THE WINNIPEG SADDLE.

Assistant Veterinary Surgeon Burnett, of the N.W. M. P., at Calgary, in his annual report to the Government says: "If not out of place I would like to say a word or two *re* the Hutchings Saddle, made in Winnipeg. I consider this a good serviceable saddle, having practically tested it, and for work in those districts requiring double cincha saddles it is particularly well adapted. The manufacturer seems to have taken every pains to equal at least the Best San Francisco Saddles with two of the best trees made, the Goodell and Viscilia. I consider for service that durability and lightness have been combined in the Hutchings Saddle, and would recommend that they be adopted throughout the force.

Methodist Missions, North-West Territory

MORLEY, Nov. 2nd, 1888.

E. F. HUTCHINGS, Esq.,

Dear Sir,—It is nearly three years since I bought one of your Stock Saddles, and having had it in almost constant use I feel warranted in saying it is the best Saddle I ever used. It is made for the comfort of both man and horse, and I have no hesitation in heartily indorsing your Stock Saddles to the people of Manitoba and the Northwest. The "Cow Girl" side Saddle I bought of you is the most serviceable Ladies' Saddle I have ever seen; it is both safe and strong. Yours truly,

JOHN MCDUGALL, Pioneer Missionary.
