FAMOUS ATHLETE IS AMATEUR NO MORE

Jas. Thorpe, Olympic Champion Admitted That He Played Professional Baseball, is Suspended and Must Relinquish All Prizes and Honors Won in Past Five Years.

NEW YORK, Jan. 27.—(Can. Press.)—James Thorpe, the Indian athlete and Olympic champion, today admitted that charges of professionalism brought against him were true, and formally retired from amateur athletics. Thorpe's confession was contained in a letter to the registration committee of the Amateur Athletic Union, which met today to investigate his case.

The letter admitted that Thorpe had played baseball for a salary on a professional team three years ago while he was a student of the Carlisle Indian School, but that on the same team there were several college men from the north who were regarded as amateurs and that Thorpe did not realize his participation in the game was wrong. Thorpe added that he did not play for the money he earned, but for the love of the game.

Marvelous Athlete.

Thorpe's winning of the pentathlon and decathlon events at the Olympic games in Stockholm, and later his wonderful performances which won him the all-round championship of the A.A.U. at Celtic Park last September, had stamped him as the most marvelous athlete of modern times in every branch of field and track sports. In addition to his prowess as a football player he earned his money during the past season by unanimous choice of the leading sporting writers, the position of half-back on the annual All-American football team.

All the prizes and the honors which Thorpe has gained since 1909—the date from which his standing as a professional begins—must be transferred to the officials of the Amateur Athletic Union to the men who finished second to the Indian in every event. This will mean that the trophies and points won in the pentathlon and decathlon must be given respectively to E. R. Ble, Norway, and H. Vieslander, Sweden, and that J. J. Donahue, United States, and G. Lomborg, Sweden, will take second places. John Brodus of Princeton, N.J., finished second to Thorpe in the American all-around championship, and Bruno Bredt of the Irish American A. C. third, and therefore now must be accorded the honors. In the championship Thorpe made a total score of

Costly Blunder in Montreal Tunnel?

MONTREAL, Jan. 27.—(Special.)—Prof. John Stansfield of the geological department of McGill University created a good deal of interest during a lecture this evening by stating that if the Canadian Northern people had consulted the geologists they could have bored thru a soft limestone formation instead of going thru the core of the mountain, which is solid rock, having been solidated thru ages. This could be done, said the professor, by a slight deviation.

MEMORIAL FUND CANVASS HAS STARTED

Inaugural Banquet in Salvation Army Campaign to Raise One Hundred Thousand Dollars, Attended by Sir John Gibson and Two Hundred Prominent Business Men.

With speeches from Lieutenant-Governor Sir John Gibson, Commissioner Ross, E. R. Wood, James Ryrie and G. A. Warburton, and a "blasting" from Rev. John McNeill of Cooke's Presbyterian Church, the Toronto fund in aid of a Canadian memorial to the life and work of General William Booth, founder of the Salvation Army, was opened last night. The inauguration of the canvass of Toronto took the form of a banquet tendered by the Salvation Army to more than two hundred prominent professional and business men—the cowboys who are expected to round up one hundred thousand dollars in the next three days. The Booth memorial in accord with the general's wishes is not to be a statue of marble or bronze, but a training institute for officers of the army—a more useful if less artistic monument. The institute is to cost \$200,000 and as it is to be built in Toronto, the city's share has been fixed at half the total cost.

Entitled to Support. Sir John Gibson presided at the organization meeting, which was held after the banquet, and set the canvass ball a-rolling by a neat speech in which he acknowledged the debt which Canada owed to General Booth. The Salvation Army, he said, was doing work which the churches had in a measure neglected, and he believed that it had been very successful in reaching the lower stratum of the community. "I therefore firmly believe," said his honor, "that the Salvation Army are entitled to and will receive the liberal and hearty support of the whole community in the way of material assistance, to enable them to accomplish what they wish to do." He concluded by announcing that sixteen teams of canvassers were ready "to be let loose upon the community" and he hoped that their report at the campaign headquarters, 191 Yonge street, at 1 o'clock today would "gladden the heart of Commissioner Ross." Rev. John McNeill appeared in the

TRAINMEN ASK BIG INCREASE IN WAGES

At Conference With C. P. R. Officials Yesterday, Claims of Employees Were Given Preliminary Consideration—Satisfactory Terms for Improving Working Conditions Have Been Made.

MONTREAL, Jan. 27.—(Can. Press.)—A preliminary conference was held today between delegates of the railroad employees, who are demanding a revision of their wage schedule, and C.P.R. officials. When the schedule was submitted, the fact was disclosed that the additions asked to the present wages of conductors and trainmen amounted to over 25 per cent.

The delegates of Brotherhood of Locomotive Engineers also visited C.P.R. headquarters, and while their demands in a broad sense are for a revision of the wage schedule, improvements in working conditions were also asked. These latter questions, the men say, have been practically all settled. Charles Murphy of the C.P.R., who met the delegates, stated tonight that their schedule called for an addition of 18 per cent. to wages. While not caring to discuss his company's point of view on this matter, Mr. Murphy intimated that the company was willing to meet the men and confer.

Some Concessions Made. The delegates of the railroad and representatives of the trainmen and conductors, the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors, was merely a preliminary at which the demands were submitted. The engineers' demands, which have been granted, are solely in connection with working conditions, but indirectly affect the earnings powers of the men. The engineers, in common with the conductors and trainmen, held that whereas increases had been granted them on a former occasion, these increases were discounted by the fact that the management of the road was able to reduce their earning powers. Their contract dates from 1907, when the schedule now in effect was drawn up.

SERIOUS FIRE AT GALT.

GALT, Ont., Jan. 27.—Fire was discovered early today at the rear of the store occupied by the Fraser Hardware Co., on Dickson street, and within an hour the whole block, consisting of three stores, two of which were vacant, and the Sweater Coat factory, of J. Peard, on the second floor, was completely gutted. The loss will amount to about \$40,000. The distributed as follows: Buildings, owned by the Fraser Hardware Co., at \$12,000, and stock \$20,000, insurance about one-half; J. Peard, loss \$8000; insurance \$5000.

Lemieux Demands an Inquiry Into Banque Internationale Frenzied Finance is Alleged

Vigorous Attack Made on Manipulation of Group of Quebec Enterprises in Which Sir Rodolphe Forget is Conspicuous.

OTTAWA, Jan. 27.—(Special.)—Hon. Rodolphe Lemieux was the central figure in a long debate in the house of commons today, which concerned itself with the affairs of the Quebec merger, the Quebec Saguenay Railway and La Banque Internationale. All these concerns were largely financed by French capital, and according to Mr. Lemieux, these investors lost heavily. Sir Rodolphe Forget was a leading figure in all these enterprises, yet Mr. Lemieux studiously refrained from mentioning his name, but Sir Wilfrid Laurier and Postmaster-General Pelletier were not so reticent.

The name of Canada Mr. Lemieux declared to have been manipulated by the frenzied financiers who had lured a large number of people of small means living in France into investing in these several enterprises. He warned the government against guaranteeing the bonds of the Quebec and Saguenay Railway, and demanded an immediate investigation into the affairs of the Banque Internationale.

Guaranteed Big Profits. According to Mr. Lemieux all the Canadian stockholders in the bank had gone into the enterprise under an agreement with Sir Rodolphe Forget, by which they would not be called upon to pay any calls upon their subscriptions after the first assessment of ten per cent, and were guaranteed a profit of 10 per cent upon their cash investment. He commented severely upon the way in which the criminal proceedings against the manager of the bank had been conducted at Montreal, and insisted that a royal commission should issue in the case of this bank as in the case of the Farmers' Bank.

AT THE CITY COUNCIL MEETING

SHOT MAN WHO INSULTED HIM

Because he thought George Bedell had made trouble for him, Harry Otto, aged 25, visited Beal Brothers' factory at 52 East Wellington street late yesterday afternoon, and is alleged to have deliberately shot Bedell in the left leg. The bullet was fired from a .22 calibre Stephens rifle. Otto was caught by workmen before he could escape. Constable Hill (418) then placed the man under arrest on a charge of shooting with intent.

WOMAN JUMPED FROM A WINDOW

Mrs. Coleman Seriously Injured and is in Critical Condition at St. Michael's Hospital.

Mrs. Coleman, who lives near the corner of Berkeley and King streets, jumped from the first story window of her home late yesterday afternoon and was seriously injured. Relatives summoned the police ambulance, and the woman was taken to St. Michael's Hospital. It is thought that Mrs. Coleman had ben in ill-health for some time.

HIT BY TRAIN AND MAY DIE

With injuries so serious that only a slight hope is entertained by the doctors for his recovery, John Smith, 447 Ashdale avenue, in the Midway, lies in the General Hospital. His arm is fractured in two places, his head smashed, and the physicians believe the leg is also broken. A pedestrian found Smith lying on the G.T.R. tracks just east of the Greenwood avenue crossing. The man was carried into a nearby house, and Dr. Dowling, 1241 Gerrard street, summoned. The police ambulance later took Smith to the hospital. It is thought that Smith had been walking east on the tracks to Greenwood avenue, with the intention of making a short cut. He probably failed to notice the approach of a train from the rear and was struck. The hospital authorities reported at an early hour this morning that Smith's condition was very low.

OPPOSE CUT ON WOOLEN GOODS

WASHINGTON, Jan. 27.—(Can. Press.)—Protectionists and tariff revisionists had a running fire in today which continued through the afternoon. The tariff revisionists presented an almost unbroken front against reduction of duty on woolen cloth and ready-made clothing, the favoring reduction of the duty on raw wool.

Mr. Nickle, set apart to public service, is one of the promising men in our politics today. So is W. K. McNaught.

LONDON, Jan. 27.—(Can. Press.)—England is on the brink of another campaign by the suffragettes, in comparison with which former outbreaks of the militant women will appear insignificant. Tonight 2000 policemen were engaged in dispersing the huge crowds around the parliament buildings, shopkeepers were boarding up their windows and excited women were making incendiary speeches at several halls. The women hold that the politicians have played a carefully audited trick upon them, and the decision of the government to drop

TARIFF BAROMETERS READ HERE!

Because a committee of one house in the United States puts thru a tariff-reduction bill it does not follow that the other house will ratify or the president sign. Not this congress, anyway! But tariff reform is nominating and the new congress in March will get busy, and a lot may be railroaded thru all stages before the middle of April. The consumer is to get his turn at last, and if Wilson or the Democrats fail to deliver the goods by parcel post there will be some row in the market place. Hon. Tom White, our own tariff barometer, will be taking the atmospheric pressure in the States regularly and daily for some time now, and comparing it with the Canadian reading of equal date. Sometimes the same kind of pressure prevails over both countries!

TERAUAY ST. SHOULD BE EIGHTY-SIX FT. WIDE

QUEEN TO DAVENPORT

This Year's Civic Body is More Favorable to Such a Width and Referred Matter Back to Board of Works for Re-consideration and Estimates for Extra Cost—Citizens Object to Method of Assessing Cost.

This year's council is more favorable to an 86-foot street from Queen street to Davenport road and is expected to vote yesterday in favor of referring the matter to the board of works for re-consideration in this regard. With the exception of Ald. Hubbard, who is opposed to the proposal, the council has a wide majority in favor of the proposal. A large delegation appeared protesting against the manner in which the cost of widening is assessed.

The cost of putting Terauay street through is over-estimated, said Controller McCarthy. Most of the expenditure is involved in damages, etc., south of College street. There are large amounts of property to be moved from their whole factories.

There is absolutely no necessity to assess the residents in that vicinity. The property east and west and the sales of the land not required will pay for the extension. He suggested a compromise of 72 feet.

The officers who have held office in the past were re-elected unanimously. Ald. John Dunn was re-elected for the fourth year, and the board of works was re-elected for the fourth year.

The Ontario Liberal Clubs are about to be federated. Representatives from thirteen places in the province met in Toronto yesterday and decided to hold a convention in March, when final arrangements will be made.

A federation of Liberal clubs—province-wide in its scope—is about to be formed. The project, which has been under consideration for some time and which was suggested by the Woodstock Liberal club, has taken definite shape at a meeting of representatives of the existing Liberal clubs of Ontario held yesterday afternoon at the offices of the General Reform Association.

AN ALMOST UNANIMOUS OPINION.
The expression of opinion by Canadian papers, to the effect that our own federal supreme court ought to be final in all Canadian cases not involving constitutional issues, is almost unanimous.

MUSICAL APPRECIATION.
An opportunity of showing its real appreciation for great music is offered Toronto with the visit of the Boston Symphony Orchestra to the Massey Hall tomorrow night.

SEWAGE DISPOSAL.
In the decision of the United States secretary of the war department denying the application of the Chicago drainage commissioners to increase the amount of water drawn from Lake Michigan, all cities on the great lakes were served with a warning that the time was approaching when the lake water would be protected from pollution.

SNEEZING TIME.
With the weather first thawing, then freezing, it starts half the people to sneezing; it catches the rest in the bronchus and chest, and sets them off coughing and wheezing; while round us our neighbors are choking, 'tis no time for jesting and joking—they're doting their wrath with colds, coughs, and plis, and cubs and so on they're sneezing; we have no desire to be cruel, and silence is doubly a jewel when the sneezing fits are on us.

Rather Straight From The Telegram.
Toronto Telegram: The next renewal of the bank charters must be enacted in full recognition of the truth that Canada's banking system is on a monopolistic basis.

WOODSTOCK, Jan. 27.—(Special).—One of Ontario's oldest barristers lies dead at his home on Vanstaiter avenue in the person of Francis Ramsay Ball, K.C., who died early this morning.

TARIFF REFORM IN BRITAIN.
In the course of an editorial on Lord Avebury and Imperial prefer-

Other countries have found a way to nationalize their finances and their banking. The United States banks to a fixed rate of interest, to limit the rate of discount, to limit the amount to be retained by way of reserve, and to limit the amount of dividends to be paid to shareholders, and to compel the banks to share their profits with the public.

The newspaper apologists of the bill, the hush-hushers of the bill, ignore it. The Citizen even goes so far as to say that some of the opposition that was put up came from disappointed Conservatives who had promised to try and have the government indemnify the depositors for the losses of the Farmers' Bank!

The Star thinks that Port of Spain is in Spain. It must have been smoking The Globe's Ambergris Pipe. Of the late Col. Matheson it may be said that "he bore without abuse the grand old name of gentleman."

Every One For A Short Law.
St. Thomas Journal: "There is a demand for the appointment of a committee to investigate the present situation and draft a new bill, but the labors of such would probably extend over a period of years."

Canadians Want The Facts.
Moore's Law Morning News: "The proposition for the merger of the York that a royal commission be appointed to inquire into the whole subject of Canadian banking is timely and should be adopted without delay."

What About The Gold Reserve?
Montreal Gazette: "The Bank of England in its issue department holds a gold reserve of £100,000,000."

WEST FEARS MEAT FAMINE.
CALGARY, Alta., Jan. 27.—(Can. Press).—Western Canada, particularly Alberta, is threatened with a meat famine.

Money For Ireland.
President Cronin of the Toronto branch of the Irish Home Rule League has received an acknowledgment of \$2000, recently sent to the United Irish League. O'Connell's fund contributed Canada gave \$18,255.25.

Thanks to The Telegram the public are getting the facts, good descriptive writing from the gallery, and substantial criticism in the editorial page. The St. Thomas Times, The St. Thomas Journal, The Hamilton Herald, and the Windsor Star, have taken two steps back for the first time in their history.

The Ontario Star gave a very fair and good report of the debate; next day it got back by saying that the critics were not so good as the minister of finance—the one who did the same time handle Mr. White in rough fashion. What has The Montreal Star done? It has published a long article on the questions named by Mr. Maclean, including the suggestion of a monetary commission.

The Globe and Mail and Empire.
Editor World: Notwithstanding the intense interest taken by the public in the Bank Act, neither The Globe nor The Empire, has one word to say as to whether banks should pay interest on the state for the great gift of issuing currency.

St. Thomas Journal: "There is a demand for the appointment of a committee to investigate the present situation and draft a new bill, but the labors of such would probably extend over a period of years."

He added: "This obstinacy is the more regrettable because, while Bulgaria does not need Adrianople, either for defensive or offensive purposes, this town is indispensable to Turkey on account of historic, sentimental and religious associations. INEXPENSIVE TO WINTER IN FLORIDA

People realize that one may spend a few weeks or a winter season reasonably among the flowers and sunshine of Florida or California away from the ice and snow of the north, for no greater cost than living at home. Round trip tickets are issued by the Grand Trunk Railway system at exceptionally low rates, giving choice of all the best routes via Chicago, Detroit or Buffalo. Fast trains run daily between these cities, over the only double track line, making connections with through trains for the south. Full particulars, tickets, etc., from any home, were arrested today and were remanded to jail for a week on a charge of stealing from a G.P.R. car.

YOUNG COUPLE'S TERRIBLE DEATH

BROCKVILLE, Jan. 27.—(Special.)—Friends in town have received word of the terrible fatality which happened to the family of Charles Berry, of Mount Robson, B.C., until recently residents of Brockville. His daughter and her husband, James Mcintosh, were burned to death in their home in Edgewood, B.C. The young couple were only married in August.

TODMORDEN

At the regular meeting, held at Bate's Hall, last Thursday night, a lively debate took place on the conservation of the association, which was generally approved, and will be ratified in two weeks. Among those who addressed the meeting were: E. C. Macdonald, ex-president of the association. Next Tuesday night a smoking concert will take place, when quite an array of talented artists will give an attraction in itself.

NORTH TORONTO CONSERVATIVES BID GODSPEED TO MR. FOSTER

Minister of Trade and Commerce Addressed a Big Meeting in Foresters' Hall Last Night—Manufacturers Urged to Increase Exports—Tribute to Col. Matheson—Eight Hundred Stand With Bowed Heads.

North Toronto Tories turned out last night to the capacity of Foresters' Hall to hear a farewell message from their member, Hon. George E. Foster, and to wish him godspeed on the empire mission upon which he is shortly to set forth. The minister of trade and commerce was in fine form and he spoke for almost an hour and a half on subjects varying from politics to religion.

George Stevenson, president of North Toronto Liberal-Conservative Association, who presided, opened the meeting by calling attention to the loss the province has sustained in the sudden passing of Col. Matheson on Saturday night. At his request the audience, numbering over 800, of whom probably 200 were women, stood for several minutes with bowed heads. When they were seated, W. K. McNaught, M.L.A., moved to the front of the platform and made a brief speech of appreciation for the life and achievement of Col. Matheson's devotion to duty and the many admirable qualities that marked the man.

Train Boys to Sheet. Following Mr. McNaught's tribute, Col. Dr. G. Sterling Ryerson rose to introduce Mr. Foster. He referred to the latter as an empire missionary who was going about the world binding the empire closer together. Speaking of empire defence Dr. Ryerson declared every Canadian man and boy should be trained to use a rifle, "not for purposes of aggression, but purely for defence."

Hon. Mr. Foster's speech, which was directed along general lines, was important for his utterances as the subject of export trade. He told of the work of the Dominion Royal Commission, whose aim was to arrange trade relations within the empire by which the different commonwealths could exchange their peculiar production on the best terms. He also spoke of the "West Indies' reciprocity pact, which by his efforts had become part of Canada's law. These received tributes have placed a great responsibility upon the Canadian business man. Better trade agreements are of little use to the country if the manufacturers do not set out to make upon pay.

YORK COUNTY AND SUBURBS

Toronto North

The funeral of the late Mrs. William Crawford of 1893 Yonge street took place at Richmond Hill yesterday, together with two of the triplets born to her last Saturday, and which could stand. Mrs. Crawford was 34 years of age and was the mother of 14 children, namely: three sets of triplets, twice she gave birth to twins and once to a single child. Only four of 14 children are alive; Joe, aged 11; Alice, aged 8; and two other children.

The open meeting held in the Masonic hall last night under the auspices of North Toronto Council, No. 422, C.O. of York, was a decided success. The occasion of this open meeting was the public installation of the officers of the C.O., which was effectually conducted by Friend W. F. Campbell, grand officer, and Friend W. F. Davidson, grand member of the grand executive committee. Friend W. F. Davidson, grand officer, presided and all gave short addresses. The council's two officers, Friend E. S. Davis, grand officer, and Friend John Mull, grand member of the grand executive committee, were also present and all gave short addresses.

The young people of St. John's Church held a missionary meeting in their rooms at the church last night. The meeting was in charge of the president, Thomas Thompson. The choir of the church are making extensive preparations for their old-time concert in costume on Friday evening of this week.

The death occurred yesterday afternoon of Frederick William, the young son of Mr. and Mrs. William Banham of the Humber flats, Lambton Mills. Interment takes place in Humbervale Cemetery this afternoon.

The Rymynde Liberal-Conservative Association held an enthusiastic meeting last night in Cooke's Hall, at Cook's road. A good program was provided and a number of addresses were given by the local Conservatives. The association presented the retiring president, Mr. William McQueen, with a handsome mantle clock with a suitably worded address for his services during the past year. Mr. McQueen expressed his pleasure and gratitude in a short speech, in which he reviewed the work of the association and prophesied a grand future for it.

While visiting friends in Buffalo yesterday afternoon, Mrs. Isabella Middleton suddenly died at the home of her sister, Mrs. Alexander Thompson, at 248 Evelyn avenue, which will be shipped to Orillia for interment.

WOODBRIDGE

The annual meetings of the pastoral charge of Woodbridge and Knox Church, Vaughan, were held last week, when encouraging reports of the work of the past year were received. After the expenses of the year were met, balances on the credit side were reported—Woodbridge \$143 and Knox \$190. The sum of \$174 was contributed to missions, of which the W. F. M. S. contributed \$25. The young men's organized Bible class at Woodbridge is doing splendidly well in its work of working of the congregation, giving \$25 to missions. The total revenue of the congregation amounted to \$273. It was extremely gratifying to the pastor, Rev. M. Mackinnon, and his faithful co-workers, to hear such favorable reports. They are looking forward to the future with high expectations.

The following are the board of managers of the Woodbridge congregation: Arthur McNell, Thomas Wallis, John Johnston, W. E. Watson, James Ross, Robert Goodall, Andrew Stewart, Alexander Mackenzie, secretary, Geo. W. Bagg, treasurer, Stanley Watson, and John Johnston, chairman. The church is a delightful party Saturday night to Lockwood, the beautiful home of Mr. John Johnston, Little concession, Vaughan, where are enjoyed Stewart's singing was spent in songs, games and other amusements.

WILLOWDALE

A special meeting of the Thornhill Farmers' and Women's Institute will be held on Wednesday at 2 p.m. and 7:30 p.m., in the Willowdale Public School Hall. The program for afternoon is as follows: Mrs. Watts, Toronto, will address the ladies on the following subjects: "Would You be Beautiful?" "Home Treatment in Mechano-Therapy." "What are you Doing to Help the Institute?" Mrs. Charles, Toronto, organizer of Friendly Girls' Home, also Miss Lulu Reynolds, district secretary. The farmers will hold a separate meeting at the same hour. There will be a joint meeting in the evening at 7:30. When Mrs. Watts and Mr. Gavin Harbour of Crosshill, Mr. Stuckey, B.S.A., of Newmarket, and others will give addresses. Music will be furnished by local talent at both meetings and lunch will be served at the close of the afternoon meeting. Everybody is invited to attend these meetings, as they are free.

UNIONVILLE

The congregation of St. Philip's Church are making rapid progress with their plans for a new church, to be built in the town. They stepped pulling down the old church north of the village very soon, which will remove a landmark in Markham Township. A grand concert will be given in Victoria Hall, on Monday evening, Feb. 3, at 8 o'clock, under the auspices of the choir of St. Philip's Church. Fred J. Perrin, comic singer, of Toronto, has been secured. He will be assisted by the members of the choir. Robert Duffield has sold his farm for a high figure. The East York Farmers' and Women's Institute will hold a meeting in Victoria Hall, on Feb. 4; separate meetings in the afternoon, and joint meeting at night. These meetings are free and the public is invited.

HOGS AND SHEEP LOWER IN MONTREAL

But Cattle Held Firm—Owing to Reduced Supplies—Demand Continues Small.

MONTREAL, Jan. 27.—At the Montreal stock market for the week ending Jan. 25 there was a general decline in the offerings this morning were 900 cattle, 100 sheep and lambs, 300 hogs and 200 calves.

Owing to the large supplies of cattle lately shipment here was reduced and a firmer feeling prevailed. Demand was somewhat limited, buyers being the fact that butchers and packers were well stocked, but on the whole a fair amount of business was done at 10 to 15 per cent. below the level of the previous week.

There was no demand from packers for full car loads, consequently the market was principally of a jobbing character.

An aster feeling developed in the market for sheep and lambs and prices declined. The demand was limited and they were ample to fill all orders. Good stocks of frozen mutton and lamb on hand, which are not on the market on account of the continued mild weather. Lambs sold at 77.75, and sheep at 85.00.

The demand for calves was fair and prices ruled steady. The market was ample to fill the demand. Selected lots brought 37.50 to 39.00 per cwt. weight of the lot.

Butchers' cattle, choice, \$5.00 to \$7.00; medium, \$4.00 to \$5.00; common, \$3.00 to \$4.00; canners, \$2.75 to \$3.00; choice cows, \$5.00 to \$5.25; butts, \$4.00 to \$4.25; hogs, \$4.50 to \$5.00; hams, \$4.00 to \$4.50; shoulders, \$3.50 to \$4.00; ribs, \$3.50 to \$4.00; lard, \$4.00 to \$4.50.

Chicago Live Stock. CHICAGO, Jan. 27.—Cattle—Receipts, 18,000; market steady; Texas steers, \$4.70 to \$5.00; hogs and heifers, \$4.70 to \$5.00; calves, \$5.00 to \$5.25; sheep, \$4.70 to \$5.00; lambs, \$4.70 to \$5.00.

Liverpool Cattle Firm. LIVERPOOL, Jan. 27.—Cattle—Receipts, 100; market steady; light firm and active, 10c to 15c higher; prime steers, \$5.75 to \$7.00; butchers, \$4.75 to \$5.00; hogs, \$4.75 to \$5.00; sheep, \$4.75 to \$5.00; lambs, \$4.75 to \$5.00.

Stock Markets Are in Waiting Mood -- Brazilian Crosses 99

TORONTO MARKET IS MARKING TIME

Speculators Are Holding Aloof, Pending Further Developments in Europe.

BRAZILIAN IS FIRM

Small Gain Shown for Day -- Sentiment in Variable Mood.

Speculation moved along in the even tenor of its way in the Toronto Stock Exchange yesterday, with little being given over to absolute dullness. Such action was plainly the result of the standoff attitude taken by financial interests pending further developments in the Turkish revolution. If peace in the Balkans is brought about there is a general idea that the Canadian issues will come in for active trading and a resumption of the recent buoyancy movement. If the war is renewed, on the other hand, the market may experience a bad hour or two. Meanwhile sentiment is in a variable mood, and until a clearer view of prospects in the European storm centre is obtainable, promises to take on no decided trend.

Outside of a further upturn in Brazilian, which improved its position under a sustained demand, our market accomplished very little in the first session of the new week. The net gain in Brazilian amounted to three-quarters of a point, the shares rising to 99 1/4, and winding up at 99 1/2. This was just 1 3/4 below the recent high record. London was reported as a buyer of the stock, but, if it was, purchasing orders from across the water were few and far between. Liquidation here was reduced to a minimum, however, and the upturn was easily brought about.

General list irregular, with some of the shares showing a slight advance and the whole little more than steady. Such issues as Dominion Iron, Locomotive, General Electric, T. & A. City and T. & A. showed a measure of firmness, with fractional advances in evidence. Toronto Railway dropped 1/4 to 42 3/4. Rogers was off a point at 17 and M. & L. Leaf was also a point lower at 88. Elsewhere the speculative stocks were unchanged.

There was a modicum of investment buying under way, particularly noticeable in the banks. Dominion was carried up over three points to 240, and closed bid there, with none offering under 245. The movement was a new high record in years. Royal was fractionally higher.

BERLIN SOLD C. P. R. IN LONDON MARKET

Uncertainty of Outcome of Peace Negotiations Kept Market in Nervous State.

LONDON, Jan. 27. — While the uncertainty of the outcome of the peace negotiations and the commencement of the settlement checked fresh operations on the stock exchange today, some realizing to avoid the payment of high carry-over rates of interest on stocks to sue, especially Telephone, Argentine rails, shipping shares and console. Marconi and mining issues were steady.

American securities were quiet and featureless during the forenoon. Later Canadian Pacific fell a point on Berlin selling, but the rest of the list barely moved. The closing was dull. Money was dearer, and discount rates were firm. The Bank of England will probably buy the bulk of the \$6,000,000 new gold in the open market.

BRAZILIAN IN LONDON

Bankard, Eyverson & Co. received the following cables from London on Brazilian (Canadian equivalents, about three points lower):

	Jan. 25.	Jan. 27.
Open	Bid. Ask.	Bid. Ask.

REMINISCENT OF THE BOOM

The action of Dome Lake and Pearl Lake—both Porcupine stocks—in the mining markets yesterday was very reminiscent of the palmy days of the Cobalt "boom," when shares frequently went aeroplane and medium-sized fortunes were made over night by big holders. Dome Lake, for instance, after closing last week at 24c, opened Monday morning at 29c, and advanced by leaps and bounds to 43c, a net gain of 19 points, or about 80 per cent. for the day. Pearl Lake, whose movement was less sensational, but none the less remarkable, advanced from 32c to 40c, making a one-day appreciation of 25 per cent. A week ago Dome Lake was quoted at 18c and Pearl Lake at 29c.

It is evident from the foregoing that the lucky ones are making fortunes in mining stocks in Toronto. Both Dome Lake and Pearl Lake are looking up as two of the big mines of the Porcupine camp, and, if current rumor is to be believed, it will not be long before there will be a crop of Porcupine millionaires in sight. Meanwhile the gold mining camp is beginning to show signs of coming into its own. The Hollinger has set the pace, and there are several youngsters which are tagging not far behind.

The Riddle Solved

A dispatch from Washington says the dissolution plans for Union Pacific and Southern Pacific have been agreed to by Attorney-General Wickersham and will be submitted to the supreme court of the United States within 10 days. The plan provides that the Central Pacific main line shall be turned over to the Union Pacific and that the Southern Pacific will retain control of the Sacramento-Fordland Line. The \$125,000,000 Southern Pacific stock held by Union Pacific is to be divided between both Union Pacific and Southern Pacific.

BRAZILIAN LISTED IN MONTREAL MART

But the Shares Were Exceptionally Dull Thruout—Detroit United at Record.

MONTREAL, Jan. 27.—Detroit, which rose to a new high of 80 1/2 for the movement, furnished the only feature in today's stock market. About 1100 shares of this stock changed hands with the price advancing fairly steadily to its new high in the early afternoon. Towards the close the price fell back to 80 and at that level there remained a gain of 1/4 for the day.

The rest of the market was dull with prices displaying a slight sagging tendency. C.P.R. sold 1/2 lower at 242, and the range of quotations was down about 1/8 at the close as compared with Saturday. Montreal Power, inactive in the morning, declined 1/4 to 236 3/4 in the afternoon, but closing quotations at 238 7/8 bid, 237 asked, were unchanged from those of the week-end.

Brazilian made its appearance in the regular market under exceptionally dull conditions, the price holding within a 1/2 point, closing at 98 3/4, unchanged for the day. Dominion Steel closed at 55 1/2 and Richelle, which displayed a slightly firmer tone, closed about 1 1/2 higher.

Total business 3883 shares, 333 rights; 14,845 mining shares and 385,200 bonds.

Eastern Rubber Company

In the Eastern Rubber Company's advertisement in The World Saturday, under the heading of "Trusteeship," the name of the Dominion Rubber Company was mentioned. It should have been the Eastern Rubber Company.

PUBLIC HOLD ALOOF FROM STOCK MARKET

Erickson Perkins and Co. (J. G. Beatty) wired: The stock market held firmly all day, but there was a general apathy to trade. Pending new developments from Europe regarding the political situation there, or some important domestic development, the market may run to specialties for a time.

NO FRICTION AMONG G. T. R. DIRECTORS

LONDON, Eng., Jan. 27.—Alfred Smithers, chairman of English board of Grand Trunk Railway, said: "It is absolutely untrue that there have been any differences in the London board on any subject. On the contrary, perfect harmony has always and does now prevail. Mr. Chamberlain has repeatedly stated why the New England work was stopped at commencement of the winter."

TO LIST MACDONALD.

It was rumored in financial circles close to the directorate of the company that the stock of the A. Macdonald Company, which has been traded in on the Toronto stock exchange, will be listed in the Toronto and Montreal exchanges before the close of the week.

NEW YORK MARKET LACKING IN LIFE

Extreme Dullness Marked Whole Session, But Prices Inclined to Firmness.

CAUSES FOR DISQUIET

Home and Foreign Situation Not One to Encourage Confident Buying.

NEW YORK, Jan. 27.—Speculative interest was at low ebb today and the stock market was virtually in a state of suspended animation. The ticker was silent for minutes at a time, and fluctuations were so narrow that the record for the day's transactions possessed little significance. Recession among Americans in London influenced the home market at the opening and international stocks were slightly lower. Losses were made up and during most of the day the list was held steady at around Saturday's close. In the main offerings were small and the greater part of the active issues ended the session with only fractional changes.

The extreme dullness of the market during the morning was attributed to uncertainty whether the supreme court would hand down today its long awaited decision in the Minnesota rate case. There was no increase in activity later, such as, on other recent "decision days," has followed announcement from Washington that this decision would not be known. The Minnesota decision is but one of the events now hanging over the market which make for a waiting attitude of traders.

Adverse Influences.

The outcome of the peace negotiations in London and the solution of the "Anglo" case which arises in the efforts to dissolve the Harriman merger will be of direct influence upon the securities market. The extent of reductions to be made in the tariff and the fate of the proposed measures for enforced changes in the stock market and banking methods are other questions which remain unanswered and act as a drag on speculation. With no new incentive for trading on either side of the market operators were content for the time to do little and await a more definite indication of what to do.

There was a slightly firmer tone in the local market, and a correspondingly easier tendency in the foreign exchange market. The dollar was firm and in the time market there were loans for six months at a 1/2 per cent. as against a recent bid of 4 per cent.

WETLAUFER HAD STORMY MEETING

Insurgent Wing Held Control and Armistice Was Granted—Not Earning Dividends.

At the annual meeting of the Wetlauffer Lorraine Silver Mines yesterday at New York, the Buffalo insurgents came to a head, and the assembly assumed a stormy character. It was found that the insurgents had control of the meeting thru their proxies, and an endeavor was therefor made to perfect a mutual understanding, and to elect a mutual board of directors for the ensuing year. The meeting was adjourned late in the day to allow further negotiations between the two hostile camps.

The annual report showed net profits for the year ended Dec. 31 last of \$239,249, a decrease of \$63,371. The company has 1,100,000 shares outstanding, 330 in 1911, making an increase of \$688. The surplus, after dividends, was \$36,321, a decrease of \$63,371. The quarterly dividend of 5 per cent., calling for \$75,000, is due on April 20, and it is believed this will have to be dropped.

BRITISH CAPITAL FOR COBALT CAMP

The Cobalt Finance Trust Co., the corporation formed recently to operate properties in the Cobalt camp, will organize two separate and distinct companies to work the antimony and zinc mines. The company has four and five claims respectively and has acquired on the Casey Cobalt ridge. The companies will be floated in London. The parties behind the Cobalt Finance Trust are British interests, which are believed to have an interest in the Casey Cobalt.

ANNUAL MEETING OF THE NORTH DOME

The annual meeting of the North Dome Mining Co. was held at the head office of the company, 53 Wellington street east, yesterday morning. Only the regular business was transacted, and the former directors and officers were re-elected. The annual report has already been published.

ENERGETIC MARKET FOR MINING STOCKS

Sensational Advances Shown in Specialties—General List Maintained Firm Tone.

PORCUPINES IN LEAD

Dome Lake and Pearl Lake Went Aeroplaning—Sharp Break in City of Cobalt.

The mining market yesterday was the most energetic affair which has been witnessed in years, being reminiscent of the palmy days of the Cobalt boom, when stocks were marked up by leaps and bounds, and when traders fell over themselves bidding up prices in the endeavor to locate offerings. Dome Lake, which closed last week at 24, opened Monday morning at 29, and sold up to 43 before the demand was filled, closing with all but a couple of points of the bulge still in evidence. Pearl Lake, another Porcupine issue, opened at 34, a gain of two points over the week-end, and later sold up to 40, making a net gain for the day of eight points. In these two incidents the runaway character of the market was plainly shown.

That the two leading features of the day should have been Porcupine issues was viewed rather as a surprise, in view of the fact that Cobalt is very much to the fore just now. The truth of the matter is that the gold mining stocks have been so neglected of late, and prices have been allowed to get down to such low levels, that the incoming of a material demand can hardly fail to send values soaring in short order. The sensational spurt in Pearl Lake and Dome Lake, while far more extensive than any one, except possibly the insiders, had anticipated, was just one indication of the possibilities of the mining market in its present call.

Trading Price Swings.

Outside the two issues mentioned, the trading brought to light considerable irregularity. City of Cobalt was the toboggan, dropping a full 7 1/2 points at 34 on the announcement that an issue of bonds was contemplated. Peterson Lake also sought lower levels, the price declining to little more than an insignificant fraction. On the other hand, such stocks as Wetlauffer showed strength, and Timiskaming was very firm at its recent advance, closing at 85 1/2 bid. Great Northern was up 1/2 to a new record in its advance, selling as high as \$3.00, a net gain of nine points.

The Porcupine line was showing its heels all day, and came in for more attention than in many months. Dome Extension sold up over a point to 75, and later rose to 85 1/2, a gain of over a point also. Hollinger was lower, being on offer at 15 1/2 at the close. It would not prove surprising to see a revival of activity in the gold mining stocks in view of the renewed interest which has now been attracted.

CITY OF COBALT WOULD ISSUE BONDS

But Directors Do Not Agree, and Scrap is Already on—Increase Capital Also.

The directors of the City of Cobalt Mining Co. have sent out a circular to the tobogganers, calling a special general meeting for Feb. 5, and giving notice of three by-laws, one to authorize an increase in the capitalization from \$1,000,000 to \$2,000,000, one to authorize the directors to borrow \$100,000 on the credit of the company, to build a concentrator, and to issue bonds or debentures therefor, and a third to authorize the directors to dispose of the property.

The annual statement, which is enclosed in the circular, shows a profit of a little over a thousand dollars. The statement of assets shows that the company has on hand about \$100,000.

TWIN CITY EARNINGS.

For the third week of January the earnings of the Twin City Rapid Transit Company were \$157,180, an increase over the corresponding period last year of \$11,327, or 7.7 per cent.

We offer for sale the unold portion of \$400,000 of the above mentioned 8% Cumulative Preferred Stock, with bonus of 30% of the amount of the Preferred Stock in Common Stock. Payable as follows: One-third with application; one-third 30 days after subscription; one-third 60 days after subscription. Or payment may be made in full with application. Application will be made in due course to have both the Preferred and the Common shares listed on the Toronto and Montreal Stock Exchanges. Preferred shares are preferential both as to assets and cumulative dividends, at the rate of 8 per cent. per annum. Preferred shares have the same voting power as Common shares. Fractional shares of Common stock will be adjusted on the basis of \$35 per share.

BUSINESS
The Eastern Rubber Company, Limited, has been organized to manufacture all kinds of Rubber goods, including automobile tires, bicycle tires, carriage and truck tires, belting, hose, packing, rubber heels, etc. A site of four acres has been secured, situated on Eastern Avenue, at the foot of Pope Avenue, Toronto, extending to the waterfront on Ashbridge's Bay. This land is increasing rapidly in value.

Two manufacturing buildings will be built, one three stories high, about 250 feet by 73 feet; and another, 200 feet by 72 feet, one storey. In addition there will be suitable warehouses and power plant.

The capacity of the Company's plant, without any increase to the initial machinery equipment, will be approximately \$2,225,000 per annum.

The business expected to be done by the Company the first year is about \$1,000,000, with net profits of about \$200,000.

The estimated net earnings for the first year are about seven times the amount required to pay the Preferred Dividend, leaving considerable surplus for the Common shares, after allowing for reserves. It is expected that the Common stock will go on a regular dividend basis the first year of operation.

TRUSTEESHIP
The Union Trust Company, Limited, of Toronto, Ont., are acting as Trustee for the Company, receiving all moneys subscribed by shareholders, and issuing the shares upon payment of \$100 per share; and turning over such moneys, less the brokerage, which is moderate, to the Eastern Rubber Company, Limited, only upon formal registration, signed by either its President, Treasurer or Managing Director, and by two other Directors.

In addition to the foregoing, the following statutory information is furnished, in conformity with the Companies Act.

The qualification of a director is fixed at fifty shares, and the by-laws provide that the Directors may fix the remuneration of Directors and Officers, but each Director is entitled to a fee of \$10 and expenses for each attendance at the meetings of the Board.

The unissued Preference Shares of the Company are offered for public subscription, and the minimum subscription upon which the Directors may proceed to allotment has been fixed at five shares.

The Company has acquired from Mr. W. R. Blowers, of the City of Toronto, rubber superintendent, the patent rights for Canada for a number of automobile and solid truck tires, also his formulas, compounds and recipes for the compounding of rubber in the manufacture of rubber goods, and as payment therefor has issued to him 12,000 shares of its common stock as fully paid up, the agreement during the sale of which can be inspected at the office of the Company, 59 Yonge Street, Toronto, at any time during business hours.

No stock other than herebefore mentioned has been issued other than for cash, nor is it the intention to issue any.

The letters patent authorize the payment of a commission on the sale of stock not greater than 15% of the amount, and the Directors have arranged to pay the said 15% on subscriptions.

The preliminary expenses are estimated not to exceed \$2,000.00.

Nothing is payable either in cash or stock to any promoter as such, and no Director has any interest in the promotion of the Company other than W. R. Blowers, the vendor herebefore mentioned.

Across the border the railways report a remarkable improvement over last year also. For the first two weeks of the month the roads show a gain of 15.3 per cent., which is a most unusual showing. A considerable portion of this pronounced increase, however, is undoubtedly owing to the extremely adverse climatic conditions which prevailed at this time last year, as shown by the fact that practically the same roads reported a loss of 7.1 per cent. for the first two weeks of January, 1912, as compared with that period the year before.

LIFELESS TRADING IN CHICAGO PIT

Price Changes Were of the Narrowest With Moderate Rally After Weakness.

CHICAGO, Jan. 27.—Local grain markets began the week "stuck," as brokers term it, when there is but little trade, and net price changes were of the slightest. Provisions were firm, closing at the best prices of the day. With indifferent cables, fair weather, heavy primary receipts, no demand for export and domestic spot in the oldgrains, wheat sagged lower most of the session. Toward the end shorts covered on the visible decrease and because they were uneasy as to the Balkan situation and the market level, covered to Saturday closing level. Seaboard clearances were 331,000 and primary receipts 2,106,000, against 1,107,900 a year ago.

The narrow fluctuations of corn price indicated a compromise between bulls and bears, for while the Argentine was still on the program with its damage by sultry weather, the heavy primary receipts, and slim cash demand, and a decline of 1-2 cent in spot were against the price.

Odts were all but stagnant and the tone was heavy, with corn in poor demand for spot. The sample market was 1-4c off.

What looked like investment buying advanced provision prices 7 1-2 to 2c, although hogs at the yards were easier. Packers were credited with moderate sales.

DECREASE SHOWN IN THE U. S. VISIBLE

Visible grain supplies in the United States last week and a year ago compare as follows:

Wheat	Jan. 27, 1913	Jan. 20, 1912	Jan. 27, 1911
Wheat	33,870,000	38,774,000	34,989,000
Corn	5,522,000	7,832,000	8,230,000
Oats	15,431,000	5,115,000	9,214,000

Compared with a week ago, the visible wheat shows a decrease of 1,905,000 bushels, corn an increase of 1,633,000 bushels, and oats an increase of 499,000 bushels. During the corresponding week last year wheat decreased 1,609,000 bushels, corn increased 162,000 bushels, and oats decreased 1,080,000 bushels.

Northwest Receipts. Receipts of wheat at northwest points, with usual comparisons, follow:

Year	420	480
Chicago	37	51
Minneapolis	59	52
Duluth	21	31
Winnipeg	455	397

European Markets. The Liverpool market closed unchanged to 1/4 higher on wheat, and 1/4 to 3/4 lower on corn. Chicago wheat closed 3/4 to 2c lower. Grain unchanged, and Bushel, 1/4c lower.

World's Shipments. The weekly world's shipments, with usual comparisons, follow:

Wheat, bu.	1,340,000	1,520,000	1,375,000
Corn, bu.	5,843,000	5,441,000	4,499,000
Oats, bu.	1,602,000	1,563,000	1,652,000

Local grain dealers' quotations are as follows:

GRAIN AND PRODUCE.

Ontario wheat—No. 2, 32c to 34c per bushel, outside; 33c, track, Toronto.
Manitoba oats—No. 2, C.W., 41c; No. 3, C.W., 39c, lake ports.
Ontario wheat—No. 2, 32c to 34c, outside; inferior grades down to 70c.
Manitoba wheat—No. 1 northern, 55c; No. 2, 52c to 54c, lake ports; feed wheat, 54c, lake ports.

Manitoba flour—Quotations at Toronto are: First patents, 85.00, in cotton 10c more; second patents, 84.50, in cotton 10c more; strong bakers, 84.50, in cotton 10c more.

CHICAGO GOSSIP. Wheat—Wheat ruled lower most of the session. The sentiment, however, became unanimously bullish around 92c and there was good support and a resulting advance in prices to practically Saturday's figures.

Winnipeg. With the decrease in the visible shown today, European buying may be stimulated and therefore some fair reaction in prices may reasonably occur.

Corn—Receipts continue heavy, but the offerings on the decline today were absorbed by commission houses.

Oats—The market showed the same lethargy as of late, and the only evidence was with the late rally in corn.

HARVESTER TRUST HAS NOMINAL COMPETITOR

TRENTON, N. J., Jan. 27.—(Can. Press.)—Articles incorporating the International Harvester Corporation, with an authorized capital of \$75,000,000, were filed with the secretary of state this afternoon, the incorporators being men actively connected with the International Harvester Co., a concern already chartered under the laws of New Jersey with an authorized capital of \$140,000,000.

In connection with the filing of the articles of incorporation, there was filed with the secretary of state a letter from the International Harvester Co., signed by its president, Cyrus H. McCormick, stating that the company had no objection to the making use of practically the same title by the International Harvester Corporation.

In the letter it is also stated that it is the purpose of the International Harvester Co. to file papers changing the title of the company to the International Harvester Co. of New Jersey.

TAKES OVER FOREIGN BUSINESS.

CHICAGO, Jan. 27.—(Can. Press.)—The following statement was made today by Cyrus H. McCormick, president of the International Harvester Corporation, regarding the organization of the International Harvester Corporation:

"The new corporation has been formed for the purpose of taking over the business and properties of the International Harvester Co. in foreign countries, including the manufacturing plants in Canada, France, Sweden, Germany and Russia. In view of the pending suit of the government against the company, which may be ended for a considerable time, as the case may go to the supreme court of the U. S., it was deemed necessary that the protection of the company's foreign trade and credit."

BEARS ARE NERVOUS IN THE COTTON PIT

Neill, Beatty & Co. had the following: While sentiment has been very bearish, the apparent underlying strength was in evidence. The market was determined disposition on the part of spinners to buy more freely and a tendency to create a more conservative attitude among that element, which reports have been conspicuous in their efforts to bring about a lower range of values. In consequence the bears are nervous.

CANADIAN VISIBLE SHOWS AN INCREASE

The Canadian visible wheat supply this week is 23,106,000 bushels. Oats this week 8,835,000 bushels, an increase of 2,000 bushels. Flour 11,328,000 bushels. In the U. S. visible wheat supply this week is 37,474,000 bushels, an increase of 874,000 bushels. Oats this week 10,174,000 bushels, an increase of 384,000 bushels. Flour 11,328,000 bushels.

SPECULATIVE FLIERS

The mining market is beginning to display more signs of general buoyancy and we would suggest that indiscriminate purchases are not likely to be profitable. We spent considerable money to keep posted on the various companies and their operations, and our information is always at the service of our clients. We are of the opinion that GREAT NORTHERN and PEARL LAKE are purchases for those who prefer stability of capital to speculative flares that ultimately end in dissatisfaction and losses.

Successful Suits in Our Ready-to-wear Section

The results of even the best efforts of the custom tailor are always in doubt. If you give him explicit directions you perhaps find them too literally carried out. If you give him none your taste is not shown in the cut and hang of your suit.

In the Ready-to-Wear Department you can select the suit that pleases you, and see that it is correct to your taste as to your measure. Length, fullness, etc., are always those proper for the season, and you will at once recognize their perfect taste and handsome lines.
