PROBS: Fresh to strong northerly wind; fair and warm today.

FOURTEEN PAGES—THURSDAY MORNING OCTOBER 3 1912—FOURTEEN PAGES

A MUCH BELATED MELON

At the hour of going to press we are in receipt of the announcement of the prime minister of Canada that no authority of the governor-in-council has been granted to the Canadian Pacific to issue \$60,000,000 of melon stock.
Such a report was sent out to all the world from the annual meeting of the company yesterday. The stock exchange got it and acted on it. Later on Sir Thomas Shaughnessy denied that he had made the statement. He followed with another bulletin that he told the shareholders that an order-in-council was not needed, that parliament had already given the authority.
Is there any melon or is there to be any melon?
It looks as if it were belated at all events.
But whether there is a melon or not The World is led to think that a campaign against further exploitation of the people of Canada by the shareholders of the C. P. R. has had some effect.
The melon patch will be closed hereafter, at least as soon as parliament meets.
In the meantime we have to withhold any comment we propose making on this subject.
But we take it that we have won out against the buccaneering tactics of the company.

NO SANCTION GIVEN
C.P.R. STOCK ISSUE
BORDEN'S ASSURANCE

Finance Minister Also Denies Reports That Rich Melon Cutting Has Been Allowed—Railway Has No Reason to Assume It Now Has Legal Authority.
OTTAWA, Oct. 2.—(Special.)—The capital increase of C.P.R. stock, which was approved at a meeting of the company's shareholders, has not been approved by the government. A statement to this effect was issued by the finance department, and confirmed by the Rt. Hon. R. L. Borden.
It is understood that it is the view of the legal advisers of the company that previous legislation of the past few years is sufficient authority for the increase as it is now proposed, and not by sanction of the government by further legislation.
Previous increases of C.P.R. capital have not always been by orders-in-council, and the company claims that financing now arranged comes wholly within the powers under existing legislation.

OTTAWA, Oct. 2.—(Special.)—Notwithstanding any intimation which may have been made by Sir Thos. Shaughnessy at the annual meeting of the C. P. R. shareholders today, it can be stated definitely that the government has not officially sanctioned the increase. In fact, the question has never been considered by the cabinet.
There seems to be considerable doubt here as to just what Sir Thos. Shaughnessy meant when in the course of his address he said: "Instead of going to the market with any considerable portion of this amount, your directors recommend that you make use of the authority conferred upon you by the Parliament of Canada to issue ordinary shares of capital stock in lieu of consolidated debenture stock for the purpose for which you are authorized to issue consolidated debenture stock, and to that end that you increase your ordinary share capital from \$200,000,000 to \$260,000,000 to be offered to the shareholders at the price of \$175 per share of \$100, being at a premium of 75 per cent., at a time and on terms of payment to be fixed by your directors."

An Informal Assurance?
Sir Thos. Shaughnessy was in the capital last week and saw a number of the ministers, and it is felt that, while no official authorization will be issued for some days, the C. P. R. president has, nevertheless, received some intimation that the issue would be sanctioned. The general opinion here seems to be that nothing should be done about the matter until the western freight case, which comes up before the railway commission on Oct. 8, is heard. Should it be given to the satisfaction of the board, government and public that the C. P. R. freight and passenger rates in the west are not extortionate, then it would be time to think about granting an increase. It was pretty generally understood that the western wing of the cabinet was not in sympathy with the proposition. In fact, it has been hinted that nothing in any case would be done until after the Macdonald election, where it was held that any intimation of the governments intention to grant the increase would not help the Conservative candidate.
It is further pointed out here as an argument in favor of the question being submitted to parliament, that, if the increase is sanctioned by an order-in-council, the company's proposal could

C.P.R. WILL CUT
\$60,000,000
MELON

Sir Thos. Shaughnessy Assumes Proposed \$60,000,000 Stock Issue at \$175 Per Share Will Be Allowed, But Denies Final Authority is Secured at Ottawa.

Sir Thomas Shaughnessy, in announcing the forthcoming issue of \$60,000,000 C.P.R. stock at \$175 per share in the ratio of three shares of new stock to ten of now those held, did not expressly intimate that the Ottawa Government had already sanctioned the proposal and later denied that he had intended to convey that impression.
At \$175 per share the company would receive \$105,000,000, and at a market valuation of \$215 per share the shareholders would be made a present of \$60,000,000.

MONTREAL, Oct. 2.—(C.P.R. Despatch.)—At the annual meeting of the shareholders of the Canadian Pacific Railway Company today the report of the directors was unanimously adopted.
Wilmot D. Matthews, Sir Sandford Fleming, Adam R. Creelman and Sir William Whyte were re-elected directors.
A resolution was passed authorizing the construction and lease of lines mentioned in the annual report, and the purchase of the Cap De La Madeleine Railway.
At a special general meeting of the shareholders, held after the general meeting, pursuant to notice and to the power conferred upon the company by the parliament of Canada, an increase of the company's ordinary capital stock was authorized to the amount of \$60,000,000 in lieu of a like amount of consolidated debenture stock of the company already authorized the proceeds of this issue, so far as is necessary, to be used for the purposes for which four per cent. consolidated debenture stock would otherwise have been utilized, including the satisfaction and cancellation of the outstanding five per cent. first mortgage bonds.
The directors subsequently decided to offer this increase to the shareholders at a premium of 75 per share, in the

FIRST PROVERB IS OUT TODAY
Great \$5000 Proverb Contest Begins Today—Free Field to Everyone—Equal Chances to All.

"They're off!"
The great army of Toronto World readers have entered the unique and novel pictorial proverb contest with the first official proverb picture, which is published upon page 9, and everyone is clamoring to see if they can solve it.
Thousands have anxiously looked forward to this—the very first—proverb problem of the series of seventy-five illustrations which will appear during the next three months in The World's most entertaining and fascinating of all pictorial newspapers "evening-at-home games," and thousands of persons in Toronto and surrounding vicinity will also enter today with the opening.
It is getting a little too chilly to sit out on the verandah or go for a ferry ride to the island, or down to the beach, or take the long walks that we all so highly enjoyed during the "good old summer." Then, also, one doesn't feel like going to the photo-plays or the theatre every night. In fact, almost everyone likes to get by themselves, at least, for a few evenings during a week and think—just think to their heart's content.
And that's just the kind of amusing recreation that The Toronto World's novel and exciting pictorial proverb contest provides. The young people will revel in it, while the grown-ups will enjoy it. In short, it will be an

Will Hasten Peace in Tripoli

ROME, Oct. 2.—(Can. Press.)—The Balkan crisis will hasten peace, according to the prevalent opinion in Italian diplomatic circles. This is regarded as the only way in which Turkey can claim a free hand on the sea to permit the transport of her troops from Asiatic Turkey. The great fleet of Italy being thus removed as a factor, the Ottoman navy would be free to subjugate the Grecian fleet, which is inferior.
All the Italian bourses fell sharply in consequence of the Balkan crisis.

POWERS UNITE IN LIMITING WAR ZONE

Hostilities in Balkans Are Regarded as Almost Certain, and Concern of Great Nations is Now to Prevent General Outbreak—Fighting May Start at Any Hour.

BERLIN, Oct. 2.—(Can. Press.)—A pessimistic semi-official statement, intimating that war is highly probable, is published in today's Norddeutsche Allgemeine Zeitung. The hope is expressed, however, that the great powers will be able to prevent a general conflagration.
The statement, which speaks with a plainness found only in semi-official pronouncements of the most serious kind, is in part as follows:
"The alleged or actual measures of Turkish mobilization have given the Balkan states a reason or excuse for mobilizing their forces. It cannot be determined with certainty whether their action is a counter-move to the Turkish preparations or whether it indicates serious belligerent intentions. The measures taken by the Balkan states, however, have undoubtedly increased the possibility of a collision between them and Turkey.
"With firm will on the part of all the powers to prevent an extension of the conflict, they must ultimately arrive at an understanding on the subject. If, therefore, the immediate possibility of a collision in the Balkans cannot be disregarded, it may confidently be expected that a conflagration of wider extent, into which the European great powers might be drawn, will be avoided."

Will Localize War.

The German foreign minister, Alfred von Kiderlen-Waechter, in an interview on the situation in the Balkans, made public today, said:
"The situation is so precarious from a military point of view that hostilities may break out at any moment. The great powers, however, are united in their determination not to permit any change in the territorial position. It is hoped that the certainty of gaining only glory and no acquisition of territory if they are successful may at the last moment exert a pacifying effect on the Balkan states.
"The possibility of any great power becoming involved if war should break out may be regarded as out of the question. Hostilities certainly will be localized.
"The Turkish embassy here regards the situation in the blackest light and believes there is scarcely any chance in twenty of preserving peace."

Sir Wilfrid Here Yesterday.

Sir Wilfrid Laurier and his colleagues—Hon. Charles Murphy, Hon. G. P. Graham and Hon. Sydney Fisher—spent yesterday in Toronto following a speech-making tour thru Eastern Ontario. They leave today by special car to Chatham. Sir Wilfrid was the guest of J. E. Atkinson at a dinner in the National Club at noon, and last night was tendered a dinner in the York Club by Sir Wm. Mulock.

New Fall Hats and Raincoats.

The Dineen Company, 140 Yonge street, claim to have on sale today the best showing of men's hats to be found anywhere in Canada, or in the United States. It embraces not only the finest American blocks by Dunlap and Stetson, but also those by Henry Heath of London, Eng., for which Dineen is sole Canadian agent. There is also an exclusive showing of men's raincoats and umbrellas.

IMMIGRATION RECORDS ARE BROKEN

4413 New-Comers Arrived During the Past Month, of Which 75 Per Cent. Are English, With Small Contingents of Irish and Scotch, But More Are Needed.

Immigrants to the number of 4413 for the month of September, as compared with only about a hundred in September last year and more than three hundred for the first three days of this month to less than a hundred for the whole of last October. This is the proud record of the Dominion Government Ontario immigration office at the Toronto Union Station, and shows the number of immigrants which have been distributed by their officials throughout the province last year.
Of these immigrants at least seventy-five per cent. are English, with a small percentage of Irish and Scotch. Of the total number of immigrants located in Ontario this season about ninety per cent. are British-born. At least nearly forty thousand immigrants have been distributed throughout Ontario this year, which is three or four times the number of any previous year. Ontario is now getting forty per cent. of the total number of immigrants entering the Dominion.
The farmers are by no means getting the bulk of the new arrivals. At the present time Toronto is receiving about fifty per cent. of those coming to this province, and the other cities and towns in Ontario are also getting a good share. But even with this the wants of the manufacturers of the towns outside of Toronto alone are not being met. Some of these are asking the immigration officials at Toronto to send them three or four hundred men, and thru the province the demand is exceedingly brisk. Hamilton ranks next to Toronto in absorbing immigrants. In fact, every train bringing in immigrants has a number on board who are bound for Hamilton, and the next census taken at that city should show a surprising growth in the population.

SLAYER OF GIRL ADMITS GUILT

DETROIT, Mich., Oct. 2.—(Can. Press.)—George Spangler, a laborer, 35 years old, confessed to the police tonight that he murdered 13-year-old Maude Reir, whose mutilated body was found last night in an alley at the rear of her father's home in Beaufort avenue.
According to the police Spangler, who is described as a degenerate, gave complete details of the crime.
"I met the girl and talked to her," he said. "She knew me and was not afraid. I took my jackknife and cut her throat first, then mangled her body."
Spangler was a neighbor of the Reir family and had often been in their home. He was taken into custody shortly after the crime was discovered last night.

TWO MOTORISTS KILLED

William Guy of Cornwall, a Victim at Calgary.
CALGARY, Alberta, Oct. 2.—Dr. Thos. H. Quirk of Calgary, and William Guy, paving inspector, whose home is in Cornwall, Ont., were instantly killed here at 11 o'clock Monday night in a motor accident.
Dr. Quirk was driving the car, when some defect in the mechanism caused it to swerve and strike a water tank.
Coroner Dr. Elliot's jury yesterday afternoon found that Della McGoey came to her death on Tuesday afternoon as a result of being accidentally struck by a motor car. The car was driven by Jas. Scott, a butcher at 395 Devonport road, and he was exonerated from all blame in connection with the death of the child.

DRIVER IS EXONERATED.

Seats for "The Pink Lady."
The advance sale of seats for the engagement of "The Pink Lady," at the Princess next week, opens this morning at the theatre box office. It will be the original New York and London company that will come here. In the cast are such favorites as Frank Lator and Hazel Dawn in the leading parts.

In Memory of Brock

OTTAWA, Oct. 2.—(Special.)—The government has ordered that on Oct. 12, in honor of the one hundredth anniversary of the death of General Brock, and of one hundred years of peace between Canada and the United States, a salute of twenty-one guns be fired at the principal military stations throughout Canada.

NEW OFFICIALS TO BE NAMED AT ONCE

At Least Two Additional Home Missionary Superintendents for the West Will Be Appointed by Methodist Board of Missions, Which Meets at Brantford Today.

Another important forward step is to be taken by the Methodist Church this week. It will be the appointment of at least two additional home missionary superintendents. This will be in response to an insistent demand from the western provinces, where the growth of the partially settled country has been phenomenal. Three new superintendents are asked for. Two at least will be appointed—one for Saskatchewan and one for Alberta. They will be western men, and the advice of the Methodist general superintendent for the northwest, Rev. Dr. Chown, will largely decide on who will be selected.
The appointments will be made at the annual meeting of the general board of the missions, which will open at Brantford this morning under the presidency of Rev. Dr. Carman.

TURKEY TO GET ULTIMATUM TODAY

Autonomy for Macedonia, Albania, Serbia and Crete to Be Demanded, and, Failing Compliance, Powers Will Be Notified That Hostilities Will Begin.

LONDON, Oct. 2.—(Can. Press.)—No ultimatum has yet been delivered to Turkey from the four Balkan states, but, according to the most reliable news, such an ultimatum will be presented at Constantinople tomorrow. It will demand autonomy for Macedonia, Albania, Old Serbia and Crete within three days. In the event of failure to comply with this demand, the Balkan coalition will repeat its request and at the same time address a collective note to the great powers, notifying them that after the expiration of another three days the Balkan states will enforce the demand by force of arms.
This there will be a respite of a week before hostilities open.
This respite will be utilized by the powers to seek to arrange a compromise with Turkey acceptable to the four states which it is believed will prefer a way out without bloodshed.
The Austro-Hungarian foreign minister, Count von Berchtold, had a conference of more than an hour with King George at Vienna today.
No further news has been received of the reported frontier conflicts, but tension continues extreme, especially owing to the seizure by the Turkish authorities of Greek vessels.

Turkey Will Avoid War.

"If the Balkan states have in view some idea of autonomy for Macedonia they can be informed immediately that this is out of the question," was the reply of a representative of the Turkish embassy to an enquiry as to what Turkey was willing to do to appease those who are threatening her with war.
The official pointed out that Turkey had decided to apply to the whole of European Turkey the reforms already introduced in Albania. The Porte, he said, realized that reforms were needed, but their application could not be carried out in a minute. Unless the Balkan states, he continued, were merely seeking a pretext for trouble, their only course was to allow reasonable time for the reforms to go into effect.

WILL NOT GET BEST PART OF PARK

Forty Acres of Glen Stewart Property, Facing Kingston Road, Will Be Retained by A. E. Ames if Council Pays Senator Cox \$600,000 for Park Lands.

Suspicious swiftness has marked the progress of the city's dealings over Glen Stewart, Senator Cox's property on East Queen street. Very few of the aldermen, probably not a half-dozen, have ever looked over the proposed park, although they may all have seen it from the passing cars. Probably those who have seen it think that the city will, if it buys from the senator, get the high level plateau on the Kingston road, which is really the only valuable part of the tract. It affords a wide view over the east city and the lake. It is worth easily \$7500 an acre—the price for the whole property—but the city isn't going to get this part. A. E. Ames is keeping the best part of Glen Stewart, 40 acres on the Kingston road. The city is to receive—if it buys—some 50 acres of ravine, ravine slopes, and pond. And another east end pond—Small's pond—will have to be drained say city authorities because it is unhealthy.
Yesterday a couple of the aldermen, who were formerly for the purchase of Glen Stewart for a park, were turned from this attitude when they learned that the city is not to get the only level and high piece in the entire property.

RAILWAY IS ABLE TO IGNORE CABINET

President's Assurances to the Shareholders Taken to Mean He Considers No Further Permission to Be Necessary—Allusion to Authority Conferred by Parliament.

MONTREAL, Oct. 2.—(Can. Press.)—The interesting feature in connection with the meeting of the C.P.R. shareholders, held today to ratify the issue of \$60,000,000 of additional ordinary share capital, was the development of the fact that the company did not consider the permission of the government necessary. In other words, according to the company's contention, the parliament of Canada had already conferred upon the company the power which it was generally supposed would have to be secured from the government by order-in-council, and against the granting of which there has been some agitation. Sir Thomas Shaughnessy thus put the matter in his address to the shareholders:
"Instead of going to the market with any considerable portion of this amount, your directors recommend that you make use of the authority conferred on you by the parliament of Canada to issue ordinary shares of capital stock in lieu of consolidated debenture stock for the purposes for which you are authorized to issue consolidated stocks," etc. In other words, parliament has already authorized the company to issue ordinary shares or consolidated debenture stock as it may see fit for certain specified purposes, and in this instance the company has elected to issue ordinary shares. For the \$60,000,000 of stock to be issued it will receive \$105,000,000. Of this amount it will use \$60,000,000 for the purposes specified under which it may issue consolidated debenture stock, and it will have the balance of \$45,000,000 available for those purposes for which ordinary share capital is usually issued.

WORLD'S \$5000 CONTEST OPENS TODAY. PROVERB NO. 1 ON PAGE 9

THURSDAY MORNING

TEN CHILDREN TOO CLOSELY TO PERISHED IN FLAMES

Terrible Tragedy Enacted in Home in Dorchester County, Quebec, While Parents Were Playing Cards at Neighbor's House--Bodies Were Burned to a Crisp.

ST. BERNARD, Dorchester County, Que., Oct. 2.—(Can. Press.)—Left alone in their home by their parents, who went out to a neighbor's to play cards, the ten children of Mr. and Mrs. Alexander Gravel of this place were burned to death at a late hour last night. The Gravel home was completely destroyed. The fire is believed to have been due to the explosion of a kerosene lamp.

The dead children, the eldest is years, and the youngest is months, had no chance to escape. The Gravel parents were startled by seeing a bright reflection in the sky. Rushing out of the neighbor's house, they discovered that their home was in flames. They had no opportunity to attempt to rescue any of their children, for the roof fell in while they were hurrying to the scene. The bodies of all ten children were burned to a crisp.

The dead children are: Eva, 18 years; Denise, 15 years; Adela, 13 years; Romeo, 12 years; Regina, 11 years; Marie-Ange, 8 years; Francois, 7 years; Lionel, 5 years; Marie Louise, 3 years; Simon, 16 months.

Gave Soothing Syrup. It is said that the younger Gravel children were given a dose of soothing syrup to make them sleep during the absence of their parents, and it is said that this dosing of children has become quite prevalent among country people of the vicinity, who wish to spend social evenings among their neighbors without having to worry about the little ones.

However, the fire at the Gravel home broke out so suddenly that there would have been no opportunity for any of the children to escape.

St. Bernard is four miles from Scott's Junction, Beauce County, on the line of the Quebec Central Railway. The village is not connected by telephones.

FIRST PROVERB OUT TODAY

Continued From Page 1.

entertaining and instructive game for both young and old, with several small fortunes in store for those who will persist in a little painstaking effort to name the illustrations nearest correct.

Turn to page nine now and first see if you can name the proverb the first picture represents. If you can, you should enter the competition at once, by simply clipping the picture and coupon-blank, and following up the contest each day by buying a Daily and Sunday World, and solving the proverbs the pictures represent.

A good plan for contestants would be to clip the coupon-blank daily and write their answers thereon only after they have carefully studied upon the capability of the correct one to each picture. Also contestants must be careful not to write more than one answer upon each coupon-blank, as the rules strictly forbid it. However, where contestants are in doubt about the correct solution to any of the proverb illustrations, and desire to submit additional answers to the same number, they may do so by securing extra coupon-blanks for each additional answer, being careful not to send more than five answers to any one proverb illustration.

Another important thing that contestants should bear in mind is not to send in answers until the last picture is published. After the last or seventy-fifth picture has appeared, The World will allow contestants twelve days' time in which to complete their sets, and bring or mail them to the Contest Manager, as fully stated in the conditions governing the competition.

The contest will be extremely simple and easy to follow. The only thing contestants will need to be careful about is the exact spelling, wording and punctuation of the proverbs, as these are the essentials that the judges, whose names will be announced in due course, will take into account in awarding the prizes.

Every one desiring to enter should note the time in placing an order with their newsdealer to have The Toronto Daily and Sunday World delivered to them regularly every day during the period of the contest, as the demand for additional copies of The World will be far in excess of the regular edition, and unless orders are placed in advance with newsdealers, it will be difficult to supply back copies.

Tell your newsdealer today to begin serving you with a copy of the paper every day from now on.

TREAT SEWAGE

Strong Opposition to Proposed Measure Aimed at Stopping Pollution of Great Lakes.

OTTAWA, Oct. 2.—(Can. Press.)—To compel cities along the great lakes to so treat their sewage that it would not contaminate the lakes into which it is dumped would place upon these cities an unnecessary and unjustifiable expense which would bankrupt the cities in most cases. This was the opinion of Dr. McLaughlin, an expert from the surgeon-general's office at Washington, D.C., who recently reported on the question of the pollution of the great lakes by the American cities. "I know that there is a strong sentiment against dumping raw sewage into the rivers and lakes, but this sentiment, while no doubt it is earnest, is largely due to lack of information. It is sentimental rather than practicable. Of course, it might be different in the case of small rivers, but in such large rivers as we are considering here such a restriction is not necessary."

This evidence was given today before the international joint commission on waterways now in session here, which has been asked by the governments of the United States and Canada to report on the whole question of the pollution of boundary waters.

Not Washed Across Lakes. Dr. McLaughlin filed his report on the pollution of the great lakes and rivers along the American shore, and both he and Professor Starkey of McGill University, who is acting for Canada, thought it impossible that any American shore had been, and then a report on the pollution of the Canadian shore contamination being carried to the American shore and vice versa.

The commission will continue this question tomorrow, but the two medical men seem to be of the opinion that the Canadian situation should be reported on in a manner such as the American shore had been, and then a report on the pollution of the Canadian shore contamination being carried to the American shore and vice versa.

THE C.P.R. WILL CUT A \$60,000,000 MELON

ratio of three shares to ten of their holdings. Also an issue of debenture stock was authorized to acquire outstanding securities of the Dominion Atlantic Railway.

Investment "Reasonably Attractive." In moving the adoption of the report the president, Sir Thomas Shaughnessy, after referring to the company's prosperous year, the crop conditions in the Northwest, the expected completion of the double track between Port Williams and Calgary by the end of 1912 and to other works in hand on various portions of the system, said with reference to the proposed increase in the ordinary share capital of the company:

"The most prudent and effective method of providing money for all these purposes has the close and constant attention of your directors, and they believe that in the future, as in the past, the best interests of the company and of Canada will be served by giving an opportunity to the shareholders of the company to furnish from time to time the additional capital on a basis that makes the investment reasonably attractive."

To Retire Bonds. With the four per cent. consolidated stock that your directors are now authorized to issue and sell, the proceeds to be used in retiring outstanding bonds carrying a higher rate of interest, and in meeting expenditures for additional railway mileage heretofore constructed or acquired, and the consolidated debenture stock that may be issued in respect of the proposed construction or acquisition of the several railway lines described in the annual report, that you will be asked to sanction at this meeting, there will be a total of approximately \$90,000,000 four per cent. consolidated debenture stock, in excess of all heretofore disposed of that the company will be authorized to issue and sell. Instead of going to the market with any considerable portion of this amount, your directors recommend that you make use of the authority conferred upon you by the parliament of Canada to issue ordinary shares of capital stock in lieu of consolidated debenture stock, for the purpose for which you are authorized to issue consolidated debenture stock, and to that end that you increase your ordinary share capital from \$200,000,000 to \$280,000,000, to be offered to the shareholders at the price of \$175 for each share of \$100, being at a premium of 75 per cent at a time and on terms of payment to be fixed by your directors.

Advantageous Financing. The proceeds of this issue to the amount of \$80,000,000 will be used to meet expenditures for which the proceeds of consolidated debenture stock would otherwise have been utilized, including the satisfaction and cancellation of all of the company's outstanding 5 per cent. first mortgage bonds, amounting to \$23,768,000 on or before the date of their maturity, July 1, 1915, and the balance will be devoted to such ad-

YORK COUNTY ANNUAL FAIR AT COOKSVILLE

Day's Inauguration. West Toronto North Toronto East Toronto. Excitement and gaiety was the order of the day at Cooksville yesterday, this being the day of the annual fall fair. The fair this year has surpassed any that has been held in Cooksville for some time. It is estimated that there were between six and seven thousand people present. There were a large number of people who took advantage of the fine weather and spent the afternoon enjoying the sports and in connection with the event. All around the grounds were had taken advantage of the good roads for a spin in the country. The entries of fruit were of the highest quality. The various classes of horses shown, especially in the driver classes.

Better Entries in All Classes—Good Racing and Fine Baby Show Made New Record.

Excitement and gaiety was the order of the day at Cooksville yesterday, this being the day of the annual fall fair. The fair this year has surpassed any that has been held in Cooksville for some time. It is estimated that there were between six and seven thousand people present. There were a large number of people who took advantage of the fine weather and spent the afternoon enjoying the sports and in connection with the event. All around the grounds were had taken advantage of the good roads for a spin in the country. The entries of fruit were of the highest quality. The various classes of horses shown, especially in the driver classes.

Ward Seven. Complaints are being made in all parts of West Toronto about the bad state of the roads. The mud in many of the streets is very deep, but it is in the northern section of the ward that the condition of the streets is almost impassable, and it is a common occurrence for heavily-laden vehicles to become stuck in the deep mud.

The Annette street Public School defeated the Western Avenue School yesterday afternoon at the town park by a score of 2 to 1. The girls of the Humboldt Collegiate Institute held a meeting yesterday afternoon for the purpose of discussing the organization of a girls' athletic association to facilitate physical culture. The matter is being taken up by Miss Stewart, a member of the staff, and a meeting for organization purposes will be held in the near future.

George Sarson, a fireman on the C. P. Ry. died at his home in West Toronto yesterday morning while the train was approaching Milton. The dead man was a resident in this locality for many years. He was 37 years of age and came from England. A meeting is announced to be held in the town hall on Saturday night. This is the annual meeting for the election of officers. All ratepayers are requested to attend. Meetings are called for tonight in the election of officers. All ratepayers are requested to attend.

North Toronto. A meeting is announced to be held in the town hall on Saturday night. This is the annual meeting for the election of officers. All ratepayers are requested to attend. Meetings are called for tonight in the election of officers. All ratepayers are requested to attend.

TODMORDEN. Mrs. Alexander Pape, 126 Bee street, Todmorden, was found dead in a shack at the rear of a nearly completed six-roomed brick house which had been built and hoped to live in.

Mrs. Pape had lived in Todmorden in a little over a year. She was found in a room, perhaps, the best known woman there, because of the strength and industry she displayed in helping to build the brick house which was to supplant the two-roomed shack she lived in. With spade and pick she helped to excavate the foundations, and delivered there she would step out and catch them two at a throw as neatly as any man.

A night school in her life before, she was a native of Aberdeen, Scotland, which city she left less than eighteen months ago for Canada. She was in her 39th year. She leaves, besides her husband and daughter, two sons in England.

Imagine, then, hundreds of persons standing in the water up to their shoulders, while all around them masses of sheep were being driven and sent out flocking tongues over the water in their direction, barked in their thirst for victims.

Conductor—"See here, don't you know better than to pull that strap in the middle? You'll ruin both bells." Fat man—"I know that as well as myself. But it's both ends of the car or I want ter stop!"—Satire.

"Doc, give me something for my headache." "Did you ever have a headache before?" "Nope—usually after."—Toledo Blade.

"My good woman, I think you are suffering from an acute attack of not being a 'No doctor, 'tain't that. I'm only homesick."—Baltimore American.

"It has taken Billinger six years to save enough money to visit Europe. He called to-day." "How long will he be gone?" "Six weeks."—Cleveland Plain Dealer.

Wildmas, Sr. (to son home from college)—"Well Richard, how have things been going with you this term?" Wildmas, Jr.—"Pretty good, dad—except the cash."—Boston Transcript.

"What did your wife say to you when you got home last night?" "You may have time to listen, but I haven't time to tell you. I've got to catch a train in two hours."—Houston Post.

SYNOPSIS OF CANADIAN HOME-OWNERS' LAND REGULATIONS. A family, or any male over 18 years old, may homestead a quarter section of Dominion land in any of the provinces, territories or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency on certain conditions. Duties: Six months residence upon cultivation of the land in each of three years. A homesteader may live within miles of his homestead on a farm of at least six acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price: \$10 per acre. Duties: Must reside upon the homestead or pre-empt six months in each of six years from date of homestead entry (including the time required to start homestead entry) and cultivate fifty acres extra.

ESTATE NOTICE. ADMINISTRATOR'S NOTICE TO Creditors. In the Matter of the Estate of Catherine Sheard, Late of the City of Toronto, in the County of York, Married Woman, Deceased. Notice is hereby given, pursuant to R.S.O. 1897, Chapter 129, and amending acts, that all persons having claims against the estate of the late Catherine Sheard, who died on or about the 25th day of March, 1908, are required to send by post prepaid, or to deliver to the undersigned on or before the 15th day of October, 1912, their names and addresses and full particulars of their claims, and after the said date the administrator will proceed to distribute the assets of the said estate among those entitled thereto, having regard only to the claims of which he shall then have notice as above required, and that he shall not be liable for any part of the said assets to any person of whose claim notice shall not then have been received. Dated at Toronto this 17th day of September, A.D. 1912. P. H. DRAYTON, Solicitor for the Company, 18 King Street West, Toronto. 4444

Baseball Giants or Red Sox?

Note and Comment

Local fans are pretty nearly evenly divided in their sentiments towards the Giants and White Sox...

It is a foregone conclusion that Chief Meyers will catch all of the big games unless disabled and that the Giants' outfield will be made up of Snodgrass, Beckel and Murray...

Comparing the rival players, man for man, is interesting, but it doesn't mean anything. Look for a leading role in ball games if the Giants get the jump on the Red Sox...

Here is something worth remembering: Umpire Klein will call balls and strikes at all the games in New York...

Will the Red Sox try bundling to beat Teresau? The Toronto man weighs 225 pounds and the Hub sharps seem to think that he will find a means to make his handle balls that are dumped down near the plate...

NAPS AND SOX ARE WINNERS

At St. Louis-Cleveland won the opening game of the farewell series with St. Louis this afternoon by a score of 10 to 1...

At Detroit-Chicago defeated Detroit 8 to 1 in a game featured by Cobb's hitting and base running...

H. C. GRIFFITH COACHES VARSITY

Blue and White in Good Work-out - Argos Busy - Rugby Gossip.

Under the direction of H. C. Griffith, Varsity had another splendid practice last night, which was concluded by three-quarters of an hour line-up with the second team...

The feature of the work-out was the back division. Maxnam, Campbell and Gossie repeatedly made 50 and 60-yard passes by strategy and quick work...

The University School's second played Jarvis seconds at U. R. S. grounds the home team winning by 12-8. The line-up of the winners was as follows...

Dr. Hendry will referee the Argos-Montreal game on Saturday. A line-up of the Central Y. rugby team for their game with St. Michael's College...

McDonald suddenly regained his early season form's asks the N.Y. Sun. The reason to believe that McGraw has purposely practiced Marquard is that he was at his best for the world's series...

Will the Red Sox try bundling to beat Teresau? The Toronto man weighs 225 pounds and the Hub sharps seem to think that he will find a means to make his handle balls that are dumped down near the plate...

PHILADELPHIA GIANTS AGAIN

New Players Last Game of Season on Polo Grounds - National League Scores.

At New York-In their last National League contest at the Polo Grounds this season New York was again defeated by Philadelphia by a score of 2 to 1. The game came to a sensational close, the champions filling the bases with one out in the ninth when Crawford, hitting for Witt, hit a vicious drive over Dodger's head...

At Boston-Boston defeated Brooklyn in the first game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At Chicago-Chicago defeated Brooklyn in the second game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At St. Louis-St. Louis defeated Philadelphia in the third game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At Cincinnati-Cincinnati defeated Philadelphia in the fourth game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At Pittsburgh-Pittsburgh defeated Philadelphia in the fifth game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At Cleveland-Cleveland defeated Philadelphia in the sixth game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At Detroit-Detroit defeated Philadelphia in the seventh game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At Washington-Washington defeated Philadelphia in the eighth game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

At New York-New York defeated Philadelphia in the ninth game of the season. Scores: R.H.E. Philadelphia..... 000200000-2 2 2 Boston..... 010000000-1 2 0

OLDFATHER GOSSIP

How the Teams Fared Saturday, and What They Should Do at the Week-End, By the Critic.

Woolwich Arsenal were lucky to draw with Newcastle United, and I think Chelsea were a bit lucky, too, in drawing with Oldham. Blackburn Rovers were the only team in the league to beat their opponents on Saturday...

BADEN WINS THE BUGKEYE

Favorites in Front in Grand Circuit Races at Columbus — A Champion Stallion.

COLUMBUS, Oct. 2.—Baden, beaten last week in the Hoste-Columbus Stake, captured the Bugkeye this afternoon and in so doing defeated the same trotters that were ahead of him in the richer event. He trotted the first and third heats in 1:54, half a second better than his own previous record. The performance gave the stake a new record and ranks as the best of the Grand Circuit this year for trotters of Baden's class. His winnings for the season were sent to \$2,100.

Eva Cord and Besse Bee, like Baden, were winning favorites. The former took the 2 1/2 trot in straight heats. Besse Bee was third twice in the 2 1/2 pace and then started to win. The 2 1/2 trot, five heats of which were raced Tuesday, was settled with a sixth heat. In it Dr. Wilkes won by a neck to stand off Jean Arlon in the stretch. Impetuous Palmer, 3 year old pacer, owned by L. C. Kinney of Burlington, Ill., and driven by C. A. Valentine, made himself the world's champion for stallions of his age. He won in an attack against the record, 2:05 1/2, held jointly by Jim Logan and Klatsawan. The time by quarters was 34, 1:09 1/2, 2:04 1/2, 2:05 1/2. A class trotting, purse \$1,000, 2 in 5. Dr. Wilkes, b.g. (Murphy), 2:10 1/2, 1:11 1/2. Jean Arlon, b.m. (Gray), 2:11 1/2, 1:12 1/2. Mack's Mack, b.h. (McDonald), 2:12 1/2, 1:13 1/2. Judge K., g.g. (Maxton), 2:13 1/2, 1:14 1/2. Alza Coast, b.m. (Dempsy), 2:14 1/2, 1:15 1/2. Glendale, b.g. (Shackleton), 2:15 1/2, 1:16 1/2. Reuben Whitehead, ch.h. (Nuckolls), 2:16 1/2, 1:17 1/2. Decoration, ch.h. THURSDAY MORNING, OCT. 3, 1913.

U.S. PRESIDENTIAL PROBABILITIES.

Constitutional authorities in the United States are and have been busily engaged in discussing the complications that may possibly arise after the coming United States election. Theoretically the presidential election rests with certain groups of men equal in number in each state, with its total of senators and representatives in congress. Under normal circumstances these groups vote for the candidate of their party, but there is no legal provision requiring them to do this. The moral obligation has hitherto sufficed, and might now have sufficed, but for the unprecedented situation created by the intrusion of an independent party. Without entering upon the complications arising out of the candidacy of Col. Roosevelt in opposition both to President Taft, the recognized Republican nominee, and Gov. Woodrow Wilson, the accepted Democratic champion, attention has been concentrated on the probable issue of the contest for representation in the electoral college. In order to a presidential election one or other of the candidates must have an absolute majority of the whole number of electoral votes—if none is given, the duty devolves upon the house of representatives alone. But, in this event, each state casts one vote, and the nature of that vote is determined by the political majority of its representatives. As it happens, in the present house there are 22 states with a Republican majority and an equal number of states with a Democratic majority. The remaining four states are evenly divided politically and can cast no vote at all. Since an absolute majority of states is required, it is plain that unless some of the states cross the floor, the house will still fail to elect a president.

Falling an election by the house of representatives, the senate is called upon to elect one of the three vice-presidential candidates as acting president. Here again is another complication, for the senate, nominally Republican, has its majority composed of both Conservatives and Progressives. It is possible, therefore, that even the senate may fail to elect a president. In that event, the curious are asking how it will be possible to carry on the government of the United States. According to the Presidential Succession Act, on the death, incapacity or disability of the president, the vice-president becomes his successor. Should the vice-president fall, the succession descends to the secretary of state, and on his default, to the remaining members of the president's cabinet in order of seniority. But some constitutional authorities hold that the end of the presidential term automatically dissolves the cabinet. If that contention is correct and there has been no preceding election of a president, the United States will be confronted with an unparalleled situation, which may leave even the president at the mercy of a supreme court that has already established its right to declare unconstitutional an act passed by congress and subscribed by the chief executive.

TORONTO MUSICAL FESTIVAL.

The advance program of the Toronto musical festival, to be held in the Arena next week, shows that the managers have succeeded in making it most comprehensive. Practically all the best music is represented, and a student fortunate enough to attend the whole series of concerts should receive an excellent foundation for a musical education. The orchestral numbers range from the heavier works of Bach and Beethoven to the lighter but still charming compositions of Debussy and Nicolai. The operatic field is covered by vocal and orchestral selections from works ancient and modern, including Wagner, Mozart, Gounod, Puccini, Verdi and many others. Interesting piano and violin solos are also promised. The names of such artists as Gadsdill, Sembrich, Harrold, Fonant and Frangstad, appearing on the program, give assurance that the performance will reach the highest plane of artistic excellence. The importance of such a musical festival to the city is very great. Besides being a valuable advertisement, bringing as it does hundreds of visitors from other parts of Canada and the United States, it enables our many musical students to hear and study music of a kind that is usually confined to metropolitan centres such as New York, Paris, Berlin and London. It only remains for the citizens to give the promoters of the festival the

EUROPE'S STORM CENTRE.

Trouble in the Balkans, that storm centre of Eastern Europe, has never been anything but more or less imminent and never far removed. Of late the restiveness of the Balkan states, especially Bulgaria and Montenegro, has been unusually marked, and indeed for some time there was fierce fighting on the Turkish-Montenegrin frontier, with each proclaiming the other as the aggressor, an incident not at all uncommon, tho at the moment more menacing than in less critical times. European Turkey now is simply a bone of contention among the various independent states that form its land boundaries and that are each hungering to appropriate as large a share of the spoil as they can obtain.

Behind them again are the conflicting interests of the great European powers—Russia, Germany and Austria-Hungary. Russia's desire to acquire Constantinople and control of the Dardanelles has always conditioned its policy, Austria, which has already cordoned Bosnia-Herzegovina, aspires after a greater suzerainty. Germany is believed to have ear-marked Asia Minor as a new field for its activity. These claims, to some extent in sharp conflict and scarcely ripe for adjustment, render it probable that strong efforts will be made to preserve peace. But small and irresponsible states are difficult to control, and mobilization of troops on the frontiers leaves little scope for effective central control when national spirit is inflamed.

Captains of Industry Entertained at Falls

NIAGARA FALLS, Ont., Oct. 3.—(Special)—Forty-five foreign nations were represented by the 500 members of the International Chambers of Commerce, who spent today here. The party arrived from Buffalo this morning, leaving this afternoon for Detroit. The delegation, detained on the American side and were formally received by the joint reception committee appointed by the boards of trade of the two cities of Niagara Falls. The visiting delegation was escorted to the Niagara Falls power house and inspected it. The eminent foreigners expressed the greatest wonder at what they saw revealed.

CAN'T ENLARGE HARBOR DOCKS

Scheme to Enable West Indian Port to Profit by Panama Canal Abandoned.

LONDON, Oct. 2.—(Can. Press)—A despatch from Copenhagen says that the scheme for the enlargement of the harbor docks at St. Thomas, D.W.I., in the expectation that the opening of the Panama Canal would greatly increase the shipping trade, has been abandoned owing to the lack of financial support. Only \$1,250,000 of the \$5,000,000 required has been subscribed.

JURY READY SOON

Prosecution of Alleged Dynamite Conspirators May Start Tomorrow.

INDIANAPOLIS, Ind., Oct. 2.—(Can. Press)—Thirty-four veniremen had been excused and twelve remained in the box still under consideration at the conclusion of today's examination for the selection of a jury to try the 46 men accused by the government of complicity in the "dynamite plots."

GUILTY OF PERJURY

Wm. J. Cottrell Made False Statements in a Damage Suit.

BOY ACCIDENTALLY SHOT.

SHERBROOKE, Que., Oct. 2.—(Can. Press)—Russell Bloomfield, 14-year-old, only son of Dr. S. J. Bloomfield, lies in a critical condition as a result of a bullet wound received from a .32 calibre revolver in the hands of a young lad named Wright, son of C. J. Wright. Both boys were playing together when Wright pointed the revolver at Bloomfield. It was discharged and the bullet entered the boy's forehead. An operation was performed, but the bullet could not be located.

N. W. ROWELL AT KINGSTON.

KINGSTON, Oct. 2.—(Special)—N. W. Rowell, K.C., will visit Kingston on October 14 and will speak at the alumni conference of Queen's University. He will also confer with the executive of the reform association. He will be tendered a banquet by leading citizens at the Frontenac Club.

A SPORT

UNCLE SAM: It's a new one, but, by gum, I'm tired of Old Party puff-balls an' I'll take a chance on it.

HUMBER SCHEME WILL TAKE IN RAIVNE

Black Creek Property Has Been Secured, and Will Be Joined to Humber Boulevard — Commissioner Chisholm on Coal Supply — Civic Guild Would Widen College Street.

"This scheme will be worked out whether the city accepts my offer or not," declares Home Smith of his Humber Valley development project. "My directors are coming from England to view the properties and all I can say is that something has got to drop before the end of the year. We will work it out and other people will conclude that it is a wonderful success."

Property Commissioner Chisholm does not agree with the remarks of Charles Murphy, transportation master of the C.P.R., to the effect that the city should provide proper facilities for the reception of coal in case of famine, because, he declares, that "Mr. Murphy seems to be talking far from the point. How is the city to compel coal dealers to increase their yard accommodation and unloading facilities? It is absurd to suggest that the men whose interest it is to handle larger quantities of coal would require the city to force them to increase their business. The bigger the quantities they handle the better for themselves in the matter of profits."

The Guild of Civic Art contemplate the widening of College street from St. George to Yonge street, and it is expected that a bill authorizing the work will be submitted to the Ontario Legislature next session.

Tenders for the paving of two sections of St. Clair avenue will be opened by the board of control today. These sections are from Bathurst street to Hendrick avenue and from Hendrick to 125 feet west of Albert avenue. Tenders for that portion extending from the latter point to Bona avenue will be opened in two weeks.

Coffee Percolators

Make coffee a new discovery. If you once taste coffee made in a percolator, "Good-bye" every other way of making it. They are not an experiment. They are here to stay. Prices \$5 to \$20.

GRIGGS LECTURES

Edward Howard Griggs is to deliver a series of lectures at Guild Hall on "Human Progress, a Study of Modern Civilization." Eight lectures will be given and will be as follows: Oct. 9, "What is Progress"; Oct. 16, "The Causes of Human Progress"; Oct. 23, "Elements of the Ideal of Life"; Oct. 30, "Historic Sources of Modern Civilization"; Nov. 6, "Womanhood and Human Progress"; Nov. 13, "The Problem of Social Reform"; Nov. 20, "The Social Ideal in Modern Civilization"; and Nov. 27, "Education and Democracy."

ONTARIO FRUIT SELLS IN WEST

Winnipeg and Edmonton Markets Are Glutted, but Good Prices Given for Ontario Products.

The western market is glutted with fruit, according to the information of James Parnell, the Ontario Government's special commissioner at Winnipeg. Mr. Parnell reports that the market has been loaded with fruits from the east and west during the past week. He says Alberta peaches from Washington State, are selling in Winnipeg at 50 cent a crate. Ontario peaches are selling at a better price. There is a good demand for early grapes. There have been heavy shipments of tomatoes from Ontario. A car of Gravenstein apples from Nova Scotia are selling at \$4.25 a barrel. The Edmonton market is a little better than Winnipeg.

LEFT COURT AND WILL APPEAL

Counsel for Defendants Was Refused an Adjournment, But Will Take Case to Higher Court.

An unusual incident in court formula occurred in the jury civil assizes before Chancellor Boyd, yesterday, in which a case was placed before the jury men with no defence, the court directing that they hear the facts as claimed by the plaintiff. Mr. Harcourt Ferguson, counsel for the Kent Company Limited, defendants in a \$5000 suit for damages brought by Elias Nokes, when the case was called, asked for an adjournment, stating that he had not a single witness in court, expecting to have no difficulty in securing an adjournment. The action is the result of an accident to Nokes, sustained when employed in installing a refrigerating and ice plant in the Webb Company's Bakery in 1911. Nokes claims that he was allowed to set machinery in motion before proper tests had been applied, and chemicals, striking him in the face, on August 24, an explosion took place, severely injuring him.

It is understood that Mr. Ferguson will ask for an appeal on the ground that he had not a single witness in court, expecting to have no difficulty in securing an adjournment. The action is the result of an accident to Nokes, sustained when employed in installing a refrigerating and ice plant in the Webb Company's Bakery in 1911. Nokes claims that he was allowed to set machinery in motion before proper tests had been applied, and chemicals, striking him in the face, on August 24, an explosion took place, severely injuring him.

FATAL WRECK NEAR KINGSTON

Mrs. Alfred Brown, Moscow, Killed, and Many Hurt When Train Jumped Track.

KINGSTON, Oct. 2.—(Special)—One woman killed, four seriously hurt, and a few others with minor injuries, is toll of accidents, which occurred on the Bay of Quinte Railway shortly before 11 o'clock this morning, when the regular mixed train from Tweed to Kingston, jumped the track at Sydenham Road, four miles from this city, and rolled down an embankment. Mrs. Alfred Brown of Moscow, Ont., was killed, and the following injured: Mrs. A. Fahland, Clamb Falls, Wisconsin, left arm broken and badly cut on temple, not expected to recover; Mrs. A. E. Yourex, Moscow, Ont., internally injured; Conductor Marshall Parks, Tweed, hip injured, not serious; N. M. Beattie, Windsor, Ontario, Canadian Northern Railway, face badly cut. In addition to these, there were fifteen other passengers who were badly shaken up, but received no serious injuries. The injured were brought to this city.

Mrs. Brown lived but a few minutes after the crash. She was found by Mr. Benjamin, lying against one of the registers in the car. He carried her out of the wreckage, but she only lived a few minutes. All injured were sitting on the one side of the train.

Cause Not Known.
 The cause of the accident is unknown, although one report is that the train on the second box car jumped the track, and threw the rest of the train off. The train was traveling about 35 miles an hour. Dr. A. E. Ross will hold an inquest here.

The train was composed of five box cars, one baggage, and one passenger coach. All the cars went off the track and were turned upside down. The engine was alone left on the track, the coupling having been separated. Frank Donnelly, engineer of Tweed, escaped, also his fireman.

M. Brumskill, Toronto, mail clerk, also escaped. Conductor Parks came into the city on the engine, and gave word of the accident.

Germ Fed By Putrid Gases.
 The ancient idea that putrid gases or miasma produce disease has been forgotten in the last half-century or so in the discoveries of microscopic organisms as the cause of various infections, but Dr. A. Trillat, of the Pasteur Institute of Paris, has shown that inviolated air may play an indirect part, after all.

In a lecture at the University of Geneva he has made known experiments proving that the composition of the air has much influence on these infections, the development of germs of plague and diphtheria being surprisingly stimulated in the presence of slight traces of putrid gases. This was first demonstrated in the laboratory, but afterwards appeared under natural conditions when like bacteria were exposed in the open air near sewers, marshes and other sources of bad odors.

A change in methods of disinfection is likely to be found necessary, although it is not supposed that any gas affects all disease germs in the same way.

It was Dr. Trillat who suggested that milk souring and meat putrefaction in thunder storms are not due to acids formed by the electrical discharges, but are caused by gases released from the soil as a result of the low air pressure accompanying storms.

Microscope and Telescope Combined.
 The microscope is converted into a telescope at will by the simple attachment of A. Cornell, an English experimenter. The device consists of a draw-tube carrying a telescope lens and a series of diaphragms for stopping down the light to give sharp definition.

Using a telescope objective with a focal length of seven inches and a microscope objective of one inch, a magnification of forty-five diameters is obtained. Jupiter and four of its moons are shown, and many useful observations may be made. By means of a reflector mounted on a universal joint, objects overhead or nearly so can be viewed with ease and comfort. The tube is attached to the under side of the microscope stage, and the instrument thus formed is a handy telescope about fifteen inches long, having the screws of the microscope for focusing.

THE WEATHER

OBSERVATORY, TORONTO, Oct. 2.—(8 p.m.)—The distribution of pressure has changed little since last night except that the disturbance which was over the Maritime Provinces has moved eastward to Newfoundland, and the other over Saskatchewan is passing to the northward of the great lakes. Showers have occurred today in Nova Scotia, but in all other parts of the Dominion the weather has been fine and from the great lakes westward it has been quite warm.

Minimum and maximum temperatures: Victoria, 50-54; Vancouver, 53-55; Kamloops, 52-70; Calgary, 34-68; Edmonton, 40-52; Battleford, 46-70; Moon Jaw, 42-67; Regina, 40-51; Winnipeg, 40-70; Parry Sound, 33-52; London, 34-53; Toronto, 38-53; Kingston, 22-43; Ottawa, 30-53; Montreal, 34-52; Quebec, 36-48; St. John, 40-48; Halifax, 42-50.

Probabilities:

Lower Lakes and Georgian Bay—Fresh to strong southwesterly winds; fair and warm today; showers by night.

Ottawa Valley and Upper St. Lawrence—Southerly to southeasterly winds; fair and warmer, followed by showers.

Lower St. Lawrence and Gulf—Westerly and southerly winds; fair and a heavy shower or rain.

Maritime Provinces—Fresh westerly and southwesterly winds; fair and cool; Friday warmer; showers.

Lake Superior—Fresh to strong southwesterly to westerly winds; warm, with scattered showers.

Manitoba, Saskatchewan and Alberta—Fresh to strong westerly winds; fair and moderately warm.

Canon Scott of St. Matthew's, Albert Ernest Stafford Smythe of the Toronto World to Janie, eldest daughter of Thomas Henderson of the Park, Newton Stewart, County Tyrone, Ireland, and niece of the late Mrs. Stafford Smythe.

DEATHS

CUMMINS—On Wednesday, Oct. 2, 1912, at Humber Bay, Margaret Jane Waites, beloved wife of William Cummins, aged 42 years.

Funeral on Friday, Oct. 4, at 3 p.m., to Humber Bay Cemetery.

DAVIS—Suddenly, at Regina, Saskatchewan, on Sunday, Sept. 29, 1912, James Ernest Davis, son of Mrs. J. F. Davis, 648 Parliament street.

Funeral from above address on Saturday, at 3 p.m., to St. James' Cemetery.

LEMON—On Tuesday, Oct. 1, 1912, Maria, widow of Edward Lemon, in her eighty-first year.

Funeral will be held from the residence of her son, Mr. W. E. Lemon, 208 Crawford street, on Thursday, Oct. 3, at 2 p.m., to Mount Pleasant Cemetery.

MELROY—Suddenly, at 174 George street, on Oct. 1, 1912, James Melroy, in his 57th year.

Funeral from above address on Friday morning, Oct. 4, 1912, at 3:30 a.m., to St. Michael's Cathedral, thence to Roman Catholic Cemetery, Thornhill.

ROWE—On Wednesday, Oct. 2, 1912, at her residence, 178 Geoffrey street, Amelia, widow of the late George Oke Rowe.

Funeral Friday, Oct. 4, at 2:30 p.m., from above address to Mount Pleasant Cemetery.

IN MEMORIAM.

THOMSON—In loving memory of Willie Thomson, late of Paisley, Renfrewshire, Scotland, who departed this life Oct. 6, 1907.

Five years have passed, but still I miss him.

Never shall his memory fade.

Loving thoughts will always linger.

Round the grave where Willie's laid.

—Sister Margaret.

DEVELOPMENT OF TORONTO AS FAR GREATER THAN THAT OF MONTREAL, SAYS VISITOR

Osman Giddy of London, Who Came to Canada to Study Conditions at First Hand, Says Outlying Residential Districts and Business Quarters Are Remarkable in the Way They Have Been Laid Out.

Mr. Osman Giddy, a member of the business firm of land agents and surveyors in London, England, who are now associated with Robins Limited, in the disposal of Canadian properties in Great Britain, made some interesting remarks in representative talks here yesterday on his first visit to Canada. Mr. Giddy, whose firm, it may be said, is one of long standing in the old country, where it has been interested in some of the latest estates and beautiful mansions which give charm to England, came to Canada in order to study conditions on the spot, and he is saying the country greatly impressed by what he has seen.

"My visit on the present occasion," he remarked, "has been of a business character, also, of course, it has been impossible to alienate pleasure, and, indeed, I should not like to have done so. Before leaving England I was told of the extraordinary expansion of the city which I should observe in Canada, but that which I have seen surpasses anything that had been conjured up by my imagination. At the time at my disposal on the present occasion has not permitted me to go to the far west, in Montreal and Toronto I have seen something of a great country in the making. The vigor, the ever-increasing vitality and the spirit of progress which permeates both of these cities is indeed fascinating, and I have no doubt that the conclusion that their end is not yet."

Better Buildings.

"At Montreal I was impressed by the great activity to be observed in the business part of the city—the way in which buildings were being demolished for the erection of structures better adapted to meet modern requirements. Buildings which I was told had only been in existence about 25 years, were being razed to the ground. In these changes one saw the evidence of the great development that must be taking place in Canada itself."

"How does it compare with London?" was a question put to Mr. Giddy.

"I think," he replied, "that although the growth of London is comparatively rapid, one does not see such a remarkable change in the way in which the two largest cities of Canada, I refer, of course, to Montreal and Toronto.

"I am not of course," Mr. Giddy added, "going to deny Montreal its bad roads, and there are a few bad thoroughfares around Toronto, but coming to Toronto, it struck me that while the city had all the fervor and business hum that so peculiarly distinguishes Montreal, it has also an environment which I may describe as decidedly English, perhaps I should say British. It occurred to me also that Toronto, in respect to its business and residential districts and business centers, was in many ways far ahead of the way in which they have been laid out, particularly when one remembers the condition of the roads leading to them, and in having as yet not been properly made."

Hard to Keep Pace.

The opinion formed by a visitor is a question put to Mr. Giddy.

"The opinion formed by a visitor is a question put to Mr. Giddy. He has seen so great and the wealth that has followed has accumulated so rapidly, that the civic authorities have found it difficult to keep pace with the rapid development of the city. He pointed out the improvements and providing the facilities for transportation, which in the ordinary sense attends development."

Accidental Death

McNally Boy Met

Was Crushed Between Two Log Poles Belonging to the City Hydro-Electric System.

"We find that George McNally came to his death by being accidentally crushed between two log poles belonging to the Hydro-Electric Company in their yards on Edwin street on Sept. 26, as a result of which he died on Oct. 1 at the Hospital for Sick Children. We strongly recommend that concerning operating such yards have them properly enclosed, to preclude entrance, and also that restricting signs be placed conspicuously," was the verdict returned by a jury under Coroner Wigham at the morgue last night.

McNally, who was but four years of age, was found caught between two log poles, which were resting upon stays about two feet above the ground in the storage yards of the company. No one saw the accident take place, but it is supposed McNally fell between the two poles, the jar causing them to roll against him.

It was shown that also there is a high fence around the yards, the two gates, however, proper gates were erected and as a result children of the neighborhood would often go among the poles to play. The day after the accident, however, proper gates were erected and the yards since kept free of children. No signs warning persons against entering the yards had been placed up.

ITALY SUPPORTS POWERS.

ROME, Oct. 2.—(Can. Press.)—Italy, altho at war with Turkey for a year past, joined the ranks of the peace-makers today and gave her support to the powers which are trying to prevent the Balkan states from attacking her enemy. Specific instructions have been sent to the Italian ministers at Athens, Sofia, Belgrade and Cetina to join in the representations of the great powers in urging moderation and avoidance of provocative action, while the peace says they are desiring a plan for the permanent settlement of the Macedonian troubles.

LETHBRIDGE WANTS CROWE.

Sergeant at Agnes Street Station Offered Position of Chief.

Now it is Sergeant Crowe of No. 1 Police Station that a western city is after. The commissioners of Lethbridge have offered the post of chief of police to the sergeant at a salary to be named by himself. The sergeant says he is ready to accept a salary of \$2,800. Sgt. Crowe says that with the other sergeants he will refuse the position. Inspector Black and ex-inspector Davis have also been mentioned for the position.

CONVENTION CALL

Baptist Sunday School Association Meets Next Week.

H. G. Hawkins, secretary, has issued a call for the semi-annual meeting of the Toronto Baptist Sunday School Convention. It will be held at Bloor Street Church on Thursday evening, October 10.

MEN RETURN TO WORK.

The trouble of the United Garment Workers with the contractors of the Scottish Wharf, Montreal, was satisfactorily settled after a two hours' strike yesterday, and all the men have returned to work.

HOT ATTACK ON 'BOSS' MURPHY

Stormy Scene in Democratic State Convention at Syracuse — Murphy is Upheld.

SYRACUSE, N.Y., Oct. 2.—(Can. Press.)—The Democratic convention was thrown into an uproar this afternoon by an attack upon Charles F. Murphy, the Tammany leader, directed by Thos. M. Osborne of Auburn, who long has been identified with the effort to unseat Mr. Murphy and his friends from their position of prominence in the party in New York State.

Mr. Osborne opened fire when he presented a minority report as a member of the platform committee, and asked the convention to strike out the planks endorsing the administration of Gov. Dix, and commending the record of the Democratic legislature. He declared that the party had not fulfilled its pledges, and that Mr. Murphy was to blame. "You think," he said, "speaking for himself and friends, 'we are fighting Dix.' We are not, nor have we been. To do so would be to waste powder. His hour has struck, and already that utter heartlessness to shut the money market is expected to appear of defiance on the part of the government."

Tumult Reigns.

There was wild disorder as Osborne went on to declare that Murphy's "hour is about to strike."

Mr. Osborne led the platform followed by a storm of jeers and hisses, and Senator Robert F. Wagner, chairman of the resolutions committee, hurried to the platform to answer him. His charges, Mr. Murphy's critic was disappointed because he had failed to receive the nomination for governor of U. S. senate.

Senator Wagner warmly defended Leader Murphy, declaring that his public and private life were above reproach and concluded with a defence of the platform which Osborne had proposed. The platform was adopted without dissent.

JOHN LUMSDEN SICK.

Mr. John Lumsden, who for the past 12 years has been messenger to the House of Education, is reported to be very ill. Mr. Lumsden has been ill since last July, but only took to his bed a few days three weeks ago.

He was for years a printer in Toronto, but gave up this work to take a position in the city hall.

FRENCH CONSULAR AGENT DEAD.

QUEBEC, Oct. 2.—(Can. Press.)—E. Roumille, French consular agent at Quebec, died here this afternoon, following an illness of several months.

Italy's Greatest Engineering Feat.

Just fifty years ago there was inaugurated in Italy the greatest engineering feat ever conceived in that country—the draining of the Fucian Lake. The great havoc caused by the floods of 1822 decided the Italian government to undertake the problem seriously. A company was formed but the Westminster Gazette says, it met with such difficulties and was so badly managed that it was on the point of bankruptcy.

The patriotic Prince Alexander Torlonia bought up all the stock and commenced the work again. In August, 1862, the first spadeful of earth was dug. Time after time the main drainage canal had to be enlarged, until in 1875 the lake was completely drained. To complete this magnificent work it was then necessary to build 600 miles of irrigation canals and 238 bridges to cross them. Thus one of the great engineering works of civilization was completed.

Instead of a lake where 200 fishermen eked out a miserable existence by selling a few pounds of fish, 35,000 acres of land were restored to agriculture, now affording a livelihood to 10,000 workmen.

The revenue derived from the Fucian Lake was thereby increased from \$20,000 to \$1,500,000 per annum. The enterprise, apart from the beneficent results which it had effected, was also a success. Claudius made a serious blunder; and during his reign 30,000 slaves were employed for seven years endeavoring to construct a drainage canal thru the surrounding rocks. The enterprise ended in failure.

It is recorded that Claudius spent between twelve and thirteen million pounds sterling.

The successful enterprise of Prince Torlonia cost only two millions. Some idea of the magnitude of the work can be gathered from the fact that the lake (which was situated near Avezzano, on the Rome-Castellamare railway) was, at the time the drainage was begun, over thirty-six miles in circumference, and one can also see plainly how our engineering methods have improved in 1400 years.

STOPS DRINK CRAVING IN 3 DAYS

In every case the craving for drink is stopped and removed by G. G. G. in Treatment for the Liquor Habit, and you become a health, vigor and business, and friends—real friends—return to you. Home treatment for those who do not care to come to the Institute. Everything must be satisfactory or money refunded. Call for literature. Strictly confidential.

FRANCE STRONG

Representatives of Interested Nations Confer — Turkey Must Yield or War Will Follow.

FARIS, Oct. 2.—(Can. Press.)—The representatives in Paris of all powers interested in the Balkan imbroglio were at the French foreign office this afternoon at the invitation of Premier Raymond Poincaré to discuss ways and means for avoiding a war. M. Poincaré also conferred with the Russian ambassador, A. P. Iawolsky, with whom he went to the station to bid adieu on his arrival from London. The coalition of the Balkan states, Bulgaria, was as great a surprise to France as to the other powers, and the granting of their demand for extensive Macedonian reforms by Turkey is regarded here as the only way of preventing a conflict for which public opinion in the Balkan nations is urgently clamoring.

In spite of the Bulgarian minister's assertion that the financial situation of his country is good, it is known that Bulgaria has long been trying to place a loan in Paris, and France's decision to prove a potent argument in solving the crisis without a resort to arms.

SERBIA MORE CONCILIATORY.

BELGRADE, Oct. 1.—(Can. Press.)—The representatives of the powers have requested the Serbian Government not to concentrate the mobilized army near the Turkish frontier, as that would increase the danger of a conflict. In answer to the territorial interests of the country, nevertheless all precautions would be taken to avoid the appearance of defiance on the part of Serbia.

The government added the premier would only be too glad to accept the good offices of the powers, and to undertake any measure that would obviate aggravating the situation. Serbia had even dropped the idea of mobilizing her representatives from Constantinople because Turkey had stopped the transport of Serbian war material.

GERMANY REFUSES CREDIT.

BERLIN, Oct. 2.—(Can. Press.)—The German banks have refused to extend any credit to the Balkan states. Bulgaria, however, it is believed, foreseeing this, has been accumulating gold steadily for some time.

The Old City of Panama.

The site of the old city of Panama, the ruins of which are still visible, is said to be one of the most romantic and interesting spots to visit on the isthmus. Old Panama was founded in 1519 by Pedro Arias Davila, an army colonel, who, according to a writer in Peru, had been sent by the Spanish king as military governor of the province. The site of the old city was a point on the beach, called by the Indians "Panama," and Davila, or Pedrarias, as he was called, gave the town the name. In 1521 the government, hispanic and colonists removed to the site after great privation and suffering, in which thousands perished.

Some years later expeditions started from Panama for the southern coast, that under Pizarro going as far as Peru. Its result is the most familiar chapter in the history of South America. With the conquest of Peru came the discovery and exploitation of the gold mines in the Isthmus of Darien. Old Panama became an emporium for the wealth of the surrounding region, and the gateway thru which much of that of the coast passed to Spain.

Ten days later the pirates arrived before the city, stormed and captured it after a sanguinary battle, and sacked it. The pirates were unable to prevent the burning of the city by the Spaniards, who, finding their cause lost, applied the torch to cheat the pirates of their loot, thereby giving a hint, which the Russians acted upon at Moscow, as a check to Napoleon. Two years after the destruction of Old Panama the present city was laid.

Compared with 1822, the Great Eastern Railway runs ten times the number of trains today.

HURT IN RUGBY GAME.

Charles Albright, aged 17, had his left leg broken in a rugby game at Moss Park last night.

Falmouth, Eng., has a harbor 39 square miles in area.

Salt water for domestic uses is pumped 15 miles from Bournemouth.

METAL WORKERS MAY DROP OUT OF UNION

Members of Local Union Will Decide on Friday Night as to Whether They Will Bolt From International Union — Toronto Men Want Head Office to Pay Legal Debts.

At a meeting of the Sheet Metal Workers' Union, held last night in the Labor Temple, it was decided to lay over till next Friday night the matter of whether or not they will drop out of the International Union.

General Organizer Robert Byron of Kansas City was on hand to persuade the members to stay with the International, as he thought that their differences would adjust themselves in a short time. Debates at times waxed very warm, some were for making definite action at once in the matter. Others were for communicating with the American Federation of Labor, and then to render a decision in the matter. A representative of the building trades spoke for a few minutes, and the gathering, expressing the views of the building trades that the water course was to stay with the International and pay the whole matter before the American Federation of Labor. The representatives held that the Federation could force the International to comply with the demands of the local union, it decided in its favor.

The difference is an old one, arising from the new sewer old rule of the metal trades and the metal makers, which went thru to the private council in England, and the balance of the matter is still due to the lawyers conducting the case, which the local union think the International should pay. The International, on the other hand, have refused to foot the bill.

Judging from the tone of the meeting last night it is not unlikely that steps will be taken next Friday to drop out of the International Union.

JURY CENSURES STREET RAILWAY

No Signs for Car Stoppages Exist on Davenport Road, Reason Assigned for Wm. Burk's Death.

The Toronto Suburban Railway Company came in for some severe censure from the hands of a jury, which last night investigated the death of William Burk, who was killed by a Davenport road car as it was passing Lansdowne avenue, but missed his footing and fell under the wheels.

It was brought out in the evidence that signs showing where the cars stop, which had been placed up by the company, had been torn down or in some manner disappeared about a year ago and there was nothing to at present indicate to intending passengers where to take the car. Burk, evidently believing the car was about to stop at the point where he was standing and his mistake in this regard cost him his life.

John Summers, the motorman, gave an excuse for not stopping the car for Burk, that he was unable to see Burk, owing to a number of passengers riding in the front vestibule with him. This was not the case, as the car was filled to capacity, George C. Royce, the manager of the company, however, stated that it was against the rules of the company for passengers to ride in front with the motorman.

The jury, which has under Coroner Morgan, returned a verdict as follows: That Wm. Burk came to his death on Sept. 31 by being run over by the car operated by the Suburban Railway Company. We consider the company operating said car to be responsible for his death and would recommend that the company place proper notices at the stopping places and provide better accommodation for passengers."

Ford

There are ninety new reasons why you should own a Ford Touring Car. And they are all dollar reasons. You'll get your full share of Ford profits and Ford prosperity—when you take advantage of this big price reduction:

Runabout \$ 675
Touring Car 750
Town Car 1000

These new prices, f.o.b. Walkerville, Ont., with all equipment. An early order will mean an early delivery. Get catalogue from Ford Motor Company of Canada, Limited, 105 Richmond Street West, Toronto, or direct from Walkerville factory.

Woman's Realm---the Household, Fashions and Society

SOCIETY

The principal and masters of Upper Canada College have issued invitations to the annual distribution of prizes on Friday, Oct. 5, at 4 o'clock in the evening. The principal and Mrs. Auden giving tea afterwards.

David Bispham is giving a concert in Massey Hall this evening. Arturo Tibaldi, the celebrated English violinist, arrived in town yesterday to take part in the musical festival at the Arena, and during his stay in Toronto will be the guest of Sir William and Lady Mackenzie.

A wedding which took place at 4 o'clock yesterday afternoon in St. Paul's Church, Bloor street, was that of Georgina, youngest daughter of Dr. and Mrs. George P. Sylvester, to Mr. Harvey E. Ellis, youngest son of Mr. and Mrs. J. E. Ellis, Westley street. The Rev. Archdeacon Cody solemnized the marriage, and Mr. Palmer presided at the organ. The bride, who was brought in and given away by her father, wore a gown of white satin and tulle, with a wreath of orange blossoms. Miss Ida Pearson was maid of honor, in pale green crepe de chine with berthe of shadow lace and black velvet hat. She carried a yellow chrysanthemum. Miss Flora Bower and Miss Mills attended as bridesmaids, wearing frocks of navy blue with golden butterflies and black hats with mauve. Mr. Kenneth McLaren was best man, and the ushers were Mr. A. Kilsour, Mr. Robert Carole, Mr. Arthur Elliott, Mr. Harold Macdonald. After the ceremony the bride and groom drove to the residence of Dr. and Mrs. Sylvester in Church street, where Mrs. Sylvester held a reception, wearing mauve satin and lace and a black velvet hat. Mrs. Ellis was in pale blue satin, veiled with American beauty chiffon and black velvet hat. Miss Clinie was in black satin and chiffon with black hat. Mrs. Lewis Mordaux wore white satin with black chiffon. A marquee was erected on the lawn, where tea was served.

After cutting the cake the bride changed for a travelling gown of navy blue velvet and black velvet hat with feathers, and drove away with her husband for a trip to Benoit. On their return they will reside in Oriole road.

The Church of Our Lady of Lourdes, at 1115 O'Connell street, was the scene of the marriage of Miss Adele May Dwyer to Mr. James Berger Montgomerie of Springfield, Mass. The post-nuptial mass was celebrated by the Rev. Father Morrow, and the sanctuary was decorated with white flowers and palms. Mr. John A. Meade, the bride's uncle, gave her away. She was wearing a graceful white charmeuse satin gown veiled with chamois lace and a tulle veil and orange blossoms, and she carried a shower of orchids and lilies of the valley. Miss Gertrude Sullivan attended as bridesmaid, in blue charmeuse, veiled with tulle, and white hat with white and blue Killarney roses. Mr. J. M. Scott was best man. Mrs. Dwyer, in black satin and lace, held a reception afterwards at her residence in Carlton street, assisted by her daughter, Mrs. William Talbot Scully of St. John's, Nfld., who was wearing apricot satin and black picture hat with feathers. After an extended wedding trip Mr. and Mrs. Montgomerie will reside in Winchester street, Montreal, on Wednesday, Oct. 16.

The Hon. F. Wing-Corrie and Mrs. Wing-Corrie of Shropshire, Eng., who are still at the King Edward, went to Niagara Falls yesterday.

Miss Moss Chrysler is in town from Niagara to play in the golf tournament, and is the guest of Mrs. Crawford of Madison avenue.

Miss Dorothy Betts of London, Ont., after spending the summer in Dinard and Geneva, has returned to her art studies in Paris.

Mrs. and Miss Van Rensselaer return to New York today after a visit to Mrs. Frank Arnold of North street.

Mr. G. B. Greenwood came out from England on the Royal Edward to Montreal last week.

Miss Frances Gardner and Miss William are spending a few days with Mrs. Williamson at Niagara-on-the-Lake, on their way home from a delightful visit to New York.

Mrs. A. Ross Austin, formerly Miss Ruth Curry, will receive for the first time since her marriage on Monday, with her mother, Mrs. J. W. Curry, 20 South Drive, and afterwards the first Tuesday at 157 East Roxboro street.

Mrs. Frank Morgan and her little son have returned from the west, and have taken apartments in the Sussex Court for the winter.

Mrs. D'Yncourt Strickland has issued invitations to an at home on Wednesday, Oct. 16, from 4:30 to 7 o'clock, at 97 Spadina road, to introduce her daughter, Miss Audrey Strickland.

Mrs. Gregory, Westminster College, is giving a musical on Friday night.

The S.P.C.A. dance will take place at the Windsor Hotel, Montreal, on Nov. 6, instead of Nov. 16.

The marriage of Miss Irene McBride, daughter of Major and Mrs. John T. McBride, to Mr. Dudley W. Oliver, manager of the Bank of Montreal, Major, and son of the late Surgeon-General Oliver, R.A.M.C., is to be celebrated at the residence of the bride's parents, 452 Dorchester street west, Montreal, on Wednesday, Oct. 16.

Sir Henry and Lady Pellat are returning from New York on Saturday.

Miss Marjory Rathbone is in town, and leaves shortly for England.

Miss Lillah Fairbairn, only daughter of Mr. and Mrs. W. H. Fairbairn of West Charles street, will be one of this season's debutantes, with Miss Anita Bidout, Miss Kathleen Jephcott, Miss Isabel Reid, and Miss Mary Strath.

Sir Hector Cameron of Glasgow is in town.

Mrs. Irene Gourlay, daughter of Mrs. Gourlay, will be one of this season's debutantes.

Mrs. Kizas came over from Niagara-on-the-Lake yesterday.

Mrs. Paul Benoit, who has returned from Warren, Ont., where she spent

The Daily Hint From Paris

NEWEST ROBESPIERRE DESIGN.

A style of waist becoming to most figures is illustrated here. The material is rich ivory white satin brocade with carefully corded edges. A fashionable touch of color is given by the clouded amber buttons and the amber-colored velvet bow which ties the collar. This bow is made with a strip of rich velvet with piped edges. Waists similar to this are seen in all colors to wear with autumn suits.

The summer is the guest of Mrs. Victor Anderson of Ottawa for a short time.

Mrs. Walter Pack Chapman (nee Chapman) will hold her post-nuptial reception this afternoon and tomorrow at 38 Prince Arthur avenue.

Mrs. Harris of Ottawa entertained informally at a dinner party of fourteen covers on Friday evening in honor of Mrs. Harris of Montreal and Mrs. God of Toronto.

Mrs. Victor Armstrong and Miss Armstrong are going abroad for the winter.

Mr. and Mrs. W. C. Bailey are expected back from New York on Friday.

Mr. and Mrs. Orde, who have been spending the summer at the Convalescent Home, are at Mrs. Pearson's (recently Mrs. Mead's), 252 West Bloor street.

The Heliconian Club will give an afternoon reception on Wednesday, Oct. 3, at the King Edward, in honor of the distinguished artists who will be in town that week.

Mr. and Mrs. Joseph H. Lewis of Gilmour street, Ottawa, announce the engagement of their niece, Molly Veronica Lewis, to Mr. George Henry Reikinger, son of Mr. and Mrs. G. H. Lewis of Toronto, on Wednesday, Oct. 16.

Mr. and Mrs. Charles S. Williams announce the marriage of their daughter, Charley May, to Mr. Harry A. Harrison, on Tuesday, Oct. 3, at home after Oct. 18 at Hampton Court Apartments, Avenue road.

Miss Sarah Rogers, Mr. R. H. Scott, Mr. L. J. Thomas and Mr. and Mrs. G. G. of the George Washington.

Ladies' Attention is directed to the display of Fall Millinery at Rutherford's, 542 Yonge street, where all the newest models are being shown.

"I'm afraid the country suffered a great loss when they failed to send our eloquent and able friend back to congress." "Not at all," replied the Senator. "The sense of the plain people again prevailed. Why should the lecture platforms be robbed that the brainy men may be assembled to listen to one another, whose instruction is superfluous?"—Washington Star.

OCTOBER 3

IF THIS IS YOUR BIRTHDAY. Keep your letters till morning before you send them and consider well what you say. Also keep a firm hold on your possessions and do not be persuaded too easily into extravagance.

Those born today will have intelligence and ability and will rise high unless held back by too many pleasure-loving friends. Their faults will be too little firmness and too great generosity.

Sure Way to Regain Robust Bloom of Youth

(From Woman's Tribune.) A smothered, peaches-like bloom, with a delicate peach-like bloom, is one of the Creator's most exquisite works. When the first blush of youth is over, this beautiful tint and satiny lustre are rarely seen. How to preserve them, that is the question. Famous beauty experts abroad long have known that ordinary macerated wax works wonders in this direction. It actually gives a new surface to the skin, restoring the marvellous color a natural richness in a remarkable manner. An ounce of this wax, procurable at any drug store, will convert faded, worn-out or discolored complexion into one of captivating loveliness in less than two weeks. No special skill is necessary in applying the wax, it being smeared on at night like cold cream and washed off in the morning. To remove wrinkles, or delay their formation, a face made by dissolving 1 oz. powdered sassafras in 2-pint witch hazel, will be found wonderfully efficacious. This tones up relaxed skin, causing it to remain firm and unretreated.

GIRLS' SALARIES SMALL IN TORONTO

Rev. T. Albert Moore Hears of Telephone Operator Who Earns Only \$2.50 a Week, and Fears for Consequences When Girls Are Underpaid for Their Work.

Editor World: Yesterday the writer was informed that a young girl of sixteen is employed in a downtown office to take charge of a telephone switchboard, at the wage of \$2.50 per week. In justification of the low wage the further information was given that the girl lives at her home, and was working from 8:30 a.m. until 8 p.m., six days a week, for \$2.50, that she might have some pocket money. Upon further inquiry it was stated that the father is a victim of the drink habit, which is fostered and perpetuated by our iniquitous license system, and the mother works at the wash tub and similar labor for six days every week to support the family. It cannot be possible that this girl is working only for pocket money, for it must be apparent that it is necessary for her to meet at least the cost of her maintenance and clothing herself.

In connection with the child welfare exhibition held in Montreal, beginning October 8, at the request of Dr. Anna Louisa Strong, the director, a number of French girls working for the Association Professionnelle des Employees de Magasin, have themselves collected all data and information with regard to salaries, working conditions, expenses and home conditions of each of the eleven departmental stores that city some one or more girls whose intelligence could be relied upon, were chosen to go quietly among their fellow-workers and gather information at first hand.

Salary and Expenses. This report is full of interest, with regard to the salary and expenses necessary for a girl in a boarding house to exist. They give the following figures:

Table with 2 columns: Item and Amount. Room and board (moderate) \$4 a week, Laundry at \$2 a month, Tricots at 85c a week, Dress and toilet articles, 136.10.

This would mean that the girl must have \$7.96 a week to exist, and the girls further add that it is not possible to save on a salary of \$7.50 or \$8 a week, or have legitimate amusements. With a smaller salary a girl is compelled to live in a room much too small, with poor lighting and heating facilities too often, and necessity often forces her to eat in her room. All these things are bad for the health. The average salary paid girls in the stores is \$5 to \$8 a week, and from \$8 to \$15 a week for those in the manufacturing and dressmaking departments.

Same in Toronto. Upon careful inquiry in Toronto it is discovered that prices are very much the same as in Montreal. Should not wages be equal? In many cases they are—but in any case should wages ever go below the cost of living? Is the fact that a girl lives at her home any reason for employers to pay her small wages? Should not the basis of wage be the work done, rather than any such consideration as the residence at home or in a boarding house of the employee? Should any girl be employed at a switchboard for \$2.50 per week? If the business demanded the switchboard, the operator was worth several times that amount.

In calling attention to this matter the writer has in mind the consequences to the girlhood of Canada if they are underpaid for their work. After some considerable investigation it is, on the one hand, very satisfactory to be assured that the case referred to is not an ordinary one; but, on the other hand, it is far from comforting to learn that there are altogether too many young girls in their teens in the employ of factories, stores and offices, who receive far below a living wage.

T. Albert Moore. Toronto, Oct. 2, 1912.

Mrs. Jenks—"Mr. Billington is such a nice man and not at all shy that I really can't understand why he remains a bachelor." Mrs. Tolker (absent-minded)—"Oh, I presume it is hereditary. His father and grandfather before him were bachelors, probably."—Judge.

MARCELLA SEMBRICH The famous Coloratura Soprano who will be heard at the Toronto Musical Festival at the Arena, week of Oct. 7.

The Nursery Good Manners. If you expect your grown children to be mannerly and courteous, you must expect such conduct from your babies. As soon as a child enters the world its education begins. Young children must be taught self-restraint and to give up to one another, if you would avoid nursery quarrels. So much can be done with little children in the matter of teaching them to share their toys and good things with others. It is generally selfishness that causes unpleasantness in the family.

SIX CHILDREN DEAD IN MONTH Out of Twelve Cases of Infantile Paralysis in August, Half Were Fatal. Out of twelve cases of infantile paralysis in the province, there have been six deaths, according to the monthly report of the provincial board of health yesterday. Toronto has three cases, but there have been no deaths. Niagara Falls has had four cases and two deaths. St. Catharines, one case; Collingwood, one case; Victoria Harbour, one case and one death; Willoughby Township, one case and one death; York Township, one case and one death. According to Dr. J. W. S. McCullough, there should be no fear of a further outbreak of the disease.

TO KEEP GRAPES Any of the fall grapes may be kept fresh until holiday time by dipping the ends of the stems in paradim wax and then wrapping each bunch in tissue paper, twisting it firmly to keep out the air and packing the grapes in layers in a basket with sheet wadding in between each layer.

Health and Beauty Answers By MRS. MAE MARTIN. A. F. S.: To be sure, health and beauty go hand in hand. Indigestion and sluggish liver cause impure blood, which in turn breeds ugly blotches, pimples and skin eruptions, accompanied often by depression, melancholia and headache. Dissolve one ounce of home-made system-ionic and blood purifier in one-half pint of alcohol (not whiskey), then add enough hot water to make a full quart of the remedy. Take a tablespoonful before each meal, and give tonics to the whole system. By a natural process the complexion is cleared, the "dried feeling," aches and energy and enjoyment of life return.

A. B. C.: Bleaching the hair will not remove it. Make a thick paste with powdered dextrose and water, spread on hair, and after two or three minutes rub off, wash the skin and the hair are gone. This simple treatment will banish the most stubborn growth and does not injure even a sensitive skin.

G. E. A.: It may be all right to use dry shampoo powder where you are very careful to brush out all of the powder; otherwise it will clog up the pores in the scalp and cause dandruff, the very thing you should avoid. To keep your hair looking bright and healthy and make it stay in curl, you must not use a shampoo that contains "free" alkali, as soaps and most shampoos do. Dissolve a teaspoonful of borax in a cup of hot water and use it as a shampoo. It can't be excelled. It will remove all excess oil, dirt, and leave your scalp free from irritation. This shampoo dries quickly without causing a sticky, fat-like patches in the hair. It will make your hair soft and fluffy so it will stay up and look nice without the use of a hair net or veil.

Dorris: If you wish to make a greasiness complexion cream-jelly that will quickly clear your complexion of freckles, skin pimples and any unattractive, youthful-looking features as your younger friends. Use a good, greaseless complexion-cream (see answer to Dorris), and instead of clogging up the pores of your skin with your powder, get a dependable lotion and use it exclusively. You can make such a lotion by buying four ounces of borax, at your drugstore, and dissolving it in one-half pint of water, or hot water; then add two teaspoonfuls of glycerine and when cold, apply to your face, neck and arms as a skin-beautifier. It does not rub off or show like face powder, and you may mix it together with any of your favorite powders for removing that find it good for removing and preventing freckles, skin pimples and any unnatural skin roughness.

E. W.: If my eyes continually had that tired, overworked feeling you say, I would lose no time getting a good tonic for them. I was once inclined to be weak, but I keep them in good condition by using a simple, inexpensive remedy made of a simple infusion of crystals in a pint of water. A few drops in each eye occasionally will readily relieve inflammation, "take the eye's" eyes bright and sparkling. Try this and I am sure you will not be disappointed. It is a splendid remedy for weak, watery eyes, also strabismic lids.

ENDORSEMENT OF CORSON'S POMANDER PERFUME By Beautiful KITTY GORDON PLAYING IN 'THE ENCHANTRESS' PRINCESS THEATRE, WEEK SEPT. 3.

"I wish to congratulate you on your creation, Corson's Pomander Perfumes. It is so full of character—and of such exquisite scent. In France the best perfumers are artists. And it was, indeed, an agreeable surprise to me, while playing in Toronto last season, to purchase a bottle of Canadian-made perfume of such quality. There are evidently artists in Canada. A dainty cut glass bottle of Corson's Pomander Perfume is always on my dressing table."

Bispham Sings "Danny Deever" Dr. Martel's Female Pills Nineteen Years the Standard. Priced and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores. 316

PRESSING TURKS TO MAKE TERMS

France is Understood to Be Urging Basic Reforms in Macedonia.

PARIS, Oct. 2.—(Can. Press).—The French premier, M. Poincaré, had a conference with the Turkish ambassador, Rifaat Pasha, this evening, and it is understood repeated to him the instructions sent to the French ambassador as Constantinople to impress the Porte in friendly terms with the necessity of giving assurances of fundamental reforms in Macedonia, which alone would insure peace.

The greatest importance is attached to the arrival in Paris tomorrow of the Russian foreign minister, Sergius Sazonov, fresh from conferences with Sir Edward Grey, the British foreign secretary, and it is anticipated that after the conference with M. Poincaré, the foreign minister of France, Great Britain and Russia will issue notification to the restless states, which, it is hoped, will have salutary influence by showing that these powers are in accord in their determination to bring about a betterment of conditions in the near east and at the same time maintain the territorial status quo.

GOVERNOR DIX OUT OF RUNNING

Strong Opposition Forces "Boss" Murphy's Hand—Old Guard Scored a Point.

SYRACUSE, N.Y., Oct. 2.—(Can. Press).—This was elimination day for many aspirants for the Democratic nomination today at the Democratic station convention, assembled here, fought Charles F. Murphy, leader of Tammany Hall, and those associated with him in control of the party organization, were weighing and analyzing the qualifications of three men for party standard-bearer. The three men being considered are Justice Victor J. Dowling of New York, Martin H. Glynn of Albany (the convention's temporary chairman) and Congressman Wm. Sulzer of New York.

Negro Lynched by Fellow Prisoners

Victim Had Been Placed in Wyoming State Prison Following Attack on Aged Woman.

RAWLINS, Wyo., Oct. 2.—(Can. Press).—Convicts at the Wyoming state prison today lynched Frank Wigfall, a negro, and ex-convict, who late last night was put in the state institution for safe keeping. Wigfall was arrested on a charge of attacking Mrs. Esther Higgins, aged 78, last Sunday. He was arrested at Fort Steele, 15 miles from here. Mrs. Higgins, the negro's aged victim, lived near the penitentiary and was a favorite with the prisoners. Last night a mob gathered and made an unsuccessful attempt to take Wigfall from the county jail.

WOODSTOCK'S ASSESSMENT \$5,130,000. According to the figures of Assessor Perry, which were turned in today, the value of real estate, including buildings, in the City of Woodstock is \$5,130,700, an increase of \$56,000 over the preceding year. Business and income assessments amount to \$782,267, an increase of \$19,447. The population is given as 10,138, an increase of 45.

Peremptory list for divisional court for Thursday, 3rd inst., at 11 a.m.:

1. Dickson v. Graham. 2. Smille v. Guelph. 3. Deremo v. Arthur. 4. Brandel v. Bamford. 5. McGuire v. Brighton. 6. Moore v. Cornwall. 7. Dauchman v. Hanover. 8. Smith v. Canadian National. 9. Townsend v. Northern Crown.

Master's Chambers.

Before J. S. Cartwright, K.C., Master. Haves-Gibson v. Haves-Tisdale, C. and H. D. Gamble for plaintiff, Bristol (Bicknell & Co.) for defendant. Motion by plaintiff for an order enlarging trial for return of commission. At defendant's request motion enlarged until 7th inst.

Domestic Sewer Pipe Company v. Town of North Toronto.

Standard Bank v. North Toronto.—T. A. Gibson for defendant in each case. A. M. Deonay for Domestic Sewer Pipe, W. H. Irving for bank. Motion by defendants in each action for an order consolidating actions. Motions dismissed. Costs in cause of defendants.

Mebergl v. Clarkson.—W. H. McFadden, K.C., for owner. Motion by owner on consent for an order dismissing action without costs and vacating certificate of his pendens. Order made.

Norman v. Clarkson.—Bethune (Aylesworth & Co.) for defendant. Motion by defendant on account for an order dismissing action without costs. Order made.

Automobile Sales Limited v. Krieger.

McLaughlin (McLaughlin & Co.) for plaintiff. Motion by plaintiff for an order for substitutional service of writ. Order made.

Single Court.

Before Riddell, J. Corder v. A.O.U.W.—F. Aylesworth for plaintiff. A. G. F. Lawrence for defendant. Motion by plaintiff for an injunction. Order made.

Re Steele Estate.—W. B. Northrup, K.C., for petitioner. B. N. Davis for trustees and J. A. Steele. Motion by Mrs. Steele, under C. R. 338, for an order constraining will of Steele. Order made appointing John Alexander Steele to represent all parties in the estate interest and judgment reserved as to construction of will.

Hayes v. Carrick.—E. P. Brown for plaintiff. D. C. Ross for defendant. Motion for plaintiff for an injunction. Counsel stating that a settlement has been arranged, that action be dismissed without costs and the injunction dissolved, order made sanctioning settlement.

Eron v. Toronto Junction.—Plaintiff in person. F. McCarthy for defendant. Motion by plaintiff for a mandatory order compelling the defendants, the G. T. Railway Co., to carry out their agreement of June 28, 1912, etc. Motion dismissed with costs.

Silverman v. Sager.—G. Keogh for plaintiff. G. R. Roach for defendant. Motion by plaintiff for an injunction. At plaintiff's request stands till Oct. 7 to allow of answer to affidavits.

Eron v. Dominion Council R. T. of T.—Plaintiff in person. J. Hales for defendant. Motion by plaintiff for an order setting aside or varying order of the court made on Oct. 2, 1912, etc. Motion dismissed with costs unless the plaintiff bring in a motion for an order setting aside or varying order of the court made on Oct. 2, 1912, etc. Motion dismissed with costs unless the plaintiff bring in a motion for an order setting aside or varying order of the court made on Oct. 2, 1912, etc.

Young v. Plotynski.—J. D. Bisset for plaintiff. No one in court. Motion by plaintiff for judgment. Reserved.

Divisional Court.

Before the Chancellor, Latchford, J., Middleton, J. Mills v. Free—J. M. McEvoy (London) and G. Chalm (London) for plaintiff. W. R. Meredith (London) for defendant. An appeal by plaintiff from the judgment of Riddell, J., of May 28, 1912. Plaintiff charged defendant with trespass on a strip of land, originally the road allowance in front of lots 3 and 4, in 10th concession of East Nisour, but claimed to have been occupied by plaintiff for more than six years in lieu of a forced or given road over plaintiff's lands for like period, and plaintiff asks for a declaration that he is entitled to such land in lieu of the forced or given road without compensation across his lands, etc. against any private person, and for an injunction and damages against defendant for his trespass. At the trial plaintiff's action was dismissed with costs. Judgment: We see no ground for interfering with the judgment appealed from. The defendant was acting for the municipality, and within the scope of his instructions as pathmaster, in removing the plaintiff's fence. Upon the evidence it is clear that the portion of the plaintiff's property was not laid out or opened "in lieu" or "in place" of the original concession road, but was a public road, and it may be observed that even north of the point of departure of the "given road," on the concession road, the plaintiff's fence encroaches upon the concession line, the defendant in continuous public use for upwards of fifty years. The appeal should be dismissed with costs.

Before Riddell, J. Kelly, J. Lennox, J. He Mendel Estate—J. Jennings for beneficiaries. E. N. Atmore for executors. An appeal by beneficiaries from the order of Frazer, J., of surrogate Court of Hastings, of May 20, 1912. At request of parties motion adjourned to the October court.

Jarvis v. Hall.—W. T. J. Lee for defendant. J. Fraser (Tottingham) for plaintiff. A. A. Hamilton for defendant from the judgment of Mulock, C.J., of March 21, 1912. An action to recover \$715, the value of goods and chattels alleged to have been wrongly distrained

and sold by defendant, the landlord or plaintiff to recover \$20 for board and lodgings and \$300 for damages for trespass. At the trial judgment was awarded plaintiff for \$2 without costs and costs against defendant. Thomas Hall and George Hall. Appeal argued and judgment reserved.

Robinson v. Osborne.—W. Laidlaw, K.C., for defendant. J. P. MacGregor for plaintiff. An appeal by defendant from the judgment of Gorham, J., of County of Halton, of Aug. 12, 1912. An action by plaintiff for a judgment for possession of the easterly half of lot 19, north of Ontario street, east of the river in the village of Bronte, containing one-fourth of an acre. The defendant pleaded title by possession. At the trial judgment was awarded plaintiff for possession as prayed with costs. Appeal argued and judgment reserved.

Queen v. McLean.—T. Harding (Stratford) for plaintiff. W. Proudfoot, K.C., for defendant. An appeal by plaintiff from the judgment of J. of the County of Middlesex, of March 5, 1912. Two actions by plaintiffs, manufacturers, consolidated to recover in first action \$12,000, and in second action \$225.50 for goods sold and delivered to defendant. At the trial the action was dismissed with costs. Appeal dismissed with costs.

Before Riddell, J. Middleton, J., Lennox, J. Martin v. School Trustees—J. Sale (Windsor) for plaintiff. F. McCarthy for defendant. An appeal by plaintiff from the judgment of McHugh, J., of County of Essex, of May 8, 1912. An action by plaintiff, a teacher, against defendants, trustees, to recover \$100, balance of salary alleged to be due. At the trial the action was dismissed with costs. Appeal dismissed with costs.

Grove v. Thurston.—W. T. Lee for defendant. Plaintiff in person. An appeal by defendant from the judgment of the ninth divisional court of the County of Hastings, of Oct. 7, 1912. Motion enlarged to October court.

Agnew v. Bell.—R. S. Robertson (Stratford) for defendant. E. Costello, K.C., for plaintiff. Motion by defendants from the judgment of J. A. C. Cameron, an official referee, of May 28, 1912, in an action by plaintiff to recover from defendant \$475, balance claimed to be due for materials and work supplied to W. G. Bell. At the trial judgment was awarded plaintiff as asked, with costs allowed at \$50. Appeal allowed with costs. Costs and judgment set off pro tanto and balance of \$425 to be paid to plaintiff and remainder to be paid out to defendant.

Court of Appeal. Judges' Chambers. Before MacLaren, J.A. Cain v. The Pearce Co. and four other actions.—J. Grant for defendant. H. E. Rose, K.C., for plaintiff. Motion by defendants for an order extending the time for appealing from a judgment of a divisional court of May 22, 1912.

Judgment: The excuse given for the delay is in the nature of the defendant's solicitor. I do not find any sufficient reason for depriving the plaintiffs of the rights they have acquired after having litigated to two trials and two appeals. In my opinion the motion must be dismissed with costs.

REV. R. E. KNOWLES BETTER IS ABLE TO RESUME PASTORATE OF KNOX CHURCH, GAIT.

GALT, Oct. 2.—(Special).—Rev. R. E. Knowles, pastor of Knox Church, and widely known as an author and lecturer, has so far recovered his health, which six months ago was in such a state as to cause the greatest anxiety, that he will in future be able to fully discharge the duties of his office. Accordingly Rev. J. E. Motherhead, who has acted as assistant minister during the summer, has resigned to resume his college course. At the congregational meeting held Monday evening presented with a eulogistic address and a purse of gold.

NO PREMIUM ON PURITY

The pure, wholesome article is not expensive. The cost in actual cash is about the same as, and often less than the inferior, which is adulterated. Purity is beyond price. Radnor Water is sold at a popular price, and is so inexpensive that practically every home may use it exclusively for drinking. The absolute purity of Radnor Water is unquestioned, while its sparkle, snap and freshness make it a delight for all table uses.

ASQUITH FOLLOWERS IN DREAD.

LONDON, Oct. 2.—(C.A.P.)—Monday, the opening day of parliament, is to be devoted to a discussion of the Titanic disaster report, which will prove a dull prelude to a very exciting session. Impartial critics profess that while the Liberals are justly nervous concerning the future of the party, it is unlikely that the government is in any immediate danger of defeat. The turbulent opposition means also a full and constant attendance of ministerialists.

Markham Fall Fair, October 2 to 4.

65 Cents Return From Toronto, via Grand Trunk Railway. Tickets good going October 2, 3, and 4, valid returning until Oct. 5. Special train will leave Toronto 12:30 p.m. Oct. 2 and returning from Markham 10:45 p.m., also special will leave Toronto 9:50 a.m. Oct. 4, returning from Markham 8:10 p.m. same date.

WHEAT MARKET RULED BY BALKAN WAR SCARE

Sharp Upward Swing Early in Day Followed by Reaction—Net Gain for Day Was Small—Corn Shade Higher.

CHICAGO, Oct. 2.—Estimates that the United States this season had produced next to the largest wheat crop ever grown, cooled bullish and today in regard to trouble in the Balkans.

Statements by a leading expert that the total American yield of wheat for 1914 would be 74,000,000 bushels became public after prices had shown decided strength due to Balkan war rumors.

Receipts of wheat at north-west points with usual comparisons follow. Week Year Chicago 1,488,000 1,306,000 1,337,000

Foreign Markets were strong yesterday, being influenced by the Balkan war scare. Wheat futures at Liverpool closed 3/4 and 1/2 higher than on Tuesday.

WORLD'S CROP OUTLOOK MORE FAVORABLE

Prospects in Russia Cause Appreciation—Influence of Balkan War Clouds.

Broomhall's weekly summary of the international grain situation issued in Liverpool yesterday is as follows: The international markets have ruled comparatively quiet during the past week with a slight downward tendency until the Balkan affair influenced prices upward.

MONTEALE, Oct. 2.—A good business was worked in Manitoba spring wheat over the cable today, with the result that continental buyers sprang pretty nearly everything offered by exporters last night and were in the market for more at higher prices today.

CHICAGO GOSSIP. Neill, Beatty & Co. from Logan & Bryan: There was strong advance in market first hour following the strong cable list, all European markets ruling at a sharp upturn on the political rumors from Bulgaria.

SUGAR DOWN. All grades of refined sugar were reduced ten cents per cwt. by wholesale buyers in Toronto yesterday, following the decline in the New York market.

WHEAT MARKET RULED BY BALKAN WAR SCARE. Receipts of wheat at north-west points with usual comparisons follow.

SHARING GAIN—SHARP ADVANCES

Rea, Foley-O'Brien and West Dome in the Limelight—Porcupine Stocks Resume Their Upward Course—Cobalt List is Buoyant.

The mining market yesterday resumed its upward course, the liquidating movement of the previous session giving way to strong public demand, which was reflected in a material way throughout the whole list.

It was significant that speculative interest in the market shifted from the usually active spots to certain of the specialties. Several of these moved into the limelight, and the sharp advances recorded constituted an eloquent witness of the change in the attitude of the public regarding the Porcupine situation.

During the fall of 1909, various prospectors migrating from comparatively well-developed areas, such as Cobalt, penetrated into what is now known as the Gowganda mining region. Their wanderings were rewarded by the discovery of spectacular deposits of silver in the present Mann Ridge and in the vicinity of Miller Lake.

STANDARD STOCK AND MINING EXCHANGE. Cobalt—Op. High. Low. Cl. Sales. Bailey 19 19 19 19 19

STANDARD MINES MAY HAVE ANOTHER CHANCE. It was reported in local mining circles yesterday that arrangements had been made whereby the Standard Gold Mines Co. would be forced to go into liquidation on account of indebtedness.

NEW MOVEMENTS OCCUR. Rea and Foley-O'Brien made phenomenal advances in Tuesday's market. Interest in Cobalt and Porcupine Stocks is widening every day and future prices will be guided by the demand.

Balkan Crisis Holds Back All Stock Markets---C.P.R. Lower

WAR CLOUDS BRING DROP IN MARKETS

London Sells South American Traction Issue, But Support is Provided — Purely Local Stocks Firm.

London, Oct. 2.—Money plentiful and discount rates firm. The Balkan situation caused a depressing feeling on the stock exchange, and dealers, fearing a batch of continental selling orders, marked down values everywhere. American securities being especially weak, partly on account of the flurry in the money rates in the American market. But around noon, under Paris, Berlin and local repurchases, a more confident tone developed, and a good recovery was made all around. Dealers are still nervous as to entering into large commitments, but, notwithstanding this, the market was comparatively steady at the close. Consols, in which the settlement was concluded, lost one-eighth.

American securities opened weak on the London market, but around noon, under Paris, Berlin and local repurchases, a more confident tone developed, and a good recovery was made all around. Dealers are still nervous as to entering into large commitments, but, notwithstanding this, the market was comparatively steady at the close. Consols, in which the settlement was concluded, lost one-eighth.

American securities opened weak on the London market, but around noon, under Paris, Berlin and local repurchases, a more confident tone developed, and a good recovery was made all around. Dealers are still nervous as to entering into large commitments, but, notwithstanding this, the market was comparatively steady at the close. Consols, in which the settlement was concluded, lost one-eighth.

EARLY LOSSES WERE MADE UP

London Sent Lower Prices for Americans, But New York Market Rallied — Net Changes Small.

NEW YORK, Oct. 2.—Enormous selling of our stocks for European account, the movement being impelled by the Balkan situation, was the distinguishing feature of today's operations on the stock exchange. Sales were estimated at over 100,000 shares, which probably represented the total liquidation of London, Paris, Berlin, Frankfurt and Vienna.

The selling for abroad continued after the European markets closed, in fact until the close of our own market. London continued to sell our securities on its "curb" until late afternoon. Later there was a good recovery on the whole. It is safe to assume that some of the orders from abroad were for the short account.

Under ordinary circumstances our bankers might have announced additional gold engagements in London in the course of the current week, but the heavy outpouring of our securities there, and on the continent, together with the complicated situation in Eastern Europe, are calculated to put a temporary stop to negotiations now under way.

Renewal of Pressure. Heaviness marked the opening here, a number of important issues, including Harbinger and Hill shares, the Coalters, Amalgamated Copper, Steel and some specialties selling off a point or more. Prices rallied considerably in the first hour, but fell lower in the late afternoon, when pressure upon some of the representative stocks was renewed, although slackened to a pronounced degree. Towards the close the market made some improvement on short covering, but the undertone remained heavy.

Money reacted slightly on call, 6 per cent. held the high rates, with renewals at that figure, as against 6 1/2 per cent. for the week. The rate of currency to New Orleans was made.

DOMINION COAL CO. HAD A GOOD MONTH

SYDNEY, N.S., Oct. 2.—Dominion Coal output for September was approximately 800,000 tons, somewhat below the August figure, but the best September the company has had in its history. At the present rate of output the figures at the end of the year will total 4,500,000 tons. At Dominion No. 2 today a man was killed by the fall of a stone.

THE DOMINION BANK

PLAN TO REORGANIZE U. S. MOTOR CO.

NEW YORK, Oct. 2.—The \$28,000,000 capitalization of the reorganized United States Motors will be divided into 10,000,000 first preferred stock, \$3,000,000 of 6 per cent. non-cumulative second preferred stock and \$10,000,000 common stock. There will be no bonds, debentures or fixed charges of any kind. The \$6,000,000 outstanding debentures are to be exchanged for an assortment of new stock and merchandise bills of about \$2,000,000 will be paid for with cash.

Erickson Perkins & Co. wired: Considering the extent of the selling of our stocks by London today—the total being probably 75,000 shares on top of 75,000 yesterday—the market acted extremely well. It was undoubtedly supported by local banking interests. Many stocks closed above yesterday's prices and losses as a rule were trifling. This speaks well of the absorbing of the market and the business conditions which are such as to inspire general confidence. We think stocks will be higher in the meantime, but they may react further in the meantime.

COPPER SITUATION

Charles Head & Co. to J. E. Osborn: The copper situation continues very strong and the strikes, etc., will doubtless cause a further advance in the price of metal. Closing was irregular and generally heavy. It may take a few days for the market to recover from the foreign disturbances and heavy liquidation, but we believe the excellent business conditions in this country will ultimately tell in favor of higher prices. For the time being we accept profits and chances of buying in lower.

UNITED WIRELESS LIQUIDATION PLAN

Stockholders of the Wireless Liquidating Co., organized to liquidate the United Wireless Co., have voted unanimously to distribute the company's holdings of Marconi stock among the shareholders and not to admit to the reorganization any stockholders who have not already denoted shares with the liquidating company. This Marconi stock was received in payment for the physical assets of the company. The 140,000 shares of the present valuation of \$8 per share would mean about \$1,120,000 as a share for Wireless Liquidating stock. Each share of the latter on the present plan will receive one-half share of Marconi stock.

BIG DIVIDEND PAYMENTS ARE DUE THIS MONTH

Dividend and interest disbursements in the United States this month will total about \$12,000,000, of which \$5,000,000 will be required for dividends on the various railroads, industrial, miscellaneous and public service corporations and the New York City bonds and trust companies, and \$7,000,000 for interest on corporation bonds and those of the various states, cities and counties throughout the country and United States bonds. These figures compare with \$7,185,462 paid out in dividends in the first nine months of 1911, and \$7,028,200 disbursed interest during the same period. The grand total of bonds outstanding upon which October interest payments will be due is \$5,884,180,150.

REORGANIZE U. S. MOTOR CO.

NEW YORK, Oct. 2.—The \$28,000,000 capitalization of the reorganized United States Motors will be divided into 10,000,000 first preferred stock, \$3,000,000 of 6 per cent. non-cumulative second preferred stock and \$10,000,000 common stock. There will be no bonds, debentures or fixed charges of any kind. The \$6,000,000 outstanding debentures are to be exchanged for an assortment of new stock and merchandise bills of about \$2,000,000 will be paid for with cash.
