CITY'S RENTAL OF HORSES FOR THE STREETS DEPT. BONANZA FOR OWNERS

In Nineteen Months Tax-payers Have Maintained and More Than Paid For Each Animal—Works Committee Gets an Eye-Opener.

WILL INVEST \$16,000 FOR CIVIC OWNERSHIP

Some rather startling facts as to the profits which have for many years been reaped by owners who rent horses to the city for the use of the street-cleaning department were presented to the civic works committee yesterday by Property and Street Commissioner Harris.

The members were fairly staggered at the disclosure of returns, which made Fullmer and Standard Oil dividends fade into nothingness, and forthwith recommended that Mr. Harris be given \$16,000 to purchase horses, and to declare for a policy of civic ownership.

Commissioner Harris stated that from Jan. 1 to Oct. 31, a period of 43 weeks, the disbursements amounted to \$2680, or \$120 a week, the city stabling and feeding the animals, adding:

"At the rate paid of 50c per day, this represents 53 horses. While the number in certain periods of the year exceeds this, it may be taken as a fair average. Valuing these animals at \$250 each—a very high figure having in view their quality—an investment of \$13,250 is represented. The sum of \$16800 paid for rentals constitutes 51.7 per cent. upon this investment for a ten-month period, and computed for the year at the same monthly rate represents 62.04 per cent.

"As a matter of fact, I think \$300 per horse represents the outside value when they are received by us. After the lapse of a year, having regard to the feeding, stabling and general care which they receive, their value to the owner is increased by at least \$50. In 19 months the owners get from the city the full value of the horse, plus the \$50 increase, and has not made any expenditure for its stabling or maintenance. For the 19 months approximate rental for these animals at 50c per day, represents \$206,770, a sum sufficient to purchase the animals fifteen times over.

"Unjustifiable and wasteful."—Unjustifiable efforts have been made from time to time to procure an appropriation sufficient to acquire a number of horses, for which we have stabling accommodation, but the amount allowed has been so little more than enough to replace the beasts worn out in service.

"From the economic standpoint the rental system is as unprofitable as it is wasteful. The estimates for 1911, I now propose to include an amount sufficient to buy these horses outright, replacing those from which we cannot expect the maximum of service owing to age and disability.

"The city owns 158 horses in addition to the animals we are stabling and feeding. We hire on the average 118 horses and carts and six teams with drivers.

A Deficient Plan.

The commissioner adds that the department shows an "extraordinary decrease" in plant. Comparatively few additions have been made during the past ten years, while the growth of the city in that period has been enormous.

MASONRY AND THE CHURCH

Emancipation Lodge Loses One of Its Biggest Members.

MONTREAL, Nov. 11.—(Special.)—The members of the Emancipation Masonic Lodge are running for cover. Inspector Grand-Champ of the Montreal police force, with the Archbishop made his peace with the Archbishop of Montreal, while it is announced that Dr. Gaston Maillet, the head of a dentistry establishment on St. Denis street, whose income is ten thousand dollars a year, has also written to the Archbishop repudiating masonry in all its forms, and expressing the desire to live and die in the church of his fathers. Dr. Maillet has been one of the most prominent members of the Emancipation Lodge for years past.

City Pays Dear For Horses

Horse owners who rent the animals to the city at 50 cents a day realize over 62 per cent. a year on their investment.

In 19 months the owner gets from the city the full value of the horse and, in addition, the animal has increased \$50 in value through the good stabling and feeding the city provides.

The money spent on horse rentals by the city for a year interests at 4 per cent. on a sum sufficient to buy the animals 15 times over.

TWO VIADUCT SCHEMES GO TO POLLS TOGETHER

Bloor and Parliament-street Propositions Coupled, at Total Estimated Cost of \$979,000.

After hearing a deputation which asked that in constructing the Bloor-street viaduct, the head of Parliament-street should be extended to connect with it, the works committee yesterday agreed on motion of Ald. Howland, to recommend that the latter project be incorporated in the viaduct by-law. The plan is to extend the street to Castle Frank viaduct, where the two sections of the Bloor-street viaduct are to join. The distance is about 850 feet, of which a stretch of 490 feet is to be carried on a steel viaduct and the balance filled in. The estimated cost is \$100,000, which will bring the total to \$979,000.

Dr. John Noble, Charles Meach and others expressed a fear that the second ward would not reap the advantage of the Bloor-street extension without divert trade down Ontario and Parliament streets.

William Banks, sr., of The Globe, objected to the Bloor-street viaduct, declaring that "its only use would be to enable people to be carried comfortably to the cemeteries." He suggested an alternative that a bridge be built at Winchester-street. Replying to Ald. McBride's query as to whether he represented that section of The Globe, Mr. Banks replied, "like Ald. McBride, I look after my interest first, and the city's interest last."

Ald. McBride ridiculed the idea of a bridge at Winchester-street as "trying to open up a section with a road on one side and a gutter on the other." The city shouldn't consider the relative cost of the Bloor-street viaduct and a bridge at Winchester-street, Toronto had grown to be a large city and the viaduct was needed to open up a thoroughfare from West Toronto to East Toronto. He did not agree with the mayor that the work should be done as a local improvement, it being more in the city's interest than the vicinity of St. Clair-avenue.

Controller Foster said he was not in favor of saddling the cost of the Bloor-street viaduct upon the property owners, considering the improvements that had been carried out in the west end at the general expense. He was in favor of the Parliament-street extension, but would not support it at the expense of injuring the prospects of the larger scheme carrying it.

"The most ridiculous thing I ever heard of," said Ald. Hilton of the Winchester bridge proposal. "People after crossing the bridge would have to go under a subway on the other side. It would be entirely a waste of money." The Bloor viaduct, giving it a wide berth across things that could be constructed. Anyone who said the viaduct was going to benefit Billy Maclean's farm, didn't know what he was talking about, because Donlands was nearer Yonge-street than it was to the viaduct.

There was some discussion as to whether the two viaducts should be sent on separately or rolled into one. Ald. Howland's pet idea of a fence around the reservoir was bumped on a 7 to 6 vote. The city engineer is to report on the advisability of stationing a watchman there cropped up in connection with the extension of Temperance-street. When the city in February, 1909, passed a by-law to extend the street, it was \$28,000 for the street, and it was thought that a strip in the line of the extension was part of the public highway. Now it is discovered that it belongs to Robert Carroll.

CONDICIONS OF CROPS

POTATOES AFFICTED WITH ROT—SUGAR BEET YIELD SHOWS SUBSTANTIAL INCREASE.

OTTAWA, Nov. 11.—(Special.)—The census office issued to-day a bulletin on crops of Canada as prepared from reports made up to the end of October. Potatoes alone indicate partial failure and in all the provinces there are complaints of rot. The area is 532,282 acres and the estimated yield is 74,048,000 bushels, an average of about 147 bushels per acre, uniform for all the provinces. The quality is 84.2 per cent. Turnips and other field roots show a quality of 88.57, a yield per acre of 402 bushels, and a total yield of 65,297,000 bushels. Hay and clover are computed for 8,515,400 acres and a yield per acre of 1.82 tons. The quality is 90.45 per cent., and the total yield is 15,497,000 tons. Fodder corn has an estimated yield per acre of 9.38 tons, which, upon an area of 271,980 acres, gives a product of 2,551,000 tons. Sugar beets are grown most extensively in Ontario and Alberta. The area in crop this year is 16,000 acres, a substantial increase. The yield per acre is 9.69 tons, the total yield 156,000 tons, and the quality is 93.15 per cent. The roots supplied to the Berlin factory are testing 17 per cent. of sugar, and at the Wallaceburg factory 16 per cent., but a product of 5000 acres in Ontario is being shipped to Michigan. The product of 800 acres in Ontario at Wallaceburg and Berlin, where the average price is about \$5.88 per ton or better than \$7.80 per acre.

'OUTLOOK' EDITOR ON THE ELECTION

Lyman Abbott Says Associate Editor Roosevelt Had Good Influence on Contest Generally.

NEW YORK, Nov. 11.—Dr. Lyman Abbott, editor of The Outlook, of which Mr. Roosevelt is a contributing editor, to-day gave out his (Dr. Abbott's) interpretation of the recent election as embodied in an editorial to appear in the next issue of that publication.

"Popular dissatisfaction with present conditions, especially with the high prices; indignation at the manifest control by the special interests of the tariff revision and still more at the defenses and eulogies of the tariff bill; wrath at the corruption and the hypocritical pretences disclosed in certain influential Republican circles, coupled with the forgetfulness of the fact that the easiest way to hit at it was by voting with the opposition; indifference in an election which to many voters appeared to be a contest rather between persons than between principles, an impression which a too-personal campaigning tended to increase; a general inclination in America to make a change in political control from time to time, an inclination which the political conditions that prevailed in solid states does much to justify; some fears in certain quarters, not less politically effective because wholly undirected, lest the spectre of radicalism should work havoc to business interests; the fact that the Republican party was divided between the insurgents and the regulars, while the Democratic party, freed from the traditions of Bryan and the personality of Cleveland, was more united in years united—all these causes combined to bring about a political revolution.

But I don't believe the election indicates a reaction and revolution. The facts that in every state except Indiana, where there was a definite popular insurgent movement within the party or where it failed, the Republican party which succeeded, that party succeeded in the election; that in every state except Pennsylvania, where there was no such movement within the party or where it failed, the Republican party failed in the election; that with the single exception of the senator from Indiana no senator, who was retired by failure to secure either a renomination or a re-election, represents the progressive element in the party; that of the governors elected a decided majority represent the progressive rather than the reactionary element in their respective parties, including such representatives of progressive thought as Woodrow Wilson on the Atlantic coast, and Hiram Johnson on the Pacific; that the insurgents are insurgent no longer, but are recognized as leaders in the Republican party—all indicate that the election, which is a single triumph of the Democratic party, is not a defeat of progressive principles, and does not indicate a decadence of the progressive spirit.

Effects of Roosevelt.

"Nor do I think that the jack-o-lantern bugaboos of national democracy, any considerable figure in the election. The fact that the greatest falling off in the Republican vote was in the State of Pennsylvania, where his name was heard in the campaign, is significant, if not conclusive upon that point. The simple fact is that a Democratic triumph was publicly predicted by both Democrats and Republicans eight months ago, and was forewarned by the enforced retirement of Messrs. Aldrich and Hale from the senate, and by the Maine election in September. Roosevelt was called in to save the situation; he responded to the call, but could not turn the tide.

He did something more important, he heartened the progressive in his own party, carried forward in his own state the work of party purification so well begun by Mr. Hughes, and did something to inspire with the spirit of genuine and national democracy, the party and his political opponents."

A Remarkable Silence.

OYSTER BAY, N.Y., Nov. 11.—Oyster Bay vainly vows to-day what has become of Colonel Roosevelt, who is still in complete seclusion at Sagamore Hill. Not since his return from the Spanish-American War twelve years ago, has the colonel kept himself secluded at his home and the village folk do not know what to make of it.

WELL-KNOWN SCARBORO FARMER DIED FRIDAY

North Toronto Ratepayers Will Meet Saturday Evening—County Happenings.

AGINCOURT, Nov. 11.—(Special)—The death of George Fletcher Morgan, one of the best known and popular young men in Scarborough Township, and residing on the Morgan homestead near this village, took place this afternoon after an illness extending over some four or five years. Deceased had been for the greater part of that time confined to his own home, and the departed from engaging in his ordinary pursuits, had always retained his cheerful and generous disposition.

Few men in Scarborough Township were better known or better liked than the late lamented Fletcher Morgan, and his cheery presence and open handed hospitality will not soon be forgotten. He was the youngest son of the late John Morgan, and had always taken a lively interest in any forward, or progressive movement, and was unmarried.

John Morgan of Willowdale, and Samuel Morgan of York Township west, are brothers; Mrs. John Bell of Amber is a sister, and another sister, Emily, resides at home.

The funeral services will take place on Monday afternoon from the family residence at 2 p.m. to St. Paul's Cemetery.

NORTH TORONTO.

NORTH TORONTO, Nov. 11.—(Special)—The meetings of the fire and light committee, with Councillor Munton presiding, and the works committee, with Councillor Murphy in the chair, were held to-night, but there was little in the way of news.

The others present were Councillors Frank Howe and D. D. Reid, Councillor Pears being still in the northland and the mayor is in Buffalo, having gone over with Alpha Lodge, A. F. & A. M. Councillor Lawrence is not a member of either the works or fire and light committees and was not present.

The report of Engineer Black showed that the amount of water pumped during the month of October to have been 1,256,800 gallons during a period of 218 1-2 hours, with a total consumption during the month of 31,645 lbs. of coal.

There was a good deal of discussion re electric lighting, but the hydro people are not yet in a position to quote figures and the committee did not get very far along this line. They talked a good deal over coal shortage; in fact the coal shortage is a very hardy perennial and is always in evidence.

A. J. Pratt of Balliol-street has run foul of the board of works on former occasions re his habit of leaving lumber and stones lying around on the town's property and his case was again under the limelight to-night.

It is a question whether the town will continue the same system of lighting Yonge-street even after the arrival of the hydro, as in the event of taking power and light from another company a good deal of expense will be incurred in changing the systems. On Tuesday evening the town council will meet, and on Monday evening the annexation committee will also meet.

The hockey club met to-night in the town hall, but only routine matters were discussed. The financial condition of the club is not any too flourishing and substantial contributions are always invited.

Don't forget the meeting of the Ratepayers' Association in the town hall to-morrow night. Sewage and annexation are bound to cause a lively meeting.

A HAPPY EVENT.

Principals Were Formerly Well-Known Residents of Markham Township.

A pretty wedding was solemnized in St. John's Church of England, Scarborough, on Saturday afternoon, Nov. 5, at 4 o'clock, when the rector, Rev. E. B. Smith, united in holy matrimony, Albert Edward Robinson of Glenhurst, formerly of Thornhill, Ont., and Miss Maggie Elizabeth Monkman of Unionville, Ont. The bride couple were supported by Mr. and Mrs. W. E. Pearson, late of Newmarket, Ont., and now of Glenhurst, Sask. The bride was dressed in a handsome gown of white silk. The bridal party left the church amidst the ringing of the wedding chimes.

WEST TORONTO.

WEST TORONTO, Nov. 11.—The workers in the church census are all prepared for the work to-morrow. The headquarters are in the basement of High Park Methodist Church, from where the 11 district leaders will command their forces.

LAC LA NONNE, Alta., Nov. 11.—(Special)—If you have kidney trouble of any kind, from backache to Bright's disease, and don't know how to cure it, ask your neighbors. They'll tell you to use Dodd's Kidney Pills. Such is the experience of Magnus Johnson, a well-known farmer residing near here. In an interview Mr. Johnson said: "In the year 1907 I took a pain in my back, due to a strain and hard work. I kept getting worse. In the fall of 1908 I was unable to do any hard work and began to suffer a great deal. I did not know what to do, and told one of my neighbors. He handed me a Dodd's Almanac. After reading it I concluded to try Dodd's Kidney Pills, and after using five boxes I feel fine and able to do any kind of hard work. Dodd's Kidney Pills cured my kidneys, and I can't praise them too much."

You don't experiment when you use Dodd's Kidney Pills. They have cured the kidney ills of thousands of people all over Canada. If you have kidney disease in any form they will cure you.

POSTOFFICE STATISTICS

Ontario Writes More Letters Than Any Other Four Provinces.

OTTAWA, Nov. 11.—(Special)—The annual report of the postmaster-general shows that the estimated increase in the number of letters and post cards carried in the Canadian mails during last fiscal year was 45,706,000, a ten per cent. increase over 1909. The expenditure has increased by \$622,861, but there was a surplus from operation of \$743,210.

Postage stamps to the number of 184,264,774, valued at \$9,842,485, were issued as compared with \$9,216,011 in 1909. In the number of letters posted, Ontario leads by a tremendous margin, as more letters are posted in Ontario than in the next four highest provinces. The figures are: Ontario, 293,448,000; Quebec, 85,334,000; Manitoba, 48,068,000; British Columbia, 47,298,000; Nova Scotia, 25,821,000; Alberta, 20,822,000; Saskatchewan, 18,659,000.

The gross postal revenue of the principal cities of the Dominion was as follows: Toronto, \$1,709,483; Montreal, \$1,063,235; Winnipeg, \$695,051; Vancouver, \$257,361; Ottawa, \$210,139; Hamilton, \$207,821; London, \$146,250; St. John, N.B., \$111,074; Halifax, \$114,318; Calgary, \$125,749; Regina, \$85,570.

JURY PLACES BLAME

Toronto Iron Works and Foreman McVey Held Responsible.

The verdict of the jury enquiring into the deaths of James McVey, Robert McGregor and Louis Smith, the three men who were killed on the water-works standpipe at Weston a week ago, declared that the disaster was the result of the breaking of the scaffold, and was the fault of the Toronto Iron Works for using deficient lumber in the construction of it. James McVey also was to blame for using the short-grained board.

The jury also gave their opinion that the ledgers, or cross-beams, of the scaffold should have been braced on the outside ends, in order to strengthen the work.

Thomas H. Malone, superintendent of the iron works, and brother-in-law of McVey, was the only witness of importance. He seemed to try to shield McVey, and made many evasive answers to Crown Attorney Monahan's questioning. John Bailey, Wm. Lis-kum, John Milne, Thomas Holly and Wm. J. Allen all testified to the weakness of the scaffold.

To Adjust Rates.

The old controversy between the board of trade of Niagara Falls, the Niagara Falls Park Commission, and the International Railway over the question of rates on the electric railway, will be dealt with at a special sitting of the park board at the city hall on Nov. 25.

A Tinsmith's Tribulations.

James St. John, tinsmith from Bolton, Ont., was arrested for being drunk last night. At the court-street station he was found to be carrying an unloaded 44 calibre revolver.

Detroit Templars Here.

Yesterday afternoon thirty members of the famous Detroit Commandery, Knights Templars, arrived in Toronto to be entertained by Geoffrey de St. Aidemar Preceptory. Em. Sir Knight Dewar presided at a 6 o'clock dinner in the Temple Building, after which the Detroit officers exemplified the illustrious order of the red cross. A banquet followed the meeting, at which W. P. Ryle presided.

Among the distinguished visitors were C. H. Rowe, commander of the Detroit Commandery; Harry Hanford, recorder; John H. Dunlop, C. W. Postlewait, and Harry Montgomery of Cyrene Preceptory; D. A. Clark and Wm. Moore.

This morning the visitors will be given an automobile drive around the city, returning to the Temple for luncheon. This afternoon the Detroit and entertaining Sir Knights will take in the football game.

CARETAKERS AS ENGINEERS

Innovation in Public Schools With High Pressure Boilers. It is likely that in the future the caretakers in public schools will have to show qualifications to handle high pressure boilers. In order to avoid the necessity of having to do a man, with an engineer as well as a caretaker, the schools so equipped. Superintendent Bishop yesterday afternoon advised the property committee of the board of education that such qualifications should be necessary in every new caretaker appointed, and that those now in charge should be given six months in which to study up the work, or if the caretaker was unwilling to do so, he should hire an engineer for the winter months at his own expense. There are only six or eight schools equipped, but this number is being continuously added to. A committee consisting of Trustees Smith, Rawlinson, Leves and Hodgson will look into the question. As a last request, Trustee Rawlinson was granted the privilege of appointing John Bolton caretaker of Roden school. The committee decided to install local phones in Grace school.

ONTARIO DENTAL COUNCIL

Result of the Elections for the New Board. The elections to the Ontario Dental Council are announced. This council is akin to the medical council, except that in addition to its being an examining body, it also conducts the Royal College of Dentistry. The province is divided into districts, each district electing one member of the board. The new board, elected for the two years ensuing, will be composed of: Dr. John Robertson, Ottawa; Dr. G. E. Bonnycastle, Bowmanville; Dr. Wallace Secombe, Toronto; Dr. Donald Clarke, Hamilton; Dr. H. Rabbatt, London; Dr. W. J. Bruce, Kincardine. There yet remains the selection of a representative from one of the western districts, and one from the faculty of the school of dentistry. Practically all the members were elected by acclamation. It was this board that sold the old dental college building to the hospital trust a year or two ago and rebuilt the college building at College and Huron streets.

BANK PRESIDENT'S SUICIDE

MEMPHIS, Tenn., Nov. 11.—D. F. M. Sches, president of the Continental Savings Bank and a widely known financier, committed suicide to-day. The death of Sches was attended with sensational incidents. He went to the main pavilion of Overton Park about noon and swallowed poison. The banker then attempted to kill himself by plunging a knife into his throat. He then fired a pistol ball thru his head, dying instantly. The Continental Savings Bank immediately closed its doors. Officials say that the dead president's accounts are in good condition. Leneve Returning to Canada? LONDON, Nov. 11.—Ethel Clare Leneve is said to be ten route to Montreal.

BOTH CREWS TO BLAME

For Fatal Collision Near Corinth—Despatcher Couldn't Give Warning. CORINTH, Nov. 11.—The inquest into the cause of death of the engineer, Geo. Smith, killed in collision here last Friday, took place to-day. The evidence of Despatcher Cassidy of St. Thomas would indicate that if he had been able to raise the Aymer operator the night of the collision the accident would not have happened. The verdict of the jury was that the lights and signals were properly displayed by the operator at Corinth; that the crew on No. 1897 did not take all precautions possible, that sufficient time was not allowed No. 1897 to go from Hillsborough to Corinth, and that the crew of No. 91 did not observe the semaphore displayed, and thus contributed to the collision.

SMALLPOX IN MICHIGAN

State Troops to Enforce Quarantine of Home for Feeble-Minded. LANSING, Mich., Nov. 11.—With smallpox reported in thirty localities in 14 counties of Michigan and state troops ordered to act as quarantine guards at the state home for the feeble minded at Lapeer, health officials in every part of the lower peninsula are engaged in a desperate fight to prevent the further spread of the scourge. Conditions at the Lapeer home are pathetic in the extreme, most of the inmates being children of defective mentality. Twenty-five cases of the disease have been reported at this institution and six deaths. One inmate of the Lapeer home escaped to-day.

Rugby

Games Gossip

Note and Comment

The Rugby game to-day will close the senior season in all three unions. The Dundas-T.A.A.C. game is the most important as to result, as on it depends the championship of the O.R.F.U. The contest should be close and exciting and the Valley Varsity team are a decidedly hard aggregation to defeat at home. T.A.A.C. are very confident of a success and expect the closest line-up so far this season. Should the Toronto team win, the semi-final for Canadian championship will be played at Rosedale the following Saturday. However, it looks like Dundas with the final three in Hamilton next Saturday.

Argonauts are very determined to win to-day at Rosedale and should Hamilton be at all saving with their team the oarsmen look to be the winner. Argonauts will find Hamilton much stronger behind the line than either Montreal or Ottawa. Varsity should have no trouble defeating Queens, even though they are home-bound without a defeat. McGill should defeat Ottawa Collieries.

Ottawa Rough Riders are at Montreal and even with McCann offside the home team should win.

Thus it looks like Argonauts, Varsity, Dundas, McGill and Montreal.

The Hamilton Spectator's selections are: At Toronto, Varsity; at Montreal, Varsity; at Dundas, Dundas; at Kingston, Varsity; at Ottawa, McGill; at Hamilton, Varsity.

The Argonaut delegates returned from Ottawa yesterday looking little downcast regardless of the loss of their mission. Joe Wright and Bill Maguire are good sports to bow to their defeat, but a talk with either would convince you that in Ottawa they still maintain a home-sweet-home honesty if you can, but win anyway.

Once when Charles Michaelson, editor of The Chicago American, came up from the West Indies he brought with him a young Jamaican named Michaelson from the Jamaica club. Michaelson from the Jamaica club is a year or two younger than the Michaelson from the Montreal club. Michaelson from the Montreal club is a colored man would like to see Mr. Michaelson from the Jamaica club. It was the Jamaican, who was dressed to the nines in plaid clothes and looked very prosperous. "It's kind of different now than what it was in the old times," he said. "We're looking in the world considerable. Here I'm an editor of a newspaper and I'm a rubber for Jack Johnson."

Sherwood Magee of the Philadelphia Nationals is a great hitter, like the most rest, he has one weakness at the bat, and it is a mighty small one. There is a place over his right shoulder which is a groove out of the reach of Magee's bat. Fred Thompson, who is the pitcher in a groove out of the reach of Magee's bat. Magee is a very powerful player, but because he could not pitch the ball in the spot that Magee could pitch a whole season without hitting a batsman and average less than one base on average given in a season as a part of the strategy of the game, it does not take much of the imagination to picture Magee's position when this wonderful suit.

"I'll get you in your dressing room after the game," yelled McGraw to Evans after Johnny had been ejected from the recent New York post-season game.

"All right, Mac," replied the popular American catcher. "I'll be waiting for you. Haven't kicked a player all season."

Sure enough, after the game McGraw called on Evans. The New York leader said: "You will excuse me, old man, I was a little too hot-headed."

"Sure thing, old boy," answered Evans. "Do you know," said Evans, "McGraw may be too excitable, but he's out there every day trying to win his games. There isn't an umpire in the business who doesn't admire his fighting spirit."

Were Catcher Billy Carrigan of the Boston Red Sox to be placed on the market it is more probable that just his other major league baseball club, the Boston Americans, would put in bids for his services. Carrigan is regarded as one of the best catchers in the game and has never produced. An all-around player whose ability in every department seems to be about even. Carrigan comes close to being an ideal backstop. His work with the Toronto team had a great deal to do with the winning of the Eastern League pennant for this team while he was a member of the Maple Leafs the year before he joined the majors. Carrigan is the kind of player who makes an excellent manager when his playing days are over. Many thought it would have been a good move to appoint him to that position when Fred Lake was deposited last year, but John I. Taylor said he did not care to handle his playing ability by placing the burden on his shoulders, and Donovan was given the job.

London Intermediate.—London, Nov. 11.—(Special).—London, last year's runners-up for the Intermediate C.H.A. championship, will play a semi-final series again this year. This was decided at to-night's meeting of the club, which was well attended in spite of the severe storm which settled over the city. The officers are: President, Rev. J. G. Inkster; secretary, W. B. Vining; vice-president, K. Casselman.

Though there is practically no such thing as pure water, the adults of the family need not do without a beverage that benefits. Healt Lager's absolute purity in its maker's pride; and this delicious brew is also a health-helper.

ARGOS vs. TIGERS
Reserved Seats 75c and 50c. Plan at 189 Yonge Street.

THREE VARSITY TEAMS PLAYING AT KINGSTON

Argonauts Entertaining Tigers at Rosedale—T. A. C. Are at Dundas.

The Varsity Rugby players who left Toronto yesterday for Kingston to take part in the Rugby games at Queen's University this afternoon, are:

Varsity I.—Dixon, Gall, Green, Maynard, Foulds, Kingstone, Gorman, Clarke, Leonard, Bell, Carroll, Grass, Lajoie, Corey, Thompson (Bob), Kennedy.

Varsity II.—Ramsay, Frith, Wood, McKenzie, Campbell, Curtis, Ferris, McLeish, Gardner, Sifton, Taylor, Tripp, Dawson, Mulqueen, McDougall, Edgar, Lorimer, Reid, Cuzner.

Varsity III.—Gray, Webster, Dales, Smith, Bryan, Hassard, Boyd, Macdonald, Davidson, Knox, Coste, McCall, Harvey, Sinclair, Simpson, Taylor, Platt, Beatty (captain).

The Argos II. will meet at 12 o'clock at the clubhouse, foot of York street, before going to Rosedale to play Tigers II.

McGill had a good turnout on a select-ed club, fielding practically all the seniors regarding in line. Rogers, who had his nose broken in a boxing bout at the gym, this morning may not be able to play, but the rest of the team for the game in Ottawa will be the same as last time out.

T.A.A.C. play in Dundas this afternoon in the deciding game of the Senior O. R. F. U. The winners will meet Varsity for the Dominion honors. The team will line up as follows: Dundas—Full-back, Fleming; half-backs, Martin, Mallett, Suter; quarter, Leung; scrumhalf, Lightfoot; Norton, Smith; inside wings, Mason, Wilson; middle wings, Graham, Craik; outside wings, Martin, Webster.

T.A.A.C.—Full-back, Capra; or Killy; half-backs, Fleming, Donnelly, Powell; quarter, Sheriff; scrumhalf, Crooks; Hoar, Cory; inside wings, Burton, Thompson; middle wings, Hughes, Mara; outside wings, Burdett, Barber.

The Big Four football season will close in Toronto to-day with the Argonauts and the Champion Hamilton Tigers clash at Rosedale at 3 o'clock. Nothing hinges on the result of the game, as the Argos are concerned, but the event is an important one for the Toronto fans, as it will enable them to get a feeling of the team which will figure in the Dominion finals.

Hamilton will be well represented at Rosedale to-day, as their intermediate team play Argos II. in the final game of the intermediate championship. Thus with the two teams playing, and a special trial of rosters coming down, the championships will certainly be very important. The intermediate game is called for 1.30, and the final game should be played before the big game is scheduled to start. The plan is to start at 1.30 on to-day.

Tigers: Full back, Smith or McNelly; halves, Moore, Simpson, Burton; quarter, Aspy; scrumhalf, Scott; inside wings, Lewis, Isbister, Pottery; outside wings, Girdler, Gattley, Thompson.

Argos: Full back, Eccleston; halves, Lewick, Binkley, Murphy; quarter, Newberry; scrumhalf, Russell; inside wings, Clark; inside wing, Bancroft; Kent; middle wings, Grant, Meegan; outside wings, Murray and Moore.

The cold weather yesterday morning resulted in the attendance at the Montreal practice being very small. However, the players up to this week have been exceptionally fit, and the start and practice, weather permitting, are in good condition, so the let-up should not hurt their chances. Ottawa is not better off in this respect, weather making it necessary to call off the Ottawa practice Thursday. George Kelly will not be able to play. He stayed yesterday at his place in his beach shape, and he could not risk going into a game. Laidlaw will probably fill his place again. Cameron will be at the starting line, but there was some uncertainty as to the make-up of the back division, and the trio to duty on the half line will not be selected until just before the game.

Billy McPherson and Dick Harcourt of Varsity played the game at Parkdale game at Hamilton this afternoon.

The alert line-up against Parkdale at Hamilton this afternoon will be: Full-back, G. Pickett; half-backs, Carr, Laing, Becker, Muirhead and Flannery; quarter, McCarty or Brydges; scrumhalf, Graham, C. Pickett, and Spencer; wings, Snyder, Becker, Havers, Clark, Christie, Harper, Rockman and Tandy.

The Group A standing of the Mulock Cup series is as follows: Won. Lost. To Pt. Junior School..... 2 1 1 Junior Meds..... 1 2 1 There is a chance of a three-cornered tie. Dents defeated Trinity in the first of home-and-home semi-finals. Dents have a lead of four points.

Harbord Collegiate entertain Hamilton C.I. at 10 a.m. to-day on Varsity field. The teams will be entertained afterwards at the Waverley.

The postponed Harbord v. Old Boys game of yesterday will take place next Monday at Wednesday.

Kew Beach A.A. will play their final Senior City League game with Grenville's this afternoon on the Don Flats, east side, at 3 o'clock. All players are requested to be on the field by 2.30 o'clock.

SUNDAY BASEBALL STORY.

"I do not know," says Eddie McKean, the old time shortstop, "just how good old Cy Young stands on the Sunday baseball proposition nowadays. In fact, I think I'd be wrong to say that he is so good that he would not hesitate to play if he were asked, to matter whether the day were Sunday, Tuesday or a week later Friday."

"Long ago, when Cy was still young in age, as well as name and spirit, he was very much opposed to Sunday ball, and he was a regular kicker when the day were Sunday, Tuesday or a week later Friday."

"Cy was the real stuff as a pitcher and worked three times a week, if asked, so 'Beau' dared not complain about his Sunday days. Mathewson, you know, won't work on Sunday, and McGraw never says a word. Paul Radford is one of the last of the old-timers who would play Sunday ball, and to-day I think Mathewson is the last survivor of the religious players. But, returning to Cy, he got along very nicely, and as long as he was willing to work Monday, Wednesday and Friday he was a regular kicker. "Well, it was the day-end of the season—the finish of the 1892 campaign, when the players were requested to call off their hounds, and afterwards played it off with Boston, winner of the first half—the first, last and only game of the Central League ever split up its season. We were at St. Louis and had run short of pitchers, and Cy was the only one available man at hand excepting two of the youngsters. "The only day left for Cy to work to-morrow, said Tebeau, 'we could pull it out and just about clinch the flag.' So long as Cy was willing to work, you know what would happen if you asked Cy to pitch—you'd get a wallop in his side."

"I know it," yelled Tebeau. "Well, I guess we've stuck all right—these kids can't get hot until the next afternoon, a pretty blue game, praying for rain. When we began to practice we were authorized to wear our own uniforms, striding up the field. He began to work out with Chief Zimmerman, and we had hard make our eyes believe that Cyrus Young would indulge in practice on a Sunday. "The long rang while Cy was on the mound, and what was our astonishment as Young stalked majestically into the box—it was a box then, and no ball, and the pitcher's mound was a simple mound. The Browns swung like demons and fell all over themselves trying to get a hit. "After it was all over we rushed upon Cy to thank him and congratulate him—his first game. He was a regular pitcher his flimsy iron-bound Sunday rules. "Well, boys," said Cy, "I'll tell you what, if you fellows are going to play the Bible last night and I ran across the paragraph: 'If thy neighbor's ass shall fall into a pit upon the Sabbath day, ye shall help him out and it shall be no sin.' Well, boys, I'll be damned if I know any bigger ass than Tebeau anywhere, and he helped him out, and that's the whole story."

Ottawa Team for Montreal.

OTTAWA, Nov. 11.—(Special).—Gordon Johnson will be the only change on the Ottawa team that faces Montreal on the Westmount field this afternoon. The light-haired full-back giving way to Charlie Snelling, who will go on the quarter-back line on earth to happen, break his flimsy iron-bound Sunday rules.

The Ottawa, accompanied by several hundred supporters, left this morning for Montreal. Fred Chittick was in charge of the men who left this morning, the party including the following: C. P. R. officers, Messrs. Williams, McNeilly, O'Neill, Kilt, Hickey, Church, Phillips, McCuaig, Barrymore, Disney, Vaughan, Kilman, McLean, and one two others, Dr. Baird and Messrs. Forsa, Findlay, Nixon, O'Donoghue, Washington.

The British United football team are requested to be on hand at 2.30 p.m. at Stanley Barracks for a game with the Devonians last game of the season, kick-off at 3 p.m. There will be a eucuro party at the club rooms Saturday night.

The Kings and the Baldwins will roll their league game in the Wholesale Fruit League this afternoon at 3 o'clock. This game will be the best of the season, as both teams play good ball and will be well worth seeing, as it will be a far different game than against Broadview last week. The make-up players are requested to turn out for the Baracas: Hardy, F. Watsman, Attwood, Watsman, Bingham (capt.), MacCreary, Gillespie, Appleton, Fiske, Darzell, Scott. The Baraca Club are entertaining the baseball team to a banquet on Friday night at the Central Presbyterian Church, corner Grosvenor and St. Vincent-street.

A meeting of all the captains of the Business Men's League will be held at the Toronto Bowling Club Monday night at 8 o'clock. All are requested to be present. A. S. MacBrice, president of the Midnight League at the T.B.C., had his team work out last night, and is well pleased with their showing. He has signed Tom Douglas, the popular secretary of the E. E. A.

The Broadview Senior team play Toronto City at Lansdowne Park, Lansdowne Ave., at 3 p.m. Take Sarton car.

All Broadview players are requested to meet at the Brunswick Hotel, corner of Brunswick and Bloor street, at 2 p.m. sharp to dress for the game.

Twelve Round Fight in Winnipeg. WINNIPEG, Nov. 11.—Jack Herrick of Chicago will play to a draw before a large crowd here to-night. TWO O.H.A. TEAMS FOR BERLIN

Ed. Wettlaufer Elected President of Intermediates Oppose Amendment.

BERLIN, Nov. 11.—(Special.) Berlin is to have two O.H.A. teams this winter—intermediate and junior. The intermediates have organized with the following officers:

President, Ed. Wettlaufer; first vice-president, Fred Weaver; second vice-president, John Cochran; third vice-president, Dr. J. J. Walters; secretary, Walter Smith; treasurer, George Enslin; delegate to O.H.A., C. G. Hordley.

The club will oppose the proposed amendment to provide for the retirement of the player at a compensation of \$1000 on an annual basis in case of a player being injured. The amendment is based on the ground that such a rule would tend to encourage future injuries in order to retire the star player of the other team.

OAKWOOD AND PARKDALE WIN HIGH SCHOOL FINALS

Good Crowd at Varsity Field Watch Rugby Games Played in a Lizzard.

Despite yesterday's miniature blizzard some two thousand enthusiastic high school pupils and their friends turned up at Varsity field to see the high school Rugby final that was played on a ground at times covered with snow and on which it was almost impossible to keep a foot on the ground.

The first quarter showed the two teams very evenly matched. Riverdale had the advantage of the wind, which was steadily blowing across the field. Neither team were able to score during the period, but on numerous occasions both lines were

Oakwood, on changing ends, preferred to buck rather than kick with the wind and after about ten minutes of play Brown, by fast following up, secured a try for Riverdale, when one of Oakwood's half-backs fumbled a punt. McIntosh converted. This was the only score up to half time, which read Riverdale 5, Oakwood 0.

The play in the third quarter was much in Riverdale's favor and before the while blew for three-quarter time they had secured another try, which McIntosh converted. This was the only score during the period, but on numerous occasions both lines were

The teams lined up as follows: Riverdale (12): Back, Heath; halves, Well-Riverdale (12): Back, Heath; halves, Well-Riverdale (12): Back, Heath; halves, Well-

The punting and drop-kicking contests led to be cast off owing to the crowd infringing on the field. Jaris, I, high school champions, gave a ten-minute performance in the fourteen and scored four points in that time.

Dents Defeat Trinity. Mud, sleet and piercing winds have not much effect on football players, and, in spite of the weather, the game of the afternoon, a close and exciting game of Rugby in the Mulock Cup series was played on Varsity campus between Dents and Trinity.

That it was a hard-fought battle can be judged by the score itself, not a single touchdown being made during the entire game. Dents' line was too heavy for Trinity, the latter always failing to break thru or make any progress in scrims.

The score by quarters was: First-Dents 1, Trinity 0; Second-Dents 2, Trinity 0; Third-Dents 5, Trinity 2; Fourth-Dents 5, Trinity 2.

The teams lined up as follows: Dents (12): Full-back, Zimmerman; halves, Pinard, Davis, Adams; quarter, Gardner; scrummen, Wright, Schwetz; middle wings, Knight, Leonard; outside wings, McDonald, Manning.

Trinity (12): Full-back, Washburn; halves, Willis, Lunan, Clarke; quarter, Matheson; scrummen, Hayes, B. Shop, Kingston; right wing, Wright, Ditchburn, Smith; left wing, Keene, Spencer, Boddy.

Referee—Murray-Thompson. Umpire—Fred Varcoe. Parkdale School Old Boys. An organization of all of the Parkdale School Old Boys was held last night at the new school, corner Lansdowne avenue and Marion street.

Dedication Festival. The Church of St. Mary Magdalene, Manning-avenue and Ulster-street, will celebrate the annual dedication festival to-morrow and the day after to-morrow morning the rector, R. V. Charles Darling will preach and R. V. E. Sharp, rector of St. Thomas, in the evening. Monday night, Jas. Galley, A. J. O. A. will give an organ recital. Sunday next, Nov. 20, Canon Abbott will be the morning preacher and Rev. Prof. Boyle of Trinity College in the evening.

Gordon Todd, 3, by Todd (2144), worked a mile last week at Lexington in 2:10.

Star Patchen (2044), by Joe Patchen (2014), owned by A. H. Miller of Buffalo, recently worked a mile in 2:05.

Ed. F. Geers, the veteran harness turturman, has declined an offer to purchase and take charge of the track at Selma, Ala. Business men in that city have been energetic in their efforts to induce the famous reinsman to come there again, but Mr. Geers said that Selma wasn't lively enough for him.

A performance of more than passing interest was reported from Lexington during the recent trots, when two green pacers, Minor Bel and Sirens S., worked miles in 2:05 and 2:06, respectively. Minor Bel is by J. J. Audubon (2194), son of Alcegon (237), and Sirens S. by The Bondsman, and both are out of the same mare, a daughter of Kaiser, by George Wilkes.

When Colorado E. set the record for three-year-old trotters at 2:04 in a race at the recent Lexington meeting, the second colt, George Todd, was officially timed in 2:06, while Sue D. and Alwin finished so close that their time was the same as his. Four three-year-olds thus equaled or beat 2:06, which was the best time on record at the opening of the season. Two of the four sensational youngsters are by Todd (2144), son of Bingen (2:06).

Harry Stinson, who a cheived fame as a colt developer with Mary Celeste and Kentucky Todd, is now teaching the youngsters by General Watts, 3 (2:05), their first lessons, having recently engaged to General C. C. Watts of West Virginia. Stinson is a prime man for the position and will, no doubt, be prominent in the two-year-old futurities of next season with something sensational by the ex-champion three-year-old trotter, for, like his father, the late Cape Stinson, who electrified the Grand Circuit with Geneva and other trotting stars of his development, young Harry is competent and astute, a keen horseman, and frugal. His recent engagement with Miss K. L. Wilke of Crickston Farm, Ga., Ont., will be remembered best by his phenomenal success with Eddie Mac (2:05) and Kentucky Todd, 3 (2:05), and the Canadian farm can ill afford to lose him. That he will do won't work with the General Watts youngsters is certain.

Major Brino, the veteran pacer, owned by Mr. Hodson of Montreal, is still keeping up the good work. At Hill Grove, R. L. one day recently, he won the free-for-all pace, winning the second, third and fourth heats in 2:10, 2:11, and 2:09. Jennie W., by Alexander, winning the first heat in 2:09. Galagher was also in the race, but was drawn before the finish.

Hazel Chimes, owned by S. H. Hurley if this city, was a newcomer to the matinee game given by the Dufferin Driving Club this week. She is a half-sister of that fast pacer mare, Mattie Chimes, that won nearly all the free-for-all events up to the late four years. This mare is a fast but she showed any amount of speed, but was erratic. She is a free-jigger pacer and like it, with proper handling, she would be quite a racehorse.

At the Friends' Association meeting Sunday afternoon in Forum Hall, Harry Peck will give a lecture on "Esperantism." The public are invited.

TO-DAY'S CHURCH CENSUS

150,000 Record Cards Have Been Issued for the Count.

This afternoon, the church census of the City of Toronto is to be taken. It is expected that three hours will be sufficient time to cover the entire city...

A wire was received yesterday from J. Shreve Durham, who superintended the recent campaign in Chicago, stating that he would spend Saturday in Toronto in order to observe the methods used here in the work of home visitation.

There will be 150,000 record cards distributed among the census takers. At first it was thought 100,000 would do, but 25,000 extra were ordered as a precaution.

Building in York Loan District Swells Lists—No Sub-way Bylaw.

The fact that there are from 8000 to 10,000 more names on the city's voters list this year than last, is striking evidence of the growth of the city...

The city clerk's department states that the big increase is in the sixth ward, where the property of the defunct York Loan Company, in process of liquidation, has been largely built upon.

The voters' lists will be on exhibition in the city clerk's department for three weeks, starting to-day, between 9 a.m. and 5 p.m.

STEALING BOOKS FROM LIBRARY

Ten Found in Student's Room—A Serious Question.

Difficulties have been met with in the working of the open shelf system in the public libraries of Toronto. The system was discussed at length by the library board at the meeting yesterday afternoon.

The Riverdale library is better constructed. There the librarian can see everything that goes on. What calls for greater vigilance is that vandalism in regard to cutting leaves and passages from valuable books seems to be on the increase.

Considerable discussion was occasioned because a woman who was over the age limit was near the head of the list of those wishing positions. They decided to bar her.

A new branch library will be opened shortly in Deer Park. The reference library shows an increase, and the Yorkville and Church-street branches show a decrease.

'AN EARLY MORNING FIRE

Fire of unknown origin damaged the premises of the King Spinning Company at 68 East Adelaide street, and the stock of the Dominion Cloak Company (No. 66), by water, at 1:25 this morning.

The flames were seen by Policeman Southern bursting from the windows of the first floor. He turned in an alarm from the postoffice box. The firemen were quickly on the scene, and directed by Chief Thompson, the salvage corps promptly went to work to cover up the cloak company's stock.

The second floor of the building is vacant, but the top flat is occupied by the Premier Manufacturing Company, whose damage will be only by smoke. There was a fire in the same premises some months ago.

Diseases of the Skin

Often Appear With Sudden Changes of Temperature—Eczema and Salt Rheum Are Cured by Dr. Chase's Ointment

Cold, damp weather bring out eczema and salt rheum. Many who are subject to these ailments do not suffer except during the changeable weather of fall or spring.

Relief comes almost as soon as this ointment is applied. Gradually the irritation disappears, the sores are healed up and the skin is left soft, smooth and natural.

There is always danger of eczema spreading and becoming chronic. For this reason the use of the ointment should be regular and persistent until the cure is thorough and complete.

A baby had been received some time before, and had no direct bearing on her death. She had evidently been under the influence of liquor.

HAMILTON AND RETURN 25c. GRAND TRUNK or C. P. R.

In the City of Hamilton is one of the finest clothing, furnishing and hat stores on the American continent. During the summer and almost every Saturday this fall we have done a very large business with Toronto people. It started in a small way and has grown until it is one of the big items in the success of this business. How they found us out we don't know. Last Saturday our sales with Toronto people ran over \$100. Just now we are running a purchase sale of clothing—\$6,000 worth of magnificent suits, overcoats and trousers, bought at one-third less than regular price. We have made arrangements that to any Toronto customer purchasing clothing from us to the value of \$9.95 up, we will deliver his purchase in the City of Toronto free of charge and allow him the difference over 25 cents on his ticket. We will also do something else. If he would permit us, and supply us with his photograph, name and address, we will publish his cut in The Hamilton Spectator as one of our out-of-town customers. These suits and overcoats are to be divided into several different prices. At \$9.95 suits and overcoats that run up as high as \$18.50. At \$14.95 suits and overcoats that are worth \$20. At \$18.95 suits that are worth \$25. At \$20 beautiful black Melton overcoats, fancy tweeds and suits that run up as high as \$30. You can have the trip to Hamilton, save from \$5 to \$10, and see one of the liveliest stores in the country. Ask any street car conductor and he will let you off at our store that has helped to make Hamilton famous.

This is a cut of Fove, who looks after the Hamilton store. He is half Irish and half Scotch. The Scotch half does all the buying and put this \$6000 deal through. The Irish half in away does the selling, so you can just imagine the values you will get.

Don't miss this opportunity of visiting Hamilton, seeing this magnificent store and at the same time saving a nice little parcel of money.

THEATRE OWNER'S RIGHT DEFINED BY A JUDGE

Action For Damages Against Gayety Theatre and Its Manager is Dismissed by Justice Teetzel.

Justice Teetzel rendered a significant judgment yesterday in dismissing with costs joint action for two claims of \$5000 damages against the Toronto Theatre Company, owning the Gayety, and manager Thos. R. Henry. Edward W. Hyde, Jr., and Oliver D. Lanman were plaintiffs, and sued because they were ejected from the theatre on March 12. They claimed, too, that they were assaulted by the former theatre constable, Archie Woods.

It is the first judgment of the kind rendered in Canada and establishes the theatre as a private institution, giving the manager the right to refuse to sell admission to any person at his own discretion. Every case hitherto tried in Toronto has either resulted in the theatre company losing or making a compromise. In fact, Manager Henry was advised by several theatrical managers to offer a compromise.

The plaintiffs, according to the evidence, purchased two 50 cent top box "T" seats. The usher discovered the two extra men in box "T" lower down. He demanded that plaintiffs show their stub checks, and was refused, Hyde saying an usher had kept the stubs. All the ushers on the lower floor were sent up to convince the ushers they were wrong. The clerk in the box office checked up and found two people shy in box "T" and two extra in box "T." The men refused to go upstairs and the constable asked them to leave the theatre, advising them if there had been a bona fide mistake the money would be refunded at the office. He asked them how much they paid for their seats, and they said 75 cents, which was wrong in any case, as the seats they occupied were \$1. When Woods took hold of Hyde, the latter struck him twice.

In dismissing the case, Justice Teetzel ruled that even if an usher placed a person in wrong seat, the theatre had a right to remove him, and if the man refused to move, he could be forcibly removed. He also said that Hyde, in striking the constable, laid himself open to being forcibly handled.

ANOTHER WESTERN DROUGHT

One Hundred and Forty "Dry" Campaigns Under Way in Saskatchewan.

Rev. J. W. Aikens, field secretary of the Methodist Board of Social Evangelism, returned yesterday from a visit to the north country. He also visited Calgary, Edmonton and Regina.

"We have a great deal to be thankful for in our Canadian west, from the moral point of view, when compared with the American west during the same period of development," said Mr. Aikens. "The lawbreakers of the west stand in mortal dread of the Northwest mounted police. There has been a large influx from the east, and this has had a great influence on the western people. I believe the Sabbath is as well observed in any of the western cities I visited as it is in the east."

"One hundred and forty local option campaigns are being waged in Saskatchewan, and I believe that they will carry in many places."

MURDERER STILL FREE

Elements Conspire to Prevent Police Reaching Him.

NORTH BAY, Nov. 11.—(Special.)—The slayer of Joseph Laroque of Monnetville is not yet arrested. Constable McEae chartered a boat and started Thursday morning in a blinding snowstorm to thread the narrow channels and dangerous winding passages of the western arm of Lake Nipissing on the thirty-five mile trip from Sturgeon Falls to Monnetville. The route traverses four miles of Sturgeon River, five miles of open lake, and the balance a narrow channel. The storm increased and the wheelsman lost his course, and to-day was the day for the regular steamer on the route, but the weather induced the mariners to lay up for the season. It will be difficult to reach Monnetville until the 40-mile winter road via Warren is available.

W. B. ALLAN A SUICIDE

Shoots Himself in Winnipeg—Supposedly From Hamilton.

WINNIPEG, Nov. 11.—(Special.)—A man who registered as W. B. Allan, and who is believed to have come from Hamilton, Ont., committed suicide by shooting himself in the mouth, at a local hotel. He was about 40 years old, and had been drinking heavily.

Papers found among his effects would show that he formerly held the position of private secretary to J. M. Gibson, now lieutenant-governor of Ontario.

His honor stated last night that he had no recollection of having had a secretary of that name.

WOMAN FOUND DEAD

And Man Who Treated to Whiskey is in Custody.

KINGSTON, Nov. 11.—(Special.)—Collins' Bay Village, seven miles west of Kingston on the G.T.R., was thrown into a state of excitement this morning on the finding of the dead body of a woman, identified as that of Mrs. Mary Emma McAlpine of Ottawa. The body was found in a kneeling position near the railway tracks with a gash in her head. The Kingston police suspected foul play, and Coroner Ross ordered an inquest.

Deceased was being traveling around the country with Samuel Slattery, also of Ottawa, an umbrella mender. They were in Kingston yesterday and walked out to Collins' Bay. It was pouring rain, and they took shelter in the woods, built a fire and had something to eat in sycops fashion. Slattery claims that after they had their meal, a man came on the scene who had a bottle of whiskey, and that the three drank. He remembered no more, as he went to sleep, and at daylight, when he awoke, he found his companion dead and the stranger gone.

George Simmons is alleged to have given the whiskey, and he was arrested in Kingston.

According to Slattery the woman has been going around the country with him for some time. He thought her husband was dead, and the two were to be married, but while out west they heard McAlpine was alive and the wedding was called off. She has two children in Port Arthur or Port William, two brothers, one sister in Ottawa and one sister in Pembroke. She was about 45 years of age, and Slattery is 50.

Lewis Martin, Revere House, was fined \$50 and costs for selling liquor

GOOD HEALTH FOR YOUNG GIRLS

What is Needed is the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

Perhaps you have already noticed that your daughter in her "teens" developed a fitful temper, is restless and excitable. In that case remember that the march of years is leading her on to womanhood, and at this time a great responsibility rests upon you as parents. If your daughter is pale, complains of weakness and depression, feels "all tired out" after a little exertion; if she tells of headaches, or back-aches, or pain in the side, do not disregard these warnings. Your daughter needs help, for she is most probably anaemic—that is, bloodless.

Should you notice any of these signs, lose no time, but procure Dr. Williams' Pink Pills, for her unhealthy girlhood is bound to lead to unhealthy womanhood. Dr. Williams' Pink Pills enrich impoverished blood and by doing so they repair waste and prevent disease. They give to the sickly, drooping girls, health, brightness and charm, with color in the cheeks, bright eyes, a lightness of step and high spirits. A case typified of thousands cured through the use of Dr. Williams' Pink Pills is that of Miss Grace Cunningham, Winnipeg, Man., who says: "I really cannot say enough in praise of Dr. Williams' Pink Pills, as they have made me feel like a new girl. I was pale and a most bloodless and thin that on an average I missed at least three school sessions a week, because I felt like a broken down person, and too weak to do anything. The doctor's medicine I took did little more than keep me in hope; it certainly did not cure me. Then I was advised to take Dr. Williams' Pink Pills, and they soon made me feel like a new person. Day by day I gained strength and color, and I have your medicine to thank for it."

Dr. Williams' Pink Pills are sold by all medicine dealers, or may be had by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

LOCAL OPTION CAMPAIGNS

Number of Alliance Conventions Are Arranged.

A series of county conventions have been arranged by the Dominion Alliance for next week. In Simcoe County, which is about three-fourths dry, a convention will be held in Barrie on Tuesday, where a local option campaign is on. For Victoria and Haliburton, where there are at the present time three licenses, a convention will be held in Lindsay on Thursday. The campaign in Bruce County will be held in Falsley on the 22nd; on the same day a convention will be held in Brantford for Peel County, which is entirely under local option with the exception of two municipalities, in which counties are now being waged, viz.: Toronto Gore and Streetsville. Morrisburg and Chesterville, with voting at the latter in January. Prince Edward County, which is all dry with the exception of Picton, will hold a convention on the 23rd.

Catholic Debating Union.

The Toronto Catholic Debating Union will be composed of the following clubs:

Our Lady of Lourdes, St. Francis' L. and A. A., St. Mary's C. L. and A. A., De La Salle ex-Pupils' Association, St. Peter's C.Y.M.A., St. Helen's Club and Riverdale Catholic Union. The officers are: Hon. president, Rev. Bro. Rogation; president, J. F. Coughlin; first vice-president, D. Balfour; second vice-president, J. B. Costello; secretary-treasurer, E. P. Redmond, 519 East Queen-street.

The first debate will be at St. Mary's C. L. and A. A. Dec. 2, De La Salle being the opponents.

Would Run for British Parliament.

MONTREAL, Nov. 11.—W. M. Aiken, the young Montrealer who has become a millionaire in the past few years, has decided to run for member of parliament in England, and is said to have selected North Cumberland as the seat he will contest. He formerly came from Halifax.

Hold-Up That Failed.

SARNIA, Nov. 11.—Charles Pratt, a steamer, was accosted by two unknown men at 6:30 p.m. One man presented a revolver and climbed on the steamer, demanding money. Pratt kicked the man in the face, and the other man, standing in front of the team, discharged a revolver and the horses ran away. Pratt lost the lines, and the horses ran several blocks.

Killed by a Burglar.

NEW YORK, Nov. 11.—A masked burglar looted the apartments of Henry Rosen, a shoe dealer and manufacturer, on Madison-avenue, to-day, returned with a pistol shot when the householder interrupted him in his plundering operations, and Rosen fell with a bullet in his chest.

DR. WINNETT HOME.

Blames Typhoid Epidemic on Poisonous Shell Fish.

It is the general impression among the officers of the Queen's Own Rifles during the trip of the regiment to England, that the cause was poisonous shell fish eaten on board ship on the way over, says Dr. Fred Winnett, regimental surgeon, one of the officers stricken, who arrived in Toronto yesterday. Dr. Winnett was the last man to be taken sick and is the first to arrive home.

A C.A.P. cable says: All the Q.O.R. officers are now recovering. Captain George is the weakest, but is improving. Capt. Pollitt and Lieut. Winnett, Massey and George are steadily gaining strength. Kirkpatrick has gone to the south of France to recuperate, and Muntz sails for Canada shortly.

WON'T TAKE RESIGNATION

Grace Hospital Management Favors Nurses' Superintendant.

Trouble between several nurses of Grace Hospital and Miss Scott, superintendent of nurses, has resulted in Miss Scott tendering her resignation. So far the resignation has not been accepted, and a reliable authority told "The World" last night that it likely would not be. Further, it was said that Miss Scott was one of the best superintendents the hospital has ever had, that she was a very capable and competent woman, that the work had been better done, and that the patients better looked after since she had taken over the work, and that the hospital authorities were not desirous of terminating the connection. An investigation will be made by the hospital board. In the case of subordinate nurses their liberties are curtailed, or if the case is serious their resignations are required.

Dry Your Clothes on a Wet Washday With a New Perfection Oil Heater

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

GREAT HORSE MARKET AND A GREAT SELLER

The Horse Exchange Managed by Herbert Smith Shows What Good Management Can Do.

There have been a number of articles recently in our columns about horse markets, the sales made, etc., and business done, but the Horse Exchange at the Union Stock Yards is, without doubt, the most complete institution of its kind in Canada in many ways, the most important being the railway loading chutes, which are within a few feet of the stable doors. When horses arrive they are unloaded and in the stables feeding within ten minutes from the time the cars are shunted in. This overcomes one of the greatest drawbacks dealers have had to contend with when shipping to Toronto markets. This is what the dealers like, as their horses start to fill out at once after the long, tedious trip from the country. Then, it is a pleasure to walk thru the long strings of stables and see all classes of horses in their well-kept stalls. The Dominion Government have stationed a veterinary surgeon and a health inspector at the Union Stock Yards, on account of the immense number of cattle and horses that are continually coming in to these yards; therefore, the horse stables are daily inspected and disinfected, under the supervision of these officers, putting them in a class by themselves and making them the most sanitary stables to be found. The Horse Exchange is under the management of Mr. Herbert Smith, brother of Walter Harland Smith, so often spoken of as one of the largest dealers, and best known in Canada in his time, but who has now retired from business. At these stables you will always find the experience of anyone now in this business, and under his management the business at the Union Stock Yards Horse Exchange is going ahead with leaps and bounds, and he reports that the business has been three times as great this year, so far as horses from, whether they want one head or a carload. Mr. Smith reports a choice lot of heavy-draughters for next week. Trade during the week was extra good, having shipped several loads to various parts of the Dominion, not mentioning the local business. Prices changed as follows: Draughters, \$20 to \$30; general purpose, \$17 to \$22; expressers, \$10 to \$25; drivers, \$10 to \$18; serviceably sound, all classes, \$3 to \$10.

Receipts of farm produce were 120 bushels of grain, 25 loads of hay, with several loads of mixed produce and a few dressed hogs. Wheat—One hundred bushels sold at 98c. Barley—Nine hundred bushels sold at 60c to 61c. Oats—Two hundred bushels sold at 55c. Hay—Twenty-five loads sold at \$17 to \$20, one load bringing the latter price. Potatoes. J. J. Ryan reports car lots of Ontario potatoes at 9c to 10c per bag. Good samples of Ontario-grown Delawares bring the latter price. Mr. Ryan headed four carloads this week at above prices. Grain—Wheat, No. 1, per bushel, \$1.08 to \$1.10. Wheat, No. 2, per bushel, \$1.05 to \$1.07. Rye, bushel, \$0.90 to \$0.92. Barley, bushel, \$0.89 to \$0.91. Oats, bushel, \$0.78 to \$0.80. Seeds—Alfalfa, No. 1, per bushel, \$7.50 to \$8.00. Alfalfa, No. 2, per bushel, \$6.75 to \$7.25. Alsike, No. 2, per bushel, \$6.00 to \$6.50. Red clover, No. 1, bushel, \$7.00 to \$7.25. Red clover, No. 2, bushel, \$6.00 to \$6.50. Red clover, No. 3, bushel, \$5.00 to \$5.50. Hay and Straw—Hay, per ton, \$17.00 to \$20.00. Clover or mixed hay, \$14.00 to \$15.00. Straw, loose, ton, \$8.00 to \$9.00. Straw, bundled, ton, \$15.00 to \$16.00. Fruits and Vegetables—Apples, per bushel, \$3.00 to \$4.00. Potatoes, per bag, \$0.65 to \$0.75. Carrots, per bushel, \$0.25 to \$0.40. Apples, per barrel, \$2.50 to \$3.00. Cabbage, per dozen, \$0.25 to \$0.35. Dairy Produce—Butter, farmers' dairy, \$0.25 to \$0.30. Eggs, strictly new-laid, \$0.45 to \$0.50. Poultry—Turkeys, dressed, lb., \$0.20 to \$0.22. Geese, per lb., \$0.12 to \$0.13. Spring chickens, lb., \$0.14 to \$0.16. Spring ducks, lb., \$0.14 to \$0.15. Fowl, per lb., \$0.11 to \$0.12. Beef, forequarters, cwt., \$7.00 to \$8.00. Beef, hindquarters, cwt., \$10.00 to \$11.00. Beef, choice sides, cwt., \$8.00 to \$9.00. Beef, medium, cwt., \$7.50 to \$8.50. Beef, common, cwt., \$5.00 to \$6.00. Mutton, light, cwt., \$8.00 to \$9.00. Veals, common, cwt., \$7.50 to \$8.50. Veals, prime, cwt., \$10.00 to \$12.00. Dressed hogs, cwt., \$10.00 to \$11.00. Lambs, per cwt., \$10.00 to \$12.00. FARM PRODUCE WHOLESALE. Hay, car lots, per ton, \$12.50 to \$13.00.

INCREASE AT BOTH YARDS IN CATTLE, SHEEP, HOGS

Receipts Show Ninety-five Cars Increase Over Year Ago, of Which Union Yards Have Eighty-eight.

The total receipts of live stock at the City and Union Stock Yards for the corresponding week of 1909 were as follows: City. Union. '10. '09. Cattle, 278, 156, 423. Hogs, 221, 242, 563. Sheep, 518, 147, 663. Calves, 215, 79, 254. Horses, 11, 120, 181. Total Live Stock. The total receipts of live stock at the City and Union Stock Yards for the past week were: City. Union. '10. '09. Cattle, 290, 244, 824. Hogs, 490, 278, 838. Sheep, 491, 215, 784. Calves, 445, 318, 523. Horses, 1, 60, 61. The combined receipts of live stock at the City and Union Stock Yards for the past week show an increase of 86 carloads—1705 cattle, 1093 hogs, 2232 sheep and lambs—but a decrease of 67 calves and 89 horses, compared with the corresponding week of 1909. At the City Yards there was an increase of seven carloads—359 cattle, 221 hogs, 1208 sheep and lambs—but a decrease of 73 calves and 10 horses, compared with corresponding week of last year. Not only have the Union Stock Yards been catering to the live stock trade of Ontario, but also to that of the northwest, and with what success may be seen by their weekly increases. Last week they had an increase of 73 carloads, and this week 83 carloads, compared with the corresponding week of 1909. Market Notes. A great deal of interest is developing in the first annual Toronto Fat Stock Show, to be held at the Union Stock Yards, Toronto, on Monday and Tuesday, Dec. 12 and 13, next, and indications are very for a large number of exhibits and visitors. A prominent feature of the show will be the auction sale of the prize-winning cattle, sheep and hogs, for Christmas market. Attention is called to the Union Horse Market advertisement in another column, in which two beautiful Shetland ponies are to be sold next Monday, positively without reserve. See ad. for full description of them.

New York Securities Turn Dull Again With Small Price Changes
Shows—Toronto Market Generally Firm.

World Office, Friday Evening, Nov. 11.
The Toronto stock market did not display any particular signs of vitality to-day, trading being generally dull and price movements too narrow to be indicative of any outstanding tendency.

Firmness was the general characteristic of the domestic issues, but some irregularity was to be noted in certain sections of the list, one or two securities being quoted lower than during the preceding session.

Burt common was the feature of the market, these shares scoring a remarkable advance. The opening sale was made nearly two points above yesterday's high figures, and the stock made a further gain of two points during the day, selling as high as 95, and closing only fractionally lower, with offerings at the top price of the session.

Rogers was another strong point in the list, a sale of this security being put thru at 200, against a top price of 195 yesterday. Talk of a larger return for shareholders accompanied the movement, but the general opinion was that this would take the form of a stock bonus, rather than an increase in the dividend rate.

The general speculative leaders were quiet and practically unchanged. Rogers made a small fractional advance from the previous day, but this did not hold Duluth-Superior and Twin City were both fractionally lower, and Sao Paulo was also easier, losing a full point for a broken lot of the shares.

The investment issues were very quiet, transactions in this department being limited to a few small lots of the bank securities.

and for the period of ten months, 19.07 per cent.—that is an increase over 1909. The increase over 1908 is for October, 23.9 per cent. and for the ten months, 43.7 per cent. It seems to us therefore that it is a most reasonable thing that our market has in a considerable measure broken away from the American market. We only hope the condition may continue. Taking the situation "by and large" we would be inclined to be careful in buying stocks in the States until trade conditions are a little better and the political situation is more settled, while in Canada we think considering the greater degree of prosperity and better general degree of political calm, we would favor the buying side.

ON WALL STREET.
Erickson Perkins & Co. had the following:
The early rally in stocks did not hold. Prices receded in the last hour to the lowest of the day. This was only natural. We always expect a secondary reaction, the it does not necessarily come on the second day. The setback was orderly and did not show urgent selling. The decline should be somewhat further, then stocks will do to buy for a turn. The market promises to be two-sided for some days yet. Advances from Steel centers to-day were a little reassuring. The railroads are putting in a moderate amount of orders, but nothing large. Yet, Steel interests take a favorable view of the outlook. They seem to think the business which held its own during the next two months, and look for some improvement in January.

Chas. Head & Co. to R. R. Bond:
It is now said that the Steel liquidation has been accomplished, and that the market outlook for this industry is improved. Heavy sales of copper are reported at 12 7/8 to 13c, 50,000,000 pounds are said to have been sold during the past fortnight. The strike situation in this city has been largely settled. The bank statement promises to show improvement tomorrow, as the banks gained from the interest showing that the westward flow of funds is not over for this season. There was a recession of 1-4 to 3/4 this morning notwithstanding the higher range of quotations cabled from London. These low quotations were immediately followed by an upward spurt, which carried prices to or above the closing figures of yesterday. Great dullness was the rule after the first hour, which yesterday supplied one-third of the total business to the extent of 400,000 shares, was easily the leader to-day in about the same proportion. We look for an uncertain and irregular market for the next week or so and should not buy stocks except on breaks of say a couple of points, and should sell on a similar basis. Closing was unsettled and heavy at near lowest.

J. P. Bickell & Co. had the following:
The market rested to-day with a generally strong undertone, except N. Y. C., which was depressed 2-1/2 points and rallied one of it. Whenever N. Y. C. was weak traders sold the rest of the market, and then there would be a rally. Atlantic Coast Line was particularly strong and some of the specialties rallied well. Taken as a whole the market meant little or nothing. A very large amount of Steel has passed within a week to most important interests, who are satisfied that existing conditions and prospects warrant higher prices for stocks. We understand that Steel will be the leader of operators who were not in the last advance, having acquired stocks on yesterday's decline. The market may not turn at once, but it is in full control of the dominant banking interests, and there is a large short interest all thru the list.

SPECULATIVE ENTHUSIASM IS LACKING.
World Office
Friday Evening, Nov. 11.
Irregularity was the outstanding characteristic of the Toronto Stock Exchange to-day. Traders were more disposed to adopt a waiting attitude than to conduct operations tending to influence the market either way, and price changes in consequence were not indicative of any specific trend of movement. The Burt shares were the only securities to be marked out for special attention, the common stock of this concern moving up rapidly under a forcible demand which sprang up over night. The action of this issue contrasted strangely with the rest of the market, which was comparatively unchanged under the dull trading which was in evidence. Wall-street quieted down considerably, and the movements on that exchange were too insignificant to be of any influence here. Speculative enthusiasm is not a factor in dealings on the Toronto market at the moment, and until speculation brightens up, no breadth of movement is likely to be witnessed.

Casement Cloths (FOURTH FLOOR.)

The use of Casement Cloths is becoming more popular every day. A large section of our Fourth Floor has been given over to the display of all the best Casement Cloths obtainable in the markets of Great Britain and the United States. The famous "colonial" fabrics vie with insertions, stencils and appliques from our own workrooms. As an option, we have Scotch nets, scrims plain or figured, satin cloths and other light weaves that make most attractive window drapes. You'll be surprised at the very reasonable prices.

Brass and China-ware in the Basement

Useful and ornamental articles collected for your choosing in the new basement. Each piece mentioned has a decorative value, and is very reasonably priced.

Parlor Hanging Lamp, 75-candle power, central draft burner, polished brass finish, extension spring, 14-inch, rich decorated dome shade; a rich, decorative, useful piece for the parlor at a very moderate price. Complete Lamp, \$6.75.

Reading Lamp, nickel fount and stand, centre draft burner, 75-candle power, green dome shade, for an all round household lamp this is hard to beat. Extra special. Complete, \$2.25.

Brass Umbrella Stand, brush brass finish, heavy weight stand; 22-inch, highly finished with heavy cast brass lion's head and ring on each side. Special, \$6.75.

Brass Candlesticks, 10-inch high, heavy cast antique design; make a pleasing decoration. A genuine snap, \$1.50 per pair.

Brass Jardiniere, brush brass finish, will take a 7½-inch pot, solid rolled finish, footed and handled. 200 only underpriced for quick selling. Regular \$3.50. Special \$2.00.

Jardiniere and Pedestal, 38 inches high, high-grade porcelain ware, decorated in the new Ravissant Art Ware; dark, deep, rich glaze, embossed bird and floral designs; a decisive bargain. Regular \$14.25. Special, \$6.00.

10-piece Toilet Set, in the famous Royal Doulton ware, an artistic set, beautiful deep tone colors, pleasing shapes, large size wash basin. This complete Doulton set, \$6.50.

97-piece Dinner Set, high-grade English semi-porcelain ware, rich gold decoration; a complete dinner and tea service for 12 people; will supply only 100 sets at the price, \$6.00 per set.

China Tea Set, 40 pieces, dainty floral decorations, gold trimmed, natural colors. Complete set, \$2.69.

One of Our Open Stock Patterns. 102-piece Dinner Set, beautiful translucent white china body, all pieces in the new St. Regis shape, decorated with neat natural color, floral band design; all pieces finished in genuine coin gold; cups have solid gold handles. To those whose wants require an extra fine quality ware at a moderate price this is your opportunity; our regular price \$50.00. Complete set for 17 people, \$39.00.

Money Spent on Your Home is Well Spent

This statement needs to be qualified.

But, speaking generally, you can get more satisfaction out of good permanent investments, in home-furnishings than out of most other ways of spending your money.

On the other hand, there is more money spent in Toronto every year on cheap tawdry household "junk" than it would take to rebuild the Parthenon.

When you consider this, would you not be interested in an assemblage of good permanent home-furnishings that is within a few minutes' ride of every home in Toronto? No use multiplying adjectives about our Fourth and Fifth Floors. Suffice it to say that there's just one verdict from the people who have made comparisons, and that is "There's nothing else like it in Canada!"

This, then, is the place to make your permanent investments in Homefurnishings, and you'll find here a brief summary of what we have to show you. But don't take the rest of this page as read; each item is, in itself, interesting enough to look for, the next time you're down town.

A Noteworthy Collection of Furniture (FIFTH FLOOR)

Beside the living room furniture mentioned in detail below, we direct your special attention to an assortment of small mahogany furniture, which contains some most desirable pieces. We will gladly store articles bought outright or hold them on deposit for Christmas delivery. The selection is now at its best.

Arm Den Chair, frames made in solid quartered oak, Early English finish, loose cushion seat and back covered with genuine Spanish leather. Price \$23.00.

Library Arm Chair, upholstered all over in the best of leather, spring seat, back, arms and head rests. Price \$63.00.

Davenport, in selected quartered oak, Mission style, in fumed or Early English finish, loose cushion seat in genuine Spanish leather, strongly made and comfortable. Price \$32.00.

Writing Desk, in genuine quartered oak, rich golden, fumed or Early English finishes, extra large writing bed, with good pigeon-hole arrangement and space for books underneath fitted with sliding glass door. Price \$21.50.

"Fireside" Reed Craft Rocking Chair, an exceptionally good pattern, made of selected materials by expert workmen, finish is rich brown in color, with upholstered seat and back in special Spanish art leather. Price \$12.50.

Reed Arm Chair, built on artistic lines and of graceful appearance. It is strong and durable and very suitable for libraries or living rooms. Price \$13.00.

Suite of Four Pieces, in birch-finished dull mahogany. Is built on straight lines, with upholstering of green panne plush, decorated around the seats with dull brass nails. This suite presents a very smart and pleasing effect and consists of settee, arm chair, arm rocking chair and small chair. Price \$59.00.

Sofa, in solid mahogany, produced from an old Colonial pattern. A magnificent design and perfect workmanship, with hand-carved roll arms and feet. Plain upholstering with covering of green denim. Price \$53.00.

Arm Rocker, in solid dull-finished mahogany, solid wood seat with high spindle back—an old-fashioned design, well made. Price \$15.50.

"Windsor" Arm Rocking Chair, in mahogany finished dull, box-shaped spindle back, with shaped solid wood seat. Price \$15.00.

Library Table, in mahogany, dull finish, large size, double top, heavy square legs with turned ball feet. Price \$20.00.

Sewing Table, of unique design, in dull mahogany, octagon shape, with opening top and each side opening down showing compartments to take care of the various articles necessary for sewing. Price \$19.75.

Modern Ideas in Wall Decoration

will be seen at their best when you review the following list of foreign wall coverings now being displayed on our Fifth Floor.

Out-of Effects, to match greys, buffs, yellows, greens. Per yard, 10c, 25c, 50c, 75c.

Room Mouldings to match any color shade in the different oaks, gilts or white, in any width of wall mouldings, chair rail, panel divider, card or plate rail. Prices according to size and color moulding. Per foot, 2c to 25c.

Ornaments, for paneling, in plaster, fibre and compo. Each 5c to 50c.

Portiere Curtains (FOURTH FLOOR.)

Door Curtains should be heavy to prevent draughts, and after that, may be as decorative as you like. The staple material for this purpose is velour, though monk's cloth and velvets run it close. Monk's cloth is reversible and has proved itself most satisfactory. We have it in rich shades of reds, browns and greens, as well as the natural shade, and with stencil or applique, it makes very handsome portieres. Our assortment of velours and velvets is made up of the best Imperial qualities, standard widths, prices ranging from a dollar and a half to five dollars a yard.

French Wilton Rugs (FOURTH FLOOR.)

That are Facsimiles of the Best Orientals.

All the most beautiful designs of the Old East are now reproduced in these marvelous modern Rugs.

The fabric is of the finest Wilton and stands years of hard wear, without materially affecting the colors, or the Rug itself. Really the only difference is that they are woven by machinery instead of by hand, and are considerably cheaper.

The prices are within reach of the majority of housekeepers:—

9 x 12	\$65.00 and \$70.00.
9 x 10.6	\$55.00 and \$60.00.
6 x 9	\$37.50.

If You're Looking for a Real Oriental

We would particularly like you to see our collection of Bokharas. Prices ranging from \$75.00 to \$300.00.

Our stock of "Bokharas" is second to none on this continent. We have also a large variety of "Royal Kermanshahs" and "Tabriz" Rugs, ranging in price from \$200.00 to \$500.00 each.

"Persian Strips," "Sarabends," "Turkey Carpets," "Shirvans," Small "Bokharas," "Kazaks," and a few good "Samarcands," at prices ranging from \$11.50 to \$100.00 each.

The Kind of Pictures You Want

It is a pleasure to live in the same house with the kind of pictures we've collected in our Sixth Floor Galleries. Here is a brief resume of what we have there:—

I. Original Oil and Water Colors, paintings by Canadian, English and Dutch artists; at low prices and in sizes to suit all rooms.

II. Reproductions of many well known paintings, including "Burlington Proofs," carbons, engravings, etchings, etc.

III. Mirrors of French design, in every convenient size; fitted at top with French and old English prints; these Mirrors add greatly to the finish of any room.
