ALLIES' SUCCESS LIKELY TO FOIL FOE IN BALKANS

Capture of Strumnitza and Landing at Enos Important Strokes. SERBS FIGHTING WELL Von Mackensen Meeting With Much Stronger Resistance Than He Expected.

ATHENS, via Paris, Oct. 18, 1.30 a.m.—There is further fighting in the Ristovo-Vranja district of Serbia. According to reliable news from Saloniki, the Serbians have been strongly reinforced. Beyond Vranja telegraphic communication is interrupted.

LONDON, Oct. 18, 10 p.m.—The reports that the allies have occupied Strumnitza and landed at Enos, which was recently transferred from Turkish to Bulgarian rule, has caused a more optimistic feeling throughout the allied countries.

The landing at Enos is announced in despatches from Athens which say allied forces have seized the railroad at that point. Enos is on the Gulf of Serres in European Turkey, opposite the Gallipoli Peninsula.

The Bulgarians are continuing their attacks against the Niza-Uskup railroad, according to official information received at Athens and forwarded to the Havas Agency of Paris.

As to the progress of the new east-west campaign, it is known from both Serbian and German accounts that Field Marshal Von Mackensen's army is meeting with greater resistance than was expected, and, also, it is probable that the Serbians eventually must fall back on stronger positions in the north...

Strumnitza's Capture Important. The allies, so far as can be seen, have made progress only in the Zlotokopka Valley, near the River Morava, north of the Town of Vranja, where they blew up a bridge. There is no confirmation, however, of the capture of Strumnitza.

Resentment Toward "Inner Cabinet" System of Shaping Program Given as Contributory Cause—Redmond Says Coalition Ministry Threatens to Collapse. LONDON, Oct. 18.—Sir Edward Carson, attorney-general, has resigned from the British cabinet. The resignation of Sir Edward Carson, the first open manifestation of the divergence of views known to exist among the ministers, is the result, according to an authoritative statement, not of the controversy over conscription, but of the condition of affairs in the near east.

FOURTEEN CANADIANS LOST LIVES IN ZEPPELIN ATTACK

Only Military Losses Sustained in Recent Raid Were in Canadian Camp. OTTAWA, Oct. 18.—The British official statement, issued with regard to last Wednesday's Zeppelin raid, gave as military casualties 14 killed and 13 wounded. With the announcement of the death by bombs from a Zeppelin of Gunner Charles G. Peterkin of the 25th Battery, C.F.A., in the midnight casualty list, the total number of Canadians killed in the raid has reached 14, indicating that the only military losses occurred among the Canadians.

United States Will Resume Relations With Southern Neighbor Today. CARRANZA BEHAVES Material Change for Better in Conditions Reported in Past Week.

WASHINGTON, Oct. 18.—Diplomatic relations between the United States and Mexico will be formally renewed tomorrow, after a lapse of two years and eight months, by the formal recognition of Venustiano Carranza as the chief executive of the de facto government of Mexico.

Since recognition was agreed upon a week ago, official reports show that a material change for the better has taken place in Mexico; that railroads and telegraph lines are being rapidly repaired, and that conditions are fast becoming normal in many places.

Thousands of troops hitherto under Gen. Villa have taken advantage of the offer of amnesty and laid down their arms.

He was prominently identified with the councils of the Conservative party in this county, and was the oldest living ex-convict in 1881. Four sisters and four brothers survive.

RUSSIANS GAIN MORE SUCCESS

Thirty-Five Hundred Men Taken Prisoner on Middle Styr. VILLAGES CAPTURED Bridgeheads Seized—Germans Repulsed Near Dvinsk at Nourviantzy.

PETROGRAD, Oct. 18.—Several important successes were gained by the Russian forces south of the Pripiet marshes, on the middle Styr, according to the official statement of the war office tonight. Over 3500 German and Austrian soldiers, besides officers, were captured. Five hundred were taken prisoner in the occupation of Sovkhitzy, above Radavka, as well as thirteen officers, including two battalion commanders. Near Podcherevitchy station, west of Rafalovka, Russian Cossacks, in a brilliant charge, captured 30 officers, 1000 men and some machine guns. The village of Koshnitzi was occupied, below Czartorsk. Above this town the Russians occupied Novosel, on the Styr, and captured its bridgehead, and repulsing an enemy counter-attack, took over 300 German and Austrian soldiers prisoner, as well as many bomb throwers and some telegraph stores. At dawn yesterday the czar's troops entered Kulikovichi, above Novosel, capturing over 1000 men and many machine guns and bomb throwers.

On the Dvinsk front the Germans did not attempt to resume the offensive after their attacks were repulsed yesterday. Germans were dislodged from the village of Nourviantzy with enormous losses, the Russians taking many prisoners and capturing many machine guns.

Recently there has been unofficial talk in London of Sir Edward being at odds with other members of the ministry over conscription, the Balkan situation, and the Dardanelles expedition. The attorney-general did not attend any of the cabinet meetings held recently.

Sir Edward Carson is admittedly one of the most brilliant members of the bar in Britain, and his qualifications for the high post given him were generally recognized. Born in Dublin in 1854, he had a notable scholastic career at Dublin University. In 1882, he was elected to parliament as its representative and in the same year became solicitor-general for Ireland. Eight years later he was appointed solicitor-general of the United Kingdom and retained the office until the defeat of the Balfour ministry in 1905. Sir Edward has continuously represented Dublin University in parliament since 1892.

ALLIED FORCES HAVE CAPTURED STRONGHOLD OF STRUMNITZA

Official Telegrams From Saloniki Tell of Important Success at Outset of Invasion of Bulgaria.

LONDON, Oct. 18.—Serbian and Anglo-French troops have occupied the Bulgarian town of Strumnitza, 50 miles north of Saloniki, according to official telegram from Athens. This follows closely upon news that Serbians with allied assistance have repulsed a Bulgarian attack at Vlanodova, turning the advance of the Bulgarians into a retreat beyond their own border. Thus the Anglo-French-Serbian action in the Balkans has leaped out of the field of surmise into a vivid foreground fact, and is asserted by London military observers to have been crowned at the outset with success.

Important Success.—This arrival of French troops at the psychological moment when the Serbian struggle with 10,000 newly-arrived Bulgarians at Vlanodova and Hundovo still hung in the balance has dramatic qualities which have completely eclipsed the military exploits of other theatres.

The chief military importance of the allied-Serbian success is the defeat of the Bulgarian prospect of cutting the Saloniki-Nish railroad, which is known to have been the Bulgarian objective. It is not clear whether British troops co-operated with the French in this operation, but a message from Athens stating they had left Saloniki Saturday for the Serbo-Bulgarian frontier indicates they at least were near the scene of the fighting.

Dominating Points Taken.—Strumnitza, near the border in Bulgaria, has been occupied by the allied armies of Great Britain, France and Serbia, according to official advice from Saloniki, telegraphed by the Reuters correspondent at Athens. There has been no confirmation of this news from Serbian sources. Various points dominating the railway way from Saloniki to the interior have been occupied by allied troops, the correspondent says, and the protection of the line is regarded as assured.

Occupation of Strumnitza is confirmed by a despatch to the Exchange Telegraph Company from Athens. The despatch adds that the allied armies are advancing.

TWO WERE KILLED AS CHIMNEY FELL

Harry Jones and William Magee Lose Lives While at Work.

SEVERAL OTHERS HURT

Were Working on Hart House, Queen's Park, When Smash Came.

Harry Jones, laborer, aged 39, 113 Nassau street, and William Magee, stonemason, aged 48, 46 McCaul street, were killed when the 60-foot chimney of the Hart House, at Queen's Park, collapsed at noon yesterday. Six others were buried in the debris and sustained injuries which necessitated their removal to the General Hospital. They are: John Tait, stonemason, 96 Roselawn avenue, injured scalp; James Davey, stonemason, Gormley avenue, fractured ribs and scalp; West Charles street, aged 20, Frank Barton, stonemason, 17 Irwin avenue, broken arm and injured leg; John Oliver, stonemason, 35 Lappin avenue, fractured hip; Charles Head, laborer, 120 Russett avenue, injured head and wrist.

Hart House is the new students' lunch room and gymnasium under construction, and is the gift of the Massey estate to Varsity. About 25 men were working in the vicinity when the chimney was seen to topple and crash through the roof of the building, burying eight of the workers and mangled the bodies of the other two workmen were found crushed against the wall beneath one of the stone pillars. Work had been sent to the General Hospital for assistance, a number of doctors rushed to the scene of the calamity and tended the injured. Two ambulances were called and the men were removed to the hospital. The building is under control of the police and nothing will be touched until viewed by the coroner's jury.

J. R. Sturritt, a student, who was in the vicinity when the accident happened, declared that he thought a thunderclap had burst when the chimney crashed like an avalanche to the ground from its toppling. The noise of the falling stone was heard far and attracted Prof. Niederer and other members of the work of rescue. Soldiers from the campus were called together with all the male members of the different faculties and they proceeded to extricate the victims.

Pending the investigation, Assistant City Architect Price, who together with General Inspector Murray, made a report for the city architect, would not say what was the cause of the accident. The chimney, which was located south of the central line of the new structure and consisted of four stone pillars, weighed about 20 tons. A wall of the building is in a dangerous condition, and Inspector Geddes has detailed a number of men to prevent the public from getting close or fear it falls.

None of the injured men are able to give any details of the accident, as it happened without warning to any of them.

NEW METHOD USED FOR GETTING MEN

Different Recruiting System Brings in Over Hundred Recruits.

AMBULANCE TRAIN

Arrived From Niagara With Number of Patients and Nurses.

Recruiting in Toronto for active service men was carried on yesterday for the first time under the new method, under which the recruiting sergeants directed by the armories depot, are posted in stated parts of the city, and the men enlisted are brought to the armories in motor cars to be enrolled. Yesterday's total of enlistments was 183, but this included 50 men sent to Toronto from Sault Ste. Marie.

Major Le Grand Reed, chief recruiting officer for the city, stated that the new system was working well. The work in the outlying districts was only of a missionary character so far.

The arrival from Niagara camp yesterday afternoon of the military ambulance train, equipped with Red Cross flags, and 88 soldier patients aboard, inaugurated the reopening of Exhibition Park as a military centre. Lieut.-Col. T. D. Richardson was in command of the train. Also aboard the train were officers, nurses and Major Pomeroy, in command of the Niagara camp. Five hundred people met at Exhibition Park. The women of the auxiliary of the A.M.C. were assisted in preparing the south end of the Women's Building, which this winter will be the camp hospital.

Over 500 members of the 109th Regiment paraded last night. This included 25 cadets. Recruits enrolled numbered 27. The cadets are to be uniformed on Friday. Promotions in the 109th regiment were: Captain A. F. J. Artyard to command No. 2, and Captain G. O. Thomas to command No. 3, and Captain A. J. Roden to command No. 4. A route march, with Major Horsfall in command, was held. The regiment will parade next Sunday at Northern Congregational Church, Rosedale.

Col. W. A. Logie, divisional commander, whose promotion to rank of brigadier general is soon to be announced, asked yesterday that he be put on the honor roll in Toronto "out of bounds" this winter. "So far as the troops are concerned, I have no objection," said another officer who may provide soldiers with bottles, but soldiers caught carrying bottles will be punished.

Over 110 overseas soldiers are now in training in Toronto.

Only 50 more men are needed for the 4th Universities Company, according to reports from the Montreal headquarters of the company. This unit will remain in England for only about a month before it will leave for England to complete its training. The 4th has a larger percentage of students in its ranks.

Col. W. M. Davis, officer commanding the Pioneer Overseas Battalion, stated last night that his regiment is now complete. Its strength is 1038 men. Announcement of when the battalion will go into training has not yet been made.

No. 2 Company, Canadian Field Engineers, sent 19 papers to Ottawa last night. This mail, a total of 50 sent received by Ottawa, includes a number of university men, already trained, but others who include a number of recruits will be needed in the next week. Recruits are to join No. 2 Company, C.F.A., orderly room is open daily.

About 100 men for coast guard duty with the big guns at the front were being trained by the 8th Battery, C.F.A. At the moment for this service only have been able to go on the period of the war. They must be under 30 and unmarried. The 8th Battery also require two clarinet players.

Col. S. Denison Retires.—Col. Septimus Denison had a long and distinguished military career. He will retire from active service on Jan. 1st next. His retirement is due to ill health.

Sub-Flight Lieut. E. R. Grange, son of Principal Grange of the Ontario Veterinary College, who left recently with a party of eight other aviators from Toronto, has just arrived in England. The party has joined the Royal Naval Air Service.

The popularity of the Governor-General's Boyd Guards is shown by the fact that last week 63 men enlisted with the Guards for overseas service. Many more recruits are wanted both for active and home service. The G.G.B.G. orderly room is open daily.

To be the victim of a motor car accident in France, receiving concussion of the brain, was the experience of Pte. Wm. Greenfield of No. 2 Ambulance Corps, who has just returned to Toronto. The British Medical Board declared he would be unable to go on active service until at least another six months. Pte. Greenfield served in Egypt, India and South Africa without being wounded.

TEN LIVES LOST IN WRECK OF SCHOONER
Craft Went Ashore at Point Arenas on Coast of British Columbia.

VANCOUVER, B.C., Oct. 18.—Ten lives were lost in the wreck early today of the Vancouver gasoline schooner Alliance No. 2, en route for Guaymas, Mexico. The vessel went ashore at Point Arenas, and eight men and two women were drowned. One out of eleven was saved, his name being unknown. The Alliance sailed from Victoria, Oct. 9, under command of Capt. Delourchy.

FRENCH STEAMER WAS TORPEDOED

Lives Reported Lost in Sinking of the Eugene Pereire.

NO WARNING GIVEN

Austrian Submarine Showed No Consideration for Passengers and Crew.

PARIS, Oct. 18.—The Marseilles correspondent of The Petit Journal telegraphs that the mail boat Eugene Pereire has arrived there with 33 members of the crew of the French steamship Amiral Hamelin, which was sunk by a submarine. A previous report from the Havas correspondent said that 71 persons aboard the steamer lost their lives.

The Amiral Hamelin was under government requisition. According to The Petit Journal's correspondent, she was torpedoed by an Austrian submarine, without notice, and while passengers and crew were being transferred to the boats the submarine bombarded the steamer, which was struck by 40 shells.

The captain of the submarine asserted as justification of his attack that the steamer was armed; but this is denied by the correspondents. Six of the crew were wounded by the bombardment. The sound of firing drew a French torpedo boat and an English hospital ship to the spot, and the wounded and many fugitives were taken aboard by these vessels. The submarine fled at their approach, after firing two torpedoes into the Amiral and sinking her.

Never has the world seen such titanic demands upon the Red Cross. Never has the empire been faced with such an opportunity to cover itself with imperishable glory in the cause of humanity. Now we'll show the world how we British back up our fighting men.

TORONTO WILL ADAPT RED CROSS WORK

Sir John Hendrie Presided at Meeting Which Inaugurated Campaign.

APPEAL TO GENEROSITY

Hon. I. B. Lucas and N. W. Rowell Were Speakers at Gathering.

Preparing their answer to Lord Lansdowne's appeal, 1500 people representative of every walk of life, gathered at the meeting which inaugurated the Red Cross campaign which opens this morning in which Torontonians are to secure \$250,000 for British Red Cross purposes and in which the three-day campaign which opens this morning...

With a band of the 46th Highlanders playing military and patriotic music, and with several of Toronto's best artists giving their services, the enthusiastic outburst of the assembly was at times thrilling. Klutwin Macdonald's response to the Marconi message in which he sang "We'll Never Let the Old Flag Fall" and Redfern Hollinhead's rendition of "The Soldier's Song" were signals for applause that was almost unbounded.

The absence of W. H. Hearst, the Ontario Legislature was reported by Hon. I. B. Lucas, attorney-general, N. W. Rowell, M. P., Wood, Archbishop, and Sir Edmund Walker, archbishop of Toronto, were among the other speakers.

An individual appeal. Hon. I. B. Lucas spoke of the Red Cross as supplementing the work of the army hospitals, helping those not only of the British, but of all the other allied forces.

Speaking of the advantage of the military training which Australians had had, he declared that the appeal was that of a united people, and that it was the duty of every citizen to support it.

Referring to Trafalgar Day as one of the most important lessons for the British of today, and comparing the Berlin decree of Napoleon, to the edict issued by the Germanic autocrat, Mr. Rowell said that it was because Canada was able to enjoy her present great prosperity...

Major Church's address said that a civic contribution of \$50,000 had been made, this being twice the amount that had been asked for. He declared that the British Red Cross was confident that it could raise a million for the British Red Cross.

SPEEDOMETER LED TO TWO ARRESTS

J. Noonan and George Brett Charged With Stealing Motor Car.

SMELED THE OPIUM

Officers Locate Drug in Back Yard Underneath Dog Kennel.

Detectives Guthrie and Mulholland yesterday evening arrested John Noonan, New York, and George Brett, Detroit, on a charge of stealing a motor car owned in London, Ont. The car was stolen some weeks ago, and the two men were traced to Toronto, but as the police had no description of those carrying it, they were in locating the alleged thieves.

Getting possession of the speedometer belonging to the car from a boy on Queen street, and a description of the man from whom it was received, the officers were able to make the arrest. The car was recovered on Delaware avenue.

Found Some Opium. A strong smell of opium issuing from 74 Chestnut street about 3 o'clock last night attracted Officers 211 and 237. They entered the premises and searched the rooms and cellar, but no trace of the drug could be found. Convinced that opium was somewhere in the vicinity they started digging in the yard, which can only be entered from the cellar, and on going down a little over three feet found a large quantity of the drug, valued at \$200.

The hiding place had been covered by a dog kennel. An oil lamp and smoking outfit were found in a pigeon coop. Chang Yu and Sing Lee were found on the premises, but they denied any knowledge of the existence of the drug. They were placed under arrest. Chang Yu is charged with keeping the opium, and Yu is charged with selling. A woman stated to be about 10 years of age was picked up in an unconscious condition by the police at 3 o'clock, and was taken to St. Michael's hospital. She is unable to give any name or address to the hospital.

Myers Luxemburg, 326 West Queen street, was struck and knocked down by a bicycle at 6 o'clock yesterday. He sustained several injuries to his head. He was taken to St. Michael's hospital in the ambulance.

Chief Grasset's orders that posters, printed in the Bulgarian language, be placed through the city, informing the Bulgarians that they were not to be arrested, and as such must register with the police, were issued. All the posters were to be removed. The police kept busy all day yesterday in registering the subjects of the posters. A Bulgarian interpreter, registration is a most difficult task, but those who are able to speak the English language assist their countrymen in the best manner possible. Officers interested in the proceedings and appear with the request of the authorities to comply with the request of the authorities.

William O'Byrne, 364 Leonard street, received a fatal cut in the head last night when he was struck by a motor car driven by Albert Jones, of Clifton avenue. He was taken to the Western Hospital.

Police Give Day's Pay. The Toronto police force hopes to raise \$2000 for the British Red Cross fund. An appeal by Chief Grasset, meetings were held in the different divisions yesterday, and they all agreed to contribute a day's pay to the fund. The sums range from \$100 to \$250 from a third-class officer.

A diamond ring and a diamond bracelet containing \$2400 were found in the girl's room when he was rooming at the Kingston Penitentiary. Arrested yesterday morning on a charge of wounding Michael Bak with a high-powered revolver, the man was taken to hospital. It appears that the injury on the hand was caused by the revolver. He was a badly fractured skull and he was removed to the Western Hospital.

WIFE TELLS STORY ABOUT BEING SHOT

Alice Johnston Gives Evidence Against Husband at Opening of Trial.

NOT LIVING TOGETHER

Johnston Alleged to Have Gone to House After Sending Note.

Charged with having attempted to murder his wife, Alice Johnston, by shooting her, at 239 Parliament street, on Aug. 30 last, George Johnston, aged 50 years, appeared before Sir John Boyd in the criminal assizes yesterday. Johnston and his wife have not been living together for over a year, and it was said, with the idea of having a reconciliation, that he wrote a letter to her prior to the alleged shooting.

The letter read: "I do not want my love to turn to hate, so meet me on Monday, 4 o'clock, at the corner of Wilton avenue and Parliament street, and we will go and have tea together." Johnston received no reply to his letter, and it is alleged on the afternoon of Aug. 30, walked into his wife's house and fired two revolver shots at her, the last one taking effect in her hip.

When questioned by Crown Prosecutor, he claimed to have had no knowledge of the shooting and said that he was under the influence of liquor at the time. Mrs. Johnston, in giving her evidence, said: "He walked into the house and asked the children where their mother was. He then came upstairs, and a knock occurred at the door and I left him to answer it. He followed me downstairs and fired one shot which missed, I ran to my sister's room, but he followed me in, and, backing me up against the wall, placed the muzzle of his revolver against my forehead and he threw it aside and ran out of the house."

John Shaw, it was officially announced by Attorney-General Lucas yesterday, is appointed clerk of the county court for York county, and also as a member of the executive committee of the Ontario Temperance Society, and as mayor of Ottawa, is also appointed clerk of the division court for Ottawa City.

Mr. Shaw's office carries with it a remuneration of about \$5000 per year. There were other candidates for the office, but he had no difficulty, it is said, in getting the support of a majority of the Toronto members.

Humber Bay is Dry License Not Wanted. John Newton Did Not Make Application for Renewal to Commissioners Yesterday.

Humber Bay has definitely gone dry. John Newton, proprietor of Newton Hotel, recently burned out of the Humber, has decided that he will not make application for a renewal of his license.

The Ontario License Board has arranged a hearing for Newton yesterday afternoon, but James Haverson, Thomas Anderson, the Blackfoot, and the mayor of the city, above mentioned, have declined to appear. It is stated that Newton might apply for a license in another part of Toronto.

WILLS PROBATED. An estate of \$170,380 was left by Mrs. Eliza Sarah Blackwood, who died in Toronto, August 22 last. Personal effects are divided between her sons Arthur and Charles, daughters Florence and Ada, and her grandson, Thomas Alexander Blackwood. The will also provides for the maintenance of the children, and the income from which shall be paid to the children as long as they remain unmarried. Upon the marriage of either of them, her share shall revert back to the estate. The remainder of the estate is to be divided equally between the four children, Arthur, Charles, Florence and Ada, who are also named as executors.

STEADY PROGRESS ON NEW VIADUCT

Chief Engineer Black Says Work is Two to Three Months Ahead.

READY FOR THE STEEL

Cement Construction Being Rushed Before Winter Sets In.

From the standpoint of the city and the big contracting company which have the contract for the Bloor street viaduct, there is nothing to be done but to push the work as steadily as possible. The contractor, Quinlan and Robertson, says that the work is well advanced, and that the steel work is well on its way. The concrete work is well on its way, and the steel work is well on its way.

Practically all the big piers are finished for enough to allow the steel work to start, six weeks at the most being required for this job when cold weather and frost and the necessities of the job will stop all cement activities when the steel work will begin in earnest and continue all winter.

There is no reason why the steel work cannot be carried on in the winter. The steel work is well on its way, and the concrete work is well on its way. The steel work is well on its way, and the concrete work is well on its way.

Asked as to whether the fabrication of the steel has kept pace with the progress of the cement work, the engineer said: "We have \$200,000 worth of steel fabricated in Hamilton. The steel is well on its way, and the concrete work is well on its way. The steel work is well on its way, and the concrete work is well on its way."

Every known appliance in the way of modern machinery to rush on the work is being employed, and the progress is being made at an average of five feet per day. The steel work is well on its way, and the concrete work is well on its way. The steel work is well on its way, and the concrete work is well on its way.

Those Fight Pictures

It appears from what Mr. R. H. Greer, president of the Sportsmen's Association, has stated, that Hon. Mr. McGarry gave the association to understand that they would not be interfered with if they used the moving picture record of the Willard-Johnson fight, in order to raise money for a military charity.

Rev. John Neil of Westminster Church has stated that some influential laymen got in touch with Premier McGarry and impressed that impressive gentleman to such a degree that without stopping to consult his colleagues, or to consider the slight on the provincial treasurer, he issued an order canceling the permit and betook himself to Ottawa.

The Sportsmen's Association has taken the matter to heart. They had expected to raise \$5000 by the exhibition, and not being permitted to do so, have had to abandon the idea of opening a soldiers' club.

Sir James Whitney was not of this calibre, and we could not imagine him backing down under the influence of any laymen, or cleric either, however influential. It is a weak stand to take, and a poor precedent to establish by the premier of Ontario, to lead the public to suppose that influential laymen can call him up on the phone and change his mind by a whisper in his ear.

The Ministerial Association has been mentioned in connection with the embargo, but has hastened to disclaim any responsibility. Not that it would not have been itself responsible had action not been taken.

Judgment Reserved in Appeal Regarding Farmers' Bank Shareholders.

CARRY OUT AGREEMENT

Suit Over Real Estate Transaction in Which Minor Figured.

Mr. Justice Lennox reserved judgment at Osprey Hall yesterday in a case regarding the liability of the shareholders of the defunct Farmers' Bank, under the double liability clause of the Bank Act. An appeal was made by James R. Lindsay, a stockholder, who subscribed for 500 shares, against the report of Referee McAndrew, on the ground that he was not liable under a condition which prevailed prior to the Bank Act.

In the trial court, before Mr. Justice Sutherland, John S. Robinson sued Alfred Ernest Moffatt, real estate agent, for the recovery of \$390 and interest, part payment on a real estate transaction. By an agreement dated March 25, 1912, Robinson bought lot No. 17 on the north side of Robert street, Weston, the purchase price of which was \$500, from Moffatt, and later ascertained that the defendant was not in a position to deliver a title certificate.

REVERSE DECISION ABOUT PICTURES?

Sportsmen's Cause Will Be Big Topic at Next Meeting.

GENERAL RESENTMENT

Prominent Citizens Not in Accord With Policy Against Generosity.

From interviews secured with members of the Ontario cabinet, available yesterday, it seems the cutting off of permission to show the Sportsmen's Patriotic Fund to show the fight pictures was done on the responsibility of a single member of the cabinet. When the next counting takes place the Johnston-Willard fight pictures are bound to be the big topic in conversation.

One or two of the members of the government at least are decidedly in sympathy with the idea of showing the pictures, the proceeds to go to the fund for soldiers. It is just possible that some of them have sympathies strong enough to again reverse the recent decision, and that the fight pictures will still be shown and the soldiers get about \$5000, as was intended.

A score of interviews from prominent men about town revealed general resentment against the Toronto cabinet members who were able to persuade the Ontario cabinet to prohibit the Johnson-Willard fight pictures, which were to be put on exhibition on Wednesday. It is estimated that the ministers in their action kept \$5000 from the Canadian soldiers.

It turns out that the Sportsmen's Patriotic Fund never received official assent to show the pictures, but according to R. H. Greer, K.C., were told to show them, that it would be all right because it was for an excellent purpose. Mr. Greer emphatically says he is through with the project, and he is heartbroken over the action of the Toronto ministers.

Frank Arnold, K.C., was bitter in his denunciation of the Ministerial Association. "Rank interference," he declared. "They should organize an Order of Hypocrites and make the Ministerial Association the executive body."

Darcy Hinds did not agree with the cancellation of the pictures, and there was not a word of approval about them. "There was no bloodshed. It was a good clean exhibition of the pictures," he said. "The Chief of Police Grayson says the same thing."

These recent events in the San Francisco attracted wide publicity for the "Bowed Down Girl," and the program.

MORAN USE SMALL SQUAD.

Patrick J. Moran, the host of the world's series, dealt an awful job to the theory that a weak army of athletes are necessary to win a pennant. The Quaker chief had his team out in front almost all season, and he used only twenty-three players. Welser, an outsider from the North Carolina League, was the only rookie retained after the season had started. Additions to the team after the championship game started were the pitching of George—Chalmers and McQuillan. One used to have back to 1916 to find a National League team that won the flag with an small roster as the Phillies of the present year. Then the Cubs employed twenty-three players. When Frank Leroy Chance captured his second banner, in 1907, the Brinsnum batted third base, in 1908, he had twenty-six players in 1910, the last year of the Chicagoan greatness, twenty-seven men drew stipends from Ratt, Murphy & Co. During the opening and closing dates of the championship season, Pittsburg finished first in 1909, with twenty-nine players. The number of men McCullough in 1911, 1912 and 1913 was respectively twenty-eight, twenty-seven and thirty-two. George Tweedy Stallings, in 1914, had twenty-eight players. The victor of the reversible outfield, employed thirty-four men last year.

WAGNER FOR MANAGER.
Either Hans Wagner, the veteran shortstop, or Jack Hendrick, manager of the Indianapolis club of the American Association, will be named as the successor of Fred Clarke, who resigned just before the season ended, as the manager of the Pittsburgh club. Wagner will likely obtain the position, for he has been a valuable member of the team for many years, is popular with the club, and the country and is well liked by the members of the team. Many of the players are pulling hard for him to land the job.

OTTAWA MAY LIFT TARIFF ON WHEAT
Western Farmers Expect to Benefit From Open U.S. Market.
BIG EXPORT SURPLUS
Trade in West to Be Stimulated by Influx of Money.

OTTAWA, Ont., Oct. 18.—The impression grows here that the government will find a way of nullifying the duty on wheat and thus give the farmers of western Canada free entrance to the market of the United States, where there is a big demand for Canadian wheat for milling purposes. In that case the spread of the same grade of wheat between the Winnipeg price and the Minneapolis price will almost disappear and the Canada farmers reap most of it. There is no doubt here that the big Canadian millers may lose something by the change, but it will only be in the reduction of the big profits they now enjoy. The smaller four mills of Ontario may be squeezed by the repeal of the duty, but they may have to stand for it. But no one is urging now that the wheat duties are, under existing conditions, an essential part of the national policy. The Ontario ministers are getting more and more to take this view which has the unanimous support of the millers from western Canada.

Different From Coal.
The wheat duty is different from the duty on coal in this respect, and there is no intention to change the general incidence of the national policy, but in this case to be guided by the views of the western farmer and to let him be the judge of what he wants. The latest reports from the west go to show that the wheat for export of this year's crop will be much larger than any estimates heretofore given, and that if the duty is taken off, a lot of our wheat will be sold for cash as fast as it can be shipped into the states and at a better price than now obtained under the existing tariff laws. This money coming into the west will stimulate business and put the farmers in better spirits. The war conditions in Europe preclude any great diversion of the admiralty transports into the special service of carrying Canadian grain to Europe. The government will therefore, in all likelihood, withdraw the duty and let our farmers sell in the nearest and best, and most available market.

ENCOURAGING GAIN IN CANADA'S TRADE

Increase of Fifty-Nine Million Dollars for Past Six Months.

FISH EXPORTS GROW

Balance Definitely Turns in Favor of Dominion, Ottawa Finds.

OTTAWA, Ont., Oct. 18.—The total Canadian trade for the six months of the fiscal year ending Sept. 30 last was well over half a billion dollars, according to the official statement issued by the Hon. D. Reid, minister of customs, today.

The trade for September just ended was as follows: Merchandise entered for consumption, \$38,026,000; domestic exports, \$4,129,000; or a total of \$42,155,000.

For the corresponding period of 1914, the total was \$41,139,000, an increase of \$1,016,000.

The trade for September just ended was very heavy, reaching a total of \$42,155,000, compared with \$41,139,000 for the corresponding month of 1914.

It is interesting to note that there is a substantial increase in the export of domestic fishery products.

For the month of September, 1915, the total value of fish exports was \$1,746,000, compared with \$1,391,000 for the corresponding month of 1914.

The increase in fish exports is due to a number of factors, including the export of salmon and herring.

U.S. STEEL REACHES FRESH HIGH FIGURE

Trading Hung Fire Until Last Hour on New York Exchange.

GAINS IN WAR GROUP

Sharp Advance Also Made by Bethlehem Steel Preferred.

NEW YORK, Oct. 18.—Higher prices were registered by a majority of the better known stocks today with renewed activity in war specialties, but trading lacked much of its recent vigor.

U.S. Steel closed at 114 1/2, its highest price since 1911. This was achieved by a rise of 1/2 point. Bethlehem Steel advanced 1/2 point to 107 1/2. American Steel Foundries rose 1/4 point to 70 1/2. United States Industrial Alcohol rose 1/4 point to 10 1/2. Central Leather rose 1/4 point to 12 1/2. In addition to these records, sharp gains were made by Bethlehem Steel preferred, General Motors, Maxwell common and second preferred, Westinghouse, General Electric, Crucible Steel, Virginia Coal, Iron and Steel, and several of the metal shares, notably American Smelting.

Canadian Pacific led the rise, rising 1/2 point to 169, with marked strength in St. Paul, Great Northern, Baltimore and Ohio, New Haven and some of the southern group. Little reaction from the lowest level of the day took place in the wheat market appeared to be due to the smallness of the gain. The United States visible supply in the seaboard sent word that 1,000,000 bushels had been purchased for export but that the entire amount was from Manitoba. Corn receded in value as a result of the weather tending also to stimulate selling.

Oats followed the bearish lead of other grain. Cash houses unloaded freely. Commission houses went to the market for the provision market. The incentive of the provision market, that an early advance in the price of hogs had gradually disappeared.

Speculation at the Toronto Exchange is Concerned With Only a Few Stocks. General Electric and Smelters again dominated the dealings on the Toronto Stock Exchange. There is a good deal of speculation in both issues, but the buyers are not so numerous as in the past. The market elsewhere was dull, and even the strength of the steel stocks was not enough to encourage much enquiry for the shares on the local exchange. The steel stocks, which a short time ago showed a disposition to sympathize with the American issues, were quiet and could not be even classed as firm.

UPWARD MOVEMENT IN CANADIAN STOCKS. New High Quotations for Year Fairly Common on Montreal Exchange. MONTREAL, Oct. 18.—The new forward movement in Canadian stocks, well under way at the end of last week, gained fresh momentum today. High quotations for the year were fairly common and were credited to stocks of large importance on the general market. Bridge jumped 10 to a new record price of 20 1/2, and Cedar Rapids, on an advance of 1/4 point, also sold at the highest level yet reached. 76, Shawinigan at 137, Detroit at 86 1/2, Laurentide at 136, Textile at 71, Quebec Railway at 29, Canadian Electric at 112 1/2, Peninsular at 63, achieved the minor distinction of selling at their best prices of the year. Transactions in 17,000 shares.

LONDON STOCK EXCHANGE. LONDON, Oct. 18.—The large supply of money keeps discount rates easy and attracts attention to treasury bills. American securities are selling in larger quantities. American exchange was firm, cable transfers being generally at a premium. Government buying of American bonds and Canadian bonds was good. There was a good investment demand on the stock exchange for the war loan bonds, while Mexican securities were held in a good feature. Rio Tinto and copper stocks were weak. The market otherwise was dull. American securities were neglected owing to the rise in the Canadian, Pacific and United States Steel were firm.

WHEAT DEPRESSED BY HUGE ARRIVALS

Chicago Market Failed to Advance here to Saturday's Advance.

WEAKER AT OPENING

Values Headed Down Grade at Start and Never Rallied.

CHICAGO, Oct. 18.—Huge receipts at Minneapolis, Duluth and Winnipeg, with a promised continued heavy movement in the northwest through the week did a good deal today to depress the wheat market here. Prices closed unsettled 2c to 1 1/2c net lower at \$1.05 1/2 for December, and \$1.07 3/8 for May. Other speculative articles, too, showed losses—corn 3/4c to 1 1/4c, oats 1 1/2c to 1 3/8c and provisions 2 1/2c to 2 3/4c. Wheat prices headed down grade right at the start and failed to make a decided rally at an subsequent time. Many stop loss orders were uncovered as the prospect of favorable weather gave special emphasis to the big arrivals at the chief spring crop terminals. Winnipeg in particular had a surprising exhibit—much more than ten times as many cars loaded as on the corresponding day a year ago. The total at Minneapolis and Duluth was nearly trebled. Pulls here were thus directly threatened, for the prices in the northwest disclosed a full shipping difference against Chicago. Comparative weakness at Liverpool, whose receipts were also on the increase, tended further to discourage holders. Little reaction from the lowest level of the day took place in the wheat market appeared to be due to the smallness of the gain. The United States visible supply in the seaboard sent word that 1,000,000 bushels had been purchased for export but that the entire amount was from Manitoba. Corn receded in value as a result of the weather tending also to stimulate selling.

M'INTYRE AND VIPOND STRONG MINING ISSUES

Public Generally Apathetic, But There is a Good Demand for Selected Issues.

The mining market opened the week quiet, but without any signs of weakness. The public appear to be apathetic and most buyers are in the market will only take stocks at prices named by themselves. As most of these bids are under the selling quotations, the volume of business continues restricted. McIntyre and Vipond were the only features in the day's trading. There was an excellent demand for both stocks from speculators and investors, and the prices held strong. The market for the high priced Porcupines, was excessively dull. Big Dome sold at 22 1/4 in New York and Hollinger was held at 42 1/2 bid, with \$25.50 asked. There was a dearth of news capable of creating sentiment here. In wheat, the market attitude under some buying pressure. The late buying of McIntyre was thought to be the forerunner of a further advance.

NORTH THOMPSON MINE HAS PROMISING OUTLOOK

The North Thompson prospect of the Huronian Belt system at Porcupine is now rapidly becoming the most promising in the district. Since the 200 and 300 foot levels have been opened up from the new shaft, some remarkable ore has been developed. The east and west. As stated already in the Northern Miner, cross-cutting on the 200-foot level was early crowned with success. Twelve feet from the shaft a vein was cut which developed at a distance of 25 feet into seven feet of 2 1/2 ore. At a distance of 73 feet from the shaft the vein widened to 23 feet of a grade as much richer as the ore body is wider. One of the characteristics of this ore body is that otherwise noted in the camp, that as a rule when the ore body widens the grade is much better also.

WAR STOCKS FAVORED AT THE PRESENT TIME

Edward Epps & Co., New York curb brokers, say: The curb market is to a considerable extent, enjoying the activity in the so-called war stocks, of which there are now quite a few on the curb trading list. This activity, for the time being, is interfering with the trading in quite a number of mining stocks, for the reason that such great opportunities for reasonably quick profits are offered in the industrial that investors are, in most cases, confining their operations to these industrial for the moment, by way of following the line of least resistance. Just as soon as the war stocks become a little less active, the mining market will come in for a decided recovery.

NEW CAPITAL RAISED FOR DOME LAKE CO.

H. B. Willis in his weekly letter says: At a meeting of directors of the Dome Lake Mine it was decided to offer 200,000 shares of the company at \$1.00 per share. This will mean a new stock issue of 450,000 shares, of which the Timiskaming & Hudson River Mines, the controlling factor, will subscribe for 225,000 shares. This will be a public confidence in the future productivity of the Dome Lake Mine. From the middle of last December until Oct. 1, total production amounted to \$89,500, but with the proposition, there is no doubt during the next nine months the total output will easily be quadrupled.

SILVER PRICES.

In London on Monday silver closed 1-11-16 higher at 23-16 per ounce. The New York price was 49 1/2.

ALBERTA POTATOES COME TO TORONTO

Carload Arrives as Experiment—May Help Situation.

ONIONS FROM THE WEST

Sample on Market From British Columbia of Good Quality.

Another event which shows just how great the resources of this country are, took place yesterday at the wholesale fruit and vegetable market, when one of the firms had a car of potatoes shipped from Alberta, the first car from there to arrive on the market, which will sell at \$1.10 per bag; that is, from 10c to 15c per bushel less than eastern potatoes, which are so scarce this season; and if this trial proves a success others will be brought in, which should alleviate the potato situation.

One of the brokers also had samples of onions from British Columbia, for which he was trying to obtain orders. The cost of the onions, \$6c—that they make the price he has to obtain rather high, he expects them to sell well, and partly take the place of the Spanish onions, which are going to be hard to obtain. Peaches are still being shipped in, but the general quality is poor, the bulk of the 11-quart baskets selling at 25c and 30c, a very few fairly choice ones bringing 35c and 40c, while the six-quart sold at 20c to 30c, a few extra choice ones going as high as 50c.

Wholesale Fruits. Apples—20c to 40c per 11-quart basket. Bananas—\$1.25 to \$2 per bunch. Cantaloupes—\$5.50 to \$4.00 per case. Grapes—15c to 20c per 11-quart basket. Lemons—New Verdill, \$4 to \$4.25 per case. Oranges—Jamaica, \$4 to \$4.25 per case. Peaches—Six-quart, 15c to 30c; 1 1/2, 25c to 30c. Potatoes—Imported, \$5.50 to \$7.75 per bushel. Sweet potatoes—15c per bushel. Tomatoes—New Brunswick and Ontario, \$1.20 and \$1.25 per bushel; Alberta, \$1.10 per bushel.

ST. LAWRENCE MARKET. There were seven loads of hay brought yesterday, selling at unchanged quotations. Fall wheat, bush, \$0.85 to \$0.94. Good, amutt, \$0.70 to 0.75. Barley, feed, \$0.45 to 0.50. Oats, old, bush, \$0.83. Rye, bush, \$0.41 to 0.45. Hay and straw—Hay, new, 2 ton, \$19.00 to \$22.00. Straw, loose, per ton, \$10.00 to \$11.00. Potatoes—New Brunswick, \$1.40 to \$1.60. Eggs, new, per dozen, \$0.40 to \$0.45. Butter, farmers' dairy, \$0.30 to 0.35. Pork, new, \$15.00 to \$17.00. Poultry—Spring chickens, lb., \$0.20 to \$0.25. Turkey, lb., \$0.14 to 0.15. Farm Produce, Wholesale. Hay, No. 2, ton, \$15.00 to \$17.00. Straw, car lot, \$1.00 to 1.10. Butter, creamery, lb., \$0.32 to 0.33. Butter, superior, dairy, \$0.29 to 0.30. Cheese, new, large, lb., \$0.15 to 0.16. Honey, comb, dozen, \$7.00 to 8.00. Beef, hindquarters, cwt., \$11.00 to \$12.00. Beef, forequarters, cwt., \$10.00 to \$11.00. Pork, ham, cwt., \$12.00 to \$13.00. Beef, mutton, cwt., \$7.00 to 8.00. Lamb, spring, per lb., \$0.12 to 0.14. Veal, common, \$0.10 to 0.11. Chicken, \$0.15 to 0.16. Hogs, over 150 lbs., \$11.00 to \$12.00.

MONTREAL GRAIN MARKET.

MONTREAL, Oct. 18.—The decline in prices for wheat at Winnipeg, a moderate amount of business for nearby shipment. There was a better demand for flour, and the demand for general transport vessels were made for loading at St. Lawrence. The demand for foreign buyers for oats was good. There is a big demand for Manitoba barley, and a big demand for Ontario flour with a good demand for carlots. Flour is active and firm. Hogs 25c lower. Potatoes active and strong.

BUFFALO BROKER ASSIGNS.

BUFFALO, Oct. 18.—The assignment of Paul Lambert and company, stock brokers of this city, with many offices throughout the United States and Canada, was announced today. Herbert B. Butterfield, an attorney, was named as assignee. The firm reported an estate range between \$400,000 and \$500,000. The failure, following closely that of J. L. Holland and company, is said to be due to a similar cause, the overbuying of stocks and bonds. The Buffalo stock market went surging down instead of upward in value.
