## LATEST EGYPTIAN NEWS.

There is excitement among the sewing machine men of this city and St. Thomas over the seizure made by Surveyor Douglas, J. King, a custom house officer from St. Thomas, and Detective Robern. The seizure amounted to eighty packages, which were valued at \$7000. The machines were consigned to Rev. Dr. Barker, representative of the Wheeler & Wilson company at St. Thomas. From there they were sent to this city and followed up by the officers, who claim that they were entered at undervaluation. Although St. Thomas is not the headquarters of the company in Ontario it is said that a large number of machines have been distributed from that point to London, Toronto, Hamilton and elsewhere, and it is estimated that the customs officers took \$100,000 worth of the machines.

There has been of late a good deal of controversy between the customs and out-of-town agents about duty. On Sept. 28 last an order-in-council was passed stipulating that the duty on sewing machines should be imposed according to the retail value of the articles in the town in which they were manufactured and not in that in which they were consigned to the American sewing machine companies. It was understood that the duty should not be imposed on the machines if they were not sold in the town in which they were manufactured.

A DEPUTATION WANTS ON ATTORNEY-GENERAL MOVAT.  
And Lay Their Views Before Them—A Resolution Passed by the Deputation—To be Laid Before the Government.

A deputation consisting of representatives of the Anglican, Canada Methodist and Presbyterian churches of Ontario waited on the attorney general yesterday at the parliament building to urge upon him the necessity of making the reading of the bible in the public schools obligatory. The Bap-tists did not send any representatives.

Mr. Movat was accompanied by Hon. Mr. Pardee and Dr. Hodgins, the deputy minister of education, Mr. Crooks being unavoidably absent.

Mr. McMullen in continuation said that the resolutions now laid before the attorney general had been adopted by the deputation by the joint deputation with the utmost unanimity, and that as a equal degree of unanimity and respect in the matter of the reading of the bible in the schools, necessary for him to impress upon the attorney general the necessity of moral instruction.

Rev. Wm. Williams, of the London conference, said that body passed unanimous resolutions on the necessity of the bible being read in school.
