NEW ORDER-IN-COUNCIL PROVOKES DISCUSSION

What will be the position of the man with three and a half years' service overseas, in Britain only, who was discharged in Canada on November 27?

A reporter was told of the case of a man with three years' service only in October. That man, according to his own representation, had made as much as \$4 an hour while working at his profession, but as soon as he joined the army he received only \$2.85 a day.

"My contention," said W. E. Turley, provincial secretary of the G.W.V.A., "is that a man who was wounded in an air raid or who became ill thru training in Britain should be entitled to the full six months' gratuity equally with the man who went overseas to Flanders."

"The government is certainly to be congratulated upon the new order-in-council relating to gratuities which is in effect just that which our association has been fighting for for many months," said J. C. Conway, district secretary of the G.W.V.A. in Toronto, yesterday afternoon to the World, stating his opinion of the gratuity of \$600 granted to the returned soldier upon his discharge.

At the December convocation of King-Solomon's Chapter, R.A.M., No. 8, G.R.C., the following officers were installed for the ensuing year: Ex-Comp. F. D. Hunt, J.; Ex-Comp. W. H. Logan, I.P.Z.; Ex-Comp. W. H. Hourie, H.; Ex-Comp. Chris. Walroth, J.; Ex-Comp. Joseph Doucet, treasurer; Comp. R. A. Pearce, S.E.; Comp. Elgin Wetherell, S.N.; Comp. W. C. Gowland, P.S.; Comp. E. W. Comp. Roy Shaw, W. N. Francis, J. S.; Ex-Comp. W. A. Lyon, chaplain; Ex-Comp. A. L. Tinker, D. of C.

The installation ceremonies were conducted by R. E. Comp. George L. Gardner, R. E. Comp. Henry T. Smith and V. E. Comp. George McLeish. A banquet was held at the close of the proceedings, at which speeches were made by many prominent Royal Arch Masons, the toast to the visitors being replied to by Ex-Comp. Mrs. Alice S. Meadows, past worthy matron of the Grand Chapter of Ontario, was assisted by Mrs. Robins Mains, grand worthy matron; Mrs. G. W. Furness, grand marshal; J. A. Hallman, grand worthy patron, of Kitchener, Ont.

The newly installed officers for 1919 are: Mrs. Ida F. Richmond, worthy matron; Mrs. A. E. Blundell, worthy patron; Miss Annie G. Adams, associate matron; Mrs. Edith Routledge, secretary; Miss Elsie Pierce, treasurer; Mrs. M. H. G. Gardner, lagier, conductress, and Mrs. Ada Pyrie, associate conductress. Each was presented with a gift from the worthy matron.

LIEUT. FRENCH AWARDED THE MILITARY CROSS

Among young Toronto officers who distinguished themselves during the war and who have been awarded the military cross is Lieut. Hillary French, only son of Mrs. MacLean French, and grandson of the late Eugene O'Keefe. The decoration was given because of the bravery and clever work of Lieut. French in connection with a raid on an enemy trench. On this occasion Lieut. French was the first to land his men into the trench, and he successfully accomplished the object of the enterprise, capturing prisoners and leaving no identification behind. Thruout the operation he displayed admirable courage and coolness, says the report. The young lieutenant, who is a general favorite, received his commission in the 10th Irish Regiment when he enlisted with the 20th Irish Battalion. He was transferred and was serving with the Central Ontario Regiment when he won his decoration. Lieut. French is one of four of the Toronto Irish Battalion to win the military cross, the others being Lieut. Maurice Wallace, son of the late Dr. Matthew Wallace, who was killed; Lieut. H. M. Dignum and Lieut. William Stanley. No less than 26 names of former officers of the Toronto Irish appear in the casualty lists.

LAYS DOWN LAW TO EDUCATION BOARD

Inadequate Housing Means No Grants, Says Inspector Cowley.

BUILD AT ONCE

Must Fulfil Conditions to Continue to Function Legally.

Official warning from the chief inspector that the Toronto Board of Education must, to comply with the provincial statutes, immediately inaugurate a comprehensive building campaign, was served on the members last night. Chief Inspector R. H. Cowley, in issuing the warning, acted on the dual capacity of a provincial as well as a municipal official. The forfeiture of the grant for failure to comply with the Ontario Education Department regulations would mean a loss of about \$60,000 a year by the Toronto public school ratepayers. The notification by the chief inspector was as follows: "The Ontario Department of Education, in view of the steady increase in attendance at the public schools and the comparative inaction respecting school construction, it is my duty to advise you that pending adequate steps to provide satisfactory school accommodations, your board will not be entitled to receive further legislative grants from the province.

Your Duty.

The legislature has empowered your board and has made it your duty to provide suitable buildings, equipment and teachers for conducting a system of public education, and the intervention of no other body can be recognized as relieving you of the duty of exercising your powers to the utmost to this end.

DOROTHY DIX'S TALKS

FLIRTING

By DOROTHY DIX
The World's Highest Paid Woman Writer.

The mayor of a Pennsylvania town has flirled the lid down tight and fast on flirting in his halliwick and has ordered a police arrest every young man caught casting languishing glances at a young woman, and every girl discovered making goo-goo eyes at a youth. "I have no objection to love-making," says this stern moralist, "when it is done in the street and in the open air, but when it comes to flirting in the glare of the street and store lamps, that is different, and I am going to stamp it out."

MASTER PAINTERS ELECT OFFICERS

Toronto Master Painters' Association held its annual meeting and election of officers last night at Oddfellows' Temple, College street, with President W. Cheshire in the chair.

NINETY DAYS' HARD LABOR.

DEMANDS CORRECT ESTIMATES.

Mayor Church, in a letter to the heads of the various departments of the city hall yesterday, asked that the commissioners get their estimates ready for the year. The mayor says, in part: "The first three years I was mayor there were surpluses and deficits. In 1918 there were many deficits in the various departments. Will you please include in your estimates enough money to carry you thru to the end of the year."

FELL UNDER A TRAILER.

At the inquest held last night into the cause of the death of Wilfrid Thomas, of 1069 Eleanor terrace, who is said to have fallen under the wheels of a trailer of the Toronto Electric Railway, while alighting on December 20, at the corner of Gerard and Greenwood avenues, and who died in the General Hospital on Christmas Eve from injuries sustained, the jury returned a verdict of death due to shock and blood poisoning caused by accidentally falling from a street car.

UNINJURED MEN ARRIVE TODAY

Men Who Were Unhurt in Wreck Come by Special Train.

The second troop train with troops for this district from the S. S. Carmania left Quebec about 5 p.m. last night, the 2nd inst., and will, in all probability, arrive at North Toronto station some time early this afternoon (Friday).

The first train will contain the men who were in the train accident while en route to Quebec, but who were in no way injured. There will be a total of 275 men on board, of which 187 are for Toronto.

Owing to the accident it has been impossible to secure the actual names of all the men on this train, but a nominal roll of all the Toronto men who are on the second train is attached.

In regard to these men, they all, from information received, appear to be happy and contented. New clothing and kit bags have been issued to any in place of ones they lost, and they have all been supplied with cigars, and everything possible has been done for their comfort.

FRIDAY MORNING, JAN. 3.

The Farmers of the West Want Unit Banks.

The United Farmers of the Canadian western provinces are in favor of "unit banks," like those that prevail all over the States, but especially in the west.

In the States, as we said, especially in the west, they are paramount. Such a bank has many advantages and may have many drawbacks, but our western friends see no good reason why we should not have in Canada both the big chartered bank with its numerous branches and the small self-contained unit bank, owned and operated by the people of the community in which it operates.

The committee on rural credits will report to the coming convention of the United Farmers of Alberta at Edmonton a resolution in favor of the unit bank with a capital as low as ten thousand dollars. The resolution would have parliament amend the Bank Act so as to authorize provincial legislatures to charter such banks.

The U. S. Railway Situation.

When President Wilson directed the chilling atmosphere of the capitol long enough to say good-by to congress before sailing away to Europe, he left the railway question very much up in the air.

LIST IS INACCURATE OF BRITISH DELEGATES

London, Jan. 2.—Announcements regarding British delegates to the peace conference and officials who would advise them, which have appeared in some newspapers as being of an official source, are unauthorized and inaccurate.

EX-KAISER VERY ILL, IS LATEST REPORT

Amsterdam, Jan. 2.—William Hohenzollern, the former emperor of Germany, is very ill, according to advices from Amonrothen. He is suffering from a bad cold. It is said that he has a high fever.

public sentiment of the country on the subject of public ownership might work havoc with that party in the progressive west. On the other hand, the Democratic party, largely under control of the ultra-conservative south, is not likely to go beyond the limits of Mr. McAdoo's recommendation as endorsed by President Wilson.

The self-styled "railway executives" are occupying a good deal of space in the press and are demanding the return of the roads, but congress will pay more attention to the holders of railway securities throughout the country, and these people will have real money invested in a settlement in favor of railway nationalization.

Choosing a Princess of Wales.

Prince Edward, or David, as he is known in the family, has become an object of matrimonial interest, and now that the Teutonic princesses are taboo, it has been suggested by leading London newspapers that an open season be declared for British debutantes.

For blood and brains and beauty the British Empire can compete with any other country, and while we have no objection to allow the elite of Uncle Sam's flock to be ranked with our own, there is no particular reason why the Prince of Wales should go outside the limits of the empire to choose a bride.

It is only since the time of the "wee German alliance" that the idea of Germanic alliances became a settled policy in Britain. There was a great uprising in favor of Alexandra when the charming Danish princess, with her simple, democratic ways, came to be the mother of the present King.

Education has become a different thing in the last generation from what it used to be, and there are few girls in the great British families who are not trained to be able to fill any position they may be called to occupy.

THE AFTERMATH WITH IDA

BY IDA L. WEBSTER.

Speaking of the ball after the storm does not half express the silence which pervaded the city hall yesterday—that is, the silence of the onlookers. As for the new officials—boy, they were certainly all there in great force, and if they do not think that they are all right, then all that anyone had to do was ask them. Every man jack of them admits that he is a regular fellow.

ASK RECOGNITION OF GERMAN AUSTRIA

Note to Powers Urges That New Republic Soon Enter Society of Nations.

Basle, Jan. 2.—The Vienna Fremdenblatt publishes a note, transmitted verbally to the diplomatic corps in Vienna, by the German-Austrian government, expressing hope that the existence and liberty of the independent state of German-Austria will be recognized by the civilized world and a place assured for it in the society of nations.

PEACE CALLS FOR CHANGE IN THE WAR CABINET

Useless to Appeal, Says German Paper, Without Guarantee Against Anarchy.

London, Jan. 2.—The Times, editorially discussing the future of the imperial war cabinet, says that it did very well despite visible defects while the war lasted, but will certainly need adaptation to peace conditions. It is unthinkable of course that the dominions should simply sink back in matters of empire government to their pre-war position.

MEDALS AWARDED TO CANADIANS

Names of Many Recipients of the Military Cross Are Announced.

London, Jan. 2.—(Canadian Associated Press).—The bar to the Military Cross has been awarded Major Edwin Day, 5th Battalion; Capt. James Edgar, P.P.C.L.L.; Lieut. James Franklyn, signalers; Wm. McGovern, 18th Battalion; and Thomas Woodjatt, 58th Battalion.

DEMAND OVERTHROW OF SOCIALIST REPUBLIC

Berlin, Jan. 2.—Three thousand members of the newly-organized Christian People's party, which succeeds the former Centrists, marched to the ministry of religion and education in Unter den Linden at noon yesterday and made a vehement protest against the administration of Adolf Hoffmann, independent Socialist, who is under the leadership of Secretary Pfeiffer of the Christian People's party, who is a candidate for the national assembly.

FRENCH SOON TO HAVE MORE PLENTIFUL MEASURES

Paris, Jan. 2.—Food conditions in France will improve considerably in the near future, declares Victor Boret, the food minister, in an interview in the Matin. However, new restrictions will be imposed on the consumption of meat because of the necessity of restocking herds in the liberated regions and the loss of some British tonnage which has been used in transporting frozen meat.

SCHOONER IS WRECKED

Halifax, N.S., Jan. 2.—The schooner Marjorie Austin, Capt. Brewster, a new vessel of 170 tons, went ashore last night near Apple River Light, Pictou County, Bay of Fundy. The crew were saved. News of the stranding was contained in a message received this morning by C. E. Harvey, agent here of the marine and fisheries department. The Marjorie Austin was loaded with lumber, but available shipping records do not state whether she was bound.

DEFERRING NOVITIATE CHARGES

Ottawa, Jan. 2.—We are formulating our charges, but the government has indicated that it would only be fair to defer them till Hon. C. J. Doherty returns. "We are quite agreeable," said Rev. Kennedy Palmer of Guelph today regarding the Guelph Novitiate affair.

PLACED ON RETIRED PAY.

London, Jan. 2.—Lieut.-Col. F. F. Minchin, formerly of the P.P.C.L.L., now the Royal Air Force, has been placed on retired pay with the honorary rank of major-general. Lieut.-Col. Sydney Penhwood of the forestry branch has been created a member of the Royal Victorian Order.

STABLE GOVERNMENT IS FIRST NECESSITY

Useless to Appeal, Says German Paper, Without Guarantee Against Anarchy.

London, Jan. 2.—The Vossische Zeitung of Berlin, pointing out that it is no use for the Germans to complain of the "harsh" tones of the armistice and to plead for food from their former enemies until they establish a stable government in Berlin, says:

"All that sort of thing is only calculated to confuse the real issues and to mislead the only way that leads out of disaster. It is a matter that concerns all the allies, not France alone, and the allies must look to what they ought to know. They have decided to help Germany when their conditions are fulfilled. Their demand is the restoration of order in Germany. The allies demand visible guarantees that Germany shall not fall out of one depositary to another, and that the demand that the internal condition of Germany shall be placed in a position which shall afford the fulfillment of these demands does not depend on the number of conflicting officials, and, least of all, the respect of the world and the affair of a united and determined government."

SELECTIVE BASIS FOR DEMOBILIZATION

Of Ten Million People in Britain in War Work, Nearly Million Released.

London, Jan. 2.—Reuters has received the following statement in regard to demobilization in Great Britain, affecting at least ten million men and women who were engaged in Britain's war effort and of whom 775,000 have already been released, including 270,000 soldiers and sailors, 115,000 returned prisoners and 390,000 munition workers.

The three factors governing demobilization are the size of the British army, which must for the present be maintained at about 300,000 men, the machinery of production, and the machinery of discharge, and thirdly the economic situation at home.

At the present time demobilization is proceeding on a selective basis as distinguished from discharge by units, the men being selected as far as possible among those who are most essential to industry. Obviously to demobilize seven million men of the army and navy on a selective basis is a colossal task.

One of the great problems is transportation, especially over the devastated areas. The Marquis of Blandford declared that on a selective basis the maximum he can discharge from the army in France is ten thousand daily while on a non-selective basis he can release twenty-two thousand daily with the same transportation facilities.

Consequently, in demobilizing the unemployment factor must steadily be borne in mind. The authorities are, however, not alarmed at the present situation. There exists a good deal of optimism regarding the revival of industry, and it is believed that a boom will come later.

LIVE STOCK MARKET

The closing of the market on the exchange yesterday was marked by even more than ordinary dullness, practically no receipts and no business worth mentioning. Now that the holiday season is over today and tomorrow will see a resumption of business, and everybody will be glad to get down to the regular selling once more. The outlook for Monday to be for a market on Monday, not alone in cattle, but in sheep, lambs and hogs.

Practically all the business of the week was centred in Monday's trading, when 1800 cattle were on sale. Since that time about 800 fresh cattle have come on the market. At Monday's trading nearly all classes showed an advance of from 25c to 40c, and despite the fact that the trading since that time has been scattered, there have been no price changes of note. The calf trade thru the week was light, but there was little demand for anything but choice live veal.

The sheep and lamb trade has been fairly light as well, and the demand steady. Monday's lambs sold from 12 1/2% to 15%, with trade closing strong as usual, but there were exceptions. Common lambs are steady, but inclined to be draggy.

The bulk of the lambs sold about 15%, but one lot of 200 lbs. small bunch of extra black face, weighing around 100 lbs. by Edgemoor was sold to C. Zeigman & Sons at \$16.00, the high price of \$16.00, but this price was probably not sustained.

The outlook for sheep and lambs is for a good trade next week.

The hog trade has been steady to strong all week, opening Monday at from 18c

THE Old-Fashioned Executor—the personal executor—was but human; he was subject to illness.

But what happened to the estate meanwhile? A favourable opportunity to sell some of the assets was lost and the estate lost. Beneficiaries needed assistance to which they were entitled under the will. They had to wait until the executor was well.

It was not the fault of the personal executor. It was his misfortune. But that did not lessen the loss to the estate and to the beneficiaries.

No such risk exists if this Company is appointed executor. There is always someone available to attend to the estate's business.

The Bright New Year's First Friday Bargain Day Stimulated by Toronto's Big Yearly Event Simpson's Midwinter Sale

Forgetting and Going Forward

After indulging in reminiscences as we pass the Milestone of New Year's Day, no one can afford to continue looking backward. The race is before us. We will forget the past because this will be pre-eminently a year of reconstruction. The general problem of reconstruction is aptly illustrated by the rebuilding of a railroad bridge over a ravine or a river without interrupting the traffic.

To serve you better than ever, to make this the most convenient and profitable place for you to shop, and in so doing to provide adequate recompense and satisfactory conditions for our thousands of workers is part of this store's New Year's problem.

The immortal words of Lincoln give us, as Canadians, a sound program:

"With firmness in the fight, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle and for his widow and his orphan."

This surely will necessitate watchfulness, energy and unselfishness.
