Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Thomas Fisher Rare Book Library,
University of Toronto Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Thomas Fisher Rare Book Library,
University of Toronto Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

COMPOUNDING PHARMACEUTISTS AND PROPRIETORS OF ALL
 GEORGEN'S MEDICINES.

SOME SENSIBLE WORDS RESPECTING PATENT MEDICINES

Many persons have a strong aversion to all kinds of proprietary medicines, thinking that all articles of that kind resemble one another with but one view—viz. : to put money in the chest of some ignoramus, and that all the good qualities of these medicines are only found in the vivid imagination of the interested vendors.

That some cause for such a belief does exist cannot be denied, but to apply this rule to all patent medicines is not fair, not only to a portion of them but is equally so to the invalid, as it prevents them from benefitting themselves by using those medicines that have been tested and proved beneficial to hundreds of persons.

But how are we to know if they are good or not say some.

To such we say the trial of any of the G.G.G. medicines only costs you the trifle of 25 cents. Your neighbours who have tried them say that they have derived great benefit from using them, and the demand for them keeps increasing. No sensible man will allow the same dog to bite him twice; if he thinks that he has derived no benefit by the expenditure of his 25 cents, he will have no more, and he will run around bawling to his neighbours that he will have no more such trash, thus a poor article soon runs itself out of the market.

On the contrary the demand for a good article is continually increasing.

Those who benefit by using them generally, feel so much elated that they are sure to recommend the article from which they have derived great benefit, that they are sure to testify and publish to all with whom they come in contact, and like disinterested witnesses in court, they generally tell the truth, the whole truth, and nothing but the truth is all that the honest manufacturers rely on.

G. G. G.

Great, Grand and Glorious is the effort to promote Health, Long Life, and Happiness, for this purpose we want 1000 more agents to assist to sell the G.G.G. medicines to the million.

There are Ten kinds, one kind for each class of disease, and none as a cure all.

ECLIPSES FOR 1871.

During the year 1871, there will be two Eclipses of the Sun and two of the Moon :

- I. A partial Eclipse of the Moon, January 6th, visible in Canada.
- II. An annular Eclipse of the Sun, June 17th, invisible in Canada, confined to the Indian and North Pacific Oceans, the central line of the eclipse passing to the north of Australia.
- III. A partial Eclipse of the Moon, July 2nd, invisible in Canada.
- IV. A total Eclipse of the Sun, Dec. 11th, invisible in Canada, confined to India and adjacent Ocean.

A joint concern—Anxiety about the butcher's bill.
When is a butterfly like a kiss? When it alights on tu-lips.

NEWBURY, Sept., 1869.

MESSRS. T. W. GEORGEN & SONS,—Your G. G. G. Medicines are selling rapidly, and in every case have given entire satisfaction. In fact, I have never sold any medicines that prove to be so popular as Georgen's G. G. G. Medicines.

Yours truly

R. M. STENNET.

COUCH'S CORNERS, Sept., 1869.

MESSRS. T. W. GEORGEN & SONS,—

Please send me six dozen of G. G. G. Horse and Cattle Powders, (I have plenty of the other G. G. G. Medicine for the present) they sell so fast. I find since selling your powders, that my customers will have no other, but the G. G. G., and that in every case; they say that they will cure more than you advertise. They are getting very popular as well as all your other G. G. G. Medicines.

Yours respectfully,

JOHN HERON.

G. G. G. is our trade mark, put on to prevent any impostors from putting out any spurious article or imitation of Georgen's Good and Genuine Remedies, and is registered.

LEASKDALE, Sept., 1869.

MESSRS. T. W. GEORGEN & SONS,—In reference to your G. G. G. Medicines, I am in duty bound to say that your *Real Reliever, Eye Water*, and in fact all the G. G. G. Medicines, give the best satisfaction of any medicines that I have ever kept.

Yours truly,

GEORGE COLLINS.

We have tried Georgen's Worm Lozenges and found that they expelled a great many worms, and improved the health of our children most surprisingly. In some cases nothing but a quantity of slimy matter passed from them, the worms being cut up by the action of the stomach, so if in such cases, if the child's health is improved, that is satisfactory proof of the beneficial result of giving the worm medicine.

MR. J. CAREY,
JOSEPH LOCKHART of Oro,
CHARLES PALLING.

TOWNSHIP OF WATT, ONT.

I have sold the G. G. G. Medicines during the past three years, and I testify with pleasure that they have given universal satisfaction.

RICHARD LANCE.

A Sample Box can be sent to any P. O. on receipt of 25 cents.

GEORGEN'S HORSE LINIMENT!

Cures Sprains, Windgalls, Spavins, Callous Bruises, Sand Cracks, Cramps, Poll Evil, Flesh Wounds, Lameness, Mange, Strains, Swellings, Founders, Frost Bites, Contracted Feet, and is useful in all cases where a liniment can be used.

Put up in Qr. Pint Bottles, at 25 cts. per Bottle.

READ THESE CERTIFICATES.

ELGIN MILLS, 2nd Oct., 1868.

This is to certify, that I had a mare very badly bruised with the iron on my saddle, I applied a great number of different remedies, but trying them for three weeks and seeing that the sore *was becoming rapidly worse*, a quantity of matter gathering, I then, as a last resort, used a bottle of GEORGEN'S HORSE LINIMENT. This and part of another bottle made a complete cure.

(Signed) JOHN G. BERNARD, Merchant.

Mr. J. Brown used Georgen's Horse Liniment, and found it so effectual for all that it is recommended, that he says he would not be without it for any consideration. He had one of his horses very badly bruised and galled, and had been using a number of salves and washes for more than a fortnight. The horse's shoulder had become one mass of putrid flesh, and had been standing all this time useless in the stable, and Mr. Brown began to despair of ever effecting a cure when he was recommended to try a quarter pint bottle of *Georgen's Horse Liniment*, which only cost him twenty five cents. By the time he had used two bottles—in a week—the horse was as good as ever. It killed the proud flesh, reduced the swelling, and the hair soon covered the place, so that no person could see where the horse had been injured.

SPECIAL INSTRUCTIONS.

SHAKE THE BOTTLE WELL.

Cleanse every wound well from all dirt or sand. Restore the injured parts as near as possible to their original situation, and if the cut is bad retain them by stitches and bandages; frequently pouring on a small quantity of the Liniment.

For Sores and Galls: Dip a feather or soft piece of cloth into the bottle and put a little of the Liniment on the sore spot; if very bad put on a covering of thin cotton. In cases where flesh is not disposed to heal up in consequence of the presence of fungus or unhealthy flesh, the part should be sprinkled with powdered Corrosive Sublimate or Blue Vitriol each time of dressing which should not be less than twice a day until the edges begin to heal.

Sprains should be well rubbed with the Liniment three times a day.

This Liniment has cured a good many cases of Rheumatism in different parts of the human body.

GEORGEN'S HORSE LINIMENT,

Sold in Quarter Pint Bottles, at 25 cts. per bottle.

GEORGEN'S SANATIVE PILLS

— TWENTY-FIVE GENTLE DOSES IN A BOX. —

FOR CURING AND RELIEVING

Dropsy, Constipation or Costiveness, Jaundice, Neuralgia,
Tic Do'loreuz, Rheumatism and Gout, Nausea, Loss
of Appetite, Pains, Dyspepsia or Indigestion,
Headache, Billousness, Dizziness in
the Head, Pains in the Stomach,
Pains in the Bowels, Derange-
ment of the Liver,

ALL DISEASES OF THE STOMACH,
AND IN ALL DERANGEMENTS OF THE

BOWELS, STOMACH, AND LIVER.

Prepared from simple and pure vegetable materials, having no injurious or deleterious materials in their composition. These pills are perfectly safe either for the smallest child or the most delicate constitution, at the same time they are sufficiently searching and strong to cleanse out the obstructions in the most vigorous and strong frame. In fact they are so compounded as to assist nature to *throw off diseases either in the young or old.* In all the above mentioned diseases take one pill as a common dose, or two as a strong dose, night and morning, and thirty to forty drops of Georgen's Real Reliever three times a day in a cup of cold water before each meal.

SPECIAL DIRECTIONS.

For Headache, Billousness, Costiveness, Liver Complaints. Unpleasant taste in the mouth, &c., take one pill at bedtime and one in the morning; and wherever there is pain rub Georgen's Real Reliever; also take thirty to forty drops in water three or four times a day to strengthen the stomach.

For Coughs, Colds, Sore Throat, &c, &c., where the cough is bad, Georgen's Cough Mixture should be used as directed; and at bed time take thirty to sixty drops of Georgen's Real Reliever in hot water and sugar, one pill at bedtime and one in the morning; put the feet into hot water and get into bed.

For Dyspepsia, keep the bowels well open with Georgen's Real Reliever Pills, and take thirty to forty drops of Georgen's Real Reliever in water three times a day.

For further particulars see Georgen's Canada Almanac and Recipe Book, published every year and distributed free in all the stores.

A young man asked an old gentleman for his daughter in marriage. The answer was, "Go into the orchard and bring a number of apples. Give me one half of the whole number, and my wife one half of the balance and half an apple over, and to my daughter one-half of the remainder and half an apple over, and have one left for yourself, without cutting an apple; and then, if she is willing, you can have her." He solved the question, and how many did he bring.

Barrie, Jan. 2nd, 1866.

I had suffered from a troublesome and tickling cough hoarseness and difficulty in breathing, and had tried various medicines, but have never yet found any to approach Georgen's Cough Mixture. After trying a great number of things in vain, I tried it, and got instant relief. I therefore take great pleasure in recommending Georgen's Cough Mixture, as being, in my judgment, the best cough medicine before the public.

To DYE BLUE.—A splendid blue may be produced in an hour by the following process:—For each pound of wool or cloth take two and a half ounces of alum, and one ounce and a half of cream of tartar. Boil these together in a brass or copper kettle for about an hour; then take sufficient warm water to cover the cloth or wool, and color it to the shade you wish with the liquid blue; put the whole into the copper pot and boil it for a short time, taking care to keep it stirred; remove the cloth and rinse it in clear cold water, and hang it up to dry.

If seized with Asiatic Cholera, Canadian Cholera, Pains in Stomach, Bowels, Diarrhoea, Dysentery, Colic, Sick Headache, Sour

Stomach, Sickness or Nausea at the Stomach, Wind, Flatulence, Heart Burn, Chills, Bad Colds, Influenza, or pain or uneasiness of any kind, 30 drops of the *Real Reliever* in water will afford instant cure.

Why is a thief in the garret like an honest man? Because he is above doing a mean action.

GEORGEN'S HORSE AND CATTLE POWDER!

For Horses, Cows, Sheep, Pigs, Oxen, and Dogs. Cleanses their blood and puts them in general good condition, and cures Worms, Coughs, Colds, and Hide-bound, Yellow Water, Loss of Appetite, Heaves, Broken Wind, Indigestion, Staggers, Founders, Scratches, and Swelled Legs.

These powders are composed of the most harmless ingredients, compounded in the most perfect manner, and thoroughly mixed by machinery. The Recipe was not obtained from Turkey or Gooseland, but from one of the best and most skillful farriers of England; selected by him from the many he had used, as the most reliable powder that could be compounded for the above diseases. These powders contain about twice the weight of any others, as they weigh half-a-pound; are pleasant and agreeable for all kinds of Cattle, and so much stronger, that one dose every second night is in most cases quite sufficient, and not three doses every day, or six times to one of Georgen's Horse Powders. The ordinary powders are twelve times higher. Try Georgen's Horse and Cattle Powders the first time you have a sick Pig, Cow, Ox, or Horse, and you will be surprised at the rapidity with which any one of them will improve by its use.

DIRECTIONS.

For Yellow Water, Hide-bound, Coughs and Colds, Loss of Appetite, Broken Wind, Staggers, Founders, &c., give one table-spoonful in their feed every night for three or four nights if the disease is very bad, and after, only one dose every second night. For putting Horses in good condition, one table-spoonful every second night. Pigs and Sheep will improve by giving them about one-half a table-spoonful three times a week. Pigs when put up to fatten, will thrive and fatten much faster by using the powders; and another important consideration is that it makes clean healthy food for the consumer, as the dregs of any disease are removed from the animal.

No farmer should be without these powders if he wishes to have good healthy animals about him. I have known low conditioned horses to have improved by having two or three of these powders given to them, so that they were valued from five to ten pounds more than they were before the powders were given to them—all done by good feeding, care, and seventy-five cents worth of Georgen's Horse and Cattle Powders, put up in twenty-five cent packages.

READ THIS CERTIFICATE.

I have many such as this but have not room to publish them.

ALLENDALE, Oct., 1865.

In reply to your request to give my opinion of your Horse and Cattle Powders, I must say in justice to them that I never have had my horses thrive so well, have such smooth coats, and such good appetites, as they have had since I have used your powders. They are just what they are represented to be. One of my horses seems to have an instinctive knowledge of their good properties, if he smells them he will root up everything to get at them. Yours &c.,

PETER PILKIE.

Georgen's Pile Ointment is, when used with *Georgen's Alterative Powders*, a never-failing remedy for the piles. Persons who had been afflicted with this very bad disease for years were relieved by using from one to three powders and one box of *Pile Ointment*.

Oro, July 31, '66.

Mr. Tuck says that his wife was taken alarmingly ill with bowel complaint, and wished to get a doctor, but he thought that he would try *Georgen's Cholera & Dysentery Cure*. He bought three bottles on the 29th, and to-day she is quite recovered.

Cookstown, Jy. 30, '66.

Mr. Georgen,—Dear Sir. I beg to inform you that your medicines have sold faster and given more general satisfaction than any Patent Medicines. I have ever sold; also I might say that the sale of them is increasing.

Yours truly,
H. Harper, Druggist.

Barrie, July, 1865.

Having used *Georgen's Sanative Pills* I take pleasure in testifying to their being the best that I have ever used for bilious complaints.

F. JONES, Prof. Music.

SNUFF DARK—*Dark for Wool or Cloth.*—For 5 lbs. of goods—Camwood 1 lb.; boil it fifteen minutes, then dip the goods three-quarters of an hour; take out the goods, and add to the dye fustic 2½ lbs.; boil ten minutes and dip the goods three-quarters of an hour; then add blue vitriol 1 oz., copperas 4 ozs., dip again half an hour. If not dark enough, add more copperas. It is dark and permanent.

Never confide in young men—new pails leak. Never tell your secrets to: he aged—old coors; eldom shut closely.

GEORGEN'S REAL RELIEVER.

G. G. G.

The most speedy Reliever of Pain in the World.

To get the good and genuine Reliever, see that the letters G. G. G. with Georgen's name are on each bottle. Do not be deceived by any article that has not got G. G. G. on it.

Georgen's Real Reliever

Cures and is a perfect reliever of the following Inward and Outward Diseases

TAKEN INTERNALLY, CURES

ACID STOMACH, ASTHMA OR PHTHISIC, BRONCHIAL AFFECTIONS, CANKER IN THE MOUTH, CATARRH OR COMMON COLD, ASIATIC CHOLERA, CHOLERA INFANTUM, CHOLERA MORBUS, COLDS IN THE HEAD OR CHEST, COLIC, COUGHS, CRAMP IN STOMACH, DIARRHŒA, DYPHTHERIA, DYSENTERY, DYSPEPSIA OR INDIGESTION, FEVER AND AGUE, FLATULENCE, GENERAL DEBILITY, HEADACHE, HEARTBURN, HOARSENESS, INDIGESTION, JAUNDICE, KIDNEY COMPLAINTS, LIVER COMPLAINT, PAIN IN STOMACH, PAINTER'S COLIC, SCARLATINA, SCARLET FEVER, SEA SICKNESS, SICK-HEADACHE, SUMMER COMPLAINT, WATER BRASH, &c.

In all of the above mentioned complaints, Georgen's Real Reliever will relieve and cure by taking from 30 to 40 drops in water every 2 or 3 hours; 80 drops taken when overheated by work, will prevent cold; 20 drops taken in the morning before breakfast will make a person eat and feel hearty, cleanse the teeth and breath

Georgen's Real Reliever being composed of Vegetable matter, is perfectly safe, and cannot do the slightest harm.

USED EXTERNALLY, CURES

Bites of Insects, Bites of Venomous Reptiles, Boils and Carbuncles, Bruises, Burns and Scalds, Carbuncles, Chilblains, Common Sore Throat, Cramps in Limbs, Face-ache, Felons, Fractures, Frost Bites, Gunshot Wounds, Headache Inflammatory Rheumatism, Lumbago, Neuralgia, Old Sores, Pains in Back and Side, Pains in face, Piles, Poisons, Poisonous Wounds, Rheumatism, Ringworm, Scalds and Burns, Scald Head, Sprains, Stings of Insects, Throat Affections, Toothache, Withlow or Runrounds, Wounds.

Georgen's Real Reliever in all Female Complaints, such as Leucorrhœa, Weakening Discharges, Obstructions, Retention, Weakness, Prolapsis, Uteri, Hysterics, Headache, &c., &c.

In such cases it should be rubbed along the spine for 10 or 15 minutes night and morning. Rub on until it produces a burning sensation or a little soreness. Rub the parts of the body where the pain or pains are seated.

Let Georgen's Real Reliever be applied in this manner for the following complaints—Rheumatism, Tic Dolorous, Toothache, Headache, Earache, Inflammation of the bowels, Crup, Pains in the Body. Remember that Georgen's Real Reliever is one-half stronger larger, and better than any Relief or Painkiller. Georgen's Real Reliever is sold by all Druggists and Merchants in Canada, at 25 cents per bottle, or 5 for \$1. The Great Good, and Genuine Medicines of Georgen's, never hawked at a lower figure. See certificates of cure.

The *Cholera and Dysentery Cure* should have been called the *Head, Stomach, and Bowel Regulator*, because it not only cures these complaints, but the opposite one of coitiveness and constipation, acting as a tonic or strengthening regulator, and is equal to any soothing syrup for infants. For Canker and Thrush it is infallible. It makes a pleasant drink or cordial mixed with cold water.

Georgen's Cholera & Dysentery Cure has been used successfully by
Mrs. Soules,
James Morrow, Esq.

In consequence of the name "Relief" being used by many persons who have been putting up a *small weak* article under that name, I have chosen *Real Reliever* to prevent any confusion or mistake, as I do not wish the character of my big *Real Reliever* to be damaged by being confounded with any of these trashy *Reliefs*—a correct name for them in one sense, for they relieve you of your money, if they do not relieve you of your diseases.

DOVE AND SLATE COLORS OF ALL SHADES—are made by boiling in an iron vessel a tea-cupful of black tea with a tea-cupful of copperas and sufficient water. Dilute this till you get the shade wanted.

Constipation produces indigestion, the liver becomes disordered and produces dyspepsia and pain in the side; dyspepsia and liver disease produce bad blood; bad blood passing through the lungs, leaves a deposit, this deposit is tuberculous, and produces consumption, *Georgen's Reliever Pills* cure Constipation, Indigestion, and Liver Complaint, enabling the stomach to make good blood, and thus keep the body strong and healthy.

GEORGEN'S WORM LOZENGES.

SAFEST AND BEST IN USE.

(See Certificates.)

Each box contains nearly twice the weight of any that are now in the market ; are as good as the best, and are consequently nearly half the price. I do not trump up any tales about Indians, Chinese, and far fetched stories about persons who have only existed in the imagination of some medical Munchausen. The simple stubborn facts of their having been used in a great number of families, who have kindly given me certificates, stating their entire satisfaction—seeing the ruddy cheek, bright eyes, clean tongues, sweet breaths, quiet sleeps, and cheerful voices of the little ones. After the worms are driven from the body, either whole or in the form of slimy mucous matter, use Georgen's Sanative Pills as a purgative to remove all foal, unhealthy bile and other matters from the system.

READ! READ!! READ!!!

INNISFIL, November, 1865.

T. W. GEORGEN—Dear Sir—I cheerfully recommend the use of *Georgen's Worm Lozenges*, to the public as a most excellent worm remedy, having used them and found them very powerful in destroying worms in my family.

Respectfully yours,

R. GRAHAM.

VICTORIA, C. W., November, 1865.

I have used a box of *Georgen's Worm Lozenges* which I purchased from Messrs. Chantley and Covey, Mr. Georgen's Agents at Victoria. I gave them to two of my children, and one child passed a tape-worm four feet nine inches long. It was measured by Dr. Covey ; so that I have the greatest pleasure in recommending *Georgen's Worm Lozenges* as the very best worm medicine that I have ever used. They are twice the weight that any other boxes are.

JOHN SUTHERLAND.

INNISFIL, July, 1865.

T. W. GEORGEN, Esq.—Dear Sir—In answer to your inquiries respecting your Sanative Pills, I would say that they are most excellent pills. I was troubled with overflow of bile, and I took the pills according to the directions, and was cured after taking a few doses. I have recommended them to my friends and they have given them great satisfaction, and all declare them to be most excellent.

CHRISTOPHER KINDER.

TO DYE A FINE WINE COLOR.—One pound of wool, half-pound red wood, one ounce of madder compound Souk the powdered wool in warm water all night, mix the madder compound with about half a pint of water (in a glass) and add it to the rest ; rinse the wool into warm water and put into the dye ; boil about half an hour, take out the wool and rinse in cold water.

A color almost as fine may be had by using quarter pound of alum, and boiling in the same way.

TO CLEAN PAINT.—Put a very little pearlash, or soda, in the water to soften it, then wash the paint with flannel and soft soap ; wash the soap off, and wipe dry with a clean linen cloth

Mrs. Gillis, the wife of one of our most respectable agents in the Township of Sullivan, Grey Co, told our traveller that she had been very much troubled with Erysipelas, and never could get a cure until she used *Georgen's Alterative Powders*, about two years ago, when she used them, and has not been troubled with the Erysipelas since. Her husband ordered a full supply of them with the rest of the *G. G. G. Medicines*.
Sept., 1870.

Highland Creek, Sept. 10.
Mr. T. W. Georgen,
Dear Sir,—Please forward to Roach's Hotel, Toronto, a supply of your *Dysentery Cure*. I have sold out what you sent me. I may add it is an effective medicine. In some cases several families have found relief with a single bottle. The dysentery has been very bad in this neighbourhood.

I am yours, &c.,
W. TREDWAY.

Aug. 24, 1866
Mr. Robinson, of Innisfil, says that he had used a variety of remedies to stop the bowel complaint on himself, at last he used *Georgen's Real Reliever*, and it had the desired effect; consequently he has a very high opinion of it for summer complaints.

GEORGEN'S REAL RELIEVER TAKEN INTERNALLY.

Ten to thirty drops in half a tumbler of water, will, in five minutes, stop Pain, Cramps, Spasms, Colic, and inflammation of the mucous membrane of the internal viscera. This dose repeated every fifteen minutes will cure the worst forms of Canada Cholera, Cholera Merbus, Diarrhoea, Dysentery, and all painful discharges from the bowels

G G G

TRADE MARK.

**GEORGEN'S
COUGH MIXTURE**

*One of the most certain cures for Incipient Consumption, Coughs, Cold
Croup, Asthma, Bronchitis, and all Diseases of the Lungs,
Influenza, Whooping Cough.*

MADE FROM VEGETABLE EXTRACTS.

Pleasant in taste—Dose a teaspoonful whenever the cough is trouble-
some—Children in proportion.

ESPECIAL CARE

Should be taken by consumptive persons, having severe coughs, to be
taken out in the open air daily in fair weather; live in properly heated
and well-ventilated apartments; use good food, sustain the appetite
with Citrate of Iron and Quinine, or Cod Liver Oil. Do not allow a
slight cough to pass without using Georgen's Cough Mixture promptly
to relieve the irritation and tickling in the throat, and heal the Bron-
chial Tubes, so as to prevent the lungs from becoming affected; and
where the bowels are costive use

GEORGEN'S SANATIVE PILLS.

If the tongue is foul it denotes a foul stomach, and a few doses of Georgen's Sanative
Pills should be taken at the same time to carry off and loosen the cough and tightness
about the head. In case of pain in the head, croup, quinsey, sore throat, and difficult
breathing, rub Georgen's Real Reliever freely over the inflamed or painful part night
and morning. You will observe that I do not offer my medicines as cures-alls, but as
being serviceable in a vast number of cases, and that the more they become known the
more highly they will be appreciated by a discerning public.

Read this Certificate of Georgen's Cough Mixture.

IVA, TOWNSHIP OF ESSA. 17th October, 1866.

T. W. GEORGEN, Esq.

DEAR SIR,—I am happy to inform you that your Cough Mixture has proved the best
remedy that I have ever used, and in giving publicity to its virtues I believe that I am
conferring a great favour on every man, woman, and child who is afflicted with coughs,
colds, or any disease of this class. Myself and family have suffered dreadfully with
colds and coughs that affected our throats and lungs, coughing up a good deal of nasty
phlegm, and straining the chest very much. We had tried everything, but found
nothing to equal your Georgen's Cough Mixture. Such a medicine should be known
to everybody. Too much cannot be said in its favor. I feel it my duty as well as a
great pleasure to make its virtues known within the range of my power. It is a sure
cure for coughs, colds, and all complaints of that kind. My house is never without this
valuable medicine. It only requires to be tried once—that is to say, one bottle is
sufficient to prove its efficacy.

I remain, yours truly,

JOHN STEPHEN.

Barrie, July 10, '65
 One of my children, four years of age, was very much troubled with worms I gave her half a box of *Georgen's Worm Lozenges*, and she passed a number of worms; some of which were 6 inches long. *Georgen's* boxes of *Worm Lozenges* contain twice the weight of any others that are now offered.

DUNCAN BELL,
 Farmer of Oro.

Cookstown, Essa.
 Aug. 25, '66.

Mr. T. W. Georgen,
 Dear Sir,—I beg to say that I have been troubled with Salt Rheum for several years, having tried all sorts of patent medicines as well as physicians, and to no purpose. After using your *Alterative Powders* and *Salt Rheum Ointment*, which I got at Mr. Harper's, I can say to-day that I am completely cured.

You can make what use you wish of this.

Yours truly,
 Mrs. THOMAS ARNOLD.

Messrs John Radway & Co. complained two years ago that the adoption of *Real Reliever* and G.G.G. was an infringement of their trade mark, and that our G.G.G. Medicines were so good that they were likely to supersede their nostrums and drive them out of the market. The case

was declared in favor of T. W. Georgen & Sons, and Radway appealed the decision of the Master in Chancery in Belleville, to the Court of Error and Appeal in Toronto, where the matter was ably argued by the best counsel in the Dominion before ten judges, who again decided that the complaints of J. R. & Co. were groundless, excepting the superiority of the Good and Genuine Medicines of Messrs. Georgen.

 25 CENTS A PACKAGE.**

CURES

**OLD SORES,
 RASH ON THE SKIN,
 PIMPLES ON THE FACE,**

**CLEAR THE COMPLEXION,
 THE BEST SPRING AND FALL
 MEDICINE IN USE.**

Used as a purifier of the blood in all cases of Erysipelas, Boils, Swelled or Thick Neck (when used in conjunction with Georgen's Thick Neck Ointment), Cancers, Scrofula, Ulcers, Mercurial and Syphilitic Affections, Enlargement of Joints, Bones, or Ligaments of the Ovaries, Uterus, Liver, Spleen, Kidneys, and all diseases of the skin, such as Tetter or Salt Rheum, Ring Worm, Pimples, Carbuncles, Sore and Inflamed Eyes, Itch, all diseases caused by disordered or impure state of the blood or other fluids of the body; and as an outward application use Georgen's Itch or Skin Ointment at the same time as the Alterative Powders. For Salt Rheum and the Piles, use the Alterative Powder and Georgen's Pile or Salt Rheum Ointments, as the case may be. Use it spring and fall, and purify the blood.

READ! READ! READ!

GREAT CURE BY GEORGEN'S ALTERATIVE POWDERS.

I had a sore leg for two months. It was very much inflamed and caused me a great deal of pain. I tried every kind of liniment and ointment that I could get, but they did no good; so I went to Mr. Georgen and bought one of his Alterative Powders, used it, and my leg seemed a little better; so I bought some more, used them, and was completely cured. My leg is as well as ever it was. I had been to doctor, and he told me that it was Erysipelas of the worst kind, and that I would have to get my leg amputated if it did not improve in a few days. I have every reason to be thankful to Mr. Georgen for having given me the proper medicine. I have every confidence in his medicines and believe them to be all they are represented to be.

ISAAC BARRY

The cheapest known vegetable—the tailor's cabbage.

Lot 23, Con. 8, Essa.
Aug. 29, 1865.

Mr. Georgen,
Dear Sir,—Your *Alterative Powders* have proved to be the best blood purifiers that can be possibly found. I called on you and you recommended them for the cure of a very bad eruption on the skin. After using five of your powders I was completely cured, as well as my family.

I cheerfully give this testimonial, and remain,
Yours truly,
MATTHEW LAWSON.

Barrie, Oct. 7, 1865.
Mr. Georgen,—Dear Sir,—
In answer to your enquiries respecting your *Cholera and Dysentery Cure*, I have to state that I used it for one of my children, who was taken alarmingly ill with the bowel complaint. After giving it four or five doses it was completely cured. I was very much pleased with the quick manner in which my child was restored to health. I believe *Georgen's Cholera and Dysentery Cure* to be the very best medicine that can be used for all the complaints for which it is recommended by you.

Yours truly,
JOHN LEE,
Master Builder.

To DYE PINK.—For every three pounds of yarn or cloth take 3½ quarts of water, or enough to cover the articles you wish to color, two ounces of cochineal, and half an ounce of cream of tartar; steep the cochineal in warm water two hours, or until the strength is entirely extracted, and add the cream of tartar—then wet the cloth in clear water—wring it out and put it in the dye—bring it to a scalding heat—let it remain a few moments, and it will be finished. If a lighter color is wanted use less of cochineal—if a darker, more—the shade depending upon the quantity of cochineal used.

Great Cure by Georgen's Real Reliever.

Barrie, Sept. 1st. 1865.

Mr. GEORGEN,

I had two children very ill with Mumps and Bowel Complaint. I used Georgen's Real Reliever, and think you could not have named it better. It was so instantaneous in relieving and curing both children. It is the best medicine I have ever tried.

MADAM FRANCOIS MOISTON.

MADDER; RED.—Take one pound of madder for every two pounds of yarn or cloth; soak the madder in a brass or iron kettle one night in warm water, enough to cover the yarn you wish to color; next morning put in two ounces of inadder compound for every pound of madder you have soaked, then wet your yarn or cloth in clean water and wring it out; afterwards put it in the dye; now put the kettle on the fire and bring it slowly to a scalding heat, which will take half an hour; keep it at this heat about half an hour, if a light red is wanted, and longer if a dark one, the color depending on the time it remains in the dye. When the color is made, rinse the cloth immediately in cold water, and it will keep its color.

Dalston, 16th Nov.

Mr. GEORGEN,

Dear Sir.—As you publish certificates respecting the goodness of your medicines, I address you to certify that I have used your Real Reliever for cramps and pains in the stomach, and got instantaneous relief from it. I have also used it for many other things, and must say as I have never derived so much benefit from any Relief, Pain-Killer, or Pain Destroyer, that I have from Georgen's Real Reliever.

MRS. WM DEBENHAM.

GREAT CURE.

Mr. Henry Crawford, a respectable farmer in Oro, Ont., says:

I had a little girl taken ill with Dysentery, vomiting and passing blood. These alarming symptoms lasted for nine days. Georgen's Cholera and Dysentery Cure was recommended to me. In one day after using this Great Cure, her bowels became regular, the sickness at the stomach left her, and she is now in excellent health.

I feel thankful that such a good remedy has been discovered by Mr. Georgen.

I have also used Georgen's Pills, and have found them the best that I have ever had used in my family.

The Public will please observe that I do not get certificates from Jericho, Egypt, the interior of Africa, Terra del Fuego, Kamschatka, or any other non-comatable place. I have not resorted to this common mode of publishing certificates only existing in the imagination of impudent impostors, who would persuade you that their nostrums, containing five cents worth, would actually cost two dollars; a very probable story that they would carry on such a profitable business as selling a two dollar good bank note for the value of their conscience five cents. Any of the persons can be referred to from whom the certificates that have been obtained.

Toronto, Aug 12, '65.
 We have used *Georgen's Sanative Pills*, and found them the best we have ever used, and all that they are recommended to be. Each pill is an effective, gentle dose. 25 doses in each box. make them not only the best pills, but also the cheapest—a great desideratum—good and cheap.

John Owen,
 Elizabeth Owen,
 Ellen Smith.

I endorse the above with great pleasure, having used them.

W. HICKLING, J P. of Ore.

SEVERE COUGH CURED.

Barrie, Nov. 9, 1865.

Having had a severe hacking cough from morning until night, unable to sleep, I bought one bottle of *Georgen's Cough Mixture*, and from the first dose I found relief. I cheerfully recommend *Georgen's C. M.* as an excellent article.

GEO. MAUNDRELL,
 Auctioneer.

To Dye Brown.—For each pound of wool take a quarter pound of alum and two ounces of cream of tartar, and boil for half an hour. Take half a pound of fustic and two ounces of logwood; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water and boil with the woods for about half an hour. If a dark brown be wanted, add about a tablespoonful of copperas.

CERTIFICATE.—Having had a severe cough with sore throat, I tried *Georgen's Cough Mixture*, and was effectually cured. I think it is the best cough mixture that I have ever used.

JOHN WARRINGTON, Stage Proprietor, Barrie, Ont.

GEORGEN'S EYE WATER

Bathe the eyes with it two or three times a day, using Georgen's Alterative Powders at the same time. The use of one bottle and one powder will convince any person that they are just the thing required by those afflicted with weak, sore and inflamed eyes. Numberless very obstinate cases have been cured.

Hasty Pudding.—Let the water boil, stir in the meal slowly, by handfuls, until nearly thick enough; set it on top of the stove, and let it boil an hour, stirring often. If it is not quite thick enough, stir in a handful of flour. To be eaten with milk. Remember to salt it well.

Georgen's Sanative Pills.

For the cure of all disorder of the Stomach, Liver, Bowels, Kidneys, Bladder, Nervous Diseases, Headache, Constipation, Costiveness, Indigestion, Dyspepsia, Bilious Fever, Inflammation of the Bowels, Piles, and all derangement of the Internal Viscera.

Oro. C. W., Sept., 1865.

I have used Georgen's Sanative Pills for nervous headache, biliousness and costiveness, and was wholly relieved. I am confident that they are the best pills now in use for the above complaints.

ANGUS McLEOD, *Teacher.*

Cudbear.—One ounce of cudbear will color one pound of goods. Make a strong soapsuds sufficient to cover the goods, stir in the cudbear; dip the yarn in soda water, put it into the dye, set it over the fire, and keep it hot; stir and air it well; when colored dark enough to suit wring it, rinse in clean water, and dry. This color should never be dried in the sun, nor permitted to freeze, as either will cause it to fade. All fancy colors should be colored in brass or copper vessels, with plenty of soft water, and wet before putting them into the dye.

Green for Cotton.—One pound of fustic, two ounces of logwood, and one ounce of blue vitriol, will color four or five pounds of goods. Boil the logwood and fustic until the strength is out, then add the vitriol, mix well, and put in the goods; stir ten or fifteen minutes then wring them out and scour in strong soap-suds.

VICTORIA, Oct., 1865.

MR. T. W. GEORGEN.—Your Sanative Pills I believe to be the best family medicine that has ever been offered to the public; they are so mild and gentle in their operations that disease appears to vanish as if by magic. You swallow *one pill*, and in a few hours after you feel better; one night and morning I feel quite sufficient to remove many ordinary complaints, such as headache, indigestion, &c.

Yours truly, BENJ. FERRIS.

James Shannon, Esq., merchant, of Leaksdale, Ont., has used *Georgen's Bowel and Stomach Regulator*, for himself and family with astonishing good effects, and states that he has sold a large quantity of it and the other G.G.G. medicines, and in every case they have given great satisfaction.

N. B.—The G.G.G. medicines are sold by most of the respectable dealers in medicines in the Dominion. We can send samples by post at the rate of one cent per oz., or by parcel post at 12½ cents for every 8 oz. weight to any P.O. in the Dominion.

Messrs. J. A. & M. A. Johnson, merchants of Ameliasburg, Ont., when ordering 16 dozen G.G.G. medicines to replenish their stock in October, 1870, said that they sold remarkably well and were fast superseding all other medicines from their well established superiority.

TO MAKE AN EXCELLENT YEAST—Boil one pound of good flour, half pound of brown sugar, and a little salt, in two gallons of water for one hour. When milk warm bottle it and cork it close. It will be fit for use in twenty-four hours. One pint of this yeast will make 18 lbs. of bread.

TO DYE GREEN.—For every pound of yarn or cloth add 3½ ounces of alum and one pound of fustic; steep to get the strength, but do not boil; soak the cloth till it acquires a good yellow color; then throw out the chips and add the indigo compound slowly until you have the desired shade of green. An ounce or more of the compound is required for the above quantity, varied according to the depths of shade.

22

Recipes and Paragraphs.

To cure all kinds of pain in the stomach, use *Georgen's Real Reliever*.

Georgen's Real Reliever is the best tooth-wash—put about ½ teaspoonful in a wine glass of soft water, apply to the teeth—it makes them white and clean, keeps them from decay—cotton wool dipped into *Georgen's Real Reliever* cures toothache by being put into the hollow tooth.

Georgen's Real Reliever Pills are the best and safest pills in use—25 doses in a box for 25 cents. See certificates of cures.

TO MAKE CURRANT WINE—Currants four pounds; sugar three pounds; water one gallon. Place the currants, stems and all, in a tub, wash them well; add the water; set in a cool place, and stir occasionally; continue the stirring for three days; then drain the liquor through a sieve, squeeze the pulp in a cloth, add the sugar (stirring until it is all dissolved), and put into a barrel or cask, which should stand in a dry, cool cellar. When fermentation is over, bung up tight and leave all winter. Rack off in spring before second fermentation, and bottle after second fermentation.

After using *Georgen's Worm Lozenges* give a teaspoonful of *Georgen's Dysentery Cure* two hours after each dose of the *Worm Lozenges*, as it is one of the best tonic or strengthening regulators of the stomach.

NICE RICE PUDDING—Boil two teacupful of rice in two quarts of water, after it has been picked over and washed in two waters; let it boil until soft, or until the water has all evaporated; add four quarts of new milk, one teacupful of sugar, three well-beaten eggs, one teacupful of salt, and a little spice; bake until it wheys, and add a teacupful of raisins.

WHEAT BREAD PUDDING—Put into a basin one quart of bread crumbs, add a quart of sweet milk, set on top of the stove, and let it stand until it boils, remembering to stir it often and mash the bread well, then add milk enough to cool it; stir in two well-beaten eggs, one half teacup of sugar, and a little salt and spice; if the basin is not full, pour in milk enough to fill it; bake until it wheys.

To make pigs fatten well, use *Georgen's Horse and Cattle Powders*, the best and safest powders in the world for *Horses, Cows, Sheep, Pigs, and Dogs*. Half a pound of the best *Condition Powder* in the world for 25 cents.

To cure *Dysentery*, use *Georgen's Cholera and Dysentery Cure*, the most reliable medicine for all disorders of the stomach and bowels. See certificates of great cures.

To cure *Burns, Scalds, and all kinds of sores*, use *Georgen's Healing Ointment*.

For the cure of *Canadian Itch or rash on the body*, use *Georgen's Skin Ointment and Alterative Powders*.

For all pains, inward and outward, *Burns, Cramps, &c.*, use *Georgen's Real Reliever*.

None Genuine without the three G. G. G.'s on every wrapper and label.

GEORGEN'S

CANADIAN OINTMENT

In case of eruptions on the skin—erroneously but popularly known as itch—upon which Paguinni played with ten strings, right and left, but in a very different disease, well known in Canada, and caused by eating too freely of animal food, causing humours to collect in the human system, and show itself on the surface of the skin. These impurities require to be driven out of the blood by using *Georgen's Alternative Powders*. A portion will appear on the skin, to which apply *Georgen's Itch or Skin Ointment*, which you will find unsurpassed where skin festers, or in case of styes, swelled necks, ulcers, scrofula, pimples, &c., &c.

GEORGEN'S

Salt Rheum Ointment

Is an excellent preparation for this very troublesome disease, used in conjunction with *Georgen's Alternative Powders*. It has been the means of curing a great many bad cases.

To DYE SCARLET.—(Very Superior).—Three ounces of cochineal, three ounces of cream of tartar, and four ounces of solution of tin; powder the cochineal and rub through a bag into blood warm water; sufficient to cover the yarn; when it is a little warm put in the cream of tartar, and simmer, then add the solution of tin—your yarn must be wet with clean water—steep it in the dye till the yarn is properly dyed. Dry your yarn before you wash it. This will color 3 pounds.

How to Save Money, Time, & Health

By not delaying to use Georgen's Medicines. A dose in time will save you nine—stitches in the side or back—and a large doctor's bill.

TO DYE YELLOW.—One pound of wool or cloth, three-quarters of a pound of fustic, quarter pound of alum—put all into an earthen vessel, and pour on sufficient hot water to cover the wool, and keep it warm all night; give it half an hour's boil in a brass kettle, and then rinse in cold water. A much richer and deeper yellow may be made by using turmeric powder instead of fustic, and proceeding in the same manner.

A Man who takes Georgen's medicines can pay his debts, help his neighbor, please his wife, keep the doctor out of his house, and live long and happy.

TO DYE BLACK ON WOOL, SILK, OR COTTON.—For every pound of cloth it will require one ounce of extract of logwood, and half an ounce of blue vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded—bring the water to a scalding heat—then put in the yarn or cloth a few minutes—when it is thoroughly wet, take it out and drain it—in the next place add the blue vitriol, and when dissolved, and the water skimmed carefully, put in the materials to be colored, and let it remain half an hour at a scalding heat, airing it occasionally—then take it out and rinse it in soft water—the vitriol water may now be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat and skimmed—put in the cloth, keeping the dye at the same temperature, and let it remain half an hour, airing it frequently—then take it out and drain it—add the vitriol water to the dye—and put it in again, and let it remain fifteen minutes, airing as before—cleanse it well.

Georgen's Sanative Pills are the best pills in use for regulating the system and strengthening the stomach. Twelve strong doses, or 24 mild ones in every box at 25 cents.

TO MAKE FOWLS LAY WITHOUT CUTTING THEIR HEADS OFF.—Mrs. Fowler says to take cayenne pepper, powdered, at the rate of one teaspoonful each alternate day to one dozen fowls. Tom Poultry and Miss Pullet say that the eggs are laid plenty, fresh, and fine.

George n's Alterative Powders for purifying the blood. Cures Boils, Pimples, old Sores, Piles, Itch, Salt Rheum, and all Diseases of the Skin arising from impure blood. Only 25 cents per package, containing more purifying matter than in any dollar bottle of Sarsaparilla.

WELSH RABBIT.—Cut some cheese into thin shavings, and put it in a pan with a bit of butter. Place it over a gentle fire, and stir it till the cheese dissolves. Serve it with toasted bread in the bottom of the dish.

Use for Sore Eyes the G. G. G Eye Water.

without spectacles. After using your *Eye Water* her sight was completely restored, and now she can see as well as ever. She used *Georgen's Alterative Powders*, and I attribute the cure in our family to our having used both *Georgen's Eye Water* and the *Alterative Powders*.
I remain, yours truly,

TO OWNERS OF

HORSES & CATTLE.

House them well, keep them clean, examine them daily, and see that none of them are galled or otherwise injured; if so, *Georgen's Horse Liniment*, which should always be kept in the stable, should be applied immediately. An application in time will cure all Flesh Wound Galls of all kinds, Sprains, Bruises, Cracked Heels, Scratches, Grease, and Mange. All sores should be washed in suds made of Castile soap. By the use of *Georgen's Horse & Cattle Powders* and *Georgen's Horse Liniment* the services and lives of many valuable animals can be preserved.

The Liniment is put up in quarter pint bottles for only 25 cents; and *Georgen's Horse & Cattle Powders* in half pound packages, composed of the best material.

SO RELIABLY CURED

BY
GEORGEN'S EYE WATER.

Oro, Nov. 4, 1865.
Mr. T. W. Georgen,
I have used your *Eye Water* in my family with success. It is not so severe as some of the eye waters that are sold. It is mild on the eyes, and cures effectually. My wife was nearly blind, and could not read the newspapers

WILLIAM BEARDSALL.

GEORGEN'S HEALING OINTMENT,

WILL, WHEN USED IN CONJUNCTION WITH

Georgen's Alterative Powders,

CURE THE FOLLOWING COMPLAINTS IF THEY ARE NOT TOO FAR ADVANCED.

The trial of One Box of this Ointment and One Package of

GEORGEN'S ALTERATIVE POWDER

WILL ONLY COST FIFTY CENTS.

The beneficial results from the use of this quantity would be quite sufficient to convince the most incredulous person that they should never be without a supply of them in their houses, Asthma, Bad Legs, Bad Breasts, Burns, Bolls, Blotches on the Skin, Bites of the Mosquito, Barbers' Itch, Bunions, Cancers, Cuts, Olesanser for the Skin, Cracked Lips, Chapped Hand, Chilblains, Crooked, Twisted, or Knotted Veins on the Leg, Cramp, Corns, Coldness and want of warmth in any part of the extremities, Chicago-Foot, Coco-Bays, Diseases of the Skin in general, Diseases of the Ear, Diseases of the Joints, Diseases of the Hips, Diseases of the Testicles, Diseases of the Private Parts, Diseases of the Seat or Anus, Dropales, Erysipelas, Fistulas in the Belly, Fistulas in the Ribs, Fistulas in the Anus, Glands, Enlargement of, Gout, Gum Bolls, Gonorrhoea, Gleet, Inflammation of the Liver, Inflammation of the Kidney, Inflammation of the Bladder, Inflammation of the Womb, Inflammation of the Skin, Itch, Liver Complaints, Lumbago, Lepra, Pains of the Head, Pains of the Face, Pains of the Side, Pains of the Limbs, Pimples, Pustules, Piles, Rheumatism, Salt Rheum, Scrofula or Evil, Scorbatic Eruptions, Scurvey, Scalds, Scurf on any part, Swellings, Sore Throats, Sore Heads, Sore Eyes, Sore Nipples, Tic Doloieux, Tumours, Tremour of the Nerves, Tightness or Wheezing on the Chest, with Difficulty of Breathing, Ulcers of the Mouth, Ulcers of the Tongue, or in any other parts, Venereal Sores, Venereal Ulcers, Venereal Swellings, Venereal Spots and Lumps, Weakness in any part of the Body.

Mr. Bath, of Collingwood Township, told our Agent, Mr. T. McMahon, of Clarkburgh, that he, Mr. Bath, had injured his hip joint very badly more than two years ago, and had been doctoring a great part of that time before he heard of Georgen's G. G. Medicine. On hearing of them he bought a few bottles of Georgen's Reliever, and his Reliever Pills, and from the time that he began to use them he began to recover, and continued the use of them three or four months, until at last from being hardly able to move without being in great agony, he is now able to go to his work and engage in the logging field without the least pain.

Mr. McMahon states that all of Georgen's G. G. Medicines sell very fast, and enumerates his Cough Mixture, Condition Powders, Pile Ointment, Skin Ointment, Alterative Powders, Worm Lozenges, Real Reliever, and Reliever Pills.

Sundale, July 18, '65.

Mr. T. W. Georgen,
Having tried your *Alterative Powders* for impurity of the blood, I find them to be the very best medicine that I have ever used. I recommend all persons having impure blood to use *Georgen's Alterative Powders*. I am certain that I should have had to pay to some doctor eight or ten dollars, instead of one dollar that I have cheerfully paid for *Georgen's medicines*.

I remain, yours truly,
Wm. Scott

Just think of what is said in Montreal by Henry Burden, Esq, Commercial Traveller for Messrs. Henry Simpson & Co. He says— I have used *Georgen's Cholera and Dysentery Cure*, or *Stomach Regulator*, after using a number of remedies in vain, and most cheerfully testify, that it is recommended, safe, reliable, and certain. It is an invaluable remedy, and a great boon to the public.

Sept 2, 1865.

My wife has used *Georgen's Sanative Pills* for costiveness and back ache, and she was completely cured about two months ago, and has enjoyed most excellent health ever since.

H. W. COLBERRY. Oro

To REMOVE GREASE SPOTS.—Magnesia will effectually remove grease spots from silk or cloth by rubbing it in well; and after standing awhile, apply a piece of soft brown paper to the wrong side, on which press a warm iron gently; and what grease is not absorbed by the paper, can be removed by washing the spot carefully with warm water. A few drops of the oil of pennyroyal will destroy fleas.

Flour, and meal of all kinds, should be kept in a cool, dry place.

WONDERFUL CURE!

MR. WM. ROOT, OF BARRIE, SADLER, SAYS—

"My Little boy, two years of age, when I was absent from home, became so ill and reduced that I was fearful the bowel complaint that had seized him would have terminated fatally in a few hours; but fortunately Mrs. Root bought a bottle of Georgen's Cholera and Dysentery Cure, and gave it to the child. The effect was most magical; it restored his bowels to their natural state, and within twenty-four hours he became quite well, with his appetite restored. I cheerfully recommend Georgen's Cholera and Dysentery Cure to the public as a valuable medicine for all Summer Complaints, when taken in time. I think that it is good for all that it is stated to be useful for by Mr. Georgen.

PLAIN GINGERBREAD.—Three pounds of flour; a quarter of a pound of butter, half an ounce of ground ginger, half a pound of sugar, and molasses sufficient to moisten the flour. Cut up the butter in the flour, add to it the sugar and ginger, and stir in molasses barely enough to moisten the flour, as it will become softer by kneading. Knead the dough well, roll it out in sheets, cut in cakes, place them on tins, wash them over with molasses and water, and bake in a cool oven.

Samuel Johnson, 7th Con., 14th Lot, Innisfil, gave me permission to state that he found my Pills the best of worm medicines; and a little girl of his passed a great number of worms after using a few of Georgen's Pills.

FRIED BREAD.—Slice some stale bread, and pour over it enough milk to moisten it. Beat an egg brown, dip each slice of bread in the egg, and fry them on both sides. Season the bread with pepper and salt.

Whitby, 27th October, 1870:

MESSRS. GEORGEN & SONS:—

Please insert my opinion of the G.G.G. Medicines (Pro Bono Publico) founded on my experience and observation while using them in my family during the past two years. I have found Georgen's Reliever much stronger, as well as bigger, than any Relief or Pain Killer that I have ever used for Rheumatism, and pains internal or external. Nothing can equal the G.G.G. medicines in my estimation.

Yours truly,

JNO. LYNE.

CARTWRIGHT, Sept. 26, 1870.

MESSRS. T. W. GEORGEN & SONS.—I, Robert Widders (Sen.), of Cartwright, do hereby certify and declare that I have used Georgen's G. G. G. Reliever and Pills, and have received much benefit from them, and by the use of them I have been cured of *water brash* on the stomach, *costiveness* and other ailments.

(Signed)

ROBERT WIDDERS (Sen.)

500 CERTIFICATES

Offered by W. E. Everest, Esq., of Fenelon Falls, one of the Leading Drug-gists in the Dominion when ordering 74 dozen of the G.G.G. medicines to fill up his stock, told our traveller that he could get five hundred certificates of cures effected by Georgen's medicines if we wished.

Barrie, Aug., 1855

I have used *Georgen's Alterative Powders* for impurity of the blood, and found them the best and cheapest blood purifiers that I had ever used, and recommend them to be used by any person troubled with boils, pimples, sore eyes, or any other impurities of the blood.

JOHN DEACON,

'Do you keep matches?' asked a wag of a country grocer. 'Oh, yes, all kinds,' was the reply. 'Well, I'll take a trotting match, said the wag. The grocer immediately handed him a box of Georgen's pills.

All Georgen's Medicines are put up by T. W. Georgen & Sons, Sanative Hall, Barrie, Ont.

GEORGEN'S DYSENTERY CURE, STOMACH & BOWEL REGULATOR

For all derangements of the Stomach and Bowels,

SUCH AS

Summer Complaint, Sour Stomach, Diarrhœa, Piles, Dysentery, Sea Sickness, Cholera, Vomitings, Canker of the Stomach and Bowels, Irritation of the Stomach and Bowels.

And has never been known to fail in all such cases where it has been properly tested. For grown women and children it will check the worst cases of

CHOLERA MORBUS, CHOLERA INFANTUM, DIARRHŒA, DYSENTERY, AND CANKER.

It restores the bowels to their natural healthy state, producing gentle, healthy motions, and is the best medicine that can be used by ladies in a state of pregnancy to allay nausea, and regulate the bowels.

This Medicine is one of the most valuable of Georgen's, as a soothing cordial for infants. A few drops in a teaspoonful of cold water every hour for a child of a month old. One half of a teaspoonful in cold water so as to make a warm drink for children from two to four years of age; elder ones more in proportion. One tablespoonful morning, noon, and night for a grown person; or every one or two hours in severe cases.

The term of Stomach and Bowel Regulator is given for the sound reason that it restores both to their proper state, by regulating, strengthening, and equalizing their powers, and assisting nature to keep the balance of power.

Thus if the bowels are costive the Regulator loosens them gently so as to produce natural healthy motions. On the other hand, if unnaturally loose or watery windy evacuations come from the bowels, the Regulator checks such evacuations, and again restores the equilibrium of nature by producing regular motions.

ASTONISHING CURES BY GEORGEN'S CHOLERA AND DYSENTERY CURE

Hear what Mr. E. Remrose, of Barric, states.

"I was taken suddenly ill with violent pains in my bowels, with Diarrhœa and looseness, also nausea and sickness of the stomach partaking of the nature of cholera. The first dose gave me relief; and after half a dozen doses of GEORGEN'S CHOLERA AND DYSENTERY CURE, I was completely cured, and my system restored to a healthy state. The Cure is very healthy to the taste, and I believe it to be the best medicine known for all that the proprietor recommends it for."

"HARRIS, 4th, Sept. 1869.—Mr. T. W. Georgen:—Dear Sir,—In reply to your query whether I found Georgen's Cholera and Dysentery Cure a good article or not I have to say that I found it to be the most satisfactory and pleasant effectual cure for the summer or bowel complaint that I have ever used. I had a severe attack of the bowel complaint this summer, and two bottles of Georgen's Cholera and Dysentery Cure completely cured me. I had used some other remedies during past seasons, and I found that they all left my bowels very costive, which is not the case with Georgen's Dysentery Cure, as it leaves the stomach and bowels in a natural healthy state, needing no other medicine after it. I believe it to be a certain cure if taken in time and persevered with

I am &c.,

JAS. MORROW.

LIFE SAVED.

Mrs. Harrison, of Oro, tells me that a little girl of hers, two years old, was taken alarmingly ill with the Summer Complaint, or Dysentery, passing blood; and Georgen's Cholera and Dysentery Cure was used, and in twelve hours the child was completely recovered.

CERTIFICATES.

Hear what Mr. Sheppard, the well-known and courteous Proprietor of the Royal Hotel, Sutton, says about

GEORGEN'S G.G.G. HORSE POWDERS

Early this spring one of my horses got a severe cough, and had it for two months. I procured a package of the G. G. G. Horse and Cattle Powders, which completely cured him. I have used it for other purposes, and have always found it to be a truly valuable medicine, and all that is required for horses. I consider it all that it is represented to be.

Yours truly,

Sept. 14th, 1870.

JOSEPH SHEPPARD.

QUEENSVILLE, Sept. 14th, 1870.

Messrs. T. W. GEORGEN & SONS.

GENTLEMEN,—Your Horse Liniment is the best Horse or Cattle Liniment I have ever used. Last winter I was saw logging, and several times got my horses badly cut, carked, and bruised, and each time cured them very quickly by applying it as directed in the G. G. G. Almanac. I strained one of them one day in the morning so badly that it was impossible for him to work. I got the G. G. G. Liniment, rubbed it on at noon, and then at night. In the morning he was so much better that it completely surprised me, and I went to work with him, which was quite impossible the day before. It should be in every farm house.

BEN. LINSTEAD, 34th Lot, 3d Con.

Mrs. Bird called in one day, and asked if we sent any of the G. G. G. medicines to England, because if we did not she would take a supply with her when she left Canada for England. She accordingly bought a good supply for that purpose. She had been using the G. G. G. medicines in her family during the past year, and asserts that they have saved her some heavy doctors' bills. She said that she had always been very much prejudiced against the use of patent medicines, until she was persuaded by some of her friends to try some of Georgen's medicines, and was agreeably disappointed by finding them so invaluable.

I met a Mr. Joseph Hetherington a short time since. He came up to me with a face beaming with animation and glowing with satisfaction, with the determination of giving vent to his pent up feelings. "Dear sir," said he, "I cannot pass you without telling you how your Real Reliever saved my life. I was taken with severe pains and cramps in my stomach, which I thought would have terminated my existence, had I not taken a few doses of Georgen's Real Reliever, which restored me to the perfect health you now see me enjoying." This gentleman resides on a farm near Vespra.

VACHILL, 14th Sept., 1870.

Messrs. T. W. GEORGEN & SONS,—I have used the G. G. G. Real Reliever, made by your firm, and can testify as to its efficacy in the case of a severe sore throat (which I had last winter). After using the G. G. G. by rubbing on twice I was completely cured, and all soreness vanished as it were by magic. It is the best article I know of.

(Signed), E. GEORGE, Jun.
