

TO-DAY

In medicines, as in every other necessity, the public is satisfied with nothing but the best! This explains the ever-increasing demand for Zam-Buk. Not only is this great balm the best household remedy to-day, but it is also the most economical.

Zam-Buk's superiority is due to the fact that it is all medicine, containing none of the coarse animal fats or harsh mineral drugs found in ordinary ointments. As such, the medicinal properties are so highly concentrated that they contain the maximum amount of healing, soothing and antiseptic power, so that a little of this balm goes a long way.

Another reason why Zam-Buk is most economical, it will keep indefinitely and retain to the last its strength and purity. Best for skin diseases and injuries, blood-poisoning and piles. All dealers, 50c. box.

Death of Robert Bent Young

On Saturday evening, January 4th, the death occurred at Young's Cove, of Robert Bent Young, after a lingering illness of upwards of two years. Mr. Young was one of the best known men along the shore. He was born at Young's Cove in August 1877, being the eldest son of the late Mr. and Mrs. Daniel W. Young. By occupation he was a fisherman and as such, well known in the ports of St. John, Digby and Yarmouth. In October 1902, he married Winnifred Lee, daughter of Mr. and Mrs. Foster Farnsworth, of "Hay Side," and of this union has been born one daughter and three sons, all of whom with the widow, survive him. As an indication of the place held in the affections of his large circle of friends, there stands upwards of two years of unflinching kindness the equal of which is rarely seen, and for this the widow desires to express on her own behalf, as well as that of her husband, their deepest appreciation. In September, 1917, the deceased went to the Victoria General Hospital, Halifax for consultation and treatment but after careful watching of his case it was found nothing could be done to permanently arrest the progress of his affliction. After his return home, in the intervening months, he suffered much until his death on Saturday evening last. The funeral took place on Monday from the little church of St. Peter by the Sea, Young's Cove, with interment in the cemetery near the school house where he went as a boy, the services in the church and at the grave being conducted by the Rev. E. Underwood rector of the parish.

Death of Mrs. Eliza Fraser

Another aged and highly respected resident, of Bridgetown has passed away by the death of Mrs. Eliza, widow of the late Capt. Hugh Fraser, which occurred at her home on Queen St., Saturday night. The deceased had reached the advanced age of 89 years, the immediate cause of her death being heart trouble. She is survived by one sister, Miss Helen Quirk, with whom she resided, and two brothers John and James Quirk, both of Bridgetown. The funeral took place Tuesday afternoon with interment in the Riverside cemetery, the services being conducted by Rev. D. K. Grant, pastor of the Bridgetown Presbyterian Church of which the deceased was a member.

The deceased was the relict of the late Captain Hugh Fraser, who departed this life about 25 years ago, and who conducted a large coal and hardware business in the store now owned by Mr. Karl Freeman on Queen street.

Death of Mrs. Louisa Shaw

After an illness of three months, Mrs. Louisa, wife of the late Thomas Shaw, passed away with the old year at the home of her sister-in-law, Mrs. Oliver Ruffee, Tuesday night, aged 89 years. Her husband had predeceased her 14 years ago. She was a member of the Baptist church and highly respected by a large circle of friends. She is survived by one son Henry Shaw, of Denver, Col. She also leaves one sister, Mrs. Peaks, of Somerville, Mass. The funeral took place Thursday afternoon with interment in the Riverside cemetery, the services at the house and at the grave being conducted by Rev. M. S. Richardson, assisted by Rev. Dr. Jost. The pall bearers were Capt. J. W. Salter, Karl Freeman, Joseph I. Foster and M. W. Graves.

THE MONITOR'S NEW FOREMAN Short Sketch of One of Bridgetown's Heroes

Mr. Harry E. Carter, who took charge of the MONITOR'S mechanical department, Dec. 30th, is one of Bridgetown's returned men who has been through several severe engagements and has experienced a lot of hardships in the defence of his King, his country, and the people at home.

He is also a good printer as well as a good soldier. Mr. Carter, who is a son of Mr. and Mrs. John Carter, of Bridgetown, began work on the MONITOR in the capacity of "printer's devil" in the spring of 1910, working here until 1912.

In the fall of 1913, he joined the Annapolis Spectator staff, returning to the MONITOR office about a year

HARRY E. CARTER

later, remaining here until he enlisted 29th January, 1916, joining the 112 Battalion. After six months' drilling in Canada he went overseas July 27th, 1916, as a drummer. He proceeded to France, in the spring of 1917 in a draft for the Royal Canadian Regiment, a member of the infantry. He was slightly gassed several times, but "kept going" until the battle of Passchendaele Ridge where he got wounded Nov. 15th, 1917. The muscle of his left leg was badly shattered and he also received a large wound in the left thigh, being at the same time thrown about 10 feet in the air from the concussion of the large shell which caused the shrapnel wound.

It was owing to this wound that he was sent to England and finally to Canada, arriving home October 10th. After spending a short time at home he returned to Halifax and was discharged on Nov. 11th, the day on which the Armistice was signed. He was asked by the manager to join the MONITOR staff as soon as he was discharged and therefore went to work Wednesday morning, Nov. 13th, taking charge Dec. 30th as already stated.

The above cut, which was made from a snapshot, does not show his three years' service stripes, or wound stripe. We are pleased to be able to give this deserving hero steady employment and the honour of being placed in charge of the shop in which he learned his trade.

It is the duty of all of us who were too old, or from other causes, not able to fight, to show our appreciation by employing returned men and we trust, that both the federal and local governments, will not only fill present vacancies with returned men, but give them a preference whenever possible.

During 1917, 14,361 persons arrived at Boston from Nova Scotia, while in 1918 only 1304 were recorded. This was due largely to the discontinuance of the passenger service from Yarmouth.

Feeding Dairy Cattle

The amount of bran, middlings, and cottonseed meal now on the market falls so far short of the requirements that the farmer has grave difficulty in properly feeding his cows. To meet this situation the manufacturers of proprietary or mixed feeds have put forth great and commendable efforts to stock the market with their products. In addition to these there is to be had a certain amount of wheat screenings and special screenings, mostly weed seeds by the way, but nonetheless good feed when ground. The only feed offered in any quantity that is rich in protein is linseed, or oil meal. Linseed meal is an extremely valuable feed and may be used with good results instead of cotton seed meal.

The Secretary for Agriculture for Nova Scotia, anticipating an acute shortage in the standard feeds, arranged early with the big dealers in New York and Ontario to place a considerable amount of this meal in N. S. This action has already resulted in many dealers and Farmers' Associations being able to buy linseed meal at a fair price. If the demand justifies it, further quantities may yet be obtained, although the Armistice conditions have already resulted in large purchases by Great Britain, Denmark and Holland, in which countries this feed is valued very highly and as a result market prices have increased several dollars per ton.

The Universality of the Telephone

THE loyal citizen backs up home institutions. There is probably no public utility in which the best interests of Nova Scotia are bound up as they are in the telephone. It serves well-nigh universally; it should be supported likewise.

Today, one person in every twenty-two in this province actually pays for a telephone. Soon it will be one in ten.

Every telephone subscriber owes it to himself and his community to be a telephone stockholder, to share in the prosperity of this company and to have a voice in its management and operation, thus making it a huge cooperative enterprise.

As an investment for the Nova Scotian, it is unexcelled because its plant and operation are always under his eye, so that he can intimately observe them from day to day.

Three Canadian War Authors

Arthur Hunt Chute.

Among the many recent books of war experiences, "The Real Front," by Arthur Hunt Chute, has particular interest for Canadians, as the author, although an American citizen, went overseas with the first Canadian Expeditionary Force and for two years was in the Ypres Salient. "If where an Englishman," he says, "is buried in a foreign soil is called 'a little bit of England,' then we may call the Ypres salient a mighty bit of Canada. If anyone were to inquire what is the most important city of Canada, we might answer unhesitatingly, 'The city of Ypres.' The hosts of our young men who have fallen in battle around that city have hallowed the name for all Canadian hearts, and rendered the place ours in the deepest sense."

Mr. Chute suggests in a wonderful way the atmosphere of the actual fighting line and the psychology of the men while under fire, their nervous strain reaching at times to physical agony and yet their unconquerable determination to "carry on." "The Real Front" is published by Harper & Brothers, of New York.

Ralph S. Kendall.

No body of men has been associated with more romantic interest than the Royal North-West Mounted Police—whose work in maintaining law and order in the prairie provinces of Canada during the period of settlement and in the more remote North has inspired many an author to write a stirring story. For the most part, however, these stories have too much fiction and too little fact, with the result that the "Riders of the Plains," as they have been called, are rather shy of the professional writer. "Benton of the Royal Mounted," a new novel published by S. B. Gundy, of Toronto, has this advantage, that the author, Sergeant Ralph S. Kendall, has himself been for many years a member of the Force, of which he is still Sergeant-in-Charge at Calgary. This is a real man's book, in which the men talk the language that men do talk out West. One feels also that the many stirring incidents that occur have their basis in fact. "Benton of the Royal Mounted" is a book that should find a place on the shelves of all who are interested in the development of Canadian literature.

F. A. McKenzie.

Mr. F. A. McKenzie, the War Correspondent, who has come to Canada straight from the fighting front to deliver a series of lectures on the recent battles in France, is a Canadian by birth, although he has lived most of his life in Great Britain and other parts of the British Empire.

Mr. McKenzie's main lecture is "Through the Hindenburg Lines," in which he tells a first hand story of Canada's fighting men and their great victories. His second lecture, "Britain Hits Back," deals with the effort and sacrifice of the English people, and gives an intimate and first hand account of how England has fought her way through to victory. Three Governments have placed their moving pictures and photographs at Mr. McKenzie's disposal for these lectures.

Mr. McKenzie is the War Correspondent of a group of prominent Canadian daily newspapers. He saw much of war before this campaign. He has a straightforward story to tell the Canadian people of what their sons have done. Mr. McKenzie's book on the war, "Canada's Day of Glory," has just been published by William Briggs of Toronto. His one claim for it is that it tells what he has seen and is a faithful first hand picture of war as it is.

NEW C.P.O.S. LINERS

THE part played by the Canadian Pacific Ocean Services in the great European war will make a big chapter in Canadian history. Undoubtedly the sea supremacy of Great Britain was one of the most potent factors in the winning of the victory which was obtained, and the ships of the C. P. O. S. took a big part in making Great Britain supreme at sea. There are few branches of sea service in which they did not take a part. Mounted with guns some of them were where there was fighting to be done.

Over 4,000,000 tons of cargo and munitions of war have been carried in addition to many thousand horses and mules.

The C. P. O. S. have carried from the outbreak of hostilities to October 31st, 1918, 1,041,000 troops and passengers all over the world, embracing ports in China and Japan, Singapore, Bombay, Mesopotamia, Suez, Gallipoli, ports in the Mediterranean, Ceylon, Dares-Salaam, Delagoa Bay, Durban, and Mauritius, in addition to the west coast of North and South America, and the United States and Canadian ports. The total loss of troops carried caused by enemy action and irrespective of disease has been eight in number. On one consecutive continuous voyage one of the company's vessels steamed 28,441 miles.

Over 300 officers and engineers were found out of the company's service for the Royal Navy. Lieut. R. N. Stuart, one of these, has won the D.S.O. and the V.C., while many others have received decorations and been mentioned in despatches.

The Misanabie, a C. P. O. S. steamer, was the first big vessel to sail on her maiden voyage from Great Britain to Canada after the outbreak of the war in 1914, a sister ship, the Metzgera, sailed on her maiden voyage from Liverpool, March 28th, 1915. These two splendid ships have been followed by two larger ships, the Melita, which sailed from Liverpool Jan. 30th, 1918, and her sister ship, the Minnedoc, on her maiden voyage from Liverpool Dec. 5th, 1918 to St. John—The first steamer to sail since hostilities ended. The Minnedoc is a splendid acquisition to the already large fleet of C. P. O. S. vessels. She has a gross tonnage of 14,000, length 546 feet, width 67 feet, depth 45 feet and a total cargo capacity of 488,000 cubic feet.

There is accommodation for approximately 500 cabin and 1450 third class passengers. The Gymnasium on "A" Deck (or Boat Deck) is fitted with the latest mechanical devices for exercise and amusement. On "B" Deck (or Upper Promenade Deck) are located the Cabin Smoking Room, Cabin Drawing Room and Cabin Lounge.

The Entrance Hall from the extensive Promenade Deck with its paneling, mirrors and staircase is an attractive approach to the Dining Saloon.

The Spacious Lounge with its charming old English fireplace and large windows is fitted with applique paneling. It is most comfortable furnished and hung with beautiful old English paintings of the 18th century and some rare old red lacquer mirrors.

The Drawing Room, paneled with the most beautiful Australian Black Bean Wood in the Queen Anne style, has an air of coziness not often found on board ship. The beautiful colored prints which adorn this room are from the famous panels painted in 1780 by Fragonard for Madame du Barry and purchased by the late Pierpont Morgan. A writing recess is also to be found in this room.

On Deck "C" (or Lower Promenade Deck) is to be found the Bureau and Ticket Office. A special feature is the spacious square and gallery round the well over the Dining Saloon. A good number of well appointed, airy and commodious staterooms are provided amidships for cabin passengers containing three and four berths. At the forward end an entrance for third class passengers is provided.

On "D" Deck is situated the Dining Room, which extends the whole breadth of the ship and has seating accommodation for 300 persons, placed at small and large tables. It is tastefully decorated in the Georgian style, a special feature being the open staircase. There is accommodation for 60 cabin passengers on this deck in four berth staterooms.

At the extreme after end of "D" Deck, the Third Class Smoking and also Third Class Ladies' Room is to be found, whilst at the forward end there is a Third Class Dining Saloon, with seating capacity for 140 persons, another Smoking Room and also a General Room. The Main Third Class Dining Saloon, seating over 400, is also on this deck.

On the starboard side of Deck "E" are a number of Cabin Staterooms containing two and four berths, whilst another Third Class Dining Saloon, with a seating capacity for 120 persons, is situated in the after end of the ship.

MARRIED AT FREDERICTON

MORRELL—WOODWORTH
On the evening of Jan. 1st, at the home of Mr. and Mrs. W. K. Tibert, 492 George St., Fredericton, N. B. there occurred the marriage of Mrs. Tibert's sister, Miss Eva Eunice Woodworth, daughter of Capt. and Mrs. J. E. Woodworth, Bear River, to Walter Lawrence Morrell, of Saunders Street.

The bride who was given in marriage by her father, was attired in a gown of white silk crepe de chene with veil. She carried a beautiful shower bouquet of bridal roses, fern and snailax. After the reception which was attended almost wholly by the families of the young couple, a superb buffet lunch was served. The bride who has a most engaging personality, is employed as a stenographer in the office of the Department of Soldier Civil Re-Establishment and her efficiency and popularity there were attested by the gift of a large and elegant mahogany cabinet of silver from Capt. Boyd and staff.

DEEP BROOK

The funeral of the late Fred O. Sulis was held in St. Matthew's Church Tuesday afternoon. The service was a very impressive one. The rector, the Rev. A. W. L. Smith, took for his text "In the midst of life we are in death." The hymns were "Lead Kindly Light," "I've found a Friend, a heavenly Friend," and peace, perfect peace." The floral tribute were beautiful, including a large pillow from the railroad Brotherhood of which the deceased was a member and a wreath from the Masonic Lodge of Bear River of which the departed was also a member.

Ble Show in Bridgetown

As will be seen by our advertising columns Messrs. Bishop & Bishop, the enterprising proprietors of the Primrose Theatre have succeeded in obtaining "Hearts of the World," the celebrated picture in 12 reels for next Friday afternoon and evening. In taking the many war scenes of his superb masterpiece "Hearts of the World" D. W. Griffith had the official aid and co-operation of the British and French war officers. Mr. Griffith, by special direction of the British government, was escorted close to the firing line in France, visited front line trenches, set up his camera in many dangerous positions, was actually under bombardment, and secured many wonderful effects and scenes of the great war which would have been impossible except for the aid and co-operation of the governments of Great Britain and France.

Father and Son Week—Feb. 10th-17th

There is before the public a proposition to nationalize "Father and Son Week" in Canada. Already the suggestion is meeting with heavy approval. Every community is asked to follow out, as far as possible, the plans suggested by the Maritime Boys Work Association. This plan is now before the clergy of the town and they propose to observe Father and Son Sunday on February 16th. On the evening of that day the relationship of Father and Son will be emphasized from the different pulpits.

The Maritime Fish Corporation is installing the DeLoe lighting system in their plant, James Rippey, of Annapolis, is doing the work.

Halifax, Jan. 9th.—The tern sloop Richard B. Lintieuch, which, after lying at Hendry's wharf for more than a month, left here last Friday, in tow of the tug Islander, for Digby, where she was chartered to load lumber for a Southern port, is once more back in Halifax harbor. In the gale of last Saturday night, she parted from the tug. The Islander, losing sight of the tern schooner, put into Liverpool for coal; then came out to look for her. In the meantime the Richard Lintieuch was under sail, and was picked up by the tug Lily, which brought her in this morning.

Death of Edgar Marshall

Edgar, the sixteen year old son of Mr. and Mrs. Joseph Marshall, died at the home of his parents at Hampton Saturday, after two weeks' illness of influenza, followed by pneumonia. Besides his parents, he is survived by two brothers, Shurman and Donald and two sisters Nellie and Harriet. The funeral took place Monday with interment at Hampton. The sympathy of the entire community is extended to the bereaved ones.

The water logged two-masted schooner Scotia Queen is reported a menace to navigation, lat 35 48 N., lon 78, 48 W., lumber laden, still having deck cargo.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that *Auto-intoxication*, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that Chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of neatly Fruit-a-tives Limited, Ottawa.

NEW C.P.O.S. LINERS

The part played by the Canadian Pacific Ocean Services in the great European war will make a big chapter in Canadian history. Undoubtedly the sea supremacy of Great Britain was one of the most potent factors in the winning of the victory which was obtained, and the ships of the C. P. O. S. took a big part in making Great Britain supreme at sea. There are few branches of sea service in which they did not take a part. Mounted with guns some of them were where there was fighting to be done.

Over 4,000,000 tons of cargo and munitions of war have been carried in addition to many thousand horses and mules.

The C. P. O. S. have carried from the outbreak of hostilities to October 31st, 1918, 1,041,000 troops and passengers all over the world, embracing ports in China and Japan, Singapore, Bombay, Mesopotamia, Suez, Gallipoli, ports in the Mediterranean, Colombo, Pares-Salaam, Delagoa Bay, Durban, and Mauritius, in addition to the west coast of North and South America, and the United States and Canadian ports. The total loss of troops carried caused by enemy action and irrespective of disease has been eight in number. On one consecutive continuous voyage one of the company's vessels steamed 28,441 miles.

Over 300 officers and engineers were found out of the company's service for the Royal Navy. Lieut. R. N. Stuart, one of these, has won the D.S.O. and the V.C., while many others have received decorations and been mentioned in despatches.

The *Missanabie*, a C. P. O. S. steamer, was the first big vessel to sail on her maiden voyage from Great Britain to Canada after the outbreak of the war in 1914, a sister ship, the *Metagama*, sailed on her maiden voyage from Liverpool, March 26th, 1915. These two splendid ships have been followed by two larger ships, the *Melita*, which sailed from Liverpool Jan. 30th, 1918, and her sister ship, the *Minnesota*, on her maiden trip from Liverpool Dec. 5th, 1918 to St. John—the first steamer to sail since hostilities ended. The *Minnesota* is a splendid acquisition to the already large fleet of C. P. O. S. vessels. She has a gross tonnage of 14,000, length 546 feet, width 67 feet, depth 45 feet and a total cargo capacity of 458,000 cubic feet.

There is accommodation for approximately 500 cabin and 1450 third class passengers. The Gymnasium on "A" Deck (or Boat Deck) is fitted with the latest mechanical devices for exercise and amusement. On "B" Deck (or Upper Promenade Deck) are located the Cabin Smoking Room, Cabin Drawing Room and Cabin Lounge.

The Entrance Hall from the extensive Promenade Deck with its paneling, mirrors and staircase is an attractive approach to the Dining Saloon.

The Spacious Lounge with its charming old English fireplace and large windows is fitted with comfortable green paneling. It is most comfortably furnished and hung with beautiful old English prints of the 18th century and some rare old red lacquer mirrors.

The Drawing Room, panelled with most beautiful Australian Black Bean Wood in the Queen Anne style, has an air of coziness not often found on board ship. The beautiful colored prints which adorn this room are from the famous panels painted in 1730 by Fragonard for Madame du Barry and purchased by the late Pierpont Morgan. A writing recess is also to be found in this room.

The Smoking Room is panelled in old oak of the Jacobean style, its fine old chimney piece and sporting prints being noteworthy features.

A small number of two-berth staterooms are provided on this deck.

On Deck "C" (or Lower Promenade Deck) is to be found the Bureau and Ticket Office. A special feature is the spacious square and gallery round the well over the Dining Saloon. A good number of well appointed, airy and commodious staterooms are provided amidships for cabin passengers containing three and four berths. At the forward end an entrance for third class passengers is provided.

On "D" Deck is situated the Dining Room, which extends the whole breadth of the ship and has seating accommodation for 300 persons, placed at small and large tables. It is tastefully decorated in the Georgian style, a special feature being the open staircase. There is accommodation for 60 cabin passengers on this deck in four berth staterooms.

At the extreme after end of "D" Deck, the Third Class Smoking and also Third Class Ladies' Room is to be found, whilst at the forward end there is a Third Class Dining Saloon, with seating capacity for 140 persons, another Smoking room and also a General Room. The Main Third Class Dining Saloon, seating over 400, is also on this deck.

On the starboard side of Deck "E" are a number of Cabin Staterooms containing two and four berths, with another Third Class Dining Saloon, with a seating capacity for 122 persons, is situated in the after end of the ship.

The *Missanabie* was torpedoed and sunk by a German submarine in 1914.

In The Hills Above Ice River

THIS man is not carving his name on a stump. By looking closely one will identify the claws on the downward tawny as those of a good sized black bear. So the hunter operator is removing a handsome black coat from a sleek, fat fall bruin that had ventured in innocent ignorance out on the open in search of mice and such interesting changes from a diet of berries. He did not know that men with guns were creeping up the slope toward him because the wind was sweeping down from the peaks above and the only scent it took to his keen nostrils was that of the fresh, sweet snows of the hills above Ice River, north of the C. P. R. transcontinental line.

So the bear waddled along with an investigating nose close to the sticks and stones he turned over with his great paws. He paused at a rotting log which had swept the hillside in the decades past, and he turned it over with an ease that spoke highly of strong claws and big muscles; he found some grubs and he licked them up; he started to investigate a bundle of weeds as if it might contain some tender young mice. A hundred yards away, down the slope, a man's weak ankle that had been strained in days gone by at a skating twist, turned on a

stone and sent it clattering down through bushes and stones. Bruin, over the ridge and out of sight, reared to his haunches in curiosity. He spied the crown of a hat rising slowly over the ridge and he turned and sped away with an awkward, shuffling swiftness that could be second only to that of a moose in fallen timber, and there is nothing more awkward-appearing yet nothing living so destructive to distance as a moose that is really up and going with full energies through his favorite racing ground in the swamps.

A steel-jacketed bullet whistled through the air, far above the gleaming river, where so recently he had prepared to resume his flight a third bullet broke his neck, and his body huddled forward and settled down like a huge chunk of jelly that had scarce 'set'. And there he skinned him, far above the gleaming river, where so recently he had gorged on the luscious berries and watched the deer and moose as they too gorged themselves on the rich foods that suited their cravings as satisfactorily as berries satisfied his.

The Bridgetown Red Cross

At a gathering of Red Cross members at the home of Mrs. Daniels on Monday afternoon, it was decided that the meetings of the Red Cross be discontinued for the present at least as the need of the work we have been doing is now uncertain.

Will all who are knitting, please return sox soon as finished to Miss Hamilton or Mrs. Craig.

Our Treasurer has in deposit at the bank something over \$100., with the promise of as much more, which amount, at the time of the big meeting of the citizens of Bridgetown spoken of in another column, will be handed over to the Committee appointed to receive it as a beginning of our Hospital fund.

The Red Cross wishes to heartily thank all those who have so kindly and generously helped them in the carrying on the work of these four years.

YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and confirm the body in vigorous health. To a developing child

SCOTT'S EMULSION

comes with particular help. Thousands of the strong men and women of today were in youth-time nourished and strengthened to withstand the inroads of disease by the consistent use of Scott's.

Our Readers are Always Satisfied

What is more annoying than starting to read a local or personal column and find amongst the items paid ads.? We believe in system. In the MONITOR there is a place for ads. and a place for news. A paper which studies the reader's interests immediately gets a big circulation and that is what the advertiser is looking for—a good advertising medium. The advantage of advertising in a paper carrying a classified column for small ads. is that every advertisement is read, big or small. Try it and you will prove that our statement is correct.

The Salvation Army Million Dollar Fund

MAIL YOUR CONTRIBUTION TO ONE OF THE TREASURERS BELOW, OR TO COMMISSIONER RICHARDS, 20 ALBERT ST., TORONTO

We MUST provide for the need of the Soldier and his family!

It is absolutely necessary to ensure certain safeguards and comforts to our boys over there and over here, so that they may be re-established in Canada, strong in body and soul, contented that we at home have stood by them to the finish. What sacrifice can we make for the boys who were prepared to sacrifice everything for us?

What the Salvation Army Has Done

It has provided comforts for fighting men since the twelfth day of the War. Hundreds of thousands of parcels of food and clothing for the boys. Tens of thousands of beds in Hostels in daily use in France, England and Canada. 197 Huts for Soldiers. 1,200 uniformed workers. 45 ambulances. Thousands of War widows cared for. Looked after soldiers' families. Helped for the Master. Labeled to preserve the home ties. Given the MOTHER touch to lonely men.

What Remains to be Done

Keep the Hostels open and open more, so that every returning soldier can get a clean bed and wholesome meals at a price he can afford to pay. Provide comforts and safeguards for our boys, advancing into Germany, as well as those coming home and needing a place to eat and sleep, in Halifax, St. John, Quebec, Montreal, Kingston, Toronto, London, Chatham, Winnipeg or Vancouver. Guide and assist soldiers' families, especially the widows and orphans.

Soldiers Home Coming Campaign

January 19th to 25th

The Salvation Army is equipped and organized to take care of the soldiers' URGENT AND PERSONAL needs—needs that are imperative. It has never made a general appeal for funds to carry on this work until now. Give and give liberally. If you are not certain that your contribution will be taken up by a canvasser, send it direct to the Hon. Treasurer, Sir Edmund Walker, Toronto—subscriptions will be acknowledged.
