the citizens attend. When a meeting of the Board of Trade is called the attendance is small.

With the prospect of an enlarged tourist traffic this summer; there should be a "getting together" to make ample provision for attracting summer visitors to Newcastle.

How many of the "get together live wires" will take the time from their own business or contribute some energy toward seeking a solution of the Tourists requirements?

When matters of this kind require attention a few enthusiasts get together—they appoint a President, Vice-Presidents a Secretary and Committees and there it ends.

This is not as it should be and when the next meeting is held of the Town Council; the Board of Trade or any other meeting of a public nature we hope the citizens will attend in large numbers.

Trade or any other meeting of a public nature we hope the citizens will attend in large numbers and show that they are interested.

Trade or any other meeting of a public nature we hope the citizens will attend in large numbers and show that they are interested.

PLEASANT STREET NEEDS REPAIRING

Some years ago Pleasant Street was macadamized at a considerable expenditure of civic funds.

DEFAULT TAXES

The recent decision of the Town Council to use drastic measures to collect back taxes; a considerable amount of which is outstanding; will have a wholesome effect on the ratepayers.

THE BOARD OF TRADE

The average business man of Newcastle is dead to the possibilities of his town. Too long have we sidestepped the helpful propositions of advancement in the hope that some fellow citizen would take up the responsibility and do the work for us.

The officers—usually men of foresight and successful in business strive to keep the little band together but the small group of faithfuls which assemble for the transaction of business on the occasion of each call is sufficient to dampen the enthusiasm of those who endeavor to work in the interests of the town.

Trade or any other meeting of a public nature we hope the citizens will attend in large numbers and show that they are interested.

AUTOS ON OUR STREETS

On several occasions we drew the attention of the authorities to the use of automobiles on our streets in the spring, before the mud dried up.

AN OPPORTUNITY TO PAY DEFAULT TAXES

It is quite possible that the Public Works Committee of the Town of Newcastle will be obliged this year to do considerable work on the streets as they are in a deplorable condition.

To do this work many men will be required and it would be a good opportunity for many of those who are in default with their taxes to avail themselves of the work and in this way settle up their civil obligations.

Of course it would be expected that a fair day's work would be given by those who were willing to accept a proposition of this kind and by giving such the men would be playing fair not only with the Town but with themselves as well.

Baby's Own Tablets Always Kept on Hand

Mrs. David Gagne, St. Godfroy, Que., writes: "I have used Baby's Own Tablets for my three little ones and have found them such an excellent medicine that I always keep them on hand."

THAT NEW Spring Suit

Young Men will find at Creaghans the new snappy models at extremely Low Prices. It doesn't matter if you buy one of our \$15.00 Specials or whether you pay \$25.00 or \$35.00—You get the same good value.

TRAINING OF THE N. B. ARTILLERY

Camp School at Sussex for Cavalry and Infantry. The artillery training for the militia this year will be carried out by the batteries at local headquarters but a number of officers and N.C.O.'s will be taken to Petawawa for a 16 day course of instruction commencing July 5th.

The annual artillery competition will be carried out partly by examination and judging of the personnel who go to the school of instruction and partly by the tests carried out at local headquarters.

Part of the military training at Sussex this season will consist of a camp school for infantry and cavalry. The school will start on June 23rd and will close July 5th.

The final examinations in the theoretical portion of the Militia Staff course will be held in St. John on Monday and in Moncton on Tuesday and Wednesday next.

The Provincial School of Infantry now being held at St. Stephen is being attended by seven officers and twenty-five N.C.O.'s of the St. Stephen's and Milltown division of the York Regiment.

Colonel H.P. Poston is in charge of the school and is assisted by Sergt. Major Inspectors E.J. Simon and E.C. Bingham.

Colonel H.C. Sparling will proceed to Sackville the last of the month to conduct the final examinations of the Mount Allison University Officers Training Corps on May 1st.

NO CIVIL MARRIAGE

A young man and woman applied recently for a civil marriage at St. John. They were told that a civil ceremony could not be performed. According to the laws of the province all marriages have to be performed by a licensed clergyman, priest, Jewish Rabbi or Salvation Army officer or licensed person authorized to perform such ceremonies.

PERSONALS

H. A. Powell, K. C. of St. John was in town Friday on legal business.

Mrs. James Bernard is spending a few weeks with relatives in Moncton.

Herbert left on Saturday to do mission work in the Yukon.

Rev. L. H. MacLean, left on Sunday's Ocean Limited for Toronto.

Messrs. John Alexander, Evan Kean and Arnold Jardine of Campbellton attended the Newcastle Tennis Dance.

Mr. C. C. Hayward, of Moncton general manager of the Lounsbury Co. Ltd. spent last week in Newcastle and Blackville.

Mr. and Mrs. W. F. Smallwood have returned from Compton, California, where they spent the winter.

Miss Mary Sinclair left Wednesday for Netherwood Girls' School, Rotherby, where she will complete the school term.

Miss Mayme Herbert of Bangor, Maine, is the guest of her aunt Mrs. William Condren.

Fred McCormack, Waldo McCormack and Earle McDonald spent the Easter vacation in Moncton and St. John.

Mrs. A. Forsythe and daughter Jean returned Saturday from Sussex and St. John.

Miss A. Elva McCurdy returned Saturday from Clifton, N. S. where she spent the Easter vacation.

Mrs. Stevens of Campbellton spent a few days of last week visiting relatives in town.

Hon. John Morrissy, accompanied by Mrs. Morrissy, returned to Ottawa on Sunday's Ocean Limited.

Mr. and Mrs. Edward Keating are receiving congratulations on the arrival of son at the Miramichi Hospital on Monday, April 21st.

Miss Bertha Ferguson returned to Moncton on Wednesday to resume her duties as Musical Instructor in the city schools.

Mr. and Mrs. E. H. Sinclair spent the week-end with Mrs. C. P. Harris, Moncton, en route to their home from St. John.

Mr. Ray Ashford left on yesterday's Ocean Limited for Saskatchewan, where he has accepted a charge at MacLean's Mission.

The many friends of Rev. Herbert Ashford will be pleased to know that he was successful in carrying off a scholarship at the University of Queens (Kingston) this year.

THE DELICATE GIRL

What Mothers Should Do as Their Daughters Approach Womanhood.

If the girls are to become well developed, healthy women, their health must be carefully guarded. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It is an important time of life. Where piling, headache, backache or other signs of anemia are evident you must provide the sufferer with the surest means of making new blood.

Remember, pale bloodless girls need plenty of nourishment, plenty of sleep and regular open-air exercise. But to save the bloodless sufferer she must have new blood—and nothing meets the case so well as Dr. Williams' Pink Pills. These pills increase the supply of new, red blood; they stimulate the appetite and relieve the weary back and limbs; thus they restore health and charm, and bring to anaemic girls the rosy cheeks and bright eyes of strong, happy girlhood.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

DO NOT FORGET YOUR INCOME TAX

Wednesday, April 30, Last Day for Payment.

Tomorrow April 30, is the last day for filing income tax returns and the officials of the Income Tax Department are being kept busy attending to the documents, and giving advice as to the proper statistics to be filed. Forms have been coming in steadily for several days and an increase in the number of returns is expected as the final day approaches. The penalty for neglect to file the papers at the proper time is an added five per cent. to the tax, so prudent citizens, will not err in being late.

SUCCESSFUL SALE

A most successful Rummage Sale was held last Saturday in the morning. Held by the Catholic Women's League the proceeds amounting to \$50.00

CHURCH UNION TO BE FOUGHT ALL OVER AGAIN

Heavy batteries of church union and anti-church union will be assembled at Ottawa within the next week or two, when the big issues raised by the bill for union of the Presbyterian, Methodist and Congregational churches of Canada is brought before the Private Bills Committee of the House of Commons. It is expected that the battle will be fought all over again on the church union question.

The situation in regard to the church union bill in the various provincial legislatures of the Dominion at present is as follows:

Prince Edward Island:—Passed by Legislature but not assented to by Lieutenant-Governor pending information being sought from Ottawa.

Nova Scotia:—Passed without amendment.

New Brunswick:—Passed without amendment.

Quebec:—No bill presented.

Ontario:—Bill withdrawn following amendment by Private Bills Committee.

Manitoba:—Passed by Legislature without important amendment.

Saskatchewan:—Passed without substantial amendment.

Alberta:—Passed with minor amendments.

British Columbia:—Bill to be presented at next session of the House.

Letter Of Condolence

(Letter of Condolence)
Blackville; April 24, 1924

Dear Mrs. Gradie & Family,
Whereas it has pleased God in his infinite wisdom, to remove from our midst our brother, Joseph Gradie—the officers and members of "Victory L.O.L. No. 86 Blackville" deeply regret and have a sense of personal loss, in the passing of our beloved brother.

For many years he was associated with us, and was ever a most loyal and enthusiastic member of our Lodge. He was always actively interested in all matters connected with the order, and we feel that we have sustained a loss, and we shall greatly miss him.

We wish to tender to you, at this time, this expression of our most heartfelt sympathy in your irreparable loss and deep sorrow. May our loving Heavenly Father who doeth all things well, comfort and strengthen you in your sad bereavement.

In testimony whereof we herewith subscribe our names in behalf of our Lodge.

W.M. Harry Underhill
W.A.K. Underhill
Arthur McRae
Ernest Stephens
COMMITTEE

RETIREMENT OF COL. T. G. LOGGIE IS NEWS TO HIM

Halifax April 20—To have served fifty-two years in one Government Department only to receive the first intimation of his retirement from office while on a visit to another province is the experience of Lt. Col. T. G. Loggie I. S. O. Deputy Minister of Lands and Mines in the Province of New Brunswick who is spending the Easter holidays in the city.

Col. Loggie when interviewed tonight and shown a Canadian Press despatch from Fredericton stating that he was being granted twelve months leave and at the expiration of that time would likely be retired from office was visibly moved as he remarked "I am as capable to-day as I ever was." Colonel Loggie who is accompanied by Mrs. Loggie stated that he planned to return to Fredericton on Tuesday to resume his duties as Deputy Minister.

MAY DEVOTIONS

The regular nightly May devotions will begin in St. Mary's Church on Thursday night May 1st.

GLAD NEWS

It is understood that the Park and Fire committee intend making the square a beauty spot this year and are likely to engage Mr. Hogbin as caretaker. We congratulate the committee on this forward step, as practically nothing has been done to this beautiful spot almost since incorporation. The citizens will be pleased to hear this glad news and no doubt will assist the committee in every possible way.

TOWN LEAGUE GAMES

The Town Baseball League games will commence for the season on the Farfell Field on Thursday evening. The All Stars vs. Rovers will be the first game. The Creaghan Cup has been put up for competition and great interest is being taken in the scheduled games by the members of the various teams and it is sincerely hoped they will receive the co-operation and assistance of the public.

ACKNOWLEDGMENT

We acknowledge with thanks, the receipt, from Mr. H. A. Quilty C. N. R. agent at Newcastle, of a beautiful booklet entitled "The Romance of the Rockies" issued by the Canadian National Railways, in which is given a graphic account of Jasper National Park and the Triangle Tour, accompanied by beautiful scenic illustrations showing the delightful resorts along this route of the C. N. R.

QUALITY

NO TREASON

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions but its original exclusive flavor remains unaltered.

"The Extra in Choice Tea."

CANCER NOT CURED BY THE RADIO NEEDLE

Hopes that radio surgery; first tried out in Chicago; will prove a cure for cancer were dampened when Dr. Louis E. Schmidt who demonstrated the new process; said radio surgery had its limitations. It will not cure cancer; but can be used practically wherever the knife can. Dr. Schmidt and Dr. Wochinski his assistant operator; both expressed doubt; that the new method would revolutionize surgery; or that it would come into general practice; at least for a long time.

The chief advantage the radio needle has over the knife is that it prevents loss of blood; unless a large artery should be severed; in which case ligaments would have to be applied. The patient is thus saved the usual shock that follows major operations.

Both operations were performed on the bladder. In one case a local anaesthetic was used; and in the other case a general anaesthetic. The point of the needle remains cold and the heat; which is hot; penetrates only a fraction of an inch on either side of the pointer. But this heat is of sufficient intensity to cut through muscle skin; tissue and bone as easily as the keenest knife blade. A leg or an arm can be amputated by the needle as handily as tonsils or adenoids can be removed.

The radio needle is superior to the knife in that it causes no sloughing of the wound; thus allowing it to heal rapidly. The heat developed by the set which was used; and which cost \$5,000 has not been measured; but it is said to be intense enough to melt glass.

SUNNY CORNER

Miss Angeline McDonald spent a few days at her home here.

Mr. and Mrs. Jas. O'Brien are rejoicing over an heiress.

Misses K. Mullin and F. Sheasgreen who are teaching in Sillikers and South Esk are home for their holidays.

Miss Hazel Tozer left for Quebec on Tuesday evening. About thirty young people spent an enjoyable evening at her home where music and dancing were indulged in.

The proceeds from the play "The Village Post Office" amounted to \$586.00. This amount with some more money which the R. C. raised last year has been handed over to the trustees of the church for the purpose of purchasing seats for the new church which has recently been erected.

Amundsen's Polar Flight To Be Costly

Capt. Roald Amundsen estimates that his proposed airplane flight over the North Pole this summer will require a total expenditure of \$250,000 according to the Politiken.

Only six men will participate in the flight which will be started about the middle of July but about thirty men it is expected will be required to take part in the various phases of activity. Provisions for the expedition are now being collected.

The Dornier airplane presented to Capt. Amundsen by Premier Mussolini of Italy is to be flown from Pisa to Spitsbergen; from where the polar aviators will hop off. Capt. Amundsen it is said; thinks there can be no better test of the machine's capacity than this flight from Italy; which is longer than that planned across the pole.

Sarnia Presbytery Has Hot Argument

At a meeting of the Sarnia Presbytery a motion to petition the Dominion Parliament to pass the Church Union Bill without amendment was defeated on a tie vote after a hot argument. The unionists contended the merger plan was a God-given opportunity to join up with the Methodists and Congregationalists and institute into that church some good doctrine. The anti claimed it was a plot to submerge the Presbyterians.

Congregation Resents Statements of Pastor

Kingston; Ont. April 21—At the morning service yesterday in Cooke's Presbyterian church; an unusual incident occurred when two members of the congregation arose in their seats and made public protests against statements made from the pulpit by Rev. T.S. Ferguson on the subject of Church Union. This incident which occurred during the sermon was followed by a few of the assembled congregation including the protesters; who are opposed to Union; leaving the church before the conclusion of the service.

Church Union To Be Election Pivot

Toronto; April 20—The Christian Guardian; the principal organ of the Methodist Church in Canada says that the action of the Private Bills Committee of the Legislature in connection with the Church Union Bill has raised the prospect of "one of the liveliest religious controversies being thrown into the political arena and fought to a finish at the next election."

**TIRED AND
RUN DOWN**

**Lydia E. Pinkham's Vege-
table Compound Helped
Where Other Medi-
cines Failed**

Vancouver, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a friend to take the Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial." Mrs. J. C. GREAVES, 771 Horby St., Vancouver, British Columbia.
Many women keep about their work when it is a great effort because the work must be done. Lydia E. Pinkham's Vegetable Compound has brought relief to thousands of tired housewives by removing the troubles which cause annoying symptoms.
If you are suffering from nervousness, headache and backache, pains in right or left side, tired and run-down feelings, take Lydia E. Pinkham's Vegetable Compound.
Just bear in mind this medicine has been used by women for nearly fifty years. That is a long record of success, and stands upon the foundation of merit.

Here and There

Commencing April 15th, the Canadian Pacific Railway, having in mind the expressed wishes of the majority of its patrons, has decided to revert to the custom of permitting no smoking in observation cars of its transcontinental trains.

The production of steel ingots and castings in Canada during the month of February amounted to 70,953 tons, an advance of 72 per cent over the 41,309 tons produced in January. The increase was almost wholly accounted for by the rise in the quantity of open-hearth basic steel ingots made for the use of producers.

Canadian farm products exported to the United States during February totaled \$2,440,293, an increase of \$961,579 over February last year, according to a report published by the Bureau of Statistics. Wheat exports to the United States were valued at \$1,017,114 in February, as against \$25,157 in February of the previous year.

Under the agreement with the Imperial Government under the Empire Settlement Act, Canada, spent \$39,637 in assisted passages for some 2,653 British immigrants in the fiscal year just closed. In the past four years the Dominion Government has spent nearly \$1,500,000 in promoting immigration from Great Britain to Canada.

By arrangements made by Hon. George Headley, Minister of Agriculture, a trial shipment of cows and steers will be made in the near future to Japan for the purpose of testing out the possibilities of a market for Alberta's livestock in that country. It is also the purpose of the department to send with the shipment a qualified investigator who will look into the possibilities of a market for all Albertan farm products.

For the first time in the past two or three years the Saskatchewan Co-operative Creameries Limited is shipping butter in carload lots direct to the cities of the United States. A carload shipment was recently made from Saskatoon to Philadelphia. Two carloads were also shipped to Chicago, where they realized good prices. Each car contained between 25,000 and 30,000 pounds of Saskatchewan butter.

Speaking at Quebec recently, E. W. Beatty, President of the Canadian Pacific Railway, summarized the magnitude of the operations of the Company. It has 15,000 miles of railway in Canada and controls 5,102 miles in the United States. It owns and operates telegraph and express systems, 13 hotels, 18 bungalow camps and rest houses, and has in commission on the Atlantic and Pacific, Canadian lakes and the British Columbia coast, 81 ships aggregating approximately 450,000 gross tons. Its personnel varies in numbers with business conditions from 65,000 to 100,000 employees in all branches of the service.

What must constitute a record in the rapid handling of an important consignment from the Orient was established recently by the Canadian Pacific Railway when shipping a quantity of silk from Yokohama to New York. The consignment, which was the largest forwarded from Asia since the recent slump in the silk market, left Yokohama on March 22nd on the Canadian Pacific steamer "Empress of Asia." Specially stowed for prompt discharge on arrival at Vancouver, the shipment was so rapidly transferred to the waiting train that only 13 1/2 minutes per car lapsed between the docking of the ship and the departure of the fast freight and delivery was made at New York at midnight April 4th, the through time from Yokohama to New York being but 13 days, 8 hours and 13 minutes, calendar time.

**BRITAIN PAYS
CANADA FOR
WAR DEBT**

In connection with the British war debts to Canada conferences between the Canadian High Commissioner and Philip Snowden, the Chancellor of the Exchequer have produced an arrangement which embodies all for which Canada asked. It will incidentally mean the saving of some millions of dollars of Canada's National debt. The settlement involves over \$100,000,000. In the early days of the war the British Government was reluctant to float its paper in New York. The Canadian Government therefore issued \$67,000,000 worth of bonds at three and a half and four per cent interest payable in 1945. These were handed over to the British Government and used as a basis for credit and never actually put on the market. Meanwhile Canada's debt in Britain for clothing and feeding her troops was as time went on transformed into a credit and at the close of the war totalled \$120,000,000. The Asquith arbitration award in connection with exchange reduced this total to Canada's loss. In partial settlement of the remainder the British Government offered to return Canada's \$67,000,000 worth of bonds at par. The Canadian Government refused to entertain this proposal since the low interest rate of the bonds would prove so unattractive to post-war investors that they could be offered only at considerably below par. The Dominion would find it much cheaper to meet the bonds when they fall due and insist in the payment of its account with Britain in cash. The British authorities offered as a compromise to return the bonds at a discount totalling \$5,000,000 but Canada was not satisfied.

The settlement now achieved calls for the return of the bonds at 87.48 which will represent of course a saving on Canada's National debt. The balance of the debt is to be paid in cash. Belgium has just paid £23,000 interest in its trade loan by Canada the principal of which falls due at the end of the year.

**U. S. And Canada
Make New Pact**

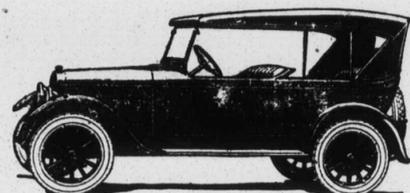

Washington April 22—Canada and the United States have made effect a new arrangement by which stolen property of residents of one country seized by the custom officers of the other may be returned to its legal owner as it was announced here today.

One immediate effect of the arrangement will be to release a large number of automobiles stolen from United States citizens and smuggled across the border.

We have rendered our subscription accounts and would respectfully request each subscriber to remit us the amount due.

LOTS OF WILD GEESE
Many wild geese have been passing over the town; flying northward during the past week or ten days which in spite of the week-end snowstorm portend warmer weather coming. The flocks passed over the town for the most part during the night time and seemed to be flying high. Previous years passing flocks were generally low flying at night and often circled over the town apparently bewildered by the lights.

INSURANCE CHANGE
C. J. Mersereau of Fredericton for some time connected with the Great West Life Assurance Co. has

The Studebaker Light-Six Touring

Your Next Car

Will be this Light-Six, if you learn the truth

When you buy a car in this class, here are some things you should know. Studebaker is the largest builder of quality cars in the world. It builds 150,000 yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and machinery. By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost you from \$200 to \$400 more.

11.4% less to run
This extra quality shows in lower operating costs. This was proved by an audited test made on 329 cars running up to 25,000 miles. The Studebaker Light-Six costs 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile. This car in its chassis represents the best we know. In steels and workmanship it is identical with the costliest cars we build. Each steel formula has been proved best for its purpose by years of tests. On some we pay 15% premium to makers to get them exactly right.

LIGHT-SIX	SPECIAL-SIX	BIG-SIX
5-Pass. 112-in. W. B. 40 H. P. Touring \$1465	5-Pass. 119-in. W. B. 50 H. P. Touring \$2000	7-Pass. 126-in. W. B. 60 H. P. Touring \$2425

Advertising!

ADVERTISING means directing the attention of others to that for which attention is desired. If you have a stock of which you are proud, or a service which you believe to be superior, direct attention to the fact every week in the columns of the UNION ADVOCATE.

Stretch out the hand of good-will, wear the smile of welcome, and command the business of the buyers of this community. Do these things and your business will expand and the profits from your business will be greatly increased.

A WORD TO THE PUBLIC.

Do you not feel a certain reluctance about going into shops that have not invited you to enter their doors? At the shop which advertises—which invites your custom—you know that you are welcome.

Shop Where You Are Invited To Shop

been appointed provincial manager of the National Life Assurance Company of Canada succeeding H. McLellan who has resigned to take over an insurance agency. The change went into effect on Saturday when Mr. Mersereau went to St. John to take over the business. He will make his headquarters there. . . . 23355554

Local and General News.

MOTHER'S DAY

Sunday, May 11th is Mother's Day. If you are an absent one remember her with a letter.

OPERA HOUSE

The lecture and films to be given at the Opera House on Sunday night were repeated three times in Fredericton by special request.

BAD ROADS

Considering the present state of the town streets who would object to the spending of some money on them, provided of course that it is wisely spent with a view to permanency?

FIRE DEPARTMENT

Rumors of probable changes in the personnel of the Fire Department upon an extensive scale are current. The regular annual meeting of the Fire Dept. is usually held about May 1st. At the first meeting of the new Town Council a re-organization of the Fire Company was ordered.

At the end of a hard day's work and you return home with that played-out feeling, there is nothing quite so good for you as a cup of MORSE'S SELECTED ORANGE PEKOE Tea. It touches the right spot instantly. Within a minute you feel invigorated and at peace with all mankind.

SIX MONTHS IN JAIL

In the Police Court, Wednesday morning Magistrate Demers sentenced James Kelly and Basil Robichaud to six months in the county jail, on pleading guilty to the charge of assault and battery on Peter Landry on Monday night in Newcastle. All three are residents of Port Sapin, Northumberland.

STRAITS PACKED WITH ICE

Not for many years have the Straits of Northumberland been so packed with heavy ice as now, from one end to the other, and not since the car-ferry commenced running over the Borden-Tormentine route has she met with such ice conditions as during the past two weeks. It has been a succession of hold-ups.

PAPERS THAT ARE READ

Country weeklies are pre-eminently the home papers of newspaperdom. They are not hurriedly scanned while men travel to business, then left to brakemen to gather up. They go directly to homes where their reading is a duty as well as a pleasure. Hence their peculiar value as an advertising medium.

WHAT DO YOU TEACH

How many mothers are teaching their girls to-day the value of money or the necessity of being economical. It is not their ability to dance well that will make them valuable help-mates in the future, but their ability to spend the money their future husbands bring home.

SAILED FOR ENGLAND

The Earl and Countess of Ashburnham, of Fredericton have sailed for England. It will be the first time that they have visited their estates in England since after His Lordship's accession to the earldom about ten years ago. The Earl of Ashburnham stated; before sailing; that they had not decided how long they would remain in England. Their friends here; however; expect they will return to Fredericton again by next fall.

ELECTRICAL STORM

Last Tuesday night Fredericton experienced the first thunder and lightning storm of the season. It was accompanied by a heavy rain.

A THRILL

Next to the thrills of a three ring circus comes the spectacle of the old man, lone-handed taking off upstairs storm windows.

RUMMAGE SALE

The Miramichi Hospital Aid intend holding a Rummage Sale in the Brander Bldg. on Castle Street next Saturday afternoon. All are cordially requested to attend.

ASH SIDEWALKS

A return to the sidewalks built of ashes and mud is promised "improvement" that does not meet with the approval of the women unless shoes are removed before entering the house.

SUNDAY NIGHT'S LECTURE

The lecture to be given in the Opera House on Sunday night has been well reported from the various places that it has been held through out the province. Be present and hear something about the great work done for the blind.

BASEBALL ENTHUSIASM

There is much enthusiasm among the baseball fans and the prospect of some good games this season will be pleasing news to the lovers of the great game. The citizens will no doubt give the teams united support and put Newcastle on the baseball map again.

RIVER ICE MOVING

The river ice opposite Newcastle made a move on Wednesday; 23rd. Inst. between Ritchies' Mill Wharf and above the Morrissy Bridge. It is expected that this week will see the river entirely free of ice.

THE FOUNTAIN

Is it not time that the covering over the fountain in the public park was removed? It is unlikely that we will have very much snow or frost in the future to do the fountain harm and the removal of the covering would give the park a much better appearance.

OCCUPIED ST. JAMES CHURCH PULPIT.

Mr. Ray Ashford, a graduate of Mount Allison University and a son of Mr. and Mrs. John H. Ashford of this town, occupied the pulpit of St. James Presbyterian church at last Sunday's evening service. Mr. Ashford leaves this week for Saskatchewan, where he has accepted a mission charge.

OF NO USE

Critics of the expenditure of public money or of the actions of public men seldom receive any sympathy. It is a good thing for the rest of us that we have men amongst us who are not afraid to criticize; who have the courage of their convictions and who care little whether or not they are given sympathy. After all of what use is sympathy? Utterly useless.

THE PUBLIC PARK

There is no more beautiful spot in New Brunswick than our own Public Park provided that it is kept in shape. In the centre of the town; surrounded on all sides by our business houses, it is an ideal spot for strangers to visit and enjoy. But we must keep it in a respectable condition, even if it does cost us a few dollars. The several committees of this year's Town Council are apparently taking an active interest in their duties and we trust that the Public Park will not be forgotten by the Park Committee.

COURTESY

Kindly courtesy in a public official is always appreciated, while a spirit of petty nastiness always ends in disaster.

OFF TO THE DRIVES

The snow and rain of the past week has made driving conditions much better and large crews of men have been sent up river.

MAKE THEMSELVES RIDICULOUS

There are those who lack the courage to admit a mistake but who have the courage to go on making themselves ridiculous in the very process or avoiding the admission.

ENJOYABLE DANCE

The Rainbow Five Orchestra held an enjoyable dance in the Town Hall last Friday evening. A large number, were present who thoroughly enjoyed themselves.

THREE QUALITIES

It is not often that men are found possessing ability, progressive ness and popularity. Yet there are some men who have these three qualities.

UNSUCCESSFUL

An exchange opines that quite a number of people will not attempt to beat the train to the crossing this year. They are the ones who were not successful in getting there last year.

FINED JURY

At the session of the Restigouche County Circuit Court held last week in Campbellton three jurymen were fined \$10.00 each by Mr. Justice LeBlanc for not appearing for jury duty after being legally notified.

SHERIFF RE-APPOINTED

William A. Skidd has been re-appointed Sheriff of the County of Northumberland. The only change in the province from last year is in Kent County where ex-sheriff Basil J. Johnston succeeds Camille Boudreau.

AN EASY MATTER

Anyone who wants to get his name in the paper now has a perfectly good chance providing he has a good imagination. Just get up a good story and say you "want to be heard." All that is necessary is that you make your romance a big one.

ORDAINED PRIEST

The Rev. Fredericton William Clark was raised to the priesthood by Rt. Rev. Bishop Nilan D.D. on Monday April 21st at St. Joseph's Cathedral; Hartford; Conn. Father Clark who is a nephew of Hon. John Morrissy Newcastle celebrated his first Solemn High Mass on Sunday April 27th at the Church of the Sacred Heart Waterbury; Conn.

CIGARETTE SMOKING

There is a statute prohibiting cigarette smoking by minors; yet hardly a day passes but you can see minors smoking cigarettes on our streets. If our police would watch this matter for a month or two it might have a healthy effect upon our juvenile population. The matter of the sale of cigarettes to minors might also receive some attention from our police force.

FOR SALE.

My residence and property situated on Kings' Highway. Also a Willis Player Piano in good condition. For particulars apply to: A. Elva McCURDY, Newcastle, N. B.

SEARCH ALONG C.N.R. REVEALS NO SIGN OF JAMES McAFFERTY

A search party of thirty persons headed by the Moncton Chief of Police Hutchison, and composed of members of the Moncton and C.N.R. Police forces, employees of the T. Eaton Co.; members of the G.W.V.A and a troop of Boy Scouts left early Thursday morning for the N.T.R. yard where on Wed. a man whom it was hoped was Mr. James McAfferty, acting in a strange manner was seen by two officers of the C.N.R. special police. A thorough search was made of the yard and the country for a considerable distance on both sides of the track; but no trace of the man was found. It was thought that the man who had previously been seen and tracked through the woods for some miles might prove to be Mr. McAfferty, who has been missing since Sunday 20th. inst. When last seen the missing man was wearing a mackinaw coat. He is about 5 ft. 8 in. tall; of stocky build and about 37 years of age. Mr. McAfferty who is a native of Newcastle, has many friends here who are anxiously awaiting news of his whereabouts.

NO CONCESSIONS TO MODERNISM

No concessions whatever to present day Modernism in Christian theology, but a faithful holding to the primitive teachings of the apostles is the position Anglican clergymen are in duty bound to take Bishop Farthing, declared in his charge delivered in the 65th annual Synod of the Diocese of Montreal at the opening session.

Sold in Newcastle by Stothart Mercantile Co., Ltd.

Mass Meeting SUNDAY, MAY 4TH.
